

GOOD THINGS COMING TO THEATRES OF ST. JOHN

NOTABLE CAST THROUGHOUT The first of E. H. Sothorn's three super-Vitagraphs, "The Chatter," which is to be presented at Imperial Theatre tomorrow and Thursday, was screened for the censors yesterday afternoon and viewed at that time by some well-known critics. The screening revealed a powerful production of most lavish staging and a strong consistent story of high finance, as it affects the happiness of the home. Of course the great Sothorn rose to wonderful dramatic heights, and Peggy Hyland, the English beauty, played his "Chatter" wife most admirably. Rose E. Tapley, Charles Kent and other noted Vitagraphers were in support of these stars. Therefore, tomorrow and Thursday's presentation of "The Chatter" may be looked forward to with happy anticipation.

WILL BE SHOWN TONIGHT The 180th Battalion special motion pictures, announced to be shown at the Opera House yesterday in connection with the Human Musical Company performances, missed connections at Montreal on the way from Toronto where they were shown all of last week and did not arrive in St. John in time to be shown at last night's performance. They arrived today and will positively be shown at both performances tonight and at all performances tomorrow.

GOOD SHOW TONIGHT; NEW GEM BILL TOMORROW AFTERNOON, 2.30 O'CLOCK Tonight at 7.15 and 8.30 o'clock, last chances to see the excellent vaudeville acts and Robert B. Mantell picture now running at Gem. Whole programme will be changed at 2.30 tomorrow. It promises better than even the others. New, bright vaudeville, including a rich black face sketch and extra good pictures.

NEW RULER OF AUSTRIA-HUNGARY

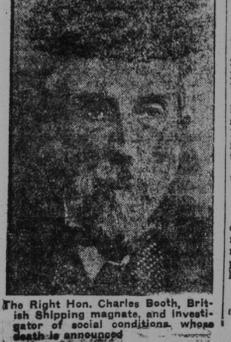

The Archduke Charles Francis, who succeeds to the Austrian throne as a result of the death of the aged Emperor, Francis Joseph. The new Emperor has a hard row to hoe to keep the Empire together and because his training has been military rather than diplomatic, it is predicted that his accession will be followed by an increase in Prussian domination of the Central Powers.

A MORE CHEERFUL REPORT FROM ROUMANIA

(Last War News of the Day.) London, Nov. 22, 2.25 p. m.—The military situation in Roumania is improving for the Roumanians, according to a despatch received today by the Wireless Press from Bucharest by way of Rome. Field Marshal Von Mackensen is said to be making no material progress. The Roumanian retreat, it is added, is proceeding in perfect order on a settled front.

MRS. A. CHIPMAN RITCHIE The death of Mrs. Grace Helen, wife of A. Chipman Ritchie, occurred this morning at her home, McLaren's Beach. Mrs. Ritchie was a daughter of the late William and Annie Ewing of this city. Besides her husband, she is survived by one son, Ronald, now at the front in France with the 17th siege battery, and three brothers, W. A. Ewing, K.C., and George R. Ewing of this city, and Robert S. Ewing of Winnipeg. The funeral will be held on Thursday afternoon with service in St. Paul's (Valley) church at three o'clock.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS. 50c.

BIRTHS

LYNCH—On Nov. 27, to Mr. and Mrs. John E. Lynch, 68 Mecklenburg street—a son.

DEATHS

RITCHIE—At McLaren's Beach, St. John, on November 22, Grace Helen, wife of A. Chipman Ritchie, and daughter of the late Wm. and Annie Ewing. Funeral service at St. Paul's (Valley) church on Thursday, 30th inst., at three p.m.

CLARKE—At West St. John on Nov. 25, William Clarke, aged eighty-one years, leaving his wife and one daughter to mourn their sad loss. Funeral service from the residence of his son-in-law, A. K. Horton, 9 Germain street, West, on Wednesday morning at 10 o'clock. Friends and acquaintances invited to attend. Interment at St. Martin's on the arrival of the 12.15 train.

FUNERAL NOTICE

Members of Cantilver Lodge 407, B. of R. T., are requested to meet at their rooms, Coburg street, at 2 o'clock Wednesday afternoon, November 29, for the purpose of attending the funeral of our late brother JAMES H. P. MAULEY. Members of sister lodges invited to attend. By order, H. J. HENNESSEY, Secretary.

PROTEST BY THE RETURNED SOLDIERS

St. John, N. B., Nov. 23, 1916. To the Editor of the Times: Sir,—At a meeting of our association, on Monday night, a protest was lodged and voted on unanimously by the members, that a protest should be made through the press to the effect that, in the opinion of the European War Veterans Association, the conduct of marching the returned invalid soldiers from the R. M. S. Corsican on Monday morning from West St. John to the discharge depot in this city was a disgrace to the public eye. This in particular applies to the boys who were hobbling along on crutches the whole way, trying to smile like the heroes they were.

Now, Mr. Editor, we don't believe for one minute that if this is brought to the notice of the Dominion government they would be mean enough to allow such a thing to occur again. Surely there is an old Red Cross wagon left in Canada yet that could give a little ease to the boys going to the depot for discharge. On the other side the authorities think it an honor to do all they can to help the boys along.

A similar letter to this was sent to Capt. Bruce, in care of the discharge depot, although we are not casting any blame on him but we asked him to try and obtain better treatment for our brothers in arms that have been. It is not up to the civilian friends to do so; the military should provide an ambulance for them.

Thanking you, Mr. Editor, for past favors, we remain, yours truly, THE E. W. V. ASSN, per (Sgd.) B. TIPPETT, Pres. G. WILSON, Sec. J. DRYDEN, E. PUDDY, Committee Men.

PLENTY OF VARIETY AT THE STAR

First Chapter of New Serial Makes Pleasing Impression The first instalment of "The Secret of the Submarine," at the Star Theatre last night, introduced an exciting and interesting character, and closed with the sort of thrills that makes one wish to see more.

The director in charge of the production managed to work into the story some very comprehensive views of a submarine in action, both inside and outside scenes. As the story goes, the girl's father has invented a means by which a submarine may get its supply of air through an appliance operating like the gills of a fish (no less an authority than Mr. Edison has suggested such a possibility). The inventor of this device is made, with the inventor, his daughter, her lover and others on board. A Japanese spy has also secreted himself in the submarine.

When the air is exhausted in the submerged vessel, the new invention is set to work. The spy is overcast making a study of it, and after the vessel is held to hold him he escapes through the conning tower, leaving the aperture open and then water begins flooding the interior. The first chapter closes with the submarine sinking to the bed of the ocean.

The characters are clearly depicted. Thomas Chatterton appears as Lieut. Hope; Juanita Hanson as the girl; Wm. Tedmarsh as the Japanese spy, and Les-mir Johnstone, Hilda Hole, George Clancy and Harry Edmundson in other roles.

In addition to the serial the Star showed a very exciting band story, "The Victrola," and a clever Beauty comedy featuring Oral Humphrey, entitled "Tipp." Mr. Humphrey was the unfortunate Marmaduke Smythe in "The Diamond from the Sky."

Judging from the enthusiasm of last night's large crowds, "The Secret of the Submarine" will be the big attraction at the Star this winter.

The first chapter will be shown at three performances this evening.

ST. DAVID'S Y. P. A. In addition to the features mentioned elsewhere, the program at St. David's Y. P. A. last evening included a banjo solo by G. D. Davidson, Miss Marion Robinson was convener of the committee in charge and Mrs. I. E. Archibald was the accompanist.

DRIVER INJURED Thomas Malley, driver for W. Alex. Porter, was injured this afternoon as the result of a collision which took place in Union street between his express and a coal team driven by a young man named Davidson. Mr. Malley was driving around the corner of Dorchester street, and suddenly came upon the coal cart. He was carried into the engine house nearby, and Dr. G. A. B. Addy summoned. His injuries, although painful, are not serious. The express wagon was damaged, but the coal cart escaped with the loss of some of its contents.

ST. JOHN AND HALIFAX BOTH TO SHARE IN NEW STEAMSHIP BUSINESS Ottawa, Ont., Nov. 22.—Montreal is the probable summer terminus of the two steamers, which are to ply between Canadian Atlantic and British Columbia ports. In the winter the vessels will run to St. John and Halifax. While authority has been given to call for tenders for building two ships in British Columbia, it is quite probable that two already constructed will be bought. Calls will probably be made at the British Columbia ports.

It is intended to have the service in operation at the earliest time possible.

DOW JONES & CO. Journal of Commerce.—There undoubtedly is active selling in progress by substantial interests.

Wall Street Journal.—"One factor which works for lower prices is nervousness over reports of pending U-boat operations near American waters, and another is the higher rate for call money."

Financial Times.—The shrinkage in the bank surplus and the firming of money rates are arousing professional activity on the bear side again because of the memory of what followed the strengthening of rates in the late slump in prices. Advice is being given by important and conservative financial interests to watch this money situation closely.

The better class of rails are now in direct competition with high yield foreign loans, says a prominent investment institution in explaining the backwardness of the railroad department in referring to the labor difficulties of the carriers. Nevertheless, the buying of Norfolk Western N. Y. C. Atchafalaya and Union Pacific on declines is reported to be very good.

"There is no doubt that the stocks of the leading copper producing companies are worth intrinsically more than ever before in their history," says one of the best informed copper experts in the city. "There is a lull in the speculative activity of important market interests with regard to the copper shares so far as anticipation of higher prices in the immediate future is concerned. The purchase of the shares of the International Marine Company, Atl. Gulf & West Indies is being recommended very emphatically by financial interests of the first magnitude quarters which are vitally concerned in the future of the shipping business and which are making predictions that through the revival of shipbuilding in this country, the American merchant marine will surpass its record of the past in this connection. GERMANS HAVE LOST THIRTEEN ZEPPELINS

London, Nov. 23.—There have been seven German airships destroyed in England in the present year, and six have been brought down in other fields of operations. The two months of immunity which Great Britain had had from hostile air raids led many persons to believe the Germans would not thus risk any more of their airships. The authorities, regarding the protection of London as fairly complete, continued their work, however, with the object of rendering other parts of the country safe. The success of the air patrols this morning has given the greatest satisfaction here.

## All Merchants Can Now Supply You With Better Shoes Because of Neolin

Neolin makes any shoe a better shoe. It was proved before ever a pair of Neolin Soles left the factory. It has since been proved on over a million pairs of shoes—men's, women's, children's—at many prices. No matter for what purpose you buy shoes, they are better with Neolin Soles.

For nearly a year Neolin has been in the hands of Canadian shoe manufacturers, merchants and wearers. It was an instantaneous success. For nine months we have been unable to manufacture enough Neolin to meet the demand. But now the factory has increased the output tremendously.

Some makers have built their shoes on Neolin since its introduction. These firms ordered more than we could supply. Many others wanted Neolin, but could not be supplied. All shoe manufacturers can now secure some Neolin for immediate use on shoes going to the merchants now.

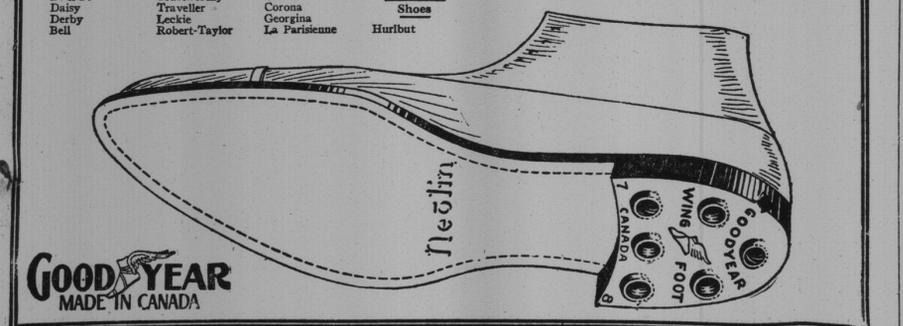

In the same way many merchants up till now have had to do without Neolin. Whatever may be your favorite make of shoes, if the dealer has not got them built on Neolin Soles, he can get them immediately.

Many brands of shoes are sold with Neolin Soles. Many more will add this betterment now. You should be able to secure Neolin anywhere. But we know the shoes listed below have Neolin Soles, and if you will ask for one of these brands you will be offered a wide range to choose from.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Centre Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE MIDDLE STAGE

Men who talk of two or even three years more of war are perhaps influenced unduly by the Roumanian reverse. The fight measure of that reverse is not yet known.

With regard to the general military situation, Sir William Robertson said, "he did not know that he had any opinion to give. He thought himself that the country and the Empire ought to be more than satisfied with what they had now achieved, considering the start that they had in sight."

The Zepplins came again last night over the North Sea, bent upon devastation of English towns. Two do not return, and their crews see the Fathland no more.

The despatches tell us that Sir Sam is to make a public statement soon as to his differences with Sir Robert. The blunt ex-minister has been accustomed to speak his mind, or at least that is his reputation.

Have you seen the work of the returned soldiers who are rebuilding themselves and learning handicraft in the Parks Convalescent Home? Buy and encourage the men who have so well done their share of the Empire's work.

Wise advertisers already are making some of their Christmas announcements in the advertising columns of the Times. Well to remember the old story of "the curly bird."

The humble match springs into prominence—or is it into commonplace—by going up in price.

THE HAMMER AND THE SWORD

Ye fields of Flanders, lift your spears, In glory of the Lord!

When Harry laughed at Agincourt, When Jeanne swept armed through Maine,

These twain struck winged, swift and sure, And now they strike again!

Where Crecy bled, where Pottiers flamed, Where heroes smote the sun,

These two smote eager, swift, true-aimed, And now they smite as one!

The Hammer, flinty fist of God, The Sword that is God's tongue,

England, the Hammer, iron-shod! France, fairest Sword that sings!

Ye fields of Flanders, lift your spears In glory to the Lord!

And shine ye bright through the blinding tears, The Hammer and the Sword!

—Ezra Simons in N. Y. Times.

THE BIRDS FLIT UNAFRAID.

(From The London Westminister Gazette.)

The birds flit unafraid Through your great cannonade;

And O Cannoneers, though ill The forests take your skill

And as by winter ripples Scott's leaves bullet-scrip

Down the shell-ravaged road— Still, in its dark abode,

In the branches of God The soul sings on alone;

You may blow the dead from their crypt, Not the dream from its throne!

HERBERT TRENCH.

HOW PNEUMONIA STARTS AND HOW OFTEN PREVENTED

You catch a little cold today, and by tomorrow it has reached the throat, next day the lungs are affected and you wish you had used "Catarrhone" which kills colds in five minutes.

It is noticed that the association again directs attention to the need of a free ward at River Glade for there are encountered at the local dispensary cases which could be cured if sent to the sanitarium, but the patient can not afford even the moderate cost involved and the association has not the money to meet the expenditure necessary.

There are few channels into which the charitably disposed can better direct their benefactions. Reading of today's report and a moment's thought upon the scourge of tuberculosis will establish this as uncontrovertible.

That Tickling In The Throat

CAN BE QUICKLY CURED BY DR. WOOD'S NORWAY PINE SYRUP

This trouble is most distressing and is caused by a cold setting in the throat. The hard dry cough causes that nasty, tickling, irritating sensation, and keeps you from enjoying your night's rest.

GROCERIES MARKET. The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week: In the search for canned goods at earlier prices one Montreal firm this week secured 5,000 cases of Spanish canned tomatoes in the 2-1/2 lb. size. Considerable quantities of American canned goods are coming into Canada. There is a good demand for most lines of canned goods despite the high prices prevailing. Prices generally are firm with a tendency to higher prices on corn. Flour registered a decline, but went back again to the level of last week. Sugar has held steady with a slightly better consumption noted in certain quarters. Canadian beet root sugar is now on the market in competition with the cane sugar. Butter, cheese and eggs have all registered advances. Lard has also advanced a quarter of a cent. There seems small prospect in sight for easier prices in these commodities for some time to come. Butter is expected to go to much higher levels. American butter is looked upon as a probable factor in the Canadian market in the near future. Cooked meats, such as hams, have registered a decline of one cent per pound. Heavy summer consumption is now over and prices are easier as result. All dried fruits are holding firm with a tendency toward higher prices in prunes. Currants from Greece are not expected to be in this market in time for the Christmas trade. Relief is anticipated from shipments of Australian currants now on the way, due to arrive about December 10. Peas are firm with advances recorded in some of the grades. Tapioca continues to be scarce on spot and prices are accordingly high. Beans are firm with advances in Indians recorded.

IRON FOUNDRIES UNION FOUNDRY AND MACHINE Works Limited, George H. Waring, manager, West St. John, N. B. Engineers and Machinists, Iron and Brass Foundry.

THE MARKETS AT A GLANCE. Hardware and Metal, Toronto, Nov. 25, said: Prices of hardware continue to soar, and this week another heavy list of price changes has become effective. Products which have advanced during the week include wire nails, cut nails, lap and butt-weld pipe, heavy and light tie and strap hinges, wrought steel butts, ash weights, malleable fittings, stove pipe, hand saws, trowels, rivets and burrs, wooden tubs and pails, hemp cordage, brass escutcheon pins, boxes, measuring tapes, glass boards, board and log rules, iron and steel products. New lists and discounts have been issued on bright and brass wire goods. Business is decidedly brisk despite the high prices now in effect. Collections generally are good, and a large volume of Christmas trade is looked for by the retail trade. The fact that Canadian munition orders will keep all plants busy during the first half of 1917, and that many American steel plants are booked to full capacity for 1917, would indicate that lower prices on steel goods will not prevail for many months to come. Further advances are expected on wire nails, pipe, black and galvanized sheets. All input metals have shown considerable additional strength this week and prices on copper, spelter and tin have advanced to higher levels. The lined-rod market is very unsettled and during the week quotations were withdrawn at times.

SEIZED 72,000 EGGS Capacity Booked For Months Ahead Shipyards in U. S. Have All the Work They Can Handle for Year or More

New York, Nov. 28.—A banker who has connections with several South American countries said that he had received a cable from a shipping company asking him to get bids for the construction of five small steel vessels, the specifications for which have been forwarded by mail. The South American customer wanted the ships at an early date, but his correspondent replied at once that there was not a shipyard in the United States which had not already contracted for all of the construction work that it could handle for the next year or eighteen months. Another banker has been trying to get any kind of bids on an article manufactured in New England for which the buyer would pay above the prevailing market price.

When the manufacturer failed to submit an offer he was called on the long distance telephone. He reported that his plant was running at 60 per cent of capacity, day and night and Sunday, and that he could not consider the order offered to him, no matter what the price.

LOAN TO FRENCH CITIES Participation in the syndicate underwriting the \$200,000,000 three-year 5 per cent bonds of the French cities of Bordeaux, Lyons and Marseilles has been heavily oversubscribed. Allotments are likely to be less than 50 per cent of the applications, which cover both the firm and optional parts of the loan.

HOW I DARKENED MY GREY HAIR Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran on to a simple recipe which I mixed at home that gave wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. It can be bought at any drug store at a very little cost. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp.

Anaemia—A case for Wincarnis

If you who are weak, anemic, nervous, or run-down could realize what a short course of Wincarnis would mean to you—you would not continue to suffer needlessly. You would get a bottle of Wincarnis at once and, from to-day, begin to derive the new health and new life that Wincarnis promotes. Remember that your health is your most valuable possession. If health, apart from the money it costs, depends on your right enjoyment and happy use of your daily duties. But good health—glorious, growing health—can be yours if you take Wincarnis. Because it possesses a ten-fold power in creating the health you need. Wincarnis is a tonic, a restorative, a blood-builder and a nerve food—all in one. Therefore it promotes new strength, new blood, new nerve force and new vitality. That is why over 10,000 doctors recommend Wincarnis. And it is also the reason why you can take Wincarnis with the certain knowledge that it can give you new health. Don't continue to suffer needlessly.

Capacity Booked For Months Ahead Shipyards in U. S. Have All the Work They Can Handle for Year or More

New York, Nov. 28.—A banker who has connections with several South American countries said that he had received a cable from a shipping company asking him to get bids for the construction of five small steel vessels, the specifications for which have been forwarded by mail. The South American customer wanted the ships at an early date, but his correspondent replied at once that there was not a shipyard in the United States which had not already contracted for all of the construction work that it could handle for the next year or eighteen months. Another banker has been trying to get any kind of bids on an article manufactured in New England for which the buyer would pay above the prevailing market price.

When the manufacturer failed to submit an offer he was called on the long distance telephone. He reported that his plant was running at 60 per cent of capacity, day and night and Sunday, and that he could not consider the order offered to him, no matter what the price.

LOAN TO FRENCH CITIES Participation in the syndicate underwriting the \$200,000,000 three-year 5 per cent bonds of the French cities of Bordeaux, Lyons and Marseilles has been heavily oversubscribed. Allotments are likely to be less than 50 per cent of the applications, which cover both the firm and optional parts of the loan.

AMUSEMENTS MARY PICKFORD AS A LITTLE DUTCH GIRL 'Hulda from Holland' Delights Imperial Audiences - Other Features Excellent

The weather looked very threatening yesterday and indeed it did turn out somewhat unpleasant, but the imperial caught numerous crowds, nevertheless, to see the darling of filmdom, Mary Pickford, in what every one would regard as her sweetest characterization, Hulda from Holland. There is no use talking of course this statement might be qualified by saying that Miss Pickford is not always so very attractive, for directors have certainly miscast her on numerous occasions, but in assuming the role of a humble little body, such as Hulda is in the story now running at the Imperial, she simply breathes her own easy life into the part and the result was consummate artistry.

It is not often the fortune of a cast of silent players to be loudly applauded, not only upon the completion of their performance but throughout their little play, though such was the case yesterday. The Dutch scenes were truly Hollandaise in naturalness and the garbs of the four youngsters, Hulda, Hans, Yacob and Helma, were not only cute and laughable but picturesque. Sharply in contrast to their foreign get-ups were the highly urbane and wealthy apparel of the millionnaire class among traction magnates. The simple boarding house surroundings were refreshing in realism, even an occasional glimpse of a genial organ-grinder and monkey as they came and went from this humble abode added a delightful touch to the whole effect.

In fact, Hulda from Holland, was a many-sided production as far as human interest and entertainment value were concerned. Those who attended the Imperial yesterday on the strength of Miss Pickford's popularity, were apparently not only satisfied to see their little friend in action again but supremely delighted with the nature of the story in which she appeared. This picture is to be shown at 7 o'clock, 8:45, 7 and 8:45 and the many folks who like motion pictures of the purest quality with a dash of homely fun and plenty of cute little children in the scenes with kindly old folks in addition, should not fail to see it.

Surrounding the Mary Pickford picture were such pleasing accompaniments as Pathe's British and Allied Gazette, with its ever-interesting war photos, scenes in the Motherland during these terrible times, and inspiring glimpses of our heroic boys on the various fronts of battle. A Christie comedy, entitled By the Sea Waves, struck a vein of good humor that sent people away feeling that they had been quite well entertained indeed. At the afternoon programme an additional treat was a trip to Richmond, Virginia, that lovely city of the artistic south.

The Imperial promises more good things for the mid-week, in fact, in re-making The Chatel, the super-Vitagraph production, the Keith house claims to have reached a high-water mark in the exploitation of prominent stage personalities. E. H. Sothern is perhaps the world's most famous actor. He is a Britisher of the deepest dye and at the present time with his wife, Julia Mar-

love, is touring the big cities of America and Canada on behalf of the British Red Cross Society. This is the eminent player's farewell to the stage and tribute to his nation. Mr. Sothern, supported by the beautiful English actress, Peggy Hyland, also Rose E. Tapley, Charles Kent, John L. Taylor and Flora Radinoff, will appear in the story already mentioned. The Chatel, a powerful human drama written by Paul West and produced under the direction of Frederick Thompson. For elaborate presentation and wealth of investiture throughout, it is unparalleled.

LARGE HOUSE GREETED THE HOMAN COMPANY

Musical Comedy Pleases Audience Greatly and Excites Are Numerous The Homan Musical Comedy Company is becoming more popular every day judging from the steadily increasing patronage. Their performance in the Opera House last evening was greeted by a capacity house, and that the numbers were appreciated was evident from frequent and prolonged applause.

The musical numbers were pleasing and catchy and with numerous dances combined in making the entertainment all that could be desired. Claire Elgin figured in all of the principal dance numbers and won well merited applause. Eddie Flavelle in a character role was as usual a favorite and by his funny jests and sayings kept the audience convulsed with laughter. A joke here and there, which bordered on gentleness, might be eliminated and not detract from his lines. He was ably seconded by Bert Yorkie who is becoming very popular. He has a style all his own and his comic stunts are making a hit. The only regret is that he is not seen more frequently.

'The Little Quakers,' a song and dance number by Marion and Irene Finlay, made a hit and although a bit fatigued they were forced to respond to an encore. Claire Elgin and Arthur Paquette in a tango Argentine won much favorable comment and the audience were liberal with applause. Dean in 'Songs of Long Ago' captured the audience and she was forced to respond to an encore. Mable Killeen who sang 'The Canny Cambial,' has a good voice and handles songs of that class well. The elimination of some features would add additional attractiveness.

On the whole the performance was as well worthy of a liberal patronage. It is a chance for a good hour and a half recreation.

Pictures of the 180th Battalion were shown last evening, but owing to the train bringing the film to the city being delayed several hours it did not arrive in time for the performance. The management plan to show it tonight and Wednesday and possibly Thursday.

MORNING NEWS OVER THE WIRES

Wesley Connors of Upper Blackville broke through the ice while crossing the southwest branch of the Miramichi river near his home yesterday and was drowned. His ten year old son fell in with him, but was rescued by men who heard his cries. Mr. Connors is survived by his wife and four children.

The schooner Arthur J. Parker, of Halifax, bound to her home port from Boston, via Liverpool, N. S., is believed to have been lost and little hope for her crew's safety is entertained. Captain Joseph Evans was skipper and Duncan Conroy the mate. They and the other members of the crew belonged to Liverpool.

WOMEN'S CANADIAN CLUB MEETING

The members of the Women's Canadian Club filled the rooms of the National History Society to capacity last evening when they gathered there in a business and social meeting. Mrs. G. A. Kuhring, president, was in the chair. The sum of \$510 is the balance on hand of last year's receipts and this year's fees. A motion was made to bring the fund for the Scottish Women's Hospitals up to \$400. An additional \$25 was added to the \$23, already donated by the club, to the Maple Leaf Hotel of London. The coming lecture on Jan. 8 by Marchioness of Aberdeen and Tremaine will be held in the Imperial through the kindness of W. H. Golding. It was reported that \$145 had been collected since the annual meeting for the prisoners of war fund. Mrs. L. P. D. Tilly reported more than \$1,100 had been collected for the British Sailors' Relief Fund. Mrs. W. P. Warren gave a most interesting address on the aspects of the war in England. She graphically described the "bagging" of two giant aircraft over the sea, and of a wonderful invention, a new device of destruction, which, it was thought, would never allow the German Zeppelin to return to the fatherland.

GIRLS! TRY IT! HAVE THICK, WAVY BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out. Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandergine hair cleanse." Just try this moisture cloth with a little Dandergine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Dandergine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy—grow all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandergine from any druggist or toilet counter, and just try it. Save your hair! Beautify it! You will say this was the best 25 cents you ever spent.

'HEAVIEST WOMAN' GOES TO SEA

Beace Gangplank as Miss Cherry, Weighing 530 Pounds, Goes on Ship.

Miss Alice Cherry, who weighs 530 pounds and is said to be the heaviest woman in New York, sailed for Buenos Ayres today on the liner Vestris. She drove to the pier near the foot of Montague street Brooklyn, in a closed auto, which just held her comfortably with the front seat taken out. Before Miss Cherry ascended the gangway leading to the steamship, the foreman had it jacked up and ran two spare topmasts underneath to take the strain off. Acting under instructions of the chief steward the carpenter of the Vestris had taken out the top berth in one of the largest cabins and built out the lower one about four feet. It was braced underneath by two small steel beams, set on short girders of the same metal, so that the bunk would not give way and let the plump passenger down when the ship surged suddenly on the heaving wave. Miss Cherry told passport officials that she was going to an exposition in Buenos Ayres. In direct contrast to her massive bulk was Hayti Hassid, who said he was thirty inches high and weighed thirty pounds. When he saw his cabin Hassid asked the steward to make him up a bed on the net hanging over the berth, intended for collars and neckties, which would make a good hammock for him, he said. The little man was bound for the same show as Lis heavy fellow passenger.

Why Not Give Credit Where Credit is Due

Writers Try to Make Light of Yale's Victory Over Harvard—Victory Was Well Merited

The eastern football season has been practically brought to a close with the spectacular gridiron classics played on Saturday between Yale and Harvard and the Army-Navy contest. The result was the shattering of idols and new-born heroes. The much-touted Harvard machine, which swept everything for the last few years, was defeated by the rejuvenated Yale eleven at the same time as the Army was vanquishing the Navy representatives. In defeating Harvard the Yale team achieved far more than the triumph apparent on the surface. By gameness and individual brilliancy they won a high place of defence than the wearers of the blue vanquished their time-honored rivals and lifted football at their university from the depths. The victory was in part due to the coaching of Ted Jones, who was aided by Captain Black and a strong aggregation of gridiron warriors. Harvard was the first to score, but the machine could not withstand the fierce attack of the New-Haven team and broke down. At times Harvard uncovered a high plane of defence than their opponents, but they were unable to keep it up, and defeat resulted. Yale's victory upset the predictions of many so-called experts and as a result some are now trying to throw cold water on the victory by saying "it carried with it a rather empty glory." They base this contention on the fact that Brown defeated both Yale and Harvard and therefore clinched the eastern championship. While not wanting to take any credit away from Brown it is only fair that Yale be given credit for a victory well merited. When Brown defeated Yale they did so when three of the Ell star players were on the injured list and the team was still working out new plays for the big contest against Harvard. Again when Brown defeated Harvard they were opposing a scrab team and not the regulars. Therefore it does not seem fair to try to make light of a victory which, had it gone the other way, would have been heralded throughout America as another great triumph for Harvard.

HELPING THE STRICKEN ARMENIANS AND SYRIANS

New York, Nov. 25.—The receipts of the American Committee for Armenian and Syrian Relief have reached \$2,038,902.68. America's 1916 Christmas ship, the government collier Caesar, will leave New York early in December with a cargo of food and new clothing costing more than a quarter of a million dollars, and will be followed by increased efforts to continue the saving of Armenians and Syrians from starvation by the cabling of further funds direct to distribution centers. Altogether the committee, basing its figure on cabled reports from its agents estimates that \$5,000,000 is necessary merely to keep alive the women and children survivors. An organized campaign to collect the balance of this \$5,000,000 has been arranged for Thanksgiving, in pursuance of the president's proclamation calling for unstinted giving, contributions will be received in churches throughout the country. The destitute ministered to by the committee comprise roughly 1,000,000 Armenians in deportation camps in Turkey and in refugee bands in Syria, the Russian Caucasus and Egypt, 1,000,000 Syrians whose crops and herds have been confiscated, and 100,000 Assyrian Christian women and children in Kurdistan and Persia, who have absolutely no protection against winter except what comes from relief funds. Gifts for the Christmas cargo pouring in rapidly to the Bush Terminal, Brooklyn, in care of Albert W. Staub. The committee has just received a check for \$10,000 from the Christian Herald to be used in the purchase of wheat, flour, and rice to go on the Christmas vessel. This check makes a total of \$25,000 contributed by subscribers and friends of that paper for Armenian and Syrian relief. The marriage of Mrs. K. N. McAfee, formerly Miss Janet Fielding, daughter of the Hon. W. S. Fielding and Mrs. Fielding, to John Allan Cameron, son of Hon. John Cameron, took place on last Thursday at the residence of the bride's parents, Ottawa. Rev. W. A. McCloy officiated.

WARNS FLAYERS AGAINST A STRIKE

"Should the major league players declare a sympathetic strike because of the refusal of the National Association to grant certain requests of the baseball players' fraternity it will be a strike not against the National Association but against the very game of baseball itself," said President John K. Tener, of the National league in a statement issued in New York, in reply to a strike threat made by President David Fultz, of the fraternity.

HE DIDN'T KNOW

"What! Not know the meaning of 'plaintiff' and 'defendant'?" continued the lawyer. "A pretty fellow, you, to come here as a witness. Can you tell me where on board the ship it was this man struck the other?"

SPORT NEWS OF THE DAY HOME AND ABROAD

RICKARD OFFERS WILLARD MATCH. Chicago, Nov. 27.—A meeting of heavyweights was discussed today between Jess Willard, heavyweight champion, and "Tex" Rickard, boxing promoter of New York, and the announcement was made that Willard looks favorably upon a match suggested by the New Yorker. Neither would say who Rickard plans to have meet the champion but the conference will be continued tomorrow.

THE GUN. New Haven, Conn., Nov. 25.—Yale won the intercollegiate Gun Club shoot at the Yale trials on the National League grounds at 429 out of a possible 500.

**CORSICAN CASE GOES OVER UNTIL FRIDAY**

Charge Against Sailors That of Broaching Cargo

Five members of the crew of the S.S. Corsican, which arrived in port yesterday, were before the local police court this morning charged with breaking and entering a hatch of the steamer and stealing several parcel post packages, on November 27. The sailors are John Lee, George Monetta, John Gannon, Peter Christenson, all of England, and Griffith Eranovas, of Wales.

Fred R. Taylor appeared on behalf of the C. P. R. and asked adjournment until Friday, when the C. P. R. policemen who made the arrest, would be better able to proceed with the case. This was granted. The men were released. The value of the goods is said to reach several hundred dollars. The

**LATE BUT WELCOME**

The West side fire department was called out this morning a little before noon to respond to an alarm from box 15. It was for a slight blaze in a house owned and occupied by Daniel Lenz, situated off Middle street at the "Old Fort." Little damage resulted.

**ON THE ROUTE AGAIN**

The ferry steamer Maggie Miller, which plies between Millidgeville, Somerville and Bayswater, was unable to make her usual trips yesterday, owing to ice forming around her landings. She was able to resume her sailings this morning.

**HER SEVENTY-SIXTH BIRTHDAY**

A party of more than fifty friends called at the parsonage of St. Paul's A. M. E. church last evening and paid a surprise visit to Mrs. Washington, mother-in-law of the parson, Rev. R. H. W. Finkett. The occasion was the seventy-sixth anniversary of her birthday and many suitable gifts were bestowed on her in honor of the event.

**TO FREDERICTON TONIGHT**

The cast that played here in "The Climbers" will leave this evening for Fredericton, where they will present the comedy-drama tomorrow evening under the auspices of the Women's Volunteer Relief of Fredericton. The proceeds are to be for the Red Cross. The local amateurs are asking only their expenses. That they will score as big a hit in the capital as they did here is expected, as the cast has had several rehearsals since the presentation of the play here. Miss Kathryn Gallivan and Walter D. Pidgeon will sing solos.

**NO BUSINESS FOR THE CIRCUIT COURT**

Not a Juror Summoned—First Time in Thirty-Five Years

The November circuit court met this morning with Mr. Justice Crockett presiding, and a few minutes later adjourned sine die. Not a single juror either for the grand or petit juries was summoned. This was the first time in thirty-five years that such a thing has happened. The absence of civil or criminal business rendered the summoning of jurors unnecessary.

The case of the King vs. Ditt, in which the defendant was committed yesterday, is set over until next circuit.

**GIRL PREVENTS HER EMPLOYER BEING ROBBED**

Last evening between eight and nine o'clock a young man entered John Henderson's restaurant in Main street and ordered a substantial lunch. While the waitress was in the kitchen he heard the cash register bell ring and went out to investigate. She was surprised to see the young man reaching into the till and taking something from it. She intercepted him before he succeeded in getting the door open and upon her threatening to call the police he returned to her a dollar bill which he had taken. Mr. Henderson when he returned desisted from having the young man arrested for the sake of his people.

**WANT A SHELTER AT STREET RAILWAY STATION**

A matter causing a good deal of discomfort already and which will not improve as winter conditions have to be faced, is that no shelter has yet been placed at what is known as Fairville crossing, where the West End and Fairville cars have an junction point.

In the days of the old bridge, a waiting room was available at either end of the line to accommodate passengers waiting for cars, but with the new line of things no building was erected for passengers having to wait there.

There is considerable traffic all day in this direction, but especially in the early morning hours and at night, when large numbers of men are going to or coming from work at the winter port.

There are no houses in the immediate vicinity to afford even a temporary roof in case of inclement weather, and as sometimes quite a long wait has to be experienced under these conditions, the traveling public are looking for a remedy.

**NOVEMBER WEDDINGS**

**Harris-Bourke.**

An interesting event took place in the Cathedral this morning when at six o'clock Rev. H. L. Coughlan united in marriage with nuptial mass, Miss Frances Bourke, daughter of Mrs. Theresa and the late Edward Bourke of this city, to John Harris, of Gibson N. B. The bride was becomingly gowned in a suit of battleship gray with white velvet hat and carried a white prayer book. She was attended by her sister, Miss Sadie Bourke. The groom was supported by J. Frank Ward. After the ceremony a dainty wedding breakfast was served at the home of the bride's aunt in Douglas street, North End. The groom is a popular member of the Royal Hotel staff. He and his bride will spend a short honeymoon in Fredericton and upon their return will take up their residence in Chubb street. Mr. and Mrs. Harris were made the recipient of many wedding gifts including cut glass, silver and china. Both have many friends in this city and elsewhere.

**Bennett-Giles**

Rev. H. E. Bennett of Lower Jemseg and Miss Edith Giles of London, England, were married in the Mission church, St. John Baptist, at 8:30 o'clock this morning. Rev. Canon Southers of Fredericton officiated and Rev. J. V. Young, pastor of the church, was celebrant at nuptial Eucharist. The bride, who was becomingly attired in a tailored suit of navy blue with white picture hat and ostrich plumes, was given away by C. H. Lee. Following the ceremony a dainty wedding repast was served at the church rectory. Rev. Mr. Bennett and his wife will reside at Lower Jemseg.

**More Financial Assistance Needed So That Greater Amount of Good May be Accomplished—Urge Free Ward at River Glade**

The annual meeting of the St. John Association for the Prevention of Tuberculosis was held this afternoon at four o'clock in the Board of Trade rooms, with the retiring president, Joseph A. Likely, in the chair. The chief business of the meeting was the consideration of the annual reports and the election of officers for the coming year.

The executive's annual report of the work done since the last annual meeting on Nov. 16, follows:—

**The Dispensary.**

The dispensary has been open fifty-eight days for children and 116 for adults, a total of 174 days during the year. Our experienced nurse has been in attendance each day and Dr. Logie has examined and treated all cases that have come for treatment. Some of the cases are recommended for the County Hospital and are examined by Dr. Farris sent there as soon as possible; others are recommended for River Glade, and if possible go there, others again are treated in the homes, and a number are discharged as not being tubercular at all.

The attendance at the dispensary has been slightly larger than last year, as against 468, a total of 587 attendances, each one of which has been examined or treated in one way or another, and 870 prescriptions were filled. At the beginning of the year there were twenty-eight children and sixty-four adults, a total of ninety-two on the books, fifty-three new children patients were added, and 115 adults, nine children and thirty adults were sent to the County Hospital, and nine adults died, leaving on the books at the end of the year twenty children and sixty-eight adults, a total of eighty-eight, four less than last year.

Many who come for examination are non-tubercular and are discharged after a period of observation. There are also a number of patients who have come from River Glade and who report regularly for examination. During the year we have sent three patients to River Glade one child, two women who, except for help from the dispensary, would have been unable to go, as we are presently sending another grown girl. We have no regular fund for helping such cases, but have been helped by private subscriptions, and by the church which the patient attends. It is greatly to be regretted that there is no free ward at River Glade.

It generally happens with the lady who is in charge at the dispensary at the time such a case comes up to get the necessary funds together in some way or other. As our emergency fund, which is used for such cases when it is at all possible, is also used to supply milk to such patients as need it, it is often at a very low ebb.

The dispensary is still the examining centre for River Glade, and Dr. Townsend is the first physician to examine in each month and at his last clinic examined thirty-four cases.

Since our last annual meeting the County Hospital East St. John has been opened and we have sent thirty-nine patients there whose presence in the homes was a menace to those about them. The hospital is full, fifty-seven cases being under treatment and 106 cases have been treated since the hospital was opened, and there have been eighteen deaths. These figures speak for themselves and show the great need there is for such an institution.

Dr. Melvin, in his health statistics, reports the number of deaths from tuberculosis this year as considerably less than last, and a study of the death rate for the last ten years, shows a slow but steady decrease.

**Funds.**

With regard to funds we have now a very efficient collector, Miss Barnes, and we have this year 364 subscribers but we want 1000. The total amount of collections was \$783.80. Early in the year we applied to the city commissioners for a grant of \$1,000 towards carrying on the work which has hitherto been supported entirely by private subscriptions, and received \$5,000. It cost \$1,100 to run the dispensary this year in the most economical way possible, not painting the rooms—which ought to be done every year from a sanitary point of view. This is without the money spent on milk or board of patients at River Glade.

At Christmas last year, owing to the generosity of some citizens we were enabled to send dinners to seven families who otherwise would not have had them, and also to send fruit to all patients and at Easter all were provided with eggs and fruit.

In conclusion, the executive beg to thank the following:—City commissioners for the use of the dispensary rooms; the commissioners of the General Public Hospital, for the board of our nurse; the Hon. J. Ross, for the printing of reports, etc., from time to time; and all those who have contributed during the year to the support of the association.

Signed on behalf of the executive,  
J. A. LIKELY, President.  
HELEN SIDNEY SMITH, Secretary, Treasurer.

**FURNITURE as Christmas Gifts**

This winter weather sends our thoughts ahead to the holiday season, and the old question arises: "What shall I give for Christmas? The common-sense answer is Furniture!

There never was a time in the history of Canada, when wastefulness was in such disfavor as at present, and the natural tendency at the Christmas season will be to make gifts of a practical nature.

For members of your household and your intimate friends, there are sure to be articles of Furniture which will make acceptable gifts and serve as lasting mementos for years to come, while, if you wish to remember your less fortunate neighbors, you will easily find something, usually classed as a necessity, which they lack and which will be received with joy at the season of Good Will.

Our large stock contains every conceivable article to meet every requirement, and you will do well to look it over early.
