

ANCE AND RUSSIA

Preparing to Confront Great Britain in Force in the Far East.

Fleet Mobilizing—Feverish Activity Prevails at all Arsenals.

March 16.—The Aurora to-day is being mobilized, adding that activity prevails at all the arsenals, ship yards, which are working day and night.

The Aurora says: The northern squadrons at Cherbourg are ready for immediate departure, and are being swung round at Cherbourg for action of their compasses.

Finally asserted that orders are for the necessary number of second year students are to be sent to the United States.

The Aurora explains that the mobilization is connected with preparations for the support of Russia by a naval demonstration in the Far East.

P. R.'S BIG PLANS

Monster Ocean Liners to Supplant the Present Line of Empresses.

Later Vessels Will Run to Australia—Fast Atlantic Line.

March 16.—While in New York, Mr. William Van Home is reported to have made the following statement in an interview:

The C.P.R. expects at an early date to have three big ocean liners about the size of the Teutonic, and place them on the route between Vancouver and Yokohama.

These vessels are ready to be ordered to utilize the boats now running between these ports for passenger service between Vancouver and Seattle.

When this is done a line will be established between Seattle and Halifax and Liverpool, reducing the time of passage to 45 days.

The C.P.R. will be able to take a passenger to any port in the world, and will be able to do so by the shortest route.

I read about cases of cholera in the East, and determined to get a supply of this medicine in a short time.

It is a length completely new, and has no return, and enjoyed good success.

I recommended this medicine to many friends, and it is being employed in medicine.

Wishing what has done so much for the public, I am glad to see it (Signed) (Mrs.)

erine street, Burrard, May 1897. The liver is to be examined, and the bile pigment (or other materials) examined.

It is a length completely new, and has no return, and enjoyed good success.

I recommended this medicine to many friends, and it is being employed in medicine.

A MAINE RELIEF BILL

Survivors and Relatives to Get a Year's Pay.

Washington, March 15.—At the opening session of the house to-day the speaker recognized Boutelle, republican, of Maine, chairman of the naval committee, to call up the bill for relief of victims and survivors of the Maine disaster.

The bill provides for the payment to the legal heirs of those who lost their lives equal to 12 months sea pay of the deceased and reimbursement to the survivors to the value of their personal effects lost, not to exceed in amount a sum equal to 12 months sea pay.

Kond, republican, of California, objected to the consideration of the bill. It was finally agreed to consider the bill after the postoffice appropriation bill has been disposed of.

The Cabinet Meeting. Washington, March 15.—Nothing of special importance developed at to-day's cabinet meeting. A large part of the time was occupied in general discussion, measures being taken to place the navy on a footing of self defence in case of trouble.

The question of the purchase of warships was also discussed, but without what prices were asked, but without a definite conclusion on any session of the government is to the effect of the bill.

Information in the effect of this time Spain has not been summarized the purchase of the Olinian warship O'Higgins. The indications are that the ship also will be added ultimately to the United States navy.

The Working Nearly Ready. are only working now to verify points already suggested by previous investigations.

Washington, March 15.—The following resolution, to which objection was made a few days ago, has been passed by the senate without debate.

The president of the United States is hereby empowered to take such measures in his judgment, as is necessary to oblige the indemnity from the Spanish government for the wrong and injury done by August Bolton and Gustave Richey by the wrongful imprisonment by the Spanish in Santiago de Cuba in the year 1895, and to secure this end he is authorized and required to employ such means or exercise such power as may be necessary.

European Nations Alarmed. London, March 15.—Information from a reliable source declares that the Austrian emperor is making a great effort to induce the European powers to present to the United States the danger to Europe of the carrying any further of their interference in Cuban affairs.

It is declared that Emperor William of Germany is heartily seconding the efforts of Emperor Francis Joseph, and also that the American government has been informed of the situation.

No New Bonds Needed. Washington, March 15.—The treasury is in good condition to meet the \$50,000,000 appropriation for national defenses, and it would be possible to pay out \$25,000,000 in addition without seriously affecting the available cash balance.

Strengthening Fortifications. New York, March 15.—Representatives of the government visited Fort Wadsworth and have secured valuable land adjoining the new fortifications. Extra gangs of mechanics and laborers are to be put to work with orders to rush the completion of these heavy batteries which, when completed, will mount the heaviest discharging guns in New York harbor.

Active Relief in Progress. Havana, March 15.—Relief Commissioner Klopsch is developing great activity in pushing the work of relieving the destitute all over the island. About 465 tons of supplies are expected by the commissioner this week, and next week he expects about 8,000 tons, which will provide the sufferers with food for about 20 days.

It is further reported that the Spaniards at that place have decided to present the Spanish government with a warship of the same size as the Vizcaya. Spanish troops to the number of 1,400 arrived to-day from Spain.

SPORTING INTELLIGENCE

STEPEPOCHASE. Easter Meeting. At Colwood, on Easter Monday, April 11, the Victoria Hunt club will hold a steppechase meeting.

An endeavor will be made to have special trains running to allow the public to enjoy the sport. The stewards are Major Dupont, Major Trotter, R.M.A., and G. A. Kirk, Esq. The articles and programme follow:

I. Colwood Plate—A steppechase for ponies 14 1/2 hands and under, the bona fide property of the V. H. C. Riders, any member of the V. H. C. Catch weights; distance, about 7 miles. (11) (12) (13) (14) (15) (16) (17) (18) (19) (20) (21) (22) (23) (24) (25) (26) (27) (28) (29) (30) (31) (32) (33) (34) (35) (36) (37) (38) (39) (40) (41) (42) (43) (44) (45) (46) (47) (48) (49) (50) Portland, Or., March 15.—The Dyak-Klondike Transportation Company of this city has received advice from Dyea that their upper tramway from Scales to the summit had been completed and that freight is now being transported across the Chilkoot pass.

Lighting in Philippine. Manila, March 15.—An official despatch from Manila says that 600 insurgents were killed at Balinao. Troops have been sent to the relief of the Garrison.

A BATTLE WITH FIRE

An Awful Conflagration Occurs in a Prominent Business Block in Chicago.

Latest Estimates Place the Number of Dead at Fifteen—300 Girls in a Panic.

Chicago, March 16.—It is believed that 60 people lost their lives in a fierce fire which broke out to-day at Wabash avenue and Adams street, across the street from the Wellington hotel in a building occupied by a number of hotelness firms.

The fire broke out in a hotel building with difficulty restrained from jumping into the street. A number in the burning building did jump and four were killed outright and 15 others were injured in jumping.

LOCAL NEWS

Cleanings of City and Provincial News in a Condensed Form.

From Monday's Daily. —Rev. J. Quinn officiated at the funeral of Miss Minnie Nott, which took place at 2 p.m. on Sunday from the parents' residence, Jessie street, Victoria West, and sympathy is felt for the bereaved parents.

—Mrs. Field, relict of the late Samuel Field, died yesterday at the residence of her son, Samuel Field, 69 North Park street. The deceased was a native of Ashburton, Devonshire, England, and was 84 years of age. The funeral will take place on Wednesday.

—In the report of the police court proceedings in the case of Dalton and Kersey who were on Saturday sentenced to two years in the penitentiary for robbery from the person, it was stated the robbery was at the Wilson hotel. This was an error, as the robbery was committed at the Queen's hotel.

—The funeral of the late Mrs. H. H. McDonald took place on Saturday from her late residence, Pandora avenue. Rev. Dr. Campbell officiated at the house and the following gentlemen acted as pallbearers: Messrs. J. Baker, J. P. Burgess, William Moore, Moses Johnson, H. L. Edwards, Dr. Lawrence Hall. There was a large attendance and many beautiful floral offerings.

—While the steamer Victorian was lying at the ocean dock yesterday a valise belonging to one of the passengers was stolen. A search of the steamer resulted in the valise and articles which it had contained being found in the bunks occupied by Michael Moore and Lawrence Goldring, sailors on board the steamer. They had broken the valise open and divided the contents, which included a watch, a pocket watch, a pair of gloves, and a pair of shoes. The two men were arrested last evening and arraigned in the police court this morning. The case being adjourned until to-morrow to allow of more evidence being procured.

—The San Francisco papers are sending another army of newspaper men into the northern country. For the Chronicle, Newberry, the artist and writer, is going to Victoria, having on his staff Mr. Michaels, with a party of assistants. The Examiner, on the other hand, is sending Mr. Martin to Victoria with a staff of correspondents. The result of the season's work before the miners themselves bring out the news. Both these papers are expected to be in the interior, and they are being followed by more. On the Tillamook, sailing this morning, was Mr. C. F. Manning, Klamath and Chinese will be in the Victorian were Mr. J. D. Barry, who will remain at Skagway and Dyea for the Chronicle and Mr. Cay, who will do similar work for the Examiner.

From Tuesday's Daily. —The Alameda and Lake Council last evening endorsed the proposition to have stationary boilers inspected the same as marine boilers, and also endorsed Mr. Maxwell and Chinese will be in the Victorian were Mr. J. D. Barry, who will remain at Skagway and Dyea for the Chronicle and Mr. Cay, who will do similar work for the Examiner.

—The funeral of the late James Anderson took place yesterday afternoon at 2 o'clock from Hanna's parlors. Rev. Dr. Campbell officiating. The wooden casket was of a light-colored wood. The following gentlemen acted as pallbearers: Messrs. W. H. Bennett, Dr. Lewis Hall, Dr. Clements, G. Watkins, F. J. Schi, and W. Jackson.

—The Natural History Society met last night, a large number of members being present. Capt. Newcombe gave a very interesting address on the subject of the Gulf Stream, and the discovery of Prince Charlotte island. The speaker found fault with the Admiralty charts of the locality, demonstrating by his own observations that the Gulf Stream is not in the position shown on the charts of Prince Charlotte island. The speaker found fault with the Admiralty charts of the locality, demonstrating by his own observations that the Gulf Stream is not in the position shown on the charts of Prince Charlotte island.

—The fishing season has begun. To-day the law ceases to protect the brook trout and the fisherman is at liberty to fish in the streams. The season remains open until October 15.

—The funeral of the late Mrs. Fred Scott took place to-day at 2:30 p.m. from the residence of her son, North Park street. Rev. Mr. Swinerton officiated at the house and the following gentlemen acted as pallbearers: Messrs. Bullen Walsh, Parsons, Spencer, Luscombe and Burgess.

—Rev. Mr. Flintoff officiated at the funeral of the late Mrs. Coverdale, which took place yesterday afternoon from the family residence from the Central church. The pallbearers were: Messrs. R. H. Swinerton, R. Chapman, C. B. Sewell and S. Rounding.

—It has been suggested that the Dominion office should turn the old post office into a mint. Everybody realizes that some arrangement will have to be made to enable the miners to dispose of their gold without having to go to San Francisco and the suggestion is a mint would, of course, be the best way of bringing this about.

—Owing to the death of Mr. James Hutchison, the social announced in St. Andrew's Presbyterian church for this evening has been indefinitely postponed. The late Mr. Hutchison was one of the organizers of St. Andrew's church, and at the time of his death was a trustee and a member of the board of management.

—Just after the steamer City of Puebla, which reached here yesterday, left her wharf at San Francisco, two women stowaways were discovered. Captain Moore at once stopped the steamer and landed them. They said they wanted to get to Dyea and thought if they could only get to Seattle they could stay on some other steamer and thus reach their destination. Captain Jensen wasted no time with the two women. It was blowing hard and he wanted to get away on his course as quickly as possible. When the boat was in the water an attendant went down into a sling, one at a time, and lowered into the boat. Before they got away from the steamer's side they were soaking wet and shivering with cold. They were rescued by the tugboat and taken to the wharf where they were put in the hospital.

THOSE ROADS AGAIN

A Largely Signed Petition Asking for Street Improvements Presented to the Council.

A Protest Against Placing Fire Hall on Fernwood Road—General Business.

Alderman Hall was the only absentee from last evening's meeting of the aldermanic board, the mayor presiding. The cyclists by petition again brought up the deplorable condition of the roads in the city. Some of the aldermen favored the views there set forth.

Hon. E. G. Prior, M.P., wrote expressing doubt as to anything being done by the Dominion government in regard to the Darcy Island lighthouse, which was received and filed. Hon. A. G. Blair acknowledged receipt of the resolution passed at the public meeting and assured the council the government would not fail to do all possible to give effect to the resolution; but the same course as was taken in the case of the same lighthouse & Snider said they would haul dirt from the excavation at corner of Belleville street and the main road, and in a further communication reduced the price to five cents. His worship said when the first communication was received he instructed the city engineer to have the contractors haul the dirt and the city would have men to spread it.

Water commissioners recommended the laying of a six-inch pipe on Yates street from Douglas to Cook, and a five-inch pipe thence to Fernwood road; also the purchase of a new six-inch pump for use in emergency. Adopted.

Chief of Police Sheppard reported the time had arrived for calling for tenders for summer cleaning of the city. Referred to special committee. Ald. McCandless, Macgregor and Wilson.

A petition was presented from A. J. Dastain and other cyclists calling attention to the deplorable condition of the roads in and about the city and praying for the laying of a main road into the city from each point of the compass, or that permission be granted for the cyclists to ride along some single line of sidewalk on the payment of a tax of \$1 a year, or that some other scheme be devised for their relief.

Ald. Humphrey suggested the cyclists form themselves into an association and tax themselves, allowing the council to help them if they are in need of funds. He thought it was a good idea. He also depreciated the idea of the council expending money and the cyclists having all the blame if they were not successful. The cyclists had now reached such dimensions that the council would be compelled to deal with it, and suggested that a committee be appointed on the edge of some of the main roads leading to the suburbs, levying a tax upon each bicyclist of a year.

The mayor said some of the cyclists had suggested a cinder track be laid between the tram rails.

Ald. Humber said that if he voted for such assistance to the cyclists he would be afraid of going to the North ward.

Ald. McCandless would not be afraid to assist the cyclists and take a walk around the North ward afterwards, he strongly advocated that something be done to assist the wheelmen, who numbered probably two thousand, or nearly one-tenth of the population.

Dr. Williams' Pink Pills Cure

Rheumatism, Sciatica, Locomotor Ataxia, Anemia, Heart Trouble, Indigestion and Dyspepsia, St. Vitus' Dance, Paralysis, Incipient Consumption, All Female Weakness, Dizziness and Headache, and All Troubles arising from Poor and Watery Blood.

DOCTORED FOR TEN YEARS.

Mr. J. H. Barch, St. Ann's, Ont., says: "My occupation is farming, and my age is 40 years. I have been under a doctor's care more or less for ten years, and I have spent in that time hundreds of dollars for medicines and doctor bills. I doubt whether any of the doctors whom I consulted thoroughly understood the nature of my trouble. Some pronounced it bilious colic in a chronic form, and others said the trouble was due to gall stones, and that only through an operation could I obtain a cure. This operation I declined to undergo. When the attacks came on they would take the form of a burning sensation in the stomach, gradually shifting to the bowels, causing intense pain. These attacks would continue for about twelve hours, but would leave me so weak that I would not be able to do any work for two or three days after they passed away. These attacks came on at intervals of about two weeks, and the only relief I could get from the pain was through the use of morphine. It was my last finding that the doctor was doing me no good I decided to try Dr. Williams' Pink Pills. I used them for a couple of months, and when I discontinued their use I felt that I was cured, nor was I mistaken, for in more than a year that has elapsed since I took the last pill, I have not had a single attack. I now only regret that I did not begin the use of these Pills earlier, for not only would they have freed me from much pain, but I would have been richer in pocket as well. My advice to others ailing is to go for Dr. Williams' Pink Pills at once."

For medicines and doctor bills. I doubt whether any of the doctors whom I consulted thoroughly understood the nature of my trouble. Some pronounced it bilious colic in a chronic form, and others said the trouble was due to gall stones, and that only through an operation could I obtain a cure. This operation I declined to undergo. When the attacks came on they would take the form of a burning sensation in the stomach, gradually shifting to the bowels, causing intense pain. These attacks would continue for about twelve hours, but would leave me so weak that I would not be able to do any work for two or three days after they passed away. I now only regret that I did not begin the use of these Pills earlier, for not only would they have freed me from much pain, but I would have been richer in pocket as well. My advice to others ailing is to go for Dr. Williams' Pink Pills at once.

AFTER EFFECTS OF LA GRIPPE

Mr. Albert E. Wood, foreman of a carriage factory at Margate, P. E. I., says: "I was attacked with the grippe which left me in a weak and emaciated condition. My appetite was gone, and I was unable to do any work. I had used two bottles of Dr. Williams' Pink Pills, but from which I derived no benefit. Dr. Williams' Pink Pills, however, did work, and restored me to my former health and strength. I still use them on occasions for regulating my system, as I believe that an ounce of prevention is better than a pound of cure, and I believe there would be very little sickness if the people would renew their vitality by the occasional use of Dr. Williams' Pink Pills."

A petition was received from a dozen bakers of the city praying that the standard weight for loaves be fixed at one and two pounds, instead of one and a half and three pounds. Deferred for consideration when the Bread by-law comes up for final passage.

A change of law was made by a number of property owners against the proposed erection of the fire hall at the corner of Johnson street and Fernwood road, on the ground that the street is narrow, the public school very near and the necessary sewerage is lacking.

Ald. Humber asked how many members of the finance committee had signed the report recommending the purchase of several thousand dollars for the water commissioners, and learning that Ald. Williams had refused to sign it he said "I thought so." Ald. Williams gave as the reason for his refusal his belief that the expenditure was not justified, and pointed out that his refusal would result in a saving of \$250 to the city. His worship ruled the discussion out of order.

A motion to appoint an assistant clerk was appointed to the position.

THE GREATEST OF ALL SPRING MEDICINES.

Make New Blood and Strengthen the Nerves.

"RUN DOWN"

A clock that needs winding runs down because its motive energy is exhausted. Men and women who have been too busy—who have worked too hard, or have been worried too much, or who have neglected to care for their physical health, or who have been too much indoors during the winter months,—“run down” also. They need a tonic.

Are you “run down” in health? If you are quickly tired, lack energy, feel weak in the back; always want something to lean upon; have a dull backache; if you digest badly and do not care for your food, IT IS A TONIC YOU NEED.

Dr. Williams' Pink Pills for Pale People

will supply just the energy you require. When you feel as if rest and a soft sofa are the only desirable things in the world; when you cannot be troubled even to hold up your head—THEN you need Dr. Williams' Pink Pills to make you feel bright, active and full of energy. They are not a purgative medicine. They make people strong.

You must get the REAL Dr. Williams' Pink Pills, or it is of no use.

Substitutes will do you no good and may do you harm. The genuine pills are always put up in a package just like this. The wrapper around each box is printed with RED INK on white paper.

Sold by all dealers in Medicine, or sent post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

AN INVALID FOR YEARS.

Mrs. Davis, wife of Mr. Levi Davis, proprietor of the Central Hotel, Irish Creek, Ont., has been more or less invalid for several years. She has never been able to do any work, and her husband has had to support her. She has used Dr. Williams' Pink Pills, and she has been cured. She has been able to do her own work, and she has been able to support her husband.

THE ISLANDER BACK

The Big C. P. N. Liner Arrives This Morning from Alaskan Ports—Will Sail North To-Morrow.

The Willapa Makes a Record Run to the West Coast—Other Shipping News.

The steamer Islander arrived in port about seven o'clock this morning from Alaskan ports, and as one expected to Esquimaux where she went by the marine ways to have her propeller tightened, it, having become loose during the voyage. She left Skagway on Thursday last, on the run down to Juneau encountered heavy southeast gales with snow and rain. Juneau was left the same day and nothing worthy of note occurred until while passing through Wrangell narrows on Friday evening, the steamer Del Norte was seen. She was not spoken, Wrangell was left Saturday, and after leaving port a heavy southeast hurricane was met, and the steamer "ay in." Steamer Columbia and steam schooner J. O. Kennedy, on her way down from Wrangell to her anchorage the following vessels were passed: Aug. Resolute with bark Columbia and steam schooner J. O. Kennedy in tow, tug Astoria with bark Highland Light and a tug with an unknown bark and a schooner. On Sunday the steamers Dees and Danube were passed off Melakathia, and on Monday the Esquimaux, Centennial, Signal, Lorne and Boscowitz, the latter vessel being at Fitzhugh Sound on her way down.

CURE A COLD IN ONE NIGHT.

There is nothing that will so quickly relieve and permanently cure cold in the head and affections of the throat and lungs as the use of "Quickcure." Simply place a little Quickcure in a dish over a spirit lamp in the sleeping room and then note the difference in the morning.

constable at Hesquiat and a swish prisoner charged with assaulting one of the sealing schooners.

Steamer City of Puebla arrived early this morning from San Francisco, bringing 480 passengers for Alaska and Eastern points. Of these passengers 242 landed at Victoria, and will bring 133 tons of freight for Victoria.

IN THE HOTELS.

Some Recent Arrivals Whose Expectations of Victoria Are Realized.

The arrivals in the city during the past twenty-four hours include a very large number of intending outfitters who have come direct to Victoria from Wisconsin, Iowa, Kansas and Montana. The men who constitute the parties are mostly experienced miners who have made a very careful study of the situation and had decided before their departure from home to outfit in Victoria, as being the nearest and most likely starting point. At the Dominion a party from Richmond, Wisconsin, consisting of C. Donohue, C. Donohue, A. Donohue, T. Ward, J. W. Rifinger and Ed. O'Connell will leave the city for a few days purchasing the necessaries for the trip. They intend doing some prospecting along the lakes and streams before reaching the Yukon, and hope to find something sufficiently promising to warrant them stopping about some distance this side of Dawson. This party also is said of a very large number of those who are now going north. Comparatively few are starting with the intention of making direct for Dawson, it being well known now that much good ground exists in other localities, and judging from the expressions of those who have been interviewed it seems tolerably certain that a great deal of prospecting work will be done this summer along the Hootalinqua river and the tributaries of Lake Teslin.

California, Illinois and Oregon furnish a number of intending prospectors who came in by the City of Kingston and are staying at the Queen's. These men will also buy everything they need for the trip in Victoria, having been brought hither by the reports received from friends who have had experience in the purchase of supplies for the trip in Seattle, and whose advice to their friends was to make Victoria the objective point, and allow no persuasion to cause them to stop at any other point. The effect of the reduced rates prevailing over the C.P.N. system is noticeable

rived from them. They literally made a new woman of me and I am now enjoying better health than I have done for years. I now value Dr. Williams' Pink Pills above all other medicines, and feeling the least unwell at any time I once resort to them, and always with the best results. I will be glad if my statement will help some other sufferer."

WEAKNESS AND DEBILITY.

Mrs. J. A. Craig, Watson's Corner, Ont., writes: "As the first child of daughter Teresa began to show symptoms of weakness and debility, which were all the more remarkable as before that time she had been unusually well and strong. We consulted a physician, who prescribed for her, and for a time she seemed to improve a little, then her improvement ceased, and she became worse and grew so weak that the least exertion seemed to tire her out completely and her heart would palpitate so violently that we feared she had heart disease. This state of

affairs continued for two years, during which time she suffered a great deal, and at times we despaired of her getting better. Having read a great deal about Dr. Williams' Pink Pills, we at last thought it might be worth while to give them a trial. There was an improvement in her condition almost before the first box was opened, and after using seven boxes she was well and strong. Other members of my family have since tested the merits of Dr. Williams' Pink Pills with success, and I have pleasure in recommending them to any who are suffering from general debility.

LONG STANDING RHEUMATISM CURED.

"Mr. Wm. Hopkins, Niiga, Man., says: "Twelve years I was almost constantly afflicted with rheumatism of the muscles, at times the pains being so severe that I was unable to work. I tried electric belts and numerous medicines, but got no relief. While in Bossvain during the winter of 1896, the druggist there advised me to try Dr. Williams' Pink Pills. I had heard of rheumatism, I got half a dozen boxes and took them back home with me and began their use on the fourth box when I began to get relief, and I continued taking Pink Pills until I had used ten boxes, by which time no trace of the rheumatism remained, and I have not since suffered from rheumatic pains. I cheerfully recommend Dr. Williams' Pink Pills for rheumatism, as I have proved they will cure it."

AN APPEAL TO THE READER.

If you have used Dr. Williams' Pink Pills and derived benefit from them, will you write us and let us know? We have been disappointed, will you write us just the same? We cannot expect to cure any more cases, anyone who pretends to do so is unworthy of confidence. We do business in good faith. If by experience we learn that some forms of disease, to know it, so that we may refuse to sell pills for such cases. We never sell pills except when we think they will cure.

MYSTERIOUS ABDUCTION CASE

William Lynch is in the city looking for his daughter Irene, a girl of 14 years, who left her home in San Francisco on Wednesday and is supposed to have come north on the steamer City of Puebla, which arrived this morning, abducted by a keeper of a brothel in one of the northern cities. Irene, a musical prodigy, left her home on Wednesday, and was chased some music, and since that time she has not been seen by her parents. At the request of Mr. Lynch, Detectives Perdue and Palmer met the City of Puebla upon her arrival from San Francisco this morning and on the City of Kingston came the father, who had hurried by the overland route to try and intercept his daughter. A thorough search was made but the child could not be found. The father had about given up hope and intended returning to San Francisco this evening, when from one of the passengers who came up on the City of Kingston, he learned the fact that there was a girl on the steamer answering the description of the missing one, and that she was accompanied by a woman. It is supposed that the girl secreted during the vessel's stay in Victoria and that she went on to Seattle.

PILE TERRORS SWEEP AWAY

Dr. Arnew's Ointment stands at the head as a reliever, healer and sure cure for piles in all forms. Its application will give comfort in a few minutes and three to six days' application, according to the directions, will cure chronic cases. It relieves all itching and burning skin diseases in a day. 35 cents.

person or persons have seen... at which place she had been herself for a number of years.

DURHAM IS

And Testifies to the Efficacy of Dodd's Kidney Pills.

Durham, Ont., March 17. I visited the town periodically for several years, but it was not until I had been in the town for some time that I was able to get a good idea of the condition of the town. I was struck by the fact that the town was in a state of decay and that the people were in a state of poverty. I was told that the town was in a state of decay and that the people were in a state of poverty.

I suffered for a long time from severe backache, caused by a fall. It was with the greatest pain that I could sit down. I had been in bed for several weeks, and I was unable to do any work. I was told that the town was in a state of decay and that the people were in a state of poverty.

Other medicines having failed, I tried Dodd's Kidney Pills. I had heard of them, and I was told that they were a good medicine. I bought a box and took them. I was able to get up and about in a few days, and I was able to do my own work. I was told that the town was in a state of decay and that the people were in a state of poverty.

Dodd's Kidney Pills cured me. I was able to get up and about in a few days, and I was able to do my own work. I was told that the town was in a state of decay and that the people were in a state of poverty.

Canada's Rivers. Toronto, March 17. The Western Ontario section of the Grand and Thames rivers has been seriously damaged along the shores of London, Erie and St. Albans. The water has risen to a level of 15 feet above the normal level.

John A. I had an attack of la grippe into such a condition that I did not sleep or eat. I was very nervous and lay for days in a half state. After spending all my money on medicine, which did little good, I bought a box of Paine's Celery Compound. I took it, and I was cured. I was able to get up and about in a few days, and I was able to do my own work. I was told that the town was in a state of decay and that the people were in a state of poverty.
