IN DIRE STRAITS, WRANGEL APPEALS TO ALLIES FOR AID

Feared That His Very Existence in Crimea May Be Endangered.

FRANCE CANNOT HELP

Paris, Nov. 5.—Further despatches confirming the extreme gravity of the position of General Wrangel, head of the anti-soviet forces in South Russia, have been received by the French foreign office, but are being withheld temporarily. With the capture by the Bolsheviks of Perekop and the surrounding territory, regarded as the key to the Isthmus, fears now are expressed in French official circles that General Wrangel's very existence in the Crimea may be seriously endangered.

It is reliably reported that General Wrangel had sent an urgent appeal to France and the other allied powers, asking them to maintain his position by confronting him and requiring more aid. From an authoritative source it was learned that France feels it is now too late to give further assistance to Wrangel. It was explained that France had rendered all the assistance in her power to General Wrangel. Any further support will have to come from the other allied powers, among whom the French says, there seems to be no disposition to act.

The confidence felt in French circles that General Wrangel would be able to retire and maintain his position in Crimea now has given way to an expression of hope that he will withstand the Bolshevik onslaught. Even the General Wrangel established himself in the Crimea, the problem of feeding his army is a serious one and probably will fall upon France. The resources of the Crimea are inadequate for General Wrangel's army and the many thousands of refugees who are following his forces.

There is a conflict in the reports on General Wrangel's operations. A Sebastopol despatch of Nov. 1 said General Wrangel admitted the loss of Perekop to the Bolsheviks and a despatch from the same city on Nov. 3, in reporting the occupation of Perekop by the Bolsheviks, declared the town was a mass of ruins. Thursday's advices from Sebastopol, however, asserted that Gen. Wrangel was master of Perekop, giving the impression that he had recaptured the place.

Wrangel's Wife to Join Him. Constantinople, Nov. 5.—Baroness Wrangel, wife of the generalissimo in southern Russia, will leave for the Crimea next week to join her husband.

TIMBER COMPANY MUST DISGORGE

Government Proceeds Against Shevlin-Clarke for Unpaid Dues.

The Attorney-General, Hon. W. E. Roney, yesterday instructed R. T. Harding, crown prosecutor in the timber investigation to take civil proceedings at once against the Shevlin-Clarke Lumber Co. for the recovery of the value of the timber found by the commission to have been appropriated by them and not paid for.

J. EDMUND JONES IS NEW MAGISTRATE

Is Appointed Deputy to Col. Denison, Pending Reorganization of Court.

J. Edmund Jones, the well-known Toronto barrister, was yesterday appointed deputy police magistrate for Toronto. The late Magistrate Kingsford was officially described as first assistant police magistrate, and it was explained yesterday that the new appointment was for six months only in view of the promised reorganization of the Toronto police court. By making Mr. Jones a deputy magistrate he will be enabled to continue his private law practice. The statute does not permit of a magistrate or assistant magistrate engaging in private practice.

Mr. Jones' salary will be fixed by the city council.

In a son of the late Rev. Septimus Jones, for many years rector of the Church of the Redeemer, the new magistrate is president of the Aura Lee Club and has been an active worker in Anglican Church circles. He was chairman of the committee which revised the hymnal used by the body and has always taken a keen interest in amateur sports.

MUSKIE GIVE POWER AT FAR FIGURE, IS NOTICE SERVED

Government Issues Its Ultimatum to Mackenzie Interests and Insists on Prompt Action—Rejects Absolutely Conditions Company Seek to Impose.

The Drury government's ultimatum to the Electrical Development Company was made public yesterday. It does not mince matters and bluntly tells the company that the conditions under which it is willing to furnish power to the Hydro Commission are absolutely unacceptable. It insists that the company utilize the waters of the province, which the government will turn over, and convert into power for the Hydro Commission or anyone else at current rates, for which it will receive a fair price. But as the premier observes, "we are not, however, willing to give the whole crop to pay for the services of the thresher."

Ultimatum is issued. To the ultimatum which is as follows, and signed by Premier Drury, a reply will probably be received from Sir William Mackenzie by Monday at the latest:

"You are the 3rd instant is before me, and I note your admission that you are able to generate power to the extent of 15,000 horse power in excess of the 125,000 horse power now developed. I note the conditions under which you state you are willing to generate and deliver this power to the Hydro-Electric Commission. To these conditions we cannot agree. There is and right to question of giving you the right to use water in excess of that required to develop 125,000 horse power and to sell that power to the Hydro or any one else at current prices. This water belongs to the province. We ask you to take it and by means of your machinery convert it into power and deliver this power to our Hydro Commission, for which service we are willing to pay you a fair price. We are not, however, willing to give the whole crop to pay for the services of the thresher. I need not tell you that we have no intention of accepting it.

"The specific value of this service has been placed by the commission of judges at 12¢ per horse power. In the absence of other evidence, we cannot do otherwise than accept this valuation. I understand from you, however, that your case was not placed before the commission, and, in order to obviate all unfairness, the government is willing, if you so desire, to accept the commission for the purpose of hearing your side of the case as to the price to be paid, and if, after having heard you, the commission are of the opinion that 12¢ is not an adequate price, the government will make a decision as to the price to be paid. "Regarding the conditions of delivery which you suggest, under which you (Continued on Page 5, Column 5).

FRENCH OCCUPY BAGDAD RAILWAY

Constantinople, Nov. 5.—The French have occupied the Bagdad railway north of Adana as far as Bostantli.

The Paper Shumps. The Globe still fights shy of discussing and giving its opinion of the no-par-value stocks. Perhaps it prefers to allow its readers to still buy these novel issues in the belief that they are still getting stock which carries a par value of \$100 at a heavy discount, but that the securities have lost values of par in the company.

Last week its financial columns asserted that the worst of the Montreal setback had been seen. Yesterday, however, witnessed another clean-up of the innocents, and Sugar dropped eight points. Closing on Thursday at 72, it sold yesterday morning at 64.

The no-par papers are not yet in the real turmoil. They are being stopped down gradually, to save unnecessary wreckage, but Drompton, Abitibi, Spanish River, Laurentide and Wayagamack all got their bumps. It is gradually being discovered that the large American publishers, frightened by a possible coal strike, and a railway tie-up, hoarded up thousands of tons of newspaper against the possible emergency, and ten cents a pound for paper. This hoarded paper is now coming out, and the market, like the sugar, will soon be flooded with supplies. It will be interesting to note the high prices this year for some of these stocks, together with those of yesterday:

Table with 2 columns: Stock Name, Price. Atlantic Sugar 154, Spanish River 124, 92, Brimpton 85, 94, Abitibi 85, 94.

Here is a quote from The Globe of a fortnight ago, trying to hold up paper stock:

In the same circles [Montreal] it is regarded that the publication of recent propaganda directed to the end of lowering paper prices, if it has any effect at all, will be harmful to its originators alone, since the curtailment of output will result in a still higher cost to consumers. The spectre of importations from Scandinavian countries or Germany causes little or no unrest. And, day after day, for weeks, similar articles appeared in its financial page. You'd think The Globe had a seat on the Montreal Stock Exchange, instead of a front pew in the uplift church.

APPROVES TRADING OF WHEAT FUTURES, FORMS A 'CUSHION'

Former Director of U. S. Grain Corporation Opposes Price Fixing by Farmers.

MARKETING OF GRAIN

Chicago, Nov. 5.—Julius H. Barnes, former director-general of the U. S. Grain Corporation, today appeared before the marketing committee of seventeen of the American Farm Bureau Federation, offering opinions and suggestions on the subject of grain marketing and outlining major influences on price fluctuations on trading exchanges.

Mr. Barnes said it was his conviction that the present system of grain marketing through open exchanges is not at all times, worked to the advantage of both producer and consumer and that future trading was beneficial in that it furnished insurance for traders against destructive losses on commitments which would of necessity be taken in wider margins of profits without exchange hedging.

Touching upon recent declines in wheat prices, which some agricultural interests have claimed are unwarranted by the existing supply and demand, Mr. Barnes said that the wheat producer had "escaped the full effect of depression" because of the "cushion" found in future trading.

In answer to a question as to whether it would be feasible for producers to market their own crops, Mr. Barnes said the present system maintained a lower trade toll between producer and consumer than would be had by any system which eliminated middlemen, and that in his opinion any organization of farmers for price fixing would not be decreed just by the public.

GROSS EXTORTION BY COAL INDUSTRY

Unless Prices Are Cut U. S. Senators Will Introduce Bill to Regulate It.

New York, Nov. 5.—United States Senators William M. Calder and W. E. Edge, members of the senate committee on reconstruction, in a joint statement here today, announced that "unless the coal industry reforms its prices and cuts prices to a reasonable figure by December 6," they will introduce a bill for the "most stringent regulation of every branch of the business."

The senators declared they do not undertake to say "that this individual is a profiteer and that this one is not, but the coal industry as a whole stands self-condemned of practicing gross extortion on the whole public of the United States.

THREE BIG POWERS SIGN AN AGREEMENT REGARDING TURKEY

Price of Paper Will Be Lower. Montreal, Nov. 5.—With definite information lacking as to the prices at which contracts for newspaper paper will be received for the first quarter of 1921 to United States consumers, it was stated semi-officially here today that 6 1/2 to 7 cents a pound, or \$130 to \$140 a ton, has been decided upon by the Canadian producers to be applied on United States export business.

Official information on the above lines will be forthcoming in a few days' time.

OFFICER DIRECTED THE GRANARD RAID

Eye-Witnesses Describe Burning of Houses in the Town.

MACHINE GUNS USED

Granard, Ireland, Nov. 5.—The sacking of this town on Wednesday night by uniformed men ranks with the recent raid at Abbirragh, Malloy and Tubberury, according to accounts given to the Associated Press by eye-witnesses today. The damage, which was carried out systematically, is said to have been under the direction of an officer and was part of an extensive raid across County Longford, after the murder of several policemen in the district Sunday and Monday.

Eleven lorries, which made up the raiding party, stopped first at the village of Edgesworthstown, where several houses were searched and a man riding a bicycle was shot. Next Granard was visited and 13 buildings were burned there.

The last village raided was Ballinacree, adjacent to Granard where the raiders ran into an ambush of volunteers losing three men killed and five wounded. They then were forced to retire.

MANY DETECTIVES SEEK CLUES IN WOODBRIDGE

"Certain Liveliness" is Aftermath of \$13,000 Bank Robbery.

Woodbridge, Ont., Nov. 5.—(Special)—If a census of the town were taken at present it would show inflated figures, so numerous are the detectives in town since the robbery of the local branch of the Royal Bank. The bank is understood to have more than one sleuth at work locally trying to get a clue to the \$13,000 mystery, the provincial department is represented, and Pinkerton men are reported to be also here.

ARRESTED 200 SINN FEINERS.

London, Nov. 5.—Soldiers and police, says a Central News despatch from Cork, surrounded an assembly of Sinn Feiners near Macroom last evening, and arrested about 200 of them. No further details are given.

CHAOS STILL REIGNS ON SUGAR MARKET; MORE PRICE-CUTTING

Tendency Strong Toward Lower Figures—Dealers Unable to Agree. ANOTHER SHIPMENT

Montreal, Nov. 5.—(Can. Press)—Chaos still reigns in the sugar market here with a strong tendency towards lower prices. There is no understanding of any sort as to prices between refiners, wholesalers and retailers. Of the latter some were selling at 15 cents and others went all the way up to 19 cents a pound.

The statement was made that the Atlantic Sugar Refinery had again broken its price for granulated sugar down to 15 cents from 15 1/2 yesterday, whilst the report was also current that the Dominion Sugar Company had reduced the price for best sugar from 14 1/2 to 14 cents.

REPUBLICAN GAINS NOW FIFTY-EIGHT

Democrats Have 138 Members, as Compared With 190 at Present.

New York, Nov. 5.—Congressional elections in three states tonight had not been officially reported and with the uncertain trend that has taken place in the fourth and eighth districts of Tennessee, the Republicans still have a chance of adding to their record majority in the house.

In the districts that have definitely reported, the Republicans have elected 298, and the Democrats 188, which tonight were placed in the doubtful column. The others elected include one Socialist, one Independent, one Prohibitionist and one Independent Republican.

FARMERS ARE ARMING.

Kingston, Ont., Nov. 5.—(Special)—Farmers in this district are suffering a serious loss as a result of the raids made by thieves on their turkeys, chickens and ducks. Some of the farmers are getting armed to drive off the offenders.

SPRACKLIN'S BOAT UNDER RIFLE FIRE

Occupants of U. S. Launch Make Target of Three O. T. A. Officers.

Windsor, Ont., Nov. 5.—(Can. Press)—License Inspector J. O. L. Spracklin's motor boat was under fire yesterday afternoon near Pigeon Island, the assailants being the occupants of another motor boat, evidently bound for the American shore. The inspector's boat, which was occupied at the time by Mark Heaton and License Officers Gurney and McCausland, was lying in mid-stream when her engine died, when the other boat put out from the island and headed for the American side.

HOUSE WILL OPEN ON JANUARY 18

Government Anxious to Get Business Thru by Early Spring.

The Ontario legislature will be called together on January 18 so that the session may be concluded early in the spring, permitting the U.F.A. members to get back to their farms for the busy season. While no order-in-council has yet been passed fixing the date, it has been unofficially agreed to. The usual ceremony with its attendant pomp and time-honored customs, will mark the opening.

OAK HALL

OAK HALL

The Home of Reliable OVERCOATS

TAKE OUR HONEST ADVICE—Only by paying a fair price can you get an Overcoat worth wearing, one that will keep you warm and give you years of satisfactory service.

World conditions in the woollen industries are such that it is impossible to secure real woollen fabrics for Overcoats to sell at a low price. And these conditions will last for a considerable time to come.

You only waste your money when you buy a cheap Overcoat, and you risk your health and your working efficiency as well. Before the winter is over you will probably have to buy another to see you through.

Oak Hall has built its fine reputation and business strictly on honest values. Every garment we make and sell is worth the price you pay for it—worth it to you in wear and service.

Our stock of Overcoats just now is fully abreast of the times, and includes Chesterfields, Slip-ons, Heavy Ulsters, Form-fitting Models, cosy Llama Cloths, etc. The linings, tailoring and materials will give you the long wear you desire and expect. All are reasonably priced at

TROOPS AND SOCIALISTS IN CLASH AT BOLOGNA

London, Nov. 5.—A serious collision between Socialists and troops at Bologna, Italy, is reported in a despatch to The London Times from that city. As the troops were approaching the Labor Exchange, the report says, they were received with revolver shots. The police immediately intervened, and on searching the exchange, found a quantity of bombs, arms and machine guns. They arrested 92 occupants of the building. Deputy Bucco also was arrested. A quantity of arms were found in his home.

Stood Up 25 Truck Drivers And Got Away With Their Pay

New York, Nov. 5.—Twenty-five truck drivers, standing in line for their week's pay, were forced tonight by three armed bandits, to witness the theft of \$4,000 from the superintendent's desk of a Brooklyn branch of the United States Trucking Co. The robbers escaped in an auto.

painted the police, but did not take part in the reprisals.
Police Were Uniformed.
A former soldier, one of the handful of the population remaining in the town after the shooting and killing of District Inspector of Police Keblegher on Sunday night, in his account of Wednesday night's raid on Granard, said the police were uniformed, wore helmets and caps and were commanded by a tall officer in a khaki uniform and riding breeches.

"The burning parties walked back after their visit to the barracks, carrying rifles and two Lewis guns; some of them playing melodious and mouth-organs," he declared. "Machine guns were placed at a corner of the county hall. Then with them the raiders fired several hundred shots, apparently to frighten the citizens. All of them seemed perfectly sober. There were no shots fired after the first assault. No explosives were used, the buildings which were burned being touched with petrol."
Inspector Keblegher, whose killing is supposed to have been the cause of the raid, is said to have been accused of one of the men responsible for the death of Lord Mayor MacDonagh of Cork. Inspector Keblegher was standing at the bar of the Grand Hotel Sunday evening when masked men entered and shot him dead. They made their escape.

Lieutenant Shot Dead.
Nenagh, Co. Wick, Ireland, Nov. 5.—Lieutenant Hamilton was shot dead while motorcycling near here last evening. Two men who were arrested on suspicion of having killed Lieutenant Hamilton, attempted to escape and were shot dead.
Reprisals followed the officer's death. Licensed premises and a printing office were destroyed by fire and a creamery was blown up with bombs and the machinery smashed. The inhabitants of Nenagh fled into the surrounding country. The noise of firing and explosions was heard through the night.

HECKLERS BUSY AT RALLY FOR LEWIS

(Continued From Page 1.)
Jimmy Simpson. This statement, which appeared to be the only one made at the meeting which found favor with this element, was cheered to the echo, although it is a wonder that the echo wasn't frozen on its return as the building was unheated and everybody had to sit, and most to listen, with their coats and hats on. As the speaker was interrupted by an overflowing with many forced to stand along the walls.

War Service Not Issue.
The fidelity of the atmosphere, however, did not in any way affect the warmth of the reception which Major Lewis received from the majority of the audience when he rose to speak. In answering the future of the effect that Higgins was a soldier the same as himself, he declared that when there happened to be three soldiers running for office, overseas service should not be taken into consideration as a political issue.

German and Russian Prisoners May Now Pass Across Poland

Paris, Nov. 5.—A Berlin despatch announces that the German and Polish governments have concluded an agreement under which the Polish government will permit the passage of Russian and German prisoners of war across Poland. The Polish government also agreed to hand over to the German authorities German members of the Russian soviet forces taken prisoner in the campaign against the Bolsheviks.

BLOCKS INVESTIGATION BY BULLET THRU HEART

Washington, Nov. 5.—Commander Warren J. Terhune, naval governor of Samoa, shot and killed himself at noon November 3, said a despatch received today at the United States navy department. The governor's body was found in the bath room of the executive mansion with a bullet thru the heart.

Jailer Jailed, Wins Election Over Judge Who Sentenced Him

Whitesboro, Ky., Nov. 5.—Probably the most unusual outcome of Tuesday's election in Kentucky was the victory of Pess Whitaker, jailer of Whitesboro, over Stephen Combs, jr., in the race for county judge. Whitaker, having been sentenced to the county jail for a term of six months by Judge Combs on the charge of attacking county officers, including the sheriff.

VETERANS OF MANITOBA SEEK NEW REFERENDUM

Winnipeg, Nov. 5.—Manitoba veterans will ask the government for a second referendum, which will put before the people the issue of a bone-dry province or give the control of liquor by means of dispensaries, it was announced today. The ballot used in the recent referendum election was condemned as misleading.

ALL WOMEN ELECTED TO RUN THIS TOWN

Yoncalla, Ore., Nov. 5.—Women won in this city in Tuesday's election, an entire municipal ticket of women being chosen. Men opponents were defeated for all the offices. Mrs. Mary But is the name of the new mayor.

STEAMER CAPTAIN REWARDED.

London, Nov. 5.—At Bristol, England today, Captain Gordon Grieve of the steamer British Isles, was presented by the Canadian government with a silver urn for the gallant rescue of the crew of the Montreal steamer Maxman in the north Atlantic a year ago. The crew of the rescuing steamer were also rewarded.

SENTENCED TO BE HANGED.

Saskatoon, Nov. 5.—John Kozl, a Hungarian laborer, was tonight found guilty of the murder of George Simon, a farmer of this district, and was sentenced by Chief Justice Sir Frederick Haultain to be hanged on January 28.

LENINE CONFESSES RUSSIA IS HUNGRY

Says Never Before Has She Experienced Such a Food Crisis.
London, Nov. 5.—Nikolai Lenin, the Russian Bolshevik premier, frankly admits the seriousness of the food situation in Russia. A Central News despatch from Copenhagen quotes him as writing in the Russian newspaper Proletarskaja Pravda, as follows:
"Soviet Russia never before has experienced such a food crisis. Moscow and other cities are paralyzed by famine and the army is becoming famished. It is necessary for us to use all means in our power to insure delivery of foodstuffs by the peasantry."

LAKEVIEW LODGE DISCUSSES NEW HALL

Lakeview Lodge, I.O.O.F. No. 272, discussed the building of a new hall at their meeting in St. James' Hall, West Toronto, last night. A farewell was given Bro. F. J. MAY LOOK FOR OIL ON FOREST RESERVES

Ottawa, Nov. 5.—(By Canadian Press)—By virtue of an order-in-council recently passed permission is given, starting Dec. 6, for the prospecting and development of natural gas and petroleum on Dominion forest reserves in the west. The order sets forth that the requests have been made that the petroleum and natural gas regions, applicable to Dominion lands, should be extended to the forest reserves in order that an opportunity may be given to test the lands with a view to discovery, and representations have been made that, from surface indications these lands may contain a commercial supply of oil.

MEIGHEN A MARVEL IN SWAYING CROWDS

Scores Remarkable Triumphs in Turning Over Opponents in Yale Riding.

Kamloops, B.C., Nov. 5.—(Special)—Hon. Arthur Meighen closed his tour of British Columbia with two great gatherings in this, the largest city in the interior of the province. The tour has been a great success in educating the electorate, and the prime minister and his colleagues, Hon. Jas. A. Calder. Both parties needed the education, the electorate to secure a proper appreciation of the government's record in the war and reconstruction period and the government representatives to understand that no record, however able and clean, will win votes without being properly advertised. Three years of neglect to inform the electorate doubled the task of the ministers in winning the approval of the electorate. They won but they won't let their cause go by default any more.

Sways Audiences.
The feature of the British Columbia tour has been the wonderful influence of the prime minister in swaying his audience to confidence and conviction in himself and his policy. It is true that British Columbia is protectionist, but there are other issues and he was equally at home in presenting the fiscal issues and the government's work in behalf of the soldiers. Probably no more remarkable triumphs were ever achieved from the political platform than those won by the prime minister in Penitence, Summerland, Vernon and Kelowna, in the Okanagan.

Reverses Charges.
At Kelowna the speaker's opposition to the "National Union" returned to the scene. At the end of the meeting they cheered the prime minister and it was impossible to secure any applause for the opposition candidate.

CAN'T ASK AUSTRALIA TO CENSURE ENGLAND

London, Nov. 5.—Premier Hughes in a debate today in the Australian parliament on the Irish question declared that Lloyd George's policy had failed in a just cause. He did not defend all government policy in Ireland, but he could not ask Australia to censure England in the face of Sinn Fein crimes. The Australian parliament was not prepared to stand quietly while endeavors were being made to establish a republic within such short range of England.

TWO ARE ARRESTED ON THEFT CHARGES

Police Say Wallace Smith and Alice Wilson Worked Clever Scheme.

Smith and the Wilson women, both of whom are colored, entered the firm of Colet and Smith, tailors, yesterday morning and while the former engaged in the duties of the clerk, the woman threw a rancor she was carrying over a lack of clothing, and commenced to leave the store. The clerk, however, saw the woman's action, and ran after her, shouting for help to the manager, seeing that she was detected, commenced running towards Yonge street. She was halted near Yonge street by E. C. Trine, and while the latter was talking to her, she was placed under arrest. Returning to the store, the trio found that Smith had left the premises.

J. Harry Flynn, John Cottam, J. Fred Marsh, and John W. Bruce addressed a large gathering at the corner of Broadview and Danforth avenues last night on behalf of the Soldier-Labor candidate for Northeast Toronto, James Higgins.

Mr. Flynn said the present U.S.O. Labor government had been responsible for investigations which had shown up a mass of political filth and corruption within the province, but the day was not far distant when these two bodies, with the assistance of the soldiers of the country would sweep the Dominion from end to end and investigations would be provincial in scope but would be Dominion wide.

Howe and Rawlinson Will Likely Contest President's Chair.
Central G.W.V.A. on Monday night will nominate its various officers for the ensuing year. The elections will be held the following month. It is pretty certain that the contest for the chair of the president's chair will be between the two men, Howe and Rawlinson. Howe is a former president of the G.W.V.A. and Rawlinson is a former vice-president of the G.W.V.A. Howe is a former president of the G.W.V.A. and Rawlinson is a former vice-president of the G.W.V.A.

TWO ARE ARRESTED ON THEFT CHARGES

Police Say Wallace Smith and Alice Wilson Worked Clever Scheme.

Smith and the Wilson women, both of whom are colored, entered the firm of Colet and Smith, tailors, yesterday morning and while the former engaged in the duties of the clerk, the woman threw a rancor she was carrying over a lack of clothing, and commenced to leave the store. The clerk, however, saw the woman's action, and ran after her, shouting for help to the manager, seeing that she was detected, commenced running towards Yonge street. She was halted near Yonge street by E. C. Trine, and while the latter was talking to her, she was placed under arrest. Returning to the store, the trio found that Smith had left the premises.

The Big Special in Ties Will Be repeated today at 75c.

A great array of approximately three thousand Ties at just about half the price men are in the habit of paying for neckwear of the same kind, and there is such a vast assortment of patterns and colorings as to almost defy description. They are four-hand ties of various mixtures of silk, fibre silk and cotton, in stripes, all-over figured and floral effects, dots, ombres and grouped corded stripes in nearly every color of the rainbow. See them today, each, 75c

At the Unusual Price of \$1.95

Of course you'll realize how unusual they are at \$1.95 when you know that they're of English make. They represent the fourth shipment of unlaundered, unboxed shirts purchased in England early in the year. The idea of being able to buy shirts at a saving brought about by the elimination of two costly operations has, according to recent offerings, appealed to men, so today's special should create a good deal of interest. These are coat style shirts, made from extra serviceable cambric materials, in single and grouped stripings of blue, black and mauve. They are roomy, full-fitting shirts with good long sleeves and soft double cuffs. Sizes 14 to 17.

SUITS

Some Half Price

ALL offer extraordinary savings, making necessary the restricting of one suit to a customer. They're for young men and youths, and consist of odd suits.

The very smartest of this season's suits are involved. On every hand in the selection one sees the new tweeds, worsteds and chevots. In many cases there is only one suit of a kind, but such a selection of leftovers from former reduced price offerings and broken stock lines, offers as good a variety of models, shades and patterns as one could well imagine. If you need a suit for best wear, business wear or for work then today's day to buy it. Models include single and double-breasted, semi and fitted types, in one, two or three-button style, with peaked or notched soft roll lapels, regular flap, slash, crescent or patch pockets, snug-fitting collars, plain cuffs or bell-bottom sleeves; most all have plain backs; others have one-half or three-quarter belts. Materials consist of all-wool, wool and cotton, and union wool and cotton qualities, in cheviot homespun, worsted and smooth and rough tweed effects, in plain navy blue, medium and dark grey, fawn, brown and green, in various neat checks, stripes, broken check and heathery mixtures. Size ranges from 33 to 44, and a choice is offered in each size, being lines left from previous reduced price offerings and broken stock lines reduced for this day, there are not all sizes in any one pattern. In many instances only one suit of a kind. Reduced price.

HATS

Some Half Price and Less at \$5.95

IT'S a practical way of introducing the new location of the Men's Hat Section, Main Floor, Queen Street, Main Store. Hats from the best known manufacturers of the continent, and hats from an Italian hatter of world-wide repute—a great gathering of the sort-of hats usually regarded by men as aristocrats in headwear—every piece dollars reduced, and a great many actually cut to half and less than half. An opportunity—a most extraordinary opportunity for men to buy new hats—some only a couple of days in stock. The soft hats are of finer, smoother felts, in the favorite as well as the newer shades of green, brown and grey. Blocked, of course, to conform with the season's new ideas, with medium crowns and flared or rolled brims, bound or welted at the edge. The black stiff hats are of distinctive shape, with medium or lower crowns and flared brims. There are also fine velour hats in popular shapes in the lot. There are sizes 6 5/8 to 7 3/8 in the collection, but if you'd be sure of your size or wanted color, or wanted brand, be among the early comers.

TELEPHONE COMPANY IS GREEDY, SAYS MAYOR

Railway Commission Hears Arguments in Toronto—King Street Association in Strong Opposition—York Township Scores Toll System—Increase Would Hit Hospitals Badly—Bankers as Sufferers.

Toronto interests and associations submitted their arguments to the Board of Railway Commissioners, sitting in Toronto yesterday, against the proposal of the Bell Telephone Company to increase rates and introduce the toll system in this city. Corporation Council Geary, acting for the city, withheld presentation of his case until the board meets in Ottawa a few weeks hence when he will have a mass of figures to submit. The board of trade and other Toronto bodies who are compiling statistics will present their figures at the same time. S. J. McLean was the chairman of the board yesterday in the absence of Chairman Carvell, and the other two commissioners present were A. C. Boyce, K.C., and A. S. Goodve.

The session lasted only two hours and just before it was concluded Corporation Counsel Geary said his accountants had been denied access to the books of the Northern Electric Company and he asked for an order of the board making this possible. The Northern Electric, said counsel, was a concern in which the Telephone Company held \$750,000 worth of stock and there were also interlocking directorates. Most of the materials used by the Bell Telephone

information that was available to the auditors of the Bell Company with regard to the Northern Electric's business. The Bell Company, said Mr. Osler, has three auditors in the offices of the Northern Electric Company. The chairman made it clear that the city accountants would not be asked to accept the figures of the Bell auditors, but would be given the information first hand from the Northern Electric Company. Mr. Geary said that would be satisfactory. The Bell Telephone Company has already submitted to the board figures and arguments in support of the contention that more capital was needed to take care of extensions, and this capital could not be obtained unless it could be shown that dividends would be paid, and this could only be done by an increase of rates.

Greedy, Says Mayor

Mayor Church was the first to address the board when the hearing opened yesterday morning. He expressed regret that Chairman Carvell was not present, as he might have learned something from Toronto. The mayor opposed any increases by the company whatever, because he said they had had fat years and had proved to be the most greedy and avaricious company that had ever operated in Canada. It had declined to pay its way on the streets of the municipalities. He urged that the company be asked to furnish information concerning the cost of operating in Toronto, cost of maintenance the number of business and residential calls, and the necessity for increasing the wages of employees. Regarding the metering of calls, he said it had been shown in cities where this system had been adopted that the companies continually overcharged phone users whose checks of calls were not accepted. Considering the trend of values, quality of service given by the company, and the surplus of four or five millions which the company held, rates, he thought, should be cut rather than increased.

W. W. Vickers presented a resolution from the King Street Association expressing opposition to the increases of rates proposed. The company, he said, were continually writing off assets for depreciation, yet phones in use twenty years ago were still in service. The company also damaged houses in installing and removing phones which they did not pay for.

Opposed to Toll Basis

J. R. L. Starr, K.C., speaking for York township, said the toll system proposed by the company would give them more revenue than they were entitled to, and might mean an increase of anything from 25 to 500 per cent. Nobody, he said, would withhold from the company sufficient revenue to pay dividends and wages, and if any increases were necessary they should be on the flat rate.

A. C. McMaister, K.C., for the board of trade, drew attention to the fact that the company proposed to measure only outgoing calls, which might be just as unfair as the other methods in the case where one person had considerable number of outgoing calls and few incoming calls or vice versa. G. W. McIntosh of the Caledonia District Ratepayers' Association pointed out that statistics submitted showed a steady decline in prices of materials used in the manufacture of phones, a decline of 18 per cent. from the high prices of last May. There had also been a substantial decline in the cost of the toll system. The Bell Telephone Company was, therefore, running hostile to the trend of things by trying to increase phone rates. All the evidence favored lower than higher rates. W. Faragher, representing the Central Council of Ratepayers' Association, said he opposed increases in any form, but more especially the flat increase proposed on residence phones. Would Hit Hospitals.

N. N. Young, on behalf of the Academy of Medicine, said they concurred the justice of a flat increase, but protested against being placed on the toll basis with business concerns. Col. (Dr.) Marlow supplemented the academy statement, by saying that a large amounting of the doctors' phone bills brought no financial return. The hospital accommodation was on a charitable basis, and all doctors had a great deal of phoning in getting patients placed, especially during the cold weather when the hospitals were crowded, and most of this work was unremunerative. Mr. Osler wanted to know if the

doctors did not charge other people for this charitable work, to which Dr. Marlow replied that that might be the corporation idea of getting all that was due, but the doctors did not do that. They got nothing for this work, but he believed the state should bear this burden. Dr. E. E. King declared the meter system would boost the doctors' phone expenses 400 per cent. C. J. Decker, superintendent of Toronto General Hospital, said the hospital averaged 21,950 outgoing calls in one month and the toll rate to be charged, together with the cost of extensions, would make the hospital's monthly cost for phone service \$1,435.60, against \$236.77 at present, an increase of \$1,198.83, or 507 per cent. Labor Not Scarce. George Childs, of the Ward 8 Ratepayers' Association, protested against the increase proposed on residential phones and also against the toll system. The statement of the telephone company that labor was scarce, he felt, should be revised as the columns of the newspapers indicated that thousands of girls were now seeking employment. Colonel Kirkpatrick, speaking for the Casualty Insurance Companies, said they objected to the toll system, but would not object to an increase of the flat rate. H. W. Shapley, for the Bankers' Association, said that cheques on

KNOWLEDGE OF LAW MAGISTRATE'S CURSE

Major Brunton Also Tells Public Service Commission That Qualifications Should Be Business Ability, Common Sense and Understanding of Human Nature—Illiterate Men on Bench—Woman Assistant Registrar at Five Dollars a Week.

That knowledge of the law was not in his mind and an assent to an appointment as a magistrate, was the assertion made by Magistrate Major Brunton, at the Ontario Public Service Commission yesterday afternoon. He further stated that a police magistrate who always tried cases from a point of law was not doing the best service to the community. Knowledge of the law, he urged, was a curse to a police magistrate, and he had frequently thanked God that when he was made a magistrate above all was guileless of the law.

Commissioner Heyler: I am glad to hear it. Questioned by Chairman Gregory as to what he considered the necessary qualifications for a police magistrate, Major Brunton advocated a business ability, common sense and a good understanding of human nature. He added that the criminal laws were so clear that anyone with average brains would have no difficulty in solving any ordinary law problem. Under pressure from the chairman, he admitted that some slight knowledge of the law might be a desirable asset to a magistrate's qualifications.

The witness added that the crux of the situation was in the appointment of police commissioners, for several years ago he found that great numbers of the justices of the peace were nothing more than hirelings at the beck and call of the police, who thought, "If you don't do what we want we can get you cleared out." He was a paid magistrate at that time and had nothing to do. Further, he wished to see the business methods into the administration. It was a disgraceful state of affairs. Later they had an investigation which resulted in a police commission being formed in his county, which soon stopped the trouble, and he recommended the same methods be adopted in other counties. He instanced the fact that in his first year of office he only tried 71 cases, while this year he had tried over 3,000, and showed that since the police commission had been formed the police came directly under their control and the work went on in harmony.

Constables Strolled Around. Major Brunton said he had only a couple of years ago the constables used to stroll from their homes, sit down on the roadside and gather the numbers of a few constables who were speeding, and then went home, having done a good day's work in fees which would result from the summonses. All this had changed and the constables were now the most efficient set of police in the province. He considered that if county constables had to be retained they should be held on a salary of \$200 per year, and then these men would always be ready to be called up, and further, this would allow of the fee system being retained.

Mr. Brunton: No, and that makes him all the better, and he has worked the past three years without a vacation. Mr. Sommerville: We have found in the country the work of the high constable and county clerks to be nothing more than a joke. Chairman Gregory: What pay does your high constable receive? Major Brunton: For county clerks, \$100 per year.

Mr. Brunton: No, and that makes him all the better, and he has worked the past three years without a vacation. Mr. Sommerville: We have found in the country the work of the high constable and county clerks to be nothing more than a joke. Chairman Gregory: What pay does your high constable receive? Major Brunton: For county clerks, \$100 per year.

stable about \$400 or \$500, but with his other offices about \$3,300. A member: He is pretty well paid. Major Brunton suggested one magistrate would be paid by a whole county and not for him to depend upon fees, and advocated the entire elimination of fees, which were a scandal.

Mr. Gregory: What is your salary? Major Brunton: It is \$3,000. He thought that a magistrate above all should be a man in the real sense of the word, but it was one of the greatest curses for him should he know the law. He dealt with cases on a humanitarian principle and sent as few for trial as possible. This caused a great saving of money to the county.

Mr. Sommerville: What is your opinion of appointments thru political influence? Major Brunton: I know it is a fact that men have been appointed that could hardly read or write. Further, Major Brunton considered that magistrates should be quite independent, and that they should be appointed and paid by the state at a graduated salary, according to the district.

Answering questions regarding the ability of the police in the county of York, Major Brunton said he considered them more experienced than the provincial police. Mr. Sommerville: Do you know that they have only two men in Sudbury and they have got over 3,600 cases? Mr. Brunton said he usually got the police together and lectured them on their duties to the public, the use of tact, and politeness.

A deputation from the Registrars' Association, headed by Dr. J. H. Coyne, then gave evidence, the deputation being composed of the vice-chairman, J. H. Coyne, J. D. McKay, Mr. Stetson, J. C. Ainslie, A. G. Willoughby, W. J. C. McRae, W. J. Hill, G. R. Pattullo and W. J. Gibson. Against Amalgamation. Mr. Coyne said that the deputation had received their instructions from a meeting of the registrars held recently, and they considered that the question of amalgamation of offices was not feasible, especially in cases where the sheriff was in the county town and the registrar in another place.

Mr. Sommerville mentioned that they had called the registrars with a view to getting some help and enlightenment, but it appeared as if the registrars were throwing all the onus on the commission. Mr. Coyne stated they were leaving the commission to deal with the matter. Mr. Gregory: Do you know there are four officers who during the past year have made only \$10,000 worth of business between them? Mr. Coyne: In that case something might be done. Mr. Gregory: What do you think of the superannuation proposal? Mr. Coyne: We are of the opinion that as a man grows old he also gains in experience; therefore, he is more efficient. Some people thought that registrars get \$4,000 a year, but many received this sum; in fact, most got less than \$3,000.

Chairman Gregory: If that is the case, why don't the registrars talk to each other, which led to Mr. Sommerville calling for order, while the question of a raise in fees had not roused a spark of enthusiasm in the minds of the commission. Asked why the amalgamation of offices was not possible, Mr. Coyne stated that the sentiments of the registrars were against it. Mr. Sommerville: How many more officers than prisoners. Mr. Sommerville: I don't know. Mr. Coyne: There would be some tempt made to amalgamate offices.

Mr. Sommerville: We expect some rows. If this was a business man's proposition a way would soon be found. The greater part of the morning session was taken up in receiving evidence from the Sheriffs' Association in regard to the duties of sheriffs and the advisability of making certain proposed changes in their duties. The association was represented by Sheriffs Allan, of Guelph, president of the association; Magwood, of Stratford; Wilson, of Owen Sound; Westbrook, of Brantford; Mowat, of Toronto; and Webster, of Milton. R. J. MacLennan, of Mowat, MacLennan and Company, barristers, was principal spokesman.

MRS. M. J. GORSE
8928 Union St., Vancouver, B.C.
"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused. Then, I started taking 'Fruit-a-tives', and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. I am free of pain and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

minimum and in addition to this they should get fees for work done for private suitors. Mr. Gregory: Should the government be expected to grant an increase in salary when there is no increase in service rendered? Sheriff Magwood pointed out that a sheriff could conduct the duties, even though physically incapacitated, thru a deputy. Commissioner Sommerville: That is just what the government is kicking against. It is not a good salary should be paid to a man who gets his work done thru a deputy. He cited a case where a sheriff was paid \$60 per week, and got all the work done by a deputy for \$17.

The committee adjourned until this morning when the high court judges will submit evidence. MANY AT FUNERAL OF LIEUT. BICKLE
Military Units, Sporting Clubs and Central Y.M.C.A. Well Represented.

The funeral of the late Lieut. G. B. Bickle, who died on Wednesday afternoon amid many manifestations of sorrow and regret. The service was conducted by the Rev. Dr. Scott, pastor of Howard Park Methodist Church, at the late residence of the dead officer and popular sportsman, and the casket in which the body was encased was solemnly and respectfully interred in the exceptionally large number of floral tributes of respect which had been sent by the sorrowing friends.

The different military units with which Lieut. Bickle had served during the late war were largely represented, together with many members of the Central Y.M.C.A., and sporting clubs of the city. The pall bearers were: Major Maybin, Capt. Malone, Capt. MacLaren, Capt. Denton, Lieut. Krug and Lieut. Breighton. The remains were laid to rest in Prospect Cemetery.

WITH THE VETERANS SLOW TO RECEIVE TRAINING DESIRED

Ex-Service Canadians in Britain Endure Hardship, Says James Rawlinson.

Ex-service Canadians in Great Britain who are approved for vocational courses are delayed in taking them up in many cases for anywhere from twelve to eighteen months, during which period of waiting they are not granted any allowances, families thus suffering severe hardship. This was the emphatic statement made by James H. Rawlinson, a prominent member both of St. Dunstan's Club and Central G. W. V. A. Mr. Rawlinson stated that another matter which gave impetus to all ex-service Canadians outside of Canada was the discrimination with regard to the high cost of living bonus granted with all disability pensions in Canada. Ex-service Canadians were granted a bonus of 50 per cent of their pension a month; in all countries outside of Canada ex-service members of the G. W. V. A. received only a twenty per cent high cost of living bonus on their pensions. These instances of injustice in regulations governing the re-establishment of ex-service men had convinced Mr. Rawlinson of the necessity of all classes of ex-service men co-operating for the better expression of their needs before properly constituted authorities. Mr. Rawlinson has just returned from an extended tour of Great Britain, where he studied conditions among ex-service men first-hand, and from the viewpoint of the totally disabled man.

Britain's Way. "In Great Britain it is the policy to give no vocational training to ex-service Canadians in any but government shops," said Mr. Rawlinson. "This necessitates delay thru lack both of material and opportunity to express thru the necessary material. I know the case of one man who married a Canadian girl, took her over during the war, and was discharged in Great Britain. During the period of delay he was not allowed any allowances, it came to such a pass that he was obliged to sell off some of his furniture in order to make ends meet." Touching upon the question of pensions, Mr. Rawlinson stated that there were 17,000 ex-service members of the Canadian forces in Great Britain, and these received less than half the high cost of living bonus granted to ex-service Canadians in Canada, yet living in Great Britain was at least as high as in Canada. "I am quite satisfied," said Mr. Rawlinson, "that the only way the ex-service Canadians can get their needs met is by co-operation of all the ex-service men. Having this in view, it is my intention, provided I can do so, to bring about a special conference of all the officials of the various ex-service organizations in the city, and to get them all to realize that their interests are identical. If we can that registrars get \$4,000 a year, but many received this sum; in fact, most got less than \$3,000.

Mr. Rawlinson is a member of the 58th B. B. B. and was blinded in action at Vimy Ridge. He is first vice-president of Central G.W.V.A. Another suggestion that he made was that the patriotic fund organization in Canada could organize a branch in Great Britain to deal with all the cases of ex-service Canadian soldiers in that country. He believed, he said, that the emergency fund granted by act of parliament, was considered for the use of ex-service Canadians in various.

G.A.U.V. lodges and various bodies of the Labor group in Toronto are vying with each other in the matter of subscriptions to the cause of the Soldier's Home, James H. Higginson, the Bolshermakers' Union has subscribed a hundred dollars, and other unions have also given their share. Lieut. Bickle, a member of the G.A.U.V. and Central G.W.V.A., these branches collected even more than the sum subscribed at their meetings. Riverside by the way, had collected \$40.25 to the cause; West End branch subscribed and donated \$50, and Central branch collected nearly ten dollars.

Thru the good offices of both J. V. Marsh, provincial organizer for the G.A.U.V. in Ontario, and J. V. Conroy, district secretary of the G.W.V.A. in co-operation with Colonel Nettleton, director of medical services for the Toronto military district, "Daddy" Richardson V.C., the famous Crimean and Indian Mutiny hero and a veteran of other campaigns, has been transferred from Davisville Military Hospital to Euclid Hall, where he will receive all possible care and attention.

J. Fred Marsh, provincial organizer for the G.A.U.V. in Ontario, has suffered a bereavement in the loss of his father in Smith Hills, Lancashire. His father was a prosperous business man of that town, and had retired. About two weeks before he died he was knocked down by an automobile and did not recover consciousness.

Guelp ex-service men are seriously considering a line-up with the Labor forces in that city for political purposes, and a meeting for this purpose is to be held in Guelp very shortly. Central G.W.V.A. band is to give the patients at Davi-ville a concert soon. RESULT OF U. S. VOTE ON WATERWAYS PLAN Ottawa, Nov. 5.—J. L. Burpee, secretary of the National Joint Waterways Commission, who returned to the city today after attending sessions of the commission thruout Canada and the United States, is of the opinion that the result of the United States election will have no detrimental effect upon the attitude of the United States government towards the proposal.

Sir Edmund Walker addressed the Players' Club of the University at Hart House yesterday afternoon on the origin of the drama in Japan. His speech was given by way of instruction to the cast which will open the winter season with the Japanese play "Matsa" (The Pine Tree) at the Hart House Theatre commencing Tuesday evening next.

BEABY MAY LOSE SIGHT BECAUSE OF DRINKING LYE

Bellefonte, Ont., Nov. 5.—(Special)—The two-year-old daughter of Mr. and Mrs. Herbert Ruchmiller, who reside near Millbridge, North Hastings, was badly burned about the face and neck when she attempted to drink lye from a can which she picked up. Slight hope is held out for the recovery of the little tot's sight.

OVERLAND PLANT TO CLOSE

Toledo, Ohio, Nov. 5.—Announcement was made here today that the Willys-Overland automobile plant, normally employing around 15,000 workers, will be shut down tomorrow for inventory and will remain closed for an indefinite period.

The Modern Power Plant is an Electric Switch

Twenty years ago when a new mill or factory was projected first consideration was given to the power plant. Either the factory had to be located by a waterpower or an expensive steam plant had to be erected—huge boilers and engines, with space for coal, and provision for removing ashes had to be provided. In some cases the power plant was a big part, and a most expensive part, of the entire establishment. Today, in thousands of Toronto factories, the only power plant visible is an electric switch and a small motor. And new factories are being established in Toronto daily, making increased demands for Hydro power. This demand for Hydro—a demand which has steadily increased for the past several years—has called into operation Hydro's original reserve equipment to supply regular requirements. In other words, Hydro has no reserve equipment today. And, as overloading a power plant is apt to burn out valuable equipment, a demand for more power than the plant can supply necessitates cutting down the load. When the new Queenston-Chippawa Hydro plant is completed next year reserve power will be available. Meantime Hydro users must help to relieve the situation.

Help to Prevent Waste of Hydro

Save all the current possible. Turn out every lamp not needed. Disconnect heaters. Don't let machinery run idle. Especially observe these suggestions on cold, dark days, when power shortage is most noticeable. In doing so, you will cut down your own current bills, and you will save current which is greatly needed.

RICH, RED BLOOD NECESSARY TO HEALTH

When the Blood Becomes Weak and Watery a Tonic is Needed to Build it Anew.

Why are we being continually told that good, health-giving blood must be bright red, that has color to do with the quality. Just this—the oxygen in the air is the great supporter of all organic life. One function of the blood is to take the oxygen from the air—which it meets in the lungs and deliver it to the tissues of the body. When the blood, filled with life-sustaining oxygen, is sent out by the heart, it is bright red. When it returns, impure and deprived of oxygen it is dark.

You will see, therefore, that there are two prime requisites of health—pure air and bright red blood—the pure air to furnish the oxygen, the rich red blood to carry it where it is needed. Dr. Williams' Pink Pills make your blood rich and red because they increase its power to carry oxygen, actually making it so much more able to carry increased life and strength to every organ in the body.

Pale, anemic people whose nerves are on edge, whose cheeks are pale, and who tire out easily, should try Dr. Williams' Pink Pills, and note the steady improvement that follows their use. A case in point is that of Mrs. J. P. Holston, South River, Ont., who says:—"About two years ago my system was in a badly run down condition; and I kept growing worse all the time until I could hardly do my household work. I had severe headaches, and pains across my back and under my left shoulder. I did not sleep well and would fall in the morning as I went to bed. Life seemed a burden. I had taken doctor's medicine for a long time, but it did not meet my case, at least it did me no good. Then as a result of reading about Dr. Williams' Pink Pills I decided to try them. When I had taken a couple of boxes I felt much better, and when I had taken five boxes more I felt that I was again a well woman. I have not since felt any return of the trouble and I advise all women who are broken in health to give Dr. Williams' Pink Pills a trial. These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box, six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

SATURDAY MORNING, NOVEMBER 6.

Pain Talk About the "Key" or Essential Industries of Canada.

Hon. T. A. Crerar, leader of the Farmers' party, finds the weak joint in the armor of the Canadian Protectionist when he says that the National Policy as administered up to date has failed to develop as it should the basic industries of Canada.

One need not be a member of the Farmers' party to agree with Mr. Crerar in thinking that we have neglected to develop a number of key or essential industries. This is not the fault of the National Policy. The trouble is the National Policy was never applied to nickel or asbestos.

Key industries are not only those which permit a country to successfully carry on a war, but rather those that enable a country to prevent war, and to enforce fair dealing in political and economic affairs.

Take for example nickel. We have a virtual monopoly of nickel. The great war could not begin until Germany got a nickel she thought she needed from Canada, and could not have continued so long had not Canadian nickel found its way, via the United States, to Germany during the war.

Some say the profiteers are beginning to drop some of the easy money they picked up in war time. Worst of it is they're not losing it to us common people, from whom they got it.

Canadian free traders have a new nut to crack in the fact that the U. S. elections resulted in a decided approval of high protection, including Canadian products.

Then there is the asbestos fibre, of which our neighboring province, Quebec, has a monopoly. That fibre is grubbed out of quarries by the cheapest labor and then sent to the United States.

Then there is pulp wood. Of late we have begun to manufacture paper on a big scale, but this advance has been largely due to the enterprise of foreign capital.

railways, for without the Intercolonial we could not have sent troops to Europe for more than six months out of the year.

To the extent that the essential industries should be developed in the national interest and in a scientific way we admit that our fiscal system needs a considerable shaking up.

The Blow That Killed Father.

Governor Cox, Democratic candidate for President, was credited on Wednesday with having lost every state it was possible to lose and with having had rolled up against him the most tremendous majority in the political history of the world.

It will be remembered that Mr. Cox persuaded his fellow-Democrat, the Governor of Tennessee, to call an extra session of the legislature which ratified the nineteenth amendment and enfranchised all the women of the country in time for the presidential election.

Mr. William Hearst gave votes to the women of Ontario and then ran upon his record as a prohibitionist, but he fared no better than did Governor Cox in Tennessee.

Remark in Passing. Lieut.-Col. Burton has by now probably decided that mud-throwing is a much dirtier job than he had anticipated.

While the city is looking over the Bell Telephone Company books, why not go a little farther and glance over those of the Consumers' Gas Company, and find out if there really is a need for another increase in rates.

The great decision for Ald. Honeyford seems to be: "Shall I run for the board of control on a single tax platform or allow the people to express their views on single tax by means of a referendum."

Ex-Controller McBride has fired his first shot in his campaign for the mayor's chair, and directs his shrapnel at the mayor's policy of control of school expenditure. The assistant evidently takes it for granted that Mr. Churchill will be his chief opponent again.

Already they've started the "shop-early" campaign in New York. Those of us who left our coal purchases until recently will need no such caution this year.

Canadian free traders have a new nut to crack in the fact that the U. S. elections resulted in a decided approval of high protection, including Canadian products.

Then there is the asbestos fibre, of which our neighboring province, Quebec, has a monopoly. That fibre is grubbed out of quarries by the cheapest labor and then sent to the United States.

Chinese Sunday School Classes With White Girl Teachers and Their Effect Upon the Great Question of the Intermingling of the Two Races—An Interview With a Clergyman.

By BILLEE GLYNN.

(Continued From Page 1). The system in the Sunday school to which reference is made is that of giving every Chinaman an individual girl teacher, usually unmarried and young, to teach him English. A class of 25 Chinese commands 25 such teachers. In fact, they demand them for a Chinaman refuses to attend Sunday school unless he is given his individual teacher and she is of the feminine sex. As Byron said:

"They are treated very well and with respect, except for the discriminatory raids of the police." "What do the police raid them for?" "For gambling."

"Do you think the yellow race is a menace in Canada?" "No, if it comes to that, I think there are other races more of a menace than the Chinese."

"Some years ago, at the time a bill increasing the head-tax on Asiatics was pending, I spoke against it emphatically in Ottawa from the pulpit of a minister I was visiting there."

"The newspapers attacked me there, and I was told on one occasion that I ought to be thrown into the sea along with a Chinese who was in my company at the time."

"You do not believe in the head-tax, do you?" "I believe in the protection of western civilization as much as is needed, but not in the head-tax against the Asiatic not in the head-tax against the Asiatic not in the head-tax against the Asiatic."

"Do you think the Chinese make good Canadians?" "I think they have the potentials of good citizenship if given the opportunity."

"Do you consider the Chinese measure up well in the matter of morality?" "I consider them better morally than Canadians. When the Chinese are evil it is a result of the white attitude toward them."

"The Rev. Mr. ... who sent me to you, informed me that there were at least twenty-five classes of Chinese in the Sunday schools of Toronto, and between two and three hundred teachers from twenty years old up."

"He is directly connected with the work and would know. I expect there is that many. I have a class in my church. Also about twenty Chinese, mostly young men, are members of the church and take communion with the rest of the congregation."

"Your Chinese members and those belonging to the Sunday school class are allowed to mix freely with your congregation—is there no restriction on them?" "No restrictions whatever. They are allowed to mix as freely as they choose. Our Chinese members are treated just like white members."

"What system is employed in teaching in the Sunday school classes for Chinese in Toronto?" "Usually one girl to one Chinese—some of the advanced classes one girl to two Chinese."

"The Chinese in these classes are all adults, I suppose?" "Yes, principally young men."

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XIV. (Continued.)

"A death-bed confession, too," said Morand. "It was a fortunate thing that both men lived long enough to reveal that they had concocted the whole story of the Maharajah's pearls in order to get shelved. Your administration was too honest. They played on your well-known carelessness in trivial matters of detail, and bribed your native secretary, Muncherli, to include in your correspondence the letters which seemed to prove your complicity in a serious breach of trust."

"That isn't the frontier method. Men who appeal to parliament when things go wrong are of no value to India. But I don't want to preach."

"Won't you come in?" "If you'll pardon me, I'll hurry back to Nuttonby. That telegram is called for urgently. What about your deputy?"

"Collins was transferred to Oudh because he supported me. Send him to Barapur. The natives will understand that better than a dozen gazettes."

"Thanks. That clinches it. Sir Robert, I am the bearer of ample apologies from the India office, which will be tendered to you in person by my chief when he visits you in London. Meanwhile, I am to request you to allow the announcement to be made public that you will return to India on a named date, while the appointments of your deputy is left open for your recommendation."

"By gosh!" he roared, "somebody's gold lace has been rolled in the dust of Calcutta before the India department climbed down like that. I never heard of anything like it—never! 'Pon me soul! 'Twas Mollie he pleased!"

"If there is anything else, I can say, Sir Robert," he began, and his voice dropped to a dream.

"It's all right, Morand," said the other, letting a hand rest on the shoulder of the younger man in that characteristic way of his.

"I have seen a great many white-Chinese couples since I have been in Toronto. Would these be fellow church members?"

"Oh, yes, I have seen quite a number. The people on the streets are probably accustomed to it and do not give any special attention. Toronto seems to be very broadminded in this respect, much different than they are in British Columbia, where, perhaps, due to her ministers, a Toronto minister, I suppose, would not hesitate marrying a Chinese and white girl if they came to him."

"I do not advocate it." "Do not advocate it?" "Oh, no! I have married them. I investigated them first, was very sorry for one Chinese I married. He was well-to-do, and I knew the girl was married. She had been working for him in his restaurant."

"This ends the interview. There is no need to comment on its concluding statement sets it if anything could. The white minister is sorry for the white girl who went into a Chinese restaurant to earn a meagre living but for the yellow man whose money made in Canada."

Paris, Nov. 5.—A convention has been concluded between France and Great Britain to govern the military relations of the allies at Constantinople. It was announced today that the government of the two countries have reached an agreement on principles relating to a number of points, the execution of the Turkish peace treaty, the announcement added.

After a half hour's deliberation, a jury in the sessions, before Judge Denton, yesterday returned a verdict of not guilty in the charge of theft against Charles Simpson, G.P.R. conductor. Simpson is the third C.P.R. conductor who was charged and acquitted.

SUBURBAN HOUSING PROBLEM ACUTE IN ENGLAND

Purchaser of Occupied House Cannot Eject the Tenant
DANFORTH

Henry Masale, real estate man, 1000 Danforth avenue, who has returned from an extended visit to the old country, says The World his impression is that the housing situation in the British Isles is acute all over England, and that of an occupied house cannot put out until he obtains another. "If I adopted in Toronto," Mr. Masale said, "I would go far to solve the situation." Continuing, Mr. Masale said: "House rents are high in the London, and lots of buildings are mainly of the villa type in the Cotswolds, and the colliery districts. There is also there a great shortage of houses. There is much unemployment in the rural districts. Farmers seem to be the poorest people in all parts of the world. Large estates are being cut up by auction to individual buyers. Farmers are now landowners, and the country the horse is being superstitious." Mr. Masale also touched upon the return from England. "There is a great scarcity of labor in and undeveloped lands of north and bushmen are very scarce. Kapskasung, Cochrane and limits at Timmins. Miners are en route for the mines, and prospectors are in the country from all parts of the world.

Fireman Grant McCall has been transferred from the Earlscourt to the Wychwood fire station, and Fireman Bob Brown from Perth avenue branch, is taking his place at the new fire hall for Earlscourt, which will be completed within three weeks and ready for occupation.

Hams, eggs, butter and bacon yesterday took a smashing drop—but not in price—when one of Gunns' delivery wagons took a flying trip up to North Earlscourt. The horse, which the driver had left standing before a St. Clair avenue store, took fright at a passing car and made a dash up Earlscourt avenue. The horse's progress, however, was hindered by the deep mud at Teignmouth avenue.

The Ladies' Mission Circle of the Boon Avenue Baptist Church held a meeting last night with Mrs. W. F. Roadhouse presiding. Mrs. E. A. McCullough, representing the Methodist church, and Miss Betty McMurchy the Presbyterian church, gave addresses on the missionary activities of their respective denominations in Canada and foreign countries. The meeting, which was well attended, included a number of visitors of all denominations.

Activities among the Citizens' Liberty League are gradually increasing in preparation for the referendum in Ontario. The increase in the number of registrations far exceeds expectations.

CARPET BALL PROGRAM.
 Toronto Junction Council, No. 299, held a carpet ball program last night in New Era Council, in Colvin Hall, West Dundas street. The Junction ladies secured 244 and the Junction men 294 over New Era. The referees were Arthur Cooper and W. J. Armstrong.

Reeve F. H. Miller and other prominent Oakwood residents have left for the north, where they will spend a short time hunting.

EARLSCOURT NEWS

A meeting of the executive committee of the Earlscourt Poultry and Pet Stock Association was held last night at 1235 St. Clair avenue, presided over by R. R. Harris, president. The general business in connection with the poultry show was discussed, and arrangements made regarding the presentation of prizes, which will take place next week in Kenwood Hall.

In the presence of many friends and relatives, the funeral took place yesterday afternoon at Prospect Cemetery of Miss Florence May Hutt, Rev. E. C. Hunter officiating. The deceased, who was 25 years of age, was well known in the district, having lived in Earlscourt for the past few years at 216 Boon avenue. A token of sympathy was sent in the form of a magnificent floral wreath by the A. A. Co. of Earlscourt. Miss Hutt had been employed for the past nine years.

EAST TORONTO CHURCH NEARING COMPLETION

Work is advanced on the new church of All Hallows, corner of Main street and Doncaster avenue, the walls being above the ground, and the basement will be roofed in and used as a place of worship for the time being. The land is paid for and the building committee, of which J. Purvis is chairman, is making great effort to secure funds to pay for the structure. Rev. H. R. Mockridge is the rector.

RESIDENTS OF BEACHES INDIGNANT OVER POND

A sad example of civic bungling is to be seen in the futile attempt of the medical health department to drain Small's Pond, the water of which is again at the same old level owing to the ground caving in and the ditch cut by the workmen filling up with earth. The residents in the vicinity are indignant at the odor being anything but pleasant, and a strong protest will be made to the board of control to have the matter remedied.

 A most alarming statement—yes, but we can do it. You are invited to come to our school at any time and see students writing at this rate after receiving six to eight weeks' instruction. The employers of these graduates are more than satisfied and say, "In the case of openings we wish to employ more Clarke graduates; we find them both accurate and reliable." Scores of young men and women every fall and winter take our small salaries in stores and factories, take our night course and secure a position that will lead to something "worth while" and double their salaries. Day and evening classes or by mail. Clarke's Shorthand College, 365 College street, or Phone College 135.

SPEEDWELL MAY BE PRISON OR ASYLUM

Fourteen Govt Officials Confer in Guelph on Future of Hospital Building.

Guelph, Nov. 5.—(Special.)—In order to secure expert suggestions on the future of what has latterly been Speedwell Hospital, but which once was the provincial reformatory, 14 government officials were in the city today, and as a result of the inspection their ideas will be formulated and laid before the Drury government soon. By next Monday all the patients and nearly all the staff at Speedwell will be away. From that can be learned, the commission came to Guelph under orders from Hon. H. C. Nixon, provincial secretary, with W. W. Dunlop, inspector of prisons and asylums, as chairman.

Those present today were: Inspector Dunlop; Col. Noel Marshall provincial parole board, Toronto; T. H. Preston, provincial parole board, Brantford; George Y. Chown, provincial parole board, Kingston; J. P. Downey, superintendent Ontario Hospital, Orillia; Captain C. F. Buckland, M. L. A. Guelph; Major E. Le Grand, parole officer; Dr. E. J. Ryan, superintendent Ontario Hospital, Kingston; Mrs. O'Sullivan, superintendent, Mercer's Reformatory, Toronto; Dr. H. Clark, provincial medical director; J. Govan, provincial architect; F. C. Williams, provincial inspector; J. R. Spry, provincial farm director; Mr. Noelands, superintendent, Burwash Reformatory.

Reports have been current for some time past to the effect that Speedwell Hospital will be converted into an asylum, while other rumors have it that it will be again made into a prison.

Asylum Plan Most Likely. The general opinion is that it would make an ideal asylum and it is altogether likely when the government takes action in the matter, they will not attempt to convert the institution into a jail.

Following the removal of the Speedwell patients to Toronto on Monday, November 8, it is understood that preparations will be made for the transferring of headquarters of unit D. S. C. A., which has been at Speedwell for the past couple of years, to London. This move will affect 40 persons.

St. Catharines Labor Man Thought Victim of Murder

St. Catharines, Ont., Nov. 5.—The belief is growing that John Taylor, well-known local labor man, was murdered and his body placed on the tracks of Victoria Lowry division of the Niagara-St. Catharines and Toronto railway, just east of the city, last night, where it was run over by the last car from the cemetery. The face was mutilated beyond recognition, identification being made from a fraternal society receipt in his pocket.

A large number of parents and friends attended the reception given by the University of Toronto School Association last night, when the entire building was thrown open. Professor Crawford, principal of the school and the executive, received the guests in the various departments. A program was given in the assembly hall. Dr. O. Day, widow presided and Dr. Newton MacTavish outlined the history of the association, which was formed last spring when there was some agitation to do away with the schools. A delegation waited upon the government with the request that the schools be retained. The speaker felt that the delegation had something, if not all, to wish the success of the schools, were now in existence. Dr. MacTavish also explained the change of character which has taken place in the training of teachers. A violin solo was given by Mr. Edgar Gordon Burton, and views shown on the Pathoscope. Refreshments, music by the school orchestra, and a promenade thru the building, completed the enjoyable program.

NEXT WEEK'S BILLS AT LOCAL THEATRES

"Jack o' Lantern" at the Princess—"Ruined Lady" for Royal.

The announcement of Grace George's appearance is a matter of unusual interest to theatre-goers. No actress on the English-speaking stage is happier or more expert in the delineation of high comedy. Her's is an art wholly delightful and appealing, and she holds a warm place in the affections of those fond of the best of the theatre affords. Admirers of Miss George will be glad to know that "The Ruined Lady" in which this delightful comedienne comes to the Royal Alexandra Theatre at next week, commencing Monday evening, is a play of contemporary life. Frances Nordstrom, long known as an actress, and now commencing her own career, has written a wholly and delightful comedy. And Miss Nordstrom formats in the possession of a new and genuinely novel comedy idea, which forms the basis for the extremely original and successful "The Ruined Lady" as it is called. Prominently cast in "The Ruined Lady" are Frances George, Grace Heyer, Jean Oliver, Francesca Rotoli, Violet deBicary, Alice Andree, Ralph Glover, Neil Hamilton and John Gray. The matinee as usual will be on Wednesday and Saturday.

"The Maid of the Mountains."

No musical play ever seen locally has the appeal like "The Maid of the Mountains," which returns for a week's engagement, commencing Monday evening, Nov. 15. The same great cast and production will again be seen. Mail orders are now being received. Seat sale opens Thursday morning.

"Jack o' Lantern."

Players of Toronto should welcome the announcement that Charles Dillingham will present his musical extravaganza, "Jack o' Lantern," at the New Princess Theatre next week, commencing Monday night. Names in the theatrical business, especially those associated with the business or production side of the theatre, become trade-marks and stand for quality or inequalities, as the case may be, just as trade-marks in commercial lines, and the name Dillingham has stood for the best in the theatre for more than twenty years. In "Jack o' Lantern," Mr. Dillingham is said to have one of the largest as well as the best entertainments with which he has ever been associated. There are more than seventy-five persons in the company, and it requires two baggage cars to transport the scenery and effects. In the cast, besides Messrs. Doyle and Dixon, the principals are Elva Magnus, Essie Ranklyn, Marie Callahan, Lucie Lorraine, Eileen Christie, Ethel Lawrence, a New York Globe Theatre chorus, and Tom Brown's Comedy Band. The book is by Anne Caldwell and R. H. Burnside, and the score by Ivan Caryll. The piece is founded on a fairy tale, and has many beautiful scenes and delightful music.

Madge Kennedy.

The announcement that Miss Madge Kennedy, the popular film star, is to appear at the Princess Theatre the week of Nov. 15, in a new play called "Comered" will doubtless attract unusual attention. The play in which Miss Kennedy is to present her talents under the management of Henry W. Savage has its scenes laid in New York City. Mr. Savage announces no details of the plot, saying that "Comered" is a drama of suspense and surprises.

Shea's Theatre.

Ten of America's foremost song writers have combined and entered the vaudeville field and will next week be the headline attraction at Shea's Theatre, when they will offer a selection of modern popular song successes in the musical melange which they call "A Trip to Hittland." MacIntosh's musical maids in Scotch songs and dances, with the accompaniment of the bagpipes, are always welcome here. Henry Green composes songs just as rapidly as he desires; Milton Weeks and Henri Barrow, known as "The Dainty Soprano and the Operatic Tenor," will offer a musical treat to lovers of classical music, while Walter Manthey & Co. present a varied offering introducing many of the new dance creations of the coming season. Muller and Correll are snappy satirists, and the Shea's News Review completes a well-balanced bill.

Amusement at Pantages.

Another big amusement bargain is in store for local playgoers, at the Pantages Theatre next week, and the bill to be offered will abound in singing, dancing, comedy and novelty acts. The Klein brothers, late of "Shubert's Galettes of 1919," will fulfil an engagement made possible thru the postponement of rehearsals for a big Broadway review. Thus they have been induced to present in Toronto the same act that has delighted New York patrons at the "Winter Gardens." Shea's honours comes the ten people musical revue "Broadway Echoes," which, advance reports state is one of the most tabloid musical offerings behind the footlights. LeRoy and Hart will present a singing novelty while others to assist in making next week's program one of unusual interest are "Jupiter and Mars," the Temple Comedy Quartet, and the Gaudinids, the funny clowns who kept audi-

BRITISH MINERS RETURN TO WORK

Full Operations of Mines Is Not Expected Before Monday.

London, Nov. 5.—Reports from South Wales, which was regarded as the center of obdurance during the miners' strike, show that the men are rapidly returning to work. In Lancashire and Cheshire, where the miners also voted overwhelmingly against acceptance of the agreement between their leaders and the government, it is confidently expected that the men will resume work without undue delay, altho repairs in the mines will prevent full resumption of operations till Monday.

At Hamilton, Midlandark a band of young extremists, dissatisfied with the settlement, raided the offices of their union and demanded to see the leaders, who, however, were away. The police were obliged to eject the crowd with drawn truncheons. The deaths are 62 more than in 1918.

BRITISH RAILWAY VICTIMS.

London, Nov. 5.—A white paper shows that in 1919 there were 822 persons killed on the railways of the United Kingdom, of whom 98 were passengers and 361 trespassers (including suicides), and that 28,983 were injured including 2,843 passengers. The deaths are 62 more than in 1918.

At the Star Theatre next week Joe Wilton's "Hurly Bury" makes its appearance in Toronto, and if reports count for anything it will long be remembered as an advanced idea in burlesque. A large cast of competent principals, who do everything that was ever accomplished in a variety show, beautiful costumes, elaborate scenery and electrical effects constitute a large expenditure of time and money. The cast includes Joe (Gabby) Wilton, Jim Bennett, Phil Walsh, Bob Bennett, Charles Tave, Phil Fletcher, Nellie Nice, Mile, Tulane, Arlene Johnson and Glen Walsh. Last, but not least, the big surprise chorus add the necessary touch. A special added feature is Bennett and Fletcher in "Jazzapation."

Godowsky at Massey Hall.

Leopold Godowsky, the super- pianist, admitted the world's master technician, is coming to Massey Hall on Thursday, November 18. The tone of his music is clear, the notes all there, and exquisitely proportioned to express the meaning of the musician. In the field of musical interpretation the name of Godowsky represents all that there is of sanity, of lucidity and unselfishness and temperament are in subtle accord and not only is he an interpreter of other's music, but he has written with a fine feeling for harmony touched with modern freedom of effort. Godowsky is the master pianist. As a technical manipulator of the keys of the piano he has no equal. The seat sale for Mr. Godowsky's appearance in Toronto will open at Massey Hall on Monday, November 15th. In the meantime mail orders will be received.

Nazimova Coming to Regent.

The great Nazimova is coming to the Regent Theatre next week. Today for the last time Robert W. Chambers' greatest story, "The Restless Sex," is being presented, with Milton Davies in the fascinating role of "Stephanie." Nazimova—"Madame Peacock"—the harm of the Regent Theatre—the inspiration of the famous Regent Orchestra directed by John Arthur and Lloyd Collins—what more could be added to the perfect entertainment? Nazimova appears in two characters, each resembling in some measure the great star's own career. The picture is "Madame Peacock" from a story by Rita Weiman and it brings Nazimova to the screen first as Jane Goring, a resplendent stage star, and then as Gloria Cromwell, a young girl as naive and charming as Jane is brilliant.

"Something" Coming to Alhambra.

Jack London's wonder book of the far north "Burning Daylight," is being presented in pictures with Mitchell Lewis in the leading role, at the Alhambra Theatre today. "Something to Think About," a Cecil B. De Mille production, built about the power of thought, and played by Elliott Dexter, Gloria Swanson, Theodore Roberts and Monte Blue, will be shown during the first three days of next week. "Behold My Wife," the picture version of Sir Gilbert Parker's "The Translation of a Savage," is coming during the latter half of the week.

"Civilian Clothes" at Oakwood.

Thomas Meighan in the great stage success, "Civilian Clothes," is coming to the Oakwood Theatre, the picture palace with parking space for 400 motors, during the first half of next week. "Civilian Clothes" will be accompanied by the amusing adventures of "Jiggs in Society." Today the Oakwood Theatre is presenting Roscoe Arbuckle in "The Round Up," the greatest play that ever came out of the west. Van's Troupe of Dogs and Ponies will be seen for the last time today.

At the Family Theatre.

"Halpins" is the delightful comedy at the Family Theatre today. Wallace Reid in "What's Your Hurry" during the first half of next week.

At the Garden Theatre.

Mitchell Lewis is the star in "Burning Daylight" by Jack London at the Garden Theatre today. "Humoresque," the touching romance of the Ghetto, will be presented on Monday and Tuesday.

At the Teck Theatre.

The Teck Theatre today presents "Civilian Clothes" with Thomas Meighan and Henry B. Walthal in "The Confession," on Monday and Tuesday.

HOLLAND MAY ABOLISH THRONE

Commission Proposes Plan Which Gives Opening for a Republic.

The Hague, Nov. 5.—The possibility of becoming a republic is in prospect for Holland under recommendations submitted today by the commission appointed to revise the constitution. If these recommendations are adopted, Holland will have the chance to decide upon doing away with royalty, unless the little Princess Juliana, only child of Queen Wilhelmina and Prince Consort Henry, some day gives birth to a son by a husband whom the Dutch parliament approves as her consort. The princess now is eleven years old.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority, who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief after two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juices, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

DIP IN EXCHANGE DEPRESSES WHEAT

Various Aspects of Industrial Situation Also Tend to Weaken Values.

Chicago, Nov. 5.—Acute depression of foreign exchange had a bearish influence today on the wheat market.

General selling on the part of commission houses took place in the wheat pit, and no doubt was expressed, but that the principal immediate reason was the tumble of francs to the lowest point since last May and severe breaks which had occurred in other European exchanges.

SLUMP STILL ON IN PAPERS AND SUGAR

Another heavy downfall in prices developed on the Montreal exchange yesterday and was again reflected to some extent in this market.

DOMESHARES STRONG ON ALL EXCHANGES

A stir in Dome gave some excitement to the Toronto mining market yesterday. Dome sold at \$12 in New York shortly after the opening, and was quickly followed by the advance of a point to \$13.

PAPERS AT MONTREAL SHOW MUCH BETTER TONE

Montreal, Nov. 5.—The most active day since October 20th was seen in the local stock exchange, and sentiment was decidedly better, with at the close a good showing of gains through the list, Breweries, Spanish common and Dominion being both active and strong.

NEW YORK CURB

New York, Nov. 5.—The market on the curb moved in a listless manner today and prices did not show any definite trend.

TECHNICAL SCHOOL HAS GOOD RECORD

Nearly Three Thousand Returned Men Helped Back to Civil Life.

In his opening remarks at the annual commencement of the Technical School last night, Principal MacKay stated that there were 1,300 present in the hall, and between 1,800 and 2,000 students in the usual evening classes, the great number in attendance at the school prohibiting all from being present at the exercises. Mr. MacKay also stated that now for the first time the entire space of the institution was available for the work for which it was first intended. During the war munitions inspectors and aeroplane mechanics had been trained, and in addition 2,900 returned soldiers had been helped back to work in civil life.

Mrs. W. E. Groves of the board of education was then introduced by Dr. MacKay, as the member of the board who had been chairman of the Advisory Industrial Council during the year, and as one who had shown exceptional knowledge in that capacity. Mrs. Groves was then invited to take the chair for the meeting.

The speaker of the evening, Dr. F. W. Merchant, director of technical education for Ontario, spoke of the natural resources of the country, enumerating their wealth, but pointing out that they were only useful as far as they were available thru intelligence and skill. To obtain these qualities he knew of no higher type of educational institution than the technical school. The speaker congratulated the principal, the staff and the many students who received diplomas and other testimonies of their work. Scholarships, certificates and prizes were distributed by Dr. John Noble, Mrs. W. E. Groves, Mr. George Bridgen and Mr. R. J. Stevenson. The orchestra of the school supplied bright musical selections.

DESIRE PROVISION FOR IMBECILE CHILDREN

Mr. J. Tower Ferguson presided at the annual meeting of the Home for Incurable Children at 152 Bloor street yesterday afternoon. Rev. C. Melville Wright said the opening prayer and Scripture was read by Rev. Gilbert Agar. The report of Dr. L. Bruce Robertson, showed that the general health had been good. It was pointed out that fourteen applications for imbecile children had been made since September, and that these had to be rejected. Stress was laid on the need for arrangement by either the municipal or provincial authorities for an institution and provision for this class of little ones for whom at present there is no provision. Judge Oeler moved the adoption of the report. The financial standing showed that during the year the total receipts were \$35,310.17 and the present balance is \$4,597.09. Requests amounted to \$17,109.97. The financial statement was submitted by Miss M. Buchanan, the treasurer.

The officers of the home are: Mrs. John L. Davidson, president; Miss Rogers and Mrs. George H. Gooderham, vice-presidents; Mrs. R. A. Donald and Mrs. Tower Ferguson, secretaries; and Miss M. Buchanan, treasurer.

ARREST TWO IN MIMICO CHARGED UNDER O.T.A.

Henry S. Hunter, 129 Bleeker street, and Mabel Marton, 73 Shuter street, were arrested last night in the town of Mimico by Constable Athley on a charge of having liquor illegally under the O.T.A. Both were lodged in Court street police station. Hunter and the Marton woman were driving in an auto when arrested. Athley was on the lookout for the two and stopped the auto. In a little satchel, owned by Hunter, he claims to have found four bottles of whiskey.

DEGREE IS CONFERRED OF DOCTOR OF LAWS

The degree of doctor of laws was conferred upon Chester Daniel Massey at Toronto University yesterday afternoon. He was also presented with a portrait of himself, painted by P. H. Varley, O.S.A. As executor of the Hart A. Massey estate, Mr. Massey has given to the University such great benefactions as Hart House, Burwash Hall and numerous other munificent gifts. He is honorary president of the Massey-Harris Company, regent of Victoria College, honorary president of the Methodist Union, chairman of the Massey Foundation and occupies a consultative position in numerous other organizations. His portrait, with that of his son, Mr. Vincent Massey, will be hung in Hart House.

WITHDRAW CHARGES AGAINST CONTRACTOR

County Crown Prosecutor Drops Allegations of Obstructing the Highway.

The much-discussed case of Port Credit municipally against the contractor, R. H. H. Blackwell, on charges of obstructing the highway at the Credit River bridge and endangering the lives of pedestrians, which was to have been reopened before Magistrate Crawford in the local police court yesterday afternoon, was dropped at the eleventh hour, when the Crown Prosecutor Morphy of Brampton, who had charge of the case for the village, announcing that, with the consent of both parties to the action, no further proceedings against the defendant would be taken, and that the charges against him were withdrawn, neither side having the privilege of reopening the case.

Among the chief witnesses cited to attend yesterday were: George E. Gooderham, chairman of the Toronto-Hamilton Highway Commission, and J. Godfrey, Toronto solicitor, who owns a summer residence near Port Credit, but of these gentlemen were called upon to give evidence.

The two houses standing on the property which the Presbyterian Church has purchased in the village as a site for their new place of worship, have been bought by James Craigie, who will at once proceed to have them removed.

Pleading drink as an excuse for having stripped a clothes line of over 110 worth of garments belonging to Joe Larwood of Cooksville, Jack Clay of Brindale was fined, and costs in Port Credit police court by Magistrate Gordon, who sentenced the accused as to his future behavior.

MISCHIEVOUS BOYS CUT DOWN TREES

Horticultural Society is Doing Good Work to Beautify the District.

The Horticultural Society of Weston feel keenly a trick played upon them recently when three American elms in the park over two inches in diameter, were cut off about three feet above the ground. The damage was evidently the work of some irresponsible boys.

Two years ago, the Weston Horticultural Society, in a membership campaign that carried three-quarters of the town, raised \$200 and planted secured three at \$1 each, and planting them in progress periodically since, and the whole number will be completed in time.

Naturally with over 1,700 members, many of whom are boys and girls who after four years' training in horticulture, assisted Weston this year to capture the provincial prize at the Canadian National Exhibition, there is disappointment after two years' grace the entrance to their park.

The older members consider the incident as an example of what comes from inefficient home training.

The mayor and reeve of Weston waited on the Toronto and York Good Roads Commission yesterday afternoon to ascertain if the commission had any objection to the street car tracks being placed in the centre of the highway thru the town. The commission informed them that they had no objection; in fact, they would be pleased to see the tracks in the centre.

ACCUSES FORMAN OF BEING PROPAGANDIST

Taxpayers' Money Being Improperly Spent, Citizens Complain.

George A. Conlan has written the following open letter to the mayor and board of control:

It has come to my knowledge that Assessment Commissioner Forman has been having printed and distributed, without any authorization from the council, at the public expense, misleading extracts from the report of the Manitoba assessment commission in support of his reactionary views of taxation.

As a taxpayer, I wish most emphatically to protest against the use of taxpayers' money for Mr. Forman's propaganda purposes.

Mr. Forman is a public official, and a public servant, and should confine his public activity to the administration of the law, not to oppose its amendment. He should be called upon to reimburse the city for his unauthorized expenditure of public money, and be censured for his impertinent interference with matters outside of his official duties.

OPEN UP BALANCE OF DAVIES ESTATE

First Sub-Division on the West Side Is Now Practically Sold Out.

The Trusts & Guarantee Company are making preparations to open up the balance of the Robert Davies estate, consisting of about one hundred acres on the east side of the Don Mills road, according to their representative, Mr. Rapp, who points out that the first subdivision on the west side is practically sold out, and several buildings are at present in course of construction.

Complaints are being made by prominent Tolmorden residents of the card-playing and gambling at present taking place in the district. Recently, during a fracas, gun play was resorted to, and what might have been a tragedy was narrowly averted. The county constable has been communicated with.

BRICKLAYERS MEET. Lodges No. 6 and No. 20 of the Bricklayers' Union last night met in executive session to discuss ways and means of meeting the exigencies of the coming year. John Vick, business manager for the union in Toronto, stated that it was intended to follow out the recommendations of the joint industrial council in having agreements ready for the new year concurrently on January 1.

Another meeting of the executives is expected to be held next Tuesday night, when the matter will be further discussed.

RAMSDEN MAKES ATTACK ON LEWIS

Accuses Candidate of Misusing Position With Waterways Commission.

Two surprises were sprung on a large meeting in Winchester Hall last night, held to further the interests of the Liberal candidate, Major Kippen. Controller Ramsden produced a letter sent out yesterday morning by Major Lewis to the electors asking for support. The letter was typed

written on notepaper belonging to the Canadian Deep Waterways and Power Association and the names of the principal supporters of the association were printed at the top. They were Sir Adam Beck, W. M. Gemman, K.C., Mayor Church, F. Maclure, E. L. Cousins, G. G. Guy and Major A. C. Lewis.

Controller Ramsden claimed Major Lewis had obtained \$2000 from the city for his association, and now "he was prostituting it in trying to get elected in Northeast Toronto."

Dewart's Defence.

The second surprise was a defence by H. Hartley Dewart of his position as a politician and lawyer. He said some people objected because he sometimes got a brief for a client and gave honest service. He had, he declared, represented before the courts the city, the Hydro and other corporations. His pockets were not filled with the moneys of corporations, and it was a fact that he was a poor man today because he gave honest service to everyone. Mr. Dewart de-

clared that he had ever received a retainer from a corporation in his life. Mr. Dewart referred to the timber enquiry and asked, "Why is Howard Ferguson not on Major Lewis' platform?"

Rejoinder by Ramsden.

Major Kippen, who was given a good reception, referred to the speech of Lewis. Col. Burton made the previous evening. Major said that the incident was an unfortunate one for him. If for some moment he or any one else on the platform had thought or imagined Col. Burton was going to make the remarks he did he would not have allowed him to speak.

Among the other speakers were John O'Neill, M.L.A., Col. Cooper, ex-Mayor Oliver, Thomas Rennie, Major Latimer and Mrs. Ferguson.
