BOULEVARD PARIS  
TO THE ROCKS

Entire Business Centre of  
the Yukon Mining Town  
Was Wiped Out.

IT OCCURRED ON APRIL 21

News of the Great Conflagration Has  
Just Reached Victoria by  
Steamer Tees.

LOSS WILL AGGREGATE A MILLION

Bank of British North America in  
Ruins—Everything Burned  
Like Dry Tinder.

Victoria, B.C., May 21.—An extra of The  
Skaguay Alaskan was received by The  
Tees at midnight, containing the following  
brief report, wired from Bennett to Skaguay  
just previous to the sailing of the  
steamer:

Another disastrous fire visited Dawson  
City, this time fairly wiping out the entire  
business centre of the town, creating losses  
that will aggregate \$1,000,000, with not a  
cent's worth of insurance on any of the  
great losses.

How the News Comes.  
The news was telegraphed over wires  
from Bennett this afternoon by the special  
correspondent of The Daily Alaskan, who  
received it from a man named Tokkies who  
had just reached Bennett from one and  
perilous trip out from Dawson over broken  
trails, open rivers and dangerous lakes.

Mr. Tokkies reports that the fire occurred  
on April 21, in the very heart of the  
business centre of the city, commencing  
near the Opera House, on the waterfront,  
and spreading with unusual rapidity, driven  
by a strong wind, destroying everything in  
its way on that street, down to and includ-  
ing Donahue & Smith's establishment and  
taking in all of the waterfront buildings  
abreast of the same block. In other words,  
the fire crossed the street, burned through  
and spread over the waterfront, covering  
the principal business portion of Dawson,  
leaving it all in ruins, with the firemen  
helpless and powerless to do anything.  
The fire consumed everything from Timmia's  
Royal Cafe down to and opposite Fairview  
Hotel.

Burned Like Tinder.  
The fire was the most disastrous that has  
ever visited Dawson. Every building burned  
like tinder, due to the fact that they  
have been standing for many years  
and the logs are as dry as powder. The  
fire spread with such great rapidity that  
the citizens appeared panic-stricken and  
unable to save anything in the way of fur-  
niture, goods and clothing, so that the  
losses, when footed up, promise to be even  
greater than at first estimated.

Waters Burned Out.  
Among the most prominent firms burned  
out were: The Royal Cafe, Donahue &  
Smith, McLellan, and McPeckey's  
Produce Company, Ambrose, Hotel Victoria,  
Saloon, Madden House, Hotel Victoria, Mc-  
Donald, Block, Bank of British North  
America, and scores of smaller stores, and  
business houses. This fire came at a time  
when the mills and dealers in building materials  
had exhausted their winter supplies and  
were waiting the opening of navigation to  
replenish their stocks.

A Famine in Materials.  
The results are that there is a famine in  
all kinds of building material and furniture,  
such as lumber, bricks, logs, etc. The  
few articles still remaining outside of  
the burned district are selling at exorbi-  
tant prices. Doors are selling for quadruple  
their value, and everything else is in pro-  
portion. The town is paralyzed, and  
nothing can be done until the opening of  
navigation, which will not be for several  
weeks. The first boat carrying building  
material will reap a rich harvest.

B. B. N. A. a Sufferer.  
Vancouver, B.C., May 21.—The Bank of  
British North America was one of the chief  
sufferers in the great fire which raged in  
the business centre of Dawson City. Wil-  
liam Godfrey, manager here, says the loss  
to the bank is about \$1,000,000. The  
draws among the losers. Parsons' Pro-  
duce Company and McLellan & McPeckey  
had only recently stocked their stores, and  
they fear their loss will be large.

WHAT MR. DOYLE SAYS.  
Between Two and Three Thousand  
People Were Left Homeless  
By the Fire.

Mr. John J. Doyle of Dawson City is at  
the Walker House. He came to Toronto  
on his sisters, who are attending  
Loretto Abbey.

Mr. Doyle was surprised when told by  
The World's senior partner of the bank  
Dawson. He left Dawson on March 27 and  
has spent some time at Ottawa.

Mr. Doyle said, after reading The World's  
despatches, that between 2,000 and 3,000 per-  
sons must have been left homeless by the  
blaze.

"I feel sorry for a good many of them,"  
he said, "because they had been hanging on  
over the winter expecting to make a hand-  
some profit. Now they are wiped out. I  
went to Dawson first in the spring of  
the two previous fires and the people there  
lose their heads on such an occasion. Many  
of the people on the waterfront had just  
got into shape again after the last fire."

"The Canadian Bank of Commerce is not  
mentioned in the despatch," said The  
World.

"No," replied Mr. Doyle, "the Canadian  
Bank of Commerce is in another part of  
Dawson, up near the Mounted Police bar-  
racks. I see the Royal Cafe, the Opera  
House, and the well-known restaurant of  
the town. Many of the burned places were saloons.  
The McDonald Block was one of the best  
buildings in the town, containing law and  
other offices."

"From the despatch, I should judge that  
the burned district was about a quarter of  
a mile long," continued Mr. Doyle. "Jim  
McLennan, who owned the Victoria Hotel,  
sold a fraction on Humber Creek for \$15,  
000 and put all after moving the hotel.  
Now I see he has lost all in this last fire."

Mr. Doyle, who formerly lived in Por-  
tland, Ont., went to Dawson first in the spring of  
'97, and he has made four trips over the  
Yukon in two weeks.

COL. CAVERHILL IS DEAD  
The Head of the Big Hardware  
Firm of Montreal Taken Off  
by Pneumonia.

Montreal, May 21.—Lieut.-Col. Franz  
Caverhill, senior partner of the big hard-  
ware firm of Caverhill, Leonard & Co.,  
died at night from pneumonia. He was at  
one time commander of the Royal Scots and  
Prominent in business and military circles.

BOULEVARD PARIS  
TO THE ROCKS

Sailed From Southampton on Satur-  
day, Struck on the Man-  
acles at 1 a.m.

Sea Was Calm and All Passengers Safely Transferred to Tugs  
and Taken to Falmouth—She Will Be  
a Total Wreck.

Falmouth, Eng., May 21.—The American  
line steamer Paris, Captain Watkins, from  
Southampton and Cherbourg for New York,  
struck on an existing ridge of the Manacles  
this morning at a point half a mile  
from where the wrecked Atlantic transport  
liner Mohegan lies. The Paris, which sailed  
from Southampton yesterday, called at  
Cherbourg and picked up 50 passengers.  
She left Cherbourg at 6 o'clock, last even-  
ing. Soon after 1 o'clock this morning at  
high tide and in a dense fog she ran ashore.

No Danger From the First.  
From the first there was no danger. Life  
boats and tugs were soon literally swarming  
around the vessel to render assistance.  
A majority of the passengers, who numbered  
380, were brought to Falmouth, where  
they obtained lodgings for the night.

Ship on the Rocks.  
The first indication of the vessel's striking  
the rocks was a slight rattling sound,  
which was followed by a second and more  
pronounced shock. The lookout shouted  
that there was something looming up ahead,  
but before there was time to reverse the  
engine the ship had gone on the rocks, two  
hundred yards from shore. Assistance  
was summoned by means of rockets, and  
the coast guards promptly telephoned to  
the lifeboat station for the boats.

Some Didn't Know It.  
A majority of the passengers were not  
aware that an accident had happened until  
they were called up by the stewards. On  
reaching the deck they found the ship's  
boats in perfect readiness for their reception.  
The sea was perfectly calm, and the only  
discomfort that the passengers expe-  
rienced was caused by the slight rain that  
was falling at the time. Owing to the calm-  
ness of the sea the boats could be managed  
with ease.

Perfect Order Prevailed.  
Perfect order prevailed aboard the vessel.  
Captain Watkins stood on the bridge giving  
orders, and the crew worked with a  
reassuring effect on the passengers. In  
accordance with the instruction of the  
captain, the women and children were the  
first to be taken off the ship. Such perfect  
order was maintained that the captain de-  
scribed the scene as simply a slow pro-  
cession of women and children walking in  
single file to the lifeboats. The position  
of the vessel could be discerned.  
The brilliant St. Anthony Light at the  
point of Falmouth harbor could be dis-  
tinguished plainly through the misty rain.

Warning Was Too Late.  
It is believed that the pilot boat  
showed a warning signal to the Paris, tell-  
ing the captain that he would put the  
ship on the rocks. However, it is believed  
that the warning was not heeded, and the  
Paris struck on a ridge to the westward of  
the Manacles. It is suggested that as this

was only their second trip, from Cherbourg,  
the officers of the Paris were not familiar  
with the course. The crew of the Paris  
are still aboard the vessel. It is believed  
that the steamer was a large rent in her  
bottom in the forward part of the ship.  
Fogs are standing by her and assist in  
an effort to save her off the rocks.

Scene of the Wreck.  
The scene of the wreck is  
about five miles from Falmouth.  
When the dawn broke everyone on  
board was relieved to find the shore on  
one side and lifeboats lying near by on  
the other. The vessel lay with her head  
to the southwest, the revolving of her engines  
having put her broadside on the rocks. The  
dangers of the vicinity were strikingly  
brought home to the passengers and crew  
by the masts of the wrecked steamer Mo-  
hegan which were sticking out of the water  
and by a miserable bell buoy which  
toils almost constantly as though sounding  
a death knell. Captain Watkins went  
ashore in his gig, and when he returned he  
found that the vessel was in a most dan-  
gerous position, and that tugs which  
had arrived stood by in readiness for an  
emergency.

All Passengers Transferred.  
All the passengers were transferred to  
the tug Triton, but beyond the clothes  
they wore they took nothing with them.  
The first indication of the vessel's striking  
the rocks was a slight rattling sound,  
which was followed by a second and more  
pronounced shock. The lookout shouted  
that there was something looming up ahead,  
but before there was time to reverse the  
engine the ship had gone on the rocks, two  
hundred yards from shore. Assistance  
was summoned by means of rockets, and  
the coast guards promptly telephoned to  
the lifeboat station for the boats.

Some Didn't Know It.

STIRRING UP THE WASHINGTON HORNET'S NEST.

ARTHUR STURGIS: Oh, say, they won't do a thing to Wilf when he comes over here.

### TERRIBLE DISASTER IN WAR EAGLE MINE.

#### A Break in the Hoisting Machinery Causes Five Miners to Drop 350 Feet.

#### One of the Victims is W. F. Schofield, Formerly of Oakville, and an Old Upper Canada College Boy—An Investigation Now On.

Rossland, B. C., May 20.—(Special.)—Four  
miners were killed and one seriously injured  
in the War Eagle at 12:30 this morning.  
H. A. Honeyford, James Palmer, Thomas  
Neville, W. F. Schofield and Mike Crook  
were in the skip descending the shaft.  
When at the 250-foot level, whereby  
on lighters have gone to the stranded steamer  
to take off the belongings of the passen-  
gers. It is reported that the hoisting ma-  
chinery, which is a screw-driven system,  
partments are full of water.

Tonight the Paris lies in such a dan-  
gerous position as when she struck, her bow being  
about 150 yards from the shore, and her  
stern at the 250-foot level.

Special Salvage Apparatus.  
Almost in a direct line, and about a mile  
ahead, lies the wreck of the Mohegan. Just  
outside the bows of the Paris is a jagged  
rock, and a ridge of rocks projects into  
the water 200 yards from the shore. There is  
about 10 feet of water in the three-foot  
channel between the rocks, and the engines  
and the hoisting machinery are apparently un-  
harmed. It is believed that the Paris  
will be raised, and the next tide  
will be towed to the shore.

Another Accident.  
[By C. E. B. News Service.]—Four  
men lost their lives. At 12:30 this  
morning a terrible accident occurred in the  
main shaft of the War Eagle mine, whereby  
four men lost their lives. At the hour stated  
Mike Crook, W. F. Schofield, H. A. A.  
Honeyford, James O. Palmer and Thomas  
A. Neville entered the skip at the 250-foot  
level. The engine in charge, Robert Hall,  
started the machinery, but the steel holding  
the main bolt on the starting lever in  
some way not yet ascertained worked off,  
and the bolt fell out, throwing Hall on his  
back. Control was thus lost of the hoist  
and Schofield as he was falling from the  
shaft, 350 feet.

Seven Deaths in a Month.  
Seven men have lost their lives in Ross-  
land camp within a month.  
Honeyford was an active member of  
the Salvation Army in Rossland, Palmer  
and Neville came here from New Brun-  
swick. All the men were unmarried. Scho-  
field was sent here recently by T. G.  
Blacklock and put to work.

An Investigation to Be Held.  
The Provincial Government wired Cor-  
oner Boers to hold an inquest and instruct  
John Kirkpatrick to watch the case for  
them. The inquest was opened at 3:30 p.m.  
today, but after viewing the bodies and  
inspecting the machinery at the mine, the  
jury adjourned until 2 o'clock on Monday.  
Inspector MacGregor is now on his way  
here, and a thorough investigation will be  
held.

Smashed Beyond Recognition.  
The race-week display of new hats at Di-  
nese's this year surpasses anything which  
this famous hat house has ever attempted  
in the past. Last Saturday the great estab-  
lishment was thronged with visitors all  
day and evening, and more people from  
out-of-town were greeted than had ever  
been met in the store on any single day be-  
fore. The fur display rooms at Di-  
nese's are open to the inspection of visitors  
and a special exhibit is made for this week  
only of the newest models in Alaska, and  
Persian lamb jackets for ladies, which  
Di-  
nese's are designing for next season.

See our Spring Suits and Overcoats,  
the latest fashions and bronze tints. John  
Watson, 51 Bay St.

Wine for the Races.  
Those wishing to buy good sound wine  
would do well to call at the undermen-  
tioned wine and spirit merchant's vans. There  
they will find a great variety of all the  
leading brands of champagne, port, sherry,  
burgundy, claret, Sauternes, hock, Marsala,  
and all first-class brands of  
brandy, rum, gin, Scotch, Irish and  
Canadian whiskeys. Note the address, Mars's  
office, 79 Yonge street, tele. 71, 72, 73,  
77 and 79 Yonge street, also 2, 4 and 6  
King street east. Telephone 1708. ed.

dors and experts, Bank of Commerce Build-  
ing, Toronto.

### WELLIE DYING WHEN FOUND

#### The Sad Fate of a Popular Young Woman Residing in the West End of the City.

#### Coroner W. H. B. Atkins Files a Warrant Early This Morn- ing for an Inquest.

All day yesterday Coroner W. H. B. Atkins  
was engaged in looking into the facts  
leading up to the death of Miss Nellie Hart-  
ford. She died suddenly at her home, 123  
Spadina-avenue, about 8 o'clock Saturday  
night. Her illness extended only three  
hours. She was found by her stepmother  
lying in an unconscious condition in her  
room about half an hour before her death.  
Efforts were made to arouse her, and being  
unable to get an answer, a physician was  
hastily sent for.

Was It Strychnine?  
On the doctor's arrival Miss Hartford was  
in a dying condition, and despite medical  
aid, she passed away, never regaining con-  
sciousness. All the symptoms of her ill-  
ness, and the fact that the doctor had  
administered strychnine poisoning was the  
cause of death. Before issuing a burial certificate he not-  
ified the coroner, and that official's investi-  
gation followed.

An Inquest Ordered.  
A warrant for an inquest was filed at  
Police Headquarters this morning. For  
several days past her father noticed her  
despondency, and was at a loss to account  
for her strange demeanor.

The coroner's preliminary enquiry re-  
vealed the fact that deceased was seen on Sat-  
urday afternoon with a small bottle con-  
taining a liquid similar to strychnine. She  
was alone in the house in the early part  
of the afternoon, but never made known her  
contemplated action.

Miss Hartford was 23 years of age and a  
popular young woman in the West End.  
Her death is deeply regretted. Her parents  
claim to know no one to be blame.

DEATHS.  
COOPER—At the residence of her son, A.  
W. Cooper, 85 Bay Street, on Sunday,  
May 21, Mrs. Mary Cooper.

MAUTHIE—At her late residence, 753  
Queen-street east, on Sunday, May 21,  
Hattie, widow of the late O. Mauthie, in  
the 69th year of her age.

Funeral on Tuesday, the 23rd, at 3:30  
to Norway Cemetery.

MARSHALL—On Sunday, May 21, at 462  
Markham-street, Hannah Marshall, aged  
63 years, daughter of the late John Mar-  
shall.

Funeral from above address Tuesday  
morning at 9 o'clock to St. Peter's  
Church, and thence to St. Michael's  
Cemetery.

Funeral on Friday, May 19th, at 30  
Bishop-street, John Francis London, son  
of the late Edward London, aged 2 years  
and 8 months.  
Funeral, Saturday, 3 o'clock.

GARRETT—On May 20th, at 224 Dundas-  
street, Toronto, Mrs. Jane Garbutt, aged  
82 months.  
Funeral will take place from her daugh-  
ter's residence, 324 Dundas-street, on  
Monday, May 22nd, at 12 o'clock. 71

ALASKA BOUNDARY  
AN IMPERIAL QUESTION

New York Tribune Intimates  
That Canada May Be  
Snubbed by Salisbury.

IF CANADA HAS VETO POWER

Then the American Embassy is at  
the Wrong Place and Should  
Go to Ottawa.

ARBITRATION HAS BEEN AGREED TO

So the New York Journal Says,  
and the Agreement is Ready for  
McKinley's Autograph.

New York, May 21.—The London corre-  
spondent of The Tribune says: "From the  
negotiations now in progress in London,  
there are signs that the Alaska boundary  
question may be taken out of the hands of  
the commission and settled directly between  
London and Washington. This would greatly  
facilitate the work of the commission, and  
enable it to meet again with brighter pros-  
pects of success in disposing of other ques-  
tions in which Canada is directly interest-  
ed. The Venezuela-Guiana boundary ques-  
tion is a direct precedent for this course.  
British Guiana is not put in charge of the  
boundary question, and allowed to drag the  
British Guiana case after it, then the Ameri-  
can Embassy is at the wrong capital; in-  
stead of taking part in the social galaxy of  
London, it should be relegated to Ottawa,  
as the real working centre of Anglo-American  
diplomacy."

JOURNAL SAYS IT IS TRUE.  
Agreement to Arbitrate Only Needs  
the President's Signature.

New York, May 21.—The Washington cor-  
respondent of The Journal says: "Ambas-  
sador Choate and Lord Salisbury have ar-  
rived at the agreement that the Alaska bound-  
ary question should be settled by arbitra-  
tion. This decision, if approved by the  
State Department, practically approves by  
it, and the President's approval, expected  
on Monday, will settle the boundary ques-  
tion on a fair road to permanent  
adjustment."

The plan for selection of arbitrators will  
presumably be the same as that in the  
British-Venezuela boundary controversy.  
The proposal of the board will be an-  
nounced when further details have been ar-  
ranged."

Take a tip from me. Call over and see

DROVE OFF THE DETECTIVES

Chief Kellert and His Men Attempted to Take a Vessel From Capt. Marks.

A HOT TIME AT VALLEYFIELD.

The Captain and His Crew Hold the Fort (or Rather Boat), However, at This Writing.

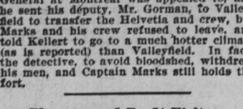

Montreal, May 21.—(Special.)—Detective Joseph Kellert, Chief of the Metropolitan Detective Agency of this city, and 10 of his men, returned at 10 o'clock last evening from Valleyfield, after an exciting experience as they are likely to have for some time. Earlier in the afternoon they left the city to execute warrants for the arrest of Captain George Marks of the big lake schooner Helvetia, at present at Valleyfield, at the head of the Beauport Canal, his son George, and his wife Jenny Mitchell. All hail from Cleveland, Ohio.

The trouble which culminated in yesterday's excitement is easily explained. Capt. Marks was appointed by the Atlantic Transport Company, and looked to them for the wages and the settlement of his expense account. Until his claim is satisfied, he refuses to leave his ship, and his wife, his crew and the people of Valleyfield stand by him.

The owners of the vessel, a Cleveland firm, sent Captain William Parker and another crew down to Valleyfield to take the vessel over, and the settlement of his expense account. The United States Consul General at Montreal was appealed to, and he sent his deputy, Mr. Gorman, to Valleyfield to transfer the Helvetia and crew, but Marks and his crew refused to leave, and told Kellert to go to a man hotter climate. (As is reported) than Valleyfield. In fact, the detective, to avoid bloodshed, withdrew his men, and Captain Marks still holds the fort.

Pleasure and Profit Visitors. Visitors to the city during race week are invited on a visit to Henry A. Taylor, Draper, the Rossin Block, and inspect his exclusive line of high-class suitings. It pays to pay for quality.

Send your suits to the Tailoring and Re-dressing Company, corner King and Bay-streets, and have them properly pressed for the races. Suits, 50c; pants, 10c. Will call for and deliver. Phone 2376.

to per cent. off our close cash prices and the high quality Hats we have to sell combine in making our moving sale a red letter time in Hat selling and a Race Week event you'll appreciate—if only from a money saving point of view.

WE MUST HAVE GOOD ROADWAYS

People Have Been Crying for Years for an Improvement and Now Have a Chance.

PEST HOUSE CASE IS STILL UP.

Sons of England Went to Church — W. G. Walton Charred With Scorching-General News.

Hamilton, May 21.—(Special.)—The by-law for the raising of \$100,000, for the laying of tar-macadam roads, will be voted on next Thursday, and should receive the support of the propertyowners. It is calculated that the amount asked for will enable the Council to put down about 12 miles of good roads. The cost of the experimental block on Hughson-street is about 76 cents a square yard, but it is expected the cost will be reduced to 60 cents a square yard with improved appliances.

There has been a cry for years for better roadways, and now the propertyowners have the opportunity of getting lots of new roads at a moderate cost. Public meetings will be held to-morrow evening at Queen's Hall and Foresters' Hall, Wentworth-street north, and on Tuesday evening at the Victoria Yacht Clubhouse.

Belongs to the Board of Health. It is hard to tell how the trouble over the placing of the pest house in the North End Park will turn out. The Parks Committee has asked the Board of Health to move the pest house. The members of the Board of Health now report that the property-

month tugs responded. There was a heavy ground-swell running, with a westerly breeze, and very heavy rain.

On reaching the Paris, Chief Jetterson found the vessel rapidly filling with water. There were no signs of a panic. The starboard boats of the Paris were lowered, and all the women, children and children were being collected together, and the prompt arrival of the tug facilitated debarkation.

Probably a Total Wreck. Plymouth, May 21.—The Government vessel from Devonport to assist the Paris, which it is reported, will probably be the best of the wrecked steamer is a gunboat, and Commander-in-Chief at Plymouth, has ordered a number of torpedo boat destroyers to hold themselves in readiness to proceed to the scene of the wreck at a moment's notice.

The News in London. London, May 21.—The news of the disaster to the Paris spread rapidly in London, and great excitement and alarm was felt until the arrival of the information that all on board were safe. The newspaper offices were besieged with enquiries, anxiously asking for news regarding friends or relatives on board the steamer.

The News in New York. New York, May 21.—The office of the American news agency, given this afternoon, Second Vice-President J. A. Wright made public all the cables received. Mr. Wright said that the Paris was on her way for their arrest and the return of the goods.

Divided Against Itself. English Church Passing Through a Fire of Controversy That Must End in Disruption.

Expression of Dean Farrar. Extreme Ritualists Have Avowed for Rome in All Except Infallibility of the Pope.

London, May 21.—Dean Farrar of Canterbury, the most popular divine in the English Church of England, was the subject yesterday on the critical position of the Church of England, and the subject of controversy and discussion, and deep division of opinion among those who do not recognize a distinct mode of knowing where we are. A house divided was never true in its application when applied to the Church of England to-day.

Disestablishment or Disruption. "As far as I can see, unless the extreme party in the Church of England who are practising a distinctly Ritualist ritual—requiring their practices, the inevitable and necessary result of their position, is to be abandoned, the prayer book is in all conscience a libel on the God of our fathers, and a section follows Rome in worship, in all but recognition of the infallibility of the Pope, there is no hope for the Church of England as a national church, and it is a struggle for life or death, God only knows where the church will be permanently crippled."

Distinct Ritualist Tendency. "You think, Dean Farrar, that there is a distinct Ritualist tendency, and that it is not simply a divergence of views as to the scope of the prayer book?" asked the journalist.

Poor Blood. "The doctor said there were not seven drops of good blood in my body. Hood's Sarsaparilla built me up and made me well and strong."—Rosalie E. Brown, 36 Astor Hill, Lynn, Mass.

Dyspepsia, etc.—"A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite and took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured."—N. B. Seelye, 1574 W. 14th Av., Denver.

Rheumatism.—"My husband was obliged to give up work on account of rheumatism. No remedy helped until he used Hood's Sarsaparilla, which permanently cured him. It cured my daughter of catarrh of the bladder, and my own rheumatism."—Mrs. J. S. McMath, Stamford, Ct.

Travelers visiting Brantford will find Alf Fleming's restaurant, 44 Market-street, a particularly nice spot to get a particularly nice lunch.

WIDEST CROAK IN AMERICA

Captured in His Own Room in Detroit Early on Saturday Morning.

"LITTLE DICK," ALIAS FRANK HOLDEN

And Several Others—Legitimately a Surveyor and Professionally a Successful Burglar.

Detroit, Mich., May 20.—Little Dick, alias Frank Holden, alias Richard Harris, alias Frank White, legitimate occupation and illegitimate occupation burglar, the sharpest, alertest burglar in America, according to Chief of Detectives McDonnell and Superintendent of Police Martin, was arrested at 1 o'clock this morning by detectives Lally, Conolly and Brooks in suspicion. With him were taken thousands of dollars' worth of diamonds, gold watches, and soon as the burglar was taken to the police station.

Three Days' Search. After the arrest of the burglar, Detective Lally and Conolly found that he was living quietly in one of the most fashionable boarding houses in the city. Early in the evening Lally, Conolly and Brooks went to the house.

"Well, we are very good friends of Mr. Holden," returned Lally, "and we might just as well tell you that we are in your room." This was done, and the officers sat down to wait.

About 1 o'clock his quick step was heard. The officers stepped behind the door, which he unlocked, and the burglar was taken to the police station.

A File of the Swag. The officers had been searching his trunk. "Take them all and let me go. They will make you rich; there's a fortune there for you more than you can earn in a lifetime. Take them all, and let me go. You are not in Chicago," he said, "besides, we have your picture in our files, and you know you. You should not have stepped here so long."

The officers were called and the prisoner taken to the Central Station, where he was locked up.

Harris' Antecedents. He was a pal of "Cap" Roach, now serving a nine-year term for burglary in Sydney, Australia, and had been in the States for some time.

Harris has travelled all over the world. He had a box marked "Pritchard & Co., London," and it contained a skeleton key, evidently made for store doors, carefully wrapped in paper to hold themselves in readiness to proceed to the scene of the wreck at a moment's notice.

Harris is 38 years of age, 5 feet 4 inches tall, and a typical Englishman in appearance, wearing a monocle and the reputation of a wide whistler. He was born in England and was at one time a marine in the British navy.

Goods Were From Texas. Chief McDonnell, of the Detective Bureau, has just returned from a tour of inspection in Texas, last evening, stating that the goods found on Harris were probably from the store of H. C. Nixon, one of the leading jewelry firms of the city, was valued at \$12,000 worth of jewelry. The men were thought to have been implicated in the robbery of the store, and were taken for their arrest and the return of the goods.

Robbers on Yonge-Street. The Store of T. H. George, No. 600, Was Entered Yesterday Afternoon and Ransacked.

Residents in the north-end have a protection in the fact that the proper police force is afforded them. Robbers are rampant in the district and always elude the police.

Koster's store, on the store of T. H. George, 600 Yonge-street, was broken into, some liquor and a small amount of money were stolen.

Five boys are thought to be implicated in it. A strange, but true it is, that this is the fourth time the store has been robbed. The next door store has also been visited. A grocery store opposite Mr. George's store was shortly after the visit to No. 600. The thieves took flight at the sight of a policeman who spied them trying to force the back door.

The residents want to know what the police are going to do for them.

"Spring Unlocks The Flowers The Flowers To Paint the Laughing Soil." And not even Nature would allow the flowers to grow and blossom to perfection without good soil. Now Nature and people are much alike; the former must have sunshine, latter must have pure blood in order to have perfect health.

Hood's Sarsaparilla cures blood troubles of all sorts. It is to the human system what sunshine is to Nature—the destroyer of disease germs. It never disappoints.

"Poor Blood."—The doctor said there were not seven drops of good blood in my body. Hood's Sarsaparilla built me up and made me well and strong."—Rosalie E. Brown, 36 Astor Hill, Lynn, Mass.

Dyspepsia, etc.—"A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite and took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured."—N. B. Seelye, 1574 W. 14th Av., Denver.

Rheumatism.—"My husband was obliged to give up work on account of rheumatism. No remedy helped until he used Hood's Sarsaparilla, which permanently cured him. It cured my daughter of catarrh of the bladder, and my own rheumatism."—Mrs. J. S. McMath, Stamford, Ct.

Travelers visiting Brantford will find Alf Fleming's restaurant, 44 Market-street, a particularly nice spot to get a particularly nice lunch.

ON TOP OF THE STAGE

A Special Week at the Princess.

The Princess Theatre will be very attractive this week. Commencing this afternoon, in order to fittingly celebrate the close of the long season of 30 weeks, the Cummings Stock Company will present a double bill of plays, that, screaming farces, "Pals of Lunatics," and, second, Sydney's Grand, brilliant comedy, "The Arabian Nights," which had a run of two years at the Globe Theatre in London and has frequently been played in the United States with unbounded success. Miss Helen Byron as Rosa Colomber, the Gipsy Percha girl, will present a character that will be all well taken, and with handsome stage settings a performance may be expected that will crowd the house twice daily for weeks, and the evening performances are strongly advised to secure their seats in advance, as the booking is already very large, especially for Queen's Birthday.

"The Countess 400." "The Countess 400," Matt Berry's famous organization of crooks and octoroons, will be the attraction at the Toronto Opera House this week, and the event will undoubtedly prove one of unusual interest in musical and amusement-loving circles.

Why is it that every tire that ranges itself against the Dunlop Tire offers the inducement of a cheaper price?

Because riders insist on Dunlop Tires when they are "paying the price" of a good wheel.

This is not the only reason—but 'tis one of them.

THE TORONTO GARRISON'S SEMI-ANNUAL CHURCH PARADE YESTERDAY.

SOLDIERS MARCHED THE TORONTO PARADE

Yesterday When the Annual Military Parade to Massey Hall Was Royally Held.

THOUSANDS THROUG STREET.

Nearly Two Thousand Men on Parade—A Bright Religious Service—Notes of the Walk.

Toronto's quota of Canada's brave defenders, representative in all the finer and grander of review order uniform, and about 2000 strong, marched through many streets to divine service in Massey Hall yesterday afternoon, and were gazed upon with admiration by thousands and thousands of citizens, who had turned out in their best to see so pretty a sight and to encourage the soldiers.

Who Were on Hand.

The crowd included many ex-members of the various regiments, who were out to take a look at their old corps and proudly note how much better it looked than the others. Another more apparent element was the small boy, who is only waiting until he is old enough to join the regiment he has already chosen as the one he will belong to.

Crowds Everywhere.

The side streets were blocked with carriages, for those who could afford a conveyance, and some that could not, had taken advantage of the fine day for a ride and a good view of the parade through the windows of the buildings along the route.

Notes of the Parade.

The march back to the Armouries was via Yonge Street, Simcoe and Queen to the Armouries and the crowd was almost as great as before the service. People living far from the centre of the city now have a chance to see the military church parade conveniently.

Regiments on Foot.

The Infantry was brigaded under Lieut.-Col. Delamere, who walked at the head of Lieut.-Col. Mason's sturdy Royal Grenadiers. The officers were the Capt. Goodenham, H. G. and Lieut. Burdette. The popular dress uniforms of the corps presented a neat appearance and rendered some good music.

At Massey Hall.

Long before the band boys reached Massey Hall, its entrances were besieged by hundreds of persons, mostly women, who impatiently awaited the opening of the doors. When the key was turned, the two galleries of the hall were quickly filled with animated spectators. Nearly two thousand were present.

HENDRIE WINS THE GUINEAS

Butter Scotch Turned the Tide—Seagrams Dalmiro in Second Place.

TODDY LADLE IN THE MONEY.

One Favorite, 4 Second Choices and 2 Outsiders Win on Opening Day at Woodbine.

It was a day of great interest and excitement at Woodbine, where the racing season has just opened. The public was well represented, and the horses were in good condition. The results of the races were as follows:

Everything Serene.

Despite the croakers the track was in good condition, and the racing was of a high standard. The public was well served, and the horses were in good condition.

Queens of Beauty.

So far as the patronage of masculinity, what shall be said of the gala of beauty, exquisitely attired in Fashion's latest garb, has been a success.

Day to be Remembered.

And to complete the day, the Royal Grenadiers, with their band and brass, were in the foreground, and the public was well served.

How the Races Were Won.

Six favorites, all strongly backed, were beaten on the opening day at Woodbine Park. Romancer, in the Hunters' flat, being the only first choice to finish in front.

The Betting Ring.

Twenty-one firms besides the mutuels did business in the ring, namely: Jim Park, Barley & Co., and the following clubs: X.X., American, Dearwood, Manhattan, Century, Huron, Rampage, Ashland, Boulevard, Potomac, Edison, Monitor, Melrose, Camden, Reliable, Detroit and Erie.

### Some Merit.

Went through a Jewellery Store and Other Places—Were Alarmed by a Watchful Barber.

Harrow, Ont., May 20.—During the night a gang of burglars visited this place. They came south on the L.E. & D.R. Railway, having broken into the station at McGregor Junction, seven miles north of here, and taken all the cash in the till, which happened to be only 20 cents. They then secured the hand car out of the section house, and came to Harrow, arriving about 2 o'clock. They first entered F. B. Sinaas's blacksmith shop and secured some tools. Then, proceeding to A. Munger's Jewellery store, broke in the back door and took a lot of watches, which had been left for repairs; leaving all the new watches, rings and other valuables in Richardson's hardware store was next broken into. The safe was blown open and about \$15 taken. It required two charges to open the safe. The reports were heard by several, but were thought to be large fire crackers. A man coming out of the store, and being joined by three others, who had no doubt been on guard near by, all struck the burglar towards the railroad, thus escaping before an alarm could be given. Government Detective Camp and Mahoney of Windsor were here this morning, working on the case. It is thought that a light in the barber's window overhead deterred some while operated at Blenheim a short time ago.

### AN OSTRICH FEATHER FARM.

Will Be Established Near the City of Toronto Before the End of Next Month.

LOTS OF MONEY IN THE BUSINESS.

Farm Will Start With Nine Birds, Five Full-Grown and Four Chicks.

In a few days an ostrich farm will be established within a mile or so of Toronto. Negotiations are now under way for the purchase of a property, and the ostriches, some years ago, have been shipped from San Francisco, and will arrive in Toronto about June 1.

Can Be Made to Pay.

The proprietor of the farm will be William T. Lundy of 664 Ontario-street. For some years he has been studying the conditions of ostrich-farming, and he is now thoroughly satisfied that he can make it a paying venture in Canada. He has recently returned from San Francisco, where he purchased the birds from the Pasadena Ostrich Farm. The king of his flock, which is in the name of "Bob Fitzsimmons" and is a beauty, being nearly eight feet high and weighing 250 pounds. He is a very rare bird, his feathers having a natural curl, and some of the plumes being 15 to 24 inches in length. "Mrs. Bob Fitzsimmons" is with him, and she is a fine bird too, but the male is considered more valuable than the female.

Five Are Full Grown.

The flock comprises five full-grown birds and four chicks. The big birds have already started. A healthy, full-grown ostrich can be clipped twice a year, and Mr. Lundy says the field of feathers from each clipping nets from \$150 to \$200. Thus, an ostrich is a valuable bird to cultivate. The wings and tail plumes are the best, but the body feathers are good for the small tips.

Where Will It Be?

Mr. Lundy stated to the World that he had not yet decided on the exact location of his farm, but he is negotiating for a suitable site now, and he will plant it in shape when his ostriches arrive. The ostrich is a native of the west and knows a little about ostriches. Adjacent to the farm, an establishment will be built to cur and dye the feathers. Mr. Lundy went to great expense and difficulty to secure this bird of ostriches, as it is the only available here in America outside of the great ostrich feather trust, which has its headquarters in the United States to control the supply of ostrich feathers.

Imports America Imports about \$2,000,000 worth of feathers annually. These all come from the South of Africa, and the total output of that country is controlled by several large London syndicates. Although they cannot be called a feather pool, they work in harmony and fix the prices according to their own inclination. Take, for instance, the recent sale of wool, where manufacturers were forced to pay an enormous advance on their raw stock, the only reason for the high prices being that feathers are in good demand in Europe.

Six Farms in the U. S.

There are at present in the United States six ostrich feather farms—four in Southern California, one in Arizona and one in Florida. These farms have heretofore been used for breeding ostriches, and the ostriches from all over the country visited them, and the owners made their profits from the price of admission and the sale of feathers, which were supposed to have come from the birds, but which were really often bought from other sources. They also sold the birds for exhibition purposes.

South Africa Afield.

The first ostrich, 22 in number, were imported from South Africa in 1882 by Dr. Porter and E. Atherton, and were sold in an English auction for \$21,000. Since a number more were sent over a little later, but the people of South Africa have since afraid that the birds were exported in large numbers they would lose their valuable ostrich stock. The ostrich is nearly the whole world, and put such a price on them that it stopped their exportation at once.

The birds thrive as well, and even better, in California than they do in their native land, their feathers being finer and wider.

There are now in America about 400 ostriches, and it is believed that if they can be all collected in one place, inside of fifteen years their number will have increased to such an extent that this country will be able to supply all the feathers that are needed.

That Reception to Dewey.

Bobargson Independent. Dewey is coming home to the States, and the New York Council is to issue bonds for \$150,000 to pay the expenses of celebrating his return. Did you ever hear of such utter madness? What in Sam Hill is to be done? By prearrangement and forewarned, he went into a defensible harbor, and with a fleet of perfect modern invention he knocked to pieces a gun on them with which they could not resist. He actually called for an hour to let his men take breakfast, and then resumed the battling of the poor Spanish rats. Courage! Heroism! Great heavens, it was the courage of a giant stepping on a toad, the heroism of tracking a lion under the thumb nail! And the poor, struggling masses of New York must be taxed for \$150,000 to celebrate such heroism! A banquet at \$100 a plate? A feed and a ruzzle, and a whirlwind of decoration over such a hero? The exhibition schemers are playing the people for fools, surely, and the cat schemers know what they are about.

Roosevelt's Canal Investigators.

Buffalo, May 20.—The commission appointed by Governor Roosevelt to investigate the canal has started on its tour. They left Buffalo at 7 o'clock, and will go over the Welland Canal for the purpose of collecting data and statistics bearing on the canal question. Then they will go to the St. Lawrence canal and Montreal, returning by way of Lake Champlain.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Thomas' Electric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. It was the whole of summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have not been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me."

### BUSY BURGLARS AT HARROW

Tapped the Railway Station at McGregor Junction and Got Twenty Cents.

THEY GOT TOOLS FROM A SMITHY.

Went through a Jewellery Store and Other Places—Were Alarmed by a Watchful Barber.

Harrow, Ont., May 20.—During the night a gang of burglars visited this place. They came south on the L.E. & D.R. Railway, having broken into the station at McGregor Junction, seven miles north of here, and taken all the cash in the till, which happened to be only 20 cents. They then secured the hand car out of the section house, and came to Harrow, arriving about 2 o'clock. They first entered F. B. Sinaas's blacksmith shop and secured some tools. Then, proceeding to A. Munger's Jewellery store, broke in the back door and took a lot of watches, which had been left for repairs; leaving all the new watches, rings and other valuables in Richardson's hardware store was next broken into. The safe was blown open and about \$15 taken. It required two charges to open the safe. The reports were heard by several, but were thought to be large fire crackers. A man coming out of the store, and being joined by three others, who had no doubt been on guard near by, all struck the burglar towards the railroad, thus escaping before an alarm could be given. Government Detective Camp and Mahoney of Windsor were here this morning, working on the case. It is thought that a light in the barber's window overhead deterred some while operated at Blenheim a short time ago.

### Short Line to Great Britain

THE CANADIAN S.S. CO.'S WINTER SAILINGS.

Millford Haven, Paspebiac, St. John's, Newfoundland S. S. DORSET

Leave Burlington 7:45 a.m., 10:45 a.m., 2:30 and 6:30 p.m.

### O. C. FISH IS FREE.

Grand Jury at Parry Sound Threw Out the Indictment Against Emsdale Man.

Parry Sound, Ont., May 20.—The spring Assizes here were concluded to-day before Mr. Justice Ferguson. The case against O. C. Fish, accused of stealing \$6000 from his brother, an Emsdale merchant, was thrown out by the grand jury. Fish had been arrested in Dubuque, Iowa, and was extradited to Parry Sound for trial. The grand jury, however, threw out the indictment, and the case against the accused was dropped.

### NIAGARA RIVER LINE

THAT BOUNDARY SMELTER.

Details About the Site Chosen and the Prospective Capacity of the New Plant.

AMALGAMATED COPPER MINES.

A Trout Lake Deal - Mining in Hastings County - Sales and Closing Quotations on Exchange.

O. D. Hoar of Spokane consummated a deal last week through W. C. McKim of Vancouver with an English syndicate for the Empire group in the Trout Lake district for \$300,000 cash.

Canada's Greatest Industry.

The Montreal Trade Bulletin says that the mineral resources of Canada are now apparently turning out to be all that the Trade Bulletin predicted of them years ago, and the time is coming when they will yield as much as our combined exports of grain, dairy produce, cattle and timber.

Hastings County Mining.

Mr. Joseph James is this week shipping large quantities of actinolite to Toronto and Chicago to be used for roofing purposes. The actinolite is mined from the mines four miles north of here to the C. E. E. mine at Tread and there loaded on the cars.

BOUNDARY COUNTRY SMELTER.

Great Joy in Grand Forks Over the Choice of a Site for a Plant.

Grand Forks, B. C., May 14.—When Mr. J. F. Graves yesterday afternoon announced the public announcement that the Granby Consolidated Mining and Smelting Company had decided to locate a smelter near here, the inhabitants fairly went wild with joy.

The entire population of nearly 1200 thronged the streets along which blazed huge bonfires. It seemed as though hell had broken loose. Bells set up a joyous peal, whistles blew, tin cans rattled in the hands of some of the giant powder freight distributors to miners boomed forth a salute from the surrounding mountain tops.

The buildings will include a main blast furnace, a main boiler, a machine shop, a blacksmith shop, sampling works and a roaster building. The main building will be 300 feet long, 100 feet wide and 40 feet high. The smoke stacks will be about 150 feet in height. The company will also erect an assay office and brick office.

Free Medical Treatment For Weak Men Who are Willing to Pay When Convinced of Cure.

SCIENTIFIC combined medical and mechanical has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—remedies and appliances—without advance payment to any honest man. If not all that is claimed—any you wish—send it back—that ends it—pay nothing.

ERIE MEDICAL CO., 66 NIAGARA ST., BUFFALO, N. Y.

Sirs—As per statement in TORONTO WORLD, you may mail to me, under plain letter seal, postage paid, full explanation of your new system of furnishing your Appliances and Remedies to reliable men on trial and approval without expense—no payment to be made in advance—no cost of any kind unless treatment proves successful and entirely satisfactory. Also mail sealed, free, your new medical book for men.

Give name and address in full. Please write very plainly.

AGE MARRIED OR SINGLE

building. The roof of the smelter building will be corrugated iron. The ore to be treated are those of the Knob Hill, Old Ironsides, City of Toronto, and the Knobs, which are now being developed. The Knob Hill and Ironsides are now in a position to ship 400 tons of ore jointly daily. The engineers are now making maps and surveys of the proposed spur from the main line to the smelter near the Knob Hill.

AMALGAMATED COPPER.

An Article on the Situation of the Market for This Stock.

Boston, May 19.—(Special).—For over 50 years the great copper mines of America have been owned and managed by Boston men and capital, in conjunction with one or two western interests, which had come into possession of the mines by discovery and growing up with them.

Table with columns for stock names and prices. Includes Trail Creek at 5 1/2, Grand Forks at 10 1/2, and others.

Don't boggle

Boggling doesn't pay, in the matter of Pearl-line. Don't do your washing in a harder way that costs more, when Pearl-line has an easier way that's more economical.

Woman's World

Devoted Specially to the Interests of our Women Readers.

Conducted by Katherine Leslie.

It has been so deplorably the custom of Canadian book reviewers, within the last few years, to puff extravagantly every production from the pen of a Canadian, and not because of the beauty or strength of their work, that we have grown weary of their well-meant but foolish policy.

There is a delightful book

"The Eye of a God" by the Rev. Dr. D. C. MacLennan. It is a story of a man who is tempted to prophesy that "at least we have got something to say about the meaning of our lives."

It is curious, too, that in the Canadian

style of expression for "Die and be born a native born," is not nearly so happy as in his tales of Burns; the former are very much more original than the latter.

We never weary hearing of some countries

and their people, and Japan is one of the countries that we hear of most often.

WE WANT

THE MİKADO AND REGINA SEND SOME BEAUTIES TO RAT PORTAGE TO BE SENT TO ENGLAND.

The Portage Miner: Manager McMillan of the Mikado mine was in town this week, coming in on the Sport. He brought in 52 pounds of gold bricks, or about \$15,000, as the result of the last clean-up of the mill and cyanide plant. It is stated that the latter process ran 24 days on the concentrates, and cleaned up \$2300 in gold.

MANAGER MAILVILLE OF THE REGINA MINE

arrived in town Saturday with three gold bars, worth \$2000, which were placed in the showcase of the Hilliard House and were the centre of attraction all day.
