RUSSIAN REVOLUTION SAID TO HAVE BEGUN

Report That Provisional Government Has Been Appointed—Professional Men Join the General Strike—Trepoff Still Rules St. Petersburg.

ST. PETERSBURG, Oct. 27.—12.33 p. m.—Warning to the people that in case of disorder the soldiers will fire ball cartridges are posted on every street corner today. The city is outwardly calm under the rigorous measures adopted. Gen. Trepoff, in order to restore confidence directed all shopkeepers to take down the boards from shop windows during the night and this morning the city awoke to find the shops re-opened.

Little squads of soldiers are scattered along the streets and in the markets to preserve order. Even detachments of the crack guard regiments are doing patrol duty. The revolutionists have spread the tidings that a revolution has begun and the city is filled with the wildest rumors. For example, a story is afloat that a provisional government has been established.

The better classes are afraid to venture out. Many meetings have been held during the night. At a meeting of delegates from the professional unions comprising doctors, druggists and lawyers, it was decided to strike from October 28 until a constituent assembly is summoned.

WARSAW, Oct. 27.—Telegraphic communication between Warsaw and St. Petersburg, Moscow and Berlin was severed today in consequence of a fire in the telegraph office caused by the fusing of electric wires. The strike is in full swing at the factories here and the agitators are urging the employees of the banks and insurance and commercial houses to leave their work. The shops are still open, but the workers are holding meetings without interference on the part of the police.

CHARLES OF DENMARK TO BE NORWAY'S KING

STOCKHOLM, Oct. 27.—King Oscar has definitely and formally declined the offer of the Norwegian throne to a prince of the house of Bernadotte and in a letter to the President of the Storting finally severs his connection with Norway.

NELSON AND MCGOVERN MATCHED

NEW YORK, Oct. 27.—According to a morning paper, Terry McGovern and Battling Nelson have been matched to fight six rounds probably before a Philadelphia club about the middle of December. Joe Humphrey, Terry's manager, said yesterday that all other offers to fight McGovern must await the outcome of his bout with Nelson.

JIED AFTER PARTING WITH SISTER

(Special to the Star.) LACHTER, Que., Oct. 27.—Miss Elizabeth Hammond, of Lakefield, while awaiting a train for Montreal where she intended spending Thanksgiving, became suddenly faint and died before medical aid could be summoned. The deceased lady had just parted with her sister, who left for Ottawa.

ST. STEPHEN'S MAYOR'S HOUSE BURNED

(Special to the Star.) ST. STEPHEN, N. B., Oct. 27.—The house of Mayor Teed was on fire this afternoon, having caught in the ell of the house. Considerable damage was done. The house belongs to the estate of the late David Main and the loss is covered by insurance.

PRINCE LOUIS LEFT FOR FREDERICTON.

Crowds Saw Him Depart on Special at Noon.

Fredricton in Holiday Dress for His Honor—Ball Tonight Will Be a Most Brilliant Function.

Prince Louis of Battenberg is this afternoon and evening the guest of the local government at Fredericton, having left for the colonial city by special train which left here at twelve o'clock.

This morning the Prince had breakfast at the Royal Hotel at 9 o'clock and left for Fredericton at 11 o'clock. This completed, in company with his wife and general superintendent, walk about the city. He arrived at the depot a few minutes before the train was scheduled to leave. He wore his admiral's uniform and heartily greeted the party that were there to receive him.

The depot was well filled with an interested crowd and cameras were raised in evidence. The special train consisted of a baggage car, first class coach, Sir William Van Horne's private car and general superintendent Downie's private car. The train was in charge of conductor John Costley. Engineer Gough presided in the cab with fireman Kane as an assistant. Conductor Shell was in charge of Sir William Van Horne's car. The train was met by Newman looked after Mr. Downie's car.

The Prince's party consisted of Prince Alexander, Lieut. Soverby, flag lieutenant, Gov. Snowball, Mrs. Snowball and the Misses Snowball, Col. and Mrs. White, his worthy the mayor and Mrs. White, Mrs. Hugh H. McLean and Miss McLean.

When the Prince and party reached Fredericton they will immediately have luncheon at the Queen Hotel. At 1.30 Mayor McNally will present the Prince with an address. At 3.30 a state ball will open in the parliament building.

Prince Louis and Prince Alexander have accepted Sir William Van Horne's invitation to spend at night at McNally's Island, St. Andrews. They will leave Fredericton by special train Saturday morning for St. Andrews, N. B., by Gov. Snowball and Col. Hugh H. McLean. The two princes will leave St. Andrews Saturday morning for Halifax, N. S., by special train and run through to Halifax.

BIG FIRM INVOLVED IN SMUGGLING CONSPIRACY

(Special to the Star.) MONTREAL, Q., Oct. 27.—A smuggling conspiracy in which a well known manufacturing firm of Quebec is said to have been involved has been unmasked by officers of the Canadian customs service. Acetic acid it appears has been smuggled from United States to Quebec, where it has been used in manufacture of pure acid vinegar. Officers have traced fifty-five barrels of acid which was sent from near Route's Point, N. Y., to Quebec. The acid is subject to a duty of \$1.50 per gallon. Officers in their raid secured eight barrels of acid, valued at \$7,000.

The Tender Magnolia Smashed in Collision, Run Ashore and Abandoned—President and Party Escaped Without Injury.

NEW ORLEANS, Oct. 27.—A long distance message from Nalren, La., six miles down the river, announces that the lighthouse tender Magnolia, with President Roosevelt on board was in collision with the fruit steamer Esparta, shortly after midnight. The news came in a message from Capt. Rose of the Esparta. Capt. Rose reported both vessels aground at the river bank. No one was seriously hurt. The President is uninjured. Captain Rose said the Esparta would probably have to carry the President's party to West Virginia.

Two legs left New Orleans this morning for the scene of the accident. The revenue cutter Ivy took President Roosevelt through the passes into the Gulf of Mexico. Neither the President nor any of his party were injured.

PRINCE LOUIS EXPLAINS NEW NAVAL ORGANIZATION

The Prince Was Delighted With His Reception at St. Andrews Rink Last Night --Left For Fredericton Today.

THE CIVIC RECEPTION. In yesterday's programme the event of most general interest was the civic reception tendered the prince in St. Andrews's rink. It was one of the most successful affairs of the kind ever held in St. John, and it is doubtful whether in all his travels Prince Louis was at any time the guest at a function held amid such lavish decorations.

MANY WERE PRESENTED. The guests began to arrive soon after eight o'clock, and found in the different dressing rooms, every convenience for such a gathering. Ladies and gentlemen came in crowds, and there must have been nearly five hundred people in the rink before the prince arrived.

DANCING BEGUN. After the presentations ended, a waltz was played to clear the floor and the following programme of dances begun: 1. Waltz. 2. Lancers. 3. Waltz. 4. Two Step. 5. Waltz. 6. Waltz. 7. Lancers. 8. Waltz. 9. Waltz. 10. Two Step. 11. Waltz. 12. Lancers. 13. Two Step. 14. Waltz.

AN INSTRUCTIVE SPEECH. Prince Louis was given a most enthusiastic reception. In response to the toast, he expressed his appreciation of the honor done him and in turn honored this city, this above all others in Canada, by giving the first explanation ever officially made of the reason for his visit and the causes for the new policy of the British Admiralty which gave rise to it.

C. OF E. WILL ERECT A NEW BUILDING. HOPEWELL HILL, Oct. 25.—C. H. Townshend, representing the W. H. Johnson Co., was in the city today, in the interests of his firm. Mr. Townshend, who until recently, resided in Ottawa, has been doing considerable motor touring in the province, and speaks in the highest terms of the New Brunswick roads, which he says, are immeasurably superior to those of Ontario, and most excellent for motoring.

His Majesty an account of my memorable round in the different parts of the Dominion of Canada, both from the north and from the other cities which I have visited, and from all of which I have been requested to carry to His Majesty messages of loyalty.

CONCENTRATION. Concentration is the essence of strategy, and strategy the art of war, which applies to the army as well as to the navy. The worst form of strategy is the dispersion of the main forces in far outlying posts—stations beyond all means of direct communication.

REVOLT AGAINST EMMERSON. How nearly strained to the breaking point are the relations between the minister of railways and his rebellious subjects in this constituency is revealed by the Montreal Transcript, Mr. Emerson's organ which admits that Liberals of St. John have been threatening to force Mr. Emerson's removal from office and that the minister in turn has challenged them to do their worst.

The long smouldering outbreak arose over the outrageous treatment of this city when the winter schedule of the L. C. R. was drawn up. The chairman of the Liberal committee of St. John, says the Transcript, telegraphed to the minister "that unless these additional trains were put on, the indignation meeting and the resolution demanding the removal of Mr. Emerson as minister of railways and canals, Rumor further says that the Hon. Mr. Emerson in effect answered that unless the indignation meeting was held, the indignation meeting, demanding his resignation and it had taken effect, he would continue to be guided by the advice of the officials of the railway in the matter of train operation."

CANADA AND THE NAVY. St. John has particular reason to feel honored by Prince Louis in that he chose this city, of all the places in Canada he has visited, as the place to make the first explanation ever officially given to a colonial audience of Britain's new naval policy. His speech, which is reported in full on another page, is calculated to remove all misapprehensions aroused in Canadian minds regarding the meaning of the change and to prove to all that Canadian interests were never so well guarded as they are now, even though Canada no longer provides naval bases for fragments of the navy. Commenting on this speech the Sun this morning says:-

Canada has no right to be dissatisfied with the change, even if it were all to her harm. Even if there were nothing to balance against these to Halifax and Esquimaux; even if the withdrawal of the warships did signify an intention to let Canada look after her own defense, any objection we might wish to make should be stopped at our lips by shame.

PRINCE LOUIS AND ST. JOHN. Whatever Prince Louis' rank may have had to do with the reception extended him by St. John it plays very little part in the warm affection and esteem which this city now feels for him. His fine presence, his cordiality, his so-evident big-heartedness and his thorough knowledge of his profession and the statecraft underlying naval policy all have tended to establish him in the popular mind as the ideal of the British sailor and have transferred to him something of that love and pride reawakened in all loyal hearts the other day by the centenary of Trafalgar and the death of England's greatest admiral.

A CORPORATION VICTORY. The impression that the accession of Mr. Aylesworth to the cabinet is a great victory for the corporations is gaining ground. The Winnipeg Telegram, while it has severe criticism for Sir William Mulock for his meanness in office and the peculiar circumstances of his retirement declares that his departure is a loss to the cause of public ownership. Men of character, it says, are becoming all too rare in the federal cabinet, while every day the sinister influences behind the throne are gaining strength and insolence. Mr. Aylesworth, closely identified with the Bell Telephone Company and other corporations, will be an accession of strength to those interests. He enters the cabinet with his hands tied, and it is with his hands tied that he will control the immediate policy of the postoffice. So long as he remains there, or even in the cabinet, the careful work of Sir William Mulock's telephone committee will be valueless, he

cause Aylesworth committed himself time and time again during its sittings last session to the principle of private monopoly of public utilities. Farmers' telephone systems with exchanges in the local postoffices, as advocated by Mulock, are apparently shelved during the term of the present government.

Four stars burn up and are unequalled By the low shrunken moon Her spirit draws her down and down— She shall be buried soon. There is a sound that is no sound, Yet fine it falls and clear, The whisper of the spinning earth To the traced atmosphere. An odor lives where once was air, A strange, unearthly scent, From the burning of the four great stars Within the firmament. The universe, deathless and old, Breaths, yet in vain of death: As still as death that breaths to move And yet is still as death.

DIAMOND ADVICE. PUT YOUR MONEY INTO DIAMONDS. Diamonds in your possession represent money—more money than you pay for them after you have worn them a while, for the advance in price is very marked and there is positively no danger of Diamonds depreciating in value in our time. Of course it is always necessary to choose wisely and pay the right price when you make your selection; therefore it is essential that you should choose the gems at a responsible house and I have a record and a reputation I think enviable and my very large stock of set and unset gems allows for the best selection in this city or province. Respectfully yours W. TREMAIN GARD, 77 Charlotte St. Direct Importer.

Expert Tea Blending

HAVE you ever tried to blend colors to match the shade of the red rose? Pretty difficult, yet an expert can do it easily. Why? Because he can tell by looking at the rose what colors are required to produce that tint or shade. He can make that precise color every day in the week. Just as the artist in colors blends the tints of the red rose, so my artists in tea blend the "rich fruity flavor" of Red Rose Tea.

With expert knowledge and intuitive skill he selects the particular picking of rich, strong Indian tea and the precise grade of fragrant, delicate Ceylon, and by skillful blending produces the peerless flavor of Red Rose Tea—a tea which for delicacy and strength is matched by no brand of Ceylon alone.

St. John Team Defeated at Halifax Yesterday at Football — Mount Allison Downed the U. N. B. Boys in Good Game

FOOTBALL

SAILORS, 3; ST. JOHN, 0. The Man-of-war-men defeated an All-St. John team in a game of football on the Victoria grounds yesterday afternoon by a score of 3 to 0.

The ship team on an average was much heavier, and appeared to be in the pink of condition, and while their back line was not fast they were very aggressive. The All-St. John team while a very strong aggregation, are not the strongest aggregation, for the reason that in the line-up that went to Halifax, were many of the best players. Nevertheless this should not take any of the finish of the sailors' victory. The line-up of the teams was as follows:

All-St. John. Full-back. Sailors. Couple. Cook. Half-backs. R. Malcolm. (Capt.) Ashe. Wright. Jones. McKenna. Tariton. Titus. Marks. Quarters. Baker. McDonald. King. Jennings. Forwards. Baskin. Symonds. A. Campbell. Wilson. Curran. (Capt.) O'Brien. Palmer. Ahearn. Flynn. Stetchell. Norman. The tars kicked off and the kick came to the home team's hands. The pigskin was worked well into the home territory, where it was kept the greater part of the half. About ten minutes after the start "Gunner" McDonald, the star quarter-back of the "Jackies," secured the ball on a scrimmage and went over the line for the first and what proved the only try of the day. It was a short but neat run, and the outcome was loudly cheered by the large crowd.

The score, for a time, seemed to put new life into the "composite" and as a result the pigskin was worked to the other end of the field. Good advantage was in good stead and back again stood them come the ball to the home team's hands. During this half nice runs were made by B. Malcolm and Wright for the locals, and McDonald and Ashe for the visitors. The second half was largely a repetition of the open play. Wright, Malcolm and McKenna made nice gains, one by the former being an especially pretty effort, resulting in a good gain of fifty yards. Good advantage was also made in this half by Ashe and McDonald in the half line and Lynch among the forwards. Both teams were compelled to touch for safety, and the game was probably more even than in the first half. Taken all in all, however, the "blue-jackets" had the best of the game. They are accustomed to play more Association than Rugby, and for this reason their kicking was a feature and those long dribbles were great ground gains. For the locals Malcolm and Wright, in the half line, were perhaps, the most noticeable, though McKenna worked hard and displayed good judgment in punting. Both quarters showed well, though Dr. Curran and DeWitt deserve especial mention. Their work was snappy and they were at once distinguished. For the sailors their team as a whole put up a good game. Among their halves Capt. Ashe and Marks did some very nice work and were of much assistance to their team, but probably the best on the field was "Gunner" McDonald, their speedy little quarter-back, he was always to be found where the ball was. Of the forwards Flynn, O'Brien and Ahearn did the best work. From start to finish the game was thoroughly enjoyed by the crowd and probably by the sailors themselves more than by any.

St. John, 0; Halifax, 14. HALIFAX, Oct. 26.—The St. John football team played a match today with an all Halifax team made up of the best fifteen the Wanderers and Dalhousie could supply. Two thousand people saw the match, which ended in a score of 14 to 0 in favor of Halifax. Eleven of the points were made in the first half, which consisted of three tries, one of which was converted into a goal. The second half brought one try to Halifax. The local team sur-

Asked today concerning the reports from America that he had given up the idea of making further efforts, the owner of the Shamrock club, John John was as keen as ever and that, while too late to challenge for 1936, if all went well he would be at St. John's with a new challenger the following year.

BASKET BALL.

GAMES LAST NIGHT. The two games of basket ball in St. Paul's school room last evening were largely attended. The first was a junior game between Trinity and Y. M. A., resulting in a score of 8 to 4. The second game between Moncton Y. M. C. A. and St. Paul's Y. M. A. was close all through; the score stood 13 to 8. All boys played well and the game was very exciting. The line-up for the Moncton-St. Paul game was as follows: Centre, L. McFarlane (Capt.) J. London Forwards, V. Gibson G. Emery St. Nicholas. H. Knox Defense, S. Smith A. Starkey J. Carson After the game, accompanied by the rector and members of St. Paul's Y. M. A., went to White's restaurant, where an oyster supper was enjoyed. After recitations and musical selections, the visiting team was escorted to the train and left for home.

HOCKEY

NEW YORKERS COMING. If present arrangements are brought to satisfactory conclusion, St. John hockey enthusiasts will have a chance to see the crack Crescent team of New York players come to town. The team is the champion hockey aggregation in the United States and holds the championship of New York city. That they can play the game is shown by their defeating last year one of Montreal's best teams on the ice at the rink in New York. The players are mostly Canadian boys who have taken up their residence in New York. The team is expected to arrive in St. John this afternoon. They will play a game at the home of the St. John team on Saturday night. It is in connection with this visit that the St. John end of it may be arranged.

QUITS.

The last outdoor quill matches were held on the Market Square yesterday morning. The married men took the single men into camp, winning the best two out of three games. Score, 11-18, 21-19. In the afternoon the All-Stars were defeated by the boys from the Brooksville club. The boys from the Brooksville club refused to pitch, claiming that the holes were not in a fair position to pitch in. After considerable trouble the games were declared off.

THE TURF

WOONSOCKET AND NASHUA RACES. WOONSOCKET, R. I., Oct. 26.—Only one of the three races scheduled for this afternoon were finished. Mary Scott, the favorite, took the 218 turf after four heats, Conway, the favorite, won the 217 pace, and Miss Syracuse won the 216 pace.

NASHUA, N. H., Oct. 26.—The two races on the local track today were both unfinished, neither favoring coming up to expectations. Forester was the selected horse in the first race, but lost the first heat, and while taking the second was well back in the race. In the second race, the race went over with Alntree having two heats to his credit. X Ray was thought to be the best horse in the local track today, but was nearly distanced in the first heat. He came up stronger in the second and won the third heat. Other starters were: Direct Mac, Dr. Rand, Vina Inez, Sheldon Corthell, Nat H. and Botany.

THE RIFLE.

THANKSGIVING DAY MATCH. The members of the St. John City Rifle Club had a Thanksgiving match yesterday at the range. The list of prize winners is as follows:

- A CLASS. 1st prize, Jewel case—T. S. Wilkins, 72. 2nd prize, looking glass—George A. Dixon, 69. The names of the respective donors or prizes were as follows: Challenge cup, Arthur Thorne; Tiffany biscuit jar, W. Tremaine Gard; cut glass Jewel case, Hazon J. Dick; ham, A. T. Dunn; fountain pen, Douglas McArthur, jr.; shaving set, P. Mahoney; silver coffee pot, J. E. Wilson; barrel apples, P. E. Williams; steel engraving, Percy C. Holman; pair gloves, A. Patterson; briar pipe, Charles Ballie; pair driving gloves, A. Friend. More than one man has been called crazy for advertising largely, but no one seems to remember his aberration after he makes a considerable fortune. —Paper and Printing Journal.

Man Caught at Jamaica Track Had Novel Scheme to Collect Winnings of Successful Players.

NEW YORK, Oct. 26.—After a race as lively as any ever by thorough-breds, in which a man giving his name as Harry Johnson led until he was overtaken by a detective and brought to earth with a blow in the face, a novel scheme to swindle the bookmakers at the Jamaica track was discovered yesterday by the cashier of William Jackson.

Johnson was lately made by race-goers to detectives at the track that they had experienced difficulty in obtaining the money for the race, the bookmakers contending that they had already paid the money to persons wearing the badge afterward worn by the bookmakers at the Jamaica track was discovered yesterday by the cashier of William Jackson. NEWFOUNDLAND FISHERIES' TROUBL

Still Some Ground For Possible Friction—Letter From Secretary Root.

WASHINGTON, Oct. 26.—While the most critical points in the Newfoundland fisheries controversy apparently have been settled, a letter from Secretary Root to Secretary Shaw, made public today, points out there is still ground for possible friction, and expresses a wish that pending negotiations now in progress, American fishermen and local officials avoid any precipitate action in the assertion of what they conceive to be their rights. The promulgation of the letter followed a conference between Secretary Root and Sir Mortimer Durand, the British ambassador. The letter follows: Department of State, Washington, Oct. 26, 1935. To the Secretary of the Treasury: Sir—The immediate difficulty experienced by the American fishing fleet on the treaty coast of Newfoundland appears to be happily disposed of. There are, however, some other questions bearing upon the relations between the two governments which are being discussed by the American rights under the treaty of 1818 with Great Britain, from which, in default of a clear understanding, further difficulties may possibly arise. These questions are now under consideration by the two governments with a confident expectation of reaching a satisfactory conclusion.
