TWELVE PAGES-SATURDAY MORNING FEBRUARY 19 1898-TWELVE PAGES

RUBBER SPONGE BAGS

Assorted Tweed Patterns, 25c and 35c each. THE TORONTO RUBBER CO., Limited, 28 King St. W., (Manufacturing Arcade).

L ONE CENT

In response to the higher quotations from London, developed fresh weakness, under renewed sales for both accounts, which were stimulated by the circulation of some most disturbing newspaper reports in connection with the market. There was less excitement and activity in the buying improved on each recession, in only a few instances did prices fall below the closing of yesterday. In the afternoon advices from Washington were contrary to the early seasonal reports, and prices advanced generally to the highest points of the day. The market was a little feverish, but without pronounced weakness. Government bonds were 1/4 and 1/2 per cent, and the 5 1/2 per cent. lower. Railroad bonds were irregular, but with many reversals.

London Stock Market, Feb. 18, Feb. 17. Consols, money, 112 1/2, 112 1/2. Ontario, 112 1/2, 112 1/2. Canadian Pacific, 104 1/2, 104 1/2. New York Central, 121 1/2, 121 1/2. Wells' answer the colonel, 'one of them' got out of the Victoria, and at that the Opposition begged and pleaded. He continued, the objections to the deal simply slurred down to this, that 'one of them' got out of the Victoria.

COL. HUGHES GOES OVER TO THE ENEMY.

Deserts the Conservatives on the Yukon Railway Charter.

Lorry to Part From His Old Friends, But Thinks the Government Has Made a Good Bargain With Messrs. McKenzie and Mann—Mr. Casgrain Made a Good Speech, So Did Dr. Russell of Halifax.

Ottawa, Feb. 18.—(Special.)—Interest in the debate on the Yukon Railway bill is waning. At one time in the course of the afternoon it looked as if the bill would have passed its second reading, but Mr. Casgrain stepped into the breach and continued the discussion. There were some good speeches today, but it is difficult to find new arguments to advance, and when Mr. Foster and Sir Louis Davies have spoken it is hardly likely that the debate will be continued for many days longer. The bill may be renewed when the bill gets into committee, as then the salient and the weak points of the contract will be brought out. Colonel Sam Hughes started the bill rolling this afternoon. He had to perform the difficult task of steering north by south, and from his standpoint made a fairly good showing. Personal friendship for William McKenzie does not largely influence the gallant colonel in his support of the measure, but while receiving the plaudits of the Liberals to-day, before he set down he did not fail to give them some pretty hard raps. Mr. Casgrain does the ablest representative which the Province of Quebec sends to Parliament. He speaks the English language as fluently as Sir Charles Tupper or Mr. Foster, and followed him on the Government side, and although Mr. Russell's style of speaking is not very attractive, he generally says something worth listening to.

Private Bills Introduced. The following private bills were introduced into the House to-day: Hudson Bay and Pacific Railway Company—Mr. Davis.

To incorporate the Lewes River Tramway Company—Mr. McEwen.

To amend the charter of the Union Bank of Canada—Mr. Bedouart.

To incorporate the Ontario & Quebec Bridge Company—Mr. Bédouart.

To incorporate the Berthel River Valley Railway Company—Mr. Bédouart.

To incorporate the Canyon Railway Company—Mr. Britton.

The Yukon Bill Discussion. Sir Charles Tupper did not discuss the bill, but he did discuss the discussion on the bill. He said that the Government had made a good bargain with Messrs. McKenzie and Mann, and that he was not at all surprised that the bill should have passed.

Mr. Blair said that he was not at all surprised that the bill should have passed, and that he was not at all surprised that the Government had made a good bargain with Messrs. McKenzie and Mann.

Mr. Blair said that he was not at all surprised that the bill should have passed, and that he was not at all surprised that the Government had made a good bargain with Messrs. McKenzie and Mann.

Mr. Blair said that he was not at all surprised that the bill should have passed, and that he was not at all surprised that the Government had made a good bargain with Messrs. McKenzie and Mann.

JOINING OF WABASH AND GRAND TRUNK

A Good One for the Yukon Railway Charter.

Air Lines from Glenora Eastward Will be Improved and Much Traffic is Expected to Go That Way from the West to Buffalo—Official Changes in the Grand Trunk Because of the Fusion.

Detroit, Feb. 18.—The joining of the Wabash and the Grand Trunk in their traffic arrangement between Detroit and Buffalo is considered a good move on many railway men. "It is certainly a profitable one for the Grand Trunk," said one. "The Grand Trunk has three lines between Detroit and Buffalo, and it certainly cannot make them all pay. Manager Hays' plan to induce the Wabash to take one line was wise, and if he can dispose of the other in a similar manner he will do a great thing for his road. It is all right for the Wabash, too, for it can now get the long-looked-for outlet from the West and at the same time greatly assist the Grand Trunk by turning freight over to it."

Col. Butler is pleased.

Col. Butler of the Wabash was pleased with the new deal. He said there would be a great change in the passenger arrangements between Chicago and Buffalo before long. The branch from Glenora east has not been used very much lately, he said, but it will now be greatly improved, and miles of the old track will be replaced with 30-inch gauge. After the road is fully repaired there will be an opportunity for good time between Chicago and Buffalo, and even New York. Our line will be the shortest from Chicago to Buffalo, and the Erie Road is making better time than the Empire State Express, between New York and Buffalo, it would be possible to make a connection with that road that could clip a slice from the time now made between New York, Buffalo, Detroit and Chicago.

Official Changes. What Have Resulted From the Fusion of Interests Between the Two Railroads.

London, Feb. 18.—Assistant Superintendent Jones of the Grand Trunk here has been transferred to St. Thomas, Ontario, to take charge of the first of the month. He will be succeeded in his position here by Train Master Ferritor of Stratford. The transfer arises out of an arrangement between the Wabash Railway and the Grand Trunk Railway, by which the former will run its trains into Buffalo over the Grand Trunk Air Line, leaving the main line at Glenora, and going via St. Thomas. This applies to both passenger and freight business, although for the present the passenger trains will continue to come through London. The freight traffic, however, will be over the new route after March 1. Mr. Jones becomes joint superintendent of the Grand Trunk and the Wabash, having under his supervision on the latter line all trains between Detroit, Buffalo and Niagara Falls.

Endowment Insurance. A method of insurance which is rapidly increasing in popularity is the Endowment Plan, by which an available sum is guaranteed at a given age, when the infirmity of advancing life or the growth of new responsibilities may be counterbalanced by a maturing downward policy, which is also payable to your heirs should you die before the completion of the endowment period.

The Unconditional Accumulative Policy of the Confederation Life Association offers every benefit and advantage consistent with safety. Rates and full information sent on application to the head office, Toronto, or to any of the agents of the association. 3066

Edwards & Hart-Smith, Chartered Accountants, Bank of Commerce Building, 40 Adelaide St. E., Toronto. 130

Typewriters for the Sale. W. O. Webster, representing Creelman Bros. Typewriter Co., left for Vancouver, B. C., last week with a shipment of 25 Blickensderfer and 5 New Model Jovett typewriters. These machines are intended for use in the Klondike. The Blickensderfer is particularly well suited for the purpose owing to its portability and strength of construction. This suggestion, Mr. Lewis returns to Washington to-morrow.

"Salada" Ceylon Tea is delicious. An Ace of Violets in Bloom. That is what you need to be seen at Dumple's conservatory. Never before has he had such a crop. A visit there will please you. He grows only the true English violet, and it is the best of its kind when it is in bloom at this season.

When suffering from indigestion try GIBSON'S Toothache Gum. Sold by Druggists. Price 10c.

Important to Builders. A number of choice building lots in the best residential sections of the city for sale at low price and on easy terms. J. L. Troy, 50 Adelaide-street east.

Telephone 282. E. Barber & Co., 34 Front Street West, Toronto. Printing, proof and neat. Popular prices.

Lakeview Hotel. Parties looking for winter accommodation should not overlook the Lakeview Hotel, near Winchester and Parliament-streets. Special terms to weekly boarders. 246 to 8 P.M.

Ask for the Rosin Collar all heights in stock, at Varcoe's, 131 King W.

A Celebrated Coal. Everybody in the city cannot use the coal sold by John Kent & Co., because they could get enough of it to supply every body. But every one in the city should try and get some of this celebrated coal. It is good value and the same price as ordinary coal. Order a day ahead. Office: 209-211 King-street, opposite Webb's, below King-street.

Smoke the old reliable "Tanka Mixture" cool, lasting and sweet.

TORN TO TATTERS.

MR. BLAIR (who has had to "shoulder" it): I'll never get the original grist there, and when I do, look at the condition of those sails.

LIVELY FIGHT IN PROSPECT. MORE GOVERNMENT COERCION. In the two Algomas the Government is accused of the most brazen abuse of its powers, to the end that its own candidates may be elected. The World has met a score of men from Northwestern Ontario who have privately poured out tales of the injury accruing to their interests from the Government's mistaken mining policy and negligence in carrying out departmental regulations combined, but who have at the same time begged that their words should not be published for fear the Ontario Government might do them further hurt.

MR. BLAIR (who has had to "shoulder" it): I'll never get the original grist there, and when I do, look at the condition of those sails.

MR. BLAIR (who has had to "shoulder" it): I'll never get the original grist there, and when I do, look at the condition of those sails.

MR. BLAIR (who has had to "shoulder" it): I'll never get the original grist there, and when I do, look at the condition of those sails.

BOUGHT HIS SUPPLIES IN THIS COUNTRY

For Want of Transportation Facilities May Have to Pay Duty.

A San Francisco Man Spent \$150,000 in Canada and is in a Queer Predicament—Measures to Keep Civil Servants in Line—Proposed Georgian Bay Canal—General Notes from the Capital.

Ottawa, Feb. 18.—(Special.)—Mr. L. A. Phillips, representing the Alaska Trading Company, of San Francisco, is here. He received instructions from the principals of the company to purchase all the supplies possible, such as canned meats, vegetables, etc., in Canada and ship to the Yukon via St. Michael's. Mr. Phillips has been through western Ontario and in Montreal, and has purchased about \$150,000 worth of such supplies. He intended to buy probably \$300,000 worth, but he now finds that he cannot get vessels at Vancouver to handle the supplies, and has to send the goods purchased to San Francisco in bond and ship from that point. This means that under the existing laws he will have to pay duty on the goods on entering Canada again, and the object of his interview with the Government was to see if under some section of the law, the duty could not be related to him. If Mr. Phillips has to pay duty on Canadian goods, the natural inference is that he will fill the balance of his orders, amounting to \$350,000, in the United States. This is a nice point for the Government to consider.

Putting screws on civil servants. The bill to amend the Civil Service Act, provides that any deputy head, officer or employee of the Government, who receives a salary or other remuneration, other than a permanent increase of his salary, shall not have thereby vacated his office.

Mr. Richardson has also introduced, acting public officials, which provides, among other things, that all moneys in the hands of the Government, or under its control or management, and payable out of the consolidated revenue fund of Canada, shall be liable to attachment at the suit of judgment creditor or person to whom any portion of said moneys is payable, in the same manner as by the same process as moneys in the hands of private persons.

Canada from Georgian Bay. The Senate to-day adopted Mr. Clemon's motion for a committee to investigate the feasibility and advantages of a canal from Georgian Bay to Montreal by way of the Ottawa River. He said it was the intention to bring the members of the firm of contractors who had undertaken to do the work, Messrs. Pearson & Company, and submit them to the judgment of the Senate.

Personal and General News. Major Septimus J. A. Denison, who has recently been appointed A.D.C. to the Governor-General, joined the viceregal staff here to-day.

The Senate Committee on Private Bills has reported that petitions for private bills may be presented up to March 28, and bills introduced up to April 1.

Only 35 policies are outstanding under the Civil Service insurance scheme established two or three years ago.

A big delegation waited on Mr. Tarte yesterday afternoon, asking assistance for what is called the "Lester Gleneyry." The Senate will meet again on Tuesday, March 5.

Sir C. H. Tupper will ask if any negotiations with the United States regarding shipment of goods via Deyar or Skagway, any provision was made in that connection.

The time for receiving applications for dredging licenses on the Yukon has been extended till March 1. This is to enable certain friends of the Government to put up their deposits.

The Canadian Pacific Railway is credited with the intention of building a telegraph line to Dawson City in the Yukon Territory. The line would be extended from Quenelle, where the line now ends.

The World is delivered by our own carrier boys to any part of the city by street or telephone 1134.

Mr. Townsend begs to announce that Mr. H. H. Tupper, who was made an instructor, and Vice-President of the Boston Club, has been elected to the position of instructor for exhibition and sale his important collection of Water Colors, Pastels and Oil Paintings. The date of sale will be announced later. Catalogues on application.

His Honor's Preference. The Judge preferred Mr. Gowanklock's statement of 1895 to his present assertion, and decided the case against him. Mr. Gowanklock has stated that he will appeal the case. The Municipal Act states that an appeal may be taken from the finding of a county judge to a Superior Court Judge, whose finding shall be final.

Can He Retain His Seat? The question arises: Can Mr. Gowanklock exercise his aldermanic functions in the meantime? The City Solicitor did not care to give an opinion in the matter until asked by the Council, but an eminent legal authority stated to a World representative that the usual rule in appeals would hold in this case, and Mr. Gowanklock would retain his seat until it was formally declared vacant.

To Replace the Mince. Washington, D. C. Feb. 18.—A bill appropriating \$1,000,000 to provide a battleship to replace the Maine, was introduced in the House this afternoon by Mr. Foote of New York.

Something new—Lucky Strike Cigarettes. The high grade, popular price, try it.

Invalids. Drink the famous "Manton" Mineral Water, the best health giving water in the world. Swan Bros. 162 and 164 King-street east. Send for circulars.

Members' Vapers, Russian and Turkish Bats, 121 and 123 Yonge.

To Cure a Cold in ONE DAY. The Laxative Broom Quinine Tablets. All Druggists return the money if it does not cure. 25c.

A SPLENDID RALLY FOR MARTER AND FOY

Candidate for the North Makes a Hit With a "Surplus" Object Lesson.

Broady Hall Was Jammed to the Doors Last Night and the Enthusiasm Knew No Bounds—Marter's Challenge to Liberals to Meet Him on the Platform May be Accepted.

That Messrs. Marter and Foy will carry the North and South was clearly indicated by the size and enthusiasm of their joint rally in Broadway Hall last night. In the absence of Mr. A. R. Bowell, Mr. Stephen W. Burns presided. The first speaker, Mr. T. Dixon Craig, M.P., contending the Government for its nepotism, for its persistent refusal to ask tenders for supplies, for its mixing of educational questions with political issues, and for its many other sins.

Chairman Burns here invited any representatives of Dr. Dewar and Mr. Rogers, the Liberal candidates in the North and South, to take a seat on the platform and participate in the speaking. No one, however, responded.

Mr. Marter's Object Lesson. Mr. F. Marter then rose to place clearly before his hearers the financial history of Ontario since confederation. By means of a series of big placards, which served as object lessons to the audience, he indicated that the Reform Government had long ago dissipated the surplus left by the Sandfield Macdonald Administration, then drawn on its natural resources, and finally got the Province into debt to the tune of over \$5,000,000. Mr. Marter's new ideas proved most effective, especially as Mr. F. Marter then rose to place clearly before his hearers the financial history of Ontario since confederation.

DO... You Know? That every piece of enamelled ware bearing Kemp's label is guaranteed? You will find them the best wearing ware made, yet not more expensive than others. Better find these labels on all you buy—it pays.

Granite or Diamond label is guaranteed? You will find them the best wearing ware made, yet not more expensive than others. Better find these labels on all you buy—it pays. KEMP MFG CO. TORONTO.

Four Strong Points... In the celebrated HERCULES WIRE BEDS: 1st-It is impossible for Hercules Beds to sag owing to the interlocking wire. 2nd-Hercules Beds are the softest and most comfortable spring made. 3rd-Hercules Beds are as cheap as the common kind. 4th-Our guarantee goes with each No. 1 Hercules. It says, money refunded. Your dealer will supply them. GOLD MEDAL FERRIS MFG CO. SOLE MAKERS 145

Bird Seed. Nothing is more injurious to Cape Birds than seed poorly selected, or seed which is not fresh and pure. All our packages are put up on our own premises under our own supervision, and we know the seed they contain is CLEAN, PURE AND FRESH. They contain also Bird Cake and Cuttle Bone. Ask your Grocer or Druggist for SIMMERS' BIRD SEED

Exquisite Rings... And prices so low that every lady can afford to buy one. Lots of folks are not aware that they can purchase from us at the next-to-nothing price of \$5 Each. A Genuine Diamond Ring. SCHEUER'S WHOLESALE & RETAIL JEWELLERS

PURITY IS ESSENTIAL TO WHAT IS GIVEN TO... Invalids. Frequently they require Wine—generally they need the best wine, if it is in the power of the purchaser to obtain it. Always they should have a Pure wine—but purity does not necessarily mean expensiveness. We have a pure wine good for invalids for 40c bottle. That is Canadian. We have another pure wine which costs \$3.00 a bottle. That is European. And we have purity in wines at all prices between.

MICHIE & Co. WINE MERCHANTS 5 1/2 King St. West.

THE DEATH OF MISS WILLARD Was Due to LaGrippe, Which Attacked the Stomach and Liver.

Her Health Had Not Been Good and the Disease Had Set In Upon Vital Parts—Messages of Sympathy from All Quarters—Shock to Her Friends at Evanston, Ill., Her Home.

New York, Feb. 18.—Miss Frances E. Willard, the President of the World's and National Women's Christian Temperance Union, who had been suffering from an attack of influenza with gastric complications, died shortly after midnight last night at the Hotel Empire, this city.

At the bedside of Miss Willard at the time of her death were nine, Mrs. W. W. Baldwin, Mrs. L. M. M. Stevens, vice-president of the Women's Christian Temperance Union; Miss Anna M. Gordon, who was Miss Willard's secretary, and Dr. Alfred K. Hill. Miss Willard had been ill for about three weeks. She had the best medical care and treatment that could be given, but in spite of all efforts she grew gradually worse until her demise last night.

Dr. Hill made the following statement: Miss Willard had suffered some years with profuse anemia, and on several occasions had given up to die. Last summer she seemed to take on a new lease of life and gained considerably in weight and strength, so that she went through her conventional work at Toronto and Buffalo, which was arduous, and came out much better than was expected. She had, however, here five weeks ago she was much prostrated and readily took on a grippe, which attacked the stomach, liver, intestines and later the nervous system. The disease progressed favorably, and in many respects she had improved when the fatal issue came and overwhelmed the nerve centres and life was extinct. There was no cancerous degeneration of any organ, as has been stated.

There will be funeral services in New York city and one later in Evanston, Ill. Miss Willard's home, where the body will be taken.

Notes of the Week. Washington, Feb. 18.—The secret service has discovered a new counterfeit \$10 National bank note. It is on the Illinois National Bank of Rockers register, Nebraska treasurer. It is a photographic production in paper, pasted together. The coloring is applied in a way that it is not possible to imitate the silk threads to be found in the genuine.

Their Annual Home. The Toronto Printing and Dressmaking Union, 10 West Front-street, gave a party at the Foresters' Temple last night and the event passed off most successfully.

Lowering Stocks. In all departments, before the arrival of New Spring Goods, Specie's chances in Linen, Damasks and Bed Linens, Towels and Towellings, and Cotton Shirtings, Linen and Cotton Pillow Casings, Lace Curtains and Cretonnes, Art Muslins and Satines, White Muscades Quills, Eldorado Quills and Blankets, Black and Colored Dress Fabrics, House and Dress Length Silks, Organize Muslins and Flannelettes, WATERPROOFS.

John Catto & Son. Opposite the Postoffice, Toronto.

COUNTY AND SUBURBAN NEWS. Toronto Junction, Feb. 18.—(Special)—Under the auspices of the Excelsior Bicycle and Athletic Club, Mr. W. E. Ramsay tonight gave his entertainment, consisting of scene, song and story, in Kilburn Hall. Mr. Ramsay's songs were greatly appreciated, and by those who had not already seen the Jubilee procession thrown on canvas by the videoscope, the scenic photography was much enjoyed. Many new scenes, however, made this part of the program very pleasurable.

The motion to unseat Councilor James Patterson will be argued before Judge McDonnell tomorrow afternoon. The only point to be set at rest now is whether Mr. Patterson leased the property on which he resides from the owner or from the person assessed as owner.

Bonar Choir at East Toronto. The members of Bonar choir, assisted by Miss Annie Snyder, organist, gave a concert in the Presbyterian Church, East Toronto, last evening, which was largely attended and much enjoyed.

North Toronto. The last of the entertainments to be given by the St. Clement's Literary Society will take place on Tuesday evening at the Town Hall. A capital program has been provided and a large audience is expected.

Richmond Hill. Tuesday night next has been set for the bond carnival at the Hill. A special meeting was called on Thursday of the Village Improvement Committee being taken up and accepted, and the way for further advance to the High School being passed.

Woodbridge. Mr. William Shank celebrated his 60th birthday on Wednesday. His health, in spite of stormy weather and blocked roads, of the invited guests were unable to attend, but all who were fortunate enough to be present spent an enjoyable time. Mr. Shank is the father of three boys and three girls, and is hale and hearty.

York County News. Markham Township Council meets to-day. Mr. J. W. Moses, Conservative candidate for East York, speaks at Richmond Hill tonight.

Hypothecation Sale. Connecting on Tuesday morning next at 10 o'clock, Suckling & Co. will sell by catalog the hypothecated goods belonging to the estate of the Army and Navy Clothing Co. of Toronto.

In the Surrrogate Court. The will of James Alexander, formerly housekeeper at Osogode Hall, has been confirmed.

FEBRUARY FURNITURE. Different to what furniture buying will be other months. And you need to remember that February is meaning and time. Prices are more special than we can expect to make them when the new season demand for Furniture follows in regular course.

Ready from the Start. At 8 a.m. the doors of the Big Store swing open. Everything is ready for business—the store full of the newness of the morning. Salespeople ready to greet shoppers with a morning smile and give completest care to whatever is the want. It is a good rule to make an early start in shopping at any time.

New Openings in Black India Silks. On Monday we will show our first shipment this season of Black India Silks. The grades are the best, and charmingly satisfactory. Monday prices, as always, are special for Silks: 27-in. extra fine quality, fine finish, All Pure Silk, Lyons dyes, guaranteed fast blacks, worth 55c, special at 45c. 27-in. Black India Silk, beautiful rich quality, all pure silk, Lyons dyes, guaranteed fast black, special high grades, at 75c, 85c and \$1.00.

Fresh Heralds of Spring. Cotton Dress Goods tell of coming spring as surely as does the first robin—and get here first. There are English beauties and American beauties in our new stocks of Wash Fabrics. You must know about them, because early in the season we make prices more in your favor.

Dress Goods Make-Way Prices. Room—room—is the cry in the Dress Goods Section. Make room for the new goods coming. What matter if many of these be handsome staple stuffs, most as pretty and seasonable as the new sorts will be? We must have room, and this is why prices are like those that follow—for quick shoppers only.

Monday Prices in Cottons and Linens. This is the season of the year when the thrifty shopper makes her way to the Cotton and Linen Section. We put a magnet there in prices for Monday:

The Robert Simpson Co. (LIMITED). S.W. CORNER YONGE AND QUEEN STREETS. 170, 172, 174, 176, 178 Yonge Street. 1 and 3 Queen Street West.

WATERLOO FIRE. Only a 5000 Blaze, but a Lot of Men are Thrown Out of Work. Waterloo, Ont., Feb. 18.—A 5000 fire and 120 workmen thrown out of employment is the worst occurred here early this morning in the boiler room at the Erie-street foundry of the Waterloo Manufacturing Company.

"MURDER" CEYLON TEA. Discriminating Tea Drinkers Use No Other. Lead packages only, 25, 30, 40 and 60c per lb. Sold by all grocers. The Davidson & Hay, Limited Wholesale Agents, Toronto.

W. A. MURRAY & CO., King E., Toronto.

BRICK-DUST SEDIMENT. Mr. Walter Buchanan, 10 Fenrose St., Garsia, Ont., says: "For a number of years previous to taking Doan's Kidney Pills I suffered a great deal from kidney trouble in various forms, such as brick-dust sediment in the urine, acute pains across the small of my back, pains in the back of my head, lost appetite, dizziness, tired, weary feeling and general debility. From the first few doses of Doan's Kidney Pills I began to improve and have continued their use until to-day I am a well man. I have not had a pain or ache about me, my head is clear, the urinary difficulties all gone, my sleep is refreshing and my general health is better now than for many years."

DOAN'S KIDNEY PILLS. SOLD AT ALL DRUG STORES.

SUPPLIES FOR KOOTENAY.

What the Crow's Nest Railway Means to Eastern Canada

When Completed—The Klondike Not the Only Benefit for Toronto Merchants—Fort Steele and Its Progress—Reports from Vancouver About Several Mines.

An East Kootenay man in the person of J. C. Durck of Fort Steele is at present in the city. The town of Fort Steele, which at present boasts 600 people, is located on the Kootenay River, six miles or so above Wardner, at which point the Crow's Nest Railway is to cross the stream just mentioned.

Mr. Durck says that the Crow's Nest Railway is already graded to within a short distance of Wardner, and that the road is being pushed at that end with great rapidity.

Wardner up to Fort Steele to tap the mines in the neighborhood of the latter town. Mr. Durck contends that Fort Steele is bound to be the great manufacturing centre of East Kootenay, which district boasts the North Star silver mine and numerous gold and other deposits.

Mr. Durck says that the Crow's Nest Railway is to surpass Rossland as a centre of population and business, and he is now purchasing supplies to meet the coming demand. His purchases in Toronto include general dry goods, groceries, boots and shoes, prospectors' outfits, etc.

He is one of a number who have come east from the Kootenay to buy, and he is of the opinion that the completion of the Crow's Nest Railway means a tremendous amount of general trading business for eastern Canada. The goods he is taking back will occupy several cars.

For Michipicoten, too. Mr. R. H. Knight of Sault Ste. Marie is here as a delegate to the A.O.U. W. Convention. He is taking back with him a lot of supplies to be used in connection with the expected Michipicoten gold boom in the spring.

YANCOUVER SPECIAL. Latest News from the Mining Territories Tributary to the Coast City.

Favorable reports are coming in from numerous mines operated from here. The Channe Mining Company have renewed their capital from \$100,000 to \$200,000, and the shareholders have pooled the stock. Treasury stock will now be sold at 25 cents per share, for development purposes.

The Ida May mine, owned by the Algonquin Company, a bridge river, is looking well. One hundred and twenty feet of tunneling has been done, and a verbal report from the foreman, one of the company's men, is to the effect that \$14 was the lowest assay secured. Mr. Fellow Henry, M.D., reports on the property in a massy way.

Golden Cache. The Golden Cache stock, after reaching \$1.00, in an advance from 25 cents, has eased off to 30 cents, but the recent unmaking rise in the value of these shares—the third on record—is unprecedented in Vancouver. The market for the stock is pronounced by present on-line looking over ever exhibited here, the only query is, Have they enough of it?

The Fire Mountain-Harrison Lake mill has been running since Thursday last very satisfactorily. The mill will crush for 30 days, putting through about 350 tons as a test run. The ore is not picked, but taken as it comes off the dump. Mr. Leckie, the president, was present when the mill was started, and expressed himself as much pleased at the way the amalgam began to thicken up on an early stage.

The tunnel is at present in 187 feet and the mine down 52 feet, and by actual measurement the vein matter in the tunnel and mine is from 3 feet 7 inches to 7 feet wide.

Just from Okanagan. Mr. Russell of the firm of Dier, Wilson & Russell, in this city. He has come direct from Fairview, Okanagan, where the firm's claims are located. Mr. Russell says that the Winchester County are prosecuting work vigorously, and are purchasing a compressor, hoisting and pumping plant for the steam engine, and that the mill is being erected on the river.

The Smuggler is looking well, and some fine ore is being taken out. The company are arranging to erect a forty-stamp mill.

About 650 feet of work has been done by the Constock Mammoth in the last year. A compressor plant will be put in soon by this company.

Home Care for Drunk. Healthful, safe, inexpensive home treatment for Alcoholism. No hypodermic injections; no publicity; no loss of time; no business and a certainty of cure.

TORONTO'S INDUSTRIAL SCHOOLS.

City Council Will be Asked to Pay Expenses of Sending Boys to the Northwest.

The Board of Management of the Industrial Schools Association met yesterday afternoon. Those present were: Stephen Calderhead, chairman, E. J. Stewart, Lewis Brown, Ald. J. J. Graham, Ald. Leslie, ex-Mayor Warring Kennedy, O. A. Howland, Inspector Chapman, R. S. Baird, Ald. Bowman, Mrs. R. Kilgour, Mrs. W. C. Mathews and Mrs. F. J. Stewart.

Mr. O. A. Howland submitted a circular setting forth the aims and objects of the schools. It was decided to forward copies of the circular to capitalists and persons connected with the administration of justice.

The superintendent's reports stated that there are 122 pupils in the school at present, and that there are five boys who will leave for the Northwest in about a month, entailing an expenditure of about \$150.

The resignation of Assistant Florist Burns was accepted. The resignation of the financial statement for the past year showed a balance in hand of \$19.

Messrs. J. M. Godfrey, L. Brown and Ald. Bowman were added to the Executive Committee.

TORONTO'S CATTLE MARKET.

Strong Protest Against its Removal Made by Wholesale Pork Packers—Assistant Resident Trade.

The Mayor yesterday received from Park, Blackwell & Co., wholesale pork packers, a letter objecting, both as citizens and men interested in the business, to the proposed removal of the cattle market as being neither desirable nor necessary.

They urged also that the city should retain full control of the franchise involved. A monopoly, they thought, would mean increased rates, exorbitant charges for fodder, and result in diverting the now growing live stock trade to other places.

The removal of the market would cause also the depreciation of the property in the district of the present location. The cry that the proposed removal would induce American and Canadian firms to locate here is absent. The permanency of the present location having been called in question had caused the firm to defer operations on their contemplated new factory.

The present agitation was having a paralyzing effect on trade and should, the writers thought, be ended as soon as possible.

WOMEN AND WEAK NERVES.

Lives of Misery and Affliction.

Marvellous Case in Manitoba.

Paine's Celery Compound Proves a Wondrous Blessing.

Miss Parr Says:

"After the First Dose I Felt New Hope and New Life Coming."

Nervous Prostration, Mental Depression, and Excruciating Sufferings Are Banished.

PAIN'S CELERY COMPOUND THE GREAT LIFE BUILDER AND VITALIZER.

Wells & Richardson Co.

Dear Sirs—

For several years I have had weak nerves, and was gradually running down, and last March I was prostrated with nervous debility. My sufferings were excruciating in the extreme. I really thought I never was another who suffered quite so much with mental depression and weak nerves.

LOTS OF GOLD IN ALASKA.

More Than in Canadian Territory, Says One American.

On the Lower Yukon, which flows for 1800 miles through F. S. Territory, there exists gold to be gotten by placer and hydraulic mining—South Sea Islands.

According to E. C. Bettles, who has just come south after spending fourteen years in the Yukon country, there is more gold in Alaska than on the Canadian side of the line.

In an interview with the Spokane Spokesman, Mr. Bettles observed that the best gold fields were to be found in American territory. He did not look for any more Eldorado or Bonanza creeks in the Canadian Northwest, but there was plenty of gold to be gotten along the 1800 miles of the Yukon River traversing Alaska.

"Is there any chance for hydraulic or dredging for gold in Alaskan streams?" he was asked.

"I know of a number of places where hydraulic works could be erected profitably, but dredging is out of the question. Capital is wanted to carry out the work, but the experienced Alaskan must direct the workings of capital if profits are to be expected."

"Is there room for the thousands who are rushing north?"

"There is room enough. Alaska can yield wealth to 50,000 men if they are the right class and get off on the right foot."

IN SOUTH SEA ISLANDS.

Gold is sought as well as in the Frozen Klondike.

The possibility of finding gold in the South Sea Islands has begun to attract attention. Many of the islands, the New Hebrides, the Solomon Islands, the Fiji and the Tonga group are of gold, and it is also known that gold exists in Fiji and in New Caledonia, and it is a fair presumption that these minerals may be found in the other islands also.

As a matter of fact, the present location of those who are bound by the law of fasting, is not a new discovery. It is a fact that the Holy Sea, fish meal is allowed on Sundays at every meal, and at one meal on Mondays, Tuesdays, Thursdays and Saturdays, except the Saturday of Ember Week and Holy days.

TECHNICAL SCHOOL BUILDING.

University Authorities Wish to Amend the Joint Agreement Arrived at Last Fall.

When the committee of the University Senate, appointed to deal with the matter of the remodeling of the Technical School building, waited upon the Provincial Board to get the Government's sanction for the expenditure of \$200,000, Mr. Hark pointed out that in the agreement made with the Technical School Board no ground had been stipulated for.

Now the University wants to amend the agreement. The agreement made by the joint committee of the University Senate and the Technical School Board, guaranteed \$200,000 a year for the University to remodel and enlarge the school building, and to give the board a lease for 21 years.

The University for, and now want \$200,000 a year, and the board to give the University a lease for 21 years. The University for, and now want \$200,000 a year, and the board to give the University a lease for 21 years.

HEALTHY AND FOUND.

The Story of a Young Boy's Trials.

Was Growing Too Rapidly and His Health Care Him Several Months' Resting. His Mind Too Good—His Parents Almost Discouraged.

From The Napanee Beaver. It is truly pitiable to see boys just beginning to realize the possibilities of life stricken down with disease, to escape from which is sometimes thought to be little short of a miracle.

Hearing of such a case a reporter called on Mr. J. J. Smith, living near Fredrickburg Station, in Lennox Co., and interviewed him regarding the cure of his son, who was in bad health and regained it by the use of Dr. Williams' Pink Pills. Mr. Smith is one of the oldest residents in the locality, of direct U. E. Loyalist descent, and has resided all his life on the farm on which he lives. He is consequently well known throughout the district. In reply to the reporter's query he gave the details of the case.

Notes taken from the first of February, 1893. He became very deaf and had a dull constant pain in his head. He grew very weak, such a condition being more properly described by the term general muscular weakness. He was troubled with severe pain in the back and had no appetite, continuing to steadily grow weaker and losing all his ambition. He had little more color in him than a bit of white paper.

A physician was consulted on the first appearance of the trouble. He carefully examined the case, stating that the hearing was impaired by ear-ache, deafness, the pains in the back originating from muscular rheumatism and the constant tired feeling and general weakness was caused by overgrowth. These difficulties together with the other effects of the disease form a physical wreck. He had the benefit of careful medical attention for four months. The doctor had carefully treated him for the deafness and succeeded in restoring his hearing, but in other respects was no better. He ordered that he should be carefully nursed, which was about all that could be done. To make things more clearly understood I might say he was at this time past 12 years of age. Having grown very fast, was large enough for one six years his senior. The doctor and medicine could do him no good, and all that could be done must come by nursing. We naturally felt greatly discouraged at the prospect, not knowing what course to pursue in the future. At this juncture one of the druggists at Napanee, who had previously compounded many prescriptions recommended a trial of Dr. Williams' Pink Pills. It was then the first of the winter when we purchased three boxes and commenced the treatment. When he had finished the second box his appetite, perspiration, and generally, had wonderfully improved. He continued taking the pills until seven boxes had been used. His strength returned with renewed vigor, and all signs of muscular rheumatism had vanished, and he steadily regained a strong healthy color, and was able to do considerable work in the harvest field such as riding the mower, reaper or horse-rake. He has since attended school regularly, and though a year has elapsed he has had no symptoms. Mrs. Smith, spoken to about the matter, readily assured us that all that had been said relative to her son's case, and was very delighted that the public is warned. The genuine Pink Pills can be had only in boxes, the wrapper around which bears the trade mark, "Dr. Williams' Pink Pills for Pale People." Refuse all others.

CITY HALL NOTES. Mr. T. H. Jones, City Engineer of Bradford, called upon City Engineer Hunt to clean some information in reference to a municipal electric plant, one of which it is proposed should be installed in Bradford.

Secretary Hill of the Industrial Exhibition Association has formally notified the Mayor of the resolution of the association asking the City Council to open the new City Hall during the first week of the Fair.

Representatives of the Assessment at 8 Street Commissioners and City Engineer's departments visited the new City Hall yesterday afternoon with reference to the allocation of suites of offices.

Mr. Alex. Orr took out a permit yesterday to erect a two-story dwelling, to cost \$3500, at 50 Bernard-avenue.

Merchants' Fire Insurance Company. The first general meeting of the shareholders of the Merchants' Fire Insurance Company took place at the company's office, 6 Wellington-st., yesterday.

A most satisfactory showing of business was presented, indicating that the company is being received with great favor in all the towns and cities where risks are written. The full Government Deposit of \$25,000.00 has been made, leaving a large cash balance on hand to form a rest for payment of claims.

The following Board of Directors was elected: Hon. George E. Foster, M.P., E. Cantoworth, Jr., ex-M.P., and Mr. Albert Thomas Woodbridge, Dr. Ryerson ex-M.P., George H. Maurer, Hon. D. McMillan (Alexander), H. Corey (Petrolia), J. Patterson, E. H. Tallmadge and K. A. Wood.

Incendiary Fire in the East End. The men who were suspected of causing the recent fire on the shores of Ashbridge's Bay made their headquarters in a vacant house at 29 Carlisle-avenue, owned by W. A. Stewart, 33 Carlisle-avenue. Thursday night the house was fired in every room and was badly burned. There is no doubt that the blaze was of incendiary origin. The damage is \$250.

Only those who had experience can tell the tortures come upon them with your boots on, pain with them off—night and day; but relief is sure to those who use Holloway's Corn Cure.

RELIGIOUS TEACHING IN SCHOOLS.

Repetition Again Wails on the Public School Board. The case is prominent in connection with the Inquest Regarding an Abandoned Baby's Death.

The question of voluntary schools was again to the fore at the meeting of the Public School Board. Messrs. S. Baldwin, S. G. Wood, A. M. Dymond, John Dick, G. Blount and McLaughlin formed the deputation on whose behalf Mr. Baldwin addressed the board the well-known arguments of voluntarism, and in favor of religious teaching.

Dr. Noble enquired whether such schools having been established, every denomination might not reasonably ask for the same concession. Mr. Baldwin admitted this might be the case. Trustee Kent said that the board was always ready to accept the case of buildings for nothing for school purposes, but it had been his experience that whenever it had to rent such property the charge was always higher than any for any other kind of property.

The remainder of the session was occupied in discussing the committee's reports, which, with unimportant alterations, were adopted.

TORONTO SUNDAY WORLD.

A Partial List of the Contents of What Promises to be a Superlatively Excellent Paper.

From "end to end," as they say in Yorkshire. The Toronto Sunday World that will be published to-night at 9 o'clock promises to be an excellent and up-to-the-minute paper. Arrangements have been made for an extra supply of news from the Old Land, which is an announcement that it is to be assumed will be hailed with intense satisfaction by a majority of the Sunday World's fifteen thousand readers. In addition there will also be the usual cable news, as well as all the news of the day from every part of the universe. The society reports of The Sunday World, as well as the sporting, have gained a reputation for completeness that is testified to not only by the number of lady readers but by the constant enquiry for the papers during the week that succeeds publication. And then there are Ebor's impartial and interesting church gossip, Pop's attractive turf talk, the up-to-date wide-awake comments of The Captions One, the Radical's clever corner of material matters, Max's Musical Notes, Jack Ham's chatty stage-and-column, as well as the following numerous stories and special articles by leading writers of the day:

The Machine-Made Man: a weird suggestion of what modern science is capable of accomplishing.

What the Kirk Stone Saw, by Halliwell Staffin.

The Talent for Colonization: a comparison of Britain and France.

The Story of Black Bob: a military yarn.

The Incredible Adventures of Hassan Ali Broom: Descendant of the King. Women in Medicine—as physicians, vets, apothecaries and dentists.

Notes from the Klondike. Recruit Cycle Inventions.

A Vision of True Love. Mrs. H. T. Flynn, 423 Euclid-avenue, found a male cat about three weeks old wrapped up in an old shawl on her doorstep.

Common Practice Nowadays. Mrs. H. T. Flynn, 423 Euclid-avenue, found a male cat about three weeks old wrapped up in an old shawl on her doorstep.

AT OLD TRINITY. Interesting Debate on Fiction and Charming Dance at the University.

The Council of the Trinity University Literary Institute held a debate and gave a dance in their Convocation Hall Thursday. The debate was on "The Influence of Modern Fiction." The subject was ably discussed by Messrs. Boyce, Wilby, Bushel and McDougall. Professor Clark presided on the occasion of the debate. The room was occupied by the dancers, and an enjoyable concert ensued upon.

The officers of the council are: President, J. F. Southworth, B.A.; first vice-president, H. P. C. Boyle; secretary, A. Lee Ireland; treasurer, J. Johnson; and Messrs. L. McCaughlin, Muckleston; organist, L. McCaughlin; concert, E. C. N. Wilson and A. S. B. Lucas.

SLEEP WAS DENIED HER! Smothering spells and difficulty of breathing made sleep impossible.

The Heart again at Fault! The Means of Cure described.

Mrs. Richard Gill, 270 Church-street, Toronto, Ont., says: "My good opinion of Milburn's Heart and Nerve Pills has been confirmed because the heart troubles from which I formerly suffered entirely disappeared through their use, and have not since returned."

"Only those who have suffered as I did for twelve years, and been restored to health as was by MILBURN'S HEART AND NERVE PILLS can appreciate how thankful I am to this great medicine for all heart and nerve troubles. I think it is invaluable."

One Laxa Liver Pill every night for thirty days cures constipation.

WHOSE WAS THE WESTON CHILD?

The Case is Prominent in Connection with the Inquest Regarding an Abandoned Baby's Death.

The third session of the inquest touching the death of Thomas Perth, the infant so named by the authorities, and on whose account Mrs. Malone is charged with murder, brought out very little straight evidence to contradict the prisoner's story of the alleged finding of the child. Mrs. Malone accepted the advice of her lawyer, C. E. Macdonald, and kept quiet while the testimony was being taken.

Juryman Langley spoke strongly in the prisoner's favor last night after the session, whereat another juror insisted to him that some of the jurors had perhaps been approached in the prisoner's behalf. Coroner Spencer quietly asked Crown Attorney Roney if a juror could be excused from service at the Coroner's request, and he received an affirmative reply.

Mr. Stara, of St. David-street, said that Mrs. Malone adopted Clara Keele's baby from her house, in answer to an advertisement which had been put in the paper by Miss Keele, and Mrs. Malone had said the baby would be adopted by Mrs. Johnston of Whitchy. Witnesses saw the child twice with Mrs. Malone two or three days before a dead child was found in a Weston orchard, but she didn't see it afterwards.

Mrs. Bellamy of the Prisoners' Aid Society saw Mrs. Malone on Miss Keele's behalf, to find out where the baby was, and was told that it had been adopted by Mrs. Johnston. Mrs. Malone had said she had no difficulty in securing persons to adopt children. She asked \$10 from the unfortunate mother, but as Miss Keele would accept \$5 in that case.

Maggie Malone, a bright child, 13 years of age, eldest daughter of the prisoner, gave evidence in a straightforward manner, and stated that of her father, excepting as regards a few immaterial details. She spoke in a low voice, and a juror remarked: "I don't think it's a square deal to put the child in the box." Maggie said she had seen the child with Mrs. Johnston, and her mother claims to have given Miss Keele's child.

Falsely John Mulhall of No. 7 Division told Mrs. Malone claiming to have found the babe and giving a false name and address. The enquiry was adjourned until Monday night.

MARJORIE WAS A TARTER.

This is the Story of Charles Logan, Formerly of Toronto, a Tinsmith, who has been Hanged.

Detroit, Feb. 18.—Charles Logan, a Toronto tinsmith, married Marjorie H. Hamilton in that city Oct. 15, 1876, and they have children aged 21, 18, 23 and 14. Mr. Logan avers in an affidavit filed in the Wayne Circuit Court that his wife had a temper, and when she felt in the mood used to come down to his shop and make more noise than he could with his hammer and plates of metal. In August, 1891, she cracked him upon the head with an iron pan and he had to call in a surgeon to do a job of needlework. Two weeks later he got out of the house and has not lived with her since. He says he is now a resident of this city, and asks for a divorce on the ground of extreme cruelty.

Common Practice Nowadays. Mrs. H. T. Flynn, 423 Euclid-avenue, found a male cat about three weeks old wrapped up in an old shawl on her doorstep.
