THE TORONTO WORLD PREPARING FOR A BIG DRIVE

Lull Continues on Battlefront, With Intense Cannonading Towards Amiens-- Germans Continue to Bring Up Reinforcements to Renew Attack-- British Aviators Win More Successes.

QUEBEC POLICE HOLD ALLEGED RIOT LEADERS Believe They Have Rounded Up the Principals in the Disturbances.

SOME MEN RELEASED All is Quiet in the City, With the Military in Full Control of Streets.

Quebec, April 3.—The police, after working quietly for two days, made seven arrests tonight, and they believe they have rounded up the ring-leaders in the disturbances here.

Specific charges of rioting will be laid against these men. One of the men under arrest has been identified as the party who cut the hose on Thursday night last, when the firemen were ordered to drench and disperse the crowd attacking the Dominion policemen. The suspects will be given a preliminary hearing to-morrow morning in the police court.

The men arrested gave the following names: Joseph Lemelie, alias Mitchell; 21, Napoleon Martineau, 32; Pierre Savard, 22; Jules Jolicoeur, 29; Romeo Robitaille, 15; Georges Marcoux, 27; Louis Gosselin, 22. They are all residents of Quebec. The arrests were turned over to the military.

By the identification of two of the bodies of men killed on Monday, it was today necessary to revise the names on the casualty list. The name of Honor Bergeron was substituted for Arthur Laperriere and Alexander Bussiere for George Hamel.

Both were missing since the rioting, but their families did not visit the morgue until today to view the bodies there, under the belief that they were prisoners.

Tonight all was quiet in Quebec with the military in full control of the city. More people were seen in the streets than last night, but there was no suspicion of disturbances.

Tonight two soldiers robbed a man named Guay of \$72 on the street. Guay notified an officer approaching and called to him. Upon learning of what had happened the officer inter- vened, the soldiers were returned to Guay. The two soldiers will be tried by court-martial.

Appear in Court. Amidst cheers, forty-six men out of the sixty-two detained by the military authorities in connection with the rioting here on Monday night, were this afternoon liberated on the charge of being in a crowd causing a disturbance, by Judge Langelier in the police court. But 35 of them must still satisfy Gen. Lessard, officer commanding in Quebec, that they are not subject to the Military Service Act before they will be given their liberty.

The information is secured. This may take some time, as the destruction of registers of names in Quebec on Friday has disrupted the exemption record system to some extent, and it will have to be readjusted. Eleven men who were charged with being actually connected with the rioting here on Monday night will appear in the police court tomorrow morning. They are: William Joseph Deschamps, Mendez, Lachance, John Howey, Gaudiosse, Loiselle, Abdon Gingras, Adelaire Deschamps, Alfred Towers, Louis Philippe, Lucien Giroux, Maclure Giroux and Donald Dupere. With the exception of Deschamps, who claims to live in Sherbrooke, they all give Quebec addresses. They have already been given a preliminary hearing by Judge Langelier, and have pleaded not guilty.

Forty-six Liberated. Eleven men who were arrested on Monday night or subsequently, and who have been categorized as E men under the Military Service Act, were brought down to the police court this afternoon under a heavy guard of soldiers. They were ordered liberated by Judge Langelier, as the military had found that they were merely innocent bystanders.

curious in being in the neighborhood of the rioting. His honor also announced that 35 other men who were not present were acquitted of the charges against them.

Alexis Taschereau, representing the military authorities, addressing the men, asked them not to bear ill will as a result of their experiences. They said they had been completely acquitted. It was no disgrace to have been arrested in a crowd, under the circumstances.

The Quebec Telegraph tonight announced that the chief instigators of the rioting on Monday night left the city yesterday.

The important fact that people killed in Monday's rioting were not victims of machine guns was announced by the military authorities today. The gunmen aimed low and possibly only one or two people were slightly wounded by them.

METHODISTS DIRECTED TO PRAY FOR HARVEST Rev. Dr. Chown, General Superintendent, Issues General Call to Church.

Canadian Methodists are being directed by Rev. Dr. Chown, general superintendent, to hold special prayers throughout the Dominion for the success of the production campaign.

Dr. Chown's call to prayer, which was issued officially yesterday from the Wesley Building, Queen street, Toronto, says: "I now desire to press upon you the duty of praying without ceasing for the success of the harvest. This, the greatest struggle known in history."

And, further, I beseech you not only to pray for victory in war, but also to lift your hearts to the God of harvest that he may send forth laborers in his harvest fields, that by the hearty and arduous co-operation of the people and the blessing of heaven in giving sunshine and fruitful rain, the earth may yield an abundant increase and that we may be freed from the terrors of famine, that in health and strength, the allies may move forward to complete victory."

IMPORTANT RESULTS EXPECTED FROM CHANGE Announcement That American Battalions Will Join British Has Created Great Enthusiasm.

With the British Army in France, April 3.—The announcement that American battalions are to be added to British divisions has created the greatest enthusiasm. The fact that such a move was to be made had been known for some time by the commanding officers, who anticipate most important results from it.

SPANISH VESSELS MAY CROSS OCEAN Transatlantic Mail and Passengers Will be Permitted by Germany.

Madrid, April 3.—After lengthy negotiations between Spain and Germany, it is believed that the crossing of the Atlantic by Spanish ships will be resumed. About one thousand passengers and more than two thousand tons of mail are expected to depart.

It is reported that Germany will permit the mail and passengers to start, but has forbidden the transport of merchandise.

AMERICANS PRAISED. British War Office Pays Tribute to Work of Airmen.

London, April 3.—The British war office pays a tribute to American airmen in the official statement issued tonight on aerial operations: "During the last fortnight of intense fighting in the air," says the statement, "the assistance rendered by the personnel of the American air service attached to the royal air service, has been invaluable."

ARTILLERY FIGHTING. French Statement Says There Was No Infantry Action on Wednesday.

Paris, April 3.—The war office announced tonight: "There was no infantry action during the course of the day. Quite violent artillery fighting was maintained in the region north of Mondridier, especially between Denun and Hangard-en-Santerre. It was quiet everywhere else."

HEAVY GAS ATTACK. Germans Subject American Troops to Large Dose of Poisonous Vapor.

With the American Army in France, April 3.—American troops on a certain sector other than that in the region of Toul have been subjected to an extraordinarily heavy gas attack. The attack began last night and continued at intervals until this morning. Miniged with the gas projectiles sent over by the Germans were shells of high explosives.

LAND MEN IN FINLAND. Germans Send Forces to Aid Government—Troops Arrive at Hangö.

GOVERNMENT HOUSE AGAIN UNDER FIRE Ratepayers Think It Would Make a Good Military Hospital.

The central council of ratepayers' associations last night passed a resolution asking that the Government House be turned over to the military authorities for use as a military hospital, and that more modest residences be provided for the lieutenant-governor during the war.

SPEECH LIMITED Letter Carriers' Petition and Express Delivery Also Discussed.

The lieutenant-governor has an absolutely useless office," said Mr. Shields. "We are attacking the principle of the British constitution," said Richard Hamer of West Toronto. "The social side of the Government House is most important in that it affords a chance for opposing factions to come together." He thought the lieutenant-governor should be a necessary official, so long as the proper man was in the office.

Postal Carriers' Claim Supported. J. R. MacNicol, chairman of the express committee, had been invited to speak on the campaign for the extension of the free delivery limits, but because he had been limited to 20 minutes he refused to speak.

FIBRE FLAX SEED IS BADLY NEEDED Col. Wayland Coming to Canada to Supervise Distribution to Farmers.

Ottawa, April 3.—Word has been received at Ottawa that Col. Wayland of the Canadian expeditionary force has been requested by the war office to immediately proceed to Canada to supervise the distribution of fibre flaxseed, which, it is anticipated, will be urgently required in order to supply the manufacturing needs for airplanes in the near future.

Col. Wayland is expected to arrive here in regard to the matter, states that as the importance of these supplies cannot be exaggerated, it is exceedingly desirable that there shall be cordial co-operation between the farmers who will sow this special flax seed and Col. Wayland, who will distribute the seed to be sown.

TORONTO. Count Czernin told a Viennese peace deputation that Austria expected shipments of foodstuffs from the Ukraine to begin in May. According to the count, Vienna and Berlin will stand together.

REUTER'S REPORTS. Reuter's reports show a heavy movement of troops, guns and men behind the German front, and the general belief that the enemy must strike hard again or admit failure, an event fraught with a dangerous reaction.

THE ALLIES REGARD THE SPEECH OF CZERNIN as a peace offensive in connection with the German military offensive. Premier Clemenceau of France declares that the count is lying in asserting that France questioned Austria about her peace terms.

ITALIAN AIRCRAFT ASSIST ALLIES ON WESTERN FRONT Paris, April 3.—Caproni airplanes bombed an airdrome at Metz on the night of March 17 and again on March 23. Italian squadrons also bombed the railway station at Thionville on the night of March 24, and succeeded in hitting a train filled with reserve troops going to the Picardy front.

INFANTRY WORKS FORCES. Canadian Labor Battalions in France Change Name. London, April 3.—Canadian labor battalions in France will be known as infantry works battalions to distinguish the forces engaged in defensive works from road makers and general constructors. The former will be available for actual fighting in an emergency.

"THE CHRISTY HAT." The English-made hat is the best in the world both for quality and style. It sells on F. 22 avenue New York for twice the price asked for the best American makes.

IN CANADA THE ENGLISH-MADE HAT is marked at a lower price than the American product. The Dimen Co. are direct importers of English hats in soft and hard felt, and silk hats. Dimen's, 140 Yonge St.

BAD WEATHER HALTS GERMAN OFFENSIVE Enemy Papers Aver Allies Did Not Check Advance in France.

The Cologne Gazette says it learns from Berlin that the pause was a necessity. It asserts that the stormy weather of the past few days has greatly hampered the transport service of the Germans, and cites as a similar case the halt in the Italian campaign when the Tagliamento River was reached by the Teutonic allies.

RENEWAL IS PROMISED Pause Due Solely to Orders of Army Command, One Organ Asserts.

Amsterdam, April 3.—German newspapers received here assert that the marked decrease in the fighting in France was made necessary by the bad weather, but that it soon will begin again.

THE COLOGNE GAZETTE SAYS IT LEARNS from Berlin that the pause was a necessity. It asserts that the stormy weather of the past few days has greatly hampered the transport service of the Germans, and cites as a similar case the halt in the Italian campaign when the Tagliamento River was reached by the Teutonic allies.

THE COLOGNE PEOPLE'S GAZETTE declares that the pause in the battle was due solely to orders of the German army command and not to any success by the entente allies. The correspondent adds that the roads must be repaired and munitions and victuals sent up to the fighting forces, and continues: "The bad weather may hamper our action, but the enemy soon will realize that we intend to go on with it."

A semi-official despatch from Berlin says the Compiegne station and the railway from Clermont to Amiens are under the German artillery fire, while Compiegne and Soissons have been bombarded by German aircraft.

TORONTO. Count Czernin told a Viennese peace deputation that Austria expected shipments of foodstuffs from the Ukraine to begin in May. According to the count, Vienna and Berlin will stand together.

REUTER'S REPORTS. Reuter's reports show a heavy movement of troops, guns and men behind the German front, and the general belief that the enemy must strike hard again or admit failure, an event fraught with a dangerous reaction.

THE ALLIES REGARD THE SPEECH OF CZERNIN as a peace offensive in connection with the German military offensive. Premier Clemenceau of France declares that the count is lying in asserting that France questioned Austria about her peace terms.

ITALIAN AIRCRAFT ASSIST ALLIES ON WESTERN FRONT Paris, April 3.—Caproni airplanes bombed an airdrome at Metz on the night of March 17 and again on March 23. Italian squadrons also bombed the railway station at Thionville on the night of March 24, and succeeded in hitting a train filled with reserve troops going to the Picardy front.

LOSSES TO BRITISH SHIPPING SHOW A SUDDEN DECREASE Only Six Vessels of 1600 Tons and Over and Seven Under That Tonnage Were Victims of Submarines.

London, April 3.—There was a sudden and marked decrease in losses to British shipping thru mine or submarine in the past week. The admiralty reports that only six British merchantmen of 1600 tons or over, and seven under that tonnage were sunk in the week ending March 30. Five fishing vessels also were sent to the bottom.

The admiralty statement continues: "Fifteen merchant vessels were unsuccessfully attacked by submarines. The large vessels reported sunk include one sunk during the week ending March 16, and the smaller vessels reported sunk include one during the week ending March 23.

"The arrivals during the week ending March 30 were 2416, and the sailings 2373." The losses to British merchantmen thru submarines and mines in the past week are less than one half the losses in the previous week, when 28 merchantmen were sunk, sixteen of the vessels over 1600 tons. The admiralty report for the preceding week showed the loss of 17 vessels, while for several weeks prior to that the weekly loss was 15.

War News

The Germans have made a heavy gas attack on American troops in France. The British captured the strong position of Ayeette Village in night operations.

The British War Office reported that no change occurred yesterday in the situation at the front. Germany has refused to supply Holland with fifty more coal until she signs a new economic agreement.

The French report no infantry action on the battlefield, and a violent artillery action in the region north of Montdidier.

The British flag was a striking tribute from the Germans for its gallant stand. Captured records of German casualties show that a German battalion was reduced in strength in the fighting to only 112 officers and men.

German papers are explaining the halt in the offensive, one saying that bad weather did it, and another that the German command ordered suspension.

German submarines sank last week only six British ships of above 1600 tons, and seven small vessels, against sixteen large ships and 12 small vessels the preceding week.

British aircraft dropped over 1000 bombs on German troops and transports in the battle lines, and in air fighting destroyed thirteen and damaged eight German machines.

Major-General Maurice says that the Germans have used up about one-half of their available troops in the offensive, and that he expects that they will use up the other half in another attempt to break thru the British front.

Count Czernin told a Viennese peace deputation that Austria expected shipments of foodstuffs from the Ukraine to begin in May. According to the count, Vienna and Berlin will stand together.

REUTER'S REPORTS. Reuter's reports show a heavy movement of troops, guns and men behind the German front, and the general belief that the enemy must strike hard again or admit failure, an event fraught with a dangerous reaction.

THE ALLIES REGARD THE SPEECH OF CZERNIN as a peace offensive in connection with the German military offensive. Premier Clemenceau of France declares that the count is lying in asserting that France questioned Austria about her peace terms.

ITALIAN AIRCRAFT ASSIST ALLIES ON WESTERN FRONT Paris, April 3.—Caproni airplanes bombed an airdrome at Metz on the night of March 17 and again on March 23. Italian squadrons also bombed the railway station at Thionville on the night of March 24, and succeeded in hitting a train filled with reserve troops going to the Picardy front.

INFANTRY WORKS FORCES. Canadian Labor Battalions in France Change Name. London, April 3.—Canadian labor battalions in France will be known as infantry works battalions to distinguish the forces engaged in defensive works from road makers and general constructors. The former will be available for actual fighting in an emergency.

GEN. FOCH NOW LAYING PLANS FOR BIG DRIVE Allies Pin Faith to Creation of New Unified Army.

Washington, April 3.—With the battle of Picardy brought to a standstill for the time being, at least, and the initial momentum of the German drive overcome, military observers here were plainly puzzled tonight by the fact that a great counter-offensive had not developed. The psychological moment of the counter-stroke under the rules of strategy, they think, is passing if it has not already passed, without a recorded movement of the allied forces toward throwing back the exhausted foe before he has had time to dig himself in.

It is possible it was suggested, that the plan of campaign mapped out by General Foch is of far greater scope than would be involved in an effort to hurl the enemy back to his old lines. The German defenses there, which successfully stemmed the British assault in 1916, are still intact and even if the allies were successful in pushing the German lines back over the westward flank and driving the Germans from them, they would face those defenses when their own organization was badly demoralized by their losses and their exhausted condition.

Pin Faith to Foch. For this reason some officers were inclined to look for a counter-offensive campaign to which they are pinning their faith. They have counted on the creation of a unified army under General Foch to produce offensive operations and they see nothing in the situation at the present time to warrant the conclusion that the allies have not the necessary reserve forces or supplies.

It was suggested that the new purpose of employing American troops to fill out the fighting divisions in offensive campaigns has bearing upon the situation. If General Foch is laying his foundations for continuous operations of an aggressive but defensive character, he would be certain of his employment of American troops would have to be worked out.

Allied Losses Light. Figures reaching here as to allied losses in the bitter days just closed in Picardy indicate that British and French casualties have been unexpectedly light in view of the scope of the action. One estimate heard, although its accuracy is open to doubt, fixes the total, including the allies, at between 125,000 and 130,000 for the 12 days of ceaseless battle along a fifty-five-mile front. This is to be compared, if correct, with French estimates of 250,000 to 300,000 German killed, wounded or captured during the same period. The bulk of the German losses were dead and wounded men, as most have been no claims from the allies of having captured any great number of the enemy, although some thousands undoubtedly were taken.

UNEXPECTED HARDSHIP EXPERIENCED BY ENEMY German Capable of Pounding Again, But Each Successive Blow Will Be Weaker.

London, April 3.—Telegraphing from British headquarters in France, tonight, Reuter's correspondent says: "Our airman report much movement of troops, guns and transport in enemy regions but the Germans are experiencing unexpected difficulties in this regard. While for some time the weather is turning against active operations, I believe the Germans are bound to strike again as soon as possible and as hard as possible, or admit failure, which alternative would be fraught with a reaction from which the high command shrinks. The enemy has made the supreme test and also he is capable of pounding again and again, each successive blow will be weaker than the last."

BIG GUN AT WORK AGAIN. Paris, April 3.—The Germans again began to bombard Paris at 2:50 o'clock this morning.

GEN. FOCH NOW LAYING PLANS FOR BIG DRIVE Allies Pin Faith to Creation of New Unified Army.

Washington, April 3.—With the battle of Picardy brought to a standstill for the time being, at least, and the initial momentum of the German drive overcome, military observers here were plainly puzzled tonight by the fact that a great counter-offensive had not developed. The psychological moment of the counter-stroke under the rules of strategy, they think, is passing if it has not already passed, without a recorded movement of the allied forces toward throwing back the exhausted foe before he has had time to dig himself in.

It is possible it was suggested, that the plan of campaign mapped out by General Foch is of far greater scope than would be involved in an effort to hurl the enemy back to his old lines. The German defenses there, which successfully stemmed the British assault in 1916, are still intact and even if the allies were successful in pushing the German lines back over the westward flank and driving the Germans from them, they would face those defenses when their own organization was badly demoralized by their losses and their exhausted condition.

BORLEN PRESENTS OFFICIAL REPORTS OF QUEBEC RIOTS

Show Disturbances Might Have Been Put Down by Active Police. CHIEF WAS APATHETIC He and Mayor Frequently Urged to Take Vigorous Steps.

Ottawa, April 3.—The official story of the Quebec riots was laid before parliament by Sir Robert Borden this afternoon. First, the prime minister read a report from the military authorities in Ottawa, received by telegraph from Quebec. This was followed by the reading of a report from Lieut.-Col. Machin, director of military service, made after a visit to Quebec...

"About 11 p.m. Lieut. Landry reported by telephone that the offices of the Quebec Chronicle had been attacked and that a large mob was destroying the building. The mayor had requested him to call out troops...

"On March 31 a report was received that riots had broken out during the night. The rioters were armed with stones, bricks, and other missiles. They were attacking the stores; two officers were injured, revolver shots were fired at a street car, and another store was looted in search of arms and set on fire...

"On Monday, April 1, General Lesard took the precaution to cause notices to be placarded and published in the press advising the public against taking part in unlawful assemblies, pointing out the necessity of remaining in their homes and not to mix with the rioters who were causing disturbances throughout the city...

of Dominion police at that point. This officer had suffered at the hands of the mob the previous evening, and was still showing evidence of having been very severely handled. "It appears that on Thursday night, the 28th ultimo, two Dominion constables, named Belanger and Evariste, were, in pursuance of their duties, searching for defaulters in St. Roch, and visiting a bowling alley, where a young man named Mercier was asked to produce his exemption certificate or papers to show why he should not be in uniform. He stated that he had received a certificate of exemption but that he had lost it with him and that it was at his home. "The police then took the young man to the police station, telling him that he would be released immediately when his papers were forthcoming. The certificate of exemption was sent for by a friend, and afterwards produced, and Mercier was liberated. "Shortly afterwards, the Dominion police, to the number of fifteen, were mobbed by a crowd which had gathered, it is stated, at a bowling alley in St. Roch, which, it is alleged, was the headquarters for the agitators. The Dominion police took refuge in No. 3 municipal police station, and the mob, which by this time had grown to very large numbers, possibly two thousand, proceeded to demolish the building, and finally overpowered the municipal police, who had refused the mob admission to the police station, seized about twelve of the Dominion constables and started to wreak their vengeance on them, seven or eight of whom they had been locked away in a back filling room and were apparently overlooked by the mob, smoke and water being the cause of damage to these documents which with the exception of possibly one thousand names, will be saved, and from which new records can be made up. All the office furniture, chief public representative's files and documents, stationery and supplies, in fact everything except the small filling room already spoken of, have been totally destroyed. Steps are now being taken to re-establish the registrar's office at Quebec, and I contemplate having this office in full working order at an early date. As the lives and personal property of the Dominion police had been threatened, I instructed Capt. Desrochers to have his men scattered, and for the present to make no arrests. The work of the Dominion police in Quebec, therefore, for the moment is suspended. Captain Desrochers informs me that there have been since the commencement of activities by the Dominion police, threats made against individual members of the force, and what work they have been able to accomplish has been done in the face of a hostile attitude from practically every source. (Signed) Director, Military Service Branch.

"Police Chief Was Apathetic. On Friday, the 29th ultimo, Captain Desrochers, who himself injured, remained all day at the central police station in company with the chief of the city police, to whom he repeatedly urged that all available municipal police be placed on duty, giving information as to the rumors which had reached him concerning the proposed attack on the registrar's office. It is stated that a force of from sixty to seventy men might have been sufficient to have prevented, at the outset, the ransacking and burning of the registrar's office. The chief of the city police received reports from the rioters that the registrar's office was to be attacked and that Captain Desrochers was unduly alarmed. "At 8 p.m. on Friday, the 29th ultimo, the chief of police being absent and supposed to be with the mayor, a message was received at the central police station to the effect that a crowd was marching up from St. Roch towards the auditorium. This message was repeated over the telephone to the mayor, Captain Desrochers being present when the telephone message was sent. The mob marched up town and back to St. Roch. Following this move twelve policemen, all that had been provided by the city police, were sent to the auditorium. The crowd returned up town from St. Roch in very increased numbers, and proceeded to smash the two newspaper offices, which were practically demolished. The crowd then proceeded to the registrar's office at the auditorium—this would be about 9 p.m. "The registrar's office was then attacked and destroyed. Captain Desrochers telephoned the G.O.C. and informed him of the situation, when he was asked where the mayor was. Apparently the G.O.C. contemplated that the mayor would be at the scene of disorder. Captain Desrochers then went from the city hall to the general postoffice and to military headquarters, and was there informed that the auditorium had been attacked, the windows, etc., being smashed, the rioters had not then penetrated the building. After a short interview the G.O.C. succeeded in communicating by telephone with the mayor, who immediately proceeded to headquarters, where he was handed a prepared order to proceed to the scene of the riot. The mayor left in company with the chief of police for the scene of the riot. It appears that the mayor and chief of police, and the central military headquarters, had passed the auditorium, as Captain Desrochers was of the crowd were then in the building and throwing the records into the street. Captain Desrochers is of the opinion that both the mayor and chief of police had been advised by the civil authorities had been given notice of his reported warnings and a proper display of protection had been made by civic police, as requested by him. "The facts as to what transpired between the military authorities and the mayor must be obtained from the former, as I have no knowledge of it other than hearsay. After the registrar's office had been set on fire, the fire brigade were called out, but owing to the action of the mob in preventing the firemen from performing

SKI-ING PARTY BEATEN BY ITALIAN SKI FORCE

Allied Storming Party Annihilates Garrison of Austrian Advanced Post.

Rome, April 3.—The Italian official statement issued by the war office today says: "South of Marco one of our storming parties surprised an enemy advanced post and annihilated its garrison. Our men returned without losses, bringing in 15 prisoners. More prisoners were taken on the southern slopes of Cima Doba, and material was captured on the northeastern slopes of Altissimo.

"Successful reconnaissances were carried out on the Asiago plateau and on Monte Tomba. In the upper Doane Valley and at Cortellazzo we defeated hostile patrols.

"An enemy ski-ing party attempted an attack at 2518 metres altitude in the upper Val Furcha, but was compelled to retire, pursued by our ski-ing detachments.

"LEST WE FORGET."

"So seldom is as great a spectacle as 'Lest We Forget' attempted in the field of motion pictures it is indeed a rare opportunity to see the output of the art when something out of the ordinary does come along. The wonderful story that will be presented at the Regent all next week is one which every man, woman and child in Toronto should see.

Military Investigation Will Not Be Made Public

Kitchener, April 3.—This afternoon a military court of inquiry investigated the recent shooting affair at the John Khan farm house near Waterloo, in which Pte. Philip Novak was shot and seriously injured by Police Constable J. Blevins.

Major C. O. Fairbank, A.A.A.S., military district No. 1, and Lieutenants E. A. Colle and H. F. White constituted the court, which was held in the Kitchener Hospital in the presence of Provost Marshal Osborne, Constable Blevins and John Khan.

A military guard has been placed in charge of the patient who, as soon as he is well enough to travel, will be taken to London, where an operation will be performed to remove the bullet.

Col. Machin's Report.

Ottawa, April 2.—Lieut.-Col. Machin's report regarding the finding of the court will not be made public until passed upon by military headquarters in London.

A military guard has been placed in charge of the patient who, as soon as he is well enough to travel, will be taken to London, where an operation will be performed to remove the bullet.

other dainty pictures for girls' rooms. Each . . . . .2.00  
—Fourth Floor.

**Four Notable Values in Chintzes**

Exquisitely patterned chintzes in brocade effect, resembling  
most strongly the heavy silk and satin brocades of the eighteenth  
century. Conventional patterns, in shaded greys on green,  
rose, blue, tan or terra cotta grounds, as well as flower, tapestry  
stripe and lattice-work designs. 31 inches wide. A yard, .65

Cretonnes for bedroom hangings and upholstery, 30 inches  
wide and in a good variety of patterns and colors. A yard, .55

50-inch Cretonnes and Chintzes in tapestry and flower  
patterns, dignified and rich in color. Price, a yard . . . . .1.00

English Chintzes, 50 inches wide, in striking patterns, in  
deep tones on light or Jasper grounds. Price, a yard . . . . .1.25  
—Fourth Floor, Centre.

**Men's Underwear--  
"Seconds"--43c Per  
Garment**

Some slight defect prevents these goods  
being sold at the usual figure. Many of the  
imperfections are such that only close  
scrutiny would reveal them. And there is  
certainly generous allowance made for these  
small disadvantages, for the price is away  
less than usual. In plain flat knit, cream  
shade, with saten or self facings, long  
sleeves and ankle length drawers. Of cot-  
ton balbriggan. Size 34 to 42. Special,  
garment . . . . .43

**Good Values in Regular Goods**

Boys' Shirt Waists, the "Bell," an excellent waist that is  
cut to fit, well proportioned throughout, of good shirting, in  
neat stripes, cluster or line effects, with soft double attached  
collar, full sized, single pot cuts, buttoned waistband. Sizes  
6 to 15 years. Each . . . . .83

Men's Shirts, in a large assortment of designs and color-  
ings, of plain shirtings and fancy materials, in neat stripes of  
blue, grey, mauve, green, brown and black, in cluster, line and  
group effects, with soft double or stiff laundered cuffs; all coat  
style with generously cut bodies and strongly sewn throughout;  
different sleeve lengths. Sizes 14 to 17½. Each . . . . .1.50

Men's Suspenders, a style for every man; "cross backs,"  
police braces, and pulley braces, with good elastic webbing, in  
medium or the wider webbing; all have cast-off ends, some in  
kid, leather, mohair or cord ends; all have adjustable buckles  
and strong dome fasteners. Pair . . . . .23  
—Main Floor, Centre.

**Putting Away For  
A Rainy Day**

**Men's English Raincoats,  
Only \$5.00**

What better provision for the  
inevitable April showers than an  
English Paramatta Raincoat! And  
here they are, today, at \$5.00 each.

With all the quality and durability that is tailored into the English-made  
garment. And as these coats are a special purchase lot, the price is away be-  
low the usual, such value as cannot be duplicated for some time at  
least. Seams are strongly sewn and cemented. Coats have roomy back and  
military collar that buttons close to the chin, with strap. Colors are self  
shades of dark and light fawn and olive. Sizes 36 to 44. Today, each, 5.00

**Trousers in Clearance, at  
\$2.60 Pair**

For the man who gives his clothes strenuous wear, these roomy and  
easy-fitting trousers are most satisfactory. Solidly tailored from good service-  
able material. There are worsted finished materials, in both dark and medium  
narrow striped patterns, and also, whipcords in medium greys. Sizes 32 to 42.  
Specially priced . . . . .2.60  
—Main Floor, Queen St.

**Remarkable Offering of Spring  
Topcoats at \$9.75**

rics in many popular weaves—amongst them any young man may find a  
pattern he likes. There are various shades in greys, browns and fawns.  
Snappy styles with youthful touches. Natural shoulders. Medium length  
roll collars. Quarter and half lined. Sizes 33 to 40 in the lot. Spe-  
cially priced . . . . .9.75  
**MAIN FLOOR—QUEEN ST.**

**THE T. EATON CO LIMITED**

**AMMUNITION IS STORED  
IN CENTRE OF CITY**

Fassersby on Richmond street yester-  
day afternoon saw something that  
caused many of them to stop and  
stare, especially those who were aware  
of the fact that Ontario went "bone  
dry" on Sunday last. In front of the  
old registry office building three lor-  
ries were unloading cases somewhat  
similar in shape and size to those  
which congested express traffic be-  
tween Montreal and Toronto last week.  
The boxes were hurriedly taken into  
the building, which was then tightly  
locked.  
Enquiry at the property commis-  
sioner's office revealed the fact that  
the cases did not contain what  
at first glance they seemed to have  
been made for, but were filled with  
100,000 rounds of ammunition. The  
cartridges are all that are left of the  
million or more rounds of ammuni-  
tion that were purchased by the City  
of Toronto early in the war for the  
use of the various home guard com-  
panies. The rest of the ammunition  
and all the 2,500 rifles that were pur-  
chased at the same time have been  
disposed of.  
We have obtained the permission  
of the underwriters' association to use  
the registry office to store this am-  
munition," said Mr. Chisholm. "We  
are going to open the cases and see  
in what condition the explosives are."

**ATTORNEY-GENERAL RETURNS.**

Death of Brother Brings Men. I. B.  
Lucas Home.  
Hon. I. B. Lucas, attorney-general,  
returned from the south yesterday  
and passed thru Toronto on his way  
to Markdale, where his brother, Wil-  
liam Lucas, died on Tuesday. The  
late Mr. Lucas was 71 years of age  
and was a resident of Grey County  
for 40 years. He was born at Wat-  
ford, Lambton County.  
He was one of the best known men  
in the county and always took an  
active interest in public affairs. He  
was a member of the local military  
tribunal and a captain of the Victory  
Loan committee. Two years ago his  
son, Fred enlisted as a private in  
the army after passing his final law ex-  
amination, and he is still in France.  
E. G. Lucas, Dundalk; Alexander  
Lucas, ex-M. L. A. Vancouver; John  
Lucas, Markdale; and Hon. Mr.  
Lucas are brothers of the late Mr.  
Lucas.  
**GOES TO HIGH COURT.**  
A test case will be made by the  
city in its appeal to the higher courts  
from the decision of Magistrate King-  
ford and Judge Morson in connection  
with the Canadian Oil Company's fill-  
ing station at Bloor street and Dela-  
ware avenue. They decided that the  
license remained in force until finally  
revoked by the city council, whereas  
the city's contention is that the li-  
censes expire at the end of every year.

**Trophies Won in France  
Will Be Guarded by Mayor**

Major A. Douglas Fiskien, M.C., of  
the 30th Battalion, called at the  
mayor's office last night and presented  
him with two trophies won by the  
75th Battalion, Lt.-Col. C. C. Har-  
bottle commanding, in France. One  
was a silver shield won by the bat-  
talion relay team, while the other was  
won at the rifle shooting contests in  
France. The plate of the shield is  
made from a German shell case, while  
the oak back was carved from the fir-  
door of Lieven Cathedral. The tro-  
phies will be kept by the mayor un-  
til Lt.-Col. Harbottle returns.  
**FISH POLICY UNCHANGED.**  
Ontario Government Will Supply  
Public At Lowest Cost.  
There will be no change in the gov-  
ernment's fish policy except that which  
will tend to increase its efficiency in  
regard to the work of supplying fish  
to the Ontario public at the lowest  
cost, according to Hon. Finlay Mac-  
donald, minister of public works.  
The question of storage facilities is  
as yet under discussion, he stated yester-  
day, and hinges on whether the  
government should purchase a plant  
or lease one already built.  
While no announcement has been  
made as to paying more for fish than  
the figure already announced, it is  
understood that the matter is under  
consideration.

**GREETINGS FROM ITALY.**

Bank of Commerce Gets Message Full  
of Confidence and Hope.  
The people of Italy appreciate the  
fine work being done in the war by  
British arms, and they are confident  
that the allies will come out of the  
struggle victorious.  
The Canadian Bank of Commerce  
has received from the Credito Ital-  
iano, Milan, its Italian correspond-  
ents, the following cable:  
"Whilst glorious British troops re-  
sist with supreme heroism the fur-  
ious attacks of the common enemy,  
we send you expression of our sin-  
cere fraternal solidarity, fully con-  
fident of final victory for allied  
arms."  
**EXONERATES T. S. R.**  
Col. H. G. Grasset, chief of police,  
reporting to the mayor on the acci-  
dent on a Belt Line car in which five  
persons were injured, states that the  
Toronto Railway Company cannot be  
prosecuted in connection with the ac-  
cident, as the people who were riding  
on the steps were disobeying the law  
and were there at their own risk.  
**WON'T DEAL WITH CITY.**  
The National Steel Car Company, of  
Hamilton, with which the city has  
been negotiating with a view to ob-  
taining cars for the Toronto Street  
Railway, has intimated that it wishes  
to deal with the company direct.

**PATRIOTISM AROUSED  
BY IMMENSE PICTURE**

"Lost We Forget" the Great Spe-  
ctacle at the Regent Next Week,  
Promotes Loyalty.  
One's patriotism must be aroused  
by the stirring scenes in the picture  
sensation of the era, "Lost We For-  
get," to be presented at the Regent  
all next week. One cannot but feel  
a warmer love for the principles of  
democracy. The story is one of pa-  
triotic sacrifice, not unknown right  
here in Toronto. Indeed, it symbol-  
izes the gift which many sweethearts  
have made for King and country.  
And it is to be hoped that in many  
many cases the ending will be as  
happy as the ending in this story.  
It would not be true to say that  
there is no fiction in this play—it is  
not all founded upon any particular  
occasion or incident brought by the  
war, but it is so common to the gen-  
eral conditions that it strikes a re-  
sponsive chord in every heart. While  
it shows most unmistakably actual  
conditions in which the allies are  
fighting, it also brings out the finer  
qualities of manhood and woman-  
hood in a marked degree.  
**HOLDS ROUSING MEETING.**  
W. E. Turley, provincial secretary  
of the G.W.V.A. for Ontario, held a  
rousing meeting at Bowmanville, and  
an excellent meeting at Niagara  
Falls on Tuesday evening. Bowman-  
ville branch now has a membership  
of 39 and Niagara Falls 65.

**TO RECEIVE MEDALS.**

District Fire Chief to Be Honored by  
Humane Society.  
C. M. Baldwin, 110 Dunvegan road,  
has been appointed manager of the  
Toronto Humane Society, whose head-  
quarters are at 197 McCaul street. Mr.  
Baldwin assumed his new duties yester-  
day.  
District Chief George Sinclair, of  
the Toronto Fire Department, and  
Abraham Taylor are to be presented  
with gold medals at a meeting of the  
society this evening over which the  
Bishop of Toronto will preside. The  
two recipients earned these medals by  
rescuing six horses and a collie dog  
at great personal risk during the Don  
floods a few weeks ago.  
**WILL DRAFT REGULATIONS.**  
A conference will be held today with  
Dr. J. W. S. McCullough, provincial  
health officer; Dr. Adam H. Wright,  
chairman provincial board of health,  
and a number of prominent Toronto  
physicians regarding regulations to  
govern the operation of the Venereal  
Diseases Act.  
**JUDGMENT AGAINST RAILWAY.**  
Judge Coatsworth gave judgment  
yesterday in the case where Stronach  
& Soh were suing the Toronto Rail-  
way Company for damage done to  
their truck when it was struck by a  
street car. His honor came to the  
conclusion that the motorman had  
not taken proper precaution, and  
awarded \$721 as damages.

**Glue Factory No Worse Than  
Other Drawbacks in District**

Many witnesses were heard yester-  
day in the Harris "smell" case, now  
proceeding before Chief Justice Fal-  
conbridge in the non-jury assizes.  
yesterday afternoon. Sidney Small, a  
real estate agent, stated that the  
Don'th Giebe property and the  
other property in the vicinity would  
never become a first-class residential  
district. To bear out this statement  
he gave five reasons: The Don, the  
brick yards, Ashbridge's Bay, the  
G.T.R., and Harris' glue factory. In  
reply to the cross-examination of W.  
E. Roney, K.C., counsel for the plain-  
tiffs, he said he did not think the  
Harris factory was any worse than  
the other drawbacks he had men-  
tioned.  
**REAL ESTATE ACTION STARTED.**  
Action has been entered at Os-  
borne Hall against Dr. Homer Mason  
by the Sterling Trust Corporation to  
recover the sum of \$10,437.32 alleged  
due under an agreement dated in  
1912 for the purchase of lots on the  
Willowdale Realty Co.  
**COL. HODGETTS RESIGNS.**  
London, April 3.—Col. Hodgetta,  
commissioner of the Canadian Red  
Cross, informs the Canadian Associ-  
ated Press that he has resigned and  
that his resignation was accepted.

HOUSING PROBLEM GREAT DIFFICULTY IN GIRLS FARMING

Concluding Session Women's Institute Lecturers and Provincial Committee.

BOYS ARE GREAT HELP

Lack of Social Life in Country is Trouble With Young Men.

The concluding session of the conference of Women's Institute lecturers and members of the provincial committee was held at the parliament buildings yesterday...

He said the boys had proved a great help last year, but one of the biggest troubles in getting boys for farm work was in assuring them some social life...

Women Go in Groups. The women helpers would be sent out in groups, he said, and he believed that in mixed farming the women would prove a better help than anybody thought they would.

Miss Harvey said the problem of sending women to the farms was the housing question. It was being found difficult to get communities to take eight or ten girls in a group.

Many opinions were expressed as to the proper method of dealing with female labor—as to whether girls going out should be expected to help in the housework. It was generally expressed that the work should be definitely outlined before the girls undertake it.

Importance of Substitution. Miss Sutherland spoke on the question of food control and the importance of substituting, as did Mrs. Burnett of the organization of resources committee.

Dr. McCullough, provincial health officer, gave a short address on the subjects of child welfare and venereal diseases. The care of children was the greatest factor in public health, he said, and New Zealand was away ahead in this respect.

The bill passed by the legislature to prevent venereal disease was explained, the announcement being made that the provincial board had prepared a formula which would be manufactured as soon as permission was granted.

Establish Canning Centres. The work of the girls in the institute and demonstration courses was the subject of a paper by Miss E. L. Chapman, and the subject of medical school inspection was dealt upon by Dr. McKenzie-Smith.

It was announced by George A. Putnam, superintendent, that the intention of the department of agriculture was to establish five canning centres in Ontario this season. The work done in this connection has been quite successful. For this year's output the Red Cross Society will provide jars and packing cases, and it is expected a good supply of food will be sent overseas.

PATRIOTIC GRANT. The Toronto and York County Patriotic Association have received the 25th centennial grant of the Ontario district of the Canadian Pacific Railway, making a total of \$17,475 paid to the fund to date.

Colds Settled in the Kidneys

Lumbago, Backache and Rheumatism Was the Result—Now Enthusiastic Over Cure Obtained.

Chatterton, Ont., April 3.—The kidneys are extremely sensitive. A sudden change of temperature, and much pain and suffering is a frequent result, as all who have had attacks of lumbago and rheumatism know.

The writer of this letter was a great sufferer until she found that by using Dr. Chase's Kidney-Liver Pills she could regulate the action of the kidneys, and thereby remove the cause of lumbago and rheumatism.

Mrs. John Lancaster, farmer's wife, Chatterton, Ont., writes: "We would not want to do without Dr. Chase's Kidney-Liver Pills in the house, for we have proven their merits in so many cases. I have weak kidneys, and whenever I catch cold it settles in the back and develops into lumbago. I used to suffer terribly from lumbago and rheumatism, but find that by using Dr. Chase's Kidney-Liver Pills and applying Dr. Chase's Backache Plaster, that I obtain the greatest relief, and am soon all right again. My daughter has also used the pills with splendid results, as has also a neighbor woman who suffered greatly from rheumatism."

Dr. Chase's Kidney-Liver Pills, one pill a dose. 25c a box, at all dealers. Toronto: Be sure to see the portrait and signature of A. W. Chase, M.D., on the box you buy.

MANY PHASES WORK UP AT CONFERENCE OF EDUCATIONISTS

Second Day's Discussions Embrace Wide Range of Educational Endeavor.

Educationalists from all parts of the province closed a second day of conference and interchange of thought and ideas in the various sections of the Ontario Educational Association yesterday.

The continuation class section, which deals with the work of the fifth class, had an animated discussion as to the advisability of continuing that section, the decision arrived at being in the affirmative.

That the Gary system in its entirety was not the thing for Ontario, was the opinion expressed by J. H. Putnam, Ottawa, in a brief outline of the work-play-study plan, and the rotation of classes which makes it possible for a school to accommodate many two or three times as many pupils as it otherwise could.

Text Book Criticism. Text books in history and geography for the third book came in for adverse criticism in the joint meeting for supervisors and inspectors. That the language of the geography was beyond the pupils and the titles of the history chapters often-times misleading, was the opinion expressed by R. A. Patterson of Ingersoll.

"LEST WE FORGET" A GREAT PICTURE. By Far Most Pretentious Presented in Recent Years. REGENT ALL NEXT WEEK. Vivid Impression of What Canadian Soldiers Are Up Against. "It is by far the greatest motion-picture production that has been shown in recent years." said a prominent exhibitor when discussing "Lest We Forget", which is coming to the Regent Theatre all next week. He had seen the film while in the United States on a recent business trip and could not speak too highly of it.

COLONEL BICKFORD INSPECTS HOSPITALS. As a start-off to his duties, Col. H. C. Bickford, now in command of Toronto Military District, yesterday afternoon commenced a personal inspection of the military hospitals. After viewing the various hospitals in Toronto he will visit those in the other cities of the Toronto military area. "The men who have been overseas and are back need our first attention, and it is our duty to do everything that is possible for them in the way of accommodation and service," Col. Bickford said. "Concentration, in my opinion, is the chief thing required." He stated he would not know what recommendations are to be made until his inspection is finished. The Alloy Steel Works applied yesterday to the military leave of absence board for three months' leave of absence for an air-hammerer, because such a mechanic was hard to get and it took eight months to train one. The board deferred decision. The Toronto mobilization centre examined 69 recruits and accepted 49. They signed up for active military service as follows: Central Ontario Regiment, 30; Canadian Engineers, 10; Railway Construction, 5; Welland Guard, 2; Army Medical Corps, one. The military funeral of the late Flight Lieut. George L. R. Parrish of Caledonia, who was killed in England, the remains having been brought back to Canada, will take place today from his home in Caledonia, Ont., to the Caledonia Cemetery, Capt. W. G. Martin, military chaplain, Hamilton, will conduct the service, and the Central Ontario Regiment, Hamilton, will provide the band, escort and firing party. LABORERS FOR ENGINEERS. Authority came from Ottawa yesterday for the Canadian Engineers to enrol laborers. The Canadian Engineers were never permitted before to use laborers. All their recruits had to belong to special trades. The new regulation permits them to have men in medical category A attested for service as laborers.

THURSDAY MORNING, APRIL 4

A Problem for Teachers and Parents.

This morning's meeting in the Convocation Hall under the section of hygiene of the Ontario Educational Association is perhaps the first general public appeal from an educational point of view in connection with the movement now so widely spread to combat venereal disease.

It is obvious that the parents of the children should have instructed them in the pure atmosphere of the home, but it is necessary to begin a generation back to interest or instruct the parents.

The greatest problem the Germans have to deal with is the explanation the people are demanding for the failure to keep the promise to be in Paris on April 1, and the reason for the tremendous losses consequent on attacking a "defeated" enemy.

Partnership for Labor and Capital

Prof. MacIver is represented in the University Monthly for March by a summary of his address at the Royal Canadian Institute on "Capital and Labor—The New Situation."

Labor is attacking the present system on the ground that it subordinates the welfare of the whole to the interests of the few, and in general values profits more than persons.

Another feature recognized by Prof. MacIver is the serious limitations of the Marxian program, a la Trotsky, which confines "labor" to the "proletariat."

The principle is not altogether new, the application may be. It is essentially an adoption of the co-operative method. It is probable that if joint stock companies would adopt generally the plan that has long been in use to some extent in one of the oldest of British industries a working basis could be found.

The principle is not altogether new, the application may be. It is essentially an adoption of the co-operative method. It is probable that if joint stock companies would adopt generally the plan that has long been in use to some extent in one of the oldest of British industries a working basis could be found.

There is no reason why all industries should not be divided into shares and a recognized proportion allotted to the workers. It could not be confined to profits, for adroit manipulators have various methods of absorbing profits.

If the workers, in addition to their wages, could look forward to an annual bonus or dividend, proportionate to their wages and dependent upon their exertions, there would soon be an end of all those causes of friction which arise from discontented labor.

The advantage to capital would be the added security and the increased output which a fair division of profits would occasion.

AUSTRIANS READY FOR PEACE PACT

Czernin Declares Impossibility of Separating Vienna From Berlin.

STANDS BY HERTLING

Foreign Minister Accepts President's Proposals Same as Hun Chancellor.

Amsterdam, April 3.—Count Czernin, the Austro-Hungarian Foreign Minister, addressing a delegation from the Vienna City Council which waited on him Tuesday in connection with what the burgomaster termed "the aggravated distress of the population," which is closely connected with the general political situation.

"With the conclusion of peace with Rumania, the war in the east ended. Before, however, any individual peace treaties and discussing them in detail, I would like to revert to the declaration of the President of the United States, in which, he replied to the speech delivered by me on Jan. 24.

"The colossal struggle in the west has already broken out. Austro-Hungarian and German troops are fighting shoulder to shoulder, as they fought in Russia, Serbia, Rumania and Italy. We are fighting together for the sake of Austria-Hungary and Germany. The aspirations of France and Italy are Utopias which will be terribly avenged.

"Come what may we shall not sacrifice Germany's interests any more than she will leave us in the lurch. We are not fighting for imperialism or annexationist ends for ourselves or for Germany, but we shall go forward together to the last for our defense, for our existence as a state and for our future.

COUNT LAUNCHES PEACE OFFENSIVE

Austrian Foreign Minister Acts at Germany's Behest —Political Dodge.

Washington, April 3.—Count Czernin's statement that France had suggested peace discussions with Austria-Hungary was characterized by officials here today as the beginning of a new German peace offensive, with the Austro-Hungarian foreign minister acting at Germany's behest.

The speech of Count Czernin, it was declared, was a political manoeuvre designed to create the impression in the allied countries that the allied governments are fighting solely to re-establish the status quo ante bellum.

TWO STEAMERS SUNK BY ENEMY U-BOATS

London, April 3.—The steamer Conargo was torpedoed in the Irish Sea on Sunday morning, according to The Evening News today. The vessel is a British steamer of 312 tons gross and owned by the Commonwealth of Australia.

At about the same time, the news paper states, the Greek steamer Minia, of 3112 tons, was sunk by gunfire.

U. S. NOT TO RAISE DRAFT

Washington, April 3.—Reports that the number of the next draft would be raised from 300,000 to 1,500,000 were denied today.

There are now under arms here and in Europe more than 1,500,000 American soldiers. The number will have been raised to about 2,500,000 by the end of the year counting draft men, volunteers and special technical forces to be enlisted.

OWNED "FINISHED MYSTERY"

Winnipeg, April 3.—A number of raids have been begun by military authorities on the domestic premises of International Bible Students in Winnipeg, and as a result seven men and one woman appeared in the police court this morning charged with the possession of the book known as "The Finished Mystery" and similar pamphlets, all of which are prohibited in Canada. The cases were remanded until Saturday. Further arrests are expected on this charge.

HANGED HIMSELF IN HIS ROOM.

Montreal, April 3.—Thomas Ross, a painter, sixty-one years of age, hanged himself yesterday in his room, at 257 1/2 Park avenue, where he resided. He tied a rope around his neck and the other end to a hook at the top of the window.

STROVE TO AVOID FRESH OFFENSIVE

Count Czernin Declares That France Asked Austria's Terms of Peace.

NO CHOICE REMAINED

Refusal of Allies to Negotiate Compelled Enemy to Launch Attack.

Amsterdam, April 3.—In a speech before a Viennese delegation, Count Czernin said: "God is my witness that we have tried everything possible to avoid a fresh offensive, but the entente would not have it thus.

"The reply from Paris was that it was impossible to negotiate upon this basis. Thereupon, there was no choice but to fight.

"The first breach in the will of our enemies for peace was made by the peace negotiations with Russia. It was a break-thru of the peace idea. It is evidence of childish dilatoriness to look for a peace connection between the various conclusions of peace.

"The Ukrainian peace led to peace with Russia, and Rumania, becoming peace-loving, had to be included in the peace. We had to begin with Ukraine both on technical and material grounds. The blockade had to be broken, and the future will show that the conclusion of peace with Ukraine was a blow at the heart of the peace of our enemies.

IT IS A MASTERPIECE IN MOTION PICTURES

"Lest We Forget" Stands Out as One of the Finest Ever Produced.

There are so many unique features about the immense photodrama "Lest We Forget" which is to be shown at the Regent next week, that it is difficult to describe them all and do justice to them without going into detail.

Seek to Eliminate Germans From Jury at Trial of I.W.W.

Chicago, April 3.—Questioning of prospective jurors in the trial of 112 leaders of the Industrial Workers of the World charged with conspiracy to block America's war plans, got under way in the federal court today after 88 of 300 of veniremen summoned in the last three days had been excused.

CZERNIN TO RESIGN.

Austro-Hungarian Foreign Minister to Quit Office After Peace With Rumania.

Copenhagen, April 3.—It is persistently rumored in well-informed circles that Count Czernin, the Austro-Hungarian foreign minister, intends to resign as soon as peace with Rumania has been finally secured. The Budapest newspaper Az Est, in reporting that Emperor Charles received Count Czernin at a lengthy audience on Sunday.

LIE IN ENGLISH GRAVES.

London, April 3.—Nearly two thousand Canadian soldiers are now buried in England, nearly every grave having a cross above it. Mrs. Astor has a beautiful cemetery in England, adjoining the Canadian Hospital. Exactly two-thirds of the Canadians in hospital in England are now in the Canadian hospital.

AN UNAVOIDABLE DELAY

THE WOMAN WHO CHANGED

BY JANE PHELPS

George Returns. CHAPTER XLVI. I was in bed when George came home. It was the day before my dinner party, and Mrs. Sexton had suggested that I retire early so that I might look fresh the next night. I had not expected my husband until morning, so had agreed to do as she suggested.

I wakened with a start. "Who is it?" I called. "Only me!" and after switching on the lights George came over to the bed and kissed me. "I flung my arms around his neck, he said, and unloosed my arms. I shall be sorry I came, and so wakened you, if you get so excited."

"I was excited no longer. His speech had been, as mother used to say, "like a bucket of cold water." I crept back between the sheets with a muttered apology. But I couldn't keep quiet for long, and, while he was undressing, I asked: "Did you have a good trip?" "Fairly."

"I was so afraid you wouldn't get back in time for my dinner." "I never break an engagement, unless it is unavoidable. I told you I should remain with you the night of your dinner. I intended to do so, no matter how much it bores me."

"Another Rebuff. I felt as if a second bucket of cold water had been thrown over me. And the ever ready tears rushed to my eyes. Surprisingly I wiped them away with a corner of the sheet. I dared not get up to get a handkerchief for fear George would notice the tears and scold."

"I'm tired. It was an uncomfortable trip. There was a slight accident that held us up a couple of hours. I think I will sleep in the other room," and before he scarcely had finished speaking for fear George would notice the tears and scold.

"I can hire the knickers and coat. I'll have some buckles pinned on my pumps. That is all, I believe," he said. "I have my place beside the coffee urn and tell him that I loved him. But I only flashed a smile in return."

FRENCH ACTRESS SAW VESSEL SINK

What Her Eyes Have Seen, Your Eyes Shall See.

REGENT ALL NEXT WEEK "Lest We Forget" One of the Finest Photodramas of Today.

What her eyes have seen your eyes shall see. It is the slogan that has made the people of Toronto wonder, but the wonder will grow and the interest increase when the story is revealed. It means that what the eyes of Rita Jolivet, the renowned French actress, saw when as a passenger on the torpedoed Lusitania she saw that vessel go down, the eyes of the whole world shall see.

CHIEF ISSUES WARRANT. Giovanni Di Francesco is the man who the police believe shot and killed Dominico Zangarini at his home at 4 Henderson avenue on March 29. A warrant has been issued for his arrest on a charge of murder and his description sent to the police of every city in Canada.

PUT INTO ARMY. Apprehension and final placing in the army of a Toronto man holding a provisional commission in one of the Toronto militia regiments is reported by the Dominion police.

There are some 3,000 persons taking part in the picture, which required hundreds of scenes, so that it ranks among the largest productions as yet attempted. The battles are so realistic that it is possible without the actual use of death dealing instruments, although this cannot be discerned, so well has the fact been concealed.

Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide 4622.

CIGAR MANUFACTURER DEAD. Montreal, April 3.—Dr. The death has occurred here of Henry Simon, president of H. Simon & Sons, Ltd., cigar manufacturers, and one of the pioneer tobacco men of the country. Mr. Simon was 68 years of age.

THE WEATHER

Metropolitan Office, Toronto, April 3.—The westerly high pressure has moved southward and a great rise in temperature has occurred in the western provinces. The weather today has been fair and cooler in Ontario and Quebec.

THE BAROMETRICAL

Table with 4 columns: Time, Ther., Bar., Wind. Shows temperature and barometric readings for various times of the day.

STREET CAR DELAYS

Wednesday, April 3, 1918. Yonge street cars delayed 40 minutes at Yonge and Shaftesbury, northbound, at 12 a.m. by water pipe burst.

RATES FOR NOTICES

Notice of Birth, Marriage and Death, not over 50 words, \$1.00. Additional 10 words, each 25c. Legal Notices to be included in Funeral Announcements, .50.

BIRTHS

DUFFEY—On April 1st, at 197 King street east, to Mr. and Mrs. T. Duffey, a daughter.

MARRIAGES

KERR—Cain—By the Rev. C. J. Dobson, B. D., at the residence of the bride's cousin, Miss Adams, Woodbridge, April 3, 1918, James Albert Kerr to Edna Lorena Cain, both of Toronto.

DEATHS

CARTER—Accidentally killed, on April 2, 1918, Beverley Lloyd, only son of Mr. and Mrs. Carter, 54 First avenue, city, aged 15 years.

IN MEMORIAM

BOULTER—In loving memory of Captain Harry Stewart Boulter, 124th Pals Battalion, killed in action at Vimy, France, April 24, 1917.

GOVERNMENT HELPS

PRODUCE BIG DRAMA. Ships Seized by Authorities Loaned for Purpose of Making "Lest We Forget".

In order to produce "Lest We Forget"—the immense photodrama, the Regent next week—the United States Government gave its support and cooperation, placing one of the German ships which had been seized, at the disposal of the company.

There are some 3,000 persons taking part in the picture, which required hundreds of scenes, so that it ranks among the largest productions as yet attempted.

Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide 4622.

DIVERGENT VIEWS ON OLEOMARGARINE

Some Members of Commons Claim It Will Work Injury to Dairy Industry.

CRERAR SAYS NO

Member for St. John, N.B., Says Coal Situation is Desperate.

Ottawa, April 3.—The house assembled this afternoon almost immediately after the conclusion of the long session, and the subject of the government's proposal to import oleomargarine, and the subject of the Military Service Act, by common consent, however, was referred to the committee on the subject of oleomargarine.

Mr. Scott (St. Waterloo) declined to discuss the respective merits of butter and oleomargarine, but pointed out the inconsistency in the government's putting an embargo on many necessary commodities from the United States and at the same time encouraging the importation of a butter substitute free of duty.

Mr. Scott (St. Waterloo) declined to discuss the respective merits of butter and oleomargarine, but pointed out the inconsistency in the government's putting an embargo on many necessary commodities from the United States and at the same time encouraging the importation of a butter substitute free of duty.

THE COAL SITUATION

Hon. Rodolph Lemieux moved a resolution calling upon the government to take steps to remedy the coal situation. He did not make an aggressive speech and seemed satisfied with the reply of Hon. Arthur Meighen.

PROTECT DAIRY INDUSTRY

Mr. Armstrong introduced a resolution to the effect that the order-in-council governing the manufacture, importation and sale of oleomargarine should be amended and more strictly enforced.

GAS ON STOMACH

SOUR STOMACH INDIGESTION HEARTBURN Instantly Relieved by BISULFATED MAGNESIA

IN 5 GRAIN TABLETS AND POWDER FORM. BISULFATED MAGNESIA is Magnesia especially prepared for medicinal purposes.

Hamilton, April 3.—Dr. Peter Wood, clearing up a phony claim, was yesterday acquitted in Toronto on a charge of violating the O. T. A., was arrested here tonight on a similar charge.

The Safest Matches in the World Also the Cheapest are EDDY'S "SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

THE E. B. EDDY COMPANY LIMITED HULL, CANADA

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

DRASTIC CHANGES TO CONSCRIPTION ACT MUST BE ENACTED

Many Members Are Dissatisfied With the Slow Progress Being Made in Quebec. AUTHORITY IN ARMY. Military May Be Authorized to Put Men in Khaki and Then Consider Exemptions.

Ottawa, April 3.—The riot situation in the City of Quebec has produced a political situation here in Ottawa, the capital of Canada. The question is no longer the riot and conflict in the streets of the City of Quebec, but the demand here for the enforcement of the Military Service Act in the Province of Quebec.

DRASTIC CHANGES REQUIRED

These proposals, if made the law, are drastic, but nothing else will satisfy the bulk of the parliamentary supporters of the government. They say that there was more plain speaking in the caucus of the House of Commons this morning than was ever heard in any other caucus in Canada.

CLOSING IN A FEW DAYS

The distribution of The Soldier-Sailor Diary and French-English Dictionary.

GERMANS WILL ATTEMPT TO BREAK THRU BRITISH FRONT AGAIN WHEN READY.

Many Divisions Must Be Replaced With Fresh Ones From Other Sectors.

HALF OF FORCES USED UP

London, April 3.—In discussing the German offensive, Major-General F. B. Maurice, British director of military operations, said:

THE WORLD

Hamilton, April 3.—Dr. Peter Wood, clearing up a phony claim, was yesterday acquitted in Toronto on a charge of violating the O. T. A., was arrested here tonight on a similar charge.

DRASTIC CHANGES TO CONSCRIPTION ACT MUST BE ENACTED

Many Members Are Dissatisfied With the Slow Progress Being Made in Quebec. AUTHORITY IN ARMY. Military May Be Authorized to Put Men in Khaki and Then Consider Exemptions.

DRASTIC CHANGES REQUIRED

These proposals, if made the law, are drastic, but nothing else will satisfy the bulk of the parliamentary supporters of the government. They say that there was more plain speaking in the caucus of the House of Commons this morning than was ever heard in any other caucus in Canada.

between them and bite on it! Your determination will be just as strong—stronger in fact, for you gain pluck, perseverance, renewed vigour, from this great pick-me-up.

Do as the soldiers in the trenches are doing—chew WRIGLEY'S to get a fresh grip on yourself.

It helps teeth, breath, appetite and digestion while it soothes your throat and steadies your nerves. It comforts and sustains.

Keep YOUR boy supplied with WRIGLEY'S The Flavour Lasts!

"The Ally of the Allies" Irwin's Big Show is the act of Samoroff and Sonia, the Russian peasants. The act is entitled "Sunday Afternoon in the Native Land" and is a beautiful comedy which cannot help but appeal to lovers of clever and attractive novelties.

BEAUTY CHATS BY EDNA KENT FORBES.

From An Old Book It's interesting to read about the cosmetics that were brewed in olden times—to pore over the strange and complicated formulas that ladies hundreds of years ago brewed to make themselves attractive.

These are dissolved in the parsley water and the whole is kept in a bottle and used mornings and evenings on the face. I should imagine that the most effective way to use the camphor, which does not yield its virtues readily to water, would be to mix it with a few drops of pure alcohol, shaking well and adding the parsley water to it, little by little, shaking all the time.

## UNIVERSAL SCREEN FAVORITE DELIGHTED WITH SHOPPING TOUR

Dainty Violet MacMillan, the Universal film favorite, who is creating such a splendid impression at Shea's Hippodrome this week, was asked to give her opinion of some of the stores in Toronto in comparison with the hundreds of other cities she has visited. She has kindly consented to give her experience and describes her trip as follows:

"My what a splendid trip I had yesterday! Under the auspices of the paper I had the pleasure of visiting some of the finest stores I have seen in a long time. Everything and everybody was so charming that I enjoyed every minute.

Overland Car Ideal.

"First of all, let me state why I asked that the Overland car take me on my trip. Just five weeks ago I played the Keith Theatre in Toledo, and while in that city I had the pleasure of being shown through the entire Overland factory. Now I know why they sell so many. If anybody is contemplating buying a machine, just try an Overland, and I am sure you will not look elsewhere. Through the kindness of the Overland Sales Co., a machine called for me at the Hippodrome, and I started on one of the most pleasant trips I have ever enjoyed. Do you know, I did not feel a single jar on the entire trip. We went up hill and down, and still it remained the same high gear. It is really the kind of an auto that makes touring a pleasure. Just have the Overland folks take you on a demonstration trip, and you are sure you will soon know why I am so enthusiastic.

Cinderella Contest at Walk-Over Boot Shop.

"My first stop was made at the popular Walk-Over Boot Shop, where they have my little slipper on exhibition for the ladies of this city to try on. I do hope some of the local ladies will succeed. They are going to give seats free to any lady eighteen or over who can wear it. The contest was tried in New York City some time ago, but none succeeded in wearing it. I do hope this city can do something that the metropolis of the United States could not do. I always try and have a store that is generally considered the best to carry on the contest, as it is generally the one that does. I am very glad the Walk-Over folks are interested in finding out how many Cinderellas we can get, for I realize I could not have found another store that could reach the people any better. Just have a peep at the slipper in their window, then if it looks as though you could wear it you just step in and try. It goes on easier than it looks. Congratulations, Mr. Durhill upon a splendid shoe store and special compliments upon your beautiful array of slippers.

Found Beautiful Pianos at Mason & Risch.

"Now comes one of the most pleasant remembrances of my entire trip. I had the extreme pleasure of spending a half hour amongst Canada's

greatest pianos—you know which one I mean. It is hardly necessary for me to tell you it was at Mason & Risch, and the pianos, of course, were the ones bearing the firm name. My what a lovely time I had there! I played on nearly all the different styles and they were just beautiful. In this beautiful store the spirit of courtesy is everywhere. I am afraid I overstay my time here, but I just couldn't tear myself away. I think it is a splendid compliment to Toronto as a music centre to have such a splendid music store in its midst. Upon entering one gets the impression of luxurious comfort, the finest atmosphere and surroundings in which to hear these wonderful Mason & Risch pianos. Their Victrola section is certainly a busy place. I understand they carry the largest stock of records in the city, and when you realize they have so many darling demonstration rooms you can readily believe they do it. It is one of the most beautiful and artistically appointed music stores I have ever had the pleasure of visiting—and I've traveled a great deal in the last four months. Congratulations, gentlemen, upon a splendid store—and special compliments upon the most complete array of records I have ever inspected.

Found Beautiful, High-Grade Furniture on Exhibition at Adams Furniture Co., Ltd.

"Having heard that there was a furniture store here in Toronto that was noted for quality furniture and moderate prices, I determined to find out for myself, as my home is in Grand Rapids, Michigan, and I feel I am in a position to judge. The store I mention is Adams Furniture Co. Here a great surprise awaited me. Imagine going into a beautiful furniture store, where everything is splendidly arranged for the pleasure of lovers of fine furniture. I have never visited a store where such high-class quality furniture was being sold for such reasonable prices. I told the gentleman that escorted me through this interesting store that he should adopt the slogan, 'The reflection of quality lasts long after the price is forgotten.' For furniture like the quality this store carries is like heirlooms in a family. It is a splendid store, beautifully arranged, and Toronto lovers of fine furniture should appreciate the wonderful line the Adams folks are displaying.

In Love With Toronto.

"In closing, I wish to thank the dear people of Toronto for their appreciation of my effort here. Also let me thank Mr. McArdle of Shea's Hippodrome for his kindnesses. He certainly must have an extremely popular theatre, for it has been crowded at each performance.

"Last of all, let me thank the entire staff of the theatre for the many courtesies extended to me at the Hippodrome, and don't forget that when I return again to pictures and you see me on the screen here in Toronto in my new films, I am saying 'Hello' to all of you charming people who have been so kind to me."

Violet MacMillan, Visiting the Adams Furniture Company.

## "My, What a Lovely Store"

said dainty little Violet MacMillan, the noted Star of the Screen, who is headlining at the Hippodrome this week, when she visited the Adams Store yesterday. "Everything is so pretty and cosy looking, and it's all arranged so temptingly, showing how it will look in the home. Really, I feel right now, I'd like to stay in Toronto and have you fix up a home for me. I haven't seen anything nicer in all my travels."

And Miss MacMillan is quite right. There is no place that is better equipped to outfit the home, no matter what luxury is wanted than the Adams Store. But we fully appreciate Miss MacMillan's courtesy just the same.

### THREE ADDRESSES ABOUT EDUCATION

Dr. Foght Explains System of Denmark, Which is Very Thoro.

Dr. James Buchanan was elected president of the Ontario Educational Association at the last general session of the fifty-seventh annual meeting, held in Convocation Hall last night. The session was marked by three very interesting addresses.

Dr. Harold Foght, chief rural school division, United States Bureau of Education, Washington, D.C., spoke about education in Denmark, and W. W. Nichol, superintendent of education for returned soldiers, and Dr. E. A. Bott spoke on the re-education, functional and vocational, of the men who have been disabled in the war.

The departmental meetings today will be featured by a discussion of the venereal disease question, commencing at 10 o'clock this morning, after which the convention will be adjourned.

**Story of Denmark.**  
Dr. Foght gave an address on "What One Nation Has Done for Agricultural Reorganization Thru its Schools."

His remarks were based on Denmark, which he described at some length. Largely thru the schools, the agricultural system of the country had been changed, he said. There was the finest rural school system to be found anywhere, and the boys and girls were taught to love the land and understand it.

He recounted the early history of Denmark, and he told how the teachers, preachers, poets and philosophers had changed the country's method of living after the war with Prussia and Austria. They reforested the vacant fields and by means of research found what things would grow best in that soil.

Thus a miracle had been performed in about a generation, dead land had been quickened, with the result that great crops grew where formerly nothing would grow.

Every teacher must be a graduate of one of the 20 normal schools in Denmark, he said. There was special attention given to the mother tongue and the children were always taught nature study. The government had established farms, to which boys and girls of 13 or 14 years of age could be sent.

### COOKS ARE REQUIRED FOR WOMEN WORKERS

Early last month the announcement was made of the great need for service in the camps to be opened by the Y.W.C.A. for the women land workers registering at the Ontario Government employment bureau, and in most cases the response to this call has been eager.

Just how many camps will be required is not possible to state now. Contracts are being signed by groups of fruit growers for sites which have been investigated and accepted by the dual authority of a government and Y.W.C.A. representative and sent in to their respective offices.

Each fruit grower and farmer is to be supplied with the labor required (which can only be supplied by women workers) these camps must have cooks, and many of them strong, active cooks, from any class of women with knowledge of plain cooking. Many camp assistants are required, as in some camps there may be two or three, and in some cases suitable applications are received for a few weeks' duration, which means that a successor will be required, and therefore double the number of offers of service are necessary.

This is a patriotic work to assist in the increasing production, it has been decided to pay wages to the camps' house mothers, cooks and assistants.

Teachers are responding by offering their services for the early weeks of their holidays, which makes it most necessary to secure workers for June and the latter part of August, also September and October.

Those who are anxious to help with this important work in increasing production should apply early to agricultural department, Dominion Council, Y.W.C.A., 322 West Bloor street, Phone College 8788.

### WOMEN'S CONSERVATIVE CLUB. Arrangements Are Made for General Meeting Next Week.

The monthly meeting of the Women's Conservative Club and Association was held yesterday morning in the club rooms at 210 Yonge street, when arrangements were made for the general meeting next week. The convener of soldiers' comforts reported the shipments overseas, as well as the gifts to the men at home, to be: 7210 pairs of socks, 120 service shirts, 29 dozen candles, 5 dozen pairs woolen gloves, 50 writing cases, 5 baseballs, 30 cakes soap, 14 suits underwear, 72 towels, 15 stump soap, 60 individual parcels, 22 tins marmalade, with a quantity of cigars, tobacco, chocolate and magazines.

### WATCH BEING KEPT FOR "BLIND PIGS"

License Board Officials Have Information of Some in County.

The Ontario License Board that whiskey is being sold pretty promiscuously in the County of York, J. D. Flavell, chairman of the Ontario License Board, has instructed the provincial officers to make a most rigid investigation. Several motor accidents have occurred in the districts outside Toronto lately, and it has been said that the parties responsible had become intoxicated at "blind pigs" outside the city limits. In other instances men have been arrested in the city who claimed that they secured their liquor from sources in the county.

The license board recognizes that it is much more difficult to enforce the temperance law in the county than in the city because of the difference in the system of police protection. Unless the board is furnished with information on which to act violations of the act in the county can become flagrant before coming to the board's attention.

### STOCKTAKING TIME IN SCHOOL AFFAIRS

At the annual meeting of the council of the bureau of municipal research held yesterday afternoon Dr. Horace L. Brittain, the managing director, read a lengthy report on different studies he had made of municipal affairs.

Dr. Brittain stated that all municipal trading operations should be made self-supporting. He favored the increase in the water rates, but thought the surplus revenue should go into a renewal fund rather than for the reduction of the tax rate.

The citizens of Toronto are paying one cent towards the fare of every passenger on the city car lines," said Dr. Brittain. He suggested that if the city council did not like to increase the fares, that the city treasurer be instructed to pay one cent to the operation account for every two-cent fare paid on the lines. This would at least make a deficit impossible.

### CRASHES INTO TREE.

While Cadet Chambers of the Royal Flying Corps was volplaning yesterday afternoon, about two miles from the Leaside aviation camp, his airplane crashed into a tree. The aviator sustained a shock which caused him much suffering, but no actual injuries. He was taken to the military base hospital for treatment. His next of kin is Mrs. E. Chambers, Beloeil Station, Quebec.

### INTERESTING TRAVELOGUE.

Under the auspices of the Riverdale Methodist Men's Bible Class an interesting travelogue was given last evening in the Riverdale Methodist Church by R. Lomax, who told of his travels in Belgium and Switzerland. The lecture was illustrated by a large number of beautiful slides. During the evening a talk on the war was given by the teacher of the class, F. McTordie, and the choir was taken by the pastor of the church, Dr. J. A. Long.

### SERVICE OF PRAYER.

An impressive service of prayer for men was held in St. James' Cathedral yesterday, which was attended by a representative gathering of the professional and business men of Toronto. The Bishop of Toronto, Canon Plumtree and Archdeacon Cody led the service, which was held under the auspices of the Anglican laymen's movement and had been called for intercession on behalf of the men now on the battle line in France.

Estate Notices.

NOTICE TO CREDITORS—IN THE Matter of the estate of William Irvine Robison, Late of Holy Basil, Sales, Manchester, in the County of Lanca- shire, England, Esquire, Who Died on or About the Twenty-sixth Day of Feb- ruary, 1917.

NOTICE is hereby given pursuant to Section 56, Chapter 121, R. S. O., 1914, that all persons having claims or de- mands against the estate of the said William Irvine Robison, deceased, who died on or about the twenty-sixth day of February, 1917, are required to send by post, prepaid, or deliver to Messrs. Denton, Groves & Macdonald, Solicitors for the Administrator of the said estate, Guardian Trust Company, Limited, on or before the 27th day of April, 1918, their claims and addresses, with full particulars in writing of their claim and the amount thereof, and the nature of the security, if any, held by them, duly verified by statutory declaration.

And take notice that after the said 27th day of April, 1918, the said administrator will distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice and the said administrator will not be liable for said assets or any part thereof to any person or persons of whom claim notice shall not have been received by the said administrator.

DENTON, GROVES & MACDONALD, 24 King Street West, in the City of To- ronto, for the said Administrator of the said estate. Dated at Toronto this 3rd day of April, A. D. 1918.

Tenders.

TENDERS FOR BLANK BOOKS, STA- tionery and Loose-Leaf Sheets.

TENDERS will be received by regis- tered post only, addressed to the Chair- man, Board of Control, City Hall, To- ronto, up to 12 o'clock on Monday, April 15, 1918, for the supply of Blank Books, Stationery and Loose-Leaf Sheets required by the City of Toronto for one year from the 1st of May, 1918.

Envelopes containing tenders must be plainly marked on the outside as to contents. Specifications and forms of tender may be obtained at the City Clerk's Office, City Hall. Tenders must comply strictly with conditions of tender by letter to depositors and surplus, as set out in specifications and forms of ten- der. The lowest or any tender not nec- essarily accepted.

T. L. CHURCH, Mayor, Chairman Board of Control.

FRENCH EXTEND LINES TO NEAR RIVER LUCE

Washington, April 3.—An indication that heavy French reinforcements are being brought up rapidly to the point on the western front where the Germans appear to have concentrated their strongest efforts to break thru is carried in information received at the British war mission today from British headquarters in France. The French forces, it was stated, have extended their line to the Thames, near the Luce River. This enables the British to shorten their own line and to concentrate their forces.

Universal Tool Post Grinders

Special on both hand and power operated. Grinders on one setting. Changeable on other setting. Grinding wheel, 100 mm. diameter. Grinding wheel, 100 mm. diameter. Grinding wheel, 100 mm. diameter. Grinding wheel, 100 mm. diameter.

LIVE STOCK MARKET

There was a fairly heavy run of cattle in the Union Live Stock Market yester- day, 1232 head, all told, with 486 calves, 2000 hogs and a light run of sheep and lambs.

As on Monday and Tuesday, there was a strong and active demand for the heavy class steers, and heifers, showing weight—and these commanded the top of the market, with more wanted if they had been available in long time.

For the medium light butcher cattle, the market in the early hours of the Monday's trading was long time, but later trading was reasonably active but later weakness developed with a decided re- action in prices. The market was firm for anything of quality at practically unchanged prices.

The hog market was weaker at 20.50, fed and weaned, with the market for the pig market as always happens, selling at a little higher quotations.

J. B. Shields & Son, sold one full load of choice heavy steers, weighing around 1200 lbs. each, at \$12.75, 200 lbs. choice others, the lot aggregating 5500 pounds at \$12.85 per cwt. The market was strong, but so far as the World knows, no other sales were reported.

George Rountree, for the Harris Ab- change yesterday.

REPRESENTATIVE SALES.

Dunn & Levack. Dunn & Levack, in two days, sold 32 cars of live stock on the exchange at the following prices: Butchers—2 steers, 2680 lbs., at \$12.24; 300 lbs., at \$12.10 per cwt.; 300 lbs., at \$12.10; 1, 1200 lbs., at \$11.75; 2, 1070 lbs., at \$11.40; 3, 1140 lbs., at \$10.85; 4, 2550 lbs., at \$8.95; 8450 lbs., at \$11.50; 12, 1420 lbs., at \$11.40; 1, 1140 lbs., at \$11.50; 2, 1380 lbs., at \$12.25; 3, 1080 lbs., at \$11.40; 4, 5180 lbs., at \$11.25; 5, 1190 lbs., at \$11.10; 6, 1140 lbs., at \$10.85; 7, 1140 lbs., at \$10.85; 8, 1140 lbs., at \$10.85; 9, 1140 lbs., at \$10.85; 10, 1140 lbs., at \$10.85; 11, 1140 lbs., at \$10.85; 12, 1140 lbs., at \$10.85; 13, 1140 lbs., at \$10.85; 14, 1140 lbs., at \$10.85; 15, 1140 lbs., at \$10.85; 16, 1140 lbs., at \$10.85; 17, 1140 lbs., at \$10.85; 18, 1140 lbs., at \$10.85; 19, 1140 lbs., at \$10.85; WEST SHINING TREE CENTRE OF ACTIVITY

Much Freight Piled Up Waiting to Be Hauled to Properties.

DAM MAY BE BUILT

Wasapika is Installing Mining Plant—Number of Deals and Options.

Activity is increasing in the West Shining Tree gold district. At the present time there is nearly one hundred tons of freight piled up at the cashway station on the Canadian Northern Railway, waiting to be hauled to several properties on which work is proposed, says The Mining Review.

The property of the Churchill Gold Mine is under option to Toronto interests. The intention is understood to be to install a small mining plant and carry on prospecting work.

The Holbrook-Tour claims were recently purchased. The price is said to have been in the neighborhood of \$35,000, with a substantial cash payment on the signing of the purchase agreement.

OPERATIONS ARE BRISK AT BURNSIDE PROPERTY

New Shaft Has Reached Depth of About Ninety Feet.

The new shaft on the Burnside property at Kirkland, has reached a depth of about ninety feet. The shaft is continued to a depth of 155 feet.

STANDARD STOCK EXCHANGE

Table with columns for Gold, Silver, and various stocks like Apex, Boston Creek, Davidson, etc.

MONEY AND EXCHANGE

London, April 3.—Money, 3 per cent. Discount rates: Short and three-month, 5 1/2 to 6 per cent.

WASAPIKA MINE LIKELY TO BE FIRST PRODUCER

Property is Only One in West Shining Tree to Exploit Great Ribble Vein—Carloads of Machinery Are Arriving at Kashbaw

Kashbaw, April 2.—(Special)—We are writing from this station on the Canadian Northern Transcontinental Railway at a point about 80 miles northwest of the mining town of Sudbury. Just at present Kashbaw is the entrepot for the rapidly progressing gold district of West Shining Tree.

The Queen of Sheba is also at work here. The Churchill, Sudbury people are interested in this property, and developments so far have been very encouraging.

The Holbrook-Tour claims were recently purchased. The price is said to have been in the neighborhood of \$35,000, with a substantial cash payment on the signing of the purchase agreement.

Other Properties. Then the Churchill Mining & Milling Co. is operating a quarter of a mile west of the Wasapika. It is also bringing in enough machinery and supplies to bridge over the summer months, for transportation by sleigh is much cheaper than by wagon or by the water route, on which navigation is interrupted by several portages.

OPERATIONS ON ADANAC GIVE ENCOURAGEMENT

Wide Vein at Depth is Indicated by Diamond Drilling.

Favorable indications are being met at the Adanac in driving north to what is considered the best prospective ground of the company's property. An exploration it might be said that, after a thorough geological examination, it was decided that the section near the shaft, in which some rich but patchy veins were found, was not of great importance, but that great possibilities obtained in the north section of the property, where there is continuation of the formation which has proved so productive on the 'Timiskaming'.

There is one outstanding vein which on surface runs about a foot wide. It has been systematically trenching on surface and has been moved to continue for a considerable distance. A diamond drill hole, put down for geological information, cut the vein at a depth of 70 feet, where it was about 20 inches wide. The core did not show any particular silver values, which is to be expected at the shallow depth, but contained considerable quantities of this metal.

EXPECT FRESH RISE IN PRICE OF SILVER

Cobalt Companies Are Paid Considerably More Than Official Figure.

During the month of March the price of commercial bar silver, according to the quotations received from day to day, averaged 88 1/2 per ounce. Toward the end of the month the quotations showed a few points on the last day of the month, standing at 92 1/2 c.

STANDARD SALES

Table with columns for Gold, Silver, and various stocks like Dome Ext., Dome Lake, etc.

FIND ON VIOLET

Cobalt, April 2.—(Special)—It is stated that a find of high-grade silver ore was made today on the Violet property owned by the La Rose.

MAKE SILVER FINDS NEAR DOHERTY SIDING

Number of Prospectors are Bound for New District.

Considerable activity will be in order this spring in the vicinity of Doherty siding on the T. & N.O. Railway, about twelve miles below Timasam. In the discovery which caused the staking of claims here during the winter, assays taken from the vein have given upwards of fifty ounces of silver to the ton, about a hundred claims have been staked, and during the past week, with the rapid departure of the snow, a number of prospectors have been leaving for the district. The formation of the rock in this neighborhood is similar to that of the producing districts, and is being considered as a promising point of view, and in spite of the fact that considerable attention was paid to the district in the year 1917, there is still evidence there this spring, until the value of the district is proven. A number of Cobalt claims are being staked in this locality, and intend exploring their holdings as soon as the weather is favorable.

DOMES IS FIRMER IN QUIET MARKET

West Dome Also Buoyant, But Small Recessions Are Fairly General.

Bar silver closed unchanged yesterday at 45 1/2 in London and 92 1/2 in New York.

Strength in Domes, which sold as high as 8 1/2 in New York, and reached \$4.00 here, failed to act as a stimulus to the rest of the market yesterday. It was an off-day for business, transactions falling below 43,000 shares, and small recessions were scattered throughout the market.

PLANNING BIG FUTURE FOR ADANAC MINES

Directors Believe Property Will Become One of Greatest Gold Producers.

Davidson officials are busily engaged in mapping out a program to increase production and development. The first step, in the form of an extensive diamond drilling campaign, will likely be made in the near future to determine more fully the extent of the already large ore bodies, thus indicating the most advantageous spot for the rapid hoisting and crushing of tonnage now available for milling.

MINES ON CURB

Closing prices yesterday in the Cobalt and Porcupine stocks in the New York Curb, as supplied by Hamilton & Co., were as follows:

Table with columns for various mine stocks like Buffalo, Dome Extension, Dome Lake, etc.

ORE SHOOT CONTINUES AT ELLIOTT-KIRKLAND

Drift is Now More Than One Hundred Feet.

The rich ore shoot encountered at the 425-foot level of the Elliott-Kirkland continues. It is said that from drifting operations alone several hundred dollars' worth of ore is being put on the dump every twenty-four hours. The drift is now in excess of 100 feet, and the deposit is running true to form.

TRETHEWEY'S NEW PLANT

The Trethewey management is going ahead with the installation of a mining plant on the Castle property in Gowganda. The compressor is already on the property, while other parts of the equipment are on the way from Elk Lake. The road, not having been well plowed during the winter, is not in very good condition for heavy hauling.

TRINIDAD DIVIDEND PASSED

Montreal, April 3.—Directors of the Trinidad Electric Company have passed the regular dividend due April 10. They state that the Government of Trinidad imposed a contribution tax on the company amounting to \$20,000.

M'INTYRE MINE HAS BIG FUTURE

Acquisition of Newray Logical Outcome of Position of Properties.

DEVELOPMENT PLAN

Visit of President Bickell to Newray Will Determine Policy.

The negotiations between the McIntyre-Porcupine and the Newray have been progressing without a hitch. It is understood that the deal is practically closed and that the plan of development will be settled during President Bickell's visit to the property during this week.

WORK IS CONTINUED ON MONDEAU CLAIMS

Original Owner Carries on After Kerr Lake Drops Option.

The Mondeau claims, which for some time have been under option to the Kerr Lake Mining Company of Cobalt, are now being operated by the original owner. The plant installed by the Kerr Lake people has been purchased by Mr. Mondeau, and he will continue the effort to locate ore of a commercial grade on the property.

OUTLOOK IS IMPROVING AT THE TOUGH-OAKES

Profit is Gradually Offsetting Operating Loss of Last Year.

Developments at the Tough-Oakes mine in Kirkland are such as to be gradually improving the physical condition of the mine. Milling operations are being conducted at a rate that is steadily adding to the finances of the company. Indeed, since the beginning of the current year, the amount of profit made is understood to be gradually offsetting the operating loss during 1917.

NEWRAY

Under the Control of McIntyre Will Be Given a Real Opportunity to Show Its Worth as a Gold Property

NEWRAY

Under the Control of McIntyre Will Be Given a Real Opportunity to Show Its Worth as a Gold Property

Newray, with its 320 acres of promising territory in the heart of the Porcupine camp, is now under the control of the McIntyre mine, the second largest producer of the yellow metal in Porcupine. The McIntyre management are as thoroughly conversant with the geological formations in this particular section of the camp as years of practical experience and study will make them, so that in their campaign of exploration and development at the Newray, it may be safely assumed that no geological problem will go unsolved where the question of finding the precious metal is at stake.

In the early days of Porcupine, skepticism as to the possibilities of the camp becoming a gold producer distorted the vision of a large section of the public. Among those hardy pioneers of the pack-sack and pick who scratched the surface of Mother Earth in search of gold, there was no doubt. For they had seen. Spectacular specimens, showing plenty of free gold, converted some, and the great rush to the district commenced. In the meantime, the claims which have since proven to be amongst the richest gold mines in the world, were quickly staked—the Dome, McIntyre, Hollinger, Acme and Miller-Middleton, the latter three properties being now owned by the Hollinger Consolidated.

The old Rea property, re-christened the Newray, was among the original claims staked in the Porcupine camp, and by the old-timers was placed in the same category as the Hollinger, McIntyre and Dome. Its formations were identical with those on the Hollinger and the McIntyre, which fact has given rise to the theory that all three properties lie on the same zone of enrichment. This theory has been established by subsequent development work, chief among which was the diamond drilling campaign carried on by the Newray management during the last two years. In addition to the spectacular results obtained from the diamond drill cores, lateral development work, consisting of over fifteen hundred feet of drifting and cross-cutting at the 400-foot level, has proven the existence of numerous high-grade veins, which give promise of yielding an enormous tonnage of ore.

The wonderful possibilities of Newray are twofold, from a mining standpoint and from a market standpoint. The fact that men of the calibre of the McIntyre management should see fit to take an option on Newray, in order to develop the property, proves beyond peradventure of doubt that they have been impressed with the showings made there. What their plans will be for the further exploration and development of Newray have not yet been divulged. But that the property will be given every opportunity to prove its merit, goes without saying.

Newray stock can now be bought at a fraction of its market price a few months ago, and yet since then a large amount of money has been expended in development which has gone a long way toward making Newray one of the coming big mines of the Porcupine camp. The advancing tendency in the price of the stock, which has sold up several points within the past few days, is an indication of the favor which the taking over of the Newray property by such a company as the McIntyre has evoked.

We predict that from now on the price trend of Newray stock will be consistently upwards, and advise our clients, who have not already taken advantage of the unprecedented opportunity offered, to

STEEL OF CANADA SHOWS BUOYANCY

Stocks in-General Firm in Tone-Good Demand for War Loans.

Traiding on the Toronto Exchange yesterday was of somewhat larger volume and was well diversified, with a number of issues of the distinctly investment order included in the transactions.

The improvement in the demand for the war loans noted on Tuesday was again in evidence, and the market as a whole, under the stress of the war situation, continues to give a good account of itself.

The buoyancy of Steel of Canada in the Montreal market, where bullish reports and prospective, are being circulated, was reflected in the late trading here, with sales at from 58 1/2 to 59 1/2 points above last week's quotations, and with 5 1/2 asked, 5 1/2 bid at the close.

NARROW RANGE IN NEW YORK STOCKS

C.P.R. Only Important Issue to Vary So Much as a Point.

New York, April 3.—For all practical purposes, today's market was little more than a duplicate of the previous day.

Trade was active and diversified, but the tone was hesitant on the further absence of decisive advices from abroad.

Rails were conspicuous for their extreme backwardness, Canadian Pacific being the only important issue to vary so much as a point.

United States Steel, which yielded leadership to such speculative issues as Sumatra Tobacco and Studebaker, traversed a very narrow area, while Sumatra registered an extreme gain of 3 points and Studebaker advanced 1 1/2.

Pools relieved the monotony by occasional diversions in special stocks, Industrial Alcohol, Distillers' Gains and Maltine, preferred preferred gaining between 1 and 2 points.

Shipping steadiest on relaxation of recent pressure and prominent equipments were featured by American Car and Baldwin Locomotive at extreme gains of 1 1/2 to 2 points.

Industrial conditions assumed more hopeful aspects on the recovery of pig iron production, as disclosed by statistics for March, and prospects of large government contracts for rail-road supplies.

Further strength in French issues marked the irregular bond list, Liberty bonds also moving briskly. Total sales, bar value aggregated \$6,275,900.

TEST OF STRENGTH IN TORONTO "RAILS" FIGHT

Plan to Enlarge Board at Stake—Dividend Cut Further Explained.

The final test of strength between the directorate of the Toronto Railway and the insurgents headed by Hermon Pitts of Ottawa, will come at today's meeting when it will be seen whether the directors have a sufficient number of proxies to carry out the plan of adding two members to the board, a step desired by Quebec interests.

It is stated that Mr. Pitts has more proxies than he had at the meeting on February 26 when his refusal to vote his proxies resulted in the total vote being less than required by the company's bylaws to make the proposed change effective.

The directors have not been idle, either, and the outcome is uncertain. Accompanying the first quarterly dividend cheque on the reduced basis, the management of the company has sent the shareholders a circular of reference and explanation.

MOVE AT MONTREAL IN STEEL OF CANADA

Stock Sold at Sixty, Highest Point of Year, Yesterday.

Montreal, April 3.—The distinguishing feature of the trading in the local stock market was the sale of Steel of Canada, which advanced the price a point and three-quarters, to 60, compared with Tuesday's advance to 58.

This is a new high for the year. Previous to the commencement of the big Gross drive on the western front it had worked up to 58, but it declined to 55 1/2 following the critical nature of the war news.

The advance to 58 1/2 anticipated the annual statement, which was an exceptionally good showing, but the market effect was somewhat nullified owing to the fact that it came out on one of the bad days the market was experiencing.

Since the restoration of confidence, however, the buying has been resumed on a good scale, expectations of a splendid showing having been more than realized.

Porto Rico Railway Gains In Both Its Gross and Net

Gross and net earnings of the Porto Rico Railway Company in January and February are reported at the highest rate in the history of the company. The statement for February not only shows marked improvement over the same period of a year ago, but also above returns in the first month of this year.

OVERLAND RAISES PRICES.

New York, April 3.—The Willlys-Overland Automobile Company has raised the price of its passenger cars. Model 90 is advanced from \$3,350 to \$3,600. The advance in other models is in about the same proportion.

Record of Yesterday's Markets

Table with columns for Toronto Stocks and New York Stocks, listing various companies and their market prices.

Activity centered in the oats market, and there was a notable evident renewal of seaboard demand, based apparently on apprehension that cold might result in serious interference with the germination of the new crop.

Chicago, April 3.—Freezing weather northwest had a decided bullish effect today on oats and indirectly also on corn. Prices closed unsettled, with oats 1 1/2 to 1 3/4 higher, and corn up 1/2-cent at 12 1/2. May. Provisions gained 1 1/2 to 2 1/2.

Not likely to raise present wheat price. Winnipeg, April 3.—According to the Free Press evening bulletin, there is a general opinion amongst grain men today that the fixed price for wheat will not be changed for the 1918 crop, either in Canada or in the United States.

U. S. Entry into War Cuts Rogers' Profits. Big Reduction in Earnings is Shown in Annual Report.

In presenting the annual statement of the William A. Rogers Limited, the corresponding figures and percentages states that the profits of the company were affected by the entry of the United States into the war and the resultant increase in war expenses.

Grain at Winnipeg. Winnipeg, April 3.—Business was somewhat better today with a fair volume of trading in oats futures at the opening, but later prices were quiet.

Montreal Exchange Will Open at Nine. Montreal, April 3.—As a temporary measure to bring the Montreal Stock Exchange hours into line with the daylight saving hours now observed by New York, the exchange will change its hours to open at 9 o'clock.

Earnings of U. S. Steel Are Well Maintained. Bullish Estimate of Revenue for First Quarter of Year.

C.N.R. Earnings Make Improved Showing. Gross earnings of the Canadian Northern Railway System in the final period of March amounted to \$1,248,700.

Liverpool Cotton. Liverpool, April 3.—Cotton futures closed quiet. New contracts (April 24, 27, 29, 31, 24, 27, 29, 31, 24, 27, 29, 31, 24, 27, 29, 31).

Chicago Markets. J. P. Bickell & Co. report the following prices on the Chicago Board of Trade:

Liverpool Cotton. Liverpool, April 3.—Beef, extra India mess, 370s. Pork, prime mess, western, 330s. Bacon, Cumberland cut, 25 to 30 lbs., 12s.

Output of Newspaper. The 36 newspaper mills reporting in the U. S. and Canada produced 116,507 tons of newspaper, and shipped 122,532 tons in February.

Felt Company's Earnings. Montreal, April 3.—The earnings of the Canadian Consolidated Felt Company for the first quarter of 1918, compared with the same period of 1917, show a loss of \$48,965 was shown.

## The Sprustex Polish Mop Possesses Many Commendable Features

A removable pad, which may be separated from the steel base, cleaned and replaced as quickly as it was taken off.

To re-treat the mop with oil simply pour a little oil on the steel base and it will soak through the perforations into the pad, giving an even distribution.

A non-slip lock clamps handle on a hinge, allowing the mop to be always flat on the floor, no matter at what angle the handle is held.

The Sprustex Polish Mop . . . . . \$1.00  
The Sprustex Dusting Mop . . . . . \$1.00  
Extra Pads, 50c.

Sprustex Polish is a very superior grade, for use on furniture, pianos, automobiles and woodwork; 25c and 50c bottles; 1 quart can, \$1.00; 1/2 gallon, \$1.50; 1 gallon can, \$2.50.

## A Hit with Men Who Know

That's what our Men's Clothing store has made this spring. Our big Easter trade confirms it. The readiness with which particular men are suited here explains it. Preparedness both in respect of reliable quality and up-to-date fashionable fit accounts for it.

## Two-Purpose Topcoats for Men

Exceptionally well tailored from an imported English rainproof material. They are thoroughly rubberized, all seams sewn and cemented. They are equally desirable for wet or dry weather. Three of the many models in stock are as follows:

English Slip-on, natural shoulders and full back, in a dark green tweed mixture with fancy worsted lining, in sizes 34 to 46. Today \$18.00.

Trencher, with all around belt, patch pockets with flaps, full back, sleeves finished with small cuff; in a green and brown heather mixture, in sizes 35 to 42. Today's price \$16.50.

Slip-on, with military collar and pockets, full back, no vent, in a dark grey check effect; in sizes 34 to 44. Price \$12.50.

These may be worn either as a spring coat or for subsequent wear as a waterproof.

## Three Good Values in Boys' Spring Suits

Boys' Blue Serge Suits, made in single-breasted, three-button model, yoke back and front, slash pockets, pinch-back belt with buckle all the way around; bloomers lined throughout, belt loops, four pockets, expanding knee bands; sizes 25 to 34. Today's selling price \$12.00.

Brown and Grey Mixed Tweed Suits, with red hairline stripe pattern; single-breasted model, made with deep yoke front and back, box pleat in centre of back extending from yoke to all around belt (buckled), with slant pockets; bloomers lined throughout, belt loops, four pockets, expanding knee bands. Sizes 26 to 34, \$10.50.

Fawn Mixed Tweed Suits, in single-breasted style, deep yoke front and back, with box pleats extending from yoke to all around buckled belt, with slant pockets; bloomers lined throughout, belt loops, four pockets, expanding knee bands; sizes 25 to 34, \$10.50.
