# HOUSE OF INDUSTRY.

FIFTY-EIGHTH ANNUAL REPORT.

1894-5.

---

## REPORT OF BOARD OF MANAGEMENT.

1. The Trustees and Managers of the Toronto House of Industry beg to submit to the subscribers and the public the Fifty-eighth Annual Report of the affairs of the Institution.

### INMATES.

2. The capacity of the House for some years past has been taxed to the utmost. The number of inmates maintained remain about the same, the number at present in the Institution being 101, comprising crippled, blind, and aged men and women.

Attention has been called to the necessity of increased accommodation in the last two reports, and during the past year a Special Committee of the Board have been endeavoring to accomplish this. Plans have been prepared and efforts made to induce the corporation to assist the Board to accomplish this necessary work, but in view of the reports recently presented to that body on the subject of charities, action has been delayed.

### CHARITABLE GRANTS.

3. The subject of grants to city charities has received special attention during the past season. At the instance of the Ratepayers' Association the Executive Committee of Council appointed a Sub-committee to confer with that body and the representatives of the various charities to look into the whole matter. The result of exhaustive enquiry has been laid before the Executive Committee in the form of a report in which many practical recommendations are made for the consideration of the Council. Accompanying the Report of the Sub-committee of the Executive are important separate reports from the Ratepayers' Association and the City Relief Officer.

In the first of these it is satisfactory to observe that it is affirmed as a remedy for the overtopping of relief "that the House of Industry is the best medium for the distribution of all out-door relief, and that everything should be done to facilitate its operations in this respect."

In this report a recommendation is also made that a farm of fifty acres be secured and buildings erected thereon, as the centre of charitable work. To this the Sub-committee say they are inclined to agree, but in view of the probability that the building and grounds of the Industrial School at Mimico may be available for the purpose, action is deferred.

In the second report the City Relief Officer admirably points out many difficulties in carrying out the scheme to thus combine the work of the various charities—even with the co-operation of the House of Industry, which he in effect states to be necessary—but the effect as a whole, would be the cause of drying up the channels of private beneficence and placing the whole burden upon the city.

Mr. Taylor, in his report, complains of the number of nights tramps are afforded shelter of the Lodge, and thinks it "altogether wrong." It should be stated in defence of the management:

1. That this accommodation was specially provided to relieve the Police Stations, where night after night these casuals were received.
2. In the absence of any power to commit those who apply oftener than a stated number of nights, refusing them shelter drives them back to the Stations or scatters them through the city to the great danger of the citizens.
3. That a labor test has been constantly applied, with the object of discouraging the profession in the absence of legal power to do more.

As this department of the operation of the House is carried on at the expense of the city the Board would carry out any regulation the city authorities may think fit to make.

The Board would venture to say that their successors will be glad to consider any proposition coming from the city to extend this charity or co-operation in any well devised scheme to improve any of the departments of the House.

## OUTDOOR POOR.

4. The expense of distributing relief to the outdoor poor is only \$105.03 in excess of last year, although the number of families relieved is 141 in excess of last year, as the following table shows

	FAMILIES RELIEVED.	PERSONS.	EXPENSE.	PER CAPITA.
1893-4 .....	2,343	10,695	\$13,426 20	or \$1 29
1894-5 .....	2,484	11,498	13,531 28	1 18

5. Through the kindness of Messrs. Elias Rogers & Co., the Board were enabled to make an experiment of the labor test for the unemployed amongst the outdoor poor with a view of minimizing the pauperizing effect of granting relief. Your Board feels satisfaction in having to report that the experiment was satisfactory. Of 1,721 idle men receiving help, 968 did the appointed work of cutting wood. Some were physically unable, but those who refused were, as a rule, cut off with the first allowance.

## ASSOCIATE CHARITIES.

6. At the request of the Charities Committee of the Corporation the Board appointed a Standing Committee, who invited representatives of the various charities of the city, with a view of collecting these records and securing, if possible, a register of all applicants to the various charitable organizations. A number of the organizations responded, but others refused to disclose the names of applicants for relief. As such a register is not necessarily public it would materially assist all the organizations as well as charitably disposed individuals to have a perfect register of this kind for reference. It is hoped that during the coming year all will join in making this effort of the Board of some practical value. The work of this Joint Committee supercedes the efforts of the organization known as the Associated Charity and the Charity Committee of the Corporation.

7. Attention is directed to the accompanying full reports of Superintendents of the various Standing Committees of the House giving details of the work in all departments.

The Treasurer's Statement of Receipts and Disbursements show the outlay during the year and the condition of our finances. In the searching investigation into the management of the various charities of the city, ordered by the Executive of the Council, it ought to be satisfactory to our subscribers and the authorities to observe that the House of Industry is by far the

most economically managed, in proportion to the persons, as will be seen by reference to the tabulated statements accompanying the reports on the subject.

8. We have again to acknowledge the liberality of the Consumers' Gas Co, in supplying free of charge 2,800 bushels of coke for distribution.

9. The usual religious services are regularly maintained and the cordial thanks of the Board are due to the ladies who give much of their time to render the lot of the inmates as happy as possible under these circumstances.

10. The increasing work of the House taxes to the utmost the energies of our Superintendent, Mr. A. Laughlin and his energetic wife, of which the Board cannot speak too highly. The Matron, Mrs. North (seconded by Miss North, the latter hitherto without reward), continues to discharge her duty to the entire satisfaction of the Board.

All of which is respectfully submitted.

JOHN GILLESPIE,  
*Secretary.*

Toronto, 30th April, 1895.

SAMUEL ALCORN,  
*Chairman of the Board.*

#### REPORT OF CASUAL POOR COMMITTEE.

*To the Board of the House of Industry :*

The total number of men Casuals for the year 1894-95 was 1,531, the largest number since 1888. More than seventy per cent. of this number was in the Lodge only four nights or less than four nights; of the remainder several of them should have been admitted, as inmates, to the House, but no admission could be given, the House is so crowded. Ninety-eight women were in the ward during the year.

Your Committee recommends that all notorious vagrants be arrested when seeking admission to the "Wayfarers' Lodge" and sent to work upon the Jail Farm, since we have no better way of dealing with this class of the Casual poor.

The number of cords of wood cut and split by the Casuals for the past year was 741.

The cost of maintenance was \$2,022.46; spent on capital account, \$115.10; total, \$2,137.56.

The Rogers Coal Company gave very valuable aid in applying the "labour test" as in former years, the same during the past year.

The usual tables of expenditure and work are given below.

*Expense of Casual Ward from 1st April, 1894, to 1st April, 1895.*

Bread, 7,851 Loaves .....	\$549 57
Coal, 60 Tons .....	294 00
Salaries .....	410 00
Tea, Sugar, Butter, Soup, etc. ....	417 04
Gas and Water Rates .....	164 51
Hardware, Soap, Sulphur, Lime, etc. ....	115 91
Camp Beds, Blankets and Dry Goods. ....	115 10
Plumbing and Furnace Repairs .....	52 93
Boiler Inspection and Engineer .....	9 00
Sundries .....	9 50
Total .....	\$2,137 56

LABOUR TEST.

Worked .....	8,367
Refused .....	181
Incapable .....	708
Allowed to leave without working .....	1,029
Sundays and non-working days .....	290
	10,575 men.

Respectfully submitted,  
J. D. CAYLEY,  
*Secretary.*

ARCHIBALD MACMURCHY,  
*Chairman.*

THE ANNUAL REPORT OF THE EXECUTIVE  
COMMITTEE, APRIL 30TH, 1895.

The Executive Committee of the House of Industry would acknowledge, with great thankfulness, the grant from the Ontario Government and that of the Corporation of the City, and also the subscriptions and donations of the many city firms and private individuals who have contributed to this excellent charity.

They are aware how easily charity is deflected from a good cause by the careless remark of some thoughtless person—or some one who has not taken any trouble to investigate into the truth of

the case—or some self-seeking person, and desire to lay before the public an answer to the charge that this House is very extravagant. Should the following statement not be satisfactory, the remedy is in the hands of the contributors:

The number in the House during the year was, 148. The number of outdoor poor relieved was 2,484 families or a total of 9,869 persons; cost, \$13,531.28. The number of tramps was 17,289; cost, \$2,637.56. This includes 45,279 meals at a cost of 24 cents per meal.

Concerning the cost of the tramps, one item has to be taken into consideration, namely, \$294 for coal. This being not only for heating, but for bathing every individual and for disinfecting and drying the clothing.

They would mention also the additional cost in having outlying places for the distribution of soup and bread.

They would draw attention to the fact that the salaries and wages in this great undertaking only amount in the total to \$1,325. Nothing like \$3,000 which was proposed for 100 people on a farm, and considerably below the ordinary relief societies, while at the same time they spend every fraction of the interest of their endowments since the formation of the House.

They acknowledge with regret that for two weeks, but only for two weeks, the tramp accommodation was not sufficient, but this is owing to the fact that the Board allows every man who complies with the rules to spend the whole winter season as a tramp, returning every night while the ward is open, so that no citizen may feel obliged to give a night's lodging to any applicant.

The number refused during these two weeks was from 7 to 14. (Of course able-bodied men who refused to cut wood were refused another night's lodging.)

Contracts were given as below:

Meat .....	The Boulton Meat Co.
Milk .....	A. G. Hann.
Groceries .....	Davidson & Hay.
Oatmeal and Flour .....	Thos. McIntosh.
Coal .....	Wm. McGill & Co.
Wood .....	Elias Rogers & Co.
Bread .....	Thos. Frogley.

All of which is respectfully submitted,

T. H. INCE,

*Secretary Executive.*

ARTHUR H. BALDWIN,

*Chairman.*

## REPORT OF COMMITTEE ON OUTDOOR RELIEF.

To the Board of the House of Industry :—

In submitting their report your Committee have pleasure in stating that notwithstanding the severe winter through which we have passed, the expense to the House has been very little more than on previous years. This economy, we believe, resulted from the careful and wise work of our visitors.

A special meeting of the visitors was held last November 29th, a very good representation of that body was present.

Many matters connected with outdoor work were earnestly considered and valuable suggestions made. Your Committee would strongly recommend that such meetings be held every season. It is most desirable that everything should be done to help the unfortunate and unemployed to maintain their independence. Visitors will be called upon to exercise a wise discrimination. The city will expect us to give where there is need, but not to those who might and ought to work and earn an honourable maintenance.

The following figures speak for themselves :—

Soup distributed at five points : The new depot being corner Markham and Arthur. Same quantity as last year, 150 gallons per day, costing \$453.43.

Bread distributed same points, except a change in West end to corner Dufferin and College, and in East end, to corner Parliament and Oak. Number of loaves distributed, 64,052 ; costing \$4,483.64. Cost of distribution at depots, \$133.21.

## Groceries :

Oatmeal	4,604 lbs.	costing	\$115 40
Rice	3,972 "	"	148 95
Sugar	2,656 "	"	89 49
Tea	799 "	"	255 68
Total	12,031 lbs.	costing	\$609 52

## Families Relieved :

Families Relieved	2,484
Including Men	1,925
" Women	2,405
" Children	5,539
Total of Individuals	9,869

## Coal and Wood :

Hard Coal	.....1067 $\frac{3}{4}$ tons, costing	.....	\$5,713 13
Soft	"	.....26 $\frac{9}{10}$ "	121 98
Wood	.....	.....285 $\frac{1}{2}$ cords, "	1,695 05
Cartage of Wood and 2,800 Bushels Coke	.....	.....	57 20

## Printing :

Printing, Advertising, etc	.....	\$264 12
----------------------------	-------	----------

## Expenditure :

Total Expenditure of Outdoor Poor	.....	\$13,531 28

## MEDICAL OFFICER'S REPORT.

Nothing requiring special mention has transpired in connection with the medical service since the last annual meeting, and I can only say that eight men and three women, between 71 and 84 years of age have succumbed to the usual chronic diseases from which so many of our inmates suffer.

Respectfully,

UZZIEL OGDEN,

*Surgeon.*
