## Automobile Owners Attention!

At this time of the year, when you are cleaning and overhauling your car you realize that it should be painted, but feel that you can't afford to have it done.

Are you aware of the fact that we have a preparation called **EFFECTO AUTO ENAMEL** that you can use yourself and make an old and unsightly car look like new

**EFFECTO AUTO ENAMEL** is a paint and varnish combination, that colors and varnishes at one operation, dries with a high gloss.

We have all the popular automobile shades, namely—Black, Grey, Blue, Red and Green.

We also have **EFFECTO TOP** and **SEAT DRESSING**, a special preparation for tops and cushions etc.

A little spare time and outlay of \$2.00 or \$3.00 will make a wonderful transformation in your car.

### KENTVILLE BOY WINS DISTINGUISHED CONDUCT MEDAL.

We are informed that Lee Harvey of Kentville now "somewhere in France," has been recommended for the distinguished conduct medal. This information comes to us through a letter from Ralph Corey to his father Capt. Corey, Ralph is on the same machine gun with Harvey," and writes this of his comrade.

He sure deserves it. He took a stretcher out in broad day light with 8 men and old Fritz trying to get them all the way, with two four inch batteries. They had to lay the fellow down once and get into a shell hole. The fellow died after some days. A young Bishop from Nova Scotia." We the more gladly record this since the heroic spirit of

the young warrior has not permitted him to give any publicity of the matter. He mentions in his letter to his family that he rescued a wounded man, but his comment on the deed is that he regrets the man died a few days after.

### SOME COLD.

Mr. Frank Andrews of the D. A. R., reports that on coming through Kennetcook on the Midland Ry. on Monday morning early the thermometer registered there 38 degrees below zero. At Kentville and vicinity it was registered from 12 degrees below and lower the lowest we heard for this vicinity being 22 below. "What is so rare as a day in June."

**SAYS IMMEDIATE PEACE IS GREATEST NEED OF WORLD**

LONDON, Feb. 1.—"We are all weary of war," said Arthur Henderson, labor leader and former member of the war council in an address to representatives of engineers today. "Immediate peace is the greatest need of the world. But peace cannot be achieved by one section of labor acting by itself. Peace will come when the working class movement as a whole has discovered by conference the conditions of an honorable and democratic peace worthy of the unimaginable sacrifices the people have made."

Mr. Henderson's address was an appeal to the engineers to abandon their opposition to the manpower bill, providing for the raising of additional troops, which is now before parliament.

Mr. Henderson said that knowledge of the history of the controversy convinced him that labor was justified in its stand, he continued: "In the past labor has responded with real patriotism, fully and freely. Is it too much to appeal to the patriotism of the government? I strongly urge the government to display a more reasonable spirit."

**BRITISH CASUALTIES IN JANUARY: 73,017.**

LONDON, Jan. 31.—British casualties reported during Jan. totalled 73,017, as follows:— Killed or died of wounds—Officers, 358; men, 13,698. Wounded or missing—Officers, 1,205; men, 57,756.

The Jan. casualties show a slight falling off from December, which reached a total of 79,527. The November total was 129,089, reflecting the severe fighting on the Cambrai front in that month.

**CANADIAN POET GONE.**

A few days ago there died William Williford Campbell in Ottawa. Scarcely a notice appeared in the newspapers of the land, yet in the passing of this man in the prime of middle life Canada has lost one of her most gifted poets. He was born in 1861 in Kitchener, Ontario, and graduated at Toronto University, later taking a course at Harvard. He was sprung of the same stock as Thomas Campbell, author of "Pleasures of Hope," and also Fielding, the eighteenth century novelist. Entering the ministry, he took charge of pastorates in New Brunswick, and in the New England States. In 1891 he retired from pastoral work and entered the Civil Service at Ottawa. He wrote verses from tender age, and his first volume, "Lake Lyrics," proved his high gifts and made his reputation. His life has been a busy one, and besides his writings in verse he has written a number of pieces in prose.

As a poet his gifts were high, his imagination being weird and powerful and his diction very essence of music. The "Lake Lyrics" are magnificent pictures of lake scenery in all its varied moods:

There are crags that loom like spectres,  
 Half under the sun and mist,  
 There are beaches that gleam and glisten,  
 There are ears that open to listen,  
 And lips held up to be kissed.

There are miles and miles of waters

That throb like a women's breast,  
 With a glad harmonious motion  
 Like happiness caught at rest;  
 As if a heart beat under  
 In love with its own glad rest,  
 Beating and beating forever  
 Onward to East and to West.

There are forests that kneel forever,  
 Robed in the dreamiest haze  
 That God sends down in the Summer  
 To mantle the gold of its days;  
 Kneeling and leaning forever  
 In purple and sinous bays.

There is weirdness and mystery about  
 his imagination which gives him  
 a semblance of Poe. Read his "Manitou."

Girdled by Huron's throbbing and  
 thunder,  
 Out on the drift and rift of its blue,  
 Walled by mists from the world asunder,  
 Far from all hate and passion and  
 wonder,  
 Lieth the Isle of the Manitou.

Here where the surfs of the great Lake  
 trample,  
 Thundering time-worn caverns thro'  
 Beating the rock coasts aged and ample,  
 Beneath the Manitou's mist-walled  
 temple,  
 Floored with forest and roofed with  
 blue.

Far from the world's distractions  
 Far from the world and its passions  
 fleeing,  
 'Neath quiet of noonday and stillness  
 of star,  
 Shore unto shore each sendeth greet-  
 ing,  
 Where the only woe is the surf's wild  
 beating,  
 That throbs from the maddened lake  
 afar

What could be more exquisite than  
 the following stanzas on "Indian Summer"

Along the line of smoky hills  
 The crimson forest stands,  
 And all the day the blue-jay calls  
 Throughout the Autumn lands.

Now by the brook the maple leans  
 With all its glory spread,  
 And all the Sumachs on the hills  
 Have turned their green to red.

Now, by great marshes wrapped in  
 mist,  
 Orp ast some river's mouth,  
 Throughout the long still autumn day  
 Wild birds are flying South.

In his poem, "The Mother," he  
 reaches the height of his achievement,  
 and there is no doubt that it is the  
 greatest poem ever written by a Canadian,  
 but it is too long for quotation  
 here. Many of the lines are most  
 musical:

Heaven may open its shimmering  
 doors  
 And saints make music on pearly  
 floors,  
 And Hell may yawn with its infinite  
 sea—  
 But they never can take my baby from  
 me.  
 For so much a part of my soul he hath  
 grown  
 That God doth know of it high on His  
 throne.

Most of us seem to have little idea  
 of the enormous size of Canada. Why  
 if Canada were as thickly populated  
 as the British Isles it would have room  
 for nearly 1,400,000,000 inhabitants, or  
 more people than the whole world held  
 a generation ago. Canada has only  
 two persons for every sq. mile of her  
 vast territory.

**WAR CONFERENCE OF THE EMPIRE.**

LONDON, Feb. 5.—(Via Reuters  
 Ottawa Agency)—Reuters  
 learns that in accordance with  
 the general wish expressed last  
 year and as a convenience, Dom-  
 inion statesmen and their  
 Parliaments will arrange aser-  
 ies of Imperial War Conferences  
 which will be held in London  
 this year in continuation of  
 those held at year. It is un-  
 derstood that representatives  
 of the Dominions will attend to  
 confer with the British Minis-  
 try on war problems. The Im-  
 perial Council is now trying to  
 arrange a date which will suit  
 the convenience of all, but  
 nothing definite has yet been  
 settled either regarding the  
 date or regarding the states-  
 men who will come to England.

### Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or a male over 18 years old, may homestead a quarter section of arable Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within one mile of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price, \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take expurchased homestead in certain districts. Price, \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres an acre a house worth \$300.

The acres of cultivation is subject to reduction in case of rough, shrubby or swampy land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C. M. G.,  
Deputy of the Minister of the Interior

### Fertilizer

It is hard to make most of the farmers realize that there is a great possibility of them not being able to get what commercial fertilizer they will require this spring. But never the less it is an absolute fact and the wise farmer will take home his fertilizer soon. As if you wait till spring you may not be able to get any. As even now it is very hard to get what you want as transportation is so bad we have only a few more cars of Basic Slag to sell.

### DUSTING VERSUS SPRAYING

Tests were conducted by the Experimental Station, Kentville, N. S. in 1917 to find out the relative efficiency of sulphur dust as compared with the regular lime-sulphur spray. Twelve trees were included in each plot. The sulphur dust, composed of 85 per cent finely ground sulphur and 15 per cent arsenate of lead, was applied by using a machine which blew it on the trees in the form of dust. The lime-sulphur, made according to the regular formula, 1 gallon of concentrate lime sulphur to 40 gallons of water, to which 2 1/2 lbs. of dry arsenate of lead was added to 100 gallons, was sprayed on the trees with the regular power spraying machine.

Both applications were made on the same day, and uniform trees of the same varieties were used. Four applications were given, two before and two after bloom. The results obtained were as follows:—

	Variety	Per cent	Per cent	P.C. Insect
	Baldwin	Clean	Scab	Injury
How treated	Dust	97.5	1.85	.56

Sprayed	91.03	5.96	2.59
Not treated	79.93	12.24	7.80

How treated	Dust	84.2	12.77	.28
Sprayed	80.02	14.60	.00	

Not treated 33.29 63.81 .52  
From the above it would appear that under the seasonal conditions of 1917 the dust was equally efficient a fungicide as the lime-sulphur. This, however, may not always hold true and these results should not be considered conclusive. The dust spray gave a better control of canker worm and other insects. The foliage injury was also less where the dust was used, the foliage on these plots being better during the summer than on the sprayed plots. The comparatively cost of the two methods is given in the following table:—

	Dust	Spray
Total amt. used on plot of 12 trees	84 lbs.	210 gals.
Amt. used per tree, 4 applications	7 "	17.5 "
Amt. used per tree for 1 application	1.75 lbs	4.37 gals
Total time required on plot of 12 trees	45 min.	210 min.
Time required per tree	4 applications 3.75 lbs.	17.5 gals
Time required per tree for 1 application	.94 "	4.37 "
Total cost of material on plot of 12 trees	\$5.58	\$2.31
Cost of material per tree, 4 applications	.46	.19
Cost of material per tree for 1 application	.11	.04

Sault Ste. Marie.

If an author can be said to be the product of any particular district—and why not, just as much as a variety of flower, or fruit, or grain?—Alan Sullivan, the distinguished Canadian poet and novelist, should be most properly identified with Algoma, that curiously shaped county of Ontario, which stretches from the cities and settlements of the shores of Lake Huron and Lake Superior, up through the 2,900 square miles of the Missisquoi Forest Reserve, to the great furtrading territories three hundred and sixty miles north, where it is bounded by the Albany River, the chief tributary of James Bay. The southern shores of this county were colonized some thirty years ago at the instance of C. P. R. agents, by hardy pioneers from the older counties of Kincardine and Bruce, but the city of Sault Ste. Marie has its roots in the remoter past, as it was a trading post for the voyageurs, who travelled for the furtraders of Montreal into the far West. Alan Sullivan, whose father was Bishop of the Algoma Diocese, was at one time engineer of the work of construction and ballasting the Algoma branch of the C. P. R. between Sudbury and the Sault Ste. Marie, and uses the local color in several of his short stories. "It was fascinating," he says, "in those days to watch the psychological effect of the arrival of the track, or even of the survey party on the settlers. They brightened up, and looked at their farms with new eyes. They were in touch with the world that heretofore had seemed so distant." The bush fires, the miners,

Alan Sullivan.

the hunters, the mail carriers, the Indian agents, and the trappers have provided rich material for Alan Sullivan's stories, some of the best of which have been collected in the volume called "The Passing of Owl-But." More recently he has enlarged his field, and in his latest volume "The Inner Door," he takes for atmosphere the labor movement in a small industrial town. At the town is still in Ontario a place that makes it all the more interesting to Canadian readers, who take an interest in the new rapid growth distinctive Canadian literature.

### LETTER FROM FRANCE

The following is a letter from J. Edw. Ellis, son of Mr. J. D. Ellis, Kingsport written to members of Good Will Division S. of T.

France, Dec. 1917.  
W. P. Bros and Sisters:  
Received your letter and the past card showing maps

of my dear old home town are very dear to me. They say "absence makes the heart grow fonder" and I really believe its true. If I only see those dear old scenes again.

The weather is getting rather cold now but we do not mind it much—getting rather used to it. But the question which is always uppermost in our minds is "Will the boys at home desert us. Few people in Canada can realize how much conscription means to us. To us in the trenches it means relief, less working parties and numerous other things which cannot be mentioned here. To the wounded it means a longer time in hospital and a possibility of a sick furlough to Canada, and they need not be sent back before their wounds are properly healed.

If the opposition gets in power just think what it will mean to the Canadian Army in France. We could not get relief. We could not fill up the gaps, made by the Hun bullets. This glorious army which does not know the word defeat would go beaten and disgraced.

When this letter reaches you I will be in France nearly a year. The eyes of the world are on Canada at this critical moment the Lady of the Snows is the central figure of the greatest war in history. It is impossible to exaggerate the significance of Canadian elections. It is not a mere scrimmage in the game of politics it is a stupendous crisis in the life history of British North America. Canada is at the parting of the ways. She has been near it before but now the day has come. Can you realize the Alternative which would depend on the "yes" or "no" of the Canadian Elector.

With splendid patriotism in a magnificent spirit of loyalty to the Empire Canada has raised and equipped an Expeditionary Force whose deeds of valor have won imperishable renown. Battles which I am not permitted to write of here, Canada has nobly held her own in the war of the British advance. And believe me, at the front the Canadian soldier is idolized. There now comes forth from the battle field of France, consecrated by the finest blood of Canada a cry for succor which must surely stir an answering echo in the heart of the great Dominion. If those at home fail to answer this call, they as well as us will go down to disgrace from which we will never be able to lift ourselves.

Our morale is good our courage is good, what we want is men to take the places of those who have made the supreme sacrifice. The old hands will keep up the courage and lend help to the new ones. The chief principal of a soldier morale is the knowledge of success. We have that and what we have we mean to keep in true British bulldog fashion. Let those who hear this call, and can be spared, come and earn the everlasting gratitude of those who have made your name and kept it for the past three years.

I take this opportunity of thanking you all for the many pleasant and cheery messages on the cards. They help a fellow to remember when things look the blackest that there is something worth fighting for after all and that I have not left my home in vain. Wishing you all the compliments of the season. Yours in L. P. & F. **J. EDW. ELLS**

Canada has answered this young Kings Co. soldiers fond hopes, and the soldier vote yet to be announced will show how Canada stands by her noble sons in khaki.

**PRETTY WEDDING CEREMONY AT WOLFVILLE.**

The Baptist Church, Wolfville, was the scene on Thursday afternoon at 2.30 o'clock of one of the prettiest and most interesting wedding celebrated in a long time, the principal in the ceremony being particularly well known throughout the town and Province—Nellie Anderson, daughter of Dr. Geo. E. and Mrs. DeWitt and Wiley M. Manning, barrister of Amherst and son of Dr. J. W. Manning, Acadia University, and Mrs. Manning.

The ceremony was performed by Dr. Manning, assisted by Rev. Mr. Harkness, pastor of the Baptist Church.

The Church was beautifully decorated with evergreens, palm and white roses. The bridal party stood under an arch of greens and white flowers from which white ribbon streamers extended to the galleries, forming a canopy over the entire auditorium. Miss Beatrice Rockwell rendered the wedding marches in splendid style and played softly throughout the entire service.

The bride, a handsome and charming girl, looked very lovely in her wedding gown of ivory charmeuse satin trimmed in pearls, wearing the conventional veil of white net, draped prettily and caught up with orange blossoms. Her bouquet was of white roses and sweet peas.

Owing to the illness of her father, the bride was given in marriage by her brother, Major Dr. C. E. A. DeWitt. She was attended by her wee, winsome nieces, Miss Maie DeWitt and Miss Bessie DeWitt, who proceeded the party up the aisle, looking very quaint and dainty in their Kate Greenaway frocks of pale blue and pale pink,

trimmed with rose buds and forget-me-nots and carrying baskets of pink carnations and yellow daffodils. Little rose-ets of flowers in the hair completed the effective costumes of the flower maidens who strewed white narcissi in the pathway of the bride.

The Misses Marjorie and Helen Fitch made charming ushers in their white silk marquisette dresses and white winged hats.

Following the ceremony a reception was held at the bride's home, to which only the immediate families and friends were invited. Mrs. Avery DeWitt, wearing a gown of rose crepe de chene, presided over the tea table and was assisted by the Misses Fitch and Miss Marjorie Chute.

Mr. and Mrs. Manning left on the afternoon express for a trip to New York and other American cities, after which they will take up their residence in Amherst. The bride wore a travelling dress of navy blue serge and black charmause, with a seal coat, trimmed with lynx and a black French velvet hat.

Among the out-of-town guests were Mrs. Stuart Dimock and Miss Grace Smith of Windsor and Miss Grace Crandall, of Halifax.

**HOCKEY AT WINDSOR.**

Wolfville Team Defeated Hiawathas

On Friday evening Feb. 1st a hockey team from Wolfville, defeated the Hiawathas in the Windsor Rink by a score of 6-4. The game was well contested throughout. The Hants Journal says: The visiting team was exceptionally strong on the defensive and their net man guarded his posts in marvellous fashion. The Hiawathas were a little off color but Poole, Spence and Winter put up a hard fight and saved their team from greater defeat.

After the game the Wolfville team was entertained to lunch by Mr. and Mrs. F. A. Shand.

**PORT WILLIAMS**

Miss Elen Rand, is at present in Halifax where she is a patient at the Infirmary.

Mrs. T. E. Benjamin and Mrs. Snell of Wolfville have been visiting at the home of Mrs. Cyrus Ellis during the past week.

The report of sale of fat cattle by Mr. Owen Kidston was just a little under the margin. The fine yolk weighed a ton and selling at 22cts per lb. netted the owner the sum of \$440.00.

Mr. and Mrs. David Sutton, of Church St. were called to Boston and reached there in time to care for Mrs. Sutton's aunt, Mrs. Margaret E. Delvar, who had suffered paralysis the night before their arrival. She passed away Sunday, Feb. 3rd, at the age of 78 years. Mr. Sutton went to Montreal accompanying the remains.

Mrs. J. W. Churchill of Hantsport went to Windsor on Saturday last. On that day her son Mr. Wylie Churchill, of Windsor had a serious operation performed for appendix trouble at the Hospital there. The operations was not as serious as expected and Mr. Churchill stood the ordeal well and is now recovering.

**KENTVILLE**

Mr. J. E. Barteaux director Manual Training Schools was in Town on Thursday inspecting the Domestic Science and Mechanic Science departments of Kentville Schools. In speaking to boys in the Mechanic Science Department he congratulated them on their work saying it was the best he had seen in the province.

Last night Acadia and King's College Hockey teams played a match game at the Windsor Rink.

Acadia played good hockey a week ago when she defeated the Hiawathas at Windsor score 26-4.

Is the Blue Bird of Happiness in your home? Do you have to leave the house to find happiness.  
A good piano, like the Heintzman, has cured that condition in thousands of cases. It has brought employment to fingers aching to play, it has brought enjoyment to hearts aching for the amusement and inspiration that only music brings.  
Come in and see this wonderful instrument - the result of three generations of loving care in the building of pianos. A Heintzman is not really expensive and it is really easy to pay for.

## Reports of Standing Committees Town of Kentville For 1917

### PUBLIC ACCOUNT & FINANCE KENTVILLE, N. S.

To the Mayor & Town Council  
Gentlemen:—

The Committee on finance beg leave to submit the report of the Auditors for the year just past and desire to draw your attention to their detailed statement which covers the ground very thoroughly and will give you an accurate account of the state of our finances.

The figures prove conclusively that we must make a move towards getting our receipts large enough to cover the necessary expenditure.

Respectfully submitted,  
**R. T. CALDWELL,**  
Chairman.

### Report of Band Committee.

To the Mayor and Town Council  
Gentlemen:

The Band Committee beg leave to submit the following as their report for the year ending Dec. 31st.

Paid Hiawatha Band \$150.00.  
Hiawatha Band, under the able leadership of Mr. Chas. Silver, gave weekly concerts during the summer months on the new Band Stand at Court Square and judging by the numbers in attendance each night, were highly appreciated.

Respectfully submitted,  
**F. E. WADE,**  
Chairman.

There were 15 less arrests for drunkenness than during the previous year, average of about one in two months, which is one too many, and yet with the good order which has prevailed generally, we feel that good work has been accomplished.

Respectfully submitted,  
**R. H. LAMONT,**  
Chairman.

#### LICENSE.

To the Mayor & Town Council  
Gentlemen:—

The Committee on License beg leave to submit their report for the year just past as follows:

Receipts for the year \$238.00  
This amount is much smaller than the previous year owing to less being received for auto licenses, and transient traders.

All of which is respectfully Submitted.  
**R. T. CALDWELL,**  
Chairman.

### REPORT OF SCHOOL COMMISSIONERS.

	<b>\$ 8,104.85</b>

The past year has brought many changes. Early last spring Mr. Swanson who had acceptably held the position of principal for some years resigned, believing it his duty to respond to the Call for defence of Canada and the Empire. Miss Webster vice principal, taking charge of the school for the remainder of the term. At the opening of the school year in September Mr. J. Logan Trask, of Sydney high school, a man with thirty two years experience and an adaptability to the work began his duties as Principal. Mr. Trask is proving to be, not only a teacher and principal of high standing and rare ability, but as well a citizen interested in all that makes for the moral and social betterment of our town and county, in brief a public spirited man with ability to do things.

Several changes have taken place in teaching staff, and while we regret the removal of one and all, still we have been fortunate in replacing most competent teachers and today our school is a credit to the town.

Mr. Benson who faithfully performs all duties devolving upon him is the friend of teachers and pupils alike, it is seldom that a man of such worth for the position he occupies can be found.

With the high cost of living—effecting salaries, high priced materials, fuel, etc., increased expenditure has been necessary. You will nevertheless notice that the total amt. contributed by the Town Council for school purposes was One Dollar and Seventy-six cents (\$1.76, under last year. This was brought about by a tax placed upon pupils attending the common school grades from surrounding districts, a matter that had not been given attention of other years, and which added One Hundred and Thirty Five Dollars to our income.

The board had missed the wise counsel of Capt. Wm. McBride Chairman, who found it necessary because of duties connected with the war to be away from home a greater part of the year.

Respectfully submitted,  
**R. H. LAMONT,**  
Acting Chairman.

### BOARD OF HEALTH.

To the Mayor and Town Council of Kentville

Gentlemen:—I beg to present herewith my annual report as medical Health Officer for the year ending 31st. December, 1917. With the exception of the occasional occurrence of a few cases of Diphteria, which the Town has experienced in common with most other sections of the Province, which have suffered to a greater degree, there has been little evidence of infectious disease and the generally low mortality, rate has been made up largely among those who have reached advanced age. Sanitary conditions have been fairly well fulfilled, and sewer connection has been made in nearly all cases where reasonably practicable. The insanitary and disagreeable dust nuisance has been well controlled by the watering cart and the pleasure and healthfulness of walking and driving on our streets, thereby advanced. The Water supply is abundant, and the water shed kept free from sources of pollution. The County Academy and public Schools buildings are well looked after, and kept in a sanitary and attractive condition by a competent Janitor. Short of a local outbreak and "scare" nothing seems to convince the citizens of the desirability of protection against Small Pox, by the simple Process vaccination. Considering the large number of cases reported in Eastern Sections of the Province at the close of the year, we may not be surprised if the convincing process referred to above, begins to operate here at any time, but it is to be regretted that the citizens cannot be educated in a less expensive way.

Respectfully submitted,

**PRINCIPAL TRASK'S REPORT.**

To the Board of School Commissioners for the town of Kentville.

Gentlemen:—I have the honour to submit the following report of the Kings County Academy and the Kentville Public Schools for the year 1917.

The enrolment at the end of the year was 443 being divided as follows:—

Teacher	Grade	Enrolment
Miss Bishop	Kindergarten	53
" Chute	I	52
" Hardy	II	43
" Lewis	III	55
" Downie	IV	48
" Nichols	V	47

" Chase	VII	28
" McDonald	VIII	30
" MacGregor	Academy	54
J. L. Trask	Academy	54
Miss Holder	Domestic Science	
Mr. Hardy	Manual Training	

On the staff, as at present constituted, there are two B. A.'s holding Academic licenses, one A. six B.'s and three C.'s of these nine hold normal College Certificates. All are doing their work to the best of their ability with varying degrees of success.

Miss J. A. McDouald, who replaced Miss Frank at the beginning of the school year, is proving herself a painstaking and efficient teacher. At the end of the calendar year Miss Neary, who had taught the Seventh grade successfully for more than three years, severed her connection with the school. Her place has been taken by Miss M. S. Chase who had already served the town for a period of ten years.

Coming to your Town from a larger centre of population I was agreeably surprised and pleased to find that your school buildings and outfit were better than I had expected.

In closing allow me to express to every member of your Board, my appreciation of the kindness and courtesy which they have extended to me since my arrival.

Respectfully submitted, J. LOGAN TRASK, Principal.

Due to the efficiency of our Superintendent, Mr. J. R. Neville, the Water Service is in a very satisfactory condition.

Respectfully submitted, M. F. CARROLL, Chairman.

**REPORT OF STREET LIGHT COMMITTEE.**

To the Mayor and Town Council, Gentlemen:—The standing Committee on Street and light beg leave to report for the year ending Dec. 31st, 1917 as follows:—

Superintendence	\$ 375.00
Labor, Team Work, Watering etc.,	1452.34
Lumber, Hardware, etc.,	135.39
Sundries	27.89
<b>Total</b>	<b>\$ 1990.62</b>
Less Gravel Sold	11.10
<b>Total</b>	<b>\$1979.52</b>

The high cost of labor, material, etc., together with increased wear and tear, occasioned by travel in general particularly automobile travel, necessitates a greater expenditure of money than has been granted during the two years I have been in the council.

At the beginning of 1917, your committee after careful consideration by its chairman F. B. Newcombe and members, asked for an appropriation of \$2300.00 for street work, which disallowed and \$1200.00 granted, you will see by attached report that we have found it necessary to far exceed our allotment to do the work absolutely necessary to a condition befitting a town of our size and importance.

As early in the spring as conditions warranted most of the outlying streets were gone over with the road machine widening, thoroughly rounding, smoothing and clearing gutters. From the top of Wickwire hill east to the Government farm the road was widened straightened and gravelled, making it one of the best in our town. Wickwire hill, a narrow crooked miserable road, has been changed to a broad, smooth permanent highway and will we believe demonstrate, to our citizens as time goes on that it pays to do well what is undertaken.

By continuous use of the watering cart during dry weather an unhealthy, unpleasant dust nuisance was avoided and as well our streets were kept smooth and hard, withstanding well the wear and tear of a busy summer. By careful attention at the right time we can keep our gravel streets in good condition during the dry weather, the time has come, however, when we believe it absolutely impossible to provide against spring and fall mud without permanent streets for our most important thoroughfares and we would recommend that action be taken along this line at the earliest possible date.

The matter of public protection at Junction of street and railway crossings on Aberdeen and Corwallis streets was before the council on several occasions, a committee appointed to deal with the matter has not reported.

To our superintendent, Mr Neville we owe much. We believe he has few equals, no superiors, and are fortunate in having his services.

Expropriation proceedings in connection with land required for widening Leverett avenue were undertaken and are still in progress owing, however, to lack of funds for street purposes, matter has not been concluded.

**Light.**

Our lighting service is not all that might be desired, citizens living near the power house have been since August last called upon to endure smoke and soot from a stack half its original length, with no corresponding shrinkage in the rate, and a light service at times most annoying. The attention of the company was called to this unfortunate condition unavailingly, finally it has been referred to the Public Utilities Board. We suggest municipal ownership of this utility.

Signed, R. H. LAMONT, Chairman.

### NOVA SCOTIA SANATORIUM.

A Military Service was held at the Sanatorium on Sunday afternoon at four o'clock. The Soldiers with their Officers, marched to the Vocational Building and filled every seat in the large Auditorium. Rev. A. M. Bent, Rector of St. James Church, Conducted the Service, and preached an able sermon on the text. It is I be no' afraid. The organist, and Choir of the Church attended, and led in the singing of the Military hymns. Fight the good fight, with all thy might" a favourite of the Soldiers, was joined in by all, and the sick men in the adjoining Pavilion, enjoyed hearing the familiar hymn, as it reminded them of many gatherings overseas, where their lusk voices had helped sing the same words. Dr. Miller and his staff are to be congratulated on having this fine Vocational Building, which has been erected on the Sanatorium grounds, for the use of the returned soldiers, many of whom are able to take up their chosen line of work. This building is being rapidly supplied with the necessary appliances, while skilled instructors are engaged to aid the men in whatever work they undertake. A visit to this building found some young men busy with shorthand, others diligently practising with the typewriter, others lads will take up telegraphy, basket making, rugcovering, or any other branch of work, that is desired. One young man has continued his law studies, and another has knitted a pair of woolen socks for the Red Cross. The different Clergy of the town take alternate Sundays to minister to the spiritual needs of this fast growing Community.

**DEATH OF PTE. J. DUNCAN.**  
Word was received on Thurs. last by Mrs. F. A. Masters, that her son, Pte. Joe Duncan

had died of wounds at No 2 Australian General Hospital Wimereau, France. Joe was more familiarly known in Wolfville for after 4 years at Hortonville School he graduated from Acadia Collegiate Academy, Wolfville, in 1911. He then entered the Royal Bank of Canada and after three years he was transferred to P. E. I. and later to St. John, where he answered the call to the colors, and enlisted in the 115th Batt. He went overseas in July 1916 and was wounded Sept. 15th, 1917. For a time he was dangerously ill, but rallied and was gradually improving until after Xmas, when his condition became alarming, he peacefully passed away Feb. 4th.

### A PAINFUL ACCIDENT

On Friday last Mrs. John Wark, of Coldbrook met with a most severe and painful accident. She happened to trip over the cat and fell against a table breaking and dislocating her upper arm and shoulder. Dr. W. S. Woodworth was called and set the fractured bone and she has been as comfortable as could be expected ever since. Mr. and Mrs. W. E. Porter of Kentville have in attendance with Mrs Wark considerable since the accident.

### CARD OF THANKS.

I wish to take this opportunity of thanking the Electors of the Town of Kentville for the honor they have conferred upon me in electing me as one of the representatives at the Council Board.  
I trust that my efforts to serve the interests and welfare of the town will meet with your approval.  
Yours Respectfully  
**W. E. PORTER.**

### PUBLIC MEETING UNDER NATIONAL SERVICE LEAGUE.

On Friday evening a public meeting was held in Pastime Hall with a fair attendance. Prof. Blair presided and a most interesting program was carried out.  
Mr. Laurie Ellis secty of the League or Home Planting Club gave an interesting report of the work undertaken last year and the results of the efforts made. Prof. Blair gave an address on "The National Service League"— its opportunity He was followed by Mr. A. S. Barnstead of Halifax, who congratulated the League on the work one and the energy manifested for the present years work. He gave an interesting address on the need of work at home to keep up production the shortage of food supply and Canada's responsibility in helping to feed the hungry.  
Mr. J. Logan Trask, followed in a most practical address, historically tracing the over-running of Europe by the ancient Huns and how the modern German Huns were outclassing their predecessors in devastation cruelty and plunder. He dwelt on the application of our townpeople in producing more for the present year and also the work of the school children possible without interfering with the school work.  
Mr. R. D. L. Bligh, of the Experimental Farm gave a concluding address on the Vacant Lot in National Service.  
The papers of Prof. Blair, and Mr. Bligh, or parts of them, will likely appear in print later, for the benefit of the public.  
An exceptionally fine pro-

gram music was furnished under the direction of Mrs. J. D. Clark pianist as follows:  
Vocal Solo: Miss Helen Graham.  
Violin Solo: Mr. Enoch Harrington.  
Vocal Solo: Miss Evelyn Spidell.  
Vocal Solo: Miss Helen Graham.  
This was one composed by Mr. George E. Graham, appropriate for the greater production campaign.  
Votes of thanks were extended to Mr. Barnstead, and the musical performers.

Mr. Garnet L. Benson, who has been residing in Kentville for some time engaged in the grocery stores of Lamont & Steadman, and later with R. T. Caldwell, left this morning for Digby where he has accepted a good position with Mr. H. T. Warne. He will now be nearer his wife who has been spending part of the time at her former home. Mr. Benson will be much missed particularly in band and musical work.

### GERMANS SUMMON FLEMISH TO LABOR.

AMSTERDAM, Feb. 7.—The Telegraaf has received advices from the frontier that an order has been issued by the Germans summoning the male population of the Flemish coast for military labor. The age limits of the conscripted persons are from thirteen to sixty years.

At the Annual Meeting of the Kings County Farmers' Association, Mr. Geo. R. Pines, Mr. A. N. Griffin and Mr. W. H. Woodworth were appointed a committee to find out and report upon the fertilizer, seed, and spray material situation. The finding of the committee is as follows.

Both fertilizer and spray materials are scarce, and in order to be sure of obtaining what is required, orders should be placed at once. The price of these articles is advancing and this advance, owing to scarcity, is likely to continue. Placing your orders now, not only will better prices than are possible later be obtained, but late orders may be difficult to fill at any price.

Dealers in these supplies are in a position to quote prices, which are as fixed at present as they will be, except that there will likely be a gradual advance, therefore, if your regular dealer is not in a position to quote prices, get them from the one who is. Get in touch with your nearest dealer at the earliest possible date. The United Fruit Company have placed large orders for their members at a price much below prices ruling today, and in some lines these orders can be increased, as this was stipulated in the contracts. The Manager has stated to your Committee that he is prepared to handle orders up to the limit of possible purchase at old prices, at a price very little in advance of that given to members, providing farmers outside the Company place orders immediately. These orders to be placed through your nearest Fruit Company.

Ground limestone can be obtained by any farmer through their nearest Fruit Company, in car lots at \$3.00 per ton f. o. b. Windsor. The freight rate from Windsor is low; up to 30 miles 50 cents; to 50 miles 60 cents; to 75 miles 70 cents. Farmers not wishing a whole car can combine in purchasing a car. Minimum carload weight 20 tons. We advise ordering now when cars are available and roads are good. Government inspected, re-cleaned seed wheat can be obtained through the local Fruit Companies at the price of \$3.00 per bushel, Berwick bags furnished by purchaser, if orders are placed at once. Your Committee have made every effort to gain a full knowledge of the situation respecting the above, and would urge all farmers to make up their orders at once, otherwise disappointment is likely to result. The seed supply includes wheat, oats, barley, clover, timothy, turnip and other seeds. The fertilizer include, mixed fertilizer, 3-10 and 4-10; Bone Meal, Acid Phosphate, Slag Nitrate of Soda and Ground Limestone. The spray materials include arsenate of lead and arsenate of bluestone, hydrated lime, lime sulphur and black leaf 40.

Should any Fruit Company refuse to take orders, make the fact known to the undersigned.

### DROWNED IN CALIFORNIA.

Word has been received here that George Clinton Terry, son of the late Henry Terry, of Kentville, has been accidentally drowned in California, where he had been residing for the past twenty years. Mr. Terry left home nearly forty-five years ago, and had visited many parts of the world. He leaves a brother, J. McCully Terry, in Denver, Colorado, and two sisters, Mrs. J. A. Etter, Shubnacade, and Mrs. C. E. Creighton, Dartmouth.
