An Astounding Case After 22 Years

Mrs. Makepeace Makes a Statement.

MRS. ALICE MAKEPEACE

I, Mrs. Alice Makepeace, of 24 McNeil street, Fairville, do herewith solemnly declare: For twenty-two years I suffered the shame and humiliation of a loathsome disfigurement. I was so distressed by my frightful condition that I was ashamed to go out or to be seen. My face, neck and whole body was a mass of irritating eruptions, blenishes and scabs. Some doctors said it was from the blood and others that it was all in the skin. Anyway, not one of them was able to help me. They tried medicines, ointments, blood mixtures, lotions, serums, anti-toxins, capsules, tablets and injections of all kinds. They did all they could, but nothing they prescribed did me an atom of good. After trying in vain for twenty-two years to find a cure I only found that DRUGS DO NOT CURE. After one skin and blood specialist had failed to help me, he said I would never be cured. Imagine my despair and agony of mind at the thought of having to suffer from such a horrible disease for the rest of my life. Discouraged and discouraged by failure after failure I had lost all hope when I heard of the wonderful cures Dr. Talbot of Charlotte street was making and as a last resource I placed myself under his treatment. The result has been so remarkable that it seems like a miracle and I feel it is my Christian duty to tell my experience to others afflicted that they may profit by it and not waste their time and money on worthless treatment as I did. When I went to Dr. Talbot my condition was appalling. No one could be worse. With hideous eruptions, scabs, scales and encrustations all over me I looked like a leper. Today I am, thanks to Dr. Aubrey Talbot, absolutely cured. My skin is clear and smooth, all traces of the disease have disappeared and my general health is better than ever. My photo taken since Dr. Talbot's treatment shows what his wonderful method of healing without drugs has done for me. Truly it seems like a miracle.

One of Three Found Guilty of Assault

After a half hour's consideration of the facts in the case of the King vs. George Winchester, Harold Winchester and Robert Short, the jury returned a verdict in the Circuit Court last evening at 8:30 o'clock, acquitting Short and finding Winchester guilty of the offence with which they were charged and exonerating George Winchester from this charge but finding him guilty of criminal assault. The latter was remanded for sentence and the other two prisoners were discharged from custody. Court adjourned until Aug. 4.

THE MARITIMES AND FREIGHT RATES.

The Nova Scotia Government has agreed to pay its share of the cost of an expert on freight rates to prepare the Maritime case for presentation to the Railway Commission.

"TO THE LAST MAN."

In discussing Earl Haig's visit Canadian writers are recalling that seven years ago the great war was in its most critical stage.

It is agreed on all hands that transportation rates have a most important bearing upon almost every Maritime activity.

The pleasing suggestion that war over the ownership of the polar regions is possible is made by the Boston Transcript.

There is another suggestion that might command approbation. It is that a large region, with the Pole as the centre, be set aside as an international reserve.

A Clerical Alarmist

A highly sensational interview has been given in Montreal by the Right Rev. Dore Bryand, who is described as archbishop of Montreal and the south coast in the diocese of Goubaux, Australia.

Without belittling the points of difference between the United States and Japan it must be said that our visitor from the southern seas appears to be an earnest sufferer from a bad attack of nerves and discussing matters with which he is not competent to deal.

The opinion that Japan could land two or three million trained men in the United States is not a new one.

Many Opposition supporters were in the big crowd, which gave the Premier generous applause.

Japan is as far from Australia as the United States is from Europe.

It is just such mischievous, uninformative talk as comes from the Right Rev. Dore Bryand that causes races in arms.

Lord Reading, the Viceroy of India, is home. His old legal friend, Lord Birkenhead, is now the secretary of State for India.

When the mountain-climbing party, including H. P. Lambert, of Ottawa, reached the summit of Mount Logan— which is 19,850 feet high—they found it continually swept by blizzards.

Measured by the gold standard, it must seem hard to discover what results are likely to accrue from the Mount Logan expedition.

SHEDIAC, July 30.—At least 1,800 people were present tonight in the Public Square in front of the Weldon House when Hon. Dr. P. J. Veniot addressed his only Westmorland county audience in this campaign.

He attacked the veracity of Alexander J. Doucet, M.P., for Kent, who had charged Hon. J. A. Michaud in various speeches with accepting money from liquor interests.

He attacked the veracity of Hon. Dr. Baxter in the matter of the International Paper Co. indemnity conference.

Many Opposition supporters were in the big crowd, which gave the Premier generous applause.

Hon. Dr. Veniot received a generous reception when he was introduced.

At the request of the Premier, the creamery had changed its management and financial methods.

DECLARING that the Power Act of 1920 would give him the right to cancel any contracts which the present Government might enter into for the development of Grand Falls hydro, Hon. Dr. J. B. M. Baxter, leader of the Opposition, today replied sharply to the alleged accusation by Premier Veniot that in assuming this stand, he was "bluffing".

Dr. Baxter and the other candidates in the recent John City and County spoke to an audience that occupied every available seat in the Opera House auditorium and many on the stage of the theatre.

OTHER CANDIDATES. The four city candidates and Mayor F. L. Potts, who is running in the county with Dr. Baxter, all spoke, keeping their remarks within the fifteen-minute limit allowed them.

ASKS ABOUT MARKET. "Can you get the market for Grand Falls, and get it early enough?" he asked.

DR. BAXTER PRESENTED. Dr. Baxter, introduced as the "next Premier of the Province of New Brunswick," was greeted with loud cheers as he came to speak.

He asserted that, as Attorney-General of the province, he had arranged the first step to protect the working man in the matter of compensation, before the act came in force, by limiting the fees to lawyers in court cases in this matter.

CHOOSE COMMISSION. Then he was entrusted with the handling of a commission on the compensation act, Dr. Baxter said, and he set about to do so without any political considerations, choosing Messrs. Simms, Cudlip and a representative of labor, a man with Mr. Knowlton as chairman, among who was opposed to him in politics.

He denied that he was going to abolish the Workmen's Compensation Act, Dr. Baxter declared that the Premier was trying to drag in scandals of long years past, a cost of \$3,000,000, and not \$2,000,000, as estimated by Mr. Foster.

MUSQUASH ATTITUDE. Musquash, he said, was pulling through, and he was not finding fault with the Government for developing Musquash, but he said that in fixing the price at which the electricity was to be sold, the Government should have had in mind a cost of \$3,000,000, and not \$2,000,000, as estimated by Mr. Foster.

ISSUES CHALLENGE. He said if Mr. Veniot could prove that he had taken \$1 dishonestly, there would be \$10,000 for each one which Veniot proved that he (Baxter) had taken.

SPEAKS ON TAXATION. Every dollar paid by people in Canada, the speaker declared, was allowed up in railway deficits at Ottawa. The burden of taxation, he said, was falling up and was squeezing some of them out of the country, out of the province, out of the city.

GRAND FALLS. "This party is pledged to carrying out the work at Grand Falls if it can be done without accruing more loss to the province. If Grand Falls cannot pay its own way, we are not going to do it. We have the same policy for all parts of the province."

He denied that any of his statements on Grand Falls were conflicting, as charged by Mr. Veniot. How about the man who a year ago said he would leave the matter to the people, and now, ten days before the election, is preparing to sign contracts, he asked.

THE VALLEY RAILWAY. Through the Valley Railway, Dr. Baxter said, every four years a million dollars was added to the debt of the province, because earnings did not cover expenses.

"If Grand Falls should produce a result like that, there is no sense in going ahead with its development." To ground pulp mills, he said, would cause a loss of 50 per cent, by the utilization of Grand Falls power. To transmit it to Saint John, he said, would cause a loss of 50 per cent, by leakage and was, therefore, not to be considered.

He declared that the company granted \$1,000,000 and he cut them down \$800,000. But how did he reach the \$1,200,000? By taking the original cost of the property and adding compound interest.

He said that this was nearly 2 cents a k.w.h. higher than the city was paying, and the other people of the province would be called on to make up the difference.

Referring to the report of the Hydro Commission, Dr. Baxter said that a surplus of about \$50,000 was shown, while about \$200,000 was required for sinking fund to take care of the bonds.

He criticized Attorney-General Rand for sneering at Donald Fraser's efforts on behalf of the "soul" of the province. He declared there was no agreement between the Frasers and the province for use of power, and when he had said this in the presence of Donald Fraser at Grand Falls it was not denied.

An agreement had been entered into by the Hydro Commission binding itself to sell either 10,000 or 14,000 horsepower from Grand Falls to the International Paper Company at any time but the company was not bound in any way, while the commission was bound not only to provide the power but to hold it in reserve for six months with provision for a twelve months' extension without the company being compelled to pay a cent for it.

Proceeding further with the agreement with the International Paper Co., Dr. Baxter said that the Baturst Company could not buy more power from New Brunswick until the International Paper Co. had been given an opportunity to purchase the available power.

"Assuming the role of the prophet, Mr. Veniot recently told one of his audiences that I was not going to be Premier of this province," Dr. Baxter declared; "but I say that I will

CANCELLING CONTRACTS.

"Mr. Veniot has accused me of 'bluffing' in declaring that, if elected, I will cancel the Grand Falls contracts. He says I have not the power to do so. Well, I need.

"According to the Power Act of 1920 no man can go into court and bring actions without the consent of the Attorney-General of the province.

"Therefore, nobody can bring action against the province without the permission of the Attorney-General. And I can assure you that the Attorney-General in my cabinet will not allow any contractor to sue for damages on account of broken contract.

"Now will Mr. Veniot say that I am 'bluffing' again?" Dr. Baxter said.

The speaker closed his address with an appeal for support on behalf of himself and colleagues.

OPENS THE MEETING. Commissioner Wigmore presided at the meeting. He spoke of the gratification the candidates must feel at the large audience and taking an interest in the most important election in recent years.

In presenting James Lewis he declared Mr. Baxter needed to be kept in being well known to all.

Mr. Lewis declared he was a strong supporter of prohibition and expected to work for it.

L. P. D. Tilley, K. C., declared he would not do what Attorney-General Rand did in nearly pushing Hon. Dr. Foster off the platform and in obliterating the Government's interest in the lumbermen's strike.

Mr. Rand, he declared, had put the last nail in the coffin of the Government party on the platform of Wednesday night when he attacked the lumbermen of New Brunswick and The Telegraph-Journal.

He had made a tirade against 800 or more of the people representative of all walks of life who had gone to Ottawa to plead for continuing power. He had declared they did not know what they wanted, and more than 50 per cent of them were supporters of his own party.

ATTACKS ENFORCEMENT. Speaking of prohibition, Mr. Tilley declared he had always been a temperance advocate. Referring to the stampage rates he declared that the greatest fear enacted and being carried out today was the enforcement of the Prohibition Act.

He declared the Government was carrying out the law in a most arbitrary and was openly convicting at the breaking of the laws by the vendors and was asking why they should be more. The total sales in the province in a year had been \$1,997,468, he declared, citing Premier Veniot as his authority.

He declared if he were an ardent prohibitionist, as were Dr. Roberts and Mr. Rand, he would have taken hours as a Government member.

It was being said that as soon as Dr. Baxter was elected to power, he would abolish the Health Centre. He denied this absolutely.

He declared that the new Government would abolish the Compensation Act.

REFERENCE TO RAND. In that section of his address referring to Hon. Ivan C. Rand, Mr. Tilley said:

"I should like to ask the following question: Who is the finishing touches to the Government campaign on Tuesday evening last in the 'Imperial'?" The answer came back promptly: "The Hon. Ivan C. Rand, Attorney-General and member representing the county of Gloucester."

"The Honorable the Attorney-General is no doubt a good lawyer and a clever politician, but as a politician he seems to be a considerable of a failure. A modest, unassuming legal gentleman, he has been overthrown by a man, by seven or eight hundred majority.

WENT TO GLOUCESTER. "He then turned his eyes to Gloucester, the home county of the Premier, and received his election by a reduced majority over what the former Government carried off with ease. He has thrown over the county of Gloucester and is now seeking a political refuge in the good county of Albert, which year in and year out returns such splendid representatives as Mr. Fock and Lewis Smith, and will again carry the day in the interests of the Opposition."

"Mr. Rand seemed to be in a critical mood. He attacked the lumbermen of the province; he attacked the delegates (three hundred and fifty strong) who waited on the Government several months, and then both political faiths demanding that the rights of the Province of New Brunswick be overlooked."

REFERS TO SPEECH. "What did he say about them in his speech in the House of Assembly? This is what he said: 'The delegation which recently visited Ottawa to press the claims of the Maritime Provinces made itself ridiculous. They did not know what they went after and they did not know when they got there what they went after.' And yet the majority of the men who composed that delegation were leading liberals from all over the province."

"The best piece of newspaper work that has been done in the interest of the province for many years was that of sending Mr. Belding to all parts of Canada for the purpose of interesting and bringing to the attention of the rest of Canada the claims of the Maritime Provinces. The work was wonderfully and effectively performed, and yet Mr. Rand refers to the delegation and Mr. Belding's work as a newspaper stunt." All I can say is that I hope we will have a good many more newspaper stunts such as the work performed by Mr. Belding in the interests of the province."

COL. HARRISON SPEAKS. Lieut.-Col. W. H. Harrison said he knew of ten reasons for believing there should be a change in Government. The first was that the Government had been steadily, despite its pledges, increasing the debt of the province.

The Opposition believed in a Health Act and enforcing it in a reasonable way. The cost of the department to the province last year was \$84,000, he said.

He believed better service could be obtained for less money. Referring to pasteurized milk, he declared that where an act had been passed enforcing people to drink pasteurized milk, the Health Department had made a mistake.

When the party was returned, he said, it stood for progressive policies. One matter he would discuss with

GETS CONTRACT FOR STEEL FERRY HERE

Dry Dock Co. to Build Vessel For D. A. R. Bay of Fundy Route.

A contract for building a steel ferry has been secured by the Saint John Drydock and Shipbuilding Co. Ltd. and work will start on Monday. The ferry has been ordered by the D. A. LEADING PITCHER IN CITY LEAGUE TO RECEIVE SILVER TROPHY

R.W. WIGMORE TO PRESENT CUP AT BIG BANQUET

Question of Postponed Games to Be Settled Tonight

THE leading pitcher in the City Senior League will receive a cup, donated by Hon. E. W. Wigmore, at the closing banquet in the Admiral Beatty Hotel on the night of August 18, it was announced today by the president, Commissioner Wigmore has taken considerable interest in the league race this year in view of the great fight being made by the Water Dept. team for the flag, and when approached for a cup readily consented to donate one. He will present this cup at the banquet, preparations for which are now in the final stages. Every baseball player in the league will go to this banquet free of charge, it has also been announced, all five team managements agreeing to pay the cost. The expenses of the banquet already have been met through the series of exhibition games played recently.

Mabel Thomson Loses on Nineteenth Green—Other Results of Golf Tourney

Miss Mabel Thomson of this city was eliminated in the semi-finals of the Maritime ladies' golf championships held at Yarmouth yesterday. In the second round she defeated Mrs. Walter Muir, but in the semi-final lost out on the nineteenth green after a great fight for honors. Miss Audrey MacLeod of this city was defeated in the second round by Miss Edith Bauld of Halifax, nine and eight. Other results in which Saint John ladies figured were:

Third Place Teams In Major Leagues Look Like Pennant Contenders

Along The Sport Trail

MORE THAN ordinary interest will be manifested by citizens of this city in Gertrude Ederie's attempt to swim the English Channel on August 3. This youthful aquatic star won her way into the hearts of many citizens when she came here a few years ago to participate in sports held at Lily Lake. At that time she was conceded to be an exceptionally fast and powerful swimmer and was easily the star of the group brought here to give exhibitions. If weather conditions are favorable on that date she will set forth to battle against the strong tides and turbulent waters in an effort to win the honor of being the first woman to ever swim the channel. James Wolfe, her trainer, proposes to secure several "baptisms" to furnish much needed to the best of her stroke. They will take relay and play continuously from the time she enters the water until she either succeeds in realising her ambition or else is forced to desist. Friends here will certainly unite in wishing her luck.

A FAN wants to know if after a league ends all postponed games that have not been played are thrown out. In the major and minor leagues this rule is carried out, but in amateur leagues the executives usually decide what their action will be.

THAT Miss Mabel Thomson has evidently returned to her old time golfing form is certainly gratifying to her many friends in this city as well as to Saint John players in general who used to follow her success in Maritime tourneys as well as national competitions. She has been playing with consistency for years but did not enter actively in competition during the past two or three seasons. In the tournament in Yarmouth she has demonstrated that she still retains much of her skill both in driving and putting. Saint John is not any too well off in female exponents of the Scottish game and no doubt the recent visit of the Upper Canadian champions, who came here under the auspices of the Canadian Ladies' Golf Union, has had an inspiring effect.

BOXING FANS who have followed the career of Tommy Gibbons will regret to hear that he has decided to forsake cauliflower circles. He was very popular with the fans due to his gameness and all-round good sportsmanship.

LOCAL ATHLETES contemplating entering any of the three big track and field meets which are to be held in this city, Charlottetown and Halifax, would do well to start right in training if they hope to win any honors. The provincial championships which are to be held here on August 15 should give all a chance to test their speed and agility and in addition the necessary edge to compete with the pick of the athletes who have entered the Maritime championships at Charlottetown on August 26. The future national championships are slated for Halifax on September 5 and undoubtedly all will be eager to win laurels in this big classic. Saint John can boast of some very promising material and with proper coaching and training they should be able to hold their own with representatives from any part of the Dominion.

CHARLIE GORMAN REMAINS AT TOP OF BATTING LIST

Water Department Win And Gain In The League Race

THE Water Department crept up on the St. John Baptists by taking an easy decision over the weakened Trojans on the South End grounds last evening, 15 to 3, and Charlie Gorman, by cracking out two hits in five times up, maintained his lead for the batting trophy. The first three times up, Gorman failed to place his safely, but in the last two times did better. The standing of the leaders now is:

THE issue was never in doubt right from the start when the Watermen punched over three runs, increasing it as the innings went by. The Trojans are without the services of Leslie Kerr, who is laid up with tonsillitis, Eddie Cox with blood-poisoning, and MacGowan with an injured knee. "Sticker" Daley was on the mound and was hit hard by the Watermen, Bartlett, Sparks, Corrigan and Manager Snodgrass getting three hits each.

SAINT JOHN POWER BOAT CLUB RACES

Programme Lacked Pep and Many Spectators Left Before Final Event.

The Saint John Power Boat Club races were conducted in Indian Harbour last evening. A large number of people assembled to witness them, but many left before the programme was completed. This was attributed to the fact that there was no "pep" to the events, and with an exception of the speed boat race they resembled more of a parade than a series of races. So many other boats were sailing about that it was almost impossible to follow those competing for honors. The Tut was late in arriving down river from Renforth, and many who went to see this feature went home disappointed.

Ossie McDonald was on the mound for the winners and had 10 strikeouts to his credit, in addition to holding the opponents to five scattered hits. Jimmy Christie started for Fair Vale, but had a sore arm and retired in favor of Sullivan. As a result of the victory, Rothesay are now leading for the large trophy emblematic of the championship.

NEW YORK, July 31.—Third place teams are perking up in the major leagues, and Cincinnati in the National and Chicago in the American, as the result of sports, have a good chance to break up two team fights for the flags. Scoring a clean sweep in their Philadelphia series for a sixth straight victory, 6 to 2, the Reds bore down on the Pirates and Giants in the senior league, while making their own grip in third place more secure against the challenge of Brooklyn, five and one-half games from second place, the Reds, who have been playing good and bad baseball, receive Boston in Redwood today with hope of getting into the thick of the pennant hunt.

VENIOT OFFERS TO MEET BAXTER IN JOINT DEBATE

pected benefits from Grand Falls development and said Angus McLean, of Bathurst, had had a change of heart regarding the project. Then followed statements regarding Mr. McLean and the lumbermen and Dr. Baxter and the International Paper Company indemnity conference, which have been published. He repelled what he termed Dr. Baxter's insinuation of there having been graft at the conference and charged the Opposition leader with telling an untruth and condoning scandals under the old administration. Dr. Baxter, he further said, had condoned stealing from the province.

DENOUNCE POLICIES OF VENIOT CABINET

Health Act and Pasteurized Milk Under Criticism at Westfield.

WESTFIELD, N. B., July 30.—Roundly denouncing the policies and administration of the Veniot Government, the Opposition candidates of Kings county, J. W. Smith and A. J. Brooks, gave vigorous and much applauded addresses before a largely attended meeting in the Westfield Agricultural Hall this evening. Mr. Stevenson was the chairman.

CRITICIZES DR. ROBERTS.

He believed pasteurized milk was introduced into the State of New York by Dr. Oser, who said that men ought to be chloroformed at the age of 45 or 50, and "Dr. Roberts" had a swelled head like Dr. Roberts'. The undertaking business Mr. Smith considered the best one in this country. He noted also that pasteurized milk was not meeting with much approval in Saint John and he declared emphatically that a law which compelled the mothers of the country to feed their children "this stuff" should be abolished. He closed his attack upon the Health Act by saying it had cost the province \$88,000.

FAVORS GAS TAX.

Dr. Baxter's plan to put the tax on gasoline for tourists Mr. Brooks considered a good idea. As it was, the road tax he held to be becoming more burdensome every year.

CITY LEAGUE GAMES.

This evening's schedule calls for a double-header, the St. John Baptists meeting the Royals in the North End and the Trojans and Saint Johns in the South End.

Ball Team From N. B. Telephone Company Defeats N. B. Power Nine.

In the Commercial League schedule the New Brunswick Telephone Company team defeated the New Brunswick Power Company team in a seven inning game on the Barrack Green. The score was ten to five. The batteries were, for the winners,

MARKHAM AND SPEEDY, AND FOR THE LOSERS, BURGESS AND MOORE.

Speedy and Burgess both got three base hits and the Power Company team staged a double play.

BAXTER UNABLE TO MEET VENIOT IN JOINT DEBATE

Itinerary Arranged and Cannot Be Changed, Says Opposition Leader

FIRST NOMINATIONS FILED IN COUNTY

Resignation of Local M. P. From Ottawa House Accepted—Away on Tour.

Hon. Dr. J. B. M. Baxter, K. C., who recently accepted the leadership of the Conservative Party in New Brunswick and who will contest one of the seats in Saint John County in the coming provincial elections, announced this morning that his resignation as Member of Federal parliament had been accepted in a telegram received from the speaker of the house. Dr. Baxter's nomination and that of Mayor Frank L. Pettis at the city of Saint John, who will be his colleague in Saint John county, were filed yesterday afternoon with Sheriff A. Wilson, county returning officer. These were the first nominations filed.

CANNOT ACCEPT
Asked this morning regarding a challenge issued last evening by Premier Veniot at Shediac, in which he expressed a desire to meet Dr. Baxter in a public debate in Saint John, the Opposition leader said that his engagements had been made for some days to come and it would be impossible for him to change them now to address another meeting in Saint John. He expressed the opinion that Mr. Veniot knew this when he issued his challenge, and would not have suggested the joint meeting had he known that Dr. Baxter would be in a position to accept.

AWAY ON TOUR
Dr. Baxter is leaving this afternoon on his final tour about the province before the balloting takes place. Tonight he will address a meeting at Cady's Queen's county. The rest of his itinerary is as follows:—August 1, Campbellton; August 2, nomination day, Gagetown, later in day at Chipman; August 4, Sackville; August 5, Fredericton; August 6, Albert county; August 7, Fredericton; August 8, Sussex.

SIGN NOMINATION
The nomination papers of Dr. Baxter and Mayor Pettis contain the names of Dr. J. Herbert Barton, Edward H. Cairns, Walter L. Doherty, D. C. Clark, Harold P. Crouse, Charles O. Morris, Mrs. Lillie M. Fenton, Harold Mayes, H. Marshall Stout, Dr. F. X. O. Connor, James Russell, George Williams, George Maxwell, W. T. Nilsson, E. J. Brown, Neil Mackellar and Michael T. Colohan of Lancaster; Frederick Thompson, Joseph Harter, James K. Corcoran and Alex. Corcoran, Dipper Harbor; Alfred Shepherd, Musquash; William J. Johnston, Mrs. Annie Johnson, and William B. Daley, Loch Lomond; Edward Quinlan, Willow Grove; Robert G. Hardingville; Harry Shillington, Silver Falls; Robert McAllister, East Saint John; Connelton Roberts, E. T. Hodsmay, Roy F. Fowles and Thomas B. Carson, St. Martins.

NOMINATION DAY.
Nomination day is on Monday next. The ballot opens at 10 o'clock (city time) and closes at 1. After that hour no further nominations may be received, and until 3 o'clock objections may be taken against the papers filed or any of the candidates as to their qualifications.

TWO SCOUT TROOPS PREPARE FOR CAMP

Assumption Boys Going to Terryburn; St. James' Group to Crystal Beach.

Two scout troops are planning their annual summer camp to commence next week. They are the 28th Saint John (Assumption) Troop which will hold its camp at Terryburn from August 5 to 12, and will be in charge of Scoutmaster Harry Peters and other capable members of the troop. The St. James' Troop will hold a camp at Crystal Beach from August 4 to 16 under the direction of L. L. Johnson, district secretary, who will be assisted by J. J. Legault, assistant scoutmaster of No. 1 Knox Troop.

A fine programme has been planned for these camps, and all arrangements for the same are now being completed. The leaders to the St. James' camp will go to Crystal Beach tomorrow to make the final arrangements, and the main party will go up on the Steamer Majestic on Tuesday morning.

Visitors' Days
Saturday, August 8, will be visitors' day at the St. James' Camp when it is expected that several of the boys' parents will visit the camp and spend the day. The St. James' scouts have chosen the name of their camp to be "Camp Wantonit" which is characteristic of their aim at learning something during their 10 day stay under canvas.

HERE FOR MEETING

Premier and Other Members of Hydro Commission to Open Tenders Today.

The tenders for the Grand Falls development will be opened at the meeting and an award made.

City Profits By \$40 From Main St. Dance

THE city coffers benefited to the extent of \$40 as the result of a dance for colored folks at 594 Main street last evening. The dance was not advertised to replenish the civic treasury, but the net result was the same. First, Clarence Peters got into an argument with Mrs. Stanley Bristol, and, according to Mrs. Bristol's evidence in the court this morning, Clarence took a swing at the lady's jaw. A \$20 fine was imposed. A few hours later, Stella Owens appeared before the magistrate and was charged by Mildred Howe with banging one on the jaw, the statement all happening at the dance. Result—another \$20 fine. Grand total, \$40.

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I ain't sure but what I ain't got to be in jail."

"I don't think there is any doubt at all about it," said the reporter. "I'll call the police if you say so. Or shall we give ourselves up?"

"The more I read in the papers," said Hiram, "about what one crowd has been doing, and what the other crowd is just waitin' for a chance to do—the more I feel like apprayin' myself fer fear the bug'll git me too. Anythin' round here I kin steal this mornin'!"

"Here's your pocket-book," said the reporter. "How'd you git that?" demanded Hiram.

"You're another," said Hiram.

LEGS SEVERED IN FALL FROM TRAIN

Father Was Fatally Hurt in Fall From Train Ten Years Ago.

Mrs. Charlton, 78 Lombard street, accompanied by her mother, Mrs. Sarah Carr, Waterloo street, left early this morning for Moncton to bring back the body of her son, Percy Charlton, who died as a result of having his legs severed while boarding a train en route to Saint John about 2.30 last evening at Moncton.

It is expected the body will be brought to the city this afternoon or evening, being the corner at Moncton decided upon holding an investigation into the cause of the accident. From information gleaned today it appears young Charlton, who was 19 years of age, accompanied by his brother, George, and a pal, Vincent Ougier, also of Lombard street, here, left for Moncton in quest of work and were seeking employment from place to place. It is stated they travelled to Moncton on freight trains.

MISSED FOOTING.
It was while boarding No. 48, the Montreal passenger express, young Charlton lost his life. The lads were catching the train while it was moving out of the yard about a third of a mile from the depot. Charlton missed his footing and the wheels went over both legs above the knees. He was rushed to the Moncton City Hospital and died before midnight.

Young Ougier, seeing the accident, jumped off the train again, but George Charlton, the brother, not noticing the accident, continued on to the city. Besides the mother, who is a widow, and George Charlton, the brother, the other members of the family are Ralph, employed in the cotton mill; Nelson and Walter, two little boys; and a younger sister, Nettie, a younger sister. The family is identified with Trinity church congregation.

FATHER WAS KILLED.
William Charlton, father of the victim of yesterday's accident, was killed while teaming for the Sands Express Co. about 10 years ago. He was driving out of an alley in Paradise Row when he was thrown from the seat. His legs caught in the reins and he was dragged with force against a telegraph pole, fracturing his skull. Since that time the growing children have struggled to keep the home together.

should be considered from two standpoints — beauty and strength of construction. Some dealers, in their desire to cut prices show suites which are superficially attractive, but cannot possibly give many years of service. This is one of the reasons why you should come to a reliable concern which has proved, during more than thirty years of its business career, that no goods of an inferior character are sent out to its customers under any condition.
