PRICE, TWO CENTS

LEADER OF GERMAN INDEPENDENT SOCIALISTS IS SHOT

TURKISH NATIONALISTS FORM GOVERNMENT; MAKE PROMISE OF PROTECTION TO ALL PERSONS

Proclamation Issued From Asia Minor City Demands Application of President Wilson's Principles to Turkey—Will Resist Foreign Intervention.

Paris, Oct. 9.—A Turkish Nationalist Government has been constituted at Konia, Asia Minor, according to Smyrna dispatches, and has issued a proclamation promising safety to lives and property of all persons without distinction of race and religion; demanding the application of President Wilson's principles to Turkey and declaring the supporters of the Government will fight to the death to resist foreign intervention.

LABOR TRUCE IS PROPOSED FOR THREE MONTHS

Resolution Offered at Washington Conference Would End All Strikes.

Washington, Oct. 9.—An immediate industrial truce, to continue three months; creation of an arbitration board by the president and Congress, and immediate arbitration of the nation-wide steel strike, were among proposals made today to the industrial conference here. The first two were presented by representatives of the public, and the last by the labor group.

Washington, D. C., Oct. 9.—A national labor truce to continue three months was proposed in a resolution offered at the industrial conference today by Bernard Baruch, chairman of the delegates representing the public. All strikes and lockouts would be suspended for three months, it was proposed, and the steel strike was proposed to be arbitrated by President Roosevelt.

ADVISES OCCUPATION OF CITY OF FIUME BY ITALIAN TROOPS

Council of Ministers Suggests That Such Action Is Advisable.

Rome, Oct. 8.—Occupation of Fiume by Italian regular troops is suggested by the Italian council of ministers, pending a decision by the peace conference as to the disposition of the city, according to the Epoca. The newspaper says that this solution of the problem conditional on Italy being given a mandate to supervise the administration of Fiume under the League of Nations.

Nothing but Gold; Just For Looking

And Who Wouldn't Do Some Looking To Share in a Prize List of \$2,750?

What's the matter with father—He's all in—Counting mother's circles—She's bound to win!—Sister Sue is at it too—This is all they seem to do—In The Advertiser Contest—They're bound to win!

The attention of Advertiser readers is called to the announcement in another part of this issue of the most novel contest yet introduced to the reading public. The advertiser can always be counted upon to be "the first with the latest," and this new feature has certainly made a big hit. Accuracy and patience are the only essentials necessary to arrive at the correct solution. There are no tricks or jokers to be sprung later. The chart appearing in The Advertiser is the same. There is only one chart, and because it now appears lengthwise in the advertisement, some of our contestants are under the impression that it is a different prize. It will contain the same number of circles the last day as it did the first. The rules of the contest, and the manner of distribution of the prizes are also clearly set forth in the chart.

Nothing but cash will be distributed to the winners. The value of the prize list is \$2,750, and the maximum value of the first prize is \$864 in cash. In all, 50 prizes will be awarded. A feature is the dividend plan under which contestants can grade the value to suit themselves. For instance, the first prize winner sending in a solution and including \$2 for a subscription to The Advertiser, will receive \$240, plus \$20 for each new subscriber, not to exceed five, making a total prize of \$840. If \$12.48 is sent in, the value of the prize, under the dividend plan, will have increased to \$864.

Study the plan carefully, and then get busy with your pencils and count the circles. There is money enough in it to make it worth your while. When The Advertiser sought to further the interests of its readers, and increase its circulation, it decided to adopt something that afforded an equal opportunity to all who entered the competition. The chart was prepared by a student of mathematics, with care and accuracy, but it takes no great mathematical skill to solve the problem. There is a correct solution. It can be obtained. Somebody will find it and receive a splendid reward. Remember, all money sent in goes to the credit of your subscription.

HOD ELLER AND LEFTY WILLIAMS TO PITCH TODAY

Weather Forecast Makes It Uncertain Whether Game Will Be Played.

BOTH TEAMS CONFIDENT

White Sox Fired With Enthusiasm for Eighth Battle of Series.

GAME WILL BE PLAYED. Comiskey Park, Chicago, Oct. 9.—The eighth game of the world's championship baseball series will be played here this afternoon, unless all indications at noon fail. The sun broke through the clouds shortly before noon and shone down brilliantly. An extremely high wind sprang up, however, and unless this abates at game time, the fielding end of the contest will be of a decidedly uncertain nature.

The scene at the ball yard today appeared more normal for a world series. The vast stretches of bleachers were more than three-fourths filled two hours before time.

Chicago, Oct. 9.—It was slightly cloudy today and a cold wind was blowing. Showers, with a moderate temperature, were the weather forecast, making it rather uncertain just what the weather might be at 2 o'clock, when the Cincinnati Reds and Chicago White Sox were to clash in the eighth game of the world's series.

Contenders for the world's baseball championship by virtue of their 4-to-1 victory over the Cincinnati Reds yesterday, the Chicago White Sox returned to Comiskey Park today to make a determined effort to draw abreast the Reds in the matter of games won, 4 to 4. Regarded as out of the race for premier baseball honors when the red legs took the eighth game yesterday, the Sox are now in a position to win the series.

Needling both the single game to bring his team the championship, Manager Moran was expected to send "Lefty" Williams, pitcher, to the mound today in the eighth game of the series. Williams, who pitched the Sox to a 4-to-0 victory in the seventh game, was expected to lead the Sox to three hits, one a home run, and two runs, when he pitched in the eighth game.

WHERE ARE THE BIG GERMAN GUNS THAT BOMBARDED PARIS?

Paris, Oct. 9.—Where are the big guns with which the Germans bombarded Paris? is a question that is being frequently asked both in Germany and outside of it. A recent issue of the Berlin Tagblatt shows that this question was propounded by one of its representatives to Major Trepper, formerly attached to the German war ministry, and a participant in the armistice parleys. The major also was asked whether Germany had pledged herself to hand over these guns. Major Trepper is quoted as replying that Germany had given no such pledge, and as adding: "If the French newspapers want to know where these guns are they can be told that they are well hidden in our fortresses on the coast."

Aviators Became Total Abstainers For Real Purpose

Atlantic Fliers Quit Alcoholic Stimulants Months Before Trip.

New York, Oct. 9.—Sir Arthur Brown and Sir John Alcock, who made the first non-stop airplane flight across the Atlantic, became total abstainers three months before the flight, according to statements made by Sir Arthur, who is lecturing in New York. He said that this course was adopted so that "when we were flying a smart quantity of brandy would have a maximum effect."

CLEVELANDERS ARE GUESTS AT NOON LUNCHEON

Arrived Here This Morning and Paid Visit to St. Thomas.

Twenty-seven members of the manufacturers and wholesale merchants' board of the Cleveland Chamber of Commerce arrived in this city at 8 o'clock this morning, and were welcomed by representatives of the local chamber of commerce.

A fleet of automobiles carried the visitors from the airport to the Tenth Street Hotel, where breakfast was served. The reception was not formal, because the official visit of the Cleveland Chamber of Commerce to St. Thomas, after the party to London was not made until after the completion of the party's visit to St. Thomas.

Following the return luncheon was served at the Hunt Club, which started at 1:30, and lasted for over an hour, because of the number of addresses made. The next event was to be an automobile tour of the city, but because of the weather, when the visitors were to be shown the factories, parks and other places of interest.

A dinner at the Tenth Street Hotel was served at 6 o'clock, and a vaudeville show at the Grand Theatre will complete the evening's program.

BRITISH MINERS MEETING LLOYD GEORGE TODAY TO PRESS CLAIMS FOR NATIONALIZATION OF MINES

Premier Is Expected To Decline To Consent To Such a Plan Being Adopted—Another Gigantic Strike May Be Precipitated—J. H. Thomas Is Leading Deputation From Miners' Federation.

London, Oct. 9.—With the country not yet fully recovered from the effects of the railroad strike, British miners will take the stage today, when a deputation will call on Premier Lloyd George to press for a complete nationalization of mines. The deputation, as announced, consists of members of the parliamentary committee of the Trades Union Congress, which met yesterday in Glasgow, and members of the executive committee of the Miners' Federation. By coincidence, J. H. Thomas, secretary of the National Union of Railwaymen, and the leader of the recent strike, will head the deputation as the new chairman of the parliamentary committee.

May Reiterate Decision. This step will be taken in accordance with a resolution adopted at the recent Trades Union Congress at Glasgow, which pledged the congress to operate with the Miners' Federation in compelling the government to accept the majority report submitted by the coal commission, headed by Sir John Sankey. It will be recalled that Premier Lloyd George, before parliament adjourned, announced the government's decision not to accept the majority report, which recommended shorter hours, higher wages, and a reform in the ownership system, and suggested nationalization, but said the government would merely nationalize minerals, with a sort of joint control of the industry. If Mr. Lloyd George reiterates his decision today and refuses to accept nationalization, as it is assumed he will, a special Trades Union Congress will be convened to decide upon a form of action to be taken by the miners to compel acquiescence in their demands.

The situation is commented upon speculatively in the light of the railroad strike, opinions differing as to whether the country may be called upon to face another period of industrial turmoil, or whether the miners will adopt less drastic tactics. The Mail's labor correspondent writes: "Should the government prove obdurate, it is quite possible the nation will find itself in a few days in a position of even greater chaos than it faced last week." The view is held that there is not likely to be a resort to another lightning strike, as the action of the miners throughout the country will be held before anything decisive is done. It is understood that the opinions of members of the executive committee of the Miners' Federation are sharply divided, some advocating action following the recent industrial upheaval, while the extremists are said to favor an immediate strike.

GIANT HANDLEY-PAGE BOMBER STARTS ON FLIGHT ALONG COAST

Vice-Admiral Kerr and Ten Others Were On Board.

Parrboro, N. S., Oct. 9.—The Handley-Page bomber "Atlantic" left Parrboro at 11:44 a.m. today on the projected non-stop flight to New York. Eighteen minutes later the plane was out of sight. When last seen at Parrboro she was headed west down the bay. When the plane took the air there was a light breeze, but since then it has freshened considerably and veered to due west, making it difficult for the "Atlantic" on her present course. Vice Admiral Mark Kerr, in command of the bomber, had planned to "hop off" at sharp 5 o'clock this morning for New York, but the weather was then so cold that it took considerable time to get the engines in proper working order. By 11 o'clock, however, the plane had been warmed up, and all was ready for flight. The party then took their positions in the plane.

Carried Eleven Persons. Handley-Page carries eleven persons. Vice Admiral Mark Kerr, in command, was accompanied by three newspapermen, Martin of the New York Herald, Markel of the Canadian Press, and Dennis of the Halifax Herald, and Sears, a motion-picture operator. At 11:40, the Handley-Page taxied over the runway, and four minutes later took the air. There was a large crowd of people present to witness the start.

The Handley-Page made a forced landing at Parrboro in July, when attempting a non-stop flight from London to New York, and was so damaged that it has taken three months to repair the plane and enable Admiral Kerr to complete the flight.

Will Fly Over New York. Mineola, N. Y., Oct. 9.—Col. Archie Mearns, commander of the Field, where Rear-Admiral Mark Kerr's bomber plane is expected to arrive in its flight from Parrboro, has announced that a big Caproni plane made ready to fly out to meet the admiral between here and Boston. The plane was made upon receipt of word that Admiral Kerr had reached the Massachusetts city.

After its arrival here, the big British bomber is to fly over New York, circling the tower of the Woolworth Building, according to plans announced today.

PARADE OF RADICALS IS BROKEN UP BY NEW YORK POLICE

Mounted Men Crack Heads of Those Who Walk Without Permission.

New York, Oct. 8.—Heads were broken on Fifth Avenue today when mounted police charged a mob of fifteen and twenty radicals who attempted to parade up the avenue without a permit. Banners which bore a number of inflammatory slogans, were confiscated by the police, and filled half a patrol. A number of arrests were made. The police said the parade was organized by a Russian newspaper publisher here, entitled Novy Mir.

Four men and a young woman, all of them aliens, were taken to police headquarters from the headquarters of the Russian soviet bureau by detectives from the bomb squad.

THREE ARE KILLED IN KANSAS TORNADO

Property Damage Will Run Up to Nearly \$300,000.

Great Bend, Kas., Oct. 9.—Three persons killed, between fifteen and twenty injured, some seriously, and property damage estimated at between \$200,000 and \$300,000 was the toll taken by a tornado which late yesterday struck the little town of Holistown, north of here. The dead are Mrs. George Craven and her two children.

NOTED BRITISHERS DEAD. London, Oct. 9.—The deaths are announced of L. F. Oppenheim, Cambridge, professor of international law, Major-General Sir Charles Henry Scott, colonel commander of the Royal Artillery, and William Cavendish, former chairman of the noted firm of Rylands at Manchester.

TEACHING OF MUSIC TO PUPILS WORTH \$2,000

Committee Recommends This Salary for E. W. Quantz.

E. W. Goethe Quantz will devote his whole time to the teaching of music in the public schools at a salary of \$2,000 a year, if a recommendation of No. 1 committee is approved by the board of education. At present he is undertaking other duties in addition to the public school work and receives only \$1,400. Inspector C. B. Edwards thought that this was too much of a strain on one man, and advocated that the board obtain Mr. Quantz's exclusive services. The inspector said he considered music as important as literature in the school curriculum.

I. O. D. E. CHAPTER HOST OF SOLDIERS AT THEATRE PARTY WEDNESDAY NIGHT

Enjoyable Time Spent Forerunner of More Treasures.

A most enjoyable theatre party was held at the Grand Theatre yesterday afternoon, when forty men from Tecumseh Barracks were the guests of the Municipal Chapter, I. O. D. E. The party was arranged by the Lord Elgin Chapter, under the convener of Mrs. B. H. Higgins, the regent, so that there was no hitch in the performing at the Grand theatre. The hit towards the entertainment of the soldiers and distributed candy among them. Whether the candy was real candy or "spook" candy is another question. "It had the real taste," declared the men. It is expected that next week the hostesses, in fact, yesterday's theatre party was just the beginning. The I. O. D. E. intends to continue theatre parties and motor rides every week as long as there are men at the barracks. This form of entertainment has been substituted for the Tuesday night affairs, which were held weekly at the barracks under the auspices of the I. O. D. E. Hospital Commission, of which Mrs. A. H. Galbraith is entertainment convener.

CHELSEA GREEN YOUNG PEOPLE HAVE ORGANIZED

Chelsea Green Young People's Forward movement was organized at a meeting held last night. Rev. John Crawford being elected honorary president. The active officers chosen were: Gordon Haynes, president; and Stanley Snow, secretary. Both these young men are returned soldiers.

The object of the organization is to assist in church work, and to give impetus to the universal forward movement.

DOUBLE SHIFTS IN SCHOOLS PROPOSED, AS A LAST RESORT

Inspector Does Not Think Much of Idea.

SALARY NOT MENTIONED

No. 1 Committee Leaves the Question for Special Meeting Later.

There was no discussion of public school teachers' salaries at the regular meeting of No. 1 committee of the board of education today. This question will be taken up at a special meeting.

The committee referred to No. 2 committee the question of building additional rooms at the Victoria School. Over-crowded conditions throughout the city were discussed. School inspector C. B. Edwards said that the lower grades in the Chesley Avenue School, particularly, were over-crowded, with the result that some pupils are leaving the school before they reach the third grade. He suggested two ways of remedying the situation, enlarging existing school or building another school between Ealing and Chesley Avenue. Secretary R. M. McEllen said that the board already had under way plans to do this.

Double Shift Idea. Trustee Thomas Rowe thought the board might be compelled by necessity to have double shifts in the schools. He did not know whether the department of education would favor this plan. He did not, but he thought that it might be the only way out of the difficulty at present. He suggested that the plan be authorized to a certain extent by the department so that the school board could be charged. He did not favor this plan except as a last resort. Reports from other cities were that the plan was unsatisfactory.

Board Chairman J. S. Barnard said that at least six more schoolrooms were needed in the city immediately.

Might Patch a Bit. Plans were drawn up at the beginning of the year for several districts so that only Eberton Street and Victoria School remained to be dealt with. Mr. Edwards thought two rooms could be added to Victoria School without an increase in the heating equipment. Two classes of this school are at present accommodated in a cottage. At a pinch the inspector thought four rooms in all might be added. Trustee Rowe was not enthusiastic about the idea. He said that Victoria School was originally a four-room country schoolhouse, and that it had been patched and altered into its present shape. He thought the board would have little to show for an expenditure of \$15,000 or \$20,000 on it.

DOG NOT GUILTY, BUT MUST BE KEPT CHAINED

Samuel Woodhouse, 107 Waterloo street, who was brought to court this morning for allowing a vicious dog to run at large, had his case dismissed, but was warned by the court that in future the dog must be locked up, and that failure to observe this order could result in a penalty being imposed.

John Miles, 385 Ottawa avenue, who lives just around the corner from the accused, declared that on Friday night at 11 o'clock, as he was returning home after spending the evening with some friends, the dog, which he described as a bull terrier, followed him and bit his leg, tearing his trousers. After a few minutes' hard work, he managed to get the animal to leave him. The canine, it was said, then went in the yard of Mr. Woodhouse's place.

The dog had not been away from his premises all evening, and that it had been tied. His dog was a white cone dog, he said, and was a pet.

FREED FROM JAIL, MAN NOW SOUGHT BY POLICE FORCE

Should Have Been Held For Deportation.

Police are searching for John Mitchell of New York, who was supposed to have been deported to the United States today. Some weeks ago Mitchell was arrested for stealing a bicycle which was standing in front of the Y. M. C. A. He was arraigned in police court and given a short term in the county jail, at the end of which he was let out of the country.

John Riggs of the immigration department was to have had the man turned over to him for deportation on the basis of a warrant issued by the authorities at the jail. Mitchell must have a liking for Canada for he did not seek to obtain a free passage to Uncle Sam's territory by notifying the jail officials of the order. On the police court blotter he was booked to make an appearance opposite his name on the blotter as the words "not found." It is hoped by the police that within a short time these words will be substituted by one word, "deported."

Campaign Starts Off Vigorously in City.

JUPITER PLUVIUS HELPS

Indicates Sympathy With the Movement by Continuous Downpour All Day.

London's fire-prevention campaign, got under way today with a rush and rapidly spreading throughout the city. Before the end of the week every citizen will have been made well aware of the fire menace and the part he can play in reducing it. If auguries count for anything, the fire-flood is in for a bad time, and his domain is going to be reduced till it looks smaller than the Austrian empire after the Allied council got through dealing with it. Jupiter Pluvius, the sworn enemy of the fire king, was the reigning spirit of the day, and the bucket of water which he poured on the city throughout the day indicated that his sympathy was entirely with the fire-fighters.

Members of the city fire department, the ministry of the city's defences against fire, visited the city schools to tell the rising generation how they could prevent fire. They urged every pupil to do his bit in keeping the city clean so that there would be no rubbish heaps at the fire-fighters' disposal. They also pointed out that the fire-fighters would be saved to the city and the country by the millions of dollars of loss is thirty-three million dollars, of which Ontario's share is one-half. Nine-tenths of all fires were easily preventable, they said.

Three medals will be awarded by the Ontario fire marshal in each school, separate and public. The contest closes Nov. 1.

A continent-wide movement against fires starts today, and in Canada the Dominion Government issues a proclamation to the effect that every citizen should clean up his premises and free them from rubbish. It advocates fire drills and lectures on fire prevention for all school children and factory employees. It impresses upon citizens the national importance of taking the life and property by fire.

Fifteen and a half million dollars have been lost in the fire of the fire in the Dominion, according to statistics made by Canadian fire marshals. Other statistics will be given out upon application to the Ontario Fire Prevention League, which is in affiliation with the London Chamber of Commerce.

BIG I. O. D. E. RALLY BEGINS HERE TODAY

National President Guest At Luncheon.

The first big I. O. D. E. rally since the outbreak of the war began at 2 o'clock this afternoon in Crown Hall and was practically a winding-up of the district work for all the chapters in Military District No. 1. It is a launching of the new peace program.

Mrs. John Bruce, the national president, was the guest of honor, bringing with her a number of the order before the meeting, while Miss Gladys of Victoria Hospital, spoke on the great need of the order for such an institution. Child welfare was the keynote of the gathering, as the order has made it the peace work of the chapters.

At noon delegates from all over Western Canada gathered for the rally, which promises to be one of the best ever held.

Preceding the afternoon meeting a luncheon was held in the Indian room at the Tecumseh House, in honor of the delegates. The reports of all the primary chapters in Military District No. 1 were also given.

S. C. R. CALLED ON FOR ALL KINDS OF SERVICE TO SOLDIERS AND FRIENDS

Looks After Forlorn Widows and Finds Victory Bonds.

Many and varied are the demands made upon the department of soldiers' affairs in solving the financial problems of the war-affected. It is called upon to do everything from re-uniting families to the re-establishment of a man's career. On September 30, one of the officers of the Canadian Patriotic League, brought to the attention of the department the case of a war-affected man who had arrived in this country without notifying anyone of his coming, with the result that his wife was not allowed to look after him. The wife was taken care of by the patriotic society and the S. C. R. E. finding no clue to the man's whereabouts wired his employers. The man returned to this district and the department was forced to look after him, enabling him to care for his wife.

Another case was that of a man who had bought Canadian victory bonds, while soldiering in England. They were supposed to have been sent to his home on his return to this country, but he could find no trace of them. F. S. Fisher, S. C. R. unit officer, took the matter up and in a short time the owner received the bonds.

FIGURES OF INSPECTOR INCLUDE HOUSES BEGUN BUT NOT FINISHED IN 1918

This Explains Difference in Reports on Building.

School Inspector C. B. Edwards explained an apparent discrepancy in his report on the number of new houses under way in the city, and the number on record at the office of the building inspector, at a meeting of No. 1 committee of the board of education today.

Reports on new houses are given to the school principals by pupils. Mr. Edwards explained that these include many houses which have been begun last year, but which have not been finished. This, he said, would bring the total number of houses begun to a figure greater than Building Inspector A. M. Piper's reports indicate for the year 1918.

DEATHS AND FUNERALS

DEATH OF REV. E. OLIVANT. Rev. Edward Olivand, a supernumerary minister of the Dundas Centre Methodist Church, and for many years a resident of London, died at his home, 8 Adelaide street, late on Tuesday in his 71st year. He is survived by two daughters and one son. The funeral will be held on Friday from the family residence at 2:30 o'clock. Interment at Woodland Cemetery.

Standard Drug Stores

Continue to Forge Ahead

So far this year, compared with the corresponding period of 1918, Standard Drug Stores have shown a tremendous increase of business, the month just ended being one of the greatest month's business we have ever enjoyed. During that month we served more than 6,000 customers over the number served during the corresponding month one year ago, proving that Standard Drug Store methods of doing business, Standard Drug Store cleanliness, Standard Drug Store service and Standard Drug Store prices are becoming more and more popular each and every day and more especially when they present such bargains as these for

PROFITS ARE TOO BIG

Real Net Profit Hidden Under Cloak of "Overhead" Expense.

TORONTO, Oct. 8.—Immediate and effective action to regulate clothing

Mr. Murdock the board of commerce, the conclusion of the board's investigation into clothing prices here this afternoon. Col. W. H. Price, government counsel, had addressed the commission, calling attention to evidence which warranted action on the part of the board against redaction. Mr. Murdock replied:

"I am firmly convinced that some of the things that have been the price of clothing, and so far as I am concerned, as one member, I will hope to be able to do so promptly and effectively, although I am not sure of an entirely a loss, nor would it be to me to say, just in what way we can order the board that might be done."

Commissioner Murdock said he considered the board had been very successful there had been too much profit made by some of the clothing houses whose names he had mentioned. He said he was further of the opinion, he went on, "that there is more than net profit in

some extent hidden in certain other items that certain gentlemen have reached, I think, a general way as "overhead," I demand, and are entitled to share in the situation.

Large chairman suggested: "If the business houses generally that have been to some extent under investigation will co-operate with the board themselves and at the same time operate with the public and in the industry, the business houses may gain some reasonable distance towards the desired end of correcting the existing situation."

Col. Price, in summing up the clothing situation, as revealed in the inquiry here, referred to the big profits made, the cost of the goods, the dealers, and said to Commissioner Murdock: "I will notice that the cost to the consumer is the most expensive, and nearly 100 per cent more than it cost to produce the article."

**SPENDS \$3,000,000 ON
BOOZE EACH YEAR**

**Consumes Million Quarts Pre-
scription Booze Monthly,
Says W. R. Woollatt,
Windsor.**

WINDSOR, Oct. 8.—How "dry" Ontario is under the O. T. A., which ter-

for physicians to issue prescriptions for liquor, was disclosed by WILLIAM R. Moffatt, Conservative legislative candidate, speaking to 500 residents of Windsor last night.

Advocating the attendance of a question four on the prohibition referendum ballot as "a better temperance measure than the present system," the Conservative nominee said that Ontario's liquor law allows 10,000 doctors of the province each to write 100 prescriptions a month.

"That means 1,000,000 quarts of liquor are consumed in 'my Ontario,'" said Mr. Woolf. "In my opinion, the liquor in his palmist days never did a greater business than that, and yet speakers for prohibition have been telling our audiences they will be satisfied to see the present system remain."

He said that if liquor stores were owned and controlled by the Government, there would be no such an amount of liquor consumed.

The province's liquor bill will be cut in two. With doctors charging from \$1 to \$3 for prescriptions, the province must be spending at least \$3,000,000 a month for liquor prescribed by doctors."

Situation Remains Unchanged in the Steel Strike Area

Secretary of National Strike

Committee Says Strike Must Be Won.

PITTSBURGH, Pa., Oct. 8.—There were no developments in the steel strike situation in the Pittsburgh district today. Union headquarters had no reports from the strikers, and what information they had from the immediate Pittsburgh field, it was announced, showed there were no material changes in the ranks of the strikers.

The daily statement issued by the Carnegie Steel Company, today, said the company's mills were "far from starting."

"We are working blast furnaces in all our mills, and increasing the number," it stated.

William Z. Foster, secretary of the national strike committee, who released the statement, said:

"The American Federation of Labor realizes that this strike must be won, and is going to stand back of us to the limit," said Mr. Foster. "Im-

JUDGES HAVE JOB SELECTING WINNERS AT DELAWARE FAIR

DELAWARE, Oct. 8.—The Delaware fair, always popular, drew a record crowd today, and resembled the Western Fair on opening day more than anything else. The grounds were crowded, and it was estimated by President A. E. Montiel, who presided over five thousand people present.

The exhibits were the best ever seen at the fair, and although there was not much of a show, there was certainly quality. The tent that contained samples of the cookery of West Middlesex housewives was possibly the most popular spot on the grounds, at least if you were for the Advertiser man, who stood for some minutes gazing over the tasty and simple chicken dinners on parade every one of which deserved a first prize.

There was a good exhibit of cattle and horses, and the judges had some close decisions to make. The horse races were also keenly contested, and with the ideal weather, helped to make the Delaware fair the most successful in history.

**Dandruff Surely
Destroys the Hair**

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it kills your hair and ruins it if you don't.

It doesn't do much good to try to wash or wash it out. The only sure way to get rid of dandruff is to destroy it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it.

You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and few ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

GERMANY'S BABIES ARE MOSTLY GIRLS

London, Oct. 8.—Statistics have recently been published in Germany which are so striking that the "Medical Record" (Geneva) (Switzerland) correspondent says they "need confirmation." It is stated that for every 1,000 boys born in the later years of the war, 1,086 girls have been born. Before the war the ratio was 1,000 boys to 1,004 girls.

"Nothing," writes the correspondent, "is known with certainty as to the conditions that determine sex in the human species, but there is quite a large amount of evidence in support of the generalization that during wars and famines, when the conditions are generally adverse, especially with regard to nutrition, the proportion of male relative to female births increases."

"If there is any foundation for this generalization, then we must conclude either that the figures are wrong, or that Germany was mightily well nourished during the war, or else that some entirely aberrant influence was at work."

EMBARGO LIKELY TO BE PLACED ON ALL ATLANTIC SHIPPING

More Than 30,000 Long-shoremen Are Out on Strike.

New York, Oct. 8.—Placing of an absolute embargo on New York freight boats sailing to Atlantic shipping loomed as a possibility today as the longshoremen's strike entered its third day, apparently spreading rapidly. It was estimated that between thirty thousand and thirty-five thousand longshoremen were on strike, and that the number might grow to sixty thousand. The strikers have been joined by approximately 1,000 freight checkers employed on the piers of the large steamship companies.

The strike is now demanding \$1 an hour and \$1.50 for overtime, with an hour and 70 cents an hour with \$1 for overtime.

HUMAN BIRDS TO SCOUT FOR FISH

Another New Use Discovered for Airships.

New York, Oct. 8.—A new enemy the sea fishes have to fear is the human bird.

In response to a request from the United States fisheries bureau, the navy department is going to undertake to scout for schools of fish with flying machines.

Fish schools commonly travel at or near the surface of the sea, seeking what they may devour. To come across one is a big opportunity for the fishermen. If they could be located by airplanes, and information duly and promptly communicated to the fishing vessels, important results, meaning full cargoes for market, should be obtained.

Not only airplanes, but also "blimps"—small dirigible balloons—are to be utilized in this way, according to present plans. It is thought that they will prove especially valuable in the pursuit of the elusive southern mackerel.

There are two ways in which fish news gained by naval aviators may be sent to the fishermen. One is by wireless messages to fishing ports, on receipt of which fleets would immediately depart for the place indicated. Another, and probably better idea is that the airplane shall speak directly to the fishing fleet at sea by radio-telephone.

The first experiments are to be made in the neighborhood of Cape May, N. J.

PROMISES TO HELP SMASH BOLSHIEVISM

Mississippi Valley Association
Leader Makes Pledge.

Chicago, Oct. 8.—In addressing a zone meeting of the Mississippi Valley Association today, President Harry H. Merri-
ck of Chicago pledged the entire power of the organization, backed by 50,000,000 population, including 25,000,000 farmers, to smash bolshevism and the soviet idea in this country.

"We are going to get the people back to the constitution of the United States, as interpreted in the light of the Ten Commandments," shouted Mr. Merri-
ck, after telling of the great growth of the farmers' organizations in the valley.

"We are going to get away from the individualist quacks and political self-seekers and return to government by law instead of government by force in mass form."

"We are going to stand by the constitution and see to it that it is maintained by each man and every man, no matter who he is. We are going to see to it that the soviet and what it stands for is smashed so that you can't pick it up with a scoop shovel."

It is said the foreign minister will urge acceptance of the offer if the Soviet Government agrees to the armistice with Latvia, Finland, Estonia and Lithuania; recognize their importance and give assurances against propaganda and military surprise.

GRIEF-TORN FATHER WATCHES AT SIDE OF DYING CHILD

Life of One of the Luikhart
Girls May Be Saved.

ASK FOR THEIR MOTHER
Child Laughs With Delight
Over Toy Friends Brought
to Her.

Detroit, Oct. 8.—Minute after minute, hour after hour creeping on, and life still remains in the little body of Shirley Luikhart, who, with her sister Edna, was given cholera by Dr. H. W. Yates, attending physician, for the recovery of Shirley, who now cannot speak above a whisper and refuses nourishment, but the greatly improved condition of Edna Wednesday afternoon promises some chance for the little girl, he said.

Hollow-eyed and weak from his day and night vigil at the beds of his two little daughters, who lie side by side in a ward in Providence Hospital, a grief-torn father Wednesday still persisted in his hope for the lives of the children. As Edna, bright-eyed and eager, and apparently in the best of health, sat up in bed and laughed with delight over a toy that some friends had brought, the drawn lines of the father's face relaxed into a tender smile.

"Father sees improvement," "She certainly is better, isn't she?" he said to the nurse.

The lives of the children, according to Dr. Yates, depend on how much of the poison was absorbed in their systems. If there was food in the stomach when it was given, there was some chance of recovery, he said.

There have been cases of recovery from cholera, but they are rare. Usually death comes from 14 to 16 days after the onset of the disease.

As Wednesday afternoon progressed, Shirley, who has been in a state bordering on coma ever since the children were brought to the hospital, complained of a sore throat and tongue, and refused to eat, although she chewed slowly on some gum her father brought to her from the drug store.

The strike to the hospital, during the afternoon, and her pulse was only slightly faster than normal. She exhibited less and less interest in things about her as the afternoon crept on, however, and seemed slightly irrational.

Ask for Mother.
During the day the children asked for their mother, but seemed satisfied when told that she could not come. Their father said that both Edna and Shirley had always cared more for their mother than for him.

"She always took such good care of them, and never let them lack a thing when it was in her power to get it for them," he said. "If they live—and I am positive Edna will, although whether Shirley will be spared only Providence can tell—they will never know that their mother tried to poison them, if I have to take them out of Detroit to hide the fact from them."

"I am certain that my wife is not responsible. In the eight years we have been married, she has done things that no national woman would do. Her mother, who now lives in Herick, S. D., has suffered from melancholia, and her grandmother was a victim of this same condition."

"Some of my friends who were here this afternoon told me that they had been to see my wife one month ago, and that they were amazed at that time to notice the change which had come over her. She seemed to be suffering from severe symptoms of melancholia," she said.

Aged French Premier To Re-
tire From Politics.

Paris, Oct. 8.—Premier Georges Clemenceau told a delegation of former soldiers that he would not be a candidate for re-election to the Chamber of Deputies, according to M. Clemenceau's newspaper, "L'Humanite."

The probabilities of another assault upon the cabinet by the opposition has caused the premier to make this matter a question of confidence, retiring before the elections, should he be defeated.

Paris, Oct. 8.—Sir George Curzon was sent to Bucharest as allied high commissioner, with notes from the British government to the Rumanian Government, favors a policy of conciliation in dealing with that country, according to the Journal.

WOMEN AS BRAVE AS THE MEN

THEIR STRUGGLE SHOWS A REMARKABLE SPIRIT.

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but oh, how miserable!

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferronose Tablets after each meal. You'll feel better immediately for the simple reason that Ferronose renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferronose working through your blood. It puts color into faded cheeks, brightens the eyes, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferronose does is to make you eat lots and digest it as well. With keen appetite, as well as sleep, strong nerves and lots of nourishing blood you're bound to regain robust health. Any sickly girl or ailing woman that Ferronose won't make well must be incurable. There is a secret power in Ferronose and it is worth a trial at all events. Fifty cents per box, six for \$3.00. At all dealers in medicine, or by mail from The Catarrhogene Company, Kingston, Ont.

A TEST OF SKILL AND ACCURACY

The Advertiser's Puzzle Contest

IF YOU CAN COUNT CORRECTLY, ONE OF THE MANY PRIZES MAY BE YOURS. NOTE THE DIVIDEND FEATURE AND SEND IN YOUR SOLUTION.

HOW TO ENTER

This contest is open to present bona fide residents of Ontario.

Anyone in this territory may enter the contest upon payment of not less than \$2.00 or more than \$12.48. This amount will be applied to subscription to The London Advertiser at regular subscription rates. It may be applied on either the morning or evening edition, or both.

You may submit just one solution or as many different ones as you wish. With each solution you must pay not less than \$2.00 or more than \$12.48. The total amount paid, whether you send one or more than one solution, will be applied to one continuous subscription, unless you otherwise direct. If you are already a subscriber the amount, or amounts, you pay will be applied to extending the time you are paid to. If you are a new subscriber the amount paid will be credited to you and your subscription started at once.

Present subscribers, wherever located, will continue to receive the paper through the same channels as now. No change whatsoever will be made in carriers where subscribers receive the paper through carrier service. All carriers will receive notice that the subscription has been paid and be instructed to collect the amount from The Advertiser office. The same will be done where the paper is being received through an authorized news-dealer.

If you send more than one solution at one time send a separate blank with each one and state in each blank the amount you are paying with that solution.

This contest is open to both men and women. You may order the paper sent to someone else if you wish, names and addresses being subject to any changes that later may be desired.

DECIDING TIES

In the event of ties those tying will be required to solve a second puzzle in order to determine who shall receive the prize. This second puzzle, if one should be required, will be equally as attractive and practical as the first. Under this plan those who win will be assured of receiving the full value of their prizes without having to divide them with other contestants. Should the same ties ensue, a third problem still further divides the prize, and so on.

Should there be no tie on the first puzzle, only the one, of course, will be presented. In the event that a second puzzle is required, one week will be allowed in which to solve it. This will prevent the contest being prolonged for any unusual length of time.

Rates of Subscriptions

On account of this contest all previous subscription offers are withdrawn. The following rates will prevail:

EVENING EDITION.
Delivered in London.
Two Years \$12.48
One Year 6.24
Six Months 3.12

MORNING OR EVENING.
Called for in London.
Two Years \$10.40
One Year 5.20
Six Months 2.60

THE PROBLEM

The problem is to count the circles. Every circle is complete, and intersects or touches one or more circles. There are no parts of circles, or shams or deceptions of any sort in the puzzle. In the event that no one counts the exact number, the prizes will be awarded for the nearest correct solutions. Accuracy and patience are the main requisites to arriving at the correct or nearest correct count. Those who display these qualifications to the best advantage will solve the puzzle best.

CONTEST CLOSES NOV. 1

Always use the blank when submitting a solution. Read the blank carefully and fill in every portion of it. Write names and addresses plainly.

21st to 35th PRIZES, each..... \$10.00

36th to 50th PRIZES, each..... \$5.00

Important Features

The attention of contestants is called to two important features in connection with this prize.

1. While the amount you pay for subscription to The Advertiser has no effect on your winning a prize, it does affect the value of the first five prizes should you win one of them. For instance, if you pay \$12.48 for your subscription, the value of the first five prizes is \$864.00, to which is added from five to fifty times what the winners pay when they register their solutions. This is explained further in the prize list.

2. The first five prizes may also be increased ONE HUNDRED DOLLARS each by your interesting five persons who are not now regular subscribers to become subscribers. You will receive twenty dollars for each one, whether you secure one or five. Each one of these new subscribers must pay not less than the minimum amount (\$2) required of contestants. They may pay up to the maximum (\$12.48) if they desire, and they may also become competitors for the prizes if they wish to submit one or more solutions of the puzzle. That is, they may enter the contest under the same conditions exactly as any other contestant, the payments they make entitling them to entry.

The name of each one of these new subscribers must be sent in on one of the accompanying blanks, whether he becomes a contestant or not. The fact that he was secured by you must also be indicated in the proper place provided in the blank, so you will receive credit. You may send in any or all of these names whenever you wish, either when you send in your own solution or later. Just use one of the blanks for each one, and then there will be no mistake made in regard to your getting due credit.

COMES TO CANADA TO
PAVE THE WAY FOR
BRITISH IMMIGRANTSRev. Canon Pughe Has Im-
portant Mission to This
Country.

Montreal, Oct. 8.—To confer with the authorities at Ottawa and also with the Anglican Church in Canada respecting the welfare of immigrants who will be leaving Great Britain next spring under the auspices of the Church Army, is the quest of the Rev. Canon L. St. J. E. Pughe, honorary director of immigration of the Church Army, who arrived yesterday. "Represents the right hand of the Church of England in all social work, and came very prominently forward in the war, during which three million pounds were expended. They had two thousand huts in England and France, which service was unbounded praise from all quarters."

The Archbishop of Canterbury, in a letter to Canon Pughe, says: "It is impossible to exaggerate the importance of your present mission to Canada. The plan of overseas settlement which the Church Army has in hand meets, I am sure, a very real and practical need. Canon Pughe, who will stay in Canada about a month, has had practical experience of the dominions, having been associated with the Church Army for many years, and he also has more than a passing knowledge of Canada. Associated with him in the endeavor will be Mr. Richard Courtney, who has had 20 years' experience with this country and has raised the Atlantic 30 times in the interests of the work."

WOMEN COMING TO CANADA.
London, Oct. 8.—Simultaneously with news from the Ottawa correspondent of the London Times of a soldiers' emigration selection committee to England, details are published of a new policy of emigration to Canada of women members of the service corps. It is anticipated that a large proportion of the two hundred thousand women will be applicants for free passage to the dominions, and it is hoped to effect the scheme early next year. Representatives of the women's emigration mission of inquiry to Canada, and is understood their views regarding female emigration are entirely in accord with the Canadian Federal and Provincial Governments.

BITRO-PHOSPHATE
IS GOOD FOR THIN
NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.

Frederick S. Kelle, M. D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength, and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well, or get too thin; go to any good drugstore and get enough Bitro-Phosphate for a two-weeks' supply—it costs only 50 cents.

Eat less; chew your food thoroughly; and if at the end of a few weeks you do not feel stronger and better than you have for months; if you are not steady; if you do not sleep better and have more vim, endurance and vitality, your money will be returned to you and Bitro-Phosphate will cost you nothing—Adv.

SIMPLE LIFE
TOO COMPLEX
FOR HER; SUES

Chicago, Oct. 8.—Simple life with a mountain home lured Mrs. John G. Richter, daughter of the late W. W. Burson, president of the Burson Knitting Mills, Rockford, away from Santa Ana, Cal., where she was wintering, to a mining camp in the Tehachapi range, she told Judge George P. Barrett of the superior court yesterday.

But romance fled when her husband, a cook at the Minnifield camp, developed temperamental and took to playing with a revolver while she was about. She sued him for divorce. Mrs. Richter is 55 years old.

Mrs. Richter, who was Miss Mildred P. Burson, is now living with her mother at 6905 Sheridan road. The romance began, she told Judge Barrett, in 1915. Richter is fifteen years younger than she. They were married in Santa Ana. Richter was a spiritualist, she said, and excused his alleged mistreatment of her on the ground that it was the will of medium. Nine months in the institution reduced her weight and "morale" that she left him.

Questioned on this point today, the Government promised an announcement by Thursday.

Just before adjournment J. H. Burnham endeavored to precipitate a discussion on his resolution calling attention to the reclassification of soldiers to the department of soldiers' affairs, but the House was not disposed to discuss the matter.

"FORD LINE" TO IRELAND
NOTHING BUT RUMOR

DETROIT, Oct. 8.—Official confirmation of a report that Henry Ford is contemplating the establishment of a line of steamers to Ireland could be obtained here today. Mr. Ford could not be reached this forenoon, but one of his closest business associates declared there was nothing to the report.

PILOT FATALLY HURT
WHEN PLANE CRASHES

BINGHAMTON, Oct. 8.—Col. Gerald Brandt was fatally hurt, and his passenger, Sgt. B. Nevitt, seriously injured, when plane 4 crashed to the ground from some unknown cause one mile north of Deposit at 1 p.m.

Col. Brandt's arms and legs were broken and he suffered from concussion of the brain. The plane was completely wrecked.

HOUSE DECLINES TO
DISCUSS ABSENCE OF
TARIFF REFERENCE

Absence of Business Resulted in Adjournment After Forty-Five Minutes.

OTTAWA, Oct. 8.—Three-quarters of an hour sufficed to dispose of the business on the order paper which the House of Commons, although the question of the probability that business cannot be concluded by Saturday night, was nothing to do today. This was because doubt still existed as to the bringing down of certain legislation, including a bill relating to railway matters.

"The World's Watch Over Time"

This motto about Waltham Watches seems big, but nevertheless it is true.

During the war this statement was very true. The British, American and Canadian navies all ran on time supplied by Waltham Watches and Chronometers.

No better recommendation could be given to a product than this.

Waltham Watches are now made in Montreal. Hence you are buying "Made in Canada" goods.

CAMPAIGN CHAIRMAN OF U. F. O.-LABOR IN WOODSTOCK QUILTS

Allen Nesbitt Says No Progress Possible, Harmony Is Lacking.

WOODSTOCK, Oct. 8.—Allen Nesbitt, who was appointed chairman of the campaign committee of the Independent Labor party in support of John Scott, U.F.O.-L.P. nominee, a short time ago, has handed in his resignation. He states that too many objections were in the way of his discharging his duties properly. Harmony is lacking between the members of the two parties, he said, and little progress could be made when one person was trying to do one thing, and another was attempting to block it.

BURIED AT HIGHGATE.

HIGHGATE, Oct. 8.—Miss Mary McDonald, who has been ill for the past three years, died in the hospital at London on Saturday. The remains were brought to the home of her brother, Roderick McDonald, Oxford, whence the funeral took place on Monday. Interment was made at Purcell Cemetery.

At the Patricia
Harry Carey in "Ace of the Saddle" at the Patricia Today, Friday, and Saturday.

At least one western motion picture star has the sanction of the old plainsmen who knew the west of Buffalo Bill, Bret Harte, and others who made and wrote its history. That star is Harry Carey, who comes to the Patricia in his latest Universal picture, "The Ace of the Saddle."

The picture itself is replete with thrills. To a wholesome, entrancing story of the old cattle rustling days has been added all the enchantment of the motion picture device. The story concerns a cattle baron, who lived on the line between Yucca and Pinkerton Counties. The sheriff of Yucca was crooked. He was implicated in all the devilry that went on in the county. The sheriff of the adjoining county of Pinkerton was square-dealing and straight-shooting, and the inhabitants of Pinkerton were so orderly that the county finally became the easy-mark of the white-capped raiders of Yucca, until—on that "until" hangs the threads of a Harry Carey western picture.

It is the story of a man who needed a six-shooter more than any other one thing in the world, yet the beautiful daughter of Pinkerton's sheriff required Cheyenne Harry Henderson, to Europe and his capers with royalties

At the Grand
Douglas Fairbanks at Grand Today, Tomorrow and Saturday.

Another vaudeville bill of exceptional merit will be offered at the Grand the last half of the week, commencing with a matinee today. Five all feature B. F. Keith acts comprise the program. Wilcox, Leroy and Company; Peggy Vincent; Perillo, Lester and Vincent, and the Three Romans are the acts that will make this bill one of real enjoyment.

Douglas Fairbanks in "One of the Blood"
"One of the Blood," the feature photoplay showing at the Grand today, tomorrow and Saturday, is Fairbanks at his best. Can more be said?

"One of the Blood" tells a story that demands Fairbanks for its interpretation. It is the tale of a missing heir to the throne of a mythical kingdom in Europe. Doug is the missing heir, of course, but would suspect it—least of all Doug himself. When we find him at the beginning of the story, an excitement-loving, thrill-craving, adventure-seeking gay young New Yorker, we are totally unprepared for later developments, and his journey to Europe and his capers with royalties

and revolutionists is a treat indeed for fun-lovers.

At the Majestic
"Comradeship."

Showing at the Majestic today, tomorrow and Saturday will be the big British special, "Comradeship." In "Comradeship" a notable cast of famous English artists appear, Lily Elsie, said to have had many proposals from the nobility, famous for her beauty and talents; Gerald Ames, one of England's young leading men, with many others.

Although the picture is strong propaganda against the Bolshevik movement, the word Bolshevik is mentioned or suggested in any part of the picture. The theme or story is George, in which he said: "I hope the splendid spirit of comradeship, which is the spirit of brotherly love, Sennett's famous Diving Beauties and "Jack Canuck in Berlin."

Hamilton, where the famous Sennett comedy is playing this week, has never had an attraction which has been so popular with the public. "Jack Canuck in Berlin," the famous Sennett five-reel comedy, in which the entire Sennett company of beautiful women and famous comedians appear will show at

the Majestic Monday, Tuesday Wednesday and Thursday next. Accompanying this great film attraction will be the famous Sennett Californian bathing girls, who will appear in person while this film is being shown. There is not a scene or a line in the entire attraction which would offend the most fastidious woman, or which no child should see.

There will be continuous performances and special prices.
