By Mrs. F. M. Jones.

It is a woman's world, and it is a woman's world that we live in. It is a world of love and sympathy, of kindness and gentleness, of purity and holiness. It is a world that is the glory of our race, and the hope of our future. It is a world that is the strength of our nation, and the foundation of our civilization. It is a world that is the light of our path, and the joy of our hearts. It is a world that is the crown of our creation, and the glory of our God.
