Caldwell, M. P., Urges This in Ottawa Commons.
Facilities for All Year Round Shipments—Mr. Copp Answers Mr. Baxter—Juveniles to Farms or Agricultural Schools Rather Than Penitentiaries.

(Canadian Press)
Ottawa, March 30—Provision of facilities for year round shipment of Canadian potatoes from Canadian ports is urged resolution to be moved in the House Commons by T. W. Caldwell, (Pro-Conservative, Carleton-Victoria). He will ask the House to agree that a front-roof warehouse should be added to the facilities at St. John, to allow of winter shipments of potatoes.
Hon. A. B. Copp, secretary of state, replying to Hon. J. B. M. Baxter, (Liberal, North Waterloo), said that he had no tenders had been made for the building of a branch for the placing of monuments on historic sites, but that tenders had been called for the purpose of getting prices. Tenders were called from various parts of the province for the approximate number of monuments required here. The results obtained from these tenders were to serve as a guide in the purchase of monuments for more remote sites and in the selection of material or the monuments.
That the intention of the government with regard to amending the criminal code so as to permit judges or the various criminal courts to send juvenile delinquents to special farms or schools of agriculture instead of penitentiaries would be disclosed when legislation to amend the criminal code was introduced, was stated by Sir Lomer Gouin, minister of justice, in the commons yesterday in reply to a question by C. A. Gaurneau, (Liberal, Témiscouata).
Premier King announced that the government would probably introduce some amendments to the Dominion Elections Act at the present session. A resolution was introduced by W. D. Falter, (Liberal, North Waterloo), providing for an amendment to the Dominion Elections Act which would permit foreign born women married to Canadian citizens to vote without obtaining a certificate from a judge. After a lengthy discussion it was carried without division.
The house was in supply or department of labor estimates.
The appointment of Hon. Duncan Marshall as commissioner of agriculture is made the subject of a lengthy series of questions to be asked by J. L. Stansell, (East Kings). He asked how the appointment was made and whether returned soldiers were given an opportunity to apply for the position. He also asked whether the position was advertised and whether the appointee was not a defeated Liberal candidate in the last general election.
The N. S. Coal Matter.
The correspondence between Hon. James Murdock, minister of labor, and J. B. MacLachlan, of the U. M. W. of America is being brought up in the house in questions to be placed before the government by H. A. Stewart, (Conservative member for Leeds).
Mr. Stewart has given notice that he will ask if Hon. Mr. Murdock gave to the press the full text of the communication he had received from Mr. MacLachlan, and if not, why, and what part of the text was omitted.

OFFERS SERVICE TO THE CITY
U. N. B. Forestry Professor Would Aid St. John in a Contest for Best Municipal Forest Plantation.

A. V. S. Pulling, professor of forestry at the University of New Brunswick, has written the mayor, offering his services, and those of Bertram E. Claridge, professor of forestry engineering, should the city desire to enter for a prize offered by the U. N. B. Barnjum of Annapolis Royal for the best municipal forest plantation to be made this spring in the province. His letter is as follows—
Dear Sir—Perhaps your attention has been called to the offer of Mr. Frank J. E. Barnjum of Annapolis Royal, N. S., of a prize of \$250 for the best municipal forest plantation to be made this spring in New Brunswick. Particulars can be obtained from Mr. Barnjum.
I fancy that municipal plantations, perhaps in connection with the Municipal development, or otherwise, might be important to St. John. Besides, since Mr. Barnjum is doing so well, there should be interest taken, if for no other reason than to encourage Mr. Barnjum in his excellent work. If there is anything I can do for you in this line, I will be glad to. I am very familiar with forest plantations and will devote any spare time this spring to helping, if I can be of use. I am offering to help St. John and Fredericton, and will be glad to help any other municipality that will permit. I will help anyone in so far as time will permit. I will have a week out of college—April 13 to 20—and can get away Saturdays if necessary. Of course there will be no charge for any assistance we may give, but neither the university nor myself can afford to pay any traveling or other expenses.
Both Professor Claridge and myself will be at your service in so far as our time will permit.
Very truly yours,
ALBERT V. S. PULLING.

No Change In The N. B. Prohibition Act

Premier Foster Makes Announcement in Fredericton After Caucus of Supporters Held Last Night.

(Special to Times.)
Fredericton, N. B., March 30—The definite announcement was made this morning by Premier Foster in a statement given to your correspondent that a new temperance law had been drafted, but a caucus of the supporters of the government in the house held last evening showed that a sufficient majority can not be commanded at the present time to ensure passage of such a measure in the legislature.
Following is the statement given out by the premier—
"Personally I am under the opinion that public sentiment is for a change from the present prohibitory law and conditions brought about by such a law. Therefore the introduction of a new temperance act has been given careful consideration and a measure was drafted which would make a great improvement and produce better temperance than the law now in force. The change from a prohibitory public sentiment to critical opposition of the present act became so marked and emphatic as to encourage the belief that an act might be passed which would make it unnecessary for our best citizens to become law-breakers; that would stamp out bootleggers, moonshiners and others committing illegal acts. But apparently public sentiment, which I believe is favorable to such a change, has not as yet been reflected in the members who represent the people in the legislature, and a considerable majority do not share my views, so that apparently action along this line must await their approval. In other words, I cannot at the present time be assured of a majority such that there should be to put this proposed new temperance act through."
When asked as to whether it was the intention to bring any new taxation measures to augment the provincial fund, Premier Foster said this morning that there had not yet been time to give that question sufficient consideration for it to be able to make a definite statement.

PLAN ASSISTS PROSPECTORS

Ore-buying by Government Provides Ready Market to Shippers—Accurate Assaying.

Cobalt, March 27.—The ore-buying plan of the Ontario government promises to meet with widespread approval throughout the mining districts of the province. An amendment to the Mines Act is now before the house, and this will authorize a detailed scheme.
The idea is to purchase gold ore running in sizes from a few bags to carload lots, from prospects or early developments of mining claims, in order to assist in this development. It frequently happens that in the early stages of development, high-grade patches of ore are encountered, for which at the present time there is no ready market. Under the new plan, such lots could be shipped into the Testing Laboratories (the government sampling plant) at Cobalt, where they would be stored until a carload would be accumulated, when they would be shipped to a mill for treatment, likely at Porcupine.
Special Freight Rate.
The T. & N. O. Railway is offering a special freight rate, which is fifty per cent of the regular rate, providing the shipper gets a certificate from the manager of the plant stating that the shipment is made under the foregoing arrangements. A charge will be made against the shipper for sampling, assaying, freight and treatment, and the balance remaining will be paid to the shipper. The idea would be to pay out all amount as soon as the sampling and assaying is completed, and not to keep the shipper waiting until the ore was actually treated, which might be several months later.
Accurate Assaying.
Besides giving an operator an opportunity to dispose of any high-grade ore that he may encounter, this plan will also give him a chance to have his ore accurately sampled and assayed in quantity. It will also give him an opportunity, if he so desires, to have an accurate large sample cut out of the shipment run at the government plant, for which facilities are now provided, and for which the charges are very moderate.

AGAIN REPORT LENINE DEAD

London, March 30—A Central News message from Paris says that a report that Nikolai Lenine, Russian Soviet premier, is dead, is published by some Rome newspapers, who treat it with reserve.
Lenine has been reported dead or seriously ill on several occasions. A Moscow despatch to the Associated Press told of his appearance on Monday of this week before a meeting of the All-Russian Communist Congress in the Kremlin Palace, at which he spoke for two hours.

SETTLEMENT FOR BIG SUM IS VALIDATED

Toronto, March 30—After a debate of two whole days the attorney-general's bill validating the million and a half dollar settlement with the Shellville-Clarke Company of Fort Frances, the Ontario Legislature last night voted in favor of the measure of 69 to 26. Conservative members voted solidly in opposition to it, and government members solidly in favor.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeam to the Times reporter, "about half the people in this town haven't got their taxes paid."
"That is the state of affairs at present," said the reporter.
"Ain't they never pay 'em?" queried Hiram.
"I fancy most of them will," said the reporter. "There are always back taxes being collected. They just didn't pay them in time to get on the voters' list for this year, but you folks out in the settlement must not get the notion."
"That's so, too," said Hiram. "I 's'pose lots of folks here has a hard time to get along this last year. When times gets better a lot of 'em taxes kin be gotten they?"
"Then it ain't as bad as I thought," said Hiram. "But I does seem queer that only about half the people kin vote who's got to do their business for 'em the next two years. It does so—By Hen!"

AWAY ON FLIGHT FROM LISBON TO PERNAMBUCCO

Aviators Hope to Fly From Portugal to Brazil, 4,000 Miles, in Sixty Hours.

Lisbon, March 30.—An attempted flight from Lisbon to Pernambuco, Brazil, was started today. Naval Captains Sacadura and Coutinho taking the airship Santos Dumont left the airfield at 7 a. m. They hope to make the transatlantic passage of more than 4,000 miles in six hours actual flying time. They expect to arrive in Brazil by April 18.
The flight from the Cape Verde Islands to Pernambuco is attended by considerable risks, the only previous attempt for the crossing of the Atlantic has been the stationing of three Portuguese cruisers along the line of flight.
The aviators on leaving expressed the hope of completing the first stage of their journey, to the Canaries, tonight.

REPLY BY THE ALLIANCE TO PREMIER KING

Three Points in Liquor Problem are Emphasized. Manufacture, Exportation and Interprovincial Shipment.

Ottawa, March 30.—The council of the Dominion Alliance yesterday issued a reply to the premier in connection with his visit to the provinces on Tuesday which asked the government to impose a dominion wide prohibition law. The report was issued by the committee on policy and organization and is in part as follows—
"We cannot but regret that the government does not see its way clear to accede immediately to our request, for it is our belief that it would have been fully justified in taking the action which we recommended.
"We welcome the assurance given by the premier of willingness to make more effective the provincial prohibition laws now in force and would respectfully draw attention to three outstanding points which call for immediate action—manufacture, exportation and inter-provincial shipment.
"Manufacture.—It is inconsistent that the federal government should continue to authorize the manufacture within a province of intoxicating liquor, the sale of which has been prohibited by the law of such province.
"Exportation.—The exportation of liquor should not be allowed in countries that have prohibited the sale of such liquor. The present intolerable border situation outrages all canons of international courtesy, and is fraught with grave domestic dangers. It can be remedied by dominion legislative action.
"Inter-provincial shipment.—Liquor should not be permitted to be shipped between provinces, except in harmony with the laws of those provinces, and by, or to, persons authorized by their respective governments, either to ship or receive the same, and for provincially permitted purposes."

U. S. ARMY BILL

Appropriation of \$288,000,000—Reduce Force to 115,000 and Cut Off 11,000 Officers.
Washington, March 30.—The house yesterday passed the army appropriation bill carrying approximately \$288,000,000 to meet military and non-military expenses of the war department during the coming fiscal year.
Assent to the senate measure provides that by July 1, the enlisted strength of the regular army must be reduced to 115,000 men exclusive of 7,000 Philippine scouts and the number of officers decreased 11,000.

GREATGRANDFATHER WEDS BRIDE OF 81

Chester, N. S., March 30—Charles Cross, 82, and Mrs. A. Crooks, 81, were wedded recently at Tanook Island. The groom is a great-grandfather. A check for \$1,000 was the bridegroom's gift to the bride.
CHICAGO GRAIN MARKET.
Chicago, March 30—Opening: Wheat, May, \$1.32-34; July, \$1.18-5-8; corn, May, 85c; July, 61-7c; oats, May, 57-8c; July, 59-8c.

ON GOOD FRIDAY.

New York, March 30.—The New York stock exchange will suspend operations on Good Friday. Most other local exchanges will also observe that day.

Rose and Josefa, The Siamese Twins, Dead

Josefa Left Son Eleven Years Old—Doctor Says Brother Refused Permission for Operation, After Death of First, in Hope of Saving Second.

Chicago, March 30—Josefa and Rosa Blazek, "Siamese Twins" died in a hospital here early today. Josefa's death occurred first and was followed in a few seconds by the death of her sister. Physicians had declared early in the night that in the event of the death of one of the sisters the other would die quickly as their brother, Frank Blazek, had refused to permit an operation which would sever their bodies.
The twins had been in the hospital ten days. Josefa was ill with yellow jaundice and that was followed by pneumonia. A little before her death Rosa was afflicted with bronchitis.
Preparations had been made for the severing operation and the doctors were ready to make every effort to save the life of at least one of the women.
Hope of saving the life of Josefa was abandoned at midnight, according to Dr. B. H. Breakstone, chief of the surgical staff at the hospital. "I tried to get the consent of the brother to operate to save the life of Rosa but he refused to give his permission," added the doctor.
Dr. Breakstone explained that a delicate operation would have been necessary. Before their death he had expressed the opinion that the physiological affinity of the twins was so vital that if one would die the other might also succumb before the bands of flesh and bone that joined them could be severed.
Although the twins possessed separate respiratory and cardiac systems, Dr. Breakstone explained that they had only one set of secondary digestive and procreative organs. The operation, he said, would have necessitated the building up of a part of the digestive, and other essential organs to save the life of one twin.
Rosa Has 11 Year Old Boy.
Rosa was once married, her name being Rosa Blazek Dvorak. She is survived by a normal 11 year old boy. Her husband was a captain in the German army. The little son, Franz, had been at the bedside of his mother who until within the last few hours was less critically ill than Josefa.
The twins were the second offspring of a normal parentage in Czecho-Slovakia forty-two years ago. There were four other children, all normal and all still living. The father is also said to be alive, his age being 85 years. The mother died a year ago at the age of 65.
During a tour of the world the twins acquired considerable wealth. They died without making a will, although their attorney, J. L. Arica, has been at the hospital several days in the hope that they would be in condition to dictate the document.

PRINCESS TO WED OFFICER OF GUARDS

Danish Monarch Said to Have at Last Given His Consent.

Copenhagen, March 30.—It was understood that Princess Thyra, sister of King Christian, is soon to marry an officer of the guards, not of the nobility. They are said to have fallen in love several years ago, but the king has refused to consent to their marriage. The marriage of Princess Mary of England to Viscount Lascelles, a commoner, however, is reported to have brought about the change in the king's attitude. Princess Thyra was born on March 14, 1880. She was the second daughter of King Frederick who died in 1912.

LOCATE CACHE OF SMUGGLERS

Quebec Police Put Crimp in Plan to Export Liquor—All Ready to Ship.

Quebec, March 30.—The most important seizure in Quebec since the enforcement of the new liquor law was made by inspectors of the Federal Revenue and Customs Department, when seventy-five barrels of alcohol, valued at a minimum of \$60,000, were taken from an old house on Petite Champlain street transferred to government warehouses.
Petite Champlain street is one of Quebec's historic spots, being built over old wharfs on the river, 150 feet below from which to start cargoes of liquor to the United States or Ontario by boat. This follows the discovery on Saturday afternoon of an immense illicit still in the northern section of the city, in the house of a man named Julien, where, also, 160 gallons of liquor was found.
Not limiting their activities to Quebec, the rum-runners are said to have operated in the surrounding district, and officers have been despatched to many sections, especially on the south shore, to find missing smugglers' chain links and to discover the extent of the ramifications of the organization.
The authorities suspect that companies having permits to prepare medicines, or having temporary export licenses, are working under a master mind. The discovery that false labels for whiskey are being made in Montreal was disclosed last week.
Several companies have been organized here, as in Ontario, to do export business, and, though there may be several of a bona-fide character, others are under suspicion.
It is understood that provisions will be made to reorganize a harbor police, which was disbanded several years ago, and patrolling in the harbor will be done to prevent the smuggling of liquor by water.

DEATH IN DRUNKEN BRAWL SENDS THREE TO PENITENTIARY

Halleybury, Ont., March 30—Found guilty of manslaughter in connection with the death of John Lycky in a drunken brawl in a Schunaberger boarding house on Christmas day, Andrew Bogdanic, Sam Markovitch and Mike Rubien were yesterday sentenced by Mr. Justice Logic to five years in the penitentiary.
FORMER BISHOP OF SINGAPORE IS DEAD
London, March 29.—(Canadian Press)—Rt. Rev. George Frederick Rose, formerly Bishop of Singapore and father of Admiral Rose, of the Canadian navy, died today. He was born on September 3, 1858, was a graduate of Cambridge University and was ordained in 1861. He was curate in several parishes in England, and in 1872 went to Singapore as chaplain. He was archdeacon of Singapore from 1874 to 1881 and Bishop of Singapore from 1881 to 1908.

SETTLE DOWN FOR A LONG STRUGGLE

No Hope of Averting Strike of Coal Miners.

Nearly 600,000 Men to go Idle Tomorrow Night—Operators' Only Answer Thus Far is to Say That Wages Must Come Down.
(Canadian Press)
New York, March 30.—The hush of idleness seemed today to be already descending upon the unionized coal industry of the nation, and the anthracite miners' and operators' sub-committee on wage contract negotiations abandoned all hope of halting the strike set for April 1, and entrenched themselves for a long struggle.
Strike notices have been posted in both the bituminous and anthracite fields. Philip Murray, vice-president of the U. M. W. of America, announced that union miners, 595,000 strong, will lay down their tools at midnight tomorrow when their present working contract with the operators will expire.
While expressing a hope for speedy negotiation of a new contract for the anthracite workers, neither miners nor operators would predict today that such an agreement would be reached before the nation began to feel the pinch of a coal shortage.
Among their demands they are stressing a 20 per cent increase to contract laborers; a minimum of \$5.20 a day for unskilled day laborers; the check-off system; by which the mine operators collect the workmen's union dues and a uniform wage scale for machine operators.
To these demands the operators have thus far made but one answer—wages in the anthracite industry must come down. What percentage of reduction they will demand, the operators have not yet revealed.

BRAVES HAVE LET CHARLIE PAUL GO

Nova Scotia Miner Had Apparently Been Placed.

Enough Left-handers Without Him—Nova Scotia Ball Players and the Covey Affidavit—Late Sport News.
(Canadian Press)
Boston, March 30.—Following the recovery of Rube Marquard and with at least two southpaw recruits of exceptional promise, the Braves have less need for left-handed pitchers, and today Charlie Paul, of Springfield, N. S., a miner, turned pitcher, was turned loose from the training camp at St. Petersburg. Paul looked good in the province's last summer and appeared to have found a place with the Braves.
Chicago, March 30.—Rain kept the Chicago Americans and Nationals idle yesterday. The White Sox, scheduled to play at Shreveport, La., were awakened by rain against the sleeping car windows, and they moved on for a game today with the Vicksburg Cotton State League team. The sun was shining at San Francisco at game time, but the park was as wet as the three mile limit and the Cubs crossed the bay to meet the Oakland club today.
Philadelphia, March 30.—The Phillies yesterday added another victory to their string by defeating Orlando, Florida League champions, 7 to 0.

AT ST. PHILIPS.

An interesting meeting of the Mite Missionary Society of St. Philip's church was held last evening, with the president, Mrs. J. H. Graves, in the chair. An interesting paper was read by Mr. Henderson, dealing with mission work at home and abroad, and dealt at some length with the important part played by women in missionary work. Professor McCallum gave a reading on mission work in China which was greatly enjoyed. Much enjoyment was manifested in a solo sung by Mrs. Treadwell, entitled "A Call" and the good music of the missionary choir. A vote of thanks was tendered to those taking part. Rev. C. A. Stewart, the pastor, complimented the society on the good work and spoke of what some of the women in Africa were doing.

A FEARFUL ACT

Woman Cuts Off Arm—Says a Spirit Commanded Her to Do So.

Seattle, March 30.—Mrs. Margaret Lindauer amputated her own arm at her home at Richmond Beach, yesterday, because she told her 16 year old daughter, a spirit commanded her to do so.
She was taken to a hospital in critical condition. The daughter was also taken to the hospital, suffering from shock.

LITTLE BOY IS DROWNED ON WAY TO JOIN FATHER

Marbleton, Que., March 30.—(Canadian Press)—While on his way to join his father in his sugar bush early yesterday, little four year old Ernest Robert Westman, son of Mr. and Mrs. E. Westman, fell into the brook at Lime Ridge and was drowned. The body was found caught in some bushes in the brook.

OFFERS SERVICE TO THE CITY

U. N. B. Forestry Professor Would Aid St. John in a Contest for Best Municipal Forest Plantation.

A. V. S. Pulling, professor of forestry at the University of New Brunswick, has written the mayor, offering his services, and those of Bertram E. Claridge, professor of forestry engineering, should the city desire to enter for a prize offered by the U. N. B. Barnjum of Annapolis Royal for the best municipal forest plantation to be made this spring in the province. His letter is as follows—
Dear Sir—Perhaps your attention has been called to the offer of Mr. Frank J. E. Barnjum of Annapolis Royal, N. S., of a prize of \$250 for the best municipal forest plantation to be made this spring in New Brunswick. Particulars can be obtained from Mr. Barnjum.
I fancy that municipal plantations, perhaps in connection with the Municipal development, or otherwise, might be important to St. John. Besides, since Mr. Barnjum is doing so well, there should be interest taken, if for no other reason than to encourage Mr. Barnjum in his excellent work. If there is anything I can do for you in this line, I will be glad to. I am very familiar with forest plantations and will devote any spare time this spring to helping, if I can be of use. I am offering to help St. John and Fredericton, and will be glad to help any other municipality that will permit. I will help anyone in so far as time will permit. I will have a week out of college—April 13 to 20—and can get away Saturdays if necessary. Of course there will be no charge for any assistance we may give, but neither the university nor myself can afford to pay any traveling or other expenses.
Both Professor Claridge and myself will be at your service in so far as our time will permit.

(Canadian Press)
New York, March 30.—The hush of idleness seemed today to be already descending upon the unionized coal industry of the nation, and the anthracite miners' and operators' sub-committee on wage contract negotiations abandoned all hope of halting the strike set for April 1, and entrenched themselves for a long struggle.
Strike notices have been posted in both the bituminous and anthracite fields. Philip Murray, vice-president of the U. M. W. of America, announced that union miners, 595,000 strong, will lay down their tools at midnight tomorrow when their present working contract with the operators will expire.
While expressing a hope for speedy negotiation of a new contract for the anthracite workers, neither miners nor operators would predict today that such an agreement would be reached before the nation began to feel the pinch of a coal shortage.
Among their demands they are stressing a 20 per cent increase to contract laborers; a minimum of \$5.20 a day for unskilled day laborers; the check-off system; by which the mine operators collect the workmen's union dues and a uniform wage scale for machine operators.
To these demands the operators have thus far made but one answer—wages in the anthracite industry must come down. What percentage of reduction they will demand, the operators have not yet revealed.

(Canadian Press)
Boston, March 30.—Following the recovery of Rube Marquard and with at least two southpaw recruits of exceptional promise, the Braves have less need for left-handed pitchers, and today Charlie Paul, of Springfield, N. S., a miner, turned pitcher, was turned loose from the training camp at St. Petersburg. Paul looked good in the province's last summer and appeared to have found a place with the Braves.
Chicago, March 30.—Rain kept the Chicago Americans and Nationals idle yesterday. The White Sox, scheduled to play at Shreveport, La., were awakened by rain against the sleeping car windows, and they moved on for a game today with the Vicksburg Cotton State League team. The sun was shining at San Francisco at game time, but the park was as wet as the three mile limit and the Cubs crossed the bay to meet the Oakland club today.
Philadelphia, March 30.—The Phillies yesterday added another victory to their string by defeating Orlando, Florida League champions, 7 to 0.

AT ST. PHILIPS.

An interesting meeting of the Mite Missionary Society of St. Philip's church was held last evening, with the president, Mrs. J. H. Graves, in the chair. An interesting paper was read by Mr. Henderson, dealing with mission work at home and abroad, and dealt at some length with the important part played by women in missionary work. Professor McCallum gave a reading on mission work in China which was greatly enjoyed. Much enjoyment was manifested in a solo sung by Mrs. Treadwell, entitled "A Call" and the good music of the missionary choir. A vote of thanks was tendered to those taking part. Rev. C. A. Stewart, the pastor, complimented the society on the good work and spoke of what some of the women in Africa were doing.

Seattle, March 30.—Mrs. Margaret Lindauer amputated her own arm at her home at Richmond Beach, yesterday, because she told her 16 year old daughter, a spirit commanded her to do so.
She was taken to a hospital in critical condition. The daughter was also taken to the hospital, suffering from shock.

LITTLE BOY IS DROWNED ON WAY TO JOIN FATHER

Marbleton, Que., March 30.—(Canadian Press)—While on his way to join his father in his sugar bush early yesterday, little four year old Ernest Robert Westman, son of Mr. and Mrs. E. Westman, fell into the brook at Lime Ridge and was drowned. The body was found caught in some bushes in the brook.
DEATH IN DRUNKEN BRAWL SENDS THREE TO PENITENTIARY
Halleybury, Ont., March 30—Found guilty of manslaughter in connection with the death of John Lycky in a drunken brawl in a Schunaberger boarding house on Christmas day, Andrew Bogdanic, Sam Markovitch and Mike Rubien were yesterday sentenced by Mr. Justice Logic to five years in the penitentiary.

FORMER BISHOP OF SINGAPORE IS DEAD

London, March 29.—(Canadian Press)—Rt. Rev. George Frederick Rose, formerly Bishop of Singapore and father of Admiral Rose, of the Canadian navy, died today. He was born on September 3, 1858, was a graduate of Cambridge University and was ordained in 1861. He was curate in several parishes in England, and in 1872 went to Singapore as chaplain. He was archdeacon of Singapore from 1874 to 1881 and Bishop of Singapore from 1881 to 1908.

THE BRITISH MINERS MAY CAUSE TROUBLE

Interesting Comment by Manchester Journalist on Conditions Overseas.

A wide range of subjects relating to the destiny of England were discussed by S. K. Ratcliffe, of the Manchester Guardian, speaking before the Montreal Women's Club in the ballroom of the Ritz-Carlton Hotel in Montreal on Monday afternoon. The disagreement between England and Ireland, the industrial situation throughout Great Britain, were taken up in turn by the speaker, who explained the origin, development and probable result of each. In conclusion, he made some general observations on the present social and economic system and what eventual developments are to be expected therefrom.

The present situation between England and France, said Mr. Ratcliffe, had arisen from the failure of most of the signatories to the Versailles treaty to live up to the full conditions of that treaty. France had been determined that the Versailles treaty should be enforced, but it was not until after the Washington conference that Mr. Briand had realized the isolation to which France was placing herself by her determination to have the treaty enforced. There would never

be definite peace in Europe, said the speaker, unless there was a complete understanding between Great Britain and France.

Extremists in the Anglo-Irish question would go to any length to prevent the two countries coming to a lasting and amicable understanding, said Mr. Ratcliffe. Both the Irish Republicans and the English die-hardies would stop at nothing to wreck any agreement already reached. Reports of happenings in Ireland, therefore, should be read in their true light, that is, as the outcome of the plots of small minorities rather than the expression of public opinion.

If the Irish Free State treaty had been ratified before Christmas, continued the speaker, it is probable that the friendly spirit of the time would have prevailed in its enforcement. However, the extremists had forced a postponement, which gave them the time to work up greater opposition and dissatisfaction.

Mr. Ratcliffe predicted that the miners' strike, with which England was threatened, would be of greater extent and would contain more serious possibilities than the last great strike. In discussing the political situation, Mr. Ratcliffe referred to the leadership of the English Labor party. One of the features of the next elections, he predicted, would be the return of a larger number of Labor members of parliament. There would be distinguished intellectual men on the Labor benches, led probably by Sydney Webb. One of the recent developments in the labor world was the entry of a large number of men of intellect and culture. If the present jealousy existing between the hand-workers and the brain-workers, between the leaders who had risen from the ranks and the leaders who had come in from the bourgeoisie and the academic world would disappear, the Labor party would wield more power.

BIG WAGE CUT FOR 12,000 GRANITE MEN

Boston, March 29.—An offer of a \$6.40 daily wage for a 44-hour week was submitted today to the Granite Cutters' International Association of North America by the board of control of the granite industry. The present agreement, which carried a daily wage of \$8 for forty-four hours, expires next Friday. Virtually the entire organized granite industry east of the Mississippi river, employing about 12,000 men, is involved.

CAREER HAS END IN BERLIN PRISON

Former Maid of Honor to the Russian Empress Charged With Theft.

Berlin, March 29.—One of the maids of honor of the late Empress of Russia is now in prison in Berlin. She was the daughter of General Skiatine and Princess Lubnow, and was for some years regarded as the most beautiful young woman at the Russian court. She married a Russian general, but the union was not a happy one, and was dissolved. She left Russia and settled in Germany, marrying a retired army surgeon, Dr. Berrische, of Bonn, who died shortly before the war. During the war she experienced the greatest difficulty in obtaining money from Russia, and eventually had to take a position as interpreter in prison camps.

As the result of the revolution her parents lost all their property, and at the end of the war, her services as interpreter being no longer required, she came to Berlin and frequented Russian circles, where she managed to borrow considerable sums of money which she never paid back. From families which received quantities of valuable furs and jewels, she managed to extract 25,000 marks from a Russian general, and later she persuaded a wealthy Russian merchant to entrust to her his fortune, which was in Indian rupees.

When funds again ran short she committed another theft and went to Cologne to turn the goods into money. When she returned from Cologne, however, detectives were waiting at the station to arrest her.

THREE ASPHYXIATED

Trenton, Mo., March 29.—Three young men were found asphyxiated in a freight car here today. One of the bodies was identified as George Cooke, 25 years old. He was en route to Toronto, (Ont.), because of the death there of his sister and illness of his mother. The car was consigned to Canada.

CARVELL PROTESTS

Ottawa, March 29.—Western newspapers and the public men of the west received a severe handling from members of the Dominion railway commission today at the freight rates hearing. Chairman Carvell said the board had been subject to criticism from the western press that was purely propaganda. "Why, a man is not safe going west and expressing views that he has a perfect right to express. The board should not be the subject of propaganda," he said.

NOTHING IN AFRICA LEFT TO DISCOVER

French Explorer Says Dark Continent Now Ready for Tourists.

Paris, March 30.—"There's nothing left to explore in Africa."
These are the words of Brunau de Laborie, famous French explorer, who has just returned from a journey across the Sahara. He explained that the day of the adventurous discoverer is over, and that of the ordinary tourist begun. His "most remarkable adventure," he said, in reply to a question by the New York Herald correspondent, was that he "hadn't any—only a few minor misadventures or worse, such as any railway traveler might endure."
M. de Laborie foresees a day not far off when tourist trips to Timbuctoo, by motor, airplane, or even hiking, will be arranged by any tourist agency. In one feature, however, there is room for improvement; desert hotel accommodation and cuisine. Thus, the explorer declares, native cooks have a habit of putting too much food into sauces, although tooth-flesh is excellent in small quantities, over-indulgence may be hazardous—to the road tribe, at least.
The fashions of the ladies of Abyssinia may influence Parisian designers, but the Parisienne is not likely to affect the lip ornament, which consists of inserting a wooden disk seven inches in circumference in the lower lip.
M. de Laborie's real mission was economic. He studied cotton-raising and geographical problems for the Colonial Ministry and the Geographical Society.

PREMIER MARTIN TO BECOME JUDGE?

Winnipeg, March 29.—The elevation of Premier Martin to the court of appeals of Saskatchewan is only a matter of days, and there is no doubt that Hon. Charles Dunning, provincial treasurer of Saskatchewan, will be the new premier, says a special despatch to the Free Press this evening from Regina. Mr. Dunning will take into his cabinet as attorney-general either Colonel J. A. Cross, K. C., D. S. O., or Lieutenant-Colonel C. E. Gregory, K. C., the despatch states.

**Hydro-electric
Live-wire Topic**

All Should Hear Mayor Schofield Deal With the Facts—Meeting Public.

The hydro-electric question seems now to be the most frequent and important topic of conversation wherever citizens assemble. It is causing a very welcome activity to be shown in connection with the forthcoming civic elections. Many divergent views are heard expressed by different citizens. But chief interest seems to centre in what Mayor Schofield will have to say on Tuesday evening next at the public meeting in the Imperial Theatre. As a chief magistrate of the city he has carried out his duty in a manner to win for him the confidence of his fellow citizens, and his past record as a citizen, coupled with his record during his two years' term as mayor, are causing his many friends to look forward eagerly to Tuesday's meeting for his pronouncements on the big question of the day, hydro-electric development. Do you know all the facts with knowing on the subject? Whether you do or do not it will be worth your while as a taxpayer and citizen to plan on attending.—(Adv.)

**ACCURATE RECORD
OF MAN-POWER**

The Government Employment Service Accumulates Valuable Figures.

(Toronto Globe)

The government employment service at its local office possesses invaluable information upon 75,000 men and women wage earners. It has accumulated during the past four years, and from it can be compiled accurate statistics regarding the man power of the city and its suburbs.

Explaining the system of the service, Superintendent William Meath said the registration of each applicant for work included the name and address, if married or single, race or nationality, union or non-union, occupation, wage desired, other work the applicant could do and wages expected, references, personality, education, language and experience.

"Our system follows up the man or woman," said the superintendent. "Every employer who obtains a worker from us makes a report upon the service given. That we get a very accurate record of each worker. We know if he is an agitator and disturber; a good worker, or if he is not."

The same system is followed in the 76 offices of the service scattered through the country. The Federal government now obtains a remarkable record of the available resources in man power of the Dominion.

HAMILTON REDS GO LIMIT.

Polaks and Russians Hear Jimmy Simpson Talk on the Banking Act

Respectable Hamilton, Ontario citizens are very indignant at the appearance of the great unwashed, most of whom were foreigners of Russian extraction or new arrivals from the purges of European capitals. There were crudely painted placards on laths meant as banners containing crude witticisms directed at Scripture, the church and the government. On most of the placards the red flag was rudely delineated, and verses of the revolutionary song were written in an illegible hand, and hoisted on to the platform for the foreign audience to chorus. Among the speakers were James Simpson, of Toronto, who addressed an illiterate and penniless audience of Polaks on the Bank Act. James McDonald, also of Toronto, waxed rabid as did local speakers. Attempts to sing "The Red Flag" failed as few could speak the English tongue. A man named Marinier, who was looked up for

sedition last winter in this city, harangued the crowd. One of the resolutions passed called for the Government employment at union rates and partial unemployment allowances. Another demanded that all interest on war loans over \$500 be not paid by the Government.

"Are you going to buy some?"
"No, darling, I do not need any more. You know how well I sleep now, those terrible headaches do not bother me any more and we are able to take our nice long walks every day."
"You never used to walk, did you?"
"Not for a long time. My nerves were so bad that I could not do anything, and I am afraid I was often very cross and irritable with you and daddy, but, thanks to Dr. Chase's Nerve Food, that day has gone by and I know what it is to be well and happy."
"Why don't all the sick people use your medicine?"
"Far more of them would if they only knew of the good it would do them. I have told lots of my friends and they nearly all have been benefited just as I was."

**Charles Probably
ON HIS DEATH BED**

(Canadian Press Despatch)
Lisbon, March 29.—There is little hope that former Emperor Charles of Austria-Hungary will survive his illness, according to advices received here today from the island of Madeira. In addition to pneumonia, there are cerebral complications. The doctors have resorted to the administration of oxygen. The one-time emperor has made his will.

**LONDON WILL COAX
NIGHTINGALES BACK**

London, March 30.—Earnest efforts are being made to coax the English nightingale back to London. Three sanctuaries for these birds are being created in Hyde Park. Nesting boxes are being placed in the trees and the birds will be protected against stray cats and squirrels. Ornithologists insist the nightingale is not frightened by city noises and rumbles if assured of a thick underbrush and protection from its enemies.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whisksers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

The Evening Times and Star

ST. JOHN, N. B., MARCH 30, 1925.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

KEEP TO THE ISSUE

The Standard would have the citizens believe that the New Brunswick Power Company will distribute the Musquash current at 6.22 cents per kilowatt hour.

A more dishonest propaganda could hardly be undertaken. The power company has made no statement as to the price it would charge, although invited over and over again to do so.

The 6.22 cents is the price at which Messrs. Kirby and Phillips say the company could distribute the current if it were content to pocket the loss on its street railway and gas plant and deprive some of its preference stock of dividends.

These gentlemen point out clearly that to come off with a whole skin the company would have to charge 10.17 instead of 6.22 cents. Does the company say, or the Standard on its authority, that it is ready to lose the difference and give the people the current at 6.22 cents? Not at all.

But there is more to be said. Is not the New Brunswick Power Company's distribution system carrying its peak load now? If the market for electric current is to be expanded and improved?

Consider on the other hand the prospects under electric distribution. The present market for electric current, apart from the street railway, is 4,900,000 kilowatt hours from the hydro-electric commission, at the subsidiate at Fairville, it can sell the 4,000,000 kilowatt hours at 6.58 cents and have at least an additional 8,000,000 to give away if it desires.

It is quite useless for the power company or the Standard to try to create an impression that the agitation for cheap light and power has its source in the dislike of anybody for the power company. The company does not figure in the case at all. It is a matter between the city of St. John and the hydro-electric commission.

Mayor Schofield and his colleagues at City Hall have suddenly become a gang of desperadoes, in the opinion of the Standard voices the horror with which the long-suffering company has made this startling discovery. The mayor and his gang are seized with "anguish."

THE MENTAL DEFECTIVES

Hon. Dr. Roberts has announced that a report of a mental survey of the province will be tabled in the legislature. In his address on Tuesday he pointed out how a lack of care for the mentally deficient is responsible for much vice and crime, for the spread of venereal diseases, and for a very heavy expenditure to keep up institutions for the diseased, the criminal and the hopelessly unfit.

The remedy lies in dealing with mental defectives when they are young, and in accordance with the needs of each case, and in the establishment of an institution for the hopelessly feeble-minded, in order that they may be trained to the limit of their small capacity to be as nearly self-supporting as possible, and at the same time prevented from reproducing their kind.

At the close of 1920 we reported a surplus of \$38,000.00. This amount was by order of common council voted to reduce the general city assessment and was therefore not available for the purposes of the water department.

MUNICIPAL DISTRIBUTION AND THAT ONLY

Judging by the interest shown at the meeting recently held in the Pythian Castle, the citizens of St. John will stand for nothing but municipal distribution of the Musquash power.

Our estimated revenue was placed at \$238,000.00 a decrease of \$18,000 from previous year. After providing \$118,000 for interests and sinking fund (\$7,000 more than in 1920) and \$30,000 for sewerage and fire hydrant maintenance, the sum of \$84,700 was left for the maintenance of the water department.

It is worthy of note that in the same statement Dr. Roberts reported that ninety-eight and one half per cent of the city's milk supply was pasteurized and he would like to see the other one half pasteurized, similarly treated. The experience of Hamilton may be the experience of St. John. The death rate and especially the infant death rate may be largely reduced.

THIS IS AWFUL

Mayor Schofield and his colleagues at City Hall have suddenly become a gang of desperadoes, in the opinion of the Standard voices the horror with which the long-suffering company has made this startling discovery. The mayor and his gang are seized with "anguish."

A valued contributor has sent this bit of engaging comment to the Times: "Robert Borden's declaration that he is done with public life evokes no protest from his quondam followers or the press that formerly heralded him, and it reminds one of an old western story. A solitary horseman approaching the outskirts of a town was passing by a graveyard, where a burial service was being performed. Hitching his horse, he entered and asked of an individual present who was dead. 'Bill Jones' was the reply. 'What was the matter?' was the next enquiry. 'Oh nothing the matter—everybody is satisfied.'"

DAFFODILS

When I went out at peer of dawn, And crossed the dewy hill, The sun arose and tossed to me A golden daffodil.

And at the highest pitch of noon, As I passed o'er the plain, The sun was there to give to me A daffodil again.

And as I paused beside the gate, Happy at toll's reprieve, I saw between the quiet trees A daffodil eave.

And ere I drifted off that night, Down placid slumber streams, The round moon rose and flung to me A daffodil of dreams.

CLINTON SCOLLARD

LIGHTER VEIN

A doctor brought a dyspeptic farmer a big brown pill. "I want you to try this pill at bedtime," he said. "It's a new treatment and if you can retain it on your stomach it ought to cure you."

The next day the doctor called again. "Did you manage to retain that pill on your stomach?" he asked eagerly. "Well, the pill was all right so long as I kept awake," said the farmer, "but every time I fell asleep it rolled off."

No Room For Her

When the car left the terminus a very stout lady, clad in furs, was hanging on a stray for dear life. A very small man, who was wedged in on the seat, struggled to his feet, and in quite the old-world manner offered his seat to the ample lady.

Smilingly she thanked him, and then looking rather bewildered, said: "Thanks so much! But where did you get up from?"

Wonderful.

A school teacher who had been telling a class of small pupils the story of the discovery of America by Columbus, ended with the remark that this happened more than 400 years ago.

A little boy, his eyes wide open with wonder, said, after a moment's thought: "Oh, what a memory you've got!"

YEAR'S WORK OF THE WATER DEPT.

Commissioner Jones Submits Sixty-sixth Annual Report to Council—Showed Surplus After Paying Cost of Sewerage and Water Maintenance.

Commissioner Jones has submitted the sixty-sixth report of the water and sewerage department, being for the year ended December 31, 1924, in part—The most important work carried on during the year was the 88 inch reinforced concrete pipe from South Bay Road to Spruce Lake, a distance of 21,694 feet.

Much yet, however, remains to be done before it will be possible to get the full benefit from the expenditure already incurred. It will be necessary to lay a 24 inch pipe from Barnhill's corner to the reservoir and a smaller pipe from there along Spruce street to Watson street as originally planned.

Water Maintenance. At the close of 1920 we reported a surplus of \$38,000.00. This amount was by order of common council voted to reduce the general city assessment and was therefore not available for the purposes of the water department.

Sewerage Construction. The contract for deepening Newman brook and for building concrete arch was completed last summer at a cost of \$10,822.83, and at the present time the department of public works is filling in over the arch preparatory to the removal of the highway bridge crossing Adelaide street, thereby making possible a continuous street and the drainage of many acres of land and also serve as an outfall for the sewerage of Portland Place and of the Shamrock grounds, now owned by the city, through which two streets running north and south are protected. Metcalf, Victoria and Newman streets can also be extended from Adelaide street to the proposed street, and sewerage via Newman brook culvert.

JURY HOLDS SWIM RESPONSIBLE

At the inquest held yesterday in Woodstock into the Benton Ridge murder case, the jury brought in the verdict that Harvey Trenholm and his wife had come to their deaths from revolver shots fired by Benny Swim.

William Sharp, whose house the murder was committed, testified that he hired Harvey Trenholm of Bellefleur to work for him and afterwards he arranged with Trenholm to buy the farm, and he was waiting to hear from the Soldiers' Settlement board to complete the deal. Trenholm told him he was a widower. Trenholm married Olive Swim, the murdered girl, at Meductic two weeks ago today. Sharp said he was present at the marriage, which was performed by Rev. Mr. Worden. He first saw the young woman a few days previous to her marriage. After the ceremony they went to his (Sharp's) house to live and Mrs. Trenholm took charge of the house. Mr. Sharp said he was at Benton on Monday and left Trenholm at the house King and sticks.

Discovered Bodies.

He returned at seven in the evening and found Trenholm lying on his face in the steps leading to the kitchen. He looked in the window and saw Mrs. Trenholm on the floor. He did not enter the house until Sheriff Foster arrived. He saw pools of blood on the floor and a trail of blood from the door. Mr. Sharp said he considered Trenholm very quiet and industrious young man, quite above the average.

The other witnesses were Roy Swim, brother of Olive (Swim) Trenholm, who arrived at the scene first and gave the alarm. William Porter and E. McGinley also testified to seeing the bodies at the house. Other witnesses were heard and the jury retired, bringing in a verdict as already given. DeSart Franklin was foreman of the jury. The others were Melvin McElroy, G. Reeves, Charles McMillan, Hugh Porter, Murray McPherson, David Grant, Frank Porter, Burt Grant, Roy Frank, August Smith, W. E. Lawton.

Trenholm went overseas with the fighting 26th, and was in the trenches for three years. Toward the end of the war he was wounded by shrapnel in the knee, and had the long service medal, and a few days ago he received another medal from military headquarters. Mr. Sharp said that Trenholm was an industrious man and good worker. Mr. Sharp, who was in Benton at the time, believes that if he had been home and quipped the case he would have received the fatal shot, as Swim had never seen either Trenholm or Sharp. A shot was fired immediately when Trenholm opened the door.

Swim was a cousin of Mrs. Trenholm. His home was in the village of Rockland, five miles back of Hartland. He was twenty-two years of age and the bride was eighteen. He formerly lived at Swim's home.

RECENT DEATHS

Mrs. G. H. Flood.

Word has been received by relatives in the city of the death of Mrs. George H. Flood, which occurred at Ottawa yesterday. Mrs. Flood was well known in St. John where a large family circle and many friends will mourn her loss. She had been in poor health for the last two years but when she visited St. John last summer she was greatly improved and hopes were held of a complete recovery. Mrs. Flood was Miss Ella E. McAvity, youngest daughter of the late Thomas McAvity of T. McAvity & Sons, Ltd. Besides her husband, who is in the marine and fisheries department at Ottawa, and one son, Carson H., of Montreal, she is survived by three sisters and four brothers. The sisters are Mrs.

C. M. MacLean, M. D.

The death of Dr. Charles Murray MacLean, which occurred on Tuesday at Etobicoke, Ontario, was heard with regret by many friends in the province. Dr. MacLean was born at Cambridge, Queens County. He graduated from McGill and practiced for some time at Newton and later in this city. Afterwards he accepted a two year appointment to the tropics and afterwards returned to England for more extended study. In 1909 he established himself at Durban, where he built up a successful practice. In 1918 he married Miss

Isobel Margaret Froude. He became ill last December and went to Etobicoke for treatment. Besides his wife, he is survived by two brothers, Dr. Ewart G. MacLean and Talmadge C. MacLean, of Cambridge, and one sister, Miss Elizabeth R. MacLean, of 20 Kennedy street. Captain W. B. MacLean, 184 Main street, is an uncle and Mrs. W. L. Waring, 128 Wright street, is an aunt.

Mrs. C. E. L. Jarvis, of this city, has received word of the death of Mrs. Mesham, widow of Charles Mesham, at Woodside Lodge, Aspley Grove, Bedfordshire, England, on March 5. Mr. and Mrs. Mesham resided at Fredericton for some years. The late Mrs. Mesham leaves three daughters, Margaret, wife of Col. Klak Dumas, late of India; Olive, wife of Cecil Barrett, of Dublin; Isabel, at home. Lady Isabel Bowring, of Beechwood, Aigburth, Liverpool, is a sister, and the late C. E. L. Jarvis was her only brother.

BAXTER HAS IDEA REGARDING STRIKES

(Canadian Press Despatch)

Ottawa, March 29—Shortly before adjournment today the House of Commons took up civil government estimates of the department of labor. The total amount to be voted was \$195,404. Hon. J. B. M. Baxter (St. John and Albert) asked the minister of labor, Hon. James Murdock, if he did not believe that the proper way of settling labor troubles was to get a number of commonplace men who had never had university training and send them down into the thick of it to talk common sense to both capital and labor.

The minister agreed with Mr. Baxter that this was the best method in a large number of labor difficulties.

DEVELOPMENTS AT UTOPIA RUMORED

The sale of Byrne Derwin, the property owned by Joseph Briney of Boston, at Lakes Utopia, is rumored. St. John men are said to have made an offer for the resort, which consists of a large clubhouse, several cottages, barns, ice house, etc., and thousands of acres of land with fishing and hunting facilities said to be unrivalled in the province. If the deal goes through a mill for sawing

hardwood, of which there is a great supply, is talked of and also a summer hotel for tourists.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Dandermine" costs only 25 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yet—really new hair growing all over the scalp. "Dandermine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

Fire totally destroyed a house at East St. John, owned and occupied by Mrs. Mary Sudbear, about 8 o'clock last evening and it was only because the wind was blowing towards a part of the community which had not been built up that the whole section was not wiped out, according to opinions of the residents. Mrs. Sudbear, who is an invalid, was alone in the house at the time the blaze started and it had gained considerable headway before she was rescued by Leonard Vail. Large blazing embers were carried for nearly a mile by the wind.

If You Have a House to Keep Clean You Should Own a Hoover

It's coming along now close to the house-cleaning season when hundreds of St. John homes will be pulled up and in a state of upheaval, preparatory to the spring house-cleaning campaign. This often makes temporary wrecks of women—to say nothing of how men despise it. Such a commotion as it causes is enough to put even the most easy-going person entirely out of sorts. Carpets will be off the floors and on the clothesline to be beaten by hand—or else off to the cleaners. Furniture will be piled up; the whole house unattractive and as uninviting as can be.

No Need of All This Commotion if You Own a Hoover

The Only Machine of its kind that Beats—as it Sweeps—as it Suction Cleans.

With a Hoover carpets may be thoroughly and easily cleaned without removing them from the floors.

Get one now and enjoy the pride of lovely clean rugs the year around. Dirt gets into your rugs every day. Much of it sits into their depths to cling and stay immune to hand sweeping. Rapidly it accumulates and becomes germ-laden and a menace to health.

Let us show you how this wonderful little machine beats out all germ-laden, nap-destroying dirt from rug depths, thus safeguarding health and preserving your rugs from wear.

In addition the Hoover electrically sweeps stubborn litter, erases crushed nap, freshens color and powerfully cleans by air—all in one rapid, dustless operation.

TRURO DENTIST KILLS HIMSELF

Truro, N. S., March 29—That he shot and killed himself while suffering from aneurysm was the verdict of the coroner's jury which inquired into the circumstances of the death of Dr. M. K. Langille, well-known dentist, who was found dead in his home here with a gun shot wound in his face. Dr. Langille, who was sixty-five years old, leaves a wife, one son and one daughter.

LANDLORD BLAMED FOR CHILD'S DEATH

Jury Awards \$9,500 to Father for the Loss of a Son Due to Lack of Heat.

New York, March 30. — George H. Jackson, a landlord of 784 East Fourth street, Brooklyn, was held responsible by a jury before Supreme Court Justice Crosey in Brooklyn for the death of an infant son of a tenant because of the landlord's failure to supply heat. The verdict was for \$9,500 damages to James F. D. Cochenour, whose four-months-old son William died at 290 President street, Brooklyn, last January. The suit was for \$10,000.

At the office of Health Commissioner Royal S. Copeland it was said that the case was the first brought under the present health ordinance calling for a temperature of sixty-eight degrees in apartments in cold weather.

Cochenour testified that throughout

WILL NOT APPOINT ROYAL COMMISSION IN COAL DISPUTE

Nova Scotia Mining Troubles Aired in Senate and at Conference With Hon. James Murdock.

(Canadian Press Despatch) Ottawa, March 29.—The government will not appoint a royal commission to investigate the trouble existing between the British Empire Steel Corporation and the miners in the Nova Scotia coal fields.

A discussion of the situation in the Nova Scotia coal fields was precipitated in the senate tonight by Senator Tanner, who had placed questions on this subject on the order paper.

Senator Tanner said that the company had been very impulsive in dealing with the men and was in a great measure responsible for the crisis.

Senator David: "Have the men adopted his advice?"

Senator Tanner: "I cannot say but I understand the proposition is being received with favor by the miners."

Concluding, Senator Tanner declared

CREW TWO DAYS AND NIGHTS ON ICE

(Canadian Press Despatch)

St. John, Nfld., March 29.—The crew of the sealing steamer Diana, whose craft was crushed in the ice floes Monday, arrived here today. They had spent two days and nights on the ice fields after first abandoning the steamer when her tail shaft broke.

The 150 members of the crew of the sealing steamer Sagona served notice that they considered themselves entitled to \$25 each for quitting their work of hunting seals and going to the rescue of the crew of the Diana.

ALLEGED SABOTAGE IMPERILS 400 MEN

(Canadian Press Despatch)

Sydney, N. S., March 29.—Four hundred miners in Caledonia colliery were placed in imminent peril of suffocation by the first instance of alleged "sabotage" so far reported in the Glace Bay area.

The men were about to begin work, when inspectors discovered that two large doors governing the flow of air through the passages had been "spragged" or jammed, so that no fresh air was being pumped into the working section of the mine, with the result that the atmosphere was rapidly becoming foul and fatal to human beings.

"I am willing to accept any proposition which holds out a reasonable prospect of a living wage for the workers," said J. B. MacLachlan today.

Mr. MacLachlan repudiated the action of Phalen and other locals in calling for his appointment as "chief dictator."

TREATY RATIFIED

(Canadian Press Despatch)

Washington, March 29.—The arms conference naval treaty limiting the navies of all the great seapowers was ratified today by the senate.

The senate's approval of the pact was voted without reservations or amendments and with Republican and Democratic "regulars" and "irreconcilables" generally standing together in its support.

The ratification vote was 74 to 1, Senator France, Republican, Maryland, casting the only negative vote.

GHOULS IN GERMANY HAVE CLEVER PLAN

Bled Sorrowing Women for News of "Missing."

London, March 30.—So many fraudulent attempts have been made to collect money from relatives of soldiers reported missing in the great war that the British war office has warned them to be on their guard.

One woman living in London, says the war office, caused to be inserted in German newspapers an advertisement asking for information regarding her son, who was reported "missing" in 1917.

A soldier bearing the same name, so the reply ran, was a patient in a hospital in Southern Russia in May, 1919, suffering from a nervous breakdown.

The mother applied to the war office for particulars which her German correspondent asked for. That office took up the case and discovered, with the aid of the German police, that the "Dead Soldiers' Society" was not a reliable concern, and that the date of enquiry the majority of its members were in prison.

BEAVERBROOK AND PREMIER CONFER

(Canadian Press Despatch)

London, March 29.—The London political correspondent of the Yorkshire Evening News, Leeds, says that Premier Lloyd George dined with Lord Beaverbrook last evening when he returned to London from Cricethel.

Conservative political interest attaches to the event, the paper says, as Lord Beaverbrook is known to be in close touch with Rlg' Hon. Andrew Bonar Law, former government leader in the house of commons.

It is recalled that Lord Beaverbrook played a notable part behind the scenes in events immediately preceding the downfall of the Asquith coalition government.

Fire Sweeps Through the Village of Upper Charlo

Campbellton, March 29.—A disastrous fire swept through the village of Upper Charlo, twenty miles below Campbellton and on the main line of the Canadian National railway, tonight. The fire started in former Sheriff T. Craig's residence and with a very high north west wind prevailing the flames were blown on to Harry McKenzie's residence, which with barns and outhouses were all destroyed.

From there the fire spread to Mr. Leblanc's new residence, and from there to A. S. Arsenau's residence and general store, which were all entirely destroyed.

The summer cottages of H. J. Currie and H. B. Anslow of the Campbellton Graphic newspaper, just across the highway, were saved by neighbors, who carried water. It was difficult to get particulars as the telephone wires went down.

The loss will be heavy, particularly to A. S. Arsenau, who moved into a fine new store less than two years ago and carried a very heavy general stock. It is not likely that there is much insurance carried.

"AD." MEN HEAR THREE ADDRESSES ON ADVERTISING

Advertising was discussed from three different standpoints in the addresses of V. R. Walsh, D. J. Barrett and H. H. Scovill, given before the St. John Advertising Club in the New Brunswick telephone building last evening.

Advertising was, in large part, applied psychology, said V. R. Walsh, M.A., former Knights of Columbus fellow in psychology at the Catholic University of America, in the course of his address on psychology in advertising. Advertising had been defined as the operation of one mind on another in the marketing of goods and therefore it fell within the realm of psychology.

Making use of a diagram which depicted the overlapping of the fields of business and of psychology, as well as the various psychological processes in connection with a campaign of advertising, the speaker pointed out that the planning and carry out of an advertising campaign was almost entirely a work in applied psychology.

Before the campaign could be undertaken at all, said Mr. Walsh, the advertising man must first have a knowledge of the market and, secondly, a knowledge of the commodity he was about to advertise.

The most important factor in the market was the people who comprised the market and a knowledge of human nature and its constitution, which was only another name for psychology, would be of undoubted benefit to the advertising man, he said.

The most important element in the advertising man's knowledge of the commodity, so far as writing the advertisement was concerned, was his knowledge

ST. JOHN COUNTY BILLS CONSIDERED

Fredericton, March 29.—At a special meeting of the municipalities committee this afternoon a bill fixing the valuation for assessment purposes of Ready's Beverages, Limited, at \$80,000 for a period of ten years was agreed to without discussion.

There was considerable discussion regarding the bill to amend the act providing for police protection for the county of St. John. This bill applies only to a certain part of Lancaster and calls for a tax of \$5 per year on each house or camp occupied by two or more persons and \$3 on each all-year-round resident. There was some talk regarding the difference in the tax on each class of residence and Dr. Curren suggested that the tax be placed only on the summer residents, as they were the ones that demanded the protection. Other suburbanites did not receive any protection and should be paid for by the summer residents.

THE WESTERN RAIL MEN DEMAND MR. CARVELL'S SCALP

Winnipeg, March 29.—Removal of Hon. F. B. Carvell from the board of railway commissioners for Canada will be demanded by division number four, Railway Employees' Department, American Federation of Labor.

The convention of the railway workers, which is being held here, unanimously passed a resolution today calling upon the federal government to take this action.

The convention termed public statements of Mr. Carvell in reference to railway workers "antagonistic and vituperative," and declared that the chief commissioner was "ridiculously prejudiced" and "unfit for his position."

of those qualities of the commodity which were capable of satisfying human needs and desires.

With a knowledge of his market and of the commodity to be marketed, the advertising man could proceed to map out the kind of campaign needed in the circumstances and then begin the writing of his "copy" or his advertisements.

Through the medium of the advertisement the writer must establish an association between the reader's need and the advertised commodity and he must make the association effective, that is, result in action on the part of a reader at some time sooner or later.

In the establishment of such an association attention, interest, recollection and other psychological factors were brought into play and a knowledge of these different factors was important for the advertising man.

To make the association effective, recourse was had to one or more methods of persuasion, argument or suggestion, an appeal to the intellect or an appeal to the feelings and sometimes to both. All of these were psychological in their nature so that from beginning to end there was a very intimate relation between applied psychology and advertising, said Mr. Walsh.

The speaker exhibited several advertisements which illustrated the application of points brought out by him during the course of his address. A general discussion of these advertisements by the members of the club followed.

The Power of Advertising.

"The power of advertising as a creator and developer of commerce is a predominant factor of modern distribution," was a quotation used by H. H. Scovill in the course of his address on fundamentals in advertising. Advertising was written salesmanship, he said, and it was largely through advertising that the inventions and discoveries of science were made of benefit to the great mass of people. It was one of the foundations of business, a selling force that kept money in circulation.

Unquestionably rightly constructed advertising paid, said Mr. Scovill, and he gave illustrations in support of his contention. Newspaper advertising could be made profitable if used rightly and he thought that more care and attention should be given by advertisers in the preparation of the newspaper advertisements with a view to getting more business out of them.

Mr. Scovill discussed the fundamental purpose of an advertisement and enumerated appeals that might be used in the construction of copy and discussed

other aspects of constructing an advertisement.

Benefits to Community.

The benefits derived by the community from advertising was the subject of an address by D. J. Barrett, in which he pointed out the contrast between the growth of the much advertised Canadian west and the comparatively lagging behind of the unadvertised province of New Brunswick which had fine inducements to offer to settlers in the way of great natural resources, fine climate, beautiful scenery and other assets.

Advertising performed a community service and was a public convenience which enabled the prospective purchaser to save time by directing him to places where his needs could be satisfied.

Because effective advertising increased the volume of business the merchant could afford to lower prices and thus effect an economic saving to the community. Effective advertising of home products built up the sale of those products and thus made more work and more prosperity in the community, said Mr. Barrett.

F. W. Daniel moved that a vote of thanks be extended to the speakers of the evening. T. F. Drummond seconded the motion and R. A. Macaulay, president of the club, tendered the thanks of the members for the addresses.

It was decided to increase the membership of the Advertising Club from thirty-five to fifty at the regular monthly business meeting of the club which was held prior to the addresses. W. H. Coleman was appointed auditor and H. H. Scovill, G. R. McInerney and C. J. Morgan a nominating committee.

Charles Henry Mackintosh, of Chicago, president of the Associated Advertising Clubs of the World, would be a visitor to the city on April 21, it was announced at the meeting. Plans are being completed for a luncheon to be tendered Mr. McIntosh by the Advertising Club to which other business organizations of the city will be invited.

MARLBOROUGH LODGE MEMBERS AGAIN HOSTS

In the Orange Hall, Germain street, last evening, the members of Marlborough Lodge, Sons of England, extended a hearty welcome to the members of Portland and New Brunswick lodges and their lady friends, and well entertained them.

During the evening an excellent programme was given, which included: Piano solo, Mr. Halsall; song, Mr. Fridge; song, Miss Darling Garnett; musical trio, The Misses Brown; song, Reggie Maxwell; song, F. J. Punter; song, Vera Lingley; exercise, boys of Wiggins Home; song, W. Brindle; song, J. Simpson; song, Mr. Preston; sketch, The Three Kings, boys of Wiggins Home; song, Miss Margaret Ricketts; song, Master Leonard Roberts; accordion and piano duet, Messrs. Mills and Halsall; musical duet, the Misses Brown.

One of the pleasing items of the programme was the drill exercise by the boys of the Wiggins Home, under the capable leadership of Miss E. Pearce. Many of the numbers were encored. This social evening was one of the best of a series which have been held here during the winter months.

During the intermission some useful prizes were drawn for and won by Mrs. R. Storey, Mrs. W. W. Whalley, Mrs. Brown, H. Gibbons, J. Mills and W. D. Stewart.

The chair was ably filled by the president, E. A. Darbyshire. The very enjoyable evening was brought to a close by the singing of the National Anthem as only Englishmen can sing it.

G. W. V. A. DOMINION PRESIDENT

G. Eastle Logan, provincial secretary-treasurer of the G. W. V. A., received a telegram yesterday to the effect that the Dominion president, R. B. Maxwell, would arrive in New Brunswick on April 3. On the evening of that date he will address a meeting in St. Stephen under the auspices of the local branch. This meeting will be public in its nature and will be attended by the Calais Post, American Legion, in a body. A banquet will be given at the conclusion of the meeting. Mr. Maxwell will speak in Woodstock on April 4; Fredericton, April 5; St. John, April 6; Moncton, April 7, and will conclude his itinerary in Chatham on Saturday, April 8. During his tour he will be accompanied by Rev. Father Lockery, vice-president of the association; S. Boyd Anderson, Dominion representative of the G. W. V. A., and the secretary, G. F. ...

WELDON ALLEN McLEAN.
 The home of Mr. and Mrs. Hamilton McLean was saddened on Wednesday morning, March 29th, when their youngest son, Weldon Allen, passed peacefully away at six o'clock. He was aged three years and six months. Besides his father and mother he leaves one brother.
CIRCUIT COURT.
 In the circuit court, this morning, the case of the King vs. Stephens, an indictment of theft and receiving stolen goods, was heard. The defendant is accused of stealing and receiving cloth, the property of the C. P. R. Several witnesses gave evidence and adjournment was made to this afternoon. Dr. W. B. Wallace, C. C., appeared for the prosecution, and J. A. Barry for the defence.
THE BAY SERVICE.
 J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, left this morning on the steamer Empress for Digby. He was accompanied by M. McDuff, manager of the Great Lakes Steamships. They are looking over the Bay service prior to its amalgamation with the New Brunswick district of the C. P. R.
DOWN RIVER.
 Some residents of Carter's Point reached the city yesterday in a motor boat, having successfully navigated through the large mass of floating cakes of ice. They said the Reach is still holding and from present indications will not run out for some days. They brought with them a quantity of eggs and country produce. The eggs were disposed of for thirty-five cents a dozen.
FIRST ANNIVERSARY.
 Members of the Little River Community Club met last evening in their hall, to celebrate the first anniversary of their inauguration. A delightful programme of musical and literary numbers was carried out by the members of the club, assisted by P. Johnston, of the city. Refreshments were served and those present voted the affair a grand success.
CLASS ENTERTAINED.
 Miss Grace Dureen entertained the Crescent Class last evening at her home, 216 Sydney street. During the evening bridge was played and the prize winners were Miss Freun, Thurber and Benjamin Robinson. Consolation prizes were awarded to Miss V. Lennox and William Griffiths. Following a musical programme, which included piano solos by Mrs. H. Fiewelling, refreshments were served.
FOUR-MASTER.
 The sailing of four steamers this morning and one last night eased the congestion which has prevailed in the harbor during this week, to some extent. However, this morning there were still five steamers lying in the stream waiting for berths. The only arrival this morning was one of more than usual interest, as it was the four-masted schooner, Maurice R. Theriot, of 1172 tons. She is the largest schooner which has entered this port for some time. She brought a cargo of fertilizer from Baltimore. There are not many more steamers scheduled to arrive during the remainder of this week, while there will be numerous sailings, so that those vessels now in port will be fairly well along with their loading.

AGREEMENT RE C. P. R. TRESTLES
Draft of Proposed Contract Considered by Council—Curbing Tender Goes to a Bathurst Firm—Suggested Improvements for Squares.
 The proposed agreement between the city and the C. P. R. regarding the west side trestles was presented to the common council in committee this morning by Mayor Schofield, together with a letter from Hon. J. B. M. Baxter, city solicitor, on the matter. After the meeting the commissioners discussed the agreement with the acting solicitor, W. H. Harrison, after it had been referred to Commissioner Bullock and the city engineer for a report.
 Dr. Baxter in his communication said that under the agreement the C. P. R. proposed to pay the present rentals for the trestles. If the railway required any extension of their tracks in Protection street, he said that they should make application first to the city council, and if refused, submit the matter to the public utilities commission.
 Commissioner Jones presented the sixty-sixth annual report of the water and sewerage department, referred to elsewhere in this issue.
Curbing Tender Awarded.
 Commissioner Frink reported on tenders for 1,464 feet of granite curbstone referred to him and the road engineers. Tenders were received from B. Mooney & Sons, J. H. Doody, Granite Street Paving and Construction Co., and J. E. & D. P. Conolly, Bathurst. The last named tendered at \$1.33 a foot, which was twenty per cent. less than the next lowest tender, J. H. Doody, who quoted \$1.60 a foot. It was decided to grant the contract to Messrs. Conolly.
 Commissioner Frink said one of the tenders had complained that these contracts should be given to taxpayers. He thought that as the call for tenders was not restricted to taxpayers, there was no reason why an outside firm should not get the business if their bid was lower. He said he had had enquiries made, and ascertained that Messrs. Conolly were reliable business men and handled a good quality of granite.
 The commissioner said he proposed to pay for the contract out of an unexpended bond balance of \$6,951.26.
Improvement to Squares.
 The commissioner said he submitted a plan of the proposed base for the Champlain monument. This consisted of a border of grass surrounded by a parapet of concrete. The estimated cost was \$87.80. The commissioner said he was planning removal of an unsightly electric light pole and the substitution of an ornamental pole with four or eight globes. He proposed calling for tenders soon.

MONCTON BILLS IN COMMITTEE
Getting After Outsiders Who Pay No Tax—Control of Building.
 (Official Report.)
 Fredericton, N. B., March 30.—The committee on municipalities met this morning and considered bills relating to the city of Moncton. His Worship Mayor Edgett, Alderman Wheeler, Alderman Murphy and City Solicitor A. A. Allen appeared in support of the bill. A bill to authorize the city of Moncton to issue debentures to the amount of \$196,000 was reported.
 A bill to amend the city of Moncton assessment act, 1921, was reported with amendments.
 Hon. Mr. Robinson, speaking to this bill, said that he was opposed to any city or town imposing restrictions on outside people coming to work, and was opposed to the stifling of competition. In this case, however, the tax was very light, and he believed was justified.
 Alderman Wheeler said that union wages were in force in Moncton, but not in Amherst, and Amherst contractors had been able to bring crews from Amherst at a lower rate of wages, and at the same time avoid paying a fair tax to the city.
 Mayor Edgett said the desire was to get after outside contractors who would come in, do considerable work, demand police and other protection and receive it, and finally get out again without paying even the moderate rates previously imposed.
 Mr. MacMunn proposed that there be a minimum to protect small contractors from the immediate vicinity of Moncton. Mayor Edgett stated that there was no intent to get after contractors of that class and the bill could be amended so as to state that.
 A bill to amend acts relating to the incorporation of the City of Moncton was reported with amendments.
 Mr. Allen explained that the section doing away with the taking of an oath at the time of filing statements of assessable property was placed in the bill as a matter of convenience to the citizens.
 Alderman Murphy stated that too much time was taken up at the city offices in the filing of statements under oath. For the administering of the oath elsewhere there was a charge which was annoying to the people. The Dominion income tax regulations did not require an oath, and Moncton did not need it either. The last civic election had resulted in the election of a council opposed to the oath.
 Mayor Edgett stated that he had been no revision of the law relating to that for years, and the present situation had resulted in an awkward situation. The city found itself with out proper control of the material to be used in the building to be erected. On certain streets it had resulted in diminished value for some properties. The bill was intended to remove the difficulty.
 The bill was reported without amendment.
 The bill to fix the valuation of Ready's Beverages, Limited, was reported.
 Committee adjourned until 2.15 p. m.

BROKE IN, BUT FLED WITHOUT ANY BOOTY
 New York is not the only city with "nervous banks," as was demonstrated last night when a man or men broke into the store of D. Bassen in Charlotte street, and left without taking anything. When the store was opened this morning it was found that a small back window had been forced open and that the burglars had apparently made a survey of the possibilities before them. On the floor were a couple of suitcases, taken from the stock, and two suits which had been picked out from the number in the store. The would-be robbers had then apparently left to gather in some more articles when they were frightened by something, and fled without the booty of their break. It is thought that they left in a hurry for the screwdriver and other tools they had utilized in forcing the window were left behind. No explanation has been found of their becoming frightened, and it is possible that the passing of someone on the street led them to believe they were watched and caused them to leave with their work unfinished.
 Graduated From Hospital.
 The Misses Eliza Simpson, of Douglastown, Northumberland Co.; Helen Stephens of Bridgetown, Miss Winifred Barry of Avonport, Mrs. Carvina Ross of Digby, were among this week's graduates at the Yarmouth hospital training school for nurses.

Atawa, March 30—(Canadian Press)—Insurance to the amount of \$112,590,338, placed through the Western Assurance Co., is carried on the property of the Canadian Northern Railway, according to information given the house today by Hon. W. C. Kennedy in answer to questions by E. M. Macnaught (Pictou) on the property of Grand Trunk Pacific totalling \$22,720 is divided among the Union Assurance Co. of London, Eng., Cornhill Insurance Co. and Lloyds of London. The minister said, was carried on Canadian government lines as international and latterly the Transcontinental.
The brokers for the insurance on the Canadian Northern were the Toronto insurance and Vantage.
Since the authorization of the national way loans at the last session of parliament the sum of \$36,600,000 has been advanced to the Canadian Northern Railway, and bonds guaranteed to the sum of \$28,000,000, so Hon. Mr. Kennedy in reply to a question by J. Kennedy, (Progressive, Glangary).
The Grand Trunk Railway has registered \$36,600,000 in money advanced and had bonds guaranteed to the sum of \$28,000,000.
Sums advanced to the receiver of the Grand Trunk Pacific Railway amount to \$31,941,888. Guaranteed interest paid (the domain amounted to \$2,188,838). There were no loans guaranteed. His statement was made as of March 5, 1925.

The clear, crisp weather assures splendid attendance at the Imperial Theatre, tonight, when the Boston English Opera Company will sing the favorite opera, "The Bohemian Girl." The company arrives by Digby boat this afternoon, and rehearsal is called for the orchestra only at 6:30 o'clock. There will be no evening show of pictures at the Imperial, so that everything will be ready for the curtain between 8:15 and 8:30. As seen in the regular advertisement, the opera will be sung by all the leading voices and will be a most elaborate presentation of the artist's talents, romantic and beautiful work. The seat sale is large, but even up to the time of the overture good locations will be available, owing to the Imperial's immense capacity. Prices: Orchestra, \$1 and \$1.50; balcony, \$1, 75c, and 50c. Rush seats in the rear balcony.

GARDENS TONIGHT
This will be an attractive evening at the Gardens. It is "Carnation Night," so called, and flowers will be given to all attending. The Gardens have been more than ordinarily attractive, and the orchestra will render some of its newly acquired numbers.

IN WALL STREET.
New York, March 30—(10:30)—The stock market almost as a whole was firm to strong at the broad opening of today's market. Leaders of the railway, steel, equipment, motor and oil divisions continue to feature the advance. Lima Locomotive preferred gained almost five points in the first few transactions. We think we see his loving smile,
Although a year has passed,
But in our memories still he lives
And will smile the last.

NEGOTIATIONS GO ON SATISFACTORILY
That is Report from Meeting re Ireland.

The Tri-partite Conference Resumed This Morning—Freeman's Journal Raided—More Reports of Violence in Troubled Land.

London, March 30—Prominent representatives of the British, provisional Irish Free State and Ulster governments gathered this morning to consider proposals advanced yesterday at their initial session of the conference called to consider means of pacifying Ireland.
Those meeting today were—Winston Spencer Churchill, secretary for colonies (chairman); Sir L. Worthington-Evans, secretary of war; Michael Collins, head of the provisional government; Arthur Griffith, president of the Dail; Premier Sir James Craig, of Ulster; Marquis of Londonderry, minister of education in the northern government. It was expected that a plenary meeting of the conference would be called later in the day.
That the negotiations were proceeding "very satisfactorily" was the only word given out as the consultations were resumed.

Two Killed.
Belfast, March 30—The death of Samuel Mallon, whose body was found in the White Rock road yesterday, appeared to have been in the nature of an execution. It is learned that he was taken from a party of men who had been barred from their places of work and who were awaiting their unemployment doles and was escorted to the place where his body was afterwards discovered.
During the afternoon his workmate, the envelope of which should have contained the unemployment allowance, was pushed under the door of his home. It was found by the police on the morning of the peculiar occurrence when the police brought news of her husband's fate.

BOWLERS FOR ST. JOHN.
Moncton Transcript—Amherst is preparing, according to the "Amherst News" to send a number of bowlers to St. John next month to compete in the N. B. and Maine bowling tournament. It is expected that a number of local bowlers will get together and form a team to compete in the tourney. As Moncton bowlers have a season of unusual activity this year it would seem that Moncton bowlers, in competition at the N. B. and Maine tournament, could give a very satisfactory account of themselves.

THE CARLETON COUNTY TRAGEDY
(Special to Times)
Woodstock, N. B., March 30—The body of Harvey Trenholm, the victim of the Benton Ridge tragedy, was sent to Bale Verte this morning on instructions from his father. The body of Mrs. Trenholm was taken on the same train to Benton where funeral service will be held this afternoon. Rev. H. V. Bragdon and Mrs. Swim, the girl's mother, accompanied the remains.
Benny Swim will be brought before police magistrate Comben Monday for preliminary examination. He is recovering from his wound and is apparently growing nervous, but does not hesitate to talk of the affair and makes no attempt to cover up any of the details of the terrible crime. Sheriff Foster has summoned a number of witnesses from Swim's home who will probably be able to throw considerable light on some of the details of the case, not yet explained. Among the witnesses will be a neighbor who sold Swim the revolver and cartridges.

TRAVELERS' BILL IN N. S. HOUSE
Legislation Having to Do With Inspector of Hotels in Province.
Halifax, N. S., March 30—Following a spirited discussion in which H. W. Cornhill, Yarmouth, and Mr. McDonald, Richmond, members of the opposition, and Premier Murray took part, the government was forced in the house of assembly yesterday to assume full responsibility for a bill entitled an "act respecting hotels," introduced by Hon. G. Baud, the bill provides for the appointment by the governor in council of an Inspector of Hotels, whose duties would be to report on all hotels in the province. Mr. Baud moved the second reading of the bill.
Mr. McDonald, member of Richmond, said that he understood the bill called for the payment of salaries to an inspector or inspectors, and if such was the case, it meant that it would be a charge against the revenue of the province. He felt that the people were already too heavily overtaxed. He asked Mr. Baud to give an explanation of the bill.
Mr. Baud said that he could make no explanation other than that it had come from the commercial travelers, the same as a similar bill had come last year.
Premier Murray explained that each year the commercial travelers held an annual convention. They called upon him with reference to the condition of hotels in the province, urging that steps be taken to have the hotels improved. He had told them that if they got some friend who would introduce a bill covering their grievances it would be submitted to the house. They could also appoint a committee to appear before a committee of the house to explain the necessity for such action.

SESSION BEFORE EASTER
Frederickton, N. B., March 30—The provincial legislature expects to pass the main supply motion before today's session finishes. Hon. P. J. Veniot is expected to speak this afternoon. R. E. Finn Speaks for Maritime Provinces on I. C. R. Matter.

Ottawa, March 30—(Canadian Press)—"Our position is that this question has nothing to do with you. The intercolonial is a government railway and does not come under your jurisdiction. If we cannot get here the resolution of the old rates we will go before a higher tribunal, probably the highest tribunal in the land. If we succeed in obtaining the arbitrary rates as mentioned in our plea, the C. P. R. must adopt these rates and the maritime province will come into their own in that way."

IS HONORABLY ACQUITTED

Moonrise at Sea.
(Clinton Scollard, in New York Herald.)
There is a subtle and pervasive cast from some far land upon the port of sea.
The gulls fly high as though their wings were bent.
To be sure, they hounds to which we may not fly.
Those happy havens of the West which we have dreamed of, some aerial continent.
The harper of the sky evokes no tune from any chord that mortal ear has heard.
If word be breathed it is God's holy word—
Silence—when the earth first came to be.
And out of the west came up the moon.
A great fireopal on a silver sea.

Calgary, March 30—After holding several conferences yesterday, H. Outbunt, K. C., for the miners, and R. G. Drinnan, for the operators, did not get down to business of the selection of a chairman for the board of conciliation authorized by the minister of labor to settle the wages dispute in District 18, U. M. W. of America. The two representatives will meet again today.

A former premier of France, and now president of the foreign affairs committee of the French senate, who is named to head the French delegation to the Genoa Conference, following Rene Viviani.

A. W. COVEY MEETS CAPITAL ATHLETES

Fredericton, March 29—There was a largely attended meeting of those interested in the local athletic situation at the Y. M. C. A. rooms tonight.

Prior to the open meeting a committee representative of athletes met Mr. Covey and discussed the situation.

There was a general asking and answering of questions, Mr. Covey answering. At times there were heated passages, but at the close matters calmed down.

It developed at the meeting that, in the list of 247 athletes in the maritime provinces against whom Mr. Covey recently announced charges had been filed, there were only two Fredericton men.

THE MARITIME WRESTLING MEET GREAT SUCCESS

Amateur sport received another boost last evening when the maritime wrestling championships were held in the City Hall, West End, without a hitch under the auspices of the St. George's A. C.

A feature of the contests was the appearance of Joe Landry, St. Mary's A. C., of Halifax, in the 125 pound class, which class he won in addition to carrying off a silver cup, donated by the former postmaster, Edward Sears, for the best all-round exhibition of the evening.

Two boxing exhibitions completed the programme for the evening, the first one being between I. Donovan, city 115 pound champion, and Frank Jarvis.

usually "rass" him. Ping could hardly wait for his next time at bat.

The pitcher of the convict team, it happened, was a very slow-moving individual. Knowing Bodie was a good hitter, he was very dilatory in his methods.

Getting peevish, Bodie yelled at the pitcher to hurry up. The pitcher was a lifer. As Bodie yelled for him to hurry up, the catcher yelled:

"Take your time, boy, you are going to be here for a long while."

The frontier town was agitated. Night Hawk, a mysterious outlaw had paid the town a visit. They say he came secretly to see Chiquita, the charming dancer. A week later a stranger appeared at the Dance Hall. It's the Night Hawk, someone whispered. All hands went to their guns. Chiquita danced over to the stranger's table to warn him. He smiles. Suddenly a shot rang out, the lights went out. When they came on again Night Hawk was gone. Oh, Boy, how Zane Grey can write those stories.

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING. The bowling tournament for the championship of the maritime provinces and eastern Maine, as well as for possession of the famous Brunswick-Balke-Coller trophy, now in the possession of the Y. M. C. I., will be held on the Y. M. C. I. alleys on April 13, 14 and 15. This coveted trophy, which is a large silver bowling pin, has been competed for since 1908. The dates of the tournament were decided on a few days ago by the representatives of the Y. M. C. I. and they announced them last evening. The third day will be needed for the games only if a large number of entries appear. So far, it is expected that teams will enter from Amherst, Fredericton, Houlton, Calais and Bangor, as well as likely several teams from this city. The Y. M. C. I., the trophy-holders, is expected to be represented by a strong team this year and have an excellent chance of retaining the trophy.

Commercial League. In the second game of the roll-off between the winning teams of the first and second series of the Commercial League last night on Black's alleys, the Post Office team won by two points. Each team has now won one game and the final game will be rolled on Friday. Last night's scores follow: Total Avg. HOCKEY. St. Patrick's Entertained. Toronto, March 30.—At a banquet tendered the St. Patrick's hockey team, professional champions of the world, last night, the players were given every reason to feel that the city appreciated their achievement in retaining possession of the Stanley cup. Mayor Maguire acted for Wm. Foran of Ottawa, Stanley cup trustee, who was unable to be present, handing the cup to President F. Hanbly. Prior to the dinner, the boys received their checks covering the winners of the world's series. It was announced that eight of the players had already signed contracts for next year, and that the others would be rounded up before leaving for their homes.

BILLIARDS. Schaefer Wins Match. Jage Schaefer retained his title of world's champion in 182 ball-tile billiards by defeating Willie Hoppe, former champion, 1,600 points to 1,468. Hoppe won the last block 516 to 500, but Schaefer had a lead of forty-eight points when the last block was started.

ATHLETIC. Stadium for Toronto. Toronto, March 30.—Mayor Maguire told his colleagues on the board of control yesterday that at an early date he would introduce a motion calling for the construction of an athletic stadium near the exhibition grounds to cost about \$160,000.

Quebec Application. Montreal, March 30.—At the annual meeting of the Province of Quebec Lawn Tennis Association held here last night it was decided to apply to the Canadian association for the right to hold elimination tests in Montreal for the selection of a Canadian Davis cup team.

Private Chapel Richly Decorated By Local Artist. The private chapel attached to St. Peter's church rectory, North End, has just been decorated by the hands of painters and decorators, an example of ecclesiastical art work, perhaps not surpassed in the dominion. What a few weeks ago was a plain room of worship is now richly pictured with emblems of the faith, revered allegories and portraiture depicting saintly characters in holy writ and also departed members of the Redeemerist Order, of which St. Peter's church is a station.

The decorating was done by Frederick W. Stringer, who has been attached to the Imperial Theatre staff for nearly ten years. He is a native of London, England, and there gained a wide experience in his profession. During his work in the chapel he was in collaboration with Rev. William Hogan, C.S.S.R., rector of St. Peter's church.

From Over the Sea Comes This Advice Use Dodd's Kidney Pills for Sick Kidneys. George Roberts, Who Suffered From Gall Stones and Rheumatism, Tells Canadians Why He Recommends Dodd's Kidney Pills.

Malpas, Cheshire, England, March 28.—(Special).—Mr. George Roberts, who lives on Church street here, sends a message of cheer to sufferers from Kidney Disease in Canada. His message is "Use Dodd's Kidney Pills."

"For 11 years I suffered from acute pain and sickness," Mr. Roberts states. "I consulted 12 different doctors and each one had a different opinion. "My wife, who had used Dodd's Kidney Pills for the same trouble, urged me to try them, and I did so with splendid results. "For several years I have been in the best of health and have lost no time through sickness. The rheumatism from which I suffered has also disappeared." If you haven't used Dodd's Kidney Pills for your sick Kidneys ask your neighbors about them.

Young Lad Injured. Young H. Stanley, residing in St. John street, West End, was knocked down and run over by a team last evening in St. John street and suffered a fracture of his left arm and left leg. He was taken to the General Public Hospital at about 7:30 o'clock and was reported to be resting as comfortably as could be expected last night.

MORNING NEWS OVER THE WIRES

A train wreck occurred yesterday at 11:45 a. m. on the D. A. R., east of Middleton, when the west-bound express from Halifax left the rails. The engine stayed on the track but the rest of the train, including tender and four cars, left the rails. While the passengers received a severe shock, no one was injured. The east-bound train advanced to the wreck and picked up passengers and mails and returned to Yarmouth. Fire broke out at 5:30 o'clock yesterday morning in the mill waste conveyors at the boilerhouse of the Fraser Companies Pulp Mill at Edmundston. Slight damage was done. Police Commissioner Edward Upton Curtis, of Boston, died suddenly at his home on Tuesday afternoon after an attack of indigestion.

ADDRESS EPWORTH LEAGUE.

The Epworth League of the Carmichael street church enjoyed a rare treat last evening when Rev. Dr. W. Farquharson visited the league and gave an interesting and inspiring address on loyalty to Christ and to the church. Dr. Farquharson based his remarks on the story of David and his fitness for leadership, through which he secured the
