Federal Administration Has Failed Lamentably by Not Preparing for Peace Conditions, Declare Prominent Toronto Liberals.

[Special to The Advertiser.] Toronto, Nov. 28.—Prominent Liberals in interview today, stated that the Union Government had failed lamentably in preparing for problems with the ending of peace.

George Wilkie, barrister, said: "If they had been willing to learn from Great Britain, they should have had an organization ready a year ago to handle peace problems. It is not merely a matter of these people (the Union Government), but they pay more attention to good advertising and good publicity than getting in the ground work. The trouble with them is that there is too much love for the spot and not enough for everyday hard work."

THOUSANDS OF WORKERS TO BE LAID OFF UNLESS GOVT. PUTS PLANTS ON PEACE BASIS

15,000 Munition Factory Employees in Toronto Likely To Be Out of Jobs Within the Next Thirty Days

[Special to The Advertiser.] Toronto, Nov. 28.—Approximately 15,000 munition workers are at present engaged on American contracts in Toronto, and as far as can be ascertained practically the whole of these men and women will be out of employment within the next 30 days, when work on American contracts ends.

HYDRO SITUATION IN CITY NOW IMPROVED

Munitions Factories Slow Down in Consumption.

On account of the slowing down of munitions manufacture and the voluntary assistance of all the manufacturers in the city in the conservation of power during the peak load hours, the hydro power situation has eased as far as London is concerned, according to A. C. Hunt, assistant general manager of the public utilities commission. The London Manufacturing and Machine Company has practically ceased operations on munitions, and it is using no power now. Expectations are, however, that it will start manufacturing in another line in the near future.

FOOD PROBLEM IN ITALY MADE WORSE BY GRIP EPIDEMIC

Greater Supplies Are Needed This Winter Than Before.

Rome, Monday, Nov. 25.—The epidemic of grippe in Italy during September, October and November, added to the difficulties of the food supply, Dr. Silvio Crespi, the food minister, declared in a statement regarding the food situation. During this period, he stated, about one-third of the personnel of the railways have been victims of the malady, complicating the situation just at a time when the Italian offensive was in progress, and the effective transportation of supplies through efficient railway service was indispensable. The remaining railway men, however, by redoubling their efforts, had succeeded in making up the deficiency in labor.

COMMISSION OPENS ITS 62ND BRANCH FOR THIS DISTRICT

Soldiers' Aid Office Opened at Listowel.

A branch of the Soldiers' Aid Commission was organized at Listowel on Tuesday night at a meeting called by the mayor of that town at the request of W. W. Shaver of the local branch. Mr. Shaver spoke on "Returned Men and Their Employment." Election of officers was left to a nominating committee at the general meeting. It is the custom of the Soldiers' Aid Commission to try and form a branch at each town where there are five or more returned men living. The following is a list of the branches and secretaries of the commission in the surrounding country: Auburn, J. Malouin; Aylmer, H. Barnum; Bayfield, A. E. Lewis; Bothwell, E. E. Lechvalier; Brussels, S. T. Plum; Elyth, Dr. Milne; Belgrave, Peter Scott; Chatham, Mur-

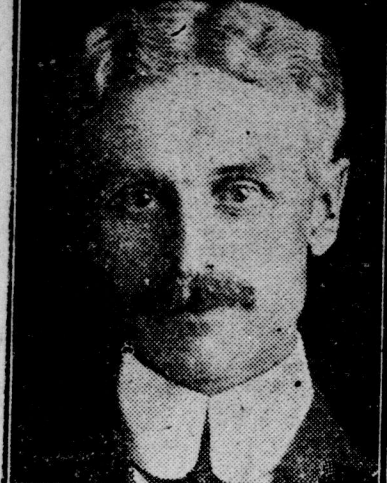

THIRTEEN HONOR FLAGS FOR MIDDLESEX POINTS

Alisa Craig Won Five Stars in Addition.

There were thirteen honor flags won by many canvassing districts in the course of Middlesex during the Victory Loan Campaign which recently closed, these having reached their objective. Middlesex as a whole also obtained an honor flag, with one and a half per cent above its objective. There were five districts that were awarded crowns as well. Alisa Craig headed the list with five crowns won; Lucan, Newbury, Strathroy and Wardsville were awarded one crown each. Adelaide, Etobicoke, Ekfrid, Lebo, McCarry, East Williams, Glencoe, and Parkhill obtained honor flags.

An average of \$66.73 per capita was subscribed in the 22 districts. Alisa Craig gave \$205.07; Glencoe \$117.17; Lecon \$118.88; East Williams, \$111.64; and Wardsville \$110.19 per capita. The total number of subscriptions were 5,376, amounting to \$225,760. This is exclusive of 1/2 city of London, which was constituted a separate organization.

IS GENERAL MANAGER

Advertiser Illustrations. J. W. Ferguson, who has been connected with Editor and Publisher of The London Advertiser for some time, has been appointed general manager of the publication, succeeding E. D. De Witt. Mr. Ferguson served as editor, and is a graduate of The London Advertiser, having served his apprenticeship in the composing department of The Advertiser. He went to New York in 1900, and was on the advertising department of The New York Times. Subsequently he was on the Evening Telegram, and then finally with The New York Herald for twelve years, also for a time with the Philadelphia Public Ledger. Mr. Ferguson quite frequently visits London to see his relatives.

NEWS

CLEARINGS INCREASE.—The bank clearings for last week were \$2,563,097, and for the corresponding week last year were \$2,007,111, which shows an increase of \$556,986 over last year.

RUGS BURNED.—The fire department made a run at 11:45 yesterday to the house of Geo. T. Birch, 164 Egerston street. A few rugs and a curtain were the only things burned. The damage will amount to about \$20.

IS SHOWING FOXES.—C. Reid of the Reid Bros. Lumber Company, Bothwell, leaves on December 2 to attend the Coliseum Show in Chicago, from December 2 to 9. Mr. Reid is taking with him a pair of silver black foxes of high grade, which will be entered against the strongest United States competition.

SERVICE ALREADY HELD.—Next Sunday has been specially set aside by the government for peace services. However, the Ministerial Alliance of the city, inasmuch as that body held a service for the late soldiers on November 17, directly after the signing of the armistice, will not hold another service of like nature.

ROTARIANS ASSIST.—For the purpose of assisting the Salvation Army in its work, the Rotary Club of Windsor is undertaking to raise \$5,000, of which \$30,000 will be used in connection with its military activities at home and abroad. The Army has recently purchased a lot in Windsor for the erection of a general hospital.

DEGREE CONFERRED.—The team of the Forest City and Dominion Lodges, I. O. O. F., conferred the first degree on a candidate, under the direction of Capt. John Syme, at a lodge meeting of the Oddfellows held in their clubhouse, on the evening of December 2. A large number of St. Thomas Oddfellows were present at the ceremony, on the invitation of Past Grand Master W. G. R. Bartram. Refreshments were served at the close.

WOMEN LIBERALS MEET.—An interesting program has been arranged for the annual meeting of the Women's Liberal Association to be held in Hyman Hall this evening at 8 o'clock. This will include an address by Jazel Ylstra, secretary of the association, reports of delegates to the convention of the Western Ontario Liberal Association, held last week in London, election of officers for 1919, a violin selection by Miss Geraldine Regan, and patriotic songs.

LEAVING FOR HALIFAX.—Adjutant F. W. Martin of the Salvation Army local headquarters is leaving on Friday for Halifax, where he will superintend the building of a new hospital. He expects to return to London after the Christmas holidays, returning to Halifax again. In all probability he will be in Halifax until February. The hospital there will have 100 rooms, and will cost \$150,000.

SAMPLE BADGE RECEIVED.—Inspector C. B. Edwards has received a sample badge which is being issued by the organization of the schools who assemble to the pupils of the schools who assemble. The badge bears the inscription, "For Food Production Services," with the name of the province, "Ontario." Incidentally on the reverse side is inscribed, in large letters, the name of the manufacturer of the badge, as well as that of the organization of resources committee.

COMMUNITY CHORUS TONIGHT.—The regular "sing-song" of the London community chorus directed by A. D. Jordan will be held in the Y. M. C. A. auditorium tonight. The opportunity is being provided for orchestral players to participate in the meetings, as Mr. Jordan has secured orchestral parts for all the numbers in the song books. As with the chorus there are no restrictions as to membership, any orchestral player will be made welcome. It is hoped that this evening he will have a large attendance. Special features will be provided by E. N. Harding and Miss A. Somerville, who will render vocal solos and duets.

BOND ISSUE WILL BE TAKEN UP THIS WEEK

City Treasurer James S. Bell says that all the bonds which have been on sale at this office will be disposed of by the end of this week. The total issue is \$146,000, of which more than \$110,000 have been purchased already. While this scheme of selling the bonds over the counter entails more work in the treasurer's department, it is conceded by everybody that it is preferable to any other plan of selling them. It provides a safe investment at a good rate of interest for the small investor, who may have from \$100 to \$1,000 to invest.

RESOLUTIONS PASSED BY ASSOCIATED BOARDS OF TRADE WILL HAVE CHANCE TO DISCUSS

Goderich Motion—Brantford Urges Punishment of Kaiser—Big Convention Starts Here.

Delegates from all parts of Western Ontario, an enthusiastic body of men, representing board of trade and chamber of commerce organizations, have arrived in the city for the first annual meeting of Western Ontario Associated Boards of Trade. The London Chamber of Commerce, in calling the meeting together, is feeling the pulse of the Western Ontario should have an organization of its own to promote the interests of this section of the province as a part of the great Dominion, in view of the fact that Western Ontario has problems that are fundamentally different from those of the eastern part. The aim of the Western Ontario Associated Boards of Trade, as expressed in the constitution, which is being submitted, is "to build up Western Ontario." The object is thus expressed, "to promote the agricultural, commercial, manufacturing and financial interests of the citizens of Ontario, more especially in the West, and to forward every matter of general public interest approved by the association."

RECOGNITION GIVEN MAJOR A. SPENCER FOR FINE SERVICES

London Boy Honored by Commanding Officers.

Lieut.-Col. H. R. Abbott of the 1st Hussars is in receipt of some interesting facts concerning the career of Major A. C. Spencer, who is a lieutenant in the 1st Hussars of this city. Major Spencer left the city with the 7th Mounted Rifles under Lieut.-Col. Ibbotson Leonard on June 8, 1915, and has a record of continuous excellent service overseas. An extract from a letter serves to show how dangerous was the work in which Major Spencer was engaged. He says: "The past week had been very full of work and not without danger, but we are back and resting now. The fighting was the fiercest the Canadian have ever had, and was costly to both sides. There were many sad, sad sights on every hand."

Dangerous Work. "Major Cuthbert McEwen and I carried out two reconnaissances on the two worst days under heavy shell and machine gun fire, and came through all right. My three horses were all wounded by shell fire. No. 70 was hit in the knee, while I was riding him across to Brantford. He jumped into the air and never stopped. The next day when I was forward reconnoitering he was wounded in the belly by the same shell that killed our adjutant. The little mare, Bessie, was hit when Major Ferris was wounded. We lost 69 horses killed by machine gun fire out of 80 in one action. My horse was hit by a shell which broke it."

Honorable Mention. "While captain, Alec Spencer had the following mention made of him in orders: "April 13, 1918. The commanding officer writes that he is very much surprised at the commendation he has won. He is now 23 years of age. He is a member of the London Ontario School of Practical Science, and was in the first Army Veterinary Corps. He has been in the front line since the beginning of the war. He has been in the front line since the beginning of the war. He has been in the front line since the beginning of the war."

Hydro's Influence. The Goderich delegation is taking up the question of "The Moral and Social Influence of Hydro Electric Power on the Community." W. S. Bowden, who has been and is to be a member of the provincial utility, hydro-electric should be delivered to all municipalities at equal rates, just as the water from the Great Lakes is supplied to all municipalities at equal rates. The hydro-electric power is being produced by the Niagara River, and the water is being supplied to all municipalities at equal rates. The hydro-electric power is being produced by the Niagara River, and the water is being supplied to all municipalities at equal rates. The hydro-electric power is being produced by the Niagara River, and the water is being supplied to all municipalities at equal rates.

The Kaiser's Fate. "The question, 'What is to be done with the Kaiser?' is being brooded upon by C. Cook of the Brantford board of trade in the form of this resolution. The committee on this convention of Western Ontario Associated Boards of Trade, the world will never be safe for democracy nor free from the danger of war until the military dictatorship of Germany is broken."

Returned Men Can Do. "Will the Government grant land to returned soldiers in the settled parts of Ontario, as it has in the West or Northern Ontario?" was the question taken up by the land committee of the G. W. V. A., which met in the G. W. V. A. rooms, Queen's avenue, last evening. The committee lacked a quorum.

Documents Buried. Rev. James MacKay, chairman of the building committee, presided, while Rev. Peter Nichol, first minister of the original Knollwood Park Church, read a historical sketch of the church and congregation. This sketch, together with newspapers, documents and other items being placed beneath the foundation stone.

Deaths and Funerals. BURIED AT WHITE OAK. The funeral of Mrs. Percy Riddell, who died in London, England, and was held Wednesday at 8 o'clock. Rev. E. Charles conducted the services. Interment was made in White Oak Cemetery.

CORNERSTONE FOR KNOLLWOOD CHURCH LAID IN HEAVY RAIN

Ceremony Performed by A. S. Silverwood. URGES EXTENSION WORK. Believing More Churches Will Be Need on Outskirts Soon.

The official laying of the cornerstone of Knollwood Park Presbyterian Church took place this afternoon at 3 o'clock. In spite of the downpour of rain, a goodly number of people were present at the service, which was conducted in the church. A. E. Silverwood, who performed the ceremony of laying the corner-stone, spoke briefly on the extension work which was being carried on at the outskirts of the city by the local Presbyterian churches.

Honor to Church. "I feel that this honor of laying the corner-stone has not been conferred upon me, but upon St. Andrew's Church, which has taken a big stand in connection with this work of churching the outskirts of the city," declared Mr. Silverwood. The greatest amount of work done in connection with Knollwood Park Church was carried on by New St. James' Church, but this church is, after all, an outgrowth of St. Andrew's.

New Field. Mr. Silverwood urged the importance of the work being carried on, and just such extension work, as now that the war is over the people will come flocking to the city and townships more or less scattered and outlying districts, and that an immense field for church endeavor will be thereby created.

Documents Buried. Rev. James MacKay, chairman of the building committee, presided, while Rev. Peter Nichol, first minister of the original Knollwood Park Church, read a historical sketch of the church and congregation. The Huron and Erie Mortgage Corporation The Canada Trust Company

TO OUR CUSTOMERS AND FRIENDS OF BOTH COUNTRY AND CITY. A cordial invitation is extended to you to call and inspect our new and modern building on the Market Square, London.

Yours faithfully, W. Westby, Manager.

"Older Than the Dominion of Canada"

Features of the New Building

A special Rest Room has been provided for the use of ladies and will be found to contain many convenient appointments.

Facing the public space on the main floor will be seen the fire-and-burglar-proof vault. Very shortly, this vault will contain a large nest of Steel Safety Deposit Boxes, which may be rented at a small fee for the purpose of storing valuable papers, such as Debentures, Victory Bonds, Insurance Policies, etc.

The safety deposit vault is equipped with a heavy Crane-hinged door. The vault vestibule is steel-lined with strong double inner doors. A steel grided day-gate protects the vault interior during the day time.

The counters and desks are modern in design and are of quarter-cut oak, wax finish.

The building is of fire-proof construction, having been erected of concrete, reinforced with steel. The front is of grey canyon limestone, the most durable kind of stone that could be secured.

The architectural design is plain, but it impresses upon the mind of the observer the stability of the institutions as well as of the structure itself.

Financial Strength

The Canada Trust Company and The Huron & Erie Mortgage Corporation are under the same management and control. The combined assets of both institutions total over \$26,000,000.

The Paid-Up Capital and Reserve Fund of the Huron & Erie, every dollar of which is for the protection of depositors and debenture holders, totals \$5,600,000.

The Paid-Up Capital and Reserve Fund of the Canada Trust Company, pledged for the protection of Estates and Trust Funds in its care, totals \$1,550,000.

In the Savings Department

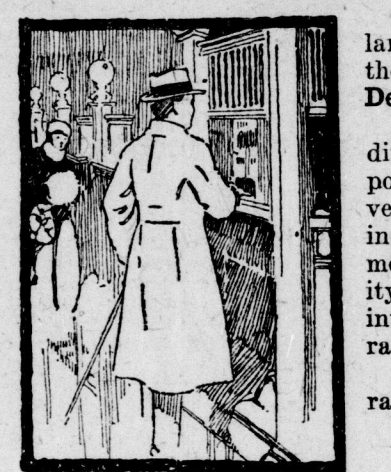

the Huron & Erie interest rate of 3 1/2 % per annum has meant thousands of extra dollars in the pockets of depositors during the past two years, because the Huron & Erie former rate was the ordinary 3%.

It is a simple matter to open a Huron & Erie Savings Account and, takes but a few moments of your time. We attend to all details.

Security—a good interest rate—and a welcome await you at our office.

A Busy Debenture Department

Over nine millions of dollars have been invested by the public in Huron & Erie Debentures. A Debenture is the unconditional promise of the Corporation to pay the sum invested—the entire assets being pledged for the repayment of the money at maturity, along with half-yearly interest meanwhile at the rate agreed upon.

5 1/2 % per annum for a three, four or five-year term. For a one or two-year term the rate is 5% per annum. Any sum of \$100 or over will purchase a Huron & Erie Debenture. Note this difference:— \$1,000 invested at the Huron & Erie Debenture rate — 5 years \$275 \$1,000 deposited at the ordinary savings rate of 3% — 5 years \$150 Extra income from Debenture investment \$125 Why not ask about Huron & Erie Debentures the next time you call!

Who Is Your Executor?

You have an Estate! Some Executor or Administrator will manage it for your family in later years!! Can you confidently depend upon busy individuals, perhaps without proper experience, to make wise decisions when investing your money or managing your property for the benefit of your loved ones?

When making your Will it is your privilege to appoint either an individual Executor or a Corporate Executor such as The Canada Trust Company.

The disadvantages of individual Executors are many—often they are unwilling to act—often they lack knowledge and experience. They fall ill—move away—and worst of all they may die in the midst of their duties, thus causing heavy expense to your Estate.

The Canada Trust Company's advantages as Executor are many—it has a perpetual charter—financial strength, seventeen years of experience in Estate work, modern bookkeeping and auditing methods, and the cost of its service is never more than the amount that would be allowed to an individual acting in the same capacity.

MISSION PROBLEM IN CANADA BIGGEST ANY NATION FACES

Presbyterian Forward Movement Leaders Discuss Plans. MANY NEW SUGGESTIONS Conference Committee Will Be Enlarged—Will Frame Recommendations.

The magnitude of the missionary program of the Presbyterian Church in Canada, both home and foreign, was impressed in a striking manner by three speakers representing the church's forward movement at a large gathering held under the auspices of the London Presbyterian in First Presbyterian Sunday School room yesterday afternoon.

TOOK SEVERE COLD ON HIS LUNGS COUGHED PHEGM AND BLOOD

On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse, and gets settled on the lungs, causing bronchitis, pneumonia and other serious lung troubles.

Dr. Wood's Norway Pine Syrup will cure the cough or cold on its first inception and perhaps save you years of suffering. Mr. G. F. Stratyehuk, Canora, Sask., writes: "Last winter I took a most severe cold on my lungs and was coughing up phlegm and blood most of the time. I had the cough for over two months, and took a great deal of different medicines, but found no relief from them. At last a friend advised me to take Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief in a very short time, and today I am enjoying good health again."

that has doubled by immigration, increasing at the rate of 600 a week in the last six months, the problem of a country having 85 languages and dialects, 79 religions and 53 listed nationalities. "The reason there aren't more nationalities listed," she said, "is because there are 32 spaces on the Government's card for distinct nationalities and the fifty-third is designated as miscellaneous. All that do not go into one of the 53 sections are put down as miscellaneous."

One of the vital needs to which she drew attention, not only for the work in foreign fields, but in this country, is that of literature in the language of the peoples. "It is appalling," she said, "that we have nothing to give these settlers from foreign countries in their own language as miscellaneous. All that do not go into one of the 53 sections are put down as miscellaneous."

Four Hindu Temples. Illuminating information was given concerning the menace of Brahminism in Canada, as well as in the United States. "The only known there are four Hindu temples right in Canada, in Victoria, Vancouver, Abbotsford and Hillside," he said, "recalling the converts made by a Hindu who came over to America at the time of the World's Fair in Chicago, who gave Krishna to Christian people." With the tide of immigration setting toward Canada after the war, the problem will become complicated manifold, she declared, hence the imperative need of immediate action.

Continuing, Principal Dyde expressed his view that a Christian must be one who accepts the whole program of Jesus. In this connection, Lloyd George to the effect that it is a stain on the nation's flag just as deep as the flag flies over slum-bred children, and women, as if it drops in defeat on the field of war. Principal Dyde would go farther and say that it is not nearly so great a stain to have the flag go down to defeat in war, because defeat may be honorable and suffered by the noblest. It is a deep dark stain on Christianity if people who have the world's goods allow others to lack them for proper opportunity and justice. Another point emphasized was this, "We must get rid of the cancer of class distinctions in Christianity. If religion is a thing that the rich have and the poor have not, then our religion is not worth having."

quoting the missionary work of the church has been up to the present time. "Not giving a dollar bill. It is giving of self. It is required of a steward that a man be found faithful." Apt illustrations were drawn of faithfulness and self-sacrifice in service in the war and the epidemic. Announcing his subject "The Red-emption of Our Youth," Rev. Principal Dyde of Queen's College, drew special attention to the "dedication to service" of churches of "dedication to service" of churches of "dedication to service."

"We must bring the spirit of giving into the forward movement," he said, "not only the spirit of the young that caused them to dedicate themselves to service in the war, but of the parents, who, perhaps, had the harder task of giving up these well-loved young people to the service of their country. Absalom, Absalom, oh, my son, Absalom, would God that I had died for thee."

"We want to gather up some of that tide of service and sacrifice and throw it into the channel of the future. What we need is to get out of formality and become human." "New Problems." Speaking along the same lines in her second address of the day, Mrs. M. H. MacMillan, secretary of the Forward Movement Society, said: "The soldiers have taught us the lesson that we have forgotten. We have asked from them a technical entertainment when they were under the leadership of Francis Martin, son of Rev. W. M. Martin, clerk of the London Presbyterian. A new phase of the missionary program which has been presented is that of the Chinese labor units which have supported the Allies on the west front by taking over the labor. With reference to need of immediate reinforcements of the workers in Formosa and Korea, which are now under Japanese rule, she emphasized the need of trained and highly-efficient nurses, doctors, teachers, etc., can be secured by the interests of the church of Christ in this country."

So interesting and awakening did the speaker's address that she was asked by some of the members of the Presbytery to call a similar conference be held each year, addressed by authorities on various phases of the church's activities. BACK YARD QUARREL SETTLED BY MAGISTRATE. Another back fence quarrel was settled in court today in favor of the plaintiff, Mrs. John J. Addison charged Mrs. William M. Jones with using abusive language. The defendant said that she would like to hear the evidence, as she was not aware that she had used abusive language. The plaintiff then swore that Mrs. Jones had been insulting her for the past year by saying to her, "Thank goodness I'm not a chicken thief."

three, inspiring addresses, marked the closing meeting last evening of representatives of city and district churches. Speaking on "Stewardship," Frank Yelch of Toronto, well known as a writer and lecturer, said: "We have got to throw the old standards on the scrap heap in this new day in the world." This applied to old, inadequate standards of giving of time, money, self and "stewardship of service," he con-

tinued, "is not giving a dollar bill. It is giving of self. It is required of a steward that a man be found faithful." Apt illustrations were drawn of faithfulness and self-sacrifice in service in the war and the epidemic. Announcing his subject "The Red-emption of Our Youth," Rev. Principal Dyde of Queen's College, drew special attention to the "dedication to service" of churches of "dedication to service" of churches of "dedication to service."

Technical School COAL PILE IS GIVING FIREMEN TROUBLES Catches Fire For Third Time In Week. Firemen went out today again to make an effort at extinguishing a fire in the coal dump at the east side of the Technical School. The fire started yesterday afternoon about 4 o'clock, spontaneous combustion being the cause. This is the third fire in the coal depot, as there were two fires last week. Over 100 tons of coal are stored in the dump, and the watered poured on the burning coal seems to be of little avail, as it does not soak into the hearts of the lumps.

The coal pit which is covered by a cement platform has very little ventilation. The only way that the air can get in is through a manhole. The pit is 28 feet deep, but the floor of the engine-room is seven feet lower, so that the water running into the room, causing much damage. Iron pipes should have been placed upright in the coal, so that the gas which collects in the pipes would be carried away, thus preventing combustion, say critics.

SICK HEADACHE AND CONSTIPATION CURED BY Milburn's Laxa-Liver Pills. When your liver becomes sluggish and inactive, the bowels become constipated, the tongue becomes coated, the breath bad, and the stomach all out of order. Then come those terrible wick headaches. They take out every bit of life and ambition, bring on depression, and often end in complete mental and physical prostration.

To keep the liver active, and your bowels moving regularly is the only way to get rid of the constipation and the distressing sick headaches. Milburn's Laxa-Liver Pills will do this for you by stimulating the sluggish liver into manufacturing sufficient bile to act properly on the bowels, thus making them active and regular. Mrs. Winslow McKay, Jordan Branch, N.S., writes: "I have been sick for a number of years with sick headache and constipation. I tried all kinds of doctors' medicines, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured. I would heartily recommend them to all sufferers. Milburn's Laxa-Liver Pills are small, easy to take; and do not grip, weaken or sicken as so many pills do. Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

DEATHS AND FUNERALS

FUNERAL OF MRS. DWYER. The funeral of Mrs. Margaret Dwyer, who died in St. Joseph's Hospital on Sunday, was held Wednesday from the family residence, 183 John street, to St. Peter's Cathedral, where a requiem high mass was sung at 9 o'clock. Rev. Father Finn conducted the services at the house and grave. Six grandsons were pallbearers. Interment was made in St. Peter's Cemetery. A hearty vote of thanks was accorded to the Rev. Father Finn, who kindly acted as scrutineer.

FUNERAL OF W. A. LYONS. The funeral of William Alfred Lyons, Sen., was held Wednesday from the family residence, 42 Hamilton road, at 8:30 o'clock. Requiem high mass was sung in St. Mary's Church at 9 o'clock. Interment was made in St. Peter's Cemetery. The floral tributes were numerous, including wreaths from the Workmen of the World and Ancient Order of Foresters.

BURIED AT WOODLAND. The funeral of Mrs. G. L. Clarke, who died of heart failure in Victoria Hospital on Tuesday, was held privately this afternoon at 3 o'clock. Rev. Mr. Martin conducted the services in the absence of Rev. D. C. MacGregor. Interment was made in Woodland Cemetery. The pallbearers were Dr. Homer Black, Alex. Gillen, David Cowan, William Martin, William Ward and Fred Asplund. The floral tributes were numerous.

Are Weak Nerves and Lack of Physical Strength Holding You Back in Life? You Must Have Plenty of Iron in Your Blood If You Want the Power and Energy to Win, Says Physician. When the crushing grip of worry, trials and care saps your vitality, and keeps you from the full enjoyment of home, social, business and life—take Nuxated Iron and watch its strength-giving, uplifting effect. It will increase the strength and endurance of weak, nervous, run-down folks in many instances.

"Thousands are held back in life for want of sufficient iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Department), New York, and the Westchester County Hospital, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power. "A weak body means a weakened brain, weak nerve force means weakened will power, and like the race-horse beaten by a nose, many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch that fits of depression, that dizzy, fearful feeling—these are the sort of signals that give to tired, listless folks when the blood is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new, red blood cells.

"In my opinion the greatest cause to the health and strength of American people of today is the alarming deficiency of iron in their blood. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand strains. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that virile force and stamina which are so necessary to success and power in every walk of life.

"Therefore, I strongly advise those who feel the need of strength and vigor to build to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to a doctor, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken other iron products and failed to get results, remember that such preparations are an entirely different thing from Nuxated Iron, which has been used and strongly endorsed by many physicians formerly connected with well-known hospitals, the Hon. Leslie M. Shaw, former Presidential Cabinet Officer, former United States Senator and Vice-Presidential Nominee, Charles A. Towne, former member of Congress, distinguished United States Army General (retired), Judge Atkins of the United States Court of Claims at Washington, and others.

In recognition of the value of Nuxated Iron, former Health Commissioner of Chicago, William B. Kerr, said: "As Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I seen on record as favoring any particular remedy. But in the case of Nuxated Iron I feel an exception should be made to the rule. From my own experience and that of my lifelong life in recommending it, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to a doctor, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken other iron products and failed to get results, remember that such preparations are an entirely different thing from Nuxated Iron, which has been used and strongly endorsed by many physicians formerly connected with well-known hospitals, the Hon. Leslie M. Shaw, former Presidential Cabinet Officer, former United States Senator and Vice-Presidential Nominee, Charles A. Towne, former member of Congress, distinguished United States Army General (retired), Judge Atkins of the United States Court of Claims at Washington, and others.

GODERICH NURSE WHO DIED CARING FOR 'FLU' SUFFERERS IS BURIED

GODERICH, Nov. 27.—The funeral of Eva May, eldest daughter of Mr. and Mrs. James McNece, took place from the family residence, corner of Britannia and Bayfield roads, this afternoon at Matland Cemetery. Rev. J. H. Osterhout, D.D., conducted the services, assisted by Rev. J. E. Ford. Miss McNece was a nurse in Winnipeg. A short time ago she volunteered to go to the isolation hospital in that city to nurse "flu" patients. Shortly after she contracted the disease, and pneumonia and pleurisy set in, and she passed away on Saturday night. The body arrived from Winnipeg last night, accompanied by the mother and sister. Miss McNece was 23 years of age.

CARVELL WILL OPEN THROTTLE WIDE AND BUILD EVERYWHERE

Will Spend Wherever Money Can Be Spent.

LOWER COST OF LIVING Predicts an Easing of Expenses by Next Spring.

OTTAWA, Nov. 27.—Hon. F. B. Carvell, minister of public works, was the guest of honor at the luncheon given today by the Canadian building and construction industries, in conference at the Chateau Laurier.

In regard to the housing problem Mr. Carvell would not lay down any definite policy, speaking from a governmental point of view.

The public works department had in the past been putting on the brakes as hard as possible as the minister did not believe it was his duty to spend money, but to save it for the purposes of the war. Now the problem had assumed a different aspect. The speaker stated that wherever the money could be spent on public works in Canada he would believe it was his duty to spend it, and in authorizing this expenditure.

Cut Out Paying Rent. It would surprise you if I were to tell you the amount that is being spent by the Government in rents," said the speaker. "In Ottawa alone we have to give the landlords \$700,000 per annum. In every city the rentals amount to more than the interest and depreciation would be on buildings and departments owned by the Government."

Mr. Carvell stated that his sole interest in advocating the construction of public buildings would be to supply work for the labor class.

Taking up the matter of tenders he stated that since he had assumed office contracts, except two, had not been awarded by public tender to the lowest bidder. He stated that he would like the work to be distributed, but that those working on Government contracts persisted in getting into it that "easy, comfortable, government feeling." If the conference could suggest a remedy to offset that feeling, he might consider the distribution of contracts.

Lectures Contractors. He said the Government had not yet been able to get down to any concrete policy. He, however, would couple the duty of the Federal and Provincial Governments, and see that as much work as possible was supplied; as much business as possible carried on, and as much labor as possible employed, and if it was necessary, under the circumstances, to lessen the contractors' profits, that should be done. The con-

tractors could afford to make some sacrifice beside the nation over the danger period.

Commencing by next spring, the speaker added, the cost of living would start to decrease. It would go down slowly, and as a result, the cost of labor would decrease just as slowly. It was the duty of the Government, the employers of every individual—to see that as much labor as possible was employed.

Following the luncheon the conference resolved into a general information discussion. The delegates registered to date number 162.

GOVERNMENT DECIDES PLAN OF ALLOTMENT TO LOAN SUBSCRIBERS

OTTAWA, Nov. 27.—In view of the very large over-subscription of the war loan the ministry of finance has had to give special consideration to the question of allotting to subscribers. The plan of allotment arrived at is as follows:

1. Subscriptions of 500,000 and under allotted in full.
2. Over \$500,000 and up to and including \$1,000,000, 50 per cent in full and 50 per cent of the balance.
3. Over \$1,000,000, the same as No. 2 for the first \$500,000 and 60 per cent of the amount in excess of \$1,000,000.

GRANDMOTHER WAS THE DRUGGIST

In the early days of our country grandmother was the druggist, and her drugs consisted mostly of roots and herbs gathered from the fields and forests. The was peppermint for indigestion, mullein for coughs, skullcap for nervousness, thoroughwort for colds, wormwood for bruises and sprains and so on. They were successful remedies, too. It was from a combination of such roots and herbs that Mrs. Lydia E. Pinkham of Lynn, Mass., more than forty years ago, originated her now famous Vegetable Compound; and during all these long years no other remedy has ever been discovered to restore health to ailing women so successfully as this good old-fashioned root and herb medicine.

COMPILE FIGURES ON WORK DESIRED BY SOLDIERS ON RETURN

All Men Overseas Will Be Asked to Sign Questionnaire.

OTTAWA, Nov. 27.—Major T. W. Anderson has just left for England on duty for the department of soldiers' civil re-establishment to conduct a questionnaire of Canadian soldiers awaiting demobilization. With him is Lieut. W. R. Shaw, who will act as secretary.

Major Anderson will also establish information offices at the various military centres in England and appoint representatives of the department to travel on returning troopships. Each soldier will give the details of his occupation at the time of enlistment and the occupation which he wishes to follow on his return, together with other details necessary for complete classification. Arrangements have been made to take the questionnaire on a special date which will be set for the whole of the troops and the cards will be back in Canada for classification in about a month. The result will be tabulated in conjunction with the figures compiled from a survey of Canadian industries tabulating what vacancies in employment exist and are likely to occur that may be filled by returned men.

BRAZIL WILL DEMAND INDEMNITY OVER WAR

RIO JANEIRO, Nov. 27.—In discussing the coming peace conference at Versailles, Foreign Minister de Gama said today that the Brazilian representatives would participate in the discussions on the rectification of frontiers, the recognition of the claims of nationalities, the disposition of the German colonies and the fixing of indemnities.

With regard to the last subject Senor de Gama said: "It is only natural that Brazil should desire to be indemnified for the expense arising from her intervention in the war."

LLOYD GEORGE'S PLANS.

HAVING GUIDED the empire in the success-
ful prosecution of the war, Lloyd George
announces that if returned to power he will
resume his pre-war program of domestic reforms.

The little Welshman also promises to bring
sweeping and radical reforms to agriculture. He
is for putting large numbers of returned soldiers
on the land. This will mean another blow at
"entrenched privilege." It will necessitate the
breaking up of many vast estates, as the greater
portion of the cultivable land of the United King-
dom is in possession of the few. This will not be
accomplished without a fight, but the sentiment
of the nation as a whole will be with the premier.

No English statesman of recent times seems
to have so clearly diagnosed England's internal
troubles or so aggressively and effectively
furnished remedies. Having soundly trounced
the Hun he is again rolling up his sleeves to take
a fresh fall out of conditions that are responsible
for much misery and unhappiness. Old England,
which has so magnificently contributed to the
making of the new and happier world that is
looming up, must look to her own cleanliness and
decency, and no better man could be found to lead
the drive against poverty distress and wretched-
ness at home than the courageous, tenacious and
resourceful Lloyd George.

NOT TRUSTING THE HUN.

IT IS REASSURING to learn that the Entente
leaders are taking no chances with the Huns.
The announcement that an Allied squadron
will enter Kiel and Wilhelmshaven to see that
armistice instructions as to disarmament are carried
out proves that the victors consider the late
enemy the same old untrustworthy Prussian. A
chivalrous decent foe, whose word could be de-
pendent upon would be spared much humiliation.
Such lying blackguards as the Germans have
shown themselves, compels the Allies to take the
only safe course, that is to back up every demand
and agreement with ever-present physical force.
For a time there was a fear throughout the En-
tente world that its war chiefs would loosen some-
what their grip on the enemy's powers to do mis-
chief. But it is evident that "treat 'em rough"
is still to be the motto of the German war lords'
tamers. Beatty by sea and Poch, Haig and
Pershing by land will keep up a steady, relentless
pressure that will in time exact from Germany
every condition forced upon her by the Allied
triumph. Germany's word for it that the armistice
agreement is being carried out will not be
sufficient. Berlin's bond is worthless.

It is well that the Allies are taking the stand
that the enemy cannot be trusted in the slightest.
Treachery of the blackest kind has been used by
Germany at every turn during the four years of
war, and it is not to be supposed that overnight
she has been reformed. Germany has been con-
quered, but not converted, and it will be only the
ceaseless policing of the Entente that will prevent
a resumption of the old ways. It is not to be sup-
posed that the militarists in Germany have been
entirely stripped of their mischief-making powers.
The pan-German and the junker, the whole Pots-
dam-Essen gang, will continue to plot and plan
for a "come back." There is undoubtedly an
element in Germany today sincerely striving for
a decent democracy, but the broad masses of the
nation have been intensively educated to follow
blindly the "shining sword," and it is on this the
monarchists will rely in their attempts to restore
the old regime. The Allies must see to it that not
a sting is left to the once great war machine that
could be turned into a weapon, and the one sure
method is to see to it that every condition of the
armistice is carried out promptly and completely.

BOOMING PERSHING.

OUR GOOD friends and Allies across
the line rightly consider there is
no honor in their great nation that is
too good for their great war heroes. The
supreme gift of the presidency was bestowed
upon General Grant when his generalship saved
the American Union from disintegration. Follow-
ing the war with Spain a strong effort was made
to send Admiral Dewey to the White House. Now
a campaign has been launched to land General
Pershing as a candidate for the presidency in
1920. It would be childish to suppose that the
sole motive behind the movement is the reward-
ing of the American commander's services in
France. It is rather significant that the group
which organized the boom is made up of Republi-
cans. With the soldiers' vote certain to be a
factor in the next presidential elections, Persh-
ing's war record would furnish a strong
weapon for a drive against the Democrats, no mat-
ter how big a man may lead them to the polls. It
may be too early to take the Pershing boom seri-
ously, but unless he possesses qualities hitherto
unsuspected to the outside world the American
commander is hardly the man for the super-
man's task that awaits the next occupant of the
White House. General Pershing is a first class

fighting man. The fine dash and superb morale of
the American troops attest his excellent lead-
ership, but as a statesman could he measure up to
the Lloyd Georges and Clemenceaus who are
likely to guide America's overseas associates in
the work of reconstructing the world? Wash-
ington's part in the making over of things is going
to be so big and important that her present allies
will anxiously hope that only the most capable
men for the task will be started in the presidential
race. It will be no job for an amateur. If a Wil-
son, a Roosevelt, a Root, a Hughes, a McAdoo is
selected it will mean, in the view of other nations
who will have to share in shouldering the world's
burdens, that the stupendous problems that must
be faced will be the more easily overcome.

EVILS OF POLITICAL CONTROL.

UNDER the caption "Placeholders by the
Million," the New York Post points out
some grave dangers that threaten the United
States through the Government's taking over
of telephones, telegraphs, railways, express com-
panies, etc. It might be well for the rulers at Ot-
tawa to consider the following criticism of a
state of things which to some extent is taking
place in this country.

"If so worthy and useful an organi-
zation as the National Civil Service Re-
form League will forgive us for saying
so, the decision of its executive com-
mittee to appoint a special committee to
devise a plan to keep 'the evils of politi-
cal control' out of the railroad, tele-
graph, telephone, cable and express ser-
vices so long as the Government runs
them contemplates altogether too weak
a remedy against an enormous danger.
If the State Socialists at Washington are
allowed to have their way and continue
in peace the Government's administra-
tion of the great services of transporta-
tion and communication; if those two
million or more of employees are to be-
come civil servants, the introduction of
civil service rules will not prevent nor
palliate the use of those millions as a po-
litical machine.

"It would be difficult to dislodge an
administration and a congress that sat-
isfied the demands of this army of em-
ployees. A government in charge of the
telegraph and cable system could manu-
facture and direct or color news and
opinions. Its well-paid and continually
growing force of two million could be
depended upon not to strike the hand
that fed them.

"The National Civil Service Reform
League does well to call public atten-
tion to 'the grave danger to popular in-
stitutions existing' in government ad-
ministration of these vast and vital
public activities; but the right and only
sure way of avoiding 'political control'
is to end as soon as possible, subject to
existing engagements, government con-
trol of those activities. It is poison to
democratic self-government."

The "peace celebration" dinner at Toronto
is now appearing in its true light. The Toronto
Telegram has dropped all camouflage and refers
to the Thursday evening feast as "the banquet in
honor of Hon. Robert Rogers." Judging from the
list of Conservatives, office-seekers and rewarded
ones, who have signified their intention of attend-
ing, there are a good many who still wish to con-
tinue in the Hon. Bob's good graces. The Tele-
gram says Sir Adam Beck is one of them.

FROM "A DAUGHTER OF CANADA."

To the Editor of The Advertiser:

Attached find a clipping from the Toronto Telegram of
Friday, November 23, 1918:

"All was not peace at the solemn ceremony
whereat the Queen's Own Chapter, I. O. O. E., un-
veiled their honor roll this week. It started when
'O Canada' was sung as Canada's national anthem."

"Why should this chapter sing 'O Canada'?"
It isn't Canada's national anthem; it's just the one
Quebec is trying to foist on us."

"So one woman rose and protested.
"'I'm glad one woman's had courage enough
to protest at that song,' whispered another woman.
'I've been disgusted every time these last four years
that that thing has been sung here. To think that
Ontario has adopted the song of a province of slackers
and that they would even sing it at the unveiling
of an honor roll to our boys!'"

O Canada! our homeland, strong and free;
Fair are thy lands that spread from sea to sea.
Thy mighty mountains soar, dear land, close to the smiling
skies.
Thy children sing, with one accord,

O Canada, arise!
O Canada! Dignity and pride,
Fair are thy lands which spread from sea to sea.
And with our lives we'll guard thy liberty.

O Canada! blest with the wealth of kings,
From land to land thy children sing.
Fearless and bold, thy braveny sons
Will guard thee, night and day.
Our glorious land will never bow to any tyrant's sway.

Will someone kindly tell us just what the honor roll
of the Queen's Own Chapter of the I. O. O. E. consists of?
Surely it cannot be names of men of the Canadian Ex-
peditionary Force. I feel like singing "O Canada" every
time I see a man in Canadian uniform or wearing a re-
turned soldier's badge. And when I look at men maimed
for life and reverently think of those who gave life itself
that Canada might be a free nation, I humbly pray, "Oh,
God, make us worthy of their sacrifice. Surely imperialists
would allow us, as Canadians, to rejoice in our Canadian-
ism. Or is it possible that our patriotism for the land of
our birth and homes, together with all our natural and
national resources and utilities, must come under imperial
control. I think it is time we had an organization known
as I. O. O. C. Canada.

TAKING THE KAISER'S "PROPERTY."

[Brooklyn Eagle.]

Every penny's worth of property, real and personal,
held by a man named William Hohenzollern came out of
German taxpayers, past or present. It is the common be-
lieved that he is one of the richest men in the world. He is
even accused of profiteering more grossly than anybody
else in his country after this war began. If the Ebert
regime in Berlin, as reported, has confined itself to a seizure
of the crown lands, it has shown undue moderation.
And if it can be proven that the real ownership of large
tracts of land in our Northwest and in Canada is the
Kaiser's though such ownership be never so adroitly
camouflaged, Great Britain and the United States will have
no hesitation in taking over that land, as they will have
no hesitation in seizing any securities held here for William
Hohenzollern. Other Allied countries should do the same.
And whenever or wherever taken, the Kaiser's "property"
will be devoted to the same end—paying the bill for the
Kaiser's schrecklichkeit. This is not his punishment for
crime against humanity.

'Not at home' is really not a lie at

A Man Always Prays For Twice As

Luke McLuke Says
It is the easiest thing in the world to
make yourself popular with the average
man. All you need do is to sit still and
listen.

you call me flinty of heart, but so will
you be, Molly, if ever you go to feel
the dull, sickening thud of the fall from
the lap of luxury to the cold, stone floor
of poverty. I hope you never may.
When you write letters to me, please
write them lovingly. BESS."

"That night the little music teacher
cried herself to sleep. She was open his
morrow she said to herself, as she sur-
veyed the pale face which looked at her
with its big, staring, foolish eyes: 'I
don't you let me catch you weeping
again, Billy Dempster. He doesn't
care a fig about you and he wouldn't
weep over anybody!'"

"By the time she reached the studio
she had fully made up her mind that
she hated Billy cordially, and that if
he should ever see fit to write her a
letter she would return it to him un-
opened. It was several days later that
a special delivery letter, bearing a Col-
orado postmark, reached Miss Court-
land, and after the messenger had gone
she stole across the envelope and
scarcely able to believe her eyes, while
she waited for it at the piano wonder-
ed what was about to be disclosed.

"Billy's writing," gasped the teacher,
"no—it's getting foolish, it can't be—
it can't be—he doesn't know my ad-
dress, and yet I—"

"Why Billy, you open it!" suggested
her pupil, and, forgetting her late de-
termination to put Billy Dempster out
of her life forever, Bess tore open his
letter with fingers that trembled as
though she might have the palsy.

"Dear Bess," it ran: "I wrote to
Molly De Voss two weeks ago for your
address, and she got it today. How are
you, anyway? It seems a lifetime since
I saw you. What are you doing, and
how do you like living in Chicago?
Molly didn't answer a single question I
asked, so I shall wait anxiously to hear
direct from you about your work, your
husband—if you have one; in fact, tell
me all about everything. BESS."

"Dear Courtney's black eyes snapped
and she crushed the letter in her hand.
'To write me a letter like that,' she
gasped, 'after waiting a whole year to
even ask for my address!'"

"During the following week she wrote
six replies to Dempster's letter and tore
each one to bits almost as soon as it
was finished. The seventh she thought
somewhat later, but concluding it was
better than her deservings, she finally
sent it.

"I probably need
not tell you that your letter was a sur-
prise. When an old friend leaves you
read one of the other a second time
had I not been sure that both men are
counting on my income to help support
the matrimonial home? As a matter of
fact, I have not a cent of the money I
solicited adoration! I tell you, dear,
I shall marry for money. I've seen the
folly of not preparing for a rainy day
and it has colored everything in the
world for me. When I put my head into
the matrimonial mill, I shall be ready
to hand me a check book on a nice, fat
bank account. As it is, epistolary efforts
such as reached me today only serve to
frazzle my disposition. 'Buckets of
slush,' Billy would call them. I am
needless for me to tell you where my
heart lies, and he has never written me
a line in all this long year. I
thought, of course, when our crash
came and father died that Billy would
be the first to come to me, and when
he left for Colorado without so much
as a good-by, I was broken-hearted.
Now I've joined the ranks of those who
believe that money talks. I can hear

man handed her another envelope bear-
ing the familiar writing, and she almost
ran to the little park, where she sat
down on a bench to open it.

"Dearest girl," she read, "I am the
man you are after—the possession you
really ought to acquire. My pockets are
so well lined with fifty lures that I'm
bent with the weight of it. It would
be worse than folly to let me slip
through your fingers and nothing could
possibly suit me so well as to lodge in
those same fingers forever. Seriously,
Bess, do you still care a little? I'm
in a position now to ask you to marry
me—will you? You'll never know how I
suffered because I was not able to ask
this when your father died and left you
so little; but a peculiar round of cir-
cumstances overtook me just then and
left me no alternative. My little sister,
who was out there visiting, met with a
terrible accident, which necessitated a
very difficult operation, and my re-
sources were so taxed to take care of
this situation I did not dare assume
another obligation. I left without see-
ing you because I could not trust my-
self or you, and I've remained silent be-
cause I did not wish to stand in the way
of your comfort elsewhere. Perhaps I
did wrong, dear, but my heart was
right and I ask to be forgiven. I have
never ceased to want you, Bess, and
now, the remnant of my savings, hap-
pily invested, has brought me returns
which permit me to ask you to marry
me, and I am sure that you will have
conscience to share my lot. I'm com-
ing east for my answer and shall prob-
ably be with you almost as soon as you
read this. "Always your lover,
"BESS."

When she had finished reading, tears

blinded her and little shivers of shame
chased themselves up and down her

her, her heart kept singing, "Billy is

to him:

"Billy, dear, I'd have jumped at the

THE BEAVERS ARE NOT AFRAID.

When the big black bear climbed up on the roof of the beaver's house that winter night, every member of the beaver family woke up with a start, and the young beavers began to cry in great fear. And no wonder they were frightened, for the great bear was digging a hole through the snow on the roof, and the snow was three feet deep, and he could feel the house tremble as he walked around on the roof of their little house.

As the little beavers were so frightened, and trembled so much when they cried, Father Beaver tried to calm them down. "Now, children, don't cry," he said. "The big bear can't possibly break through the roof of our house. You know that mud and clay have frozen that we used for mortar, so that this is a very strong house indeed. Why, I never smelled such a sweet smell in my life as that beaver."

When the little beavers heard their father's comforting words they stopped crying, but they cuddled up very close to their father and mother, and still trembled as they heard the big bear till walking around on the roof. Mr. Beaver kept them awake for several hours, for he had dug through the snow in the mud, and now he was trying to dig a hole through the poles and logs and frozen mud.

All the beavers inside heard the big bear's claws as he tried to pull off the poles, and the little beavers trembled as they heard his sharp teeth as he tried to bite through the logs. You see, what made the big bear bite and claw to dig

Miss Whitehead, principal of Molton Ladies' College, Toronto, is the guest of Mrs. E. H. Miller, while attending the Baptist convention, now being held in this city.

The quiet wedding of Harry R. Drew of Toronto, eldest son of Mr. and Mrs. Walter Drew of Florence, was solemnized in the Westminster Presbyterian Church on Saturday night at 8 o'clock by Miss Florence Gertrude, second daughter of Mr. and Mrs. James E. Watson of Barrington, Ontario, by Rev. John Neil. The bride was given away by her brother, Allan Watson, and wore a suit of grey Highland serge, narrow velvet hat, black fox fur and corsage bouquet of bridal roses.

Several friends of Mrs. J. B. McAuliffe gathered at the home of her mother, Mrs. Rose Thompson, 22 Campbell street, where Mrs. McAuliffe lies very ill. The occasion was the 30th birthday of Mrs. McAuliffe, and a pleasant afternoon was spent, tea being served in the living room. Mrs. McAuliffe was the recipient of several large bouquets of roses and mums.

GREATEST NUMBER OF CHICKENS

The Coldstream Women's Institute wishes to thank the members and surrounding community for the generous response to an appeal for chickens for the Parkhill Canning Centre. The committee packed 35 chickens and forwarded them, this being the greatest number of chickens the canning centre had received from any society. A number of the members of the society returned to Parkhill to assist the ladies in canning. The next meeting of the institute will be held in the Foresters' Hall at Poplar Hill on Tuesday, December 10, at 10 p.m.

EMERGENCY HOSPITAL WORK REPORTED TO LOCAL HEALTH BOARD

700 Patients in All Dealt With by No. 1 and No. 4 Divisions.

The following is a report of No. 1 Ambulance Brigade and No. 4 Nursing Division, who, combined efforts brought about the establishment and maintaining of two emergency hospitals during the influenza epidemic. This report was submitted to the board of health in its last meeting by Mrs. J. F. Thompson.

"The work was begun at the beginning of October at 404 Talbot street, later being continued at the latter day at the St. James' Church on Maitland street. It must be distinctly understood that both in connection with the inside and outside work the facts and figures can only be approximately given owing to the nature of the order, which is purely a voluntary one, existing to give first aid to the injured and to render help in cases of sickness, no machinery was in existence to tabulate accurately the cases dealt with, and the fact that I was too busy to improvise such a department. It may be assumed, however, that the facts given are rather an under-estimation than an over-estimation of the work done, outside the hospitals. The figures concerning the work done in the emergency hospitals are:

"The first case was admitted to the hospital on Talbot street on October 7, but in consultation with the board the hospital continued to admit patients from that time until prohibited to do so on October 19, having dealt with 38 patients, the last two being discharged on November 2.

"Thirty cases were dealt with at the hospital on Maitland street, 10 by the hospital and the latter day being closed on November 6.

"On October 27 the front portion of 404 Talbot street was requisitioned for the hospital, and 11 children were nursed there, the hospital finally closing on November 11, when the last child Miss Dockstader, took the last child home, where she is still nursing it.

"In the three hospitals and shelter over 100 cases have been dealt with. One death occurred at 404 Talbot street and at the Maitland street hospital. Outside, over 600 patients were dealt with for over a short or long time. Reckoning on a basis of one patient for every 2,000 calls would be a low estimate. This would approximate 10,000 hours of duty, or 1,000 days, or 250 weeks. At this rate, 80 per cent of the work done was without pay. This, however, only covers the hospital work, and if the outside work were reckoned up, too, another 3,000 days would be added, making almost four times the number of duty days.

"It would be invidious to make any distinction in the work done, in the cases of those nurses who will receive pay (perhaps seven or eight), let me say that where a day was charged that day was not reckoned on the board of health schedule, but consisted of an extra 20 hours. In many cases, these nurses gave up their business positions and forfeited pay, their employers kindly allowing them to do so.

"Not possible to Give Full Account.

"It is impossible for our account to be exact, owing to the fact that previously stated, that we had no statistical department. We are further handicapped in that some of our accounts were direct to the board of health, and of some accounts we have no account, owing to the nature of the purchases, a considerable sum being spent in this way. If the total seems unduly inflated it is because of the fact that much of the expenditure is on capital account, such as beds, hot water boiler, pumps, etc. No account was put in for materials taken from our regular stores, which would amount to at least \$100, nor is any account taken of street car fares.

"Thirty-seven members of No. 4 Nursing Division were on constant duty, as well as five probationers and ten outsiders, who generously helped, making a total of 52. Four members of No. 1 Ambulance Division did ambulance work, as well as Mrs. Davis, first officer. Whenever a patient was sent for, an ambulance man and nursing sister accompanied the patient to the hospital.

"Mrs. Thompson asked the board to furnish her with particulars of cost, so that her full report might be sent.

CLINTON'S WOMEN'S INSTITUTE.

The Women's Institutes of Clinton packed and sent a large barrel of fruit pickles, jam and jelly to the Queen Alexandra Sanatorium for the use of the soldiers, who are receiving treatment there. They have just received the following reply:

"The barrel of fruit and pickles sent by your institute arrived safely yesterday. I wish to extend to you and your fellow-workers on behalf of the soldiers in this sanatorium, the sincere thanks for such a generous and beautiful donation. I assure you they will all enjoy disposing of it. Yours sincerely, 'M. E. SNELL, 'Matron'."

The Women's Institute of Clinton is also sending a barrel containing several quilts, some of which are made by the women of the Huron County Children's Homes, and another little has also sent Christmas boxes to the boys overseas.

FLORENCE W. I. AND PATRIOTIC LEAGUE.

The Women's Institute report their sewing for the month of October, when they shipped to Hyman Hall: Seventeen suits of pyjamas, 63 pillow cases and 10 towels, with total value of \$70. Also in October 20 pairs of socks, 25 suits pyjamas, 33 towels, 22 packages of soap, 12 packages of toothbrushes, 18 packages of gum, 18 chocolate bars, 18 packages of maple sugar, honey, jelly, cocoa, coffee, fruit and condensed milk. Goods to the value of \$21 were purchased to supplement donations. Two parcels were prepared for returned men, and 23 boxes sent overseas. The postage on boxes amounted to \$14.02. Mr. James Bentley gave a donation of \$5 for the Women's Patriotic League reports the following sale for November: One hundred and fifty-six towels, 25 suits pyjamas, 33 towels, 22 packages of soap, 12 packages of toothbrushes, 18 packages of gum, 18 chocolate bars, 18 packages of maple sugar, honey, jelly, cocoa, coffee, fruit and condensed milk. Goods to the value of \$21 were purchased to supplement donations. Two parcels were prepared for returned men, and 23 boxes sent overseas. The postage on boxes amounted to \$14.02. Mr. James Bentley gave a donation of \$5 for the Women's Patriotic League.

JANEY CANUCH CHAPTER PACKS OVERSEAS BOXES

The Janey Canuch Chapter has sent about 30 parcels overseas, some going to soldiers having "no next of kin," the names being secured from the records at Ottawa. The contents consisted of 23 boxes sent overseas. The postage on boxes amounted to \$14.02. Mr. James Bentley gave a donation of \$5 for the Women's Patriotic League.

WHY Correspond.

Dear Miss Grey, I received a letter in your corner some time ago from a high school girl who wished to correspond with a girl from another school. I will answer if she writes first. I shall leave my address with the Mail-Box.

Now, Miss Grey, could you please tell me on what day January 2, 1905, fell?

Ans.—(1) Referred to H. S. girl. (2) A Friday.

A splendid wash—EARLY!

Purity—complete cleanliness—garments that are unworn and unfaded—with the wash-board rub-and-scrub done away with—the clothes are out early—that's a Sunlight Soap wash day. Good news!

LEVER BROTHERS LIMITED, Toronto.

CYNTHIA GREY'S MAIL-BOX

Those Troublesome Toes.

Dear Miss Grey—For a long time I have resisted the temptation of writing to you when you were, oh, so busy, but have yielded. It's the same old story. May I please have that stocking pattern? My terrible feet will go through their covers, although I have scolded them repeatedly. If ever I can be of service to you or the readers I will gladly come forward. Yours truly,

SCOTCH THISTLE.

Ans.—I'm sorry your feet are so "restless" like. The pattern has gone forward, and perhaps when you get footed, so many scoldings won't be necessary. Then maybe you'll yield again to the terrible temptation of writing us.

We're All Glad.

Dear Miss Grey—I wrote once before and thought I would write again, if you're willing. We're all so glad this war is over. I know I am. A cousin of mine was killed not so very long ago.

I think it was "Lonely Reader" who was asking for Sweetheart coupons; enclosed you will find some. Hope the little boy gets his bicycle.

Miss Grey, here is a recipe for "Feather Muffins," which are rather nice:

Feather Muffins—Four tablespoons butter, 4 of sugar, 1 egg, 3-4 cup milk, 2 cups flour, 3 teaspoons baking powder. This recipe makes twelve nice fluffy muffins.

Would you mind telling me the meaning of these names: Ninetta, Stanley, Pearl and Isabel? I remain,

Ans.—Very pleased to hear again from you, little "Pan." I do not know the meaning of Stanley; Ninetta is a combination of Nina and Etta. Nina has the same derivation as Nan and Anna, which means grace. Isabel means consecrated; Pearl, precious as a pearl. I have sent your coupons to "Lonesome Reader," for her cousin. Many thanks.

PARCELS FOR PRISONERS.

Dear Miss Grey—Will you be so kind as to tell me what articles a person is allowed to send to a prisoner in Germany? Is it best to send articles direct to prisoner, or is there a better way of getting boxes to them? THIRTY.

Ans.—The best way of contributing towards the comforts of a prisoner in Germany is through the war prisoners' department of the Red Cross Society. By sending a monthly amount, parcels of food and extras are guaranteed. Of course, this lacks the "personal touch," but seems the best way. Miss D. Gunn, 138 Kent street, this city, is the local treasurer, and will give you all particulars.

"June Rose's" Envelope.

"June Rose's" Envelope—Sorry, but I could find no envelope enclosed, so am unable to send you the pattern.

"Never Weds" Humor.

"Never Weds" Humor—I cannot really take your letter seriously, so need not trouble to answer it.

BE AN APPLE PARER FOR ONCE

The boys overseas have cleared the Huns out of France and Belgium, but even at that many of them will be overseas for a long time yet. The least the people at home can do is to pay a visit to the apple-peeling bee, and help Miss Priddy and her workers clear the apples out of the munition factory at the foot of King street before Saturday. Those boys over there get very little fruit, and if the people at home can be the means of sending it why do they not do so? Circumstances have arisen which make it necessary for Miss Priddy to leave the building on Saturday, so that a big army of helpers will be necessary to finish the work these last days.

Daily Bible Question Club

SUGGESTIVE QUESTIONS ON THE UNIFORM LESSON FOR SUNDAY, December 1, 1918.

ONE GOLDEN TEXT SUGGESTION. By Rev. T. S. LINDSAY, D.D. Joseph Sold by H.B. Brothers—Gen. xxxvii, 18-28.

QUESTIONS FOR TODAY.

10. Verse 24.—They put Joseph into a pit to die by starvation; how many reigns in the heart, is the limit of its cruelty?

11. We learn from Gen. xliii, 21, that Joseph brought them in great sorrow and anguish to spare his life, but their malice was only increased. How do you explain that the more barbarous an act is, the more malice is gratified? (This is one of the questions which may be answered in writing by members of the club.)

12. Verse 25.—Whose lot would you rather covet, and why, Joseph in the pit, or the brothers eating bread at the mouth of the pit?

Golden Text: Hatred stretcheth up as high as love covereth all transgressions.—Prov. x, 12.

LOVE BLINDS OUR EYES TO FAULTS.

The wise man in the text says, "Hatred stretcheth up; but love covereth all transgressions," and it is true. Most of our difficulties any way are caused by lack of love; most of the troubles we have with others is because we do not love; most of the faults we see in others only exist in our loveless vision. But when there is a real fault, the tendency of love is not to see them, or to palliate them, and we endeavor by kindness to change the faults of our disputants without stirring up any strife with them. We should therefore love, both objectively and subjectively; look at the faults of our friends through the glasses of love, and then by applying the aim of love.

Saving Lives in France and Belgium

THOUSANDS of tins of Klim, pasteurized separated milk in powder form, have been sent to the "Friends of France" and other organizations to the starving French and Belgian people. A nurse writes: "Please send us more Klim. It is the greatest benefit to the refugees, the old men and women and the children."

Get Klim for use in your own home from your Grocer. It has the natural milk flavor. It is genuine. Use Klim from the tin as you need it. Mix dry with flour, sugar, eggs, etc., in cooking. Make into liquid for table use, by whipping into water according to directions.

Order a tin to-day and reduce your milk bills. A pound makes four quarts.

Come Mother, This Castor Oil Is What You Need—Don't Cry!

If you, mother, had to swallow the awful dose—Think back to your childhood days—Ugh!

Give your children Cascarets instead. Cascarets taste like candy. Every child loves to take a Cascaret. Besides Cascarets act better on the little liver and bowels when the child is bilious, constipated, feverish and sick. Cascarets are delightful—harmless—cheap!

Each 10 cent box of Cascarets, the pleasant candy cathartic, contains directions and dosage for children aged one year old and upwards. When the little one's tongue turns white, breath feverish, stomach sour, there is nothing better to "work" the nasty bile, souring food and constipation poison from the child's system. Give Cascarets, then never worry.

WOMEN'S DAY AT WINTER FAIR DRAWS BIGGEST CROWD YET
 Elgin Show in Full Swing at West Lorne.
 UNIQUE CORN EXHIBITS
 Poultry Is of High Grade—Course in Sheep-Judging and Lectures.

[By Staff Reporter.]
 WEST LORNE, Nov. 27.—Today was kiddies' day at the Elgin winter fair, which opened here yesterday, and several hundred youngsters had the time of their young lives. The children met at the public school at 2 o'clock and marched to the fair building to the roll of drums.

The fair, which is by far the largest in the history of the association, drew large crowds all afternoon and evening. The exhibits are of an exceptionally high order, especially the corn.

"The corn display is excellent," declared P. L. Fancher, Government corn specialist, who is attending the show today.

"I am of the opinion that a lot of the corn shown here would take many prizes at the fair show in Chatham this winter."

The corn exhibits of J. A. King and his son, A. E. King, of Wardsville, would make the corn of Joseph's Biblical day shiver up with envy. A. E. King won the McKillop and Ferguson silver cup for the best 25 ears of corn in the show, while his father, J. A. King, took the Union Bank special for the best six stalks of Dent corn.

W. A. McCutcheon of Glencoe was first in the Compton's Early class. Mr. McCutcheon showed some ears fully a foot and a half long.

F. A. Smith of Burwell, headed the Bailey exhibits, while J. L. Waterworth of Wardsville was first among the Golden Glow exhibits. J. A. King, before mentioned, took first prize in the White Cap Yellow Dent; showed the champion stamper of White Dent; had the best ten ears of corn in the general classes, and also showed the champion stamper of corn grown in the standing field crop competition. He and his son also took a number of second prizes.

Oratorical Contest.
 The oratorical contest on "The Qualifications Necessary for a Successful Farmer," held this afternoon brought out some real talent. The first prize went to Jean Somerville, the 13-year-old daughter of John S. Somerville, Fern Hill. She was coached for the contest by her school teacher, Miss Mary Andrews.

Harold Lowery of Rodney took second prize, while Finlay Stewart and May Franks stood third and fourth. The youngsters were highly complimented on their ability by J. A. Taylor, Inspector of the West Elgin public schools, who acted as Judge. Mr. Taylor stated he found much difficulty in awarding the prizes.

C. A. Buchanan, district representative of the department of agriculture, told the children that their vegetable and crop exhibits were most creditable. He was glad to see so many boys and girls present, and taking such an interest in the proceedings. They were the future leaders of the nation, and it would be up to them to take the right place as leaders when the great tide of emigration was on.

S. S. No. 11, Aldboro Township, won the prize for the special decorative exhibit, with S. S. No. 12 a close second. The youth of Elgin County are "no slouches" when it comes to growing vegetables and field crops, the exhibits being exceptionally fine.

Sheep Judging Course.
 John Gardhouse of Weston, the sheep expert, held a short course in sheep judging for the boys this afternoon. The youngsters proved to be very wide-awake, and in the judging competition that followed, Charlie Webber and Duncan Carmichael of West Elgin, the winners were declared by Mr. Gardhouse.

George and Russell Arthur of S. S. No. 11, Aldboro, drew down second money, while Earl Patton and Robert Hines of West Lorne were third. Clifford Carson and John Penrose being fourth.

J. W. Clark of Cainsville, poultry judge, did not arrive here until today through some misunderstanding, and as a result the chicken judging has been retarded.

"There is certainly a mighty fine collection of birds here," said Mr. Clark, "and undoubtedly a lot of them will take prizes at the Guelph Winter Fair, which opens next week."

Professor Mason of the O. A. C., who is judging the seeds, declared that the exhibits were the clearest he had judged in some time. The quality was good, and altogether he was greatly pleased at the showing made.

Night Session Practical.
 Tonight's session was of a practical nature. Mr. Gardhouse gave a talk on sheep judging, with half a dozen sheep for illustrations. Mr. Clark of Cainsville gave the same class of talk on poultry, while Professors Mason of Guelph and McNamee of Brantford and W. J. Lennox of Toronto gave practical talks on grain and corn. There was a large attendance.

Tomorrow is looked upon as the big day of the fair. Mr. Gardhouse will give another lecture on sheep in the afternoon. In the evening Hon. George Henry provincial minister of agriculture, Hon. E. G. Macdormid, minister of public works, and John Farrell of Forest will be among the speakers in the lecture room.

The fair ran nicely and smoothly today, and Secretary Thomas W. Simms and President Duncan Carmichael Jun. were more than pleased.

ACIDS IN STOMACH CAUSE INDIGESTION
 Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

NOT PLEASING TO ALL DELEGATES

Ingersoll Mayor and Hamilton Manager Voice Objections to Laudatory Motion.

ASK INDEPENDENT PROBE

Not Satisfied With Clarkson Hydro Audit — Also Want Engineers to Take Look.

TORONTO, Nov. 27.—At a meeting of the executive of the Ontario Municipal Electric Association, held in the city hall today, Mayor Buchanan of Ingersoll, supported by L. E. Sifton, Hamilton, presented a resolution to the effect that the association request permission to appoint an independent auditor and engineer to investigate the books and affairs of the Provincial Hydro-Electric Commission and report back to the association.

"I am doing this," said Mr. Buchanan, "so that we can personally, as an association, refute the charges against hydro on the authority of our own investigation."

An amendment put by W. K. Sanderson of St. Thomas, that no action be taken until the Clarkson audit, made recently, be received and considered, was adopted.

There were only two votes for the original motion by Mayor Buchanan and Mr. Sifton.

Refuse Pat on Back.
The discussion started when Mayor Church, who presided, submitted a motion of thanks to Sir Adam Beck, "for the splendid part played by the hydro during the war," and congratulating Sir Adam on his own efforts.

"Absolutely nothing doing," said Mr. Sifton.

Mayor Buchanan: "It is time we stopped congratulating and started a little criticism. I am willing to give credit to Sir Adam Beck for what he has done in the past, but I do not think he has acted quite right in the past two years. Manufacturers using hydro power are not pleased, and Sir Adam did not co-operate with Sir Henry Drayton as much as he should have done. I object to a man being told that he is a liar when he goes to the provincial commission. Sir Adam Beck seems to have come to the conclusion that he can put down opposition in any way he likes."

Mr. Sanderson: "Sir Adam Beck has done well, and the hydro has done well during these war years."

Mr. Sifton: "I maintain that the record of the hydro can only be judged by an independent auditor."

Philip Pocock, London, said he was satisfied with the Clarkson audit. "It refutes all the charges."

Mr. Sifton: "I want an independent audit alone. I want an independent investigation by an engineer as well."

Resolution.
Among the resolutions carried are: "That this association places itself on record as being in favor of all municipalities, commissions, and public service bodies giving preference in employment to the returned soldiers."

A motion that the Provincial Government be petitioned not to allow the same to be used in favor of all municipalities, commissions, and public service bodies giving preference in employment to the returned soldiers, was carried unanimously.

A suggestion that publicity man should be appointed to let the public know what the association was doing was favorably received.

BRITISH SEAMEN TO SERVE THANKSGIVING FEAST TO U.S. TARS

LONDON, Nov. 27.—Via Reuter's.—The British admiralty has sent instructions to all bases directing that United States naval units be entertained on Thanksgiving Day, tomorrow. Crews of the five ships in the American battleship squadron will be the guests of the men of the five British squadrons.

In London, Thanksgiving services will be held at St. Martin's Church, Trafalgar Square, and in Westminster Cathedral. Four hundred men from American units will have lunch at Albert Hall, an equal number of British seamen acting as hosts.

MONTREAL HERALD IN HANDS OF RECEIVER

MONTREAL, Nov. 27.—The Herald today publishes the following: "During the past four and a half years the newspaper of the world has been compelled to carry heavy burdens. The cost of every item of the administration has risen by leaps and bounds until the total cost has been for a long time, out of all proportion to the revenue. Hundreds of newspapers have suspended publication; hundreds of others have been merged with other journals."

"The Herald finds the increasing cost and the accumulated burden beyond endurance, and submitted to a receivership."

60 Times as Many Guns Taken in Three Months As Britain Had in 1914

LONDON, Nov. 28.—(Canadian Press dispatch from Reuter's, Limited).—In the course of a second speech at Wolverhampton, Premier Lloyd George, referring to Britain's enormous industrial effort mentioned that the guns we had been using for the last 20 years were guns nobody ever dreamed would be taken except for siege purposes. He remembered how great soldiers had scoffed at the idea that such heavy guns could be dragged to battlefields. At the end of the war we had 200 times as many of these guns as we had at the beginning. We captured 60 times as many German guns in the last quarter as we possessed at the beginning of the war.

**Union School
Bell Donated To
Historical Society**

At the request of many Londoners who knew its tones only too well, and who have since learned to regard it with something akin to awe, the bell that for years called the youth of London to the old Union School, will be presented to the Historical Society of London.

The building on which the bell was erected stands on Colborne street and has been purchased by Hyatt Bros., who intend dismantling it to obtain the material. It will probably not be razed until next spring, as it has been offered for the purpose of housing any soldiers' families this winter who may be unable to secure a dwelling.

**QUERIES REGARDING
MILITARY SERVICE**

Address Your Problems to the Military Editor of The Advertiser and They Will Be Answered From Official Information.

FARMER, Q.—I am 25 years of age and am exempted as long as I remain farming. When this work is finished am I at liberty to work at whatever capacity I desire?

A.—No. You are permitted to work at lumbering or other necessary work during the winter months and should notify the deputy registrar of any change of address. You will likely be allowed to work as you desire in the near future when your case will be struck off the records of the deputy registrar. Until then it would be advisable for you to obey regulations under the military service law which has not yet been totally suspended.

RETURNED SOLDIER.—The military authorities here have informed The London Advertiser that all soldiers who are sent home from overseas and discharged as minors are not entitled to receive three months' post discharge pay, and therefore, you will have no claim for same, as this order covers your case.

T. H. E. Q.—I have been in the Canadian Engineers in this city for two months, and have now been discharged. Ten dollars had been deducted from my pay for my uniform, and on discharge I was informed by the paymaster that I had forfeited the ten dollars, although I had a kit clearance on discharge, and was never deficient in any way. If I am entitled to the ten dollars, to whom should I apply for a refund?

A.—If the facts are as you state and your kit was never deficient you are entitled to the ten dollars, which is part of your own pay held until discharge to cover deficiencies. If your paymaster refuses to pay same, write with full facts of the case to the A. A. G. M. D. No. 1, Wolsey Barracks, London, Ont., giving your regimental number, rank, and name, and the case will be investigated and all moneys due you refunded.

SUBSCRIBER, Q.—I have a son who died in the Canadian army while proceeding overseas. His body is buried in Liverpool, England, and I wish to bring the remains home to Canada. To whom would I apply for permission to do this?

A.—Write a letter, with full name of case (son's regimental number, unit, rank, name and date of death) to the District Intelligence Officer, Wolsey Barracks, London, Ont., and will advise you as to correct procedure in order to facilitate matters as you desire.

READER, Q.—Have you any official information as to what will be done to defaulters who apprehend now that peace is declared?

A.—What will be done with the conscientious objectors who are now in prison?

A.—No. The authorities are considering the punishment of defaulters at present, but no definite procedure for same has been announced as yet. No information is available at present except that any further legislation conscientious objectors will continue to serve their respective sentences until moved out at their trials held throughout the Dominion.

CEDAR SPRINGS, Q.—Could you tell me when the 70th and 77th drafts which left London last July 27 are expected to return to Canada, as I have a son and friend in both drafts?

A.—When will the pay to soldiers' dependents be stopped?

A.—No. These drafts upon arrival in England were broken up to reinforce battalions in France, and they will return when these battalions are no longer required for military duties overseas. No information is available here as to when the soldier lads from these drafts, serving overseas will be returned to Canada for discharge, although many are expected to arrive in the near future.

2. If you refer to assigned pay or separation allowance it will not be stopped until the soldier has been discharged from the army.

**MOLDERS TAKEN ON TO
TAKE PLACE OF STRIKERS**

Reports from local headquarters would indicate that there have been no new developments in connection with the strike of the plumbers, and the molders. The firm of Beatty Bros., whose molders and carpenters have been taken on to replace those who have gone on strike.

**DEMobilIZATION GOING
ON EVERY DAY HERE**

Although no general demobilization has yet been started in this district, a few men are being examined, examined and discharged from army service daily, but not enough to cause disorganization in any department.

"THE HOTELS OF THE CENTURY."

The Grand Trunk system has created a chain of magnificent hotels to serve the traveling public and careen the social life of the large Canadian cities. In service, design, construction and furnishings they have set a new standard for the Dominion of Canada. They are, in every sense, great hotels, operated by specialists of wide experience. When you plan your transcontinental, or other, trip, you will be well advised to arrange a stay at these hotels. In the city of Ottawa there is The Chateau Laurier, one of the most beautiful hotel buildings in America. Connected with the Grand Trunk central station by an electric lighted subway, The Chateau has three hundred and fifty bedrooms, all "outside" rooms, commanding splendid views of the provinces of Quebec and Ontario. In the city of Winnipeg, on the site of the old Fort Garry of frontier days, there is The Fort Garry. It has a total of three hundred rooms, and confidently challenges comparison with any of the famous hotels of this continent. In the capital city of Alberta, Edmonton, on a site overlooking the Saskatchewan River, is The Macdonald, another notable link in this chain of hotels built for public service. A reservation at The Chateau Laurier, The Fort Garry, or The Macdonald, is a guarantee of your enjoying throughout every hour of your stay the fine art of quiet elegance, combined with surroundings of quiet elegance, while the rates at these hotels are most moderate. For further particulars apply to any G. T. ticket agent or C. E. Horning, D. P. A., Toronto. Nov. 23, 25, 28, 29

GEN. SHANNON NOT ABOUT TO RETIRE
Absolute denial was given by Brig.-Gen. L. W. Shannon, C.M.G., last night to the story which an Ottawa correspondent managed to have circulated in this city to the effect that Brig.-Gen. Shannon would retire from his position as officer commanding No. 1 Military District.
"There is absolutely no truth in it," was the statement of Brig.-Gen. Shannon, concerning the report of his being about to retire.

GODERICH CHURCHES ASK LONDON CONFERENCE TO HOLD SESSION THERE

GODERICH, Nov. 27.—The quarterly official boards of the North Street and Victoria Street Methodist churches have issued a joint invitation to the London conference of the Methodist Church to hold its annual sessions here next June. It is known that the conference is anxious to come to Goderich, so it is practically settled that the meeting will be held here. The conference met in Goderich eleven years ago last June.

CHOIR CONCERT GIVEN AT DORCHESTER

DORCHESTER, Nov. 27.—Seldom have the people of this village enjoyed such a treat as they did on Monday evening when the choir of the Methodist Church gave a program which consisted of quartets, duets and solos by the Edgar Ladies' Quartet of London. Some of the selections were of a patriotic nature.
Professor Kekoa, an Hawaiian, held the audience enraptured by his sweet Hawaiian melodies on the guitar, and the reader, Miss Metcalf, was excellent. The large church was filled and the proceeds were over \$51.

HORSES BOLTED; MORRIS WOMAN HURT

WINGHAM, Nov. 27.—Mrs. C. J. Rivison, of Morris Township, formerly of Wingham, was injured in a runaway accident. While driving on the sixth concession of East Wawanoosh the horse became frightened and Mr. and Mrs. Rivison were both thrown out of the rig and Mrs. Rivison received serious injuries.

"BATTLING JANE," A GREAT PHOTOPLAY, AT THE MAJESTIC AGAIN TODAY ONLY

Dorothy Gish Makes Tremendous Hit in Wonderful Play.

COMEDY AND WEEKLY
Bert Thomas, the Chinese Tenor, Delights His Hearers.

Dainty Dorothy Gish, the charming Paramount star, who achieved worldwide fame by her portrayal of "The Little Disturber," in David W. Griffith's masterpiece, "Hearts of the World," and who more recently was seen in the Paramount-Artcraft special picture, "The Hun Within," scored a great personal triumph by her impersonation of an arduous role in "Battling Jane," her first Paramount starring vehicle, which was presented at the Majestic Theatre yesterday. The photoplay instantly was acclaimed as one of the finest seen in this city in many months, and it reflects great credit upon the producers, star and players, and all who had any part in its production.
The story of "Battling Jane," written by Arnold Berrow, is as pleasing as it is timely.
Miss Gish appears as Jane, a thrifty who rides into a town in Maine out of nowhere on a bicycle, a nomad stamp drive is under way, and who meets with unusual adventures. She befriends a woman whose husband dies she takes charge of the latter's child, which is found by Jane in the deserted home. The babe wins first prize at a baby show, and when the inhuman father returns to claim the money, Jane gives him a real battle, and wins out in the end.
Without question this is the most charming photoplay that has been seen here in a long, long time. The personality of Dorothy Gish is irresistible, and the story is one that lends itself to her character of acting most admirably.

Lillian Gish and little Ben Alexander, two of the principal characters in D. W. Griffith's famous production, "Hearts of the World," which will play a return engagement at the Majestic Theatre commencing Monday, December 2. A symphony orchestra of 25 pieces, under the leadership of Jules Brazil, will render special music.

MISSIONARY LIFE IS DESCRIBED FOR WOMAN'S SOCIETY

Baptist Mission Work Discussed by Gathering.

The second session of the Women's Baptist Home and Foreign Missionary Society of Western Ontario was held yesterday in the Egerton Street Baptist Church. At this session returned missionaries and missionaries on furlough gave word pictures of the Baptist missionary work in India, touching on the customs of the natives and the way with which they are dealt when being taught the Christian faith. They also spoke of the hardships endured by some of the missionaries.

Miss Ellen Preist, a missionary on furlough from Trinity, India, who went out into that mission field in 1893, explained the work in which she had been engaged, which had been principally among the women's zenanas and caste women. The work of Miss Preist has always been confined to the one place, Puri, and through this she has been able to see the benefit of her work. When she first started in that district there were 65 church members. Miss Preist occupies a lovely bungalow, the money to build which was given by the Baptist women of Ontario. Mention was also made of Miss Gertrude Hulet, who has been out in India for several years, and who has been indefatigable in evangelistic work. Miss Hulet graduated from Trinity College in Medicine, and when leaving Canada left a large practice behind, and is now doing medical work in India as well as missionary work. In the latest reports of Dr. Hulet's work the statistics show that she has had during the year

LATTER DAY SAINTS DEFENDED AT MEETING OF LONDON PRESBYTERY

During the London Presbytery conference yesterday on the "Forward Movement" of the Presbyterian Church in Canada, which was held in the First Presbyterian Sunday School hall, Rev. W. R. McIntosh took exception to the name "Latter Day Saints," which appeared on a chart referred to by one of the speakers as synonymous with the term "Mormon" and standing for a menace to the moral and spiritual welfare of the country, associated as Mormonism is, in the minds of the public, with bigamy. Copies of the charts used yesterday are to be sent out to all the churches for educational purposes.
Mr. McIntosh stated that the sect in this city, known as the Reorganized Church of Jesus Christ of Latter Day Saints, is made up of earnest, evangelical people, who love the Lord Jesus Christ, ally themselves with all moral reform and welfare movements, and who repudiate Brigham Young, polygamy and the branch of the church of which Joseph N. Smith, who died the other day, was the head.
"We have five people in this city who belong to the reorganized church," he said, "and it seems unfair to class them with the Mormons of Raymond, Alta., and other sections of the west, or the Utah Mormons referred to by the speaker as carrying on propaganda in Toronto."
Rev. J. G. Stuart of this city and Rev. Mr. Galbraith of Thamesford supported the statements of Mr. McIntosh in his suggestion that the name "Latter Day Saints" be changed on the chart to "Mormons" before the charts are sent out. Reference was made by these speakers to the fact that the Latter Day Saints' congregation in this city was the first to offer its church and the service of members as nurses to combat the epidemic some weeks ago.
A vocal solo, "The World is Waiting for Love," was sung by Miss G. Ware. Mrs. H. H. Bingham closed the afternoon session with prayer.
At the evening session Miss Margaret Trotter and Miss Margaret McEwen gave missionary talks, and an address was given by Rev. John B. McLaughlin, returned missionary, who, with his wife, is on a short furlough. He described the growth of missions during the war, despite the fact that so many of the workers had been taken. Rev. A. C. Bingham conducted the devotional service.

CROWD CITADEL FOR FIRST METHODIST CHOIR CONCERT

Among those who took part were:

Ask Your Neighbor
Why Taylor's **Throat and Lung Balm** has been a household remedy in his home for a number of years. His answer will be: "Not only because the Taylor people absolutely guarantee it to cure the worst cough, cold or bronchial irritation, but years of actual test by my family has proven that it will live up to every claim they make for it. It is at least five times as strong as ordinary cough syrups, mixtures, etc., and the dose is so very much smaller (just one-half teaspoonful) that it does not go to the stomach; it stays right in the throat and lung passages, where all the trouble is. The first dose gives relief."
Throat and Lung Balm acts on the eliminating organs of the body as well as on the throat and lung passages, and in this way enables the system to quickly throw off the worst cough and cold. Gives prompt relief in asthma or bronchitis. Every 35c bottle is sold under a written guarantee to cure or money refunded.
