MADERO'S FATE A SECOND INTEREST

Mexicans More Concerned About Matter of Peace

NOT AT ALL ASSURED

Open Refusal of Allegiance by Governors in North is Reported—Huerta Has Assured Madero's Wife That His Life is Safe

(Canadian Press)

Mexico City, Feb. 21.—The fate of Francisco Madero and Jose Pino Suarez, deposed president and vice-president of Mexico, has lost precedence in the interest of the residents of the capital, who are now more concerned with the question as to the extent to which Mexico is yet in a state of revolution in spite of the termination of hostilities in the capital and the establishment of a new administration.

The disposition of the fallen rulers had not been settled this morning, and what the status of some anxiety, but what ever it may eventually be, is regarded in many quarters as of little consequence to the nation compared with what the existing rebel forces and the prospective rebels are going to do.

In view of General Huerta's personal assurance to Senora Madero that her husband was not to be killed and also the fact that his life was not taken during the excitement attending his downfall, it is believed that some more humane measures will be devised for his elimination from public life.

General Pascual Orozco, according to newspaper despatches from Chihuahua yesterday conferred at Hermosillo in the state of Chihuahua, with David De La Fuente, who has been chosen from the rebel list as a cabinet minister. Orozco will accompany Senor De La Fuente, it is said, to the federal capital personally to profess his allegiance to the new government.

General Aguilar and Col. De La Llave, who have been in rebellion in the south, are reported to be in accord with the new administration.

Enimaeze Felix Diaz started today on a trip through the country to visit his partisans that everything had been adjusted and to ask them to recognize the government of General Huerta.

On the other hand there has been no intimation from Emiliano Zapata nor from the always elusive Generoso De La O who conform with the new order of things.

Beyond this reports have been received from the north which appear more serious, namely that the governors of Aguascalientes, Nuevo Leon, Coahuila and Sonora have openly refused allegiance. Whether or not this will take the form of active rebellion is speculation.

Mexico City, Feb. 21.—General Diaz came into his own here yesterday afternoon, so far as a manifestation of popular approval was concerned. Riding at the head of his troops which for some days withstood the attacks of the government, Diaz received such an ovation as had not been witnessed here since the triumphal entry of Madero at the close of his revolution.

Torreon, Mexico, Feb. 21.—There is general relief by all classes in Torreon at the fall of Francisco Madero and his government. More confidence appears to reign in the city in business circles although the name of his successor in the presidency has not yet become known here.

TURN WATER INTO PANAMA CANAL BED IN OCTOBER

Washington, Feb. 21.—On or about October 7, the water will be turned into the canal bed, for, by that time, it will have risen behind the great dam at Camasa to a height of seventy-four feet above sea level.

The army engineers are looking forward to the opening of the sluice gates, for it will give them opportunity then to test the proof of the assertion that the slides of earth and rock in the culvert cut can be removed cheaply and with little trouble by means of dredges, and that the slides will present little engineering difficulties.

More than 2,000,000 yards of earth and rock are in motion along the Panama Canal, and the slides are showing more than usual activity. This was the information received from the canal zone today.

In addition to the slides, which will involve additional work before the water is turned into the canal, there still remains about 4,000,000 yards of excavation before the work is completed.

A SPRING DAY. You may read February 21, 1913 as a day of spring. It was 42 above at noon, the sun shining brightly and the snow fast disappearing.

WEATHER BULLETIN. Issued by authority of the Department of Marine and Fisheries. R. P. Stewart, director of meteorological service.

Synopsis—A pronounced area of high pressure barometer now covers the Great Lakes and northern Ontario, while a low area of considerable energy is moving northward from Texas. The weather has turned colder again in Ontario and Quebec.

Colder. Maritime—Fresh west and north winds; Saturday, north and northeast winds and colder.

MONCTON DOCTOR TO MEET GERMAN WHO CLAIMS CONSUMPTION CURE

Railway Town to Talk Land Tax Tonight—Compulsory School Law

Moncton, Feb. 21.—Following the recent address by Dr. Kierstead, the Canadian Club will hold a meeting tonight for an exhaustive debate on the land tax.

The legislature may be asked to provide for compulsory attendance at school of all boys and girls in Moncton between the ages of six and fourteen. The legislation would be similar to that enjoyed by St. John, Fredericton, Newcastle and Chatham.

Dr. R. L. Botsford, chairman of the board of health, who is deeply interested in measures to prevent the ravages of tuberculosis, will go to New York to meet Dr. Friedman, the famous German who claims to have discovered a cure for the disease.

There is great activity this week in and near Moncton in hauling lumber and wood. Every available team is engaged.

The Knights of Pythias held an annual last night and heard an address by G. N. Palmer, grand chancellor.

The police report that last night about eleven o'clock fire was seen at the rear of the Victoria building, corner of Main and Robinson streets. It was soon extinguished. It was found that the building had been saturated with oil.

A big shipment of silver bricks which arrived in Moncton today from Montreal is attracting attention. There are 207, shipped by the Consignee Reduction Co., of St. Catharines, Ont., to Moncton and Goldsmiths of London.

It is understood that at the next meeting of the M. P. H. A. Moncton will submit a proposition that all business transacted this season by the M. P. H. A. be referred to Ernest Quinn, president of the M. P. H. A. for his consideration.

Andy Kyle, point player of the Victoria, who received an offer of \$600 from Ottawa for the remainder of the season, did not secure his release from Moncton and therefore will not go to Ottawa this season.

Dr. Simonis in Presbyterian PULPIT; STORM RAISED Bishop Farthing Denies Report of Immediate and Drastic Action

Moncton, Feb. 21.—"I have just returned from Toronto and have only had time to say a few words here," Bishop Farthing, when asked what attitude he would adopt on the furor which has been created in the ranks of adherents of the Anglican church here over the action of Rev. Dr. Simonis, rector of Christ Church Cathedral, who preached in a Presbyterian church in the parish of a fellow Anglican minister without first securing the sanction of the bishop.

The men's association of the parish in which Doctor Simonis preached have demanded the cancellation of his license. Doctor Simonis, who is one of the advocates of the church unity party in his denomination, says he preached in the Presbyterian church because he favors a closer union between religious organizations and he also intimated that he would gladly preach in a Catholic church in Montreal if Archbishop Bruchesi could allow him.

Bishop Farthing of Montreal began pouring oil on the troubled waters, saying that the report that he intended to take immediate and drastic action "was quite unofficial and unauthorized."

MORTGAGES AND BONDS IN HERMIT'S TREASURE CHEST

Boston, Feb. 21.—Sixteen thousand dollars' worth of mortgages and bonds and a small amount of cash have been found in the "treasure" chest of John Fisk, a hermit, whose dead body was found in the desolate shack in a rocky quarry, where he had lived in apparent poverty.

WHIPPING FOR SUFFRAGETTES

A London cable to the Montreal Star says—the suffragette leaders boast that they can always get released by a hunger strike, refusing food. The demand now is made that the women be soundly whipped; also that the leaders be maimed in personal damages by civil actions. Unless decisive government measures are taken, it will be impossible to save the militants from a drastic mobbing wherever they are assembled.

DEATH ON NORTH SHORE

Chatham, N. B., Feb. 21.—The death of Mrs. William Searle occurred on Wednesday afternoon in Douglastown. She was 70 years of age. She is survived by her husband and one brother and two sisters. David McLean, of Napan; Mrs. Thomas Vanstone, of Fredericton; Mrs. Finley McDiarmid, of Napan. Mrs. Searle was a daughter of the late John McLean, of Napan.

Women Fight High Food Prices

New York, Feb. 21.—Woman suffragists who are combining their campaign of "Votes for women" with efforts to break the high cost of living and to obtain pure food, have opened an establishment in competition with Broadway dairy and grocery stores.

The new establishment has been incorporated, and it will be financed and run by women. The clerks will wear sterilized rubber gloves, and deliveries will be made by girls with a push cart labelled "votes for women." The store will be supplied exclusively from farms owned by women.

FICTION OUTDONE BY TRANCE OF NORTH END BROTHER AND SISTER

Henry Kelley and Elizabeth, Parted as Tots, Reunited After Forty Years

Adopted From Convent, Lost Trace of Each Other, She Changed Name, now They are Happily Brought Together—Homes Almost Adjoining and They Did not Know Each Other

The man who said that "truth is stranger than fiction" evidently knew what he was talking about. One often reads among the popular sellers of the day the fancies of an author who dwells upon the fancies of an author who dwells upon the reunion of father and son, brother and sister, or boy and girl sweethearts, and allows his imaginative pen to describe a period of anguish extending for more than twenty years before they have been again brought together, but it is not so often found in real life that a brother and sister, other only a few rods apart, and then by happenings crown their lot by the accidental discovery of their kinship. Yet that is just what has happened to two people in North End, Henry Kelley of Brookside street, and Mrs. James McHugh of Main street.

When Henry and Elizabeth Kelley were little tots their father died, and their mother placed them for safekeeping in the convent in Cliff street, which then accommodated boys as well as girls, providing for their education and protection. The little girl at that time was but two years old or thereabouts, while the boy was a few years older. They had been very happy together, but fate ordained that they should be separated. The little time afterwards they were adopted by families outside the city. Henry was taken to Norton where he lived for some years, doing "chores" for his foster father, and helping in general farm-work as well. His father was taken to a workhouse, where she was adopted by a family named Wilson, who, apparently, disclosed to her nothing of her parentage, allowing her to take their name, by which she was known for many years.

Mr. Rockefeller will come into possession of the property on May 1, and it is said he will tear down the Webb house and erect a house so low as not to cut off light and air on the easterly side of his own home and adjoining a new home of John D. Rockefeller, Jr.

NEW ROOMS OF CHATHAM ORANGE LODGE OPENED

Chatham, N. B., Feb. 21.—The formal opening of the new rooms of the Orange Lodge, No. 10, took place last evening in the presence of more than 200 members and friends. Rev. R. G. Fulton presided. The speaker of the evening was the grand master of New Brunswick, Rev. E. H. Thomas, who delivered a strong and inspiring address on the principles of the order.

Excellent speeches were also given by Rev. J. M. MacLean and Rev. George Wood. The grand chaplain, Rev. F. C. Simpson, was in charge of the services. The hall had been tastefully and elaborately trimmed, and the members of the lodge were recipients of many congratulations on their new quarters. Refreshments were served.

LIBERALS TO CARRY ON FIGHT

It was pointed out that there has not been a great amount of speaking on the part of the Liberal party in the recent election. It was pointed out that the Liberal party had a number of speeches made in other debates. On the second reading of the Laurier naval bill fifty members spoke on one side and thirty on the other. There has been so much speaking on the part of the Liberal party that they owe it to their constituents to speak upon the measure and that a vigorous protest should be made against cutting the debate below the proportions of the debate on the second reading of the Laurier naval bill.

MORE MASSACRES BY TURKS ARE REPORTED

Sofia, Bulgaria, Feb. 21.—The Turkish troops are preparing massacres and committing unspeakable atrocities on the Christian population in the diocese of Thessalonica since the withdrawal of many of the brigades from the front. The Turkish fortifications, according to a despatch from the Greek metropolitan of Thessalonica, are being shelled by the Greek army.

PRESENTATIONS TO MR. AND MRS. TAFT TONIGHT

Washington, Feb. 21.—A magnificent set of pearl studs for President Taft and a diamond necklace of pure white stones for Mrs. Taft, will be presented to them at the White House tonight, as farewell gifts from a circle of close friends. The president and Mrs. Taft tonight will give their last formal entertainment at the White House.

A GENTLE REMINDER BY SISTERS IN THE STATES

Chicago, Feb. 21.—Criticism of the belligerent attitude of English suffragettes in their campaign to obtain votes for women is expressed in resolutions signed by nearly 100 of the prominent women of the Alvan Lincoln Centre, one of the leading independent institutional churches of this city and forwarded today to "Lady Emily Pankhurst in London."

Barber Kills His Wife

Philadelphia, Feb. 21.—James Line, an Italian barber, 23 years old, shot and killed his young wife, who he believed was about to leave him. Line fired three bullets into her body and then lay down and sent a bullet through his breast. Mrs. Line was 23 years old. The husband's condition is serious.

GET SATURDAY'S TIMES

The Times tomorrow, in addition to the news of the city, province, do-foreign and world, will have a humorous expertly feature. Mutt and Jeff will have a humorous expertly feature. There will be up-to-date news illustrations; London and Paris letters and other news; a feature on the "Theater and Motion Picture News"; another story by Mathewson of the Glants and it must be remembered too, that the Times is a city directory for the thrifty housewife shopping.

FREDERICTON NOT TO HAVE POSTMEN FOR PRESENT AT LEAST

Free Mail Delivery is Held up—Last Day For Taxes to Qualify For Vote

(Special to Times)

Fredericton, Feb. 21.—City Clerk McCready has been notified by the deputy postmaster general that the proposed free mail delivery for this city has been held up for the present. It is said that the streets have not all been properly named or the house numbers and where this is the case the rules of the department will not permit establishment of a free mail delivery.

The announcement has caused considerable general disappointment here as well as among the city voters, who have been recommended for appointment as let-off carriers. It does not look now as if the system would be inaugurated this year. The officers of the Farmers' and Dairy-men's Association are today in conference with officials of the agricultural department.

Yesterday was the last day for payment of taxes to qualify for a vote at city elections to be held on March 10. There was not so much of a rush at the city treasurer's office as in former years, but considerable money was paid in. The indications point to a lively election. In the supreme court this morning, Hon. W. P. Jones, ex parte John Gordon, moved for a rule nisi to set aside a ruling of the court under the New Brunswick Railway Act and other proceedings therein with costs, rule nisi granted.

Ex parte Oscar D. Hanson vs. Joseph Nasse, H. J. Smith moved for rule absolute to set aside an order on review of the St. John county court, setting aside a conviction before Stipendiary Allingham and ordering a non suit.

Ex parte Phineas K. C. moved for certiorari to quash a conviction before Justice Matheson of Campbellton for selling liquor without license. In the supreme court this morning, L. J. Johnson and L. A. Smith were sworn in barristers.

SUFFRAGETTES INVADGE CHURCH

Sacred Buildings Not Free From Their Campaigning—Flug Kerbules of Homes With Shot

London, Feb. 21.—Suffragettes at Moscow, new Birmingham, have caused inconvenience by putting their shops and the doors of private houses. It is said many women, arriving home late, find their doors locked. The name of the latest band of suffragettes is the "Wasp" and their mission is to get to church, to get to the office, to get to the brilliant orange scarfs and sit passively against the spiritualism military and the spiritism to English women.

"REFORMED" BY BRAIN OPERATION; GUILTY OF CRACKING A SAFE

Buffalo, N. Y., Feb. 21.—Edward E. Grinnell, whose skull was operated upon by experts and his contents rearranged so that he would be reformed, was found guilty of burglary yesterday and will probably be sent away for life as an habitual criminal.

He has a long police record. In the Clinton prison in March, 1908, he went to the authorities with the request that his brain be fixed so that he would forever be good. He said that when he was fourteen years old he sustained a fractured skull and became a bad boy. The operation was performed and he was paroled on January 25, 1912, hailed as a victory of science over crime.

MANICURE GIRL IS TO WED MILLIONAIRE

New Haven, Feb. 21.—The engagement of Louise Smith, a pretty manicure girl of the Hotel Taft, to Frank R. Hall, number of the firm of Herring, Hall & Marvin, safe manufacturers, of New York city, is announced.

Miss Smith is daughter of Mrs. Helen B. Smith, of Westville, and is just 21 years old. Hall is easily three times her age, and is a third owner of one of the largest firms of safe manufacturers in the world. He is rated as a millionaire.

MR. MORGAN'S HEALTH

Rome, Feb. 21.—Professor Giuseppe Bastianelli left this morning for Egypt to attend the funeral of the late Mr. Morgan. It is understood that the professor had been asked by Mr. Morgan to go to Egypt to give him the benefit of his advice, although the financier is rapidly recovering from his attack of indigestion.

QUARANTINE IN HOSPITAL; AN OUTBREAK OF MEASLES

London, Ont. Feb. 21.—Dr. Duncan, chief of the house staff, and a dozen nurses of Victoria Hospital have been under quarantine and the institution been closed to the public because of an outbreak of measles of somewhat serious proportions. It is said that the members of the staff contracted the disease from outside the building and visitors are accordingly being rigidly excluded.

New Zealand Loan Not a Success

London, Feb. 21.—Another blow to glittering securities has been administered by the failure of the public to subscribe for more than 20 per cent of New Zealand government funds; £2,400,000 is left with the underwriters, who must rely with other securities as New Zealand calls for it.

NEW C.P.R. BRIDGE OVER THE FALLS

Member of Government Says so at Fredericton

(Special to Times)

Fredericton, Feb. 21.—A member of the government said this morning that the C. P. R. had announced its intention of constructing a new railway bridge across the Falls near the present cantilever as soon as possible. William Downie, the superintendent of the Atlantic Division, has been here for a couple of days and two of the engineers of the C. P. R. staff of St. John, Messrs. Wetmore and Waring, were engaged early in the week looking over the plans of the new bridge to be built by the provincial government between the present highway and railway bridge at the present cantilever, but it has not been decided if this is a desirable proposition.

It is understood that the engineers consulted in order that there should be no misunderstanding regarding the proposition. The government member, who said "in doubt as to which side of the cantilever the new railway bridge would be built, the railway values to build below the present cantilever, but it has not been decided if this is a desirable proposition."

A resolution to amend the N. B. elections act so that the right to vote in provincial elections may be given to those who are now only entitled to vote in municipal affairs will come before the House this afternoon. Suffragettes from St. John are here to listen to the debate and to do some lobbying. Ever since the house opened the representatives have been bombarded with circulars and letters, pamphlets and resolutions not only from those in favor of the movement in New Brunswick, but from central bureaus that evidently keep close watch upon meetings of this kind.

Those who arrived this morning from St. John are at the Queen Hotel and the last of them to write her name, Mrs. Harold Climo, penned "Suffragette" opposite her signature. The others are Mrs. J. G. Gannon, of Hillsboro; M. D. Foster, Mary E. Currier, Edna P. Cowgill, Asa Sutherland, Mrs. B. L. Gerow, Mrs. W. A. Christie, Mrs. Frances S. Bell. There seem to be many of the women who have inclined to give the ladies what they are asking and those widows and spinners who own property may after this session have a voice in provincial affairs.

Wm. Downie, superintendent of the Atlantic division, said when asked concerning the report about a new bridge, that he had no comment to make at present. It is said, however, that while no action has been taken, there has been a serious conversation given the matter.

EXPRESS MEN HERE

Visiting Official Says They Are Feeling Benefit of Business Boom

W. S. Stout, president and general manager, and V. G. R. Vickers, superintendent of the eastern division of the Dominion Express Company, arrived in the city today on a tour of inspection. They will remain here for a day or two before going farther east. Mr. Stout said that their business in this territory had increased considerably since they secured the privilege of operating on the I. C. R. and its branch lines. The general business of the company had also been very good and his business was one of the first to feel any changes in the commercial situation of the country he regarded this as a good indication of the country's prosperity.

MAY NOT "FIT"

It is possible that some of the appointments recently recommended by the local patronage committee for the customs review may not go through. An official from the department at Ottawa was in the city this week and it is understood his business here was to confer regarding the matter with the applicants, requiring them according to the amendments to the civil service act to pass an examination, which they would not be allowed to take if they were more than thirty-six years of age. Scores of those who were recommended for the positions are more than this, and this may be prevented from landing the positions unless they have sufficient influence to override the objections.

SUCCESSFUL AND ENJOYABLE

A mission band concert held in Clara lota street Baptist church, West End, last evening, was much enjoyed. The first part of the programme was given by the children, who did admirably. Then came an intermission, with home made candy and ice cream served, after which the adults had their turn. Features of the evening were violin solos, several vocal solos and readings. A nice sum was realized. Much credit is due Miss Rogers, Miss Archibald and Miss Clark, who had charge of the arrangements.

MR. BOSWORTH IN THE CITY

G. M. Bosworth, vice-president of the C. P. R., arrived in the city today in the private car attached to the Atlantic express. He is accompanying his wife and mother-in-law, who are sailing for England on the Empress of Britain this evening, as far as St. John and will return to Montreal.

CARGO SAVED

Vroom & Arnold received word today from Captain Taylor of Parrabro, N. B., who has been in charge of the schooner, Alice R. Turner which has been ashore at Black Rock for some time that she had been floated and would be towed into Parrabro this evening. The schooner is water-logged, but the cargo of lumber is intact.

IMPORTANT RESOLUTIONS AT FARMERS' CONVENTION

Provision, Feb. 20.—The programme of the thirty-seventh annual convention of the Farmer's and Dairyman's Association was practically completed tonight, when after the passing of resolutions and the election of officers, Dr. C. J. Lynde, of Macdonald College, read an interesting paper upon "Drainage and its effects," and Andrew Elliott, of Gair (Ont.), spoke on "Practical agricultural education for New Brunswick." This afternoon W. A. Brown, chairman poultry superintendent, spoke on "The Poultry Interests of Canada."

Morris A. Scovil, Gagetown; treasurer, H. H. Smith, Hoyt Station; county vice-presidents, Albert Lewis Smith, Lower Covehead; Charles George B. Reid, Glasville; Charlotte, Tilley Reid, Leveer; Gloucester, Amos J. Eddy, Bathurst; Kent, Henry Berthe, Buctouche; Kings, Henry Sherwood, Upland; Madawaska, Dennis Doyle, St. Basile; Northumberland, Henry Gordon, Chatham; Queens, Thomas Harding, Wedford; Restigouche, John McKinnon, Dandee; St. John, R. G. Murray, St. John city; Sunbury, M. A. Smith, Hoyt; Victoria, J. W. Stevenson, Upper Kintore; Westmorland, R. H. Welling, Shediac; York, Edward Jarvis, Stanley.

Among the resolutions passed was one to the effect that the government should purchase and sell to the farmers of the province at cost price, the materials requisite for the making of commercial fertilizer. The subject concerned in the resolution was dealt with last year, R. G. Murray, of St. John, and A. C. Perreault, of Sackville, both supported the resolution and advanced data to show that farmers could much reduce the cost of commercial fertilizer by purchasing materials and mixing them.

WIRELESS ACROSS BEHRING SEA

Washington, Feb. 20.—Arrangements are being made for the establishment of regular wireless service across Behring Sea between the American and Russian governments, which will insure telegraphic communication between America and Asia at all times.

No new construction is required for the institution of this service. The Russian government already has a wireless tower at Anadir, in Kamchatka, and the American government a similar station at Cape Nome, Alaska. There has been some limited exchange of signals across Behring Sea between these towers, but owing to the operators' limitations in the way of language, they have been unable to communicate intelligibly, a difficulty, which, of course, can easily be overcome by the employment of operators who can speak Russian and English.

Probably the new service will be conducted under the same regulations as have been applied to the general commercial service of the government wireless system.

Little Beauty Chats

By BLANCHE REASON

A Bitter Enemy To Beauty

WINTER seems to be the time for styes, although why this is I know not, unless it be that over-heated rooms, an unvaried little exercise store up humors in the blood which work their way out through the skin and ally themselves to a horrid world disease as styes.

But of all, you should endeavor to bring the stye to a head, after which it can be lanced either by some skillful member of your family or by your physician.

A poultice of bread and milk or flaxseed and water will invariably bring the stye to a head, but, remember, that a bit of folded cheesecloth must come between the stye and the poultice. If you neglect

to the eruption, it will, at times, succeed in scattering the stye. Gum camphor will do much the same thing and is easier to use, or so I think, as it is extremely difficult to keep ice from slipping out of one's grasp.

the precaution you will rue your omission for many a long day. It is hardly necessary for me to say that the needle with which a stye is to be lanced must be held in boiling water for thirty seconds.

MOTHER! WATCH THE CHILDREN'S BOWELS

If Cross, Sick, Feverish, Bilious or Tongue is Coated Give Delicious "Syrup of Figs"

No matter what ails your child, a gentle thorough laxative should always be the first treatment given. If your child isn't feeling well; resting naturally, eating regularly and acting naturally, it is a sure sign that it's little stomach, liver and thirty feet of bowels are filled with foul, constipated waste matter and need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not dragging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious fig taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggists for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

THE SCHOONER VINEYARD

A Gloucester despatch to the Boston Globe, says of the schooner Vineyard: A little after daybreak on Wednesday Captain George E. Bailey, lightkeeper at Eastern Point, discovered a three-masted schooner about three miles southeast from Eastern Point with the flag at Union down in the rigging. He telephoned to the city and the postboat Nellie, Captain Smith, went to her assistance, picked her up and towed her into the inner harbor and

St. John, N. B., to Boston, with a cargo of about 175,000 feet of lumber. She left Rockland on Tuesday, and in the afternoon ran into the severe northerly gale. Toward midnight, when between Boase Island and Thatcher's Island, the vessel labored heavily and sprung a leak. Although all hands were kept constantly at the pumps the vessel took in nine feet in the hold, and became unmanageable. The crew suffered severely from the cold, the water making a clean breach over the crest, drenching them to the skin. The vessel will be repaired temporarily and at a favorable opportunity will be towed to Boston.

Turn luck into certainty on baking day

Don't envy the housewife whose "good luck" in baking never seems to fail her.

We'll tell you one of her most precious secrets: Her flour moistens evenly, ferments evenly and bakes evenly.

Rainbow Flour does all these things, because all of the particles are of even size and hardness. That's what enables it to give such uniformity of results.

One other thing: Rainbow Flour is made of the best hard wheat in the world—famed for its keeping qualities. And only the most nourishing parts of this wheat are allowed to enter into the making of this truly unusual flour.

Try some. It will turn your luck into certainty, too.

RAINBOW FLOUR MAKES GOOD BREAD

Your grocer has it in 7-lb., 14-lb., 28-lb., 44-lb. and 98-lb. bags and in barrels.

## RECENT DEATHS

Mrs. Anthony Bourque of Shediac is dead, aged forty years. Besides her husband she leaves six children.  
George P. McLean, formerly of Steeves Mountain, N. B., is dead in Wilmington, Mass. He was 29 years of age and leaves four brothers and three sisters.  
Mrs. Thomas Clayburn, of Lower St. Mary's, died on Wednesday night in the seventy-third year of her age. Two sons, Henry and Archibald survive. Mrs. Fred Wisney, of Gagetown, and Mrs. Ida Gorman, are sisters.

**Course of Morals in the Schools**  
Toronto, Feb. 21.—The local legislature may be asked to include a course in morals in the public school curriculum, as a result of a meeting of the Methodist Ministerial Association, where it was decided to meet the ministers of all denominations in Toronto with a view of sending a delegation to the government.  
This action followed an address by the Rev. T. Lancelotti, pastor of Howard Park Methodist church, in which he advocated authorizing a text book on morals, founded on the Bible and arranged to suit every grade in the public school.

**Strike Fight in Beaton**  
Boston, Feb. 21.—Fourteen arrests were made as a result of a street encounter between garment strike sympathizers and some women operatives from an East Boston factory last night. Sticks, stones and bottles figured as weapons, and many injuries were inflicted.

**MEASLES IN SUSSEX**  
Records—There has been a bad outbreak of measles in town. Scarcely a family in Sussex is free from the disease. Chicken pox has also made its appearance, and is now going the rounds. Some of the cases of the local school have been sadly reduced in numbers as a result of the rapid spread of the disease. No effort has been made to check their progress and it is quite probable that every child attending school, who has not had one or other of the afflictions, will be landed.

Mrs. Emmeline Pankhurst's assumption of full responsibility for the explosion of the bomb by which the country residence of Chancellor Lloyd George was virtually destroyed, and her confession that she had conspired with and incited her followers upon by the home office as the grounds for her prosecution.  
Half a dozen suffragette window smashers were sentenced today, each to six months imprisonment.

Baltimore, Feb. 21.—What is believed to be a record breaking cargo of corn taken out of an Atlantic port is in the steamer Valpara, which sailed from here for Amsterdam on Wednesday. There are stowed in the vessel 224,014 barrels, representing two train loads of corn.

Samuel E. Doolittle, who has just died at Lapeer, Ind., leaving an estate of \$150,000, never left Madison county during the eighty-five years that he was alive. He refused to set any delegates to the North Indiana Methodist conference because it would mean breaking his determined resolution never to leave the county.

In Italy marriage brokers are a regular institution. They have pocketbooks filled with the names of marriageable maidens in various ranks of life, and go about trying to arrange matches. When they are successful they receive a commission, and very likely something extra as a voluntary gift from the customer.

Great Britain's investors have more than \$100,000,000 in foreign countries and the British colonies. The total may be \$180,000,000 or more, and of that vast sum half is in North America.

**McLEAN MAT' SKATE HERE**  
Fred Logan, Hilton Belyea and Elmer Ingraham are among those to compete in skating championships next week here. McLean, St. Charles, may be on hand to state a match race with Hilton Belyea.

## COLONEL SAM HUGHES DOES NOT WANT DRINKING MAN IN THE SERVICE

Minister of Militia Gives Address to Ottawa W. C. T. U.

An Ottawa despatch says—"Since I have been minister of militia, I have had demitted nine men who persisted in drinking," declared Col. Sam Hughes, in an address to the W. C. T. U. here. "And as long as I am minister the country will not pay for the service of drunkards. Every clean boy entering the militia will have a good clean chance. Nearly as many women, he declared, as men in Ottawa were using liquor simply because of the social conventionalities. Referring to military training, the minister said thousands of boys passed the military schools in Toronto, yet not one yet had appeared in the police court. Nowadays if young girls had to choose between the sober young man and the jovial liquor-using sport, they generally choose the latter. He did not believe in trying youths to "mother's apron strings," but if boys were placed on their honor, the mothers would abhor the bar in Canada in five years. "Boys should be treated by their mothers as chums, not mollycoddles," he concluded.

## MAINE CHURCH MATTER JUDGMENT NEXT WEEK

Petitioners and Bishop Walsh Heard Before Legislature Committee

Augusta, Me., Feb. 21.—That the French element in Maine regard the present "corporation sole" system of administering the affairs of the Catholic church in Maine, as "a trust" and that they will continue to fight against it, despite threats of excommunication, was the contention of Geoffrey S. Dupre, of Biddeford, the spokesman of those now urging the legislature to pass the bill abolishing the "corporation sole," when that measure was considered by the judiciary committee yesterday.

Other speakers insisted that laymen wanted something to say about the conduct of church affairs and the management of parochial schools, a power that would be given them if the bill, which will introduce the parish system of government for the church passes. David N. Snow, who conducted the case for those opposing the bill, said the corporation sole system was introduced to place the administration of church property on a business basis.

Bishop Walsh, of Portland, said that he felt like apologizing for what had been witnessed in the house. There they had found a hundred men who were under oath to respect the laws of the church and to support and obey their pastors. These men had made a show of themselves. He was willing to give his people free schools at any time they wanted them, but it was those very men, who were under oath, who were opposing the corporation sole, who had opposed them. His Lordship then read the correspondence between the Vatican authorities and himself in reference to the previous attempt to abolish the corporation sole.

The committee promised consideration of the arguments of both sides, and will likely deliver a finding next week.

## C. P. R.'S AUSTRIAN CONTRACT

(Toronto Telegram).  
Montreal, Feb. 18.—The agreement that has been made between the C. P. R. and the Austrian government, provides for twelve outward and homeward sailings in the course of the year between Trieste and Canadian ports, with steamers the speed of which shall not be less than 14 knots.

The C. P. R. is to give every information with regard to emigrants carried, and is to charge Austrians who are summoned for military service or who are destitute, an inclusive rate of only four kronen per diem, and allow Austrian commercial travelers a reduction of 25 per cent. and book ten tons of samples free for them each voyage.

As the emigration or cargo traffic increases the company, at the desire of the Austrian government, will increase the number of its sailings. In view of the competition of the Austro-American line, the Austrian government has allowed the C. P. R. to increase its rate.

## Nervous Energy

in the human body is similar to electricity in a storage battery. It's the force that "makes things go."

This force—in the body—comes from the digestion and assimilation of Right Food; the kind Nature requires for building and maintaining healthy brain and nerve cells.

## Grape-Nuts FOOD

contains the elements Nature has stored in wheat and barley, including the phosphate (grown in the grains)—absolutely necessary, in combination with starches, sugars and albumens of the cereals, for normal cell-building.

You can keep Nervous Energy up to par on Grape-Nuts.

## LATE SPORT NEWS

Young Jack O'Brien to Meet Fred Walsh—Lipton Cup Races—Princes go in for Athletics

Philadelphia, Pa., Feb. 21.—Young Jack O'Brien, of this city, was matched yesterday to meet Fred Walsh, lightweight champion of England in a 20-round bout at Postypriid, Wales, on April 2. Eugene Corri of the National sporting club, London, will be referee. A purse of \$7,000 with a privilege of sixty per cent. of the gross receipts, 75 per cent. to the winner, has been offered. The fight will be at the New England lightweight limit, 135 pounds.

San Francisco, Feb. 21.—The Pacific Interclub Yacht Association decided yesterday to open the competition for Sir Thomas Lipton's championship cup in 1913, to yachts of from 31 to 36 feet racing length, under the universal rule measurements; also that all races for the cup be held in San Francisco Bay, and that all contesting yachts must be enrolled in one of the clubs of the association.

Berlin, Feb. 21.—Prince Joachim, sixth son of the Emperor William, Prince Sigismund, son of Prince Henry of Prussia, the Emperor's brother, and Prince Frederick Charles of Prussia, will soon begin active training in track and field athletics.

Liverpool, Feb. 21.—The Waterloo cup, was run off today at Alton, Lancashire, and won by Hungwell, which beat Hulise. Both are brindle dogs and the latter is a puppy. Neither was considered among the first flight of the entries. On the night of the draw, the long odds betting was 1,000 to 80 against Hunwell and 2,000 to 30 against Hulise.

The Waterloo cup is an annual coursing contest in which sixty-four greyhounds compete for a stake of \$125 each and a cup of the value of \$500.

## REAL ESTATE AGENT WINS HIS COMMISSION

Mr. Justice Charbonneau, of Montreal, has rendered judgment in a case of exceptional interest to real estate agents. A local agent meeting the defendant in the street had inquired whether the property was for sale. The proof went to show that the defendant had replied that

he would sell if he could get a certain amount. The plaintiff set to work and eventually secured a purchaser willing to take the property at the figure mentioned. The sale was effected between the buyer and seller direct, and the plaintiff, on making application was refused the usual commission.

There was no written proof that the

plaintiff had been engaged by the defendant as his agent in the disposal of the property.

His Lordship ruled in favor of the plaintiff, maintaining that a real estate agent was to be regarded as of the same status as a broker, factor or commission agent, who could prove by verbal testimony that they had rendered services in the interests

of a client, and who thus had an inalienable right to a remuneration for such service.

As the usual custom in real estate dealings gave the agent a right to a commission of two and a half per cent. His Lordship rendered judgment for \$75, the sale price figuring in the transfer being \$3,000.

# MC 2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, FEBRUARY 21, 1913

## MONEY INVESTED IN THE CHAS. DALTON SILVER BLACK FOX CO., LTD. Is a Sane Investment With a Sure Profit

### WHY?

**BECAUSE:** The stock produced by this ranch is eagerly sought after by both local and foreign breeders and always commands the highest prices

**BECAUSE:** Mr. Dalton's experience and study of Fox Life have placed this ranch on a sure footing, beyond the experimental stage, thus lessening the danger of loss which so frequently happens in ranches, through the inefficiency of the man in charge

**BECAUSE:** (And we want you to get this firmly fixed in your mind) the shareholders are guaranteed an increase of not less than fifty young foxes raised to July 1st, 1913. For every young fox under this number Mr. Dalton, will pay to the company \$5,000.00 in cash. Therefore, if the ranch did not produce a single fox this year, the company is guaranteed \$250,000.00 or 40% on the capital invested, to be paid out in dividends

### On a Pelt Basis

As an investment based on the value of Pelts, this ranch will pay from 15 to 25 per cent. for all time to come.

On the London market in the March sales of 1910 the following prices were realized for single Pelts: \$2,750.00, \$2,700.00, \$2,500.00, \$2,200.00, \$1,900.00, \$1,650.00, \$1,600.00, etc., the lowest price obtained out of a group of twenty-four Pelts being \$900.00, the average for the twenty-four Pelts being \$1,385.98.

This Silver Black Fox Fur has been worn by the nobility of European courts for hundreds of years in an established fact, and it must still continue to be worn by these people because it is the only Fur that will take the tipping of gold and silver, which designate the rank of the wearer.

For the best quality of this valuable Fur these people have been looking, and still must look, to the "Dalton" ranch; therefore an investment in this Company will be one of everlasting duration.

### What Are You Doing With Your Savings?

Some people are contented with 3 per cent, others buy stocks and bonds and draw interest at 6 per cent., while others buy shares in a pair of Foxes and make 30 to 35 per cent. You—personally—know numbers of these men who have made money in the Fox business. If you are drawing 3 per cent or 6 per cent instead of 40 per cent., which is guaranteed by the Chas. Dalton Silver Black Fox Co., get out of the rut. \$100 invested in this Company will return you more interest than \$1,000 in a Savings Bank. And remember that 40 per cent. is the lowest rate of interest that this investment can possibly pay, and it may be increased to 80 per cent. To avoid disappointment, send your application for Shares to-day to the undersigned, or the Canadian Bank of Commerce, St. John.

### Application Form

We, the undersigned hereby subscribe for and agree with Waldren B. Prowse, of St. John, to take the number of Shares at \$100 a Share, as set opposite our respective signatures hereto, and to pay 10 per cent. of said Stock down, and the balance on allotment. Should said Shares not be allotted the money paid on them to be refunded in full.

Domestic Steel

Montreal, Feb. 21—The Gazette says: Dominion Steel Corporation stocks at 54 yesterday afternoon sold at its lowest price since 1911 when it declined as low as \$17 1/2.

The decline is mystifying in a good many respects and appears traceable to the general weakness of the market and the absence of public interest in the stock rather than to any well founded reasons for liquidation.

Wall Street Notes

New York, Feb. 21—Americans in London quiet and irregular; Copper 8 1/2 higher; Steel 1 1/2. Console 74 3/8, unchanged.

Bank statement at 3 p. m. today; holiday tomorrow, (Washington Day).

Supreme court meets Monday.

The "World" says there is doubt about Bryan taking the post of secretary of state.

The talk of raising the tax on transfer of stock has raised a storm that will be heard by every member of the legislature from his constituents.

The bank interests are not taking kindly to the new industrial and in loans they are not well treated.

The market lacks buying power, and while many stocks are cheap the buying orders are on a scale down.

Some evening up may take place today, many stocks are overvalued.

LUMBER NEWS FROM SUXSEX

(Sussex Record)

That million dollar snow storm has delayed a little en route, but some of it reached here this week, and the lumbermen will benefit to the tune of hundreds of thousands of dollars.

So far as this district is concerned better conditions could hardly be called for. Telephone advice from all sections indicate that about a foot of snow is down and that every available man is working might and main to make the best possible use of the next few days. As soon as snow became a certainty, scouts were sent out, and every available team was pressed into service. At that horses are not so plentiful as the needs of the lumbermen demand, but those available will be used to the limit during the time the snow remains. It will require several weeks to get the cut out of the woods, but as the frost has gone into the ground to a great depth, it is possible that the snow will hold out to the limit required.

The different operations hereabouts and their estimated cuts are, Jones Bros., on

Domestic Steel

Montreal, Feb. 21—The Gazette says: Dominion Steel Corporation stocks at 54 yesterday afternoon sold at its lowest price since 1911 when it declined as low as \$17 1/2.

The decline is mystifying in a good many respects and appears traceable to the general weakness of the market and the absence of public interest in the stock rather than to any well founded reasons for liquidation.

Wall Street Notes

New York, Feb. 21—Americans in London quiet and irregular; Copper 8 1/2 higher; Steel 1 1/2. Console 74 3/8, unchanged.

Bank statement at 3 p. m. today; holiday tomorrow, (Washington Day).

Supreme court meets Monday.

The "World" says there is doubt about Bryan taking the post of secretary of state.

The talk of raising the tax on transfer of stock has raised a storm that will be heard by every member of the legislature from his constituents.

The bank interests are not taking kindly to the new industrial and in loans they are not well treated.

The market lacks buying power, and while many stocks are cheap the buying orders are on a scale down.

Some evening up may take place today, many stocks are overvalued.

LUMBER NEWS FROM SUXSEX

(Sussex Record)

That million dollar snow storm has delayed a little en route, but some of it reached here this week, and the lumbermen will benefit to the tune of hundreds of thousands of dollars.

So far as this district is concerned better conditions could hardly be called for. Telephone advice from all sections indicate that about a foot of snow is down and that every available man is working might and main to make the best possible use of the next few days. As soon as snow became a certainty, scouts were sent out, and every available team was pressed into service. At that horses are not so plentiful as the needs of the lumbermen demand, but those available will be used to the limit during the time the snow remains. It will require several weeks to get the cut out of the woods, but as the frost has gone into the ground to a great depth, it is possible that the snow will hold out to the limit required.

The different operations hereabouts and their estimated cuts are, Jones Bros., on

LOCAL NEWS

IN BANGOR. Bangor Commercial—F. P. Doody of St. John, N. B., who is representing the large investment security house of J. C. Mackintosh & Co., of St. John in Maine, was in Bangor Wednesday.

MIGHT HAVE BEEN WORSE. An old man had a narrow escape from serious injury this morning, when he walked in front of a horse on the West End ferry boat. He was struck by the horse and knocked down, and narrowly escaped being run over by the heavy sled. He escaped with some bruises.

TWO NEW HOUSES. A contract has been awarded for the erection of two modern houses in Fairville place to Messrs. Peck & Duffy, proprietors of the Peck & Duffy Manufacturing & Wood Working Company. The work will be started in a few weeks and rushed until completion.

BURIED TODAY. The funeral of Harold E. Johnston took place this afternoon at 2:30 o'clock from Messrs. Chamberlain's undertaking parlors in Mill street. Funeral services were conducted by Rev. T. J. Denstad, and interment was in Cedar Hill.

WRITS ISSUED. In the supreme court, writs have been issued in the suits of Ellis and A. H. Brown vs. George Bartlett, Southampton, declarator claiming \$318 damages for negligence; and in the case of the Bishop of Fredericton vs. Harvey Mills and Kin-garth Cook, for the recovery of land.

POLICE COURT. One lone prisoner, charged with drunkenness, was arraigned in the police court this morning. A fine of \$4 or ten days in jail was imposed. William Lavine, arrested a few days ago on the charge of being drunk, using profane and obscene language and also resisting the police, was further remanded.

FUNERAL TOMORROW. The funeral of George Oram will take place tomorrow morning at 7:30 o'clock instead of at 9 o'clock as previously announced. The funeral will be from his late home at 15 Merritt street. Requiem high mass will be celebrated in St. Peter's church at 8 o'clock.

TO THE WASTE BASKET. The street paving programme which has been announced for this year has met with general approval, but there are some who do not approve of the idea of contributing. Mayor Frink has received several anonymous letters on the subject, which were promptly consigned to the waste-basket as soon as the absence of a signature was noted.

TO DO AWAY WITH DOG. Alexander Neil, charged with keeping a ferocious dog, was before Magistrate Ritchie in the police court this morning. According to the evidence submitted, the dog had bitten a little girl in the cheek. Mr. Neil promised to have the dog destroyed and the matter was allowed to stand.

SOME \$20,000 FOR WATER MAIN RENEWALS

Commissioner Wigmore Submits Recommendations—East and West Side.

Renewals of water mains throughout the city at a total cost of \$20,000 were recommended to the council on motion of Commissioner Wigmore at this morning's meeting of the city committee. The new mains will be of six inch diameter, except one section in Sydney street, which will be eight inch. About 200 tons of pipe at an estimated cost of between \$8,000 and \$9,000 will be required and it was recommended that tenders be called for this material.

Of the mains which are to be renewed none are less than fifty-four years old and some are as much as sixty-five years. For many of them twenty years was supposed to be the limit of their usefulness and the work which is now being undertaken is declared absolutely necessary because of the condition of the pipes. The work of excavating and laying the mains will be undertaken by the city, as the recent experience in this work has shown that the cost is not greater and usually is less than when done by contract. The renewals are as follows: East Side.

King Square, south side, Charlotte to Sydney, 475 feet, \$1,100.00.

Sydney street, Duke to Queen, 350 feet, \$850.00.

Sydney street, Queen to south side Queen Square, 290 feet, \$425.00.

Orange street, Sydney to Wentworth, 900 feet, \$2,000.00.

Mecklenburg street, Wentworth to Pitt, 450 feet, \$850.00.

Britain street, Germain to Charlotte, 450 feet, \$850.00.

Canterbury street, Church to Prince, 300 feet, \$600.00.

Church street, Canterbury to Prince William, 250 feet, \$600.00.

Princess street, Prince William to Canterbury, 230 feet, \$250.00.

Prince Wm. street, Market Square to Union, 450 feet, \$1,200.00.

Total, \$9,200.00.

Tower street, from Ludlow to Watson, 460 feet, \$750.00.

St. James street, from Victoria to Albert, 620 feet, \$2,400.00.

Guilford street, from Watson to City Line, 900 feet, \$1,350.00.

Charlotte street, from Watson to Lancaster, 500 feet, \$850.00.

St. George street, from Ludlow to Lancaster, 780 feet, \$1,200.00.

St. James street, Victoria to Ludlow, 480 feet, \$850.00.

Ludlow street, St. James to Germain, 350 feet, \$550.00.

Ludlow street, from Waterloo to Winslow, 1320 feet, \$2,500.00.

Lancaster street, from Guilford to Duke, 250 feet, \$400.00.

Total, \$10,800.00.

SOCIAL AS FAREWELL TO REV. L. A. McLEAN AND WIFE IN CALVIN

Presentation, Music and Speeches—Will Leave on Next Friday

Last evening in Calvin church there was held a social as a farewell to Rev. M. A. and Mrs. McLean. James Buchanan presided. Most of the Presbyterian clergymen of the city were present and spoke very feelingly of the great loss the city as well as the congregation of Calvin church would sustain when these two able workers went away to their new field of labor in Quebec. Each clergyman spoke of the great work Mr. McLean has done in the different organizations throughout the city, in the hospital, in the benevolent societies, Seaman's mission as well as being an able assistant, when assistance was asked for, to Rev. Dr. Patterson, the Presbyterian immigration chaplain at Sand Point. Rev. Colin Townsend, who succeeded Mr. McLean at Lorneville, spoke of the well organized body there was at Lorneville when he took charge after Mr. McLean had been there. He said that when they would tell him Mr. McLean did it such and such a way and that settled it. Rev. Wm. Malcolm of Lorneville was rapt in that village now owing to the labors of his predecessors, Mr. McLean and Mr. Townsend. There was a choice programme consisting of readings by Miss McHarg and Mrs. Haines, violin solo by Miss McGearty, piano solos by Miss Hayward and Miss G. Tweedie. During the evening Mrs. Buchanan on behalf of the ladies of the congregation, presented to Mr. and Mrs. McLean a handsome china dinner set as well as a purse of money. Mr. McLean responded for Mrs. McLean and himself, saying that he believed he was called by God to take up the work in Danville, Que., where a new experiment was being tried, that of a united Presbyterian and Congregational church. On last Thursday evening Mrs. J. Temple entertained her Sunday school class and during the evening the girls presented a handsome silver ring to Miss Eileen McLean as a token of remembrance. Rev. Mr. McLean will leave on Friday next for his new home.

KNIGHTS OF COLUMBUS DECIDE TO BUILD

Will Make Extension to Their Home—Several City Real Estate Transactions

Plans have been prepared by St. John Council No. 877, Knights of Columbus, for the erection of a fine brick building as an extension of their present structure in Canal street, and it is expected that the work will be commenced soon. It has long been realized that an assembly hall would be a valuable adjunct to the present handsome property, in fact, a necessity. The matter has been in the hands of the K. of C. Property Co. for some time, and it has at last been decided to proceed. Architects Mott has drawn plans. The building will be finished in modern style, and in favorable comparison with the rooms of the present building. The structure will be of brick. It will give the Knights a depth of 200 feet from Coburg street, and still allow them plenty of room on their spurs lawn. There will be no pillars to interfere in the hall, and this, with hardwood floors, will make an excellent floor space of sixty-six by thirty-seven feet, making one of the best assembly rooms in the city. Steel girders will be the place of the pillars. The new building will be one story in height. The following transfers of freehold properties have been recorded: Alfred Burley to E. P. Lawson, property in old Fredericton road.

J. S. Clark to J. M. Galbraith, property in King street, W. E. Gandy & Allison to P. M. O'Neil, property in Robertson Place. B. Ida Garson and H. J. Garson to F. Neil Brodie, property in Douglas avenue. Robert Magee, et al to Germain street Baptist church, property at Simonds. F. A. Millidge to H. L. Colner, \$400, property in Cranston avenue. Harriett M. Millidge to H. L. Colner, \$400, property in Cranston avenue. Louise and R. S. Ritchie to G. A. Black, property in Lancaster. Eliza A. and M. G. White, to Daniel Mullin, property in Germain street.

COLONEL McAVITY TO CONFERENCE IN OTTAWA

Hon. Sam. Hughes Summons Meeting on Cadet and Other Matters

Colonel J. L. McAvity, commander of the 2nd Regiment, St. John Fusiliers, has been invited to attend a conference of senior officers of the militia, prominent educationists and clergymen and others who have displayed practical interest in the welfare of Canadian Cadet corps and militia, besides lady delegates from some few of the women's organizations. The conference is to be held in Ottawa from February 28 to March 1, and has been called by direction of the minister of militia, Colonel Sam Hughes, from whom the invitation was received by Colonel McAvity. The latter probably will be the only local delegate present.

The Dominion of Canada Rifle Association is to hold its annual meeting on Feb. 27, and Colonel McAvity will attend this, remaining over for the other meeting. Preparations of facts and reports as well as discussion and suggestions on any subjects connected with the national force will be considered and matters tending to promote the betterment of the militia and the cadet government will be given careful attention. The conference will be attended by delegates from throughout the Dominion.

ADELAIDE ROAD WORK. Work has been progressing rapidly on the extension of the water and sewerage facilities in Adelaide road. So far the efforts of the department have been concentrated on the 1,200 foot outlet for the sewer which will empty into Spar Cove. A large amount of excavating has been done, in one place the rock cut being sixteen feet deep, and 600 feet of the sewer pipe has been laid. The results have demonstrated the practicability of such operations in winter time.
