

Fort William Motor Propelled Combination Hose Wagon--80 Horse Power

THE Corporation of Fort William, Ont., awarded us a contract on the 31st of July, for a Seagrave Motor Propelled Chemical Combination Hose Wagon and for an 800 gallon Waterous Piston Steam Fire Engine.

Motor Propelled Fire Apparatus has made great advancement in the last two or three years. The W. E. Seagrave Company of Walkerville, have supplied the following Corporations of the Dominion of Canada, with Motor Driven Fire Apparatus, viz:

Vancouver	13 pieces	Kamloops	2 pieces	Ottawa	1 piece
Victoria	6 "	Quebec	2 "	Montreal	1 "
New Westminster	2 "	Prince Rupert	1 "	Toronto	1 "
Saskatoon	2 "	Brandon	1 "	Fort William	1 "
		Hamilton	1 "		

The Board of Control of Toronto have just awarded two more Seagrave 80 H.P. Motor Combinations for this city.

Whither Going, Friend Henri? La Patrie's Pointed Question

Bourassa As a Wrecker Has Claimed All His Own, But What is His Real Policy Anyway? is Asked—Naval Policy Suits Everybody Else in Canada.

MONTREAL, Aug. 2.—(Can. Press.)—La Patrie, writing in protest against Henri Bourassa's "No Navy" campaign, says: "Let Mr. Bourassa, who all his life has been a wrecker, who, blinded by one knows not what aberration, seeks now to destroy even the sacred regard which the French-Canadians have for France, let him define to us these policies which he professes. How does he imagine that Canada will rise gradually to the rank of a respectable and respected nation, if she withdraws herself indefinitely from the responsibilities proper to her power and increasing wealth? It is not enough to overturn everything; one must know what one can build on the ruins which Mr. Bourassa would create. "Mr. Bourassa fought the naval policy of Sir Wilfrid Laurier. He is

It would be hard to fool you on the movement because you buy by the name. Insist on the "Winged Wheel" mark on the watch case you select and you can be equally certain of receiving the same standard of value.

"Winged Wheel" Watch Cases have been the standard among respectable Canadian jewelers for 25 years.

England for the Next Olympiad

Will Make Serious Preparation—Must Take Games Seriously and Raise Fund—U. S. Methods.

LONDON, Aug. 2.—The continued agitation of Great Britain's poor showing in the Olympic games recently held in Stockholm brought about a meeting tonight of the Athletic Advisory Club to consider the situation. Lord Desborough, who presided, said that if Great Britain competed at Berlin, where the next Olympic games are to be held, she must take the games as seriously as the other nations. He advocated a team representing the entire empire in the track events. Lord Desborough said that England had not done so well in her past years, but could not do better against a marvel like "Kolehmainen." "The Finn did so well," said he, "that I would not be surprised to see him running for the United States at Berlin."

Lord Desborough proposed that a fund of \$25,000 should be raised in each of the next three years, and \$50,000 the fourth year, to be used for preparation. A letter from Sir Arthur Conan Doyle was read, announcing that he will appeal to the public for \$25,000 for the same purpose. The Rev. R. S. Decourey Laffan, a member of the British Olympic committee, proposed that \$15,000 be raised. He said that a Swedish trainer told him that if he had had the British athletes for three months the Americans would have stood no chance.

G. Merrick, president of the Athletic Union of Canada, and secretary of the Canadian Olympic committee, declared that if the same care were taken in athletics as in rowing and football, and if the Olympic winners were held in as high regard as in the United States, Canada and Great Britain could produce as good a team as the United States. The most exaggerated impressions prevalent in England regarding the American Olympic team. Enormous sums were spent, and an army of trainers were carried, according to the British newspapers. Lord Desborough is quoted as saying that the running track and swimming tank constructed aboard the steamer Finland for the Americans cost \$100,000. The solemn Blackwood's Magazine prints, and

ACTS QUICKLY ON CORNS, SORE FOOT LUMPS, CALLUSES.
It's a new wrinkle for corns—a painless remedy that quickly removes the corn. Don't doubt it, this is a dead sure thing, lifts 'em out quick—cuts, skins, branches, no pain, no scar, no more salves or pads. Just apply Putnam's Painless Corn Extractor, 25c a bottle. Substitutes pay the dealer best. Putnam's pays you best because it rids your feet of corns. Take no other than Putnam's Painless Corn and Wart Extractor.

Accidental Death

The investigation into the death of George Merriman, whose body was found buried in shavings in the boiler room of the Laidlaw Planing Mill on July 19, was concluded yesterday afternoon, and the verdict brought in by Coroner McConnell's jury was that the deceased had come to his death from accidentally falling thru an opening in the sidewalk room to the boiler room, the door of which was closed.

Girl Charged with Theft

Detectives Twigg and Taylor arrested a young girl named May Gibson as she stepped off the train from Hastings at the Union Station yesterday morning. The arrest was made on a telegraphic request from the chief constable of Hastings. The girl, who is only 17 years of age, will be taken back and charged with getting two rings under false pretences. The information states that she purchased two rings at a cost of \$14. She paid \$2 on account, and left the town hurriedly.

Civic Holiday Outings

Levittown, Niagara Falls, Buffalo. For the holiday take the delightful boat ride across the lake by the Niagara Navigation Co. express steamers, "Cayuga," "Chippewa" or "Gorona," the largest and most comfortable steamers crossing the lake. Low rates in effect for the holiday. Tickets can be obtained at ticket office, 48 Yonge-street, corner Wellington-street, open Saturday evening, or at dock office, Yonge-street, east side. 671

Will Be Examined

Jessie Giles of Runnymede appeared before Magistrate Ward yesterday morning in the county police court and was remanded to the jail pending an examination by Dr. Bruce Smith as to her sanity.

Skeleton 500 Years Old

The skeleton of a man found at the exhibition grounds sometime ago, is said by experts to be that of an Indian who lived on this continent over 500 years ago.

Body Found in Lake

The body of Leroy Saunders of 25 Northcote-avenue, who was drowned from the steamer Kingston on Monday last, was found yesterday in the lake two miles off Charlotte, N.Y.

Kingston May Lose More Hotels

KINGSTON, Aug. 2.—(Special.)—W. K. Snider, Toronto, provincial license inspector, is here making an inspection. It is understood that if some proprietors are to retain their licenses, they will have to make extensive alterations along sanitary lines. Kingston has lost ten hotels, and more may be chopped off. A number of the hotels cut off in the reduction voted for by the people, are remaining open as temperance hotels. Just how successful the proprietors will be in the new venture, is in doubt.

Made Ex-Boniface Pay Up

KINGSTON, Aug. 2.—(Special.)—When *Contra* Haag, late proprietor of the Hub Hotel, was arrested on a charge of defrauding creditors, the police found on him \$1085.77, and this was handed over to the creditors. In the police court, the charge against the ex-hotel man was withdrawn. Haag's hotel lost its license in the reduction. Creditors will receive sixty cents on the dollar. They heard Haag was going to leave and had him arrested.

Property Commissioner Chisholm yesterday received an offer of a coal mine in Pennsylvania from an American mine owner, but no price was mentioned. The mine contains anthracite coal and its owner requests the city to inspect the property.

Illustrated Bible Certificate

ILLUSTRATED BIBLE CERTIFICATE
PRESENTED TO
TORONTO WORLD, AUG. 3rd, 1912.

ABRAHAM LINCOLN SAID: "NO LIBRARY IS COMPLETE WITHOUT TWO CERTAIN BOOKS—THE BIBLE AND SHAKESPEARE; HARDLY A QUOTATION USED IN LITERATURE IS NOT TAKEN FROM ONE OF THESE WORKS."

The above Certificate with five others of consecutive dates entitles bearer to this \$5.00 Illustrated Bible if presented at the office of this newspaper, together with the stated amount that covers the necessary EXPENSE items of this great distribution—including clerk hire, cost of packing, checking, express from factory, etc., etc.

MAGNIFICENT (like illustration in announcements from day to day) is bound in full flexible limp leather, with overlapping covers and title stamped in gold, with numerous full-page plates in color from the world famous Tisot collection, together with six hundred superb pictures graphically illustrating and making plain the verse in the light of modern Biblical knowledge and research. The text conforms to the authorized edition, is self-pronouncing, with copious marginal references, maps and helps; printed on thin bible paper, flat opening at all pages; beautiful, readable type. Six Consecutive Free Certificates and the

\$1.18 Amount EXPENSE items

The \$3 ILLUSTRATED BIBLE is exactly the same as the \$5 book, except in the style of binding, which is in silk cloth; contains all of the illustrations and maps. Six consecutive free certificates and the

Also an Edition for Catholics Through an exclusive arrangement, we have been most fortunate in securing the Catholic Bible, Douay Version, endorsed by Cardinal Gibbons and Archbishop (now Cardinal) Farley, as well as by the various Archbishops of the country. The illustrations consist of the full-page plates and maps approved by the Church, without taint of heresy and in the same binding as the Protestant books and at the same Amount Expense Items, with the necessary Free Certificates.

Any Book by Mail, 25 Cents Extra for Postage.

FIRE MOTORS ARE POPULAR

F. S. Seagrave & Co. of Columbus, Ohio, Makers of Motor-Driven Fire Apparatus, Do Big Business in Canada

Canadian cities throughout the Dominion have taken to the use of motor-driven fire appliances to a considerable extent of late. Thirty-nine machines have been sold, and a considerable number of these in the Province of Ontario. Toronto now owns three; the latest addition to the city's equipment was made recently, principally thru the medium of Hugh Cameron & Co., who are the selling agents in Ontario, Quebec and the maritime provinces for the makers, F. S. Seagrave & Co. of Columbus, Ohio.

F. S. Seagrave, the patentee of the Seagrave Fire Apparatus, started business in Columbus some 15 years ago, and to-day he owns a plant worth about \$500,000 and supplies the American cities with 65 per cent. of all the motor-driven fire apparatus sold.

W. E. Seagrave, Jr., commenced business in Walkerville, Ont., ten years ago. He manufactured the Seagrave Trussed Ladders and Horse Drawn Apparatus. Since he added Motor-Driven Apparatus to his business he has sold 37 valuable pieces in the Dominion of Canada. These sales have resulted in his receiving repeat orders frequently. So far Mr. Seagrave has purchased all his copper, brass, rubber hose and tires from the Toronto manufacturers, thus leaving considerable money yearly to the support of Canadian industries.

Some 15 years ago there was not a steam road roller manufactured in Canada. Hamilton wanted to purchase one. Ex-Mayor Colquhoun of Hamilton appointed members of his council to go south and look out for a suitable roller. They came back and recommended to council the Buffalo Pitts. When the report was read Mr. Colquhoun stated that if a Hamilton firm or some other firm in the Dominion of Canada, would manufacture these machines, he would be willing to give them the first order. The Buffalo Pitts people were notified of this and came into Canada to make arrangements with some Canadian manufacturers to have roller built. They made a contract with the Waterloo Engine Works Co. of Brantford to build some 20 rollers in the Canadian market. As soon as the contract was completed the Waterloo Co. took over the manufacturing of the Buffalo Pitts and 100 have been sold to date. The City of Toronto purchased a roller this week from the Waterloo Co.

CRICKET TEAMS FOR CUP MATCH

CONGREGATION DESERTS CHURCH

Supporters of Rev. Geo. Scott of St. Hilda's Will Hold Services in Separate Building Till Peace Comes.

Judging by recent developments in connection with the St. Hilda's controversy, it will be some time before the little congregation is again peacefully united. The supporters of Rev. George Scott have now rented Brantley's Hall on Vaughan-road and intend to hold services there pending a suitable issue to the struggle. Service will be conducted next Sunday by a lay reader. Only those parts of the Anglican service which may be read by a layman will be used.

WELCOMES AND UNIONS INCREASE

President of British Welcome League Returns From Trip Abroad—Review of Institution's Work.

Benjamin Westwood, president of the British Welcome League, has just returned after a six weeks' absence. While Mr. Westwood's visit to England was mainly for business purposes, he found opportunity in several important towns of the Midlands to address large audiences upon immigration questions, setting forth the immense advantages which are to be found in Canada to the steady, industrious man or woman, especially farmers and domestic servants. He also spoke of the work of the British Welcome League in the interest of newcomers to Ontario via Toronto; also that of the Imperial Home Reunion Association, whose headquarters are at the league. Since January last the Reunion Association has held 22 meetings and passed 40 for transportation 262 wives with their families of upwards of 1000 children, about 30 per cent. of whom are already wage-earners, to join husbands and fathers. There are 36 associations now established from Vancouver to Montreal, doing the same work. The number of newcomers who have passed thru the British Welcome League to July 31 is 3068, compared with 1657 for the same period of 1911, being an increase of 1371.

Bud Fisher at Shea's. The creator of Mutt and Jeff, Bud Fisher, will headline the big vaudeville bill at Shea's Theatre next week. The vaudeville stage at different times has played the well-known cartoonists, but none have been more popular than Bud Fisher, who is known to millions of people for his Mutt and Jeff cartoons. The greatest interest is evinced in him everywhere. The special attractions for the week are Princess Pier, the wonder of scientists, the educated chimpanzee, and Ruby Norton and Sammy Lee in "The Roadward Filtration." Included in this week's bill are James Cullen, Earl and Curtis, Thers Alex, Phina and Plicks, Bell and Caron, and the kinetograph.

EATON'S

Single Express or Delivery Harness, \$20. We are enabled to make this offer by reason of manufacturing the harness in our own factory—Nothing but the best Canadian leather enters into its composition. It is, therefore, bound to give excellent wear. We have a limited supply of this harness and cannot replace it for the money. SATURDAY MORNING, AUG. 3, 1912.

WHY NOT MAKE PARLIAMENT SUPREME?

The constitution under which we live so far as it has been reduced to writing, consists of a statute passed by the British Parliament in 1867, commonly known as the B. N. A. Act. This act was amended at the request of the Canadian Parliament in 1907, by increasing the provincial subsidies. It is now anticipated that parliament will petition His Majesty to have the act again amended in so far as it relates to provincial subsidies, and also with respect to representation in the house of commons.

Our provinces, like our people, feel the increased cost of living, and some of them are importunate suitors for larger grants from the government. The demands for larger subsidies will become more and more insistent and they will have to be met either by increasing the subsidies or by the Dominion shouldering expenses now borne by the provinces. A subsidy based on a per capita test is not satisfactory, and perhaps the matter will have to be solved by giving to each province a percentage of the revenue collected in that province by the federal government.

As to the matter of representation in the house of commons, there will be natural sympathy with the complaints of the smaller provinces on the Atlantic coast, who at every census lose some membership in the house. In one way, it is difficult to see how this sympathy is to find expression. As it is, the house bids fair to increase in size until it becomes unwieldy.

There is nothing like the increase in the Canadian population, which many of us think possible, the membership of the house might easily increase to one thousand within a comparatively few years. We'd it not be well if the B. N. A. Act were again amended to have it act so thoroly as to VIRTUALLY GIVE PLENARY POWER TO PARLIAMENT? This would not mean that jurisdiction now assigned to provinces would be wrested from them, but that parliament, not the courts, would pass upon the constitutionality of all statutes. We may as well enjoy the directness and power of the British system in its entirety and get away from the American tendency to subordinate parliament to the courts.

ASSESSMENT REFORM.

The Telegram has struck the nail on the head which we have been hammering at for long enough. If the assessment department could be persuaded to levy an assessment which would equitably cover the full value of the property assessed, we believe that the statement of The Telegram would be justified as to the large sums that would be added to the assessment roll. It is not necessary to suppose that taxation would be greatly increased. There would be a fairer distribution of the taxes. The poor man would have less to pay and the rich man more. And this, we fear, is the reason the assessment department cannot be got to carry out the terms of the Assessment Act.

We are told that every piece of property is assessed at about 90 per cent of its value. But this is a glaring injustice to the small owner. If his property is worth \$2000 he gets off paying on \$1800. But the rich man who owns \$20,000 gets off paying on \$18,000 at the same ratio. Why should any property owner be let off paying on \$18,000 of property, or on \$180 for that matter?

The duty of the assessment department is to tax property for its full value, and if there be any doubt, it should lean to the city's side. The taxpayer has always the right to appeal. And in this connection we believe there is not enough use made of the court of revision. The gentlemen who compose this court are understood to be real estate experts, else there is no objection in having them. If the department has any doubt about values, it ought to be able to get the advice of these experts.

It would not be a bad idea if the court of revision were entrusted with the duty of appealing against assessments that are set too low, or of reviewing those without appeal. No decent man wishes to go into court and appeal against his neighbor's under-estimated assessment. Nor should he be asked to do so. This duty should be laid upon a public body or officials.

The poor man knows that so far as

O'Keefe's Is a Home Beer. The one Lager you see going into the Homes everywhere

PILSENER LAGER THE LIGHT BEER IN THE LIGHT BOTTLE

he is concerned the 80 per cent assessment is a bluff. He is generally put down for every dollar his property is worth. And he would not object to this, nor would anyone else, were it clearly understood that every other property owner was also down for every dollar his property was worth.

The 80 per cent assessment plan is a very plausible one for letting the little men pay for the big ones, and the sooner it is abolished the fairer and juster will it be for the whole community and for every individual taxpayer.

OUR GRAIN AT DULUTH.

The Port Arthur Chronicle is responsible for the statement that thirty million bushels of grain will be shipped this fall from the Canadian west to Duluth. The government has already applied to the United States Interstate Commerce Commission for the re-establishment of the rates effective last spring from points in western Canada to Duluth, Minneapolis and other points in Minnesota on wheat, oats, flax and barley. The Winnipeg Free Press complains that last year these low rates were obtained too late in the season and for too short a time, to permit the tough wheat to be hurried to Duluth and Minneapolis for treatment.

The result is that a great quantity of this grain is congested this summer at Port Arthur and Fort William, where thirty thousand bushels per day are being cared for by the gigantic floating dryers imported by the Canadian grain commission from Duluth.

We doubt if the United States railways will be able to render much assistance in moving Canadian crops because they will be unable to handle the unusually large harvest of their own in the western states, but if it is true that only forty per cent of our western crop can be moved by Canadian railways before the close of navigation, there seems to be no good reason why the American roads should not help to move it.

The Chronicle, however, complains that Duluth is being built up as a Canadian port, and for this it bitterly blames the present government. Mr. Borden, it declares, came into office pledged to the nationalization of the terminal grain elevators at Port Arthur and Fort William. The complaint is not that these pledges were un-deemed but that the change in policy was not more promptly announced. To quote:

Necessity existed last year for the increase of the plants at this point, but the threat of public-owned elevators stood in the way. No person knew what the government was about to do and private capital refused to proceed with the development which it had started and carried on from year to year in a very satisfactory manner. It has only been within the past week or so that the situation has become sufficiently clear to warrant elevator investors again investing their funds. But any building which may now be done will not relieve the situation this fall whatever may occur a year hence.

Curiously enough, The Chronicle makes no reference to the big elevator whose construction by the government for use this season was promised some weeks ago by Hon. Mr. Rogers at Regina. Such an elevator should help the situation to some extent, especially if government operation keeps it free from the practices so bitterly complained of in the past of nearly all of the private corporations engaged in the elevator business at Port Arthur and Fort Arthur.

INTERNATIONAL MAVERICKS. A German or American settler naturalized in Canada is a British subject so long as he remains upon the soil of Canada; outside of Canada he is not a British subject. If he takes up his abode in England, he will find himself before the law merely an alien, with no greater rights in England than those of a foreigner.

ply put it, a British subject anywhere should be a British subject everywhere. The matter can only be dealt with by concurrent legislation which will permit the self-governing states of the empire to grant empire citizenship. Perhaps it is because of our defective naturalization that settlers from the United States are slow to naturalize. They should be encouraged to do so, and they certainly should be made to understand that they cannot vote in Canada unless and until they become Canadian citizens. If the provincial governments are permitting aliens to vote, the matter should be dealt with by parliament. On the other hand, American settlers who do naturalize should have the same rights as native Canadians.

Mr. Bennett, M.P. for Calgary, fears the American settlers will make good Canadians but not good Britishers. We take this to mean that they regard themselves as citizens of the Dominion rather than as citizens of the empire. This is not an unnatural attitude, when we reflect that the American settler, naturalized in Canada, finds himself, once outside of Canada, to be an international maverick, a man without a country.

Imperial sentiment must be stimulated by imperial citizenship. To this end the Canadian Government, which is more vitally interested in the question than any other, should vigorously press for such legislation by the Imperial Parliament as will place naturalized Canadians upon an equality with their fellow-citizens of Canada as British subjects everywhere.

WHERE SHALL THE HOMELESS BUILD?

Houses to buy or houses to rent are scarce enough in Toronto. There are no vacant factories—new factories or larger ones are being built every day. New people are pouring into the city. There is employment for everyone.

And at this very moment The Telegram continues to hammer the expansion of the city.

People are rushing to buy lots and build in the suburbs. Yet The Telegram says if you do you will not get streets, sewers, water or anything else. You must settle in the congested parts first!

People who want these essentials of city life can't get them, according to The Telegram. "Land butchers" are making money out of selling lots. Somebody is glad to buy them! Is it a crime to supply the want? Will The Telegram tell the man who can't get a house other than buy a lot and build on it, what else he can do?

TO BONUS FLOUR MILLS.

The Moose Jaw News is urging the government to bonus the export milling industry. It would certainly seem that the establishment of four mills in the west would have a tendency to relieve the grain blockade which has come to be an annual incident to rail navigation. That there are not more mills in the west may be due to the absence of mixed farming, but it seems probable that more farmers would go in for stock raising and dairying if the by-products of the mills were cheaper in the west.

The News suggests that bonusing the

mills would raise the price of Canadian wheat in Canada and do away with the spread between Winnipeg and Minneapolis prices which furnishes so much capital for the advocates of reciprocity. It would also contribute to the establishment of manufacturing industries in Western Canada and thus tend to diffuse more generally the benefits of the national policy. The proposition will meet with the objection that our industrial system should not lean too heavily upon government aid. Bounties as a rule are not popular, but they have been generally approved of in the case of the iron and steel industry and would meet with little opposition if extended to the shipbuilding industry.

Mr. Ames, M.P. for St. Antoine's division of Montreal, once suggested bonusing the grain grower, but bonusing the milling industry might achieve the same end, together with other benefits for the general community.

And McBride should get out a patent muffer for the roosters. The crowless rooster is bound to come.

WHAT THE NORTH NEEDS.

Editor World: The Rev. Dr. T. Albert Moore, general secretary of the Canadian Alliance for Moral and Social Reform, informs The Globe that what the north needs is persistent, unceasing, determined enforcement of the liquor law; he further states that there is evidence of the existence of a good many "blind pigs". This last statement is amusing. Why, every third building in the north country is a "blind pig," built up, erected, stocked and carried on successfully as a result of the course pursued by the so-called moral element, or societies who of late years think, like the Jews of old, that they can legislate men to heaven, whereas they are legislating them to hell. They are forcing the hard working miner, prospector or settler (perhaps worn out after a hard day's work or after a long journey with a heavy pack on his back) to sneak into some hole or corner to get a high price for a glass of bad beer or whiskey, instead of being able in a many ways to enter a respectable hotel where there are good licensed hotels there are no "blind pigs," for example Hallelujah and Englehart. On the other hand, the Golden City and South Columbia are perforated with them, and I venture to say that nothing would drive them out of existence quicker than a good licensed hotel, and there is one and only one way to prevent excessive drinking, that is, to pass a drastic law to prohibit treating. If ministers would mind their own business, which is to attend to the spiritual welfare of the people, and allow our representatives, under the guidance of Sir James Whitney, to attend to the temporal welfare of the people of the north, there would be less immorality and crime and fewer deaths. We who cleared and settled up Old Ontario and made it a goodly heritage for our wives and families, whiskey when we were worn out after a hard day's work or long wet journey. Why should our sons, who are going thru the same hardships in carving out a New Ontario, be denied the same privileges at the bidding of no doubt a well-meaning people according to the ordinary citizen, their action is prompted by a love of publicity rather than love to their weak brother, for

Sunday World Pictures.

News events of large importance, both at home and abroad, are adequately treated in the pictorial section of The Toronto Sunday World this week. Among the subjects are group photograph of the Western Ontario Bowling Association tournament at London; several excellent pictures of the Ward 4 Conservative picnic at Queensville; the New York-Toronto baseball game; the Gooderham hydroplane, the fastest boat in Toronto waters; Canadian teachers at Eley; Olympic Marathon; views of Elizabeth-street playgrounds; Massachusetts ancient and Honorable Artillery at Windsor Castle; Insurance Act protest in Finsbury Circus, London; King and Queen at "Shakespeare's England" Exhibition at Earl's Court, and a lot of water front pictures.

If this was the case, why in thunder don't they exercise their love or charity at home, for if there was a licensed hotel in every village of New Ontario there would not be as much whiskey drunk in a year as there is drunk in one day in the Rev. Albert Moore's fair City of Toronto.

WANTS INSURANCE BELOW COST

Editor World: The letters in some of your late issues regarding the recent high monthly assessments of the A. O. U. W. contain much interest. This is in great measure to very many members. It is an unreasonable tax, in my opinion, to require members to do what is impossible. My plan of procedure against this injustice is for the members to get busy, to send their representatives in the Dominion and Provincial Houses, and insist that the action of the A. O. U. W. be brought up in parliament. Furthermore, let every one, whether a member of the order or not, who feels for his fellow-man on this question, also demand that the House make this a live issue in parliament.

An Old Member. Campbell's Cross, July 30, 1912.

Objected to Photo Displaying Injuries Received by 'Empress'

QUBEC, Aug. 2.—(Can. Press).—The investigation into the collision between the Empress of Britain and Helvetia ended this afternoon and judgment will be given in a few days. Captain T. D. Walsh, marine superintendent of the O. P. R., deposed as to the taking of photographs of the Empress after she got into port. One of them showed the damages caused by a steamer crossing her bows from starboard to port. He described the damage suffered by the ship. Mr. Cook, on behalf of the owners of the Helvetia, objected to evidence taken from photographs. The witness said if the Empress had not been checked in her advance, the wreckage would not have been so great. In answer to the court, Captain Walsh remarked that the anchor was intact, the port anchor was bent and the Helvetia, objected to the witness being locked into the Empress, about fifty-six tons of the former sticking to the latter when they separated. The wreckage would not have been so great if the Empress had not been going slowly.

Half Speed in Fog.

J. Clark, chief engineer of the Helvetia, said there were four engineers on the Helvetia, one on duty during the day. Before the accident the ship traveled at full speed, ten knots, in clear weather, but five or six knots when there was fog, or half-speed. Witness heard a horn and then saw the bows of the Empress. She came on them direct. He could not say what speed the Empress was going at. They were going about two knots. The second engine was washed out of the engine room. Twenty seconds after witness saw the Empress the Helvetia was struck.

Real Woolly West Riders.

Calgary will send a mounted corps of competitors at the Imperial Cadet Review and Exhibition at the Canadian National Exhibition. The boys soldiers from the foot of the Rockies are expert horsemen, thoroughly drilled, and they will put on a most musical ride as part of the programme in front of the grand stand. As the Royal Canadian Dragoons will be increasing to watch how the boys of the west compare with the men of the east.

STEEL KINGS DULY FLAYED

Stanley Report Also Accuses Roosevelt of Fostering Highly-Watered Industry—Enemy to Labor. WASHINGTON, Aug. 2.—(Can. Press).—The report of the majority of the committee of the house of representatives directed more than a year ago to investigate the United States Steel Corporation, was submitted to the house to-day by Representative Stanley of Kentucky, chairman of the committee. Representative Sterling submitted his individual views in a minority report, and Representative Littleton (Democrat), dissenting from the recommendations of the majority for amendment of the Sherman anti-trust law, filed his views. Representatives Gardner and Danforth also in another minority report. The report of the majority deals with the steel trust from its inception and describes the various steps by which J. P. Morgan and his associates built up the corporation. In addition to recommendations for legislation suggested as precedent, the Democratic members of the committee made general accusations against the men responsible for the organization. J. P. Morgan and his associates are held up as being the beneficiaries of enormous profits realized from the over-capitalization of the subsidiary companies of the steel corporation and later of the corporation itself. Judge E. H. Gary and his partners to steel manufacturers are credited with a scheme by which prices and territory were controlled by the steel trust after pooling arrangements were discarded. Former President Roosevelt is indicted for making the control of the steel trust absolute and is charged with being responsible for the gigantic stature which the trust has attained. The United States Steel Corporation is flayed as an enemy of organized labor, accused of lowering the social conditions of its employees and of contributing to American industry.

MICHIE'S GLEN-ER-NAN SCOTCH WHISKEY

Bottled in Scotland—Exclusively—for Michie & Co. Ltd. 7 King St. West, Toronto On the Holiday It will be an excellent outing, and at the same time profitable, to spend part of the day selecting either a home site or an investment on Scarborough bluffs: Sandown Park or Park Hill. There are a number of wooded, rambling and excellent views of the lake. The Kingston Road car takes you direct to any of above properties. Plans and all information at G. White & Co.'s, 54 Victoria Street, Main 1495.

CARLOAD OF YELPS.

Entries for the Dog Show at the Canadian National Exhibition are already so numerous that it has been found necessary to subdivide some of the classes. Winnipeg alone is sending a carload of dogs, most of which are prize winners at the big western shows. Workmen and work methods un-American and foreign to the best interests of labor.

Competing French Aviators.

PARIS, Aug. 2.—(Can. Press).—The French Aero Club has selected Jules Verne, Maurice Prevost and Andre Frey to represent France in the International Aviation Contest for the Gordon Bennett Cup at Chicago. The substitutes who will accompany them are Guillaume Bussen and M. Leger.

CANADA TO WORK OUT DESTINY AND AID EMPIRE

Continued From Page 1.

of the United States of America. It is a good omen for the empire that a great Canadian leader has come to discuss the question of imperial defence.

The position is serious, but it has one advantage, that outside pressure tends to weld together the different parts of the empire.

Mr. Borden, in responding, expressed great appreciation of the honor conferred on him by the club. He emphasized the work of confederation in Canada and suggested that it might prove an inspiration and guidance in the wider and greater task of imperial consolidation.

Will Strengthen Empire.

"Aneht naval negotiations, we shall return to Canada with valuable information, and will confer with our colleagues upon the proposals and will arrive at a result which we believe will make for the strengthening of the empire."

The dominions of the empire are all ready and willing to enter into some bond of imperial organization by which the work of the empire should be maintained to the full. The people of Canada are determined, as they were at the last election, to keep a central role in the destinies. They are capable of keeping their splendid heritage and completing their civilization in such a way as to be worthy of the British name.

The people of Canada are not of a type that will permit of them becoming merely silent partners in such a great empire, if there is to be imperial co-operation, then the people of Canada propose to have a reasonably fair vote in that co-operation, which, I do not doubt, is the wish of all statesmen in the British Isles.

Immigrants Here Early.

Ninety-five English immigrants arrived in Toronto on the C. P. R. at 10 o'clock this morning. The party came from Montreal. About forty will be placed in Ontario and the rest will find positions in Western Canada.

Mormons Coming Here.

About thirty Mormon converts are expected to arrive in Toronto on the C. P. R. to-day. They came over on the Corcoran and are traveling in a three-class coach. After a brief stop in this city, the Mormons will proceed to Utah.

COULDN'T FIND PORTAGES, BOYS LOSE THEIR WAY

Trio of Toronto Adventurers in North Have Hair-Graying Experience—With No One to Guide Them They Wander Around Lake Looking for Blazed Trees.

Lost for two days in the wilds of Algonquin Park, about twenty miles from a railway by the portage and lake route, three Toronto youths had an experience this week which was attended by considerable hardship, and which sprinkled a little spice in what they sought—adventure.

They returned home to the tale, satisfied with their little trip and very thankful that they are able to spend the few days of their holidays in Toronto, said vacation having been cut short in the north.

Possessing very little grub, hardly sufficient to stave off starvation, and possessing no compass to give them a key to their surroundings, they were on the edge of a lake unknown to them for the appearance of a park ranger or another party of campers.

The Map That Failed.

Algonquin Park is noted for its many twists and turns. Here is where the adventure is found. The joy of a trip along its lakes and thru its woods is in finding the way and avoiding the uncomfortable experience of becoming 'lost' to the world.

Without a Compass.

The following morning they resumed their search and not until late that night did they come to a clearing on the edge of a lake.

Use Fourteen Foot Canoe.

These Toronto boys—two of whom was a member of Central Y.M.C.A.—were certainly novices in the fascinating art of camping.

Portages Should Be Marked.

It was suggested that the government should have the rangers clearly designate the portages, so that they could be seen from any part of a lake. Also, the trails, besides being kept blazed, should be cleared of trees and other obstacles which would make it less difficult to carry the canoes and sacks over them.

While crossing College-street at the corner of Dufferin about nine o'clock last night, Robert Davies, of 12 Marshall-street, was struck by a motor car eastbound. The machine was driven by Cecil Howard of 44 Devon-street. Davies sustained three broken ribs and probably a fractured spine. He was removed to Western Hospital. He may recover.

The action was reported to the police as reflecting no blame upon the driver. Davies was crossing the road, and in trying to avoid the approaching car slipped in front of it and was run over.

BIG SUIT DUE TO MR. HAYS' DEATH

Cleveland Man Claims Papers Lost on the Titanic Would Establish Right to \$500,000.

PITTSBURG, August 2.—(Special.)—Growing out of the death of President Charles M. Hays of the Grand Trunk Railway, who went down with the Titanic, suit was filed to-day in the United States District Court over the sale of \$3,500,000 worth of coal land in Ohio.

Hinges on Lost Papers.

Paisley in a statement to be filed in the suit, which is understood to claim that he consummated the deal between the Rail and River Coal Company and the Grand Trunk just previous to President Hays' departure on his ill-fated trip to Europe.

Washington, August 2.—Tariff revision legislation, with the passage of which congress hopes soon to terminate its present session, was pushed forward to-day in both houses of congress.

Complete agreement on a wool tariff bill similar to that vetoed by President Taft last summer, and upon a steel and iron tariff, which is to-day between the house and senate conference committees. The senate to-morrow will vote to give up its steel bill amendments to the Canadian reciprocity law, and the two houses then will be in accord.

On the wool bill the house and senate conferees, with a few minutes after the conference committee met to-day. The basis of agreement provides for a raw wool duty of 29 per cent. The measure will be taken up and passed in the house to-morrow and probably will reach the senate for final ratification before the end of the day.

Unable to Discover Motive for Suicide

Diana Longstreet of Alton, Ont., May Have Taken Carbolic Acid by Mistake.

ORANGEVILLE, August 2.—(Special.)—Coroner A. J. Hunter and a jury decided at an inquest held in Alton to-day that Diana Longstreet, 16 years of age, who died at her boarding house in Alton on the afternoon of July 29, came to her death as the result of carbolic acid poisoning, but whether the administration of the poison was accidental or otherwise they would not venture to say.

She was a dead girl and her sister Ethel, were both working in the wool mill at Alton and living in the same house. On the afternoon of the tragedy Diana did not go to work. She went to the drug store in the town at about two o'clock and bought two ounces of carbolic. She came straight way home from there, and at about half-past two rushed from her rooming house into the house next door. She was endeavoring to say something but was unable to do so. She was placed under medical attention at once, but she had taken too large a dose of the acid for medical service to be of much avail. She died in short time.

No motive for the girl's act is known. Her sister, who testified, said that she could not conceive of any possible reason why Diana should have wished to die.

CHEAPER RAILWAY FARES.

Petrola Topic: The demand comes from the west for a two-cent passenger rate on Canadian railways. Nothing is clearer than that reduction of charges materially increases the value of travel, just as lower freight rates determine the route of products and merchandise. It is curious that from generation to generation freight rates should go steadily lower and passenger rates remain almost stationary. It is true that the value of the dollar has fallen, but the west and Canada should be encouraged. It is certain that with lower charges there would be increasing travel from the east to newer Canada and from the west to the older provinces.

Use Gibbons' Toothache Gum—Sold by all druggists. Price 10 Cents.

POLICEMAN WAS MADE PRISONER

Penalty of Capturing Smallpox Patient Was to Have Uniform Taken and Burned.

MONTREAL, Aug. 2.—(Can. Press.)—A Smallpox patient, his body covered with the marks of the disease, escaped from the Moreau Street Hospital to-night clad only in a night-shirt and with a blanket wrapped around his head, Turkish fashion.

For some time the policeman had to remain clad in the garb of Eden in one of the spare rooms of the hospital, until finally a new uniform arrived for him and he returned to duty.

BETTER COAL DELIVERY IN SIGHT.

LONDON, Ont., August 2.—(Can. Press.)—It would appear that the Toronto district will get better delivery of coal when the new Port Burwell to Aylmer line of the Grand Trunk is in operation.

A large quantity of coal now hauled via Niagara Falls and destined for Western Ontario points could be handled by the Grand Trunk and congestion of traffic at the border relieved.

NOTICE

THE TRADERS BANK OF CANADA AND THE ROYAL BANK OF CANADA

NOTICE IS HEREBY GIVEN of the intention of the undersigned Banks to apply, after the expiration of four weeks from the date of the first insertion of this notice in The Canada Gazette, to the Governor-in-Council and the Treasury Board, through the Minister of Finance and Receiver-General, for the approval of an agreement between the Traders Bank of Canada and the Royal Bank of Canada to sell and purchase all the real and personal properties, assets, rights, credits and effects of the Traders Bank of Canada, or to its liquidator, thirty-three thousand five hundred fully paid shares of the capital stock of the Royal Bank of Canada, and whereby in consideration of the amount of the purchase price of the said shares, the said Traders Bank of Canada agrees to assume, pay, discharge, perform and carry out all the debts, liabilities, contracts and obligations of the Traders Bank of Canada (including notes issued and intended for circulation and standing in and circulation and leasehold obligations).

A copy of the said agreement can be seen at the offices of the Royal Bank of Canada at Montreal, Q.C., and the Traders Bank of Canada at Toronto, Ont.

The said agreement has been approved by the resolutions of the shareholders of the Royal Bank of Canada, carried by the votes of shareholders present in person, or represented by proxy, representing more than two-thirds of the amount of the subscribed capital stock of the said Bank at a special general meeting of the shareholders of the said Bank duly called and held for the purpose. The said agreement has also been approved by the resolutions of the shareholders of the Royal Bank of Canada at a special general meeting of the shareholders of the said Bank duly called and held for the purpose.

Notwithstanding also given of the intention of the Royal Bank of Canada and the Traders Bank of Canada to apply to the Governor-in-Council and the Treasury Board for the approval of a by-law adopted at the special general meeting of the shareholders of the Royal Bank of Canada held on the 3rd day of July, 1912, increasing the capital stock of the Royal Bank of Canada from ten million dollars to twenty-five million dollars. Dated 3rd July, 1912.

By order of the Board of Directors: THE TRADERS BANK OF CANADA, E. L. Passa, General Manager. THE ROYAL BANK OF CANADA, E. L. Passa, General Manager.

Woman's Realm--the Household, Fashions and Society

SOCIETY

Captain Long, A.D.C. to His Royal Highness the Duke of Connaught, who is playing polo with the Back River team for the season, is the guest of Mr. and Mrs. A. Hamilton Gault at their country residence at Cartierville.

The engagement is announced of Miss Corina Parent, daughter of Hon. S. N. Parent and Mrs. Parent, Ottawa, to Mr. A. J. Major, Ottawa. The wedding will take place in September.

Mrs. Geary and Mrs. Morgan Jellatt presented prizes for matches at the Niagara Golf Club this week.

Col. St. Henry and Lady Pellatt are spending the week-end at their country house at Lake Marie.

Mr. and Mrs. George Honenberger and their son are spending a short time in Cayuga.

A quiet wedding took place at 5 o'clock on Thursday afternoon at the home of the bride's mother, Mrs. Jeffrey Penfold, Melbourne, Que., when Miss Katherine Penfold, daughter of the late Jeffrey Penfold, Montreal, was married to the Hon. P. S. G. MacKenzie, provincial legislator for the district of St. Lawrence, by the Rev. Dr. Kellough, in the presence of only immediate relatives. The ceremony, which was performed by the Rev. Dr. Kellough, in the presence of only immediate relatives, was held in the drawing-room, which was beautifully decorated with white flowers and ferns. The bride, who was attended, wore a gown of white crepe de chine and carried a bouquet of white orchids and lilies of the valley. The groom wore a suit of dark blue cloth with a white shirt and tie. The ceremony was held in the drawing-room, which was beautifully decorated with white flowers and ferns. The bride, who was attended, wore a gown of white crepe de chine and carried a bouquet of white orchids and lilies of the valley. The groom wore a suit of dark blue cloth with a white shirt and tie.

Miss Margaret Lowe, Albany-avenue, is at St. Catharines, attending the Canadian Henley.

Capt. C. H. Zeigler and Hon. S. R. Vereker are at the King Edward from England.

Mr. George Gooderham motored to Niagara-on-the-Lake this week.

Mrs. and Miss MacSloy of St. Catharines are spending the summer with Capt. and Mrs. Champion de Witt at their ranch at Columbia River.

LONDON, Ont., Aug. 2.—One of the weddings of the season was solemnized at the home of Mr. and Mrs. C. O. Jones, at Park Hill, yesterday at noon, when their only daughter, Maud, was married to Mr. L. J. Hewitt of Toronto. The ceremony was performed at high noon by Rev. H. J. Uren, under a canopy of white and gold, and was attended by a large number of guests. The bride wore a gown of white crepe de chine and carried a bouquet of white flowers and ferns. The groom wore a suit of dark blue cloth with a white shirt and tie. The ceremony was held in the drawing-room, which was beautifully decorated with white flowers and ferns. The bride, who was attended, wore a gown of white crepe de chine and carried a bouquet of white orchids and lilies of the valley. The groom wore a suit of dark blue cloth with a white shirt and tie.

Col. L. Michel of the Royal Engineers and his son are in town and leave shortly for Muskoka. They are guests of his sister, Mrs. L. Michel, Queen's Court Apartments, Jarvis-street.

Mrs. W. K. George has gone to the Royal Muskoka to recover from her recent operation. She is accompanied by her children, Miss Jean George is leaving to-day for Manitow.

Mr. and Mrs. Morgan Jellatt have been spending a short time at Niagara-on-the-Lake.

Mr. Samuel Beatty and Mrs. Beatty (nee Stonehouse) will occupy 22 Alvin-avenue, Deer Park.

Mr. and Mrs. D. L. McCarthy and Mrs. Leah McCarthy left yesterday for New York, on route to England.

Mr. Alfred Bodimore is spending a few days at Acton.

The marriage of Miss Olive Selby to Mr. R. Norman Jolliffe will take place on Thursday afternoon, Aug. 8, at the home of the bride's sister, Lucy-avenue, Kew Beach.

Mr. Edward Cronyn is at Tadoussac.

Mr. and Mrs. Frederick Monro are at Niagara-on-the-Lake for the week-end and holidays.

Mr. Richard Palmer spent a few days with the Misses Dalmeida in Grimsby.

Mrs. Avery is visiting her parents, Mr. and Mrs. Mather, in Simcoe.

Miss Sloane, Kingston, is visiting her sister, Mrs. W. D. McPherson, Bathurst-street.

Mrs. James has been visiting friends in Simcoe.

Mrs. and Miss Joyce have returned from Niagara-on-the-Lake.

Mr. and Mrs. Betzner have returned to West Flamborough after a visit to friends in Toronto.

Miss Violet Byrne is in town from Ancaster.

Mrs. James Purwell has returned home from a visit to her sister, Mrs. Darwich, in Hespeler.

Mrs. Warren Burton is visiting in Hamilton.

Master Reginald Willis is visiting Mr. and Mrs. Sheppard in Grimsby.

The Daily Hint From Paris

A RECENT IMPORTATION.

This is one of the newest designs and was seen in a recent consignment. The material was white satin, and the cost and skirt were trimmed with shirtings of the material. Under the coat is a plain waist, closing at the side, in line with the skirt closing. The neck is cut square and edged with lace, and the girdle ends in points. A little back of the side seam, the coat being gathered between these points. The large buttons are satin covered.

Hanger for Gown.

Cut a piece of heavy cardboard 12 inches long and eight inches wide and shape one side of it like a coat hanger. Now punch a small hole in the centre one inch from the top, and tie a piece of ribbon or tape thru it to make a loop to hang it on.

Jewel Bag.

A jewel or money bag is easily made, and is really a necessity for the traveler. The bag is made of one strip of linen, one end of which is turned up to form a pocket and the other end turned down and shaped for the flap. A narrow edging of crochet in mercerized cotton would add to the attraction of the bag and the wide initials should be embroidered on the flap.

Simple Dress.

There are occasions when the girl of limited dress allowance feels she must be seen in evening costume, and if this evening frock is to be new she should try simplicity rule. For the young girl who has only a small amount to spend on her clothes, there is nothing so sweet and dainty as a sheer cotton material made over a princess slip of silk.

At the Theatres

AT THE ROYAL.

"All the Comforts of Home" Next Week.

Next week Miss Haswell and her splendid company will present at the Alexandra Theatre "All the Comforts of Home," a light comedy adapted from the German by William Gillette, who, instead of leaving the situations to the work of the Fatherland, laid them in London. The comedy is seen in support of Miss Haswell in that pleasing comedy, "All the Comforts of Home," at the Alexandra Theatre next week.

Miss Angela Ogden, who will be seen in support of Miss Haswell in that pleasing comedy, "All the Comforts of Home," at the Alexandra Theatre next week.

One long laugh from start to finish, and Gillette, in his masterful way, has arranged with complications so that they may be easily followed by the audience. A special matinee will be given on Monday (Civic Holiday).

American Plays in London.

Charles Klein, the playwright, who has been in London for several months on business connected with the English production of his play, "The Third Degree," returned yesterday to New York. He said that he would go to Europe with another play, and declared that there was plenty of room in London for good American plays.

Back to Daly's.

Leila Waller has written from Marlborough, Mass., where he is spending the summer, that he will return to New York, the middle of August to begin his second season at Daly's. After reading fifty manuscripts he has selected four plays for production here. Although he has not definitely decided, his first production will probably be a play in which the principal scene is laid in the Casino at Monte Carlo.

New Play by Graham Moffatt.

Joe Weber and Lew Fields yesterday entered into an agreement to continue the firm name, as theatrical producers, and to establish and maintain a Weber and Fields music hall in New York, with an all-star company. The new music hall is located on Forty-fifth-street, just west of Broadway, and will be one of the most complete playhouses in the world. It now is intended to open the hall late in October, with Weber and Fields heading the cast. Beside the music hall, Weber and Fields have other theatrical interests in common, namely, the production of a comedy drama called "The Scrap of the Pen," by Graham Moffatt, author of "Bunty Pulls the Strings" and "The June Bride," a musical play adapted from a foreign source, by Edgar T. Smith, with lyrics by E. Ray Goetz. "A Scrap of the Pen" has not been produced, but already is being heard by a foreign source, by Edgar T. Smith. The company to be brought to this country will be made up exclusively of Scotch players.

TORONTO CONSERVATORY OF MUSIC.

Among the cities of this continent Toronto ranks with the foremost as a centre of musical appreciation and instruction. The conjunction of nature and inevitable and the lead gained by the city many years ago has not only been maintained but considerably increased. Nearly a quarter of a century ago saw the opening of the Toronto Conservatory of Music, the pioneer institution of its kind in the Dominion of Canada. Its main object was to furnish instruction in all branches of the art and science of music, to give expression and such other subjects as are necessary for the professional career. A year later it became affiliated with Trinity University and in 1887 with the University of Toronto. Since establishment the Conservatory has made steady and continuous progress and now ranks with the best institutions of its type either in America or Europe.

This Year Book for 1912-13 just issued forms an interesting and attractive record of the extensive musical field covered by the Conservatory curriculum under the supervision of Dr. Edward Fisher, the musical director. Gathered around him are a band of teachers of high attainments and notable repute in their respective special branches. They include some of the most eminent Canadian musicians and others of distinction attracted from European centres. Graduates of the Conservatory are in constant demand throughout Canada and its directors have kept constantly in view the provision of facilities for enabling students at moderate cost and under favorable conditions to obtain a thorough and artistic musical education in all departments of the art.

To Niagara Falls and Buffalo by Express Steamers Cayuga, Chippewa

If you are contemplating a trip across the lake, why not travel by the largest steamers and enjoy the comforts they afford in the way of prompt, safe, and comfortable service? They are equipped with the latest improvements in navigation, and are operated by the most experienced and efficient crews. The Cayuga and Chippewa are the finest of their kind on the lake, and offer you the most comfortable and enjoyable trip. They are equipped with the latest improvements in navigation, and are operated by the most experienced and efficient crews.

COMPLETE Treatment

For All Kinds of ECZEMA

Warm Baths with Cuticura Soap

and Gentle Applications of Cuticura Ointment

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with 50-page booklet on the cure for eczema, will be sent post-free, on request, to "Cuticura," Dept. 64, Boston, U.S.A.

The Nursery

When children visit relations in summer either with or without their parents' consent, very often some of their possessions are left behind at the close of vacation. To obviate the trouble of having clothes sent after them by mail or express, one who has children in this plan: When she packed the child's trunk, she made a careful list of the hats and other articles, and pasted it on the inside cover of the trunk. There was no danger that anything would be overlooked when the trunk was packed for the trip home.

A WINDSOR LADY'S APPEAL.

To All Women: I will send free full instructions, my home treatment which positively cures Leucorrhoea, Pains in the Head, Displacement, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book "Woman's Own Medical Adviser," also sent free on request. Write to-day, address Mrs. M. Summers, Box 708, Windsor, Ont.

OLD-FASHIONED WORK.

The vogue of lace collars is responsible for a revival of two kinds of needle-work popular when our grandmothers were young—punch work and tatting. Deep linen collars or fichus, made of more or less elaborate designs in the punch work and eyelet embroidery, are finished with an edging of the tatting. This work is most effective and lauders admirably.

OSTRICH FEATHER CONCEITS.

Ostrich feather fancies have been seen on smart hats this spring and summer; now pompadour made of ostrich, either in colors or black and white, are the latest ornaments for slippers.

TAILORED WAISTS.

Tailored waists are being worn a great deal this season. White linen is always popular, striped chevrot, mercerized or not, striped madras, and silk of different kinds are shown in a variety of styles.

MACRAMÉ BAGS.

Fortunate is the woman who finds among her things stored away one of the macramé work bags such as were popular some time ago. If the bag is solid, wash it in a rich suds made of white soap, and press out all moisture possible during the wash; let it dry slowly, and then line it with silk, green being as smart as any. The bag may be used for shopping or for carrying one's work.

THE COATEE.

The little coatee made with a peppermint shade over the hips is one of the prettiest and smartest garments of the season. It is utilized for taffeta muslin, and is worn over lingerie and other gowns, and it is liked for the entire costume of one material. To whatever use it is put, it is smart and distinctive.

PEARL HUNTING WITH X-RAYS.

The application of X-rays to pearl oysters is now an assured fact, remarks a writer in Harper's Weekly. Millions of oysters have been sacrificed annually in the search for pearls, and the beds have been improved, while the decay of the oysters has proved a menace to health.

VEGETABLES GO DOWN IN PRICE

Supply of Small Variety at the Local Fruit Market Increases With a Resultant Decrease in the Cost.

Small vegetables were on the whole a little cheaper on the Toronto Fruit Market yesterday. Egg plants went down to \$1.25 a basket, while cucumbers and marrows could be purchased for 25c a basket. Tomatoes sold as low as 75c, tho a good many brought \$1. There are some six-basket crates of fancy "native" tomatoes selling at \$2 to \$2.50 apiece.

The Canadian apples and pears on sale are not of very good quality as yet. There are barrels of American apples selling at \$4. Three-peck hampers of the same variety bring \$1.40. The supply of sour cherries keeps up. The baskets now go at 85c to \$1. The Canadian peaches range in quality and are priced at from 50c to \$1 the basket. Yesterday's prices were as follows: Raspberries, 10c to 16c; blueberries, \$1 to \$1.25; currants, 50c to 55c; black currants, \$1.75; cucumbers, 25c to 30c; beans, 20c to 40c; Canadian potatoes, 40c; Canadian apples, 20c to 50c; tomatoes, 25c to \$1; cherries, 50c to \$1; marrows, 25c; egg plants, \$1.25; peas, 8-basket crates, \$2.75; Elbertas, per bushel, \$2; California peaches, \$1.50; pears, \$2.75; plums, \$1.50 to \$2.25; lemons, \$3 a crate; onions, \$1.15 the hamper.

HANLAN'S ON THE HOLIDAY

Band Concerts, Ball Games, Amusement Devices and Big Crowds.

With its many and varied outdoor attractions, Hanlan's Point should be the headquarters for the pleasure-loving public on Monday, Civic Holiday. As everyone knows, there is always a large crowd at this popular resort at all times, and especially on holidays there are always more attractive features.

Concerts will be given in the afternoon by the Hanlan's Point Band, and in addition there will be King and Queen, the beautiful diving horses; Col. Hamilton's Congress of Curious People; the Diving Girls; and all the popular amusement devices which help those looking for fun to spend an afternoon or evening. There will be an International League baseball game in the morning and afternoon between Baltimore and Toronto.

The management suggests that it would be more convenient for those who intend spending the day with their families at Hanlan's Point or Island Park to take the earlier boats and avoid the crush that always places on a holiday. This afternoon and evening the music will be furnished by the Queen's Own Band and to-morrow (Sunday), afternoon and evening, by the band of the Royal Grenadiers.

NOT SHIRKING SO SAYS G.T.P.

Line Between Winnipeg and Superior Junction Not Ready for Actual Operation, 'Tis Asserted.

MONTREAL, August 2.—(Can. Press.)—"We are not trying to dodge any interest or to do anything of that kind," say the officials of the Grand Trunk Pacific in the course of a long statement in regard to the company's attitude on the trouble that has arisen over its refusal to assume complete charge of the section of the Grand Trunk Pacific between Winnipeg and Superior Junction. It has been alleged that the Grand Trunk Pacific Company is refusing to take over this section of the road in order to avoid hastening the time when it should have to pay interest.

"We are operating this section on construction account, as authorized by an agreement regulated by an order-in-council passed in 1911," the statement announces.

Far From Completed. "Apparently there is an effort to make the G. T. P. take the line over and run it on operating account, although it is as yet far from being completed so as to be fit for that. In fact, even the entrance to Winnipeg on the Meathur contract is not finished, and we are still using the Canadian Northern tracks for that purpose. In addition to this the platforms and stations at divisional points are not finished, while there is not as yet provision at the divisional points for water supply for dining, sleeping, or first-class cars. Under these conditions the line cannot be called a completed one and it cannot be run as such."

Not a Regular Route. "As a matter of fact," it is stated, "the line is being run more for the convenience of settlers and those living thru the district than as a regular railroad route. The traffic on it as yet is not thru business, but chiefly freight, with such mixed trains as are necessary for the accommodation of the people."

It is also stated that the custom with railroads was to run such lines under construction account until they were completely finished and ready to be transferred for regular business under operating account, and the G. T. P. was prepared to continue operating the road in this way so that the people going there would get the benefit of the line as it was.

"Our agreement with the government was that we should take over the road when it was completed, and there is not the slightest question as to our readiness to keep that agreement to the letter."

Special Train to Jackson's Point, Saturday, August 3rd.

For the accommodation of Civic Holiday visitors, Grand Trunk special train leaving Toronto 1.40 p.m., Saturday, Aug. 3, for Stouffville, Mount Albert, Sutton and Jackson's Point, will not return on Monday, but will leave Jackson's Point 2.3 a.m. Tuesday, Aug. 6, arriving Toronto 5.30 a.m. Civic Holiday tickets will be issued at single fare for round trip, good going Aug. 2, 3, 4, 5, valid returning until Aug. 6.

Secure tickets and full information at City Ticket Office, northwest corner King and Yonge-sts. Phone Main 4209.

Victoria, B. C., Forestry Convention. Members of Canadian Forestry Association and friends of forest conservation are reminded of the Dominion Forestry Convention at Victoria, B.C., Sept. 4, 5 and 6. Specially low railway rates for the round trip. Enquire James Lawler, secretary C.F.A., Ottawa, or railway agents.

Killed by Freight Train. CALGARY, Aug. 2.—Aeneas Campbell, a C.P.R. employe in the bridge department, was instantly killed while trying to board a freight train at Cowley, Alberta, last night. He was a native of Carleton Place, P.E.I.

HEARST STATES GLOBE EDITORIAL WAS INCORRECT

Minister of Lands, Forests and Mines Repudiates Assertion That Public Rights Are Ignored Respecting the Sale of Land Bordering on Navigable Waters.

Hon. W. H. Hearst, minister of lands, forests and mines, when asked by The World if he had anything to say with respect to the editorial appearing in The Globe of July 30, under the heading of "Public Rights Ignored," stated that, in so far as the article pretended to make statements of fact relating to the practice of his department, such allegations were incorrect and without the slightest foundation. Not only has there not been activity under the present government, as alleged in the sale of water lots, but, on the contrary, greater care has been exercised by this government than ever before in this regard. It has always been the practice to grant water lots to the owners of lands bordering on navigable waters, but the granting of these water lots does not, as alleged, prevent access to the shore in front of which such lands are granted, as the patents of such water lots contain the following reservation:

"The free use, passage and enjoyment of, in, over and upon, all navigable waters which shall or may hereafter be found on or under or flowing thru or upon any part of the said parcel or tract of land covered with water hereby granted as aforesaid, and reserving also right of access to the shores of all rivers, streams and lakes for all vessels, boats and persons."

What Patent Says. "So far as the reference to the chain in width along the shore is concerned, the writer of the article in question is evidently under a misapprehension, declared Mr. Hearst. There was no reservation made along the shore of Lake Ontario in the original survey, and consequently the original patents are entitled to the land down to the shore, and there is no reservation other than what may be contained in the patents granted to these owners. The form of patent now in use in the department, which is the same as that which has been in use for many years, has the following reservation:

"Reserving also the right of access to the shores of all rivers, streams and lakes for all vessels, boats and persons, together with the right to use so much of the banks thereof, not exceeding one chain in depth from the water's edge, as may be necessary for fishery purposes."

And no assurance of this restriction has been made.

"It is of course impossible for me to carefully scan the hundreds and thousands of patents that are issued by this department, but no such assurance has ever been made with my knowledge since I became minister, and I am informed by the officer in charge of the preparation of patents that none has ever been made, and that this statement, like the others referred to, is without foundation," concluded Mr. Hearst.

SEA GIRT, N.J., August 2.—Formal announcement was made to-day by Governor Wilson that he will not resign the governorship of New Jersey during his campaign for the presidency.

The governor had kept his mind open on the question of resigning ever since the Baltimore convention. Leading Democrats in the state, however, have urged him to follow the precedent of Grover Cleveland, who was nominated for the presidency, but continued in the office of governor of New York.

Governor Wilson is keenly interested in prospective reports from committees investigating the tax problem and the efficiency of state affairs in New Jersey, and prominent Democrats have asked him not to forsake his office unless called to a higher one.

New Health Officers. The seven health officers, newly appointed, who have been receiving instructions at the Parliament Buildings during the past few days, are: Dr. Clinton of Belleville, in the central district; Dr. Bentley of Barrie, in the western district; Dr. P. F. Maloney of Cornwall, who will have supervision over the eastern counties; Dr. Thomas McNally of Owen Sound, whose district takes in the northwestern counties; Dr. McLennan of Watford, in the Niagara and Lakes district; and Dr. George of Halleybury, and Dr. Woodhouse of Fort William, in charge of the two Northern Ontario districts.

Taking the Town By Storm

WE expected our new brew, Kuntz's Old German Lager, to cause a big stir. But it's doing even more than we expected. It's simply taking the town by storm, winning friends with its superb quality.

A Brilliant Light Lager in Peacock Green Bottles

POUR out a glass of Kuntz's Old German Lager. Hold it to the light. See how it sparkles. Then taste the lager that will soon put the best of imported lagers into a back seat.

You can hardly expect American lagers to equal Kuntz's Old German. The law in the States allows the brewers to use corn, rice, sugar, tannic acid and other malt adjuncts. The Canadian law, while prohibiting Canadian brewers from using such malt adjuncts, and we are glad it does so, still allows American lagers to be sold in Canada in competition with honest Canadian beers.

Kuntz's Old German is more than merely a light lager. It is a light lager of very superior quality. Brewed from the best Canadian barley, Bohemian hops, high-class yeast, and pure, sparkling water from the famous Kuntz Springs. Bottled only at the mammoth Kuntz Brewery at Waterloo, in Peacock Green bottles, which afford adequate protection against the light and add greatly to a lager's keeping qualities.

Try a Peacock Green bottle of Kuntz's Old German Lager at your favorite hotel or café. Then order a case sent home and treat your wife and friends to the latest brewing triumph of the famous old House of Kuntz.

F. Maloney of Cornwall, who will have supervision over the eastern counties; Dr. Thomas McNally of Owen Sound, whose district takes in the northwestern counties; Dr. McLennan of Watford, in the Niagara and Lakes district; and Dr. George of Halleybury, and Dr. Woodhouse of Fort William, in charge of the two Northern Ontario districts.

CHICAGO MAY HAVE CAR STRIKE

CHICAGO, August 2.—(Can. Press.)—Employees of the street railway lines in Chicago began voting at 4 a.m. to-day on whether a strike is to be declared. The polls are to close at 4 p.m. tomorrow, and a few hours later the result will be known.

Boy's Frank Fatal. MONTREAL, August 2.—Gladys Martin, 12 years old, is dead in Verdun from burns received when her clothes were fired by a mischievous boy throwing a lighted match at her.

"Do you know the value of an oath?" a witness was asked. "A sovereign was what I got to come here," was the reply.

EMPIRE MARRIAGE LAW IMPOSSIBLE

LONDON, August 2.—(C.A.P.)—In the house of commons, Premier Asquith said that the difficulties of creating a uniform marriage law for the whole empire were too great for the government to undertake to draft one.

Scribbler: "I know a journalist who got as much as half a crown a word for something he wrote." Quibbler: "That's nothing I know a man who got £20,000 a word for something he wrote." Scribbler: "What did he write?" Quibbler: "He wrote a note saying, 'Will you be my wife?' to a widow worth £100,000, and she said she would." "Mr. Chairman!" said the orator, who had already occupied the platform

Sunday World

Last week The Sunday World began the publication of a serial story by Arnold Bennett. It is entitled "Buried Alive" and grips the interest of the reader from the very commencement. The second instalment will appear next Sunday and those who delight in reading high-class fiction should see that they make a start right now. We are also publishing a series of short stories by O. Henry. Another one of these fascinating yarns will appear this week. The Sunday World has many other splendid features which will commend themselves to the majority of readers. There are three four-color sections of excellent magazine features, a purely pictorial section of eight pages, and a news and sporting section which covers the whole field.

EMPIRE MARRIAGE LAW IMPOSSIBLE

LONDON, August 2.—(C.A.P.)—In the house of commons, Premier Asquith said that the difficulties of creating a uniform marriage law for the whole empire were too great for the government to undertake to draft one.

Scribbler: "I know a journalist who got as much as half a crown a word for something he wrote." Quibbler: "That's nothing I know a man who got £20,000 a word for something he wrote." Scribbler: "What did he write?" Quibbler: "He wrote a note saying, 'Will you be my wife?' to a widow worth £100,000, and she said she would." "Mr. Chairman!" said the orator, who had already occupied the platform

Meet us any time on Saturday or Monday at our Sunnyside office (corner Queen and Sunnyside), just where King street car makes its terminus. Salesman on duty both days.

ALL INTERESTED IN LAKESHORE PROPERTY ARE INVITED.

ROBINS LIMITED

22 Adelaide Street East. Phone M. 7171.

BACK TO WORK.

Real estate men are preparing now for the fall rush. It will set in sooner than usual.

Clients and agents are coming back to the city earlier than they expected. Cool weather is responsible.

Business this fall will be greater than ever. That is, without exception, how the big men view the market. Conditions are ripening for sound, steady activity in almost every class of investment real estate.

The people with property tinged with speculative side are not very bold. The buying public is not nibbling at the "way-out" stuff at the present moment and it looks like this class of property will be a very small factor this fall. The average buyer wants a great deal for his money; he wants improvements and reasonable proximity to car lines and employment. The small wave of speculation that eddied over the outskirts last year is not in evidence now. The market is almost purely an investment one; that is why it is not spectacular.

This disappearance of the speculator is about the best thing that could have happened to the real estate situation in Toronto.

July Permits Show Slight Falling Off

But This Year's Lead Over 1911 is Well Maintained—Advanced by Million Dollar Structure.

According to the figures of the city architect, the value of the buildings for which permits were issued from January to July 31 is \$15,494,846. For the same period in 1911 the value was \$14,776,473, and hence this year's figures represent an increase of \$718,373. Up till July 31 there have been 413 permits issued which, when compared with the corresponding figures of last year, show a decrease of 24. Thus far this year 607 buildings have been erected as compared with 601 of last year.

In the value of buildings for which permits were issued, the month of July shows a falling off. Last month the value was represented at \$2,299,574, while in July of 1911 the figures were \$2,786,520. The number of buildings for which permits were issued was 973 last month and 886 in July, 1911.

A single permit that will put this year a good way ahead of last was granted yesterday. It is for the new "Hart" building addition to the university structure. The excavation is now being made just south of Wycliffe College and the building will include the gymnasium, students' union, and Y.M.C.A., and will cost \$1,150,000.

Borden's Policy May Disappoint England's Hopes

LONDON, Aug. 2.—(Can. Press).—Hon Robert L. Borden, prime minister of the Dominion of Canada, who this week invited British cabinet ministers to visit Canada, has during his visit to London made his position very clear on some aspects of the subject of the naval assistance that Canada is to offer the mother country.

Dominion cabinet told the British cabinet that Canada is prepared to assist Great Britain to maintain her naval supremacy, but when she does so she will want to be consulted as to the way the money is spent.

Silverthorn Park Addition

will be offered for sale by The Title and Trust Company for the first time on Saturday afternoon, August 3rd.

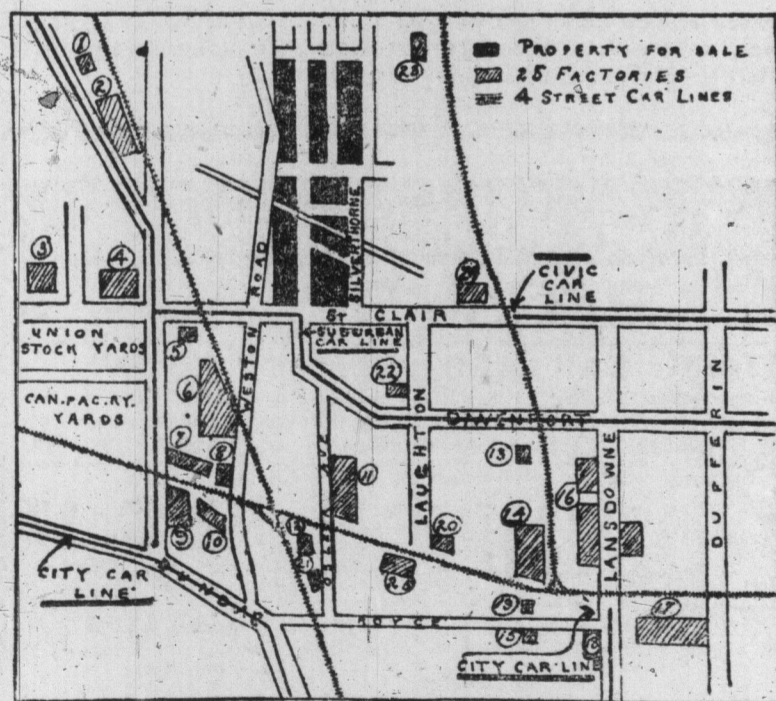

It is located on the north side of St. Clair Avenue between Silverthorn Avenue and Weston Road, within walking distance of 25 factories, within the city limits, and is

THE BEST INVESTMENT

In Workingmen's Lots in Toronto.

Applications for over 50 lots have already been made, and we advise prompt action to secure a choice of lots at opening prices.

The illustration shows the central situation of Silverthorn Park Addition.

Buy Beautiful Rosedale House For \$30,000

W. N. McEachren has purchased the home of the late Crown Attorney Baird at the northwest corner of Elm-avenue and Huntley-street for about \$30,000.

The grounds, which are beautifully laid out, have a frontage on Elm-avenue of 110 feet and on Huntley-street 240 feet. The location is a commanding one and is considered among the best in Rosedale.

The house will be remodelled and occupied by the McEachrens.

Forty-Five More Houses For East End

Builder Purchases Nearly a Thousand Feet of Muriel Avenue on Resales From W. N. McEachren & Sons.

To build 45 six, seven and eight-roomed houses, detached and semi-detached, Kenneth McWhinney of 1922 Davenport-road has purchased nearly a thousand feet of frontage on Muriel-avenue in W. N. McEachren & Sons' (Pape-avenue) subdivision.

The building lots are all resales, the vendors purchasing from McEachren a year ago at prices that gave great profits to them and yet admit of the builder selling his houses at reasonable prices.

Local Improvements

Our suburban properties along the Lake Shore Road and Kingston Road are progressing rapidly. Several new houses are being built at Crest Point, Stop 17, Lake Shore Road. Road-walks are being laid to Sandown Park. Early buyers will be greatly benefited by these improvements. Plans and prices of these properties may be had at White & Co., 58 Victoria Street, Main 6485.

ANOTHER ICE CREAM CASE

Lord's Day Alliance Pushes Charge Against Dairy.

May ice cream be delivered on Sunday or not is the gist of a case that the City Dairy Co. of Toronto wish to have answered. One of their drivers, Richard Howarth, delivered an order of cream to the Riverdale Park restaurant last Sunday. A charge was brought against him by the Lord's Day Alliance, and the company put the case into the police court yesterday. Magistrate Ellis admitted that as it was a point in law, he could not decide it, so the case was remanded for a week.

FEWER RICH FOLKS DYING

Succession Duties for This Year Are Away Behind Those of Last Year.

Succession duties received by the provincial treasurer during the month of July amounted to \$53,452. For the same month last year, the duties amounted to \$154,332.

The duties received this year are about \$200,000 behind the amount received last year. Last year's figures amounted to \$47,231 for the fiscal year ending July 31, 1911, while this year, the amount totals \$62,126.

JOY RIDERS ARRESTED

Two Men Charged With Stealing a Motor Car.

Daniel W. Ross and Morley Wilson took a motor car belonging to Wm. E. Radcliffe of 83 Park-road, from in front of the Grand Union Hotel, Thursday night, without the owner's permission. He missed it a few minutes after it had disappeared, telephoned the police, who had the car back again and the youths in custody within a very few minutes. Constable Jones (364) nabbed the occupants and correlated the car. They appeared in police court yesterday morning, pleaded not guilty, and were remanded a week.

WINNING IN FIGHT

Tuberculosis Figures Show Marked Decrease in Fatalities.

Good results are shown as a consequence of the fight against tuberculosis waged by the provincial board of health during the past few years. The statistics are as follows:

WELLAND

What Others Think of Us is Sometimes Just as Important as What We Think of Ourselves

This is what SATURDAY NIGHT said of

Welland South

on March 1st, 1912:

Question: "Should be glad to have your opinion of WELLAND SOUTH lots, as sold by Canadian General Securities Corporation, Scott Street, Toronto. Do you consider one gets good value at present prices?"

G. W. P.

Answer: "I should say this is a very fair real estate purchase."

(Signed) Editor, Gold and Dross, Saturday Night.

"Welland will undoubtedly soon be a city."

Would you not like to own some property in Welland, the fastest growing town in Eastern Canada?

Let us tell you about WELLAND and WELLAND SOUTH.

Write for our Free Booklet.
