 Flower, Fruit and Delicacies—Mrs. A. W. Bleakney
 Christian Citizenship—Mrs. B. O. Davidson
 Press—Mrs. M. P. Freeman
 Willard Hall—Mrs. M. P. Freeman
 Temperance in Sabbath Schools—Mr. C. A. Patriquin.

LADY ASTOR ON DRINK

Lady Astor, in an interview published in two leading New York papers, made it plain that she is opposed to the drink traffic.

"The women," said she, "will eventually settle the drink problem. At the present hour, from a woman's point of view, it is an affair of real urgency. It is from the point of view of women of their husbands, or their unhappy little ones, that they see this great problem. And I would point out in passing that the very fact that the poor folk of the British slums have gone to the public houses so long has at last reconciled them to the slums. In other words, but for the public house you would not have thousands of people living as they are today. 'I do not say that it is actually a sin to take a drink, but what I object to is the crime and misery that follow in its wake. It offers the workingman liberty, it gives him chains. In short, it benefits nobody but the brewers.'

BEER'S DAMAGING EFFECTS

"I have never had reason to think that any beneficial results came from the use of Beer as a common drink, but on the contrary, regard it as slowly, but positively detrimental to the system. Its indiscriminate use as a beverage produces the most damaging effects as other drugs would do."—Dr. J. T. Woods.

"Every physician or surgeon will testify that, other things being equal, the Beer soaker has a smaller chance of recovery, if overtaken by serious illness, accident or the necessity of surgical interference, than the one who abstains. In this one particular effect Beer is, in my judgement, more injurious than more concentrated forms of alcohol, which tend rather to local disorders."—Dr. G. A. Collamore.

"Just look at it! Pure Beer is 91 per cent. water, 5 per cent. alcohol and 4 per cent. of malt extract, adulterations, hops, etc. Not as much nutrition in ten pints of beer as is one slice of bread and butter!"—Dr. W. C. Chapman.

A REAL BEAUTY EXPERT

(From the Miami (Fla.) Herald.)

Two negro girls were discussing the merits of a certain beauty specialist.

"Am she the goods?" asked one. "Can she make yo' beautiful?"

"Lissen, Pansy," came the answer, "at woman am so proficient she can make a human scarecrow look like the Venus de Milo standin' knee deep in a lily pond."

ANOTHER TAX FOR SCHOOL READER

(From the Yarmouth Light.)

With the re-opening of the public schools this year comes the moan of the parents over the hardship of being obliged to purchase many new books, one indignant citizen remarking that the "most disgraceful thing in the Murray administration was the changing of school books so frequently," says an exchange.

It is a well known fact that hundreds and hundreds of dollars worth of school books are stored away in attics, many of them as good if not better than the ones prescribed by the Council of Public Instruction today.

This year we understand that an entirely new reader has been introduced besides other changes. There are families who will be obliged to go without school books, not having the money available with which to buy.

The public is at a loss to know the reason for this extravagance on the part of the local government, the natural inference being that it is a scheme to make money and as usual the poor people have to shoulder the burden.

OUR ACCOUNT WITH GOD

The earth is the Lord's and the fulness thereof;
 The world and they that dwell therein.

Ps. 24 : 1.

Brother John Smith in account with his Master, the Lord of the whole earth.

	\$10.35
<i>Matt. 10 : 8.</i>	

Twenty-four persons were drowned and five others seriously injured at Chester, Ohio, Saturday night, when the bridge spanning the Chester River in the heart of the city's business district, collapsed.

Some women are born beautiful. Others have beauty thrust upon them by the society editor.

When bargains are offered, some people are always ready to sneer. Wiser people buy, and save money.

LIKE MAGIC RHEUMATISM DISAPPEARS

Redmac, the New Tonic Comes to Give You Relief.

For centuries people have been looking for something that really removes Rheumatism and Lumbago. Redmac has appeared and thousands are today better in health. Redmac, The great Tonic, penetrates through the blood removing all waste matter. You will feel one thousand per cent. better after taking one bottle. If you want to feel fine go to your druggist and get a bottle of Redmac. Sold by one Druggist in every Town. For sale in Wolfville by Rand's Drug Store.

SPENDING THOUSANDS TO GET BUSINESS

Something like fifty sacks of Eaton catalogues reached Grand Forks post office this week, says the Grand Forks, B. C., Gazette. They number, roughly, six hundred, and each book with postage costs around \$2, so that shipment alone has cost this mail order house about \$1,200. These shipments are usually made twice a year, and in addition smaller special-sale catalogues are sent out at intervals, so that this firm spends upwards of \$2,400 a year for business accruing at Grand Forks.

There is only one reason why Eaton spends the money sending his catalogues here, and that is, it brings results—it pays. And a little consideration of these figures will give some idea of the magnitude of the business which this firm must do here. These figures are for one firm's operations only; there are other mail-order firms which expend considerable money in a like manner.

"Catalogues are the most expensive method of advertising; they are not given out in the big cities where the stores operate for that reason. Instead, the newspapers are used, because they are more effectual and more economical. And, moreover, during dull times like the present, the advertising appropriations are increased, not diminished."

The leading industry of Canada is fishing. The value of the annual catch amounts to about \$50,000,000 and it employs 100,000 workers.

EASTERN GROWERS ARE WARNED TO WATCH B. C.

Unless Change in Packing is Made, Will Lose Fruit Trade

MONTEREAL.—Unless the fruit growers of Quebec and Ontario adopt more modern methods of packing, grading and marketing their fruit, they are extremely likely before long to find that British Columbia apple growers will have made serious inroads on their trade—inroads which have already got well under way, not only from British Columbia but also from the western states. This was the warning given the fruit growers of the province of Quebec by Professor W. T. Macoun of the Experimental Farm, Ottawa, in the course of an address on "Impressions of Western Activities".

A BUSY DAY

(From the Detroit Free Press.)

Yesterday we had a busy day. Seven men came in to tell stories, which we had heard before. Three dropped in to try to sell us stocks in new concerns. Four wanted to know if we were going to buy a new car this year. Got rid of them quickly.

An old friend of the family came in to find out all that has happened in the last twelve years.

Two came in with tales of woe. Work accomplished—positively none.

Some women get red in the face from modesty, some from anger and others from the druggist.

Minard's Liniment used by Physicians.

Mail Contract

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 14th October, for the conveyance of His Majesty's Mails, Twenty-four times per week, between CENTREVILLE (KINGS), and D. A. RAILWAY STATION, under a proposed contract for four years, dating from the 1st January next.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office at Centerville, Kings Co., and at the office of the undersigned.

DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

The coming of the automobile into such general use as prevails today causes numerous problems unthought of as well as unheard of in the days previous to their introduction. The ordinary use of the highway in those days comparatively without danger has in these later times become a matter of serious menace. Then the ordinary provisions of the carrying out of the rules of the road where of trivial importance. They now figure very large in the matter of public safety. A team or car on the wrong side of the street is not only a real danger to itself and its occupants but may work large damage to others using the public road. The old fashioned custom of two neighbors incumbering the streets while discussing community interests proved last week in this vicinity of real danger to themselves and others. Streets in some sections known for generations to be unsafe but sufficient nevertheless to admit of public use under old conditions have proved during recent days under the present order, to be far from safe. People should also keep in mind the difference in speed between the old team horse and the fashionable car driven in most cases during these days up to capacity speed. One should be fairly sure when crossing a street—in front of an automobile when the temptation is to break if possible the road record. Hens and dogs and other domesticated animals frequently make this error, their lifeless bodies by the way side point the moral. Humans should be more wise although frequently they give no such evidence. The presumptuous school boy is bound to get caught if he persists. We need more information regarding the rules of highway travel, perhaps also the application of some new rules, as well as a general regard for public safety and the display of a larger amount of common sense among our people large and small. It is highly necessary for car drivers to pay regard to the rules of the road. It is equally necessary for all others who use the roads to do the same. An ounce of prevention may be worth more than a pound of cure.

THE COST OF LIVING HIGHER

Prices in Sixty Canadian Cities Advanced Last Year

The average price of the weekly budget for a family of five in sixty Canadian cities rose to \$11.41 at the beginning of August, as compared with \$10.96 at the beginning of July, according to figures compiled by the Department of Labor. This covers 23 staple foods and an examination of the different items shows that practically the entire increase is accounted for by potatoes and butter. The seasonal rise in these commodities has been accentuated by the dry, hot summer. Wholesale prices show hardly any change between July and August. The continued downward movement which began in May, 1920, has slowed up very considerably, and there is a disposition to consider that the liquidation in prices has been to a great extent accomplished and that with good crops, improved transportation facilities and better financial conditions, there may be better demand in markets which have been weak for over a year.

TUXIS AND BOY SCOUT WORK

Notices have been mailed this week to all those in Wolfville, who subscribed to the three year program of the Kings County Boys' Work Association, to the effect that their pledges for 1921 became due on the first of July last.

As the County Association has authorized the use of these pledges for local work it is hoped that as many as possible of the subscribers will send in their amounts to Mr. H. A. Peck, Treasurer.

These funds are absolutely essential in the work is to continue. The new building at Camp is to be paid for, the building in Town must be painted and repaired and the expenses of the trips of the Tuxis Boys and Scouts must be met.

The Scoutmaster states that he will regard the response to this appeal as an indication of the interest the townspeople feel in the work.

He is willing to give his time free but all running expenses must be met and if this is not done readily he will discontinue the work.

Since the above was written it has been found that some of those to whom notices have been sent had only subscribed for one year or had already paid to one of the committees. It is hoped that any one who is a victim of such a mistake will overlook the error and if not already a subscriber will become one for 1921.

BORN

BLAUVELDT.—On Friday, Sept. 9th, to Mr. and Mrs. R. B. Blauveldt, a daughter.

DIED

PRATT.—At South Buxbury, Mass., on August 5th, Fred H. Pratt, of heart failure.

FAMILY REUNION

A very interesting event took place in Greenwich on September the eleventh, when Mr. and Mrs. Geo. Frasers had all their family around them, twenty-eight in all, including Mr. Fraser's sister, Mrs. Edgar Eaton.

Besides the parents, four sons, seven daughters, and eleven grand-children were there. Mr. and Mrs. Thomas Fraser, with their five children, came from Scott's Bay; Miss Bertha from Winnipeg, Man., and Miss Millicent from Boston, Mass.

From Port Williams came three sons, Everett, Donald, Kenneth, and two married daughters, Mrs. Geo. Gates, with Mr. Gates and four children, and Mrs. Ray Fraser, with Mr. Fraser and two children. The three daughters at home, Misses Ethel, Bessie, and Joyce, completed the large gathering which might have been seen on the lawn in the afternoon, posing for snap-shots.

The grand-children, so gay and happy in a group before the camera, would have been a full dozen but for the death of little Frankie Fraser a month ago—the first and only break in the family.

When, at the close of the day the twenty-eight sat down to tea, one wonders if Mrs. Fraser used her grandmother's old china, a full set of which she is known to possess. If so, it might be said that the same china had been used by five generations.

Their neighbors and numerous friends would congratulate Mr. and Mrs. Fraser and wish them many happy years, honored and loved by their children's children. L. E. B.

The people of Halifax had a bad scare early Monday morning when five high pressure stills at the Imperial Oil Company's Plant at Imperoyal exploded in quick succession. The fire which followed was soon under control, and the property loss is estimated at \$40,000. Fortunately there was no loss of life, and only one man was slightly injured.

The first shipment of Ladies' Fall Coats and Millinery received in New Styles and New Shades, at very reasonable prices.

The Kentville baseball team defeated the Springhill team yesterday by the score of 2 to 1, in the greatest game ever played in Kentville.

At the meeting of the G. W. V. A. on Tuesday evening last it was reported that members of the Association had contributed to date \$332. towards the memorial fund.

THE MACHINE CHOSEN by the most RELIABLE BUSINESS HOUSES is the MOST RELIABLE MACHINE. THE REMINGTON TYPEWRITER. A. Milne Fraser, 157 Hollis St., Halifax, N. S.

Mr. Harry E. Fraser wishes to announce to the public that he has gone into business for himself. His 17 years experience in the plumbing trade are at your disposal. Any one desiring work done please call 'phone 75.

In the absence of a formal opening, all are cordially invited to visit Miss Saxton's Millinery Show Room and see the imports and also the attractive models coming each day from the hands of an experienced milliner.

The School Board has secured the services of Miss Wade, of Granville Ferry as teacher of the overflow pupils in grade 3. A temporary school room has been fitted up at the Town Hall, where 30 pupils are being taught.

Persons who have children attending school, should see to it that they are vaccinated. This matter has been giving the teachers a great amount of trouble, which however could be averted if the parents would kindly attend to it.

A new novel by Mr. J. F. Herbin, entitled "Jen of the Marshes", has recently been published by the Cornhill Publishing Co. of Boston. The scene of the novel is laid in the vicinity of Grand Pre. THE ACADIAN has a limited number of copies for sale at \$2.50.

Mrs. C. A. Patriquin was called to Cambridge on Sunday on account of a serious accident which her father, Mr. T. T. Craig, sustained on the previous evening. While unharnessing a horse, he in some way became entangled in the harness and fell, bruising himself badly and breaking one of his ribs, besides other rather serious injuries.

The G. W. V. A. Memorial Fund has at present progressed to the extent that the Committee can see future contributions, awaiting confirmation, sufficient to make the total within about three hundred dollars of the amount required. Will all citizens who desire to give but have not yet stated their intentions please do so at once. By so doing they will relieve the Committee of the necessity of laboring over the most disagreeable collecting.

MAYFLOWER BARRED FROM RACE

Boston's hope for the North Atlantic Fishermen's Trophy races, scheduled to be held off Halifax next month, has been barred. The Mayflower, slickest sailing fishing craft afloat, as some have styled the Hub flyer, which was selected by the American Race Committee as the defender of the cup won last year by the Esperanto, of Gloucester, is not acceptable to the Trophy Trustees at Halifax and unless a new defender is chosen there will be no international fishing schooner races off Halifax harbor this year.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

There will be a service of sacred music at the Tabernacle on Sunday evening.

The Children's Aid Society will present the moving picture, "The Soul of Youth or Give the Boy a Chance", at the Opera House on Monday evening. This is said to be a very interesting picture and everyone, both old and young, should do their utmost to be present. The proceeds are for a most worthy object.

NOTES OF THE THEATRE

Patrons of the Opera House have been treated to some splendid shows this week and Manager Mason is to be congratulated on the week's program.

On Monday and Tuesday evenings D. W. Griffith's picture, "The Idol Dancer", was greatly enjoyed by large audiences. The settings of the picture were laid on an island in the South Seas and the scenic effects were most beautiful.

The attraction on Wednesday evening was the Guy Brothers Minstrels which proved to be a splendid performance. The attendance unfortunately was small and those who were not present missed a good entertainment. The end men's jokes and funny stories brought down the house with rounds of applause. In fact every number of the program was heartily enjoyed and encored. The specialties were also first class, especially the exhibition of club swinging. Splendid music was tendered by the orchestra in a finished and masterly manner.

A fair sized audience greeted the old favorites, the Mae Edwards Players, last evening, when they presented the play, "The Call of the Heart". All the parts were very well taken and the audience thoroughly enjoyed the performance. The vaudeville features were also exceptionally good. To-night the company will present "Peggy O'Neil", the international hit of the year, and no doubt there will be a large attendance.

U. S. APPLE CROP

WAKEFIELD, Mass., Sept. 15.—Prospects for a bumper apple crop in Maine with more than double the production of last year, are noted in a report issued today by V. A. Sanders, crop statistician of the United States Department of Agriculture.

This compares with a prediction for the United States as a whole of hardly more than half of the 1920 crop.

Mr. Sanders estimates Maine's crop as 550,000 barrels. It was 265,000 barrels a year ago.

The New Hampshire crop, Mr. Sanders finds to be about 85 per cent. of last year, Vermont 75 to 80 per cent.; Massachusetts 45 per cent and Connecticut 35 per cent.

BIG SHIPMENT OF APPLES

HALIFAX, Sept. 14.—Movements of apples to the Old Country are now under way from Halifax. The C. P. R. steamer Bothwell got away last night for London after loading fifteen thousand barrels. The Manchester Brigade came in yesterday to Furness Withy and Company and will load apples for Manchester. The Furness liner Digby left Boston at 2.30 yesterday afternoon enroute to Liverpool, calling at Halifax where she will load about fifteen thousand barrels.

Every normal man has two great ambitions. First, to own his home. Second, to own a car to get away from his home.

Mr. Geo. Nowlan left yesterday for Halifax where he has accepted a position until the Dalhousie Law School reopens next month, when he will continue his studies.

THE FALL OF A LEAF

Mr. Harold Bissett, of Windsor, was a guest yesterday of Dr. and Mrs. J. H. MacDonald.

Mr. and Mrs. Raleigh Bishop left Wednesday for New Haven, Conn., where Mr. Bishop will continue his studies at Yale University.

Mr. Austen Chute, who has been spending the summer with his parents, Dr. and Mrs. A. C. Chute, left yesterday for Boston where he has accepted a position as teacher.

Mr. L. Rudolf, of the Royal Bank of Canada, Amherst, who is on his vacation, paid Wolfville a short visit this week and was given a warm welcome by his many friends here.

Dr. V. B. Rhodenizer, who has been spending his vacation at his home in Lunenburg county, returned to Wolfville on Wednesday and has taken possession of his recently purchased residence on Summer street.

One of the most beautiful processes in nature is the fall of the leaf. This is not, as is commonly supposed, brought about by the inclement weather of the autumn, says a well known authority. For the underlying cause, one must look deeper. Soon after the leaf appeared in the spring preparations were being made for its fall. Across the base of the stalk there grew inwards a partition of special cells, known to botanists as the "layer of separation". As the season advances these cells become modified and weakened so that a springy cushion is formed. Eventually the mere weight of the leaf may be sufficient to bring about the severance of the organ which the tree no longer requires. Before the leaf actually falls it surrenders all that it possesses in the way of sugar and more complex stuffs. This passes back into the tree, to be stored away in the stem.

The Presbyterian Synod of the Maritime Provinces has been in session in Halifax this week. Rev. C. Munro, of Hopewell, was elected the new Moderator by acclamation, after Dr. W. R. Foote withdrew his name.

The light shower of rain Monday evening and heavy downpour Tuesday morning were most welcome to the parched country, but many such showers are needed to relieve the present drought.

Jack London's
"The Mutiny of the Elsinore"
 With an all star cast.

TUESDAY, SEPT. 20th
Samuel Goldwyn
 presents
"Milestones"
 An all star cast.
How to Grow Old Gracefully
 That Art is Taught in "Milestones", Which Cover Three Generations
 "How to grow old gracefully—and quickly," might be the title of a book written by Alice Hollister and Mary Alden, appearing in the new Goldwyn picture "Milestones".
 Within a few days they have to change from women of 1865 to women of 1910. Lined faces and grey hair and stooped shoulders must somehow be attained. This is the first time Alice Hollister has assayed an old lady part through she has had wide experience both on stage and screen.
 also PRIZMA and FORD WEEKLY
 Show at 7.30.
 Prices 20-30c.

Needless to state, this picture is replete with action of the most virile sort. Probably one of the biggest productions Mix has offered to the public. It contains among its thrilling scenes a realistic stampede of horses which has seldom if ever been equalled in picture history. In the path of the maddened animals is a four-year-old youngster, whom Mix reaches just in time. Escape on either side is impossible so the star simply rushes ahead and jumps into the town pump, standing in the center of the road, until the stampede is over.
 There are many other unusually thrilling scenes in this picture, which is well up to the standard which this star established for himself when he first started making Western productions.
 ALSO EDGAR COMEDY
"Edgar's Little Saw"
 Show at 7.30.
 Prices 20-30c.

Danger and high adventure, with one strong man against two-score in a fight to preserve a woman's honor—A drama grimly played beyond sight of land, on the face of the fathomless deep.
 "The Mutiny of the Elsinore" is a Jack London romance of the sea.
 The name of London is magic. Many writers have given the world books about the sea, but none has handled such subjects with the convincing power as London. To read his books is to live them. One feels the heave of the deck beneath him, the lash of the hard salt spray flung back from the buffeting bows; one breathes the unbelievable freshness of the sea air; one knows the characters as if he had dwelt among them; one gets a sense of the primitive ruggedness of those who brave the limitless waste of tossing waters; their revolting coarseness as well as their simple tenderness, their childlike fears and their desperate passions.
 Also 2 Reel Comedy
"April Fool"
 Show at 7.30.
 Prices 20-30c.

HEAVY VALUES—Yes this is the exact truth.

Our New Coats for Fall
 are heavy in value, medium inweight, light in price.
