A "PAIR OF SIXES" A GREAT SUCCESS

St. Mary's Choir in their usual good style staged the annual St. Patrick's Day Concert in the Opera House last night. This year "A Pair of Sixes" is being presented by St. Mary's Choir and the Opera House was filled to its capacity last evening by a critical audience. Each performer did great credit to themselves throughout the entire performance and the audience showed its appreciation by repeated applause.

"A Pair of Sixes," by Edward G. M. is a comedy drama, in which the action is quick, the plot very good, and the merriment is so plentiful and of such capital quality that it is always accompanied by a roar of continuous laughter from start to finish. This was certainly true of last night's performance, the audience indulging in outbursts of laughter and appreciation.

Between the acts, specialties were given which were all of a high order and splendidly received. The music of the orchestra was one of the pleasing features of the evening and all who took part are deserving of highest congratulations.

The comedy will be staged again to-night and anyone who was not fortunate enough to be present last night should not miss the opportunity of attending to-night.

THRILLS GALORE IN THIS PICTURE

Fine Scenes in May McAvoy's
"The Top of New York"

New York roof-tops, the toy section of a huge department store, and a beautiful animated doll are three especially interesting features of "The Top of New York," a Paramount picture starring May McAvoy, which opens at the EMPRESS Theatre for two nights, beginning next Wednesday.

The roof-tops afford an interesting locale for many dramatic scenes, one of the thrills being a realistic blizzard sweeping across the roof where a helpless crippled child is marooned.

It is the big toy department set which will interest the children most, however. Thousands and thousands of toys are shown and busy Christmas shoppers buying them. The appearance of Miss McAvoy as an animated doll in a huge doll house.

Around the tragic home life of this animated doll, Sonya Levien has woven a most entertaining story. The production was directed by the late William D. Taylor.

Prominent in the cast are Walter McGrath, Pat Moore, Edward Cecil, Charles Bennett, Mme. Marstini, Arthur Hoyt, Mary Jane Irving and Carrie Clark Ward, James C. Van Trees did the photography.

MAY REGISTER ANNUALLY

Annual registration of automobiles with a graded scale of charges ranging from \$2.50 is expected to be brought into force in New Brunswick this year in addition to the usual licensing. The Premier has denied the report that a flat rate of \$5.00 a car would be charged in addition to the present license fees, but it is understood that it is proposed by this method to raise the funds to carry on the patrol system for the highways. License fees under the Motor Vehicle Act produced \$302,000 in 1922.

Sir Henry Thornton's Reply to Board Trade

Ottawa, March 6th, 1923.

H. H. Ritchie, Esq.,
Sec'y Newcastle Board of Trade,
Newcastle, N. B.

Dear Sir,
I beg to acknowledge receipt of your letter of March 1st, quoting a resolution passed by your Board, copies of which have been sent to the Secretary of State, the Member for Northumberland, and the Acting Minister of Railways.

I thank the members of your board for the resolution they have been good enough to pass, and I assure you that nothing will be left undone on the part of the directors and myself to bring about the elimination of the deficit in the operation of the Canadian National Railway System.

Furthermore, you may be quite sure that all of the officers and myself will bend our best energies to satisfying the people of the Maritime Provinces. The divisions announced were decided upon because we believed them to be in the best interests of the railway as a whole, and the people of New Brunswick and Nova Scotia. They were not fixed for the purpose of annoying anyone.

Furthermore, no outside influence whatever was brought to bear. If they are found in the future to be unsatisfactory or opposed to the best interests of the people of the Maritime Provinces, they will be changed just as I would change anything which was found to be working badly. I hope the people of your provinces will give our new transportation machine an honest trial, and I believe, if they do that, it will be found to work in the interests of all concerned.

With renewed thanks for the confidence expressed in your resolution.

Believe me,
Yours faithfully,
H. W. THORNTON,
President

CHANGES IN N. B. CONSTITUENCIES?

While the province of New Brunswick will retain its present membership of eleven in the House of Commons, as a result of the recent decennial census, it would not be surprising if the committee on redistribution should recommend some changes in the boundaries of several of the constituencies.

In all probability St. John Albert, which now returns two members will be made into two separate ridings. There is talk of making the city of St. John into one constituency and have the other member chosen by the people of Albert and the rural portion of St. John County.

There is an agitation to have the county of Restigouche, separated from Madawaska and made into a separate constituency but it is scarcely likely that this will be done. The two counties now scarcely come up to the limit of population.

An anomaly with respect to the constituencies of York-Sunbury and Charlotte may possibly engage some attention. It is pointed out that York-Sunbury with a population of 38,000 comes well over the unit while Charlotte has only 28,000 people. To equalize matters it has been suggested that one or two of the western parishes of York County, possibly McAdam and North Lake be taken from York-Sunbury and added to Charlotte for federal purposes. Whether or not this suggestion will be carried out is a matter of conjecture.

MILLERTON WOMEN'S INSTITUTE MEETING

The Millerton Women's Institute met at the home of Mrs. J. D. Lyons at Thursday afternoon with seven members present. Roll call was answered with hints on Easter Cookery. Mrs. James read an article on the subject Spring Fashions and Sewing, showing how tall and stout women should dress. Mrs. Scott the President dealt very effectively on veils and the problem of sleeves, while Miss Pauline Crocker addressed the meeting on early Spring Millinery and the new furban, the question of light hosiery for the spring season being dealt with by Mrs. W. McN. Matthews.

An interesting article entitled "Prevention of Tuberculosis," by an eminent specialist was read by Miss Pauline Crocker.

Considering the large amount of sickness which is prevalent, the attendance was small, but those attending enjoyed the evening. Luncheon was served by the hostess and the meeting was closed with the National Anthem.

CHATHAM TO HAVE 1923 EXHIBITION

It was definitely announced at a meeting of the management of the 1923 Exhibition at Chatham, N. B., at the dates for holding the Exhibition this year would be Sept. 24th to 28th inclusive. Also that races will be held on the Association track during the week commencing July 9th.

A vigorous effort is to be made to make this fair specially interesting to the farmers of the Counties of Kent, Gloucester and Restigouche, as well as Northumberland.

Prizes will be offered to farmers of each county separately, as well as in general participation.

Opposes Reduction Of The N. S. Members

Halifax, March 13—That the spirit of the bargain made by the Fathers of Confederation should govern in the matter of Nova Scotia's federal representation and that accordingly there should be no reduction in it, was put forward in the House of Assembly here today by R. H. Graham, Liberal, Pictou, who moved a resolution urging co-operation of the Maritime and Federal Governments to the end that there might not be any further reduction of Maritime representation and that the British North America Act might be amended to this purpose. The resolution passed without division.

BUILD THIS YEAR

If you have any intention of building during the next few years you had better "get busy" this season. Lumber is going to be higher this year than last, but the chances are that it will be still higher next year. The next few years should be very prosperous ones in Canada with a tendency to higher commodity prices.

McAdam is a Conservative party while the other parties which border on Charlotte County were Liberal majorities at the last election.

LAWRENCE RIVER TO NAVIGATION

World's Biggest Icebreaker Now Enroute to Montreal

Montreal, Mar. 18.— In one month from now it is expected that the Canadian Government icebreaker, S.S. Makula, formerly the John D. Hazen, will have battered her way through the 80 miles ice barrier which shuts Montreal off from the ocean. Rated to be one of the strongest if not the strongest icebreaker in the world, the Makula, a product for the Canadian Vickers yard, Montreal, made 10 miles progress yesterday through ice that was 12 feet thick in the main channel. The icebreaker started at St. Jean 94 miles from Montreal and is today at Pointe Citrouille, 84 miles from this city.

The ice in the river this year is exceptionally thick, clear and hard. It is estimated that this is about the toughest proposition this specially constructed icebreaker has ever faced. When launched in 1916 by Canadian Vickers Company, Montreal, the vessel, then known as the John D. Hazen, was sold outright to the Russian Government with a view to keeping Archangel open for the importation of war material.

The Russian revolution made the ownership of the icebreaker a matter of doubt and nothing was heard of her for two years. Inquiries made eventually brought forth the information that the ship had been handed over to the French.

SAY MEN SHALL WEAR THEIR CLOTHES LOOSE

After deliberating 48 hours, the Custom Cutters Club closed their annual clothes of New York clinic at the Commodore by deciding that the "well-dressed man shall wear their clothes full during coming year. The result of the deliberation was announced from a balcony of the Commodore to a crowd of perhaps ten or twenty thousand well-dressed men, who had been waiting breathless, during the whole 48 hours.

The announcement that men would wear their clothes full caused no little excitement among the well-dressed men. The stout men, those who are concave where they should be convex, and vice-versa, were frankly jubilant. They have opposed the wasp waist for men from the first. On the other hand, the wasp-waisted men were up in arms.

The idea is of course, that clothes are going to be loose. Some unique models were on display at the Custom Cutters' Show. The new sport coat, Autumn brown in color and with the back accordeon pleated, ought to go good. The blue tuxedo is an innovation and has the added advantage of not showing any blue ink that may be spilled on it, unless, of course, the ink is red or green.

Member Moves For Cut In Indemnities

Ottawa, March 14 — Rising amid laughter from both sides of the House, Harry Leader, Progressive member for Portage La Prairie moved this afternoon for a 12 1-2 per cent reduction in the indemnities of members of the House of Commons and Senate and of the salaries paid to the Ministers and to the Leader of the Opposition.

Mr. Leader said that he would be willing to cut his remarks right off at the outset and have a vote on the resolution if the House was willing. There were cries, however, of "explain" from all over the House, and amid laughter, he went on to say that most resolutions on this subject asked for an increase. That was what the people of the country were used to.

N. S. Will Likely Drive To The Right By May

Halifax, March 14.—"Drive to the right", will probably become effective in Nova Scotia April 15 or May 1 of this year, according to the trend of discussion when the legislation affecting the change was being considered by the committee of the whole house in the assembly today. The legislation remained in committee.

The annual report of the Nova Scotia Power Commission, tabled by Premier E. H. Armstrong, showed that the two developments in operation had a capital cost to September 30, 1922 of \$2,243,488 for St. Margaret's Bay, and \$88,812 for Mushamush.

Labor Dines With Royalty At Palace

For the second time within a fortnight, J. Ramsay MacDonald leader of the Labor party, dined last Thursday night with royalty; this time at Buckingham Palace, whither he, along with the leaders of the various parties and prominent society folk, was bidden to break bread with the King and Queen.

The dinner was of a semi-state character. Forty-one guests were seated at a number of round tables the stewards and footmen in waiting wore scarlet coats with gold epaulets, knee breeches, white hose and low shoes and powdered hair. The band of the Irish Guards played during and after the dinner.

The most fortunate man is he who thinks himself so.

GERMANY WEAK BUT DETERMINED

While evidence of a perceptible weakening in Germany's resistance to France and Belgium has come to the notice of Downing Street, British Foreign officials decline to comment on the various reports that the Berlin Government is about to adopt an entire new policy toward the Allies.

The hope was expressed, however, that Germany has at last "come to her senses," and is ready to make direct proposals to France regarding the whole question of reparations and the occupied territories.

The importance of the reported overtures through the British Laborites is discounted but it is learned that negotiations through direct diplomatic channels were initiated during the last few days with disappointing results to the German emissary, who was bluntly informed that Britain would not act as postman or broker for any proposals intended for the Franco-Belgians.

The British Government, it was stated, stands solidly on the policy outlined by Ronald McNeill, Under-Secretary for Foreign Affairs, in the House of Commons on Tuesday, that there will be no intervention or note-passing by Great Britain.

"BABE" RUTH IN LIMELIGHT AGAIN IN \$50,000 SUIT

New York, March 13—George Herman, "Babe" Ruth has been made dependant in a suit for \$50,000 brought by Attorneys for Miss Delores Dixon, 19, who charges that the baseball player assaulted her at various times last summer. Ruth's attorney disclosed tonight. The attorney, Hyman Bushell, said Ruth declared he was being blackmailed, and in a telegram from New Orleans, signed by himself and Mrs. Ruth today, said "he would not pay a cent" but would "fight the charges to the limit."

Sore Faces AND Rough Hands

THESE biting boisterous March winds mean discomfort for sensitive skins. Faces and lips soon get chafed and sore, hands and arms become red, rough and unsightly unless your skin has the aid of Zam-Buk to keep it healthy, smooth and flexible.

Zam-Buk bears no resemblance to the old fatty salves and 'beauty creams.' These lie uselessly on the surface of the skin, but Zam-Buk consists of rich refined herbal extracts, that are quickly absorbed by the pores. Thus Zam-Buk exerts a soothing, purifying power on all the tissue. Soreness, irritation and inflammation fly before Zam-Buk. It quickly removes the poisonous germs and pore-clogging impurities, and is a soothing, powerful remedy for eczema, tetter, salt rheum, pimples, blotches, rash and other similar skin trouble.

Zam-Buk Made Her Skin Fine & Smooth.

Miss Rosa Wallace, Menie, Ont., writes:—"When my hands were made rough and sore by the Spring winds, I just applied Zam-Buk every night and my skin was soon all healed, fine and smooth. Zam-Buk is by far the best balm I have used. It is equally good for pimples and for healing cold-sores."

Wind Storm Wipes Out Town of Savage, Miss.

Memphis, Tenn. March 15 — The town of Savage, Miss., near the line between Tonica and Tate Counties, has been wiped out by a wind storm, according to reports reaching here early tonight. Wire communications are reported destroyed all through that part of the two counties and no estimate of the damage has been received here. Savage is on the Yazoo and Mississippi Valley Railroad, about forty miles south of Memphis.

Railroad officials have received indefinite information that scores of houses have been destroyed in Savage and that 25 or more persons have been injured.

Maine Bank Forced To Close Doors To Public

The Lincoln Trust Co., of Wiscasset, Me., failed to open its doors for business on Thursday and its affairs have been taken over by Fred F. Lawrence, state bank commissioner. The commissioner says that the bank is insolvent and that its affairs will be wound up. The institution began business in 1917 taking over the Wiscasset Savings Bank and the First National Bank. The deposits amount to nearly \$500,000.

The failure is due to the embarrassment of Burgess, Lang & Co., a Boston investment house, which controlled the majority of the \$50,000 capital.

AGRICULTURE REPORT GIVEN

Fredericton, March 14—The report of the Minister of Agriculture was laid on the table of the House today and the statements contained in it are of very considerable interest. No doubt the Agricultural Committee when called to meet by the Chairman, Col. O. W. Wetmore, tomorrow morning will find much in it to discuss. The Deputy Minister in his report to Hon. Mr. Mersereau speaks of the total acreage under crop being greater than during the previous year, but this was probably due to the larger crop sown of oats and the greater area harvested under hay.

Much damage to crops, however, was caused by the very heavy rains during the first of June, and grain and potatoes suffered considerably.

There was an unusual amount of fall ploughing done because the ground was dry and free from frost. Compared with 1921 there was less spring wheat grown by about 10,000 bushels, but there was more than three million bushels of oats in 1922 than in 1921. Of barley there was an increase of 50 per cent. and of peas of about 25 per cent; of beans the yield was more than double; of buckwheat there was nearly 800,000 bus. more in 1922 than in 1921; potatoes, however, fell off nearly 4,000,000 bushels; turnips were about the same; of hay and fodder there were nearly 400,000 tons more in 1922 than in 1921.

Other parts of the report speak of the low prices of farm produce and the purchasing power of the farmers' produce not being more than fifty per cent of what it was in 1914. There is a reference to the output of ground lime; of under-drainage on the farms, and the encouragement offered for it; of seed fairs held in different parts of the province; of the live stock which had been greatly retarded by the financial condition of the farmers; of the blow to dairying caused by the scarcity of rough fodder during the winter of 1921-22; of the lessened output of factory cheese by approximately 180,000 lbs.; and of the increase in butter production by 57,000 lbs.; and in connection with this, the comparisons of value of cheese and butter in 1921 as nearly \$76,000 against \$591,000 in 1922. There is much in the report to justify further references when there is more space.

British Make First Payment On U. S. Debt

The first payment by the British Government under the recently negotiated debt funding agreement was made Thursday at the New York Federal Reserve Bank. Although the formal agreement has not yet actually been signed, the British Government made known its desire to make at once the \$4,128,085 payment necessary to reduce the debt to an even \$4,600,000,000 the figure upon which the 42 year funding plan was calculated.

The Tonic That Gives Strength

Now is the Time to Invigorate Your System and Throw Off Winter's Ills

An unusually trying winter is almost over, but the spring will find many whose strength has been sapped and systems undermined by winter colds, influenza, pneumonia or close confinement indoors.

Among those who owe their present health to Dr. Williams' Pink Pills is Mrs. Clarence E. Misner, Chipman's Brook, N.S., who says: "I had a very severe attack of influenza, but after the characteristic symptom of that trouble had passed, I was left in a very weak and depressed condition."

SAYS WORD IS MISPLACED

Writer Criticizes the Too-Frequent Employment of Phrase, "The Psychological Moment."

A correspondent of the London Times sternly scolds all who are so slipshod in their speech as to employ that most useful of phrases, "the psychological moment," says the Living Age.

The French writer Francisque Sarcey, in his "Diary of the Siege of Paris," tells how the beleaguered Parisians pluckily made game of their enemy's phrase:

"You know how we laugh over that 'psychological moment.' The word has become all the rage. Everybody says, 'I'm hungry. The psychological moment for sitting down to dinner has arrived.'"

Indians Doing Well

Liberty bond subscriptions by Indians of the World War, running into the millions of dollars, first awakened the public to the importance of the race as a business factor.

In Oklahoma about 116,000 Indians received during the fiscal year ended June 30, 1920 (the latest data available), incomes aggregating more than \$39,000,000.

Many of those, not rich through oil, are busy with basket weaving, pottery and other native pursuits; but they make good farmers, too, and about 50,000 of them are thus engaged.

Snowflake is Really Transparent

The reflection of the sunlight on the snowflake crystals is what gives them the appearance of being white. Snow is simply water turned into crystals by the low temperature.

If the light reflected by the snow crystal is red or green the snowflake will take on the same appearance. When millions of snowflakes are combined in one mass on the ground their ability to reflect the light is increased and in this way a snow bank appears even more white than would one isolated snowflake.—Cleveland News-Leader.

Just a Little Too Much

Mr. Featherly weighs over two hundred pounds and is sensitive about it. He was calling on a friend the other evening when she said, naively: "Oh, Mr. Featherly, would you just as soon sit in this easy chair as in that rocker?"

"Certainly," replied Featherly, as he changed from one chair to the other. "Oh, thanks," she murmured, "you are very kind; I have a book full of fern leaves under the cushion of that easy chair, and you—"

Be Vacation-Minded

It is unfortunate that every individual cannot have a real vacation away from his business. But for those who cannot, to be vacation-minded, and to keep that way as long as they possibly can, is the next best thing.

Few businesses are so active in the summer time that a little let-down in hours and attention will do any great harm. So why not shorten hours and let down a bit, performing only such part of the day's labors as are absolutely necessary to maintain the existence of the undertaking, and letting every other detail go?

THE QUEBEC DOG DERBY

(1) Winning team of Quebec Dog Derby.—(2) Spectators at the course.—(3) Jean Lebell, the winner, receives the prize from Mayor Samson.

The racing of dog teams in sleighs is probably not an ancient form of sport, and more probably still, it is a sport that came first into being in our own country.

a hard day's work for the dogs. The total distance run was 131 miles and the running time taken by the winning team was 15.50 hours.

the last day was particularly so. On the first two days Lebell had finished first, although others of the eight competing teams had started ahead of him.

On each one of the three racing days the dogs came from the stable, dressed and eager for the run. They set out on the course at ten minute intervals, and as each team shot away from the starting point it was given an splendid send-off.

Another international dog race is anxiously awaited by Quebec next year. The Chateau Frontenac for this occasion housed a brilliant gathering of guests who were interested in the race, and some of these have announced that they will see the United States as well represented.

OBITUARY

RITCHIE INGRAM WOODS

Word was received yesterday by Miss Mary Ingram of the death of her cousin, Ritchie Ingram Woods in Montreal. The remains will be forwarded to Newcastle for burial.

FREDERICK G. CRANE

Word was received last Thursday by Mr. R. H. Armstrong of the death of Frederick G. Crane of Dalton, Mass. The late Mr. Crane was well known by many Miramichi friends, who regret to hear of his death. He was a member of the Miramichi Fish and Game Club and has been here hunting each season for a number of years. When the 132nd Battalion was being mobilized Mr. Crane presented the Battalion with a bugle band. He was a member of the firm of Crane & Co., paper manufacturers, and was a brother of the late Senator Murray M. Crane of Mass.

MISS AGNES RUSSELL

The death of one of Newcastle's oldest and most respected citizens in the person of Miss Agnes Russell occurred Monday afternoon at 5.30 o'clock at her home in Newcastle. Deceased lady was in her eighty-ninth year and was well and favorably known by young and old. She was a woman of sterling character and a valued member of St. James' Presbyterian Church. Deceased has been in failing health for some time and contracted pneumonia about ten days ago. She is survived by one brother, Samuel of Belleville, Ont., and one sister Mrs. John Jones of Newcastle.

JOHN HICKEY

The death of John Hickey, one of South Esk's most respected residents occurred at the Miramichi Hospital on Wednesday morning. Deceased had been ill about a week with grippe, and, as it was feared that it might result in pneumonia he was taken to the hospital Saturday evening.

Very sincere sympathy is extended to Mrs. Hickey as this is the second bereavement in the family within a month, their only son James, having died on February 25th. Besides his wife, deceased who was 76 years of age, is survived by one sister, and three brothers, Mrs. Thomas Scott, and Edward Hickey of Newcastle, Charles of Omaha, Nebraska, and Robert of Bangor, Maine.

The funeral was held Friday afternoon at 2.30 o'clock to St. Mary's Church. Interment in St. Mary's cemetery.

MISS AGNES A. McMASTER
The death of Miss Agnes A. McMaster occurred at the home of her brother Mr. Wm. McMaster, on Saturday morning at 6 o'clock. Deceased was born in Newcastle sixty nine years ago and of late years has resided in Chatham with her brother-in-law, Mr. John Bell, at the time of her death she was visiting Mr. and Mrs. Wm. CALGARY.—Those who knew Grant Hall, Vice-President Canadian Pacific Railway, in the olden days in the West, can recall his remarkable prowess with a gun. Although he now has little time for hunting expeditions he has by no means lost his well-known aim. While his train was proceeding at a rapid speed between Weyburn and Lethbridge his party noticed a coyote some fifty yards away. "Odds you couldn't hit it," remarked one of the guests. "Taven" said the Vice-President. Bang went his gun and the coyote rolled over. "The Call of the West," remarked the Vice-President with a smile.

MEDICINE HAT.—Within the past year, three locomotive engineers of the Medicine Hat division, James Fisher, Tom Penhale and Henry Hardy, have been retired from active service of the Canadian Pacific Railway on pensions. All three are veterans in service, have fired and driven construction trains in the pioneer days of road building, and for many years of late have been promoted to passenger runs. Tom Penhale is the oldest in service with the company, having enlisted in 1881. He has taken an active civic part in the community, and was an alderman of the city for several years. "Jim" Fisher has spent fifty-one years of his life railroading, covering during the entire period over two million miles in the cab of a locomotive. He started as fireman on the Intercolonial, and joined the Canadian Pacific in 1881—having pulled a passenger train for the past thirty-six years. Harry Hardy hired with the company in 1887 at Broadview, and later worked on a construction engine on the Prince Albert branch in 1890.

BEFORE MY BABY CAME

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will help others take it."—Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

DR. PUGSLEY IS APPOINTED

Will Investigate Canadian Claims Against Germany

Official notification of his appointment as commissioner to investigate Canadian claims against Germany was received Thursday by Hon. Dr. William Pugsley. These claims arising out of the war are for loss of life and financial loss and some \$35,000,000 to \$40,000,000 is involved. Dr. Pugsley will go to Ottawa this week in order to make preliminary enquiries and get information concerning this work. He said he thought that probably Ottawa would be the chief place of adjudication but that it was quite possible hearings would be given in different places. As he has been given very little information concerning the subject as yet. Dr. Pugsley did not know whether counsel would be engaged by the Federal Government or the claimants or if claimants would have to engage his own counsel.

Hon. Dr. Pugsley because of his wide legal training and his long connection with public affairs in Canada is particularly well fitted for this important post.

GAME LICENSES FELL OFF

The receipts from game licenses have been increasing for many years but last year they were disappointing and fell behind the record by some \$11,000. The Minister of Lands and Mines in his report has this to say about this interesting subject:

The receipts from game licenses fell below the estimate in the vicinity of \$11,000. It is somewhat difficult to say what cause this falling off is attributable. The season was considered ideal for hunting, and the game fairly plentiful, notwithstanding some reports from American sportsmen that were over here shooting and it was their opinion if we continued our long open season this province would soon share the same fate as the State of Maine where the moose are almost exterminated. I have no reason to change a long held opinion that the open season for big game is too long and should be shortened in accordance with the Act of the Legislature so as to cut off the last 15 days of September. The time in my judgment, is not far distant when there will be a public demand to abolish altogether the unsportsmanlike method of "calling" and the

Constipation Banished

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-tives"

The Marvellous Fruit Medicine
Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter: "For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this grand fruit medicine made me well." 50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

bringing into effect of "still hunting" only; eliminating the killing of big game excepting over a period of say thirty days and timed so that these animals cannot be killed in "calling season."

There were 71 fewer non-resident licenses and upwards of 3000 less resident licenses sold than in the previous year. On the other hand 50 more non-salmon licenses were sold this year than last, but there was a slight falling off in trout licenses.

CROWN LAND REVENUE BIG DECREASE

The report of Hon. C. W. Robinson, Minister of Lands and Mines, is very interesting this year. It deals of course principally with the forests and mines of New Brunswick but there is much more in it that should be known to all the people. The revenues of the province depend largely upon the lumber and the mines. Last year the receipts from territorial sources were only \$853,551 as compared with \$1,116,735 the previous year and over \$1,500,000 a year or two before that. The report says:

Estimate of Income
The estimate of the income of the Department \$738,500 as laid before the Legislature was not altogether reached, there being a shortage of about \$12,000. The cash received, however, during the year as will be seen by the statement was \$858,166, a difference of \$120,000. This is explained by unpaid accounts of the year 1921 being settled during the year 1922.

There was a falling off in four of the items shown in the Estimates, viz. Stumpage, Game Licenses, Wild Land Tax and Fishing Licenses, given in order of their importance. While there was a gain in the Royalties of 11 per cent, a slight gain in receipts from Fire Protection Tax, Renewals of Timber Licenses and Mining Applications and a 100 per cent gain in Miscellaneous items, particularly in royalties from fur, beaver permits, transfer of Timber Licenses, fur and hide licenses.

Stumpage on lumber is the principal cause of the shortage and is explained by the allowance that had to be made on account of a large proportion of lumber being injured by the spruce bud worm and consequently rated at a lower stumpage. The quantity of lumber cut was very close to the estimate of 100 million superficial feet.

The collection of the Territorial Revenue for the past Fiscal Year can not be looked upon otherwise than highly satisfactory showing that the financial conditions in this Province are as good if not better than in some.

KENT NORTHERN LONG BLOCKED

Travellers report that the Kent Northern has been blocked by snow since March 3 and that Michibucto has been isolated at various other times during the winter, greatly to the inconvenience of shippers, merchants and the public in general. The railway is a privately owned one, running from the shire town of Kent Co. to Kent Junction on the main northern line of the Canadian National Railways. The equipment, like that of many branch lines is inadequate to cope with the abnormal snowfall of the winter and unlike other country lines has not the assistance of heavy engines and plows from Moncton.

Sealing Fleet Is Jammed In The Ice

St. John's Nfld., March 15—The sealing fleet which sailed from this port for the Grand Banks a week ago, is jammed in an immense ice

PURITY FLOUR

field off the coast of Newfoundland, according to reports reaching here to day. The steamers composing the fleet were caught in the ice 48 hours after leaving St. John's, the report said. The sealers, pursued by bad luck last season, seem to be facing a similar lot this year. According to the owners the enforced delay is serious, as the season when the young seals may be hunted successfully on the moving ice floes, is very short, and valuable days are being lost. A single fact is worth a shipload of argument. Terror is more exhausting than any combat.

Here and There

Gold production in Canada in 1922 passed the million ounce mark for the first time since 1902.

Public works to be undertaken in Vancouver this year will cost in the neighborhood of \$10,000,000, of which \$5,000,000 will be spent by the Canadian Pacific Railway on pier construction.

The Canadian Pacific steamship Montcalm carried 900 emigrants for Montreal on her last voyage from Liverpool, the largest number of emigrants to leave that port this year.

Work was commenced last week on the new elevator at the Ballantyne pier, Vancouver, which will cost approximately \$2,000,000 to complete. The new elevator will have a storage capacity of 1,500,000 bushels.

Three thousand seven hundred licensed grain elevators in Manitoba, Saskatchewan, and Alberta have a total storage capacity of over 100,000,000 bushels. Ontario, Quebec and Maritime provinces have storage elevators with capacity up to 33,180,000 bushels.

The first lodge of Free and Accepted Masons in the history of the Merchant Marine World, was recently organized on the Canadian Pacific liner Empress of France, when cruising the Mediterranean Sea with a party of 800 Canadian and United States tourists.

Four thousand seven hundred and eighty-four cars of last season's fruit crop have been shipped out of the Okanagan district of British Columbia up to February 14th, according to a statement made to the Vancouver Board of Trade recently by P. W. Peters, general superintendent of the Canadian Pacific Railway, B.C. division.

Sault Ste. Marie.—The new downtown ticket and telegraph office of the Canadian Pacific Railway and the Dominion Express Company at the corner of Queen and McDougall street, in the building formerly occupied by the Public Utilities Commission, is one of the finest in the province. There are some larger offices in the larger cities, but none that are better equipped.

Rabbit Business HAS BEEN GOOD AT ROGERSVILLE

Estimated That at Least 35,000 Bunnies Skinned and Shipped Out of Rogersville During the Winter.

One industry that has flourished at Rogersville this winter has been the rabbit business. The season started the last week in December and up to March 1st 26,500 has been shipped by the Rogersville Co-operative Limited. At the present time the rabbits are coming in at the rate of a thousand a day. The season will terminate on the 15th inst.

These rabbits which are all caught in snares, have been shipped to the cold-storage at St. John and from there are sold to the fox dealers. The price paid will average 10 cents. There are other buyers besides the Rogersville Co-operative, Limited, and the total amount of rabbits shipped from Rogersville will easily reach 35,000. One man's lowest catch per week was 151 and his highest 243.

The Older Boy's Conference for the North Shore Counties

An Older Boy's Conference, open to the boys of the "North Shore" and Bonaventure Counties is to be held at Chatham, N.B., and in the United Church of St. Andrew and St. John there from Friday to Sunday, March 23-25. It is organized under the auspices of the Provincial Boys' Work Board of the Maritime Religious Education Council. "All boys in their fifteenth year or over who are anxious to make their lives count, and who want to enjoy a get-together of real live fellows for fellowship, fun, instruction and inspiration", are eligible for registration and membership. It is open to all men,—ministers, S.S. superintendents, teachers of boys' classes and others who are interested in the boys of the community. Leaders of Tuxis Squares or older Trail Rangers' Camps should plan to attend in a body. Registration should be in the hands of the Registrar of the Conference, Sir Herman S. Murray Chatham, N.B., three days before the Conference, if possible.

The program promises well. At the opening session on Friday evening the boys will elect their own officers, and from that on to the close the Boy's Conference will be a self governing body. Leaders and speakers will be present from the wider field, including Rev. H. S. B. Strothard and Rev. F. M. Milligan, Methodist and Presbyterian Secretaries, respectively, of Religious Education and others. The themes of the addresses during the different sessions will include "The Call of the Four Square Life," "The Investment of Life," "The Greatest Race," "The Quest for the Best." Ample provision will be made for recreation, games, physical drill, singing, and "stunts" such as healthy, whole-souled boys delight in. The Saturday evening banquet will be a feature, along with the "toasts" that follow. A special service of worship for the boys will be held on Sunday afternoon, and the closing service will be conducted by the boys on Sunday evening at the conclusion of the regular church services. All boys who can possibly attend should plan to be present.

BODIES OF 300 BRITISH SOLDIERS FOUND IN FRANCE

The bodies of more than 300 British soldiers have been found since January 1 in the Albert sector of the old western fighting front, where heavy actions were of frequent occurrence for a long period during the war. The bodies were uncovered in the process of clearing devastated woods in this sector, and additional ones are being unearthed daily.

OVER ONE HALF OF BRITISH ORIGIN

People of British origin constituted 55.40 per cent, of Canada's population in 1921, according to census figures issued by the Dominion Bureau of Statistics. In 1911, when the previous census was taken, this proportion was 54.08 per cent. In 1921 English made up 28.96 per cent, of the population, Irish 12.60 per cent, Scotch 13.36, French 27.91 and all other European races 8.59 per cent. Asiatics were less than one per cent of the whole. More than 83 per cent, of the population in 1921 were of British and French racial stocks.

C. N. R. TO PROTECT FORESTS

The Department of Lands and Mines New Brunswick, has been notified by the General Manager, Atlantic Region, Canadian National Railways, that the regulations applying to the usual fire protection of forests along railways had been applied to the C. RABBIT BUSINESS HAS BEEN GOOD AT ROGERSVILLE

Estimated That at Least 35,000 Bunnies Skinned and Shipped Out of Rogersville During the Winter.

One industry that has flourished at Rogersville this winter has been the rabbit business. The season started the last week in December and up to March 1st 26,500 has been shipped by the Rogersville Co-operative Limited. At the present time the rabbits are coming in at the rate of a thousand a day. The season will terminate on the 15th inst.

These rabbits which are all caught in snares, have been shipped to the cold-storage at St. John and from there are sold to the fox dealers. The price paid will average 10 cents. There are other buyers besides the Rogersville Co-operative, Limited, and the total amount of rabbits shipped from Rogersville will easily reach 35,000. One man's lowest catch per week was 151 and his highest 243.

The Older Boy's Conference for the North Shore Counties

An Older Boy's Conference, open to the boys of the "North Shore" and Bonaventure Counties is to be held at Chatham, N.B., and in the United Church of St. Andrew and St. John there from Friday to Sunday, March 23-25. Wheelsman Says Trouble Is Over

Toronto Citizen Suffered So From Stomach He Feared The Worst; Tanlac Brings Complete Relief

"Tanlac put me on my feet three years ago, and I have been in the pink of condition ever since," states John J. Mathews, 12 Ashby Place, Toronto, Ont., a well-known wheelsman on the steamer, "Toronto."

"I had stomach trouble so bad that at times I simply had to use hot appliances in an effort to subdue the pain. Gas almost choked me after eating, and I dreaded this so much I frequently made a complete trip on the steamer, two days, without food. I could never rest, and felt so bad I could hardly stick to my wheel. In fact, I was so near "all in" I thought I was going to have to give up completely."

"It was a great day for me when I went to the drug store and got Tanlac, for the medicine proved a god-send to me. I haven't had a sick day since I finished the treatment, but have been feeling as fine as I ever did in my life."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

Mr. and Mrs. Wm. A. McMaster and family wish to thank all relatives and friends for kindness and sympathy shown during their recent sad bereavement.

THE BUDGET

Premier Veniot announced on Friday that the budget for 1923 would be brought down in the Provincial Legislature on Wednesday or Thursday of this week.

N. B. FEDERATION OF LABOR

The N. B. Federation of Labor, which was in session last week in Fredericton, elected Daniel Cripps of Chatham 1st Vice President and John Wallace of Nelson a District Vice President.

TOWN COUNCIL

The regular monthly meeting of the Town Council, which was to have been held on Thursday, 15th inst., was postponed for a week, owing to the absence of several of the members through sickness.

NOTICE

A Special Meeting of the Newcastle Board of Trade will be held in the Town Hall, Wednesday evening, 21st inst., at 8 o'clock.

The proposed Newcastle-Tracadie Railway is to be discussed and all matters are urgently requested to be present.

H. H. RITCHIE, Secy.

ALL WILL BE GLAD

My, but won't we all be glad when Spring comes! A hard winter, is on every one's lips, but then the birds will soon be singing and we will speedily forget all about the coal and wood we had to burn to keep from freezing to death.

OLDER BOYS' CONFERENCE

All delegates to the Older Boy's conference coming from outside of Chatham will be entertained free from Friday until departure of trains on Monday. The names of delegates are to be sent to Mr. Herman S. Murray, Chatham, N. B.; three days if possible, before the Conference opens.

ON PROVIDENT FUND

Mr. W. H. MacLean, who has been in the employ of the railway for the past 54 years retired on March 1st from the position of Section foreman of the C.N.R. at Newcastle and has accepted superannuation under the Provident Fund.

A LARGE DELEGATION

The New Brunswick Temperance Alliance delegation, which is to appear before the provincial legislature tomorrow morning to urge the continuance and full enforcement of the prohibition measures will be composed of more than one hundred members representing twenty six different centres of the province.

THE CHILDREN

More than a million children between ten and fifteen years of age are working in the United States, according to the 1920 census. No count was made of those at work under ten.

Young children are working long hours in factories, beet fields and cotton fields, and they are children of school age, who have no chance to learn to read, and no leisure in which to play and grow.

Are the teachers in our public schools aware that upon them more than upon any others depends the responsibility of future wars? Shall our children grow up hating war and believing that there is a better way for nations to settle their quarrels, if the teachers say so?

CONGRATULATIONS

Mr. and Mrs. Allan A. McTavish are receiving congratulations on the arrival of a daughter at their home on Thursday.

PROGRESS

Newcastle has for the past few years been showing some signs of progress, but a few more chances to earn a dollar by men who have to support themselves and families would, perhaps have a stronger appeal.

RADIO

More people are getting interested in radio every day and the number is likely to increase more rapidly as time goes on. A number of successful sets are already installed in Newcastle and many pleasant concerts are enjoyed by those possessing sets.

ST. MICHAEL'S CATHEDRAL

At St. Michael's Cathedral, Chatham, on Sunday, St. Patrick's Day, His Lordship Bishop Chaisson celebrated pontifical high mass. Special music was rendered and a special sermon appropriate to the day was delivered by Rev. B. J. Murdock, of Douglastown, former chaplain of the 132nd Battalion.

COUNTRY SNOW BOUND

Reports from the country are to the effect that conditions are becoming desperate on account of the frequent heavy snow storms. There has been no rain and little mild weather since December, so that all the snow that has fallen is still on the ground and the first big thaw, which may come now any day, will add to the difficulty. In fact, it is feared the roads will be absolutely impassable for some time as the snow is light and there is no solid roadway. Many farmers have been unable to get out their usual supply of firewood and in some cases much inconvenience has been the result. There is no frost in the ground and it will be impossible to get into the woods until well along in the spring, after the snow is gone and the ground dries up.

Spring Weather Hard On Baby

The Canadian Spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
