unconditional repeal of the Connec Act. But while The Herald's course was to be expected its misrepresentation of facts comes as a surprise to people who have occasionally found The Herald in the act of defending municipal rights.

The Ontario Municipal Association, therefore, is not ashamed to have the fact announced to the world that it is not in favor of any legislation which would protect the owners of property which a municipal corporation covets and desires to appropriate on its own terms...

What has the Connec Act to do with property which a municipal corporation covets and desires to appropriate on its own terms? The Herald knows very well that no municipality in Ontario has ever attempted or thought of attempting to acquire the property of a franchise-holding corporation on its own terms.

It is not likely that people will risk their money in furnishing a public service to a community when they know that just as soon as the enterprise is on a paying basis the municipal corporation will be endeavoring to take it over...

Where is the municipality in Ontario that has asked a franchise-holding corporation to hand over its property on such terms as the municipality may dictate? No such demand has ever gone forth under authority of a municipal council...

Why should the Ontario legislature throw the mantle of paternalism over capital of this kind, or why should it enact that the capital of any franchise-holding corporation is more sacred than the capital of any other concern?

Franchise-holding corporations are usually able to pay their way and to earn big dividends for their shareholders. It is not in Toronto at all events, and it is so in Hamilton in the case of the electrical merger from which The Herald draws its inspiration.

What were the merits or demerits of Mr. Chamberlain as a political leader that can scarcely be questioned that he is thoroly alive to the changes which are taking place in the relationship of the self-governing states to the empire to the mother country.

Possibly it is unfortunate that the word "empire" and its derivatives carry with them ideas which are incompatible to the developments among the autonomous British communities.

Premier Whitney is quoted by an evening newspaper as saying that the appointment to the office of superintendent of the Ontario Inmate Asylum will be entirely satisfactory to the government.

We cannot agree with The Hamilton Spectator's contention that it is not an alienist, but a good British subject, that the Toronto Inmate Asylum really requires.

The C.P.R. and the G.T.P. are fighting over their respective rights to the Northwest. They are the Russia and Japan of the controversy, and Canada is the Corea.

G. P. R. Merely Wanted to Find Out Significance of G. T. P. Clause.

Montreal, Sept. 5.—Sir Thomas Shaughnessy, president of the C. P. R., stated today that the object of his company in entering a protest against the location of the Grant Trunk Pacific was to find out whether there was any significance to be attached to the clause of the act defining the location of the new road and he found there was not. The clause might as well have read that it could run where it found the most business.

TAKE JAIL BY STORM.

Butte, Mont., Sept. 5.—A mob of 100 men early today made a determined but unsuccessful attempt toynch Jas. P. Barnes, who shot and killed Patrick Hanley, as the result of a slight argument. The jail was taken by storm, the would-be lynchers commanding the broad stairway leading to the doors of the courthouse and with drawn pistols firing over the heads of the crowd and the police, who attempted to enter. Inside a mob battered at the big steel doors, but without success. In the upper corridors were stationed a number of deputy sheriffs with rifles and revolvers, and this tended to hold the angry crowd back. The mob finally sent for dynamite, but those despatched on the errand failed to return within an hour, and the ringleaders abandoned the attempt and were persuaded by the police to disperse.

Marshall Field Married.

London, Sept. 5.—At St. Margaret's Church, Westminster, at noon today, Canon Herbert Hensley Henson of St. Paul's Cathedral, assisted by Rev. The church was closed to the general public, so only a small congregation of relatives and other country church members were present.

On the Subject of Railway Taxation.

Mr. Beam of Welland began the discussion with a motion to the effect that the association endorse the principle of the Peary bill, which provides for a 5 per cent. of the revenue derived under it going to the municipalities and 15 per cent. to the province. Another resolution, dealing with railway subsidies, expressed gratification that the late session at Ottawa had passed a bill which would do away with the Ontario government's present legislation for the payment to the provincial treasury of a subsidy on the mineral output of the province.

FARMERS ASK MRS. MACLEAN TO LEAD DEMOCRACY EIGHT

Farmers' Ass'n in Annual Meeting Condemn the "Costly Carnival Now in Full Swing at Ottawa."

Representative farmers from all sections of the province gathered yesterday at Victoria House to attend the fourth annual convention of the Farmers' Association and gave their views of various political phases that are affecting this country and, indirectly, the farmer.

In the absence of the president, J. Lockie Wilson, who is at present in the Northwest, Vice-President E. Annis presided. Discussion of resolutions in their crude form, to be drafted later, occupied the time of the association at its morning session. Chief of all matters touched upon by the association was a denunciation of the assailable amnesty grab at Ottawa. This was accorded unanimous condemnation. The subject was introduced by W. Good of Grant County, who spoke of the pension grab as being an indication that the servants of the people were becoming their masters. Mr. Beam of Welland stated that he was sure that they have the power to increase the indemnity of its members. Others who spoke on the subject branded it as wholly unjust.

It was finally proposed that a resolution be drawn up calling on Mrs. Maclean, member for South York, to take the lead in the house in a movement looking to a return to the old franchise system, and a resolution on the Ontario's electric power problem was briefly discussed. It was pointed out that the waterfalls, which these corporations made to develop enough power to operate all factories and all railways, that these powers were being sold in the hands of a few corporations, and that the public interest imperatively demands that the power be supplied by the state, or by a public authority. At the end of the discussion a resolution was adopted calling upon Premier Whitney to take steps to regulate these rates.

Oppose Higher Tariff.

Touthing upon the tariff question, the association went on record as being opposed to any increase in the duties. Reductions were advocated if any change at all were made. Preference in trade with Great Britain was not to be considered. "Great Britain," said one speaker, "gives us the greatest market for our farm products, why should we not give her a market for manufactured goods?" A more open statement than this was made by one who followed in the same vein. He said that if any other nation would meet Canada half way in the matter of mutual tariff reduction, we should be ready to reciprocate.

Summed up, the sense of the discussion was to the effect that the association should appear before the tariff commission to oppose any increase in the tariff to endorse British preferences and advocate tariff reduction with other countries that would do likewise.

Taxing Railways.

On the subject of railway taxation, Mr. Beam of Welland began the discussion with a motion to the effect that the association endorse the principle of the Peary bill, which provides for a 5 per cent. of the revenue derived under it going to the municipalities and 15 per cent. to the province. Another resolution, dealing with railway subsidies, expressed gratification that the late session at Ottawa had passed a bill which would do away with the Ontario government's present legislation for the payment to the provincial treasury of a subsidy on the mineral output of the province.

CUBA

\$25.00—PRICE OF LAND PER ACRE—\$25.00

Granted that a Canadian can make money in Eastern Cuba—how about home comforts? Dollars don't make domestic happiness. Sugar, bananas, oranges, coconuts, pineapples, corn and tobacco may be good for a surplus. But a Canadian must turn part of his surplus into home comforts. He must feel that he is on his own home ground, where his \$\$\$ are able to buy him just what his tastes prefer. How does Cuba Realty pan out as a home proposition? Well, when Moses wanted to find out about the Valley of Eschol he sent out spies. They came back with big bunches of grapes on poles. For evidence they had the goods. Hear what Mr. J. J. Millikin has to say about Eastern Cuba. He has just come from there:

"Just fancy," said Mr. Millikin, "a ten-room cottage in Toronto, finished inside with most superbly grained natural woods, and built for less money than it costs to buy some of the shacks in St. John's Ward, Wall, such homes were going right up in Bartle when I left it in August. Why? Because the cost of raw material is low. But, how are cottages so cheap in Bartle?"

"A saw-mill is running right in the town."

"Suppose a man didn't care to live in a cottage?"

"Simplest thing imaginable—go to the hotel."

"But how about buying goods in Bartle?"

"A large general store is being erected to dispense everything necessary to a man not absolutely spoiled by Cuban luxuries. So you see," concluded Mr. Millikin, "Bartle contains all the essentials to make homes. For the convenience of all people wanting to learn practical details about BARTLE, Mr. Millikin can be found

at our office. He will give pointed advice to anyone on how to make not only money but a home in Eastern Cuba. This practical advice will be based on sound, accurate knowledge of what the land is able to produce in the way of fruits and vegetables. Prospective home builders in BARTLE should see Mr. Millikin without delay. He has a distinctive, definite message for every man who wants to make both money and home easier than he can here. Land cheap, improvements easy, home-building as natural as life—Independence certain. Terms are quarter cash down, rest on time.

Don't pinch your purse. Don't pinch your prospects. Don't work an uphill proposition. Don't forfeit a home. Buy Cuban Realty Lands. Instead of a tenant, be a landlord. Instead of wages, take money from the land. Own your home.

QUERIES FOR IMPORTERS.

Some Facts Which Tariff Commissioners Are in Search Of.

The tariff commission is sending out a circular of enquiry to importers asking:

(a) The extent (approximately) to which cost of goods imported is increased to the ultimate consumer over and above the amount of the tax imposed, as far as you can ascertain. This is presumed, will depend largely on the number of hands thru which goods pass before reaching the consumer.

(b) Effects of heavy duty on quantity of goods imported. How far do you attribute rise or fall in prices, quantity of goods?

(c) General effect of heavy duties on trade and commerce. How far is the total consumption of such goods likely to be diminished by the rise in price, in case of goods of same kind produced in Canada?

(d) Result in your judgment if duty was laid on the floor of Sunday evening or on the floor of Monday morning? How far are the disadvantages of one or the other of these methods of imposing a duty of a temporary or a permanent character?

(e) How far do prices of goods imported by you at present compare with prices paid for articles of equal quality, 10, 15 or 20 years ago, and of what cause do you attribute rise or fall in prices, as cause may be?

(f) To what extent, if any, do you attribute rise or fall in prices, as cause may be?

150 BRIDGES SWEEP AWAY.

Flood in New York State More Extensive Than First Reported.

Utica, N.Y., Sept. 5.—Reports are coming in from some of the villages in Chenango and Otsego Counties which were badly flooded by Sunday evening. Losses running from \$15,000 to \$100,000 in small villages in the eastern part of Chenango and Otsego Counties are reported. In some of the towns people were driven from their homes by the sudden rising of the water. Some men with their children to the highest ground in the vicinity, and there remained for several hours in the pelting rain.

SALVATION ARMY MOBBED.

Some Members of Montreal Annex Corps Badly Hurt.

Montreal, Sept. 5.—The Salvation Army recently opened a branch in Chenango and Otsego Counties which was much more extensive than could be learned in any way yesterday. The branch was probably not far from 150 highway bridges have been swept away. Not a single bridge remains on the Utica-Vestal Valley road. Losses running from \$15,000 to \$100,000 in small villages in the eastern part of Chenango and Otsego Counties are reported. In some of the towns people were driven from their homes by the sudden rising of the water. Some men with their children to the highest ground in the vicinity, and there remained for several hours in the pelting rain.

Bruce McDonald was the man who raised the cry of "Stop, thief," which has done more to hasten the holiday. Henry Tracy, arrested on the holiday. Mr. McDonald states that while in a King's car he felt a movement in his coat pocket. Turning he grasped Tracy by the arm. He received a blow on the head. Tracy, McDonald made a dash for the side door of the car and succeeded in getting outside.

For a Russian Colony.

Los Angeles, Cal., Sept. 5.—The ranch of the late Samuel Bowman, a valuable soil and wooded lands in Lower California, has been sold to 104 Russian emigrants. The emigrants propose to establish on their purchase site a Russian colony for the raising of stock and grains and the milling of cereals. Water is to be developed at considerable cost and a town laid out.

Killed in a Runaway.

Owen Sound, Sept. 5.—Wesley, the 17-year-old school boy, was fatally injured in a runaway accident yesterday, in company with his sister. He was driving a young horse, and the runaway was beyond control, and the occupants of the buggy were thrown out. Miss Bowman was severely injured, but the young man was dragged between the wheels and his skull was fractured.

Bass and Trout Fishing in Temagami.

In Temagami, the fisherman's paradise, bass fishing is at its best during the month of September, and the best season for trout fishing is the period of September to the middle of October. On Grand Trunk Express leaving Toronto, the fisherman's paradise is to be developed at considerable cost and a town laid out.

AUGUST FIRE RECORD.

Over Eleven Millions Lost in August in U. S. and Canada.

New York, Sept. 5.—The fire loss of the United States and Canada for August, as compiled by The Journal of Commerce, aggregates \$11,488,000, as compared with \$9,115,200 for the same month last year and \$8,428,300 during August, 1904. The total for the first eight months of the current year is \$117,720,750. There were 211 fires during August where the loss reached \$50,000.

DELIGHTFUL DEATH.

Vivid Description of a Fall Over Precipice.

Prof. Albert Heim, the well-known geologist and Alpinist of Zurich, has just described, at a meeting of the Swiss Alpine Club at Geneva, the sensations which he experienced while falling from a precipice on the Saentis Alps.

NOTABLE WEDDING RINGS.

First Article Sold Over Counters of New Diamond Hall.

Before Diamond Hall threw back its doors on its opening day a benediction was pronounced on the new establishment. His success was doubtless felt to be an omen of the fair fortune that will follow his bride and himself in the years to come. One does not wonder that there should be a belief in "good luck" being involved in a ring intimately connected with so auspicious an event as the opening of the new Ryrie store.

"CURES" FOR CONSUMPTION.

Many Have Been Fused, But None Quite Successful.

The announcement that Dr. John F. Russell of the Post Graduate Hospital had discovered a vegetable juice cure for consumption set New York health department officials to figuring yesterday how many "cures" for consumption have come and gone in the last dozen years.

Smothered by Gas.

Philadelphia, Sept. 5.—George Johnson, aged 45 years, and his son Charles, 24, were asphyxiated by illuminating gas in a boarding house here last night.

FREE UTIL CURE.

No man need be weak, no man need suffer from the loss of that vitality which makes life worth living. He can be made strong, magnetic, forceful and light-hearted, confident of his power both in business and society; free from spells of despondency, nervousness, lassitude and brain wanderings. I have a certain cure for Nervous Debility, Varicose, Rheumatism, Lame Back, Stomach, Liver and Kidney Complaints, in my world-famous Dr. Sanden Electric Belt with Electric Suspensory, and I will give it absolutely free until a cure is effected. How can I do this? For two reasons. I have the certain knowledge that my Belt will cure, and I have confidence enough in mankind to wait for my money until I prove it. This is what every doctor should do, but I am the only one who has a remedy that will stand such a crucial test. For 40 years I have been curing thousands every year, and have made a tremendous success out of my business on this basis. NOT ONE PENNY IN ADVANCE OR ON DEPOSIT, and if it fails it costs you nothing whatever. All I ask is that you pay me the usual price of the Belt when cured—in some cases not over \$5.00. I will leave you to be the judge, and will take your word for results, or for cash I give full wholesale discount. Forty years' continuous success has brought forth many imitators. Beware of them. You can try the original standard of the world, free until cured, then pay for it. Call or send for one to-day, also my two illustrated books giving full information free, sealed, by mail.

How to Exercise the Bowels.

A Health Habit.

DO you know that the Bowels work Mechanically? Well they do! Physicians call this "Peristaltic Action."

But, Old Dr. Cascaret calls it just "Bowel-work."

This is how he explains it. You've seen a caterpillar creep. First it draws up its hind half nearly to its head.

Then it stretches forward the front half, and again draws up its hind half towards its head.

In that way it travels.

Now the Intestines work the Action—the other name for which is "Bowel-Work."

They do not waste any precious fluid of the Bowels, as Catholics do. They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel Muscles to do their work naturally, comfortably, and nutritiously.

And, the Exercise these Bowel Muscles are thus forced to take, makes them stronger for the future, just as Exercise makes your arm stronger.

Express Company's Assessment on Station Property and Stable Stands—Other Cases Heard.

The Dominion Express Company asked to have the business assessment of their property at the union station, valued at \$14,400, struck out, claiming it was not a regular place of business, being used only as a receiving and forwarding station.

The Harry Webb Company appealed against assessment on their baking and confectionery plants at Buchanan-street, which together were valued at \$12,113, and assessed at 60 per cent.

The T. Eaton Company objected to the 50 per cent. assessment of their stables on Louisa-street. The property was valued at \$64,992. As the court had given its decision against similar appeal in the case of the John Macdonald stables the case was a formal one. It will be appealed.

The John Labatt Brewing Company, Limited, were assessed \$7,500 on the bottling vaults and store house on Elm-st., valued at \$11,500. The manufacturing business is carried on in London. They wished to be assessed as a retail business, but the court maintained it was wholesale and refused to reduce the 75 per cent. rate.

The assessment of Donald Mackay for \$12,000 on the land and \$5,000 on the house at 5 Queen's Park was upheld. Bank stock held by Mrs. Mackay was an assessment also objected to, but was upheld.

John Taylor's two lots at 450 Jarvis were valued at \$50 and \$100 per foot. The court reduced it to \$5 on both.

The Fred Victor Mission was exempted as a religious and charitable institution.

For a similar reason the W. C. T. U. property at 56 Elm-street was excused.

Hongkong, Sept. 5.—At noon today United States Secretary of War Taft and Major-General Corbin were entertained at luncheon by the commanding officer of the troops.

Early in the evening there was a parade of British and Indian troops, and at night a brilliant ball was given by the Hongkong Club.

Previous to this, Governor Nathan gave a dinner to the entire party at government house, which was the most gorgeous social affair in the history of the settlement.

SAVES PLANO, HURTS HIMSELF

George Kennedy Will Be Laid Up Awhile—Other Accidents—Archdeacon Clark Ill.

Hamilton, Sept. 5.—(Special.)—George Kennedy, 138 North John-street, son of B. A. Kennedy, manager of the International Harvester Co., was brought to the city hospital to-day. He was one of the young men who occupied the cottage at the beach that was burned early this morning. While helping to move the piano out he had his back so badly hurt that he will be confined to the hospital for five or six weeks.

Walter Cline, Toronto, a G.T.R. brakeman, is in the same institution. He fell while coupling cars to-day and his ankle is injured.

Harry McGargie, 448 North James-street, was taken to the hospital with his arm broken in three places. He says he got his injury by falling on the sidewalk.

Archdeacon Clark, who set out for Quebec to attend the synod, took ill on the way, was brought back to St. Joseph's hospital to undergo an operation.

Miss Watson, matron at the Hamilton Asylum, has resigned as a result of a presentation to the government. It is said that in the opinion of local politicians Dr. Russell may be allowed to remain at the head of the asylum for some time.

On Deck Once More. Hon. Arthur Kennedy and Hon. Chas. D. Haines arrived in the city to-day. Mr. Kennedy said they expected to see the electric line between Hamilton and Brantford graded this fall, and that it would be in operation by a year from next November.

The Ontario Pipe Line Company has laid seven miles of 8-inch gas mains, and will not charge meter rent, and will supply the whole district south of King William-street east of James-street, and south of York-street west of James-street, in addition to the east-end manufacturing district, this winter.

Alex. J. Douglas was this morning acquitted of the charge of destroying mortgages and documents belonging to his partner, A. L. Hurler, who was defended by George S. Kerr, who argued that the evidence seemed to point to the other way.

This morning J. W. Ross' summer cottage, Kenilworth, at station 9 on the beach, and Harry Knapp's, Lee house, were burned to the ground. The loss will be about \$100, and there is no insurance. Four young men, Ed. Bickler, George Kennedy, Fred Nelson and Stewart Munro, who occupied the cottage, had a narrow escape.

John Brown, the farm hand, stole his employer's watch, was sent down for six months by the magistrate this morning.

Wounded in Horse Deal. Hon. Dr. Montague claims that he was wounded in a horse deal by Lewis Meredith, London, and he has issued a writ against the London man for \$200. He says that the horse was sold to him by Meredith but was not that it was sold to him.

Jas. Russell was found guilty of stealing another overcoat this morning, and three months was added to the sentence of six months passed upon him a few days ago.

Byron Teale will be tried Tuesday on the charge of assaulting the Reid girls.

As It Happened. In reference to the arrest in Toronto on behalf of the Hamilton police, Inspector McMahon and the two New York detectives, taken exception to the implication that they had been on rather friendly terms with Mr. Haines prior to the arrest, or were "taken in" by him. He would that he joined the party there are averse to shouldering even a quantum of blame.

YORK COUNTY AND SUBURBS

FORGET TO MAKE RETURNS

Collector Departs With Cash—Constable Arrests Steamboat Man—May Have Wrong Man.

East Toronto, Sept. 5.—Last night about 11 o'clock Constable Tidberry arrested Massey Hill for being drunk and disorderly. She was brought before Magistrate Ellis this morning and fined \$2 and costs, or 30 days. She elected to pay and was allowed to go.

On Aug. 16 George Lovett, employed by George Chesman, butcher, corner Kingston-road and Beech-avenue, was given a number of accounts to collect. Lovett forgot to make his returns. A few days ago Constable Tidberry learned that Lovett was employed on one of the boats running out of this port to Rochester. Accompanied by Detective Cuddy he boarded the boat at noon yesterday. By the description given the boatman identified Lovett and he was arrested and taken before Magistrate Ellis. Lovett stoutly protested his innocence. The name of the boat was George Bryne, by which he was known to the deck hands. He was remanded for a week, in order to obtain evidence.

North Toronto. North Toronto, Sept. 5.—County Constable Tomlinson is under the impression that an organized gang of horse and cattle thieves is operating in the county. He has been notified of four separate cases of cows being stolen, and one case of a horse and buggy stolen.

James Childs has purchased the southwest corner of Yonge-street and Eglinton-avenue at \$15 a foot. Judge Morgan has given his decision in the appeal of W. M. Soutbair against the validity of a special act, which the town secured from the legislature several years ago, deciding against the applicant.

The town schools were opened yesterday with only a fair attendance and there was no indication that the accommodation is not sufficient for the present needs of the population.
