Change in Soviet Terms Denounced by Balfour; Reply Demanded Peasants With Clubs and Scythes Are Hunting Down Bolsheviki

EXTENDED FROM SOURCE OF PERIL TO POLISH ARMIES

Would Place Them in Former Position of Inferiority of Numbers.

EXPECT DOUBLE MOVE

Paris, Aug. 24.—The Poles continue to exploit their victory in a most skillful manner. The Bolsheviki northern army, even should it be able to cut its way eastward, will find its road barred by President Pilsudski's forces, who have reached Bialystok by a rapid march.

The Bolsheviki, however, according to the latest advice reaching Paris, are very active higher up the Bug, notably in the region of Wlodawa, 72 miles southeast of Siedlce. Pilsudski is believed undoubtedly to have left forces on the river to guard his flank and rear, but unless the Reds are altogether negligent the Polish commander cannot long ignore the potential danger.

It is expected in French military circles that he will detach part of his troops both to ward against this danger and hasten the liberation of the whole of the territory. It is thought he will likely start a double move, northward toward Grodno, so as to restore strategic liaison with the Vilna Lithuanians, and to the south or south-eastward, so as to force a retreat of the Bolsheviki still in positions on the Bug River and in Galicia.

So far it has been plain sailing for the Poles, in the opinion of military observers, but it is declared further development of the operations involves a certain danger for the Poles, who will be obliged to extend their front considerably. It is pointed out that such an extension of front which placed the Poles in a position of inferiority at the time of the Bolsheviki offensive, and if the same cause were to be followed by the same effect by an ill-considered advance now the Poles would be liable to lose a large part of the fruits of their victory.

POLAND HAS RIGHT IN DANZIG PORT

Millerand Invites Commissioner to Expedite Shipment of Munitions.

Paris, Aug. 24.—Premier Millerand of France, acting as president of the supreme council, has telegraphed Sir Reginald Tower, allied high commissioner at Danzig, inviting him to assure to Poland complete liberty in the importation of war material thru Danzig, as provided for in the Versailles treaty.

Premier Millerand also invited Sir Reginald to use all the resources in his power to assist in the unloading of ammunition already in the Danzig roads and all that may reach the free city in the future.

The French premier's instructions came shortly after the British Charge d'Affaires in London called at the foreign office and informed Mr. Millerand that Premier Lloyd George recognized "the absolutely formal right of Poland to export an immense quantity of Danzig without restriction, as provided in the Versailles treaty."

Military Occupation Suggested. London, Aug. 24.—One plan for the settlement of the Danzig problem under consideration today by Great Britain and France was allied military occupation of the city, alluded to tonight no decision had been reached.

It is stated here that the military authorities of both countries are agreed that it would be inadvisable to attempt to unload munitions there at the present time, notwithstanding Mr. Lloyd George's statement at Lucerne that ships should not be stopped at Danzig.

Will Halt War Supplies. Berlin, Aug. 24.—The governing board of the railway workers' union at Danzig has voted to halt all war supplies arriving at that port destined for Poland. It will permit the transit open of food and salt supplies.

The governing board has appointed local surveillance boards, which also include the stations of Zoppot, Hohenstein and Neufahrwasser.

HARVESTING IN WEST IS BUSILY UNDER WAY

Winnipeg, Aug. 24.—(By Canadian Press)—Assisted by thirty thousand harvesters from eastern Canada the farmers of the western provinces are taking off their crops. The sound of the binder and the thrasher is heard from one end to the other of this western country, according to the weekly report of the Canadian National Railways in dealing with conditions along their lines.

Most points send favorable reports. There appears to have been little damage from hail and rust, and only one or two points report any damage from frost. Generally speaking the weather is favorable for harvesting and for the ripening of late grain crops.

REPORT JOHN DOUGHTY IS HELD BY THE POLICE IN SOUTH OF FRANCE

No Local Confirmation of Rumor That Former Secretary of Ambrose J. Small, Missing From Toronto for Nearly Eight Months, Has Been Located.

Special Cable to The Toronto World. London, Aug. 24.—It was reported here tonight that John Doughty, formerly secretary to Ambrose J. Small, Toronto millionaire, has been arrested in the south of France.

No confirmation was given at Toronto police headquarters last night of the reported arrest of John Doughty who was last seen in Toronto on December 29, 1919, just 27 days after the mysterious disappearance of his employer, Ambrose J. Small. On June 10 the trustees of the Small estate authorized the issuance of circulars advising of a warrant for the arrest of John Doughty on a charge of conspiring to kidnap Mr. Small, and offering a reward of \$5,000 for his arrest. This reward holds good until September 1.

Doughty is thought to have visited the Dominion Bank safety deposit vaults and opened Mr. Small's box as early as 9.10 a.m. on the morning of his employer's disappearance. In the afternoon he is again said to have visited the vault, and not only opened Mr. Small's box, but also his own. When these were opened later both were found to be empty, and the presumption was that Doughty had removed the contents.

PLEA BY DUBLIN MAYOR FOR LIFE OF MacSWENEY

Dublin, Aug. 24.—The lord mayor of Dublin, thru The Freeman's Journal, has issued a plea to the British people for the life of Lord Mayor MacSweney, "not in the name of Ireland but in the name of all humanity."

The lord mayor today received a telegram from Mrs. MacSweney in London saying that she had been told "Terry is dying rapidly. Can nothing be done in Dublin? Tell all his friends."

The lord mayor communicated with the commander-in-chief of the Irish forces, who replied that the case of Mr. MacSweney was out of the hands of the Irish executive.

Services in Court. Cork, Aug. 24.—Activities in commercial houses and factories were halted between 10.45 and noon today, while the workers attended mass. This action was taken under the direction of the labor and civic council of action, who declared its purpose was "to show that there are points greater than purely physical ones."

The prayers of the multitude," continued the appeal of the council, "will rise to heaven to give succor to those who are suffering."

The churches were unable to accommodate the throngs of worshippers.

PROVINCIAL POLICE FORCE

In the reorganization of the provincial police, it is understood the strength will be raised to 100 or more men. The premier is expected to announce the details shortly.

MEIGHEN CRITICIZES ATTITUDE OF FARMERS

Addressing Large Meeting in Truro, N. S., in Interest of Hon. F. B. McCurdy, the Premier Hotly Resents Resolution of "Corruption" Passed by Colchester County Gathering—Hon. Hugh Guthrie "Invites" Liberals.

Truro, N.S., Aug. 24.—(By Canadian Press)—Crowds that overflowed the Princess Theatre and spread out into a nearby hall heard Premier Arthur Meighen, Hon. Hugh Guthrie, minister of militia, and Hon. F. B. McCurdy, minister of public works, expound the policies of the new National Liberal and Conservative government here tonight, and show why in their judgment the last named should be re-elected.

Premier Meighen occupied the greater portion of the time at the Princess Theatre meeting held simultaneously with the overflow meeting with a review of the achievements of Premier Borden's war-time administration and a discussion of the party's plans for the future. He was tendered an ovation upon arising, spoke in fine form, but was most effective perhaps in criticism of the farmers' attitude towards the present government.

Resents Colchester Motion. Quoting from a resolution passed at the meeting of Colchester Farmers, which nominated Mr. McCurdy's opponent in which it was stated that "the corruption of the Unionist government was a stench in the nostrils of the common people

JOHN DOUGHTY.

"DOYLE RULE" NOT BEST SYSTEM FOR MEASURING TIMBER

Province Does Not Receive as High Return in Fees.

EXPERTS ON STAND

The affairs of the Spanish River Lumber Company were again under the probe at yesterday's sitting of the Riddell-Latchford commission of inquiry. Probably the most interesting feature of the day was the admission that the Doyle rule, which is prescribed for use in Ontario, gives the lumberman much the better of it in the matter of "over runs."

There was also a wild passage of arms during the proceedings between Justice Riddell and a witness—M. T. Raymond, secretary of the Spanish River Lumber Company.

"The judge to Mr. Raymond, 'that the higher price you pay the greater the over run.' 'I do not like the insinuation, sir. I don't think you should make that statement,' answered the witness.

Wants No Instructions. Justice Riddell: 'But I am making it, and I need no instructions from you. The higher price you pay for the logs, the greater the over run.' 'I won't admit that the price has anything to do with it. You are trying to draw a conclusion I won't admit,' replied Mr. Raymond.

To Peter White, C. C. Mr. Raymond said about 12 to 15 per cent. was the proportion of timber cut by saws. 'There is no doubt about it, you saw that resaw into your mill, you saw that percentage, a large proportion of which was formerly wasted.' A large proportion, yes. Witness said every slab went into the saw, as they were 'very anxious to get something out of every slab.' The diagrams did not include lumber taken out by resaws.

MEIGHEN CRITICIZES ATTITUDE OF FARMERS

Addressing Large Meeting in Truro, N. S., in Interest of Hon. F. B. McCurdy, the Premier Hotly Resents Resolution of "Corruption" Passed by Colchester County Gathering—Hon. Hugh Guthrie "Invites" Liberals.

F. B. McCurdy, minister of public works, expound the policies of the new National Liberal and Conservative government here tonight, and show why in their judgment the last named should be re-elected.

Premier Meighen occupied the greater portion of the time at the Princess Theatre meeting held simultaneously with the overflow meeting with a review of the achievements of Premier Borden's war-time administration and a discussion of the party's plans for the future. He was tendered an ovation upon arising, spoke in fine form, but was most effective perhaps in criticism of the farmers' attitude towards the present government.

Resents Colchester Motion. Quoting from a resolution passed at the meeting of Colchester Farmers, which nominated Mr. McCurdy's opponent in which it was stated that "the corruption of the Unionist government was a stench in the nostrils of the common people

of Canada," he declared that the resolution was either totally ignorant of the actual record of the Union government, or else had wantonly defiled the English language. During the past three years but one charge had been brought before the public accounts committee, made up of Farmers and Liberals as well as Unionists and this was found to be wholly groundless. Mr. T. A. Cramer, the leader of the Farmers' party, was a member of the Union government during two-thirds of its existence, and he ventured to say that Mr. Cramer knew of no cases of "corruption."

The fifteen members of the Farmers' party at present in the house knew nothing of any so-called corruption since they had never brought this matter to the attention of the house. They knew of no corruption, or else they did not possess the courage to expose it in the house. In either case he did not think it would help matters very much to add another Farmer to the present list.

Farmers and the Tariff. "The strongest group among our foes, and the strongest by far," declared the premier, "is not the free trader, but the tariff destroyer, joined unfortunately

TRANS-CANADA TRIP BY FEDERAL PLANES DURING SEPTEMBER

Officially Announce Big Flight—Half Way by Seaplane, Half by Airplane.

SURVEYING AIRLINE

Ottawa, Aug. 24.—(Canadian Press).—A trans-Canada flight, half way by seaplane and the other half by airplane, is contemplated by the Canadian air board, the effort to be made toward the end of next month, according to a statement issued tonight by Hon. Hugh Guthrie, minister of transport. It is set that the work of the board has now advanced to such an extent that some practical demonstration should be given of the possibilities of air navigation.

To Start at Halifax. It is proposed to make a start from Halifax and to reach Vancouver, B.C., with stops en route at Saint John, Marie, Winnipeg and Calgary and other places. Should wind and weather conditions prove favorable, this trip may be made in between 40 and 50 hours, including the time of stopovers, but, of course, a good deal will depend on weather conditions.

The board has now practically completed the survey of an airline across the continent, and the publication of the information obtained may be expected in the near future. Camp Borden has been fitted as the chief air station for Canada. Training of airmen will take place extensively at this point. Very little expenditure was needed to put the buildings at Camp Borden in shape for an air camp, and much valuable material, including aircraft of all descriptions, has now been received from Great Britain and is being installed at Camp Borden.

\$7,000,000 Aircraft Gift. The value of these aircraft, which were presented to the Canadian government as a free gift, amounting to about \$7,000,000. A seaplane station is being established at Halifax. The board proposes to take over the former naval station at Camp Borden, moderate expenditure to overhaul and equip it as a modern seaplane station. The Doyle rule, which is prescribed for use in Ontario, gives the lumberman much the better of it in the matter of "over runs."

EXPECT LIGHT ON GOLDBERG MURDER

Mother Gives Evidence—Important Testimony Looked For at Inquest Resumption.

The only witness examined at the adjourned inquest, held last evening, pertaining to the death of eight-year-old Philip Goldberg, who was murdered in High Park on August 7 last, was Mrs. Sarah Goldberg, mother of the unfortunate boy. Her evidence brought no fresh light on the dark tragedy, but it is anticipated that the crown will be able to bring forward some evidence on Wednesday of next week, which will have a very important bearing on the case.

Mrs. Goldberg said that she, her husband, and five children lived at the house at 112 McCaul street, and that there were two others who roomed there, Mr. and Mrs. Steinman. She testified that the boy, who was just over eight years of age, was born in Toronto and spoke both English and Yiddish. He was a smart boy for his age and was well built.

Witness told that on the day of the tragedy she had given Philip twelve cents to pay his way into a picture show and that was the last time she saw him alive. The boy went alone to the show so far as she knew. She did not know that her boy made acquaintance with any man nor had she heard of such. Witness further affirmed that she had no suspicion as to who was guilty of the foul outrage on her boy.

Crown Attorney Greer asked that the inquest be adjourned and this Assistant Coroner G. G. Rowe agreed. Wednesday, September 1, at 8.15 p.m., being fixed. Crown Attorney Armour, K.C., will then take up the inquiry as Mr. Greer vacates his office at the end of this month.

That some important evidence will be adduced at the hearing on Wednesday could be inferred from the remarks of Mr. Greer, who stated to the coroner that the crown would like to have the statement of the boy brought to trial this fall.

SUBSTITUTE FIANCE GETS TWELVE MONTHS

London, Aug. 24.—(By Canadian Press)—Paul Mellor, the ex-army officer, who was recently arrested on a charge of fraud, was today sentenced to twelve months' imprisonment. Mellor is the officer who figured in the Helen Butler episode, recently, when the typist was re-shipped by immigration officers from Halifax to London via New York, following her refusal to marry her original fiance, Captain Kitchin, of Sydney, N.S.

HUNTING PARTIES OUT WITH REDS AS THE GAME PEASANTS AID SOLDIERS

SULTAN AVERTS TO POSING AS WARRIOR

Constantinople, Aug. 23.—The Sultan does not favor the proposal made on the initiative of the grand vizier that he go to Anatolia at the head of an anti-Nationalist force as the sole remaining method to crush the Nationalist movement.

A squadron of British seaplanes left today on board the seaplane carrier Pegasus for Black Sea ports. They will fly over Anatolia and drop anti-Bolshevik literature.

PONZI'S CREDITORS TO GET LESS THAN HALF INVESTMENTS

Counsel for Financier Returns Cheques for Fees, and Suggests Receivers Do Same.

LIABILITIES \$7,000,000

Boston, Aug. 24.—A payment of less than 50 cents on the dollar to the creditors of Charles Ponzi's quick-rich scheme, if official estimates of his liabilities are correct, was indicated by his statement of assets at the receiver's hearing today.

Assuring the federal receivers that he had disclosed all he knew, Ponzi told of assets which Robert G. Dodge, counsel for the receivers, declared were "not worth anywhere near \$3,000,000." The official estimate of his liabilities, made after an audit of his accounts, stands at \$7,000,000. Work will soon be in full progress at both these stations by the latter of the British Columbia government.

The hearing was stormy at times. Daniel H. Cookley, counsel for Ponzi, surrendered to the receivers, to assist in meeting creditors' claims, cheques for \$25,000 each, which had been given to him and to Daniel V. Molinaro, associate counsel, as retaining fees. He said that when he took the money he had thought Ponzi was a millionaire, but that now he was not accepting the role of a creditor.

Edward A. Thurston, one of the receivers, remarked: "If you thought this man had a million dollars left, do you suppose anybody thinks you would have got only \$25,000?"

The Lie Passed. "You are to lie when you suggest anything like that," exclaimed Mr. Cookley, jumping to his feet. The lie was passed three times, with (Continued on Page 5, Column 4).

MRS. D. C. COLEMAN DROWNED IN WEST

Wife of Vice-President of C.P.R. Loses Life While Bathing.

Winnipeg, Man., Aug. 24.—Mrs. Coleman, wife of D. C. Coleman, vice-president of the Canadian Pacific Railway, was drowned at noon today at Windermere, B.C., while bathing in the lake. Reports which have been received here indicate that Mrs. Coleman got into water beyond her depth and assistance came too late to save her life. Word of the tragedy reached Mr. Coleman here this afternoon and he has left for the west.

Mrs. Coleman had spent the past month with her children in a cottage on the western shore of Lake Windermere, which is in the picturesque country south of Golden, B.C. Before her marriage to Mr. Coleman in 1906 Mrs. Coleman was Miss Anna Grant of Calgary. Besides her husband, Mrs. Coleman leaves two sons, aged 8 and 4, and a daughter, aged 2. A man went to her rescue in a canoe and reached her, but a strong wind was blowing and the waters so heavy that the canoe upset and Mrs. Coleman sank to her death. The body was recovered about two and a half hours after the tragedy, a few feet from the shore.

SOVIET TRADE WITH NORWAY

Christiania, Aug. 24.—Maxim Litvinoff, the Russian Bolsheviki assistant commissioner of foreign affairs, has been given permission to come to Christiania to negotiate trade relations between Russia and Norway.

Various Government Districts With Exception of Two Cleared of Bolsheviki

Lomza and Bialystok Recaptured by Poles—Many Red Detachments Cut Off—One Entire Division Prisoners.

Warsaw, Aug. 24.—The military authorities announce that the various government districts of Poland, with the exception of Suwalki and Grodno, have been virtually cleared of the Bolsheviki, and that the Polish soldiers in the process of seizing up. Demanded, but whether they are interned is not known here.

Many red detachments have been cut off from retreat and are gradually being gathered in. Peasants, armed with hunting clubs and scythes, are assisting the Polish soldiers in the process of seizing up. Demanded, but whether they are interned is not known here.

In various parts of the country, particularly between the Vistula and the Bug, where the Bolsheviki have been cut off from their communications, there are organized hunting parties, consisting of the members of hunt clubs and others who beat the woods about in search of reds, the same as for deer and wild bear. General Pilsudski has issued an appeal to the peasants to aid the army, and urges the peasants to make prisoners in all the places where they are found. The military authorities declare that since the Polish offensive began, about a week ago, more than 50,000 prisoners have been taken.

Lomza, 75 miles northeast of Warsaw, and Bialystok, 50 miles east of Warsaw, have been recaptured by the Poles, says an official communication issued by the war office here today. In the remaining occupied sectors in the north, the Bolsheviki are crossing the Prussian frontier in great numbers. In this region the eighteenth and thirty-third Bolsheviki divisions have been smashed, and all of the fifty-fourth division have been taken prisoner.

Division Staff Captured. The fifth Polish army alone, operating in the northern front, has about 100,000 men, and has captured more than 20,000 prisoners, including the staff of the eighteenth and the fifty-fourth divisions, says the communication.

Red forces hemmed in between Prussia and the Vistula, are trying to fight their way eastward. Reds caught on all sides by the Poles launched an attack south of Mlawa. The attack was repulsed. The Poles have taken many prisoners.

The communication says that the Poles taken prisoner by the Kuban Cossacks have been murdered. "In the region of Snaidovo," continues the statement, "there was (Continued on Page 2, Column 4).

LADY MELVIN-JONES DIES IN TORONTO

Took Great Interest in Public Affairs—Widow of Famous Canadian Merchant.

Rather suddenly, but not altogether unexpectedly, Lady Melvin-Jones died last evening at eight o'clock at the family residence, Liawhadan, 145 St. George street. She had been more than usually ill for over a month, and passed away peacefully at eventide. Mrs. T. Crawford Brown, Lady Melvin-Jones' only daughter, in company with her husband, the Rev. T. Crawford Brown, was with Lady Melvin-Jones to the last.

Among the surviving relatives are Mrs. T. Crawford Brown and her two grandchildren, a brother in Toronto, and a sister, Mrs. Manning of Des Moines, Iowa. Lady Melvin-Jones was in her seventieth year, and was especially vigorous for her advanced years. Louise Irwin, Lady Melvin-Jones, was the widow of perhaps the greatest industrial captain of Canada of the twentieth century. Sir Lyman Melvin-Jones, one of the real founders of the Massey-Harris Company of Toronto and Brantford, a man of wide and diversified industrial interests.

It will be recalled that Sir Lyman and his wife and daughter, now Mrs. T. Crawford Brown, were in July, 1902, presented to the then Prince and Princess of Wales, now King George and Queen Mary, and were among the Canadian guests present at the great coronation ceremonial of August, 1902.

Lady Melvin-Jones was born of U. E. L. stock in the township of Tecumseh, near West Gwillimbury, 69 years ago, and married Sir Lyman in 1872. She was devoted not only to religious work as a prominent member of the Presbyterian Church in Canada, but was also an inveterate collector of high order, officiating at various periods as a councillor of the Order of the Daughters of Empire and also as vice-president of the Canadian Immigration Guild, of which she had been a valued member many years.

The funeral will be held from the late residence tomorrow afternoon at half past two, in strictest privacy.

BALFOUR DEMANDS SOVIET'S INTENTION BY FRIDAY EVENING

Points Out That Peace Terms Are in Contradiction of Those Announced.

MAY CHANGE POLICY

London, Aug. 24.—Arthur J. Balfour, lord president of the council, on behalf of Premier Lloyd George, last night sent to Leo Kameneff, Russian soviet representative here, a copy of the communique issued in Lucerne as a result of the conference of Premier Lloyd George and Gollit. Mr. Balfour's note accompanying the Lucerne communique says: "Mr. Balfour desires to emphasize the point that the terms which, according to recent information, the government of soviet Russia desires to impose upon Poland are in fundamental contradiction to those which M. Kameneff, on behalf of the soviet government, communicated to his majesty's government before the promulgation of parliament."

"The very serious view which his majesty's government takes of these new terms is clearly explained in the Premier's communication, and Mr. Balfour feels that he can add nothing to what is there said. Acting on his behalf, Mr. Balfour desires to ask whether it is a fact that the terms now asked of Poland are of the character which the information supplied to the governments of Italy and Great Britain leads Sir Lloyd George and Mr. Lloyd George to believe, and, if so, if the government of soviet Russia proposes to adhere to them."

"On the answer to these questions the future policy of the British government will depend, and as the matter is of the greatest importance I am to request that you to these questions may be received by Friday evening next at the latest."

"A copy of this communication has been addressed to M. Tchitcheroff, Kamenoff Leaves England? London, Aug. 24.—M. Kameneff, head of the Russian mission here, is preparing to leave England, according to The Daily Herald. This action is attributed to the "Loecere decision of the British and Italian premiers and Mr. Balfour's letter to M. Kameneff."

CHARGE THEFT OF RAILWAY TICKETS

Conductor and Merchant Arrested—Claimed to Have Made Huge Sum.

Alleged to have secured thousands of dollars thru the theft of railroad tickets during the past eighteen months, David Carson, C. P. E. conductor, and Samuel Shiffman, a merchant of King street, Hamilton, were last night arrested on charges of stealing railway tickets.

Detectives Nourse and Walter McConnell arrested both men, and it is charged that Carson has been stealing railroad tickets and passing them over to Shiffman who sold them over again. Carson was a conductor running from Toronto to Hamilton. When passengers protested against him on the train, it is alleged Carson would put them in his pocket. He carried a piece of cardboard about the size of a ticket which he punched an opening in the middle. Shiffman was arrested in Hamilton and handed over to the local police. Both men will appear this morning in police court.

HUGE APE MILKS COWS AND FRIGHTENS FARMERS

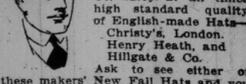

Pittsburg, Aug. 24.—(Special).—All night a group of men waited at the mouth of an abandoned mine on the outskirts of Homestead, near this city, for the appearance of a Simian monster, a huge ape, said to have been "terrorizing farmers and milking cows" in that vicinity.

Many farmers say their cows are being milked dry by a mysterious prowler, and the ape has been reported seen in many sections of Westmoreland and Allegheny counties. A friendly poker game was said to have been broken up when the animal dropped from an overhanging branch into the ante. The players fled, leaving the ape in possession.

A GREAT SHOWING OF NEW FALL HATS FOR MEN AT DINEEN'S

This cut represents one of the new styles in hats just opened at Dineen's. It is a combination of the best of other styles in Soft Hats. Greens, greys, browns and black are the prevailing colors. The Dineen Co. carry at all times high standard quality of English-made Hatters—Christy's, London, Henry Heath, and Hillgate & Co.

Ask to see either of these makers' New Fall Hats and you will be astonished at the value, considering the high prices of all imported goods. Dineen's address is 140 Yonge street.

APPROVES INCREASE IN STEAMER RATES

U. S. Shipping Board Authorizes Costal and Lake Lines to Add to Revenue.

Washington, Aug. 24.—Steamboat lines operating on the Atlantic coast, Great Lakes, and Gulf of Mexico, were authorized tonight by the United States shipping board to increase freight rates from 20 per cent. to 40 per cent. and passenger rates from 20 per cent. to 25 per cent. over existing levels on all water traffic.

The board's decision followed a hearing held last week on the application of the water carriers to put into effect rates corresponding to the joint rail and water advances recently authorized by the interstate commerce commission. The new all-water rates may be made effective on one day's notice to the board and the public and authorized by the board after a hearing.

Increases were authorized between ports on the Great Lakes of 40 per cent. on freight and 20 per cent. on passenger traffic. In announcing its decision the board stated: "After careful consideration of the applications, and supporting statements, and all the facts and evidence of record in the instant case, the board concludes and decides that, to the extent hereinafter indicated, the advances proposed to be made have been shown to be justified, reasonable and necessary."

BURNING OF BRIDGE HELD UP TOURISTS

Montreal, Aug. 24.—Hundreds of United States tourists were held up today for many hours at the Longueuil Ferry, over the St. Lawrence, as were also hundreds of farmers, carters and others. Some of the tourists paid as much as \$20 to a squib shore habitant to take his place in the mile-long procession waiting turns to ferry over into Montreal.

The block was caused by the destruction by fire of the vehicular road over the Victoria Jubilee bridge on Sunday. This is the principal bridge connecting with roads into the States, and it is not thought it can be opened for traffic until the beginning of next week at the earliest.

GUELPH O.T.A. BREAKER GIVEN YEAR IN JAIL

Guelph, Ont., Aug. 24.—(Special).—Joe Veroni, a well-known Alice street merchant, was this morning convicted at the police court of a second offence in contravention of the Ontario temperance act, and sentenced to one year in the Ontario reformatory. Veroni was not in court and it is understood that he has left the city. For some time the authorities have suspected that Veroni was trafficking in liquor on a large scale, and as the result of inquiries sufficient evidence was forthcoming to satisfy the magistrate that he had, by means of sending in orders addressed to fictitious addresses, succeeded in securing supplies, which were delivered to his address.

The feature of agricultural production which is thought to be the highest in Nova Scotia, is the apple and small fruit industry which flourishes in the famous Annapolis valley, and the adjoining areas in western Nova Scotia. In 1880, only 20,000 barrels of apples were exported from the province, while in 1911, a banner year, 1,544,000 barrels were shipped. In 1919, approximately two million were produced.

High Cost of Sugar

Present sugar prices may seem high to the average housewife, but W. McD. Tait in the next instalment of

Recollections of Kootenai Brown

which is one of the many excellent features of the

Toronto Sunday World

tells of a time when it sold for

One Hundred Dollars a Cup.

HAMILTON

Hamilton, Aug. 24.—The United Gas & Fuel Co. has fixed its prices for its physical assets and equipment to the city, in case it is taken over as a municipal plant. The company submitted a quotation of \$3,050,000. The city had previously offered the sum of \$2,900,000 for the plant. The controllers today declined to accept the offer of the company.

It is stated today as probable that the city council will soon introduce a bylaw providing for an increase in the salaries of the controllers from \$1200 to \$1500 a year, also to add \$500 a year to the salary of the mayor.

Jocelyn Jety, 102 Oak avenue, had his leg bruised this afternoon by being run down by a truck owned by the E. T. Wright Company and driven by W. Heddie, 81 Steven street.

Giuseppe Angio, 23 West Barton street, was slightly injured today by being struck by a hook while working at the rolling mills.

Robert McClelland, 234 Grosvenor avenue, and William Mills, 695 East Barton street, were taken into custody this evening, charged with theft.

Victoria Lodge, No. 84, I.O.F., celebrated its fifteenth anniversary this evening. Over two hundred members and their relatives and friends were present.

MONTREAL GAZETTE UP TO FIVE CENTS A COPY

Montreal, Aug. 24.—The Montreal Gazette will carry in tomorrow's issue an announcement that the paper will "on and after Wednesday, September 1, 1920, be sold at five cents," while the subscription price will be raised to twelve dollars a year. The present price is 3c.

The announcement states that the new price represents an advance to subscribers of about one-third, the increased cost of publication, and that the average percentage increase in costs has been 170 per cent. in the past six years.

PREDICTS BIG DROP IN PRICE OF SUGAR

Expert Foresees Fall to Ten Cents a Pound—Situation at Windsor Border.

Ottawa, Aug. 24.—A government expert on the sugar situation is quoted by The Citizen as stating that while sugar prices are tumbling in the United States and it is selling in certain places at 17 cents a pound, retail Canadian wholesalers, jobbers and others maintain their united front to the effect that it is not going down in Canada.

He prophesies that sugar will be around 10 cents in the not distant future. He says, of course, the refiners and wholesalers will try to keep up the price but economic laws may work in such a way as to make it impossible. Reversal in Windsor.

Windsor, Ont., Aug. 24.—Sugar in Windsor today is selling at 24 1/2 cents a pound. In Detroit it can be had for 17 cents. This is a reversal of conditions existing along this border three months ago when Detroit sugar bowls were empty while Windsor citizens were running along as usual, although slightly higher prices.

To relieve the situation the Dominion government raised its embargo on sugar and immediately the sweet stuff began pouring into Detroit and Windsor merchants, principally Syrian fruit dealers, ordered sugar by the carload from Montreal, where it trucked it across the river, where it found immediate sale at as high as 30 cents a pound. The premium of 13 per cent. on American money added a further substantial profit. Whether the process will now be reversed remains to be seen.

The value of the agricultural products of Nova Scotia last year has been estimated at \$40,000,000. If all the cleared arable land were under cultivation, it is estimated that this output could be increased to \$100,000,000 a year.

LACK WATER FOR MILLS; MAY HURT NEWSPAPERS

Ottawa, Aug. 24.—The possibility of a shortage of water for power purposes in the Ottawa-River has resulted in the various industries, particularly the pulp and paper mills, and the Chandler Falls, exercising the strictest economy in order to keep their plants in operation. At present the water is very low in the river and there is no reserve in case it should drop still lower. If the supply drops off to any extent it is quite possible that the industries will be seriously hampered, particularly the pulp and paper mills of the J. R. Booth firm. If the water situation should continue for several days, newspapers all over the country would be seriously affected.

LABOR MEN FAVOR POLITICAL ACTIVITY

Federation Convention Also Calls for Hydro to Operate the Phones.

Hamilton, Aug. 24.—The Canadian Federation of Labor in session in the L.O.F. chambers this afternoon went on record as in favor of political labor activity and advised that its members support the Independent Labor party or kindred organizations, both morally and financially.

A resolution was passed condemning the federal government for not passing an eight-hour day law, in accordance with the league of nations report. By resolution it was decided to advise the government to take steps to have the Hydro-Electric Commission take over the telephone system and that the federal government be memorialized to "repeal the discredited Canadian soldiers in England instead of importing alien labor."

By resolution it was decided to advise the government to take steps to have the Hydro-Electric Commission take over the telephone system and that the federal government be memorialized to "repeal the discredited Canadian soldiers in England instead of importing alien labor."

NATIONALIST AREA A FLAMING INFERNO

Lisburn, Ireland, Aug. 24.—The fires started by nationalists continued to rage through the night. Chagel Hill, in the nationalist area, on which are situated the Catholic church and St. Joseph's Hall, was a regular inferno. No attempt was made to set fire to the church, but the Union Jack was hoisted to the railings and held aloft.

The boot factory of the Messrs. Donaghy, on the most extensive in Ulster, was a smouldering ruin. When the debris a charred body was found.

The funeral of Police Inspector Swanzy occurred this morning. It was strictly private in view of the fierce passions which have been aroused by his murder last Sunday when he was returning from church.

WOMAN, DRIVING COUPE, COLLIDES WITH TRAIN

Kitchener, Ont., Aug. 24.—(Special).—Mrs. K. Burghardt was severely injured at noon today when a G.T.R. yard engine crashed into her coupe which she was driving at the time across the level crossing at Breithaupt. The engine was going slowly at the time of the collision. When the collision occurred Mrs. Burghardt was thrown from her car and severely hurt by flying glass. She also sustained two fractures of the arm. She was rushed at once to the Kitchener and Waterloo Hospital, where it is understood her condition is such as not to warrant alarm. The coupe was badly damaged.

UNIQUE COMPETITIONS AT RIDGETOWN REUNION

Ridgetown, Aug. 24.—Today proved a record breaker in regard to attendance at the old boys' and old girls' reunion, the town and fair grounds being thronged with visitors. It was a kind of get-together day, the horse races being thrown over until tomorrow and the visitors being given a chance to meet old acquaintances.

The competition for the various special prizes was also decided for the old girls coming the greatest distance. Mrs. May of Pasadena, Calif., proved the winner, her nearest rival coming from Los Angeles. There were entries from Miami, Florida, and Nelson, B.C. The prettiest old girl over fifty years of age was judged to be Miss Curry, of Tilbury.

VICTORIA LODGE I.O.O.F. OBSERVES ITS JUBILEE

Hamilton, Aug. 24.—Victoria Lodge, No. 84, I.O.O.F., celebrated its fiftieth anniversary this evening. Over two hundred members and their relatives and friends were present, and a thoroughly enjoyed a very interesting program. W. A. Butler, P.G., presided, and addresses were delivered by G. H. Mann, P. G. M., and Grand Master Robinson. Supper was also served, and during the evening a piece of jewelry was presented to every returned soldier member of the lodge, and to the relatives of men who died overseas. The honor roll of the lodge contained 46 names.

POSTAL WORKERS' STAND.

Edmonton, Alta., Aug. 24.—Strict adherence to the 44-hour week was decided upon by the Amalgamated Union of Postal Workers at their convention here this morning. Complaints have come from a number of sources that full observance of the department instructions was far from being general. Men in a number of locations working longer hours due to locations. The convention felt that it was a situation that could not be tolerated and passed a resolution to that effect, which was carried unanimously.

IRISH MODERATES IN CONFERENCE

Resolution Introduced Calling for Full National Self-Government.

Dublin, Aug. 24.—A conference of Irish moderates, called to enable every shade of home rule sentiment to unite in a statement to Premier Lloyd George relative to the future government of the island, opened here at noon today.

A resolution was put forward declaring that the conviction of the conference that it is "possible for the British government to secure peace in Ireland by an immediate and a binding offer of full national self-government, to be accepted or rejected by specially elected representatives of the people of Ireland, upon whom should be the task of adopting new constitutions suitable to the special requirement of Ireland or of any part thereof requiring special treatment."

Among the leading speakers in support of the resolution were Lord MacDonnell and Sir Stanley Harrington. The latter, in a speech, declared "Ireland is not a colony; it is a nation!"

Two policemen stood at the door directing ticket-takers. The hall itself was carefully guarded by republican volunteers. Every speaker declared Ireland wanted peace.

HUNTING PARTIES OUT AFTER REDS

(Continued From Page 1). bayonet fighting. The Poles smashed the eleventh red division and occupied Lounza (to the north), taking one thousand prisoners and seven canoes which the reds had used for hauling supplies at various points in Bialystok were taken prisoner and the city was occupied. Further Polish successes on the southern front are reported.

Saratov, Aug. 24.—An official communication issued by General Wrangel, commander of the anti-Bolshevik forces in the south, says: "The lines of the Sea of Azov our troops are advancing into the interior of Kuban. In the region of Volnovkha the enemy launched an offensive against Waldheim, but was repulsed. Near Tchernigovka we captured an entire regiment."

In the region of Yekaterinoslav and Novomoskovsk, and also north of the Dnieper, great uprisings against the Bolsheviks have occurred."

POLISH DELEGATES KEPT IN THE DARK

London, Aug. 24.—There is not the smallest prospect of a swift conclusion of peace, but all ethnographic Poland soon will be cleared of the Bolshevik forces, says The London Times War correspondent in a despatch dated Monday.

The Polish government does not know for certain if the despatch adds that the delegates at Minsk are aware of the altered military position due to the Polish victories, not yet having had time to hear the full report from the Polish delegates has just been received here.

The Poles say, contrary to statements of M. Tchitchev, the Bolshevik foreign minister, that their wireless is working faultlessly, but that the only satisfactory way of communicating with Minsk would be by courier.

A Polish courier despatched by the foreign office two days ago was not allowed to cross the frontier by the Bolsheviks.

The Times correspondent says the Bolsheviks apparently have entirely lost their heads, especially in the north-west. General Budenny and his Bolshevik forces are reported turning eastward. The news from Lemberg is good.

RUSSIAN ARMY STARTS A COUNTER-OFFENSIVE

London, Aug. 25.—A despatch to the Exchange Telegraph from Berlin says The Deutsch Allgemeine Zeitung publishes a report that the Russian northern army has commenced a counter-offensive which appears to have partly succeeded.

The despatch adds that the Poles have been forced back in the "corridor" between Miawa and Chozek, while in the neighborhood of Neidenburg a decisive battle is in progress.

BAD FOREST FIRES IN NEW MANITOBA

Two Trading Posts Wiped Out in The Pas District—Blaze at Moose Lake.

The Pas, Man., Aug. 24.—Forest fires are raging in New Manitoba, principally along the Hudson Bay railway at Thicket Portage. Two trading posts were wiped out completely with a loss of \$25,000. Moose Lake reports a fierce blaze in the bush surrounding that town, and from Sturgeon Landing comes a report that a sudden change in the wind will ruin that place. Volunteer firemen are doing all possible to stay the progress of the flames.

Winnipeg, Aug. 24.—Mr. and Mrs. J. Ward and Mrs. George Ward, reported to be perished in the bush fires, which have laid waste the district around Mulvihill, are safe at Camper, Man., according to a report this morning over the long distance telephone from that town. After a long flight ahead of the flames, the three reached Camper Monday in an exhausted condition, it is said.

BRITISH SIKHS DEFEAT TRIBESMEN

Area North and Northeast of Bagdad is Reported Quiet.

London, Aug. 24.—Latest reports from Mesopotamia indicate that the situation is somewhat improved, according to a war office communique. The area to the northeast and north of Bagdad is reported quiet.

As a result of a recent battle south of Hillah, where a party of British Sikhs was attacked by a strong body of tribesmen, there were 200 casualties among the Arabs from rifle fire, and the British artillery inflicted heavy losses. The British casualties number forty.

Papers captured from a Bolshevik staff officer by a recent action near Mosul disclose a comprehensive scheme for overrunning Persia and capturing Teheran.

MEIGHEN CRITICIZES FARMERS' ATTITUDE

(Continued From Page 1). and unaturally to the free-wrecker who wants everything else destroyed as well. I don't believe one-third of the farmers of Canada are free traders, if they will only stop and think and see what they are heading for. I don't believe one-tenth of labor is free trade. About two years of free trade would cure those that are. I am aware that there are some who believe in a customs tariff for the purpose of revenue and who believe in a customs tariff as well for the sake of keeping work in Canada and holding and extending our industries. There are some, I say, who believe in a tariff for both purposes and who still claim to be opposed to the government's fiscal policy, Mr. Mackenzie King, as shown in his Toronto speech of a week ago is one.

Taking Over G.T.P. and C.N.R. Regarding the government's policy in taking over the Grand Trunk Pacific and Canadian Northern Railway lines, the premier said: "The lines I naturally build would have to be operated, and consequently, the systems could not pay for a time, but he believed that the expenditure of the roads was the sensible, courteous and profitable course."

SHOOT AT INSPECTORS; INCLUDING SPRACKLIN

Windsor, Ont., Aug. 24.—License inspectors Hallam, Churchill and Spracklin of this city, while arresting four men and confiscating a large quantity of liquor, near Sunnyside Hotel, last night, were shot at from nearby marshes by supposed friends of the quartet, and forced to fight their way to safety with their prisoners. Luckily, none of the officers was injured. The police are now searching for the men who fired the shots.

BRANTFORD COURT SENTENCES A FORGER

Brantford, Ont., Aug. 24.—(Special).—Hugh Simons was given an indeterminate sentence of from three to nine months in the Ontario Reformatory. He pleaded guilty on a charge of forging a cheque and passing it on the Bank of Hamilton here.

No definite answer was given to the delegation which met the town council of Paris to consider the purchase of the Oakland toll road.

J. A. Campbell, a dairyman, living in Brantford township, appeared in police court today on a charge of selling milk below the standard of butterfat set by the government. The defendant was fined \$1 and costs, \$2.75.

FINE ERRING MOTORIST.

Woodstock, Ont., Aug. 24.—(Special).—William J. Piper, the driver of one of the cars which figured in an accident on the Beachville road on Sunday, was fined \$10 and costs and ordered by Magistrate Bell to pay the damage to the other car, which will amount to forty dollars.

In 1918 the average yield per acre of spring wheat in Nova Scotia was 23.75 bushels; oats, 37.5 bushels; barley, 29; beans, 18; potatoes, 184; turnips, 391; hay and clover, 1.3 tons.

An Appeal to Employers

Sixty Thousand Young Girls are Living in Toronto away from Home

LIVING conditions in this city at present-day prices and with the present scarcity of houses, were never so difficult for young girls on salaries. Employers who engage young girls as more or less important cogs in the "Wheels of Commerce" have a direct interest—and a direct responsibility, too—in their welfare. On that basis we particularly appeal to employers on this, the last day of our campaign. Help make our efforts for the girls a success.

EATON'S DAILY STORE NEWS

"JUST A SONG AT TWILIGHT"

THE mellow tones of the harp, the bright, clear strains of the violin, the bird-like twitter of the flute, all blended in one beautiful volume of tone, thrilled and held me momentarily spellbound. Curious to see and hear, and learn the name of the machine that played, I sauntered into the Phonograph room on the Fifth Floor, and was confronted with many phonographs, though only one was playing, and it was the "Amphion." "Amphion"—master of music in Greek mythology—truly the renderer of the "Song-at-Twilight" played masterfully. The man in charge claimed it had the best motor that money could buy, and that on a phonograph motor everything depended. It must meet the laws of mechanics and the rigid laws of music. It must turn the turn-tables with perfect rhythm and without hesitation.

He also explained that the "Amphion" had a universal tone arm, an improved reproducer and a specially designed horn which enabled it to play the various kinds of records faithfully. The price, he said, was an extraordinary one, made possible through the buying chance of a lifetime that involved a great number of machines. I left the Phonograph Room quite convinced that if I bought a phonograph it would be an "Amphion."

Who knows, perhaps you would be taken with its beauty and value. At any rate, if interested write for full particulars or pay the Phonograph Section on the Fifth Floor, Main Store, a visit in person.

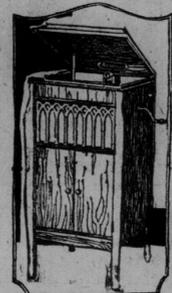

"A"—"Amphion" model No. 3, fumed oak or mahogany, cabinet size, 40 1/2 inches high x 19 1/4 inches wide x 20 1/2 inches deep. Improved nickel-plated reproducer with universal tone arm, graduated speed regulator and three-ply all-wood tone chamber. Record compartments for five albums, each with capacity of twelve records, newly designed Meiselbach double-spring motor. (May be wound while playing.) Price, \$75.00.

"B"—"Amphion" model No. 2, mahogany or fumed oak cabinet, table type, size 13 1/2 inches high x 18 1/2 inches wide x 21 1/2 inches deep, improved nickel-plated reproducer with universal tone arm, 12-inch turn-table, tone control, graduated speed regulator and three-ply all-wood tone chamber, Stephenson motor, double spiral drive. (May be wound while playing.) Price, \$50.00.

"C"—"Amphion" model No. 4, fumed oak, mahogany or walnut cabinet, 43 inches high x 20 1/2 inches wide x 21 3/4 inches back to front; Meiselbach motor, improved nickel-plated reproducer, with universal tone arm, 12-inch turn-table, tone control, graduated speed control and three-ply, all-wood tone chamber, record compartments for six albums, each with a capacity of twelve records, newly designed, 2-spring, spiral drive motor. (May be wound while playing.) Price, \$100.00.

"You Say You've Been Shopping, Mrs. Jones"

AND THAT you're tired both mentally and physically. "Some day, Mrs. Jones, you'll adopt my system of shopping, and you will find it better, quicker, and oh! so satisfactory.

"You'll forget that there ever was such a thing as a C.O.D. parcel, or that there ever was a need of waiting for change, or searching for a mislaid purse."

"Each month you will have at your finger-tips a complete list of the things you've purchased and their cost."

"And no matter if you're in the city or the most out-of-the-way place, this system of mine will work. The name of this system is 'Deposit Account,' and all the necessary routine connected with taking out an account is to apply at the D. A. Office on the Fourth Floor, Main Store. Have your signature recorded and receive your 'D.A.' number, then you may shop as you will, and by simply instructing sales clerks to charge your purchases to your D. A. number 'so-and-so,' have them come as paid."

"The deposit you make does not lie idle, for it collects good interest."

"Doubtless there is a better, quicker and more satisfactory shopping system, but I have yet to see it. Do take my advice, Mrs. Jones, and just try it."

—Deposit Account Office, Fourth Floor, Main Store.

Now Is the Time to Have Furs Repaired.

If you have a coat which needs re-lining new cuffs, or a collar, or a muff to remodel, etc., leave word at the Fur Department Office and a driver will call for the garment. Estimates may be obtained in advance if you so desire. Remember—special prices exist only until the end of August.
—Fourth Floor, James St., Main Store.

A Shirt That is Made to Order

FITS satisfactorily, is exclusive in pattern and of select material. Such are the made-to-measure shirts that are turned out by the new made-to-measure Shirt Section on the Main Floor, Queen Street, Main Store.

The man in charge was formerly one of the leading shirt makers of Fifth Avenue. He will make up a shirt in about three days' time.

Five minutes or so are all that are necessary in order to have your measure taken, but one may spend as much time in looking over the materials as he likes, and there's a big selection of them, such as silk, silk and wool, madras, cambrics and woven fabrics, in black and white, blue, mauve, helio, green, plain, etc.

Prices range from \$5.50 to \$18.50.

Remember the location—Main Floor, Queen Street, Main Store

BELL MANAGER TO ADDRESS MEETING

Gathering at City Hall This Afternoon Will Define Fighting Rates Policy.

Representatives of Toronto city council, the board of trade and other public bodies will meet in the council chamber of the city hall this afternoon at 3 o'clock to prepare the city's case in opposition to the rate increase demanded by the Bell Telephone Company. The meeting will be open to citizens who have any suggestions to make.

C. F. Sise, vice-president and general manager of the Bell Company, arrived in the city last night from Montreal, and has asked for the privilege of butting in a word for his company at the meeting. Mr. Dunstan, local manager, rang up the mayor yesterday and asked that Mr. Sise might be allowed to speak. It is quite likely he will be given the floor for a limited time.

Select General Committee.

A general committee will be appointed at the meeting to co-ordinate the forces which will fight the increase when the company's application is heard by the board of railway commissioners at Ottawa, and to compile data concerning the company's capitalization, stock allotments, and to engage expert witnesses. The meeting may also launch some kind of policy for a public-owned telephone service. If necessary, the city intends to carry the fight to the cabinet of the government.

The citizenship committee of the Local Council of Women invite the cooperation of all members of the council who can attend the meeting.

Will Seek to Canadianize Ukrainians in Dominion

Canadian Presbyterians and Methodists have united in an effort to Canadianize the three hundred thousand Ukrainians in Canada. It was announced yesterday that a definite first step in this union movement had been taken by the amalgamation of the Presbyterian and Methodist Ukrainian papers, which will in future be edited by G. W. Brown, a graduate of Victoria Methodist College, Toronto, with a Presbyterian Ukrainian, Rev. E. Bichinsky, as associate editor.

WANTS REPORT ON PEAT SITUATION NOW

An interim report concerning the work at the Alfred peat bogs has been received by the minister of mines. It asks for a delay of a year before making a direct finding regarding the possibilities of securing peat in sufficient quantities to be of real value in meeting the demand for fuel.

TEACHERS' EQUAL PAY

Chief Inspector Looks to Time When Spirit of Just Social Order Will Adjust Matters.

Chief Inspector Cowley's annual report was issued in printed form yesterday. The report states that the teachers' ages range from 20 to 60 years. Fifty-five per cent. of the female teachers and forty per cent. of the male are in their twenties; 19 per cent. of the female and 15 per cent. of the male are in the thirties; only one-fourth of the female and one-third of the male are over forty.

In reference to the problem of equal pay for female and male teachers, the report says: The spirit of just social order may be expected to lay increasing emphasis on the conditions of efficient service and less on the accident of sex.

Of 2,390 pupils who completed the public school course, seventy per cent. entered the high schools.

OPTIMISM IN WEST OVER CROP YIELDS

Minister of Railways Predicts One of Best Returns in Recent Years.

"The crops in the west are in beautiful shape, and I believe we are going to have one of the best yields experienced in recent years," said Hon. J. D. Reid, minister of railways, on his arrival in Toronto yesterday, adding: "Everybody is optimistic and they have plenty of reason for being so."

The minister denied that there was anything in the rumor that the C. N. R. would be removed from Toronto to Montreal. Hon. W. M. Martin, premier of Saskatchewan, who was in Toronto yesterday on his way to Ottawa, says the crop in his province will be larger than was anticipated, adding: "In Saskatchewan there will be a yield of 140,000,000 bushels, and Manitoba will have as large a crop as last year, between 45,000,000 and 50,000,000 bushel. The farmers are all busy now, and they have not much time to think of politics."

"The people," Mr. Martin continued, "are very largely opposed to the present government's statement of policy, both inside and outside the house, on the question of the tariff."

BOY'S FOOT LACERATED.

While playing at the Rhodes avenue railway crossing yesterday, Leslie Burrows, aged five years, slipped and fell under a moving train. The little boy's left foot was badly lacerated and he was taken in the police ambulance to the Hospital for Sick Children.

CONTRIBUTIONS GROW

Methodist Mission Board Announces Large Increase in Gifts of Church People.

Official announcement was made at the Methodist Mission Board offices, Toronto, yesterday, that the year's contributions had totaled nearly a million dollars, with a net increase of about \$16,000. The total by conferences was: Toronto, \$222,122.31; London, \$134,322.18; Hamilton, \$152,622.23; Bay of Quinte, \$32,078.45; Montreal, \$99,001.05; Nova Scotia, \$21,894.33; N. B. P.E.I., \$23,020.98; Newfoundland, \$85,192.65; Manitoba, \$60,512.90; Saskatchewan, \$62,286.22; Alberta, \$29,485.76; British Columbia, \$28,956.39; total, \$950,675.91.

COL. GOETHALS COMING

Colonel Goethals, the engineer who was in charge of the construction of the Panama Canal, and who is now general consulting engineer of the New York and New Jersey Port and Harbor Development Commission, will, with a party of officials of that commission, inspect the Toronto harbor development work on Sept. 11.

PROFESSOR ELLIS DIES AT MUSKOKA

Was Dean of Faculty of Applied Science at Toronto University.

Dr. William Hodgson Ellis, former dean of the faculty of applied science at Toronto University, died at Lake Joseph, Muskoka, yesterday. He was 74 years old.

Dr. Ellis was born at Bakewell, Derbyshire, England, and after coming to this country became a student at the University of Toronto, where he later held a chair for many years, and of which he became a senator in 1895. He attained the degree of B.A. in 1867, and master of arts in the following year. In 1870 he received the degree of M.B. In 1871 he became a licentiate of the Royal College of Physicians (Eng.) with the distinctions of F.R.C.S., F.R.C.P. and F.R.C.S. He was also a member of the Society of Public Analysts of Great Britain.

After holding various lectureships in Toronto he became professor of applied chemistry at the School of Practical Science in 1887. In 1900 he received the chair of toxicology in the University of Toronto. Dr. Ellis was twice president of the Canadian Institute, and was elected president of the local section of the Chemical Industry Society in 1906.

RECEIVE RESIGNATIONS OF PUBLIC SCHOOL TEACHERS

Chief Inspector Cowley has received resignations from the following public school teachers: Misses Edna J. Alexander, E. Florence Bothwell, Laura E. Clark, Elsie J. Lawson, Berne Madill, Effie McGill, Florence E. Rowntree, Annie W. Steele, Jean A. Wilson. Leave of absence for a year has been applied for by W. A. Clark, who is in the military hospital, Davisville; T. J. Davis, ill, until Jan. 1, 1921; Miss C. M. Jamison, for two months; Miss Margaret D. Moffatt, ill, until Oct. 1; W. F. Rattle, one year, to take university course; Miss Gertrude M. Thompson, one year; Miss Kathleen Vaughan, ill, leave until Dec. 31, 1920.

PREMIER IS MUM.

Premier Drury declined to say anything yesterday regarding the withdrawal of J. M. McEwen from the timber inquiry now being held at the parliament buildings. Neither would he say anything about the remarks of J. F. Morrison concerning him.

FINE PACK OF SALMON.

Ottawa, Aug. 24.—The department of marine and fisheries announces that up to August 6 the pack of Fraser River salmon exceeded that of four years ago by a considerable margin.

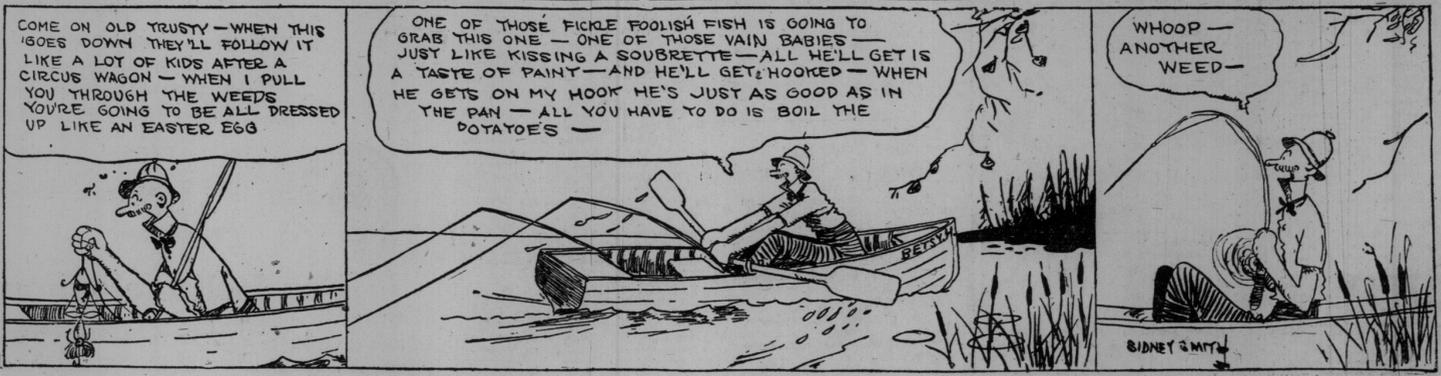

MONTREAL HANDLES NEW STATION PLANS

No Preparations Yet Made for Moving the C.P.R. Offices at Depot.

Some of the office space in the new Union Station will be occupied about the middle of September by the consolidated staffs of the C. T. R. and National Railways. Practically all of the western wing of the building above the ground floor is now ready, and will probably all be occupied this fall. When seen by the World yesterday, General Superintendent Groat of the C. P. R. offices said no preparations had yet been made for the C. P. R. offices to be moved and he could not say when they would get into the new building. Mr. Groat would not discuss the plans for the early opening of the big depot for traffic, as he said this matter was being handled entirely from Montreal.

The World asked Mr. Groat if there was any prospect of the Toronto suburban train service being enlarged, to which he replied that they were running more trains in and out of Toronto Union Station now than could be conveniently handled. Where possible Yonge street station was being used. At present five trains arrive at and four leave the Yonge street station daily, from Montreal, Peterboro, Owen Sound and two from Teeswater, and one to each of these places.

THE GUMPS—DRAGGING THE LAKE

PUBLIC SERVICE COMMISSION TOUR

No Conclusions to Be Reached Until All Parties Heard, Chairman Says.

The members of the Ontario Public Service Commission leave for the north on Saturday, September 4, and will hold sittings as follows: Halleybury, 6th; North Bay, 7th; Sudbury, 8th; Salet Ste. Marie, 10th; Port Arthur, 11th, and Fort Frances, 14th. From Fort Frances the commission will go to Winnipeg and will examine the methods that were followed there in transferring the land from the old system to the land titles system. On their return sittings will probably be held at Kenora and Pelly Sound, on dates that will be announced later. After the return of the commission it is intended to hold sittings at Toronto and at various centres throughout the province. Questionnaires on the subjects referred to the commission have been sent out to all county judges, registrars of deeds, sheriffs, police magistrates and to the general public, and numerous replies are now coming in and being tabulated. Asked as to the reports which have appeared in the press as to the conclusions of the commission, W. D. Gregory, the chairman, said: "After sitting in Toronto several days last month, the commission adjourned as several of its members had prior engagements which took them away. At the sittings held, the commission confined itself to hearing evidence and opinions from officials connected with some of the offices in Toronto and on two other interested parties. No conclusions on the subjects referred to it have been arrived at nor have the possible findings of the commission even been discussed by its members. No conclusions will be arrived at until the fullest opportunity is given all parties interested to be heard."

REAL ESTATE NEWS

Excavation Work of King Edward Extension To Be Finished Next Week.

The excavation work for the new King Edward Hotel will be finished next week by the contractors, Angus and Verocchio, and the work of erecting the steel will begin the week following. The Dominion Bridge Company have the contract for supplying and erecting the steel. The excavation for the sub-basement goes down to the level of the street level. A large granite boulder weighing about 12 tons was found in the clay while digging out the basement, and an oxo-cetylene flame was used to break it up so it could be removed.

The following building permits were issued by the city architect's department yesterday:

W. E. Segsworth, alterations and garage at 117 Glen road, \$2,500; T. Bland, alterations to 432 Markham street, \$2,500; G. Walker, two-storey brick and stucco detached dwelling, 69 Pine crescent, \$7,000; G. Wheeler, dwelling, 69 Pine crescent, \$7,000.

MASSEY HALL MASS MEETING.

Special box seats have been reserved for the editors of the five principal dailies in Toronto at next Sunday afternoon's mass meeting of veterans staged by the G. A. U. V. at Massey Hall at half past two. It is understood that a tier of seats has also been reserved for the general public as well as a special section for veterans themselves. The meeting is being held, so said J. Harry Flynn to The World last night, to bring the condition of the returned men to the direct attention of the public and also to draw attention to the political campaign now about to be waged by the returned men in the Dominion.

SIMPSON FUND GROWS.

"The majority of the labor unions in Toronto are responding nobly to the call of the Simpson Defence Fund," said John Cottam, president of the Building Trades Council to The World yesterday afternoon. Mr. Cottam refused to divulge the amount subscribed to date. He stated that many of the best and most prosperous unions had decided, however, to help the cause.

STOLE FROM DECKHAND.

Convicted in yesterday's police court of stealing \$82 from a fellow deckhand on the steamer Kingston, William Johnston was sentenced to 40 days at the jail farm. Five previous convictions stand against the delinquent.

CANADIAN NATIONAL EXHIBITION, TORONTO.

During the Canadian National Exhibition, August 30 to Sept. 11 inclusive, Grand Trunk train leaving Toronto 11:40 p.m. will stop at Aurora, Newmarket and Bradford to let off passengers. For further particulars apply to Grand Trunk agents.

COUNTY IS PLAINTIFF.

Action has been entered at Osgoode Hall by the county of York, which sues the Toronto and Hamilton Highway Commission for \$7,500 alleged due under agreement for part of cost of one of the county roads which the commission took over.

Paris Fashions In False Teeth

Paris, Mar. 8.—We may safely predict for the coming season that styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Corega, procurable at drug stores and dental dealers. This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums.—Adv.

CUT OUT ELOCUTION

Board of Education on Trustee Moves to Eliminate Contests on Empire Day.

Revolutionary changes in the public school system are to be proposed by Mrs. Groves at the public school section of the management committee of the board of education this afternoon. One of Mrs. Groves' motions proposes: "That in the reorganization of the inspectorial board, the following suggestions be carried out: (a) That the name 'Inspector' be changed to 'Director.' (b) That instead of assigning an inspector to a district, each be given charge of a special branch of the service under the following heads: (1) Equipment and visual education. (2) Vocational guidance. (3) Agriculture. (4) Adult education and community centres. (5) Educational research. (6) Civics and citizenship. That a copy of this resolution be sent to the minister of education and that permission be asked for the changes suggested." The same trustee will move that at future Empire Day public school contests no elocutionary contests take place. Mrs. Groves' third motion will be that manual training instructors give a series of talks on first aid and household mechanics.

CANCER CLINICS

Dr. Glover Treats More Patients—New Residence Is Hand-some and Homelike.

At the offices of his new residence, 588 Jarvis street, Dr. Glover yesterday treated a number of cancer patients, the opening of offices at this address being the carrying out of a plan contemplated for some time for the purpose of enlarging accommodation for his increasing general practice. The doctor has several assistants and it is said that the intention is to continue clinics at the hospital for bed patients and those able to be about to be treated at the Jarvis street offices. In keeping with the substantial character of the residence the furnishings so far in place are handsome and appointed so as to give a home-like appearance. Dr. Glover himself is not much in evidence, except to his patients, to whom and to a continuation of the development of his late scientific discoveries he devotes himself incessantly. Respecting the wish of some patients to remain unknown, it is said that numbers rather than names are given in the intercourse between physician and patient. The next clinic at St. Michael's Hospital will be held on Thursday.

WILLS AND BEQUESTS

Sons to Receive Farms Five Years After Death of Father, Subject to Annuities.

Mrs. Helena Victoria Bartlett is sole beneficiary under the will of her deceased husband, George B. Bartlett, who left estate valued at \$24,076. Under the will of the deceased John T. Devlin, a farmer of Vaughan, his estate, valued at \$16,600, is left for the maintenance of his wife and family and after the expiration of five years from the date of his death his sons are to receive his farms subject to annuities to his widow and daughters. Mrs. Annie Spence inherits the \$2,200 estate left by her deceased husband, John Spence, a lineman. Under the will of the deceased Isaac Smith, a railway employe, his widow, Mrs. Friedella Ann Smith, receives a life interest in his estate, which has been valued at \$1,150. On the death of the widow the children inherit.

DID NOT OWN WHISKEY

Windsor Man Acquitted Because Property in Liquor Had Not Passed to Him.

An important judgment was given by Justice Orde at Osgoode Hall yesterday, on a motion to quash the conviction registered against Frederick Chappus of Windsor, who was sentenced to six months in jail for a second offence under the Ontario temperance act. According to the evidence, accused was following a load of whiskey en route to his residence when it was seized by the police, and appellant charged with having liquor in an unlawful place. Justice Orde, quashing the conviction, held that no property in the whiskey was to pass to Chappus until it was safely delivered at his home, and that he could not be held to be in possession.

Workman is Killed In Fall From Crane

HARRY DEAR, 27 Ryerson avenue, was instantly killed yesterday afternoon, when he fell from a crane in the yard of the Reid & Brown Iron Works, 63 East Esplanade street. Dear was climbing on to the crane from a ladder, a distance of about 16 feet above the ground, when he is said to have missed his footing, slipped and fell, breaking his neck. His body was removed to the morgue and an inquest will be held.

DRIVER ON WRONG SIDE.

"Furious driving isn't necessary to take a life," warned Inspector McKinney to a representative of the York Paper Box Co., charged with falling to keep to the right of the centre line at the corner of College and Dovercourt road, in this afternoon's police court. "I was not a furious driver," said defendant, and then added: "I saved a life yesterday." He was remanded for sentence.

WOODCRAFT SCHOOL DOING GOOD WORK

Prominent Workers With Boys Direct Classes in Algonquin Park Camp.

A school of woodcraft is being conducted at Canoe Lake, Algonquin Park, Ont., where 150 outstanding

workers with boys have gathered from various parts of Canada under the auspices of the National Boys' Work Board. The instructors are prominent Canadian naturalists, and the idea of the camp is to train these leaders of boys so that they, in turn, may teach their groups of boys the art of being good campers. The camp at Canoe Lake is divided into tribes after the manner of the Indian camps. Each man makes his own bed out of brush, and takes his turn at cooking for his tribe. The camp faculty comprises the following: Taylor Station, of the staff

of the National Boys' Work Board: Fred J. Smith, National Y.M.C.A. physical director; Rev. C. A. Ayers, secretary of the board of Sun Day Schools; Rev. C. T. Bartlett, of the department of art photography of the Methodist Book Room; Rev. Manson Doyle, boys' work secretary of the Methodist Church of Canada; Stewart Thompson, naturalist; Prof. J. W. Groves, Ontario Agricultural College, Guelph; Prof. C. A. Chant, astronomer, University of Toronto; Mark Robinson, Algonquin Park ranger; Jack Miner, Canada's wild goose expert; W. E. Saunders, naturalist, London, Ont.; W. B. Hooper, bird man, Woolstock, Ont. and F. W. Fraser, fungus expert, Toronto.

HIGH SCHOOLS WORK

Move for Deputation of Board of Education to Meet Provincial Minister.

Dr. John Hunter will move at the high school section of the management committee meeting at the board of education this afternoon. "That, whereas it has been reported that the minister of education is seeking for suggestions in regard to the character of work in our high schools, and as this is a matter of very great

importance, therefore this board appoint a deputation to meet the minister to discuss, with other problems that may be suggested, first as to what can be done to induce a very much larger number of the pupils of our primary schools to take advantage of the more extended and broader culture provided in our secondary schools, and second, as to what changes are required in the curriculum of our secondary schools to more effectively meet the needs of life under modern conditions." Dr. Beer's plea for increased accommodation at Malcolm avenue collegiate institute is also to be dealt with, as well as the question of a census of children from 14 to 16 years of age.

When the City Heat's Too Much to Bear-- It's Cool and Refreshing on a Lake Boat's Chair

Come for a Boat Trip

Niagara Service Hamilton Service

(Daylight Saving Time). Boats leave Toronto daily for Niagara-on-the-Lake, Queenston, Lewiston, at 7.30 a.m., 9.30 a.m., 2.00 p.m., and 5.25 p.m. On Sundays first boat leaves Toronto at 8.15, instead of 7.30 a.m. Additional Sunday evening trip leaves Toronto, 10.00 p.m. for Niagara-on-the-Lake and Queenston (one way only.) Direct connections for Niagara Falls, Buffalo and all points in the United States.

Motorists Please Note

Owing to the exceptional demand on our shipping space for the fruit crops, we find it impossible to guarantee transportation to Automobiles on the Niagara boats. We will, however, accommodate motorists—who chance coming to the Dock—when unexpected space and other conditions on the boat will permit.

Toronto-Montreal Service

(Daylight Saving Time). Boats leave Toronto daily (including Sundays) at 3.30 p.m., for the 1,000 Islands, Montreal, Quebec, and the Saguenay River. Orchestra on board.

GRIMBSY SERVICE
Please Phone Adelaide 4200 for Definite Information as to Wednesday Schedule

THIS IS "DANCE" DAY

On the 5.25 Niagara Boat Leaving Yonge Street Wharf for Niagara-on-the-Lake, Queenston and Lewiston—returning to Toronto about 11.20 p.m. Splendid Orchestra for dancing.

On The 2 p.m. Boat For Niagara

Return Fare \$1.00 THIS TRIP ONLY

Fare for This Trip \$1.30 Return

Canada's Nickel Tragedy.

It is a long lane that has no turning, and the turn is coming to the persistent effort that has been put forward for years now to prevent the discreditable facts coming out as to the German imperial government setting possession or control of the product of the Canadian nickel mines in Sudbury. Only yesterday The World pointed out that a special article in the last week's Literary Digest, of New York, was printed apparently for the purpose of trying to show that the whole annual output of platinum from Canada did not exceed 25 troy ounces.

And in yesterday's Globe there is an article contributed by "C. D. B.," of Lindsay, Ont., reviewing recent books on the nickel battle of Jutland. The writer of The Globe brings up the part that Canada's nickel played in this and other naval battles, and quotes, presumably from a capable British reviewer, "of Admiral von Scheer's (commander-in-chief of the German high seas fleet) recent account of the battle of Jutland. Here is how it reads in The Globe (August 20):

When Admiral von Scheer took command of the German high seas fleet in Jan. 1916, he was determined to "show more energy than his predecessor." He accordingly planned and carried out several minor adventures with indifferent success. Von Scheer's activity was apparently stimulated by German dissatisfaction at home over the lack of a justifiable expectation that the navy would "do something." Many naval critics and experts were aware of many very important parts of the German naval superiority. "Jutland" demonstrated these points of superiority, as were frankly admitted by Admiral Jellicoe in his volume. One of these points of superiority was the fact that the German fleet was more advanced in its development to the German offensive was innocently contributed by the invaluable Canadian nickel and molybdenum stores which were the Canadian mines by the Guggenheimer firm in Newark, N. J., for shipment to Germany. Is that damnable trait coming on yet under another name? Those important Canadian minerals were freely open to British enterprise in naval construction, but their lordships of the admiralty were so bound up in red tape and the supreme self-confidence that the British navy was the best in the world and could not be beaten, that nothing was done in that line.

The World takes the responsibility of putting the last part of the quotation from The Globe in black-face type.

So far the Hearst government saw fit to ignore The World's demand for the facts of German control of Canada's nickel output; nor did the then Ottawa government show any willingness to have out the facts. Now the Drury government say they are about to go into them. If they go into it they will find certain parties as active as ever in keeping down the lid.

But it will all be out. Germany did control our output of nickel, and by the aid of Canadians, and Canadian papers for reasons best known to themselves have done their best to prevent this information coming out. But it is coming out in England; they know all about it in Washington; it will all come out in Canada if Premier Drury has the courage to put in the probe. But he will find all kinds of direct and indirect influences to keep him off. The prowler that has propped up privy council office after privy council is still on the job, LeMay, Drury go ahead. He is only touching the fringe so far of the looting of the crown lands of Ontario. Let him keep it up and let him follow up the nickel scandal at will. The people of Canada are bound to find out all about the German-American-Canadian intrigue that was at the bottom of what was one of the worst scandals of the war.

When is Mr. Drury's commission on nickel to get to work? In the meantime let him read with an open mind.

Railway Rates Must Go to Parliament.

The Globe has come to The World's view that parliament, not the Board of Railway Commissioners, must be the final judge of increased railway rates.

Considering the position of the Canadian National Railway, the matter should be dealt with by parliament instead of by a slang expression, "passing the buck." Wholesale prices in the United States according to government records are falling, and will no doubt fall in Canada. With prices at the peak why add to the public burden? It should be borne in mind that to obtain reductions in rates is a much longer process than to secure increases.

Slow Stepping Down in Canada.

The process of stepping down values in Canada is proceeding at a slow pace compared with the United States. This may be due to the more conserva-

tive action of the banks here, or to a less speculative turn of mind in the Canadian. When the American saw the turn in commercial affairs six months ago, stocks of all kinds were liquidated on Wall Street and prices have tumbled in two and even more. Following the stock market came the liquidation in some manufactured goods, such as boots and clothing. They are now taking a hand in tamping sugar and the price has dropped from 25c to 17c a pound. On the Chicago market a similar process is going on in grains. Wheat and corn are thirty cents a bushel and oats thirty cents a bushel in about two months. Many speculators have had to fall by the wayside by the turn in the wheel of fortune, but the advantage is a general one and the people at large are benefited. A quick tumble in sugar, paper and other commodities in Canada would likewise advantage the general public. A delay in the proceedings may prolong the agony of some speculators, but the final results may be worse than if the inevitable was accepted and a basis for a new start on commercial prosperity hastened.

Remark in Passing.

Is the rioting between Sinn Feiners and Unionists entirely due to patriotic sentiment or to the Irishman's ineradicable love of a fight?

They say a Finn won the Olympic hundred metre dash. Even at that his record has probably been broken by some of those Bohemians getting away from Warsaw.

New York dispatches say the shortage of sugar is a figment of the imagination. The same thing was said about coal after the price had been boosted to its present high level.

The Poles who captured Zehfahrmki, Pzemselszkimki and Ogrizmatzwtzki will find the task much easier than does the ordinary reader of the war news who tries to pronounce them.

To give the correct pronunciation of the name of the town Przemysl, just captured by the Poles, it is advisable to take a large pinch of snuff or of pepper a minute before attempting it.

Perhaps it is well to remember that the Poles are fighting the battle of our present civilization against the peculiar kind of kultur Measrs. Lenin and Trotsky desire to force upon us.

A Chicago millionaire dying left \$20,000 worth of liquor in his cellar. His heirs cannot sell it and cannot move it. It looks as if the only way out of the difficulty would be to have a family reunion as large and comprehensive as possible and drink it.

Winnipeg is paying seven cents for a car ride; so is Montreal, both to private companies. Toronto pays four. Detroit has started to build its own electric car line, the Hydro-Electric Detroit on the Canadian side opposite. Detroit is proving a great success at low fares.

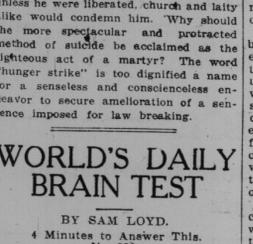

Soviet government in Russia has been asked by Hon. Mr. Balfour on behalf of England to define its principles. The hostility of the United States to the soviet propaganda carried on in that country may have a good deal to do with the practical encouragement given to the Poles for a free Poland.

Hon. Mr. Crea, leader of the Farmers' party in the house of commons, says that that organization will not hold many meetings this fall, notwithstanding activity on the stump by Hon. Mr. Melghen and Hon. Mackenzie King. Most likely the farmers will be active in presenting their case for a lowering of the tariff on the Ottawa government's tariff commission soon to hold sessions in the western provinces.

If Lord Mayor McSweeney of Cork were to threaten to hang himself to the bars of his cell unless he were liberated, church and laity alike would condemn him. Why should the more spectacular and protracted method of suicide be acclaimed as the "heroic act of a martyr?" The word "suicide" is too dignified a name for a senseless and conscienceless endeavor to secure amelioration of a sentence imposed for law breaking.

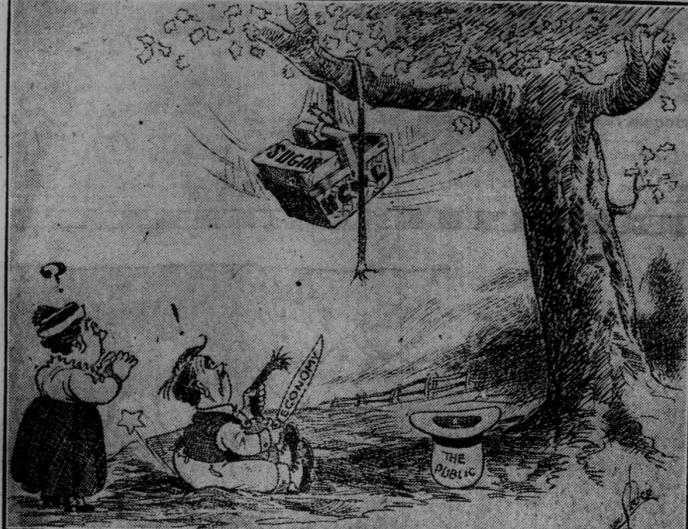

WORLD'S DAILY BRAIN TEST

BY SAM LOYD.
 4 Minutes to Answer This.
 No. 281.

Spell out the names of the little objects. Then add a suffix as indicated by the signs, and resulting letters will spell the Christian name of an ex-president of the United States.
 Answer to No. 280.
 To make change for any purchase under a dollar the children must have had 8 coins amounting to 99 cents: viz., 50 cents, 25 cents, 10 cents, 2 nickels, a 2-cent piece and 2 pennies.

IT DOESN'T SEEM TO DROP

BIG CANAL PROJECT CANNOT BE BLOCKED

Even New York, Where Hostility Prevails, is Becoming Resigned.

ALL CANADA BACKING

Herald Sees Possibility of Big Things in Five Years.

New York, Aug. 24.—(Canadian Press).—While the attitude of the people of New York city and state towards the proposed St. Lawrence deep water ship canal project continues to be one of hostility, due largely to the fact that the new highway to the sea would in some way interfere with the natural prerogatives of New York harbor, there appears at the present time to be a tendency to accept the inevitable as to regard the St. Lawrence project as one certain to be carried to realization.

This point of view was expressed in a recent editorial in The Sun and New York Herald. The newspaper said: "Plans for the development of the upper St. Lawrence to provide for an open waterway from the Great Lakes to the ocean are maturing rapidly. With all Canada backing the great scheme and with strong support from the grain-growing western states of the union, it seems not improbable that it will soon be pushed thru to completion. Before another half decade has passed ocean-going vessels may be sailing from Chicago or Duluth directly for London or Rio de Janeiro or Sydney.

"The advantages of cutting away the barriers between America's inland seas and the Atlantic are visible. To do so obviates the necessity for overland transportation. The grain and goods that the northwest has to ship to nearby lake ports and carried with interruption to foreign markets in all parts of the world.

"On the other hand, many objections are present themselves. New York state has expended first and last \$280,000,000 on her own system of inland waterways. Many of her people look with disfavor upon the appropriation by the United States of large sums for a purpose which they believe can but divert commerce along other channels and injure not only the large canal but the port of New York city.

"It is contended also that it would be unwise to develop an outlet for American goods thru foreign territory and thus create for the United States a situation similar to that in Belgium, where the commerce of the principal ports of Antwerp has egress to the ocean only thru Dutch waters, the estuary of the Scheldt. No matter how friendly the relations between this country and Canada it would be unwise, they say, to plan deliberately to thrust thru her territory a vast artery of American trade.

"Still other opponents of the plan contend that it will result only in a waste of money. They point out that the St. Lawrence is ice-choked for several months of the year, making winter commerce impossible, that the long delays of a journey thru locks and the narrow, circuitous channel of the river would be expensive and troublesome; that the ocean passage from the mouth of the St. Lawrence to Europe is endangered with icebergs.

"So far, however, this opposition has been ineffectual in blocking the scheme, and it now bids fair to become a reality in the near future. It will then be possible to test the prophecies both of its friends and opponents. Of one thing, however, we may even now be sure, the new project will not injure with finality the port of New York. The prosperity and greatness of this city and harbor are the result not only of geographic advantages but of centuries of business foresight and energy. No new scheme of transportation, no new outlet for the west, can seriously impair its supremacy."

REPORT ENTIRE FAMILY ILL WITH TYPHOID FEVER

Kingston, Ont., Aug. 24.—(Special).—The entire family of Edward McCharles, Pembroke, are in hospital here, it is reported, from typhoid fever. McCharles was first to be taken ill, her condition for some days being serious, and Mr. McCharles and the five children in turn became victims of the disease. The town authorities are looking into the case, endeavoring to ascertain the cause of the trouble. But so far their efforts have not been successful.

PONZI'S CREDITORS WILL LOSE HALF

(Continued From Page 1).

out return by the receiver except a "thank you," then the examination turned again to inquiry of Ponzi as to what has become of supposed ill-secured securities valued at \$2,300,000, which he was reported to have shown Mr. Coakley. It was all represented, he said, in the assets he had named, except that a certificate of deposit for \$1,500,000 had suffered depreciation to \$1,058,000 when he overdraw another account.

Ponzi said he had made loans of several hundred dollars to the Chief of Police of Sharon and John A. Ray, lieutenant of police of Somerville.

Showing Ponzi stubs for six cheques of \$500,000 each, Mr. Dodge asked him who obtained the money and for what purpose. Ponzi replied that he had withdrawn the money himself to prevent attachments, and had deposited it later in other banks, a little at a time. These cheques constitute the only evidence so far disclosed at the hearings of withdrawals by Ponzi personally of more than a few thousand dollars.

The days when he was paying out thousands of dollars a day at his office and boasting that he had \$15,000,000 in cash to meet three millions in claims were recalled by another cheque stub. It bore the words, "\$4,500 against \$1,500." Ponzi smilingly explained to the receivers that it represented his side of a bet, the stakes on which were placed with Treasurer McNary, that 45 days later he would still be paying off his notes.

Ponzi smiled again when he answered in the negative a question whether he had any stock of interest-bearing postal coupons, which he had told investors formed the basis of his new found road to riches. On the ground that it might incriminate and littered with evidence, he had received any income from European sources or whether he had any income except that from investors who bought his notes.

Reply Coupons as Samples. Miss Lucy Mell, 18 years old, who since last April had been Ponzi's office manager, succeeded him on the stand. She said she knew of no source of income for Ponzi except what he received from investors. The office if she had ever seen in the office any international postal coupons, she said there had been one or two there, which we used as samples for investors. She had transferred money abroad only once or twice, she testified, and she did not know what the drafts were for.

Up to today Ponzi's high mark in promises of interest was supposed to have been 50 per cent, in 45 days, but in the course of Miss Mell's examination Mr. Dodge produced the sum of five cheques, each for \$100,000, which called for payment of 100 per cent. Two of the notes were for \$1,000 each, representing investments of \$100 each by Mary McNary and W. S. McNary, Jr. Miss Mell said she knew of no other notes calling for 100 per cent and thought she exhibited must have been due to errors.

The hearings were postponed indefinitely to allow Ponzi to go over his papers for further information of his assets, and to enable the receivers to collect those he has disclosed.

WORKER BREAKS SPINE AND DISLOCATES NECK

Kingston, Ont., Aug. 24.—(Special).—When the trip lock on the fork broke while he was at work on a hay loader at Washburn James Quinn lost his hold and fell backward. His neck was dislocated and his spinal cord fractured. There are but slight hopes for his recovery. A brother of the injured man was recently drowned while engaged painting a boat in the Kingston harbor.

Brunswick Hotel Burns In Big Fire at Moncton

Moncton, N.B., Aug. 24.—The Brunswick Hotel, constructed last year at a cost of \$175,000, was practically destroyed by fire early this morning. Only the brick walls remain of the two upper stories.

GENERAL KING ARRIVES.

Kingston, Ont., Aug. 24.—(Special).—Brig-General W. R. M. King, who is succeeding Maj-General Elmestay as general officer commanding military district No. 3, has arrived in Kingston from St. Catharines and will take over his new duties in the course of a few days.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XXVI. (Continued.)

Her hands were cut and bleeding, her heart was beating wildly, already her body was sore and bruised. But these things she did not know. She only knew that Quinnion was still coming on above her, and coming more swiftly now, quite as swiftly as she herself moved, since his feet, too, were in the better trail; that Mad Ruth had completed the descent across the chasm and by now must be crossing the stream upon some fallen log or rude bridge; that one minute more, or perhaps two, would decide her fate.

She could see the stream, glinting palely in the starlight. It seemed very near; its thunder filled her ears. Down she went and down, down until at last she was not ten feet above its surface, with a strip of gently sloping bank just under her. She stooped, took firm hold upon a knob of boulder, prepared to swing down and drop to the bottom. And as she stooped, she heard a little whining moan just under her, and straightened up, tense and terrified. Mad Ruth was there before her, Mad Ruth was waiting.

CHAPTER XXVII. ALONE IN THE WILDERNESS.

And Quinnion was coming on. She was trapped, caught between the two of them. She heard Quinnion laugh again; he, too, had heard Ruth. "Oh, God help me!" whispered Judith. "God help me now!"

There was no time to hesitate. If she stood here, Quinnion would in a moment wrap his arms about her; if she dropped down she would be in the frenzied clutch of Mad Ruth.

A second she crouched, peering down into the bloom below her, seeking to make out the form of the mad woman. Then she did not merely drop, but jumped, landing fair upon the waiting figure, striking with her boots on Mad Ruth's ample shoulders. A scream of rage from Ruth, a little, strangling cry from Judith, and the two fell together. Ruth clutched as she went down and a land closed over the girl's ankle. Judith rolled, struck again with the free foot, twisted sharply and felt the grip torn loose from her ankle. She was free.

She jumped up and ran and knew that Ruth was running just behind her, screaming terribly. Judith fell, and her heart grew sick within her. But again she was up just as Ruth's hand clutched at her skirt, clutched and was torn away as Judith ran on. Quinnion cursed from above as she had not yet heard him curse. Ruth reviled both her and Quinnion for having let her go.

Judith was running swiftly and felt that she could get the better of the heavier, older woman in a race of this sort. She stumbled and fell, and fear gripped her; it seemed so long before she could rise and clamber over a fallen log and race on. But the darkness which tricked her protected her at the same time, playing no favorites now. Ruth, too, had fallen; Ruth, too, was frenzied at the brief delay.

Stumbling, falling, rising, staggering back from a tree into which she had run full tilt, bruised and torn, the girl ran on. At every free step hope shot upward in her heart; at every fall she grew sick with dread.

The canon broadened rapidly, the ground underfoot grew less broken and littered with boulders and logs. Thru tangles of brush she went blind-

ly, throwing herself forward, falling, rising, falling, rising again. It was a nightmare of a race, with Ruth always just there, almost at her heels. She turned as far away from the stream as she could, keeping under the cliffs where there were less brush; where the way was more open, where the shadows were thickest.

She was outdistancing Mad Ruth. Ruth's weird voice came from a greater distance; the woman was ten, maybe twenty, feet behind her.

The moon at last rose pale gold above the eastern ridge. And now Judith could thank God for it. For the banks of the river were studded with big trees, there were wide open spaces between them thru which she shot like a frightened deer, turning this way and that, darting about a clump of little fir, plunging into the shadows under great sky-seeking cedars, now running as she had never run before and as she knew Mad Ruth could not run.

Free! She was free. The triumph of it danced in her blood. On she ran, her feet finding more and more, more and more confused with the roar of the river. On she ran and on and on, and faintly there came to her the sound of a breaking brush somewhere behind her. Never had her blood sung within her as it sang now; never had the dim, moonlit solitudes of the mountains opened their sheltering arms to her like a wounded child into the soothing embrace of its mother.

Now again she turned so that her flying steps brought her close to the water's edge. Louder and louder, with little by little voice in her ears, of Ruth and Quinnion behind her. Now, in all the glorious night, there was no sound to reach her but the sound of running water and her own beating feet. She was free.

But still she ran, summoning all of the reserve of strength and will-power which she had here to command. The sky was brightening in the dim, twilight moon. She must round many a sweeping curve of the river, pass under many a sheltering, shadowing tree before she dared slow her steps. When she felt that she was overtaxing herself, she dropped from the wild race she had set herself into a little jogging trot. When her whole body cried out at the effort demanded of it she slowed down to a brisk walk. She would not thru with pain. Her throat ached, she was growing dizzy. But on she went stubbornly. It was a full hour after the last sound of pursuit had died out after her—that she flung herself down at the water's edge to drink and bathe her arms and wide face in the cold stream. And, even then, she chose a spot where the shadow of a great pine lay like ink over the banks.

The moon was high in the sky, the world bright with it, when Judith left the valley into which the canon had widened and made her way slowly upward along a timbered ridge to the west. Of Quinnion and Mad Ruth she now had no fear. Their chance of coming upon her was less than negligible. She could creep into a clump of thick-standing young trees and, even if she should come, could watch them from a nest. But as they had dropped out of her world, another matter had entered it. The mountains had befriended her; they had opened their arms to her and that was all that she had asked of them. They had mothered her, drawing her into hiding against their bosom. But now was a barren barren breast. And already she was hungry. Arise to eat but sparingly of her handful of bread and meat.

Continued tomorrow morning.

MORE EFFICIENCY ON WESTERN LINES

Amalgamation of Big Roads is Expected to Have Pronounced Results.

Ottawa, Aug. 24.—(Canadian Press).—Amalgamation of the western lines of the Canadian National Railway with the Grand Trunk Pacific, which has been made effective, is expected to result in greater economy and better service to the public who are using both lines of railway.

The Grand Trunk Pacific is, of course, in the hands of Hon. J. D. Reid, minister of railways, as receiver, and by amalgamation of this line with the Canadian National, A. E. Warren, general manager of western lines of the Canadian National, also takes charge of the Grand Trunk Pacific. W. P. Hinton, vice-president and general manager of the Grand Trunk Pacific, becomes consulting officer to the receiver.

The official staff of the Grand Trunk Pacific is to be retained, but there will be amalgamation of the two offices at Winnipeg.

CONSTELLATION CYGNUS ACQUIRES A NEW STAR

Montreal, Aug. 24.—It is announced at the McGill observatory that Professor M. L. Lecointe, of Brussels, has called to the Harvard observatory announcing Denning's discovery on August 21, of what is apparently the most important nova since the spectacular new star in Aquila in June, 1918. The position is given as right ascension, 19 hours, 55 minutes; declination, north 53 degrees, 24 minutes in the constellation Cygnus, about 11 degrees northerly from bright star, Deneb.

Harvard observatory on August 22 gives the magnitude at 2.1, "being thus visible to the naked eye."

Ask for O'Keefe's

Wherever liquid refreshments are served, you can procure O'Keefe's Dry Ginger Ale. Bear this in mind, and when you order, order O'Keefe's.

For purity, quality and delightfulness of flavor, O'Keefe's lead. For young and old, there are no better thirst quenchers.

The following are some of the O'Keefe Beverages on sale at grocers, cafes, restaurants and hotels:

RESULT IN EGYPT WORK OF MISSION

If Independence Has Been Granted, It is Due to Care- ful Investigation.

London, Aug. 24.—While no official pronouncement is yet forthcoming regarding any treaty of alliance which would recognize Great Britain's present position in Egypt, it is generally assumed by the English press that an agreement along this line has been reached as a result of conversations between the mission headed by Viscount Milner and Egyptians.

A violent anti-British agitation and a demand for freedom began among Egyptian extremists with the inauguration of a British protectorate during the war, and in recent months this campaign has culminated in serious demonstrations and assassinations. During the war, military rule in Egypt tended to keep down the demonstrations, but once peace was declared, the Egyptian nationalists came out in full force.

The nationalists had a large delegation in Paris during the peace conference, who worked assiduously to overthrow British power and to spread propaganda, including allegations of British atrocities and misrule. The failure of the nationalists in Paris was followed by the adoption of desperate methods in Egypt. British officers and soldiers were assassinated and attempts were made on the lives of prominent members of the Egyptian government under the protectorate. Even now the trial is under way at Cairo of the so-called "vengeance gang," composed of Egyptian extremists, who, it is alleged, organized for the avowed purpose of assassinating British and pro-British Egyptians. Conditions in Egypt finally became so bad that the British government some months ago sent a commission under Viscount Milner to investigate. If the government has really decided to grant Egypt independence it will be because of the work of the commission, which delved into all angles of the problem religiously and became informed on both sides of the question.

RUMANIANS SHOT DOWN HUNGARIAN PRISONERS

London, Aug. 24.—Two hundred and ten Hungarian prisoners of war were killed recently at Bermanstadt, Transylvania, when they attacked Rumanian guards, says a despatch from the city to The Daily Herald. The Hungarian war prisoners were being repatriated, says the despatch, and when they reached Bermanstadt they were detained at the railway station by Rumanian soldiers. This action brought protests from the prisoners.

The mother of one of the war prisoners attempted to force her way into the station. She was struck by a Rumanian soldier. This enraged the Rumanian soldiers who attacked the guards, in the resulting fight machine guns were turned on the prisoners, killing many.

BELIEVE FARMER DIED THRU OWN BURGLAR TRAP

Ottawa, Ont., Aug. 24.—Robert Davis, 47 years old, and a well-to-do farmer of March township, three miles from Carp, Ont., was found dead this morning, in his own home, lying in his own blood and with a horrible bullet wound in his head and a discharged gun not far away.

While it is not definitely known how the fatal occurred, it is thought the late Mr. Davis fell a victim to his own trap, which he had laid for burglars. It is thought he, without thinking, entered the house after the trap was set, and the gun was accidentally fired.

REPORT THAT CARVELL IS PHONE CO. DIRECTOR

St. John, Aug. 24.—In reference to the speculation which has been going on in Ottawa as to whether Hon. F. H. Carvell, chairman of the Canadian Railway Commission, will be qualified to hear the appeal of the Bell Telephone Company for increased rates because he was connected with the New Brunswick Telephone Company, in which the Bell Company has a small holding, the investigation today showed that the latest list of shareholders of the New Brunswick Telephone Company indicated that Mr. Carvell was both a shareholder and a director.

NEW GOVERNOR OF VICTORIA.

London, Aug. 24.—Lord Strathbrooke has been appointed governor of Victoria, succeeding Hon. Lyulph Stanley. A motion recently was made in the Victorian parliament, favoring future appointments being made by the state itself, but it was defeated.

At Dances

It is a fact that at afternoon and evening dances one seldom sees a woman who has not found Delatone indispensable to her toilet.

DEL-A-TONE

is a scientific preparation made by beauty experts for the purpose of safely removing hair from the face, neck or underarms.

Beauty specialists use Delatone because it leaves the skin clear, firm and perfectly smooth. Delatone is easiest to apply—simple directions with every tin.

At Any Druggist's

RAILWAYS ALL READY TO HANDLE WHEAT CROP

Ottawa, Aug. 24.—(Canadian Press.)—All that officials of the different Canadian railways can do in the matter of preparing to handle the western grain crops this year has lately been done, and railway compartment officials here are hopeful that the wheat movement will progress satisfactorily to all concerned. It is stated here that every available box car has been concentrated in the west.

CORK'S LORD MAYOR IN CRITICAL STATE

Willing to Take Food if He is Given Written Order of Release.

London, Aug. 24.—Lord Mayor Terence MacSwiney of Cork, who has refused food since he was arrested in Cork on a charge of sedition thirteen days ago, was reported in an extremely critical state this morning, although Lord Mayor MacSwiney is in Brixton jail here following his conviction on the sedition charges. He reiterated today his determination not to take food until he is released. MacSwiney's condition is said to be such that he could not be released even if the authorities authorized his immediate release, but he stated that in a written order of release were given he would take food in prison until he was able to be removed. At the home office this morning it was said the decision of the government had not been altered and MacSwiney would not be released. The lord mayor was anointed by his chaplain, Father Dominic, this afternoon. Mrs. MacSwiney visited her husband again this morning and found him bordering on unconsciousness. Their daughter, Miss Mary MacSwiney, telegraphed Premier Lloyd George, saying that if the mayor died "his relatives and the people of Ireland will hold you and your government responsible for murder."

MACHINISTS AND CARMEN ACCEPT WAGE AWARD

Winnipeg, Aug. 24.—Canadian machinists and carmen have accepted the increased wage granted by the Canadian Railway Association, according to W. Kempster, secretary of the local machinists' organization. The agreement was signed last night by officials representing the men.

MORE BOOZE FOR ONTARIO POINTS.

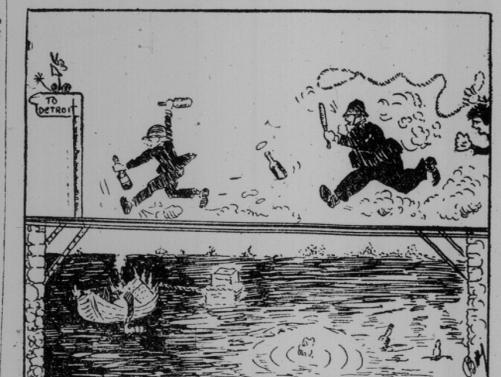

Montreal, Aug. 24.—Enormous shipments of booze of all kinds will be made into Ontario in the next few days and it is believed that new places near the American border will be selected for its unloading. Federal revenue officers have special means of finding out the routes in transit and the shippers are likely to be much more careful. One plan discussed was to send the goods to a Georgian Bay port and then motor trucks in winter over the ice to southern points in Ontario.

THE TIMBER THIEVES AND DIS- HONEST OFFICIALS.

Sudbury, Aug. 24.—There is intense interest shown here as to when and where next the Drury government probe will lead. Holders of licenses to cut timber, of water power, of mining privileges of all kinds, are in a funk. Many of these grants will not stand investigation, and crown officials by the score are in dread of criminal prosecutions that will follow.

ONE EVERY MINUTE.

—By BILLY SCOTT—

NOW IS THE TIME

PUT yourself next to Hildegard McGillicuddy and yours truly occasionally on all fours in the unlighted area of Windsor with a bunch of stews. We took a fling' bust at the gate and breezed in sideways on our way from Saratogy and I'll say it ain't no place to admire scenery, not when you're shy on dough and hospitality is being exchanged among them what's already cart-laded.

Not that I've got any talent for licker, and with Exodux lojin' on every heat I've got nothin' left but a marcel wave and a wooden nickel, but just the same I like to watch the boys scintin' a trickel of grog and load up themselves and their coveys with fresh equipment and push off in time to miss the copper.

But it looks like the curfew is about to clang with the addict of this parous, their dirty worse to stop the hilarious proceedin' what's goin' on here and about, but what I want to know is: Where the Hawkshaw plutes get that blue fog stuff—you know what I mean. Because they're callous to the taste of a Benedictine mouthwash they cop a bill and start a protest called by a sombre mein and a pitcher of lecture juice. But take it from me they ain't lay off of the crock hutters and make a raid on the summer parks who bang off throat-querchers what are, sheer vulgar poison. Why, a guy I know became a addict of this parous what's worse than hooch. It was pink leimgade he had a hanker' after. He pried the lid off when the sad Sunday guys fetched in prohib, and he died aintin' up inhalin' thru a straw.

The fields of Saratogy is crowded with thornbreds what are twin axles; so is the fields of Windsor, but the shore things I picked on was missin' on eleven cylinders and finishin' in bar money for me, but I should care—I'm like that—and I'll go round with a few-latch spread of ain' wicketed the shore what are drink in seven languages, skillin' in ja storch of a defective animal, such as a pop-eyed steer, or a bilial pig, or somethin'.

As the poet has already said: "There is sounds of revelry by night," if you know what I mean.

BRITISH MINERS WILL VOTE STRIKE

Balloting Foregone Conclu- sion, But Active Propaganda Against Them is Evident.

London, Aug. 24.—Members of the British Miners' Federation began today to ballot on the project of calling a strike to enforce their organization's demand for an advance in wages and a reduction of the price of coal. The voting will continue all this week, and it will be some time later before the result definitely is known. It is forecast by London newspapers, however, that the miners will vote overwhelmingly in favor of striking unless their demands are granted.

The government has so far refused to consider the projected advance of wages, and a reduction of coal prices amounting to approximately \$3.50 a ton, but better is expressed that some way can be found to avert a tie-up of the country's mining industry. Nobody really doubts that the miners' vote will go practically solid for a strike, but while there is no tendency towards a compromise, yet apparently there is a vague feeling that development when the full seriousness of the situation is realized. A very active propaganda against the miners has been evident for many days, but a counter-propaganda has not yet developed. Some critics assert the prime minister is manoeuvring for a general election to synchronize with the threat of a general strike or with the strike itself.

Letting Out a Secret.

The miners' leader, Robert Smillie, declared yesterday that the nation shall own the mines, and the time has come when the present exploiters will have to give them up.

This is described by anti-miner propaganda as letting out a secret—namely, that the miners' leaders are out simply for nationalization, and that the demands which are the basis of the strike are political rather than economic. Mr. Smillie further stated that the other partners in the triple alliance of the miners, railwaymen and transport workers "might possibly" give their assistance, which is taken as a betrayal of nervousness in Mr. Smillie's survey of his position. The most reassuring view of the situation lies in the possibility of the other partners, reinforced by other unions, will insist on the miners and the government coming together again.

Port Controller McCurdy declares it is rank hypocrisy for British Laborites to profess indignation at the blockading of Russia, if on a small pretext they themselves are prepared to inflict a far more effective blockade on their own country by cutting off the supplies essential to its industrial life.

NOW MENTION OCTOBER FOR G.T.R. ARBITRATION

Ottawa, Aug. 24.—(Canadian Press.)—No date has yet been set for the meeting of the Grand Trunk arbitrators, but it is expected that the first meeting will take place early in October. In the meantime the representatives of the government and the Grand Trunk are each preparing their case to be laid before the board of arbitration.

REPRESENTS BAR ASSOCIATION.

Winnipeg, Aug. 24.—R. B. Bennett, K.C., of Calgary, will represent the Canadian Bar Association at the convention of the United States Bar Association, to be held in St. Louis shortly. Sir James Aikins announced today. Sir James will attend the meeting in the Canadian Bar Association in Ottawa in September.

COATES TO REPRESENT CANADA AT GENEVA

Ottawa, Aug. 24.—(Canadian Press.)—It is understood that when R. H. Coats, Dominion statistician, proceeds to Europe to attend the conference on statistical matters, called under the auspices of the league of nations, he will act also as the authorized delegate of the Dominion government at a meeting to be held on Oct. 3, at Geneva, of the governing body of the international labor office. The minister of labor is the official representative of the Dominion government on the governing body, but press of public duties in Canada prevent Senator Robertson from attending.

MONTREALER CLAIMS CALIFORNIA FORTUNE

Montreal, Aug. 24.—A claim to a \$43,000,000 California estate now in the hands of the United States government, the heirs to which have been advertised for a number of years, was today placed in the hands of Lyon W. Jacobs, K.C., by Hyman Horowitz of 1371 St. Urbain street, Montreal. The estate, it is claimed, was left by Horowitz's father's uncle, also named Horowitz, who was a "shop in the Roman Catholic Church in the United States. The claimant conducts a second-hand store in this city.

"Trans-Canada" Limited, All Sleeping Car Train, Toronto-Winnipeg- Vancouver.

From Toronto, 9:00 p.m. daily, via Canadian Pacific; 25 hours to Fort William, 27 hours to Winnipeg, 42 hours to Calgary, 88 hours to Vancouver. A business day saved on transcontinental journey. This train carries first-class sleeping car passengers only. Further particulars from Canadian Pacific ticket agents.

LATEST ESTIMATE ON WHEAT TOTAL

Saskatchewan Leads—Aver- age Per Acre Immense Gain Over Last Year.

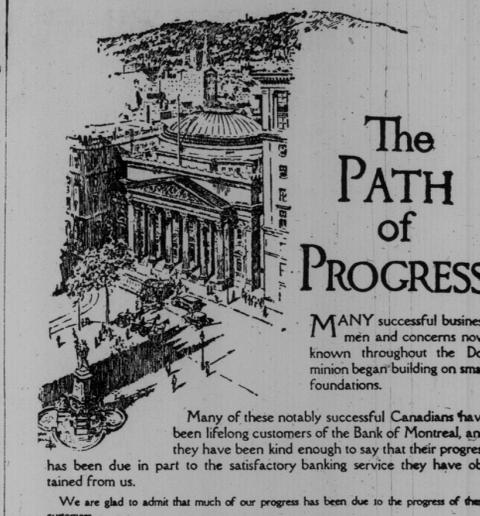

Regina, Aug. 24.—Saskatchewan's wheat crop this year will total 122,196,400 bushels, on the basis of 13 bushels to the acre, from 5,422,800 acres sown in wheat. Manitoba will have 41,025,000 bushels, from 2,363,500 acres, or 16 bushels per acre. Alberta will have the highest average crop of wheat of the three prairie provinces—66,235,200 bushels, from 3,516,100 acres, an average of 18 bushels to the acre.

These estimates were supplied by A. E. Whitmore, who for many years has made a close study of crop conditions in the prairie provinces, and whose estimates of former years have been remarkably accurate.

Alberta is Biggest Gainer. Under Mr. Whitmore's estimate, Saskatchewan gains three bushels to the acre over 1919. Manitoba gains one bush, to each acre under cultivation, and Alberta makes the biggest gain of all. Last year the yield for the western provinces of the prairie was based on a production of six bushels to the acre. This year the estimate, and it is conservative, according to Mr. Whitmore, is 13 bushels to the acre, a jump of 13 for each wheat acre in the province.

KINGSTON WAR VETERAN DROPS DEAD ON STREET

Kingston, Ont., Aug. 24.—This afternoon John Leslie Watts, a member of the S. C. R. and patient of Systerham Military Hospital, dropped dead on Wellington street. He was walking with his wife when heart failure overtook him. He served overseas with the C.A.M.C. and was 31 years of age.

The PATH of PROGRESS

MANY successful business men and concerns now known throughout the Dominion began building on small foundations.

Many of these notably successful Canadians have been lifelong customers of the Bank of Montreal, and they have been kind enough to say that their progress has been due in part to the satisfactory banking service they have obtained from us.

We are glad to admit that much of our progress has been due to the progress of these customers.

We are desirous of co-operating with other persons and firms for the upbuilding of every part of the Dominion. Our service extends to all parts of the world.

Direct wire service maintained between Montreal, Toronto, Winnipeg, Vancouver, New York, Chicago and San Francisco.

BOOST BEVERAGES AT RESTAURANTS

Up Goes Tea, Coffee and Cocoa Price—No Need for Increase, One Admits.

Many of the restaurants in Toronto took a little more of the joy out of life and added to the cost of living of the people who can least afford it. Tea, coffee and cocoa went to ten cents a cup, height from five to ten cents a cup. Many patrons of the restaurants are already drinking water, although expecting to be charged for the privilege of using the glass.

The first kicks seem to have been registered at Bowles' restaurants, where the early morning breakfasters were soaked the extra five cents. Listen to the excuse: "We feel that we are justified in asking a straight ten cents for coffee, tea and cocoa," said H. R. Hinman, general manager of Canada's Bowles restaurants. "A cup of coffee costs almost 5 1/2 cents. We are giving now a heavier cream."

Mr. Hinman said that the organization could not deal in breakages—"the odd coppers."

"Your restaurants in Buffalo only charge a nickel," was the statement fired at Mr. Hinman.

"I can't help what they charge there," he replied. "We must abide by conditions here. Milk will be higher in a month and sugar won't drop until after October 1. The Sheffield, Muirhead's and Childs raised their prices a month ago."

An American who visited the restaurant was indignant at the boost and volunteered the statement that coffee was only 7 cents a cup in Chicago and 6 cents in Detroit and Cleveland and 5 cents in Buffalo.

Coffee Prices Unchanged. "We are contemplating raising the price of tea, coffee and cocoa to ten cents," said F. McConkey of the McConkey Lunch. "It should have been selling for ten cents long ago. We will be the last to raise it, however."

"Has the price of coffee advanced recently?" "No, it is about the same as it has been for a few months," said Mr. McConkey, "but it is gone up 100 per cent, since the pre-war days. The increase will be to cover overhead expenses. We are now operating on a nine-hour day instead of a twelve-hour day. Cups have risen in price from \$1.10 to \$4.35 a dozen. Everybody knows how the price of milk has risen."

When it was pointed out that the Chinese restaurants were not increasing the price, he said: "We can't compete with those fellows, anyway."

There is one bright spot at least, and that is to be found at Young's, where the prices will remain at five cents, according to the manager, W. J. Thomlinson, who added: "There is no need for any increase just now. In spite of the fact that every one of our cups only reach five customers before they are broken and they have more than trebled in value, our prices will remain the same, with the probable exception of ham and egg sandwiches."

City Has No Control. The city has absolutely no control over food prices in restaurants or any definite knowledge as to what those prices should be.

Early in the year the board of commerce asked the co-operation of the civic authorities in keeping a check on restaurant prices. The board of control declined to permit this on the ground that it was not the function of the municipality and was simply an effort of the board of commerce to shift its responsibility.

Last October, when a boost was talked of, the board of commerce intervened.

Major Duncan, sub-commissioner of the board, considers that the increase is hardly justifiable in view of the lowering costs of the ingredients. He understood that coffee was coming down in price, as well as sugar and milk.

RAPID PROGRESS WITH RESIDENCE FOR NURSES

What promises to be one of the most up-to-date buildings in Toronto is the Nurses' Residence for St. Michael's Hospital, which is making rapid strides towards completion. Seven storeys in height, it is now at the point where roofing is about to begin and the brickwork is making a good showing. When completed it will accommodate 150 nurses. There will be a short connection with the hospital thru a side entrance, the main door to be on Shuter street.

The basement, which is only slightly below the level of the street, will be devoted largely to a gymnasium, and as far as possible every nurse will have a room to herself. The plan includes a roof-garden. Five new operating rooms are to be built above the present roof garden of the hospital. It is expected that the new residence will be ready for operation in the early spring.

BABY HAD BAD CASE OF ECZEMA

On Arms, Face and Limbs. Itched. Cuticura Heals.

"My baby had a very bad case of eczema. It started in small pimples and spread on her arms and face and limbs, as far as her hips. The skin was sore and red and the breaking out itched so that she wanted to scratch all the time. She was cross and fretful and could not sleep day or night."

"Then I used Cuticura, and when I had used four cakes of Soap and four boxes of Ointment she was healed." (Signed) Mrs. George Hiesler, R. F. D. 2, Box 44, Coopers Mills, Mo., May 5, 1919.

:: SOCIETY ::

Conducted by Mrs. Edmund Phillips. The annual trip of the St. George's Society will be by motor this year, leaving St. George's Hall at 10 a.m. on Thursday. The procession will be led by the president, Sir Frederick Stupart's car, flying the flag of St. George. The procession will drive to the Mississauga Golf Club, afterwards going on to the Caledon Club, where they will dine and return to town that night.

Mr. and Mrs. R. S. Williams announce the engagement of their daughter, Irma, to Mr. Clarence Armstrong Spence, son of Dr. and Mrs. Armstrong Spence, Lucknow, Ont.

A well-known personality passed away very quietly yesterday afternoon in the person of Lady Melvin Jones, and much sympathy is expressed for Mrs. Crawford Brown.

M. and Mrs. Robert George de Lipowski, whose marriage took place in Bridal last week, have been spending their honeymoon at the Queen's Royal, Niagara-on-the-Lake.

Mr. Seton Broughall, who is on leave from his regiment in England, is visiting the Rev. Dr. and Mrs. Cayley in Muskoka.

Mrs. W. S. S. Williams and Miss T. B. Williams, Turay, Virginia, who have been spending the summer at Cobourg, are now at the Clifton, Niagara Falls, Ont. Mr. and Mrs. S. A. Gaskell and their English guest, Mr. Eric Marsh, are also staying there.

Mrs. P. J. Howland spent last week with the Rev. Dr. and Mrs. Cayley at St. Leonard's Island, Muskoka. Mr. Howland motored up and spent the week-end with them also. Mrs. Howland is now visiting Mrs. Gillespie, and will return to town this week.

Mr. and Mrs. R. S. Williams have returned to town from their country house.

Mrs. K. D. Warren and Miss Van Lennep, New York, were at the Clifton, Niagara Falls, Ont., for a few days.

Mr. and Mrs. W. G. Haynes, the Cotswolds, have returned from the Highland Inn, Algonquin Park, and are going on to the Welland, St. Catharines, this week.

Mrs. Harold Chiles is visiting relations at Point Claire.

Mrs. H. B. Yates and Miss Emily Yates, who have been spending the summer at Cacouna, are returning to Montreal by the first of September.

Col. Jarvis, C.M.G., C.B.E., is visiting his sister, Mrs. William Hope, at Dalmeny, St. Andrew's-by-the-Sea.

Mrs. R. S. Williams and Mrs. Moore have returned from a motor trip to Watkins Glen.

Mrs. D. A. MacDonald, 46 Beatrice street, and her niece, Miss Blanche Thompson, Orangeville, who have been at the Clifton, Niagara Falls, Ont., have returned home.

Miss Madeline Williams is visiting Mrs. Boyd and Miss Nancy Boyd at their home in Muskoka.

Mrs. Dubois, Cincinnati, has been spending a month in town. Various parties have been given in her honor, one a garden party.

Dr. Albert Ham, who is at Port Carling, is suffering with a broken arm.

W.C.T.U. DRIVE

Campaigners Doing Well—Subscriptions Come in Thru Publicity in Press.

Workers on the W. C. T. U. drive for the Willard Hall extension, are maintaining their optimism, altho they find that many of those on whom they call are sojourning at summer resorts. Even with this drawback, the president, Mrs. F. Ward, reported that the campaign was doing very well, and the campaigners being well received.

"The papers, too, are helping us," was Mrs. Ward's statement. "This morning we received \$85 from Mr. Cowler of Saskatchewan, who only knew of the campaign thru the press. We also received another cheque today for \$50 that came to us in the same way."

As yet there are no figures obtainable, the collectors not wishing to bring their books until promises are turned into tangible cash. Collections are being made in some cases in factories by the employers, and returns in those are still incomplete. The object is to obtain additional rooming accommodation for business girls, the objective in view being \$150,000.

Asking Copper Cliff Firm To Explain Worker's Death

Ottawa, Aug. 24.—The International Nickel Company at Copper Cliff, Ont., will be asked to furnish an explanation, if possible, as to how one of their employees, Alder Gagnon, a resident of Hull, came to his death in the hospital there on August 20. The remains reached his home, 110 1/2 Ave. St. Paul, this morning, but his parents have no idea at all as to how he met with his death.

BUILD IN QUEBEC BIG MATCH PLANT

Five Million Dollars to Be Spent by British Interests.

Montreal, Aug. 24.—Thru the medium of a Canadian associate company, the enterprise of a recent amalgamation of four British match manufacturing firms will erect a large mill in this province and install a match manufacturing plant at an investment of five million dollars.

This information was given out today by Sir Alexander Maguire, the chairman of the British amalgamation, who has been investigating conditions here for the past few weeks. The management of the Dominion branch of the industry to be in the hands of a directorate of twelve; six Canadians and six Britishers. Sir Lomer Gouin and George Chahoon, president of the Laurentide Company, are the first two to be mentioned on this side. The president of the company will be Sir Alexander Maguire, British directors with Sir Alexander as chairman, are Col. Bouverie, D. S. O., representing the Vickers, Limited; J. Lever Tillotson, head of the leading cardboard box manufacturers in England; and J. C. M. Jacobs, late manager of the Bank of Liverpool; Charles Gane, one of the leading timber men of London, England; and D. R. Maguire.

Details in connection with the Quebec plant will be completed within the next few weeks.

"DOYLE RULE" NOT THE BEST SYSTEM

(Continued From Page 1). "Is there lumber in your mills taken out of the logs which do not appear in the diagrams?" "Yes."

Government Sees Logs. Justice Riddell: "Did you ever figure out in your own mind before this inquiry began what you ought to be getting out of logs?" "No."

Mr. Harding: "Where do you scale your logs?" "The government scales them."

"Do you accept the government scale?" "Yes."

"Do you swear to that?" "As far as I know."

"Please don't start hedging. I want you to swear to this and give the name of someone you purchased logs from on the government scale."

The name of a jobber was given. "How do you scale logs bought from private individuals?" "I don't believe we scale them at all."

Justice Riddell: "It's unfortunate you don't know."

Information was put in which showed that in one case the cutters of the Spanish River Lumber Company reported a total of 175,544,713 feet, the result of their Doyle rule computations. Accepting the cutter's number of pieces and the diameters recorded as being correct, and assuming all timbers to be sound and straight, and computing the number of board feet in these same logs by other rules, results as follows are obtained: Scribner rule, 265,829,270 feet; Quebec rule, 274,739,284 feet; New Brunswick rule, 317,508,961 feet.

Could Get More Dues. Thus it was intimated that had the government prescribed any of these latter three rules, instead of the Doyle, dues would have been paid on a considerably larger number of feet.

"Twenty-seven per cent. of the Norway pine and hemlock cut by the company," said M. T. Raymond, "is cut into timber instead of lumber."

Mr. Harding: "Do you mean to tell us you got all the amount of timber from the logs the diagrams would show?"

Witness: "I think we do. All logs are not alike. If one log is not like the diagram, we get it out another way."

"In your fifteen years' experience, did you ever have any system for estimating what you get out of logs?"

Justice Riddell: "Did you ever figure out exactly what you got from each log?" "No. We are trying to get the most out of the logs. I have been at it 15 years, and I am still learning."

Could Not Explain. Mr. Harding asked witness to explain how it was that 1909 was the last year any record was kept of "logs held over" until the next year.

Witness could not say.

Justice Riddell: "You have always more logs than your books show."

Witness said a man was employed to count logs, but that his count was inaccurate, and that the figures could not be of any use.

Mr. Harding: "And you pay this man money?"

Justice Riddell: "How perfectly absurd. What earthly good is that to anybody?"

Witness: "It's no use for checking, absolutely."

Justice Latchford: "Not absolutely, but approximately."

Witness would not admit this.

Discussing the depreciation of blown down timber, Mr. Raymond said that in the first year worms got in the logs, but did not continue to bore after that, and that for ten years more the logs did not depreciate any more.

Ordered Not to Answer. Frank Niven, secretary to the min-

Into a Crockery Teapot Put a teaspoonful of the genuine

for every TWO cups. Pour on freshly BOILING water and let it stand for 5 minutes. THE RESULT will be the most perfect flavored tea you ever tasted.

ister of lands and forests, was asked by Peter White, K.C., as to certain information regarding over runs, but he was ordered not to answer them by the commission; it was not evidence.

You have no right to ask an officer of the department what is going on in that department. If the information you want is given to you, all well and good, but you can't get it from an officer," ruled Judge Riddell.

"I might say I am getting that information myself," said Judge Latchford.

Judge Riddell, in answer to Mr. White, said the latter might tell the minister of lands and forests that any information he possessed would be placed before the commission.

The commission will resume this morning.

WOMEN'S GOOD WORK HELPING HOSPITAL

The first report of the recently formed women's auxiliary of St. Michael's Hospital, of which Mrs. Walter McKeown is president, shows fine results. Up to the present the activities of the members have been confined to sewing for the hospital. In all 102 women attended, giving on an average about three days' work, with the result that over a thousand articles were made and a good deal of mending done. Among the articles made were 484 towels, 52 baby dresses, 119 sheets, 186 pillowslips. When the society begins operations for the season it is expected that they will concentrate part of their effort on equipping the residence for nurses, now in the course of construction.

UNIVERSITY WOMEN HOLDING CONFERENCE

Today university women from many parts of Canada will convene for a three days' conference, their headquarters being at the Laura Matilda tea-rooms. This morning the executive will meet at 10 o'clock and the general session at 2:30 p.m. It is expected that about 40 delegates representing 1,000 members, will be in attendance. Mrs. R. F. McWilliams, of Winnipeg, president of the alumnae, will occupy the chair. Among the courtesies which will be given by the Toronto members are a dinner at the Sunnyside Pavilion on Friday evening and a tea at the Yacht Club on Thursday.

FARMERS' PARTY PLANS

Winnipeg, Aug. 24.—(Canadian Press.)—The Farmers' political party will not this fall undertake any public campaign thruout the Dominion, it was stated here today by one in close touch with the movement.

RECORD CROP OF FLAX

Ottawa, Aug. 24.—(Canadian Press.)—Ontario will have the biggest and best crop of flax in her history, according to Frank Glass, member for East Middlesex, who is here today.

SEARCH EARTH AND YOU WILL FIND THAT ONLY ONCE HAS NATURE SET OUT TO MAKE A FOOD: SOMETHING WHICH EXISTS IN ORDER TO BE A FOOD, AND FOR NO OTHER PURPOSE. THE RESULT WAS A MASTERPIECE—MILK.

Dr. C. W. Saleeby.

Four Times a Day

At breakfast—with fruit and cereals.
At lunch—in soup and with dessert.
At supper—in puddings, sauces and creamed vegetables.
At bedtime—as a cooling, satisfying drink.

And all day long—whenever the children come in tired and thirsty—let them drink Farmers' Dairy Milk.

It's the ideal warm weather food—a refreshing drink, as nourishing as it is satisfying.

It completes the good work of sunshine and fresh air—makes children grow, builds up reserve strength, brings the roses of health to their cheeks and the light of happiness into their eyes.

Farmers' Dairy Milk is Nature's only perfect food. It contains in balanced proportion all the elements of nourishment your body needs.

No child ever had too much. And it is the cheapest food you can buy!

Protect your children's health by using this richer, better milk liberally these warm-weather days. When temperature and eagerness for play steal away their appetite a glass of Farmers' Dairy Milk will be a meal in itself.

Workers on the W. C. T. U. drive for the Willard Hall extension, are maintaining their optimism, altho they find that many of those on whom they call are sojourning at summer resorts. Even with this drawback, the president, Mrs. F. Ward, reported that the campaign was doing very well, and the campaigners being well received.

"The papers, too, are helping us," was Mrs. Ward's statement. "This morning we received \$85 from Mr. Cowler of Saskatchewan, who only knew of the campaign thru the press. We also received another cheque today for \$50 that came to us in the same way."

As yet there are no figures obtainable, the collectors not wishing to bring their books until promises are turned into tangible cash. Collections are being made in some cases in factories by the employers, and returns in those are still incomplete. The object is to obtain additional rooming accommodation for business girls, the objective in view being \$150,000.

Ottawa, Aug. 24.—The International Nickel Company at Copper Cliff, Ont., will be asked to furnish an explanation, if possible, as to how one of their employees, Alder Gagnon, a resident of Hull, came to his death in the hospital there on August 20. The remains reached his home, 110 1/2 Ave. St. Paul, this morning, but his parents have no idea at all as to how he met with his death.

BASEBALL Toronto 7 Reading 6

TREADING CLOSE ON DUNN'S HEELS

Leafs Gain a Game by Down- ing the Reading Marines Again.

SEVEN TO SIX Lively Game With Locals Coming From Behind to Win.

The Leafs gained a full game yesterday in their spurt for the Fultz Frill. Hughey's men allowed games by coming from behind and beating the Reading Marines, 7 to 6.

The locals are in the battle up to their necks, fighting for every inch of the way, but peevishness against decisions they don't like keeps them nowhere. Yesterday, again, the umpire's ruling act was staged, and it is settling wariness. As usual, the Leafs got nothing but punishment for their trouble. Onslow pulled- ing, but he made nearly a complete turn, and moved his body over the plate. Umpire Warner rightly called him out on strikes. The usual long argument and hard words. Onslow then passed a remark from 1st base. He was ban- ished from the game and the team weakened.

The local attack yesterday was head- ening, but the pitching out of the start- ing. Ryan got himself into a jam in the fifth, and got a assistance when An- derson, playing in right when Riley was forced to go first after Onslow hoisted himself out of the game, kicked one all over the lot. Anderson had a poor day, paving the way for the last Reading run by dropping a fly ball. Moly Kraft fin- ished in the box, and was very success- ful.

Kraft's crew were in a vicious mood. They sailed into two Marine flingers in cruel fashion, opening up an early lead, and then clubbed their way to victory after Ryan lost the margin.

The Leafs took things into their own hands in the opening inning. Kraft and Blackburne tried off hits, and On- slow raised the fly to tie Kraft score.

Reading were allowed to tie the score in the second on a gift. O'Rourke threw the ball. Nothing daunted, the Leafs forced to the front again in their half. Thompson walked. Gonzales rolled out, but the bases were quickly filled when Swartz hit Devine and walked. Ryan forced over a run by also slamming O'Rourke with a bender. Kraft stroled up, and Hummel changed pitchers, send- ing Barnes in. Kraft hit into a double- play.

Onslow crabbed himself out of the game in the third with his arguing. Ryan went into the fifth, and then Ryan, Sheridan, and walked. Ryan, Marriott singled and took second on a fly ball, and Konnick's double count- ed for a run.

Good-hy, Ryan, and then Kraft. Bow- man rolled out, and the Marines were up the runs.

With two out the Leafs staged a strong rally in the sixth, netting them two runs, and leaving them just one behind Reading. Devine and Kraft singled, and both scored on O'Rourke's two- play connecting shot.

Away they went to the front, never to be headed, in the seventh. Blackey whiffed, but Andy picked out a hit, and Riley doubled. Andy was cut off at the plate on Tommy's bouncer. Gonzy chased two in with a nice hit to left, and Devine's double scored the other. Brown then took up the pitching for Reading, and Kraft rolled out.

Thomas pulled up at second in the eighth when Andy dropped his fly. He was shoved the rest of the way on Sheridan's single and Marriott's infield out. This left the final score 7 to 6, and a clean sweep of the series for the Leafs.

FOUR-OUT OF FIVE FROM THE INDIANS

Boston Rough With Speaker's Men - Perry Stopped Sisler Hitting.

At Boston (American).—By winning 7 to 2 yesterday, Boston took four games out of the five-game series from Cleveland. Boston massed its attack on Clark, while Bush kept Cleveland's hits scattered until the eighth. Score: R.H.E. Cleveland, 0 0 0 0 0 2 0—2 9 1. Boston, 7 0 0 2 1 0 4—7 13 0.

At New York.—Detroit made its farewell appearance of the season at the Polo grounds, defeating New York, 5 to 3, and winning the series, 3 to 1. New York had plenty of opportunities to score, but they were missed by Avery kept in Detroit away from the plate. The score: R.H.E. New York, 0 0 0 0 0 0 1—3 4 2. Detroit, 5 0 0 0 0 0 0—5 12 0.

At Washington.—Washington hit Faber hard and took the final game of the series from Chicago, 5 to 3. Score: R.H.E. Chicago, 0 0 0 1 0 3 0—5 12 0. Washington, 5 0 0 0 0 0 0—5 12 0.

At Philadelphia.—Philadelphia won two games by the same score, 3 to 1. Sisler was held hitless by Perry in the second game after hitting safely in 25 consecutive contests. Score: R.H.E. Philadelphia, 0 0 0 0 0 0 0—1 6 0. Boston, 3 0 0 0 0 0 0—3 8 0.

At St. Louis.—St. Louis won two games by the same score, 3 to 1. Sisler was held hitless by Perry in the second game after hitting safely in 25 consecutive contests. Score: R.H.E. St. Louis, 0 0 0 0 0 0 0—1 6 0. Boston, 3 0 0 0 0 0 0—3 8 0.

At Akron.—Jersey City made it two out here from Akron by winning the final game of the series by a score of 4 to 3. Score: R.H.E. Akron, 4 0 0 1 0 5 3 1—14 21 2. Jersey City, 0 0 0 0 1 1 0—4 10 3.

At Buffalo.—Buffalo and Baltimore met for the last time of the season. Buffalo won by a score of 2. Buffalo hit Kneisch hard. Score: R.H.E. Buffalo, 0 0 0 0 0 1 1 0—2 8 0. Baltimore, 0 0 0 0 0 0 0—0 0 0.

At Chicago.—In a free-hitting game, Chicago nosed out Boston, 3 to 2. Boston counted only twice. Chicago hit a deciding eleven runs. Score: R.H.E. Chicago, 0 1 0 1 0 0 0 1—11 11 1. Boston, 2 0 0 0 0 0 0 0—2 12 0.

At Cincinnati.—The Reds disposed of Fitcher Smith in less than two innings, and won easily from Philadelphia, 7 to 2. Napier, a recruit from the Texas League, pitched the full game for the champions. Score: R.H.E. Philadelphia, 0 0 0 0 0 0 0—2 12 1. Cincinnati, 7 0 0 0 0 1 0—12 0 0.

HEAVY BATTERY WORK BY LONDON COCKNEYS

London, Ont., Aug. 24.—(Mint).—Heavy hitting by the London batters accounted for the Mint League leaders' second straight victory over Battle Creek this afternoon by a score of 9 to 1. Winters was found for 14 wallops, five of them being for extra bases, while Deloitte found it comparatively easy to set the Clusters down with six hits, two of which came in a cluster in the first inning for their only run. The game was witnessed by the smallest crowd of the season. Score: A.B.R.H.O.A.E. Battle Creek—A.B.R.H.O.A.E. Boyle, lb., 4 1 1 8 3 0 0. Hooker, cf., 4 0 2 7 0 0 0. Kaylor, rf., 4 0 0 0 0 0 0. LYFORD WARNED FOR ROUGH PLAY

T. and D. Junior Council Arrange Games and Referees for the Week.

The T. and D. Junior Council met last evening and warned Player Lyford of Tomlinson for rough play. Beavers were granted permission to hold their annual picnic on Saturday, and permission will not be granted for any picnics after this date.

The Beaver-Akron game between Toronto and Montreal will likely be played in Toronto on Labor Day. The Beaver-Akron lover protest was settled, the game being ordered to be replayed, with Referee Anthony in charge.

The council give notice that players injured previous to July 1 will not be eligible for the Sibery Cup fund. The draw for the Sibery Cup is as follows: Hitless—Bates on half-off grounds of the first-named club on Saturday.

Willis-Overland v. Linfield (A. Anthony). Tomlinson v. S. J. (S. J. George). Tomlinson v. Parkdale (S. J. George). Coda-vale v. Eragas (J. Scuse). Davenport v. S.O.E. (S. J. George). Owing to Asch Rovers and Beavers going on picnic, Linfield and Parkdale will not play Saturday.

Thursday evening, at Danpoo grounds, at 8:15. T. and D. Junior Council. T. and D. Junior Council.

Friday evening, at Danpoo grounds, at 8:15. T. and D. Junior Council. T. and D. Junior Council.

Saturday evening, at Danpoo grounds, at 8:15. T. and D. Junior Council. T. and D. Junior Council.

Sunday evening, at Danpoo grounds, at 8:15. T. and D. Junior Council. T. and D. Junior Council.

NINETEENTH RACE—Purse \$1500, all ages, allowances, 6 furlongs.

Broadview Athletes Train for Handicaps

A good crowd of athletes were out on the Broadview Y.M.C.A. field for a workout last night in preparation for the club championships that are going to be held on Saturday, Sept. 4, on the east end field, and also a number of the boys are entering for the Exhibition meet the following week.

The 220 yards, half-mile run and running broad jump were run off. Ed Payne made a great jump when he leaped 40 feet from scratch, but only got third place with the handicaps. The 220 yards went to Art Black, who just managed to nose out L. Clarke, with Payne a third.

The half-mile also proved very close. Clarke and Silvers hitting the stretch together, the former's condition giving him the event in the final dash. Bud Carlton fighting it out for third place.

The distance men had a good workout afterwards. Tom Ellis, the game Hamilton Y. runner, was out for the first time with Broadview, and Jack Turpie, Geo. Black and Harry Tressider went several miles. The men are all asked to be out Thursday at 7.30 for a workout on the road, and starting next Tuesday handicaps will be held on the road to condition the men for the Dunlop five-mile road race around Oct. 1. The following athletes are asked to be on hand Thursday: Geo. Allison, E. Payne, Joe Carroll, Harry Tressider, J. Silvers, Tom Broadview Y. Championships.

After the field work a good meeting of the athletes was held when the program of handicap events were drawn up for the club championships to be held a week from Saturday, Sept. 4, when a record entry is expected.

Program of events: 100 yard dash, 220 yards dash, 440 yards run, one mile, three-mile run, running broad jump, javelin throw, one mile walk, running high jump, 12-lb. shot put, all events handicaps. Entries to be in by Thursday, Sept. 2. Prizes for first, second and third. The events to be run in conjunction with the big Ulster football game on the Broadview track.

Program of events: 100 yard dash, 220 yards dash, 440 yards run, one mile, three-mile run, running broad jump, javelin throw, one mile walk, running high jump, 12-lb. shot put, all events handicaps. YANKEES TO PURCHASE THEIR OWN GROUNDS

Philadelphia, Aug. 24.—The American League, at a meeting here today, unanimously agreed to have the New York Club purchase its own grounds.

The club is at present using the Polo Grounds, but as the management of the New York National League team requested a cancellation of their agreement, it was decided to make a change.

The present lease still has one year to run.

LIFT THE PARTRIDGE

Guelph, Ont., Aug. 24.—(Special.)—A strong rink of Hesperian lawn bowlers, skippered by Bob Logan, motored to the city today, and after a very close and interesting game succeeded in lifting the Partridge Trophy from John Easton and his rink put up a grand game from start to finish in defence of the trophy, and the issue was not decided until an extraordinary end had been played.

The score: Hesperian 119, Easton 105.

Hesperian: H. E. Casford, G. McPherson, W. Glennie, E. McLenahan, R. Logan, skipper.

Easton: J. J. Shaw, G. McPherson, W. Glennie, E. McLenahan, R. Logan, skipper.

Simpson's

The Optical Department (on the Second Floor) is prepared to advise and suggest in the matter of eye-glasses and the care of the eyes. Consult our opticians today.

Simpson's

Summer Hours--During June, July and August Store Opens at 8.30 and closes at 5.30. Closes Saturday at 1 o'Clock, with No Noon Delivery.

Simpson's

School Days

Ding Dong! Ding Dong! Schools Open September First

Holidays are almost over—September first will hear the school bells clanging and many a little boy and girl will trudge off to school again—perhaps with a smile, perhaps with a frown.

There are ever so many preparations to make. There's clothes to be brought—just heaps of them. Summer romps have knocked toes out of boots, and tempting fences have torn breeches so. School supplies too, slates, books, pencils and goodness knows what not—have all to be ready for action by September first.

'Tis little wonder mother looks worried. Perhaps she doesn't realize the service the Simpson Store renders to the small boy or girl. There, mother may procure everything necessary from the smallest hanky to the most serviceable tweed reefer, without the least worry or trouble.

Here Are Boys' Suits Made to Resist the Schoolday Wear

The Boys' Clothing Department—Second Floor—announces its complete readiness to outfit every boy with serviceable, good-looking clothes at the lowest possible prices. These are suits which attest the tailor's skill.

Boys' Gray Homespun Tweed Suits \$15.00

A dark gray homespun tweed suit in a three-button, single-breasted belter model. Plain back and front, open vent and all-around loose belt. Strongly made bloomers, lined throughout—belt loops and expanding knee fasteners. Sizes 25 to 30, or 7 to 12 years.

Boys' Tweed Suits in Various Shades \$16.50

A large assortment of suits in grays, browns, olives and mixed effects. Made from good wearing tweeds in two and three-buttoned belter models. Strongly made bloomers, with pockets and belt loops—lined throughout. Sizes 25 to 30, or 7 to 12 years.

Boys' Blue Serge Suits \$19.50 and \$21.00

These suits are fashioned from a good quality serge in the double-breasted model. They have detachable belt, yoke and pleats at back; also open vent, open side and breast pockets. Lined throughout. Bloomers are full cut, with pockets, belt loops and belt of self material. Sizes 25 to 30 at \$19.50, and 31 to 33 at \$21.00.

Boys' High-Grade Tweed Suits \$21.00

Splendid suits tailored from a high-grade tweed, in a brown check effect. Single-breasted, two-button model with all-around stitched-on belt, and plain back with open vent. Bloomers are full fashioned and lined throughout. Sizes 31 to 34—15 to 16 years.

Boys' Manual Training Aprons 50c

Strongly made aprons of good quality duck cloth, with bib fastened over neck, and a large pocket in front for carrying tools, etc. All sizes .50

Boys' Bloomers \$2.75 to \$7.00.

A large range of boys' bloomers, all of which can be depended on to give full satisfaction. Well lined throughout, with pockets, belt loops and governor fasteners. Sizes 24 to 36 or 6 to 18 years.

Boys' Clothing Dept.—Second Floor.

Jack Tar Togs for Little Girls

Are just as jaunty as anything sailor style could be. They are made of white jean and the little skirt falls from a yoke in a series of box pleats. The collar, cuffs and separate belt are bright blue linen, trimmed with white braid, while the large white patch pockets are piped with this same blue material by way of contrast. A middie lace fastens the neck. Sizes 8 to 14. Priced at \$9.50.

A Combination Middy Suit

Is a simple little costume. The pleated skirt is all wool navy serge attached to a cotton waist and priced unusually low at \$6.50. The white jean middie has detachable collar of navy serge trimmed with white braid, and is belted all round. There are two pockets and it is laced in true middie style. Sizes 8 to 14. Priced at \$2.50. The suit complete is remarkable value at \$9.00.

When Little Sister Trudges Off to Kindergarten

She'll need one of these pretty Mother Hubbard styled frocks. It is made of chambray and has little rounded collar daintily embroidered, two useful pockets and little sash ending in a big bow. Sizes 2 to 6. Priced at \$3.75.
