N. Y. AMERICANS NOW IN THE LEAD

Win Double Victory While Cleveland is Beaten.

Effort to Prevent Wilson-Downey Battle is Abandoned—Herman and Moore Matched—Late News of Sport.

New York, Sept. 2.—The New York Americans climbed into the leadership by a double victory over Washington, while Cleveland lost to Detroit. The Pittsburgh Nationals, though retaining their first place position, suffered a double defeat, and New York, despite a contest lost to Brooklyn, gained a half game on the Pirates.

King Matters.

New York, Sept. 2.—Johnny Wilson of Boston and Bryan Downey of Cleveland, who will box for the middleweight title at Jersey City on Monday, are engaging in pre-battle controversy over what a mailing is. Informed that Wilson had termed him a "mauler, pure and simple," Downey referred to his recent meeting with Wilson at Cleveland, which raised doubts as to who holds the title.

Wilson said his face is unmarked, while Downey wears a headgear and nose guard in his training.

The International Reform Bureau, which tries unsuccessfully to prevent the Carpentier-Downey fight in the same ring in which Downey and Wilson will meet, announces that it has abandoned efforts to stop Monday's contest, but will endeavor to have the New Jersey boxing law repealed.

New York, Sept. 2.—Pete Herman, world's heavyweight champion, and Ray Moore of St. Paul will meet in a fifteen-round bout at Madison Square Garden, September 29, so Tex Rickard announced last night.

McTigue and Gans. New York, Sept. 2.—Unusual interest being manifested in a twelve-round bout between Mike McTigue, middleweight, who holds the Canadian championship title, and Panama Joe Gans, colored middleweight boxer, who holds Tex Rickard's belt emblematic of the colored middleweight championship.

There were several cases of assault in the Falls district of the city this morning, men going to work being attacked. The police, otherwise reported the city quiet.

Important Statement. Dublin, Sept. 2.—A statement, which, in view of the status of the peace negotiations may be significant, appears in the Irish Bulletin, official organ of the Dail Eireann.

Chicago, Sept. 3.—Charles Evans Jr., national amateur golf champion, and Bob Macdonald, Metropolitan open champion, defeated Al Mitchell and Geo. Duncan, British pros, four and three, in a thirty-six-hole match, yesterday.

Houlton Races.

Houlton, Maine, Sept. 2.—The Problem, 2:24.4, owned by the Caribon Driving Club, is the favorite in the 212 race, the feature of the closing day's racing programme at the Houlton Fair today. The 214 trot and a named race complete the card for today.

GENERAL WOOD TO PHILIPPINES

Accepts Post of Governor Offered Him by U. S. President.

Manila, Sept. 2.—Major General Leonard Wood today announced his acceptance of the post of governor general of the Philippines tendered to him by President Harding.

So soon as a brief confidential report is called to President Harding, a final report of the mission's findings will be prepared. This is expected to require two or three weeks.

AFTER HOLIDAYS.

Police Sgt. H. E. McLeese returned home today after spending a two weeks vacation touring the province by automobile.

EARN DOUBLE PAY

Complaint to Labor Department About Some Civil Servants.

Ottawa, Sept. 2.—(Canadian Press)—The labor department here has received complaints that civil servants are in some cases getting leave of absence to full temporary jobs and thus sometimes earning double pay.

SPECIAL MEETING OF CABINET ON IRISH MATTERS

Lloyd George Calls Government to Scotland.

London, Sept. 2.—Premier Lloyd George has sent the reply to Eamon De Valera to London for circulation among the members of the cabinet. Having regard for the serious issues involved, he has summoned a cabinet meeting, to be held on Wednesday next at Inverness, Scotland. King George will be at Moy Hall, near Inverness, and Lloyd George will visit him there.

King George Will be Close at Hand—Evidence of Irish Desire to Develop Conditions of Granting Dominion Status.

Dublin, Sept. 2.—Sinn Fein Ireland today advised publication of the text of the note sent to Premier Lloyd George yesterday by Eamon De Valera and his colleagues in the Irish Republican government. It was believed that the Sinn Fein leader did not discuss with the premier any of the points of his note with the exception of the final clause, in which further negotiations were suggested. There is evident a desire on the part of the Sinn Fein to develop further the conditions upon which dominion status would be granted Ireland.

Two Boys Killed.

Belfast, Sept. 2.—James Johnson, aged 16, died at a hospital here this morning from wounds received during street fighting here. His death, with that of Walter Campbell, who died last night, brings the death toll of the disorder in Belfast since Monday up to eighteen. Johnson and Campbell were members of a group of five boys who climbed a wall to watch the shooting.

Canada Cloak Company of Toronto Assigns

Toronto, Sept. 2.—The Canada Cloak Co. of Toronto, assigned yesterday to Mulholland, Hewson and MacPherson.

The largest creditor is the Bank of Hamilton to the amount of \$60,000, with a capital of \$100,000. The company was caught in the slump with large high priced stocks on hand. A. C. Rogers is the president and the largest stockholder. Total liabilities amount to \$750,000 and assets, not including a land mortgage of \$150,000, total \$450,000.

Ballantyne Dines Navy Officers

Montreal, Sept. 2.—Hon. C. C. Ballantyne, minister of marine and naval defence, last night gave a banquet in honor of Captain Adams and the officers of the Canadian naval squadron now visiting Montreal.

Looking Up Boyhood of Charlie Chaplin

London, Sept. 2.—Interest in the report that Charlie Chaplin is about to return to England to visit his birthplace in South London has resulted here in much local investigation of his boyhood days.

Mr. Marsh, headmaster of St. Agnes' School at Kennington Park, recalls a "Charlie Chaplin" of strange antics and peculiar mannerisms who attended the school. It was later discovered that "the" Charlie Chaplin did not attend this school, but did attend two other schools in the neighborhood.

The Navy League

Charlottetown, P. E. I., Sept. 2.—Commander Lewin, R. N., superintendent of the naval school here in connection with the Navy League of Canada, has been appointed maritime representative of the league. He will open new branches of the league and engage in general organization work, still retaining his position as head of the naval school and supervisor of boys' naval brigades.

In India

London, Sept. 2.—The India office reports that the industrial disputes in the mill area of Madras, stimulated by non-co-operative propaganda, led to disturbances on August 29. The police twice were compelled to fire on the mob and six persons were killed and twenty-one wounded. Troops were summoned to assist the police and restored order without further fighting.

HARDING FOR REDUCTION

Hopes for Less of Armies and Navies.

Washington, Sept. 2.—President Harding, speaking at the opening of the fall term of the army war college, declared that "no matter where the best aspirations of the world lead, there never may be a time without the necessity for armed forces." He said there were "two relative essentials to the civilization to which we all aspire, one is an understanding among men at home and the other an understanding between nations."

U. S. President's Declaration in Public Address in Washington—Declares There are Too Many Theorists in the World Today.

Washington, Sept. 2.—President Harding, speaking at the opening of the fall term of the army war college, declared that "no matter where the best aspirations of the world lead, there never may be a time without the necessity for armed forces." He said there were "two relative essentials to the civilization to which we all aspire, one is an understanding among men at home and the other an understanding between nations."

Quebec Back to 1918 Stumpage

It is a Cut of Nearly Fifty Per Cent from Figures of 1920.

Quebec, Sept. 2.—Following serious consideration of the government has today decided to suspend the order-in-council of October, 1920, regulating the rates of stumpage, also reducing the royalty fee. The schedule of rates for 1918 is adopted. It is nearly fifty per cent less than that of 1920. It will greatly reduce the revenue of the department of lands and forests, but the government deems it preferable to suffer the loss, and give work to the thousands of wood-cutters who are awaiting his decision.

FOUR PARTIES IN ELECTION FIGHT

Premier Meighen Has Returned to Toronto.

Ottawa, Sept. 2.—(Canadian Press)—The coming election will be the first fought with four definite parties—Government, Liberal, National Progressive and Labor—in the field. It will be contested on existing distribution of seats, but under the new election law. The prime minister's announcement of an election before the new year is taken to indicate that there will be little delay in cabinet reconstruction and in the issue of writs with the holding of the election as soon as the necessary official preparations can be made.

Further Losses of Officers and Men in Fighting With the Tribesmen.

Madrid, Sept. 2.—The minister of war has summoned to the colors men of the class of 1920. The class aggregates about 50,000.

Call Out More Spanish Troops

London, Sept. 2.—An attack by Moorish tribesmen in the region of the Spanish part of Caladazar late Saturday. The Spaniards lost one colonel, two captains, two lieutenants, one doctor and about fifty men, according to a despatch from Tangier to the London Times.

Some Trouble for Premier Briand

Paris, Sept. 2.—Premier Briand's cabinet it declared by the Echo de Paris to face what amounts to a crisis. Paul Doumer, minister of finance is likely to resign as a result of yesterday's cabinet meeting, at which he was criticized when the subject of the inter-Allied financial agreement reached on August 13 was discussed.

WOMAN BARBER ON OLYMPIC DEMAND OF THE "BOBBED HAIR"

New York, Sept. 2.—A woman barber, attired in regulation white jacket will preside over a swivel chair aboard the steamship Olympic. The chief reason for the innovation was the demand of "bobbed hair" women for one of their own sex to shear and curl their abbreviated locks.

NEWCASTLE FIRE

Newcastle, N. B., Sept. 2.—A house under construction in George street, near the depot, was burned last night. The owner, Robert Adair, lost \$800. It is expected that the fire was of incendiary origin.

W. K. VANDERBILT AT LIVERPOOL N. S., FISHING

Liverpool, N. S., Sept. 2.—W. K. Vanderbilt, New York, and a party arrived here today in his steamer yacht Eagle. Mr. Vanderbilt will spend several days here tunc fishing.

FATHER'S GRIEF TURNED TO JOY

Brookville, Ont., Sept. 2.—A very unusual accident occurred in connection with a severe thunderstorm which broke over Brookville and vicinity. During the progress of the electric disturbance a telephone message was received from Tinsay, a rural section four miles northwest of here, stating that the eight-year-old daughter of Harry Church, a farmer, had been struck by lightning and killed. Mr. Church was in Brookville at the time, and, hearing the news, engaged the services of an undertaker, who proceeded to the scene of the supposed fatality. The coroner had also been notified, and, after consultation with the coroner's attorney, it was deemed expedient that a permit should be issued for the burial without the formality of an inquest.

The arrival of the undertaker at the Church home found the child very much alive, and the burial arrangements were called off. She had been struck by lightning, which rendered her unconscious, but the mother had succeeded in reviving her by dashing her with cold water. At latest accounts the child was quite well except that she was suffering slightly from shock.

SOME TROUBLE FOR PREMIER BRIAND

Paris, Sept. 2.—Premier Briand's cabinet it declared by the Echo de Paris to face what amounts to a crisis. Paul Doumer, minister of finance is likely to resign as a result of yesterday's cabinet meeting, at which he was criticized when the subject of the inter-Allied financial agreement reached on August 13 was discussed.

The newspaper says that Louis Loucheur, minister for liberated regions, many replace him, and that a senator may replace him, and that a senator will be named to replace him.

TO TAKE PLACE OF THE DANCE

Chicago, Sept. 2.—Dancing masters having failed in their efforts to design a dance which would meet with the approval of the Methodist church and cause it to lift its ban on dancing, Dr. C. H. McCrea, assistant editor of the Northwestern Christian Advocate, a church publication, suggested today that Methodists now undertake to reform the dance.

ST. JOHN IN DINGHY RACE AT HALIFAX

Halifax, N. S., Sept. 2.—Halifax championship dinghy races will take place here on September 9, 10 and 12. St. John, Dartmouth, Liverpool and four Halifax clubs will have entries.

NEWCASTLE FIRE

Newcastle, N. B., Sept. 2.—A house under construction in George street, near the depot, was burned last night. The owner, Robert Adair, lost \$800. It is expected that the fire was of incendiary origin.

U. S. TROOPS TO MINE FIELDS

Government Holds Back Martial Law Order.

Washington, Sept. 2.—Orders for the immediate entrainment of troops for the West Virginia strike zone were issued early today by Major-Gen. Harbord, assistant chief of staff. Action was postponed, however, on the question of declaring martial law, pending conferences between Secretary Weeks and other government officials with President Harding. The proclamation has been signed and requires only issuance to become effective.

Strikers in West Virginia Fail to Respond to President Harding's Command to Disperse.

The orders were issued as the result of a telegram from Brigadier-Gen. Bandholz, who was sent by Secretary Weeks to report on the situation, and particularly upon whether the strikers would accede to President Harding's command that they disperse. General Bandholz's last midnight recommendation that the troops be sent at once.

The troops which will move immediately are the 26th and 16th Infantry at Camp Dix, N. J., and the 19th Infantry at Camp Sherman, Ohio. Others can be rushed to the scene, if necessary, from Fort Benjamin Harrison, Indiana, and Camp Knox, near Louisville, Ky.

SMUTS IN RUSH OF BY-ELECTIONS

London, Sept. 2.—(Canadian Press.)—A Reuters dispatch from Cape Town says that Premier Smuts of the South African Union plunged last night into the malodorous world of by-elections for gardens and Liesbeck constituencies.

Bombarded With Questions by Leaders of Unemployed—Hoped Secession Done Forever.

Numbers of unemployed labor leaders bombarded the premier with questions and interruptions, to which General Smuts replied amid frequent outbursts. He dealt with the worldwide financial position of depression and asked his audience not to demand the impossible or universal panacea, but to help in his endeavors to secure the prosperity of the country.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"EAST LYNNE" AT THE IMPERIAL

Favorite Emotional Love Story in Splendid Motion Pictures Tonight.

The announcement of the coming of "East Lynne" to Imperial Theatre for the week-end caused a real flutter among those who like their fiction in strong emotional doses. As the screen versions of stories are invariably more complete and realistic than stage productions it can be taken for granted the pictureization of Mrs. Wood's never-dying tale of the suspicious wife and her sad ordeal will be elaborated into a wonderful seven reel. The Imperial is not asking a special price of admission for this engagement, merely the usual 10c and 25c at night and 10c and 15c at the matinee. Shows at 2:00, 3:45, 7:00 and 8:45. Special musical setting. An added feature will be Clyde Cook, the Fox-Hippodrome comic star in his latest farce "All Wrong."

A GREAT BILL FOR WEEK-END

New Programme at Opera House Contains Many Promising Features.

Commencing with the matinee today at 2:30, there will be an entire change of programme, consisting of an abundance of good comedy, singing and dancing. Coper and Lane, two colored gentlemen, will appear in a comedy singing, talking and dancing offering. Weston and Young in a comedy singing and dancing novelty; the Musical Alvinos in a highly entertaining musical set; Marion Kay in several song hits and stories; Wise and Wiser in a big comedy novelty offering that will cause the tears to flow freely. Included on the programme will be another episode of "The Purple Riders," Mutt & Jeff Comedy Cartoon and a scenic subject. The three bills shown at the Opera House since re-opening have been of a very high standard, and the management assures us that this programme is of the same calibre.

THE SEMI-READY SPECIAL ORDERS DROP IN PRICE

High-Class Tailoring House Make Further Reduction in New Fall Suits and Overcoats

Fall Suits and Overcoats shown in the Semi-ready tailoring line are naturally of interest in the sartorial world. They constitute the World of Fashion in Canada, and are looked up to as the arbiters of style in the tailoring trade.

This season many new patterns are shown, and patrons will be pleased to find that the reductions have been substantial and drastic. This is emphasized more particularly in the finer woollens—English worsteds, plain serges and cheviot cloths.

"The day of the hundred dollar suit has gone," said the President of the Semi-ready Company in a recent announcement to the merchants.

"Rigid economy must be practiced in every trade and industry, and such economy must begin in high places. The success of the farmers as a class in our political fabric can be attributed to the fact that everybody knows that the farmer is thrifty, industrious and economical—that he wastes little in his own life, and that he may grow to understand and conduct the larger practical undertakings of government which have long been condoned by the electorate to the professional man with the university career."

Semi-ready clothes are made to custom measure as well as being carried in stock. The "Special Order" department in the Semi-ready shops is a large factor in the company's service. Suits and overcoats are made to order on a four-day schedule. Measurements are taken on a scientific chart, and the cutter has before him a photo-type of the customer. George Creary says that his store at 87 Charlotte street has never been better equipped for service, and that the new cloth samples in the Semi-ready line are superlative.

MYSTERY IN DEATH OF "THE GOOD PROVIDER"

Glouce Bay, N. S., Sept. 2—Mystery still surrounds the death of Alex. A. MacDonald here on Wednesday night and the police are watching closely the outcome of a post mortem and inquest. It is alleged that MacDonald, known locally as "The Good Provider" went to the house of some people named Molish, foreigners, to admonish them for actions attributed to them by community gossip. While there he suddenly died.

CANADIAN PACIFIC SUBURBAN SERVICE AFTER SEPTEMBER 3

Daylight Saving time, which has been in effect since Sunday, May 22, will be abolished at midnight September 3, when all city clocks will be set back one hour. This means that Atlantic Standard time will be again in operation throughout the city. Suburban trains, which are operated on Canadian Pacific Eastern Standard Time, will be run as follows:

Arrivals from Welsford:— 6:50 a. m., 10:50 a. m., 3:25 p. m. and 8:20 p. m., daily except Sunday. Fredrickton train No. 106 leave Fredrickton 5:10 a. m., arrive St. John 7:50 a. m.

Departures for Welsford:— 8:15 a. m., 12:30 p. m., 5:15 p. m. and 9:10 p. m., daily except Sunday. Fredrickton train No. 105 leaves same time as at present, viz., 4:10 p. m.

It is expected that present service will continue in effect until September 17, when service will be reduced to the 6:50 a. m. arrival and the 5:10 p. m. departure for Welsford, and on Saturday the 12:30 p. m. outward and the 8:20 p. m. inward trains, as well as the regular expresses to and from Fredrickton.

Definite announcement as to curtailment of service will be made later. Eastern Standard Time is one hour slower than Atlantic Standard Time. 9-8

JOHN DOE, MULE, FINED.

Took Nap on the Tracks and Refused to Shift.

"John Doe," mule, was fined \$25 for obstructing Jersey City traffic the other day. John wandered from home in the rush hour this morning and lay down for a nap across the Greenville car line tracks at Ocean avenue and Dwight street. The first car that came along tried vainly to budge the mule by striking it. The crew tried moral suasion with equally vain results.

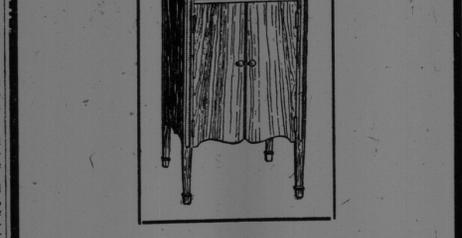

After fifteen minutes ten cars were tied up. The combined efforts of the ten motormen and ten conductors brought nothing but an annoyed look from the mule. Finally the reserves were called from the Ocean avenue station. Their attempts were equally futile until Police-man Eggers revealed some "cigar" of Italian origin in his pocket. Three puffs

from a lighted "cigar" so affected the mule it tottered to its feet. Before it regained full consciousness the mule was bound "hand and foot" and lifted to the rear platform of one of the trolleys. It was given a free ride to the Ocean avenue station, where its owner may have it upon payment of the \$25. The mule was looked at by John Doe, and charged with obstructing traffic.

SYDNEY COUNCIL IN SECRET SESSION; A SENSATION?

Sydney, N. S., Sept. 2.—A secret meeting of the city council was held last evening but individual Aldermen at the close of the session refused to give any outline of the proceedings; a second secret meeting is scheduled for Friday night. Serious allegations concerning a high civic official are believed to be the subject of the star chamber proceedings.

INQUIRY INTO LOSS OF VESSEL ON SAMBRO LEDGES

Halifax, N. S., Sept. 2.—An informal and private hearing, preliminary to one to be held in Boston or New York by the U. S. Shipping Board, was held here yesterday afternoon by J. M. Dodge, port engineer for the shipping board, Captain Neil Hall, port warden, and Captain H. G. Lindsay, superintendent of pilots, in the recent loss of the new steel steamer City of Brunswick on the Sambro Ledges. Captain Rossi, master of the ill-fated ship, his first, second and third officers with the chief engineer and the wheelman were examined. The evidence was not given to the press.

A GENERAL ELECTION.
Canada is to have a general election before another session of parliament. Premier Meighen made that clear in his speech in London, Ont., last night. While no date was announced, voting will doubtless take place before the snow flies, or as soon as possible after.

SHOULD BE CONTROLLED.
Sir William J. Pope, president of the Chemical Society and professor of chemistry at Cambridge University, contributes an article to Chemical Age in favor of the use of poison gas in warfare. He says that no other instrument of war is more fatal or less cruel. He attacks the medical men who have demanded the abolition of poison gas and declares that preventive medicine was responsible for casualties running into millions, while gas killed its thousands.

BLACK WALNUT SEARCH.
The war demand drew heavily on the black walnut timber supply. The condition became alarming, as it was recognized that, unless there should be a decrease in cutting, the merchantable trees would soon be gone. Fortunately, however, the war ended before the larger trees had entirely disappeared.

LIVE AND LEARN, TOO.
William J. Bogan, principal of the Lane Technical High School in Chicago, maintains that any one should be able to get an education and make a good living at the same time, and still be perfectly healthy. Mr. Bogan explained that the present general system of schools would have to be changed, but that it could be done if the work is cooperative with school life, and if plenty of time were allowed for normal recreation.

LIGHTER VEIN.
No Option.
"Y'hear Charlie's on his feet again?"
"Y'es, poor boy, his creditors took his car."—Sydney Bulletin.

Little Nellie told little Anita what she termed only a fib.
Anita—A fib is the same as a story and a story is the same as a lie.
Nellie—No, it is not.
Anita—Yes, it is, because my father said so, and my father is a professor at the university.

And Discovery is Unpleasant.
Morgan—Eggs are still very dear.
Judd—Yes, but we may not be paying last year's prices for eggs, though there is occasional evidence that we are paying this year's prices for last year's eggs.

Not Yet Proved.
"Where did you get that cigar?"
"Somebody gave it to me."
"A friend?"
"I don't know yet."

Hear, Hear!
Mr. Gasbag Jones stood on a soapbox at the corner of the street. A huge crowd surged around him. Surely his heart should have been glad! But he was dissatisfied.

See From Mount Vernon Planted in Michigan Campaign.
The war demand drew heavily on the black walnut timber supply. The condition became alarming, as it was recognized that, unless there should be a decrease in cutting, the merchantable trees would soon be gone.

HOME ONLY PLACE FOR REAL WIVES.
No Place in Business Nor Politics, Says Mrs. Samuel Gompers.

Atlantic City, Sept. 2.—"A married woman who works, not of necessity but from choice, is taking bread and butter away from someone who needs it," declared Mrs. Samuel Gompers, recent bride of the president of the American Federation of Labor at the Hotel Ambassador.

By women. I do not approve of women mayors."
"Do you think there will be a woman president some day?"
"Never. I would not like to think of one," she immediately replied.

RECENT WEDDINGS

Hall-Connors.
A wedding of usual interest took place at the Roman Catholic church, St. George (N. B.) when Gertrude Irene, daughter of Mr. and Mrs. P. W. Connors of Black's Harbor (N. B.) was united in the bonds of matrimony to William Joseph Hall, son of Mr. and Mrs. M. Hall, Newcastle (N. B.) with nuptial mass, celebrated by Rev. W. J. Holland. The bride, who was given away by her father, entered the church to the strains of Mendelssohn's wedding march, and was charmingly gowned in white duchess satin with veil and orange blossoms and carried a bridal bouquet of orange blossoms. Misses Alma and Gertrude Connors, sisters of the bride made charming bridesmaids in pink and blue georgette with picture hats to match and carrying American beauty roses. The groom was supported by John Bonnell of St. Stephen (N. B.) Miss Alice Bennett, niece of the bride, was a dainty little flower girl in maize crepe de chene. Norbert Foley and William Power of St. John acted as ushers.

After the ceremony, about seventy-five guests motored to the home of the bride's parents where a dainty wedding breakfast was served. The bridesmaid's suit was of brown silver tone with tulle and lace. The bride wore a beautiful silver service presented to her by her girl friends on the eve of her departure from Black's Harbor.

RECENT DEATHS

Ottis Gordon Clark.
His many friends will regret to hear the sudden death of Ottis Gordon Clark, which occurred at the home of his parents, 168 Prince William street, early this morning. The young man, who up until a few days ago was in his usual health, was an employe of M. R. A., Ltd., in their King street store. He was taken ill. His indisposition, however, was not considered very serious and he was able to be up and about on Wednesday. Late last night he suffered a turn for the worse, however, and the end came just a few hours later. He is survived by his parents, four brothers, Walter, Everett and Howard, all of this city, and Norman, of St. George; and two sisters, Hazel and Vivian, both at home.

Miss Sarah Snodgrass.
The many friends of Miss Sarah Snodgrass will regret to learn of her death which occurred on Wednesday morning, August 31, at the General Public Hospital, after an illness of several months. Miss Snodgrass was of a bright and cheerful disposition, always ready to assist in every good work and will be much missed by those who were fortunate in knowing her. She was born at Young's Cove, Queen County, a daughter of the late John and Mary J. Snodgrass. She leaves one sister, Margaret, at home in this city, and three brothers, Robert, of Berlin (N. H.), William T., and John M., both of Young's Cove, as well as a large circle of friends. Isaac and William Snodgrass of Young's Cove are uncles of Miss Snodgrass. She was a consistent member of St. Andrew's Presbyterian church. The funeral was held from her late residence, 127 Duke street, yesterday afternoon. Service was conducted by Rev. F. S. Dowling and interment was made in Fernhill cemetery.

Mrs. Robert Jones.
Digby, N. S., Sept. 1.—A very tragic death occurred among the victims of Smith's Cove this week, the victim being Mrs. Robert Jones, a young married woman of Verdun, (Que.) She, with her husband and two traveling companions, Mr. and Mrs. Fulton, also of Verdun, arrived at the Out-of-the-Way Inn on the noon train on Monday. She was only in the hotel a few minutes yesterday when she became seriously ill and doctors were called at once. She passed away on Tuesday evening in convulsions. Besides her husband she leaves a mother in England.

W. Hanford Jones.
The death of W. Hanford Jones, of Westford, N. B., took place yesterday at the St. John Infirmary, and was due to heart trouble. Mr. Jones was born at Petersville, Queens county, on January 25, 1862. He was a son of the late William H. Jones, and is survived by ten brothers and one sister. The brothers are Arthur H. and Frederick E. of Westford; William H., of Gasperaux Station; J. Edmund, of New Jerusalem; H. W., of St. John; Alonzo E. and R. Fraser, of Boston; Charles R. and George D., of Amherst (Mass.) and Hadley V. of Haverhill, (Mass.) Mrs. R. Arnold Simpson, of New Jerusalem, Queens county, is a sister. Funeral services will be held at Westford on Saturday, September 3, at 3 o'clock in the afternoon, Atlantic time.

W. Y. King.
Parrishoro, N. S., Sept. 1.—The death of Winfield Y. King, occurred at his home, King street, on Tuesday evening, after a lingering illness, at the age of eighty-six years. He was the eldest son of the late Rev. W. B. King, for many years rector of St. George's parish, Parrishoro. The late Mr. King was called at King's College, Windsor. While a young man he acquired a wide knowledge of legal affairs and during his active years was one of the leading magistrates in this vicinity. He is survived by two sons and three daughters.

SIR FRANCIS W. T. BAIN DEAD
(Canadian Press Despatch).
London, Sept. 1.—Sir Francis William Thomas Bain, the noted Bristol mining authority is dead. He was born October 28, 1866, and received his early education at the Monmouth Grammar School. He was a member of the Institute of Civil Engineers. In 1918 he was knighted.

AUTOS IN TROUBLE.
Four disabled or wrecked automobiles were noticed by a driver between the city and Rothesay last night. A Ford truck, which rolled over an embankment near the Three-Mile House, was badly wrecked, but the driver Harry Pitt of Gondola Point, escaped without injury. The engine of the car, which was owned by Charles Peters, was badly damaged. Near Torryburn a Chevrolet car was dented, and one of the wheels torn off. A little farther along the road a Ford coupe had been driven into the woods skirting the road. It was said that this was due to a flat tire and that the driver had put his car there while awaiting repairs. The fourth car, a Ford, which had been wrecked in a collision on Wednesday, was a short distance this side of Rothesay.

OCEAN HIKERS AWAY.
Three Halifax-to-Vancouver hikers started yesterday afternoon on the long voyage to Boston via East Port and Portland. They expect to reach Boston by October. The boat's crew now consists of J. H. Engle, J. Morrison and Arthur Spragg, the latter from this city. These pictures arrived from Halifax yesterday and they decided to leave at once. Engle, the leader of the party, said yesterday that he considered that they had completed the hardest part of their journey, that of crossing the Bay of Fundy, which they accomplished in fourteen hours.

MARS AGAIN
Wireless Waves of Great Length Picked Up by Marconi.

New York, Sept. 2.—Wireless waves 150,000 metres long, which he believed may have come from Mars, were picked up several months ago by Guglielmo Marconi, during experiments aboard his yacht *Electra*, in the Mediterranean. J. C. MacBeth, London manager of the Marconi Wireless Telegraph Co., Ltd., made this statement yesterday at a luncheon of the Rotary Club.

The maximum wave length produced in the world today is 14,000 metres, Mr. MacBeth said, and the regularity of the waves detected by Mr. Marconi and other experts led them to believe that they were not electrical disturbances, but efforts of Mars to get into communication with the earth. The only resemblance of the waves to any code used on the earth was a similarity to the letter "V" in the international code.

GRAIN CONVEYOR FOR NUMBER SEVEN IS RECOMMENDED

Board of Trade Council Takes Action — Also Urges Change in Rule of Road — Delegates to Charlottetown.

The matter of increased grain conveyor equipment for West St. John, to obviate possible congestion during the coming winter, was one of the subjects discussed by the council of the Board of Trade yesterday.

The secretary reported the result of inquiries he had made regarding harbor equipment and preparations for the approaching traffic season, and it was resolved to the government that the grain conveyor system be extended to No. 7 government pier. It was reported that berth dredging would be carried out in time for the opening of the season. Some discussion followed on the

proposed Courtenay Bay pier development. The C. P. R. embargo on C. N. R. West St. John export freight, contingent upon a permit being issued by Mr. Gowans, of the C. P. R. freight department, Montreal, also was brought up, and the harbor and transportation committee was authorized to take the matter up with the C. P. R. with a view to having the embargo lifted.

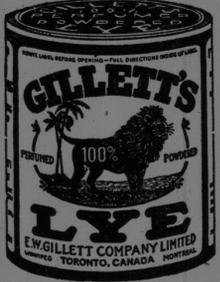

A motion was adopted recommending that the provincial government bring into effect on January 1, 1922, the rule of the road to the right.

The secretary reported the receipt of copy of the act under which the port of Savannah (Ga.), has just under a form of harbor commission, referred to harbor committee.

It was resolved to send delegates to the proposed Maritime Board of Trade convention in Charlottetown, September 14. The president and secretary were named as delegates, but it was hoped that other members of the board would find it convenient to attend.

The civics committee brought in a report favoring a conference between Dominion and provincial government representatives throughout Canada in order to reach a clear understanding as to the sources of revenue that taxation of either federal, provincial or municipal character would be limited to. This matter had been considered at the request of the Canadian Manufacturers' Association, submitted and tabled for further consideration.

The secretary was authorized to arrange for a publicity propaganda for exhibition week.

THE GLEN FALLS COMMUNITY CLUB

The Community Club of Glen Falls held a most successful picnic and dance in the school house last night and cleared more than \$60. The money is to be used for improvements to the school. The club has undertaken to brighten up the community and to put in improvements wherever it sees they are needed. The need of the school was felt to be the most pressing and improved recreation facilities for the children are to be the first aim of the club. There was a big and happy gathering for the entertainment last night. Mr. Macdonald auctioned the pies and there were many prettily decorated baskets held up. Bidding was brisk and dance Mr. O'Hara was the chief musician and he had excellent assistance. The committee in charge consisted of Mrs. G. H. Simpson and Mrs. Dickson, for the ladies, trustees, G. H. Simpson and Mr. Whalen assisted by Mr. Dickson, for the men.

The regular meeting of the Teamsters' and Chauffeurs' Union, Local No. 661, was held last night in Trades and Labor hall with the president, A. Kirkpatrick, in the chair and all the officers present.

RED CROSS STARTS SEASON'S WORK ENCOURAGINGLY

The first of the returns of a recent effort of the Red Cross are coming to hand and the replenishing of the emergency supplies of the society is being commenced in earnest. Last winter the society decided to give definite form to its call for emergency supplies. A special committee was appointed and Mrs. Cecil MacManus of Moncton was made convener. The committee got in touch with the various women's organizations in the province and asked that each organization, church, social, benevolent or whatever its aims, contribute at least one article to the emergency supplies of the society each year. The supplies of the Red Cross are constantly being drawn upon for special relief of the relief of the Westfield fire sufferers was undertaken. It was found that some lines of bedding and other necessities were lacking. Now has come an encouraging response from the societies which undertook to make the emergency supplies. Hopewell Hill, in Albert county, has sent most generous supplies.

Supplies of bedding have come from the Women's Institute, the Presbyterian Women's Missionary Society, the Baptist Willing Workers' Mission Band and the Baptist Ladies' Sewing Circle, all in Hopewell Hill. Other societies in other localities have notified the headquarters of the Red Cross that they have started to make articles for the emergency supplies and will forward them shortly. Still more names of recently enrolled members are coming to hand at the depot. Yesterday the returns from Chatham and the neighborhood arrived and when added to the previous total brought the numbers up to approximately 9,000. The Chatham district membership is as follows: Life member, one; five-year member, one; annual members, 415; annual junior members, fifteen. Several other centres, notably Moncton, are still to be heard from.

The arrangements for the Red Cross booth at the Exhibition are engaging the attention of the society at present. Each of the local societies has been notified that every Red Cross member is invited to visit the booth and that any interested person will be cordially welcomed. Arrangements have been made to enroll new members at the booth. Miss Grant, the Red Cross officer at McAdam has been able, through the kindness of the manager of the local picture house to have the invitation to attend the booth appear on the screen there. The work of the citizens of McAdam in the Red Cross membership campaign was particularly gratifying to the society.

CLOSING DAY AT ALLISON GROUNDS

The closing of the Allison playgrounds took place yesterday afternoon and the day was a red letter one for the children, as every one of the 200 playgrounds children was provided with a treat of ice cream by Walter Allison after the exercises.

The programme presented and the handicraft shown were both excellent and reflected high credit on the teachers, Miss Woodrow and Miss Agar. Thirty of the girls took part in the recitation, singing games and the Swedish dances which opened the programme and there were between twenty and thirty of the boys participating in the games and sports which were the boys' part in the programme. Two prizes were awarded for general proficiency and attendance. The first prize was won by Eleanor McKim and the second prize by Katherine Brophy. Katherine Brophy had tied with Margaret McGivern for second place but had been awarded the prize because of her more frequent attendance. Margaret McGivern was given honorable mention. M. E. Agar presented the prizes. The handicraft was particularly admired. At the Allison grounds a specialty was made of the pine-needle baskets, that ground being the only one at which the pine-needle baskets were made.

All of the work made at the six playgrounds this summer will be shown at the St. John Exhibition and the closing exercises will be repeated at the exhibition. The Playgrounds Association has been allotted the hall of the South End playgrounds but on the exhibition grounds and in the hall each afternoon the children from one of the playgrounds will repeat their closing exercises programme. Miss Heffer, the playgrounds superintendent, will be in charge at the exhibition.

G. W. V. A. OFFICIALS SAY RESTRICTIVE MEASURES NEEDED

Rejoinder to Immigration Department Statement About Unaccompanied Women Coming Into Canada.

Ottawa, Sept. 2.—Regarding a statement in which officials of the Great War Veterans' Association and others expressed alarm at the steady influx of unaccompanied women from continental Europe, it was said, at the Department of Immigration and Colonization, yesterday, that 110 women arrived at Quebec on the steamer Corsican from Antwerp on August 2. Of these there were twenty English, four French, five Belgians, and six Swiss; the balance were mostly Jewish. It was added that it is well to remember that "this 110 includes all wives accompanying husbands, and wives and members of families coming to join husbands and fathers here."

In reply to this statement, officials of the G. W. V. A. declared that the list of women on board the Corsican, as examined by G. W. V. A. representatives, contained the names of seventy-two unaccompanied women traveling third class. Forty-five of these were from Central and Southern European countries, and of the thirty-five only twelve were entering to join their husbands or to be married.

"If conditions as revealed by one boat list chosen at random obtain generally, there is most certainly a need for restrictive measures to discourage this class of immigrants," said officials of the G. W. V. A.

BRITISH MERMAID SHOWS FORTITUDE

Great Endurance Feat of Mrs. Hamilton in Futile Effort to Swim Channel.

(New York Times)

Mrs. Arthur Hamilton of London, daughter of Sir Charles Fairlie-Cunninghame, failed in her attempt to swim the English Channel a few days ago, yet her performance stands out as the greatest feat of aquatic endurance ever achieved by woman, granting the correctness of cable reports.

She was credited in press dispatches and coming within three miles of her goal, when the best previous trial by a woman over the Channel course is conceded to Mrs. I. von Lascecu of Austria, who is said to have lasted ten hours and covered about half the distance between Cape Gris Nez and Dover, where swimmers endeavor to effect the crossing. This distance is approximately twenty-one miles as the crow flies, so Mrs. Hamilton apparently swam eighteen miles across tide, Mrs. von Lascecu nearer ten.

In other than Channel waters several mermaids have accomplished noteworthy feats, but there is no question that the most meritorious was performed by Miss Anna Kean of Landsdowne, Pa., when she swam twenty-six miles in 11 hours, 3 minutes, 43.4 seconds in the Delaware River in September, 1916. Her mileage cannot be compared with that accumulated by Mrs. Hamilton in the recent Channel trial, however, for she enjoyed the benefit of favoring current, and the English woman cut the tide virtually at right angles.

This matter of currents and tides need be borne in mind always where long distance swimming is concerned. All too often the public is misled by claims of big mileage attained, failing to realize the important part played by running water and little appreciating that a fifty-mile trip with the aid of tides is as swift as those which ply in New York Bay as those which ply in still water or across tide.

It is a safe estimate, for instance, that if Mrs. Hamilton should undertake to swim for twenty hours in New York Bay, shuttling back and forth with the changing tides and maintaining the average speed she did in the Channel trial, she would cover no less than ninety miles. Instead, she gets credit for eighteen, which illustrates glaringly the difference made by conditions and the ability made by conditions and the help accomplished with and without the help of current.

Meanwhile, Mrs. Hamilton's remarkable exhibition predicts that it may not be long before some fair navigator efforts the crossing of the English Channel. Actually women are better fitted by na-

SETS UP A DUTCH COLONY IN WEST

Holland's "Anne Morgan" Leads a New Band of Pilgrims to California.

Another group of pilgrims will make their way to the United States this fall. This group is not leaving the home land because of oppression or anything approaching the conditions of the original pilgrims, but they are journeying to America in search of happiness, to be sought in a comfortable, economic livelihood. The pilgrimage is made possible by Miss Hendrika van der Flier, the daughter of the Court Chaplain of Holland, who performed the ceremony of marriage for Queen Wilhelmina, who is known as the "Anne Morgan of Holland."

For years Miss van der Flier has engaged in philanthropic work centering their attention on relieving the conditions of the young boys of her country, making it possible for them to lead healthy lives and aiding them in getting a start toward economic independence. She has built large clubhouses for their use during recreation hours, and she has developed industries to furnish them employment. But the little Dutch country is much changed from the country it was before the war. The sadness of the war has been reflected to her, and her people are not able to live the happy lives they once did in America. Of course, there is much preliminary work to be done, and realizing this, Miss van der Flier came to New York, bringing as the vanguard of the pilgrimages that is to follow, two aids, a gardener and a cook. They proceeded to California, where she has decided to establish the colony and will have homes in readiness for the dozen or more who are scheduled to follow in October.

Miss van der Flier knows United States well, and declared that she has discovered the ideal spot for her colony. Her plan is very simple, and from the beginning she means to make her charges quite independent. All of them are

skilled in various trades, she says, and they will continue in their chosen occupations. There will be carpenters, gardeners, bakers, weavers, and others skilled in the finer arts, and each will work for the others. Of course, any surplus supplies will be sold outside the colony and eventually Miss van der Flier hopes they can build up much trade.

Not only will Miss van der Flier supervise the colony, but she is to be part of it. She has disposed of all her holdings in Holland and has decided to make this the land of her adoption. She was most enthusiastic over the plan, when seen at the Hotel McAlpin, and was extremely optimistic as to its future.

"Living is so different everywhere in Europe now that I found it very hard to help my boys in the way that I had done before," said Miss van der Flier. "Their wages were shrinking all the time and prices were soaring. I saw that I must do something really drastic if I wished to help them. I have been in this country many times, and felt sure that if I could take the boys to California they would be able to live the happy lives they had once known. When I told them of my plan they were delighted, and are most impatient to set out. It was quite a problem selecting only twelve, who were to come ahead."

Of course, it is a big undertaking. It will cost me a great deal to transport them, but I feel that I will be doubly repaid, and later, perhaps the colony will be prosperous enough to bring others here, and I will be relieved of some of the burden. We want to have regular community life. There will be small cottages, but the main building will be houses of rest, which we are to call "The Mayflower." I have decided upon a spot near Santiago, Cal., because of the ideal climate and the promise of advantages that my people could not find elsewhere. Of course, the boys that I am bringing here are very thrifty, having been obliged all their lives to subsist on a very small wage, and we hope to make our land in the colony very productive. Each one will pursue his own trade just as he did at home, but under much pleasanter conditions. We will be a busy, happy colony."

She received a number of interesting presents from the women and officials, among them two green jade rings from Llama priests in Tibet, a Buddha from the Siamese ruler, and many interesting and beautiful necklaces, tiger skins and art objects from the Japanese, Chinese and others. The French Government decorated her with a Verdun medal for her work on behalf of the women and children of that country.

YOUNG GIRLS RAN AWAY FROM HOME

Cripple and Her Companion Wanted to See New York's Busy Streets.

New York, Sept. 2.—The lure of the city has brought many strange trav-

els to New York, but this week the police of the Bureau of Missing Persons told of the most unusual within their memories—a fifteen-year-old cripple girl who ran away from her home in Baltimore with a fourteen-year-old companion. They were traced by the tracks of the crippled girl's wheel chair.

During the war William Elliott left his farm in Calvert county, Maryland, to work in a Baltimore shipyard, and one of the members of his family was Evelyn, a vivacious miss, who quickly became chummy with Edna Townsend, a cripple and also vivacious, who lived with her father, John Townsend, a mem-

ber of the United States coastguard service. They became inseparable companions, with Evelyn propelling the wheel chair at a perilous rate at times.

With war work over, Elliott a few months ago began to think of returning to the Calvert county farm—and, so, too, Edna's father got on the track of the wheel chair and went to the railroad station. The rest was easy—a call from the Baltimore police arranged a reception for the girls here by the police and the Travellers' Aid Society. They were sent to the Inwood Home of the Society for the Prevention of Cruelty to Children and Edna's father arrived to claim his venturesome daughter.

pergrinate in the glare of roadway lights.

So they taxied to the Pennsylvania station in Baltimore in the wheel chair and started their trip on Sunday, after checking the chair. A few hours later Edna's father got on the track of the wheel chair and went to the railroad station. The rest was easy—a call from the Baltimore police arranged a reception for the girls here by the police and the Travellers' Aid Society. They were sent to the Inwood Home of the Society for the Prevention of Cruelty to Children and Edna's father arrived to claim his venturesome daughter.

BUSY ON EVE OF EXHIBITION

Formal Opening on Saturday Afternoon.

Patrons Will Find Well Arranged Fair—Some of the Special Attractions—Many Dogs for the Kennel Show.

The exhibition grounds presented a busy scene today with workmen putting the finishing touches to what promises to be the best exhibition ever held here. The novel flag pole was being decorated with flags and strings of colored electric light bulbs were being placed along the ropes leading to the yard arms and to the ground. Other special features have been introduced this year making for the betterment of the show and no detail looking to the amusement and education of the many visitors to the fair has been overlooked.

The formal opening will take place tomorrow afternoon at three o'clock and the exhibition will be declared open officially by His Honor Lieutenant-Governor Pugsley. Addresses will be delivered by His Worship Mayor Schofield and E. J. Terry, president of the Exhibition Association. The ceremony will be held on the green in front of the grand stand and no admission will be charged to the grand stand. Following the official opening the whole show will be in full blast.

Under the energetic and capable direction of Horace A. Porter, manager of the exhibition, excellent arrangements have been made in every department. A capable executive committee has had things well in hand for some time past and the prospects are bright for a good exhibition.

The officers of the exhibition association for this year are: President, E. J. Terry; first vice-president, J. S. Gregory; second vice-president, E. A. Schofield. The executive is composed of W. C. Allison, W. F. Burditt, F. A. Dykeman, G. D. Ellis, F. E. Holman, R. O'Brien, A. O. Skinner, M. F. Smith and G. I. Warren. Besides these there is a directorate of eighteen members.

There will be numerous outdoor attractions such as an aerial ferris wheel programme to start about 3:30. Five Keith circuit acts have been engaged, the baboon barber shop, a street in Italy and a baggage smashing comedy from the Hippodrome. The pig has been graded and the unpleasant slope of the ground and the consequent unevenness have been done away with. All the buildings are in excellent condition and everything looks clean and nice. The exhibits are full of a high order and the indications are this will be an exhibition in the fullest sense of the word and one of which St. John may justly be proud.

The Dog Show.

What promises to be a show of unusual interest at the exhibition is the splendid class of dogs to be benched in the Armoury Building beginning on Labor Day. More than 225 dogs are entered for competition. G. Muss Arnold, the judge, will award the ribbons at this show, a man of long experience among all breeds and as famous with his brush as with his pen, also a familiar figure among the field trials in the United States, where he makes his home.

The larger breeds, such as St. Bernards, Newfoundlanders and hounds, while not in great number are well representative of their kind. Sporting dogs always strong here, are more than up to the average, particularly in setters and pointers, which can excel any exhibit in Canada this year. More and better dogs will be seen among the non-sporting varieties, especially in home-bred collies and English bulldogs, the former the largest exhibit ever benched here and a showy lot of dogs.

In the terrier ex- hibition the exhibitors prove the majority in numbers and expect lively competition in local bred dogs, which is also evident in wire fox terriers. Toy dogs are well represented in Pomeranians, Pekingese, Spaniels, etc. There are new exhibitors among these attractive dogs and colors and varieties are added to the exhibit. The Fredericton Kennel Club, the baby club in Canadian dogdom, is supporting the show here with a large contingent while Nova Scotia is sending the biggest lot ever received from the sister province.

The last few days mean some busy hours for the exhibitors putting the finishing touches on their dogs preparing for keen competition, all out to win.

The dog show committee have everything under way and working hard to make this the best ever. The beautiful prize cups are now on display in the W. H. Thorne & Co., Ltd., window, King street.

ARMOUR CLAD

CLOTHES FOR BOYS

Your boy starting off to school must be well dressed if he is to hold his place among his fellows. And by well dressed we mean his clothes must not only appear well, but must be backed up by quality and superior workmanship. Armour Clad Clothes fill these requirements and more, too. They are completely protected at the wear points—reinforced pockets, seams are taped making them rip-proof, the collars, knees and seat are double cloth—cloth of the same pattern underneath put on with an invisible stitch. This allows double the wear caused by rubbing from the inside, and if worn through from the outside, there's the identical same pattern underneath ready to give double service. Truly you get double year from such suits.

NEW RECTOR ARRIVES. Rev. A. L. Fleming, the new rector of St. John's (Stone) church, arrived in the city today from Toronto. He was met at the station by Ven. Archbishop A. H. Crowfoot and members of the vestry of St. John's church, in addition to other friends and acquaintances.

RUNAWAY. A horse, with wagon, owned by Edward Hogan and driven by William Derrin, took fright in front of the post office about noon, and dashed along Prince William street, along Union into Waterloo where the wagon brought up against a telephone pole. The wagon was badly damaged and the horse was slightly scratched. Nobody was injured.

H. C. GROUT HERE. H. C. Grout, general superintendent of the C. P. R. Ontario district, arrived in the city this morning. Members of his family arrived in the private car "Ontario" this afternoon. They will remain in the city a few days visiting friends, after which they will continue on to Boston. Mr. Grout, who was formerly general superintendent of the New Brunswick district, with headquarters in this city, was warmly greeted by a number of friends.

NORMAL SCHOOL. Word has been received here from the chief superintendent of education that there was a record attendance at the opening of the normal school, the registrations numbering 329. More will probably come. The chief superintendent thinks that two things have contributed to the increase, increased salaries and legislation passed last year, making it possible for the government to loan money to students to help defray their expenses. Several students have taken advantage of this opportunity.

THE FOREST FIRES

The forest fire situation at South Bay and Spruce Lake is still serious. The fire back of South Bay is burning in the slash and has not reached the green wood. It is only a mile from South Bay and the wind is fairly strong. It was said today there were no men endeavoring to combat it, although the fire ranger has issued repeated calls to the men of the district. The fire at Spruce Lake is burning in second growth, but there is not much wood.

POLICE COURT

In the police court this morning hearing was continued in the case of William Dixon, Jack Kesluek, Nick Shiban and William Trufon, charged with stealing a tire, rim and inner tube, the property of Frank Donnelly, from his automobile in the Golden Grove road on Saturday night, August 27. L. A. Conlon appeared for the first three named, who pleaded not guilty to the charge against them.

William Dixon told of going out the Golden Grove road late that night to Mrs. Kennedy's house. He said that he with his companions, on entering the grounds, saw three automobiles and recognized a Chamberlain and Bert Taylor standing near by. The witness said that he and his associates went into the house for about an hour, and that, leaving, Trufon brought a tire to the car and said he had found it. The witness said he told Trufon he did not want the tire, but that he would bring it to the city and find the owner next day. Dixon said that Detective Saunders got the tire from him the next day.

Nick Shiban corroborated this evidence. Trufon told of going to Mrs. Kennedy's house in Golden Grove road where he said, they were for about an hour. He said that he picked up the tire after coming out of the house and years he told the jury he said was placed in the back seat of the car and brought to town.

T. M. Burns, secretary of the board of the city, said in this case, that he thought that he was a very steady-going young man.

The case was postponed until three o'clock Tuesday afternoon.

A case against Joseph McCann and William Williamson, charged with criminal trespass, was continued in the police court this morning. D. C. Clinch and S. Merritt Wetmore appeared for the S. P. C. Dr. Lawrence Dunlop, veterinary, told of examining the horse at the request of Mr. McCann on Aug. 24. He said he had advised that the horse be destroyed. He said the horse was not fit to be driven in the condition it was in. The case was postponed until 2:30 this afternoon.

The case of William McGrath, charged with assaulting Samuel Swanton in Erin street a short time ago, was postponed until Wednesday afternoon at 2:30. Mr. Swanton was before the court again and remanded to jail.

A case against Joseph Coyle, charged with stealing candy from the store of William Pys, Fort Howe, some time ago, was taken up. Daniel Mullin, K. C., who appeared for Coyle, asked for dismissal. The case will be continued tomorrow morning at 10:30.

John Murphy, arrested on a charge of wandering about and not being able to give a satisfactory account of himself, was ordered below to await further information.

HUTCHISON-PITT. A quiet but pretty wedding was solemnized last evening at the home of the bride, East St. John, when Miss Ethel Maud Pitt, only daughter of Isabella and the late W. H. Pitt, was united in marriage to John Hedley Hutchison, son of Mr. and Mrs. John H. Hutchison of Harcourt, N. B. Rev. R. S. Crisp performed the ceremony. The bride, who was given away by her stepfather, Frederick Thomas, wore an embroidered traveling suit of navy blue serge, with hat to match, and corsage bouquet of pink roses. The parlor and dining room were tastefully decorated with cut flowers, autumn leaves and ferns. After the ceremony a short luncheon was served, and the bride and groom left by automobile for a dainty wedding tour. The bride received many beautiful and useful gifts, including cut glass, silver and china.

MONTREAL STOCK MARKET. Montreal, Sept. 2—Lifeless was again the dominant feature of the local stock exchange this morning. Quotations in the few issues traded in being in the majority of cases, the same as yesterday's close. The local stock market was close at 24, MacDonald at 11, Sugar at 25 and Abitibi at 26 were all unchanged. Asbestos, opening at 40-1/2 was down a half point, and went to 40 within the first few minutes of trading, while Laurentide at 63-3/4 showed a gain of a quarter.

Quaint Old Hammer Arrives Anonymously At the N. H. S. Museum

A curious hammer, implement or weapon, whichever it may be, has been received by the Natural History Society and it arrived in a curious manner. Presumably the implement or weapon is a gift and, if so, it is a very welcome and very interesting one. Through the post, the gift came, but all unnecessary impediments of wrappings were omitted and the heavy specimen was directed to its destination by means of a tiny label pasted on the handle. Only half of the post mark is shown because there was not room for the full circle. What can be read of the post-mark says that the hammer came from Kings county and from some place in the county the name of which ends in "Head." The hammer is hand-made and by appearance is fully 150 years old. The maker of it but apparently one idea. He wanted a hammer, the head of which could not come off. In achieving that worthy object he omitted to reckon with certain laws of physics. The iron head of the hammer is about six or seven inches across the top and it is fixed to the wooden handle by means of two long shafts of iron, one on each side of the handle and each fully five inches long and more than one inch broad. These shafts are pierced about one inch from the end and a rod is driven through the holes, pinning the handle and the head securely.

What is gained in security is lost in the force of the blow. The hammer is very heavy but the weight is in the wrong place and a blow from the hammer head is far less effective than it should be with all the mass of iron being used.

The end which would commonly be used for extracting nails is very formidable in appearance. Instead of the slender points customary in modern hammers this hammer of pioneer days has jaws that are nearly an inch through at the handle end.

Since the place from whence it came and the name of the donor are unknown to the society, it has not been able to acknowledge what it hopes is a gift to be placed among its collections.

C. B. Man Drowned. North Sydney, N. S., Sept. 2—J. Curtis of Ingonish was drowned Wednesday afternoon about four miles off Cape Smoky, while out with two Hines brothers fishing in their boat. It is presumed he was struck by the boom and knocked overboard. He was about 45 years of age and leaves his wife and four children.

The motion picture operators, musicians and stage hands employed in theatres of Ottawa, went on strike yesterday, as a protest against a fifteen per cent. reduction on the existing wage scales. The proprietors now say that their employees have taken such drastic action that in future they will not deal with international unions, but will conduct open shops, preference being given to returned men.

MEXICO AND THE U. S. Mexico City, Sept. 2—The signing of a treaty with the U. S. is "neither possible, convenient nor necessary, and is contrary to Mexican constitutional precepts, in that it creates special privileges for Americans," according to a portion of President Obregon's message to congress dealing with foreign relations, which was read in the house last night.

A negro lad had been brought into a Virginia police court for the fifth time charged with stealing chickens. The magistrate determined to appeal to the boy's father.

"See here," said his honor, "this boy of yours has been in this court so many times charged with chicken-stealing that I am quite tired of seeing him here."

"I don't blame you, Judge," said the parent, "an 'Ise tired of seeing' him here as you is."

"Then why don't you teach him how to act? Show him the right way and he won't be coming here."

"I has showed him de right way," said the father, "but he jes don't seem to have no talent for learning how, Judge—he always gets caught."

"Did you really call this gentleman an old fool last night?" asked the judge.

"The prisoner tried hard to collect his thoughts."

"Well, the more I look at him, the more likely it seems that I did," he replied.—Lawyer and Banker.

Strengthen Your Business "Morale"

Soldiers know what it means when an army's "morale" is shattered.

The fighting spirit is gone, the men invite defeat.

What is true of military forces is true of some industrial armies.

At the first serious jolt their morale weakens—hope flies, courage disappears—their fighting spirit is lost.

There is no place in business today for the "calamity howler." He is drawing salary or wages under false pretences. More distressing still, he is weakening the "morale" of other workers, and of the business itself.

Strengthen your business morale.

Take stock of your men as well as your goods. Retain enthusiastic, profitable workers even at a temporary loss.

Venture into new fields for business.

Trade and Prosperity are interdependent. The sooner Capital, Labor and Management realize this the quicker will conditions improve.

EXPEDITION TO THE ANTARCTIC STARTS SEPT. 12

(Canadian Press Despatch.) London, Sept. 1.—Sir Ernest Shackleton, interviewed regarding his further expedition to the Antarctic regions said that the programme had increased to such an extent that further alterations had been made to the ship Quest which will bear the party among the ice floes. The personnel of the party will be increased from fourteen to eighteen. Those changes have delayed the departure of the expedition which it is now expected to leave about September 12. Possibly before leaving Cape Town another geologist may be added to the expedition. It is the desire of J. G. Quillar Rowett, well known publicist and scientist, who is financing the expedition that the Quest in this expedition have representatives from each of the British self-governing dominions on board. At present two New Zealanders, one Canadian, and one Australian have been commissioned for the party, but no South African.

EMPIRE LOYALIST CELEBRATION HELD

(Canadian Press Despatch.) Clementonport, N. S., Sept. 1.—The old church of St. Edward's here was packed to the doors this afternoon on the occasion of its first dedication service in honor of the United Empire Loyalists who established it about 1789. Many of the descendants of those sturdy pioneers who left their homes in the United States and coming to Annapolis county after the storm of the war of Independence, carved a new community out of the wilderness and set up a temple to their God, were among the audience. They sat in front of a bank of flowers, afterwards used to decorate the graves of their forefathers in the churchyard, and listened to the voice of Archbishop F. W. Vroom, himself a compatriot, telling of the trials and triumphs, the difficulties and successes of the founders of the village. The archdeacon is a native of St. Stephen (N. B.), and was formerly rector of Richmond, Petitcodiac and Shediac (N. B.).

SILESIAN ISSUE
Geneva, Sept. 1.—The council of the League of Nations today decided to refer the Silesian question to four non-permanent members of the council for settlement. They are Paul Hymans, of Belgium; Dr. Y. K. Wellington Koo, of China; Count Quinones de Leon, of Spain, and Dr. Gastos Da Cunha, of Brazil.

M. PAUL FRANZ, The World-famous Operatic Singer, of the Paris Grand Opera and Covent Garden, London, writes:

"It affords me pleasure to state that I have used Phosferine since 1912, and have derived practically invaluable benefit from it. All through the War, when serving in the French Army, I had a supply with me. The nervous strain on an operatic singer is very great, but despite the tremendous call made upon me when I created 'La Legende de St. Christophe' at the Paris Opera House last year, and quite recently at the revival of 'La Valkyrie,' I am pleased to say that Phosferine acted as a fine tonic in enabling me to bear the nervous strain without undue fatigue. I find your Phosferine so reliable, and think that it has most certainly helped to strengthen my voice."

Academie Nationale de Musique et de Danse, Paris.
This world-famous operatic singer is entirely satisfied he owes the unflinching strength and volume, the unflinching control of his vocal nerves to the re-energizing qualities of Phosferine—Phosferine ensures his nerve organisms produce a sufficiency of vital force to maintain that unswerving perfection which gives him so pre-eminent a position on the operatic stage.

TACKLE PROBLEM OF UNEMPLOYMENT

(Canadian Press Despatch.) Ottawa, Sept. 1.—Sharp clashes of opinion as to why the provincial councils of the employment service of Canada were not completely formed and charges that the diversity of labor, employer and soldier organizations made the step almost impossible. Featured today's session of the employment service council here.
C. G. McNeil, dominion secretary of the Great War Veterans; Arthur Martel, of the Dominion Trades and Labor Congress, and Thomas J. Robson, department of immigration, all charged that the excuses given by the provincial superintendents of the employment services were not sufficient. J. H. McAvity, British Columbia superintendent, in denouncing that every possible step has been taken said no council of any kind could solve unemployment.
Senator G. D. Robertson, minister of labor, said that a "tone of optimism beginning to be apparent," although the coming winter was being looked to with a certain amount of apprehension.

LONDON TO OFFER 40 CENTS FOR GAS

London, Ont., Sept. 2.—The Progressive Oil & Gas Company, owner of the natural gas wells discovered on the Sault farm on Dundas street east, will be offering forty cents a thousand for the fuel delivered at the city limits, according to a decision reached by a special committee of the city council. To this amount will be added the cost of distribution. The City Gas Company wants thirty-five cents a thousand, but negotiations with that concern will not be carried further until a definite agreement is reached with the Progressive Company.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It.
In the year of 1898 I was attacked by Muscular and Sub-Acute Rheumatism. I suffered as only those who are thus afflicted know for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

"I had sharp Pains Like Lightning, Flashes Shooting Through My Joints." I want every sufferer from an form of muscular and sub-acute (swelling at the joints) rheumatism to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent, simply mail your name and address, and I will send it, and it has proven itself to be that long looked for means of getting rid of such forms of rheumatism, you may send the price of it, One Dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer, when relief is thus offered you free. Don't delay. Write today.

TWO STRIKES AND MANY WAGE CUTS IN THE INDUSTRIES

Four Hundred Employes of Canadian Vickers in Maisonneuve, Montreal, Walk Out—Strike in Colorado Coal Mines.

(Canadian Press Despatch.) Montreal, Sept. 1.—Four hundred workmen, boiler-makers, blacksmiths and carpenters, employed by the Canadian Vickers at their plant at Maisonneuve quit work today because of a wage cut of 7 to 15 cents per hour which the company has decided to put in force. In all about 2,000 men are employed, but yet all the employes are not affected. A meeting will however be held tomorrow at which all employes will be present to hear the report of the special committee appointed by the men to discuss the situation with officials of the company. The company advertised yesterday in the local press calling for men at the reduced wage and received hundreds of applications for the positions.

Denver, Colo., Sept. 1.—Announcement has been made by the Colorado state industrial commission of notification by John McLenon, president of district 15 of the United Mine Workers that all miners in the Walsen and Cameron coal mines of the Colorado Fuel and Iron Company had gone on strike today following the putting in effect of a reduced wage scale.

Refineries Wage Cut.
New York, Sept. 1.—The National Sugar Refining Co. announces that a third wage cut will be made at once in its refineries at Yonkers. Day labor will be paid forty cents an hour instead of forty-five.

Steel and Iron Reduction.
Youngstown, O., Sept. 1.—The Independent steel companies have decided to reduce wages twenty per cent to twenty cents an hour. The rate has been thirty. The wages in the mills of the western bar iron makers are reduced from \$11.38 to \$9.12 a ton. The sheet and plate workers will also be cut.

Powder Trust Reduces.
Wilmington, Del., Sept. 1.—The E. I. DuPont de Nemours Company and the Du Pont Powder Co. announce a salary cut of ten per cent.

Paper Mills Cut Down.
Woodland, Me., Sept. 1.—A reduction in wages varying from ten to twenty-five per cent has become effective at the mills of the St. Croix Paper Co. The cut also became effective in eleven mills in Canada and the United States.

Cut in Worcester.
Worcester, Mass., Sept. 1.—The American Steel and Wire Co. announce a wage reduction of twenty per cent for 5,000 hands. The total cut made this year is thirty-six per cent.

Ten Per Cent Cut.
New Britain, Conn., Sept. 1.—The North and Judd Manufacturing Co., hardware, announces a wage reduction of ten per cent.

Slash for 15,000.
Pittsburg, Sept. 1.—Announcement is made that on Sept. 6 the wages of 15,000 employes of the National Association of Window Glass Manufacturers will be cut twenty-eight per cent.

General Electric Paring.
Lynn, Mass., Sept. 1.—The salaried employes of the General Electric Co. Lynn, Schenectady, Pittsfield and other places will be reduced ten per cent on Nov. 1. The wages of the 10,000 employes here were cut recently.

Collar People Reduce.
Norwalk, Conn., Sept. 1.—The Cluett-Peabody Co., collar manufacturers of Norwalk, Troy and Albany, announce a general reduction in wages amounting to fifteen per cent for 5,000 hands.

FIRE PREVENTION BOARD ORGANIZED

The New Brunswick Fire Prevention Board was organized at a meeting held yesterday afternoon in the office of Cowie & Edwards, with all members present. M. B. Edwards was elected chairman, Charles Robinson, secretary, and Hugh H. McLellan, fire marshal. Arrangements were made to put the act into effective operation at once.
This board is an important one because its duty is to reduce fire waste in the province. The large fire waste of the last few years should attract general attention. The board will endeavor, by advertising and by getting into touch with fire fighting officials all over the province, to assist in a reduction of loss by means of close investigation of all fires and also by trying, so far as possible, to remove hazards which menace property within the province. The public will be asked to give every assistance in this effort so important in the interests of New Brunswick.
Similar boards are in operation in several provinces. Those of Ontario and Manitoba are said to have done most effective work. It is to be hoped the same results will follow in New Brunswick.

MOSHER RE-ELECTED

Winnipeg, Sept. 1.—Election of officers was the main business before the morning session of the eleventh annual convention of the Canadian Brotherhood of Railway Employees here today and resulted in the re-election of Grand President A. R. Mosher, of Ottawa.
Murdock McLeod, Charlottetown, grand vice-president, and M. M. McLean, Ottawa, secretary-treasurer, were both re-elected.
The voting for provincial vice-presidents resulted in the following being elected: Nova Scotia, William Allard; Prince Edward Island, J. H. Monaghan; New Brunswick, B. W. Cummings.

RUSSIAN REDS ASSASSINATED

(Canadian Press Despatch.) Riga, Sept. 1.—Eighteen Russian communist leaders at Petrograd have been assassinated within the past two months in connection with the "white terrorist" plot, it was revealed by Leon Trotsky in a speech before the Moscow Soviet meeting, according to a despatch received here today.
The despatch added that attempts had been made to assassinate M. Zinovieff, chairman of the executive committee of the Third International; Maxime Gorky and M. Asnlolitch, president of the Petrograd trade unions, and to rob a train loaded with gold and other valuables on which Leonid Krassin, the Soviet trade representative, was riding.
A meeting of the executive of the United Baptist Maritime convention was held in the office of the "Maritime Baptist" in Prince William-street yesterday afternoon with Rev. J. H. MacDonald, of Wolfville, presiding. Arrangements were made for this year's convention which is to be held in Fredericton in October.

John R. Jewett, of Kingsclear, who is a very successful breeder of shorthorn cattle, will forward two carloads of this stock to St. John today for the exhibition. It is his intention to also exhibit at Fredericton. Three hundred head of poultry, belonging to fanciers in Fredericton, Devon and Nashwaakids, were shipped to the St. John exhibition by C. N. R. this morning.

A New Unified Express Service the Canadian National Express Co

TO extend their service and increase their usefulness, on September 1st 1921, under the name of Canadian National Express Company, a consolidation of the business and operations from 3465 offices of the long-established and well-known Canadian Express Company and the Canadian National Express Company became effective.

The facilities of each of the two Companies are thus, in effect, doubled. The direct and tangible advantages to the public of this unified service will become increasingly apparent in each department.

- More Cars of Various Types** are now available. The cars of the railways are now being used interchangeably throughout the National System of Railways, to speed up the service.
- A Consolidated Vehicle Service** in the cities and larger towns ensures prompt response to public calls. Fleets of speedy motor trucks and express wagons will speed up the service.
- Consolidation of Local Offices** in various cities under a single head will centralize control of operations, eliminate duplication, and speed up the service.
- Exclusive Fast Express Trains** are operated between some of the large centres. Their arrival and departure is timed to allow receiving packages as late in the day as possible for delivery to consignees early the following morning, speeding up the service.
- Articles of Value.** The shipment of these, for which the express service is especially adapted, will be by the coordinated facilities. A trusty messenger in each car and a reliable driver on each wagon guard every package. The services of these men are so important that each of them is bonded to ensure security.

This Service is Yours

The Government Railways of Canada are back of the Company's every receipt for goods. Each receipt is an insurance policy. Good for a valuation up to \$50.00 without extra charge, it can be increased at slight additional cost. As a vital factor in business and social life, the Company welcomes suggestions from the enlightened public it serves.

HOW TURPENTINE IS MADE. The operation of turpentine pine trees does not lower the strength of resin content of the wood according to the information obtained by the Forest Products Laboratory at Madison, Wis. The drained from a store in the tree, but is not crude turpentine, or oil, but is the turpentine from the stimulus of the wound by living cells in the sapwood immediately adjacent to the cut on the trunk.

The major part of the tree is not appreciably affected, and the loss due to death of trees or to a reduction in the grading of lumber is very small. Furthermore this loss is more than offset by the additional revenue obtained through turpentine. The greater part of the wood that is chipped away would have become finished lumber but would have gone into slabs and edgings at the sawmill. With proper treatment, the turpentine faces remain healthy, and the wood underneath does not become saturated with resin to any great extent.

GIRL HELD UP AND ROBBED OF JEWELS
Opened Hotel Bedroom Door to Let Friend in and Met Bandits.

Atlantic City, Sept. 2.—Declaring that she had been held up at the point of revolvers by two masked bandits who appeared at her door, bound her with bed sheets and gagged her with her own silk shawl, Anna Knoehr, who registered from Philadelphia, reported to the detective force of a beach front hotel that she had been robbed of jewelry valued at \$10,000.

According to Miss Knoehr she was dressing for a dinner engagement with Gertrude Whitman, a buyer for a local departmental store.

When she heard a knock she supposed it was Miss Whitman and opened the door. Two men, she said, each wearing a mask of black silk and holding big revolvers, pushed their way inside, closed the door and presented pistols at her face. Before she could cry out, she declared, she was seized, bound hand and foot with sheets and gagged with a silk shawl. Then she was put on the bed and covered up. She said that the bandits were but a few minutes in their work of rifling her trunk and bureau drawers of all her jewels. The police think the robbers removed their masks, stepped out in the corridor and into an elevator.

Miss Whitman arrived by a few minutes after the robbers had left. She removed the bonds and notified the hotel manager. The two young women went immediately to the police headquarters, where Miss Knoehr gave a detailed description of the two bandits.

DRESSMAKER MADE WELL
Followed a Neighbor's Advice and Took Lydia E. Finkham's Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband saw an advertisement of Lydia E. Finkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but I decided to try the Vegetable Compound and I also used Lydia E. Finkham's Sensitive Wash. I am now

MINNESOTA BANK HAS SUSPENDED

St. Paul, Minn., Sept. 1.—The Merchants' State Bank of Marietta (Minn.) has been closed by the state superintendent of banking, who found that the reserves had been dissipated to such an extent that the longer continuation of the institution would be hazardous to the public. The bank has deposits of \$500,000.

URGE DUTY ON SHINGLES.

Northwestern Lumbermen Tell Senators Industry Needs Protection.

Washington, Sept. 2.—Reports among Northwestern lumbermen that an attempt would be made to overturn the import duty of 50 cents per thousand on shingles, carried by the Tariff bill, brought a delegation of shingle manufacturers before the Senate Finance Committee in defense of the schedule. Representatives of the Association headed the delegation and announced that if there was to be a fight "we want to be counted in" in support of the duty.

George A. Bergstrom of Everett and E. E. Case of Raymond, Wash., were heard in behalf of the rate, which, they said, measured the difference between operation or closing of their plants. Each of the witnesses maintained that a higher duty than 50 cents actually was necessary, but expressed opposition with the rate as provided in the Fordney bill. Their accounts of conditions in the shingle industry of the Northwest called closely with the shingle trade during the controversy on the subject before the House Ways and Means Committee. They contended that Canadian shingle makers were driving their business on this side of the line because of cheaper Canadian production costs.

The committee also heard a protest against the proposed duty of 1 cent a pound on cattle under two years old from J. C. Happer of El Paso, Texas, who spoke for the American Association of Cattle Growers of Mexico. The association's plea, Mr. Happer said, was that border cattlemen be allowed the privilege of getting young stock wherever it was available and to enjoy the right of obtaining grazing land on either side of the Rio Grande when conditions necessitated.

THE MILLIONAIRE DOORMAN.

James W. Hebron, who was buried Sunday in Calvary cemetery, was the "Jimmie" of the old days at Delmonico's, reputed to have made a million from tips given him by friendly magistrates and through his own livery business that for years had the privileges of leading hotels and restaurants. Just how much "Jimmie" made is doubtful. He once put the total at \$700,000. He was born in Ireland sixty-eight years ago, and studied for the priesthood. He always attributed his popularity with Delmonico patrons to his education that enabled him to converse with them. He went to work first as a doorman at the famous restaurant in 1877 at \$1 a day. The big operators of the period, James R. Keene among them, took a liking to him, tipped with prodigious hand, and often "put him in with them" in fruitful speculations. Capital in hand, he opened his cab business and made a success of it, adding two more stables and buying a house at 265 West Seventh street.

In 1907 his mind gave way and for four years he was incompetent. A fall while crossing a railway track restored his reason and he later brought several suits for accountings of his property, asserting that most of his fortune had been dissipated by mishandling during his illness. Three years ago his health again failed. Recently he had lived with a daughter at 147 West Sixty-sixth street.

EUROPEAN GOLD RESERVES

The following appears in the September issue of Commerce Monthly, published by National Bank of Commerce in New York: "While Europe sent to the United States more than two hundred and fifty million dollars in gold during the first six months of the current year above receipts from this country, nevertheless a slight gain occurred in that period in the total gold reserves of Europe held by central banks or government agents. "Only three of the fourteen chief European gold-holding countries showed a diminution in their gold stocks from January 1 to July 1, and these losses were relatively slight, their combined total amounting to less than twelve million dollars. This loss was more than offset by gains among the other eleven countries, the net increase of the fourteen combined amounting to \$1,199,000. "Yet between January 1 and July 1, the gold stock held by the federal reserve banks in the United States increased by \$402,601,000, or nearly twenty per cent. of the \$2,039,930,000 they held the first of the year, almost two-thirds of the increase being made up by the gold from European shipping points, the rest coming from non-European and domestic sources.

FIGHT DRUG SMUGGLING

Air Patrols Active on British Columbia Coast.

Ottawa, Sept. 2.—Air patrols have been instrumental in frustrating, to a large extent at least, the efforts of smugglers to land huge quantities of drugs illegally on the Pacific coast, according to reports reaching air board officials from the customs department at Vancouver, where seaplanes have been placed at the disposal of the customs officials in their fight against the dope smugglers.

WORLD TOUR BRIDE'S WEDDING GIFTS HELD

English Wife of Los Angeles Man Strikes Customs Snag While Red Tape is being Cut.

J. D. Cook of Los Angeles returned by way of New York the other day on the French liner Lorraine after a seven months' tour around the world on what was really his honeymoon. It was the culmination of a war romance. He married Miss Russell of Sevenoaks, Kent, England, in her native town and brought her over to see his people last fall before starting for Hawaii, Japan and China. In addition to about 50 pieces of baggage Mrs. Cook had a quantity of jewelry, wedding gifts and family heirlooms. As she came to the United States as a non-resident, Mrs. Cook was entitled to bring in her jewels and personal effects free of duty. The customs officials said that about \$10,000 worth of pins, rings and earrings would have to go to the Appraiser's Store for the night until it was decided that she was entitled legally to be classed as a non-resident.

Mr. Cook said he and his wife were in Tientsin, China, when the famine was severe and saw great suffering there and in the country to the south of Peking. Passengers trains were not permitted to stop at some of the stations lest crowds attack them to get food.

Mr. Cook said that at Singapore he took the train from the other side of the Straits of Johore to Jenang and passed through the Malay Federated States. Kuala Lumpur, the heart of the rubber industry, was not so prosperous as it was three years ago, he said. When they arrived at Colombo, Ceylon, the British authorities would not permit tourists to go across the Bay of Bengal to Madras or to Bombay because the steamships were required for the use of troops and Government officials going from and returning to India.

LARGE DECREASE IN FISH CATCH

This is True Both of Atlantic and Pacific for July.

Ottawa, Sept. 2.—(Canadian Press.)—A large decrease in the total catch of sea fish on both coasts during July, as compared with July, 1920, is reported by the Department of Marine and Fisheries. The figures are 654,448 cwts., compared with 804,461 cwts., with a value of \$2,287,078 as compared with \$4,314,659.

The aggregate catch of cod, haddock, hake and pollock on the Atlantic coast for the same month in 1920, less than also shows a large drop, the quantity taken on the east coast last July being 57,910 cwts., as compared with 76,460 cwts. in July, 1920.

In the case of mackerel, the catch for July was 5,111 cwts., better than for July of 1920. The lobster catch since the season opened on November 15 last was 304,149 cwts., while the catch for the similar period last year was 346,464 cwts.

HUNDRED LOSE WORK; WAGES OF OTHERS REDUCED

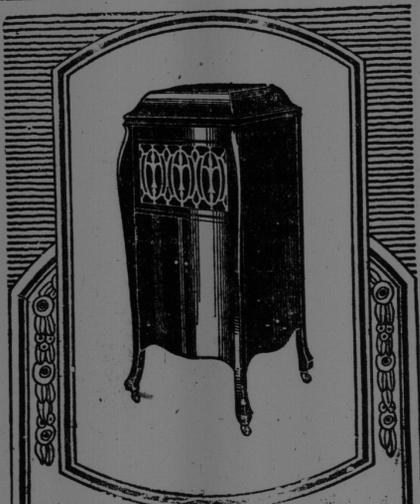

Thetford, Que., Sept. 2.—(Canadian Press.)—The Bell Asbestos Co., which employed staffs of men on day and night work during the summer, has just laid off more than 100 employees and has cut out all night work. In addition, the company has reduced its day staffs. Older employees of the company and the foremen still keep their positions for the present with a wage cut of twenty to twenty-five per cent. Piece workers have also had a cut in wages.

The men expected this course of action on the part of the company, but it was hoped that it would not have been put into effect until later in the year.

WILSON AND DOWNEY.

New York, Sept. 2.—If Johnny Wilson loses his middleweight title to Bryan Downey at Boyle's Thirty Acres on Labor Day it won't be because Johnny isn't in shape.

The quarters and most of the paraphernalia Johnny is using are the same that Georges Carpentier used in preparing for his historical affair with Jack Dempsey on July 2. That all the other boxers, including Paul Journe, Charley Ledoux and Italian Joe Gans, who have used the Manhasset camp and its equipment have followed Carpentier along the highway of defeat, appears to have no psychological significance for Johnny Wilson.

After Wilson's famous fight in Cleveland against Downey, in which the latter floored the champion three times with hard belts to the jaw, the cry arose that Johnny had been laboring under the impression that the Columbus boy was a "set-up" and for that reason had not trained.

That may or may not be true. It doesn't matter much one way or the other. What does matter is that Johnny Wilson appears to be training now as though his life, in addition to his title, depended on the outcome of next Monday's encounter.

Fistic sharps who saw the champion work expressed the opinion that Johnny is now in almost tip-top condition. After a severely strenuous day he tipped the scales at 160 pounds.

While Johnny was mixing things at Manhasset, Bryan Downey was equally busy up at Grupp's gymnasium, where he is finishing up a training period that was begun three weeks ago in Columbus. Bryan is also taking the business of preparation very seriously. He boxed six fast and furious rounds with Johnny Pappe and Johnny Carr and the latter seemed glad to climb out of the ring when their respective sessions were over.

Mike McTigue, who says he is going to knock Panama Joe Gans from Jersey City to the Canal Zone when they meet in the semi-final to the Wilson-Downey fight, put in a spirited training session for the benefit of about 250 Irish friends. Mike tipped the scales at 158 pounds when he knocked off work for the day. He declared that he would stop the negro within four rounds.

We Have Struck Good Luck

We Pass it on to You!

We have struck luck in securing an enormous quantity of the finest pure wool Suitings and Overcoatings we have ever seen. They are better than anything we have ever been able to secure before for our customers, and we are passing this piece of good luck on to our patrons in St. John. They are very refined, dignified patterns and are in pure wool with silk thread stripe and in checks and plain colors. We have, during the summer, greatly improved our methods of handling orders and, owing to lower costs we are able to give our customers better quality, better finish and better workmanship than we have ever been able to do before. At this season of the year we can allow our workmen to put more time on each garment, thus giving every order the utmost care and attention possible. We have established a reputation for good clothes made to measure.

STRAND TAILORS

Toronto's Big Made-to-Order Tailoring House

Offer their Old Customers and New Friends in St. John a wonderful selection of Newest and Best

Pure Wool Suits and Overcoats
Made to Your Measure—Half Price

We have before this had a minimum price of \$27 or \$30 for our regular suitings. The same line which we formerly sold for these prices are now reduced to \$24. They are in serges, worsteds and tweeds and are of genuine all wool material, strong and suitable for business wear. They are in very attractive colors and patterns and, in reducing them to \$24, we are offering the public a bargain which they cannot get from any other house, and they will much regret it if they do not take advantage of this special sale.

The Overcoatings which we are selling for \$24 are of high grade material, all wool, and of very choice pattern and are very fashionable. We make them up in Chesterfields, Ulsters and Storm Coats, Single or Double Breasted. If you go to any tailor and ask his price for a suit or overcoat made of goods of this quality, he will tell you they cannot be purchased for less than \$50, and still we are here in St. John, offering you these goods made to your measure, with a guarantee of fit and perfection for \$24.00.

\$24.00

\$30.00

Nothing could be handsomer or more attractive than the soft, beautiful, draping woollens we are offering for our suitings. They are in tweeds, serges and worsteds; some have silk stripe; all are pure wool and of the very best quality and pattern. This line includes some wonderful bargains in genuine indigo dye, pure wool, guaranteed, navy blue, serge suitings. These would sell anywhere from \$60 to \$75 per suit at any tailor shop. Our special facilities for buying and our special organization for made-to-order tailoring enables us to take your order, with a guarantee of perfect fit for \$30.00. Our best line of OVERCOATS, which we are selling for \$30.00 would ordinarily bring \$75.00 in a tailor shop. They are of the best, soft wool, flexible, light in weight, yet exceedingly warm fabrics, which have become so popular among gentlemen all over the country during the last few years. They have the fancy check backs and plain fronts in brown, heather, black, etc. We can make these up in Chesterfields, Ulsters, Storm Coats, Single or Double Breasted, with or without belts and storm collars.

It was definitely announced this week in New York that Miss Alex Sterling, American women's golf champion, who also holds the Canadian women's crown, will defend her title in the coming tournament, which will be held at the Rivermead Golf Club, Ottawa, September 18-24. Miss Sterling, who has been visiting at the home of Mr. and Mrs. Joseph D. Windle at Roslyn, L. I., since she returned from the British and French women's championships in which she played, has been playing little com-

petitive golf, devoting most of her time to practice. In the Canadian event, her chief rival for the honors will be Miss Cecil Leitch, British women's champion, who also annexed the honors in the French women's event and who will play in the national women's championship at the Hollywood Golf Club, Deal, N. J., in October.
FOOTBALL.
To Play Chaleur Team.
Arrangements have been made for a game of football to be played this evening, commencing at 6:45 o'clock, on the Allison Playgrounds between teams from the R. M. S. P. Chaleur and the C. A. A. Football club. Both teams will have their strongest line-up and a

very fast game can be expected. The line-up for the C. A. A. will be Frost, Lennox, J. Smith, W. Smith, Colter, Simpson, Rankine, Dabbleson, Murphy, Richmond Kerr, Napier, Langworth and Heath. Any soccer players of good amateur standing wishing to join the local club may meet Trainer Frost on the grounds this evening.

The big game between the All Stars of South Boston and the Auburns of Cambridge, Mass., which is to take place this evening on St. Peter's diamond promises to attract a record number of fans. It has been decided to start play at 6:15 sharp instead of 6 o'clock in order to give those working up until that time an opportunity of getting there in time. The Auburn boys arrived in the city this morning and the South Boston team came in from Moncton at noon. Both are to place their strongest line-up in the field as they are keen on winning.
The Commercial and the Auburn team will clash on Saturday afternoon on the East End grounds. The local team lost one game to the Americans on their last appearance here, but they are now considerably strengthened and are practicing hard, so that a lively argument may be expected. Kirkpatrick will be on the mound for the locals.

DIVER FINDS DEATH AT RIVER'S BOTTOM

De Gaetano's Air Supply was Shut Off When Lines Became Entangled.

New York, Sept. 2.—Entangled in the lines of his diving dress on the dark and oozy bottom of the Harlem River, Vincent De Gaetano, a diver, employed by the Merritt-Chapman Wrecking and Towing Company, lost his life while watching on the surface, conscious of his plight because of his tugs on the "life line" were trying to notify five fellow divers working nearby under the river.

The Merritt-Chapman Company had the divers at work laying a highpower submarine cable for the United Electric Light and Power Company of 130 East Fifteenth street. The new cable was being placed in a reinforced concrete bed at the bottom of the Harlem at 186th street, to connect Manhattan with the new plant of the United Electric Light and Power Company, at 184th street and Park avenue, at 184th street.

OVER NIAGARA FALLS TO DEATH

Daring Feat Performed Near Cave of the Winds in Recovery of Body.

Niagara Falls, Ont., Sept. 2.—A man, believed to be Edward H. Rippon, forty-five years old, of 1121 Elmwood avenue, Buffalo, was swept over the bridal veil or Luna Falls and dashed to death on the rocks below. The body water of the river carried the body to the Cave of the Winds. It was sighted there by Edward Wright, a guide for the Cave of the Winds. He notified Harold Wright, manager of the Cave of the Winds, Harold Wright and Reservation Superintendent E. R. Waldenberger effected the recovery of the body.

\$120,000,000 Claim for Army Ration Biscuit Names the Rockefeller Among Defendants.

Chicago, Sept. 2.—Banks, packers, the Standard Oil Company of all States, John D. Rockefeller and others were named defendants in a suit filed by Mrs. Louis Osborne Farson, who claims damages to the extent of \$120,000,000. This is the second suit brought by Mrs. Farson and her sister, Miss Grace Osborn. The first suit was brought in Omaha in 1919.

BRITISH SAILORS WERE LEFT TO DIE

85 Men Placed on Deck of a German Submarine, Which Then Submerged.

London, Sept. 2.—The story of thirty-five British sailors being put on the deck of a German submarine, which was then deliberately submerged and the men left to drown, was told this week at Bow street police court by Captain Starkey of the British steamer Torrington. The Bow street proceedings were in connection with the war crime of murder against Captain Wilhelm Werner, commander of the U-56, who has not been arrested by the German authorities.

RUSSIA INTO RUSSIA

U. S. Relief Administration Rushing Supplies to Moscow and Petrograd.

Riga, Sept. 2.—Actual relief work for the starving of Soviet Russia by the American Relief Administration is well under way. The first food shipment of 600 tons of rice and sugar for the children of Moscow arrived in Riga from Danzig on board a chartered German vessel. The local Soviet authorities so quickly arranged the unloading of the steamer that the first twelve carloads are expected to start for Moscow this evening, arriving there probably on Thursday.
