INDIANS IN CONVENTION AT SAULT STE. MARIE SEEKING BETTER CONDITIONS FOR RACE

Delegates From Every Tribe in Ontario and Some From the Western Provinces Are Gathered At First Congress of the League of Indians of Canada—New Movement Is Under Way To Improve Social, Political and Industrial State of Native People.

Sault Ste. Marie, Sept. 2.—The first congress of the League of Indians of Canada is in convention in this city, attended by delegations from all parts of the Province of Ontario, as well as a number from Manitoba and Saskatchewan. Among the delegates are chiefs and warriors of the war, and veterans of the Ojibway, Iroquois, Cree, and Algonquin tribes, all deeply interested and enthusiastic in the new movement to see what the Indian can do towards forming a higher plane of social, moral, political and industrial economies, also to advance the cause of better and

PLAN TO SCRAP NAVY IS REGARDED AS TOO DRASTIC BY EXPERTS

Baron Fisher's Proposal Is Causing Sensation in Great Britain.

BIG SHIPS ARE DOOMED

Sir Percy Scott Believes That Money for Construction Could Go to Better Use.

London, Sept. 3.—The campaign for administrative economy is gaining momentum daily. Andrew Bonar Law, Government leader in the House of Commons and J. Austen Chamberlain, chancellor of the exchequer, came to London yesterday especially to hold a meeting of the cabinet, which included Earl Curzon, president of the council, and Government leader in the House of Lords, and George Nicoll Barnes, minister without portfolio. It is understood that the discussion will be held around the interim budget, but this is considered quite improbable. Answering press attacks upon Mr. Bonar Law's proposal to scrap the navy, Sir Percy Scott, a naval expert, has sent a message to newspapers here, declaring it would be grossly unfair to attribute to any particular member of the Government.

Sir Percy Scott, who will be taken to view the ship canal, and will be taken to the high school grounds, from which the water front will be taken to the city. A large number of other dignitaries will be present.

BOARD EXPECTED TO FIX A MAXIMUM PRICE FOR SUGAR

Figure in All Probability Will Be Set at 11 1-2 Cents a Pound.

RETAILERS' PROFIT Will Be One Cent a Pound More Than That Charged Wholesalers.

Montreal, Sept. 3.—The board of commerce will probably fix a maximum price for sugar for both the wholesaler and retailer within the next day or two in order to mitigate the effects of the alarmist statements that were sent out from the wholesale grocers' convention recently, that sugar would go to eighteen or more cents a pound in the near future, it was learned.

LIBERAL HOUSE LEADER WILL MOVE FOR APPOINTMENT OF COMMITTEE TO INVESTIGATE CHARGES OF MANIPULATION

D. D. McKenzie's Resolution Reveals Telegram Dispatched in Code From Winnipeg by Hon. Arthur Meighen to Sir Robert Borden, in Which 1,000 Soldier Votes Are Asked For Manitoba—A Far-Sweeping Inquiry Is Demanded by Liberal Member.

Ottawa, Sept. 3.—Mr. D. D. McKenzie, Liberal House leader, has given notice that he will move on Thursday for the appointment of a parliamentary committee to investigate the charges of alleged manipulation of the soldier vote during the last election.

They're Going To Wear Them Higher Still In Chicago

Women of American City To Go Parisian Styles One Better.

Chicago, Sept. 3.—Dame Fashion may have taken a definite stand against the wearing of high-heeled shoes for women, but so in the fashion world, and she is not alone. The latest styles arrived in the Loop and brought with them the models, that will be seen in Chicago this fall. They will be just like the "high-ones" being worn in Paris—but not just a bit higher. Maybe a little redder, but the hose hander is smiling.

WANDERER RETURNS TO BOYHOOD SCENES RICH

Springfield, Sept. 3.—Forty years from home, James Laswell was mourned for dead. He returned a few days ago to visit relatives whom he believed had died. At the age of 17 years he pilgrimage west. Absorbed in a business career, he lost track of his brothers, sisters and parents here. Efforts of all to communicate proved futile. Prosperous, he came back here more to visit his boyhood scenes than anything else, and was surprised to find relatives still living in Springfield.

FINED \$1,000 AND COSTS FOR FOURTH CONVICTION UNDER TEMPERANCE ACT

Winnipeg, Sept. 2.—George Wilson was fined \$1,000 and costs, with the alternative of six months in jail, by Magistrate Macdonald in police court yesterday on a charge of violating the Manitoba temperance act. The maximum penalty was given Wilson, as his record shows four previous convictions under the act.

ORIGINAL TINTYPE MAN DIES

Wells, Me., Sept. 3.—C. D. Heary, the original tintype photographer, who traveled for years throughout York County with a photograph car drawn by two horses, died at his home here of a heart ailment. He was 80 years old. He leaves a wife. Nearly every home for miles around had evidences of his busy life in photographs.

TENANTS INDIGNANT ABOUT CONDITION OF HOMES THEY RENT

Ask Council To Investigate Their Complaints.

OWNER TELLS HIS SIDE

Question Referred to Inspectors of Building and Health Departments.

That returned soldiers are being made the victims of real estate agents and landlords, and are being compelled to live in houses which are worse than the trenches of France, was the charge made to the city council by Sergt.-Major Crosswell, secretary of the Grand Army of Canada, last night. He urged that the council take immediate steps to relieve the house shortage so that soldiers would have an opportunity to leave the undesirable houses.

A petition was presented from a number of tenants of William Scarrow asking that the council investigate the condition of their houses on Dundas street west. Sergt. Tustin, one of the tenants, declared that his family had to hold umbrellas over their heads when dining; this condition had been remedied somewhat and the rain now came in only one room instead of four. Seven different kinds of wall-paper adorn the kitchen walls, he said, and the flooring is so thin that his daughter nearly fell through it into the cellar. Only one door in the house will lock and the front door is fastened with a nail, he declared. He labored two days to clear the old tomato cans from the rear door, and then had to use empty ammunition boxes as back-door steps.

Mr. Scarrow appeared to defend his property. He said the houses were as good as any others in the city renting for \$14 or \$15, and that all his tenants had considered them suitable until they were occupied by a few disgruntled cockneys. He denied profiteering and said he was willing to give any profits in excess of 5 per cent to any charitable organization.

The matter was referred to Building Inspector A. W. Piper and Health Inspector James Lutman for a report.

STEEL SITUATION BECOMES MORE SETTLED IN U. S. A.

Markets Show Tendency To Come Down—Business Brisk.

United States markets should show a tendency to come down to a more settled condition shortly, greatly to the relief of the steel and machine tool industries. As far as the steel situation is concerned, the independents seem to be far more certain than the corporation that their plants will not be tied up. They have assured their agencies in this country that the chances for trouble are becoming more remote each week. There are some concerns in Canada, especially those building boilers, that have a fine line of business just now. They are buying very heavily, and have orders that run well on into the future. In fact, in referring to one of these concerns a Toronto warehouse stated that, "We have sold more material to them in the last week than in any similar time since we have known them."

There have been no price changes during the week. There seems to be a desire on the part of many in the trade to leave prices alone as far as possible. The claim is made that further increases simply tend to keep up and increase the agitation that is going on against the cost of materials.

United States points state that the exchange rate is hindering business there, especially anything that looks like export trade, as nations can purchase their needs to much better advantage in other markets where their money is worth more.

The scrap metal market is passing through a peculiar era, for which there seems no good reason, unless it be that there is some manipulation going on in the larger centres. There was a slight break in New York about ten days ago, and so far there has not been a corresponding recovery. Local dealers have not marked down their lists, but they state that the figures they are quoting are only nominally correct and may change very suddenly.

APPEAL IN PERSON OR SEND RELATIVE RE VOTERS' LISTS

If your name is not on the voters' list you must appeal in person or have some friend or relative who has personal knowledge of the facts of the case do it for you. This decision has been handed down by Judge J. Judd. Many persons are under the impression that they will be looked after by one or other of the campaign organizations, if their names are omitted, and that appeals will be made on their behalf. This impression is erroneous.

The facts for which a friend or relative must vouch are that the person in question is twenty-one years of age, a British subject, resident in Canada one year previous to April 16, 1918, and resident in the city three months previous to that date.

LEGAL QUERIES

Will you please answer the following:

Is there any punishment in law for the following: A woman living apart from her husband contemplates going to the United States and posing as single. To do that it will be necessary for her to abandon her two children to charity, the elder not being 3 years old, and the other a baby in arms? Can she be punished?
Ans.—Yes.

A has a farm on one side of the river, B has a farm on the opposite side of the river. Where is the legal line? Who owns the gravel, if there is any, in the river, there being no public road on either side of the river?
Ans.—You will have to send me your deed before I can advise you.

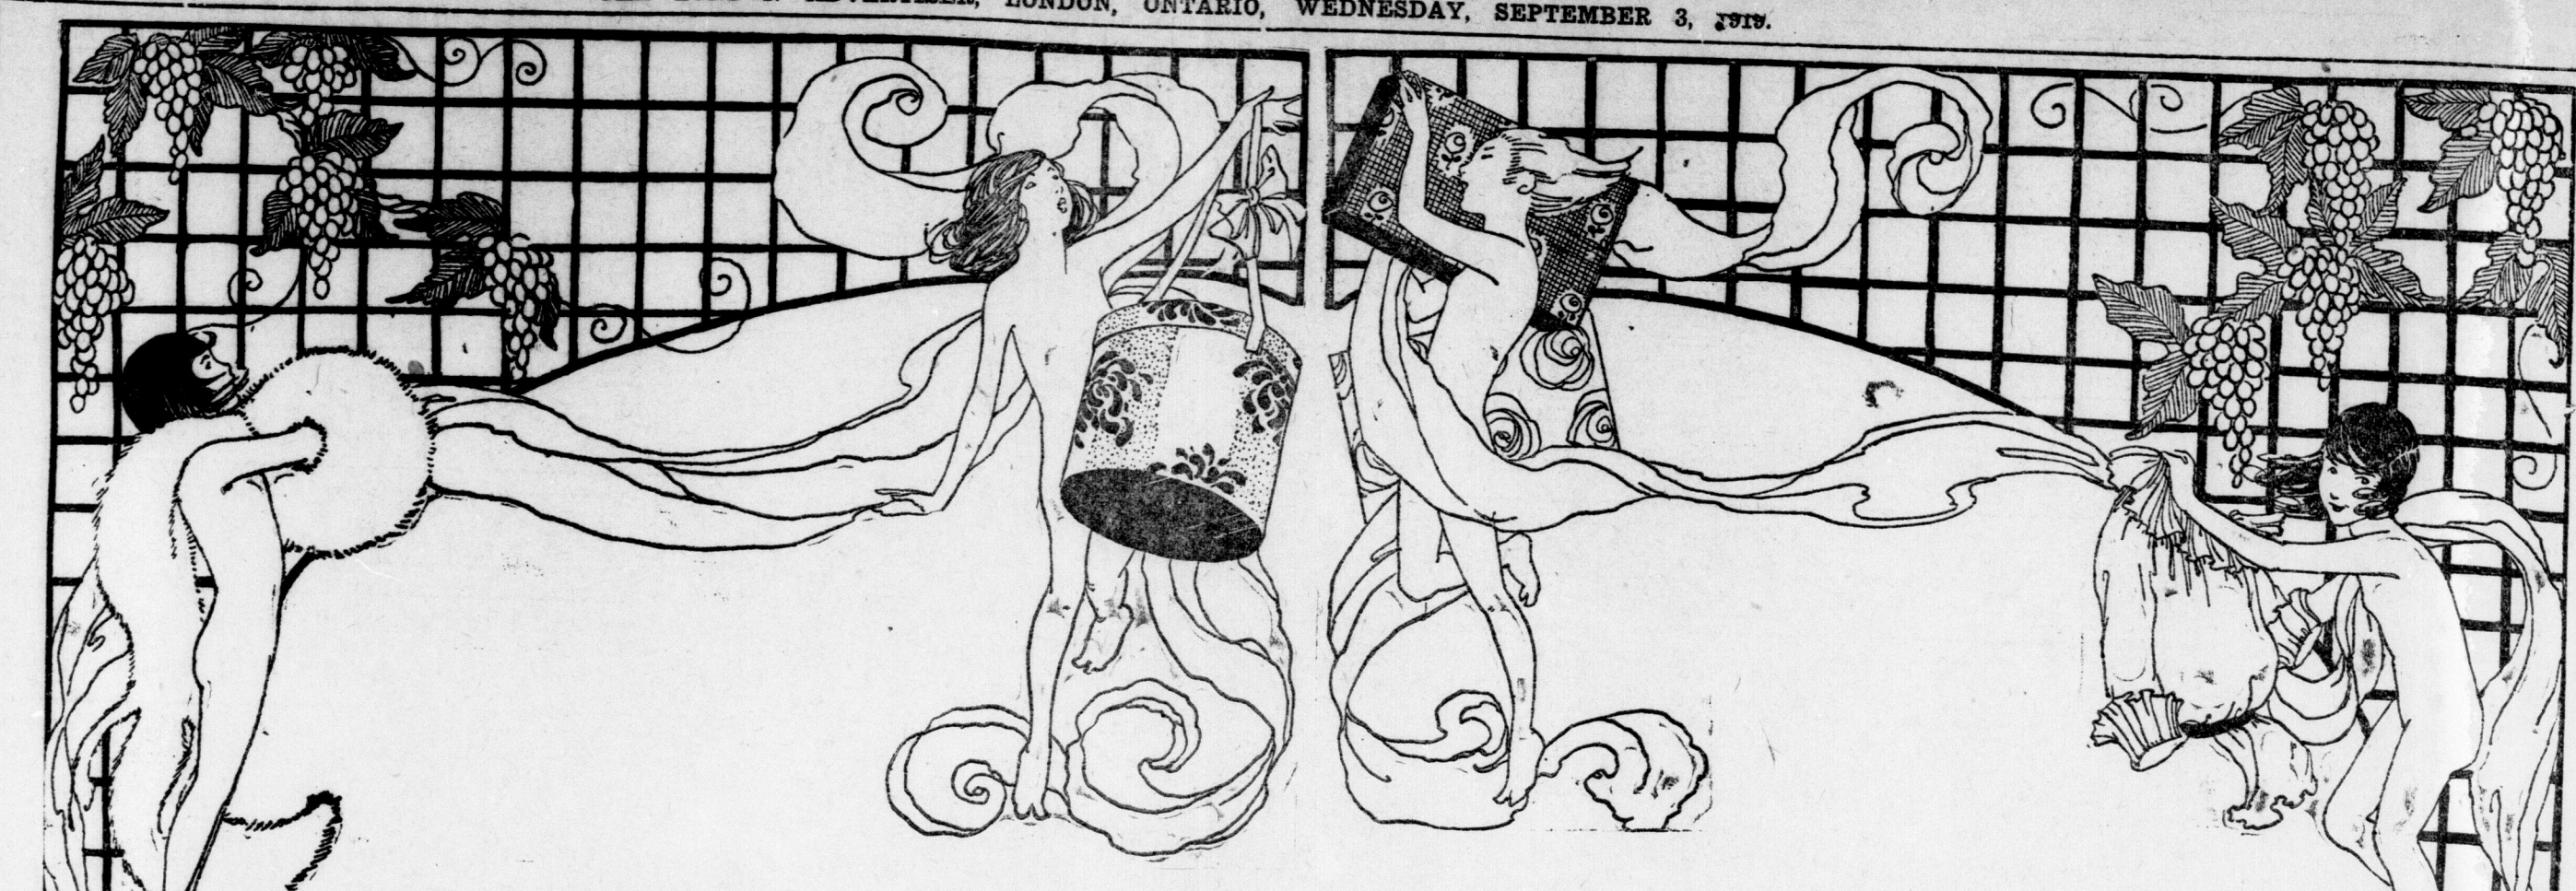

AUGUST FIRE CALLS.
The month of August was comparatively quiet for the city fire department, which was called upon to extinguish thirteen fires during the warmest 31 days of the year. Four calls were false alarms, and four of the fires extinguished were of the chimney variety. In addition to the above runs the local department responded to one emergency drowning call.

ASSIGNMENT AT THEFORD.
THEFORD, Sept. 2.—James Sparks of the Holwell House, made an assignment. W. C. Tudor is acting as assignee.

The peach crop around here is good. One car of peaches was shipped last week, one today and one will go tomorrow to the canning factory at Cottam.

The celebration at Theford for Soldiers' Day was well patronized. The Parkhill Band led the procession from the school grounds to the park, where several ball games were played. In the evening the big hit was the midway on the school grounds, which made lots of fun.

Opening Display of Millinery

Thursday and Following Days

AS AN EVENT of the season, none could be of greater interest than the first complete display of Fall Millinery, as shown by this store. For many years the leadership in fashionable Millinery has been indisputably accorded to our hat shop. And justly so, for we have secured intimate connections with Paris and New York sources that permit us to show the latest original creations, others copied direct from the originals, and many of these are shown in this display. You are most cordially invited to attend this opening display and enjoy the exclusive and beautiful effects accomplished by such masters as Hylan, Bruck-Weiss, Curzman, Gainsboro, Fiske and Joseph—for you will find in every instance a hat that will be suited to your gown, suit or coat that you intend to wear this fall.

ENOUGH SUGAR TO MEET NEEDS IF NO HOARDING

"Plenty if Everybody Keeps His Head," Says Sugar Refiner.

PRICE WILL GO UP

But No Such Big Advance Is Expected as Has Been Rumored.

MONTREAL, Sept. 2.—"There is plenty of sugar to go around if everybody keeps his head," said D. Lorne McGibbon of the Atlantic Sugar Refineries, Limited, at the close of the session of the board of commerce this afternoon at the Windsor Hotel.

Mr. McGibbon—The retailer is not hoarding, but the public is. Sugar may go up a cent or two, but nothing like the advance that is rumored. A cent or two, however, is a great advance in the sugar market.

J. W. McConnell of the St. Lawrence Sugar Refineries, Limited, here interposed—Price depends to a great extent on whether we are permitted to continue to fill our export orders, as with the larger profit that these represent we can average up.

Mr. McGibbon—That will affect the American market principally. One of the main reasons for the advance is that Great Britain has given a preference to the British West Indies for their sugar, which heretofore came to Canada.

Mr. Turnbull—How many permits have you outstanding now? Mr. Turnbull—I don't think we have any. We have applied for one export permit that has not yet been granted.

Mr. O'Connor—Are the contracts nearly much alike? Mr. O'Connor—Yes, they are all made at a fixed price with a drawback to the seller and payment in New York funds.

Mr. O'Connor—The contracts are principally for France? Mr. O'Connor—Yes, some are for England, but principally for France.

BORDEN THREATENS TO RESIGN UNLESS TREATY IS RATIFIED

Statement Made During Controversy With Hon. W. S. Fielding.

CREATING AN ISSUE

Looks As If Government Were Preparing To Go To People.

[Special to The Advertiser.] OTTAWA, Sept. 2.—Having failed yesterday to table in the House the documents connected with the peace treaty, the ratification of which is declared to be the main business of the session, Sir Robert Borden this afternoon, after granting an adjournment of the debate on the address to give members a chance to peruse these documents, immediately thereafter presented a resolution calling for the ratification of the treaty in question.

Mr. Borden—That means that the Government of the United Kingdom possesses such power over this Dominion that it can impose its will upon us without respect to our desires.

Mr. Fielding—It is not essential that we should ratify the treaty in order to strengthen the hands of Great Britain.

Mr. Borden—Yes, if we are standing for co-operation and in union with the rest of the Empire.

He will also ask for various reports on the Ross and Lee-Enfield rifles and their behavior with both good and defective ammunition, and for the copy of the evidence showing the unauthorized action of certain parties in England in hardening parts of the Ross rifle, thus ruining the rifle to extreme brittleness, thus ruining the rifle after these rifles had left Canada in perfect condition.

CITIZENS' LIBERTY LEAGUE ITS AIM AND ITS OBJECT

The Citizens' Liberty League is an organization of representative men and women throughout Ontario, who through necessity have banded themselves together to oppose all legislation (Dominion or Provincial) which tends to curtail the liberties and lawful rights of the citizen.

In view of the imminence of the Ontario Referendum the activities of the League will for the present be chiefly directed to

SANE LIQUOR LEGISLATION

The Ontario Temperance Act, adopted by the Government as a war measure—without the vote of the people—is legislation that does curtail personal liberty and one which has bred great dissatisfaction.

The Citizens' Liberty League is absolutely opposed to a return of the open bar as it previously existed in Ontario under the old License Act. The League believes that The Ontario Temperance Act should be repealed and so enable the Government to enact a law in accord with the sentiment of the people, permitting the general sale of non-intoxicating beer and light wines and the sale of pure spirituous liquors only through Government agencies under proper restrictions.

Now that a Referendum is about to be taken, the members of the League feel that every citizen should clearly understand the meaning and significance of the questions asked in the Referendum Ballot.

In order to accomplish this purpose the Citizens' Liberty League will discuss all phases of this great issue in the public press in the interests of sane, moderate temperance legislation.

DOCTORS' OPINIONS DIFFER ON INFLUENZA RECURRENCE

Some Expect Another Outbreak in October, Others Anticipate Gradual Elimination.

A prominent New York physician, who has made an extensive study of pan-demics, particularly influenza, states that there will be another outbreak of the dreaded disease this year, most likely around October, when people will start to live inside their houses more, but in all likelihood those who were attacked last year will be immune from an attack of the disease this year.

Dr. H. A. McCallum has a brighter view of the subject, saying that Spanish influenza will gradually pass over the country as all other large epidemics have done in the past. He states that there are a few cases in the city at the present time, and it will take some weeks for the disease to pass out altogether.

ADMITS ASSAULT AND PAYS \$35.30 IN FINE AND COSTS

Hyland Oke, concession 5, London Township, paid \$35.30 into Squire W. H. Christie's court at the courthouse this morning, after he had pleaded guilty to two charges of common assault, one laid by Mrs. Matthew Eggert of the same township and the other by her daughter, Lillian Eggert.

CITIZEN OF U.S. A. SO CHARGE FAILS

W. H. Lightfoot Not Defaulter Here.

William Henry Lightfoot, 22, son of John Lightfoot, 64 Dundas street, and well known in this city as an athlete, established his United States citizenship in police court today and was dismissed on a charge of failing to register for military service under the M. S. A. last year.

Lightfoot went to school here, but had worked in various occupations, mostly in Grand Rapids, since the spring of 1912. He enlisted in the United States army, he said, in May when he was "up against it."

Relatives Coming To Take Away Body of Benj. Disney

The relatives and father of Benjamin Disney, the American citizen who took his life with a 45-calibre revolver in the Grand House on Labor Day, are expected to arrive in the city today to claim the remains which will be taken on their arrival to Baltimore for interment.

CHARGE DISMISSED

Following the repeal of the early shoe store closing bylaw last night by the city council, the cases against six Dundas street shoe merchants, charged with keeping their stores open Saturday evenings, was dismissed in police court today.

The Legacy of War

Canada's Dead and Missing 63,038
Canada's Wounded 149,709
Canada's National Debt \$1,670,263,691
Soldiers' Annual Pensions \$35,000,000

THE world to-day is staggering with debt. Some of the leading countries are verging on bankruptcy. The British pound shrunk from \$4.86 to as low as \$4.12 1/2 in New York and the Canadian dollar to 95 cents.

Five years ago Canada had never dreamed of the financial burden she carries to-day.

Canada entered the Great war with a national debt of \$337,000,000 or \$42 per head of population. Canada emerges with a national debt to date of \$1,670,263,691, which is expected to approximate \$2,000,000,000 by the end of the fiscal year—or about \$250 for every man, woman and child in the country.

Interest charges alone will eat up nearly one-half our present national revenue and soldiers' pensions will have to be provided as well.

Can Ontario Afford \$36,000,000 a Year on Drink?

TO Canada's effort Ontario contributed one-third of the men and nearly one-half the money. And she will bear a chief share of Canada's burden of annual charges. If efficiency was necessary to win the war, it is necessary to reconstruct for peace.

"I say without hesitation," declared Premier Hearst, "that I do not know of one act or measure in this province that increases the efficiency of our people, conserved our national strength, aided thrift and generally contributed to our fighting power to a greater extent than the Ontario Temperance Act."

Previous to the Ontario Temperance Act the drink bill of the province approximated \$36,000,000 per year, an amount about equal to Ontario's share of the annual interest on our national debt. In the face of our financial responsibilities alone is this the time to repeal the Ontario Temperance Act or relax a single one of its restrictions upon waste of money and man power? To every question on the Referendum Ballot vote—

"No!"—Four Times—"No!"

No Repeal; No Government Beer Shops; No Intoxicating Beers in Standard Hotel Bars; No Government Beer and Whiskey Shops

THE Referendum will put four questions squarely up to every man and woman in the province qualified to vote. Be sure you answer every question. Be sure you mark your ballot with an X after each question under the column headed "NO" or your vote will be lost to Temperance.

Here Are Appropriate New Waists For Fall Wear

The ones above illustrated are just \$2.00, but in fact they are WORTH MORE, worth much more when compared with prevailing Waist standards.

We say "appropriate for fall wear," and we mean just that, for not only did they just arrive, but it was only a few days ago that the Styles were developed.

There are many advantages in buying Blouses here ALWAYS, and not the least of these is the fact that because of our closer co-operation with the makers the NEW styles always reach us but a very brief time after they have left the designer's studio.

Another decided advantage that we want you to remember is that you pay the identical price here for your Blouses that you would pay in the largest centres of population.

We are the exclusive distributors for this city of the celebrated Wirthmor Waists, recognized as a standard throughout the nation and sold everywhere at the same low uniform price.

In a traveling suit of navy blue gabardine, with white silk embroidered georgette waist and large cream picture hat and pink and green trimmings. The groom's gift to the bride was a gold watch and chain. After the ceremony the happy couple partook of a wedding breakfast at the home of Mr. and Mrs. Alexander. Both bride and groom are well known in this community. Before going to their home in Detroit, the bride and groom will spend a short honeymoon trip in Buffalo and Niagara Falls.

The wedding was solemnized on Saturday morning of Miss Bertha Fraser of Grey street and Mr. Cecil Welford, of the staff of the Bank of Montreal. Rev. G. M. Young performed the ceremony in Chalmers Presbyterian Church.

A pretty wedding was solemnized on August 28, when Miss Madge Wiley of this city was united in marriage to Dr. John McAlpine, brother of the late Dr. C. A. McAlpine. The ceremony was performed by Rev. Dr. C. A. McAlpine.

The bride, who was given in marriage by her brother, Dr. Irvine Wiley, was very pretty in her wedding gown of white georgette and satin, with veil and wreath of orange blossoms. Her maid of honor was a lovely gown of orchid georgette over peach satin.

The bride's train was a lovely gown of orchid georgette over peach satin. The bride's bouquet was a lovely arrangement of white flowers, including roses and sweet peas. The groom's best man was Mr. J. H. Trotter.

Following the ceremony a wedding breakfast was given at the home of the bride, where flowers in profusion made the large reception beautiful. The following were the guests: Mr. and Mrs. W. Williams, Petrolia; Miss Cora Grant, Wabushburg; Miss Virginia Grant, Wabushburg; D. C. McAlpine, and Mrs. John Brown, Eddy's Mills, Ont.; Miss Alice Pringle, New York; Mr. Louis Wiley, Flint, Mich.; Miss Lois Wiley, Brantford; Mrs. G. Shelton, Leamington; Mr. D. O. NEW SECRETARY AT LOCAL "Y" TO BEGIN HER DUTIES AT ONCE

Industrial Department Will Have Big Year.

CORN ROAST ON THURSDAY

May Take Over Hunt's Flats as Park For Women and Children.

A new figure in London Y. W. C. A. circles made her first appearance yesterday when Mrs. Mattie Rose Crawford arrived in the city to take up her duties as Y. W. C. A. industrial secretary. Mrs. Crawford, a former teacher-trainer in the Toronto Normal Model School, and author of several textbooks used in the schools, has had a wide experience among young girls, so that her work here is bound to be successful. Normal school students will be familiar with her name on the title page of "Guide to Nature Study." She has also written "Public School Nature Study" and "Methods in Bible Study," as well as assisted in compiling other well-known school books. London has already become familiar with her name through her husband, the Rev. John Crawford of Chelsea Green Presbyterian Church.

Importance of Factory Girl. In addition to being keenly interested in her life, Mrs. Crawford is herself somewhat of a student of the newer problems of industrial life. She believes the industrial worker to be one of the most important factors in the life of the day.

Referring to this she says: "The girl knitting stockings in the factory is as important to the country as the professional nurse at the bedside or any other woman worker, seen she is however important. It is with this fact that I wish to impress the girls and the public."

Mrs. Crawford takes a broad view of her work. Not only does she intend to work among the industrial women of the city, but it will be her aim to interest the public at large in her work, and as it is rumored that she is an excellent public speaker, her task will not be a very difficult one. The industrial section of Y. W. C. A. work is entirely dependent upon public support, and Mrs. Crawford hopes for support and aid as suggestions for her work and financially.

Big Corn Roast. The program of work for the industrial department has not as yet been formulated, but this week sees the beginning of activities.

A big corn roast on Hunt's Flats at the foot of Talbot street, to be held on Thursday night, will open the season. Here, at the scene of their summer endeavors with hoe and spade, the various industrial clubs will meet, to partake of corn of their own growing. Friends of the girls have also been invited to share in the spree, all paying a small charge, the receipts of which will go towards the improvement of the flats.

Park for Women and Children. It is said that the girls have approached the utilities commission of the city about obtaining the use of this land on the river bank for a park for women and children. If they take it over definitely for this purpose, it is possible that next summer work camps erected there, where the girls may live out of doors during the hot months.

On Saturday night the industrial clubs will again meet at the Y. W. C. A. residence on King street, when Miss Deberry, hairdresser at Spaulman & Ingram's store, will talk to the girls on the care of the hair and how to dress it, becomingly and yet suitably.

Another Secretary Coming. The industrial section of the Y. W. C. A. is, however, but a small part of the big institution as it now exists in the city. Another branch of the work is being organized, and this fall by Miss Healy, of Avignon, the new girls' work secretary, who comes here after a year's experience in the Montreal Y. W. C. A. Miss d'Avignon is a university graduate and an ardent girl guide worker, so her presence will be a valuable asset to the institution. Girls' work, as it will be organized by her in the city, is comparatively new in Y. W. C. A. endeavor, and will be entirely new in the city of London. She is expected here to begin her duties on September 8.

MARLETON W. I. HOLDS TEMPER. The Kingsmill and Marleton Women's Institute will meet with Mrs. D. J. Finch on Thursday afternoon. Mrs. W. J. Robb of Yarmouth Heights will address the meeting on temperance.

EMPRO W. I. FAIR. The Embroid and Vest Zorra Women's Institute will hold an "Annual Fair and Trip Around the World" on Saturday night, September 6.

SHEDDEN W. I. AND VOTERS' LIST. The regular meeting of the Women's Institute was held at the home of Mrs. W. Atkinson. It was decided to purchase several more lockets for the returned heroes and have them all engraved as soon as possible. It was also decided to procure a voters' list as soon as they are published and have one hung in Mr. Goulet's store, so that all the women may see that their names are not overlooked.

COLDSTREAM W. I. The regular monthly meeting of the Coldstream Women's Institute will be held on Thursday afternoon, September 4, at 2 o'clock, at the home of Mrs. M. K. Munro. A feature of the meeting will be an address by the district president.

Brew your coffee, not boil it

WHY is it the coffee some people make is always bitter? This is why. The shell of the coffee bean contains valuable aromatic oils, also bitter substances. When you boil your coffee you not only boil out the oils, but the bitter substances as well.

When you brew coffee by simply pouring furiously boiling water on it—then standing it in a hot place for ten minutes, you get perfect coffee because only the oils are extracted. You get most satisfaction when you use

A Labor Saving Combination

Indurated Fibreware Washtubs and Washboards

It is the last straw that breaks the camel's back. So runs the old proverb. And it is the little extra efforts which tire you out on wash-day.

Eddy's Indurated Fibreware Washtubs and Washboards form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat as metal does. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too.

Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many tiresome motions.

National Commission Recommends That Privilege Be Suspended For 1919.

CHICAGO, Sept. 2.—Club owners of the National and American leagues will not draft star players from the minor leagues this fall. This was decided tonight, when the National Baseball Commission recommended that the privilege of the draft be suspended for 1919, because of "the uncertainty now existing" between the major and minor leagues of the country.

The commission ruled, however, that the major league clubs be permitted to continue the purchase of players by suitable arrangements could be made with the minor league clubs. A. R. Toney of Chicago, Western leagues, led the fight against the practice of the major league clubs in drafting minor league players. A report of the national commission, which ruled that the draft be suspended for 1919, was made available to the press. The commission to the extent of \$7,700. The commission served warning that unless this money is paid within 30 days the territorial rights of the cities comprising the International League circuit in 1919 would not be respected. The money is part of funds loaned the organization to oppose invasion by the Federal League.

MINORS WILL FIGHT ATTEMPTS.

NEW YORK, Sept. 2.—Any attempt by major league owners to draft minor league players will be fought in the courts and by other means, according to a statement issued here tonight by David L. Peltz, president of the new International League. The statement does not specify what the "other means" are, but declares that "there is a remedy available to the minors in addition to court proceedings, which we believe would effectively convince these major league clubs that they had done a very poor piece of business."

PRESTON TROPHY WON BY HEATHER COUPLE

BRANTFORD, Ont., Sept. 2.—The Preston trophy emblematic of the championship in the Scotch doubles for Erskine County was won here tonight by Husband and Moss of the Heather Club and an exciting game with H. Palmer and G. Murray of the Brantford club. The score was 16 to 15 in the final set.
