The first meeting of the newly elected town council was held in the town offices Tuesday evening at 8 o'clock.

His Honor Judge McLeach by request was present and administered the oath to the following town councillors—Chas. A. Alexander, Wm. H. Miller, John Harquaft, J. S. Evans, John Quinn and David Champoux. Councillors McBeath and Patterson were not present both being out of town.

His Worship Mayor Andrew thanked His Honor for his kindness in being present to administer the oath to the councillors elected.

The council was then called to order.

The minutes of two previous meetings were read and approved.

The clerk then read the results of Nomination and Election.

It was then resolved that a committee of three be named to draft standing committees.—Carried.

His Worship named Cous Miller, Evans and Alexander such committee to be called on to report to the committee named their report.

In the past three weeks numerous requests have been sent in to the Agricultural Department, Fredericton, for seed wheat but unfortunately through the oversight of the former government in not making application for seed wheat, it is impossible to procure a bushel from the usual source of supply.

This is indeed very unfortunate as many farmers who had not heretofore planted wheat had decided to do so this season owing to the extremely high cost of flour.

If any of our readers know where seed wheat can be procured, or if they have any for sale we wish they would let us know at once.

The Department of Agriculture will, however, be able to supply barley to any one who makes application to the Department at Fredericton.

REAR AND SEWEAGE

Word was received here Sunday morning that Corp. Judson P. Nelson of Mrs. Robt. Nelson had been killed in action in France April 9th. He was 21 years of age, Jud, as he was called was, the youngest of the family and the news of his death on the field of glory has cast a gloom over all.

~ Previous to enlisting he worked at the McLennan Foundry and Machine Works, and out of respect to his memory the flag at the Works was at half mast Monday.

In December 1915 he enlisted with the 132nd but in England he was drafted to a Montreal Battalion.

The family have the heartfelt sympathy of all in their bereavement.

During the next months the local papers will publish a series of carefully prepared articles setting forth why our citizens, and the farmers of the surrounding country should buy in Campbell or their nearest town. These articles are prepared in an attractive manner and make interesting reading.

In this time of transportation problems, when every car and all motive power is required to rush soldiers, supplies and munitions to the ports of embarkation our people in the country should not further tax the railway by sending their orders for goods to Upper Canadian cities when they can procure said goods in their home towns.

Then every dollar spent in your home town makes that town just a dollar more prosperous and in this time of high cost of living every do-

Campbellton, N. B., April, 27th, 1917.

Editor Graphic,

At this season of the year when the auto season is just opening, we hear a great deal of discussion about road law and their relation to automobiles. We also hear of arrest for violation of our automobile law. We hear little or nothing about the driver of any other vehicle. He seems according to the public mind, to be immune from any responsibility so far as the carrying out of the vehicle or road law is concerned.

Do you not think that at this time with the increased auto traffic that we will have this summer, that our Town Council or Legislative Assembly should revise our vehicle or road law so that drivers of other vehicles other than autos, would know their position on the country road or on the Town Streets.

First, and most important, we should have our law changed so "turn to the right instead of the left." We have auto drivers in here from Quebec, and the United States, and they are accustomed to turn to the right, and any one who has driven an auto knows well the difficulty in changing your hand in meeting another car who is accustomed to turn in the opposite direction.

The same is true when we of N. B. enter Quebec or State of Maine territory.

In our own town we turn to the left, no auto or vehicle should cross the street to the right hand side, and which it is travelling.

Take a point to illustrate: an auto travelling from Andrew Street along Water Street, in stopping at our P. O. should be left standing on the left side of the street in front of the Florence Hotel, or make a turn coming across the street, and heading again towards Andrew Street. Then it will be in its proper position in front of the P. O. But, what do we find, when this done, we find a couple of horses standing huddled in to the P. O. sidewalk, heading the wrong way. Why should the horses remain there out of position, and the auto be forced to be in its proper position. The auto has paid an extra tax for the privilege of running on our streets.

If our Police intend enforcing the law, auto owners, let them follow out the vehicle law in full.

This morning, in travelling on Kent Street, a heavy team owned by the town, held the centre of the narrow street, and an auto was forced to go over until one wheel was in the road ditch, in order to get by on the right, yet this teamster in no way violated our law. This is a daily occurrence with all drivers of heavy vehicles. The police say "report them." Are we supposed to know the name of every teamster in Town? They have no numbers or license displayed. Every truckman in town should have his license displayed the same as an auto. Yet, if an auto dares to go on our street without his license displayed, he is arrested, and fined.

During last season, the driver of a vehicle on the country road deliberately stood in the roadway, and forced an auto owner into the ditch, and the auto owner pays for the privilege.

I understand one of our magistrates gave a decision that the slow moving vehicle has the right of way. I would like to ask how long according to the law, he could hold that right of way, and block the fast moving vehicle.

Summing the matter up as far law is "keep to the left" let all autos, and other vehicles, be forced to follow that law. When coming to a corner make the circle of the corner, holding to their own side of the street, instead of cutting corners. When coming to a halt, place your car to the left sidewalk, angling it out about 30 ft. from the sidewalk. Let teamsters of heavy drays keep their own side of the street which is the left, and thus avoid accident.

Let the auto men organize "Campbellton or Restigouche Auto Club" that we have the money of our auto licenses spent in our own district, and that we have good roads as well as St. John and Fredericton.

Authorists need not look for fair play until they are organized and demand it.

Yours,
FLIVVER.

Little Doris is very polite. The other day she offered her aunt a share of her candy.

"Will you have a sugared almond, Aunt Mary?" she asked sweetly at the same time tendering the paper bag.

"Thank you, I will," replied her aunt. And as she was particular what she ate, she selected a white one. "Auntie," said little Doris, "do you know the difference between the pink and the white almonds?"

"No, dear," said auntie with a kindly smile.

"Well, I'll tell you," explained Doris. "They were all pink once, and I snuck all the pink off the white ones. Didn't I do it nicely?"

U. S. REGULARS SOON AT FRONT

Plans Complete for Sending American Troops to Battle Line in France.

Washington, May 1.—American sentimental regard for France has won over military opposition of the Army General Staff, and the Stars and Stripes will be seen on European battlefields by midsummer according to the best information at hand. The appeal of Marshal Joffre for United States soldiers to fight side by side with his French "Poilus" met with such response that the Government will hasten its plan for the despatch of an expeditionary force.

The first detachment will probably be only a division, but it will be supplemented by successive reinforcements until a respectable army under the American flag will be gathered in France soon after the first of August.

The first contingent to go will consist of regulars, with a full complement of machine gunners, cyclists, and other auxiliary effectives of 20,000 men. Its training will be completed in France under the command of its own officers, but under the general supervision of French military experts schooled in the immediate needs of the situation.

Its artillery support will be provided by French batteries, so as not to encumber army transports with American ordnance not yet required.

HOST TO GO.
Men will be sent abroad at the rate of 20,000 a month, beginning not later than August 1. This steady stream will continue as long as America can furnish the men and the Allied commanders can find places for them in the firing line.

In addition it has been decided to rush to the other side destroyers and other vessels capable of combating submarines.

Quits—The hours were flying by, and still Algy, the bore, remained with her.

"Do you like music?" She inquired, listlessly.

"Yes," he replied. "I am always carried away by music."

She flew to the piano and played several airs. Then she turned and looked at him.

"You are not gone yet?"

"No," he answered.

"But you told me that music always carried you away?"

"Yes," he retorted, "but I said music."

Miss Lena Englemart of Wyer Brook has returned to her home after visiting friends here last week.
Miss Viola G. Fraser has returned to her home after spending several weeks in Campbellton.

Quite a number of people from here attended the Red Cross Tea held at the residence of Mrs. James Gills Matapedia, among those we notice Mr. and Mrs. S. Fraser, and Misses Flora Adams, Ida Fairservice, Ida Moores and Laura Fraser.

Mr. William H. Adams seems to be wearing quite a smile lately I wonder why. Why? It's a boy.

Mrs. Wm. Brockett paid a visit to Campbellton on Thursday.

The many friends of Ptes. Carey and Montimer Moores will be sorry to hear of their being quarantined with mumps at Shorham Camp, England. Pte. Moores belongs to the 20th Reserve Battalion being drafted from the 171st Battalion shortly after going overseas. Their many friends wish them a speedy recovery.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. Barlow, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

THE ASSESSORS.

The annual discussion in reference to the appointment of assessors is under way and the same arguments pro and con are being rehearsed.

We agree with many citizens that our assessment has in the past cost entirely too much; that our assessors have been doing much needless work in preparing their valuation.

Since the Town Clerk has been appointed assessor, (in point of fact, a permanent assessor) he has done much service in systemizing the work until today three intelligent men could in two or three days by office work and a day spent going over the town make a fair and equitable valuation.

The system as worked out needs a permanent town employee to keep it up to date and the Town Clerk is the proper official to do this. The matter of his qualification has been settled and all who know of the work that has been done will agree that he has done his duty faithfully.

Let us have this matter settled

this year permanently so that the Town Clerk, whoever he may be, will be one of the assessors and be the one whose duty it shall be to keep the permanent records which are growing more valuable each year.

REVIVAL OF SHIPBUILDING

Improvement of the conditions affecting the shipping and the shipbuilding interests of Canada is now evident. Some of the handicaps to the progress of our vessels have at last been removed, other will be removing in the near future, and all over Canada, in British Columbia, in Ontario, in Quebec, New Brunswick and Nova Scotia—ships are being built.

The primary cause of the improved conditions in the war. From the first there has been a great demand for ships to carry foodstuffs, munitions and supplies of all kinds to our troops. Then, Germany's campaign of Piracy and Frightfulness has caused a considerable loss of shipping. The need of ships and the unprecedented cost of freights have moved those who are concerned in shipping to invest immense sums in the building of ships. "Ships, and more ships" is now the cry. The Prime Minister of our great Empire speaking a few days ago, before a notable assembly in London, aroused the greatest possible enthusiasm by his scathing denunciation of the methods of the Prussians, his warm welcome of the United States as an Ally of "The Entente," and his declaration that the arrangements already underway for the building of ships by the United States is one of the strongest guarantees of success in the Titanic struggle.

"Absolute assurance of victory," he said "is to be found only in ships. There have been other contributors to the improved conditions which now prevail as to shipping. Not the least of these is our progressive and practical representative Mr. Donald Nicholson, M. P. We have with great pleasure that the illuminating address on Transportation and Shipbuilding which he delivered before the Charlottetown Board of Trade has been widely quoted and has, without doubt, had a decided effect upon public opinion throughout Canada. Nor must we forget the greater and more persistent labors of Messrs. Baillie and Blanchet, both of whom have gone up and down throughout Canada for a series of years, promoting to the best of their ability the interests of Canada shipping and demonstrating the disadvantages under which our ship owners and ship masters have labored. It is to the credit of Mr. Baillie that he had the vision to see the causes which operated to the destruction of our shipbuilding industry and our shipping interests, and that he had the faculty to impress our leading politicians, our editors and others, with the importance of these interests to this great Maritime Dominion. To him, perhaps more than to any other single man, is due the present improved conditions and prospects of the shipbuilding industry of Canada and the shipping interests.

MAJOR MERSEREAU MARRIED WEDNESDAY

Popular Kiltie Officer Joins Benedicts at Fredericton.—Gone To Montreal

Fredericton, May 2.—Major Cecil R. Mersereau, of the 236th Kilties Battalion, and Miss Ethel MacLean of this city are to be married today. The ceremony will take place at the residence of Mrs. Dell Gunter, Brunswick street, and will be a quiet house ceremony at which only immediate relatives and several of the brother officers of the groom will be present.

Major Mersereau and his bride are to leave for Montreal by C. P. R., this evening on their honeymoon, and the Kilties are preparing to give them an enthusiastic demonstration and send-off. All three of the battalions' bands, the pipe, brass and bugle bands, will turn out with all the available men of the battalion and will escort the bridal party to the C. P. R. station.

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and drug gists here are kept busy dispensing frezone, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the finger.

Ask at any pharmacy for a quarter ounce of frezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, scaling corn and instantly the soreness is relieved, and soon the corn is so softened that it lifts out, without pain. It is a sticky substance which dries when applied and never loosens or even irritates the sensitive tissue.

This discovery will prevent thousands of double corns from London and prevent the tortures resulting from the usual habit of cutting corns.

TEN MILLION LOAN TO AID SHIPBUILDING

Imperial Munitions Board Accepts Offer of Sir Thos. White

Ottawa, April 20.—The Imperial Munitions Board has accepted the offer of Sir Thomas White to make a special loan of ten million dollars to assist in the development of wooden shipbuilding in Canada.

Orders have now been placed for steel ships in Canada up to the full limit of the steel plants available during the next fifteen months. view of this, and the need for constructing every possible ship, the question of developing wooden shipbuilding has been under investigation during the past month, and it has been represented to the Imperial Government that a substantial tonnage of suitable vessels could be obtained.

Specifications and designs of the type of wooden vessels required have been under discussion between the Imperial Munitions Board, the representatives of the British Minister of Shipping, and various shipbuilding firms. These are now almost completed and will be available as a standard pattern of design.

It is hoped to begin work on vessels of this type soon, and that the building of a considerable number will be arranged for in Canada, probably for the most part on the Pacific coast, where suitable timber is available in abundance.

AGAIN WOUNDED.
Mr. R. H. Montgomery of New Rich-
mond has received word that his son,
Lt. Lorne Cuthbert Montgomery was
again wounded on April 25th. This
is the third time Lt. Montgomery has
been wounded.

IS IMPROVING.
Many friends of Rev. J. E. Purdie,
who recently removed to the west will
be pleased to learn that he is recover-
ing after quite a severe illness. Let-
ters have recently been received from
both Mr. and Mrs. Purdie.

LIQUOR CASES.
Last week the Liquor License In-
spector had a citizen up before His
Honor charged with unlawfully selling
liquor. The case was dismissed for
lack of sufficient evidence to convict.
Another citizen was up for keeping
liquor for sale. He was fined \$30.00
and costs.

HEAVY STORM.
The snow storm which set in from
the east Wednesday noon continued
all afternoon and night. About four
inches of snow fell. The wind was
very heavy from the east and while
no report of damage have reached
town it is probably that the lobster
fishermen will suffer some.

SCARLET FEVER.
There are a considerable number of
cases of scarlet fever in town, and
while the cases are not severe, and
no deaths have resulted. Consider-
able criticism of the School Board has
been voiced among citizens that the
school had not until yesterday been
fumigated. This work has been done
by the Board of Health and we trust
will prevent a further spread of the
disease.

**INCREASED PRODUC-
TION CONFERENCE.**
The editor of the Graphic in com-
mon with other newspaper men of
the province has received an invitation
from Premier Foster and the Minis-
ter of Agriculture to attend an In-
creased Production Conference of leaders
in agriculture and educational work
to be held in Fredericton Friday af-

NEW RECTOR HAS ARRIVED.
Rev. J. H. Barnes and bride have
arrived and Mr. Barnes enters at once
upon his duties as Rector of Christ
Church. Rev. Mr. Barnes comes to
Campbellton from Toronto very high-
ly recommended. He was assistant
Rector of a large Toronto parish, and
is a graduate of Wyckliff College,
Toronto. Several Ontario parishes
desired his services, but Campbellton
was fortunate in securing him. He
will no doubt receive a warm recep-
tion from not only members of his new
parish, but Campbellton citizens in
general. He will conduct services
next Sunday at both services.

WHEAT DECLINES.
The price of wheat showed a sharp
decline Tuesday and flour dropped
60 cents per barrel in sympathy.

WON PRIZE.
The prize for composing the best
yell for the Sunday School Class, to
be known in baseball life as the Meth-
odist Hustlers, was presented recent-
ly to Grant McBeath.

RECEPTION TO NEW RECTOR.
There will be a reception in the
basement of Christ Church Friday,
evening, May 4th to welcome
Rev. J. H. Barnes, and his wife, to
which every member of the congrega-
tion is cordially invited.

PROHIBITION INSPECTION.
The following Inspectors under the
Prohibition law have been recom-
mended for appointment:—
St. John City, Alex. Crawford; Glou-
cester Co., J. B. Blanchard; Kent Co.,
Jasper Pine; Town of Campbellton,
T. Mann Chief of Police; Restigouche
county, Willard McLean.
It is felt that another inspector will
be necessary for the upper section of
the county, and one who can speak
French and English.

POLICE COURT.
Two assault cases were up before
His Honor last week. One was dis-
missed and the other sent to jail for
two months.
Two bicycle riders were called to
the bar and fined \$5.00 for riding on
the sidewalks.
Two drunks were also at the Bar of
Justice. They contributed the usual
fines.

Two deserters who made a rather
sensational getaway from Amherst
were arrested here and sent back to
the Nova Scotia town Tuesday. The
military authorities here complain
that they were not notified of these
men being at large, and it was only
by chance that they were apprehend-

America's Greatest President Said:—

"I DO NOT KNOW MUCH ABOUT TARIFF
BUT I DO KNOW THIS, THAT IF WE BUY
GOODS FROM THE FOREIGNER, WE GET
THE GOODS AND THE FOREIGNER GETS
THE MONEY; WHEREAS, IF WE BUY THE
GOODS AT HOME, WE GET BOTH THE
GOODS AND THE MONEY."

That was what good, old, honest and shrewd Abraham
Lincoln said, and that is what he would say today, if
he were alive and asked to express his opinion regard-
ing the buying of home necessities from the mail-order
houses. Now read it over again.

"I do not know much about buying goods
away from home, but I do know that if you buy
from the mail-order houses in Upper Canada,
you get the goods and the people in Upper Can-
ada get the money, but if you buy at home,
you get both the goods and the money."

Make no mistake about it, when you send your
money away it goes to swell the money circulation of
other Provinces and never returns, but if you spend
your money with the merchants of your own town, the
money will flow back to you.

Let us suppose you are a farmer. You sell your product
in and about your nearest town; you cannot sell it in
Montreal or Toronto, and therefore anything that makes
the people of your town wealthier or more prosper-
ous naturally means more business for you. Is it fair
or just that you take this money that you earn in your
home town and send it away for goods that you know
can be purchased just as satisfactorily from your best
friend—the local merchant?

And what is true of the farmer is true of you.
Mr. Clergyman, of you Mr. School-Teacher, of
you, Mr. Carpenter, of you, Madam, and you,
and you, and you.

The mail-order business is serious in New
Brunswick, so serious that you have got to
face the matter squarely and see where you are
drifting. Do you know that out of the small
towns of this province, hundred of dollars are
going to Montreal and Toronto and these cities
have doubled their population in the last few
years?

They have been built up out of your money.
Think it over... You rail at your local shops and
say your town is slow and dead... What made
them this way? You, and the mail-order habit.
It is an old saying, but a true one, you cannot
have your pudding and eat it. You cannot send
thousands of dollars out of your town every
year and expect it to be prosperous.

You hear great stories about the department stores
in Upper Canada growing bigger and bigger, employ-
ing thousands of men and women, paying thousands of
dollars of City Taxes, huge sums for light and fuel,
and all the rest of it. That is your money that is doing
all this. Yes yours. Don't forget for one moment that
every cent you send to these mail-order houses helps
build up those huge cities, swells the revenue of these
Provinces, and impoverishes your town. Make no mis-
take about that. 'Yes, but the mail-order houses are
cheaper,' you may say. With but very few exceptions
you can buy as cheaply and more advantageously from
your local merchant. Again, 'The mail-order house
has a better range to select from.' Our answer to this
is, that if you give your dealer the slightest encourag-
ement he will provide you with an ample assortment of
goods. In conjunction with this great 'BUY-AT-HOME'
Campaign many merchants are increasing their variety
of numerous lines, so the excuse regarding bigger
range will not hold water.

The habit of sending money away from home
is a serious menace. You have shut your eyes
to it in the past... Open them up. Open them
wide. Buy at home and you will have more to
buy with. Buy at home and watch your town
develop. Buy at home and watch your mer-
chant grow... Buy everything at home. This
is the "BUY-AT-HOME" movement.

Believe in your town and spend your money
there.

Make this your slogan: "A busier and more
productive town and county. BUY-AT-HOME"

JACQUET RIVER.

The country has been saddened by the heavy casualty lists of last week. A large number of our local boys being included. Mr. John Callahan received a telegram on Wednesday telling him of the death of his son Howard J. Callahan who was killed in action, Private Callahan enlisted in the 132nd Battalion and went overseas with that unit. He was 19 years of age and a most popular young man, being a general favorite so that his loss is felt by the whole community. Besides his father and mother five brothers Fred of Maine, who tried to enlist but was pronounced medically unfit, Reginald of the Canadian Engineers who went with the first division, Austin, and Charles both of the 132nd Battalion, and Allan at home and one sister Cecelia at present in the Dalhousie Convent. The bereaved ones have at least the consolation of knowing he died the bravest of deaths giving his life for his Country. "For greater Love Hath no Man." They have the sincere sympathy of a large circle of friends.

Also on Monday Mr. Thomas Elsliger of Nash's Creek received word that his son Alexander had made the supreme sacrifice, having also been killed in action. Private Elsliger went overseas with the 132nd Battalion, and had been in the trenches a comparatively short time. Private Elsliger was a young man also being about 18 years of age and is survived by his parents, Mrs. and Mr. Thomas Elsliger. Three brothers, Fred in the 132nd, Joseph in the 104th, and David of the Forestry Battalion and one brother and three sisters at home survive. The sympathy of all.

Mrs. Peter Doucet also received a telegram to the effect that his son Clifford Doucet had died of wounds. Private Doucet was about 25 years of age and a most estimable young man re resided in Nash's Creek for some time and his loss will be felt by a large circle of friends. He went overseas with an Infantry Batt. but was transferred in a draft to France.

The home of Mr. John Callahan was doubly saddened last week as on Tuesday he received a telegram that his son Corporal Charles V. Callahan was wounded in the hand no further particulars being forwarded. Corporal Callahan also went overseas with the 132nd. Charles's many friends wish him a most speedy recovery.

Mr. James R. Doyle also received a telegram last week telling him of the wounding of his son Lance Corporal Charles Doyle was wounded and further particulars being forwarded as soon as possible. Lance Corporal Doyle has been in the trenches some time having went overseas with the 26th Battalion. His many friends also wish him a speedy recovery.

Mrs. John F. Firlotte also received word recently of her son Joseph Firlotte he enlisted in but he has many good wishes for his well being.

A telegram was also forwarded to Mr. Paul Firlotte of Archibald Sett, telling him his son Joseph was wounded in the face, and that further particulars would be forwarded as soon as possible. Private Firlotte has also three other brothers at the front. Walter also of the 132nd and Anthony and Sandy with the 17th. Josie's many friends also hope to hear of his soon being on the right side again.

Private Reggie Laviolette of the Home Guard Halifax, spent the week end at his home here. Private Laviolette was accompanied by Private Arthur Thompson who was his guest.

Private Mattias Firlotte spent some time recently at his home here.

Also Private Gilbert Basterache of the Forestry Battalion visited friends here last week.

It seems as if spring was indeed putting in an appearance as most of the folks are journeying in wagons now.

The weather is still somewhat mixed as we had a nice little thunder and lightning storm, accompanied by torrents of rain on one Saturday by a real old-fashioned easterly snow storm.

Operator Wilfred Barton is again stationed at Charlott as night agent after having spent some time in Campbellton on relief duty.

Sherman Firlotte of Campbellton spent Sunday at his home here.

Mr. Earl Ward of Harcourt spent the week end the guest of Mr. and Mrs. Hince Ward.

GASPE.

It is with the deepest sorrow and regret that we announce the death of No. 17729, Serjeant, Ralph S. Fitzpatrick, 87th Battalion, Gaspe, Quebec, formerly a resident of Gaspe Harbor, Gaspe, Que. The official notification of his death announced that he was killed between the 22nd and the 23rd of March.

SERGEANT RALPH FITZPATRICK Killed in Action.

Ralph Fitzpatrick enlisted as a private in the Grenadier Guards when that Battalion was first organized, and was in the first detachment belonging to that battalion ordered to the front, and had been serving in the trenches ever since except for a short vacation at Christmas. His brother-officers and soldiers all speak highly of his courageous conduct and conspicuous bravery at all times and more especially when the fighting was at its highest pitch; it was owing to these praiseworthy and brave methods that he attained the rank of Sergeant. By certain reports to hand we believe that just before his untimely end, Ralph Fitzpatrick had been recommended for some high reward for merit, on account of his never failing chivalrous courage and gallantry whilst fighting for his Empire.

All who knew Ralph Fitzpatrick personally before he enlisted, invariably found him to be of sterling quality and possessing the necessary mettle which made him both a gentleman and a thorough sportsman, a man whom anyone would feel proud and honored to call his friend.

The sorrow and sympathy which now exists throughout the whole Gaspe community is too heartfelt to allow description; and tends to show the popularity and esteem with which Ralph Fitzpatrick was regarded by all who knew him. The Gaspe community extend their deepest sympathy (in which we heartily join) to Mr. and Mrs. Stephen Fitzpatrick and family in this their very sad bereavement; but Mr. and Mrs. Fitzpatrick have the great consolation of knowing that their loved son gave up his life for his Empire, and who can greater glory be found than that of a man in the healthy vigor of manhood, voluntarily giving up his future career and all the many pleasant things found in life for his King and Country, who are fighting to keep their Empire free from oppression and barbarism, and trying to uphold their old traditions of peace and liberty.

Five Good Reasons for Buying this Good White Lead

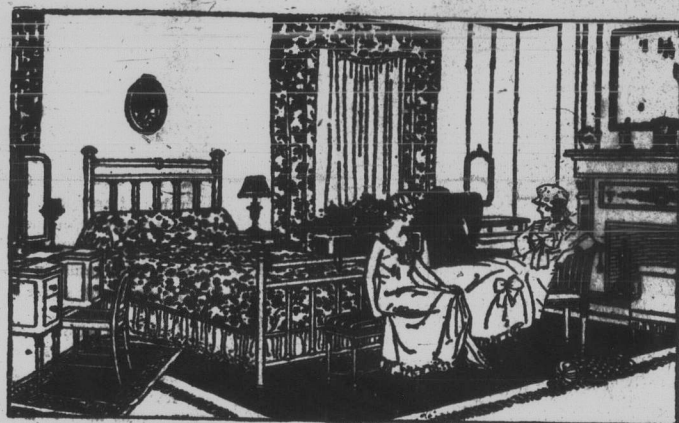

1. It is absolutely pure, ensuring the brilliancy of any paint in which it is used.
2. It has great covering capacity and long life.
3. It is of unequalled, uniform "fineness"—is never crystalline.
4. It works easily under the brush.
5. It need not be scraped or burned off when, after several years, the building requires another paint.

Its high reputation has been gained by nearly 200 years continuous manufacture. Used and recommended by experienced architects, builders, painters, owners.

SHOULD BE PUNISHED.
Some person or persons started a report on Sunday that a Campbellton young man had been killed and the report which reached the lady mother might have had serious results. There was no foundation for the rumor. This story is the second or third such story that has been put into circulation in the past three weeks, and if it continues steps will be taken to punish the guilty party. This is a serious offense and a heavy penalty is provided.

Mr. Woods has for years been a general merchant and lumberman doing business at Welsford, in Queens County, and in St. John.

FLOWERS—SMITH.
A very interesting event took place in St. Andrew's church New Carlisle on Wednesday April 18th 1917 at 5 o'clock when Miss Alice Smith was united in marriage to Mr. William Abel Flowers of New Carlisle. The ceremony was performed by Rev. Harrison. The bride looked very nice in a gown of white brocade satin and net with veil and orange blossoms. The bride was given away by Mr. James Flowers and attended by Miss Lydia Flowers who wore a pink and white silk gown with white hat. Mr. Bertrand D. Law of Chandler was groomsmen. After the ceremony the bridal party drove to the bridegroom's home where supper was served. The many friends of Mr. and Mrs. Flowers wish them all prosperity and happiness.

NOW GO THROUGH MAINE.
Canadian troops now are crossing Maine by the C. P. R. on their way overseas. Recently a trainload was given an enthusiastic reception at Brownsville Junction. Soft drinks, cigarette, chocolate, etc., were given the troops and a band serenaded them.

ON THAT SUBWAY.
The Andrew Street crossing was blocked Tuesday from a few minutes past one o'clock until at least one twenty-five. There were crowds of school children and citizens obliged to stand about for this length of time. Some determined steps should be taken at once to force the railway to extend Central Street and build a subway there. The Graphic cannot do it all. If our citizens show the government that they mean business this necessary work will be undertaken, but so long as it is left to the newspapers only little will be accomplished.

HOSPITAL REPORT.
The Biennial report of the Hotel Dieu Hospital of this Town for the two years ending December 31, 1916, shows the following statistics:
Total number of patients received 655.
Number of Medical Cases 243
Number of Surgical Cases 357
Males 440
Females 215
Cured 520
Improved 76
Unimproved 31
Died 28
Total number of Hospital days 9670.
Average per patient 14.7

SELF DENIAL.
One of the patriotic societies, which has been doing a great work here decided that the members would be asked to do some act of self-denial and place the amount of money thus saved in the coffers of the society. The idea was taken up with zest. The means taken to deny themselves were many and unsuspecting neighbors who witnessed the stunts of some of the ladies were amazed and we are afraid gossiped as some stories the Graphic heard were truly unbelievable. One was that one of our town councillors had turned his good lady out to the woodpile before breakfast to pile wood. Another was that a popular young lady was seen wheeling in a wheelbarrow oil cane from a residence on the hill to an oil warehouse on Ramsay Street for which she is said to have received a dollar. And there are others.

LEARN A TRADE.
Every young man in this age should learn a trade or profession. To procure an education for any of the professions costs a considerable sum of money, but any young man of intelligence can learn a trade, and get enough wages while doing so to board and clothe him.

The leading factories, printing offices and machine shops are always looking for bright lads to serve as apprentices. This week J. & D. A. Harquail are advertising for a number of young lads to serve in their factory. See adv. in another column.

ARBOR DAY.
School Inspector McFarlane has appointed Friday, May 18th as Arbor Day in this district.

The co-operation of parents and all others in the district is invited, and attention should be given not only to the school grounds and premises, but to the roadsides and other public grounds as well.

To insure satisfactory results, good trees should be purchased by the Trustees and properly planted. The attention of teachers is also directed to the importance of preparing for the observing of Empire Day, which falls on the last teaching days preceding the 24th of May.

It is most desirable on Empire Day to hold a Public Meeting in the Assembly Room, at which, in addition to the programme prepared by the teachers and pupils, there may be addresses of a patriotic nature by ratepayers or visitors.

DINING CAR SERVICE.
In placing the Ocean Limited again on the route between Montreal and Halifax, the Canadian Government Railways has paid particular attention to making the dining car service of this premier train meet the needs of its patrons.

Leaving Montreal at 7:15 p. m. the Ocean Limited carries a dinner as far as St. Leonard Junction, serving dinner to passengers en route. This service is a great convenience to passengers arriving from Ottawa and the other main centres for Eastern points. This dinner is served up at St. Leonard by the Westbound Ocean Limited in the morning, and breakfast is served to passengers before the arrival of the train in Montreal.

The dining car service on the C. G. R. trains has reached a high state of efficiency, and is widely praised by experienced travellers.

BORN.
At Black Cape, P. Q. on April 27th to Mr. and Mrs. Elissa Campbell, a daughter.

INSTANT ACTION SURPRISES MANY HLRS.
This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL astonished me with its INSTANT action." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold.

LET THE BUSINESS MAN TELL YOU!
A business man's advice on the selection of a school would necessarily be: "Attend that School which receives the unqualified endorsement of the business public."

The secret of a school's Success is largely a matter of knowing WHAT TO TEACH and HOW TO TEACH, and doing these things as well as they can be done. You make no mistake if you choose the Moncton Business College

PROHIBITION ACT NOW IN FORCE

License to Sell Signs Taken Down and Places Are Closed—Liquor Seized.

Monday was the last day of open bars in Campbellton and all licensed places both wholesale and retail did a rushing business and cleaned out most of their stock.

Mysterious looking parcels, heavy suit cases and grips were much in evidence.

Tuesday morning Inspector T. Mann made a round of all licensed places and saw that the signs were removed and that no business was being carried on.

On Wednesday the Inspector accompanied by several officers visited the premises of all the dealers and made a search of each. He found a quantity of liquor valued at between two and three hundred dollars which was removed to the police station.

So far there has been only one drunk arrested and that was early Tuesday morning. He had not exhausted the supply procured the previous day.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

OSWEGATCH, Ont., Nov. 28th, 1914.
"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives' make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

HOUSE SPENDS DAY ON INTERCOLONIAL

Maritime Province Members Give Railway Minister Uncomfortable Time

Ottawa, April 25.—The management of the Intercolonial Railway by Hon. Frank Cochrane and his protegee, General Manager Gutelius, came in for prolonged and severe criticism in the commons today.

Practically the whole sitting was taken up with the voicing of the maritime province members complaints against bad service on the road, favoritism in the making of appointments and promotions, the abuse of political patronage and general unsatisfactory conditions. On the Liberal side E. M. MacDonald, Mr. Carvell, Hon. Dr. Pugsley, Mr. Copp, W. D. MacKenzie, Mr. Turgeon and Mr. Michaud all gave specific instances of inefficiency and of political favoritism in connection with the management of the people's road.

Mr. Boulay, (Rimouski), introduced a resolution asking that employees on the Government railways be promoted to official positions on those lines before allowing the General Manager to employ strangers. He declared that the policy of the management at the present time was to import men from anywhere, some even without experience, to take the highly paid positions. If these strangers gave satisfaction he said, it would not be so bad, but the facts proved that they did not.

He told of one divisional superintendent who had tied up his whole division one winter because he hadn't known any better.

With the principle of the resolution the government agreed but there was a wide difference of opinion as to the manner in which the principle had been applied in the making of appointments.

John Stanfield, M. P. made a laborious but decidedly unconvincing effort to explain why he had quarrelled with the minister and why he had subsequently backed down.

The minister of railways, who briefly but vigorously defended his management, wound up by declaring with manifest feeling, "If our Saviour Himself were running the railway He would not satisfy some of the people down there."

Mr. Cochrane, contended that most of the criticism came because he had tried to run the railway as a business proposition and banish the partisan blight from its management and operation.

FORESTRY BATTALION GROWING DAILY

Lt. W. M. Ferguson Signing on Men for Overseas Duty—A Good Unit.

This unit started recruiting the last week and already the Restigouche Platoon which will be stationed in Campbellton has nearly a score of men. Mr. Harry Culligan, Canadian Government Railway Detective, has accepted three stripes with this unit and will be a valuable addition to the recruiting staff.

Sergt. J. Gallant who has been overseas with the 17th but was turned down by the medical board in England, has also joined this unit. He has already a reputation as a recruiting sergeant.

This is a very attractive unit for Filers, Sawyers, Millwrights, Engineers, etc., as they make extra technical pay.

PUBLIC NOTICE.

In compliance with request from Department of Agriculture, Ottawa, the Town Council have been considering the matter of stimulating interest in the increasing of food production campaign by means of the cultivation of vacant lots and back yards. Every pound of food produced in this way adds to the exportable surplus and tends to reduce the high cost of living, besides contributing in no small degree to the success of the Allied cause. With a view to ascertaining just what can be done in this important matter, I am instructed to state that all persons who desire the assistance of the town teams and men in plowing their lots are requested to make application to the undersigned in writing on or before the 5th instant stating size of lot they wish to have plowed and when they would be ready to have work done.
