OTTAWA GOES LIBERAL AND THE OLD-TIMERS ARE LEFT AT HOME

It is four more years of Laurier.
Probably in the general result the
public were not surprised, but the good
guessers in arriving at their total fig-
ures were a long way out in many in-
stances.

At midnight there were 125 Liberals
and 86 Conservatives elected. Seven
constituencies will vote later.

The surprises were Ontario, New
Brunswick, Prince Edward Island and
the west.

Ontario was expected to give a much
larger majority to the Conservative
party. The majority in the old house
was eight, and the Conservatives con-
fidently expected it would exceed 20,
some even predicting as many as 40 to
the good. But Mr. Borden's following
from Ontario has been increased by
two only.

Among the Conservative gains in On-
tario were Centre York, North York,
Parry Sound, North Ontario, West
Lambton, South Bruce, East Pelee,
but they made losses in North
Waterloo, Brantford, Stormont, Prince
Edward, South Ontario, East Simcoe
and North Perth. No one had any idea
that Alex. Maclearen would lose his seat
for North Perth. The Perthes were to
be "solid for Borden," but both went
down, and the Liberals were elected in
the Borden column until the returns
began to come in, when Mr. Bennett,
the "stormy petrel," was found to have
lost his place in the house.

Prince Edward Island reversed the
standing of the parties; so did Mani-
toba. All the little Island members in
the last parliament were defeated. The
Island is proverbially hostile to any
government, and it was not thought
likely that the government would gain
anything down there, especially when
no hope had been held out that the un-
derground would be built. One of the
men to go down in Prince Edward Island
was Mr. Lefurgey, who was associated
with W. H. Bennett, G. W. Fowler and
Rufus Pope in the western land specu-
lation.

MR. CLARE'S RETURN.
GALT, Oct. 26.—(Special.)—The news
of the return of George A. Clare was
received here with every demonstra-
tion of satisfaction. The majority
was reduced one, but in view of all the
circumstances it is proof that the rid-
ing can rise superior to sinister influ-
ences. The large majority of 43 in
Galt, and 25 in Hespler speaks elo-
quently of the feeling in the urban
parties, while the reduction of the Liberal
majority in Galt from 190 to 167 is sig-
nificant. Mr. Clare came down from
Preston at 9 o'clock, accompanied by
the Preston Silver Band, and received
an ovation. He addressed an immense
gathering.

SURPRISES IN N. BRUNSWICK

Fowler, Ganong and Wilnot Are Among
The Fallen.
ST. JOHN, N.B., Oct. 26.—(Special.)—
New Brunswick has returned eleven
Liberals and two Conservatives. Three
old Conservative stand-bys—Ganong in
Charlotte, George Wilnot in Kings-
Albert, and R. D. Wilnot in Sunbury-
Queen's, are defeated. Dr. Daniel has
a safe majority in St. John City, and
Dr. Pugsley, minister of public works
in St. John City and County, is in by
435. His election, however, will be pro-
tested on the grounds of bribery. The
majority of H. R. Emmerson in West-
moreland is a great surprise. His elec-
tion was contested by many, but not
even his intimate friends claimed for
him such a victory.

It is doubtful if anybody expected to
see Fowler defeated in Kings-Albert,
and also the Liberals expected to win
in Kent County. Robideaux's friends
felt confident of his election.
The expectation of defeating F. B.
Carwell in Carleton County was strong.
It is predicted that his election will be
protested.

The result in the north counties—
Gloucester, Restigouche and Northum-
berland—is no surprise, although there
seemed to be a fair chance of Mott de-
feating James Reid in Restigouche.
Probably the loss most regretted by
the party in New Brunswick will be
that of Ganong in Charlotte County.
Sets were made three to one in Gan-
ong's favor right up to the time the
polls closed. The islands off the county
coast were strongly in favor of Todd,
who has always stood in with the fish-
ermen.

Considering the fact that the Con-
servatives swept the province with a
majority of nearly thirty seats in the
local elections last March, the result is
cause for surprise.

PROTEST IN PETERBORO.

Mr. Burnham's Supporters Claim Bribery
and Corruption.
PETERBORO, Oct. 26.—(Special.)—
The Conservatives here will proceed
at once to try and unseat J. R. Strat-
ton (Lib.), who defeated the day before
yesterday by 250 majority. Mr.
Burnham's followers claim they have
an abundance of evidence of wholesale
bribery and corruption in the annual
election. The city only gave Mr.
Burnham five majority, while he was
expected, according to canvass, to have
over 100. The difference seems incredi-
ble.

MAJORITY REDUCED.

North Oxford Not as Liberal as It Used
to Be.
WOODSTOCK, Oct. 26.—(Special.)—
The feature of the results in North Ox-
ford to-night is the tremendously re-
duced Liberal majority. Picture North
Oxford with a Liberal majority of 190
in Hon. Mr. Sutherland's time, and 238
in the last Smith-Wallace election, and
compare it now with a majority of 125.
The surprise is that the day before yester-
day, put up a capital fight with clean
tactics and carried Woodstock with
a majority of 78. The townships
varied, however, and when the returns
were made up there was a majority in
favor of Nesbitt of 425. There was a
large defection of Liberals to the Con-
servative side, not only in protest
against the manner in which Mr. Nes-
bitt was projected into the fight but
as a protest against the maladminis-
tration at Ottawa. There was a big de-
monstration on the streets to-night,
which included a torchlight procession.

don expected to quiet an election.

Still a Solid Quebec Standing is Unchanged

Conservatives Gain Five But
Lose Equal Number, In-
cluding a Last Moment Ac-
clamation — Hon. J. A.
Ouimet is Defeated.
MONTREAL, Oct. 26.—(Special.)—
Sir Wilfrid Laurier is once more per-
sonally triumphant in old Quebec and
his government has scored a very de-
cisive victory, having carried 50 seats
by good majorities, and the two ac-
clamations, viz. Hon. L. P. Brodeur,
in Rouville, and Demers, who was
elected this morning in St. John's and
Berthel, his adversary retiring, bring-
ing the total Liberal deputation from
Quebec up to 54, Gaspé and Chicoutimi
and Saguenay electing their men a
week later, both of which will of
course return Liberals.

The Conservative deputation in the
new house from Quebec will be 11, or
the same figure as in the last house.
The Conservatives gained five seats,
viz. St. Anne's, Quebec West, Perre-
bonne, Soulanges and Champlain, while
the Liberals gained Laval and Beauharnois,
Pontiac, Huntingdon and
Dorchester.

The Conservatives have retained Ar-
gentville, Jacques Cartier, St. Antoine,
L'Islet, Sherbrooke and Charlevoix (the
same men who represented these
counties in the old house). The most
serious loss sustained by the opposition
is Mr. Bergeron in Beauharnois, who
goes down before Mr. Papineau by 26.
Most of the new men brought into the
field by the Conservative party, viz.
Pelletier in Lotbiniere, Flynn in Dor-
chester and Coderre in Hochelaga,
were defeated by good majorities
for their opponents, although they
have set some hopes in Doherty in St.
Anne's and Nantel in Terrebonne. The
Laurier influence in the large city divi-
sions, such as St. Mary's, St. James and
Maisonnette, appears to have in-
creased in strength instead of decreasing,
as was alleged by the Conservative
party. Sir Wilfrid Laurier himself
has carried faithful Quebec East with
probably the largest majority obtained
in the whole province, and it is a great
tribute to the personal popularity of
the prime minister.

The Conservatives are also on the
other hand much depressed over the
defeat of Magechal in St. Mary's, the
same man who represented the
latter being defeated by the ex-M.P.,
Mr. Gladu, by 26 votes.

The majorities show that the popu-
lar side of the government in
Quebec must be very large.

CONMEM'S MEETING.
PORT ARTHUR, Ont., Oct. 26.—(Spe-
cial.)—This end of the district has given
Conmee a large majority. The plural-
ity in Port Arthur amounted to 118. The
Port Arthur vote was 814 for Conmee,
457 for Keefer and 247 for Ury.

The vote at outside points resulted as
follows: Herron Bay—Keefer, 3; Con-
mee, 6; Ury, 1; Port Coldwell—Keefer,
2; Conmee, 15; Rossport—Conmee, 11;
Stanley—Keefer, 2; Conmee, 7;
Hon. J. A. O'Brien in Yamaska, the sole
Liberal member, being even im-
periled. If not defeated.
In Alberta the Conservatives have made
a much better fight, McCarthy winning
Calgary by a good majority, and the con-
sultative returns indicating that Macleod and
Medicine Hat will go 577.

Not since Prentiss night have the
down town streets of Toronto pre-
sented such an animated and crowded
appearance. From 5 o'clock public in-
terest began to be manifested in the
result of the great national contest and
all sorts and conditions of men and
women delayed their return home, or
dined down town in order to get the
later news. The streets with their
brilliantly lighted store windows, and
electric signs presented quite a metro-
politan aspect of language and natu-
re, jostling, thronging press of people.
The clatter of innumerable scarecrow
rattles was the only unharmonious fea-
ture about it.

By 7 o'clock when the return of the
city members had been announced the
uptown population began to seek the
sources of information which were
quite inaccessible thru over-wrought
telephone wires. Each newspaper office
had its throng of sympathizers and
eager electors storming on knowing
the best and the worst.

There never was or could be a more
orderly, civil, respectable crowd.
Carelessness of language and con-
duct, and rudeness of behavior appeared to
be entirely absent, and the regrets
and disappointments of individuals
took no unpleasant form. Those who
were disappointed with special in-
stances took solace from the general
result or vice versa. If Laurier got
the Dominion, Ontario as a whole
and if Foster was returned in North
Toronto Jim Stratton won Peterboro.

It is probable that there never was
an election before in which the vote
was better organized. This is shown
by the large vote polled, reaching 74-
785. The last majority vote in
which interest was keen and in which
there was a large woman's element,
only numbered 22,000, and it was
to suppose every available elector
seized the inestimable privilege of ex-
ercising his franchise.

E. B. Osler's big majority may stand
as a record as the result of 2483.
Macdonell had a fine surplus of over
1000.
One of the most frequent anecdotes
was told of the Scotch elector in South
Toronto.
"I'll no vote for a Papist like J. G.
O'Donoghue when I can cast my right-
eous ballot for a good Scotch Presby-
terian like Angus Macdonell," he de-
clared as he went into the polling
booth.
In the north riding the very bitter
and ruthless attack made upon Mr.
Foster quite failed of its object and
his majority of 619 shows that what-
ever Liberalism might do, it is too
heavily handicapped by Globe methods
to succeed under such circumstances.
Edmund Bristol has every right to
be proud of his victory, which is
snatched out of the very jaws of de-
feat in comparison with the other
ridings. T. C. Robinette proved him-
self a most dangerous rival, and it is
doubtful if any other man than Bristol
could have beaten him. Mr. Bristol's
bright and clever speeches and his

BARKER AND STEWART BY LARGE MAJORITIES

Former is Thousand Ahead and Landers Loses His Deposit—Mayor Ousts Zimmerman.

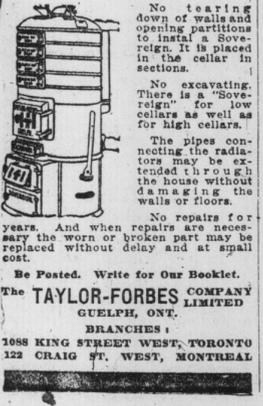

HAMILTON, Oct. 26.—(Special.)—The Conservatives made a clean sweep in Hamilton to-day, retaining East Hamilton by a greatly increased majority and capturing West Hamilton. Samuel Barker, ex-M.P., in the eastern riding, increased his majority of 291 in the last election to 346, defeating J. M. Eastwood, Liberal, and Samuel Landers, Labor. He had pluralities in each of the three wards, the vote being as follows: Ward one—Barker 525, Eastwood 469, Landers 145. Ward six—Barker 1051, Eastwood 630, Landers 497. Ward seven—Barker 1404, Eastwood 776, Landers 667. Total—Barker 2980, Eastwood 1875, Landers 1309. Plurality for Barker, 1105.

The surprise of the contest was the poor run made by Landers. As he did not poll half as many votes as the successful candidate he will lose his deposit of \$200. He took his defeat with good grace. In West Hamilton, Mayor Stewart turned the Liberal majority of 284 in the last election into a Conservative majority of 393. He ran ahead of his opponent in every ward but two, the vote by wards being: Ward two—Stewart 520, Zimmerman 702. Ward three—Stewart 1021, Zimmerman 880. Ward four—Stewart 1225, Zimmerman 704. Ward five—Stewart 699, Zimmerman 685. Total—Stewart 3826, Zimmerman 2871. Stewart's majority, 855.

The Conservatives celebrated the victory by marching through the city headed by the 13th Regiment Band. There was the usual display of torches and fireworks. Their candidates made speeches, in which they thanked the voters. Personal Arrested. This morning Chief Smith ordered out 12 of his men in plain clothes to watch for crooked work in connection with the elections. Giovanni Cordegi, 15 Railway-street, was arrested on the charge of personating Cyrus Rose, who died a short time ago. It is alleged that Cordegi marked the ballot for Mayor Stewart. Louis Perini, an interpreter, was arrested in connection with the case. Several hotels were visited by the police, they say they found the barrooms open. The hotel men accused are: Andrew Franks, Richard Baird and Ned Hayes. Fred Kimble, an insurance agent, was this morning taken for trial on the charge of bigamy. Wife No. 1 was formerly Miss Florence Wilson, Walkerton, and she testified that she lived with the prisoner for eight months after their marriage. She testified that she was married to him Dec. 28, 1893. She never saw him since they parted, and admitted that he tried to hunt her up, who avoided him and lived at 27 Dundas-street, Brampton. Wife No. 2 was Miss Lillian A. Gibson, and she said she married Kimble after being acquainted with him for only three weeks. She faintly will give her evidence. It is definitely announced that there will be no sham fight on Thanksgiving Day.

Private Detective Huckle has complained to the attorney-general's department because of the lengthy contest in which he was engaged, and in which he had physical labor which it has entailed. "First, I want to thank the electors of North Toronto who have stood so warmly by me as friend to friend and brother to brother. As long as I live I will never forget the kindness and warmth which has been shown to me in the district of North Toronto. "I go back to Ottawa as I came from it, an opponent of graft and rick-off, and of the present administration." He hoped to do his utmost as representative at Ottawa for his riding, he continued, and remarking that it was not yet clear as to the final result, he thought it looked as if there were to be a continuation of the battle. "If this is so, I am in it from this time forward," declared Mr. Foster, with spirit, and was greeted with ringing cheers. In conclusion, he assured his audience of his warmest thanks, his deepest gratitude, and his heartfelt appreciation of their support. When Returns Came In. North Toronto was the scene of one of the most exciting and doubtful contests in the Dominion, and in this respect ran centre Toronto very close. The rival candidates had two committees each on Yonge-street. In one case they were next door to each other at 803 and 805. In the other case, near Wellesley-street, they were but a few feet apart. When the returns came in at 803 and 805 the rival cheers were greeted by counter cheers. At first the returns showed gains for Shaw, but in the balance was almost being the first to arrive. For a long time after the ward three booths began to come in, the balance was almost even. At 6.30, however, conclusive figures were received, and George C. FOSTER AN EASY WINNER AFTER BITTER CAMPAIGN

Promises to Continue His Fight Against Graft at Ottawa—Shaw is Philosopher.

Hon. George Eulas Foster spoke from The Mail and Empire windows at 9 o'clock. "Ladies and gentlemen," he began, after the cheering crowd had exhausted their lungs in repeated thunders, "I cannot find words to-night in which to express my feelings for this tremendous reception and treatment with which you have greeted me. I wish I were able physically in voice to tell you what I feel about it, but it is impossible for me after the lengthy contest in which we have been engaged, and in which physical labor which it has entailed. yeoman service in North Toronto, and there was nothing to regret. If Mr. Foster was elected it was on account of the conditions. They would look forward with hope that on another occasion better success would attend their efforts. W. H. Shaw then spoke. They had fought a good fight, he said, and done their best under the conditions. They had left nothing undone, and had polled their votes early, but the trouble was there had not been enough. They were not disappointed and not discouraged. Not a Personal Loss. "I regret this defeat, not so much personally as for the time, effort and energy put forth to win this victory by the splendid body of workers who turned out to help me in this campaign." He looked forward to another campaign for more gratifying results, and to the superintendents, committee men and chairmen who worked side by side with him, and to those who had worked silently by their influence, he returned his thanks. "My personal regret is very insignificant compared with the regret I feel for the disappointment caused to all those who worked so hard. But, gentlemen, we will work with us to the time," he concluded. Cheers were given for Mr. Shaw, for Laurier and for the King.

Dainty Waists hold the centre of attention to-day at Rea's New Store for Women

In no department are the facilities of Rea's more evident and impressive than in the Waist Department of this specialty store for women.

Irrespective of price the style is faultless, while in addition each waist is distinguished by a fine care in finish and originalities of trimming expected only in made-to-order goods. Waists of such character are possible only with the maker.

To-day's range is complete, from plain tailored taffeta waists, to waists for the most ceremonious occasion.

Long and three-quarter length sleeves predominate, of course; the beautiful Directoire sleeve is in special evidence. Collars are generally high and pointed.

Fancy net and lace waists with satin and Dresden trimming are a feature. Waists of fine embroidered mull, trimmed with applique and Val. lace, are rich and distinctive.

Special imported Paris Waists of all-over braid and Irish point are presented in choice exclusive designs. No duplicates.

As manufacturers Rea & Company supply the finest waist values in Canada, and likewise are in a position to produce quickly any desired waist to the customer's measure—a highly important service.

MACDONELL PLEASSED THANKS HIS WORKERS

Regrets the Defeat of Colleague in the East—Will Fight for Good Government.

A. Claude Macdonell received the returns at his committee rooms, 71 Victoria-street.

When the returns pointed conclusively to victory he said to the committeemen present:

"We are in a winning fight and whether we have carried the country this time or not, we shall stay the battle until good government is again restored to the Dominion by the election to power of the Conservative party."

A CLAUDE MACDONELL. Conservative member elected in South Toronto.

restored to the Dominion by the election to power of the Conservative party.

"I have to thank the Conservative party and the electors of South Toronto for such gratifying evidence of their confidence in my desire to give them faithful service.

"I am delighted that my old colleagues in the north, west and centre have been re-elected and regret that so true a Conservative and so able a representative as Mr. Kemp has been defeated in East Toronto."

Mr. Macdonell then made a round of his committee rooms, thanking his workers at each for their efforts.

BIBLE CONFERENCE.

Autumn Meetings of Bible League—Well Known Speakers.

The Bible League has secured for its autumn conference, beginning to-night in the hall of the Bible Training School, Prof. G. Frederick Wright, D.D., LL.D., F.G.S.A., of Oberlin, O., and Prof. W. G. Moorehead, D.D., president of the United Presbyterian Theological Seminary of Xenia, Ohio. Prof. Wright is a splendid speaker. For years the study of the Bible has been his vocation, and that of geology his avocation. Since his appointment in 1892 to his present chair of the harmony of science and revelation, these two branches have been indissolubly welded together in his mind.

Dr. Moorehead will speak to-night on "The Moral Glory of Jesus."

HOME FROM EUROPE.

Inspector Hughes and Teachers Had Fine Trip.

Inspector Hughes and fourteen Toronto teachers reached home yesterday morning after their trip to Europe.

"We visited twelve cities to study schools," said the inspector, "and in addition the teachers went to Paris for a week-end and on Saturdays visited Stratford-on-Avon, Warwick Castle, Oxford and other places. We were

also entertained by Lord Strathcona. We had 17 public receptions, and these receptions were of a new type. In Canada we seem to try hard to make our visitors happy, whereas in Britain their ideas seem to be that the visitors are conferring a favor on them."

Inspector Hughes will call a meeting of all the teachers taking the trip. They are to report the new ideas they found, and then a report will be made to the whole teaching staff.

There were no changes made in the directorate of the Consumers' Gas Co. at yesterday's annual meeting.

QUALITY FURS---MODERATELY PRICED

We have only one price for any fur in this store and that price is a moderate one. We do not charge exorbitant profits, but the price on every garment or article of fur is plainly marked and at a reasonable price. We are content with a small profit and know that we are giving better value in furs than can be found elsewhere in Canada. Our factory is the largest in Canada and is thoroughly organized, and we believe we are producing at less cost than it is possible for any other house. We buy our furs direct, thus saving you all middleman's profit. We know our price is right and we guarantee the quality. We leave the style question to you. All we ask is that you give us a call and we believe that we can please you as to the style and finish of our garments.

EXTENSION SALE

This sale has been one of the most notable achievements in the history of this house. Our plans have been carried to completion with success beyond our most sanguine expectations. The sale will continue all this week with increased interest, and you are sure of most splendid values in every department. There are many extra specials that will be appreciated to their fullest extent when seen.

THE CHURCH TO BLAME.

Rev. Dr. Carman Discusses the Political Situation.

Addressing the Methodist Ministerial Association yesterday, Rev. Dr. Carman said that the political atmosphere was reeking with the stench of slander, and men in high places were debauching the young men of Canada by the recklessness with which the standards of political and social morality were being lowered.

He did not think the ministers of the Methodist Church had been true to their duty, for to-day the result of their disinterestedness was being seen in the willful slandering and grafting. It was the duty of the church to educate the electorate up to the point of demanding a better class of representative, and he lamented the fact that some of the men in political life had sunk to a low level instead of rising superior to the occasion and becoming statesmen.

So far as "The Higher Criticism," a topic introduced by Rev. George Jackson, was concerned, Rev. Dr. Carman expressed the opinion that when the matter had been limited to certain well-defined limits it might be discussed with profit, but he could see no benefit, and he proceeded to deal with it from the standpoint of supernaturalism and inspiration. He told the many ministers present that the field was too vast to go exploring without something more than a superficial knowledge. Many a theologian had gone exploring the field of higher criticism who had never returned—Hume, Berkeley and others.

The meeting was informed that Rev. Dr. Courtoise was very ill at the Battle Creek Sanitarium, in Michigan.

MOTHER AND SON DROWN.

Chinamen Proved Citizenship.

BROCKVILLE, Ont., Oct. 26.—(Special.)—The courts at Ogdensburg have just discharged six Chinamen who have been in jail for several weeks on a charge of entering the United States illegally. It was presumed they had been smuggled across the river from Brockville, as they were caught on Uncle Sam's territory shortly after making the landing on a dark night. They have proved their citizenship.

A Buffalo party had to desert a \$5000 auto, which took fire near St. Catharines Saturday night from leaking gasoline, and was destroyed.

BREDIN'S HOME-MADE BREAD

Daily Mishaps

MAKE ZAM-BUK A DAILY NEED.

Scarcely a day passes without some member of the family getting hurt. Maybe the breadwinner's work makes him peculiarly liable to cuts or lacerations; the boisterous youngsters are always running in to mother with bumps and bruises; and housework abounds with painful knocks, burns, scalds, and sprains for the fair sex.

Promptly dressing an injury with Zam-Buk means speedy relief from smarting pain. That's why the children like it. But it means much more than that. It means relief from pain, without gathering, and without harbouring disease germs. That's why the "grown-ups" like it.

Mrs. Beer, of L'Original (Ont.) says:—"Five doctors and treatment in three hospitals failed to cure me of chronic ulcers and sores. They were so bad I could only walk by aid of a crutch and a stick. Zam-Buk has cured me, and I have put my crutch away. I am 75 years old and in all my life never met with anything to equal Zam-Buk. All druggists and stores sell it, or a box of Zam-Buk Co., Toronto, for price, 5 boxes for \$1.25. Cures cuts, burns, bruises, piles, eczema, all skin injuries and ulcers."

PURE WHOLESOME PALATABLE BEVERAGE

ONTARIO'S OASIS.
South York the Only Wet Spot in the Province.

There were 17 hotel bars in Ontario yesterday over which money could freely slide without fear of molestation by the license inspectors. These were in South York, where there was no polling, and they all did a land-of-very-close business. There were other hotels very close to some of the 17 that had to go idle, as in the instance in point, Woodbine Park Hotel was closed up tight as a drum, while the "Old Orchard," right across the road, looked like a fair ground on a busy day.

Proprietor Clendenning of the Orchard Park wasn't feeling a bit sympathetic towards the Woodbine House. It kind of makes up for the many nights that he has had to close up at 12 o'clock in compliance with the township regulations, while his opponent, under city authority, remained open till 11.

LOVE, NOT WAR.
BELGRADE, Serbia, Oct. 26.—George, Crown Prince of Serbia, left here today for St. Petersburg. He was given a great send-off by the people. The purpose of his journey is believed to be the announcement of his betrothal to his cousin, Princess Marina Nicholson.

Riverdale Real Estate.
An award in an arbitration of considerable interest to the property owners east of the Don has been handed out by the arbitrators, P. H. Drayton, K.C., H. H. Williams and Walter Gillespie.

The arbitration was to fix the ground rent on the block on the northeast corner of Queen-street and Verrill-avenue, the freehold in which is owned by John Russell and the leasehold by the Baldwin estate. In the block, which has a frontage of 150 feet on Queen-street by a like frontage on Verrill-avenue, there are 11 stores and 12 dwellings.

The arbitrators by the award fixed the ground rent for the next 21 years at \$20 per annum. This, upon a four per cent. basis, places the value of the land at \$85 per foot.

OSLER SECURE IN WEST HIS MAJORITY BIGGEST

Regrets That Toronto's Example Wasn't Followed More Generally Thruout the Province.

Altho he had counted upon victory, E. B. Osler made no secret of the exultation he felt at the majority rolled up for him by the electors of West Toronto. Addressing a great crowd at his chief committee room, he thanked the electors gathered there for their magnificent support, endorsing as it did his work in their behalf at Ottawa during the past four years. Later, speaking downtown, he said:

"Electors of Toronto, I am pleased to be able to thank you for the splendid majority you have rolled up for me and my conferees in this great fight. I only wish we could have spread the intellectual acumen of the Toronto voters over more constituencies, for then we could have returned a better and abler representation at Ottawa, as we have done here in Toronto in the provincial house."

"It has been a hard and an uphill fight, and none need be ashamed at the result. Before the newly-elected parliament is over the electors thruout the entire country will regret that Mr. Borden, our great leader, was not elected to the premier's position."

"There is only one thing I have to regret, and that is the defeat of Mr. Kemp in East Toronto. Mr. Kemp had given good service to his supporters in the house, and I believe that no more clear-headed, clear-thinking man ever sat as member for that constituency." I regret, therefore, that The Globe did not turn upon Mr. Kemp as

any doubt as to the outcome. Mr. Macdonell has fought tooth and nail against great odds, and has always done a great deal of hard work for his constituents at Ottawa.

"I believe," he concluded, "that you will find in the men you have sent to Ottawa a representation that will do good work for the city and always keep its best interests in mind."

Hon. Thomas Crawford said he had had no doubts as to the election of the west end, and alluded to the contest there as being a shamfight, pure and simple. "Had it been a straight party fight," he said laughingly, "we would have known better where we were at."

J. H. Duthie, the defeated candidate in West Toronto, had little to say last night. He realized at the outset of the campaign that he was up against a hard proposition, and knew that it was almost an impossibility to turn the tide of voters in the west end away from Mr. Osler. He went into the fight, without either committee rooms or organization, and, considering that, may well feel proud at the great number of votes he received.

"The platform and principles I stood for, public ownership, will not be downed," said Mr. Duthie, "and the large vote I have received is a compliment to that platform."

"There were very few scrutineers for Mr. Duthie, and at least one complaint was made that at one polling booth the ballot-box was located on the floor behind the table and hidden from the voter."

Mr. Duthie, it might be mentioned, does not lose his deposit, as many predicted he would.

RUSSELL IN THE EAST SAYS MACHINE'S LOST

But Mr. Kemp Lays Defeat at Door of "Slanderous Methods" Employed by Opponents.

Joseph Russell, Independent Conservative, wept with joy last night when he mounted the platform at his Broadview-avenue committee room to thank his supporters. Mr. Russell was visibly affected when he started to speak, and before he had proceeded a dozen words he gave way to tears, while the crowd stood in silence until he regained his composure.

"It is the proudest moment of my life, and I promise that I will devote myself to the interest of this constituency," said Mr. Russell.

"This is an exceedingly greater degree than it is my ability to tell of at this moment," he added.

Mr. Russell said he attributed his success to the loyal support of the workmen, who shared in the privileges for which he stood, and the policies of public ownership of public utilities. The majority was a surprise, but

PITTSBURG'S BIG SHOW.
Manager Orr of the National Exhibition has returned from the show at Pittsburg.

"We will wake up some morning and find that we haven't the greatest annual show on earth," said the doctor.

"The Pittsburg Exhibition was given over to manufactured exhibits exclusively, and in some respects was away ahead of ours."

"One splendid feature was a large music hall, and it was crowded at every performance."

THE MERRY GRASS WIDOW.

PHILADELPHIA, Oct. 26.—Ethel, Hart Jackson Zimmernann of New York, the well-known actress and singer, was married this afternoon to Benoni Lockwood, Jr., also of New York. The application shows that Lockwood was divorced by his wife in New York Sept. 5, 1906, and that Miss Jackson divorced her husband, John Fred Zimmernann, in New York, Oct. 21. Miss Jackson was the original "Merry Widow."

indicated the intelligence of the electors, who were familiar with the issues and the situation. He had expected to hold his own over the Don, but had not looked for a landslide.

A demonstration followed, and proud electors, bearing brooms and torches, quickly secured a vehicle and drove up town and halted in front of the World office.

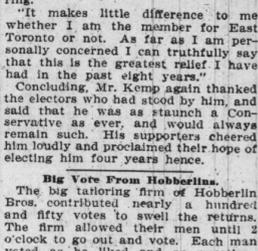

"Speech! Speech!" came the deafening demand.

Mr. Russell in reply said: "There is nothing I can say to-night, only to thank you for the lift you gave me today. There is one thing, the people in East Toronto have shown that they are stronger than the machine, and the next time they will ask the people and put up a man who considers the interests of the people."

"The people of East Toronto have shown the machine that they won't stand for anyone only their own man, and they returned a man to-day who will fight for the people."

William Worrell, president of the East Toronto Conservative Association, Independent, declared that the days of the machine in the City of Toronto had ended, and that next election South Centre and North Toronto would join them in victory. He predicted that Mr. Russell would make an able representative.

At the I.O.O.F. Hall, the "official" Conservative delegation received the news of defeat with little comment until Ald. W. J. Sanderson rose and opened fire on the manner in which he alleged their opponents had played the campaign game. Mr. Sanderson spoke with bitter emphasis, charging

considering that I recommended in my inaugural address a tax on oil and coal taken out of this state in order to pay the expenses of public schools, then you can see that it is extremely improbable I received any communications from the Standard Oil Co. or from John D. Archbold relative to the appointment of John J. Henderson of Mendville, Pa., as a judge of the superior court of this state, referred to in letters read by William R. Hearst in Brooklyn Saturday night."

This was the reply of former Gov. Samuel W. Pennypacker when asked to-day if Judge Henderson was appointed by him thru the intervention of Mr. Archbold or Standard Oil interests.

THE VOICE OF THE PEOPLE.
The moral of the federal contest of yesterday, if it has a lesson, is that both parties must reorganize, must reconstruct, must reform.

The people have told Sir Wilfrid that they disapprove of extravagance, of scandal, of mal-administration in some departments and of inefficiency in others.

The people have told the Conservatives that they, too, must reconstruct, drop the men who have handicapped them, get a more progressive platform, before they will be entrusted with the management of public affairs. The younger element in the party have declared for men like Captain Wallace (Centre York), Major Sharpe (North Ontario), and Joseph Russell (East Toronto). The victory of ex-Mayor Stewart (West Hamilton) is remarkable because of his public ownership record when mayor of that city. Sir James Whitney's majority in the provincial fight has not been carried forward into the federal struggle. There is a moral somewhere in this—perhaps it relates to a recent excursion into jingoism. Perhaps also it is that a better exponent of public ownership than Mr. Hanna could have been found to stump the land and expound that doctrine. Adam Beck did more for Mr. Whitney than Mr. Hanna did for Mr. Borden. Sir James is a good public ownership man, but he must deliver the goods quickly by express, not slow freight.

Mr. Borden is a better and stronger man to-day than ever before. He has grown. But he has been hampered by an effort more or less marked for twelve years to maintain the Tupper tradition, a very ancient and decadent cult. He has been hampered by men who grew smaller and smaller, and more and more pycnane. The Plum Tree Club, as The Montreal Star called the land-seekers were a drag on his party. He has been hampered most of all by a dread to call a great federal convention to promulgate a platform in keeping with the ideals of younger Canada. An opposition should delight in holding conventions, in laying down advanced platforms.

He was also hampered by men in his party who were known enemies of the public ownership plank that he professed. The La Presse-Russell episode cost him more perhaps than he yet knows by the secret power that it gave Sir Wilfrid over certain of those who had claimed to be Mr. Borden's friends. This whole incident is a story yet to be told.

Sir Wilfrid has passed thru the fire and has come out unscathed. He is in power for another term. What will he do to get in line with public opinion? Will he discard any one, will he insist on more efficiency in the conduct of public business, will he drive out, will he scourge the men who have defiled the temple of state? The public have given him a new lease of power on the express stipulation that he clean his house, and fumigate his corridors.

The voice of the people is for sweeping reforms in both parties.

MACHINE GUNS FOR U.S. ARMY.
WASHINGTON, D.C., Oct. 26.—Capt. John Parker, after a year's investigation, has recommended a machine gun company for every infantry regiment in the United States army.

CHECK YOUR FAT
Hold it where it is, or take off some. You can do either without disturbing your meals or your ease or your digestive organs. You can do it without physical risk, mental effort or danger of a wrinkle. "Sounds well, but these are words only," you say. True, but there is a nation full of indorsees of these words, so your protest, while natural, is feeble. Prove it. Write to the Marmola Company, Detroit, Mich., enclosing 75 cents, or, better still, take that amount over to your druggist and get one of the extra large cases of Marmola Prescription Tablets. You will find it generously filled. Take one after meals and at bedtime, and within thirty days you should be losing a pound of fat a day, without disturbance, as we said, of either your meals, habits or organs. Fact is, these statements are not to be denied, for the tablets are an exact duplicate of the famous fat-reducing Marmola Prescription: One-half ounce Marmola, 3-4 ounce Fluid Extract Cascara Aromatic and 4 3-4 ounces Peppermint Water, which any druggist will tell you is the World's Fair medal winner in its class.

HOW RIVALS RECEIVED RETURNS IN THE CENTRE

Joy Was Unconfined at Bristol Headquarters—Robinette a Cheerful Loser.

The central committee rooms of Edmund Bristol at 264 Yonge-street began to fill up with eager workers soon after 5 p.m. Many of them were Hebrews, with a sprinkling of Italians, and excitement was at fever heat.

EDMUND BRISTOL, Conservative member-elect for Centre Toronto.

Edmund Bristol over 300, was accepted as a candidate for the seat of Centre Toronto, and a tremendous demonstration from a gathering which tightly packed the room.

Mr. Bristol arrived at this juncture, and enthusiasm ran riot. Mr. Gooderham told the joyful news that Foster led by 250, and there were more cheers. As phone messages, and constantly arriving reports made it absolutely certain that Mr. Bristol was elected, he was called on to speak.

"You have won the greatest victory in Canada to-day," said Mr. Bristol. "I cannot express to you how proud I am of you, and how grateful. No man ever had such a fine body of volunteer workers. They tried all kinds of schemes to beat us out, as a great many of you know, and I hope you will make them known to the public. We are not going to stand for any dirty work in Centre Toronto. We have won out in good shape and can do it over again any time."

KEARNS INK IS GOOD INK

Gillette Elected

By Over Two Million Voters

Another Triumph for Progress and Personal Cleanliness

Over two million voters have demanded a change from antiquated methods—from old style razors and new style theories. They show their preference for the "Gillette" at the polls of public approval.

Over two million voters uphold every plank in the "Gillette" Safety Razor platform:—

- no honing, no stropping
- the one razor that is safe
- a clean shave in five minutes
- an easy shave for every face
- adjustable for light or close shave
- always ready when you are.

"New Process" Blades are as far superior to any other shaving edge as the "Gillette" is superior to the old fashioned razor. Twelve blades—in handsome nickel-plated case—one dollar.

Have you voted the right ticket—the "Gillette"? If not, the "polls" are still open at the store just round the corner. "Gillette" Razor and "New Process" Blades are sold by leading Jewelry, Drug, Hardware, Cutlery, Sporting Goods and Department Stores, and by the Gillette Safety Razor Company of Canada Limited, 63 St. Alexander St., Montreal.

HOW CITY WILL HANDLE PROBLEM OF ITS POOR

Civic Committee Makes a Number of Recommendations for Dealing With Needy.

At a meeting of the special civic committee, organized several weeks ago to prepare for the problem of dealing with the unemployed during the coming winter, the following recommendations were made:

That only the House of Industry get grants for outdoor relief, and that applicants comply with a "work test," or otherwise show themselves to be deserving.

That churches and charitable organizations be asked to co-operate with the executive committee of the Associated Charities by supplying information as to deserving needy persons.

That the police commissioners be asked to instruct the constables to take steps to deport undesirable immigrants, meaning those who under the Immigration Act are debarred from coming to Canada, and who show no desire to be self-supporting.

That a temporary employment bureau be established, at which applicants for work may register free, and at which employers may look for employes, the bureau to be under municipal control, but not at the city hall, and that the city clerk report upon the location and organization of the bureau.

That the House of Industry consider establishing stations at which the poor may purchase fuel in small quantities at the lowest price.

That employment on civic work be given only to those applicants who have been twelve months in the city, and that the regular civic rate of labor wages be paid.

That the park commissioner report on grading or other work, relief work, and that the wages paid be 15 cents an hour for a day of eight hours.

That citizens be asked to provide winter work and to apply to the employment bureau for workers, giving the preference to those in special need.

That the names and addresses of all applicants for work be recorded, and the number that can be employed, to be taken in order of enrollment for three days' work at once.

That the city engineer ascertain how much stone can be used in providing work for casual applicants for relief.

NOT LIVELY ENOUGH.

Harmsworth Disappointed at Our Election Fervor.

Baron Northcliffe says election day was disappointingly quiet here. "Now in England," he said, "we are more enthusiastic. Most men, women and children, and even cats and dogs, wear colors. There are display cards in most of the windows, and the day is a general holiday. 'No one ever thinks of doing much business. The candidates are at their committee rooms, and around the polling stations. There are hundreds of automobiles on the streets, and all kinds of vehicles. The ladies apparently take a much greater part in politics over there. They are very much interested on election day, working for the various candidates. Of course, I don't mean the suffragettes. They make much noise and create disturbance, but their excess does them no good.'"

AN ARREST FOR BRIBERY.

R. R. McLennan of Winnipeg, Afterwards Released on Bail.

WINNIPEG, Oct. 26.—The provincial authorities this morning arrested R. R. McLennan, a prominent Liberal, and former well-known hockey player, and breakfast in his home on bribery charges. He appeared before Judge Meyers, together with W. A. Carson and George McLeod, who had been in the provincial jail over Sunday, and the three were released on bail.

UNIONS CAN'T FINE.

Not Legally Entitled to Force Members to Strike.

BOSTON, Oct. 26.—The supreme judicial court of Massachusetts in making permanent an injunction against several labor unions to-day ruled in a decision attending the decree, that labor unions cannot impose fines on their members in order to force them to go out on a strike.

The World is indebted to the Burrows Adding Machine Company for the use of a half dozen of their wonderful adding machines, which made it possible to compile the returns of the several hundred polling sub-divisions before 8 o'clock.

Thanks of Press Due to Enterprising Real Estate Men.

The newspapers of Toronto acknowledge their indebtedness to Pearson Bros., the well-known real estate leaders of 17 East Adelaide, for the use of their offices in gathering and compiling the returns of the election in the city. The privacy made possible in this result attained. The firm in this has shown a public spirit worthy of example.

Limited, 115-117 King-street west, Toronto, in preparing for their winter business in the sale of their own well-known piano, are making a clearing of a stock of square pianos. A Direct Service to New York, Brooklyn, and all Long Island Points

Passengers traveling via the New York Central Lines are landed at Grand Central Station at 42nd Street, from which point all surface, elevated and subway lines radiate.

This wonderful subway, which carries passengers forty miles an hour under the streets of New York City, is now completed under the East River to Brooklyn. Passengers to Brooklyn and other Long Island points take subway trains from Grand Central Station. At Borough Hall, Brooklyn, connection is made with all the elevated and trolley lines in Brooklyn, and at Atlantic and Flatbush Avenues with Long Island trains to any part of Long Island. Through tickets to points on the Long Island R. R. are honored at the option of the passenger, either via Flatbush Avenue, Brooklyn, or Long Island City.

Thus passengers routed over New York Central Lines to Brooklyn or Long Island points do not leave the protection of a roof from the time they enter a New York Central Lines train until they reach Brooklyn subway stations or their destination elsewhere on Long Island. As every subway train stops at Grand Central Station connection is practically immediate—day or night.

STRANGE CIRCUMSTANCE.

Daughter Awakened at Time of Her Father's Death.

BROCKVILLE, Oct. 26.—(Special).—L. N. Catlin, a watchman on the Cleveland Canal work at Cardinal, was found dying between midnight and 6 o'clock in the morning. The man was alone, and symptoms went to show that he had been seized with heart failure, from which he never rallied.

A strange feature of the case is that about the hour he is supposed to have been in the agonies of death, his daughter, Miss Flora Catlin, visiting at from a deep slumber by the voice of her father calling her name in agonizing tones. This strange experience was followed by a wire notifying her of his death.

You could not please us better than to ask your doctor about Ayer's Cherry Pectoral for coughs, colds, croup, bronchitis. Thousands of families always keep it in the house. The approval of their physician and the experience of many years have given them great confidence in this cough medicine.

BRAKEMAN'S PLUCK THO TERRIBLY HURT

With Legs Mangled by 25 Cars, Tries to Staunch Flow of Blood With Shoe Lace Tourniquet.

John A. McDermott, a C.P.R. brakeman, fell from his train near Myrtle at 4 o'clock yesterday morning. He fell between cars and about 25 of them passed over his legs, but in spite of his terrible injuries he had dragged himself about 30 feet clear of the other track and was trying to make a tourniquet of his shoelaces to stop the flow of blood when reached by fellow trainmen.

GREEN SICKNESS

A Disease of Young Girls. Interesting and Suggestive Advice That All Should Read.

Many mothers will echo the conclusion expressed in a very interesting and suggestive letter written by Mrs. Zacharia Pollock of Grand Bay. "It is one of the illusions of childhood that once the diseases of childhood have been successfully passed a smooth road lies before their dear ones. Boys bruse themselves, or perhaps break a limb, but the physical history of the young girl is subject to so many dangers, it is only when overcome that we realize how many dangers there are. My eldest child, a daughter, just as she happily entered upon the sixteenth year, suddenly developed weakness, her color faded, some unpleasant heart symptoms indicated a lowered vitality of that organ, but strange to say she appeared plump. The bodily functions were obstructed, a waxy or pallid, or yellowish skin gave her a ghastly look. The doctor's tonic failed to give her any relief. We decided to try Ferrero's, a highly recommended medicine in newspapers. It was probably three weeks before any manifest change was noticeable, but once that Ferrero's upward march was rapid. I suppose if I had neglected to give her Ferrero's she would have fallen into permanent ill-health; as it is I am deeply thankful that Ferrero's has completely restored my daughter to vigorous robust health."

OUTSIDE SPECULATION NOT A FACT.

World Office, Monday Evening, Oct. 26.

Outside speculation had practically nothing to do with the business in the listed department of the Toronto Exchange to-day. Trading was dull and operations in the specialties were pretty much along the lines of the recent past. Shredded Wheat was added to the transactions by a few inspired orders. There was an absence of immediate offerings from outside holders in the active speculative stocks and this lent itself to a successful marking up of these. The annual statement and decision of the shareholders of the Consumers' Gas Company to increase its capital was not a factor either. Investment issues were excessively dull.

New York Market Quite Tame

Fluctuations Are Narrow

Wall Street Operations Are Narrowed Down—Toronto Brokers Are Catering to Mining Transactions.

World Office, Monday Evening, Oct. 26.
Prices of some of the pooled stocks at the Toronto Exchange were forced up a little to-day on insignificant transactions. Offerings from the outside were light, but purchases were lighter. The September statement of Rio, which was supposed to be better than expected, encouraged purchases of two fine share lots. Mackay common sold up half a point between transactions at New York, but here the shares were dull at the reaction from last week's rise. Shredded Wheat was added as a feature to the business and the usual initial transactions were recorded. Brokers see nothing in the situation to entice over and are catering to practically the only outside business on this exchange, transactions in Cobalt securities.

CHICAGO: U. S. Realty and Improvement Co. has secured contract for erection of new depot of Chicago and Northwestern Railroad at Chicago. Contract involves \$5,000,000 and many thousand tons of steel will be used in its construction.

Attorneys for U. S. It is expected that official announcement will be made of the plan within a few days.

Leading producers estimate sales of copper for some time past have been running at rate of 10,000,000 pounds a day, the largest since the first of the year. One prominent concern has been selling copper at the rate of 5,000,000 pounds a day. Domestic consumers are in the market for large blocks of copper and many concerns have sold their possible output two months ahead.

We continue to suggest discriminating purchases of standard stocks on recessions for fair profits. Our latest reports are still favorable to the purchases of Northern Pacific, Union Pacific, Southern Pacific, Atchafalpa, Great Northern, Reading, Amalgamated Copper and Smelting among the standard leaders. There is no need to climb for them.—Financial News.

Readjustment committee of Westinghouse Electric is scheduled to meet to-morrow for the purpose of ratifying reorganization plan. It is understood, however, that meeting will be postponed until after election. It can be stated that requirements of readjustment committee have been met and that it is only a question of a short time when plan will be formally ratified. New York and Pittsburgh banks have all responded and preparations have been made for taking the stock not subscribed for by shareholders.

NEW YORK, Oct. 26.—Steel common

was one of the particularly bullish features of the market this morning, selling as high as at any time during the year. The manipulation for the rise in this stock has all along been extraordinarily expert. To-morrow noon the quarterly report will be made public and will doubtless be most gratifying to those who have been pessimistic regarding the future of Steel common, we have been pointing out from time to time. The fact that by putting up the price of this issue the insiders would have a better opportunity of securing a public interest in the market held. We hardly believe that the bulls have ended their campaign in Steel common as yet, that is, unless the unexpected election of Mr. Bryan and the possibility of some more drastic legislation in the war of tariff reduction than the Republicans are likely to make, should interfere with their plans. In the event that Mr. Taft is elected as predicted now so overwhelmingly we think that Steel common will continue one of the

bullish features of the market, as it will be influenced by the rush of buying orders that have been held up pending the election. Pennsylvania has been another strong feature of the market and it has sold practically as high as it did last week. There is not a great deal of stock in market for sale, for most of it is held for investment purposes by those who are filled with the most enthusiastic optimism regarding the future of this property after the completion and operation of the new terminals in and about New York. We have frequently said that an advance in Pennsylvania and Steel common would do more to encourage outside buying than any other two stocks. It would be a simple matter for the insiders to build Pennsylvania further to the extent of several points, and in view of its admitted value, those who are inclined to take chances during the present week of unsettlement would do well to confine operations to issues of this character. We would not recommend Pennsylvania on the reactions for turns, however, as an upset in the election certainly means a sharp drop in prices.—Town Topics.

Henry Clews says: As to the future,

it is somewhat perplexing and confused, and it is quite possible that stocks and trade may not move along together. The stock market seems to have fully discounted all improvement in the business situation both present and prospective. In fact, not a few stocks are selling too high, considering that prices are above a year ago, when business profits were above present level. But the floating supply of securities is held in strong hands, backed by an unlimited amount of cheap money. These big holders appear untroubled in their purpose to lift prices to a higher level, and as long as they hold together it will be difficult to bring about any great reaction. The bear side of the market is weak in both talent and resources; consequently the bulls may even yet secure additional success over what they have already achieved, yet it is certain that on all advances the big holders will attempt to lighten their load and turn their present big paper profits into cash for short periods. It is expected that the shrewd buyer, therefore, will take these facts into account and continue to exercise much caution.

CAPT. WALLACE THE VICTOR IN CENTRE YORK

Strenuous Fight Results in His Return — Armstrong's Great Showing in North York.

WOODBRIDGE, Oct. 26.—(Special.)—Complete returns in Centre York show Captain Tom Wallace (Con) elected by a majority of 52 over Dr. P. D. McLean (Lib), when the result was known definitely, the crowds who clamored around the Wallace store as the returns were coming in broke into a wild outburst of cheering and Captain Tom was fairly smothered with congratulations. Centre York is alright said the successful candidate. I am glad to know that David Stewart, 94 years of age, the oldest voter in Ontario, cast his ballot for me, probably the youngest candidate in Ontario. I thank everybody for the hearty support given me all over the riding. A concert was given in the town hall and the returns were announced between the numbers. After the complete returns were in Dr. McLean said to The World: It is the fortune of war, the influence of Toronto was too strong for the Liberals in this riding. It is to Toronto being so near

VISITOR'S APPRECIATION OF GOOD GLASS OF ALE

Presents Bay Tree Hotel With Pen and Ink Sketch—"So That People Will Know What Good Thing 'East-Kent' is," He Says.

A pen and ink sketch, unusually well executed, adorns the grill room of the Bay Tree Hotel. It was presented to Mr. McCaffery by a visitor from New York, who was his guest for a few days last week.

Just before leaving the gentleman had ordered something to eat, and turning to the waiter said: "Bring me a pint bottle of ale."

"East-Kent" ale was brought. "That's the finest glass of ale I ever had," he replied after tasting it. "I didn't know they could brew such ale out of England. It's strange Mr. McCaffery has a sign in his place to tell people what really good ale he does keep, but I'll remedy that."

The visitor then called on his old friend, Mr. George D. Fraser, whose pen and ink work is so well-known in Toronto and many of the larger American cities. The result of the visit is seen in Mr. Fraser's clever little pen and ink sketch now hanging in the comfortable grill room of the Bay Tree Hotel.

Mr. McCaffery says the sketch is immense—and so is "East-Kent" ale.

In the manufacturing towns of Newmarket and Aurora it is charged that open intimidation was used, and that strong pressure was brought to bear to secure the return of Hon. Mr. Aylesworth. The Newmarket Canal was used for all it was worth, and considerable capital was made of the fact that the minister of Justice had secured the expenditure of so much money in the neighborhood of the town.

Big Event of the Year is Corner Stone Laying.

NORTH TORONTO, Oct. 26.—An event of more than ordinary importance in the history of the town to-morrow (Tuesday) will be the formal laying of the corner-stone of the new York Masonic Lodge, at the corner of Eglinton-avenue and Yonge-street. The order of procedure as arranged is as follows: At 2 p.m. sharp the York Masonic Lodge will be called, and at 3 p.m. the lodge will be opened by Most Worshipful Master Fried of Hamilton. Following the close of the lodge at 4 p.m., the brethren will proceed to the site of the new hall, where the grand master, assisted by Worthy Master Bro. John Fisher, will lay the corner-stone. A sumptuous supper will follow, and the musical and literary entertainment will be in charge of Bro. Donald McGregor.

The town council will hold a special meeting to-morrow (Tuesday) evening. W. A. Clarke, clerk of York Township for the past twenty-one years, said today: "In all my career of township clerk I never had a year like this. Not a single appeal against the voters' list was filed, and I have to apply to the county judge for a certificate to confirm the assessment roll as printed." Last year there were 282 appeals. North Toronto has eight appeals this year, against over 600 last year.
