Twice-a-Week Times

Published every Tuesday and Friday by THE TIMES PRINTING & PUBLISHING CO., LIMITED. JOHN NELSON, Managing Director.

Subscription Rate: \$1.00 per annum in advance. Display Rates: 25c per inch per month.

WATER METERS.

The Times does not believe now, nor has it ever believed, that water should be measured out to citizens of Victoria by meter. There is probably not another city on the continent in which the circumstances are identical with the circumstances of Victoria.

It is touching to observe the solicitude of the friends of the Esquimalt Water Works Company for the poor water consumer of Victoria. A very short time ago they were all for meters. They said there was only one business-like method of selling water—that was by meter.

There is no question that the sale of water by meter is a force in favor of economy in the use of water.

THE HODGINS FIASCO.

At the time of the launching of the charges of Major Hodgins against the transcontinental railway commission the Times took the ground that the case could not stand for one particular reason: That as the Grand Trunk Pacific Railway Company under its contract with the government would have to pay the interest on the cost of the road its engineers would take care that the work was carried out with the utmost economy.

The special question taken up at today's sittings was the charge made by the Major with respect to over-classification of the cutting at La Tuque, Que., which he visited last June. In his charges the Major said that the classification of this cutting was 36 per cent. rock, whereas he believed that 40 per cent. would have to be a liberal estimate.

could not identify them, although he claimed that he had visited the cutting long enough to see that it was largely composed of loose earth. His information as to the 36 per cent. classification, he said, had been obtained from what he had heard during the course of his visit to La Tuque, and from statements of Mr. Armstrong, the resident engineer of the Grand Trunk Pacific.

"Would you be surprised to learn," said the counsel, "that during the month of June the highest classification of rock in the cutting was only 23 per cent., and for the previous month only 29 per cent.?"

Major Hodgins said that would be nearer to his estimate.

Counsel—"We will produce the records to show that the classification was only 32 per cent. instead of 36 per cent., as charged by the Major."

In order to avoid a confession of complete humiliation the parties, who anticipated great political profit from the Hodgins charges claim the matter should not be allowed to drop with the disappearance of their victims. They say matters have come to light which call for further investigation.

"In order to insure, for the protection of the company as lessees of the eastern division of the said railway, the economical construction thereof in such a manner that it can be operated to the best advantage, it is hereby agreed that the specifications for the construction of the eastern division shall be submitted to, and approved of by, the company before the commencement of the work, and that the said work shall be done according to the specifications and shall be subject to the joint supervision, inspection and acceptance of the chief engineer appointed by the government and the chief engineer of the company, and, in the event of differences as to specifications or in case the said engineer shall differ as to the work, the questions in dispute shall be determined by the said engineers and a third arbitrator, to be chosen in the manner provided in paragraph four of this agreement."

Now in view of the above quotation from the act the allegations of Major Hodgins and the suspicions of opposition organs imply that there has been collusion between the engineer representing the government and the engineer of the railway, men at the top of their profession with high reputations to sustain, for the purpose of defrauding the country and the shareholders of the Grand Trunk Pacific Railway. The public will readily understand how preposterous is such a suspicion, and it will not be surprised at the announcement of the complete collapse of the Major's case.

Mr. Matson's organ says there is no chance of the Laurier government electing any of its representatives in British Columbia in the next Dominion general elections. But the Colonist has been saying the same thing for the past ten years. It so expressed itself at three Dominion general elections, not of this province alone, but of the Dominion at large. It was confident of the return of Mr. Beckwith at the by-elections. Yet British Columbia and the Dominion were not affected by such prophecies. The majority of Sir Wilfrid Laurier in the House of Commons has steadily increased in proportions as a result of general and bye-elections.

A correspondent of the Times says an Engineer Adams is known to have expressed the opinion that the salt water system of fire protection proposed to be installed will be absolutely unnecessary after the improvements in the water works are completed. We have no doubt Mr. Adams would say that if he were at liberty to speak his mind. The city council ought to be courageous enough to confess that it has been misled and honest enough to prevent the waste of such a large sum of money upon a purely useless undertaking.

ADJOURNED INQUEST.

Body Identified As That of Harvey Waters by Jury.

At the continuation of the adjourned inquest on the body of Harvey Waters, held on Saturday afternoon, the jury returned a verdict which left the question of identification of the body beyond doubt, and added a rider to the effect that the police should not cease in their efforts to locate the brother, still remaining.

The only other evidence adduced at the inquest on Saturday, beyond what has already been published, was the identification of a watch chain belonging to the dead man which was testified to by Robert McKinnon. Dr. Waters, of Chico, Cal., who arrived here on Saturday morning, was present at the inquest. He is a brother of the deceased.

BIDS FOR SARATOGA WRECK WERE REFUSED

B. C. Salvage and Seattle Company Decline to Risk Much Money.

Only two bids were received by the Seattle agents of the San Francisco board of underwriters for the purchase of the wrecked Pacific Coast liner Saratoga, which went ashore on Buxby Island several months ago. The only bid received was from the British Columbia Salvage Company, Esquimalt, and J. E. Pharo, Seattle. The former concern offered \$130 and the latter \$120. The underwriters will probably not accept either tender, and a dispatch from Seattle to-day says that a combine is suspected, and that the Esquimalt company and Mr. Pharo's interests are alike. This is, however, denied by both parties.

When the Saratoga first went ashore it was considered that the B. C. Salvage Company could raise her, but during the months that she has been fringed away by the underwriters while they have been making up their minds to sell her, the wreck has deteriorated to such an extent that the salvage company being a high bid would not repay them.

H. F. Bullen, of the B. C. Salvage Company, stated to the Times to-day that the purchase of the Saratoga by her present condition was too high a risk to offer a large price on her, and that the local company was not at all anxious to buy her. He denied that Mr. Pharo, who writes formerly manager for the local company in Seattle, and has now outfitted the steamer Santa Cruz as a salvage vessel, had anything to do with the B. C. Salvage Company. There was no combine in bidding.

The Santa Cruz, despite the announcement that the Saratoga will not be sold at the price offered, is outfitting for sea, and a Seattle dispatch says that Mr. Pharo has stated that he will dismantle the wreck as soon as he can reach her. Action on the part of the underwriters is awaited with interest in shipping circles.

CHARMING PLAY TO BE PUT ON LOCALLY

Past Students of Victoria College Will Present Comedy.

On Friday evening, June 26th, the four-act comedy "The Trip of Mr. Perrichon" will be presented in the Assembly hall of the Victoria High school. This play is a well known French comedy written by Eugene Labiche and M. E. Martin, and was presented by the same performers four years ago at the Victoria theatre with the greatest success and proved how well a company of students could stage a play. These students now are in various parts of the world, but have kindly consented to come back and present their play again in aid of the High school magazine, "The Camosun."

It has been well translated and faithfully rehearsed, and on Friday evening a presentation equal to any professional piece is promised. Through the kindness of Dr. Milne the scenery from the old Watson theatre has been secured and everything will be up-to-date.

The play opens with the family of Mr. Perrichon leaving Paris for the Alps. Two suitors for the hand of Henrietta, the daughter of Mr. Perrichon follow, and do all in their power to win her. Many amusing incidents follow which lend a touch of humor to the piece. Mr. Perrichon insults a major and challenges to fight a duel, but the matter is all arranged, and Arm and Desroches, one of the suitors, wins Henrietta.

STEAMER DAUNTLESS ON BALLINGAL ROCK

Went on Obstruction in Tricomile Channel While Towing Boom.

The barque Carnedd Llewellyn, ship A. D. Bordes and steamship Solvig due vessels. The Solvig has been 30 days out from the United Kingdom for Colombo without being reported and is quoted at 35 per cent. for re-insurance, considerable anxiety being felt about her. The ship A. D. Bordes left Pisagua 121 days ago for Dunkirk and is quoted at 5 per cent. The Carnedd Llewellyn is overdue from Buenos Ayres, which port she left on February 19th for Valparaiso. She is quoted at 8 per cent.

LIST OF OVERDUE.

Steamship Solvig and Three More Sailed for Re-insurance. The barque Carnedd Llewellyn, ship A. D. Bordes and steamship Solvig due vessels. The Solvig has been 30 days out from the United Kingdom for Colombo without being reported and is quoted at 35 per cent. for re-insurance, considerable anxiety being felt about her.

The death occurred yesterday, at the Old Ladies' Home, of Mrs. Sleight-Holme, widow of the late Wm. Sleight-Holme, at the age of 80 years. She was a resident of this city for many years, and will be remembered by many of the old timers. The funeral has been arranged for Wednesday afternoon, leaving the parlors of the B. C. Funeral Furnishing Company, Government street, at 2 p. m., and at 2:30 at St. Barnabas church. The interment will take place in the family plot in Ross Bay cemetery.

JUBILEE YEAR OF ST. ANNE'S CONVENT

Preparations for the Celebration of Event in This City.

For the coming celebration of the fifth year since its establishment, St. Ann's convent has arranged three days of celebration commencing on Friday evening next. All present scholars and as many of the old ones as can be gathered together for the momentous occasion will be present. They will come from all parts, but by special invitation as all are cordially invited. The following is the programme for the three days: Friday, June 26—institute hall, 3 p. m.: Commemorative exercises, music and liturgy.

Saturday afternoon and evening, June 27—Reception of former pupils, friends, and the general public. Sunday, June 28—Solemn high mass and Te Deum, 10:30, at St. Andrew's cathedral. Sermon by Rev. Clement Caine.

At the entertainment to be given on Friday evening, those in charge wish it restricted to invitation either by card or verbal. All are welcome. As an evidence of the appreciation of its old pupils the institution is issuing some seventy-five complimentary tickets good to past and present pupils. Every citizen of Victoria, however, is cordially invited, and all may attend. The same invitation is cordially extended to the general public for the reception to be held on the Saturday afternoon. Preparations for the Jubilee event are fast nearing completion and will be continued to-morrow with the aid of the general public. The H. M. S. Shearwater, who will assist in the decoration of the grounds.

A large arch in the main avenue of the grounds is now completed, and smaller arches and flags, and other decorations are to follow which, with electric lights will complete the scheme of decoration.

After the opening commemorative exercises on Friday, the celebration will be continued on Saturday with a reception when the states of the convent will be thrown open to visitors at 3 p. m., at which time the general public of Victoria is invited to attend and to partake of refreshments and the hospitality of those in charge.

The refreshment committee, consisting of a refreshment committee, offering refreshments of all kinds from donors who desire to help in the anniversary. Many of the old pupils who would gladly donate towards this purpose are unable to be reached through distance and from other reasons, for during the fifty years since the first opening of the academy, there are many with kind memories for an event who will be too far distant to allow of their being present in person, their lives being in the time, or now out of touch with Victoria, and residing in distant lands. As many as whose addresses are known, have been invited by letter, and all who are residing within the city, and who are invited to attend. Donations to the refreshment fund from all who have not been contacted with the academy are invited and these are asked to send their names and addresses with their gifts that they may be thanked.

The plans have been going forward since last March and the outcome of the notable event is expected to be the formation of an alumnae association, B. C., and since that afternoon had been enjoying the great scenic tri-angel run to the discomfiture of the C. P. R. officials. The United States immigration officials refused to let her land in the United States, and the Canadian immigration officials were equally insistent on demanding that she keep out of Canada, so the C. P. R. had to extend its hospitality to the young woman temporarily without a country.

"Young Miss Edwards went to Victoria from this side of the line on the boat last Wednesday evening. She gave her birthplace as Winnipeg, Man. In the British Columbia capital, however, the police looked on her with suspicion. She told them she came from Portland, and on this information Dr. Milne, Canadian immigration agent, ordered her deportation.

"The United States immigration official at Victoria, Jack Burford, protested against the woman being sent to Seattle, but the Canadian immigration men were obdurate. Then Burford wired to Seattle and the two immigration staffs proceeded to play ping-pong with Sylvia, officers being on watch at Seattle, and Canadian officials at Victoria and Vancouver, to see that she did not leave the Princess at either of the ports of call.

"It took just four days to secure the necessary information at Portland to establish the fact that the young woman was of American birth, and during all that time she enjoyed the best that the steamship afforded. Last night the order to permit her to land at Seattle was received, and Sylvia tripped lightly down the gang plank, wearing a happy smile.

"I almost hate to leave the ship, though," said she. "It was beginning to feel like home. Capt. Hickey was a dear, too. He couldn't have been nicer if he'd been my own father." She proceeded to her home in Portland last evening.

Sale of Trimmed Millinery Tomorrow

A Special Assortment of the Newest Styles and Shapes. Another big bargain offering from the Millinery Department. A big special assortment of handsome Trimmed Millinery will be offered at this price. DAVID SPENCER, LTD.

PRINCESS ROYAL LOST AN UNWILLING GUEST

After Four Days Enforced Travelling Sylvia Edwards Establishes Citizenship.

The young woman who has been giving the immigration officials and the C. P. R. considerable hard thinking for the past few days while she rode from port to port on the Princess Royal, B. C., and since that afternoon had been enjoying the great scenic tri-angel run to the discomfiture of the C. P. R. officials. The United States immigration officials refused to let her land in the United States, and the Canadian immigration officials were equally insistent on demanding that she keep out of Canada, so the C. P. R. had to extend its hospitality to the young woman temporarily without a country.

"The United States immigration official at Victoria, Jack Burford, protested against the woman being sent to Seattle, but the Canadian immigration men were obdurate. Then Burford wired to Seattle and the two immigration staffs proceeded to play ping-pong with Sylvia, officers being on watch at Seattle, and Canadian officials at Victoria and Vancouver, to see that she did not leave the Princess at either of the ports of call.

"It took just four days to secure the necessary information at Portland to establish the fact that the young woman was of American birth, and during all that time she enjoyed the best that the steamship afforded. Last night the order to permit her to land at Seattle was received, and Sylvia tripped lightly down the gang plank, wearing a happy smile.

CARRIED MUCH FREIGHT.

Governor Sailed for San Francisco on Saturday Night—President Left San Francisco To-Day.

The Pacific Coast steamship Governor sailed from the outer docks for San Francisco on Saturday evening with 225 passengers. She had a large cargo totalling over 2,000 tons, including 50 tons of fertilizer and some general freight from here.

SALVOR GOES TO THE RESCUE

IS RAISING STRANDED STEAMER DAUNTLESS

Crew of Stranded Tow Boat Are on Nearby Island.

Yesterday afternoon the salvage steamship Salvor left Esquimalt for Walker's reef, Tricomile channel, where the salvage of the steamer Dauntless, reported stranded in the waters on Saturday, is being effected. While towing a boom of logs for Anacortes on Friday the Dauntless, which is commanded by Capt. Geo. Marchant, went hard and fast on the rock which uncovers at low tide and has been sinking lower in the water. After being seen by the steamer Iroquois, Capt. Sears, and reported at Sydney, the Dauntless was discovered to be in increasing danger of slipping off the rock and sinking by the tug Edna Grace, which took her chief engineer to Vancouver.

Preston and Meyers, of New Westminster, owners of the Dauntless, wired to the B. C. Salvage Company yesterday to effect the salvage of the tug and the Salvor left port shortly afterwards. It is expected that the steamer will be brought to Esquimalt for repairs in quick time as the Salvor is noted for smart work.

TRANSIT AND HYADES NOT YET REPORTED

Vessel Which Sailed From Here for Nome Probably Frozen in.

No word has been received of the Norwegian steamship Transit, Captain Danielson, which sailed from this port for Nome on June 1st with 550 passengers, under charter to Schuchach & Hamilton, Seattle, and there is a possibility that she, together with the other vessels of the Nome fleet not yet reported, is frozen in an ice-pack. In 1902 two vessels of the early Nome fleet were held in the ice until July 4th, and there is a probability that the same fate has fallen to the Transit and the Hyades. The Tucatan, from San Francisco, made the Alaskan port on Friday.

WIFE-BEATER ASKS SPOUSE TO PAY FINE

Alexander Takes Away Breath of Court by His Request This Morning.

Alexander Weir, a resident of the Esquimalt district, rather took away the breath of the court this morning when, after being fined by Magistrate Jay for beating his wife, he calmly asked the partner of his joys and sorrows to pay the amount in which he had been mulcted. This the woman refused to do pleading that she did not have the money.

When the charge had been read to Weir, he replied in an humble and contrite voice, "I am guilty and I'm awfully sorry. I'll promise you I'll never occur again, if you'll only show me leniency this time."

Mrs. Matilda Weir, whose two black eyes bore eloquent testimony as to the pugilistic ability of her husband, was called to give evidence as to the nature of the assault. She swore that on the night on June 20th her husband had come home about 1 o'clock and had attacked her with his fists. To the magistrate she said that she and her husband had been married 25 years and that this was not by any means the first time that he had beaten her. "I find you guilty but I feel that if I inflicted a heavy fine your family would suffer more as a result than you would. I will, therefore, let you go with a fine of \$10 and \$250 costs, or in default, ten days in jail."

TROUT AND STEELHEADS.

Workmen on West Coast Trail Secure Good Catches.

Complaint has been made that a number of anglers are catching small black bass in Langford lake. Some of these are scarcely six inches long. If the practice continues the bass which were turned out there some time ago will be very soon cleaned out.

BRATTON FACE THE MAGISTRATE

INSURANCE AGENT UNDER CONVICTION ON INCENDIARY CASE

Case is Remanded Until Bail Being Refused in Meantime.

(From Saturday's Daily) That the frebug is still indicated by a blaze which this morning in the alleyway Copas & Young's grocery and furniture factory, which is Broad street to the rear of hotel, and if so he was seen broke out in a box of straw in the manner in which a frebug around the place for some time previous to the discovery of the frebug. The police are not culpable in this case, if not in about 10:45 this morning, a frebug, jr., plumber, whose fat in which he is employed is deposited in the alley in question, amongst some boxes which were in the alley previous to the frebug. Securing the frebug across the street and throwing it back into the road where it was put out.

The breaking out of this frebug around the place for some time previous to it. David Baker in Copas & Young's grocery the back of that firm's premises before the fire was a man for the frebug. He was seen having a scraggy black beard and glasses and dressed in a hanging about the premises, an eye on him for some time. He thought that he was looking something from the warehouse same man had also been noted around by Arthur I. Kirkpatrick of Weller's factory, and in this firm also saw a man who the description coming out of way just previous to the discovery of the fire by John Colbert.

The police were notified at the look-out for a man answering description given by Messrs. Kirkpatrick. The men whom the police yesterday were both two men who was arrested about 2 o'clock yesterday afternoon. It was made some money at the Court. The police were not undertaken to celebrate the getting drunk. When seen stable Fry on Government was making an unavailing attempt to get a cigar. This, however, and the place where standing was strewn with him. There was no other evidence given by him, however, and he was let go.

Another attempt at incendiarism reported this forenoon. This occurred in the passage way of the Fit-Reform establishment Government street, about noon in the building known as the Skene Love studios, Miss Cotnam, and Miss Campbell, list.

The attempt was made just before the rear door where two newspaper were carefully placed under a disused calico sale. This was the Fit-Reform establishment. The police were notified and when discovered had consumed and were gaining some headway of old packing cases dry as the reform employees, who had look out the rear door, and action of Mr. Allen and his wife who turned out with a hose and the results would have been very serious nature.

The frebug or crazy lunatic appears to be responsible for the attempts is thought to have entered the room from the Government street and taken stairs down into the yard as the paper just outside the door it was then ignited.

(From Monday's Daily) Charles Berry Bratton, defendant of the Metropolitan Insurance Company, appeared in court this morning to answer of having set fire to the Board building on Saturday after being requested by Bratton, who intimated that the police have other charges of a similar nature against Bratton, who was remanded until Friday being refused bail. Bratton is particularly worried when he is in court. After taking his dock he bowed and smiled acquaintances among the law that the case had drawn to room. After his remand Bratton some time in the court room to defend him.

Mr. Alkman made a detour to secure bail and asked as to the hearing be proceeded once, but his requests were denied. Chief Langley, the magistrate in view of the serious case and in the interests of public safety he was forced to refuse bail also thought the prosecution bit and the request for Chief Langley. The case was the last on the city police court and when formation charging Charles E. Bratton with setting fire to the Board building on Saturday, Bratton had been remanded ready to go on for a day would like if in the meantime ship would allow his client to remain in the city. "How long do you ask for man?" inquired the magistrate. Chief Langley—I was going for a remand until Friday. Mr. Alkman—In that case your worship will fix bail at what amount as there is only against my client without an official report of the police. Mr. Alkman can secure bail if it is registered at the Empress.

BRATTON FACES THE MAGISTRATE INSURANCE AGENT UP ON INCENDIARY CHARGE

Case is Remanded Until Friday, Bail Being Refused in the Meantime.

(From Saturday's Daily.) That the frebug is still at work is indicated by a blaze which broke out this morning in the alley way between Copas & Young's grocery and Weller's furniture factory...

The men whom the police arrested yesterday were both let go. One man who was arrested at the Metropolitan last night, it was shown had made some money at the Chinatown lotteries the previous evening and had undertaken to celebrate the event by getting drunk...

Another Attempt. An attempt at incendiarism was reported this forenoon. The attempt occurred in the passage way at the rear of the Fit-Reform establishment on Government street...

The attempt was made just outside the rear door where two copies of a newspaper were carefully placed beneath a disused calico sale sign belonging to the Fit-Reform establishment. These had been lighted and the flames when discovered had consumed the sign and were gaining considerable headway...

The frebug or crazy lunatic who appears to be responsible for these attempts is thought to have gained an entrance from the entrance stairs on Government street and down the rear stairs down into the yard and placed the paper just outside the door, where it was then ignited.

(From Monday's Daily.) Charles Berry Bratton, local superintendent of the Metropolitan Life Insurance Company, appeared in the police court this morning to answer a charge of having set fire to the Board of Trade building on Saturday afternoon last...

Mr. Alkman made a determined effort to secure bail and asked as alternative that the hearing be proceeded with at once, but his requests were opposed by Chief Langley. The magistrate has the right to give or refuse bail on a charge of this kind. The charge is a serious one and in view of this and in order to protect the public safety I feel that I am justified in refusing bail...

Chief Langley-I was going to ask attention of the detectives to him. In connection with Friday's fire. He was one of the first on the scene at the fire in Metropolitan block, which occurred at about 5 o'clock Friday morning. Until recently the Metropolitan Life Insurance Company occupied the offices at the door of which the fire was kindled. Bratton's presence, however, was not thought much of at the time as it was found that he roomed over at the Windsor saloon...

WILHELMINE HAD CLOSE CALL DRIFTED NEAR ROCKS OFF CARMANAH

German Ship Passed Tatoosh Twice Before Tug Took Her.

(From Monday's Daily.) Carried out of the strait by an adverse tide and breeze after twice passing Tatoosh Island, the German ship Wilhelmine, Capt. Erdmann, was caught by a current on Friday morning last and borne so close to Vancouver Island shore that the boats were made ready in anticipation of disaster...

Following the receipt of this information the police decided to shadow Bratton and Sergeant of Detectives Perdue and Clayards took up the work and two hours of this work resulted in the man's arrest. He was first located coming out of the post office. From there he proceeded along Government street to Fort, where he turned west, proceeding to his office in the Board of Trade building by way of Langley and Bastion streets...

SHIP WILHELMINE. The German vessel, commanded by Capt. Erdmann, which reached port from Panama on Saturday afternoon after a narrow escape off Carmanah. She is an exceptionally smart sailer and has made several remarkably fast passages.

got above three miles an hour during the day, and only incessant work and skillful navigating kept the Wilhelmine from going ashore. The Wilhelmine will probably tow up to Vancouver this evening, and will have port out before leading into the Hastings' mill for the United Kingdom. She is one of the largest carriers in proportion to her tonnage that have been seen in these waters, taking 1,500,000 feet, without deckload, and having a registered tonnage of 1,600. Moreover, although built twenty-two years ago, the Wilhelmine holds her own as a smart sailer and possesses a number of fine passages that few vessels of her class have won.

Coming up from Panama on the trip which she has just concluded, the German vessel was able to definitely fix the time of her arrival in the roads, or sixty-seven to the entrance of Juan de Fuca strait. Her performance was a creditable one for the reason that she was faced at the task of clearing the Strait of Panama, a place of tantalizing and continuous calms, whose adverse influence is accentuated by the presence of a current with a southward set. Thirty long days were spent in taking advantage of "morning and evening" airs to clear the doldrums, the distance covered during the whole month being only a little over 500 miles.

Once clear of the Bight the Wilhelmine made splendid progress and her log shows that on two very favorable days she made something over 500 miles, or more than ten miles an hour. Capt. Erdmann says that the wind and sea were "just as he wanted them" for fast travelling, and his log bears out the truth of his statements. Thirty-seven days were occupied from the time that the Wilhelmine started travelling north and the passage to Cape Flattery was without incident.

Among the best performances to her credit are the following: Dingee Bay to Taitai in 56 days, an average of slightly over 9 knots an hour for the entire voyage, which was made in July and August, 1906; 30 days from Newcastle, N. S. W., to an anchorage at Val-

paraiso, on the voyage previous to her visit here in 1904; and 32 days from the Channel to Australia. While the above are not in the class of world's records they constitute a trio of smart passages that any captain might justly be proud of. Only a year ago the Wilhelmine made a passage from Hamburg to Australia, thence to Valparaiso and home, which occupied, in all, only six months.

NO 'BAD TIMES' HERE

It is encouraging to note that we're easily doing a much bigger business than ever. Not only with Suits, but with Men's Furnishings in general.

Our showing of Fancy Vests is remarkably interesting to men who desire something specially smart and stylish in character, best tailor make in many pretty designs.

TRAVELLING BACK AND FORWARD TO SEATTLE Immigration Authorities of Two Countries at Deadlock Over Landing Sylvia Edwards.

Sylvia Edwards, the woman who was fined \$25 in the police court on Wednesday on a charge of vagrancy, is having an enjoyable time riding back and forth between here and Seattle on the Princess Royal, being refused the right to land either in Canada or the United States, each country being quite willing to see her as a permanent resident...

Local News

(From Monday's Daily.) John Hitchcock, of Esquimalt, has returned to the city after spending a few days in Seattle. The funeral of the late Richard Dibb took place this afternoon at 2 o'clock from the residence, Florence road, Victoria West, and at 2.30 o'clock from St. Paul's church.

The death occurred at 1 o'clock this afternoon of Mrs. Rolston, of Duncan. The deceased was known to many in this city. She was the wife of Dr. Rolston, of Duncan.

Baxter Hive, No. 8 L. O. T. M. will hold a review to-morrow, 2.30 p. m. in Semple's hall, Victoria West. Mrs. Kemp, D. S. C. of Vancouver will be present and a full attendance of officers and members is requested.

The damage caused recently by floods on the Northern Pacific railway in Montana has now been made good and the regular service of trains, four transcontinental, three to St. Paul and one to St. Louis, besides the local connection, are being run.

John S. Ellsworth and Isabella W. Knett, both of Tacoma, Wash., were united in marriage at the Methodist parsonage, Victoria West, Tuesday afternoon, Rev. A. T. Roberts officiating. Mr. and Mrs. Ellsworth are quite charmed with Victoria and intend to spend a brief holiday here.

J. H. Brownlee, chief designer for the Semi-ready Company, returned last week from his semi-annual trip to London and the English woolen mills in Bradford, Leeds and Huddersfield. Mr. Brownlee buys all the fine English fabrics for the "Semi-ready" tailoring, and by going direct to the mills he gets many exclusive patterns in the higher grade cloth.

Shortly after 2 o'clock to-day the Canadian lifeboat line George A. Forbes, reached William Head quarantine station from Mexican ports. Southbound the Georgia had a rough trip and sustained some damage. The extent or nature of which is not yet known. She may be delayed while repairs are effected. The Georgia is scheduled to sail south again on July 1st.

Major F. Morris arrived in the city yesterday from Nanaimo on an inspection tour. He was joined by Adjutant and Mrs. Bloss, of Vancouver, who arrived on the Charmer. A special meeting was held in the barracks on Broad street, when a good crowd attended. The major left Victoria last night for Vancouver, but Adjutant and Mrs. Bloss are staying over Sunday. They will hold special meetings in the army barracks, Saturday, at 8 p. m. Sunday all day and on Monday, 2.30 p. m. Mrs. Bloss, who has spent two years in the Klondike, will speak on Sunday afternoon. All are welcome.

There are some people who can make a joke out of any occurrence and among them is the Colonist. One of its latest successful efforts in this direction was in connection with the recent series of fires. In describing the fires in its Saturday's issue the story was filled with overblowing wit, references to the Colonist, two of the paper's delivery being featured as the saviours of the city in having discovered the fires respectively in the Metropolitan block and also in the Hibben block. So good did this form of advertising appear to the Colonist that it could not resist the temptation to follow it up and on Sunday morning there was reproduced the pictures of the two boys. In the persistence with which the Colonist has advertised itself in this matter lies the joke for it was Constable Garlow, of the city police force,

REVENUE MEN ARE ON WATCH AT GAVIOTA T. Y. K.'s Chartered Steamship Rinna Said to Have Contraband.

A dispatch from San Francisco says: It was learned here that agents of the United States government have been dispatched secretly to Gaviota, a lonely landing place on the coast near Santa Barbara, to await the arrival of the British steamship Rinna, under charter by the Japanese line, Toyo Kisen Kaisha, from Yokohama, to carry oil.

It is understood among revenue officers who permit themselves to whisper of the case that a cable from the special agent of the government at Yokohama saying that the steamship has contraband opium and silk and several Japanese coolies aboard, is the reason for the action of the government and that a revenue cutter will be sent to Gaviota later to await developments.

The Rinna is chartered to carry oil. It was reported when she last landed the lonely port that several Japanese without papers had been put ashore. Just why the liner should clear from Gaviota is a mystery, and the collector of the port at Los Angeles will be asked why permission was given the Japanese boat to clear from there.

ROMANTIC COUPLE'S TRIP. Paris, June 22.—The Echo de Paris states that Prince Helle De Sagin and Mme. Goude proceeded by automobile in Boulogne and thence crossed the Channel to Folkestone.

Among the best performances to her credit are the following: Dingee Bay to Taitai in 56 days, an average of slightly over 9 knots an hour for the entire voyage, which was made in July and August, 1906; 30 days from Newcastle, N. S. W., to an anchorage at Val-

paraiso, on the voyage previous to her visit here in 1904; and 32 days from the Channel to Australia. While the above are not in the class of world's records they constitute a trio of smart passages that any captain might justly be proud of. Only a year ago the Wilhelmine made a passage from Hamburg to Australia, thence to Valparaiso and home, which occupied, in all, only six months.

BRATTON FACES THE MAGISTRATE INSURANCE AGENT UP ON INCENDIARY CHARGE

Case is Remanded Until Friday, Bail Being Refused in the Meantime.

(From Saturday's Daily.) That the frebug is still at work is indicated by a blaze which broke out this morning in the alley way between Copas & Young's grocery and Weller's furniture factory, which runs from Broad street to the rear of the Royal hotel, and if so he was seen. The fire broke out in a box of straw in the fire and the manner in which a man hangs around the place for some time previous to the discovery of the blaze would seem to indicate that he was the culprit in this case, if not in the others. About 10.45 this morning, John Chibbert, jr., plumber, whose father's shop in which he is employed is directly opposite the alley in question, saw a fire among some boxes which were stored in the alley previous to removal by the scavenger. Securing help he ran across the street and threw the burning lot out on the road where the fire was put out.

The breaking out of this fire directs suspicion to a man who was seen hanging around the place for some time previous to it. David Baker, a clerk in Copas & Young's grocery, while at the back of that firm's premises some time before the fire saw a man, whom he describes as rather short and stout, having a scruffy black beard, wearing glasses and dressed in a dark suit, hanging about the premises. He kept an eye on him for some time as he thought that he was looking to steal something from the warehouse. The same man had also been noticed hanging around by Arthur I. Kirkpatrick, of Weller's factory, while a driver for this firm also saw a man who answered the description coming out of the alley way just previous to the discovery of the fire by John Colbert.

The police were notified and are on the look-out for a man answering the description given by Messrs. Baker and Kirkpatrick. The men whom the police arrested yesterday were both let go. One man who was arrested at the Metropolitan last night, it was shown had made some money at the Chinatown lotteries the previous evening and had undertaken to celebrate the event by getting drunk. When seen by constable Fry on Government street he was making an unavailing attempt to light a cigar. This he could not do, however, and the police, whose understanding was strewn with matches. There was no other evidence against him, however, and he was let go.

Another Attempt. An attempt at incendiarism was reported this forenoon. The attempt occurred in the passage way at the rear of the Fit-Reform establishment on Government street, about noon to-day, in the building also occupied by the Skeels-Lewis studios, Miss Coffertumiere, and Miss Campbell, manufacturer. The attempt was made just outside the rear door where two copies of a newspaper were carefully placed beneath a disused calico sale sign belonging to the Fit-Reform establishment. These had been lighted and the flames when discovered had consumed the sign and were gaining considerable headway...

The frebug or crazy lunatic who appears to be responsible for these attempts is thought to have gained an entrance from the entrance stairs on Government street and down the rear stairs down into the yard and placed the paper just outside the door, where it was then ignited.

(From Monday's Daily.) Charles Berry Bratton, local superintendent of the Metropolitan Life Insurance Company, appeared in the police court this morning to answer a charge of having set fire to the Board of Trade building on Saturday afternoon last, but as the request of Chief Langley, who intimated that the police would have other charges of a similar nature to prefer against Bratton, the hearing was remanded until Friday next, bail being refused. Bratton did not appear particularly worried when he appeared in court. After taking his seat in the dock he bowed and smiled to some acquaintances among the large crowd that the case had drawn to the court room. After his remand Bratton spent some time in the court room talking to J. A. Alkman, whom he has retained to defend him.

Mr. Alkman made a determined effort to secure bail and asked as alternative that the hearing be proceeded with at once, but his requests were opposed by Chief Langley. The magistrate has the right to give or refuse bail on a charge of this kind. The charge is a serious one and in view of this and in order to protect the public safety I feel that I am justified in refusing bail...

WILHELMINE HAD CLOSE CALL DRIFTED NEAR ROCKS OFF CARMANAH

German Ship Passed Tatoosh Twice Before Tug Took Her.

(From Monday's Daily.) Carried out of the strait by an adverse tide and breeze after twice passing Tatoosh Island, the German ship Wilhelmine, Capt. Erdmann, was caught by a current on Friday morning last and borne so close to Vancouver Island shore that the boats were made ready in anticipation of disaster...

Following the receipt of this information the police decided to shadow Bratton and Sergeant of Detectives Perdue and Clayards took up the work and two hours of this work resulted in the man's arrest. He was first located coming out of the post office. From there he proceeded along Government street to Fort, where he turned west, proceeding to his office in the Board of Trade building by way of Langley and Bastion streets...

SHIP WILHELMINE. The German vessel, commanded by Capt. Erdmann, which reached port from Panama on Saturday afternoon after a narrow escape off Carmanah. She is an exceptionally smart sailer and has made several remarkably fast passages.

got above three miles an hour during the day, and only incessant work and skillful navigating kept the Wilhelmine from going ashore. The Wilhelmine will probably tow up to Vancouver this evening, and will have port out before leading into the Hastings' mill for the United Kingdom. She is one of the largest carriers in proportion to her tonnage that have been seen in these waters, taking 1,500,000 feet, without deckload, and having a registered tonnage of 1,600. Moreover, although built twenty-two years ago, the Wilhelmine holds her own as a smart sailer and possesses a number of fine passages that few vessels of her class have won.

Coming up from Panama on the trip which she has just concluded, the German vessel was able to definitely fix the time of her arrival in the roads, or sixty-seven to the entrance of Juan de Fuca strait. Her performance was a creditable one for the reason that she was faced at the task of clearing the Strait of Panama, a place of tantalizing and continuous calms, whose adverse influence is accentuated by the presence of a current with a southward set. Thirty long days were spent in taking advantage of "morning and evening" airs to clear the doldrums, the distance covered during the whole month being only a little over 500 miles.

Once clear of the Bight the Wilhelmine made splendid progress and her log shows that on two very favorable days she made something over 500 miles, or more than ten miles an hour. Capt. Erdmann says that the wind and sea were "just as he wanted them" for fast travelling, and his log bears out the truth of his statements. Thirty-seven days were occupied from the time that the Wilhelmine started travelling north and the passage to Cape Flattery was without incident.

Among the best performances to her credit are the following: Dingee Bay to Taitai in 56 days, an average of slightly over 9 knots an hour for the entire voyage, which was made in July and August, 1906; 30 days from Newcastle, N. S. W., to an anchorage at Val-

paraiso, on the voyage previous to her visit here in 1904; and 32 days from the Channel to Australia. While the above are not in the class of world's records they constitute a trio of smart passages that any captain might justly be proud of. Only a year ago the Wilhelmine made a passage from Hamburg to Australia, thence to Valparaiso and home, which occupied, in all, only six months.

BRATTON FACES THE MAGISTRATE INSURANCE AGENT UP ON INCENDIARY CHARGE

Case is Remanded Until Friday, Bail Being Refused in the Meantime.

(From Saturday's Daily.) That the frebug is still at work is indicated by a blaze which broke out this morning in the alley way between Copas & Young's grocery and Weller's furniture factory, which runs from Broad street to the rear of the Royal hotel, and if so he was seen. The fire broke out in a box of straw in the fire and the manner in which a man hangs around the place for some time previous to the discovery of the blaze would seem to indicate that he was the culprit in this case, if not in the others. About 10.45 this morning, John Chibbert, jr., plumber, whose father's shop in which he is employed is directly opposite the alley in question, saw a fire among some boxes which were stored in the alley previous to removal by the scavenger. Securing help he ran across the street and threw the burning lot out on the road where the fire was put out.

The breaking out of this fire directs suspicion to a man who was seen hanging around the place for some time previous to it. David Baker, a clerk in Copas & Young's grocery, while at the back of that firm's premises some time before the fire saw a man, whom he describes as rather short and stout, having a scruffy black beard, wearing glasses and dressed in a dark suit, hanging about the premises. He kept an eye on him for some time as he thought that he was looking to steal something from the warehouse. The same man had also been noticed hanging around by Arthur I. Kirkpatrick, of Weller's factory, while a driver for this firm also saw a man who answered the description coming out of the alley way just previous to the discovery of the fire by John Colbert.

The police were notified and are on the look-out for a man answering the description given by Messrs. Baker and Kirkpatrick. The men whom the police arrested yesterday were both let go. One man who was arrested at the Metropolitan last night, it was shown had made some money at the Chinatown lotteries the previous evening and had undertaken to celebrate the event by getting drunk. When seen by constable Fry on Government street he was making an unavailing attempt to light a cigar. This he could not do, however, and the police, whose understanding was strewn with matches. There was no other evidence against him, however, and he was let go.

Another Attempt. An attempt at incendiarism was reported this forenoon. The attempt occurred in the passage way at the rear of the Fit-Reform establishment on Government street, about noon to-day, in the building also occupied by the Skeels-Lewis studios, Miss Coffertumiere, and Miss Campbell, manufacturer. The attempt was made just outside the rear door where two copies of a newspaper were carefully placed beneath a disused calico sale sign belonging to the Fit-Reform establishment. These had been lighted and the flames when discovered had consumed the sign and were gaining considerable headway...

The frebug or crazy lunatic who appears to be responsible for these attempts is thought to have gained an entrance from the entrance stairs on Government street and down the rear stairs down into the yard and placed the paper just outside the door, where it was then ignited.

(From Monday's Daily.) Charles Berry Bratton, local superintendent of the Metropolitan Life Insurance Company, appeared in the police court this morning to answer a charge of having set fire to the Board of Trade building on Saturday afternoon last, but as the request of Chief Langley, who intimated that the police would have other charges of a similar nature to prefer against Bratton, the hearing was remanded until Friday next, bail being refused. Bratton did not appear particularly worried when he appeared in court. After taking his seat in the dock he bowed and smiled to some acquaintances among the large crowd that the case had drawn to the court room. After his remand Bratton spent some time in the court room talking to J. A. Alkman, whom he has retained to defend him.

Mr. Alkman made a determined effort to secure bail and asked as alternative that the hearing be proceeded with at once, but his requests were opposed by Chief Langley. The magistrate has the right to give or refuse bail on a charge of this kind. The charge is a serious one and in view of this and in order to protect the public safety I feel that I am justified in refusing bail...

INCENDIARIES AT WORK IN THE CITY

Heavy Loss This Morning on Government Street -- Brigade Has Been Kept Busy All Day

(From Friday's Daily.)
Eleven fires within 17 hours, eight of which were unmistakably of incendiary origin and another of which was also apparently due to the same cause, is Victoria's record between 8:30 last evening and noon to-day. Only one of the fires, one of those of incendiary origin, did any great damage. This one broke out in the old Colonnade building, owned by T. N. Hibben & Co. in which was located that firm's paper box factory. E. A. Morris's cigar store, the Fairview Greenhouse sale place, Landsberg's curio store, the real estate office of C. C. Pemberton, the warehouses of J. Howard A. Chapman, commission agent, W. D. G. Rochfort, and J. C. M. Keith, architects, and Charles D. Miller, draftsman; C. C. Pemberton, real estate; J. Howard A. Chapman, commission agent. E. A. Morris's cigar store, the Fairview Greenhouse's salesroom and E. Landsberg's curio and novelty store. The fire was first noticed by Constable Carlow first saw the fire it broke out in the alarm the brigade, notwithstanding its previous calls, answering promptly. At the time that Constable Carlow first saw the fire it was breaking through the Government street windows on the top floor. Two engines, the Waterous and the Merryweather, were brought out, and the firemen did excellent work with the streams secured by them. In a comparatively short time the brigade had got the fire under control. In this connection the highest praise is accorded the fire brigade for its work by those who watched the general direction of the fire. The fire fought in many parts of the world said that never had he seen better judgment used or less regard for their personal safety shown by firemen. Had it not been for their good work on this occasion the whole of the block, and likely much adjoining property, would have gone.

One of the principal losers is Hibben & Co., who own the building, and who occupied the top story as a paper box factory. This latter is utterly destroyed, as well as a large number of city maps and a great amount of office files which were stored there. The basement of the block was occupied by Hibben & Co. as a paper warehouse, and there again the firm suffered heavily, for the place was completely flooded. The firm is unable to state their exact loss, but including the damage to the building it will likely be at least \$15,000.

E. A. Morris, who occupied half the ground floor as a tobacco and cigar store, suffered heavily from damage by water. His entire stock, valued at about \$20,000, is, according to G. B. Dunn, manager of the store, practically a total loss. Mr. Morris carried about \$16,000 insurance, \$7,100 of which was with the Light Company on Langley street. The first of these occurred Wednesday night and the second on Tuesday morning. The only explanation given for the fire was that it was caused by an automobile store in the place by the Pimley Automobile Company.

The third fire of the day occurred about 8:30 last evening when the brigade was called to the rear of Baxter & Johnson's business place, 225-230 Bastion street, next the board of trade building and the office of the court house. The brigade discovered a box of rubbish burning at the back door of the place, but a stream from the chemical put it out. This was clearly an attempt at incendiary work. Shortly after this the brigade was called to 1118 Langley street, the building occupied by J. T. L. Meyer and Charles D. Miller. The fire broke out at 9 o'clock when he noticed a small blaze among some fire wood in the rear of the hallway downstairs. He had no means of fighting the fire and so summoned the brigade. At the time the firemen arrived the fire had burned through into the basement which was used by Robert Croft as a tea warehouse. It did not take the brigade long to reach the fire, but besides nominal damage to the building several chests of tea were damaged or burned, entailing a loss of about \$50. No other cause of incendiary work can be given for this fire.

The third call came in shortly after 1 o'clock this morning to a fire in the brick kiln of Weller's furniture factory on Humboldt street. The fire had gained considerable headway before the brigade was called. In the building, which was a one-story building, was stored between 25,000 and 30,000 of the kiln. The cause of the fire was not ascertained. Owing to the way lumber is piled for this purpose, the boards being laid one on top of another, and an inch space was found very difficult to get water onto the fire. At times the fire threatened the factory proper, but, thanks to the good work of the fire brigade, this was prevented. In fighting this fire two streams from the Waterous engine and the hose from a hydrant, as well as the chemical, were used. It took an hour to get the fire under control. The lumber stored in the kiln was valued at \$4,500, but much of it was saved. According to the firm, the heat used in drying is only 115 degrees and even this had been shut off at 9 o'clock last evening, so that there was no chance of the fire having been due to this cause. The heat in the kiln at the time of the fire would not have been more than 100 degrees, and the kiln was that the kiln was set on fire.

The next fire was discovered about 5 o'clock in the Metropolitan building, corner of Courtney and Government streets. Here a kindle had been placed against the door of John Arbuthnot's private office and burned through the floor in the United States consulate. This fire was also discovered in good time and the brigade was able to prevent serious damage, although by the time it arrived the fire had eaten through the door into Mr. Arbuthnot's office. This was a case of incendiary, and the cause is not known.

The next alarm was to the old Colonnade building, 1118-22 Government street, the upper story of which was completely destroyed, entailing a heavy loss on account of building and contents, by water as well as by fire. The top story building was occupied by T. N. Hibben & Co., the owners of the building,

be able to supply their customers again this evening or to-morrow. As to the cause of the fire the firm says it must have been of incendiary origin. There was no fire in the stove in the kitchen after 1 o'clock yesterday afternoon, and the fire was extinguished by the firemen. It is always, to look that the fire was all started off before the left the building at 6 o'clock last evening. "The firm has always been very careful in this matter," said W. W. Bowen, manager of the firm's printing business, "and there is no possibility of the fire having occurred through negligence. At the door of the factory was a large message for return, and this is where the fire appears to have started."

About 10:30 the brigade was called to a roof fire on Lowenberg's warehouse, due to suspicious origin. Between 11:30 and 11:45 Major Ridgeway Wilson left his office in the Burnes building for about a quarter of an hour. In his absence Dr. C. J. Newcombe called and left a note for him. On Mr. Wilson's return he found his desk on fire, all that remained of the note which Dr. Newcombe had left being the signature. This fire was easily extinguished.

At 12:05 the brigade was called to 1805 Government street to extinguish a fire in the work rooms of "My Wardrobe" upstairs over the Bismarck saloon, the result of a boy putting a match too close to a pair of pants that had just come out of the benzine tank, after being cleaned. In the excitement following the pants taking fire the table on which they were was upset and the fire spread to the benzine tank. The chemical sufficed to put out the fire and the biggest damage is the loss of the pair of pants.

The heat from the fire melted seven of the B. C. Telephone Company's cables and the result is that a large portion of the city is without telephone communication to-day. The damage is being repaired as rapidly as possible. By to-morrow it is expected the service will be in shape again. The loss is several hundred dollars, covered by a policy in the Aetna Insurance Company, written by Hall & Goepel.

George Carter, Jr., went home at noon to-day, locking the door of the office and sample room in the basement of the Law Chambers. While he was away someone opened the door and set a light to some papers on a trunk beneath a counter just inside the door. As it happened these papers consisted of catalogues inside of envelopes, so that the fire did not make any headway, and burnt itself out before Mr. Carter returned, at about half-past one. At that time the door was locked, and there was no sign of anyone having been in the room except for the burnt papers. The Law Chambers were threatened also last night when fire was kindled in the rear of the adjoining building occupied by Johnston & Baxter.

Shortly after 1 o'clock a fire was started in the alley back of the Chancrey chambers and following this there was a small fire on Herald street which however did not amount to much, only some plants being destroyed. In the former case suspicion attaches to a man seen just before it was detected in a box of straw.

The police are keeping a sharp look out in the hope of catching the person or persons responsible for the incendiary work. One suspect was gathered in this forenoon, but several fires have occurred since that time.

SELECT SITE FOR SCHOOL PURPOSES
Committee Decides on Locations Which Will Be Submitted to the Board.
Chairman George Jay, of the board of school trustees, and Trustee A. B. McNeill, who were appointed by the board to select school sites in the northern as well as in the southeastern portions of the city, have completed the purchases in both cases, and their choice will likely be endorsed at a special meeting of the board to be held next Wednesday evening. The site in the northern portion of the city on which a school will be erected this year comprises 16 lots, a total area of about 2 1/2 acres. The lots, which are part of block 5, have a frontage of 490 feet each on Princess street and Queen's avenue and of 240 feet on Chambers street. The price paid was \$2,900, the deal being put through by D. McIntosh. The site selected in the southeastern portion of the city is located at the corner of Moss street and Fairfield road and consists of about two acres, the price paid for it being \$6,800. It is not proposed to erect a school on this property for some time to come at least, but the board considered it wise to secure a site for a school in that rapidly growing section of the city before the property is all sold off in separate lots for homes, after which a location for a school would be difficult to obtain. The figures at which the sites were secured are considered most reasonable and will leave a good margin for the erection of the new school in the northern portion of the city. The amount voted by the ratepayers for the new school and the site was \$9,700. The cost of the site is \$15,700, so that \$4,800 is available for the erection of a ten room building in the northern portion of the city. The erection of this school will be taken up at the meeting next Wednesday evening.

FOR HOSPITAL.
(From Friday's Daily.)
The treasurer of the Provincial Royal Jubilee hospital to-day received the following communication from a gentleman who was recently an inmate and has just returned to his home in England:
"Penhale," Truro, England.
Dear Sir,—In gratitude for the benefits received during my stay in your hospital I enclose a cheque value £10 (\$48.90) as a donation to its fund.
Yours truly,
C. DAVIES GILBERT.
The directors of the hospital are greatly gratified at the generous manner in which Mr. Gilbert has paid tribute to the value of the institution.

The marriage of Alexander McLaren and Miss Winifred Elizabeth Sharp took place Tuesday afternoon, Rev. A. B. Roberts officiating. The happy couple, who were accompanied by the bride's mother, returned to Seattle last evening en route for a trip to Eastern points.

BOTH COMPANIES MAKING MONEY

END OF RATE WAR SEEMS FAR OFF

No Further Aggression on Either Side—Many Rumors Afloat.
(From Friday's Daily.)
No new developments in the rate war between the Inland Navigation Company and the Pacific Coast Steamship Company were reported to-day, neither side apparently having decided on the next step to be taken.

E. J. Cook, Capt. Treup and E. W. Greer went to Seattle yesterday, but it is understood that their mission was to confer with Manager "Wilhelm" of the Pacific Coast Steamship Company, in connection with the acquisition of pier A, at Seattle, as a C. P. dock.

When asked if the Inland Navigation Company would make any further cut in the rates at present existing between Seattle, Victoria and Seattle and Vancouver, Jessup Green, president of the Inland Company, said at Seattle: "Not at present have we decided to lower the rates. We do not see any necessity for doing so."

As the rates now stand, the C. P. R. has a fare of 50 cents each way between Victoria and Seattle, a fare of \$1 between Seattle and Vancouver, but not returning, and a fare of \$2.50 each way between Victoria and Vancouver. The Inland Navigation Company charge \$1 each way between Victoria and Vancouver by way of Seattle, or \$1 from the latter city to Vancouver, and 50 cents each way between Seattle and Victoria.

Since the war spread from the Seattle run to the Vancouver route it is impossible to estimate the amount of business each company is doing. At the present time there is a heavy business in the ferry business carrying large crowds, but both companies realize that continuing in this way will never bring about an end of the struggle.

Rumors of every conceivable description have been flying about the Inland Navigation Company in Vancouver and the Sound cities. A report to the effect that the new Union steamer "Pekin," an 800-ton steamer, would be chartered by the Inland Navigation Company for a Victoria and Vancouver service brought forth a prompt denial from the Union Company. It is a part of the railroads running from Seattle to Vancouver is daily expected in the way of meeting the cut made on the steamship route.

THE WOMEN OF MANY LANDS
STRONG PLEA MADE
BY MISS A. S. MURCUTT
Victoria Theatre Crowded Last Night to Hear Address.

(From Friday's Daily.)
Filling the Victoria theatre until even standing room was unobtainable, a large and representative gathering of temperance workers and supporters assembled last night at the closing rally of the Women's Christian Temperance Union. The proceedings were both interesting and enjoyable, an excellent musical programme and an illustrated lecture dealing with "Women of Many Lands" being the chief features.

TO COMMEMORATE HISTORICAL EVENTS

Scheme for an Elaborate Pageant to be Held Here Outlined by R. E. Gosnell Before Canadian Club

A special meeting of the executive committee of the Canadian Club was held yesterday afternoon in the rooms of the Tourist Association at which the most important proposals were discussed. Something has been said in the newspapers about holding a pageant in the city of Victoria for the purpose of taking the place of the Empire Day celebration, but nothing of a very definite nature has been suggested as to the programme. In fact, the pageants are not very well understood in this country, for the reason that very few have had the opportunity of witnessing what in its most modern form is something quite new. The recent revival in Great Britain of the historical pageant has become quite infectious and has set more than one of our citizens thinking on the subject.

It appears that R. E. Gosnell, who witnessed successful performances in England, became thoroughly imbued with the possibilities of a celebration of the same nature on this coast, and some time ago wrote to the secretary of the Canadian Club here suggesting the advisability of considering its feasibility and after deliberation it was decided to ask Mr. Gosnell to address the executive on the subject, which he did yesterday afternoon at the meeting in question. Mr. Gosnell was seen by the Times this morning and asked as to the nature of the celebration proposed. Since seeing and hearing so much about them in England, the idea, he said, had taken strong hold in his mind as a feature to be developed in British Columbia, and in the Province of Vancouver upon his return had put it forward. A letter written to a friend in Vancouver about the same time on the same subject had also been published in the "Advertiser"; but it was something that required a good deal of public ventilation to make it take root. However being naturally very much interested in such proposals he had been asked to say a few words on the subject at the meeting of the Canadian Club.

Mr. Gosnell, the secretary of the Canadian Club, is now in this province, entering upon a series of interesting anniversaries—the hundredth of the exploration of the river and the centenary of the discovery of the fiftieth of the gold discovery on the Fraser river and the formation of the two colonies of Vancouver Island and British Columbia under direct imperial control, and the twenty-fifth of the completion of the Canadian Pacific Railway in 1885. Several important ones, those of the coming of Vancouver and Mackenzie and the meeting of the first legislature of Vancouver Island, have been allowed to go by.

The proposal is to hold one celebration next or the following year which will combine the whole series, and do it on a comprehensive scale by means of an effective way. The idea of submitting the proposal for the consideration of the Canadian Club is not that that body should become responsible for it, but that the members might have an opportunity in a preliminary way of deliberating upon it as a scheme, and expressing an opinion thereon as an introduction to public notice. In this sense, it is not a matter of general interest as, for instance, the centenary of the founding of Quebec, and should appeal even more strongly to the members than the latter, as being local. Every word spoken by Mr. Mackenzie King at the recent luncheon applied with equal force in favor of a historical pageant in this province.

For fear there should be some misapprehension as to what is proposed, Mr. Gosnell outlined the main features which he suggested themselves, to his mind, the idea would be to review the entire history of the Pacific coast, the events of which lead up to the present, from the sighting of the Pacific by Balboa, from the heights of Panama, to the arrival of the first European, including the rounding of the Cape by Magellan, the landfall of Drake, the arrival of the Spaniards on this coast prior to Cook, the anchoring of the latter famous navigator at Nootka, the meeting of Quadra and Vancouver at the same place in 1782, the overland coming of Mackenzie, the coming of Lewis and Clark, and the Astor party, the blowing up of the Tonquin, the founding of Fort Vancouver and Fort Victoria, the arrival of gold miners, etc. A good many of these could be represented by tableaux at night with gorgeous effects.

Mr. Daniels is not a believer in medicines, and has not taken any during the last sixty years, to which she partly ascribes her long life and present health and activity. To-day the aged lady is receiving the congratulations of her many friends on attaining the remarkable age and wishing her many more years.

DEATH'S HAND.
The death occurred on Friday at the family residence, Bolestin road, of Alexander Davidson. The deceased was born in Montrose, Scotland, and was 80 years of age. He was a veteran of the Crimean war, and also served under General Smith, in the Indian mutiny, being attached to the Third Dragoon Guards. He has been a resident of Victoria for the past twenty-seven years. For a number of years he had held the position of messenger in the Bank of British Columbia, before it amalgamated with the Canadian Bank of Commerce. The funeral will take place on Tuesday afternoon at 2:15 o'clock from the late residence and at 3 o'clock from the Reformed Episcopal church. All friends are requested to present. No flowers by request.

A QUIET WEDDING.
Miss Ferguson and Mr. J. A. Anderson were united in marriage.
(From Friday's Daily.)
A quiet home wedding took place at the residence of Mr. and Mrs. William H. Ferguson, Saanich road, on Wednesday evening, when their daughter, Miss Rachel Lydia, was united in marriage to Mr. James Alexander Anderson, son of Mr. and Mrs. Hugh Anderson, Russell street, Victoria West. The groom was supported by Mr. Clifford Ferguson, and Miss Beatrice Ferguson attended the bride. Mr. and Mrs. Anderson on their return from a honeymoon trip to the Sound will make their home in Victoria West. The Rev. D. MacRae, of St. Paul's church, Victoria West, performed the ceremony.

GENTLEMAN IN PARIS BUT BRUTE IN CHINA

Terrible Indignities Suffered By French Woman Who Married Chinaman.

A disillusioned Parisienne who married a Chinaman is now suing before the Paris court for a divorce. The respondent is a certain Hsing-hing, who some years ago was Chinese minister in Paris. The woman was an attaché at the legation, was received in good society. He made the acquaintance of the woman who is now petitioning for a divorce and sought her hand in marriage. Her family objected, but ultimately their scruples were overcome, and the pair were married in the autumn of 1902.

While in Europe Hsing-hing was a model husband, but a year or so after the marriage he was recalled to Peking, his wife accompanying him. Mme. Hsing-hing found life there not at all to her liking. Her husband, immediately he set foot in China, became metamorphosed. He shed his European manners, so to speak, and, according to his wife's account, from a courtly, dignified gentleman, he became a brutal Oriental. According to her statements, she suffered unspeakable indignities. She was locked up in a room and kept prisoner. Ultimately, after some months of confinement, she contrived to communicate with the French legation, and after a period of lengthy negotiations her release was obtained.

As it was feared an attempt would be made to kidnap her, she left Peking under an escort provided by the legation, and this guard saw her safely on board a steamer at Shanghai. There is a baby in the case, and the wife is the custody of the child. Judgment was reserved.

VICTORIAN CELEBRATES HUNDRETH BIRTHDAY
Mrs. Elizabeth Daniels is Receiving Congratulations of Friends.
To-day is the one hundredth birthday of Mrs. Elizabeth Daniels of this city, and the lady arrives at her centenary with her faculties as unimpaired as when she was fifty years ago. She is to-day hale and hearty and takes her daily walks as she did in her younger days. She can see, hear and carry on her daily avocations as usual, and the greater part of her time is still taken up with her sewing and reading. The elderly lady is still able to thread her own needles for her work.

She was born at Fittisall Hall, Norfolk, England, exactly one hundred years ago and was before her marriage Miss Elizabeth Street. Her parents died while she was still young and the first fifty-five years of her life were spent in England. After having crossed the half century, however, the lady commenced her travels, and in 1833 came west with her husband and other members of the family to Ontario. Thirty-five years later her husband died and the following year (1859) she came west to Victoria with her only surviving son, Richard Daniels, of whom she now resides at 541 Niagara street.

Mrs. Daniels is not a believer in medicines, and has not taken any during the last sixty years, to which she partly ascribes her long life and present health and activity. To-day the aged lady is receiving the congratulations of her many friends on attaining the remarkable age and wishing her many more years.

DEATH'S HAND.
The death occurred on Friday at the family residence, Bolestin road, of Alexander Davidson. The deceased was born in Montrose, Scotland, and was 80 years of age. He was a veteran of the Crimean war, and also served under General Smith, in the Indian mutiny, being attached to the Third Dragoon Guards. He has been a resident of Victoria for the past twenty-seven years. For a number of years he had held the position of messenger in the Bank of British Columbia, before it amalgamated with the Canadian Bank of Commerce. The funeral will take place on Tuesday afternoon at 2:15 o'clock from the late residence and at 3 o'clock from the Reformed Episcopal church. All friends are requested to present. No flowers by request.

A QUIET WEDDING.
Miss Ferguson and Mr. J. A. Anderson were united in marriage.
(From Friday's Daily.)
A quiet home wedding took place at the residence of Mr. and Mrs. William H. Ferguson, Saanich road, on Wednesday evening, when their daughter, Miss Rachel Lydia, was united in marriage to Mr. James Alexander Anderson, son of Mr. and Mrs. Hugh Anderson, Russell street, Victoria West. The groom was supported by Mr. Clifford Ferguson, and Miss Beatrice Ferguson attended the bride. Mr. and Mrs. Anderson on their return from a honeymoon trip to the Sound will make their home in Victoria West. The Rev. D. MacRae, of St. Paul's church, Victoria West, performed the ceremony.

TAFT BOOM REACHES CLIMAX

ARENA IS MAELSTROM OF GESTICULATING MEN

Perfervid Enthusiasm of U. S. Delegates at Chicago Nomination Convention.

Chicago, June 19.—For president of the United States, Wm. H. Taft, of Ohio. Taft on the first ballot. Taft by 702 votes. Taft by unanimous choice of the convention.

Such is the record of the culminating day of the Republican national convention of 1908, effected amid scenes of tumultuous enthusiasm and after a nerve-racking continuous session lasting nearly eight hours.

The vote was given with a ringing cheer, and then with shouts of exultation over the new candidate, the convention adjourned until 10 o'clock tomorrow morning when the nomination of vice-presidents will be made.

Albany, N. Y., June 18.—Governor Hughes was at the executive chamber when the news of the nomination of Secretary of War Taft as the Republican candidate for president was conveyed to him.

Washington, June 19.—"Until the convention made a nomination every Republican had a right to have his choice," said Senator Foraker last night, after hearing of the nomination of Secretary Taft for the presidency.

WATER RATES ARE VEXING VANCOUVER

Tests With Meters Reveal Some Unexpected Results—Diverse Opinion.

Vancouver, June 18.—A possible revision of the water rates both to residents and outside districts was discussed at a special session of the water committee yesterday.

Superintendent Madison reported the result of placing a number of meters in private residences in the city for the purpose of ascertaining the water consumption for the purpose of water rates.

A flood of aldermanic opinion was poured forth after the reception of the report of the water committee.

Mr. Alderman Macmillan asked whether Richmond district for all time to come would be given the rate of \$1.00.

GRAND LODGE ELECTS OFFICERS

NEXT MEETING WILL BE IN CRANBROOK

W. K. Houston of This City Made Grand Master.

(From Friday's Daily). The Grand Lodge of British Columbia has elected its officers and the delegates at the annual convention.

This afternoon a visit is being paid to the suburbs and the delegates are the guests of the Esquimalt lodge.

Yesterday the chief officers were elected and to-day the appointed officers have been added, making a long list of officers, who will have charge of the destinies of the order until next year.

APPOINTMENTS MADE BY THE GOVERNMENT

Companies Incorporated This Week—Logging Railway Seeks Incorporation.

This week's Provincial Gazette contains notice of the following appointments: J. R. Armstrong to be district registrar of the Cheakamus registry of 1908.

William Stone of the city of Vancouver to be a commissioner for taking evidence in the Supreme Court, for the purpose of settling the "Provincial Highway Act" in the Senate electoral district, until the 31st day of December, 1908.

John Lewis of Jaffray, to be deputy game warden. William Stephenson, of Quinsell Forks, to be acting deputy mining recorder for the Quinsell mining division during the absence of G. E. Stephenson.

John Conway to be a provincial constable at Port Simpson from the 25th of September, 1907.

British Columbia and Spokane Land and Development Company, with a capital of \$50,000, to go into the land development and sale of land in the province.

The Cranbrook Trading Company with \$40,000 capital to enter general business.

Harvey McCarter & Macdonald give notice of seeking incorporation at next session of the legislature for a railway to be known as the Meadow Creek Logging Railway Company.

Commencing at a point between mile posts forty and forty-one, on the British Columbia Southern Railway, near Yank, thence running southeasterly to Meadow Creek, thence following Meadow Creek in an easterly and southerly direction to the International boundary line, a distance of ten miles, more or less.

New Westminster, June 18.—The high water in the Fraser river for the past few days has made it impossible for fishermen to cast nets into the swift stream, with the result that the spring salmon catch will be one of the smallest on record.

ARRANGING FOR FRASER CENTENARY

Mayor Keary and Deputation Promised Assistance by Provincial Government.

(From Friday's Daily). New Westminster, June 18.—Thomas Gifford, M. P., and Mayor Keary, returned from Victoria yesterday, where they had been interviewing members of the government with reference to matters of interest to the city.

The deputation was informed that immediately the Lulu Island Land By-Law was approved by the ratifiers, the \$15,000 contribution toward the Lulu Island bridge would be available, and also as soon as the board of works would complete the Boulevard road the \$2,000 promised toward macadamizing that thoroughfare would be handed to the city.

Hon. Dr. Young, provincial secretary, promised that the officials in his department would give every assistance toward making the historical exhibit in connection with the Simon Fraser centenary celebration of this year's exhibition to-day, and should reach an anchorage off Esquimalt this evening.

Another sailing ship is due shortly from the south. This is the Palm Dee, Capt. Benjamin, which left Coquille on May 7th for the Royal Roads.

LICENSED BREWERY

New Westminster, June 18.—The question of imposing a license on the brewery in the city was discussed at the meeting of the license commission last night, and a legal opinion will be secured on the question.

CONSERVATIVE GATHERING

MRS SPOFFORD WILL ORGANIZE W. C. T. U. CONVENTION

DISCUSS THE SALARY

(From Friday's Daily). Just before completing business yesterday afternoon, and during the report of the plan of work committee, the delegates of the W. C. T. U. convention became exercised in their minds somewhat regarding the payment of a salary of \$50 per month with \$30 per month expenses to Mrs. Spofford, president, who has undertaken the work of organization for the coming year.

The following officers were elected: G. H. Barnard, president; J. P. Blakemore, vice-president; W. H. Price, secretary; W. H. Price, treasurer; W. H. Price, secretary.

The executive committee—Col. E. G. Prior, A. E. McPhillips, K. C. M. P. H. Maynard, J. H. Brown, H. D. Helmeke, K. C. C. M. Cookson, G. Penick, P. J. Riddell, R. F. Green, C. Hayward, A. Mable, A. McKee, J. L. Seckwitz, W. Blakemore and J. W. Bolden.

Detective A. W. Ashton, who has been acting as special officer on the provincial and local police forces, has his residence in Victoria in connection with the Loschiva extradition case on behalf of the government of New South Wales, was last night tendered a banquet by friends and fellow countrymen at the Dominion hotel where Host Jones had prepared a suitably decorated table for the occasion.

Mr. Ashton, amid great speech-making, wished both parties on the homeward journey on which he starts to-night on the Manuka. Mr. Ashton has made many friends since he arrived here and at the little feast last night he was visibly affected over the coming parting, and on the one hand expressed his regret that duty called him home again, and on the other thought of those who were awaiting him on the other side of the ocean with a right warm welcome.

Harvey McCarter & Macdonald give notice of seeking incorporation at next session of the legislature for a railway to be known as the Meadow Creek Logging Railway Company.

Commencing at a point between mile posts forty and forty-one, on the British Columbia Southern Railway, near Yank, thence running southeasterly to Meadow Creek, thence following Meadow Creek in an easterly and southerly direction to the International boundary line, a distance of ten miles, more or less.

B. C. FISHING REGULATIONS

FULL TEXT OF NEW ORDER IN COUNCIL

Strict Measures With Respect to Licenses—Prohibitive Provisions.

The following is the full text of the new British Columbia fishing regulations which appeared in the Canada Gazette recently: His Excellency the Governor-General in Council is pleased, in virtue of the provisions of section 54 of the Fisheries Act, chapter 45 of the Revised Statutes of Canada, to order that all the general fishery regulations for the province of British Columbia, heretofore established by orders in council, shall be and the same are hereby rescinded in toto, and the following substituted therefor: 1. No fishery license in British Columbia shall be granted to any person unless he is a British subject and resident in the province of British Columbia; and (a) he shall make application for such license on an official form, to be filed in with the necessary details and required on such form, and shall deliver it to the local inspector of fisheries before the issue of any fishery license; (b) At the end of the fishing season he shall make a true return of his total catch to the district inspector of fisheries, or the nearest fishery officer. 2. No license shall be transferable unless by special permission obtained from the local inspector of fisheries. 3. Indians and explorers in unorganized districts may take fish for purposes of food without license or permit; but they shall report to the nearest fishery officer the place and time and the quantity and kinds of fish taken for such food purposes. 4. No new salmon cannery or salmon curing establishment shall be erected or shall be commenced or extended without the permission of the minister of marine and fisheries has been obtained, and a canning license has been issued for such establishment; but each exist- ing salmon cannery in the province of British Columbia shall be eligible and entitled to such license, the fee for which shall be \$50 per annum. 5. No license for salmon cannery or salmon curing establishment shall be issued unless favorably reported on by the inspector of fisheries in the district, or by some other person who, in his opinion, who shall make an annual inspection of all canneries and salmon curing establishments, and shall report to the department of marine and fisheries at Ottawa. 6. The cleanliness, water supply and other accessory conditions of each cannery or curing establishment; such report to be made on an official inspection form.

OPEN SECRETS.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so published broadcast and openly to the whole world, a full and complete list of the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken the many users of his medicines into his full confidence. Thus too he has absolutely and completely removed his medicines from among secret nostrums of doubtful merits, and made them REMEDIES OF KNOWN COMPOSITION.

Dr. Pierce's medicines are now in a class all by themselves—being absolutely and in every sense Non-secret.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever heard, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of the chief ingredients of Dr. Pierce's Favorite Prescription, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine.

"Helonias" more fully answers the above purpose than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent. "The following are among the leading indications for Helonias: Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia, ("flooding") due to a weakened condition of the reproductive system; anorrhoea, arising from accompanying an abnormal condition of the digestive organs and an anemic (thin blood) habit; dragging sensation in the extreme lower part of the abdomen."

It is more or less of the above symptoms are present, no invalid woman can do better than try Dr. Pierce's Favorite Prescription, which is rich in all the medicinal properties of Unicorn root, or Helonias.

Dr. R. V. Pierce, M. D. Send 50 one-cent stamps for the latest thoroughly revised, cloth-bound, or 31 stamps for the paper-covered volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

stating the necessary details as to the capacity, season's pack, number of hands employed and other particulars. Net Licenses—Salmon, 6. The annual fee for gill net or drift net license for the taking of salmon shall be \$5, and the maximum length of net shall be 200 fathoms (300 yards); the depth of vertical breadth shall not exceed sixty meshes, and the size of the mesh shall be seven inches extension measure, or quarter inches extension measure; and nothing shall be done to practically diminish the size of the mesh specified. Herring, 7. The annual fee for a gill net or drift net for the taking of herring or plichard shall be \$2.50, and the maximum length of net shall be 200 fathoms (300 yards); the size of mesh shall be not less than two and a half inches extension measure. Sturgeon, 8. The annual fee for a gill net or drift net license for taking sturgeon shall be \$2.50; the maximum length of net shall be 200 fathoms (300 yards); and the mesh shall not be less than twelve inches extension measure. Smolt and Sardine, 9. The annual fee for smelt and sardine gill nets or drift nets shall be \$1. Other Fish, 10. The annual fee for gill nets or drift nets for all other fish than those already specified shall be \$1. Salmon Traps, 11. The annual fee for a salmon trap net license, either staked or floating, shall be \$75. Each net shall be located on a definite site specified on the license, and shall be at least four hundred fathoms distance from the nearest adjacent net. No salmon trap net shall have a mesh less than six inches extension measure in the leader or lead, or less than two inches extension measure in the heart, crib and pot. Salmon Purse Seine, 12. The annual fee for a purse seine license for taking salmon only shall be \$50, and the maximum length of such net shall be 300 fathoms (300 yards), and the mesh shall not exceed three inches extension measure. No purse seine license shall be issued in any harbor, or in any reserved areas specified by the district inspector of fisheries. Salmon Drag Seine, 13. The annual fee for a salmon drag seine license shall be \$25, and the maximum length shall be 300 fathoms (300 yards), and the mesh shall not exceed three inches measure. Herring Drag Net, 14. The annual fee for a herring drag seine license shall be \$50; and the maximum length of net shall be 100 fathoms (200 yards), and the mesh shall not exceed three inches extension measure. 15. Not more than one net shall be in use or operation under any net license; and in the case of a license gill net, such net shall be used or operated only by the person in whose name the license is issued. Shell Fish License—Oysters, 16. The fee for an annual oyster fishing license to fish on any specified natural oyster area or bed shall be \$2.50;

and the fee for an oyster fishing license, covering a term of years, shall be \$2 per annum per acre; and one of the conditions of any license to be strictly observed by the licensee shall be that the fishing or working in rotation of alternate portions of the areas specified in such license, and such fishing operations to be under the direction of a local officer. No oyster fishing shall be carried on during the months of May, June, July and August. Clam, 17. The fee for a license for clam fishing shall be \$2 per annum. The annual fee for licenses covering a term of years for specified areas, requiring the licensee to work or fish the beds in alternate sections in rotation under the local fishery officer's supervision, shall be \$1.50 per acre. Abalone, 18. The annual fee for an abalone fishing license shall be \$10; and the minimum size of abalone to be legally taken shall be four inches across the shortest diameter of the shell. Every third year shall be a closed year for abalone fishing. Crab, 19. The annual fee for a crab fishing license shall be \$2.50, and no crab shall be taken measuring less than six inches across the long diameter or greatest breadth of the shell. Prohibitions, 20. Fishing with nets in the province of British Columbia, except under license, is prohibited. 21. Salmon gill nets or diver salmon nets shall be used in salmon rivers or the estuaries or approaches to such river in British Columbia. 22. Salmon gill net licenses shall be valid in any of the waters of British Columbia in which such nets are legal for the taking of salmon; but no license shall fish under such license in any fishery inspector's district other than the district in which it was issued until such license has been endorsed by the fishery inspector of the district. 23. No nets of any kind shall be so used as to enclose any bay, cove, creek or inlet; but in all cases one-third of the width of such bay, cove, creek or inlet shall remain open and unobstructed for the passage of fish. 24. Nets for the taking of fish are entirely prohibited in the fresh water lakes and the non-tidal waters of British Columbia. 25. The use of bare, unbaited hooks or grapnels (crosslines) for the taking of sturgeon is prohibited. 26. The export of fresh clams or other edible shellfish, other than oysters, from the province of British Columbia, is prohibited, provided they are to be shipped to any province of the Dominion of Canada. 27. No salmon under six pounds in weight shall be taken by means of nets in British Columbia, and if salmon shall be returned to the water alive. 28. No trout under eight inches in length shall be taken in the waters of British Columbia, and if taken, shall be returned to the water alive. 29. No trout under three pounds in weight shall be bought, sold or exposed for sale in the province of British Columbia. 30. The introduction of non-indigenous, or non-native, fish alive into the waters of British Columbia, except by special permission of the minister of marine and fisheries, is prohibited. 31. Fishing Limit.—Westminster bridge, Fraser river. No person shall fish for sockeye salmon in the waters of British Columbia above New Westminister bridge, the Fraser river, unless under authority of a special license, which shall be issued only to British subjects actually resident on either side of the Fraser river above, that adjacent thereto, Westminster bridge; such license to bear conspicuously stamped across its face the words: "This license valid between Westminster bridge and Mission bridge." Close Times, 32. Weekly, Salmon, (a) From Saturday 6 a. m. to Sunday at 12 midnight, in all waters of British Columbia south of the 51st parallel north latitude, and in the water of the Skeena river and estuary north of the limit named, salmon fishing with nets is strictly prohibited; but salmon traps located west of Gonzales Point, Vancouver Island, are excluded from this prohibition; provided that in the years 1908, 1910, 1911, 1912, 1914, 1915, and 1916, the fishing with nets shall be open for six hours longer, viz: from Saturday 6 a. m. to Monday 6 a. m. in that part of the Fraser river between New Westminster bridge and Mission bridge. (b) From Saturday at 12 noon to Sunday at 12 midnight in all the waters of British Columbia north of the 51st parallel north latitude, but excluding the Skeena river and estuary, salmon fishing with nets is prohibited. (c) From Friday 6 p. m. to Sunday 6 a. m. following, fishing with salmon traps west of Gonzales Point, near Victoria, Vancouver Island, is prohibited. 33. Annual, Between 30th November and 30th June following, both days inclusive, or during such close times and close seasons as are otherwise prohibited, no gill nets for salmon having a mesh less than seven inches extension measure shall be permitted. From 25th August to 15th September, both days inclusive, no salmon nets of any kind shall be used in the Fraser river district. 34. Annual for spawning fish. The taking of spring salmon or chinmat and of sockeye salmon from 1st October to 15th November, both days inclusive, is prohibited; the taking of coho, dark salmon and humpback salmon from 15th November to 1st January following, both days inclusive, is prohibited. 35. Annual for other spawning fish. The taking of trout of all kinds from 15th November to 1st May following is prohibited. The taking of herring from 1st May to 30th April, both days inclusive, is prohibited; but the close seasons may commence at an earlier date under authority of the district inspector of fisheries in any locality in which that officer may decide that such prohibition is necessary in order to protect spawning herring. The taking of halibut from 1st March

ONCE MORE WELL

"FRUIT-A-TIVES" ALONE CURED HIM

Clarence J. Placey is a farmer of Uxerton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great benefit he derived from taking "Fruit-a-tives" for a long standing kidney trouble.

I suffered for many years with kidney trouble, with bad pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pills but nothing gave me relief and I was getting discouraged. I was advised to try "Fruit-a-tives" and I did so—and this medicine cured me when every other remedy failed. I used altogether fifteen boxes of "Fruit-a-tives" and from the outset they give me relief and I am now practically well again, no pain in the back, no stiffness, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to be once more well and I freely make this statement for the sake of others who may suffer as I suffered and to them I say "Try 'Fruit-a-tives.'" 151 (Sgd) CLARENCE J. PLACEY.

"Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50c a box —5 for \$2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

to 31st March, both days inclusive, is prohibited. 36. Tidal boundaries in rivers. The tidal boundaries in the rivers specified below shall be defined as follows: (a) Fraser river: a line coinciding with Mission bridge. (b) Skeena river: a line drawn from the Billing Point of Bonaparte Cannery to Rocky Point on the opposite or north bank of the river. (c) Nass river: a line drawn across the river from Rocky Point to a projecting point on the opposite or south bank of the river. (d) Cowichan river: a line drawn from the mouth of the river to the point of the Devil's Slide to a point on the opposite shore marked by a post bearing a white flag, placed there by authority of the district fishery inspector during the fishing season. Prohibited Areas, 37. Fishing by means of nets of any kind or description is prohibited in: (a) The waters of Victoria harbor, inside of the British Columbia wharf, the Fraser river, unless under authority of a special license, which shall be issued only to British subjects actually resident on either side of the Fraser river above, that adjacent thereto, Westminster bridge; such license to bear conspicuously stamped across its face the words: "This license valid between Westminster bridge and Mission bridge." Close Times, 32. Weekly, Salmon, (a) From Saturday 6 a. m. to Sunday at 12 midnight, in all waters of British Columbia south of the 51st parallel north latitude, and in the water of the Skeena river and estuary north of the limit named, salmon fishing with nets is strictly prohibited; but salmon traps located west of Gonzales Point, Vancouver Island, are excluded from this prohibition; provided that in the years 1908, 1910, 1911, 1912, 1914, 1915, and 1916, the fishing with nets shall be open for six hours longer, viz: from Saturday 6 a. m. to Monday 6 a. m. in that part of the Fraser river between New Westminster bridge and Mission bridge. (b) From Saturday at 12 noon to Sunday at 12 midnight in all the waters of British Columbia north of the 51st parallel north latitude, but excluding the Skeena river and estuary, salmon fishing with nets is prohibited. (c) From Friday 6 p. m. to Sunday 6 a. m. following, fishing with salmon traps west of Gonzales Point, near Victoria, Vancouver Island, is prohibited. 33. Annual, Between 30th November and 30th June following, both days inclusive, or during such close times and close seasons as are otherwise prohibited, no gill nets for salmon having a mesh less than seven inches extension measure shall be permitted. From 25th August to 15th September, both days inclusive, no salmon nets of any kind shall be used in the Fraser river district. 34. Annual for spawning fish. The taking of spring salmon or chinmat and of sockeye salmon from 1st October to 15th November, both days inclusive, is prohibited; the taking of coho, dark salmon and humpback salmon from 15th November to 1st January following, both days inclusive, is prohibited. 35. Annual for other spawning fish. The taking of trout of all kinds from 15th November to 1st May following is prohibited. The taking of halibut from 1st March

MURDERER WHO HAS BAFLED POLICE

Author of Hazelmere Outrage Believed to Have Been at Construction Camp

New Westminster, June 19.—Was the Hazelmere murderer at the Boyd and Craig construction camp in Surrey since he killed Mrs. Morrison on the 9th inst? A number of men employed at the camp are of the opinion that he was, and they strongly advise that the police follow up this clue. According to the story related to a press representative who visited the camp, the man in question not only fills the description thoroughly, but he drew suspicion to himself by his unnatural demeanor while his final mysterious disappearance about Monday noon of this week served to strengthen their suspicion. The suspect came to the camp during the latter part of last week and hired to work with the grading gang. Soon after his arrival a man in the gang was struck by the stranger's resemblance to the description of the murderer, and he mentioned the fact to others, who at once agreed with him. Going up to Mr. Craig, the Columbia's informant who visited the name withheld, said: "I believe that big black fellow is the murderer." Mr. Craig then tried to get a square look at the man, but he, noticing the curiosity of his appearance, had aroused, turned his head away to avoid the glances. At noon, when the men assembled at the camp, the stranger was missing, and he has not since been seen. He went away leaving his kit of belongings, including some clothing, behind, even neglecting to draw the wages which were due him. The man's effects are still at the camp. He wore a pair of rubber boots and a pair of pants which he had evidently stolen, because they were much too short for him. The press representative is entertained at the camp that the murderer is really in the vicinity, and that he is getting his living as suggested. The suspect was not a negro, but was burdened with a dirty black face.

DIET AT CUMBERLAND.

Cumberland, June 17.—Once more a gloom has been cast over the community by the sudden death of R. W. Cameron, eldest son of Mr. and Mrs. Alex. Cameron, of this city, who passed away on Monday, June 15th, after a short illness. This was a severe shock to his family, and more especially to his relatives. The deceased was a young man who was well known in Cumberland and district, and was respected by all who knew him. He was a resident of Cumberland and was a most active member of the Cumberland and Union fire brigade, always turning out with the rest of the fire boys whenever fire threatened our town; his death also cast a gloom over many baseball friends, in which game he took a most lively interest.

END OF DRINKING BOUT.

Revelstoke, June 19.—E. Boyce, middle aged, and well known in Revelstoke, had but recently come in from the Bend and with a large sum of money had entered upon a drinking bout which took away all his cash and left him practically "stone." On Saturday last he had recovered and had purchased some cyanide of potassium from Dr. Cross which he required for trapping and killing wolves. He was seen on Saturday going up to bedroom K to change his shoes, but had not registered at the hotel as engaging himself from Wm. Carrington, the hotel porter, tried to get into his room, thinking he was drunk, to rouse him, but being told to let him alone he went away. The second time he tried, about midnight on Monday, and found the door resisted, he pushed hard and opened it sufficient to get his hand in, and touched Boyce's forehead, an icy cold touch, the chill of death. Carrington informed the proprietor, who notified the police and the coroner. Medical assistance was secured but the man had been dead nearly 30 hours.

VANCOUVER PUPILS WITH DIPLOMAS

Long List of Normal School Successes Among Advanced Pupils.

Vancouver, June 19.—The following students of the advanced session just ended have been granted diplomas valid for life on the results of the work of this session at the provincial Normal school. Anderson, Eva. Baker, Maude A. (with honors); Baynes, Caroline (with honors); Bell, Dorothy G.; Bell, Beatrice; Boyd, Agnes, M. E. Cawley, Maude I.; Cooke, Annie; Beatrice; Crocker, Fanny S. Davidson, Lida M.; Davis, Sarah J.; Duff, Jean H. Gladstone, Margaret I. (with honors); Goldsmith, Anna F. K. Hardy, Netta H.; Haworth, Ethel H.; Hensley, Anna E.; Hissom, Helen M.; Hobbs, Hilda R.; Hyatt, Maude; Johnson, Margaret G.; Jukes, Marion E. Kerr, Ruby; King, Edith A. Lains, Margaret I. Miller, Clara H.; Macdonald, Agnes; McDonald, Christina May (with honors); Mackenzie, Christina M.; McKinnon, Laura L.; McLellan, Mary E. Page, Frances A.; Paterson, Annie M.; Philip, Nora; Robertson, Elizabeth E.; Robinson, Stanley; Ross, Lillian M. (with honors). Smith, Newell; Smith, J. Estelle; Smith, Helena B.; Steede, Susan M.; Stuart, Celina E. Twaddle, Mary. Webb, Harry L.; Wickwire, Gladys A. M.; Williams, Alfred.

FROM GIRLHOOD TO MIDDLE LIFE

ALL WOMEN NEED THE RICH, RED BLOOD DR. WILLIAMS' PINK PILLS ACTUALLY MAKE.

From girlhood to middle life the health and happiness of every woman depends on her blood. If her blood is poor and watery she becomes weak, pale and nervous. If her blood supply is irregular she suffers from headaches and backaches and other unpeppable distress which only women know. Dr. Williams' Pink Pills are her best friend, because they actually make the rich, red blood which gives health and strength and tone to every organ of the body. They help every woman just when nature makes the greatest demand upon her blood supply. Mrs. H. Gagnon, who for twenty years has been one of the best known residents of St. Roches, Que., says:—"Dr. Williams' Pink Pills have been a blessing to me. I was weak, worn out and scarcely able to drag myself about. I suffered from headaches and dizziness, my appetite was poor and I attempted housework left me utterly worn out. I slept badly at night and what sleep I got did not refresh me. For nearly three years I was in this condition and was constantly taking medicine, but found no benefit from it. One of my neighbors who had used Dr. Williams' Pink Pills with much benefit, advised me to try them. I did so, and the whole story is told in the words 'I am well again.' There are times yet when I take the pills for they seem to give me strength against the troubles which so many women suffer from. Dr. Williams' Pink Pills do not act on the bowels. They contain just the elements that actually make new blood and strengthen the nerves. That's why they cure anemia, indigestion, rheumatism, lumbago, headaches, backaches, heart palpitation and skin diseases like pimples and eczema. That's why they are the greatest help in the world for growing girls who need new blood and for women who are troubled with irregular health. Sold by all medicine dealers or by mail at \$1.00 a box or six boxes for \$5.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

SUCCESSFUL STUDENTS.

(Special Correspondence). Nelson, June 19.—At the examinations of students of the University of Toronto to several Nelson graduates carried off honors. R. E. Wallace, E. A. took first place in general proficiency. F. W. Cort and F. E. Pittman were successful in the second year examination in medicine. At McGill's, A. R. Crease passed his second year examination in organic chemistry. A. H. Wallace received the silver medal in his final year in medicine at Winnipeg, and N. C. Stewart passed with honors in the School of Practical Science at Toronto.

FERNIE'S PAY ROLL.

Fernie, June 19.—On Saturday the monthly pay day of the coal company, there was distributed the wages of the colliers and coke ovens the sum of \$120,235.60.

SCHOLARSHIPS FOR SERVANTS.

Eighteen scholarships in cookery will be awarded to domestic servants in July by the London County council.

LADYSMITH HOTEL CHANGES HANDS

Albert Mable Buys New Western for \$7,000—Doings in Smelter City.

(Special Correspondence). Ladysmith, June 18.—Another large property deal was put through yesterday when the New Western hotel changed hands. It is only a few weeks since Mayor Nicholson sold out his block on First avenue and Roberts street to a well known Victorian gentleman who was seeking a good investment, and satisfied himself that nothing in real estate could beat what was offered here.

The New Western is situated on First avenue, and was built by Mr. Davis, who sub-let the bar to Messrs. J. Pausche & Jno. Dunbar. Mr. and Mrs. Davis tired of the business and advertised the property for sale. Yesterday the whole business was transferred to Albert Mable, whose people have been ranching in the district for years. The figure of \$7,000 is quoted as the sale price, which, if true, is a sure indication that real estate values in town are stiffening. It is, indeed, reported that an alderman of the city has been offered \$8,000 for the lot on the corner of First avenue and Gatacre street. There is in any case no getting away from the fact that values are increasing and that the city is looking better than it has done for years.

LADIES AT BASEBALL.

There will be some excitement in the town on Tuesday night, June 23, when the Chicago Ladies' Baseball Club will meet a local nine. The game has been held here for some time, but the club is anxious to restore it to life. The girls, according to their advance manager, Mr. White, put up a good game, and, of course, they have a male battery. They were of a natty order, and showed a great drawing card. The town is all agog to see them in action.

Completing City Survey.

Mr. King, of Victoria, is in town this week completing the city survey from Fourth to Sixth avenue. It was found necessary to undertake this work in order to enable Mr. Mohun to submit a complete estimate for a city sewerage system, together with plans and profiles of all the streets.

Reception to Honey-mooners.

Mr. and Mrs. W. E. Akenhead, who have just returned from their honeymoon trip, were accorded a very hearty welcome to the city at a reception held in the Mission hall of St. John's church last night. The reception was organized by the ladies of the church guild, and they provided refreshments. There was a large number of well-wishers of the young couple present, and in the course of the evening Mrs. Akenhead was presented with a beautiful silver fruit basket, the gift of the congregation. The Mr. Akenhead feelingly acknowledged the gift on behalf of his wife, and a merry evening was brought to a close by a short musical programme.

Decoration Day.

Sunday is decoration day for the veterans of the great war, and this year the K. of P. and I. O. O. F. were invited to join and parade to the local cemetery. This will be the first time that such a visit has been made in this city. The parade will not doubt it will be continued year after year now. The two lodges will meet in the I. O. O. F. hall at 2 o'clock.

Personal Movements.

Mr. and Mrs. Jas. Adam went up to Nanaimo yesterday. Jno. Fauche boarded the Nanaimo train yesterday. Mrs. P. Cain and family left for a short visit to Vancouver on Wednesday evening.

CARRIED ON SNOW SLIDE.

Mountain Climber Had Unique Experience near Revelstoke Last Week. Revelstoke, June 19.—A few days since, a party of three, consisting of Rev. J. E. Robertson, of Revelstoke, Y. A. Symington, of Knox College, Toronto, and Mr. Aldritt, of the Y. M. C. A., Revelstoke, climbed Mount McKensie. This peak is 5,500 feet above the ground level, and 8,064 feet above sea level, and is located just east of Revelstoke. The climb was uneventful, except so far as mountain climbing goes, until on the return trip, Mr. Robertson was on a snow slide when it started. Gathering dimensions, the snow swept down the mountain for a thousand feet. Mr. Robertson, by a heroic struggle, managed to keep on top of the slide and, at its rear, and with the exception of an unceremonious tumbling and a slight injury to the left knee, was none the worse for his magnificent and thrilling experience. The other climbers avoided the slide and were for a moment alarmed, but soon they had a hearty laugh and continued the homeward journey. The scenery of the trip was superb.

Lampreys Are Discovered in Okanagan Lake.

Vernon, June 19.—It has not been generally known, heretofore, that lampreys exist in Okanagan lake, although those well-versed in the waters of the northern hemisphere in both the old and new worlds. To H. Murk belongs the credit of making the discovery, or perhaps more correctly, of drawing public attention to the fact. Seeing a shoal of them ascending Penton creek and being struck by their elongate appearance, he attempted, and succeeded in capturing one of the smaller ones, about a foot and a half in length. He stated that others were fully three feet long. He has had the specimens pickled and sent to the provincial museum at Victoria.

Let Want Ads. Prevent Boarding House "Vacancies"

BUSINESS DIRECTORY.

Agents Wanted

MEN WANTED—In every locality in Canada to advertise our goods, tack up showcards in all conspicuous places and distribute small advertising matter...

Bakery

FOR CHOICE FAMILY BREAD CAKES. Confectionery, etc. try D. W. Hanbury, 12 Fort St., or ring up Phone 361.

Barber Shop

INDEPENDENT SHOP, 2 chairs, opposite E. & N. station, corner Government and Esplanade streets. Hair cutting, 25 cents; beards trimmed, 15 cents.

Blacksmith

SENSATION IN WALKER CASE

BLANCHE BOND MAKES STARTLING CONFESSION

Says Important Features of Her Evidence at Trial Were False.

A new sensation was sprung to-day (Wednesday) in the case of George A. Walker, who is under conviction of having counselled the committing of an operation on Miss Blanche Bond in Seattle, says the Vancouver Province.

Miss Bond has made a confession in which she declares that some of the most important features of the evidence she gave in Vancouver against Walker are false. It is understood that this confession was made in a letter sent to a legal representative of Walker in this city.

The case came before the full court last week and though the argument on appeal was completed, no decision has yet been given.

It is not likely that the statements contained in the letter will be placed before the minister.

Miss Bond says that she swore falsely when she said that Walker had compelled her to go to Seattle to have an operation performed.

The second feature of the confession is that the medicine given by Walker, which she said at the trial contained a drug for a specific purpose, was merely a blood medicine.

In her statement, Miss Bond says that she was very ill at the time of the trial in Vancouver and declares that that ordeal was forced on her at a time when she believes her mind was affected.

She declares that she would have made the matter right before leaving Vancouver but that her "particular friends" were the only ones whom she was allowed to see.

In Walker's behalf, it is also urged that new evidence has been obtained in Victoria to show that it was impossible, because of treatment she received several years ago, that she could have been in the condition she said at the trial she was in.

AMAZED AT DEVELOPMENT.

Vancouver, June 22.—H. J. Knott, managing director of the National Finance Corporation, has just returned from a trip through the interior of the province, taking in the Kootenays, Okanagan, Boundary and Crow's Nest country districts.

SENDS GREETINGS IN MALAY TO OLD FRIEND

Detective Palmer of this City Forwards Unusual Epistle to Australian Officer.

Among the things which Detective Ashton, of Sydney, New South Wales, who came here in connection with the Loschivato extradition case and who left for home on the Manuka last evening, took with him was a letter in Malay sent by Sergeant of Detectives Thomas Palmer, of this city.

While in Malay both officers learned to speak and write Malay, something it was necessary to do owing to the fact that the rank and file of the force were natives.

Other Subjects Disposed of at Afternoon Sitting.

The Women's Council resumed its session yesterday afternoon at 2.15 o'clock, when the president announced that the greeting telegraphed them in the morning had been looked up.

IDENTIFYING BODY OF LATE HORACE WATERS

Watch Chain Found Which Was Worn by the Man.

Further identification of the body exhumed by Constable Cox, of Alberni, and brought to the city by the steamer Tees recently, as that of Horace Waters, was presented to Superintendent of Provincial Police Huxley yesterday afternoon by Rudwick McKinnon, who had been identified as the man.

Mrs. McKinnon told the council that the matter had been before their council at Alberni, and they had been assured that advanced cases were taken there.

Mrs. Jenkins: "At Tranquille?" Mrs. McKinnon: "Yes."

Mrs. McKinnon: "I think it is a mistake. The same temperature is not suitable for advanced and incipient cases both."

Mrs. McKinnon: "We have no provision for it in our hospital at Nelson, and that is our difficulty."

Mrs. Hasell: "The doctors are of opinion that consumptive cases should not be admitted to hospitals."

Mrs. Grant: "Could they be treated in a contagious ward?" Mrs. Hasell: "That is a matter for the city and the isolation hospital."

Mrs. Hasell: "The doctors are of opinion that consumptive cases should not be admitted to hospitals."

Mrs. Grant: "Could they be treated in a contagious ward?" Mrs. Hasell: "That is a matter for the city and the isolation hospital."

PURCHASE BY GALLON WOULD HELP COMPANY

Such a Deal Would Mean Saving of Cost of Operating Thetis Lake Plant.

"There is one point about this proposition to buy water from the Esquamilt that has not been properly placed before the public," said a well-known Victorian to-day.

"The inquest will be resumed on Wednesday when the report of Constable Cox will be taken as evidence. In view however of the facts now learned it is possible that the active search for the other brother will cease, as everything that could be done in the search had been done.

"Of course, I know that the agitation that was being worked up by certain parties to have the city rush into an agreement to buy water from the Esquamilt company at so much per gallon has fallen flat, so that it may seem like trying to resuscitate a dead man."

"As to the impression that it was attempted to convey that by the entering into an agreement with the Esquamilt company to supply water at so much per gallon the city would be at once placed in possession of all the water it required, I can characterize it as nothing else than a deliberate attempt to mislead the people of Victoria."

"The company is not required to deliver water to the city inside of 15 months after a request for it is made and what is more the company could not do so in any less time. It would take at least that length of time for the company to lay the necessary pipes and make other arrangements. This would mean that it would be impossible to secure water from Goldstream next year."
