MADAME ARTHUR TOURANGEAU.

During digestion, the muscular coat squeezes and presses the food from one end of the stomach to the other, and then the food is not dissolved properly and indigestion and chronic dyspepsia result. Gastric Juice comes from the blood—and the only way to have strong, active Gastric Juice is to keep the blood pure by keeping the bowels and kidneys regular, and the skin clean.

FAMOUS GEMS OF PROSE

THE ELIZABETHAN POETS By Elizabeth Barrett Browning

THOSE days of Elizabeth! We call them the days of Elizabeth, but the glory fell over the ridge, in illustration of the half-century beyond; those days of Elizabeth! Full were they of poets as the summer days are of birds:

No branch on which a fine bird did not sit, No bird but his sweet song did shrilly sing, No song but did containe a lovely dit.

We hear of the dramatist; but the lyric singers were yet more numerous—there were singers in every class. Never since the first chattering brake voice in Eden arose such a jubilee concert; never before nor since has such a crowd of true poets uttered true poetic speech in one day.

The London Lancet, after a careful examination of

Scott's Emulsion

found that "this preparation fulfills ALL the requirements and presents ALL the conditions of a very satisfactory emulsion. In fact, SCOTT'S EMULSION has so long been the one satisfactory and perfect Emulsion that it is accepted as the standard by medical practitioners all over the world, by the public and by hundreds of imitators, for it is the one and only Emulsion that is so pure, so perfect and so beneficial."

I believe no other preparation of Cod Liver Oil has received such weighty commendation and if the same high authorities were to examine it now they would find it even finer, more digestible, more palatable and more satisfactory in every way; in fact, SCOTT'S EMULSION has so long been the one satisfactory and perfect Emulsion that it is accepted as the standard by medical practitioners all over the world, by the public and by hundreds of imitators, for it is the one and only Emulsion that is so pure, so perfect and so beneficial.

SCOTT'S EMULSION

has become the world's Standard Body-Building because of the perfect purity of its ingredients, its absolute freedom from ALCOHOL, or any other harmful substance and because the results from it are uniform and far greater than from any other preparation.

R. L. BORDEN CONGRATULATES BOURASSA'S MAN BLONDIN

Ottawa, Nov. 18.—(Special)—An indication of the attitude of the opposition toward the Quebec Nationalist movement was given this morning when the opposition leader, R. L. Borden, heartily congratulated Mr. Blondin, M. P. for Champlain on the victory he had achieved in Drummond-Arthabaska.

Mr. Blondin made a name for himself in the campaign because of the extremes to which he went in denouncing the English and everything British in Canada and out. He was against any sort of navy or naval contribution from Canada.

Around the lobsters of parliament the incident is regarded as significant.

NORTH SHORE FINANCE
The Miramichi Ship & Paper Company, paid on Saturday. The time covered was from 1909 to 1910. The total amount was \$18,000. Several local speculators made a considerable sum, having previously bought up the company's pay checks at 20 per cent. discount and receiving full value for them on Saturday. (Chatham Commercial)

AN OUTSIDE VIEW
St. John having partially recovered from its pavement "spasm" is now undergoing what might be termed a "pavement cure." The investigation of market conditions shows some queer practices, but that is about all that will come of it. (St. Andrew's Beacon)

FURS STOLEN
In addition to attending the high tea in St. John's (Stone) church last evening, some person took possession of a valuable set of furs, the property of a city woman. The owner of the furs had set them down, and left them out of her sight for a while. On returning to where she had left them a short time later, she was surprised to learn that some one had made off with them.

THE FIRE SALE
The fire sale at Alexander Bros' Ltd. Waterloo street, is attracting a great deal of attention and during the last two days there have been a large number of purchases taking advantage of the cut prices on all their stock of carpets, carpet squares and furniture. This stock has got to be sold at once, and those who wish to secure bargains at this fire sale should call early, while they last. See advt.

SCARLET CHAPTER
The St. John Company Scarlet Chapter will meet in the Orange Hall, German street, tonight. A lot of additional paraphernalia has been ordered from Toronto and it is expected will be available for use in the exaltation of a number of candidates who are to be advanced on this occasion.

HAD PLEASANT EVENING
The Young Men's Brotherhood club of the Ludlow street Baptist church, held their annual banquet and class reunion in the church last evening. About fifty members sat down to a bounteous repast and, after ample justice had been done the good things, an informal programme was carried out. W. H. Moor, Y. M. C. A. boys' secretary, and Rev. W. R. Robinson, delivered very helpful addresses and referred to some length to the great loss the brotherhood would sustain in the removal of their leader, R. H. Parsons, who will leave for Vancouver in December, and expressed the hope that the members could always endeavor to reach the ideal their leader had set before them.

President F. D. E. Robson, who presided, delivered an address, as did J. P. Ring, Harmonica solos were given by Charles Campbell and Geo. T. Ring, and a vocal solo by W. H. Myers. Miss M. Mullin presided at the piano. The pleasant gathering broke up near midnight with the singing of "Bless Be the Tie" that attesting it to be the best social function yet enjoyed by the brotherhood.

THE WATER SERVICE

Leading business men have again found it necessary to take a personal interest in the question of the city's water supply. At the meeting held yesterday afternoon, members of the water and sewerage board and representatives of the board of trade and engineers' association, many questions were asked but the explanations given by the engineer did not fully explain the course of the trouble.

TARIFF REDUCTION

While the more noisy of the Conservative newspapers have been printing columns of argument in favor of the retention of a high tariff, the Conservative member for Portage La Prairie comes forward in parliament with this notice of motion: "That in the opinion of this house a substantial reduction in the import duties on agricultural implements is now due the agriculturists of Canada, and is in justice with the true ends of the protective tariff."

THE NAVAL BILL

Referring to the folly of an agitation against the naval act, the Toronto Globe points out that Canada has had for many years enactments relating to "an active and reserve militia land force," just as the present naval act merely repeats the provisions of "the Militia Act," which relate to the "militia marine force" therein provided for, and deals with that force in a separate statute.

Promise of Battle By Opposing Forces of Christian Scientist Leader

New York, Nov. 17.—The Tribune says that with the return to New York of Dr. Augustus E. Stetson, the leader of the faction in the First church of Christ, Scientist, which came very near splitting that institution about a year ago, it became known that the Stetson adherents in the local Christian Science church have been quietly lining up their forces for a renewal of the old battle with the forces headed by Virgin O. Stickleler, the first reader of the church, who is backed by all the power of Mrs. Eddy's mother church, in Boston.

CHILDREN'S TEETH SHOW CONDITIONS THAT ARE ALARMING

Dentists' Working in Toronto Schools, Promise a Surprise in Report to Board (Toronto Telegram.) Two class rooms in Church and Elizabeth street schools this morning were converted into "hospitals" and the start was made towards examining the teeth of the pupils. The purpose is to compile a report and submit it to the Board of Education. That body will determine if it is advisable to appoint a dental inspector and if the defective teeth cause illness to any extent.

Cham New World's Record.
The fastest bowling game ever rolled in Atlantic, Mass., and what is claimed by many to be the world's record for a five man single in a match game was rolled there on Tuesday evening last, in the open league on the Boylston alleys. A large score was made in Providence last night, but the match was protested and the protest allowed to stand, so the Attleboro boys will claim the championship.
The Boylstoners reached the phenomenal total of 1826 pins. The first string rolled was 440, a league record. The lowest man on the team scored 340. Jack Billey broke the individual league record by rolling a fat 400. The match was witnessed by a large crowd of rooters and the good bowling was applauded many times.

McGraw Signs for Five Years.
Manager John J. McGraw will lead the Giant forces for the next five years. Such were the terms of the contract entered into this week between the scrappy little general of the New York Polo Grounds and President John T. Brush, of the New York National League. The terms of McGraw's contract were not made public, yet it is understood by his friends and intimates by his employers that "Mac" is to receive one of the finest salaries that have ever been paid for such service.
No one questions for a moment McGraw's right to such recognition. In eight years he has won two National League pennants and one world's championship banner, lost several more by an eyelash and has been generally up among the leaders in the race. He has placed the Giants second four times, third once and fourth once.
Detroit, Mich., Nov. 17.—The Detroit baseball team was today defeated by a score of 2 to 1 by the Almedares team in eleven innings.
Boston Americans' Manager Weils.
In St. Mary's church, Lawrence, Mass., on Wednesday morning, Patrick Joseph Donovan, manager of the Boston Americans, and Miss Teresa Agnes Mahoney, daughter of Mr. and Mrs. Maurice J. Mahoney, were united in matrimony. The news was celebrated and the wedding ceremony performed by Rev. James T. O'Reilly, O. S. A., pastor of the church.
The bride is a vocalist of exceptional ability, while the groom has a widespread acquaintance through his prominence in baseball circles.

(New York American).
Through the evening swarm of children in Berry Street, Williamsburg, dashed a runaway team last night. The man on the seat of the careening wagon was yelling at the top of his voice to warn the young foaming horses. At every leap of the terrified steeds the man's hand or voice averted accident—perhaps tragedy. And always at the cost of increasing his own peril. For the light wagon was jerked and twisted and sent swerving on two wheels, so that it was the wonder of the spectators that the driver held his nerve.

GERMAN TORPEDO BOATS SEARCH FOR MISSING BALLOON
Willhaben, Germany, Nov. 17.—The fleet of twenty torpedo boats and the fishing cruiser Zieten, which were sent out on Monday to search for the missing Star, returned today having scoured the North Sea to the Norwegian coast without success. The Saar ascended at Gelsenkirchen yesterday carrying two officers and a civilian, since which time nothing has been heard from the balloonists, who, it is feared, were lost.

DOCTOR TOLD HER SHE DID NOT HAVE A PINT OF GOOD BLOOD IN HER BODY.
Mrs. Donathe P. Cormier, Middle Sackville, N. B., says:
"In the spring of 1897 I was all run down, and the doctor told me I had not a pint of good blood in my body. I took different remedies from doctors, but they did not seem to do me any good. After having taken a lot of different other kinds of medicine, and they did not seem to benefit me, I was almost in despair and did not know what to do until my husband met a lady and told her about my sickness and she told him to try Burdock Blood Bitters as she had received the greatest benefit from using it. My husband went and bought me a bottle, and after having taken it I felt better, so I kept on using one bottle after another until I had taken six in all and then I was strong and well. I am positive that my being alive to-day is due to the use of Burdock Blood Bitters. One spring when I was not feeling very well I had a bottle of Burdock Blood Bitters and after I had taken two I had a lot of hard work all the summer and I never felt better in my life than in the winter of 1908. I had a severe cold and it left me with a severe pain in the left side. Every morning when I would get out of bed I would take down for a while it was so painful. After I had used Burdock Blood Bitters the pain disappeared completely. I have also cured my rheumatism. I have received so much benefit from Burdock Blood Bitters that you may publish this as it may help others as it has me."

SHIPPING MEN HERE COMPLAIN OF CHARGES
Make Suggestions as to Change in the Matter of Fees Against Schooners

That the port charges on American vessels on the St. John-New York route are very much less than the expenses incurred by British vessels in the same trade, is the complaint of shipping men here. In short the port charges on American vessels at this port are said to be far less and away less than the charges at New York on British registered schooners, a state of affairs that they say should not exist, and could be remedied by an insistence on the part of Canadians that Americans cut out some of their exorbitant demands.
By way of comparison a St. John schooner pays charges at New York as follows: \$5 for health officer's fees; \$2 for clearance, and \$2.50 for bond; British consular fees not less than \$1.50, and tonnage duty of two cents a ton. On the other hand American vessels to this port are entitled, with the British vessels, to the same skippers' fees, one cent and a half a ton, three times a year; same pilotage and clearance fees. There are charges of nine cents a man for shipping agent's office; two cents a man to pay at this port while in American schooners have this done at the American Consul's office with no charge for his services as compared with the fees paid by Canadian vessels to the British Consul, which it is said, are never less than \$1.00 and are more frequently much over that amount. So that in two items alone—the health officer's fees at New York, \$5; and the cost for shipping a crew for a 300 ton schooner with eight men, \$7.20, mean for a Canadian vessel to clear a port \$12 a trip alone, and in the run of a season, it is a large item. Then there are the other extra charges such as coal fees, etc. It is suggested, one way of meeting the case, that the Americans should be asked to abolish the health officer's fees and instead custom fees, so that British registered vessels could receive the same fair treatment at their ports; also that the matter of British consular fees might be taken up and compared with the free services of the American consul.
One shipping man yesterday said that it cost his firm something more than \$30 for a sailor that was ill in the States and spent some time in hospital, while an American sailor ill here would pay nothing.

SUGAR TRUST OWES NEW YORK \$525,000 FOR UNMETERED WATER
New York, Nov. 17.—The American Sugar Refining Company, which has paid out more than \$2,000,000 in settlement of underwriting frauds, must reimburse New York city to the extent of \$525,000 for water, if a report of a referee handed down today is sustained. The city alleged that from 1897 to 1903 the sugar company used at its Williamsburg plant unmetered water the taxes on which amounted to more than half a million dollars. Morgan J. O'Brien as referee finds for the city.

AGAIN REPORTED.

Thomas J. Dean, of Wall street, has been reported for conducting a fresh meat business without a license. He was reported about a week ago, but the matter was not then dealt with, as the report was made by ex-policeman Belyea, who a short time later severed his connection with the force. This new report is made by policeman Sullivan.

MISSED THE SCHOONER.

Hurrying breathlessly down the South Market wharf, a little after 10 o'clock this morning, Herbert Richardson of Deer Island, Maine, a member of the crew of the schooner Little Annie, was just in time to see his vessel going down the harbor.

Captain Fred Richardson, who commands the little trader, is a brother of the young man. Whether he discerned his brother or not, he did not put about, and as the dingy was pulled toward the wharf, he saw the last faint hope lift away.

SAD NEWS FOR CAPT. BRITT HERE

Brother Lost at Sea on Voyage Down From Boston

FELL OVERBOARD

Schooner Nellie Eaton Arrives With Flag at Half Mast—Capt. Britt, Seeing Signal, Goes to Inquire and Finds Brother was Drowned

With her flag flying at half mast, the American schooner Nellie Eaton, arrived in port this morning and reported the loss of a member of her crew, Charles Britt, of Calais, Me. The schooner left Boston on Wednesday morning for this port, with a cargo of fertilizer. When off Boone Island, about sixty miles from Boston on Wednesday afternoon, Britt was washed overboard, or fell overboard.

Captain Hutton, of the Nellie Eaton, interviewed after the arrival of the schooner at Lower Cove slip, said there was a very heavy northwesterly gale at the time, and the sails had been reefed down. The vessel was running free and Britt with two other men was on the longprit reefing the sails fast. One of the men told Britt to go in and they would finish the work. Whether he started to go in or whether he lost his footing, the men do not know. They saw him fall and cried out.

The captain, who was at the wheel, saw the body flash by in the sea and put the wheel down hard to bring the schooner about. An attempt was made to lower the boat from the stern but it was quickly realized that it was no use.

The accident happened about 3.30 o'clock as the vessel was bearing west, nowest, about ten miles off Boone Island.

This was the first occasion in his forty-nine years experience, on which Captain Hutton saw a man drown from a vessel on which he was serving, and he feels very badly over the occurrence. He said he had not slept since the accident. The vessel suffered the loss of about half of her main boom in the gale.

A deeply pathetic circumstance in connection with the affair is that a brother of the drowned man is now in St. John. He is Captain E. L. Britt, of the schooner Orcazambo, lying at Sleson & Cutler's wharf, at Indiantown. Captain Britt came over to the business district this morning and was reading a letter from his home, when he noticed a schooner coming in from the harbor.

Curious to know what catastrophe had occurred, he walked down to the wharf where the Nellie Eaton was docking and was greatly shocked to learn that it was his own brother for whom the signal was being given.

To a Times reporter, he said: "Charles Britt was the youngest boy of the family, and they had tried to persuade him not to go to sea, knowing the dangers as they were. He was determined, however, and had gone with another brother on the schooner Flyaway, now in Boston. He left the Flyaway with the intention of coming to St. John on the Nellie Eaton and going from here to his home in Calais. The family did not know of his departure, and he undoubtedly believed him to be still with his brother in Boston. Captain Britt wired them this morning of the occurrence. The young man was about twenty-two years of age, and was a fine, manly fellow."

THREW MATCH AND SET FIRE TO SISTER'S HAIR

Young Cobham Admits it in Court Today—Three Women and a Dog in Police Court

On a charge of setting fire to his little sister's hair, Victor Cobham, a 12-year-old boy, appeared before Judge Ritchie this morning in the police court, after admitting his guilt, was remanded. He was arrested last night on information laid by his mother, who said that she is unable to deal with the youngster, who is said to be very unruly.

Young Cobham this morning did not seem at all abashed, but freely admitted that he threw a lighted match at his sister, and that her tresses caught fire from the source. He and his brother were arrested about a fortnight ago in connection with the snatching of a purse from a young woman in Garden street, and were then allowed to go, on condition that they reform.

Three women and a dog figured in the police court today, but as far as could be learned the canine was "in wrong." The women were charged with drunkenness, but there was no charge against the dog. He just happened to belong to Margaret Sullivan, one of the trio, and for companionship had gone with her when she was arrested last night by Sergt. Campbell and Policeman Sullivan on a charge of keeping a disorderly house, being drunk and using obscene and profane language in Sheffield street. She pleaded guilty today to the latter two charges but denied keeping a disorderly house.

Another of the women, Miss Elizabeth Norman, admitted having been an inmate of the place, and agreed that it was disorderly.

Maria Ferry was found in an alley off Union street yesterday afternoon, and as she was intoxicated she was taken to central station. She pleaded guilty also.

A German, Edward Russeman, was told to leave the city at once. He had been arrested twice this week on charges of drunkenness.

Have You Tried STOVE INK?

Stove ink is not a polish, stove ink is for making the red covers and centers of your stove black. Stove ink will not always keep your covers black no more than black-lead will always keep your covers polished, but by using stove ink on your covers or on any part of your stove, that has heat enough to make the iron red or burn off the black-lead. Stove ink will keep that iron black for four or five weeks at a time, and will make your stove polish much brighter, and easier than when you are trying to polish red iron that as soon as you light the fire the polish is gone. Stove ink is put up in bottles and can be applied with a rag, and sells for 25c. a bottle. Use it once and you won't be without it. Besides keeping stove ink we keep the best lines of polish on the market.
