## WELLMAN GIVES UP HIS FLIGHT

Balloon "America" Has to be Abandoned After Daring Aerial Navigators Take Refuge in Small Boat to be Picked up by Steamer.

### USED THE WIRELESS TO CALL RESCUERS

NEW YORK, Oct. 18 .- Man's first attempt to cross any ocean in an airship has failed, but Walter Wellman, five companions and a kitten, who essayed the voyage, are safe,

The airship, the giant America, is a battered aerial derelict, abandoned at sea, perhaps still in the air, per-

haps sunk beneath the waves, with her costly equipment.

Picked up by the steamship Trent early this morning off the North Carolina coast, Wellman and his fellowair navigators are due in New York at noon to-morrow. They left their a continuation of the voyage with the British Isles as the objective was

hopeless.
So, summoning aid by wireless, the difficult and dramatic transfer to the Trent was accomplished. Having Ten Starters in Gordon Bennett Long Sault Development Co. Offibeen spoken by wireless, presumably in the vicinity of Nantucket at 12.45 p.m. on Sunday, it was a surprise then when the news came that the America had encountered the Trent homeward bound from Bermuda, in a longitude and latitude nearly 400 niles southward and only 250 miles

northwest of Bermuda. Thrilling indeed must have been the experiences of the America's

"At 4,30 a.m. to-day the steamenty Trent eighted the airship America, and wireless communication was immediately established. Irwin, the operator on the airship, informed Ginsburg, the on the airship, informed Ginsburg, the operator on the Trent, that the airship America's crew wished to abandon the balloon. Wireless communication was kept up from this time on between the circhip and steamer.

"Daylight was rapidly approaching, and the Trent was requested to follow the America, which was then drifting at the rate of 12 knots an hour.

"After a council held on the airship, it was decided that the best means of rescue was to launch the lifeboat. But this was such a hazardous undertaking that much time."

"The Miles Norm Phul in the Miles Merican entrants, was forced to descend six miles north of Racine, Wis., this morning at 7.25 o'clock, because of a lack of ballast. The French balloon Condor landed four miles north of Two Rivers, Wis., late to-day."

FFVED 11.2 this was such a hazardous undertaking that much time elapsed before the manoeuvre was executed, as the tell of the airship, consisting of tanks of gasoline and wooden blocks, threatened to capazza the lifeboat as it was

Perilous Work.

The danger was at last overcome, and the operation was carried out with success. In the operation the trailer struck Wireless Operator Irwin and Louis Loud, the engineer, and also knocked a small patients were rescued, there being released of its ship, immediately on being released of its weight of the crew and boat, shot skywight of the crew and boat, shot skywight of the crew and since the shot downward.

"A moderate sea was running at the time, and after some slight difficulty the crew were taken on board, together with the lifeboat, at 7.30 a.m. All the members of the crew are well after a thrilling experience.

"The main building was totally destroyed."

"The danger was at last overcome, and fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the fire from some unknown cause. A general alarm was sent in to the fire despardment, and with great difficulty the despardment, and with great difficulty the fire despardment, and with great difficul

"Wireless telegraph has distinguished itself by showing great assistance in accomplishing the work of rescue. The Morse lamp signaling also took a great part in the communication between Jack Irwin and officers of the steamer Trent, glving the signals which led to the rescue. stroyed.

"The crew was picked up in latitude 35.43 north, longitude 62.18 west, where the America was abandoned. Wellman said that the airship had been blown far that it was ipad-

out of her course, and that it was inad-Motor Broken, Gasoline Gone. Further wireless mess ges reacting New York to-night say that one of the America's motors had broken, which made more serious the predicament created when all the gasoline that could be spared was cast into the sea. It is also probable that the craft had suffered severely from the jerking of its great rat-like tail or equilibrator, which served the triple purpose of clongated gasoline tank, balance and wireless "ground."

Wellman had flashed by wireless to Size of the this immense appendage battered by the waves, had aused trouble and anxiety, necessitating sbutting off the motors at times. Buffetted as the craft was by the winds, it is likely that the equilibrator caused greater trouble in the America's unwilling southward journey.

Anxiety Was General.

When the steamship heeded the calls of distress and drew near its aerial sister Wellman shouted his predicament thru a megaphone and decided that he would lower his lifeboat, which sung from the directives here were supported by dirigible's bottom. As a precaution the Trent lowered her lifeboats, which stood by until the transfer was effected.

The rescue was accomplished at a time when two continents awai'ed breathwhen two continents awai'nd breath-lessly the fate of the dirigible and her crew, a feeling that had become so acute here that President Taft had authorized

news of the navigators.

## PLUCKY BUT UNLUCKY

Watter Wellman has, at least, shown his nerve, even if he has failed in his attempt to fly across the broad Atlantic. The America has undoubtedly broken all previous records, both as to time in the air and distance covered. The previous time record, that of Count Zeppelin, was 37 hours. The America's time up was practically three full days, or 72 hours, and the distance traveled about 800 miles, although the record is \$70 miles.

three full days, or 72 hours, and the distance traveled about 800 miles, altho the record is 870 miles.

The America is, or was, 228 feet long and 52 feet in diameter, with a lifting capacity of 23,650 pounds. The envelope alone weighed two tons. There were three gasoline engines aboard, two of from 80 to 90 horsepower for the propellers and a smaller one for the operation of a donkey engine.

Taken as a whole, the craft was practically the same in which Wellman made his two starts for the North Pole in 1907 and 1909 respectively. Neither of these attempts was successful; both were made from Spitzbergen, Denmark. The first trip was abandoned when the America was driven toward a jagged cliff; the second was given up because of the breaking of a long trail rope, stored with provisions, not unsimilar to the equilibrator of the trip just ended.

Mr. Wellman is 52 years old, and was born in Menton, Ohlo, As a journalist and explorer he became interested in ballooning and has had great faith in the possibilities of exploration and voyaging by dirigibles.

## craft only because she was in distress and blown so far from the lane of transatlantic steamship travel that BALLOONS ARE HEADING ST. LAWRENCE POWER STRAIGHT FOR ONTARIO

Race and Eight Are Still Missing.

ST. LOUIS, Oct. 18.—Heading straism the experiences of the America's commander and crew as they were thus swept out of their course. Capt. Down of the Trent flashed first news of the rescue in a message to The New York Times, which, with The Chicago Record-Herald and The London Dality Telegraph, contributed special capt. The First Narrative.

The First Narrative.

The first story of the rescue sent by wireless from the steamer Trent to the Associated Press, reads:

"At 4.20 am, to-day the steamahp Trent eighted the America and The Dusseldorf II, passed Red City, Mich., to-many with the leader. The Dusseldorf II, passed Red City, Mich., to-might, when the bases at Key West, St. Augustine

Trent eighted the airship America, and the Dusseldorf in the thus and the Dusseldorf in the text of the proposition.

The standard of the proposition night. Pilot Gericke came low enough to ask the way, and then ascended,

traveling northeast.
Six balloons are reported to have

gasoline and wooden blocks, threatened to capsize the lifeboat, as it was dropped from the balloon into the water.

Darilous Work.

WINNIPEG, Oct. 18.—(Special.)—Late this afternoon the main building of the exhibition, which is now being used as a scarlet fever hospital, caught

the police destroyed the dog.

and Other Points.

KEY WEST, Fla., Oct. 18 (via Havana).

The tropical hurricane which has been sweeping the West Indies and southern waters for the past five days took Key West in its grip yesterday and tore away the roofs of houses, shook a number of buildings from their moorings, and did other damage, the extent of which cannot yet be estimated.

The south beach section and the west, ern part of the city suffered greatest. The sea poured over the low-lying shores, and many houses facing the ocean were either wrecked or blown from their blocks. The pleasure resort, La Brisa, a large building, was broke in half. The Consumers' Ice Company's plant and the Havona-American Cigar Factory were badly damaged. Several handsome residences were blown down, and the new government wharf was pounded by the heavy waves, until sections of it were broken away. The damage to the electric company's plant amounts to \$50,000, while the naval station will cost many thousands of dollars to put in repair. Several schooners were dismasted and sunk in the harbor.

Only three lives are reported lost.

Big Loss in Jacksonville,
JACKSONVILLE, Fla., Oct. 18.—The
loss in the City of Jacksonville up to 6
o'clock to-night was heavy, and thruout
the state it will total several millions.
That there has been loss of life is not
doubted here. Invariably the last messages received here last night from points
south of Jacksonville reported hurridane
winds increasing in velocity

Athletics Take Second Blg Game by 9 to 3, Retiring "Three - Fingered" Brown After a Savage Bat-Fest That Netted Six Runs in the "Fatal Seventh."

By TY COBB

Champion slugger of professional baseball-Copywright by The Phila-

delphia Press Company.

PHILADELPHIA, Oct. 18.-In one of the most spectacular baseball games which have yet been played in a world's series spectacular because it truly showed the remarkable offensive strength of the Athletics-the American League champions gave the great Chicago National League team a severe drubbing this afternoon, score 9 to 3.

The fatal inning to-day was that notorious seventh, when one team or the other invariably makes a cluster of runs. In that one period, the Mack runs. In that one period, the Mack men made six juicy runs, which put them on "easy street" and sent the great Mordecal Brown to the bench. Up until that inning, the game had been fairly close, with Coombs a little unsteady, but having gilt-edged support by the infield, Collins especially doing some work which fairly sparkled. Brown did not come up to expectations. He started out fairly well, but he seemed to depend too much upon a curve ball, and as the game progressed the Mack men found that style of pitching more to their liking, finally pounding him.

pitching more to their liking, finally pounding him.

Collins the Star.

Eddie Collins was the particular star. The grand little second-sacker outguessed Johnny Kling twice and pilfered second, which showed that after all, a man like Collins, who gets the start and has the speed and ability to slide, can pilfer bases on the catcher touted as the best the National League could produce.

were populated with three Cubs, get-ting Brown, who had the courage to try to score. The ball came to Thomas on a single bound and it was easy for

on a single bound and it was easy for him to touch out the miner, who made a foolish slide.

The hitting of Collins, who had two doubles and a single; Baker, Davis, Strunk, Murphy, Thomas and Lord was timely, and each of them played

some part in getting runs for the Ath-letics:

charge of mardering his wife, Beile Effect on the second of the second o

Hamilton Prohibitionists Will Have Candidates For Mayoralty and Aldermen in Each Ward.

HAMILTON, Oct. 18 .- (Special.) -The provisional committee of the campaign Secretary of International Union mmittee of the Hamilton Temperance Federation, held a private meeting to-night, and, it is surmised, transing to-night, and, it is surmised, transacted some very important business. Everyone of those present was sworn to secrecy, but it is understood that six recommendations were sent on to the campaign committee with regard to the temperance campaign in January. The campaign committee will meet on Saturday night, when the recommendations will be discussed, and the decision of the meeting will in all probability be announced in the churches on Sunday. These recommendations are supposed to deal with questions of mayoralty and aldermanic candidates, as well as with the plebiscite on the reduction of liquor liiscite on the reduction of liquor li-censes. It, is generally believed by those in close touch with the temperance workers, that the federation will put a candidate in the field for the ayoralty, and a candidate for alder-

man in each ward.

The police raided the abode of May Taylor, 187 North Catherine-st., about 10 o'clock to-night and arrested her on a charge of keeping a disorderly house. Four young women were also arrested, and charged with being inmates.

Their names are: Eva Leroy, Dora

Their names are: Eva Leroy, Dora Dale, May Graham and Grace George. They were admitted to ball.

C. R. Drum of New York International Y.M.C.A., religious secretary, gave an address in Association Hall to-night on "That Boy." Among ottsthings, he said that the fault in bringing up the boys lay with the home and old maids and bachelors, who knew nothing about boys.

home and old maids and bachelors, who knew nothing about boys.

Prof. Carroll of Washington, general secretary of the Archaeological Institute of America, gave an address in the Hamilton Scientific Association rooms to-night. His object in speak ing here was to have a local branch of ing here was to have a local branch of the institute established, as a large number of local people belong to the Toronto branch. His visit bore fruit, and at the close of his address steps were taken to have a branch formed. The professor referred to the late Hamilton Art School, and said he could not understand how the people allowed it pass away because the city withdrawits grant of \$2000. He said that if there its grant of \$3000. He said that if there had been a branch of the Archaeolog cal Institute here they would have stirred things up.

Forgetting to step on his insulated stool, David Barrett, street lampman for the Cataract Power Co., clutched a wire carrying 800 volts this morning and was instantly killed.

Will Supply Pasteurized Milk.

NEW YORK. Oct. 18.—Beginning next summer, pasteurized milk will be supplied to the public by the city government as one of the duties of the municipality. Pasteurization stations will be established thruout the city, and physicians and nurses will be kept in constant attendance to instruct mothers in the proper care of their children.

Will Make Monoplanes. NIAGARA FALLS, Ont., Oct. 18. (Special.)—United Motors, Limited, to-day announced that it would manufacture monoplanes at its Welland fac-

William Brown, Theodore Jeffries Charles Jones, colored, claim that an unknown white man fired several shots at them this morning, while passing thru the city in a horse car.

### AN ABSOLUTE NECESSITY.

So Thinks at Least One Traveling Man I would as soon think of starting out without my mileage books and grip as to start out on a trip without a box of Stuart's Dyspepsia. Tablets in my valise, said a traveling man who represents a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without owing to the defendant's alleged misprotest, anyway. I know mine won't. It has to have something to break the that the Turner Co.'s license was can-

fall, and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often "josh" me about it, tell me I'm an easy mark for patent medicine fakers, that advertised medicine fakers, that advertised medicine fakers. cines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me.

chast they are nearly always complaining of their aches and pains and poor disestion, while I can stand most any pold kind of fare and feel good and ready for my work when it needs meand I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, years in the world will never convince me to the contrary.

I had to have heartburn about three times a day and a headache about three or four times a week and after standing for this for four or five years I began to look around for a crutch and found it when my doctor told mu the best investment I could make would be a fifty-cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since, and when I stop to think that that is what I spend every day for cigars, I feel like shaking hands with myself, for I can keep my stomach and digestion in first class order for fifty cents a month. I don't care for any better life insurance.

My dragsist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in a patent medicinc as much as in selling barbwire.

Ringworm

"Well over four years ago my two little girls were taken with a dreadful sealp trouble that the doctors called ringworm. They attended the — Hospital as out-patients for a year. I had to apply their ointment with a brush, giving the children frightful pain. I also had to have their heads shaved every two weeks, but they got no better under the treatment. They used to cry with the tormenting itching, and their heads were covered with a thick sourf and dandruff.

"About a year ago I determined."

a thick scurf and dandruff.

"About a year ago I determined to try the Cuticura Remedies; I used plenty of Cuticura Soap and applied the Cuticura Ointment. I used only about three cakes of Cuticura Soap and three boxes of Cuticura Soap and three boxes of Cuticura Ointment and they were cured. Their hair is growing long and nice again. They had become so ill after their three years of suffering that I had to send one away to a convalescents' home as soon as she was cured, but now she is home, well and strong. My younger girl was away from school nine months with the disease. I am very grateful to Cuticura and for their children's sake I hope other mothers will try it. The Cuticura Soap I will always use for it makes the hair so lovely."

The men did so, seep the man on second from advance to the cars. The men did so, seep the man on second from advance to the cars. The men did so, seep the man on second from advance to the cars. The men did so, the cars to the c ion Industrial Disputes Act. The committee posted this for the benefit of the men, and recommended that the advice be adopted, and that the men stay on the cars. The men did so, partly because they were bound to account the advice of their own leaders. should have made a throw to third to keep the man on second from advancing. Schulte scored easily while Hotman and Chance each moved up a base. A hit would have scored two men the way Strunk played it.

Brown mowed down the Athletics with his wide sweeping curves, which he used constantly in the early stages. In the first inning Collins dropped the ball safely back of second for a single. That, produced a guessing match between Eddie and Kling. Finally the Athletics' game little second baseman secured a beautiful break for second, and beat Kling's wide throw to that base, evening up with Johnny for being thrown out on Monday, but Eddie was cept the advice of their own leaders. It is expected that the men will now apply for a beard of conciliation, under the terms of Dominion legislation. The question hinges on the dismissal of four men, prominent in the affairs of the union, and consequent charges of

### MARRIED IN HASTE, ETC. Girl's Unfortunate Affair in Gotham, Toronto

'You can use the story as you have it. I do not wish to add to it or to contradict it. I only want the thing to fade from the public mind." So spoke John J. Trebilcock of 177 Simcoe-street, last night, concerning Simcoe-street, last night, concerning a despatch from New York stating that his daughter Marion, a probationary nurse at Mount Sinai Hospital, had become acquainted with a stranger in a Fifth-avenue cafe, had married him on "a dare," and was robbed ing grounder. Coombs failed to sacri-fice, but Strunk got a hit on a drag bunt to first, a hard play for Brown.

Amos was forced at second by Lord, which left a man on first and third, and the wonderful Collins up. This kid matched his brain work with he ried him on "a dare," and was robbed of \$15 and jewelry and deserted by him inside of 24 hours.

The girl is at her father's home now, deep thinking Brown, and they bat-tled until it came down to three balls and two strikes, Eddie not offering of strike at a ball. Then the brainy little

having received funds from her par-ent by wire. 'It was simply a case of a foolish little girl," says her father. "She was romantic; read too many novels."

COMPETE FOR SUBSIDY Atlantic Lines Want Contract to

Carry the Mails. OTTAWA, Oct. 18.—(Special.)—Andrew Allan of the Allan Steamship Line had a conference with Sir Richard Cartwright to-day, regarding the Atlantic mail subsidy contract with the government, expiring 18 months hence. Some time ago the Allan Line submitted a proposition for a 22 knot service, the subsidy asked being up-

wards of a million dollars. The announcement that the Empresses of the Canadian Pacific are fourth, retiring Davis and Murphy on easy hit balls, but he got in trouble going to the Pacific is taken to mean that the company will place faster ves-sels on the Atlantic, and will be competitors. The White Star, Dominion, and Canadian Northern will also endeavor to secure the subsidy.

### CANALEJAS CAUTIOUS

Will Not Give Portuguese Republicans a Chance for Propaganda In Spain.

MADRID, Oct. 18.—Questioned re garding the report that Queen Mother Amelie of Portugal would reside at Sant Elmo Palace, in Seville, Premier Canalejas to-day said that if thte project had been entertained it was now abandoned, as the Spanish Govern-ment was determined to not give the Portuguese Republicans a pretext for spreading republican propaganda in Spain.

Shareholder's Odd Suit. Abraham David, a merchant of the Town of New Liskeard, holder of 20 shares of the Turner Co., Limited, is suing William P. Ryan, president and managing director of the Turner Co., to recover \$5000 damages for alleged depreciation in the value of his stock

tallying with run No. 9 and the sixth of that imning.

This attack of the Athletics on Brown was most vicious. Every ball was hard hit, and only furthers my opinion that the offensive play of the Mack men cannot be equaled.

During the early part of the game Coombs did not use his curve ball, which is his "long suit," but kept dishing up wide fast ones which he did not control. In the latter part of the same he used overhand fast ones and overhand drops, thrown with the same motion, which was puzzling to the Cubs. Strange as it may seem, it can be said that Jack was effective but wild, excepting in the last inning, when he seemed to be loating under the lead his team had piled up for him. ing Lord in from third, just as Steinfeldt was grabbing the throw from left field on Collins' hit. Of course, the chief knew that Steinfeldt had his back to twelve months, also I secure you a course, where the collins is the course of the c a bad bound, and to show that the brown-skinned boy pulled off a heady play by sending Bris in, Steinfeldt did

momentarily juggle the ball, and the result was an extra run. Doubtless every fan in the park thought it was luck on Lord's part, and did not give Bender credit for having used his "noodle."

Brown got in some good work in the fourth, retiring Davis and Murphy on Barry, of course, reached third easily. Schulte made a throw to third to trap Thomas going to second, but Ira proved too wise to fall into the snare. No thing resulted, as Coombs succumbed to Brown's sweeping curves

Brown's Fine Pitching. Along in these innings Brown's work was very classy. In the fifth he opened by fanning Strunk on three pitched balls, and continuing with two strikes on Lord without offering up a ball. Then Lord singled. On an intended hit and run play, with Collins at bat, Bris failed to catch the signal, although the ball perfectly to deep short. The play would have been great if Lord had not missed the signal. nal, and Eddie was robbed of a well-

front. Trying to scoop it up with a side motion he missed it altogether, when it took an ugly bound, and both Coombs and Thomas were safe, with Ira bringing up at third. Here Amos Struck violated the release of balls and strikes has not been questioned. Rigler's decisions in this department were questioned once or twice to-day. A peculiar thing about this world's se-Strunk violated the rules of heady batting by trying to bunt, especially with Thomas, a slow rusher, on third, and the Cubs ready to pounce on the ball. Strunk got himself into a hole thru two bunted strikes, and after that Brown found him easy, fanning him and catting his airch eather. him, and getting his sixth strike-out of the game, when a long fly or a hard hit ground ball would have scored a

### Double Plays a Feature.

Then came the fateful seventh, and Brown was relieved by Richle. Coombs continued his wildness by passing Zimmerman. Steinfeldt hit a slow line drive to Collins, who smothered it on a fly, and by a snap throw caught Zim-merman off first for a double play. Up merman off first for a double play. Up until this time, the game was featured by double plays. With two down Tinker hit sharply into the crowd for two base. Right here let me say that Tinker is putting up the scrappiest play and the most consistent hitting and best fielding of the Cub team. With Tinker on second Kling retired the side by a fly to Strunk.

The Cubs made a feeble rally in the ninth, when Hofman, always dangerous during the league season, but up to this time failing to do much at the bat, snapped a single to Lord. He

bat, snapped a single to Lord. He went to second when Chance rapped a hard bounder to Collins. Zimmerman then took advantage of Coombs' loafing, and scored Hofman with a double to left. Steinfeldt was thrown out and Tinker was passed, but the best Kling could do was to roll an easy one to Barry, who stepped on second, ending the game, the second straight for the Athletics, and won thru pure strength and head work at the bat.

Work of the Umpires. The crowd was hardly up to expec-ations. There were 24,579 paid adINLAND NAVIGATION.

## Note and Comment

Connie Mack and his cosmopolitan col-lication of Irish-Americans and an Indian are proving superior to the Chicago Ger-mans, better known as the Cubs, who are presided over by a man named Murphy. The Athletics were again no respecters of pitchers. In fact, they had to slug out the second victory, as Coombs was lucky to hold the enemy down to three runs.

new boxing organization to control sport in France has been organized out and Sheckard sent a line drive into out and Sheckard sent a line drive into the crowd for two bases. Schulte lifted a sociation is defined as follows: To ermine French championships; to take ere necessary, joint disciplinary means against boxes, to control the crowd for two bases. Schulte lifted a fly to Strunk and Hofman worked Coombs for his third base on balls. Captair Chance then sent a hot single to centre and Sheckard crossed the plate. the sport in France has been organized in Paris, with M. Frantz Reichel as president. The scope and character of the association is defined as follows: To determine French championships; to take determine French championships; to take where necessary, joint disciplinary measures against boxers; to control the engagement of professional boxers, and to decide the scale of weights in championships.

There was no dickering with the rules of bylaws at the annual meeting of the Manitoba Curiling Association, but they have considerable class to their correspondence. For instance: A letter was read from His Excellency Earl Grey, governorgeneral of Canada, acknowledging receipt of the photograph of the Cassidy rink, of the Thistles, winners of his trophy last winter, and extending his congraturink, of the Thistles, winners of his trophy last winter, and extending his congratulations to both the rink and association. Lord Strathcona also acknowledged receipt of the photograph sent him of the Minneapolis rink, winners of his event, thru a short letter bearing also his good wishes to the association. Lieut.-Gov. Fraser, prior to his death, wrote acknowledging his certificate of honorary membership and badge and thanking the association for the honor conferred upon him. President Lyali, subsequent to the governor's death, sent a telegram of condence to his wife and family.

The Winnipeg Bonspiel.

## The World's Series

Philadelphia Americans win second game from Chicago Nationals by 9 to 3.

Attendance, 24,867; receipts, \$85,-187.

Attendance, 25,007, receipts, 25,007, 137.

Coombs (Philadelphia) was erratic and lucky. Erown (Chicago) hatted out box in seventh; relieved by Richie.

Collins, Philadelphia second baseman, star of the day, with three hits, a base on balls, two runs, ten chances accepted and two stolen bases.

Third game Thursday at Chicago, starting at 3 o'clock. Probable pitchers, Plank (Philadelphia) and Cole (Chicago).

world's Series Notes.

Put your money on the Phillies.
Brown started well, but oh! what a finish!

Nine runs and fourteen bingles.
The mighty Johuny Kling was fanned.
That throw of Murphy's to double up Brown at the plate was a nice piece of work.

Collins was very much in the limelight.
Ira Thomas is a world-beater. His work with the stick and his beautiful pegsing has got everybody sitting up and taking notice.

Richie made good after he relieved Ty Cobb got his gas wagon at Shibe Park yesterday, and there was one for Nap Lajoie, too, but he wasn't there.

The gates had to be opened at 1 o'clock in the gates had to be opened at 1 o'clock.

the post-season series, 5 to 1. The games now stand. New York Nationals 3, Americans 1, fie 1

Fisher was touched up in lively fashion in the first two innings, but after that was unhittable. Devore brought in the Giants' first run with a drive into the left field bleachers for the circuit. After two men were out in the second innings, Myers got a lucky infield hit, which Chase was just able to knock down, and Mathewson, which put he sagainst the centre-field fence. Doyle was across the plate before the ball reached the diamond. The Highlanders gamered interionly run on a single by Knight and a wild pitch by Mathewson, which put the runner on third, whence he scored on Doyle's error of Creets grounder. The score:

## PARENTS TO BLAME

Hon. J. O. Reaume Discusses Bilingual System in Essex,

WINDSOR, Ont., Oct. 18.—Hon. J. O. Reaume, Ontario's minister of public works, who looms large in the public eye as the result of the Fallon controversy over bilingual schools in this county, arrived in Windsor from Toronto at a late hour last night, to attend the wedding of his niece, Miss Evelyn Bourke, which was solemnized this morning. Dr. Reaume gave out a statement, in which he says:

"I had no knowledge or suspicion of how Mr. Hanna's letter was given out

how Mr. Hanna's letter was given out till the morning of the 15th. As to the children lacking education, it is not the fault of the schools; it is more the fault of the parents who take their children from school at an early age, making it impossible for them to get the opportunity of higher education. "English is placed before anything else in the instruction of the French-speaking pupils, and there is now lit-

speaking pupils, and there is now lit-tle French taught in the schools of the county. When we can get an efficient French-English teacher we do so, otherwise we engage English teachers.
That the trouble in the separate schools
of the county has been lack of discipline due to frequent changes in the teaching staff is the opinion entertained in other quarters."

The French are greatly worked up, and a safe French seat is promised to Matsonville, the dismissed secretary of

Hon, Dr. Reaume. The Reporter Explains.

The Star last night published a reply from H. M. Boland, the reporter referred to in Premier Whitney's statement published yesterday, in which he ment published yesterday, in which he denies the utterances attributed to him, but stating that in she conversation with the lawyer mentioned, the lawyer supposed a case as follows: Taking it for granted that someone in authority in Queen's Park had given out the letter what political advantage could letter, what political advantage could he hope to gain by it? In reply he had reasoned out that if it were shown that the Right Rev. M. F. Fallon, one of the bishops of the Catholic Church is down on the French, the obvious conclusion would be that the whole church is, and the Liberal party also, because it receives the support of the church. Certain of the French-Canadian papers had been maintaining that the Liberal party is not French enough, and the giving out of the letter, in the minds of more than one, was a means of discrediting the Catholic church and the Liberal party in the eyes of the French. Mr. Hanna's name, the reporter says, was not mentioned in the manner quoted, nor did he say he was expressing the views of his paper.

Ottawa Field Not Be Sold.
OTTAWA, Oct. 18.—(Special.)—According to one of the University of Ottawa heads, warsity eval will, for many tawa heads, warsity oval will, for many years to come, remain an athletic field, despite the many rumors circulating that the famous oval is to be sold to the Canadian Northern. The story has been going the round that the college management were to sell the grounds and purchase a larger field on the outskirts of the city, erecting a modern athletic oval, with an ing a modern athletic oval, with an immense grand stand. This, however,

is denied by the reverend father, who states that even if the railway company wishes to gobble up their athletic field, this would be an impossibility. "The oval is as necessary to the university as one of the wings of the main building and without a sporting grounds it would be useless for us to attempt to carry on our work.

"If the railway company wanted to expropriate the field, they would have to expropriate the present college buildings also, for it would be shown that without one the other would be

There is talk of the Ottawa Ama-

### **CURLERS AND THE PRIZES** High School Games Go to Parkdale and JUNK IS STILL IN DADER Technical, 8-3, 19-0

Officers Elected at Annual Meeting On the Don Flats yesterday afternoon, Paradale II. defeated Jarvis II. by 8 to 3 in a High School League game.

The play was fast and clean thruout,

The play was fast and clean thruout, and it was nip-and-tuck until full time. The teams lined up as follows:
Parikdale (8)—Full-back, Tuthill; halves, Goss, Hail, Toms: quarter, Sinclair; serimmage, Merson, Simpson, Birdsall; wings, Porter, Vandervort, Farrell, McBeth, Harris and Crocker.
Jarvis (3)—Full-back, Johnston; halves, S. Wright, H. Wright, Stone: quarter, Smythe (captain); scrimmage, D'Esterre, Eadie, Hachborn; wings, Barnes, Harcourt, Gregory, Shipp, Evans, Aggett; spares, Nevitt, Murray and Hughes, Referee—Mr. Beddoe, Technical. Umpired—Fred Waghorne.

The semi-annual meeting of the Ontario Curing Association was held yesterday at the Granite Club when the office bearers for the season were elected, the anisoments discussed and routine agrangements concluded with a view to the opening of the winter season. The only alteration in the rules or bylaws was the adoption of the motion to the effect that first and second players, who have played only one game in the Tankard in the past, may play skip or vice-skip in the District Cup in the future.

The committee appointed to consider the question of the growing tendency among the clubs to compete for trophies and prizes, which is destroying the playing of friendly games and the true spirit of curing, reported as follows:

We recognize that the social and friendly side of the game is decreasing and in our opinion this is brought about by so many bonspiels and cup competitions being held. We have found great trouble in arriving at ways and meaus of overcoming this difficulty, as we do not feel that arbitrary measures should be taken without the consent of the clubs.

We would therefore make the following suggestions and desire that they have been suggestions.

We would therefore make the following suggestions and desire that they have been suggestions and desire that they have been suggestions and desire that they have been suggestions.

League, states that, as Mr. Solman of the Ferry Company has offered the stadium free of charge, with a fast boat service, there's no need playing the third and deciding game with St. Marys on the Brock avenue grounds. Further, Mr. Burkhart displayed an agreement, duly signed, showing that Connie Murphy had no business on the coaching lines last Saturday, and that player must keep off the field altogether this week.

T.20 this evening in the Stouffville Bowlers Win, Unionville were trimmed on their own grounds by Stouffville, by 19 to 12. Score: Streetsville— Unionville— J. W. Stantel. Mr. Summerfelt, Dr. Freel. Mr. Hutchinson, N. C. Burkholder, Chas. Stiver, the field altogether this week.

WEDNESDAY MORNING, OCT. 19, 1919.

ONTARIO IS WITH BISHOP FALLON Nobody in this province doubts the statement of Bishop Fallon regard to the condition of education in the so-called bilingual schools in the French parishes of Essex and Kent, in the diocese of London. The bishop has made out his case and nobody has been able to refute it. Under the circumstances it is the duty of the bishop not only to see that the wretched condition that educational affairs have failen into in those counties is ended, but that steps are taken to have good schools based on English teaching put in the place of the present inefficient ones. We believe that the bishop has the support of almost the entire community of Ontario in this work. He certainly will be day, if we may slightly paraphrase a backed up by his colleagues in the recognized translation, is the foe that episcopate, by the ordinary members Dr. Hastings has seen fit to attack as of his community in this province, and we believe by a large section of the the domestic fly is held to be respons-French-Canadian families themselves. ible for more deaths thru typhoid fever At all events the bishop has got to be than polluted water, cation for the chidren of the province

and devote any surplus energy to im- nable dirt. We will look after Ontario in good tion of files is a danger to health and given under the ninth paragraph. With shape. We notice that one of the citizen in Ontario is to get an education, and this province will see that that right is vindicated. Bishop Failon happens to be one of those who have gone on the job, and those who know him have no doubt as to what the result will be.

PUBLIC OWNERSHIP AND

There are still politicians in Ontario who do not think it necessary to tell the truth, the whole truth and nothing but the truth, and we fear it is not due to ignorance either. The Port Arthur Evening Chronicle published an article the other day under the caption "A Halfway Measure," which illustrates the survival of the barbarous methods of political incompetency. The proper way when an opponent does something good is to do something better, but The Evening Chronicie is still in the early stages of

The article contends that there are two classes of people opposed to the hydro-electric legislation: those who are opposed to all forms of public ownership, and those who demand that the principle shall be applied in its entirety. And The Chronicle declares that the power scheme is not truly a public ownership scheme because it provides for the payment of money into the coffers of a company. And it objects to the power legislation because, it declares, "the government has not developed one power yet." This is straddling the question without doubt.

Instead of praising the government for supporting the companies, with which, it argues, the government should not compete, it censures the whole government policy. The object of the hydro-electric legislation was by a union of municipalities, has acpower to the people, and its consequent competition will be effective in procuring cheaper power from the

The party which The Evening Chronicle supports made it impossible perplexing question. for the Whitney Government to develop power at Mlagara because it gave exclusive franchises to the corthe franchises granted by the former government rendered the situation a cleared up to the general satisfaction of everybody who wished to have a settlement made by the hydro com-

The result wherever the commission has been engaged is to cheapen power rates to the people. This does not satisfy The Chronicle, which demands that if the government will not develwho will develop, the control of rates exactly what has been done, there is no basis to The Chronicle's contention.

School Teachers Assaulted Girls. GRETNA, Oct. 18.—Saturday Abram Packan, a school teacher in the Men-Village of Grunthal, was convicted of indecently assaulting four school children under the age of four-teen, and fined \$100 or six months in iall. Yesterday Peter H. Glesbrecht, a Mennonite school teacher, in a German school here, was arrested charged with offences against seven girls, for a period extending over two years.

Complexion of Senate Has Changed. OTTAWA, Oct. 18.-(Special.)-The painting and re-decoration of the senate chamber will be finished next week. The chamber was last painted twenty-five years ago, at the instance of Sir John A. Macdonald.

## Bilingual Schools

a French Canadian Propaganda in Ontario.

Sooner or later the English-speaking people of Ontario were due to awaken to a realization of the French-Canadian propaganda in this province. Of course French-Canadians, as well as any other variety of Canadians, have a perfect right to move about as they please, either within or without the Dominion. But the French-Canadian movement into Ontario is on the line of a well ordered, definite plan to extend the French language, manners and customs into this province as a means of acquiring greater power politically and otherwise. We have been told how, by systematic aggression, the Eastern Townships of Quebec, an area that was once an English-speaking stronghold in that province, has been steadily encroached upon, and school district after school district captured, until the region is more French than English.

Not only this, but the movement has ople of Ontario were due to awaken

English.

Not only this, but the movement has extended into eastern Ontario, and within the past year attention has been forcibly drawn to the manner in which the school laws of Ontario are being quietly but, firmly set aside. The charges made in that connection were sufficiently startling, but do not appear to have had the effect of any remedial measures up to the present

Finally we are informed on irre-Finally we are informed on irrefutable authority that even in a western county of the Ontario peninsula French influence has acquired such a hold upon the schools of this English province that it is actually possible that young Canadians in the County of Essex are prevented from learning the English language, and grow up on this continent, with its population of 100,000 English-speaking people, handicapped by inability to speak or understand that language. The object of such a course is obvious. It is hoped that at some future time the small community of French-Canadians on community of French-Canadians on the western Ontarlo border, with 80,000,000 English-speaking Ameri-cans to the south of them, cans to the south of them and 2,000,000 English-speaking and 2,000,000 English-speaking Canadians between them and the Province of Quebec may eventually increase in number to such an extent as to control, in a measure, the schools of western Ontario, as they already do the schools in many of the counties of eastern Ontario within the influence of the Province of Quebec What other object could there

alleged to have been caused by negligence of defendants in not properly guarding said jointer. At trial plaintiff recovered judgment for \$400 and costs. Appeal allowed and new trial ordered. Costs in the cause. At request of counsel for plaintiff his appeal against tario, and Bishop Fallon, whose ex-perience in western Ontario thoroly qualifies him to discuss the question with authority, is well equipped for the task of bringing out the facts. Alin progress for some years past. But in taking up the case of the French-Canadian children of the County of Essex, Bishop Fallon will have the struction Co.

Writs Issued.

The Great West Life Assurance C. sues R. W. Eyre to recover \$1486.25, alleged due on a cheque made last March.

Essex, Bishop Fallon will have the moral support and sympathy of all English-speaking Canadians from Halifax to Vancouver. That in pursuance of an ambitious policy of French-Canadian expansion children should be brought up in Essex County.

> structive lesson for the governmen of Ontario in the strength and ramifications of this movement in some recent happenings in their own midst. Evidently knowing what was to be ex-pected of Bishop Fallon's high sense of duty those interested in the French propaganda took alarm from the moent he was appointed to the Diocese of London, and a certain section of the French-Canadian press immedi-ately developed a remarkable interest in the bilingual schools of Essex County, and articles were pub containing erroneous statements regarding Bishop Fallon, subtly calculated to lay a basis for charges of pre-judice against the French-Canadians, in anticipation of the interference that the propagandists of the French language were sure to encounter at his hands. Recently the resources of these

propagandists have been brought for-cibly to the attention of the people of Ontario by the appearance in the French press of Quebec of a confidential document surreptitiously secured from among the private papers of the provincial secretary of state, dealing with an interview between that min ister and the bishop on the subject of the abuses in the bilingual schools. This will probably give the Ontario Government an insight into political methods and expedients with which they have happily hitherto been un-acquainted. The present government is not responsible for the system of bilingual schools in this province. Their establishment some years ago was the result of one of the numerous concessions to political expediency which characterized the declining days concession has formed the basis for

## NATIONALIST CANDIDATE

Arthur Gilbert to Contest Drummond and Arthabasca, MONTREAL, Oct. 18 .- (Special.)-Arthur Gilbert, a wood merchant of

the county, was chosen as the Nationalist candidate in Drummond and Arthabaska, F. D. Monk, M.P., being present at the meeting. He and Mr. Bourassa will address several meetings before polling day.
At the Liberal convention at King-

sey Falls, J. A. Perrault was the choice of the convention, Sir Wilfrid Laurier and the candidate being the speakers. Senator Mitchell says that the English electors of Drummond will vote for the government, against the anti-marine agitators, and that his election is Planos to Rent.

ST. AUGUSTINE, Fla., Oct. 18.—The entire business section of St. Augustine is flooded with inrushing seawater to-day, while the wind and waves are still rising, with no indication of when their limit will be reached. The water is pouring over the seawail from the highest storm tide in sixteen years. So far there has been no loss of life.

The governor-general with Lady Gray and party will not arrive on Thursday morning as at first announced, but early Thursday evening, in time to attend the performance of the Russian dancers at Massey Hall.

The vice-regal party, who will be the guests of Lieutenant-Governor Gibson at Government House, will attend the prize day exercises at St. Andrew's College on Friday morning, and the Hunt lege on Friday morning, and the Hunt be appropriated from which to make the races in the afternoon, returning grants in lieu of rent; that \$200 be used Club races in the afternoon, returning

## HOME MISSIONS REQUIRE A SHARE OF ATTENTION

Proceedings of the Methodist Board-More Men and Money Needed For Missionary Work-

Rew. Dr. Sparling of Winnipeg, Rev. T. E. Shore, Rev. James Allen and H. H. Fudger addressed the open meeting of the mission board of the Methodist Church in Elm-street Church last night. Dr. Sparling said that both men and money were needed to win the world to the faith of Christ. The nast year had been a good year. There

passed into and out of the treasury during the past year. The income from the different conferences had been before. The ratio of increase had been conferences had been conferen only seven per cent. In the Toronto conference, the increase in dollars was larger than any other. Toronto had contributed \$126,315. One-third of every dollar that had been expended went to home missions. There had been \$10,000 spent in summer supply work. Men going in for the ministry were given that the summer research and other thanks in the summer research and other thanks in the summer research and the summer charges in summer resorts and other places during their holidays, and salaries and their expenses had been paid. Forty cents out of every dollar had gone to the foreign department.

Rev. James Allen thought that more Rev. James Allen thought that more should be done toward the uplifting of the ignorant. All Christians could not go to foreign fields and work, but they could do a certain amount of teligious work at home. Preaching the gospel to the individual had largely passed away. It had been crowded out of the life of the minister, and the layman had not been trained to do it.

man had not been trained to do it.

Demand Sermons Fresh. In the old days, when the preachers traveled circuits, they would preach a sermon several times. Now they have to write a new sermon each time. The number of people cared for by each preacher had also increased. Modern preachers had to prepare eight times as many sermons and look after three times as many people. The for-eign population should be influenced by the personal touch. There was no other way in which to deal with them. He compared the upper with the lower classes, and in speaking of the kind of men necessary to reach the lower classes, he said it should be one who, "like some modern theologians, does not state that the lower classes are modern theologians, and the balance on hand is \$35.66.

from the family residence to Southampton Cemetery.

CUNNINGTON—At her home, Port Cunnington, Lake of Bays, Tuesday, Oct. 16, Prudence, wife of B. H. Cunnington.

Funeral, 18th.

STORMICHY—Entered into rest on Tues-

measure,' The real story was only for the consideration of a committee. Brantford Next.

The committee on memorials reported that the invitation from Brantford churches asking the board to hold their annual meeting there, had been accepted. The home committee's re-Vice-Regal Party Will Spend Only port, which was passed, recommended that \$6000 be granted for the enlargement of the French Institute in Monttive for the erection of a kindergarten institute in Winnipeg, on condition that the mission board there raise an equal amout; that \$2500 be used to purchase a church in Edmonton for work among the Austrians there; that \$5500 for work in lumber camps; that a sum of \$11,000 be given to the special New Ontario and Northwest funds for securing churches; that \$750 be used for Italian work in Hamilton; that the executive committee be empowered to invest a portion of the reserve fund in

suitable site in Prince Rupert. The foreign department report was also carried. It recommended that a commission on Asiatic work in Can-ada be appointed, in order to investigate the character of thte work before outlining a final policy. It was re-solved that the time had come for the establishment of a medical college

Rev. Dr. A. A. Cameron's Address at Opening of Ontarie and Quebec Union.

A large attendance marked the open-ing of the twenty second annual Bap-tist convention of Ontario and Quebec in Bloor-st. Baptist Church last night. The sessions will continue until Sat-urday morning.

The following officers were elected. President, Dr. C. J. Holman, Toronto. First vice-president, Dr. E. J. Stobo, Smith's Falls. Second vice-president, Geo. McLagan.

Secretary-treasurer, Rev. C. E. Mc-Auditors, G. R. Roberts and E. R.

night we are in convention."

Great Advances.

The church was directly responsible to the great King and with reference to the Baptist Church he said: "During the last five years, or sinve the great London congress, our status and prestige on the religious world have been recognized We have attained to a Baptist world consciousness." Then came the Berlin conference, which was a revelation to the Baptist Union of Great Britain as to the prevalence of principles identical with ourst thrught the countries of Europe. None of the reports estimate for Russia along was nearly a million. The responsibility arising from the new Baptist day hat already given the union a new sprit enthusiasm and earnest endeavor. Tha prospectors of the great Baptist university has already been published, and one of our even gifted Canadian pastors is made promoter and financial agent.

"Whatever be the color of the Baptist sky in the west, the crimgon glow of the a new day is aiready seen in the east As the new orb of light climbs upwards, there comes more privilege and more work, more sacrifice and more faith and hence more responsibility. Our situation in this Dominion is such that Canadimust ever be responsible to advance move ments among our wideawake brethres over the seas. Thus it has come to pass that interest in Baptist history has a rivival."

### FUNDS IN CANADIAN RAILWAY Results in London Bank Going Into Bankruptcy Courts.

Decided So to Do—Rig Griet Decided So to Do-Big Grist cf County News.

> NORTH TORONTO, Oct. 18.—(Spacial.)—The town council to-night, by a unanimous vote, approved of the next municipal election of a bylaw along the lines of annexation to the city, and Solicitor Gibson was later empowered by council to draw up the necessary formula. The whole proceedings were marked by a cordiality toward the project which cannot but have a far-reaching and beneficial effect. The council are not a unit with respect to the annexation movement, but they grappied manfully with the project and emphasized their desire for a free and full expression of opinion on the part of the townspeopie.

ion on the part of the townspeople. The subject was introduced by H. H. Ball, who, on the invitation of Chairman Walter Muston, briefly addressed council and pointed out the necessity for immediate action if the petition submitted some time ago was to be effective. Mr. Ball requested only an assurance from the council that the bylaw would be submitted at the coming municipal elections, and invited from council suggestions likely to and to the success and value of the petition as presented.

tion as presented.

Mayor Brown and the other members entered heartily into the views outlined and when the matter is inally taken into consideration by the committee, the convener and two or three others will meet with them. Mayor Brown and Councillors Pears, Howe, Muston, Murphy and Reid voted for the submission of the bylaw. In the earlier stages of the meeting Councillor Lawrence was not present.

There was a good deal of discussion over the proposal to increase the salary of Chief Constable Collins by \$50,

with responsible municipal government. Premier Whitney should be approached on the matter," said Mr. Pears. He further declared that the only reason the Metropolitan wanted Yonge-st, double-tracked was to make of it a

great freight road.

Councillor Howe and practically all the members voiced their opposition to the scheme, and Solicitor Gibson stated that the order, if issued, would be appealed to the privy council.

There will be a strong phalanx from There will be a strong phalanx from the town all right when the hearing comes up before the board on Oct. 24, the city, township and town being re-presented, the latter the most vitally of all. Not in a long time has there been such a united front on the part of

the town. the tewn.

A rousing rally and reorganization of the North Toronto hockey club was held here to-night. Councillor D. D. Reid was elected honorary president; S. J. Douglas, president; A. Warren, yice-president; R. Ramsay, manager; Dr. McCormack, assistant manager; E. Brown, treasurer; Harton Douglas, secretary. The sum of \$225 will be required to erect a fence and other improvements, and the club look with confidence to the business and representative men of the town to respond liber-ally to the funds of the club. Another meeting will be held next week.

## ANNUAL SPEECH DAY AT TRINITY COLL. SCHOOL

Attendance Has Broken All Past Records-Prizes Presented to the Winners.

PORT HOPE, Oct. 18.—(Special.)— The annual speech day proceedings of Trinity College School passed off very successfully to-day. The ideal weather brought ou ta large crowd, many com-

points.

The proceedings began at 11.20 o'clock with service in the school chapel, the sermon being preached by the Right Rev. the Lord Bishop of Huron.

At the close of the service the Right Rev. Bishop Reeve dedicated the stained glass window in memory of Humphrey Vernon, an old boy of the school, the new west doors and stalls, in memory of Frederick Ridout, another old boy, who died in India, and the new festival altar curtains and hangings.

hangings.

The visitors were entertained at luncheon at 1-30 o'clook, after which the large gathering repaired to the gymnasium. The chair was taken by Bishop Reeve, in the unavoidable aborder of the Bishop of Toronto.

The headmaster stated that the entry had been the larger: n the the first of the school, and that the attendance had broken all past records. He alfuded to the success of the pupils in the various examinations that had been held for entrance to the universities and Royal Military College, for the latter of which every candidate passed. Among the many successes of old boys in their college careers, he specially mentioned Oliver Wheeler, who had passed out of the Royal Military College with an almost unprecedented list

of distinctions.

Principal Peterson of McGill University delivered a brief address and presented the prizes. G. F. Laing, the winner of the prize medal for courtesy, industry and integrity, was enthusiastically received. Addresses were were also made by Dr. Wilfred Campbell, Lt.-Col. Crowe, the commandant of the Royal Military College; the privost of Trinity College, and others.

## You Can Work Near a Window

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the house.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unserewed in an instant for rewicking. The Perfection Oil Heater is finished in japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental. light and ornamental.

There was not a colonial representative of the self-governing colonies who could be a Tory here without forswearing his native legislation and being a traitor to his country.

being a traitor to his country,

M. was to arouse in the laity a keener sense of their responsibility in regard to the work of the church.

Rev. L. E. Skey, rector of St. Anne's Church, set forth the reasons why, in his opinion, the clergy should be interested in this work. He had come to the conclusion that joining in a wide-spread movement of this description was the best possible thing for every parish. Not only would local finances not be hindered by giving for missions, they would be helped. The only live church is a missionary church.

Rural Dean Carley spoke of the growing enthusiasm among the clergy for missionary work. If only it could be made clear that the L.M.M. was

TO-DAY ATTHE CITY HALL.

4 p.m .- Works committee.

11 a.m.-Board of control. 2.30 p.m.-Court of revision. 3 p.m.—Fire and light committee.
3.30 p.m.—Legislation and re-

At a special meeting of the civic works committee this afternoon, the works committee this afternoon, the whole question of city garbage disposal will be considered in the light of a strong recommendation by Property and Street Commissioner Harris, that the incineration method be employed. In the commissioner's opinion, it is the "only rational and sanitary mode, and should be adopted at once." and should be adopted at once.

That the sanitary expert, Rudolphe Hering, of New York, be retained at a fee of \$3000, to advise the city on the question, is proposed by Hr. Harris, who has been in correspondence with him. Mr. Hering said that, if retained during the construction of the incinerators, he would give his services for \$100 a month so far as he could direct matters from his New York office, but that in case of necessary visits, he would charge an additional

almost staggered by the ...

ed in the report, and that the reveiation of the practice of dumping bodies of animals in public places and covering them over with a slight layer of earth was disgusting in the extreme. He was entirely with Mr. Harris in believing that much better methods were urgently demanded.

"Sponges of Putrefaction."

garbage, dead animals, and various other classes of decaying matter, 13gether with many mattresses in good cendition, which have evidently been discarded because of infection. These dumps are immense sponges of putre-

While the exhibition was in progress garbage could not be dumped on the lakefront there, and the small crematory near the city cattle market was operated. Analysis of the matter consumed thereat for two weeks and thre days showed the following: Garbage 1178 loads, fish 24 barrels, eggs 24 cases. mattresses 188, dogs 75, cattle 110,

mattresses 188, dogs 75, cattle 119, chickens 59.

Mr. Harris says this represents only one-quarter of the collection for the whole city, and forms a fair average description of the matter deposited at other points.

Pointing out that since the start of the year, 1503 dogs have been smothered at the police stations and their bodies included in the garbage deposits, the report declares: "This condition of affairs is alarming and demands instant and vigorous treatment."

Greatest issue of All.

In conclusion the report says:
This question I believe to be of greater import than any other presently before the citizens of Toronto, and the benefits of pure water and adequate drainage will, in my opinion, be markedly impaired if the present system of garbage disposal be perpetuated. I am convinced that it is a prolific source of contamination. During the summer months myriads of files locate and hered at these points, doubtless tem of garbage disposal be perpetuated. I am convinced that it is a prolific source of contamination. During the summer months myriads of flies locate and breed at these points, doubtless isseminating infection credited to

other sources. Your committee will be seized of the gravity of the situation, which I have presented with the utmost candor in order that the citizens may be thor-oly aroused to the menace of existing

## POWER FOR COMMISSION TO RULE CRAFT ON BAY

Prevention of Drowning Accidents Demands It, Say City and Harbor Representatives.

Regulations designed to prevent the recurrence of collisions and resultant danger to life on Toronto Harbor cannot be made effective until the sole authority to enforce marine laws is as proposed in Controller Spence's

This was apparently the unanimous view of the gathering, including city was to discuss preventive measures with Captain Louis Demers, Dominion interested parties be held and a definite policy declared by resolution. This he promised to consider carefully, and a satisfactory understanding was

The operation of the police boat came in for some scathing criticism. So far from the bluecoats being hardy seadogs, it was asserted that to them the knowledge as to which was port a sealed book. Chief Grasett admitted the men lacked nautical knowedge, but said it was not to be ex-

Course of Instruction. Captain Demers said an attempt had been made to establish marine

schools in Toronto for the instruction of amateur sailors, but that it had been given up because the attendance was far from gratifying. In Capt. Lindsay's opinion it was unwise to try to force the taking out

of certificates by owners of small pleasure craft. It would discourage the sport. He suggested voluntary cerpamphlets containing simple instructions in navigation rules. In the general discussion which fol-lowed, J. T. Mathews, harbor commissuggested that all moter boats

should be required to carry paddles, crossing the lake, sails as well. J. W. Commeford, who introduced imself as honorary president of the Lake Sailing Skiff Association, favored a system of voluntary instruction rules as to the right-of-way, what lights should be carried, and how they Lights Were Useless.

Capt. Demers thought it shouldn't cessary to give instruction in

modore E. B. Collett of the Na tional Yacht Club said regulations for canoes and rowboats should be con-sidered as well. If the weeds and sand were cleaned out of the bay, there would be no more drowning accidents

such as that of the "Directoire. Capt. Demers explained that the reg ulations now require that a rowboa carry a single white light. Two side lights denote a sailing vessel and three ights a steam vessel.

Controller Church declared that the remedy was in investing the proposed new harbor commission with power to enforce the statutes as to navigation, and to have the police department un-der the control of the commission in

harbor matters. Chief of Police Grasett said that it was the duty of the police to enforce flag.

the Dominion as well as the Ontario

Regular Harbor Police.

"It is also true that the police have very litle knowledge indeed of the laws of navigation or the rules of the road at sea," he conceded. "It was found in most cities necessary to have regular harbor police. Green men, who took turns at two weeks' duty on the bay, could not possibly regulate traf-fic as they could on the streets." He thought that if every boat carried a light the confusion and danger of col-lision with ferries would be greater left to the good sense of the people. Many boats were hired by people who didn't know the bow from the stern, and the police could not regulate such

Canada's Greeting to the Y.M.C.A. "Association Men," the organ of the Y.M.C.A., says editorially of the apinternational convention "Canada is giving an enthusiastic A. Convention this month, and Toronto the delegates. There is more than polite hospitality back of the invitation given by our Canadian Brotherhood. They are earnest men with a staggermind is too serious to be long engaged with men or organizations that have no commanding messages or measures in other provinces. to forward. They expect that the convention will bring to Canada help tor their tasks, inspiration, ideas and powers for Christian conquest; that it will enable them to fulfill their mission to the throngs of men who have broken from their old home ties and are findng a place and taking a part in a new of platform pyrotechniques. The 'floor' will have the floor and discuss to a finish and mutual understanding real roblems in the conservation of men and the preserving of the associations' character. It will be a young men's convention. The think-to-the-bottom men who are in the business of Christ-ianizing nations will be there. It looks as the the meeting would send out an assuring note of positive Christian is it not absurd that in Canada, one faith, courage and evangelistic aggres-

mcTaggart as a site for residences. The price paid was \$16 a foot.

The value of new buildings to be erected in Toronto, according to the list of permits issued by the city architect between Oct.8 and 15, is \$388,000, and the number was \$2. tect between Oct.8 and 15, is \$388,000, and the number was 63. The list includes a 5-story brick storehouse for the Toronto Electric Light Co. at the school on Dufferin-st., near St. Clairave., at \$26,000.

### THE FRITZ CONCERT.

Huge Crowds at Association Hall. The evening of entertainment given y Miss Rose L. Fritz last night for the stenographers of Toronto, resulted in Association Hall being besieged by largest crowd that ever tried gain admittance. By eight o'clock the in the world made of fruit juices. 50s place was filled to overflowing, and a box, 6 for \$2.50, or trial size 25c. more than a thousand people had to be turned away. A large attendance was

deavor was made to secure Massey Hall for the occasion. Both Miss Fritz and the officers of the United Typewriter Company very much regret that all those who cam were not able to hear the program, bu as was announced last night, Ass tion Hall was immediately engaged for Thursday evening, Oct. 20, when a special program will be provided for those who were so unfortunately dis-

Miss Fritz will give a series of de monstrations, such as writing from dictation, writing blindfolded, copying from unfamiliar matter and at the eople from the audience, etc. Proision will be made for those presen to pass across the stage and inspect her work and method of operation. It is particularly hoped that those who could not see Miss Fritz's demonstration last evening, will take advantage of the company's cordial invitation to e present on Thursday-Associatio Hall, at 8.15 p.m.

Alfred Watson, il Hayter-street, conductor on a College car, saved the life of a man at the "Y" at Howard Park-avenue and Dundas-street yesterday morning. The car was backing around the curve when Watson saw the man in the way. He rang for a stop and then caught the man just as he was struck, holding him up from under the wheels until the car was brought to a stop some feet further on.

## HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT

IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a. tives"-The Famous Fruit Medicina

Fruit juice consists of about 91 per cent. water, 8 per cent. sweet matter bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit fuice.

Under certain conditions the bitter rinciple can be made to replace of transform some of the sweet atoms la the juice, thus making a new con pound which is much more active redicinally than the ordinary juice. Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-tives"—known in ful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and

"Fruit-a-tives" is the only medicine

## WILL BE EXTRADITED

Swava F. Berenka Will Be Returned to Land of the Czar.

WINNIPEG, Oct. 18.—(Special.)— Chief Justice Mathers this afternoon granted an extradition warrant to presentatives of the Czar, that Swava Federenko might be taken back to Russian territory, to stand his trial for murder. The defence claimed that Federenko was a political refugee and that the Russian Government was anxious to get hol dof him to answer for conspiracy against the Czar. The chief justice held that the mere fact that Federenko had shot down soldier did not constitute him a revolutionist, and on these grounds ordered the extradition. H. F. Hagel, K.C. states that he will at once apply for habeas corpus, and, failing this, will take the case to the privy council in

The case has attracted considerable interest amongst political refugees in this country, and lawyers and members of the Douma now residing in New York and Chicago attended the

European Visible. Broomhall's cable estimates European visible wheat this week 101,296,000, against 101,540,000 tast week, decrease 214,000. Last week there was an increase of 3,972,000, and last year an increase of 5,400,000, when total amounted to 77,109,000.

Broomhall's Cable.

Broomhall's Liverpool cable says: Further pressure was given as a result of the continued rains in Argentine reaching nosthward and favorable crop advices from there. The Buenos Ayres future market was heavy and generally lower. Foreign crop conditions favorable. Following opening market showed unexpected firmness with shorts nervous and offerings lighter and prices advanced. This was attributed to good buying reported for American account. Cargoes offerings were light and a fairly good demand was reported from the continent, and the visible showed a decrease of 244-000, against an increase last week of 9,-972,000. Broomhall's Cable.

Foreign Crop Summary. J. P. Bickell & Co. furnish the follow-ng weekly foreign crop summary as cabled by Broomhall's agency:
United Kingdom-The sowing of the new crop is being done under favorable weather conditions.

France and Germany—The outlook for the reeding is favorable. Supplies of na-tive wheat are moderate. A poor potato \$3.00, seaboard. rop is confirmed.

Roumania—There has been some rain, thich will be beneficial for seeding. Hungary—Rain is wanted for seeding. Hungary—Rain is wanted for seeding. Some rain, thick will be beneficial for seeding. Hungary—Rain is wanted for seeding. Some rains are light.

Austria—There is a disposition to re
Mill feed—Manitoba bran; \$19 per ton;

Mill feed-Manitoba bran; \$19 per ton; shorts, \$21; Ontario bran, \$29 in bags, SLorts, \$22, track, Toronto. due the recent crop estimates.

Tialy—Drought continues in the south, otherwise the crop outlook is favorable. Indications are for a good crop of corn, whilst a poor wheat crop is confirmed.

India—Plowing is progressing rapidly, and in some parts sowing has commenced.

ustralla-There are reports of some damte to the wheat crop in New South Fales, as a result of frost and drought, at elsewhere the outlook is favorable.

Huron Old Boys. A special meeting of the Huron Old Boys' Association was held last evenfirm cables, liquidation set in and carried values to the lowest mark yet recorded on recent decline. On extreme break short covering and investment closed market on a rally, and about unchanged from previous session. Professionals still in control of market. On all good bulges we continue to advise sales.

Erickson Perkins & Co. had the following at the close:

Wheat—Liverpool reported their market weak, early, in sympathy with our decordinal and sylum and Sheriff Reynolds of

Wheat—Liverpool reported their market weak, early, in sympathy with our decline of yesterday, but later railied on buying orders from this side. Cash demand here was very quiet. The market after opening steady, later suffered a sharp break on free liquidation and selling by local hears. The crowd got oversold on the break and their covering caused a raily. We believe the market will have to work to an export basis and advise sales on all hard spots.

Corn—Westher was cooler and showery will have to work to an export basis and advise sales on all hard spots.

Corn-Westher was cooler and showery Country offerings continue large. The market ruled weak during the greater part of the day, but later rallied on reported better cash demand. We see nothing in the situation to change our opinion and advise sales on all hard spots.

Oats-After opening weak, later ruled firm during the balance of the day on free covering by local shorts. There was no new feature to the market. Cash demand remains quiet. We still believe that prices will go lower, and advise sales on all hard spots.

New York Dairy Market.

Way System is the only double-track route, and four trains leave Toronto daily, 7.15 am., 9 a.m., 8.30 p.m. and 10.30 p.m. The day ride via the 9 a.m. The day ride via the 9 a.m. This day for the way, is delightful, and Montreal is reached at 6 p.m. This train carries parlor-library car, dining car and Pullmans. This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigour—

## Railway News.

Great preparations are being made at the Don for the new high level passenger bridge, for which the rail-way commissioners have decided the city must pay the chief cost. The present bridge is now jacked up, and a temporary foundation will be laid in the river a few yards to the south, on which it will rest during the construc-tion of the new bridge. It is expected that the operation of moving from one foundation to the other can be accompilshed in a single night, track connections and all, so that there need be no stoppage of the street car traffic.

Temporary tracks are now being laid from King and Queen-streets, on both

ides of the river, and work has begun on the massive concrete abutments of the new bridge, on the west side of the river in the V-shaped territory formed by the junction of the two streets. The bridge improvement seems to have had a stimulating effect on business and real estate in the district, as a number of new buildings are being ushed to completion on both streets.

James Murdock, vice-president of the Brotherhood of Trainmen; S. N. Berry, of the Conductors' Association, and several other officials of the local to Buffalo to attend the national con-vention, which is being held there this

David Brown, who was appointed passenger yardmaster of the Grand Trunk at the time the strike was settled, has left the service of the company, being replaced by R. M. Muir-head of the freight office. It is alleged that Mr. Brown was summarily dismissed for having shown favoritism to the old employes.

The Grand Trunk Railway has completed arrangements for the transpor-tation of several of the regiments to the scene of the sham battle along the Credit River on October 31. These regiments, which will be conveyed in special trains, are: the 19th of St. Catharines, 250 strong; the 38th of Brantford, 350; the 91st of Hamilton, 450; and the 13th of Hamilton, 450. A train of cavalry horses and about 100 men will also be sent from Toronto. The Toronto garrison representatives, whose headquarters will be near Lambton, are to be shipped via the

G. T. Bell, assistant passenger traffic manager of the Grand Trunk, arriv-ed in the city yesterday from Mont-real, and spent the day looking over the Toronto passenger terminals. He was much pleased with the satisfactory state of local affairs, and left later for Buffalo and New York, to inspect

Three orders were yesterday granted to the Grand Trunk at Osgoode Hall for immediate possession of three properties in Parkdale, on the land required by the rallway in connection with their work of dopressing and en-larging the right-of-way. The proper-ties belong to Arthur M. Cowie, Empress-crescent: R. J. McConochie, 1489 West King-street, and Maximilian Moreil, Dowling-avenue. Differences of opinion exist in each case as to the values of the properties, and the sub-ject of arbitration will be discussed on

A meeting of the Central Railway and Engineering Club of Canada was Hotel. George Baldwin, first vice-president, occupied the chair, and a very instructive address was given by A. B. Hackett of Montreal, on the subject of signaling devices, as used by vari-ous railways on the continent, and the account still outstanding. The disadvisability of their use on the lines between Toronto and Montreal. About 100 members were present.

The C.P.R. management in Montreal has authorized the installation of two of recent events, has been much weak-new telephonic train-despatching sys-ened, altho those buildship inclined miles, and London to St. Mary's, 114 large proportions, as many traders iniles. This will make a total of 2130 from the present installation that it is Topics. such satisfaction has been obtained expected that it will be only a matter of a short time before the whole C.P.R. system is so equipped.

### EXILE FOR ROYAL HOUSE.

LISBON, Oct. 18.-The government of Portugal to-day issued a decree prescribing the Braganza family to the position of an exiled house.

Concerning the property in Portugal, owned personally by King Manuel LONDON, Oct. 18.—At the end of and others of the royal family the business to-day, the stock exchange and others of the royal family, the decree states that the matter would e settled as soon as possible. ### NO SIGNS OF SPIRITED TRADING.

World Office,

Tuesday Evening, Oct. 18.

The reactionary character of the speculative end of the local market noted in yesterday's comment was carried still further to-day, altho in some instances mere fractional rallies might be interpreted as an evidence of strength. The day's transactions were small and lacked altogether the spirit of a few days ago. The weak feature of the exchange was Porto Rico, which fell off two points further on selling induced by the announcement of an increase in the preferred capital of the company. The one satisfactory element in the market is the small amount of stock which is being offered, and because of this the declines are not likely to be carried to any material length.

## Upward Trend is Renewed After Early Price Reaction

New York Market Shows Good Resisting Power When Liquidation Is Forthcoming.

Tuesday Evening, Oct. 18. Speculative business fell off considerably at the Toronto Stock Exchange to-day, and with the decline in the

The action of the local market was mexplainable, as it was thought that the extreme buoyancy on Wall Street would assist, rather than retard, spec-Messrs. Logan & Bryan, members of the New York Stock Exchange, have arranged with Mr. J. Lorne Campbell to act as their Toronto correspondent. Mr. Campbell is a former member of the Toronto Stock Exchange and hes a lation in domestic stocks.
Rio, Porto Rico, Mackay, and Twin City showed heaviness in the day's dealings, and ended, with the exception

of Mackay, with a loss from last The active upward movement in C. P.R. had no special interest for this market, altho a few shares were traded

Dominion Steel Corporation shares vere decidedly weak with sales below 60, a decline of nearly two points.

There was a cessation in the invest mand to-day and taken altogether the market was not of strongest character.

## WALL STREET POINTERS.

General Electric reports 85 per cent. of its capacity in operation. General market in London dull with

neavy tone in copper stocks. Hurricane in West Indies causes neavy loss of life and property in Cuba, Seaboard Air Line shops resume full ime after long period of short time

work. Weather continues admirable for cotbut rain desperately needed in guthern part of New York State.

Great falling off in total New York egistration with both parties appar ently equally effected.

Meeting of American Institute of Electrical Engineers unanimously con-demns public service commissions tri-

> The Consumers' Gas Company of Toronto The Annual General Meeting of the Stockholders of the Consumers' Gas Company of Toronto, to receive the report of the Directors, and for the election of Directors for the ensuing year, will be held in the Company's Board Room, No. 17 Toronto Street, on Tuesday, the 1st of November, 1910, at 12 o'clock noon

ARTHUR HEWITT. General Manager. Toronto, 1st October, 1910.

aggressive sellers. Little attention was paid to the West Indian storm, the local view being that it would pass up the coast without damaging the crop in tha eastern belt. The continuation of ideal weather conditions has checked the spot demand at southern points, owing to the tendency to increase crop estimates, and southern offerings are again making their appearance here. It seems certain that estimates of 11,500,000 bales and under will have to be revised, and we doubt the marhave to be revised, and we doubt the mar-ket can be sustained at the present levels owing to its over-bought condition. We look for further liquidation and a gradual decline, and advise sales on all sharp bulges.

# While General List is Firm

Healthy Undertone to Mining Markets, With Several Issues in Good

Then again. As soon as Zam-Buk is applied to a sore, or a cut, or a scratch, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should note this.

Again. As soon as this wonderful preparation is applied to a wound or to a diseased part, the microscopic cells beneath the skin's surface are significantly declared in the stock than on any day since the dividend was declared, but on the advance profit-taking was encountered, and the price eased off-a point under this pressure.

The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. It is just as if a mason, called to repair a damaged walk, could begin to place good sound material at the foundation of the wall and then raise it up until the old damaged portion was no longer needed and was thrown completely away. This is why the cures worked by Zam-Buk are permanent. They are real "foundation" cures.

Only the other day Mr. Marsh of 101 Delorimier-ayenue, Montreal, called upon the Zam-Buk Company and told upon the Zam-Buk Company and t

had for twenty-five years—he is still cloze, 16,000 shares of the stock being cured, and has had no trace of any taken up at 35, while more was wanted return of the eczema! Zam-Buk cures at the same figure. This issue has are permanent. Is it in your home? days, but to-day's advance demonstrated a returning interest in the se-

perts, waited upon the minister of public works to-day and asked that the St. Charles River be deepened in order to improve the Harbor of Quebec.

Mr. Pugsley, S. N. Parent, chairman The market as a whole displayed a

## RICH ORE SAMPLES

Calcite Lake Mining Company Have Excellent Samples From Property.

No better evidence of mining expansion is needed than that exhibit-ed by the Calcite Lake Mining Company, who own valuable rights on Calcite Lake, about six and a half miles from Gowganda.

Motion to Set Aside Trial at Ottawa, Inibited yesterday obtained from the OTTAWA. Cet. 18.—(Special.)—The six thousand ounces of silver to the They are pure vein matter, run-

Mr. Foley, the manager of the com-pany, explained to The World that when their first operations started the ore was only of small value, and it was not until they had reached the 0-foot level that the ore showed good Mr. Foley is most enthusiastic over

the samples which have been received at the office, and contends that all that Northern Ontario needs is confidence and money to produce excellent results from any of the mineral areas which have been discovered.

It is the intention of the Calcite Company to put in a compressor this winter; they have already a steam p'ant installed, and from the present workings from which they are bag-ging ore, there is a possibility that a shipment will be made from the mine within a short time.

Rumors of Increased Dividends Repeated-Shipment Made Last Week.

The strength in Right of Way shares yesterday gave rise to the ru-mor that a larger distribution would be made to shareholders of this com-pany in the near future. The present dividend is at the rate of 2 per cent. per quarter, and the treasury is in shape that a bigger disbursement seems highly warranted. Ship-ments were resumed last week, some 37 tons of ore being sent out from the mine, which will net a good sum to the company. The shares yesterday sold up to 35, and any amount of stock was wanted at this figure at the close of the market.

MAY REORGANIZE

Fifty Thousand Dollar Syndicate Formed to Take Care of Silver Bar.

It is reported from Cobalt that a reorganization of the Silver Bar Mining Co. is under way, a syndicate having been formed to pay off the \$35,000 out-standing indebtedness of the company and to raise an additional \$15,000 for development purposes.

The property, which has been shut down for about a year, is in a good lo-cation, adjoining the Provincial and the Savage, and before closing down the management had bagged considerable ore, which it was proposed to ship. The mine was closed down, however, before a sufficient quantity was taken out to warrant a shipment. It is not known yet whether the proposed reorganization will go thru as planned owing to the legal entangle-

ficient quantity to give the consignees, Messrs. Beer, Sondheimer Co. of Ham-burg, Germany, enough of each kind of ore to fully determine the different

The German smelters are able to recover all the values from the ores of the Cobalt district, and it is expected that future shipments from the Moose Horn will be made directly to Ger-many.

### SILVER MARKET

China and India Good Buyers Tone is Less Artificial.

in the price; on the whole, the market appearance.

This change was owing to the following reasons: Business in the Indian bazaars entered upon an active phase. of which the splendid conditions of the harvests in that country had already given promise. The result of the rainfall being beyond the risk of failure as to its sufficiency, the only danger, and that a negligible one, lay in the chance of the supply proving the application. of the supply proving too copious. China, also, was a free buyer at the

Nearly a million sterling was shipped to Bombay in September, of which over half has not yet arrived; but in spite of this there is still a premium on the price of forward silver on this

BULLION SHIPMENTS.

The Buffalo mine shipped seven bars of buillon thru the Dominion Express Co. last week, consigned to the Ameri-can Smelting and Refining Co., New Jersey. The shipment weighed 6528 ounces, the value being \$2890. This was the only shipment of bullion leaving at

SOMETHING DOING ON LA ROSE.

Several local brokerage offices reselved wires from their New York correspondents yesterday reporting that it was stated by persons close to the management of the La Rose Consolidated Mines Co. that within the past month there had been an important development on the property, the nature of which would probably be disclosed to the stockholders and public within a few days.

SOUTH LORRAIN MINE TO SHIP.

Cobalt advices report that excellent INTEREST IN RIGHT OF WAY level of the Keeley mine. Since the nanagement struck the rich ore shoot they have assembled over a car of ore and in the near future they will ship two cars by way of South Temiskaming and Mattawa and the C.P.R. These will consist of one car of high grade and one car of low grade ore, and it will all be sent out to the smelters before the closing of navigation.

The Keeley have been drifting for ome time on excellent ore at the 100foot level, and they now have their main shaft down to the 170-foot level and are crosscutting for the vein.
It was at the Keeley that the first find in South Lorrain was made and it was some time afterwards that the Wettlaufer and other good veins were opened up.

It is stated that the Mines Power Co. will be in a position to supply power to the South Lorrain properties in a short time, probably within the

China, also, was a free buyer at the low prices quoted at the beginning of the month, and continued to give support to the market until the price neared 25d, when there was some profittaking.

The market during the current week has been steady, with a strong undertone, both India and China sending orders to buy, and, were it not for the reluctance of the speculative group to unload much of their holdings when they have the opportunity to do so, the tendency would be distinctly healthy.

Nearly a million sterling was shipped to Bombay in September, of which over half has not yet arrived; but in spite of this there is still a premium on the price of forward silver on this side. 500 at 1.12

As the Bombay stock is given to-day, as about 16,000 bars, exclusive of what is on the water, it is obvious that there is plenty of cash silver on both sides.

LEG BROKEN BY ASSAULT James Canniff Badly Beaten Up

Church Yard.

James Canniff, 33 Sumach-street, is in St. Michael's Hospital with a black not taken at once to combat the diseye and a broken leg, and W. Almond, ease intelligently, the price of the fow no home, is in the Court-street station, charged with drunkenness and assault. He may also lose an eye. Canniff declared that Almond attacked him while he was asleep on 3

-Five men and three women were quart of water.

## Traders Specialize

The strength in Temiskaming and La Rose yesterday is only an evidence that buying in Cobsits may become concentrated any one day. Other stocks will gather an accumulation of buying and then advances will occur in these. The whole market, as we view it, is improving, and altho prices may not change materially for a short time we expect to see sure improvement in Hargrave, Peterson Lake, Chambers-Ferland and Little Nipissing.

Ask for information.

A. J. BARR @ CO. 43 Scott Street - - - Toronto

Members Standard Stock Exchange.

### PERIOD OF SETTLEMENT

There have been sufficient stocks with exceptions offered the last few days on the Mining Exchange to fill buying orders and this has retarded advances for the time being. The majority of the sales came from those who had good profits and the strength of the market is shown by the way the offerings were absorbed with only elight reactions. There may be a few days more of market steadiness due to realizing, but with this taken care of a fair road is opened for another upward movement. During this halting period we would buy La Rose. Rochester, Right-of-Way, Hargrave, Little Niplssing, Chambers-Ferland and Wetlauffer. Write for information.

By order of the Beard.

R. W. LEONARD,

President.

St. Catharines, Ont., Oct. 17, 1916. UNLISTED STOCKS

Company Being Organized Here to Provide an Open Market.

A company is being formed in Toronto with the object of providing a free and open market for the sale and purchase by public auction of industrial and mining shares, mining properties, etc., which are at present unlisted on the recognized exchanges.

The articles are all the area of the sale and the providing a purchase of the sale and the sale and the sale area.

fined to the high-priced securities be-yend the reach of small investors and speculators.

There are many holders of unquoted securities, anxious to find purchasers or discover what their shares are worth in the open market. The company wi be of great service to them in the fol

lowing way:

They will hold daily sales at their auction rooms, of all stocks and properties offered for sale and approved by them.

By these means the holder of inactive or unlisted shares, mining claims, etc.,

will have the advantage of meeting with buyers and of obtaining a purchaser which otherwise they would not have an opportunity of doing.

The establishment of this class of business has never before been attempted in Canada, but from the experience of similar exchanges in other parts of the world, notably in Sydney and Melbourne, Australia, it proved and Melbourne, Australia, it prove

of great benefit to the investing public in freeing flotations from the many abuses inseparable from the present condition of affairs. Everyone must see, upon consideration, that, if the idea is taken up by the investing public, much good will be done in clearing Canadian mining cen tres from many abuses which have arisen thru unscrupulous stock mani-

EXTRA OR UNDER WEIGHT This Baker is Either a Philanthropist

or a Law Breaker, George Stein, a baker, was charged in police coure yesterday afternoon with making for sale bread less than legal weight. Inspectors Wilson and Vance were the complainants, and they produced a stack of loaves which they declare are short weight in everyy in staince. They should have weigher 48 ounces and ranged as low as 39 and

37 ounces. Lawyer Hassard, for the baker, de clared it was extra good weight over the 24 ounce loaf; but the magistrate said he doubted the existence of such a philanthropist and adjourned the case till Oct. 21, to give Inspector Wilson a chance to get witnesses to show that this was financially impossible. Edward Morrison, proprietor of moving picture show on East Queen-street, was fined \$10 and costs for allowing people to stand in the aisles.

DUE TO FARASITIC DISEASE Is High Price of Turkeys, Says the Dominion Biologist.

OTTAWA, Oct. 18 .- (Special.)-Tha the present cause of the alarming high price of turkeys is directly due to parasitic disease, which is carrying off large flocks of birds, in all parts of the country, is a statement made by Dr. Charles Higgins, Dominion biologist. If stringent precautions are will soar still higher, as the inroads the disease will spead and continue t depiete the supply in all the province Blackhead, as the disease monly known, has been found in all the provinces of the Dominion by Dr. bench in St. James' Cathedral grounds yesterday and kicked and punched him unmercifully. He will be laid up for simple remedy for the disease is to starve the bird for 48 hours, and then

# Are You Able to Out-guess This Fellow?

IN the world's series that is now going on, the players who can out-guess their opponents are the ones who will do most toward winning the championship. It's because Lajoie and Cobb are the best guessers in the big leagues, that they're each being presented with an automobile.

Butthere's one man that no human being has yet succeeded in out-guessing. He goes by the nickname of 'old probs." and is officially known as the weather man. Especially at this time of the

# Men's Winter Over-
