Cessation of Wind and Rain, With Cloudless Skies, and Comparatively Still Air, Made Conditions Highly Favorable for Zeppelins.

LONDON, Jah. 10.—The German air raid on England did not come as a surprise as conditions during the past week have been entirely favorable for the venture.

entirely favorable for the venture.

In case of an aeroplane raid, experts say, daylight is essential to their success, whereas Zeppelins could travel during the night.

Atmospheric conditions at present are favorable to such a raid. After the recent stormy weather, there has been a period of comparative calm, with light winds and an absence of rain, with skies cloudless, but not bright enough to make aircraft easily distinguishable by the naked eye from the earth.

A prominent aviation expert, writing Sunday on the prospect of a visit from hostile aircraft, said: "The full moon is on Jan. 31, but given a spell of calm weather, we may expect Zeppelins, regardless of the moon phase. By the law of averages, the time is at hand for the cessation of wind and rain. These, and other indications, point, in the writer's opinion, to an early visit, probably this week."

This intention was ill-timed, for King George and Queen Mary with their family, who had been staying at Sandringham, had returned to London yesterday morning to resume their residence in Bucking-ham Palace.

It is still not definitely known whether the raiders were Zeppelins or aeroplanes, but Zeppelins were reported yesterday afternoon as passing over the North Sea in a westerly direction and most of those reporting that event incline to the belief that these were the raiders.

The night was quite calm, but very dark and cloudy, which made it impossible for the people in the towns over which they passed to distinguish even the outlines of the raiders, tho the whirr of their propellers and the droning of their motors could be distinctly heard.

A Zeppelin is reported to have been brought down by the fire of a warship at Hunstanton, a few miles north of Sandringham.

The first place visited was the wall-leave to the country of their property and the droning of their motors could be distinctly heard.

A Zeppelin is reported to have been brought down by the fire of a warship at Hunstanton, a few miles north of Sandringham.

Bombs were dropped in Yarmouth, King's Lynn, Sandringham.

Cromer, Sheringham and Beeston, and everywhere except at Beeston casualties and damage to property resulted.

TWO KILLED AT YARMOUTH

Two persons, a man and a woman, were killed and a number of other persons were injured and much damage to property was done by the raiders in their visit, which lasted less than ten minutes. Four or

five bombs were dropped in Yarmouth.

When the attack began the authorities gave instructions that all lights in the town be extinguished and other precautionary measures were taken to safeguard the populace. Little signs of a panic were

seen during the raid in Yarmor Apparently the raiders, after visiting Yarmouth, proceeded to Cromer, where they also dropped bombs and thence went to Sheringham and Beeston. Then turning inland they made for Sandringham, dropping explosive missiles there and at King's Lynn, where a boy was killed and a man, a woman and a child were injured and two houses were destroyed. It was variously reported that five and seven bombs were dropped in King's Lynn. The damage done in Sandringham has not been reported. It is known, however, that the royal palace escaped unharmed. At Sheringham a bomb penetrated a house but did not explode.

house but did not explode.

It was only yesterday that the Scotland Yard authorities issued instructions concerning the measures to be taken by the police and other officials in the event of an air raid.

ROYAL RESIDENCE A TARGET.

Confirmatory despatches have been received by the Press Association of the dropping of bombs by an aircraft near Sandringham, which is a royal residence. Four bombs were dropped on King's Lynn, and others fell near Sandringham Palace.

The police say that two houses were demolished by the bombs dropped, and that one house was damaged in Bentinck street. In one house a boy 17 years old was killed. His father was buried in the debris of their demolished home, but was taken out alive and later sent to a hospital. In another house a mother and her baby were slightly injured.

It is variously reported that five and seven bombs were dropped here.

THREE OTHER TOWNS ATTACKED,

Canadian Press Despatch.

NORWICH, via London, Jan. 20, 1.49 a.m.—According to according to the air raid reaching here, aircraft dropped bombs on Yarmouth, 8 ingham, Cromer and Beeston in Norfolk County. At Sheringham a bedropped in Wyndham street, went thru a house, but did not explode, parently because the fuse became detached in the descent.

The bomb dropped at Beeston did no damage. The bombs measure nearly four inches in diameter.

THREE AIRSHIPS SEEN.

Canadian Press Despatch.

AMSTERDAM, via London, Jan. 19, 11.40 p.m.—Three German airships passed over the Island of Ameland, in the North Sea, at 2.30 o'clock this afternoon, according to telegrams from Nes, the principal town of the island. They were flying in a westerly direction.

NO DAMAGE AT SHERINGHAM.

LONDON, Jan. 20, 12.30 a.m.—A Yarmouth despatch to the Exchange Telegraph Company says it is believed that it was an aeroplane and not a Zeppelin that attacked that city. The machine later visited Sheringham, five miles from Cromer, and dropped two bombs. No damage was done at that place.

The Towns of Yarmouth, Sandringham, King's Lynn and Cromer are all situated in the Province of Norfolk, which abuts the North Sea, about 150 miles northeast of London.

Yarmouth, known as Great Yarmouth, and Cromer, are favorite water resorts, while Sandringham contains the country palace of the late King Edward. King's Lynn is a seaport and market town. It contains shipbuilding yards, iron foundries, machine factories, oil mills and other industries.

If the aircraft which made the attack were the ones that passed over the Island of Ameland they probably started from the vicinity of Cuxhavey. In this case they would have had to fly about 150 miles across the North Sea to reach England.

CONSIDERABLE DAMAGE AT YARMOUTH.

YARMOUTH, via London, Jan. 19.—At 8.30 o'clock tonight a hostile aircraft passed over Yarmouth and dropped several bombs. Considerable damage to property resulted and, it is feared, there was some loss of life. One man is reported to have had his head blown off.

One bomb fell in Norfolk Square, close to the sea front, another on the south quay. A third struck the York Road Drill Hall, fragments of

The visit of the alreraft lasted ten minutes.

TOWN PLUNGED IN DARKNESS.

Great excitment prevailed in the town, and special constables, the police and the military, were called out to calm the people, who streamed out of their homes when the explosions took place. The electric supply was immediately cut off and the town was plunged in darkness.

The first homb dropped near the recruiting station and the others near the drill hall. In all five bombs were thrown by the aviator or aviators. After the attack the aircraft salled in a southwesterly direction. One man was found outside his home on St. Peter's Plain. His head had been crushed. He was identified as Samuel Smith, a shoemaker. A woman, who has not yet been identified, also was found dead, while a soldier was discovered in Norfolk Square with a wound in his chest.

referred with deep regret to the death of the late President, the Hon. Willlam Gibson, who for twenty-one years was a Director of the Bank, and for the last ten years its President. He also made feeling reference to the death the last Annual Meeting of the Hon. Colin H. Campbell, for many years member of the Local Advisory Board at Winnipeg.

He stated that the Board had appointed Mr. Robert Hobson a Director to fill the vacancy on the Board until the annual election. He pointed out that it has always been the practice of the Bank to make ple provision for any shrinkage in the market value of its investments ore arriving at the earnings of the year, but in addition to the regular

rovision this year \$75,000 was set aside for further possible declines and Mr. Cyrus A. Birge, Vice-President, seconded the adoption of the report. Mr. J. P. Bell, General Manager, said, among other things:

The Bank early in the year adopted a conservative policy, lending only strictly business purposes, and was, therefore, in a very strong position en the war broke out, and had kept so ever since.

Turning to the Assets, you will notice that of those which are commonly alled liquid, \$8,666,594 were represented by cash on hand, balances in Banks, tc., being 23 per cent. of our liabilities to the public.

Since the war broke out we have had most of our premises and other properties appraised by independent valuators, and are pleased to inform you that, taking their figures, and the book value in the few unimportant cases where they did not make an appraisal, the total is very much more than appears in the statement before you, showing what a good investment they

have been for the Bank. We have subscribed for and invested a substantial sum in the British ar Loan securities. We think that this was the right and proper thing lo under the circumstances.

Mr. C. S. Scott, Hamilton, and Mr. E. S. Read, of Messrs. Webb, Read, n and Callingham, of Winnipeg, were re-elected Auditors. A By-law was passed authorizing the Directors to contribute out of the das of the Bank such sums as they saw fit for public, patriotic, charitable reduced that

New Lessons Taught by World Conflict Imparted to Lat-

Officers Home From Front Act as Instructors of Latest Methods.

By D. Douglas Eppes, one of The World's Staff Correspondents with the Canadian Expeditionary Force.

LONDON, Dec. 29.—How strong is the world-famed Kitchener's army, now in course of formation? How well is it trained? When will it be ready to cross the water and assist in driving back the Germans into their own country? These are questions on every Briton's lip at the time of writ-

quicker they learn it the sooner will arrive the welcome order to embark to the fighting zone.

Training Severe.

And have no delusions that the training is not severe. True, there is the training is not severe. True, there is Embro 10.40 a.m., Bennington 10.50 a.m., Embro 10.40 a.m., Bennington 10.50 a.m.

ititle of the old-fashioned ceremonial drill so dear to the heart of the old time martinet. Sufficient that the recruit can handle his rifle and "present or slope arms" in fair fashion. In fact pipe clay is conspicious by its absence and altho buttons must be clean and accourtement looked after little time is spent on "barrack room" soldiering.

This world conflict has revolution-lized warfare, and the training of "K.A." is directed especially towards those lessons which the experience of the past four months has taught. So there is much night work and bivouscking, trench digging and fortification work; above all plenty of suite marching. Here you see the citizen soldiers at their best, for they swing along with a smart step and do their twenty miles almost at ease. This latter is no mean feat, remembering that the rank and file are loaded down with a valise containing a full field kit.

Learn Tricks of Game.

Instructions in the, lessons of war are given by officers home from the front, who teach their willing scholars fall the tricks of the game they themselves know by hard experience. In this way they are taught the mystery of fire, shelter and reserve trenches; how to make dugouts proof from all save the dreaded "Jack Johnson" shell; how to stalk war snipers and how to take lightning aim at an enemy's exp-sed head or body. Also the officers and N.C.O.'s are instructed in the art of marching by compass at triving Tenonto 1.040 a.m., and train No. a triving Toronto 1.040 a.m., and train No. a triving Toronto 1.040 a.m., and train No. a train Renfrew 3.55 p.m., and tr all the tricks of the game they themselves know by hard experience. Naturally so comprehensive a training takes time to perfect, recollecting that a great percentage have never handled a rifle until the summons came. But you can do a lot with men came. But you can do a lot with then anxious to learn to fight a brave merciless enemy, and during the war which has already exacted toll of hundreds of thousands of lives.

Billeted in Various Ways.

Just a word in regard to conditions

of various camps whose location it is forbidden to mention. In certain dis-tricts the men are billeted in private tricts the men are billeted in private houses where they obtain their food, the bill, of course, being paid by the government. In some cases lucky local soldiers are allowed to sleep at their homes. Where there are huts in the military area these are utilized to the utmost limit of their capacity. In a minority of cases tents are still in use, tho I have heard men declare they refer the canvas shelters to the wordprefer the canvas shelters to the woeden ones. I know of race courses with their horse boxes being used, and strange as it may appear the men en-joy the novelty of being housed in an equine's stall.

The food is good—far better than in

pre-South African days, and there are few complaints along this line. The hours of drill are fairly long, reveille hours of drill are fairly long, reveille sounding at 6 am, and gymnastic drill taking place pefore breakfast. Morning parade averages some three heurs and the afternoon about the same. Added to this curriculum are night marches followed by attacks. Trench digging at night is done by the aid of lanterns, and it is surprising her wickly the new troops dig deep how quickly the new troops dig deep

Alarm seem to fear that the response is not enough, yet the average enrolment has been 30,000 a week, and the numbers increase the moment the news is received of a British reverse. In this regard it can be pointed out that after the "child massacre" at Hartlepool and Scarboro, thousands flocked to the recruiting offices. As a general officer remarked to The World: "The bombardment has meant another hundred seem to fear that the response is not

FOR WOMEN WHO HATE ROUGE A TOILET HINT.

A TOILET HINT.

Ladies who suffer from pale, sallow, bad complexions, yet who gulte neturally object to the "loud," coarse and "made-up" appearance almost faevitably associated with the use of rouge—which also, by the way, is often distinctly harmful to the complexion—will be interested to learn that they can easily regain the velvety, child-like freshness of their complexions by using a simple, inexpensive lotion, composed of 2 ozs. of rosewater, 1 dram tincture of benzoin and 2 ozs. of flowers of oxzoin. Shake well before applying with a soft cloth or sponge. When dry, brush lightly with a soft cloth or a piece of chamois skin. If you will do this whenever you go out, you will always have a soft, natural, refined color, of which your friends cannot be suspicious, and of which you need not be ashamed. This lotion is also exceptionally beneficial in relieving and preventing chapped faces and hands, as well as redners due to exposure to winter teather.

MINISTER'S OFFICE:

Your King and Country Want You!

Sung by Miss Maggie Teyte

This is the song made famous by Miss Maggie Teyte, at Queen's Hall, London, when it was adopted as the Recruiting Song of the Imperial Forces, and which was rendered by Miss Teyte last evening with such artistic effect, at Massey Hall.

In our opinion, and in the opinion of our Directors, who have passed upon many thousands of records, there is ne more moving, soul-inspiring, action-stirring song than this splendid rendition of Miss Teyte's.

A \$3.00 Record for \$1.25

Ordinarily Miss Teyte's Records sell for \$3.00, but at her request, based upon the desire of the Canadian Government that the song should be introduced into every home in Canada, we have placed it on sale at \$1.25.

It is not possible for everybody to hear Miss Teyte personally, but they can hear her voice, living, breathing, golden, real, on the magnificent Columbia Records which have been made by her, not only of this song, but of others equally fine. We urge you to secure this record at once. It is a classic which will never die.

Awake to the Danger

Watered stock is now condemned by The Toronto Globe, which points out that our dropsical corporations are passing dividends and defaulting on preferred stock and even on bonds. Over-capitalization is bringing financial loss to investors and discredit to Canada. The big mergers and consolidations, as our neighbor observes, are breaking down under the load of

ctitious and fraudulent securities im-osed upon them by the promoters and nen of high finance. We are told that "a company having almost absolute control of navigation on the inland vaterways of Canada" is unable to

ay preference dividends.

It is indeed to be regretted that our leighbor had nothing to say to stock ratering when these huge companie aded on the public. It had noth say when Mr. W. F. airs and Exhibitions Appeal Against Cut in Annual Grant.

MOUNT IS TOO SMALL

Big Deputation Will Approach Government February Second and Demand Hearing.

Committees on fairs and exhibitions thruout the province are declaring themselves up in arms against the action of the Ontario department of agriculture in cutting the annual grant in half. Representatives claimed yesterday that when the annual convention assembled in Toronto on February 2 a monster deputation will approach the government and urge that their support be made the same as in the past. Some were very outspoken in discussing the affair, and stated that it was a most inappropriate year to launch such a policy. If the department pursued such a course how could they expect that the farmers would rally in a great production campaign.

Members of the associations also urged a grievance of long standing. They state that whereas Ontario's grant to this branch of the work has stood at the same figure for the past 30 years it is totally out of proportion with the governmental support given in other provinces. According to some of these allowances Ontario fairs should be receiving \$400,000. In cutting down the grant it will be spread thinly over all, including many new organizations recently formed.

The official explanation of the department is learned to be that an announcement of this change was given early last fall, and that the majority of the fairs will not suffer much because of their present strength. Undoubtedly the government's course is a part of the general retrenchment which must follow the financial stringency due to the war.

The convention opens at 22 College street on February 2.

Deputation Seeking Aid for Outdoor Patients Left Disappointed by Hon. W. J. Hanna.

Representatives of the different hospital boards of the city approached Hon. W. J. Hanna yesterday to ask assistance for outdoor patients. They requested this to come at the rate of ten cents per day per patient. This would mean a yearly grant of approximately \$5000.

The minister stated frankly that it was a lean year, and that he could extend little hope of assistance. He acknowledged that the work was praiseworthy and hoped if conditions improved to help it along.

Mark Irish, M.L.A., and J. W. Flavelle introduced the deputation. This was their second visit on the subject.

Rheumatism A Home Gure Given by One Who Had it

In the spring of 1883 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheunatio trouble to try this marvelous healing power. Don't send a cent; simply meil your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dellar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 424A, Gurney Bldg., Syracuse, N.Y.

Night After Serious Illness

of Several Weeks.

Rev. G. R. Fasken, pastor of St. Paul's Presbyterian Church, died in the General Hospital shortly after six o'clock last night.

Born near Elora, he received his public school education at that town. After some time he was appointed as a teacher in the Aurora public school, where he remained for three years. He then came to the University of Toronto, and graduated in 1890.

The Owen Sound Collegiate Institute then secured his services. From there he went to the London Collegiate. Returning to Knox College later, he finished a three years' course there. Immediately on graduating, 13 years ago, he was appointed pastor of St. Paul's Presbyterian Church, which position he held until his death.

He is survived by one daughter, Margaret, one son, Donald, and his wife,

One of the best arranged and most popular bridge parties in aid of patrioti runds was given in Mrs. Parkyn Mur ray's beauthul house in Roxboroug Drive yesterday afternoon, when their were 34 tables, in the drawing room an billiard room, the prizes being packs of Union Jack cards. Mrs. Murray wor a very becoming blue crepe de chin accordion-pleated frock with girdle an sash of paie pink, and tea was serve in the dining room, the mahogany tableing centred with filet lace and en broidery and a basket of lovely pir roses. Sandwiches and cakes, all of the home-made variety, therefore good. The were several out of town women present notably from Winnipeg Mrs. Sanfol Evans and Mrs. Elisha Lee; Mrs. Wilse from Niagara Falls, Ont., and Miss Millian, Oshawa. Miss Teyte was encored, and sang a third stanza, and received a second bouquet, another having been presented at the end of the French suite.

The National Chorus presented several old favorites, such as "Weary Wind of the West," "Sea Drift," and "It Comes From the Misty Ages," but there were several welcome novettles. Of these, Bruch's "On Jordan's Banks," a seven-part chorus, was given with steadiness and massive chorale effect, and Glinka's "Cherubim Song" was an excellent example of Russian Church music, sung with devotional feeling. The greatest novelty, perhaps, was Elgar's six-part choral song, "Death on the Hills," whose complicated antiphonies were well memaged, Dr. Ham cultivates a rounded body of tone in his chorus, and the patriotic songs were given with fervor. The very large and fashionable audience was exceedingly well pleased, and Dr. Ham received the heartlest applause.

Miss Maggie Teyte, the English singer, addressed the men at the armories yesterday.

Mawson Lecture Friday.
Sir Douglas Mawson, the Australian explorer, is to be the guest of the city and the patriotic societies on Friday prior to his lecture in Massey Hall entitled "Racing With Death in Antarctic Blizzards." In Washington last week, where the first lecture of the tour was given, the president of the National Geographical Society declared that the lecture was the best ever given before the society barring none and immediately tried to secure Sir Douglas for a return appearance. Lee Keedick of New York who has managed all of the polar explorers from Peary to Amundsen says that the Mawson pictures are the best, the most instructive and the most amusing he has ever seen, and that they are better than the Scott pictures.

The program of the extravaganza in Massey Hall on the 28th and 29th inst. under the distinguished patronage of Their Royal Highnesses the Duke and Duchess of Connaught and the Princess Patricia, His Honor the Lieut-Governor and Mrs. Hendrie, and a long list of the well-known people in Toronto, and under the management of Mrs. A. J. Arthurs, is a very attractive one, with flags in color and photographs of T.R.H. and the performers. The program will be for sale and will add considerably to the receipts for the Red Cross Society, for which the entertainment is being given by that capable lady, Mrs. Arthurs, assisted by Miss Sternberg, Mr. Stanley Adams, etc.

Mr. and Mrs. Frank B. Chapin and Miss Dorothy Chapin left town this week to spend the winter in California.

Miss Ethel Hamilton, Ottawa, is in Hamilton, visiting Mr. and Mrs. Kerwin

Miss Ethel Hamilton, Ottawa, is in Hamilton, visiting Mr. and Mrs. Kerwin Martin.

Lady Williams Taylor and Miss Brenda Taylor, who have been in England, are sailing fer their home in Montreal the end of the month.

Miss Erie Shaw is in town from Ottawa, staying with Mr. and Mrs. Fane Sewell. Miss Jarvis, who accompanied her, is visiting Mr. and Mrs. W. Jarvis.

Howard Park W.C.T.U. will give a social evening at the house of Mrs. Sell. 383 Sunnyside avenue, on Thursday. A good program is being provided and some of the resident ministers will be present and give short talks. Both men and women are cerdially invited.

HOCKEY IN WINNIPEG. WINNIPEG, Jan. 19.—The Monarchs redeemed themselves in the eyes of their supporters here tonight, when, for the second time of the season, they defeated the Winnipegs in a senior league game. The score was 10 to 8. The Winnipegs came from behind in the second period and evened up the count at 8 all, but the champions came thru with two goals near the finish and held their two-goal lead.

SEAFORTH, Ont., Jan. 19.—In a game which was devoid of spectacular work here tonight Seaforth defeated New Hamburg by 7 to 5. Neither team showed much combination and the local forwards were at times off color. New Hamburg played a strong defensive game. Line-up: Seaforth (7)—Goal, McGeoch; right defence, Sills; left defence, Reid; rover, Otto Dick; centre, Tom Dick; right wing, Hoffman; left wing, Best,
New Hamburg (5)—Goal, Beck; right defence, Otto; left defence, Wanklin; rover, Hall; centre, Bowman; right wing, Otto; left wing, Miller.
Referee—J. Shea, Palmerston.

RLIE SHIRTS AND SHAMROCKS TONIGHT

Local Clubs Meet Again in N. H.A. Fixture—Hockey News and Gossip.

Jack Marshall will be back in the game with Torontos tonight against Shamrocks (ex-Ontarios), at the Arena.

Of course, Marshall will not be on the ice on the Torontos' defence, for he is just out of the hospital after an operation for appendicitis, but he will be on the bench directing the play and encouraging his squad. Carpenter, who has taken Marshall's place on the Torontos' defence, is a stronger, sturdier hockey player than Marshall, but "the old boy" has the hockey brains and grit and courage of the kind that is readily communicated to his comrades. Marshall is a born leader, and many fans think he can do his work even better from the bench.

Advance Styles in Serge Dresses at \$10.00

So much that is radically different from last season's fashions is embodied in these new dresses, that women will want to discard the dresses they have on hand as soon as they see these. They are very reasonably priced at ten dollars for Thursday.

Made from extra fine quality French and English serges, in black, navy, sand and marine blue. One particularly attractive style is cut with a wide flare skirt; waist buttoned down front, with peplum at back coming down to the hips. It is handsomely braided and has high military collar. Another youthful style is made with bodice and sleeves of silk with overdress of serge. It is buttoned down both sides and has belt above waistline 10.00 to give Empire effect. Value \$15.00, some as high as \$20.00. Thursday......
