START BIG BATTLE ON RAILWAY RATES IN FEDERAL COURT

Consumer to Pay if Freight Costs Rise, Says President of Grocers.

WOULD TAX, INSTEAD

Ottawa, Aug. 10.—(By Canadian Press)—That an increase in freight rates would mean a much greater advance in the cost of commodities to the ultimate consumer was the assertion of Hugh Blain, president of the Canadian Wholesale Grocers' Association, before the railway commission this afternoon. Mr. Blain said that the profit of jobbers, wholesalers and retailers was figured as a percentage of the cost of a commodity plus the freight rate. If a manufacturer sold an article for one hundred dollars, and the freight on this article amounted to eight dollars, the wholesaler figured his profit as a percentage on one hundred and eight dollars. If a commodity passed through several hands before reaching the consumer, the rate would consequently be greatly enhanced.

Meet Deficit by Taxation.

Mr. Blain was of the opinion that no increase should be granted unless it could be shown that the Canadian Pacific Railway could not make a reasonable revenue without it. If the operations of the Canadian National system resulted in a deficit, this deficit should be met by taxation, rather than by an increase in rates. In this way, the public would at least know what it was paying for. If the Canadian Pacific could not get along, it should use up a proportion of its large reserve before demanding increased rates.

C.P.R. Comptroller Testifies.
A large part of the afternoon was taken up in examination of W. J. Moulie, assistant comptroller of the C.P.R., who was called to examine and corroborate figures produced by President Blain earlier in the day. He estimated that the cost of commodities (Continued on Page 2, Column 5).

REDS DRAW TIGHTER NET ROUND WARSAW

Poles Will Have to Form New Army in North to Cope With Movement.

Paris, Aug. 10.—Slowly, but surely, the Bolsheviks are closing in on Warsaw, according to the latest news reaching Paris. Appreciable reinforcements appear to have been brought to the northern soviet army and in the Mlava region their advance is growing more dangerous. While the latter movement does not immediately threaten communications between Warsaw and Danzig thru the Vistula Valley, the Poles nevertheless will be obliged to form a new army north of Warsaw to cope with it.

To do so the Bolsheviks would have to draw on the army which is concentrating north of Lublin with the object of striking Russian forces which managed to cross to the left bank of the Bug River in that region, a manoeuvre which military experts believe, might be the means of saving Warsaw and inflicting a serious check on the Bolsheviks. But apparently this operation is no longer possible, for the situation is not only worse in the east of Warsaw, the Bolsheviks having succeeded in extending two bridgeheads they held on the left bank below Dronozin.

French military opinion is convinced the Poles will be obliged to abandon the Bug River, where they are still holding on, and fall back on the Vistula, after making a brief stand on the Vierzpierz River. Under these circumstances the battle for Warsaw would be fought in Warsaw itself.

The Russians have captured the town of Ciechanow, thus cutting the Warsaw-Danzig Railway, according to reports from the French military mission to Warsaw received by the foreign office today.

DECLINES TO JOIN ALLIED CONFERENCE

U. S. in Note Affirms Its Approval of Attempts to Secure Russo-Polish Armistice, But Will Not Be Party to Dismemberment of Russian Empire—No Dealings With Soviet.

Washington, Aug. 10.—(By Canadian Press)—The position of the United States government on the present Polish situation was set forth in a note to the Italian government, addressed to Baron Camillo Romano Avezana, Italian ambassador at Washington, and was in response to a request of the Italian government for such an exposition. "This government believes in a united, free and autonomous Polish state, and the people of the United States are earnestly solicitous for the maintenance of Poland's independence and territorial integrity," says the note. "From this attitude we will not depart."

MAN NAMED PONZI HAS PRISON RECORD

Pictures of Boston Wizard Resemble Those of Forger Convicted in Montreal.

Montreal, Aug. 10.—(By Canadian Press)—From records in the hands of the Montreal police it appears that a Charles Ponzi was a member of the firm of Zrossi & Company, bankers, this city, which failed in 1908. Zrossi fled the country and was subsequently extradited from Mexico City. Under the name of Bianco, alias Charles Ponzi, a man was convicted on charges of forgery and false pretences and sentenced to three years in the St. Vincent de Paul Penitentiary. Pictures of Ponzi, appearing daily in the Boston papers, tally with those in the rogues' gallery here and these pictures have been identified by Bertillon expert, Eugene Larflamme, of this city, and Detective Sloan, who effected the arrests of Zrossi and Ponzi in 1908. The measurements also tally. Boston report, Ponzi's height at 5 feet 4 inches. Here the measurements are 5 feet 3 1/2 inches. Age of 28 years also agrees and the description and general identification of Ponzi is similar in all respects with the details given by the Boston newspapers.

SHORTEN RAILWAY LINE, KINGSTON TO OTTAWA

Kingsion, Aug. 10.—(Special)—Land surveyors arrived at Seely's Bay today to lay out the new railroad line which is to run from Portar to a point near Pinyon, on the Grand Trunk. When the tracks are laid, Kingsion will be in direct communication with Ottawa, and the extension will shorten the distance by 25 miles between the two cities by combining the Canada National and the Grand Trunk. It will also mean much to Ottawa, and the extension will shorten the distance between the two cities by 25 miles. The work is being done by the Grand Trunk Railway.

QUEBEC TO CONTROL TRADING IN LIQUOR

Announcement is Made By the Liberal Organ at the Citadel.

Quebec, Aug. 10.—(By Canadian Press)—That the government of Quebec will soon take over the control of trading in alcoholic liquors in the province of Quebec, was the announcement made today by The Quebec Telegraph, the local Liberal organ, as coming from a responsible party well informed on government projects.

The Telegraph says: "The fact that revenues running into the millions could be obtained in this manner, and that the observance of the law would be easier, has influenced the authorities to take these steps. No details are available as to the manner in which this control or monopoly will be enforced, but it is quite understood that it will not extend to the sales of beer and wine, which will remain at present, licensed under the provincial temperance act. In regard to the Scott act, the repeal of which was to take place in July, the recall has been delayed till September to get a more extended view of the question from voters."

GOVERNMENT VESSELS TO RUN TO HONDURAS

Ottawa, Aug. 10.—One of the provisions of the trade agreement between Canada and the West Indies was for the improvement of steamship service between the two countries and steps are already being taken to put this into effect. Ships of the Canadian government merchant marine are to provide a service to British Honduras, which has hitherto had no direct steamship communication with Canada. They will be fitted with a certain amount of passenger accommodation, as was suggested by the delegates from British Honduras at the time of the convention here.

EXPECT RECORD CROWD TO HEAR NEW PREMIER

Ten Thousand People May Attend Porter's Picnic Near Belleville Today—Look for Important Government Announcements By Meighen.

Belleville, Ont., Aug. 10.—(By Canadian Press)—With good weather, it is anticipated here tonight that the picnic to be addressed tomorrow afternoon by Hon. Arthur Meighen will come near to breaking all records for outdoor political gatherings in Canada. The event is an annual one, known as Porter's picnic, because it is organized by Guss Porter, E.C., federal member for West Hastings. It is always attended by several thousand people, but tomorrow, in view of the visit of the prime minister and the knowledge that he is to make his first declaration of policy since becoming the head of the government, it is believed the number will exceed ten thousand.

DEPUTY SHERIFF CAN'T LOCATE CHARLIE CHAPLIN

And as a Result There is a Hitch in Divorce Preliminaries.

Los Angeles, Cal., Aug. 10.—(Special)—Deputy sheriffs assigned to serve papers on Charlie Chaplin, film comedian, sued for divorce by his wife, Mildred Harris Chaplin, have not been able to find him, they reported in the superior court here.

Failure to obtain service of the papers caused a continuance of the case to make permanent a temporary order restraining Chaplin from disposing of his property, pending hearing of the divorce suit. The case will be heard on August 19.

NOT TO SEE MOTHER, BUT MAKE SPEECHES. IS OBJECT OF TRIP

Mannix Admits That is Primary Reason of Projected Visit to Ireland.

NO PLANS FOR FUTURE

London, Aug. 10.—Both Archbishop Mannix and Father Vaughan, his secretary, said today that they had no plans for the future, but would make their decisions as occasions arose. They interpreted the orders presented them on the Baltic as meaning that the archbishop was permanently prohibited from visiting Glasgow, Liverpool or Manchester.

"I have made no plans whatever for the future," said Archbishop Mannix when asked if he would attempt to get to Ireland. It is considered that it would be most difficult for him to move anywhere unobserved, as the place where he is stopping is already under surveillance.

Archbishop Mannix was considerably fatigued today, still suffering from the effects of seasickness occasioned by his 260-mile destroyer trip.

PONZI, THE WIZARD, THROWS LIGHT ON JUGGLING MILLIONS

But He Doesn't Tell How Vast Purchasing of Coupons Was Effected.

NOT SUPPRESSED YET

Boston, Aug. 10.—Charles Ponzi, who claims to have jumped from comparative poverty to a multi-millionaire's estate in a few months thru dealings in international postal coupons, told members of the Kiwanis Club today some of the steps in the process by which he claims to have amassed his fortune.

Ponzi, making his first appearance as an after-dinner speaker since he became the most talked of man in the United States, was a luncheon guest of the club.

"I found out," he said, "that postal coupons were being sold in foreign countries for the equivalent of six cents and could be converted into postage stamps. Then all I had to do was figure how many nickels make a million."

"I got in touch with men that as far as I'll go—were able to secure for me large amounts of coupons in different countries. They bought them with our money and presented them as collateral to be redeemed later."

"When conditions were right, I offered to borrow money from the public. I offered 50 per cent. in 90 days, and would not promise to redeem."

ARMISTICE TERMS ARE OUTLINED BY SOVIET EMISSARY

Polish Army to Be Reduced, Arms Given Up and War Industries Demobilized.

WHAT RUSSIA WILL DO

London, Aug. 10.—Leo Kameneff, Russian soviet emissary here, sent Premier Lloyd George today an outline of the terms which soviet Russia is laying down for an armistice with Poland.

The first of these terms, the outline shows, is that the strength of the Polish army shall be reduced to one annual contingent of 50,000 men, together with the army command, and an "army of administration" (apparently a permanent force), to aggregate 10,000 men.

POLAND WAS WRONG BUT INDEPENDENCE MUST BE DEFENDED

Lloyd George, in Statement to Commons, Says it is Essential Part of Structure of European Peace—Says No Allied Troops Will Be Sent—If Poland Refuses Reasonable Terms Allies Cannot Support Her.

London, Aug. 10.—The galleries of the house of commons were filled today, and there was a full attendance of members in expectation of Lloyd George's promised statement of the Polish situation and the policy determined on at the Hythe conference.

M. Krassin and Kameneff, members of the soviet delegation in London, occupied seats in the strangers' gallery. On rising to speak the premier was loudly cheered.

While blaming Poland for unwarranted attacks on Russia, Lloyd George made it clear that the allies could not countenance the destruction of the independence and territorial integrity of Poland, which was part of the structure of European peace.

While in his opinion there had been unwarranted and suspicious delays on the part of the Russian government in discussing an armistice, a conference with Minsk had now been arranged, and if an agreement acceptable to the Poles was arrived at it was not proposed to upset it.

If the Minsk conference failed thru the Poles refusing to accept reasonable terms, the allies could not support them. No allied troops would be sent to Poland, he said, as the Polish resources, if thoroughly organized and directed, would be sufficient.

Mr. Lloyd George late tonight read to the house the Russian armistice terms as communicated to him by M. Kameneff. He added that M. Kameneff had made the reservation that the terms might be supplemented by details of a secondary character.

The premier said that immediately after consulting with his colleagues he had communicated the terms to Poland, France and Italy. He did not think it quite fair, he added, when the delegates of both sides were to meet, perhaps tomorrow, for him to express an opinion concerning the terms which might embarrass the discussions. There were certain things he did not know the meaning of, and the (Continued on Page 9, Col. 4.)

FRENCH GENERAL TO COMMAND POLES

Polish Defence Council Offers Supreme Command to Gen. Weygand.

Paris, Aug. 10.—General Weygand of the French army has been offered supreme command of the Polish forces by the Polish council of national defence, according to a Warsaw despatch to the Havas agency. The decision was taken at a meeting of the body called to discuss the defence of Warsaw and the reorganization of the army.

The Havas message, that General Weygand will accept the command under conditions that troops in eastern Galicia and the Lublin region be evacuated to concentrate all available forces for a big offensive. Polish officials, however, it is added, do not view this manoeuvre with favor.

General Weygand, who is assistant to Marshal Foch, was reported in a despatch to The Temps recently, as having said he would consent to assume supreme command of the Polish forces and take the responsibilities for their military operations.

He expressed the opinion to the Polish government, the despatch stated, that the military situation was far from hopeless.

RESENT RANEY CHARGE ABOUT WINDSOR RACING

Windsor, Aug. 10.—Local civil officials take issue with certain statements attributed to Attorney-General Raney, in a recent speech in the course of which he is alleged to have declared that horse racing brought to the border a most undesirable element.

Inspector Mortimer Wigle, Windsor police, stated that since July 14, the date when racing was resumed here, there were but two arrests made in connection with offences in which race track horses were connected.

THIRTY MILLION WAGE INCREASE WILL BE SUBMITTED TO UNIONS

Chicago, Aug. 10.—The United States Railway Labor Board's decision today awarding an annual wage increase of \$30,000,000 to employees of the American Express Company, will be submitted to the 50,000 men affected in a referendum with a recommendation that the award be accepted.

The Reign of King Log.

The frogs having petitioned Jupiter for a king, he threw a big log into the pond where they were located. The log landed with a big splash, and the frogs scattered in all directions.

The people of Ontario at the last election, weary of the Seven Sleepers at Queen's Park, dismissed Sir William Hearst from the premiership. Unfortunately they did not designate any successor, and by roundabout methods and many conferences a new premier had to be chosen.

Take, for example, the temperance question, and the Ontario temperance act. The Drury government practically says that it cannot enforce that act even in one county if any considerable number of residents therein desire to violate it.

That, in the opinion of this house, it is desirable that there should be a thorough inquiry into the operation of the Ontario temperance act, with a view to ascertaining what, if any, improvements should be made in its provisions of the act, or in its administration.

And thereupon the house named a committee which was to sit during the recess of the legislature, to examine into the workings of the O. T. A., and to report any amendments that should be made thereto.

The vigilant Mr. Raney should rouse his chief and get this committee to work. For fear they have forgotten, we may remark in passing that the committee consists of Messrs. Drury, Raney, Nixon, Watson, McCreary, Sandy, Lethbridge, Casselman, Hicks, Swayze, Henman, Dewart, Marshall, Curry, Toimie, Hay, Clarke, Pluard, Godfrey, Ross (Kingston), Henry, Eccleston, Thomson (Toronto) and Warren.

He Doesn't Want Much.

Hon. Mackenzie King wants Premier Meighen to dissolve parliament and bring on a general election. In this demand he received some support from The Toronto Star, which says there was an agreement, that the new government should dissolve a year after the war, and permit the two old parties to run an election.

Liberals like Hon. J. A. Calder still retain their positions, and the many Unionist Liberals in the house of commons make no objection. It is understood that a majority of the members of the house were Liberals before 1917, so that it is hard to figure out how Mr. Meighen as leader of the Conservative party could be putting anything over parliament.

Mr. King's anxiety for an election would be more intelligible if it were based upon a conviction that he himself would be returned to the house of commons at the next election. But apparently he has no such conviction for he is wandering up and down the concessions of King, Whitechurch, and Gwillimbury telling the farmers that Mr. R. W. E. Burnaby, the U. F. I. O. candidate for parliament, in North York should retire from the contest in favor of Mr. King.

The whole country, he said, was watching North York. A Liberal fighting a U.F.O. in North York he described as being a frightful disaster. "It is the last thing I want to see."

We doubt if people are sitting up late at night in Saskatchewan waiting to hear what Mr. King said at Stouffville or Aurora. We fear that only a few people out of our vast population know that Mr. King expects to run for parliament a couple of years hence in the north riding of York.

NIAGARA COMMISSION.

Editor World: The appointment of Hon. F. C. Biggs, minister of public works and highways, to the Queen Victoria Niagara Falls park commission may be accepted as indicating that the government of Ontario takes an active interest in the Niagara park and boulevard system, and that it will freely back the development of that system as a great public playground for the use of the people of Ontario.

I wish to express the keen appreciation of the park commissioners for the co-operation afforded by Sir Adam Beck in arranging for the full illumination of the Horseshoe Falls. As a result of this action by the chairman of the Hydro-Electric Power Commission the whole Canadian cataract is nightly flooded with light from the power house at the bottom of the gorge and from Table Rock.

POLICE CHASE FOR MURDER SUSPECT

No Real Clue Yet to Fiend Who Killed the Boy, Philip Goldberg.

A well organized man hunt took place yesterday afternoon in the Humber valley, from Casselman avenue to Bloor street, the quarry being a man believed to be connected with either the murder of Philip Goldberg or the assault on the saint Saturday afternoon upon two young girls in High Park.

Fifty citizens of Lambton Mills assisted in the chase under the guidance of Detective Inspector Guthrie, Detectives Wickert and Carter, Detectives McMahon and Elliott, three constables from No. 3 police district and County Constable King.

The man is reported to have worn a blue suit and that's the reason the British government prevented me from going," said the archbishop.

Father Vaughan, describing the voyage from New York, said it was uneventful until the destroyers arrived, except that one day there was a rumor on the ship that parts of three airplanes had been found in the cabin of Archbishop Mannix.

"The rumor," he added, "soon subsided, but not until many people had a lot of fun out of it."

Further details of the circumstances surrounding the arrival on the Baltic of the naval officer and the Scotland Yard men and the subsequent removal of the archbishop were learned today.

Most of the passengers on the Baltic had remained up late to watch the destroyers hovering about the vessel. About four in the morning a small boat with an officer from one of the destroyers and two plainclothes Scotland Yard men aboard, approached the Baltic and climbed aboard.

The trio soon found Archbishop Mannix on the deck. The officer presented orders forbidding him to go to three English cities mentioned.

"How can I conform, as the boat officer, to enter, then the vessel was closed for the night.

When one goes to the nothing is — than that he is financially going to the dogs.

Answer to No. 268. If the odds are 7 to 3 against Apple Pie, then we receive back \$10 for an outfit of \$3; or would get back \$11 for an outfit of \$5 on Dumble Bee.

Therefore to balance the book we must place \$27 to \$33 on Cucumber, as proven by the following: \$38 on A would bring \$110, or \$50 on B would bring \$110, and \$27 to \$33 on C would bring \$110.

So if you place \$33, \$50 and \$27, which amounts to \$110, no matter which horse wins you just get your \$110 back.

The gate was held — for the prisoners to enter, then the gate was closed for the night.

When one goes to the nothing is — than that he is financially going to the dogs.

DECLINES TO JOIN ALLIED CONFERENCE

(Continued from Page 1.) of the allied powers to bring about a peaceful solution of the present difficulties in Europe, and if any justifiable steps to that end, it cannot see, however, that a recognition of the Soviet regime would promote the object, which is the restoration of the Soviet regime beyond the most narrow boundaries to which a discussion of an armistice can be confined.

"Without any desire to interfere in the internal affairs of the Russian people, or to suggest what kind of government they should have, the government of the United States does express the hope that they will soon find a way to set up a government representing their free will and purpose. When that time comes the United States will consider the measure of practical assistance which can be taken to promote the restoration of Russia, provided Russia has not taken herself wholly out of the pale of the friendly interests of other nations by the pillage and oppression of the Poles."

The Bolsheviks of Russia, the note continues, have made it quite plain that as long as they exist, they are a menace to the peace of the world, and that as long as they exist, they are a menace to the peace of the world, and that as long as they exist, they are a menace to the peace of the world.

What U. S. Would Require. "To summarize the position of this government, I would say, therefore, that it would regard with satisfaction a declaration by the allied and associated powers that the territorial integrity and true boundaries of Russia shall be respected. These boundaries should properly include the whole of the former Russian Empire, with the eastern Finland proper, ethnic Poland, and such territory as may be agreed, form a part of the Armenian state. The aspirations of these nations for independence are legitimate. Each was forcibly annexed and their liberation from oppressive alien rule involves no aggression against Russia's territorial rights and has received the sanction of the public opinion of all free peoples."

Such a declaration presupposes the withdrawal of all foreign troops from the territory embraced by these boundaries, and in the opinion of this government, should be accompanied by

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

PLAYING THE GAME.

CHAPTER XXII. Pollock Hampton, foreman-at-large, came and went on the ranch, carrying orders, taking always a keen interest in whatever work fell to hand in interest of a fresh kind, in that it was born of a growing understanding.

"Damn him!" he growled deep in his throat when Hampton had ridden out with word to shift one of the herds into a fresh pasture, an act on which Carson had already decided, "some day I'll just take him between my thumb and finger and annihilate him."

"Where's Lee?" called Hampton. "Burkitt grinned at him by way of greeting, and then pointed across the plateau to a ravine leading to a still higher, smaller, shut-in valley. Hampton galloped on, and a quarter of an hour later came up with Lee. The horse foreman was sitting still in his saddle, his eyes taking stock of a fresh bit of pasture into which he planned turning his horses a little later. It was one of a dozen small meadows on the mountain crests where the canon walls widened out into an oval-shaped valley, less than a half-mile long, where there was much rich grass.

"Hello, Hampton," called Lee pleasantly. "These are orders from the perspiration streaming down Hampton's face had in no way dampened his ardor. "Big doings," he cried warmly. "We are cutting loose. Bud, at last, and piling up the shining ducats! You're to gather up a hundred of the most likely cayuses you've got and shove them down to the Lower End. We're selling pretty heavily to Doan, Rockwell & Haight."

A new flicker came into Lee's eyes. "Thee did't quit hard as polished as agate." "I didn't quite let you, Hampton," he said softly. "You say we're selling a hundred horses? Now?"

"On the jump, just as fast as we can get them on the run," he said, triumphantly. "Judith wanted me to tell you." "I see," answered Lee slowly. "His eyes lit Hampton's flushed face and went to the distant cliffs. It was no way of Bud Lee's to hide his eyes from a man, and yet now he did hide them. He did not want Hampton to see what they showed so plainly in spite of his attempt to master his emotion. He was hurt. Long ago he had offended Judith, and she had waited until now to repay his rude insult with this cool line with the sneer. She had not consulted him, and now she sent Hampton and did not even come to him with a word of explanation. It was quite as if she had said: "You are just a servant of mine, like the rest. Bud Lee, and I treat you accordingly."

CRACK SKIPS GO DOWN AT BUFFALO

Tom Rennie, Tom Thaveron, Dr. Gallanough and Eccleston Out on First Day.

Buffalo, Aug. 10.—Notwithstanding the efforts of the elements to put a kink in things generally at the international lawn bowling tournament, it was busy today on Parkside green. There was only one interruption, and that came about 10 minutes when the heavens seemed to open themselves and for half an hour there was a perfect deluge. Many of the best sinks in the world today, hardly any of the old-time veterans surviving the preliminary. A. M. Eccleston, St. Catharines, administered a severe drubbing to the Toronto Crackers, and then Eccleston himself left in the last end to Ed. Westlaufer of Kitchener, Galloway, Tom Rennie, Thaveron and others went out in quick succession. The Toronto Crackers were the victors in the second round. The final in the morning will likely be played Thursday morning.

AN EARLY MORNING RUN WITH HOUNDS

FOR INTER-CITY JUNIOR SOCCER

Owing to the inclemency of the weather, only about nine followers of the Toronto Donkeys, and after a hard day's hunt turned up at the meet yesterday at Thorncliffe. Despite the heaviness of the going and the extreme heat, which coupled with a heavy mist, made the conditions anything but ideal, all who were out quite enjoyed the early morning gallop. Kunning came from Thorncliffe, the first check took place at the residence of Mr. Harry Sifton, Donkeys, and after a smart run, finished at the old Mill farm. Mr. Sifton, recently having returned from England, appeared with his first check and intends to start hunting next Friday when the meet will take place at Major Kilgour's Farm at 7 a.m.

FEDERAL MINISTERS SPEAK IN KINGSTON

Guthrie Favors Barracks for Toronto-Ballantyne Defends Cost of Navy.

Kingston, Ont., Aug. 10.—(By Canadian Press).—Speaking at a dinner tendered him and Hon. Hugh Guthrie, minister of militia, by the Kingston branch of the Navy League, Hon. C. C. Ballantyne, minister of naval services, defended the expenditure Canada was making on naval defence.

Wants New Toronto Barracks. Hon. Hugh Guthrie said that more barracks were needed in Canada. In Montreal, he said, there was practically nothing, and in Toronto it was the same. It would require a large outlay to establish the needed barracks and if he could prevail on Sir Henry Drayton to provide the money, work would be commenced at once. He expressed regret that the recruiting for the militia units had been far from satisfactory. He thought that militia units would be best with paid adjutants, but as this would mean an outlay of half a million dollars, it might not come for some time. Certainly it would not come this year, but officers of the permanent force would be seconded for duty as adjutants for the militia units.
