COMMITTS O'MEARA;
BAIL REFUSEDLondoner Goes to Trial on a
Charge of Perjury.

MORE TEN-DOLLAR STORIES

Crown Witnesses Contradict One Another as to the Molding of
Envelopes.

[Special to The Advertiser.]

Toronto, Nov. 1.—John O'Meara, charged with perjury, was arraigned today. Mr. DuVernet stated that his witnesses were not present and it was announced that Mr. Stephen O'Meara, the prisoner's father, had been subpoenaed, but is ill in bed and unable to come. A doctor's certificate was produced by Mr. Curry and it showed that Mr. O'Meara, senior, was unable to be present for several days.

Mr. Curry created a sensation by declaring that two crown witnesses from Brantford, called to identify O'Meara, had failed to do so and were not placed on the stand by the prosecution.

Mr. DuVernet claimed he was not aware of it.

Mr. Curry then asked for the names of the witnesses Mr. DuVernet has subpoenaed to identify O'Meara and they were given him.

In a passage at arms between the magistrate and Mr. Curry the latter stated that there had been much perjury on the part of the prosecution in the effort to identify O'Meara.

The magistrate retorted that he had no doubt that O'Meara is the right man.

"Is there a possibility in your mind of his not being the man?" asked Mr. Curry.

The magistrate would only say there might be a slight possibility.

Mr. Curry asked for bail, but Mr. DuVernet objected.

"If you keep this man in jail," Mr. Curry said, "how am I to get witnesses to prove that he is not the right party. Don't you see that it is impossible for me to get witnesses to prove an alibi unless he is allowed to go to Brantford and hunt them up?"

The magistrate was obdurate, however, and O'Meara was committed for trial.

"You may use your arguments for bail before a higher court," his worship said.

"But why should the man be put to this expense?" Mr. Curry asked. "Major Beattie was in the court room in Brantford when the alleged impersonator was arraigned, and he says it was so dark he could not see whether the man had gray hair or black hair. And yet we have witnesses who swear they saw O'Meara in the same room and they now identify him as the same man. It is preposterous."

Robert J. Orr, of the witness called in the election conspiracy charge this morning, Mr. Orr brought down the records of the office at the instance of the prosecution, to show that Daniel Wiley, a clerk in the customs department, had been absent several days at the time of the election.

Mr. DuVernet said that he wanted to show that Wiley was absent from the customs house when he is alleged to have been paying bribed voters with Collins in Lewis' hotel the first and second day after the election.

The magistrate did not think much of the point. "Surely, if Wiley wanted to he would have had time to sign his name in the book," he said.

Wiley's name did not appear in the book from the 12th to the 17th of June, 1905.

Frank F. Wilkinson was next called. He swore that at the time of the Beck-Rumball election he boarded at the Clarence House, of which Mr. Fitzpatrick was the proprietor. The latter told him a man wanted to see him, and later Harry Rananah went to him (Wilkinson's) room with Fitzpatrick. In the room Rananah gave Fitzpatrick an envelope with \$10 in it, the money to be given to witness if he voted for Hyman.

In the general elections a stranger gave Fitzpatrick an envelope with \$10 in it for witness.

In the by-election the witness swore that Rananah called on him and asked him about his vote, but as Wilkinson was about to leave the city nothing was done.

Fitzpatrick Denies It.

John Fitzpatrick, former proprietor of the Clarence House, on being called, refused to testify until his fees had been paid him. He was assured he would be paid, and was then examined. He said he kept a hotel in Seaford. He denied that he had received any money from Wilkinson. A man had handed him an envelope for Wilkinson, but Rananah was not the man. Witness admitted having shown Rananah on one occasion to Wilkinson's room.

"Wilkinson swore positively that it was Rananah who gave you the envelope. Are you prepared to contradict him?"

"Well, I can't remember."

"How many envelopes did you hold during the election?"

"I can't say. There were many envelopes at all times for people who were at the house."

"Election envelopes?"

"I don't know what they were."

"Was there anything said about being Wilkinson?"

"No."

"He swears there was."

"There was not."

Spence Says a Ballot Box
Was Opened to Scan VotesTo Learn if Those "Fixed" Had Voted Right in the Beck-Rumball
Election—Testimony of a West London Deputy.

[Special to The Advertiser.]

Toronto, Oct. 31.—The investigation into the London election case was resumed this afternoon.

William Spence, of West London, testified to having been a party to the opening of a ballot box in the Beck-Rumball election, when it was sought to learn how certain voters who had been "fixed" had voted.

The prosecution made an attempt to show that funds for the South Essex campaign in the general election of 1905, when Mr. Clarke was the Liberal candidate there came from London through Mr. George M. Reid, but the stories told the crown counsel re this matter were proven to be foundationless. It was 6 o'clock when the adjournment was made this evening.

The Afternoon Session.

When the case was resumed at 3 o'clock this afternoon it was announced that Daniel Wiley was ill and could not appear in court. No objection was raised by the prosecution.

Jerry Collins was called to contradict certain testimony of Wm. Spence, but Mr. Wilkie objected, and he was sustained by the court.

Mr. Spence's examination was then resumed. He repeated that he was not sure that Tom Lewis was paid the witness when the money was paid the witness.

"Did you discuss with Jerry," Mr. DuVernet asked, "the matter of Steve Collins making a noise because he did not get money he had been promised in the Beck-Rumball election?"

"I told Collins that I had heard his brother had not voted right and that's why he hadn't got the money."

"You had heard that Serviss was

holding the money?"

"Yes, I told Collins that."

"Did you ever tell Jerry that Steve had better hold his tongue and not be holding around?"

"No."

"You were the returning officer at the place where Steve Collins voted?"

"Yes."

"Sifton was the scrutineer?"

"No, Serviss."

"Did you tell Collins that you and Sifton and Serviss had gone over the ballots twice and that you knew how Steve Collins voted?"

"No."

"Did Serviss ask you to go out and leave the ballot box in Serviss' house over night?"

"Yes."

"Did you leave it?"

"Yes."

"Who had the key?"

"I had."

"I am prepared to show that you told people that the three meantime went over the box?"

"I never told anybody."

"Did you do it?"

"Yes."

"What for?"

"To see how those who had tickets

voted."

"What tickets?"

"I didn't see any."

"So that Sifton, Serviss and yourself went over the ballots to see how they voted?"

"Yes."

"Who opened the box?"

"I don't know."

"Who had the key?"

"I had it."

"You knew you were sworn to secrecy?"

"Yes."

LOAN COMPANIES IN STRONG MERGER

The Huron and Lambton Interests Purchased by Lambton Loan and Investment.

Sarnia, Ont., Oct. 31.—The largest financial deal in many years in Sarnia has been arranged in the last few days, when the whole stock and assets of the Huron and Lambton Loan Company, Limited, were purchased by the Lambton Loan and Investment Company, Limited. The purchase price was \$265,000.

The ownership of the Huron and Lambton is in the hands of about 200 stockholders, mostly residents of Sarnia and county, and the stock has been paying 6 per cent dividend regularly for many years past. The advantages of combining the institution with the Lambton Loan Company have been under consideration for some time by the directors, with the object of saving expense of management.

A meeting of the directors of the Huron and Lambton was held on Monday, and yesterday the Lambton Loan directors met, and the transaction was completed, subject to the sanction of the shareholders.

The Lambton Loan and Investment Company pays 8 per cent dividend, so the shareholders in the Huron and Lambton will receive stock in the other company on the basis of 5 to 4.

The transaction will make the Lambton Loan Company one of the strongest in Ontario, with assets of \$1,300,000, and a reserve of over half a million dollars.

The Huron and Lambton Loan and Savings Company has a capital of \$1,000,000 authorized, of which \$285,000 is paid up. It was instituted in 1877. Hon. T. B. Pardee was first president, and Michael Fleming first manager. F. F. Pardee, M.P., is the present president of the company. A dividend of 6 per cent per annum on the paid-up stock has been paid for many years past, and a reserve of \$57,000 accumulated.

The Lambton Loan and Investment Company started business informally in 1884, when Robert Skillebeck and some Sarnia business men formed a loan society. In 1885 it was reorganized as the Lambton Permanent Building and Investment Society, and in 1889 the present name was adopted. The company is one of the very oldest in Ontario, and its financial success has been remarkable. With its paid-up capital of \$600,000 there has been a dividend of 8 per cent per annum paid each year from the outset, and a rest of \$300,000 has been accumulated.

In the combination the paid-up capital will be \$700,000, and the reserve over \$600,000. There will be no decrease in the dividend. A meeting of shareholders of the Huron and Lambton Loan has been called for the 25th of December to ratify the decision of the directors.

If the new stock basis is decided altogether by the rate of dividends paid, Huron and Lambton stockholders should get five shares in the new concern for every four they now hold.

HEARST OFFERS REWARDS.
New York, Oct. 31.—A large number of printed circulars, bearing the name of William H. Hearst, and offering rewards aggregating \$50,000 for the arrest and conviction of any one concerned in election frauds at next Tuesday's election, were sent out today from Democratic headquarters.

The two largest single headquarters, each, are offered for "information leading to the conviction of any member of the Republican state committee for criminal complicity in election frauds," and "for information leading to the conviction of any member of any county committee for criminal complicity in election frauds."

Where London consumes 80,000,000 118 square miles a day New York consumes 500,000,000. Where London has an area of 118 miles New York has 25.

PALE, TIRED WOMEN
Regain Strength and Freshen Quickly With Ferrozone

Nothing is more certain than the direct action Ferrozone exerts in female complaints.

It is the best medicine for restoring virility and strength.

By instilling new life into the blood, every organ in the body is better nourished, and in consequence takes on strength.

Ferrozone's record is marvelous. It makes you feel strong and sturdy. Nourishes the blood, rebuilds and restores those in search of better health. For girls and women, both old and young, Ferrozone can work wonders, as it did for Mrs. Mary Melong, of Harbor Bouche, N. S., who writes:

"Ferrozone built me up. Before using it I scarcely knew what good health meant. I was just as miserable and weak as any woman could be. Tired from morning to night, bothered by trifles, unceasingly nervous. The first box of Ferrozone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

Try Ferrozone. It will make an unexpected improvement in your looks, your feeling, your health.

Whether anemic, nervous or suffering from secret disorders—if you want cure, use Ferrozone. Price 50c per box, or six boxes for \$2.50, at all dealers.

NEW CHURCH OPENED
Kintore Methodists Now Occupy Modern Edifice, which Cost \$7,000.

The new Methodist Church at Kintore was opened recently. Faithfully the people have labored, and eagerly they looked forward to the opening day. It was a beautiful day, and large congregations greeted Rev. Dr. Crews, of Toronto, and Rev. E. E. Marshall, B.A., of Ingersoll.

The evening following the opening the regular fowl supper and concert were held. A splendid supper was served, after which the beautiful auditorium was packed with an eager and attentive audience.

Mr. T. Seiden, of Ingersoll, made an ideal chairman, and all enjoyed the programme. The Schubert Ladies' Quartet, of London, were in fine voice, and greatly delighted the people. Miss Seiden, of Ingersoll, and Mr. Gaynor proved themselves excellent vocalists. Miss Gertrude Hart captivated all by her eloquent powers, and Mr. Golding was a favorite with his musical selections.

The president of the conference, Rev. David Rogers, of Thornhaile, George Smith, M.P., and others gave brief and congratulatory addresses.

During the evening the pastor, Rev. J. W. Elbert, appealed for subscriptions toward the building fund, and the audience responded promptly and nobly, giving about \$1,000 in cash and \$1,500 additional subscriptions.

The following Sunday was stormy, yet a large number gathered to listen to the chairman of the district, Rev. Dr. Langford, preach. At the close of the morning service Rev. David Rogers dedicated the church. In the afternoon he preached, and his intensely practical and spiritual sermon was decidedly helpful. The choir gave excellent music at all services.

The church is a neat building 22 feet square, with tower and side entrances. Its foundation is concrete, while the walls are of Milton pressed brick. The slate roof, beautiful leaded lights, easy and comfortable seats, up-to-date schoolroom and cement walks around the church, all stamp it as a modern building. While the cost is \$7,000, it is largely provided for, and the people are enthusiastically looking forward to greater achievements.

CANON FARTHING INDICTED.
Kingston, Oct. 31.—Tonight, in the presence of Bishop Mills and the clergy of Ontario Diocese, Canon J. C. Farthing, M.A., late of Woodstock, was indicted into the incumency of St. George's Cathedral.

A brief, impressive ceremony was followed by evensong.

Tomorrow the installation of Canon Farthing as dean of Ontario will take place.

FIELD DAY FOR SARNIA STUDENTS

Collegiate Institute Folk to Have One on Saturday—Drowning the Fish.

Sarnia, Oct. 31.—On Saturday next the students of Sarnia Collegiate Institute will hold their first annual field day at the Bayview Athletic Park. The programme will consist of running, jumping, throwing the weights, hurdles, a relay race and many others. The girls, as well as the boys, will participate in these sports.

Three silver medals for the athletes obtaining the highest number of points have been supplied to the school through the kindness of Mr. Battley. This is the first event of the kind in Sarnia.

Complaints have been made to Deputy Game Warden Henry Avery, at Port Huron, that refuse from the Crosswell sugar factory are causing the death of thousands of fish in Black River. The state analyst, reporting on the death of fish under similar conditions in Grand River last week, says that the fish were "drowned." The oxygen was taken from the water by the sugar plant and another gas substituted. He recommended that the waste from the factory pass over a dam, so that the water might be aerated.

Inquiry at the Grand Trunk offices in Sarnia failed to elicit any information as to the purpose of the Grand Trunk here. Not a conductor has as yet been dismissed. All the regulars are still on their runs.

Sarnia's new chief of police, Mr. Joseph Pengelly, will assume his duties tomorrow morning.

Next year's council is likely to have some new blood. The board will be composed of twelve members—major, two deputy reeves and eight councillors. The majority will consist of two members from the city, two from the township, and two from the county.

Proctor and Bentley, Alderman Milne will not be a candidate for municipal honors this time, and Mr. F. C. Watson, who has been in the swim for twenty years, intends to keep out in the coming year.

EXTEND \$500 GUARANTEE
Company Given Another Six Months by the Ontario Government.

Toronto, Oct. 31.—The Government has extended for a period of five months the \$500 loan guarantee of \$1,000,000 failing due tomorrow.

This is the effect of an official statement made late this afternoon by Hon. Mr. Matheson, the provincial treasurer, and which was as follows:

"The Canadian Improvement Company have been negotiating with prominent financial firms to enable them to take up the guarantee of \$1,000,000, commonly known as the \$500 guarantee, and which falls due on Nov. 1st."

"Owing to various delays and partly to the raising of the Bank of England rate to 6 per cent, the company were not prepared to meet the payment on the date named. They have asked the Provincial Government to extend the guarantee for the \$1,000,000 certificates for five months, to April 1, 1907, the company to pay the interest falling due on Nov. 2, for the past six months, to holders of the certificates."

"The latter are issued by the company and are endorsed by the guarantee of the Government. It is possible that the company may take up the certificates before April 1, but they have asked for the extension and the Government has granted their request."

"The holders of the certificates having consented to the extension, an agreement carrying it out has been authorized by the Government, and executed by the Canadian Improvement Company, the holders of the certificates, and by the Provincial Treasurer, on behalf of the Government."

BEAT SAUCY WIFE
Interesting Evidence Out in the Belleville Murder Case.

Belleville, Oct. 31.—There were some exciting episodes this afternoon in the Kleingebel murder trial, now going on at the assizes here.

The prisoner grew furious while his son, Herman Kleingebel, was giving his evidence, and said Herman had killed his father and tried to shoot him.

William Little, Mrs. Dumage, A. E. Bailey and Alf Luscombe told of seeing Mrs. Kleingebel after she had been beaten.

Old Kleingebel had said he did it with his fists, and that she was saucy, and deserved all she got. He said he would tell the truth if he hung for it tomorrow. Kleingebel said they quarrelled over the parentage of his alleged son, Herman, who, old Kleingebel says, was born while he was away in the war. He got furious and seemed out of his mind when Herman's name was mentioned.

The court adjourned at 6:30 till Thursday morning.

MUST SUFFER DEATH
Leader of English Suffragettes Say It Will Come to That.

London, Oct. 31.—Miss Christabel Pankhurst, who has had a leading part in the recent demonstrations through which the suffragettes have sought to attract the attention they demand for votes for women, holds up the striking prospect that in due season some of the suffragettes will sacrifice their lives for the cause.

Their lives are not yet ripe for that sort of thing. She thinks it is not even ripe enough to warrant pressure on the suffragettes to serve out the terms of imprisonment passed at upon them the other day. It is all right, Miss Pankhurst says, for any of the locked-up ones who are fit to go of themselves with the court and come out of their cells. By-and-by it will be different. The time is coming when a suffragette must be prepared to yield herself with smiling lips to death's embrace. Really, Miss Pankhurst and her associates seem to be on the road to a dangerous fanaticism.

"CIS" JAMES ARRESTED

Windsor Police Wanted Her in Connection With Excursion Riot.

Windsor, Oct. 31.—A woman who said she was the wife of one of the two Mitchell brothers who were extradited from Detroit yesterday came over the river and went to police headquarters and asked to see her husband. She was immediately placed under arrest and taken before Magistrate Bartlett, who remanded her for eight days. The three will get a preliminary hearing next week. The Mitchell brothers were extradited on a charge in connection with a riot on the Canadian steamer Premier during an excursion on the St. Clair River last July. A warrant was also issued for the arrest of the woman, who is known to the Detroit police as "Cis" James.

ISLAND BOOMING

Prospector From Newfoundland Says Pulpwood Is the Cause.

Montreal, Que., Oct. 31.—Through the action of the Newfoundland Government in prohibiting the export of pulpwood, of which the island possesses vast areas, a great progress is now taking place. William Little, the timber expert, who has just returned from a prospecting trip in Newfoundland, states that there is every evidence of unusual prosperity and activity, that buildings are everywhere going up along the line of the Reid Newfoundland Railway, and in St. John's, the capital, as well as other points along the coast. At Grand Falls, the damworth, of London, are actually building a town where a year ago there was only a trail. This is by way of preparation for the erection of their great pulp works, which are to give employment to thousands of operatives.

The water power at this point is splendid and admits of the development of over 100,000-horsepower. "The railway must be doing a satisfactory business, for frequently when getting on the trains at way stations it is difficult to find a vacant seat, while the freight trains passing with logs, lumber and other freight are many. And yet the lumbermen are clamoring for more cars to get their lumber forward as fast as is required by the market."

The lumber trade is in very prosperous condition, due to the advancing prices and scarcity of pine and spruce elsewhere. This has opened up new and profitable markets for Newfoundland lumber, which must soon prove of great benefit to the general business of the country. Although the spruce and fir timber are on the average small, when compared with mainland timber, the wood is of fine quality and sells well.

WAS IT A FAKE FORTUNE?
Montrealer Claims He Was Heir to Millionaire Uncle and Stocked Up.

Montreal, Que., Oct. 31.—The man Cremer, who represented to a number of Montreal merchants that he had fallen heir to a fortune, part of the estate of his father in Thurston, Germany, approaching half a million dollars, is now the subject of a police investigation. Cremer bought a house on Pine avenue, expensive furniture with which to furnish it, costly jewelry for his intended second wife, horses and carriages, etc., but has not paid for them. He also got some money on the strength of the alleged legacy. It is believed the men is mentally unbalanced. He is now at police headquarters, a voluntary prisoner.

RESEMBLANCE TO COARSE WOOL
Fabric That Is Made From the Fibre of Pine Leaves in Germany and Sweden.

In Germany and Sweden the great pine forests furnish not only timber and medicine but clothing as well. The pine leaves are treated with a solution of soda and the fiber applied to textile purposes under the name of "Waid wool," or forest wool. It has some resemblance to coarse wool and is spun and woven into blankets and garments that are said to be warm and durable. The pine needles are used as a substitute for wool in the manufacture of carpets and for conservatives in the woods of Maine, and made so many remarkable cures there that his treatment attracted great attention from the medical world. His methods were endorsed by the highest authorities. The treatment was very simple, consisting of open air exercise, deep breathing and nourishing food. Every four hours the patient was given one teaspoonful of a mixture of the Pure Virgin Oil from the White Pine Trees, combined with Whisky and Glycerine in the following proportions:

Virgin Oil of Pine (Pure) 1/2 oz.
Glycerine 2 oz.
Whisky 8 oz.

This treatment strengthened the lungs and healed the bronchial tubes. It is claimed that this treatment will break a cold in 24 hours and cure any cough that is curable. The ingredients can be secured from any good prescription druggist at small cost and can be easily mixed in your own home.

Inquiry at the prescription department of one of the leading druggists elicited the information that Virgin Oil of Pine (Pure) is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper with the name—"Virgin Oil of Pine (Pure)"—plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are being put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired results.

Mantles—Second Floor.

SMALLMAN & INGRAM, 149, 151, 153 and 155 Dundas Street

CONTEMPT OF COURT.

Burlington, Vt., Oct. 31.—The Consolidated Rendering Company, a Maine corporation, was found guilty of contempt today and fined \$3,000 by Judge Rowell in the Chittenden county court. The contempt proceedings followed the failure of the company to produce before the grand jury certain papers and memoranda called for by the grand jury, which was investigating the alleged purchase of diseased cattle, and the sale of meat for food.

To obviate delays by storms the telegraphic trunk lines are being put underground in Great Britain. The underground line between London and Glasgow is already completed.

"THE TOAST OF THE TOWN" is TRISCUIT

The shredded whole wheat wafer, MADE IN CANADA of the choicest Ontario wheat, makes the white flour cracker look sickly and pale. A natural remedy for constipation and indigestion. Try it toasted with butter.

LONDON, THURSDAY, NOV. 1.

MR. FIELDING'S TRIUMPH.

Mr. Fielding's ascendancy in Nova Scotia received a fresh illustration yesterday in his overwhelming defeat of Dr. Weldon, whose friends acclaim him as the ablest Conservative among the Bluesones.

The electors of Queen's and Shelburne may congratulate themselves upon a good day's work for the country. The Minister of Finance is one of the most brilliant of the many distinguished men the Maritime Provinces have given to Canadian public life. His political career began in early manhood, and for 25 years has been an unbroken record of success and victory, and of steady growth in usefulness and public favor. He has been a valiant but a fair fighter, a knight sans peur et sans reproche. In the present instance, he was unseated through acts of over-zealous supporters, the experience of many worthy men, but his personal honor was untouched by any disclosures in the courts. The extraordinary virulence with which Mr. Fielding has been pursued by his opponents, is a tribute to his unique pre-eminence in the Maritime Provinces. The Hercules of Liberalism down by the sea, his overthrow would have been an indisputable triumph for the Conservative party. A score of constituencies would be glad to offer him the hospitality of a seat, but his rejection by Queen's and Shelburne, which he has represented for ten years, would have irreparably damaged his prestige, and unnerved the Liberal party in Nova Scotia.

Mr. Fielding may now give his undivided attention to the work of completing the revision of the tariff. It would have been a public misfortune had he not been able, in person, to lay this measure before Parliament. He has framed ten Canadian budgets, which have been the most satisfactory in the fiscal history of this country. His eleventh budget will involve, for the first time in nine years, a general overhauling of the tariff schedules. Mr. Fielding has inspired public confidence by his treatment of the financial and commercial problems of the Dominion, and all classes will rejoice to know that the great and hazardous undertaking of a tariff revision will remain in his mastery hands.

LET MR. BIRMINGHAM BE CALLED.

A few years ago, Mr. Robert Birmingham, for a long period the chief organizer of the Conservative party, threatened to make certain disclosures, unless his financial claims upon the party were satisfied.

Sir Charles Tupper, then the leader of the Opposition in the House of Commons, replied defiantly to Mr. Birmingham's threat, and expressed his opinion of that gentleman's conduct in somewhat vigorous language. But not long afterwards Mr. Birmingham and the Conservative party made their peace. He was reinstated in his old position, and directed the Conservative campaign in several provincial by-elections. The Whitney Administration rewarded him with a berth in the civil service, which he recently resigned in order to again take up the work of Conservative organizer. In this capacity he figured in the federal by-election in North Renfrew the other day.

The apologists for the attorney-general's department claim that behind the present prosecution at Toronto there is the pure and unsullied desire to expose and punish political wrongdoing, no matter where it may be found. If that be so, the department will of course turn the searchlight upon the Conservative party. Mr. Birmingham was for many years in control of the party machine, and should be asked to describe its operations. He came nearly divulging this information when he was smarting under the ingratitude of his employers. His reminiscences would embrace that famous telegram, giving a certificate of character to the principal of the Manitoba school of ballot switchers. If the attorney-general is sincere, he will see that Mr. Birmingham has an opportunity to unfold his story in the witness box. The proceedings would be no more irregular than those in Magistrate Denison's court. Under the new dispensation the forms of law are a negligible quantity. The public looks to the Attorney-General to hold the balance even between the parties. Will he do so?

BRITAIN AND BUTTER FRAUDS.

Sir E. Strachey, who represented the President of the British Board of Agriculture at the meeting of the Scottish Dairy Farmers' Association, last week, announced that it is the intention of the Imperial Government to introduce in Parliament at its next session a bill to put a stop to the marketing of fraudulent butter. This will be good news, not only for British dairymen, but for every honest exporter who sends butter to Great Britain. Canadians have nothing to fear from the proposed legislation if they are as careful in the preparation of the products which they market as the laws placed in our statute book by the Dominion Parliament demand. Canada is, we believe, the only country in the world in which the manufacture, importation or marketing of bogus butter is absolutely prohibited. The substitution of oleomargarine, or other imitations, for the real product of the dairy is forbidden in this country under heavy penalties, and though the Dominion Government has been repeatedly asked by capitalists for permission to manufacture oleomargarine, either without restriction as to marketing, or solely for export to foreign markets, our legislators are too jealous of the good name of Canadian butter to withdraw the prohibition. In the long run, it has profited the Dominion much to be thus vigilant in the protection of our dairy interests, for in recent years our products have so grown in public favor that the exports of both butter and cheese from Canada have advanced in leaps and bounds, and though there may be variations, caused by the weather or crop conditions, it is highly probable that Canada's pure dairy products will continue to find a market abroad, and more particularly in Great Britain, in ever-increasing quantities.

Canadians do not fear the contemplated British legislation for making it increasingly difficult and unprofitable to sell butter or cheese which is in any way adulterated or merely imitation. We know by experience that the surest way to maintain and increase our markets is to produce only the real thing.

The vote in Queen's and Shelburne was almost two to one for Fielding. Bribery and corruption will not explain that.

Mr. W. F. Maclean, M. P., should not be overlooked in distributing credit for Mr. Toimie's victory in North Bruce. Mr. Maclean made several addresses in behalf of Mr. Toimie's opponent.

Church union is a live question in South Africa, as well as in Canada. A dispatch from Cape Town informs us that the leading churches outside the Dutch, Roman Catholic and Anglican communities have held their annual assemblies, recently, and have all taken preliminary steps aiming at federation or some other form of union.

According to the story told by Wm. Spence, three men opened a West London ballot box, after a correct return had been made, in order to see how certain men marked their ballots. This was a heinous offense, but how can the heads of the Liberal party be held responsible for such conduct? Even if Spence's story is true, the opening of the box was not part of a general conspiracy, but the isolated offense of three individuals. In what respect could a candidate be held to account for such misdeeds?

Frank Hutchinson, of West London, who says he was offered bribes to vote Conservative in three elections, has been summoned to Toronto again. Upon his first visit he was told that his evidence was not needed. Then his story got into print. It would have looked better if the prosecution had called Hutchinson before the newspapers drew attention to his case. Are the crown attorneys now making a virtue of necessity? Hutchinson's story was known to them in the first place. Why wait till it had been given publicity?

TOO IMPORTANT.

[Tatler.]
She—O, Jack, why are you so late?
He—Most 'portant business, m'dear.
She—But surely it would keep till to-morrow?
He—No, love, not after corkish dawn.

POLITENESS.

[Answers.]
Little Boy—That lady gave me some toffee.
Mother—I hope you were polite about it?
Little Boy—Yes, mamma.
Mother—What did you say?
Little Boy—I said I wished pa had met her before he got acquainted with you.

AS A RULE.

[Smart Set.]
Rhymer—Is it necessary for a poet to adopt a non de plume?
Spacer—No, but it's safer.

EARNINGS OF NOVELISTS.

[T. P.'s Weekly.]
Authors earn much less in France than in England. The late Sir Walter Besant ten years ago estimated that there were 50 novelists in England who earned upward of a thousand a year. There are now probably nearer a hundred and fifty; while in France there are almost certainly not more than fifty who make a living at all. An

English novelist of standing will receive eightpence on every copy of a book sold. Some novelists receive two shillings. Emile Zola, who touched high-water mark in France, got a franc, which is rather less than ten pence. Seven pence halfpenny is considered excellent pay, and fourpence and five-pence are common.

AFTER THE ICE MAN.

[Chicago News.]
The great astrologers pointed to an ominous group of stars.
"They tell me that you will be robbed by a dark man before another moon," whispered the prophet. "Have you any idea who this dark man can be?"
The domestic man smiled sadly.
"The coal man, of course," he sighed.

BACHELOR FRIENDSHIPS.

[New York Press.]
"If you are really anxious to learn how long a couple have been married all you have to do is to note whether his friends or hers all the husbands," said a woman who always makes good use of her bright brown eyes.
"At first a man invites all his bachelor friends to the house, under the impression, which is invariably wrong, that they will like his wife and she will like them. Whatever the reason, most women find their husbands' bachelor friends dreadfully dull. There may be a pretense of liking them at the start, but that forced enthusiasm oozes out and the wives greet the visitors with cold handshakes. When a woman seems as bored as that, even a young husband realizes it will be kinder to his old chums not to ask them around any more. Perhaps in his heart he knows they are dull, too, and that's what drove him into matrimony."

LOVE IS BLIND.

[Chicago News.]
Mrs. Newed—And do you really and truly love me, George?
Newed—Of course, I do, my dear.
Mrs. Newed—But some people are saying that you married me just because my uncle left me a fortune.
Newed—Now don't let that worry you, dear, for there isn't a word of truth in it. I'd have married you just the same even if some other relative had left you the money.

A PATRIOT'S PRAYER.

[Rudyard Kipling.]
Father in heaven, who lovest all,
Thy children, help Thy children when they call;
That they may build from age to age
An undivided heritage.

Teach us to bear the yoke in youth
With steadfastness and careful truth;
That in our time Thy grace
The truth whereby the nations live.

Teach us delight in simple things,
And mirth that has no bitter springs,
Forgiveness free of evil done,
And love to all men 'neath the sun!

Land of our birth, our faith our pride,
For whose dear sake our fathers died;
O Motherland, we pledge to thee
Head, heart and hand through the years to be!

ONE OF THE FAMILY.

[Harper's Weekly.]
"Are you the editor that takes in society news?" inquired the caller, an undersized man, with a tired and timid appealing look on his face.
"Yes, sir," replied the young man at the desk. "I can take in any kind of news. What have you?"

"Why, it's this way," said the caller, lowering his voice. "My wife gave a small party last night and I am willing to pay to have this report of the affair put in the paper."
"We don't charge anything for publishing society news," observed the young man at the desk, taking the proffered manuscript and looking it over.

"That's all right," was the reply. "You don't understand. I wrote this up myself, and I put in a line or two that says, 'Mr. Halfstick assisted his distinguished wife in receiving the guests.' That's the way I want it to go in, and I don't care if it costs a dollar a word. I want my friends to know, by George, that I still belong to the family."

MR. KLINGLING'S LIGHT.

[Penny Magazine.]
It was by an accident that Mr. Klingling got his famous title. "The Light That Failed." He had almost decided to call the novel "The Failure," although he was dissatisfied with this. One evening as he was sitting in his study reading by lamplight the light went suddenly down—almost failed, in fact. In a second Klingling jumped up, exclaiming excitedly: "By Jove! I've got it!" Pointing to the lamp, he said: "The Light That Failed."

A LIMITED SELECTION.

[Tatler.]
Walter—Chatterbox? Yes, sir. Green or yellow, sir?

Young Mr. Sales (of Cash, Bargain & Sales, drapers, etc.)—Are those the only shades you have in stock?

A VAIN HOPE.

[Woodstock Sentinel-Review.]
If the London investigation is to have any effect in working a reformation in politicians and in political methods, it must be complete. It must not be confined to the evils of one party. Everybody knows that black as are some of the things that have been dragged into the light, there are others just as black awaiting an honest investigation. Will these, too, be exposed? If not the effect of the work that has already been done will be largely destroyed.

"The Perfect Food"

The grocer who offers you something "just as good" has no regard for your judgment or your health. It's delicious.

The sense of fair play of which the community is possessed will resent any attempt to make a scape-goat of anyone.

SNOWS OF YESTERYEAR JUST MELTED.

[Catholic Standard and Times.]
Hicks—Your wife was telling my wife that you've got all your Christmas presents paid for."

Wicks—Yes; paid for the last of them yesterday.
Hicks—Lucky dog! I haven't even begun to think of the presents I've got to buy.

Wicks—Oh, neither have we, for this year. My wife was speaking of last year's presents.

SAME OLD BOURASSA.

[Toronto Star.]
Can this Mr. Bourassa, who is now claimed by the Conservatives as an ally, be the same gentleman whom they denounced as a traitor to the Empire six years ago?

NATURALLY.

[Sketchy Bits.]
Miss Fligh—I thought you had been thinking seriously of getting married, Mr. Stayde?

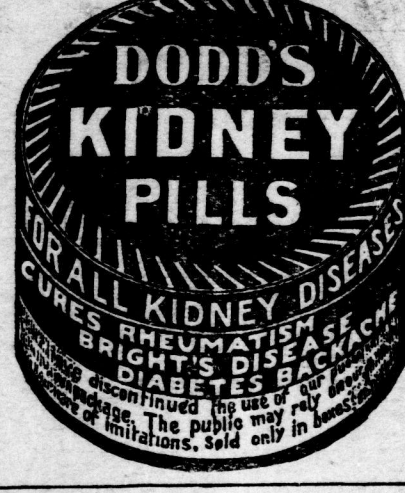

Mr. Stayde—Yes, I thought seriously about it. That's why I'm going to remain single.

FOLLOWS WOMAN; GETS SHOT

New Jersey Constables Trail Young Lady and Have Strenuous Time.

New York, Oct. 31.—Miss Florence Le Forester, a young woman who lives with her parents in Madison street, Brooklyn, was under arrest in Englewood, N. J., today, charged with shooting John Tynan, of Bergenfield, N. J., last night. She declared that she never saw Tynan until shortly before she shot him, and that she did so because he followed her. The wound, though serious, is not expected to be fatal. Today she was arraigned before Justice Ritsler and held in \$500 bail to await the result of Tynan's injuries. Miss Le Forester went to Englewood to visit a relative, and the shooting occurred on the main street of the village.

The police investigation disclosed that Tynan was a constable and at the time of the shooting was acting under orders of Town Marshal Hyler, who was present. They said they with three other men, followed the young woman from the train, where her conduct had attracted their attention, and attempted to arrest her at a dark portion of the street. Miss Le Forester screamed and a passing automobilist came to her aid and knocked the constable down. Miss Le Forester then shot him.

Cure for Drunkenness

Orrine Treatment Is To Be Used At Home Without Publicity or Loss of Time From Business.

Thousands of persons who really want to quit the use of whisky or beer, realize that they cannot do so without medical help, yet they cannot afford the time or perhaps the money to go to a sanatorium. Happily a new cure for drunkenness has been discovered which is to be taken at home and costs less than the average drinker will spend in a day. In using Orrine there is absolutely no publicity.

The remedy is sold by leading druggists in every city and town, or it can be sent by mail. If a cure is not effected your money is refunded.

Send to the Orrine Company, Washington, D. C., for free booklet and consultation blank. Mailed in plain sealed envelope. Orrine is sold and guaranteed by C. McCallum & Co., corner Dundas and Richmond streets.

J. H. CHAPMAN & CO

Ladies' and Misses' Hosiery Sale

J. H. Chapman & Co., 126, 128, 128 1/2, Dundas St.

AUSTRALIAS GIFT TO CANADA

Australia has given to the world at large many wonderful and valuable things, but the production a few years back in that country of Bileans, the great herbal household remedy,

is an event from which more people will benefit than from the discovery of all the gold ever found. Natural vegetable essences are without doubt man's proper medicine, and Bileans for Biliousness are compounded from such essences. It is well known that liver medicines hitherto in use mostly contain bismuth, mercury, and other harmful mineral products. These mineral constituents are very injurious if taken for long, and produce such effects as loosening the teeth, causing the hair to fall out, etc. Bileans are entirely different and superior. They are purely vegetable and contain no trace of any such harmful ingredients as the above. In taking them there is no fear whatever of any harmful secondary effects. Bileans act directly upon the liver and stomach, and cure headache constipation, piles, female ailments, wind pains, foul breath, sick spells, and all liver and digestive disorders. They do this by toning up the secreting glands of the stomach and intestines, regulating the bile flow and flow of gastric juice, and stimulating the liver cells to healthy action. Bileans cure all ailments having their origin in disorder of the liver and stomach. Ask your friends who have tried them how mildly they act. For list of what Bileans cure see paragraph below.

INDIGESTION, DEBILITY AND WEAKNESS CURED.

A Woman Who Had Suffered So Long That She Despaired of a Cure Is Restored.

From all parts of Canada the proprietors of Bileans are daily receiving evidence of the good which this vegetable preparation is effecting. Wherever liver and stomach disorders, headache, constipation, piles, female ailments, debility, etc., occur, there Bileans are the needed remedy.

Miss E. Reid, of Kingston, Ont., says: "I suffered terribly with acute indigestion and ailments arising from it. All last winter and well into the spring I endured terrible agony until I found a cure in Bileans. Soon after eating I felt an uncomfortable fullness in the stomach, and this feeling came on irrespective of the nature of the food I had been taking. A steady pain in the region of the heart then commenced, accompanied by retching and belching of gas. I was hardly ever free from this retching and belching night or day, and the result was that my sleep was much broken into. I tried first one thing and then another, but nothing seemed to do me any good, and I grew very nervous and discouraged. My strength ebbed away so that I could do no work, and I have walked the floor for hours at a time in pain. This was my state when one day a sample box of Bileans was sent to my house. The few Bileans in the box proved so satisfactory and relieved the distress so quickly that I purchased a supply and began using them. I persevered with them until all the symptoms of indigestion had been entirely removed. My illness had caused me to be completely run down, but since taking Bileans I am like a different person. I have gained in flesh considerably and feel much stronger. I cannot speak in too high terms of Bileans. They are a splendid remedy."

A FREE SAMPLE BOX.

BILEANS

Post Paid

London Advertiser
Nov. 1.

The proprietors are so convinced that once Bileans are tried they will be adopted in preference to all other household medicines, that they are willing to send a free sample box to all readers who send in this coupon with full name and address and a one-cent stamp to pay return postage. Address, Bilean Company, Colborne street, Toronto.

WHAT BILEANS CURE.

In all quarters where they have been tried Bileans are spoken of in high terms. They are a certain cure for headache, constipation, piles, liver trouble, indigestion and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, foul breath, dizziness, fainting, buzzing noises in the head, feelings of uncomfortable fullness after a meal, wind pains, anæmia, debility, summer-end "lag," etc. They improve the general circulation, and are a boon to pale-faced girls and weak women. For all purposes to which a household remedy is put Bileans will be found of excellent service.

Bileans are obtainable from all druggists and stores, 50c per box, or direct from the Bilean Company, Colborne street, Toronto, upon receipt of price. Six boxes for \$2.50.

Bileans for Biliousness

GET OUT THE VOTES IS NEW YORK CRY

Hughes and Hearst in Final Week With a Rush.

THE UP-STATE FIGHT IS HARD

Uncertainty as to Breaks in Party Lines Adds Interest to the Closing Struggle.

New York, Oct. 31.—Those trite sayings about "whirlwind finishes" and "girding of loins for the home stretch" and the like, lose their force when applied to the situation that confronts the voters of New York. "Burn up the town!" is the figurative command issued at the Hearst League headquarters with reference to the local end of the contest.

"Get out every vote!" was the quiet word of command sent to the country leaders from the Republican state headquarters.

No means within the range of political genius will be overlooked in the carrying out of the orders from the rival generals. As day follows day between now and the date of election the details of operation that have been held in reserve will be unfolded and it suffices to say at present that a period of unprecedented excitement and a series of possibly unparalleled sensations are in order.

WHERE DOES CONSUMPTION BEGIN?

That first little tickle becomes a cough, the cough grows severe, is neglected and travels down to the lungs. Trest throat trouble before it gets severe. Catarrh of the throat, allays inflammation, cures throat and bronchial trouble quickly. A marvel worker is Catarrh which prevents thousands of Catarrh victims from contracting consumption. Recommended by doctors, proved by time to be unfailing. Catarrh is just what you need. 50c and \$1.00, sold everywhere.

For their candidate. The time is approaching when the groups of bandwagon jumpers, who possess greater or lesser ability at the polls and generally decide which way to jump about the Saturday before election, form objects of serious consideration.

Instructions have been given to all the subalterns in the Hearst movement to talk nothing except certain and sweeping victory from now on. Max Ihmsen, Mr. Hearst's personal representative and campaign manager, gave the cue by issuing a statement declaring the fight for Hearst had been won and needs only the assurance of a fair count of the votes, following this with charges that Republicans are colonizing in the rural districts.

"We are receiving numerous reports of false registration up the state," declared Manager Ihmsen. "These cases are being investigated by local lawyers, and every effort will be made to prevent the polling of fraudulent votes on election day."

"Reports from Albany indicate that a vast system of fraudulent registration has been put into operation. Mr. Barnes is the head of the Republican machine in Albany County."

"The 15,000 signers of the state petitions are organizing themselves into a volunteer watchers' army."

William Barnes, jun., who for years has managed the up-state end of Republican campaigns and was at one time slated for successor to State Chairman Odell, denied the Ihmsen charges with respect to Albany County, with the brief statement that anyone who would attempt fraud on election day was a fool.

"There hasn't been any colonizing in Albany since 1894, when our organization captured the county," said Mr. Barnes. "There used to be colonizing, but we have been in power ever since it was stopped."

According to the talk today the Republican state leaders do not expect that Tammany will knife Hearst to any great extent, believing that Murphy has got to "make good." They do not think, however, that there will be any colonizing tactics adopted this year, it being taken for granted that Tammany's enthusiasm or intention to play fair with the ticket will not go that far. Sometimes, when Tammany has been especially anxious for victory as well as to "make good," colonizers have been run in by the thousands. The Hughes strength, the Republicans argue, will come mostly through the Democratic defection among elements removed from Murphy's influence and through the conditions in Kings County.

A remarkably good piece of politics has been played by the Hearst league in retaining David Bennett Hill to appear for it at Albany tomorrow before the court of appeals, which will hear argument on the decision of the appellate division throwing off the ticket many of Hearst's local candidates.

For years Senator Hill was the controlling force in Democratic state politics, continuing as such practically up to the time, a year or two ago, when he announced his intention of never again taking an active part. The recent Buffalo convention was the first Democratic state convention of years that he has not attended. His appearance in the Hearst league's legal contest, if it is taken as evincing his favor for the personal and political fortunes of Mr. Hearst, would be expected to have some influence with the old line Democrats who are breaking to Hughes.

The rival candidates for governor will finish their work up the state before the end of the week and return to make things hum in the greater city. When Mr. Hearst returns to town Thursday morning he will enter upon a programme that scarcely provides any time for sleep until election day. He will speak at the docks at noonday meetings and all over the city nights. He will wind up his remarkable fight in McCarran's stronghold of Brooklyn with the biggest kind of mass meeting, spectacular effects can produce on Monday night.

Mr. Hughes will strike the greater city a day behind Mr. Hearst, and he, too, will be on the jump day and night. He is scheduled for twelve meetings a night on Friday and Saturday nights up and down the whole length of the island on both sides.

There is an unusually heavy registration in many parts of the state outside of New York City and this affords some of the basis for the charges that are made. In many of the larger cities the registration exceeds that of the presidential campaign two years ago. Wherever this increase prevails it is taken as an indication of Republican advantage because the Republicans in the counties north of the Harlem have the only thorough organization, and an organization primarily gets its voters registered.

Many of the canvasses made in the country, tallying in several cases with reports from outside observers, forecast an even greater vote for Hughes than was cast for Roosevelt when he received a plurality of 175,000 for president. In many additional cases the local leaders promise that Higgins' vote for governor is certain to be exceeded. After discounting all these reports the Republican managers now are satisfied with the outlook for at least 130,000 to 140,000 up the state. If Hughes is to come to the Harlem with a plurality beyond that the managers say it will be idle to speculate on the landslide.

The Hearst managers also get reports from the counties in the country, but as they have not the means of making a man to man canvass that are possessed by the Republican organizations in every election district, they have to be content with predictions and judgments based on surface signs as their lieutenants view them. The Republican leaders in the country election districts have been impressed for

years with a regard for their responsibility in furnishing correct information whether it be favorable or unfavorable to their party. For many years the pre-election canvass has given a very close estimate of the actual vote of the several parties.

In the strictly rural counties the town and district leaders state with striking frequency, in the space devoted to "remarks" on their canvass report blanks, that they find many Democrats who are going to vote for Hughes, but have not heard of any Republicans who are going to vote for Hearst. Knowledge of this situation among the farmers is one of the main causes for the extra effort which the Hearst managers will make to break into the Republican ranks in the enemy's strongholds.

In several of the cities, however, there is a shift both ways—a strong tide setting toward Hearst on the part of Republican laboring men, but another tide setting to Hughes on the part of old-line Democrats. At this stage, with some of the canvassing still to be completed, it is impossible to tell accurately which is the stronger tide. Unbiased reports indicate that Republican pluralities are likely to be considerably reduced in the Susquehanna Valley counties along the southern tier and in the Mohawk Valley counties. But that this walling off will be neutralized by Democratic factional fights in Oswego, Jefferson, Cayuga, Wayne and Erie counties and by apparently assured Republican gains in the rural counties is most probable.

Elections, and especially elections of the character of one now agitating the state of New York, are never really won or lost until the ballots are counted. It cannot be told what sensations may be sprung and what they may accomplish during the next six days, but as matters stand there is nothing in the situation to change the judgment previously expressed in these dispatches—that Hughes is a strong leader in the race.

Money is a potent instrument and money may cut a figure still in the Hughes-Hearst contest. Money is a weapon both sides can use, however, provided they get their hands on it. There is ample evidence that money is going up the state in good-sized chunks this week. Reports are at hand of Democratic local leaders up the state who have more money in hand right now for use in the last days of the campaign and upon election day than they ever had before.

It is reported, but not so definitely, that the money is being distributed by Chairman Connors, of the Democratic state committee, and if that be so some real use has been found at last for the Democratic state committee in this campaign. As to where Mr. Connors gets the money he may have to disprove a question affording a good deal of speculation. One theory is that Mr. Hearst, seeing the need for having the election workers thoroughly or-

ganized, has chosen the Democratic organization as a distributing agency rather than leave the final financing of matters of his own league organization.

In spite of the professed paucity of funds in the hands of the central Republican organization, it is understood the Republican county leaders will have adequate means for getting out the vote. Anyway, the Republican leaders do not seem at all alarmed by what they learn of the tapping of a Democratic or Hearst barrel from some source. They are relying on their organized ability, with enough financial assistance to give it force, to bring to the polls the voters who have not been brought fifteen or twenty in a wagon over several miles of country roads on election days.

AN END TO BILIOUS HEADACHE.—Biliousness, which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and often manifests itself by severe headache. This is the most distressing headache one can have. There are headaches from cold, from fever, and from other causes, but the most excruciating of all is the bilious headache. Par-melee's Vegetable Pills will cure it—cure it almost immediately. It will disappear as soon as the Pills operate. There is nothing surer in the treatment of bilious headache.

Palladium has about the same degree of hardness as platinum. It may be easily rolled into sheets and it is usually found in commerce as thin sheets or foil.

Banns of marriage that had been published twice were published for the third time by the parish clerk's daughter at Ellington, England, on a recent Sunday morning. The vicar was away on a holiday and for some unknown reason no other clergyman came.

Not Sick, But Tired and Weak

You do not like to think that you are sick, but you lack the snap and vigor of other times. Not only are you weak bodily, but the vital organs are also slow and uncertain in action. The heart is weak, digestion is imperfect, the liver is torpid, the bowels sluggish, and the system run down in a general way.

What you need to start you on the way to health is a restorative, such as Dr. Chase's Nerve Food, to form new, rich blood, to increase the amount of nerve force, and instill new vigor into the whole body.

It is marvelous what this great food cure will do for a run-down human system, and what it does is not in the way of temporary assistance, but rather of certain and lasting benefit—because it actually builds up the system. Note your increase in weight while using Dr. Chase's Nerve Food, 50 cents a box, 50c and \$1.00, at all dealers, or Edmanson, Bates & Co., Toronto.

Pandora Range

SAVES FUEL AND HELPS TO PAY FOR ITSELF.

It is not the price you pay for a range which makes it cheap or expensive, but the fuel it consumes after you get it.

If you buy a range which costs \$5 to \$7 less than a "Pandora" and it burns a ton, or only half a ton of coal more in a year, what do you gain? Nothing, but you actually lose money, besides putting up with all the inconveniences, troubles and extra work which are a certainty with a poor range.

The "Pandora" is equipped with many fuel-saving features which are not found on any other range. Hot-air flues are constructed so that all the heat from the fire-box travels directly under every pot-hole and around the oven twice—every atom of heat is used, and only the smoke goes up the chimney.

Sold by all enterprising dealers. Booklet free.

OUR GOODS IN TRINIDAD

Agent Says Good Market There for Butter and Soap.

Ottawa, Oct. 31.—Mr. E. Tripp, commercial agent for Canada in Trinidad, says that shipments of butter from Canada compare favorably both in quality and price with the foreign article.

The agent mentions that there is a capital market in the colony for ordinary laundry soap.

Quite a trade in the shipment of cedar from Trinidad to England has recently sprung up.

Agent Jackson, at Leeds, sends a report on the condition of Canadian trade with Yorkshire. He says Yorkshire apples are arriving in the Yorkshire markets in large quantities and realizing good prices, on account of the excellent quality.

The fact that apples are now inspected under Government supervision before leaving Canada has given confidence to dealers, so that they do not hesitate to deal directly with Canadian apple exporters.

EMMA IN TROUBLE

Anarchist Goldman and Followers Held by the New York Police.

New York, Oct. 31.—Emma Goldman, five other women and five men, all of whom are alleged to be anarchists, and who were arrested last night for alleged violation of the section of the penal code which prohibits unlawful assemblies, for the purpose of overthrowing the Government, were arraigned in the police court today, and held in \$1,000 bail each for further examination.

Morris Berkowitz, who was arraigned on a charge of attempting to incite riot at the time the arrests were made, was sent to the workhouse for six months.

Advertiser Patterns

Designed by Martha Dean.

AN OUTFIT FOR THE BOY (4759-4760).

Clothing the boy is quite an item of expense if all of the young man's outfit must be purchased ready made. Furthermore, many a mother prefers to fashion the lad's clothes, and for her benefit the accompanying suggestions are given. The shirtwaist shown has shaped yokes and three boxpleats in front. The sleeve is finished with a narrow cuff to close with links. The collar may be made on the waist or the neck finished with a neckband for Eton or other linen collars. Linen, madras or flannel are the materials most used for boys' waists. The trousers are simply made and cut after the latest mode. Pockets on the side make the boy feel that he is a true descendant of his father and are very convenient. Slides are provided for the trousers, and for the medium size the pattern calls for 5-8 yard of 54-inch material. For the waist 2 1/2 yards of 36-inch material are used. Two patterns—4759, sizes 4 to 12 years; 4760, sizes 5 to 12 years. The price of these patterns is 20 cents, but either will be sent upon receipt of 10 cents.

PATTERN DEPARTMENT OF THE ADVERTISER.

Please send the above-mentioned pattern, as per directions given below, to

COUNT BONI BEAT HIS COUNTESS

Unfaithful Castellane Is Also Something of a Brute.

ALLOWED WIFE \$80 PIN MONEY

Used Anna Gould's Income of \$800,000 a Year in Frivolity and Extravagance.

Paris, Oct. 31.—The Castellanes' divorce case was heard this afternoon before M. Henri Dite, president of the tribunal of first instance of the Seine. Neither the count nor the countess were present. Maitre Cruppi, for the countess, pleaded for a divorce upon the documentary evidence submitted.

In an extended review, counsel declared that the countess, as the beginning of the suit, was not acting under influence, but solely for the purpose of ending forever the peril of the moral desolation of her household.

He explained the marriage contract, by which the regime of separation of property was established from the very beginning, and stated that the domestic difficulties arose over the question of money.

Ill-treatment soon followed, the count even striking the plaintiff before the servants.

When he reached the question of the indefinitely charged against the count, Maitre Cruppi did not mention names, or even initials, designating the co-respondent as "Madame A2," "Madame B," and so on.

Maitre Cruppi asked that the countess be given the custody of her three children. The court room was crowded, among those present being many members of the American colony. Counsel for the countess spoke for an hour and a half, and had not finished when the court took a recess. His presentation of the plaintiff's case constituted a complete and pitiful story of the wreck of her married life.

She was only twenty when she was married in 1895, and Cruppi asserted the happiness of the honeymoon was disturbed on their arrival in Paris by the count's demands for money. The countess' income was then \$700,000, and the count allowed her \$80 pin money.

By 1899 the countess' interests were so heavily compromised by the count's extravagance that it necessitated a family meeting in New York, and the appointment of a legal trustee. But the difficulties regarding money were unceasing, and in order to obtain funds the count pawned or sold at ridiculously low prices the most costly objects.

When the countess protested the count abused her in the presence of the servants, and when she declined to attach her signature to documents he frequently pinched and sometimes struck her, the first time being four months after their marriage.

In the course of the pleading Maitre Cruppi protested against the 'mail-clothes' reports in regard to the countess' intentions, and announced that she would leave France for America immediately after a divorce is granted her.

In recounting the count's infidelity, the first instance cited by counsel was that of a married woman, described as "Madame A2," in 1898. The correspondence was conducted through M. Morel, the count's secretary. The countess accidentally discovered at the Castellane chateau a packet of love letters, and when she protested the count struck her. The countess eventually placed the letters in the custody of a lawyer.

Maitre Cruppi read the passionate extracts of one of the love letters, fixing a rendezvous at Dijon. Counsel also detailed two liaisons with "Madame B" and "Madame C," whom the count met in apartments which he rented in different parts of Paris.

After recess Maitre Cruppi read from a notebook kept by the cook of one of these apartments, giving brutally plain details of what counsel characterized as "an unpardonable offense against the countess."

He also recounted the liaison with "Madame C," whose maid mounted guard and signaled from a window when the count was clear.

But the count's love affairs were not confined to ladies of society. They included numerous other ladies, the reading of whose letters created merriment in court.

Maitre Cruppi said that the count's defense would probably be that, being young and rich, he could not protect himself against the assaults of love-sick women.

In the face of the overwhelming evi-

DIAMOND DYES Are Used By All Wise and Economical Canadian Women.

Failures in home dyeing are caused by the use of imitation and adulterated package dyes which are ruinous to good materials and dangerous to health. Ladies who value their garments and materials should never risk imitation and worthless package dyes. The colors of such dyes are always muddy, blotchy and lifeless. Storekeepers sell such trashy dyes simply because of the large profits they bring, and care little for the trouble and vexation these common dyes cause to the women who use them. Diamond Dyes are the only successful, pure, fast and brilliant dyes sold. The Diamond Dyes have a wonderful record of triumphs and successes, and have no equals in the world for easy and profitable home coloring.

As there are merchants who sell inferior and adulterated package dyes, insist each time you buy that you are served with the Diamond Dyes. See that each package bears the words, Diamond Package Dyes. Send to Wells & Richardson Co., Limited, 200 Mountain Street, Montreal P. Q., for valuable Dye Book and Card of Dyed Samples. Free to any address. 33-11

dence submitted Maitre Cruppi declared his opponent could not expect the tribunal to ask for the summoning of witnesses. The final rupture came the day after the famous entertainment of King Charles of Portugal, Dec. 12, 1905. The count insisted that they, the count and countess, go to a shooting party given by a noble lady, of whom the countess had cause to complain, and when the count became enraged at the countess' refusals, she abruptly announced her intention to separate from him, and began legal proceedings.

Counsel placed at \$5,000,000 the total of the count's expenditures preceding the appointment of a trustee. At one time there was a seizure of their property in a suit for the recovery of a debt amounting to \$225,000.

Maitre Cruppi had not finished his presentation of the case when the hearing was adjourned until next week.

DIVIDE BLAME FOR RIOT DEATHS

Coroner's Jury at Buckingham Declare Both Sides Guilty—Arrests to Follow.

Ottawa, Oct. 31.—The sensational inquest at Buckingham, arising out of the riots, in which two strikers, Belanger and Theriault, were killed, came to an end tonight, and the jury returned a sweeping verdict, which will be followed by a number of arrests tomorrow.

The verdict was: "We, the undersigned jurors, declare that we find that Thomas Belanger and Francois Theriault came to their deaths in the town of Buckingham, in the district of Ottawa, on Oct. 8, 1906, being killed in the course of a riot by Frank Kierman, John C. Cummings, both of the town of Buckingham; Pierre Picard, of the city of Montreal; Roy Engram, presently of the town of Buckingham; W. W. Warner, presently dead, and the other constables shooting at them in such circumstances that they should be sent before a criminal court.

"We find that Albert MacLean and Alex. MacLaren, both of the town of Buckingham, are guilty of their deaths in bringing in those men, and should go before a criminal court. We also find Adelard Hamelin, Hillaire Charrette, John Baptist Clement, Cuibert Bastien, George Robinson Croteau, all of Buckingham, and many others, are guilty in that they accompanied those men in this riotous assault, in which they met their deaths, and should be sent before the criminal court.

"We also find that Dr. Alex. Rodrigue, of Buckingham, is more guilty than any other of the magistrates of the town, in that he anticipated serious trouble and neglected to do his duty, and that he, too, should go before the criminal court.

Two jurors, Moise Goulet and Janvier Hamelin, do not agree. It is understood that these two men are related to strikers. The coroner, Dr. McMahon, of Montreal, spoke for over an hour, making a strong charge to the jury, and condemning both sides to the riot in no mild language.

Detective McCaskill is on hand ready to execute the necessary warrants, and the prisoners will probably be brought to Hull tomorrow.

CHARGED WITH CHEATING

Unusual Case Comes Up in the Toronto Police Court.

Toronto, Oct. 31.—The first information ever laid in the Toronto police court for cheating at a game of cards was sworn out before Magistrate Denison today. The defendant, Samuel Cohen, was arrested and brought into court.

The charge alleged that Cohen did, with the object of obtaining money by fraud, cheat, while playing a game of cards.

The man who took action in the case was Benjamin Welly. He was playing cards with Cohen and several others on Monday evening, and the prisoner won about \$50 from his friends. After the conclusion of the game Welly discovered that Cohen's luck arose from the fact that the pack of cards with which they were playing were marked. He sought advice, and the result was that Cohen's arrest followed.

Any person convicted of cheating at cards is liable to a fine of \$50 and costs or three years' imprisonment.

DISMISSED THE CASE

Motion of Halton County Men Against Farmers' Bank Disposed Of.

Toronto, Oct. 31.—The motion of John Sproat and other Halton County farmers against the Farmers Bank for the appointment of a receiver for the bank on the grounds of alleged misrepresentation in securing stock subscriptions, was finally disposed of this morning, when Mr. Justice Anglin dismissed the action. This case has had some rather extraordinary features. Mr. W. R. Travers, the manager of the bank, in an affidavit, directly accused Mr. William Laidlaw, K.C., of approaching him with a view to being made solicitor of the bank. Nothing having been done in the matter, Mr. Travers said Mr. Laidlaw met him on the street and said he was in a position to make trouble. Mr. Laidlaw gave the newspapers of Toronto a statement, denying the allegations contained in the affidavit of Mr. Travers. Today, however, nothing had been filed by Mr. Laidlaw, and the action was accordingly dismissed.

PHILLIPS IN COURT.

Toronto, Oct. 31.—Joseph Phillips, late president of the York County Loan and Savings Company, appeared this morning in the court of general sessions before Judge Winchester, charged with conspiracy with intent to defraud in connection with the List Piano Company. He pleaded not guilty. The case was traversed to the December sessions and bail was renewed.

RED ROSE TEA

"Through all the room From flowery tea exhales a fragrant fume."

"IS GOOD TEA"

St. John, N. B., the home of Red Rose Tea, imports more Indian and Ceylon Teas than any other city in Canada. Test Red Rose Tea in the teapot and you will help increase the imports.

The Blue Label is especially recommended. Prices, 25c., 30c., 35c., 40c., 50c., and 60c., in lead packets. Black, Green, and Mixed.

T. H. ESTABROOKS, St. John, N. B. WINNIPEG. TORONTO, 3 Wellington St. E.

Twenty-Five Per Cent Better and Still Climbing

It's very gratifying to us as we look over a week's sales to find them 25 per cent ahead of same period of last year. Reliable goods at fair, honest prices have much to do with our continued success. We will not offer you \$15 suits and overcoats for \$10. We think too much of our reputation and your goodwill. But we have some of the best values in SUITS AND OVERCOATS at \$10, \$12 and \$15 that we have ever shown, and the way they are moving out and the many repeat orders we have already sent to our factory proves more and more that this is "the home of good clothing" at right prices.

MEN'S OVERCOATS

Black beavers, chevrons in black or plain gray, and dark shadow stripes. The long coats, with velvet collar and deep center vent, also the 3/4-length.

\$7.50, \$8.50, \$10 and \$12

MEN'S OVERCOATS

Rich black meltons and beavers and vicunas, gray and mixed chevrons, satin lined, silk-velvet collars, in 3/4-length or the extreme 52 and 54 inch, French backs, paletots, the new Prussian double-breasted drivers, etc.

\$14, \$15, \$16, \$18 and \$20

Boys' Overcoats

Sizes 20 to 28

Mothers will find just what they are looking for in our large assortment of Hudson Bay Corduroy, fancy trimmings, in brown and fawn, Fancy Golf Coats, wide skirts, for boys or girls, Russian and Buster styles, in blue, black, brown, fawn, etc.

\$3.50 to \$6.50

Boys' Overcoats

Sizes 29 to 33

Long Black and Gray Chevrons, S. and J. B. Tweeds, velvet collars and deep center vents, made just like the men's.

\$4.95 to \$10.00

See our Special Boys' Long Overcoat, black chevron and gray chevron, 29 to 33, at \$4.95

\$1.00 to \$6.00

MEN'S TROUSERS—A large and excellent assortment. Penman's and Stanfield's Underwear, all sizes. Everything in Up-to-date Men's Furnishings.

SNAP-SHOTS AT VARIOUS SPORTS

Colonel C. 2:14, should be credited to Belsire, 2:18, in the list of new standard performers giving that son of Electioneer two new ones. Belsire is now owned by G. J. Fitzgerald, V. S., of London, Ont., and, as the greatest son of Electioneer that has ever done stud service in Canada he should do much towards adding to the progression of harness horse speed in that country.—Horse World.

Ice racing has become so popular in Canada the past decade as to attract attention at every point of the compass in the light harness horse kingdom. The earning capacity of a trotter or pacer has been greatly increased by winter racing, hence the old campaigners are getting ready for the big stake events and class races at Ottawa, Montreal, Belleville, Peterboro, Lindsay, Port Perry, Orillia, Barrie and other favorite Canadian cities with the dawn of the New Year. Ottawa is regarded as the Lexington of the north. Thousands of dollars are wagered there during an ice racing carnival, with excitement at high water mark from start to finish. It is a grand place to visit in winter. The fields are always large, especially in the rich stake events, and the fortunate owner of a winner can win as much gold, if he backs his opinion, as at any meeting down the Grand Circuit in summer.

The Attel, the Californian, who is conceded the feather-weight championship, defeated another good one the other night, when he earned a decision over Harry Baker. Although the crowd tried to start a riot when the decision was announced, it is safe betting that Attel had the bout on points. A clever little man never stepped into the squared arena, with the possible exception of George Dixon. The little Hebrew is a wonder at blocking punches, and delivering wallops without receiving counters. Abe made Nelson look like a selling plaster in a six-round affair in Philadelphia a year or so ago.

Jack and Maurice Follinsbee, the two crack university athletes, are said to be thinking of trying their luck at the long-distance game. Beyond doubt the speedy runners would make good if they decided to go into the Marathon sport.

The Y. M. C. A. will hold its annual road race on Nov. 10, starting from the association building on Wellington street. In addition to a beautiful silver cup there will be six or more other prizes given. Only members of the Y. M. C. A. will be allowed to compete.

Hackenschmidt, the big wrestler from the Czar's domains, says that Frank Gotch, the American wrestler, is a bluffer. The Russians showed that they were pretty fair bluffers, too, in that little set-to with the cream of the Mikado's cemetery fillers.

The Ottawa hockey players are to be put beneath the microscope, and their pedigrees analyzed. 'Tis said that the bunch includes many rude professionals. Clean 'em up rightsky, Stark. If an athlete would be a pro, let him be man enough to come out and say so. This gum-foot game is a constant menace to good, clean sport.

The Ontario Rugby Union sub-committee has arranged the following games in the junior series, for next Saturday: Hamilton Rough Riders at Galt, St. Michael's at Oshawa, Trinity and Tammany's sudden-death, for championship district No. 5.

The winners of Tammany's and Trinity's will likely play off with St. Michael's, Oshawa, Nov. 10.

The winners of Galt-Rough Riders' series play Hamilton Y. M. C. A. in Hamilton Nov. 10, and the winners will play the champions of the Petrolia-Parkhill-Sarnia group in London, Nov. 17.

The winners of the Eastern and Western groups will meet in the final game for the championship in Toronto, Nov. 24.

In the intermediate O. R. F. U. the champions of the Toronto district meet the winners of the Dundas-Hamilton series in the finals in the home-and-home games, Nov. 17 and 24.

In the primary series St. Michael's, champions of Toronto City League, and the champions of Hamilton and Peterboro leagues, will fight it out for first honors—on or before Nov. 24.

Willie Hoppe proved conclusively that he is the premier 18.1 billiard player of this little globe of ours, when he trimmed "Wizard Schaefer" by a comfortable margin in New York. However, the old man apparently has it on the kid in the 18-2 game, for he trimmed Hoppe up at that style of play on Tuesday.

The Argos think they have a chance with the striped ones from Blufftown next Saturday. Here's luck, Argos. We couldn't trim the Cubs, but we have no objection to having the parent Tigers walloped. Help yourselves—you have our full permission. SOUTHPAW.

THE RING.

FIFTEEN-ROUND DRAW.

Boston, Oct. 31.—Dave Desher, of Cambridge, and Amby McGarry, New York, faced each other for fifteen rounds at the Lincoln A. C., Chelsea, last night. The bout was declared a draw. Desher had the advantage in the first part of the contest, but appeared tired towards the end, and was unable to land on his opponent.

WILL FIGHT NOV. 15.

Chicago, Oct. 31.—The date for the fight between Jimmy Gardner, the crack Lowell, Mass., welter, and Jack Dougherty, has been set for Nov. 15 before the Davenport (Iowa) Athletic Club. Gardner has been called home from Chicago by the illness of his wife, but before leaving he signed articles, and the promoters are not worrying over his appearance. In the meantime Dougherty is going through some strenuous training in preparing for the battle. It has been hinted that Jack did not over exert himself for his fights with Walcott and Sullivan when he was knocked out, but he is leaving no stone unturned this time.

THE TURF.

OXFORD BEATS ROSEBORN.

New York, Oct. 31.—Oxford, an outsider in the betting, and ridden by Miller, won the Richmond handicap on a heavy track at Jamaica today. Jacobite finished second, but was disqualified for fouling Roseborn, which seriously interfered with the chances of the great sprinter. Roseborn was placed second. In spite of the impact of 148 pounds Roseborn was none a 5 favorite, and led into the stretch where Jacobite moved up and bumped him into the fence. Jacobite then took the lead, but Miller brought Oxford up with a rush and won by half a length. C. E. Durnell has bought the colt Neilson from Barney Seneca, the reported price being \$15,000.

WINNERS YESTERDAY.

At Jamaica—Rush, 11 to 5; Lotus, 4 to 5; Purslane, 7 to 10; Oxford, 10 to 1; Leonard, Joe Hayman, 9 to 10; Berkeley, 15 to 1.

At Latonia—Surrey Top, 5 to 1; Tanager, 7 to 10; Tartan, 5 to 1; Plea, 12 to 1; Tom Dolan, 6 to 5; Merry Belle, 40 to 1.

ATHLETICS.

THE PRO INVESTIGATION.

Toronto, Oct. 31.—President Stark, of the C. A. A. U., will be unable for a week at least to take any action in reference to the investigation of the charges of professionalism, preferred against several eastern players and clubs.

The secretary's report of the last meeting and books have not arrived

from Montreal, and until they arrive the matter will have to stand.

Then a committee will have to be selected from the board of governors and reports of the charges received, so that in all probability it will be several weeks before any definite action will be taken.

The president is determined that the matter will be probed into thoroughly and carefully, so that any action taken by the union will be in the best interests of amateurism.

JOE GANS CAN'T KEEP

AWAY FROM "BOOKIES"

"Young" Corbett was discussing Gans recently in New York and told a story of the inveterate gambling habits of the negro lightweight.

The pair were training at San Francisco, Corbett being matched to fight Nelson. Gans was with him on the road one day when the colored man stopped short and laid his hands on Corbett's shoulder.

"Billy," he said, "I've been fighting for fifteen years, off and on, and I haven't got one round, hard, thin dime. How much have you got?"

"Well," answered Corbett, "I've got just about one dime. Want it?"

Gans ignored the offer.

"Billy," he continued, "we're a pair of fools. You hold on to what I get next time out. Let's cut the book-makers."

"Come on, and run," laughingly said Corbett.

After the fight Gans and Corbett were in the latter's hotel. Corbett pulled out the money that had been handed him and counted out \$300 for Gans.

"Take this, Joe, for training me," he ventured.

"Billy," replied Gans, "I had a bet down on you—or, rather, Herford had a bet down, and he declared me in. We lost, and you got the small end of the purse. I'm broke, but that's no reason that I should take the money. You keep it and don't monkey with the ponies."

Corbett insisted on Gans taking the coin. Next day he was over at the races, and running down to the betting shed, spied Gans looking around.

"What are you looking for, Joe?" he asked. "Lost anything?"

"Willie, ah's looking for even money on this skate. It's a sure thing."

Corbett after telling the story, remarked, "And that's Joe Gans—the whitest black man that ever lived."

WILL MEAN END OF ROWING CLUB

Professionalizing of Men at Ottawa Will Put Oarsmen Out of Business.

Ottawa, Oct. 31.—Should the C. A. A. U., after its forthcoming inquiry, decide to professionalize the men who have played senior football and hockey here during the past year, it will end the career of the Ottawa Rowing Club senior four, which has had such great success for the past couple of seasons. This is considered in Ottawa about the only regrettable feature of the latest sporting upheaval, as, should all the football and hockey men be placed under the ban, Pulford, Phillips and Pabst will have pulled their last oars as amateurs. Haycock, the other member of the crew, is connected with no other branch of sport than rowing.

The Ottawa four in 1905 won the Canadian junior championship, and in the past summer the intermediate championship at the Canadian Henley Middle States regatta at Washington. The ultimate object of the rowing club was to send a crew to England for the Henley regatta, and only this fall two eights were purchased.

But, if the foremost athletes of the city are declared professionals it will put a crimp in rowing in the capital for many years.

CARLISLE LEADS EASTERN TEAMS

Indians Have Scored More Points Than Any Other Big Football Aggregation.

New York, Oct. 31.—The Carlisle Indians lead the eastern teams in number of points scored, and they were the "feature" of last Saturday's games by their decisive defeat of Pennsylvania. It was the worst defeat of one of the so-called big four by a team outside of that charmed circle of modern times. Lafayette's scoring machine continues to produce good results. With only five games played the Eastonians rank fifth in total points. Cornell, with seven games, is second to the Indians, with Princeton third and Pennsylvania fourth. Yale, with one game less, has scored fewer points than any of the big university elevens; but, on the other hand, the Blue's list of games shows not a contest in which the Ells have not scored at least twice. Princeton has scored but once in three games, Harvard in two and Pennsylvania in three. Cornell has scored only once in one game and has been shut out in one. In the matter of no scoring by opponents, every eastern team has fallen by the wayside except Yale and Dartmouth. There have been discouraging moments in some of the games played by these two, but it also is discouraging to opponents to feel that they are up against a defense that has not permitted of scoring.

The Army and Navy are in the same boat in the matter of defense. Each has been scored on only once, and five points are all that have been made by their respective antagonists. Only Harvard has been able to get across the Army's goal line, and that because of lack of vigilance by an official, and only Princeton has been able to invade the territory back of the Navy goal. The Fordham eleven is one of those which have been scored on only once, and the New Yorkers after beginning with a defeat have been tacking up the points in wholesale lots.

FOOTBALL.

SARNIA WILL DEFAULT.

Sarnia, Ont., Oct. 31.—The Sarnia football team will default the game next Saturday to Parkhill, the team having disbanded for want of finances. This gives the district of the O. R. F. U. to Petrolia, having won three and lost one game. Had Sarnia played and won from Parkhill Saturday they would have tied Petrolia in the district. Sarnia citizens are slow in supporting winning sport.

PULFORD DESERTS.

Ottawa, Oct. 31.—A sensational turn was given the football situation today when Harvey Pulford, of last year's Rough Riders and a member of the champion hockey team, turned out with St. Patrick's, and will be in the line-up against Montreal on Saturday. It is said that the Rough Riders had something to do with influencing Mr. Pulford, hoping that he will help defeat Montreal and give the Rough Riders another look in on the championship.

QUAIL SHOOTING OPENS NOV. 1.

Use our Hand-loaded Smokeless Shells and get a good bag. Shells loaded to suit your gun with DUPONT EMPIRE SCHULTZE INFALLIBLE BALLASTITE Smokeless Powders.

Distinctive Fall and Winter OVERCOATS AND SUITS

\$6.50 to \$25 FOR SUITS
\$6.50 to \$75 FOR OVERCOATS

On that one word—distinctive—hinges much. It marks the difference between Grafton-made garments and others—a difference that was evolved gradually and step by step.

Grafton's distinctiveness is real and visible. It is the thing that clothing makers have been striving after for years. But it has its full accomplishment only in the finished products of those master craftsmen and skilled tailors whom we have assembled in our own factories.

Our new models for fall and winter at once stamps the wearer as well dressed. Take for instance the garments at ten to twenty dollars.

The overcoats are fashioned in black and Oxford gray, and conform to the strictest standard of good taste as to length and lines. Some are serge-lined, others silk-lined and self-faced, still others are silk-lined and faced to the edge. Then those very natty "Goodwood" overcoats, 46 inches long, are shown in fine assortment at Ten, Twelve, Fifteen to Twenty Dollars.

The suits comprise black Thibets, black and blue unfinished worsteds, blue serges and fancy effects in great diversity, fashioned in medium and long "Goodwood" models to accord with the sober tastes of mature years, as well as to meet the more pronounced style ideas of young men.

Nor would our mission be performed if we limited our performances to those prices. So we stand ready to serve you with overcoats anywhere between \$5.00 to \$75, including the highest-grade fur-lined.

Last January we we put our buyers on the open market to select our winter underwear for 1906-07. We have always been in a position to buy direct from the foremost mills both in England and Canada, thus saving you the wholesalers' profit. The point is this: Our stock has been bought and placed in our various stores in Canada, and the prices are about the same to you as ordinary retailers have to pay for their winter underwear.

We would advise you to call at our store and make your selection as early as possible. The following will give you an idea of some of the special values we are showing this season:

Men's Fleeced Underwear

All sizes from the smallest to the largest man. Qualities that are extra value at 50c. Special..... 39c

All sizes in this line, all-wool fleece in nice dark colors in extra heavy weight. Special value at 65c. Our price..... 50c

Boys' Clothing and Furnishings at Little Prices

Let this message be brief and to the point. We have overlooked nothing the boys require. Nor have we forgotten for a moment that boys like to be as correctly attired as their brothers and fathers. Therefore, the fashioning of these wearables is beyond criticism—unassailable.

LOCAL MARKET.

Thursday, Nov. 1.
The market today would compare favorably with the majority of the Saturday markets, as the attendance was far above the average for a Thursday. The farmers are unable to do any plowing owing to the wet condition of the ground, and for the same reason can't get what root crop there is in the ground. This no doubt accounted for the large attendance at the market today. The feature of the day's business was the slump in the prices of oats and dressed hogs.

There was a large supply of oats and prices took a slump. Sales were made at \$1.15 in the early part of the market; later on most of the loads sold at \$1.08 and \$1.10 per cwt. Beans sold at \$1.25.

Hay and Straw—Hay was not as plentiful today as was expected. There were 17 loads of hay on the stand. Sales were brisk, and more could have been sold. Prices were firm at \$12.50 to \$24 per ton. Straw was in demand at \$8 to \$6.50 per ton.

Butter and Eggs—Butter sold quickly at 25c for crocks, and 24c to 25c for choice pointed rolls in wholesale lots. Eggs were scarce at 23c for crates and 24c to 25c for smaller lots.

Fruits—Apples were a drug at 40c to 50c per bushel or 45c to 50c per bag. Quinces sold at 45c to 50c per bushel. Pears were dull at 55c to 60c per bushel. Grapes sold at 30c per bushel.

Poultry—There was quite a large quantity offered. Sales were brisk and the following prices were most frequently paid: Dressed chickens sold at 10c per pound; one extra fine lot sold at 11c; alive, 8c was paid for the ordinary run. Some choice lots went as high as 9c per pound. Ducks sold at 10c per pound dressed or 7c to 8c per pair. Geese are dull; not much sale for them at present. The few offered sold at 90c to \$1.25 each. Turkeys are slow at 12c to 14c per pound.

Vegetables and Roots—Potatoes are plentiful, as there were nearly 40 large loads offered. Prices ranged at 80c to 90c per bag, according to quality. There is an eager feeling for the prices of potatoes. Tomatoes sold at 30c per basket.

Dressed Hogs—There was a large number offered. Prices were lower at \$7.80 to \$8.40 per cwt. Butcher's Meat—Beef was slow at \$11.50 to \$16 per cwt. Lamb, 11c to 11 1/2c per pound. Veal, scarce, at \$8 to \$9 per cwt.

DAIRY MARKETS.
PICKTON, Oct. 31.—Eleven factories boarded 455 cows and 230 white cheese; highest bid, 15 1/2c.

WOODSTOCK.
Woodstock, Oct. 31.—Offerings on the cheese board today were 4,000 boxes, half colored; sales were made at 12 1/2c for white and 12 1/2c for colored.

Johnston Bros.' XXX Bread Is The Choice

of all housekeepers who aim to provide the best and purest food for the home table. Johnston Bros.' XXX Bread is made in the best way of carefully selected materials. Ask for it.

JOHNSTON BROS. Phone 818
LONDON AND DISTRICT

—Rev. T. B. Howard, of Brantford, was the guest of relatives in this city on Tuesday.

—Mrs. J. N. Elliott and daughter, Gertrude, of Davidson, Sask., are visiting Mrs. Elliott's sister, Mrs. H. Elms, 714 Colborne street.

—Mrs. T. A. Mara is in Toronto attending the marriage of Miss Violet Crowther to Mr. William Mara at 150 St. George street.

—Professor Hewlett's organ recital will be given tonight in Adelaide Street Church, with Mrs. Calder-Leonard in several solos. The choir will assist.

—Mrs. George E. Field who has for some time past been in charge of the postoffice at Napier, Ont., has been removed to Strathroy, and Mr. J. J. Ross has been appointed to succeed her at Napier.

—A very successful concert was given in Chalmers Church on Tuesday evening before a large audience. The programme was provided by talent connected with the edifice, assisted by a few outside friends. The church was nicely decorated by a committee of workers under the direction of Mrs. James Pirie.

HALLOWEEN QUIET.
The youngsters of the Forest City entered into the spirit of Halloween with a zest, and although there were many mild capers by the kids last evening there were no depredations committed, not a single complaint being registered at the police headquarters. The bluecoats were distributed

Watch Repairing

DOUBTFUL IF NIAGARA POWER WILL BE DELIVERED IN LONDON

Aldermen Discuss Question and Also Municipal Ownership Scheme.

Mayor Judd's message to the council respecting municipal control of the gas, electric light and street railway plants, and the government of the city by a commission, came before No. 3 committee at its regular meeting last evening.

Before devoting much time to the matter, however, the committee, on motion of Ald. Booth, decided to instruct Chairman Matthews to wait on City Solicitor Meredith and ascertain if the city has power to expropriate the gas, electric and street-lighting plants when the gas company's franchise expires; what power is possessed by the city in view of the act passed at the last session of the Legislature in respect to electric companies; if the Commtee act applies in the case of the city securing power from Niagara and distributing it; and if it will be necessary for the city to own the present London electric powerhouse in order to supply citizens and the street railway with light and power from Niagara.

First Find Cost.
Ald. Matthews said the first move on part of the city will be to find out what figure 10,000-horsepower from Niagara can be obtained. This amount is being sought for London. "I don't consider the city would need to buy the electric plant at any price," said the chairman.

It appears to me to be nothing more than a plan to unload the plant on the city," said Ald. Booth, who then suggested that the chairman should confer with the city solicitor. "Why should we negotiate with these companies when we are inquiring about Niagara power?" he asked. "If we got the power from the Falls, these plants would be absolutely worthless to us. It seems very strange to me that in the beginning of the year the council should give the gas company power to increase its stock, and then have a move started to turn about and purchase it. If the city wanted to buy the gas plant, why didn't it start to negotiate before now, when the additional stock will have to be bought?"

Will Offer to Sell Out.
Ald. Matthews declared that if London gets electric power from Niagara, the two companies now doing business here will come to the city and offer their plants for sale.

Ald. Stevenson agreed with the

chairman, saying that the same thing had occurred at Winnipeg. When a move was made there to bring power from a distance, the price of power charged by the local concerns dropped from \$60 per horsepower per annum to \$18.

Ald. Matthews replied that if Niagara power delivered in London will cost more than at present, it certainly will never come.

"Well," said Ald. Stevenson, "you can bank on it that it will never reach London."

The matter then dropped.

Inspectors Have a Kick.
Messrs. Harry Turner and Martin Morikin, street watering inspectors, waited on the committee, and entered a protest against being allowed only half pay since Oct. 2 (as decided by Engineer Graydon), because very little watering was done. They claimed that although a reduced amount of watering was possible, owing to the scarcity at Springbank, they had to spend almost as much time in following their duties, reporting four times a day to the engineer.

"I want full pay or nothing," said Mr. Turner. "If the aldermen want to keep one-half of my wages, they can have every cent of it."

The committee will pay both inspectors in full.

Contractor Robinson objected to a reduction of \$10 from his last street watering account. The other contractors, he said, had only been deducted \$6 for the "dry" period. The matter was left for Mr. Robinson to thrash it out with the city engineer.

Laid This Over
The committee did not care to wrestle with the question of converting the east end town hall into a market house and purchasing the adjoining property on Dundas street for market purposes. It was felt that it would be a waste of time at present, as the committee is not in a position to buy a site for a new fire hall and to erect a building. For this reason it was considered wise to report "pro-tem."

A report by Engineer Graydon showed that \$130 will be struck from the London Electric Light Company's account for October. In one section of the city the lights were out for an entire night.

The protest of the Trades and Labor Council against the alleged sale of short-weight butter on the part of the London Electric Light Company's account for October. In one section of the city the lights were out for an entire night.

Banking Facilities

Are so indispensable to the modern business man that he would not dream of trying to run his own business without a Bank Account.

The old way of counting out silver and paper currency to pay bills belongs to the dark ages. Mistakes were made and disputes arose, both about payment and amount. Now he writes a cheque for the sum, which is indisputable proof both of the payment and the amount. Ladies are shown special courtesy.

THE NATIONAL W. C. T. U.

Roosevelt Asked to Declare Liquor Traffic a Menace to U. S.

Hartford, Conn., Oct. 31.—With jubilee exercises given by the presidents of the state organizations having made a net gain in membership, the national convention of the Woman's Christian Temperance Union, which has been in session here since last Friday, was brought to a close tonight.

In point of numbers and volume of business transacted the convention was easily one of the most interesting in the history of the organization.

The adoption of a number of resolutions, among them one asking President Roosevelt to mention in his annual message to Congress the liquor traffic as "one of the evils that menace our nation," together with a number of other recommendations of various interests, was among the important features of the day's proceedings.

At the morning session a resolution deprecating mob law and lynching, and calling for Government protection for all accused persons until justice is meted out by the courts, was passed.

Another resolution was adopted requesting President Roosevelt to instruct the delegates to the second international congress to favor the recommendation of the international union that The Hague conference be given a more permanent influence in the organized functions of diplomacy.

WORMS CAUSE REVERIES, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant sure and effective. If your druggist has none in stock, get him to procure it for you.
