# FRENCH ARMIES SLOWLY CLOSE UP LAON SALIENT

Relentless Pressure Against Germans Results in Extension of Positions in the Dip Towards Rheims---Enemy Attempting Counter-Attacks is Hewn Down, Making Costly Sacrifices Without Compensation.

out upon the hilltops around Moron-villers. The continual increment of At six o'clock tonight, west tory. Over 15,000 Germans have ed since April 16, and more

Berlin admits that Hindenburg has given up the defence of the north bank of the Aisne from Conde, occupied by the French yesterday, to Soupir. However, it is intimated that this second victorious Hindenburg retreat began a month before the French offensive menced. The Siegfried positions. which had been under construction since March 16, were occupied today, says the efficial German bulletin, "and the enemy follows hesitatingly." Presumably this second line of defence runs east and west across the Craonne Plateau somewhere between Laon and the now famous Chemin Des Dames, the road which the French have already crossed in several places. Near Courtecon, for instance, which marks approximately the half way point of the front held by the first French prisoners. army, the territorial gain from the banks of the Aisne now reaches slightly more than four miles in depth.

600,000 French Troops.

Some idea of the masses of men engaged in the present struggle may be gleaned from the Berlin day statement, which declares that the French have used up on the battlefield extending into the Champagne from Soissons more than thirty divisions, "carefully reformed after the battle of the Somme." This would mean over 600.000 troops

But that the French have by no means reached the point of exhaustion at which reorganization becomes necat which reorganization becomes nec-essary was indicated by their consis-tent progress today. The angle French to record further progress there

Craoans in the neighborhood of Hurtebers Farm, which the French took yesterday, and Ailes, the Germans launched a heavy counter-attack with what the Paris night report describes as "large effectives." The artillery preparation was as violent as any German bombardment of the past, but the French guns have achieved distinct superiority and the attacking masses were moved down without being able to move the series of Arras. And the Paris in the strike in the stri to reach t'ie first French redoubts. Nivelle's gains in this region menace Craonne and the duel of the big gund here is growing in intensity as the

German Trenches Carried. Toward Coucy, north of Rheims, French detachments carried several lines of German trenches in close fighting with hand grenades. East of the neighboring Town of Loivre a brilliant French dash established a new front line and accounted for 250

French drag their pieces up to the

The French pressure in the Champagne sector has excited the Germans to violent reaction. Last night Hinrenburg again flung in strong counrenburg again flung in strong counter-attacks against the nose of the wedge the French are drving thru the Moronvilliers hills and woods Begun after a furious bombardment and carried out with determined energy these assaults all melted under the French barrage. In no single instance since Nivelle's offensive started has a German counter-attack. started has a German counter-attack, even the pressed home with a full army corps, been able to gain or maintain a foot of ground reconquered by the French. The initiative remains absolutely with Nivelle, and the morale of Hindenburg's forces is undoubtedly shaken by their

sacrifices without compensation.

London, April 21 .- One of the correspondents at British headquarters

In France in a despatch dated Friday says:

The cardinal fact of the battle in France is that the intense concentration of German troops exceeds anything known during the war. That concentration is being intensified now that Field Marshal von Hindenburg's effort to avoid a battle is known to have failed.

The German morale perhaps has fallen since the reduction in rations. There is great anger among the infantry against the artillery, but the enemy is fighting stiffly and working feverishly at his defences.

# \* WAR SUMMARY \*

THE DAY'S EVENTS REVIEWED

IGHTING in difficult wooded country, the French continued to make excellent progress yesterday on the front between Soissons and Auberive. North of the Alsne they persevered in their advance towards the Chemin des Dames, occupied Sancy Village, and beat off a Sarah Bernhardt Likely German attack launched with large effectives in the region of Ailles and Hurtebise. In the Champagne they carried several points of support in the Moronvilliers Grove. This was after the repulse of violent counterattacks, which came under French curtains of artillery and machine gun fire. In the Argonne the French launched an attack, reached the second German defensive position and found many German dead in the trenches. tion, her physicians said tonight that Since Monday last the French have taken in the fighting between Soissons and Auberive more than 19,000 prisoners and more than 100 guns.

It seems definitely established that the Germans during their recent withdrawal found themselves unable to complete it as planned. The object of their rearward movement was to straighten their line, and they could only do this by evacuating the Noyon salient—the immense elbow noted.

that projects into France between Lille and Verdun. Its base is a line Food Controller Has Power drawn between Lille and Verdun. Its apex was Noyon and it took its name from this town. To straighten his line in the west the enemy would have to evacuate all of this triangle and to occupy positions between the Meuse and the North Sea, running in a straight line, covering Maubeuge, Valenciennes and Lille. When the allied commanders saw what the object of the enemy was, they produced a great force of cavalry and artillery

**GOOD HEALTH FOOD** CO., LIMITED don :: Canada

Dr. (Col.) F. W. Mariow, former AD.M.S., M.D. No. 2, describes the policy of the military hospitals commission and its treatment of returned soldiers in the following words: "Patronage first, economy second, and efficiency third." He asks very pointedly why the medical profession of Canada is deprived of authority over medical problems, while S. A. Armstrong, director of the military hospitals commission, a layman, is pre-eminent above the medical profession of Canada in dealing with the problem of returned soldiers, one of the chief factors of which, he admits, is their medical treatment.

Dr. Marlow concludes his remarks with the following words:

"Let the medical profession continue to perform the work involved, in the interest of the soldiers, their dependents and the state, but may the time soon come when their work will receive the recognition it deserves, to the extent that they will be regarded at being worthy of trust and capable of managing distinctly medical problems without the intervention of patronizing, sataried laymen who, not taving had the advantage of a medical training, are as a millstone hung training, are as a millstone hung out the neck and a burden most ficult to shake off."

If the Germans had announced before last Monday that they had re

fred fro mthe Aisne to the Siegfried line, their story would have gained

more credence. As it is, however, with the French boldly pressing for-

ward and flattening out salient after salient and taking more than 19,000

prisoners in five days, the German withdrawal has nothing voluntary

about it. From their exceeding violent and vicious counter-attacks and

their heavy losses in guns and war material, they betray their great re-

artillery, however, keeps up its ceaseless activity. In the previous night the British improved their positions by gaining a little ground about

The Canadian war records office in a graphic, clear communication on the reat event, caps the flood of descriptive writing on the capture of Vimy Ridge. I seems that the Canadian centre and right wing carried everything before them and at a comparatively early hour on the first day they had seized the fourth and last line of German defence on the eastern slopes, but the Canadian left wing had hard fighting. It had its advance checked between the first and second lines of objectives by heavy fighting, the pressure of the enemy being directed chiefly against the centre and left fiank. To make matters worse, growds of Germans emerged from a tunnel and filed into the front line

directed chiefly against the centre and left flank. To make matters worse, crowds of Germans emerged from a tunnel and filed into the front line trenches, which had just been carried. These then fired on the Canadian rear The Canadians on the left fought all day and by ten o'clock at night they had disposed of the Germans in the front lines at their rear and they had carried dil before them and reached their objectives in the centre. They let the Pimple, the sole remaining hill of the ridge, on their extreme left, remain in German hands till the next day. They then stormed it.

Sir Stanley Maude is proceeding to rid Mesopotamia of the Turks with great rapidity and, on the whole, with surprising success, for it shows great stant work behind him to support an army fightign on the banks of an Asiatic river hundreds of miles from the sea base and that, too, after a surprisingly rapid advance and the fighting of many battles. The latest success of the British, the routing of the 18th Turkish Army Corps, with the taking of more than 1200 prisoners, probably uncovers Samara, now a day's march distant from the battlefield. This town is the supposed terminus of the far eastern section of the Bagridad railway.

On the British front the usual pause before battle has set in. The

## OFFICIAL WAR REPORTS

Peris April 20 .- Hard fighting continues between the French and the Germans all along the southern front in France. The French war office, evening, records further progress for the Aisne, in Champagne, and in the Argonne forest. More than 19,000 Germans have been made prisoner and guns in excess of 100 have been captured by the French since the offensive began last Monday.

The war office communication says: "Between St. Quentin and the Oise there has been great activity by both artilleries, particularly in the region to the north of Grugies.

"The day was calm south of the "To the north of the Aisne our troops, harassing the enemy, have continued to progress toward the Chemin des Dames. We have occupied the Village of Sancy.

"About 6 o'clock this evening, after very violent preparation by their artillery, the Germans launched an attack with large effectives on the region of Ailles and Hurtebise, which was broken by the fire of our artillery and machine guns and completely repulsed. The artillery fighting in this region continues very

"In Champagne we have captured several important points of support in the grove of Moronvilliers, despite the stubborn resistance of the enemy. We have made since the 16th of April, between Soissons and Auberive, more than 19,000 prisoners. The number of guns we have captured during the same period and which have been counted up to the

present, exceeds 100. "In the Argonne, after sharp fighting, our detachments penetrated up to the second enemy trench. They found a great number of German dead. "There is nothing to report from

the remainder of the front. "Belgian communication: A reconnaissance attempted last night by the enemy in the region of Stuyvekenskerke was dispersed by our fire. Prisoners remained in the hands of the Belgians. During the course of the day the artillery activity has been great in the region of Dixmude and

This afternoon's statement says: "South of St. Quentin the enemy's artillery kept up a heavy fire, to which our batteries replied vigorously. During the night patrol encounters occurred north of Urvillers. In the region of Laffaux we made appreciable progress and took fifty We repulsed several counter-attacks by the Germans in

this sector. "On the Vauciero Plateau and southwest of Coucy we carried several trenches with grenades. East of Loivre a well-conducted operation enabled us to gain ground and take

The railway which the British army is building from Egypt into Palestine and Syria is about to have another section added, for the British covering forces have just driven the Turks in fighting near the site of ancient Gaza from an advanced position on a front of six and a half miles. British warships near the coast assisted the operation by pouring a heavy flanking fire on the Turks. Having the command of the sea, the British expedition can always out flank the Turks in its progress thru Syria. If Sir Archibald Murray keeps on with his campaign he will be the first modern general to emulate the triumphs of the great Pompey; but Syria then was rich and prosperous and not drained of men and goods by long years of blighting Turkish rule. "In the Champagne the night was marked by the violent reaction of the enemy. Very strong counter-attacks, preceded by bombardments, were launched by the Germans in the region of Moronvilliers. Our curtain of fire and our machine guns completely negatived these efforts, which cost the enemy very heavy losses. A score of prisoners remained in our

"Everywhere else the night passed "On April 16, ten German aero-

planes and two captive balloons were 20 Maud St. Ad. 760

statement issued by the war office

at a number of places along the front there is nothing of especial interest to report."

"We gained ground during the night in the neighborhood of Villers Guislain," says today's official statement. 'Elsewhere there was nothing especially interesting."

Paris, April 20,-The following official communication was issued tonight: "Orient: After brilliant counter-

attacks our troops recaptured a few elements of trenches which had been lost on the 18th at Tsrvena Stena. About 60 prisoners, most of them Germans, remained in our hands. To the east of the Cerna the Serbian troops repulsed two enemy attacks."

Berlin, April 20, via London.-The official statement issued by the German war office this evening reports that new engagements developed dureast of Rheims, and the Suippes Valley.

#### SCORE'S GREAT SALE.

Every yard of goods in R. Score & Son's great stock of fine British woolens in suitings, overcoatings, trouserings and waistcoatings is worth special sections of the section of the secti cial emphasis for its value during the \$50,000 estate sale, but it seems very opportune today that spring overcoatings have the special word. Certainly the range is a comprehensive one from the standpoint of assortment. Made up in one or other of the splendid styles shown and tailored by Score's a gentleman has in the garment a guarantee for satisfaction and service, and a wholesome sense of being well dressed whether he carries it on his back of a cool morning or evening, or tosses it over his arm at mid-day.

"Physical Education."

"Physical Education in Schools" was the subject of an address delivered by H. F. Armstrong, superviser of Toronto Playgrounds, in Brown School, Avenue road, yesterday afternoon. The lecture was illustrated with a number of lantern sildes, and was given under the auspices of the Home and School Association. Donald Campbell, boy soprano, rendered several solos. There was a large attendance.

#### CANADA FOUNDRY PAYS FOR SASHES

Statement That Their Delivery Was Too Late Availed Nothing.

#### ASKS FOR ALIMONY

Mrs. Cawthra Mulock Will Move That Amount Be Fixed.

Judgment awarding Henry Hope \$1202.85 and costs against the Canada Foundry Company was given out at Osgoode Hall vesterday afternoon by Justice Latchford. The action was over a quantity of steel sash ceilings which the plaintiff claimed the foundry contracted for. The sashes cost \$340 each, and the total price was to be \$2040. When the major portion of

3340 each, and the total price was to be \$2040. When the major portion of the contract was completed the defendant company canceled the order and refused to pay for the goods.

The defence was that a sub-contract was made with Hope to supply the sashes to a company known as P. Lyali & Sons, and gave as their reason for canceling the order that the sashes were not delivered within the time stated in the agreement.

They also asked that should the court hold them responsible for the breach of contract a counter-claim be allowed against the Lyali company for the amount awarded Hope. His lordship dismissed this claim with costs.

Motion will be made on Monday morning by counsel on behalf of Mrs. Adele Baldwin Mulock for judgment for alimony against her husband, Cawthra Mulock, with a reference to fix the amount.

The parties were married in June, 1903. Mrs. Mulock asks \$3000 interim altmony. The husband in his statement of defence states that he is willing and ready to pay such alimony as the court may direct, taking into account the large sums settled upon and given to the plaintiff.

Chief Instea Balconbuilds returned

chief Justice Falconbridge refused leave to A. D. May to appeal from the decision of Sir William Mulock directing that the case to set aside the will of the late Samuel May proceed to trial on April 30. Sir William will

### FOREIGN MISSIONS REPORT ADVANCES

Presbyterian Board Concludes Labors After Sessions Lasting Three Days.

#### WAR TAKES THE MEN

This Year's Appointees to Field Are All of Opposite Sex.

At the semi-annual meeting of the Presbyterian Foreign Mission Board, which just closed after three days' session, delegates from all over the moderator of the general assembly, Rev. Principal Baird, Winnipeg. The board presented a most optimistic financial report, which showed a balance of \$21,333 on the 1916 account, considering the increase in the cost of the Chinese missions, the reason being the high rate of exchange, making the Mexican dollar worth 63 certs whereas in reconst

worth 63 cents, whereas in normal times it was only 50 cents. That women are supplanting the young men in the foreign missions field was quite evident in the report, there being only lady candidates appointed, while all the men are on the service. The following are any war service. The following are ap-

Miss Anna MacDougall of Mitchell and Miss Grace Paterson of Thames-ford were appointed to India. Miss lay Readers' Association of Toronto Diocese was held last evening. The officers chosen for the ensuing year vere: President, Mr. Philip Dykes; first vice-president, Mr. W. A. Langon; second vice-president, Mr. Geo. Hers formally eppointed to sail this year are Miss Rathleen anderson of Swan River, Man.; Miss Winnifred Warren of Walkerton and Miss Christena MacDougall daughter of Rev. Dr. MacDougall of Keady, to Honan, China; Miss Fannie Nugent, John Keir, Streetswille, T. E. Moberly and Wm. Worthington. will sail for their field in India. Miss the took

amongst the Chinese in Vancouver,
is returning to Honan, China.

Men on War Service.

That fifteen young men of the Honan staff have left for Europe to enter upon war service was also stated at the meeting. In the report of the eighty overseas missions the predominating note was the wonderful change of the Asiatics in the feeling towards the missionaries. They said that the war has advanced missions in India by ten years. To illustrate that the old suspicion is disappearing it was stated that three wealthy Chinese offered George W. MacKay,

missionary, \$9000 for the erection of a high school. The board was pleased to find the Dominion Government is contemplating an amendment of the Chinese immigration law so as to admit Chinese students to Canadian colleges without head tax. Heretofore these students all went to the United States, and now it is hoped Canada will also receive some of these bright men. The board stated that they are

Strained relations are said to have existed between the company and the commission for some time over the refusal of the company to turn over a further block of power. The little was allowed to transpire, it is believed that the company's caum to the right to develop 80,000 more horse-power than, their present capacity of 160,000 h.p., may have had scincilling to do with it. The 60,000 h.p. above that supplied to the province is exported by the company. It is probable that if the purchase goes thru, this export will continue for about a year ago.

Pte. Ernest Thompson, officially announced as believed dead, formerly lived with his sister-in-law at 22 poucher street. He was 25 years old Kingston early in the war. The reand came out from Scotland 15 years ago. He had been in the employ of the Russell Motor Co.

Identify and is 30 years old. He came to Canada about ten years ago.

Pte. H. C. Evans, reported wounded, is an Englishman who enlisted at Kingston early in the war. The record gives his next of kin as Mrs. C. Evans, Peterboro, Ont., but the casualty list gives the address as Toronto. thru, this export will continue the present at any rate,

Pte. William Arthur, reported as dangerously ill, is a son of Mr. and Mrs. Villiam Arthur, 235 Laughton avenue. He is 20 years old and had been working for the Laidlaw Lumber Co.

Lieut. Jack McLean, slightly wounded, lived at 1132 Dover-court road, and formerly at 538 Concord avenue. He is 27 years old, and a plasterer by trade. He came from scotland seven years ago, and has a wife and one child here.

Pte. Walter Sydney Sivyer, suffering from shell shock, lived at 148 Hamblisted he was in the firm of McLean & Dallas, wholesale merchants. He was married after going to England.

Sergt. Arthur Miligan, reported wounded for the second time, lived at 135 Gladstone to the work as special service.

This is the second time he has been recommended for the military cross. He was a moving picture operator before was a moving picture operator before

with the Grand Trunk Railway for the Pte. Edgar Mulligan, enlisting.

Corp. Ernest Fred Nightingale, reported wounded, formerly lived at 12 Grove avenue, but his relatives are now in England. He enlisted with a Toronto battalion as a sergeant-major, but reverted to get overseas.

Pte. Edgar Mulligan, reported with the Grand Trunk Railway for the exaction of proper fences and safer exaction of proper fences an be made to the Ontario Railway Board for adequate protection.

#### THE GERMAN NERVE.

Ex-Professor of Toronto University Puts Over Cool Request in His Own Language. A former German professor of To-

ronto University, who is now residing in Switzerland, had the supreme audacity to address a letter to a local bank, in German, requesting that his bank account be forwarded to him. The banker refused, but wrote him a letter in Jananese telling with the second control of the second cont letter in Japanese, telling him that if he would use any civilized language the request would be considered. This professor left Toronto for Germany a short while before war was declared, but removed later to Switzer-

#### THREE MEN REMANDED

Percy Lavender, John H. Ster son and John Foote, employed as drivers by the People's Milk Co., were arraigned in the police court yesterday on a charge of receiving a portion of \$200 worth of milk tickets, alleged to have been stolen by a sales agent for the company, who was remanded on a charge of theft ciation met last night in the S.O.E. Hall and ratified the Montreal commit-tee's manifesto to the ministers of the Borden government demanding a sub-Thursday. They were remanded till April 26.

#### ASSIST WAR VETERANS.

stantial increase in salary. They claim that the high cost of living has affected them just as well, and with the present salaries are unable to make ends meet. They further declare that they are the only civil servants who have not had their salaries increased since 1910. The Toronto Women's Volunteer Corps held last night in Foresters' Hall its last monthly dance and euchre. The hostesses were Mrs. J. B. Hill, Miss E. Page, and Miss M. E. Durham. The dance was largely attended and the proceeds went to the War Veterans' Club.

The dance was largely attended and the proceeds went to the was unanimously passed, and the result wired to Montreal.

Somers' School of Physical Train ing Gives Annual Exhibition of Children's Work.

Six hundred pupils of the Somer School of Physical Training took par in the sixth annual spring festival of that institution, held last evening in the Arena Gardens. Two thousand people were present to see the schol airs go thru the different physical drills, folk dances and the war pageant which brought one of the most successful performances of the pupils to a close. The proceeds of the entertain ment will go to the building fund for the erection of a larger school building.

Swedish exercises and physical drill were given by a class of 200 school children. The children were directed by the principal, Mrs. H. B. Somers, and judging by the easy manner in which the children went thru the dif-

The girls of the first year classes made a good impression, and gave a finished version of the folk dances. The senior members of the academy brought the first half of the program to a close with a pantomime, "The Sleeping Princess".

The war pageant, which took up over an hour, was a splendid patriotic number, and was greeted with applause and loud cheers. In this number all of the pupils participated, Groups of girls wearing the costumes representing the afflied countries marched around the auditorium, the junior members appearing as "the children of the afflies." The band of the 48th Highlanders rendered selections early in the evening and at inter-

AS MATTER OF POLICY Curtailment of Service at King Edward Causes Surprise in

the Trade.

While great surprise has been caused thruout the city by the King Edward Hotel restricting dining-room service to its house guests, and the closing down of the tea-room, it is suggested by some who have given the matter close attention that this may be followed by the closing of the hotel.

While it is admitted that help is scarce and high-priced, the closing of the tea-room has caused much surprise and some suspicion. It is pointed out by those well informed of the city's hotel situation that in this room female help was employed almost exclusively, and the patronage would seem to warrant its maintenance. The curtailing of service and final closing of the hotel, it is claimed, might be expected to create a force of public opinion that would insist on the reopening of the hotel at whatever cost to the citizens of Toronto.

TO RESUME SERVICE

It is reported that the Winnipeg to Toronto service via the G.T.R. and G.T.P. will be resumed today. Owing to the burning of a bridge and road trouble to the west of Superior Junction, no trains have arrived in Toronto via this route for the part Toronto via this route for the past

department of the Provincial Employment is department of the supervision of Rev. J. A Miller, who during the first year of the war was instrumental in obtaining a large amount of farm help. In order that persons working in the day may have an opportunity of obtaining information regarding the government's proposition for business men anxious to spend their holidays on the farms, the office will be open until 3.30 each evening, except Saturday.

Quite a large number of high school pupils have already availed themselves of the government's offer and have signed up to work in the country. This number will be greatly augmented in the next few days. department of the Provincial Employ-

# "They Don't Answer"

Nobody likes to get the "don't answer" report from the operator. It nullifies the whole value of the service.

But often there is no one near enough to the telephone called to hear the bell; or there is an unusual delay in answering. Sometimes the wrong number is asked for and it happens to be a telephone with no one near it. Occasionally some mechanical trouble may exist on the line wanted.

Our operating instructions provide that before giving the "don't answer" report the operator is required

(1) to make repeated attempts to get an answer.
(2) to verify the number a second time, if there is

doubt regarding its correctness.

(3) to change the trunk line and ring the telephone again in the case of a call made to another

Only PROMPT ANSWERING of the telephone can reduce don't answer" reports. The Bell Telephone Co. of Canada

## The Toronto World

ATURDAY MORNING, APRIL 21

from Bloor street to Danforth av-

Had this district been annexed at the have provided a substantial contribution to the revenue of the city in return to the benefits which it now receives gratuitously, to say nothing of the unrned increment which the city is build-ig up for these much-favored owners at outside the boundary. Nothing but a just and equitable treat-ent of this and other similar districts

will ever solve this problem. One of the "Wee York" suggestions was to tax the people outside the city limits for the benefit of the city, and this woolly-

time, the purchase of the transmission , and the clean-up and clean-out of the local power and traction interests. Hamilton will probably feel the influence of the new policy, as well as Toronto, and it will be a question whether the Cataract Power interests under the ntain, or the Toronto Power Co.'s interests, here, will be the first to come to the names of New York bankers. He terms with the municipalities' union.

#### Famine Ahead.

When the war began we thought of Ittle besides the enemy and how to conquer him. Now that the enemy appears to be in straits, we discover that there are other things to be considered as ter rible as the enemy-"terrible as an army with banners." The gravest factor for world for the next few years beyond the immediate problem of the fighting at the front, is food. Another bad harvest like last year's would undoubtedly cause a world famine. In any case, war or peace, next year will find us dealing with the greatest scarcity of food that ever

the world has faced. The ultimate cause of this is undoubtedly the war itself, and the Prussian militarist system which created the war. The withdrawal of so many millions of men from the work of food production in every country could not fail to limit proluction. In Canada we are guilty of conarfbutory negligence, thru our government, which should have inaugurated a discriminatory conscription system from the start, and left the necessary producers where they would do most good. We must suffer for our want of thought and of foresight, for ignorance of nature's laws never enables anyone to escape the inevitable effects of causes once genersted. The bad weather which gave us such poor harvests, or aggravated the conditions due to insufficient labor, may also be due to the war, tho the meteorolegical effect of the millions of tons of explosives and their resultant materials set free in the atmosphere is still obscure. The volcanic conditions of 1883 furnish

some hints. At any rate, the food shortage at presand the famine conditions to follow. mand attention, and if the worst effects

are to be averted, they demand the exre of all the energy and activity that the nations can muster this year. Canada has an important part to play in the production of grain, and it must not

available from the city if they will accept it, and govern themselves, in view of this help, to the extent of enlarging their seeding areas for the season. Wheat oats, barley, rye, peas, beans, potatoes are, above all things, necessary, and the committee has undertaken to help the rmers to plant and to harvest any ex

tra crops they may be willing to put in. It is quite true that there is much apa thy at present regarding the food ques

This can only be a first step. The other Nagara companies will probably be glad to follow the example of the Ontario Power Co., and exchange their plant for hydro-electric bonds.

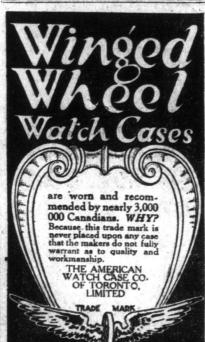

Toronto is profoundly interested in the Toronto is profoundly interested in the whole altuation, for the purchase of the Niagara plants must involve, at the same Ontario will energetically support him in his demands.

No premier of Ontario ever showed more moral courage than our present premier, Sir William Hearst, has shown during the past two years. There is still one great work for him to and that is to confiscate the stock held in our nickel mines by European Germans, either in their own names or in should also compel the company to treat their employes like human beings. No government that refuses to do these things can long represent Ontario.

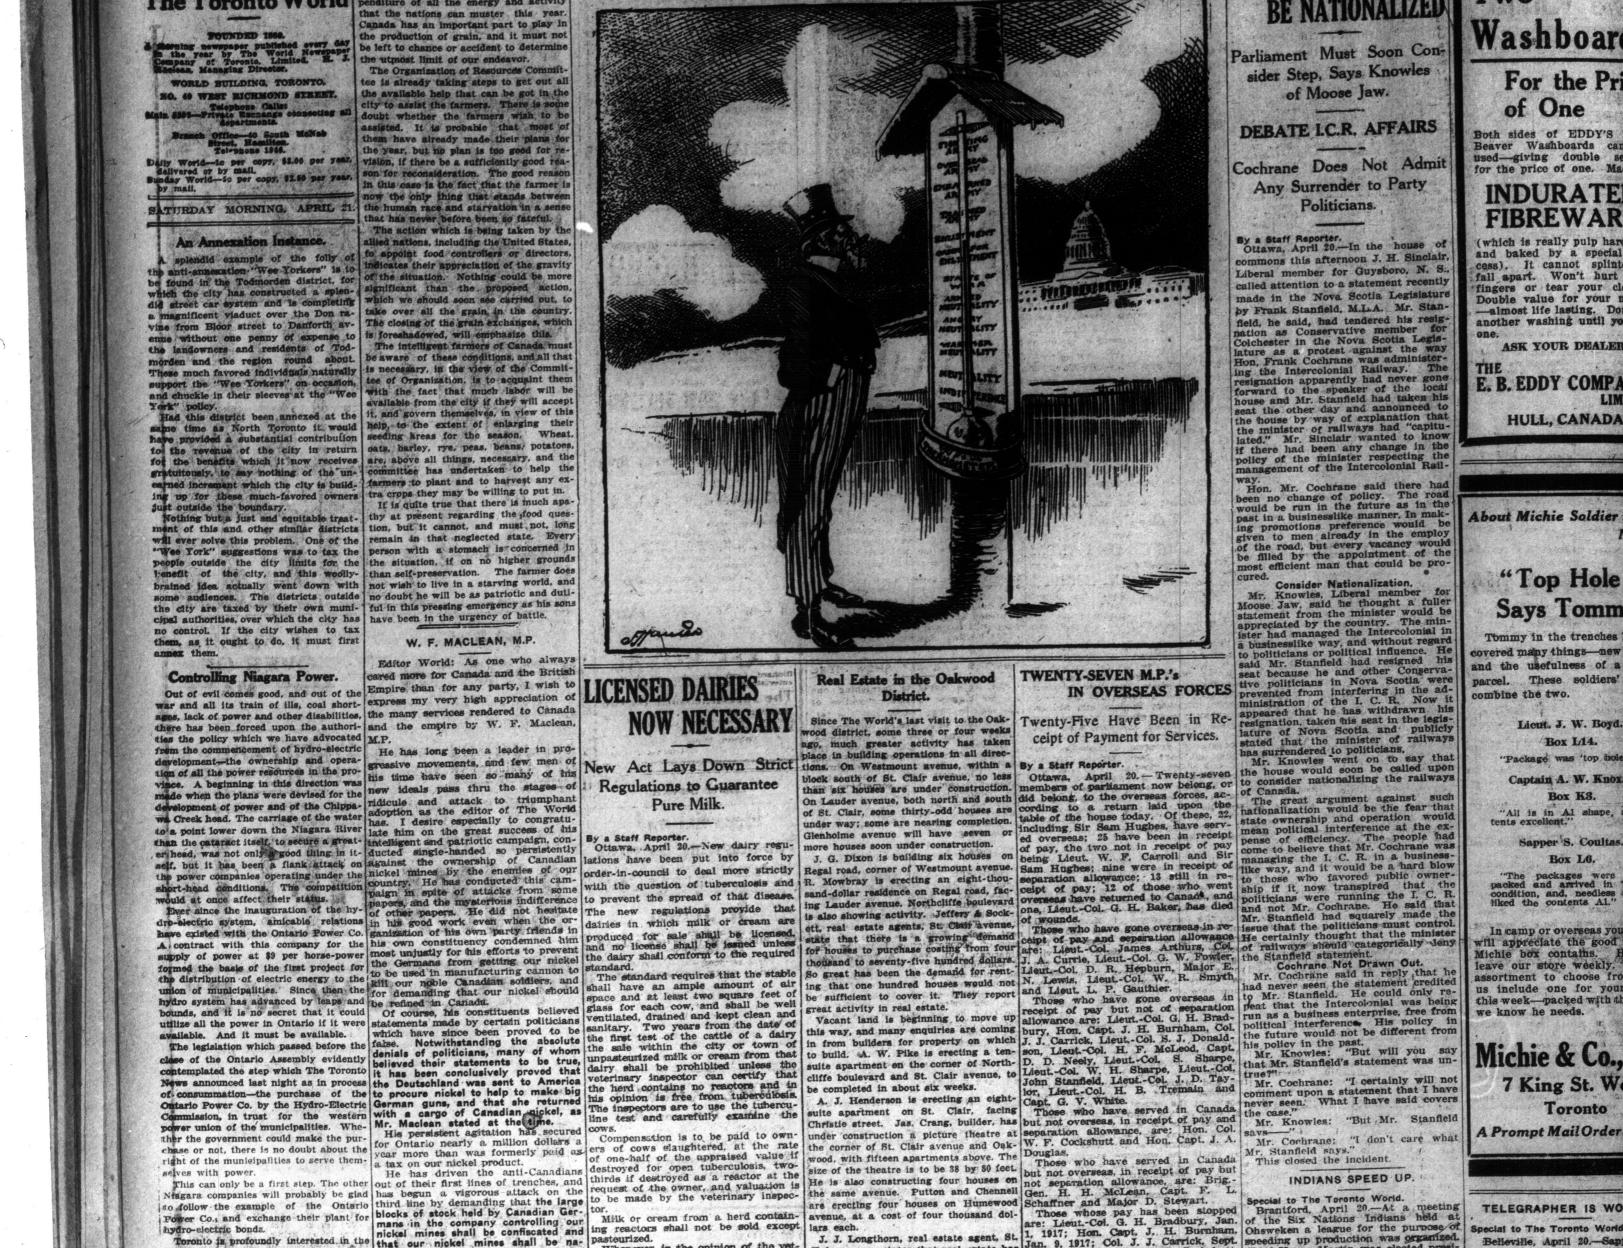

James L. Hughes.

BANKS SUPPORT "LIBERTY

Petrograd, via London, April 19.-The Petrograd banks have agreed to take over not less than 1,000,000,000 rubles of the "liberty loan." The Moscow banks will subscribe for 500,-000,000 rubles of the loan.

## GETTING WARMER

Whenever, in the opinion of the vet-erinary director-general, the work of eliminating tuberculosis from the herd a satisfactory point, the municipality will be expected to maintain the stand-

# BE FIXED IN U.S.

Government Likely to Adopt Stern Measures to Protect Consumers.

Washington, April 20 .- Secretary of Agriculture Houston today recom-mended to the senate that the council of national defence be empowered to fix minimum and maximum food

To meet the food situation, Secretary Houston told the senate, the de-partment of agriculture needs the authority and power to make a complete survey of the food supply of the nation, and to license and supervise the operation of all plants, mills, packing houses, canneries, slaughter houses, breweries, distilleries, storage houses or other establishments or factories lealing with food. In case of extreme emergency the

government should have rower to purhase, store and subsequently dispose of food products to groups of people or communities organized in some form, and to fix maximum or minimum prices.

Perhaps the exercise of this power should be lodged in the council of national defence, to be used only when directed by the president, Secretary Houston adds. Then it is possible that the mere existence of the power would make action unnecessary. It is estimated that approximately \$25,000,000 will be required to carry out the plans outlined.

MAY CLOSE GRAIN PIT.

Winnipeg, Man., April 20 .- There is considerable uncertainty in grain ex-

wood, with fifteen apartments above. The size of the theatre is to be 38 by 80 feet. He is also constructing four houses on the same avenue. Putton and Chennell are erecting four houses on Humewood avenue, at a cost of four thousand dollars each.

J. J. Longthorn, real estate agent, St. Clair avenue, states that real estate has never been so active, not even in the boom times of four and five years ago. Many enquiries are coming in for vacant.

## RAILWAYS WILL BE NATIONALIZED

Parliament Must Soon Consider Step, Says Knowles of Moose Jaw.

DEBATE I.C.R. AFFAIRS

Any Surrender to Party Politicians.

By a Staff Reporter.
Ottawa, April 20.—In the house of ommons this afternoon J. H. Sinclair, Liberal member for Guysboro, N. S., called attention to a statement recently made in the Nova Scotia Legislature by Frank Stanfield, M.L.A. Mr. Stanby Frank Stanfield, M.L.A. Mr. Stanfield, he said, had tendered his resignation as Conservative member for Colchester in the Nova Scotia Legislature as a protest against the way Hon. Frank Cochrane was administering the Intercolonial Railway. The resignation apparently had never gone forward to the speaker of the local house and Mr. Stanfield had taken his seat the other day and announced to the house by way of explanation that the minister of railways had "capitulated." Mr. Sinclair wanted to know if there had been any change in the policy of the minister respecting the management of the Intercolonial Railway.

Way.

Hon. Mr. Cochrane said there had been no change of policy. The road would be run in the future as in the past in a businesslike manner. In making promotions preference would be given to men already in the employ of the road, but every vacancy would be filled by the appointment of the most efficient man that could be procured.

#### BERNHARDT SEEN IN VIVID DRAMA

Wonderful War Photoplay Presentation of Tremendous National Epic.

#### MOTHERS OF FRANCE

Divine Sarah Crowns Her Career With Marvelous Piece of Realism.

Veneration and homage are the sentiments which go forth from the audiplay in which Serah Bernhardt, a daughter of that brave and suffering Noon. 58 p.m. 64 29.40 8 E. plays the principal role. The great production is a marvelous piece of realism which has never been equaled, holding, as it does, the spectator in the grip of its thrall to such an extent that all else is formatted. country and actress without peer, that all else is forgotten and one lives for the time being in the very thrill and centre of the pulsing scenes of the

war zone.

Bernhardt herself, with her exquisite grace and matchless artistry, would be sufficient to place any film on a transcendant plane of attraction, but when to this is added the story of the war as it affected France at its outbreak and interest when the story of the war as it affected France at its outbreak and interest with a start of the story of the war as it affected France at its outbreak and interest with a start of the story of the war as it affected France at its outbreak and interest with a start of the story of the war as it affected France at its outbreak and interest with a start of the story of the s when to this is added the story of the war as it affected France at its outbreak and since, when one witnesses the spontaneity of the response to the call to arms, and sees the unanimity of men and women alike in all that they are ready to sacrifice and suffer for the love of country, one is ready to cry and shout with an intensity and an understanding never before known, "Vive la France!" Long live, thou beautiful land of heroic sons and of mothers whose dolors are second only to those of Calvary. Thou art truly the soul of patriotism, and the crown of immortality is surely and rightly thine!

The few privileged to see the "Mothers of France" at an advance view given in one of the theatres of Toronto could easily understand the enthusiasm which has been aroused wherever the photodrama has been shown. It swept England and France, awakening everywhere unprecedented bursts of emotion, and took New York

DAY-GROWN, Wilson St. Printed and John, by train.

DAY-GROWN, Wilson St. Printed and John by the St. Print

The great play, which has seized upon the imagination of two continents, was written by Joan Richepin of the French Academy, who in its production evolved one of the masterpieces tion evolved one of the masterpieces of the world, while at the same time giving to the present generation and to posterity a play of wonderful historic significance. The powerful summer scenes of country life with which the drama opens, their interruption by the messengers bearing the official nothers. tices calling the men to the colors, and the following tragedies borne with the sublimity of heroism are all shown with an art that only nature herself

oould approach in vivid reality.
Splendidly Acted.
The appropriateness of everyone t his or her part is something that strikes one in every act of the play. The grace and chivalry of the French people are never for a moment lacking. The portrayals of the mothers of France are taken by women who have not to assume the role, but who have Joe Maxwell's big production, "Ladies' Reducing Parlor," a combination of farce and musical comedy, will be the featured attraction at Loew's all next week. Another feature will be the reunited team of Marie and Billy Hart, best known in yaudeville for the past ten years. Wastika and Understudy are wonderful seals. Others will be Hazel Morris, Holmes and Le Vere and the Three Zalos, a photo production, featuring Valeska Suratt in her latest success, "The New York Peacock," and Max Linder, the French comedian, in "Max Comes Across," com-

at the bedside of her dying son, Sarah Bernhardt always interprets her work thru a medium which shows her as GAYETY.

Joe Hurtig, the producer of the famous Bowery Burlesquers, with those two genuinely funny comedians, which is scheduled to appear at the Gayety Theatre next week, has succeeded in getting together one of the best casted shows in the realm of burlesque.

STAR

The prettiest bouquet of beauties

Bernnard Enways interprets are work thru a medium which shows her as womanhood's most graceful exponent. The tribute of spontaneous bursts of applause and of many tears was given by those who saw the "Mothers of France" in its initial presentation in Toronto, the emotion stirred up being testimony to a realization by the audience of the wonderful courage of the people of France and the supreme part they are playing in winning the war for themselves, their allies and women who could witness without being stirred to the very depth of human possibilities the heroism and the untiring devotion of the men in the trenches The prettiest bouquet of beauties in route this season are the "Cherry and of the women in the trenches and of the women in the hospitals of France, would indeed be devoid of the human touch which makes the whole

day.

AT THE MADISON

How German spies were over-matched by British secret service men in a battle of wits, for the pos-session of important documents stolen from the United States, is the theme of "The Girl Philippa," which, with Anita Stewart in the title role, will be presented at the Madison Theatre for the first half of next week, with a matinee each day at 2.15.

"THE ARGYLE CASE."

The feature on the program of the Regent Theatre all next week will be Robert Warwick in his first Selznick picture, "The Argyle Case." This is an adaptation of the famous detective drama that ran for two years on Broadway. In addition. the world's greatest comedian, Max Linder, will be seen in "Max Comes Across." The tenth episode of "The secret Kingdom" and the re-engage-Across. ment for another week of Audrie Rubanni complete the bill.

MASONIC MALE CHORUS

The patriotic concert to be given by the Masonic Male Chorus Club, in Massey Hall, on Tuesday next, will be a pronounced success, as the largest portion of the house is already sold out, but some good seats are still available and the plan will be open to the general pubic at Massey Hall, on Monday, and those desiring tickets are advised to be there early. The club will sing almost two hundred strong, assisted by Myrna Sharlow, prima donna soprano, Chicago Grand Opera Co. It is very gratifying to the committee and the conductor, Mr. E. R. Bowles, that so handsome a sum of money will be realized some a sum of money will be realized for a war veteran fund.

## LARRY BRIGHT STAR IN THE FIRST WIN

Supplies a Homer and Some Sparkling Fielding-Thompson Made Good.

nd the strain told on him toward the loss.

Due to Thompson going to the pitchme peak another shift was made in the 
ne-up and Benny Meyer got back into 
ction. The Leafs started right in to 
ally and young Hagey, late of the Pittsurg Collegians, was treated rather 
rarmly, altho his pitching was not as 
ad as the score would indicate. Jacobon hoisted to left field, which Sherman 
hisjudged, and it counted for two bases. 
lackburne sacrificed, and Graham lined 
by Shannon. Larruping Larry, however, 
sme thru with a mighty swat over the 
off field wall, and Jacobson ambled in 
head of the Leaf leader. Blackburne's 
mash over the same fence counted for 
forento's run in the fifth. Lajole startd the run making in the sixth with a 
ne baser to right. Allen sacrificed. ed the run making in the sixth with a one baser to right. Allen sacrificed. Trout walked. Meyer hit to Shannon and with an easy double play in sight, Shannon fumbled, filling the bases. Kelly then singled to right, and before the resulting plays were over three runs were scored and Kelly had been put out. On the hit to centre Lajoie naturally scored, and when McAvoy let Barber's throw get away Trout scored. Meyer came dashing along and Hagey, who had recovered the ball, threw badly to McAvoy, Benny tallying. Kelly had run up, but Truesdale recovered the ball and threw it to Bues for the out.

An error by Hagey, Kelly's single, a base on balls to Thompson, and Jacobson's single all contributed to the pair of runs in the sighth.

Singles by Fewster, Truesdale, Shannon and Lamar, a double by Barber and Williams' sacrifice made up the four-run combination of the Birds.

# Thirteen Lucky for

At Washington (American).—Washington opened the season at home yesterday by losing to Philhdelphia, 6 to 4, in 13 innings Singles by Thrasher, Bates and Schang and a sacrifice hilt brought in the winning runs. British and French flage flew over the grand stand, and hetore the geme Assistant Scoretary Roosevelt of the navy department raised the stars and stripes on a pole in centre field, while the Washington players gave an exhibition military dril. Vice-Fresident Marshall threw out the first ball. Score:

Philadelphia ... 300 000 000 001 2—6 3 0 Washington ... 000 200 100 001 —4 12 1 Batteries—R. Johnson and Schang; Gallia. Ayers and Henry, Ainsmith.

At Cleveland (American).—With the score tied in the ninth, two Detroit men on the bases and two out, Young's drive over third got by Allison and went for a mome run, Detroit winning, 7 to 4. Boland held Cleveland to four hits, but three of them were bunched, with pusses and a Detroit error. Monton was hit hard in the first and sixth innings. Score:

B.H.E.

Detroit error. Monton was hit hard in the first and sixth innings. Score:

B.H.E.

Detroit error. Monton was hit hard in the first and sixth innings. Score:

B.H.E.

Detroit error and O'Nell.

At Chicago (American).—Chicago bunched bits in the second innings and wen from St. Louis, 5 to 2. Chootte, who pitched a no-hilt, no-run game against St. Louis last week, was touched seven tin.es, but was given perfect support, a running catch by Endie Collins being a feature. Score:

St. Louis last week, was touched seven tin.es, but was given perfect support, a running catch by Endie Collins being a feature. Score:

Giants Beaten in Fourteen Innings-Cravath's Homer Helps Alexander.

#### Free Hitting Games On Friday Program

Fred Mitchell's Cubs were only able to gather three scattered hits off Grimes and the Pirates won handily 6-1. Himchman popped one ever the fence with two runrers on the sacks.

Lee Fohl's Indians lost a tough hattle to Detroit. The Tigers had two on and two out in the rinth with Young up. Allison let his drive get by and it went for a homer, and the old ball game was gone.

Matty's Reds extended the Cardinals to the limit to get a 7 to 6 verdict. Ring had a bad opening inning and St. Louis piled up six runs. The Reds fell on Watson in the eighth for five runs, but Ames was rushed to the rescue and saved the day.

The Leaf's move over to Richmond today and take on billy Smith's outfit in a double bill. It is Lejole Day in the Virginia capital, and the great Larry will be honored.

The good old Union Jack and the French tri-color were very much in evidence when the Washington club opened its home season yesterday. The Athletics bunched hits in the 13th inning and beat Washington 6 to 4.

Cactus Cravath is up to his old tricks again. His home run swat in the eighth inning yesterday enabled Alexander to down Cheney in a great pitching duel. The Dodgers played a nice game in the field. ENTER NORTH ONTARIO BASEBALL LEAGUE.

## T.S.S.A. NAMES THE SAILING DATES

Annual Regatta First Week in August-Those at the Meeting.

At the executive meeting of the Lake ailing Skiff Association last night, the racing and regatta dates were apportion ed for the year, as follows :

ed for the year, as follows;
R.C.Y.C.—May 26.
National Y.C.—June 23.
Toronto Canoe Club—July 7.
Alexandra Y.C.—July 28.
Annual L.S.S.A. regatta—Aug. 4-6.
Ward's Island A.A.—Aug. 11.
Darrell Shield, over R.C.Y.C. course—Labor Day.
Harbormaster's race, 14-foot dinghies—Second Saturday of Exhibition.
President Johnson occupied the chair, with Tommy Turrall, secretary, in position, and the following in attendance: D.F. Hurst, Ward's Island A.A.; W. Walker, R.C.Y.C.; E. Tyrrell, Mimico Y.C.; J. Catchpool, National Y.C.; M. Crosbie, Alexandra Y.C.; B. Howard, Toronto C.C.

## Rusholme Tennis Players Answered Call of the King

The twenty-fourth annual meeting of he Rusholme Lawn Tennis Club was

the Rusholme Lawn Tennis Club was held recently at the club house on Dovercourt road. A large number of enthusiasts were present.

The following officers for the present season were elected: President, Geo. T. Peppall; vioe-president, John Witchall; treasurer, D. A. MacKenzie; secretary, Wm. Oulster, 73 Dorval road; executive committee, Geo. Tingle, H. S. Rupert, F. H. Sykes, J. D. McTaggart, Jack McNair, Chas. Starr.

It was decided to open a junior membership with a moderate fee to encourage the young devotees of the game.

A Babbington court has been added to the equipment of the club, and will be installed on the lawn. It is thought this will be an added attraction to the already fine clay tennis courts.

Geo. Peppall referred in an eulogistic address to the forty-five members who had enlisted for active service, some of whom have paid the supreme sacrifice.

The courts are now being prepared.

BOXER DIED-FRACTURED SKULL. Cleveland, Ohio, April 20.—Johnny Kilbane, champion featherweight, outpointed Matt Brock of Cleveland by a wide margin last night in their ten-round, no decision bout. Kilbane floored Brock six times in the first round, but was unable to put over the decisive punch.

Luke Ginley, who was knocked out in the eighth round of his ten-round go with Jimmie Berry last night, died in a hospital from a fractured skull. The bout was preliminary to the main bout. A warrant was issued for the arrest of Berry on the charge of manslaughter.

#### LONDON AND KINGSTON PLAY BASKETBALL TONIGHT

The London Y. Junior O.A.B.A. basket-ball team play a sudden-death game in Toronto with the Kingston team for the 1917 championship tonight. McLeod of Hamilton or Boscombe of Toronto will

Hamilton or Boscombe of Toronto will referee.

Kingston qualified to meet London in the final by winning a sudden-death semi-final from St. Andrew's College, Toronto, three weeks ago, but Saturday's final was postponed on account of delay in arranging a play-off between St. Catharines and London, when both teams played a tie in the home-and-home semi-final games. The local quintet have played 31 games in all this season, both in the City League series, wo by a single point in the City League series, two by a single point in the City League series, two by a single point in the City League sand one to St. Catharines, by six points.

THEY WILL MISS JIMMIE,

Jimmie Currie, who last season held down the keystone sack for Oslers, is going to Vancouver for six weeks or so, and his loss will be keenly felt by the Oslers, as Jimmie was a clever, brainy player and as good a second baseman as there was in these parts last season.

Boys and girls, be producers this year, free seeds to helpers. See Sunday World.

#### First Canadian Rugby Game Played in England

The brothers H. T. and W. A. Leslie write their mother, Mrs. Alex Leslie, of 22 Westminster avenue, of the first game of rugby, according to the present Canadian code, ever played in England.

The sons are officers of the Royal Flying Corps and qualified in record time at Oxford, and it was there they arranged the matter with the Royal Flying Corps of Reading. The result was in favor of the Oxford avistors by 25 to 7, and the play made quite an impression on the large crowd of spectators.

H. T. Leslie learned rugby at Queen's and W. A. Leslie at Harbord C. I.

17-31 King St. East.

RUSHING RELIEF TO OUR LARRUPING LARRY

Pitcher Engight joins the Leafs at Richmond today and Zabel is another, coming at once. Zabel is a big right-hander, and last year was with the champion Los Angeles team in the Pacific Coast League, where he pitched in 44 games, and stands sixth in the list, with 17 games won to 15 lost. He had a batting average of 383.

The Toronto management has been dickering for some time with the Louisville ciude for Outfielder Whiteman. He has now been secured and will join the club at once.

This gives Larry Lojoic two more pitchers and an outfielder. Larry has long wanted the men and they will go a long way to rounding out a first-class outfit.

Dan Costello, the outfielder, bought from Pittsburg, who failed to report last season, is up to his old tricks. He wired for transportation and then failed to show up. He has been put under suspension by the local club. Pitchers Herbert and Markle, who notified the club that they will not report this season, have also been put under the ban.

The Giants have asked waivers on Bradley Kocher, the former Leaf catcher, and want to send him down. Kocher was drafted from Toronto, and under baseball rules waivers must be secured from this league. President McCaffery has refused to waive on this good receiver.

# HELP CHICAGO SOX

Once Canned, But Comes Back to Bolster Up Rowland's Outfit.

Chick Gandil, the broad-shouldered first-sacker, is back with the White Sox, where he played in 1910. This was not exactly Chick's first chance in fast company, for he went south with the St. Louis Browns the previous year, but took part in no games of the championship season.

When Gandil joined the White Sox he became one of the team's most proficient hitless wonders. In 77 games he turned out the skinny average of .193. Comiskey sold him to the Montreal club before the season ended.

It was with Montreal that Gandil began to show remarkable batting ability. He batted 24s in 1911 and started the season of 1912 as if he were going to burn up the league. His heavy hitting attracted the attention of Clark Griffith, who gave \$3,500 and three ball players for Chick.

Washington was going badly when Gandil joined the team early in June, and then the club took an itemediate brace. They won 17 games, 16 on the road, before a home run by J. Franklin Baker stopped their streak at Shibe Park.

Gandil had as much to do with Washington's uncommon spurt as any other player on the team As a matter of fact, Clark Griffith said that next to Waiter Johnson, Gandil's bat did more to make the record than anything else.

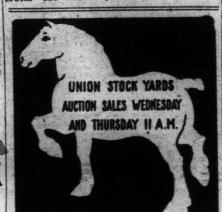

Gandil batted .205 in Washington in 1912,

BOSTON MARATHON WINNERS

SWEDEN IS FULL OF PEACE RUMORS

Pro-German Newspapers Now

Pro-German Newspapers Now
Join in Propaganda to
End War.

Stockholm, April 19, via London,
April 20.—M. Stauming, minister withing out portfolio in the Danish cabinet, has arrived here for a conference with the local Socialists over the approaching meeting of the Socialist international committee to be held in Stockholm. The peace propaganda is being actively carried on, but it appears to be almost entirely supported by the activist and other pro-German papers and elements, with the exception of a few of the most radical ultra-Socialists, whose activities are inspired not by partisanship for one or the other groups of beliligerent nations, but by "general brotherhood of man" ideas.

The newspapers which formerly headed the activist movement for Sweden's entrance into the war on Germany's side are now eagerly grasping at every peace rumor and publishing in particular much concerning the separate movement in Russia. Much money also is being paid from some source for pro-peace circulars, which are being widely distributed by mall over Sweden.

One of these circulars, captioned (Shall the War Be Prolonged to Starvation, or Shall We Have Peace Quickly?" attacks the parties of the vation, or Shall We Have Peace Quickly?" attacks the parties of the left, especially the Socialists, as the most bitter enemies of pelice, and declares that they desire "war to the uttermost against hated Germany."

LOAN OF TEN MILLIONS TO AID SHIPBUILDING

Ottawa, April 20.—A loan of ten million dollars offered by the government to the imperial munitions board to aid in the development of wooden shipbuilding in Canada has been accepted by the board.

Specifications and designs of the type of wooden vessels required have been under discussion between the board, the representatives of the

board, the representatives of the British minister of shipping and various shipbuilding firms. It is hoped to begin work very shortly and that the building of a considerable number will be arranged for in Canada, probably for the most part on the Pacific, where suitable lumber is available in abundance.

CANADIAN WOUNDED IN MANY HOSPITALS

List of Late Arrivals, With Brief Particulars of Their Condition.

Warning Given as Steamer Neared U. S. Coast Caused

New York, April 20.—Passengers on a steamship which arrived here tonight, declared they had not slept for two days because of a submarine warning given them by a United States warship as they approached the American coast. According to the story, the warship steamed alongside the steamer and the captain megaphoned the information that there was a report that two enemy submarines were lurking between the steamship and its destination.

The captain of the merchant vessel then gave directions that a zigzag course be followed, it was said, and the passengers were directed to be ready for sudden call to the lifeboats.

## Little Boy Had Eczema

On Face and Hands-Local Doctors Treated Him in Vain-How Cure Was Finally Effected.

Trenton, Ont., April 20,-This let ter will interest all mothers of young children, because it tells of the best means obtainable of overcoming the annoying and torturing skin troubles which come to so many children.

Mrs. Waldron had several doctors reating her boy for eczema, but all in vain. Finally she heard about Dr. Chase's Ointment and her letter tells of the wonderful results obtained by the use of this soothing, healing ointment.

Mrs. Samuel Waldron, George street, Trenton, Ont., writes: "About

Saskatchewan Legislator Is Killed at Vimy Ridge

Special to The Toronto World.

Edmonton, April 20.—Joseph E. Stauffer, Didsbury, has been first of twelve members of the provincial legislature serving under the colors to yield up his life. Premier Sifton was informed today by a telephone message from Hon, Duncan Marshall that the member from Didsbury, who went overseas as a lieutenant in a Calgary battalion, has been killed in action, word to this effect having just been received by the family at Didsbury. Presumably he was in one of the Canadian units which led the way up Vimy Ridge.

# Nuxated Iron Should Be Used in Every Hospital and Prescribedby Every Physician

Says Dr. Howard James, Late of the Manhattan State Hospital of New York, and Formerly
Assistant Physician Brooklyn State Hospital.

It quickly enriches the blood, strengthens the nerves and puts most astonishing youthful power and vigor into the veins of both men and women. It often increases the strength and endurance of delicate, nervous, run-down folks 100 per cent. in two weeks' time.

In a very interesting and instructive disin the blood, Dr. Heward James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital, said:

"A patient of mine remarked to me (after having been on a six weeks course of Nuxated Iron), 'Say, Doctor, that there stuff is like magic.' "Previous to using Nurated Iron, I had been prescribing the various

to meet complaints of discolored teeth, disturbed digestion, tied up. hardened secretions, etc., when I came across Nuxated Iron, an elegant, ingenious preparation containing organic iron, which has no destructive action on the teeth-no corrosive effect on the stomach, and which is readily assimilated into the blood and quickly makes its presence felt by increased vigor, snap

and staying power. "Iron is absolutely necessary to enable your blood to change food into ilving tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and

"As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run down, instead of doeing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by a lack of iron in the blood.

Opinions of Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York; Dr. A. J. Newman, and other physicians who have tested Nuxated Iron in their own private practice.

Dr. A. J. Newman, formerly House Surgeon, Jefferson Park Hospital, Chicago, in commenting on the value of Nuxated Iron, said: "This remedy has proven through my own test of it to excel any preparation I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long-fielt want, a true tonic supplying from in an easily digested and assimilated form. A true health builder in every sense of the word."

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital. New York, was elso asked what he thought of Nuxated Iron. In re-ply Dr. Jaques said:

or Nuxated Iron. In reDr. Jaques said:

"I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remise in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and eatisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

and wonderfully effective remedy."

The next to be consulted was Dr. Ferdinand King, a New York Physician and Medical Author, who said:

"I heartily concur in all that Dr. James has, said. only in some respects I would go further. Dr. James forgot to mention how foods lose their fron value by improper methods of cookery st common foods of America, less, sugars, table syrups.

in the most common foods of America, the starches, sugars, table syrups, candles, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degerminated cornmeal no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cookery, by throwing down the waste-pipe the water in which our vegetables are cooked, are responsible for another grave iron loss. Therefore, if you wish to preserve your youthful vim and vigor to a ripe age, you must supply the iron deficiency in your food by using some form of organic iron—Nuxated Iron—just as you would use salt when your food has not enough sait.

which started their diseases was nothing more not less than a weakened condition brought on by a lack of iron in the blood.

"Thousands of people suffer from iron deficiency and do not know it."

"If you are not strong or well, you one it to yourself to make the following test: See how long you can work without becoming tired. Next take two five-grain tablets of Naxated Iron three times per tablets of Naxated Iron first it sould be kept in every hospital and prescribed by every physician in this country."

Dr. E. Sauer, a Boston physician, who asked what he thought of Dr. James' ing with the buoyancy of youther asked in this country."

Joyn E. Sauer, a Boston physician, was asked what he thought of Dr. James' ing with the buoyancy of youther asked in this country."

Joyn E. Sauer, a Boston physician, was asked what he thought of Dr. James' ing with the buoyancy of youther asked in this country."

Joyn E. Sauer, a Boston physician, was asked what he thought of Dr. James' ing with the buoyancy of youther the proper in the country."

#### HIGHLANDERS' CHAPTER

Meeting and is Told Importance of Production.

In addition to visiting solution and entertaining the returned men, other particular work undertaken by this chapter is looking after the graves of Highlanders. ance of Production.

Institute, Mrs. Joseph West gave a helpful talk upon "Home Gardens."

The first need to be considered to-day, said Mrs. West, is food, not money, and so it is a question of bushels in-stead of dollars.

The next three weeks, the speaker continued, will be the most important ones, in which all must think of the world hunger; one month or five weeks after it will be too late. We must act after it will be too late. We must act now; when famine comes to a nation it will not be a case of rich or poor, but all will suffer alike. The whole question is one of shortage of labor, and any person who is able to grow food and will not, must fall back upon living upon another. It is not enough to say that one will be willing to pay for others to labor for us. To pro-duce food we must each do our share in order to have the greatest amount of

for others to labor for us. To produce food we must each do our share in order to have the greatest amount of production.

Mrs. West advised those present to avoid entering into large schemes which would result in failure, but rather to begin in a small way. The first result of any effort to produce food should be to reduce the general pressure. Each person endeavoring to produce for themselves and their family would help to relieve this pressure upon the markets. Food produced in the back garden, while it might not be fit for marketing purposes, would be perfectly good for home consumption. There would also be a big saving in the cost of delivery and transportation and of waste between the grower and the table. Some excellently practical advice was given by the speaker from her own experiences as to the kind of tools "Women have their part to play in state of the play in the loght way.

Kate Douglas Wiggin, author of the play "Mother Carey's Chickens," isn't Mrs. Wiggin at all, but Mrs. George C. Riggs, a simple, charming person, I woman first and a famous author afterwards. Her stories are about simple people.

#### REMARKABLE CASE

Suffered Agonies For Years.

Now Entirely Well and Strong

You discouraged women, suffering physical torture, distress of mind, and staggering under the burden of never-ending doctors bills, listen!

I have passed through and conquered all that you are now enduring. From my own experience I can sympathize with you and appreciate your suffering as no doctor possibly can. And now that I am entirely and forever free from the distress and pain of former years. I am only too glad to tell other women about the remarkable treatment that wrought this wonderful change in my condition. A simple, effective treatment that you can use in the privacy of your own home without the knowledge of anyone else.

Don't send me any money. Just tell me your name and address, and I will write you full particulars about this treatment, and also send you a free trial package. Don't delay. Take advantage of the opportunity to test the effectiveness of this treatment without spending a single cent. Write me today.
Address Mrs. Lydia W. Ladd, Windsor,

HEARS ABOUT GARDENS

suitable for beginners, for the saving of strength, amount of production possible upon plots of various sizes, and general planning of garden.

In addition to visiting soldiers' wives In addition to visiting soldiers' wives

At the monthly meeting of the 48th Highlanders Chapter, I. O. D. E., held yesterday afternoon in St. Andrew's Institute, Mrs. Joseph West gave a helpful talk upon "Home Gardens."

The first need to be considered to
of Highlanders.

It was reported that the sum of \$175 was realized by a concert given recently by members of the chapter. The committee of the 92nd Highlanders have contributed 187 pairs of socks. Over 400 pairs were sent in by the committee of the 134th, and helpful talk upon "Home Gardens."

The first need to be considered to-

Mrs. Mackenzie Alexander has collected one thousand and forty pairs
for the regiment.

The chair was occupied by Mrs. Dowling, and the following ladies presided
as hostesses at the tea which concluded the meeting: Mrs. Charles
Michie, Eric Sinclair, Mrs. Hugh
Mackenzie and Miss Michie.

#### AUTHOR OF FINE PLAY DISLIKES KHAKI SKIRTS France.

Thinks Women Must Do Their Part. But in the Right Way.

Women have their part to play it, of course, but, do you know, I don't see why they must put on khaki petticoats and begin recruiting from motors on the street corners. Women should do recruiting of course, but they should recruit their husbands, sons, nephews, cousins. "I'll admit I'm a mild anti-suffra-

gist—oh, a very mild one, but maybe that's the reason I feel this way about women recruiting and doing other street corner work."

## Much Patriotic Work Done

Fine reports come from the Parkdale Soldiers' Aid, of work done dur-ing the past month. Sox numbering 304 pairs have been made, 4,311 art-304 pairs have been made, 4,311 articles shipped, the value being \$1,416.-64. These have been divided between the Base Hospital, Toronto; the Canadian War Contingent, and No. 2 Canadian Hospital, northern France. In addition to the amounts raised by the various circles, cash donations have been received from the patronments are completed for the holding of an open meeting at the Sherbourne House Club when a musical program will be given and Mrs. Plumptre will

#### Presbyterian Mission Board Honors Rev. Dr. R. P. MacKay

At the close of the Presbyterian reign mission board's session, a complimentary banquet was given in the honor of Rev. R. P. MacKay, D.D., who has completed twenty years' service as secretary to the mission board. He secretary to the mission board. He was also presented with an illuminated address by the foreign missions board, and with an inscribed silver cup and a scroll address on silk by the Chinese of Toronto and Montreal. Over 80 gathered in Knox College, and they included clergy and laymen of all

denominations. Rev. Principal Gandier. who presided, paid Rev. MacKay a hearty tribute for his splendid leadership and work. In his reply Dr. MacKay stated that he was happy in his work, and deemed nothing too great to do in the interest of the missionary movement.

#### ORATORIO SOCIETY CONCERT.

Many unfounded rumors have been circulated that there are alien enemies in the Russian Orchestra which will assist the Oratorio Society at its concert on May 8, in Massey Hall, to raise money for the war veterans. Bighty per cent. of the members of the orchestra are Russians and the remainder English, Australian, Italian, French, Belgian and Americans. Special attention is given to Russian music, yet they do not neglect to render compositions of other schools. render compositions of other schools. The Oratorio Society is very fortunate in securing the services of the Russian orchestra. Dr. Broome has this season a chorus of over 200 voices and all concerned are looking forward to a splendid performance of Mendelssohn's masterplece.

The honorary governors who will wisit the Toronto General Hospital during the week commencing on April You may say that, too - if you want more the come. Easy to learn. Union Stockyards' Horse

Exchange.

This week W. Harland Smith sold at the Union Stock Yards Horse Exchangesome 40 block mares and geldings, average weight 1400 lbs., at \$125 to \$200: 1 and in these particular instances such Porcupine and Cobalt market leads to the conclusion that even in the very doubtful event of a strike the decline in prices has fully discounted the situation. When there is so marked a difference in the market price and the intrinsic value of stocks even adverse news can have but a very temporary effect upon prices. The market appears to us to be on the bottom, and we believe that the next movement of any importance will be an advance.

WINNIPEG GRAIN MARKET. Winnipeg, April 20.—Wheat closed ic down for May, 1%c down for July and %c down for October on the local exchange today. Oats dropped %c in May and July and 1%c in October. Barley was unchanged. Flax dropped 3c in May and 2%c in July.

and 1%c in October. Barley was unchanged. Flax dropped 3c in May and 2%c in July.

Conflicting rumors regarding the suspending of future trading added to the generally wild conditions of the market. Erratic fluctuations, nervous and sensitive sentiment heiped to curtaff the pit business. The local crowd were inclined to sell short and liquidate, but much of the wheat offered was absorbed by the government interests. Prices moved like a feather in the cross-currents of a contrary wind.

The cash trade was fair, the offerings were very tight. The government was out of the market in the morning, but came in when prices went down. Top grades were a shade better, with low grades shaky. Outs were in good demand, with spreads from unchanged to 1/2c better. Barley was fair.

## INDUSTRIALS SELL AT LOWER PRICES

Brazilian Rallies From Extreme Low Point-Other Issues Are Weaker.

Liquidation was more general on the Toronto Stock Exchange yesterday and prices made the usual response to the increased offerings. Brazilian was quite heavily dealt in and definite news in the matter of the dividend forced the price to a new low at 37 before any recovering set in. A rally to 38 5-8 followed, but the shares were still on offer at 383-4. The next movement of importance in Brazilian will doubtless be the discounting of a return to dividends, but it is not believed that anything of this kind will be contemplated during the balance of the year. Weakness was general in all the speculative issues, but the losses were not serious. Several loans have recently been called by the banks and this has necessitated displacing holdings to supply funds. The main market question here and in New York is the period of the war's duration. Prospects of an early peace are thought to be in, sight by many Wall street houses. Just how this will affect the value of industrial securities is making market movements. The majority of traders think that lower prices for securities are justified with this in view and the markets are showing the effect of these opinions.

A MAN CAN WIN HANDS-DOWN, WITH A LITTLE CAPITAL, AVERAGE BRAIN-POWER AND A SPIRIT THAT IS NOT AFRAID TO VENTURE. TO BE TOO CAUTIOUS IS TO BE TOO

BUY HOLLINGER—Ore reserves \$40,000,000. Estimated ore in sight \$50,000,000. Mill capacity will be 2800 tons per day by June next. Present dividend 6 1-2 per cent. per annum. Present price around \$5.20

BUY DOME MINES—Ore reserves April 1st, 1916, over \$16,000,000. Ore in sight enormous. Mill capacity 1500 tons per day. Present dividend 20 per cent. per annum. Present price around \$14.25 (par value \$10).

BUY M'INTYRE—First interim dividend 5 per cent, last quarter.

Another expected this quarter, Mill capacity 600 tons per day. Ore reserves large. Ore in sight extensive. Present price around \$1.65 (par value \$1).

BUY DAVIDSON—Developments during past year placed this new mine near to a production basis. Diamond drills are exploring lower levels. Present price around 80 cents.

BUY M'KINLEY-DARRAGH—Dividend yield over 24 per cent. on sent market price of 49 cents (par value \$1). There is reason to leve that a new McKinley mine has been discovered blow 250-foot

**BROKERS** Standard Bank Building, Toronto

# Newray, the next Big Mine of the **Porcupine Camp**

THE PROPERTY comprises 321 acres in the famous Hollinger-McIntyre-Newray area, in the heart of Porcupine's richest belt, which contains five of the seven producing mines and three of the four dividend

THE COMPANY is conservatively capitalized, well financed, and efficiently managed. The issued capital is only a little over \$1,000,000, being-acreage considered—the lowest of any of the important mines.

THE MINE has been proven by drifting, crosscutting and diamond drilling, and is looming up as the feature property this year.

THE MILL will be operated within the next few weeks-and the attainment of the production era will prove a factor of the utmost importance in the working out of the company's destiny.

NEWRAY is now coming into its own-it is about to take its appointed place among the big mines of the camp. NEWRAY stock offers the same opportunities that Hollinger and McIntyre did in the early stages of their development.

We advise the purchase of NEWRAY now!

Munition Workers' Overalls

Women who work in munition factories will be greatly interested in these convenient and comfortable overalls that were designed especially for them—to give them greater ease and comfort at their work. On the other side of the border housewives are taking to these styles of overalls for ordinary kitchen work—and we recommend them also for this use. They will be demonstrated today in our Whitewear Department on the Third Floor.
