### NARROW ESCAPE

A horse, belonging to Cy. Johnson, and being driven by a young man, became unmanageable on William street, Sunday night, and ran up on the C. P. R. crossing in front of an incoming freight. An accident was narrowly averted, and the horse had just got across the main track when one of its hoofs got caught in the rails. It was finally rescued, however, before any serious damage was done. The young man who was driving says that the gates were not lowered, and that the engineer did not ring the bell as he approached the crossing.

### FAIR NIGHTS

"Side Tracked," with its scenic and mechanical effects, its funny tramp, German and Irish comedians, its saucy hoyden and charming lovers, will be the attraction at the Brisco Opera House, Wednesday and Thursday of this week. There is a vim and go about the play that captures the gallery as well as the elite of the audience. The special scenery is effective and several strong specialties assist materially in the action of the play. The undertaker always carries out what he undertakes. The brave man is the last to think of lecturing on courage.

## TO START ON THURSDAY

W. E. & L. S. Ry. Will Be Formally Opened On That Day

A History of The Road—Chatham Men Are Interested

Windsor, Sept. 15.—It is now six years since the Windsor, Essex & Lake Shore Railway was incorporated, but after many vicissitudes in one form and another the road will be opened for traffic on Thursday.

The original promoters were William Newman, formerly city engineer of Windsor, and Dr. Brien, who died at the time of the Essex explosion. They surveyed the line and secured some franchises, but found the project too big to push through without some outside financial assistance. A. J. Nelles, of Hamilton, was taken into the scheme, but little was done towards construction until May 1, 1905, when Messrs. Newman, Nelles and Brien entered into an agreement with some Detroit and Port Huron men to finance the road. They induced E. A. Tannis, of Philadelphia, to start construction, and he did so, taking the bonds of the company. He was unable to meet his financial obligations, however, and the firm of John Piggott & Sons, lumber dealers, took a lien on the property to secure themselves for material they had supplied.

The Piggotts then went to work to reorganize the company. They first purchased the American interests, sold stock to some Chatham men and succeeded in disposing of the company bonds to the Union Trust Company. Progress was noted from the time the Piggotts assumed control, much to the shame of local capitalists, who were smitten with a bad case of "cold feet" and refused to tender support to a line that taps the best section of Essex county and will ultimately prove a big dividend winner. A year ago W. N. Warburton, formerly traffic manager of the T. H. & B., and also the Niagara, St. Catharines & Toronto Railway, was engaged as general manager. He has "made good" from the start and has overcome all physical obstacles.

It might be added that not one of the original incorporators is connected with the company at the present time. There was a dispute about the stock coming to Newman and Nelles, who brought the suit against the company and won their case for the full amount claimed, \$45,000 in bonds. The company had other troubles. Even the elements took a slap at the line and the powerhouse at Kingsville, while in course of erection, was blown down. The Michigan Central fought stubbornly and long against allowing a grade crossing at Essex, but finally after two or three meetings of the Railway Commission had been held to hear evidence and arguments the electric line won a victory for a grade crossing. Expert engineers testified that a subway would mean a huge outlay for construction and an enormous expense to operate.

The line extends from Windsor, which gave the company a franchise and then years, to Essex, then to Kingsville, Ruthven and Leamington, the finest fruit section in Canada. When in operation this road will be the longest electric railway in the Dominion.

The officers of the company are as follows:  
President, John Piggott.  
First vice-president, Charles Macgregor, Toronto.  
Second vice-president, W. E. McKenough, Chatham.  
Secretary, W. T. Piggott, Chatham.  
Treasurer, W. C. Crawford, Tilbury.  
Directors, E. G. Stevenson, Toronto; P. Hestline, Detroit; and M. Wilson, K. O., Chatham.

### THE MAYOR'S OUTING

Tuesday, September 24, will be a big day in the annals of the City Council, when Mayor W. M. Stone will treat the aldermen, the City Clerk and the gentlemen of the press to a launch trip down the river, fish dinner. This glorious and sumptuous event is being looked forward to with a great deal of interest and anticipation by both the aldermen and the reporters. Speech-making and other intellectual gymnastics, productive of thought expansion, good fellowship and general happiness will be among the main items on the extensive program, which His Worship is planning for the delectation and delight of the "boys." A famous dinner, not to mention liquid articles—all of the temperance variety happily—will drive dull care away for the time being, and joy will reign supreme.

It's true, and we repeat it again, \$22.50 suits for \$9.99, and \$14.50 suits for \$6.99, \$10.00 shirt waist suits for \$3.99, all latest styles. Seeing is believing. See window. New York Cloak Store Bankrupt Sale.

## A LIVELY SCRAP IS ON BETWEEN BANANA DEALERS

Frank Tavato and Richard Zakoor, Almost Came to Blows Over The Price of The Yellow Fruit—Police Court Case

The Zakoor-Tavato feud came to a sudden and sensational climax yesterday afternoon, when Frank Tavato, the Italian banana magnate, wheeled his push-cart in front of Zakoor's store on King street, and offered bananas at three bunches for 25 cents. A few moments later Tavato's cart was overturned on the street, and his bananas were decorating the pavement.

Richard Zakoor says that Tavato's cart was in the way of his delivery wagon, and that it was in this way that the cart was upset. Tavato says that they backed the delivery wagon into his push-cart, and that one of Zakoor's clerks ran out and shoved the cart over. A big crowd soon gathered and it looked as

though there would be a street riot for a few moments. Both Zakoor and Tavato, however, resolved to resort to the law rather than to fistfights, and both made a bee-line for their respective solicitors, after which it was a race between the two as to who could get to the Police Court first. Zakoor won out, and laid an information against Tavato, and the case will be tried as soon as all the witnesses necessary can be summoned. Zakoor's information against Tavato is that the latter was obstructing the street. It is likely that Tavato will lay a counter charge of assault against Zakoor.

F. W. Smith has been engaged as solicitor for Zakoor, and Kerr, Gundy & Brackin are acting for Tavato.

## MURDERED HER BABES

Terrible Deed of Insane Woman at Midale, Sask.

Battered Boys' Heads In With a Hammer In Field

Midale, Sask., Sept. 17.—On Saturday afternoon Mrs. John Anderson, wife of a farmer residing about a mile from Midale, on the Soo line, took her three children, all boys, to the potato patch and there knocked them on the head with a hammer, after which she cut their throats in a horrible manner with a grass knife. She had not shown any signs of insanity before, but had been ill, and it is supposed the murder was due to religious mania. She is probably 35 years old. The police of Weyburn were notified of what had taken place, and Constable Ing arrested the woman, who is insane. The woman shows no remorse for what she has done and expects to be hanged. She believes it was some kind of a blood sacrifice.

Later reports give fuller particulars of the horrible tragedy. The three children murdered were a baby, 18 months old, and two boys, six and nine years old, respectively. She also made a desperate attempt to kill her 11-year-old daughter. She put a rope around the girl's neck, but the child struggled bravely and was assisted by a dog, which attacked the maddened mother.

### A PITIFUL CASE

Lean and gaunt, his unshaven and haggard face showing plainly the traces of fatigue, privation and hunger, Charles Kashner, a wanderer with no apparent destination, faced Judge Houston this morning on a charge of vagrancy. Kashner and his wife walked all the way here from Brantford. The police found them yesterday in a half-starved condition in the little, stuffy room in the Idlewild stables. The woman's feet were so blistered that she could scarcely walk. She has since been given work by Mrs. McKenough, who keeps a restaurant on the market square. Kashner says that he is an iron moulder by trade, but that he has been out of work lately. He pleaded not guilty, and was remanded for a week.

### WAS LARGELY ATTENDED

A chicken pie social, under the auspices of the St. Thomas Church, Raleigh Township, of which Rev. Mr. Higley is pastor, was held last evening. A large crowd was present, and an enjoyable time was spent. Several launches conveyed the visitors from this city to the social. A fine supper was provided by the ladies, and roast chicken, cake, pie, and salads were some of the delicacies of the evening. Afterwards all repaired to the hall, where the program was held. G. W. Sulman acted as chairman in his usual excellent manner. Speeches were given by H. S. Clements, M.P., Manager Williams, of the Sovereign Bank, Capt. McLaughlin, Rev. Mr. Morris, Rev. Mr. Grant, Rev. Mr. Allan, Rev. Mr. Higley, and J. M. Pike. Solos were given by Miss Ruby Maggs, Ed. Wanless, Percy Clements, and Mr. Park. Recitations by Miss Gladys Stevenson, Miss Kier, and Little Miss Margaret Beaver, were much appreciated. A recitation by Mr. Ches. Chittam was very much appreciated, and won for him rounds of applause. The program closed by singing God Save the King.

### DAY—WADDICK

A very pretty event was solemnized at St. Joseph's Church this morning at 8.30 o'clock, when Miss Mary, the youngest daughter of Mr. and Mrs. John Waddick, Con. 10, Raleigh township, was united in marriage to Mr. Thomas Day, of Chicago.

The ceremony was performed by Rev. Father James. The bride was attended by Miss Mary Waddick, of St. Thomas, and Miss Kate Clowry, of St. Thomas. Mr. John Carley, of the ninth concession, Raleigh township, acted as best man.

After the nuptials had been completed, the happy couple left, amid showers of rice, for the home of the bride's parents, where a wedding dinner was served. They will leave this afternoon on their wedding tour to Milwaukee and Chicago. They will make their future home in Chicago.

### ROLLER RINK

The Roller Rink has been opened for the season, and there will be skating every afternoon and evening from now on. Band in attendance every Tuesday and Thursday evenings.

## MR. BORDEN'S POLICY.

Referring to Mr. P. H. Bowyer's endorsement of the Borden platform the London Free Press says: "It requires a progressive statesman of East Kent, Philip Bowyer." So it does, and Mr. Bowyer, who is man of well-known independence, knows that Mr. Borden's "platform" is a proposal to carry coals to Newcastle. Many of the things that Mr. Borden offers, the people already have, and the rest are on the way.

The above is taken from the Record, a rabid grit publication of Windsor. It is the same old, old story of the Liberal newspapers claiming that their party is the real father of any popular and beneficial legislation brought forward and advocated by any of their opponents. The Liberal policy has changed so often during the past few years that it is almost safe to say that at some time or other they might have advocated steps somewhat similar to some of the planks in Mr. Borden's platform, but if this is the case, their record shows how far they have wandered from the paths they may have intended to tread. Their utter failure to keep their pledges was clearly shown by Mr. Borden himself during his visit to Chatham a short time ago.

The Record says that these reforms are on the way, and there are few who will dispute this statement. They are on the way, and Mr. Borden is the man who is going to see that they arrive safely and do not again get lost in a mass of graft and corruption.

The Toronto News, one of the truly independent newspapers of the Province, in speaking along this line a few days ago, made the following comment:

"It is charged that Mr. Borden has stolen the Liberal platform. But was it not an act of mercy rather than a case of theft. The platform was abandoned by the original owners. It was left out-of-doors exposed to wind and weather. Its cries were not heard in the night. The sun beat upon its form at noon-day. It had nowhere to lay its head, and none to tend its wounds and bruises. Neglected through the hot summer and the long, hard winter, it must have perished miserably if Mr. Borden had not come to its relief."

The News then goes on to say that there is a report that a progressive policy will soon be re-established at Ottawa, but when the time comes, the men who at present hold the reins of government will not be the ones authorized by the people to carry it out.

## CATARRH IS CURABLE

Successful Experiments in Abating And Curing This Disease.

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day, now that Hyomei is so generally known and has made so many cures in Chatham and other towns.

Until comparatively recent times catarrh was thought to be a blood disease and stomach dosing the only treatment. Modern science finally disproved this idea of the cause of catarrh, and found that it was a germ disease and, after many experiments, the remedy was decided to be Hyomei.

Hyomei mediates the air you breathe; it kills the catarrhal germs; it heals the smarting and raw membranes of the passages in the nose and throat; it cures all catarrhal troubles.

As there is life and health in the air in the mountain-tops where the pine forests give off their fragrant and healing balsams, so there is life and health in breathing Hyomei. There is no need of suffering from catarrh if the simple and natural treatment of Hyomei is used.

So sure is this prescription to cure even the worst cases of catarrh, that O. H. Gunn & Co. sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

An ounce of assistance is worth a pound of advice.

## DISTRICT

## TILBURY

Tilbury, Sept. 16th.—Mrs. J. S. Richardson and daughter, Mrs. Veale, of Seaforth, have returned from a short visit with relatives in Essex. Rev. Prof. Burgess, of Thamesville, will conduct services in the English Church next Sunday morning. There will be no service in the evening owing to the Harvest Home Services in the Ombre English Church.

About twenty members of this parish will attend the Jubilee Service in St. Paul's Cathedral, London, tomorrow, when the Bishop of London, England, will officiate.

Mrs. J. Wallace and Mrs. Wallace, sen., have returned from a visit in Detroit.

Mrs. Chas. Powell and daughter have returned to their home at Durand, Mich., after visiting relatives here and at Stewarts.

Mrs. W. A. Hutton and Miss Belle Wilson were Detroit visitors on Saturday.

Mr. and Mrs. Gordon Ainslie have returned from a visit to Adrian, Mich.

Mrs. Nichol and children returned on Saturday, after spending the summer at Durham, Grey Co.

Mrs. Chalmers, of Detroit, is the guest of Mrs. Geo. Chalmers.

## A SUGGESTION OF RARE VALUE.

A diseased condition of the surfaces of the air passages causes bad breath, but more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills, through their specific action on the secretory and eliminative organs, not only cure bad breath, but so thoroughly purify the system that anything suggestive of blood or digestive troubles is impossible. Through Dr. Hamilton's Pills the skin grows rosy and clear, activity of the body and mind increases, and bounding health is established. Sold everywhere.

## BLENHEIM

Blenheim, Sept. 16.—Yesterday was an ideal day as far as the weather was concerned.

William Johnston, of Blenheim, spent Friday last at Chatham.

Mr. R. L. Coenell was a Chatham visitor last week on business.

Mrs. F. Wilkie, who has been visiting relatives at Vinegar Hill, returned to Blenheim last week.

Mr. and Mrs. Ira Burke, who were spending a few days at London Fair, returned to Blenheim last Friday night.

Miss Genevieve Shillington, of Blenheim, is spending her vacation with friends out of town.

The Rev. W. J. Holmes and family, who have been enjoying an extended trip through the Canadian West, returned home to Blenheim last Saturday night.

Mr. and Mrs. W. C. White returned to their home in Blenheim after spending the week-end at the London Fair.

The meeting held by the Orange-men in the Opera House, on Saturday night, was a decided success, a grand number being present.

Mr. and Mrs. G. J. Gibb, of Blenheim, left on Friday for Wardsville, where they will visit friends for a few days.

Mr. R. A. Williams, manager of the Sovereign Bank at Chatham, who is a devoted lay reader, took both the morning and the evening services in Trinity Church, Blenheim, yesterday.

There was a very large crowd in town last Saturday evening. It almost seemed as if everyone had taken advantage of such a lovely night to get out, the sidewalks being positively jammed at times.

## WALLACEBURG

Wallaceburg, Sept. 17.—Miss Minnie Best, of Thamesville, is the guest of Miss Leila McLean.

The Church of our Lady held a very successful tea on the school grounds last evening.

Mr. Carscallen, of Dresden, was the guest of his son, A. B. Carscallen, yesterday.

Hugh Monroe is spending his vacation down east.

A number from town attended the Oldfield "harvest home" last evening.

After a lingering illness, she passed away at her home on the Snye, Mrs. Jane Johnson, wife of the late Lyle Johnson. Deceased was a daughter of the late Robert Little, of Mount Clemens. She had many friends, who will be sorry to hear of her death. Those left to mourn the loss of a faithful mother are three daughters, Mrs. J. M. McDougall of Walpole, Mrs. Nunnely of Mount Clemens, Mrs. S. T. Hawkins of Algona, and one son, Robert, of the Snye. Interment will take place in Wallaceburg cemetery.

A very pleasant affair took place on Friday afternoon, Sept. 13, when Mr. and Mrs. Byron Hable celebrated

## A FOOLISH TRICK

An immigrant, living in the rooms above Massy's grocery, caused quite a bit of trouble Sunday to another family living in the rooms next to him. He bought a stove and connected the pipes with a hole in the wall into his neighbor's rooms. The pipes should have been connected to the chimney nearby. The result may be imagined. All day Sunday the people in the next room—a woman and a couple of young children—were nearly smothering with the smoke from the Englishman's stove. They complained to him about it, but he paid no attention, and they finally had to go to the police.

Officer Dodson called and told the man to put the pipes in the chimney, or else not light the stove. If he disobeyed the order he will likely receive an invitation to appear before Judge Houston and explain matters.

A Sample of What V.S.O. does.—Mr. Merrifield, I was so severely stricken with Joint Rheumatism that I was confined to bed for a long time with swollen and stiff joints, it even affected my stomach. I gave up all hope of ever being cured. The doctor finally told me he could "ease my pain but could not cure me." My sister heard of your Veteran's Sure Cure, and sent for a bottle. I took half of a \$1 bottle. This enabled me to walk about as usual. This was about six years ago, and I have had no return of Rheumatism. Mrs. H. Privat, Williamsford, Ont., Sept. 11th, 1907.

Dr. Carson is lamenting to-day over the loss of a fine peach tree. The tree is located on his premises on Third street, and is said to be one of the best of its kind in the city. It was very heavily loaded with fruit, and yesterday morning a large limb was broken off on account of its great weight. Last night during the wind storm the remainder of the tree was blown to the ground. The fruit is not nearly matured, and it is feared that none of it can be saved. Peaches are a scarce crop this year, and it is considered a luxury to have them, thus the loss to the doctor is considerable.

## PURITY IN PUBLIC LIFE

Bishop of London Deplores Great Graft of Today

Toronto, Sept. 17.—The Bishop of London was the guest of the Canadian Club yesterday, when he delivered an address, in which, dealing with the secrets of a man's influence over his fellows, he furnished the key to his own remarkable individuality. With characteristic frankness, indeed, the bishop confessed that he was speaking from his own experience, and the personal reminiscences which led him on to his subject were as entertaining as the moral of his address was inspiring and impressive. The secrets of a man's influence over his fellows he defined as absolute straightness, the avoidance of "side," sympathy, a sense of humor, and faith, and a remarkable feature of the address was the evidence of the purity of the motives which he considered. Under the first head the bishop made a strong plea for absolute straightness in public life. He had the short time he had been in the country, and he hoped that Canada would not be afraid to learn something from the old Mother Country. He believed that in the old country they could hold up an example in their public life. He did not know of any man who was even suspected in London of having used his position in Parliament for any private end whatsoever.

In regard to municipal life he alluded to the West Ham scandal, and declared that it was merely one of the exceptions of the municipal life of the old country. "If," he proceeded, "your country is going to be the great country which we all believe it is going to be at home after it reaches one hundred millions, you have got to get absolute straightness in your public life." And it was the same in social life and social friendships.

He would also urge them to avoid what in the old country they called "side," but which Americans and perhaps Canadians would describe as "tricks." Whether in the city, in the east end of London, in the university, or in the west end the man who had "side," and who rustled his gifts by being concealed, had lost his influence and never would regain it.

## LETTERS

## SATISFACTORILY ARRANGED.

To the Editor of The Planet:

Sir,—In reference to item published in your yesterday's issue respecting the laying of a gas main along Adelaide street by the Chatham Gas Company, be good enough to permit me to say that the matter has been arranged in an entirely satisfactory manner without any cost to this company without any cost to either, the pipe being allowed to remain as placed, under proper conditions. The City Engineer was endeavoring to safeguard the interests of the city in this matter, and I would like to say in so far as this company is concerned, we have found the engineer to be courteous and obliging, at the same time looking thoroughly after the interests of the city.

Yours truly,  
P. S. COATE,  
Manager.

Chatham, Sept. 17, 1907.

We understand that the Chatham Gas Company has given a letter to the city, which indemnifies the corporation against any loss arising from the company laying their pipes in the position complained of in the Adelaide street matter.—Ed. Planet.

Rev. Mr. Hodgins announced on Sunday from the pulpit that the Annual Harvest Home would be held this year two weeks from yesterday, Sept. 29. He also gave out that the choir of the church would hold a practice on Thursday evening next, in preparation for that event. Mr. Hodgins gave two excellent sermons and Miss Schwemler favored the congregation with an excellent solo.

George Rowley, defaulting manager of the defunct Elgin Loan Company, St. Thomas, Ont., who was sentenced to twelve years in Kingston penitentiary for forgery and theft, has been pardoned, and is now out west. Rowley served exactly four years. His pardon was kept a complete secret. He pleaded for leniency in order that he might endeavor to repay at least some of the money he had taken from those who trusted him.

Dr. J. P. Stewright has been heard from, and says he is having a good time in New York, taking in, among other attractions, the oyster and lobster fishing. He says that hundreds of boats are engaged in the oyster industry, and that 2,000 oysters are fished up daily in New York Bay. He had for a guide an old seaman, who put him in touch with everything in the line of oyster and lobster fishing. The doctor is combining professional business with pleasure while in the Great Metropolis.

Save your dollars by calling at W. E. Rispin's ticket office, 115 King street, if contemplating a trip; if not thinking of going away come and see us anyway, perhaps you will.

## BRILLIANT OSTENDE.

Belgium Has the World's Most Famous Bathing Beach.

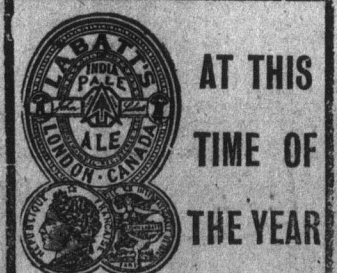

Two-thirds of the people go to Ostende, the Belgian beach, to gamble, but the remaining third is so large that the beach, in spite of its size, is always covered with the portable bath-houses, the mushroom and coffin shaped chairs. Even at night the chairs will be there, for with the lights from the buildings and the lighthouse it is almost turned into day. This lighthouse is quite a curiosity. It dates back to 1771, and now in its rebuilt and modernized state it throws a gleam over the country for forty-five miles round. We are fond of referring to Broadway, New York city, as an especially cosmopolitan street; but if you will permit the expression, it is not in any way "in it" with the promenade at Ostende. All countries are represented, and every representative is in his Sunday best. On a sunny afternoon in the season the boulevards of Paris are not more brilliant than this far famed avenue.

Here the German officer is not in uniform, but in the full glory of his spotless white bunnels, his many colored wide silk belt and his imitation Panama hat. And as he passes a group of attractive ladies his waxed mustache will grow stiffer in its upward twist, and his walking stick will cut the air even more jauntily than before. If his monocle be especially cleverly handled and his face show an unusual number of the much coveted saber scars, he may be rewarded with a murmured "Reizender Kerl."

The tall, black bearded Russian will walk somberly along and show no emotion or interest in anything, but you may be sure that very little will escape his notice, and at the casino when the play is high you will always find him in close attendance.—Charles F. Peters in Bohemian Magazine.

The Main Point.  
"Young man, you don't want my daughter."  
"Why, sir, I can support her in the style to which she has been accustomed."  
"But can you support her in the style of which she has been accustomed to read in trashy novels?"—Washington Herald.

## MEN FEARED DISASTER

Indian Told of Defect in Quebec Bridge Chord.

Driver Warned Four Weeks Ago by Man Now Dead—Boss Also Wrote That He Knew Bridge Would Go—Phoenix Co. Disbelieve Genuine-ness of the Letter—Enquiry to Be Thorough.

Quebec, Sept. 16.—D. Lefebvre, who unloaded the metal for the Quebec bridge as it arrived here from Phoenixville, testified before the Royal Commission of enquiry Saturday that Angus Diebo, an Indian, who is now dead, told him about four weeks ago that one of the chords on the Quebec side was forced.

C. L. Edwards, who inspected the material at the mills and shops of the Phoenix Bridge Co., for the Quebec Bridge Co., testified to the caution taken in this matter and said that only about 2-1/2 per cent. of the work done by the company was rejected. No material had been returned from Quebec, but some plates on the cantilever arm had to be changed.

Messrs. Messer and Clark also testified in regard to the inspection of material, but no further evidence of importance was elicited. The commission only sat in the forenoon. It is probable that the witnesses to be examined in Quebec will be exhausted this week, after which the site of the bridge will be again visited and inspected, and the commissioners will go to New York to examine Mr. Cooper and also to Phoenixville to examine witnesses and probably to other centres to take the evidence of experts.

Boss Gave Warning.  
New York, Sept. 16.—The World Saturday says: Swenson & Swenson, real estate dealers at Flushing, gave out yesterday a letter said to have been written by their brother, Carl Swenson, a boss employed on the Quebec bridge, which fell on Aug. 20. Swenson's letter is dated the day before the disaster. He was killed.

The letter reads: "I doubt very much whether the bridge will ever be finished, since the first and second panels of the bottom chord of the cantilever, Quebec side, are buckling. I want to be in New York when she falls. If the bridge goes it will be the worst wreck that ever occurred. Don't show this to any one. This part is no fool-catcher story."

Deny Swenson Letter.

Philadelphia, Sept. 16.—Officers of the Phoenix Bridge Co., which was building the collapsed Quebec bridge, expressed disbelief yesterday in the genuineness of the Carl Swenson letter, which was shown to them. President David Reeves and Secretary Frank T. Davis of the company denied that the panels of the chord had buckled, and said the letter could not have been written before the disaster. They regarded the letter as an attempt to manufacture evidence to hold the company responsible in damage suits.

"There will be a thorough investigation of the accident by the commission appointed by the Dominion Government," said Mr. Davis. When it has secured all the evidence it can, the commission will continue its investigation in the offices of Theodore Cooper in New York, who was the consulting engineer. The members of the commission will also visit the plant at Phoenixville, Pa.

## BASEBALL PLAYER KILLS MAN.

Was Refused Drink and Shot Hotel Proprietor Dead.

Batavia, N. Y., Sept. 16.—Edward Conliss, proprietor of the Byron Road Hotel, six miles east of here, was shot and instantly killed Saturday afternoon. Francis Earl Bentley, a professional baseball player, is under arrest charged with murder in the first degree. Bentley claims that he had an altercation with the hotelman, which led to a fight, and that he shot Conliss in self-defence.

At the hotel it is said Bentley, who is without money, demanded a drink, which was given to him. He asked for more, and upon being met with refusal, it is alleged, he drew a revolver.

Conliss, it is claimed, tried to take away the revolver, and in the scuffle was shot through the head. Bentley at one time played on a Rochester baseball team, and this year played with Portland, Ore.

## RAN INTO OPEN SWITCH.

Passengers Badly Shaken Up on Petrolia Train.

Petrolia, Sept. 16.—Saturday afternoon, as the Petrolia & Glenora train, in charge of Conductor Ben Young, was returning, Engineer Bolton noticed the switch at Sutorville out of place, and before he could get the train stopped, which consisted of engine, baggage and passenger car, the whole train left the rails. The train was running about 35 or 40 miles an hour, and there were about 15 or 20 passengers. Fortunately all escaped without the slightest injury, except a little shaking up. It is supposed that someone left the switch unlocked and that it was tampered with afterwards.

## THE INFINITE.

Beyond the Visible the Invisible, Beyond the Invisible the Unknown. In "Victor Hugo's Intellectual Autobiography" the great Frenchman writes as follows of the infinite after asking what vehicle shall be adopted to cross the spaces of the universe: "The locomotive travels fifteen leagues an hour. The hurricane travels sixty leagues an hour. The cannon ball travels 700 leagues an hour. The locomotive drags; the hurricane limps; the cannon ball is a tortoise. Let us beset it with a ray of light. This is a mount 4,000 times swifter than the cannon ball, 4,200,000 times swifter than the hurricane and 17,000,000 times swifter than the locomotive. It makes, as you know, 70,000 leagues a second."

"Start. Light launches you from the earth to the sun in eight minutes, from the sun to Oceanus in four hours, from Oceanus to Centaurus in three years and eight months, from Centaurus to the pole star in twenty-eight years, from the pole star to the Milky way in 16,800 years, from the Milky way to the nebula of Cassiopeia in 5,000,000 years—you have not yet taken a step."

"The apparitions of the universe will continue to loom. The unsoundable will remain before you in its entirety. Beyond the visible the invisible, beyond the invisible the unknown. Everywhere, everywhere, in the zenith, at the nadir, in front, behind, above, below, in the heights, in the depths, looms the formidable darkness of the infinite."

"What, then, is there back of all this? Nothing, say you? Nothing? What! I, a worm of the earth, am possessed of an intelligence, and this immensity is without one? Oh, pardon us, Abyss of Infinity!"

## Effects of Radium.

Many precious stones show a remarkable change of color in the presence of radium. In late German experiments a colorless diamond from Borneo became pale yellow after an exposure of eight days to impure radium bromide, deeper yellow in eight days more and was not wholly restored to its original colorlessness by heating to redness. The light blue of a sapphire turned to green in two hours, then to yellow, red-dish yellow and after fourteen days to yellowish brown. The color disappeared on heating, a light yellow invariably reappearing, however, when the stone became cold. The rays did not affect the color of the amethyst, ruby, blue topaz or chrysoberyl, but a tourmaline with a green end became green at any other point on which the rays acted.

## TOWNSHIP COUNCIL.

RALEIGH COUNCIL.

The above Council met as Court of Revision on the Larabee Drain in Buxton, on the 2nd day of Sept., 1907, with all members present. The necessary statutory oaths were subscribed to and filed with the clerk.

Appeals were received from Brook King and Wm. Larabee that no water from their lands drained into the Larabee drain.

After the evidence had been taken it was moved by Gilhula and Shreve that the assessment of the lands of Brook King and Wm. Larabee be struck off, and the amount spread pro rata over the balance of the lands assessed for the drain except the lands of Geo. Graham and F. Middleton.—Carried.

The Court of Revision, in reference to the Goulet drain, met at 1:30 with all members present.

An appeal was received from Sam. Crouche and others that all the lands should be assessed equally.

And an appeal from Austin Tyrrell that he was assessed too high for benefit.

After the evidence was taken the Court adjourned to the 30th day of September.

Council then met.

The minutes were then read and approved.

Also a communication from the County Clerk to use last year's equalized assessment for the County Rate.

From the Clerk of Harwich, enclosing Howard drain bridge agreement duly executed by the company.

From Albert Humphrey, asking for permission to lay tile across the 14th Concession Road, near the town line.—Granted.

From B. Clark, Harwich, that the Howard drain bridge would be completed by Sept. 2nd.

A petition was received from Wm. Hickey and 19 others for assistance to Wm. Scott, who was badly hurt at the barn raising of Nelson Clark, and unable to work since.

A petition was received from Geo. McKay and 87 others for the Council to relieve Jno. L. Piper of the amount paid by the Township for provisions during the time he was quarantined for smallpox.

The Clerk reported that the payment paid by the Township for provisions for Mr. Piper and family was \$7.38.

Geo. Bailey complained of the dangerous condition of the River Road at Prairie Siding, and that he would enter an action against the Township if the construction of the 3rd Concession bridge over the B. P. drain was not commenced at once.

The Clerk was instructed to notify Mr. Baird to make his report of the proposed bridge without delay.

Mr. Baird submitted his report in reference to the Shadd ditch, by which the Township is allotted from stake 22 to the Garner drain 54 rods, estimated at \$32, and to be completed by the 15th October.

Mr. Gilhula reported having the Township part of the Doyle ditch No. 1, along the 9th Concession, re-

Mr. Shreve reported having the branch of the Dreary drain on the 6th Con. road repaired, at a cost of \$55; Com'r fees, \$3.

Edward Sykes submitted his report, that the Simpson drain was fully completed; bal. Com'r fees, \$10.

Mr. Wellwood reported having a bridge over the Finn creek repaired; cost \$43.27; charged to the drain; Com'r fees, \$2.

That Mrs. Drew had completed her commuted statute labor, and would recommend she be allowed five years for same.

Moved by Gilhula and Wellwood, that the petition of A. Forhan and others, presented on July 22nd, to allow sheep to run on the highways at the owners' risk, be entertained, and the Clerk prepare a by-law for the same for the next meeting.—Carried.

Moved by Gilhula and Shreve, that Martin Drew be appointed Collector of Rates at a salary of \$135.—Carried.

Moved by Dooy and Shreve, that in reference to the petition of Wm. Hickey and others, for assistance to Wm. Scott, that B. G. Burk be notified to allow him provisions to the amount of \$2.50 per week until further notice.—Carried.

Moved by Wellwood and Shreve, that Messrs. Shreve and Dooy and the Reeve be a committee to investigate the grievances of Geo. Bailey, re the dangerous condition of the River road at Prairie Siding, and report.—Carried.

Moved by Shreve and Dooy, that the township's part of the Shad

ditch be referred to the Com'r. of No. 3 Div., to complete and report.

Moved by Gilhula and Wellwood, that the acct. of Dr. Young, \$18.75, for attending on Noah Rouse, Sr., during 1906, be referred to Mr. Shreve to investigate and report.—Carried.

The township rate, struck for the present year, is 4-10 mills, which includes the township's assessment towards drains.

A by-law was passed, authorizing the Treasurer to overdraw at the

Molson's Bank in Merlin.

The by-laws to provide for the repair of the Bawin and Edwards drains were finally passed.

A few accounts were ordered to be paid.

Council adjourned.

A. E. Robinson, Clerk.

## It's The Tone That Proves the Quality Of A Piano . . . .

In outward appearance one make of piano may resemble another very closely. The real difference lies in the tone, which is concealed within the case.

It's the tone every time that proves the quality of a piano. Run your fingers over the keyboard of a "Nordheimer" and just listen to the superb tone. No doubt about the quality of the "Nordheimer" piano with such a tone as it possesses.

Those who know the real value of tone-quality naturally select the "Nordheimer"—the unrivalled Canadian piano. Will you not come in and play over a selection and judge the quality of the "Nordheimer" tone from what your own ear tells you?

Our Mr. R. V. Carter will visit Chatham frequently in our interests, and will be pleased to furnish you with any information you may desire. Correspondence addressed to him, in care of the Garner House, will receive careful attention.

"Oh, yes, vicar," said he, "I knowed right well! I knowed parties." "But why did you not tell me? I should have forbidden them." "Well, vicar, it was just this way, do you see. One of the parties was eighty-four and the other eighty-six. I says to myself: 'Lord, it can't last long. Let 'em wed, and bother the laws!'"—London News.

**WHISKEY MEDICINES.**

The temperance press is emphasizing the danger to the home in the use of "medicines" which are loaded with whiskey or alcohol. In this respect, as well as in the remarkable character of their cures, Dr. Pierce's medicines differ from other preparations. Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, indigestion, biliousness and bowel derangements, and "Favorite Prescription" for women's derangements and weaknesses, contain no alcohol. Their full ingredients are printed on the bottle wrappers, therefore they are not secret or patent medicines. Write to Dr. R. V. Pierce, Buffalo, N. ### THE BABY'S RASH.

Hints to Anxious Mothers Who Discover Red Spots.

Nothing strikes more terror to a young mother's soul than an appearance of rash on her baby. Unless the eruption is prickly heat, which even the most inexperienced person is likely to know, it indicates illness, and a physician should be called.

But while waiting for him her mind may be much relieved by knowing something of the different forms rash takes and precisely what they mean. For instance, scarlet fever, that most dreaded of all illnesses, is not to be mistaken for measles by a person versed in the indications of both. In scarlet fever the eruption is bright colored and the spots are so close together that they seem to run in one mass, though each little speck is really clearly defined. It begins on the chest or about the neck and spreads quickly.

Measles show first, to the inexperienced, on the face, but a physician will usually see small spots in the mouth before they appear elsewhere. This particular eruption that develops rapidly from the face to the body is accompanied by swelling and is blotchy.

Rash that is part of chicken pox appears, too, on the face first, as a rule, but its formation is quite different from that seen in measles. In the former it is in little lumps that quickly develop into blisterlike looking things. It does not break out all at once, but appears in rotation in different parts of the body, so that at first one portion may be quite clear of any eruption while another is covered. It disappears by drying into crusts that drop off after a time.

German measles, less serious than the other form and frequently first mistaken for it, may show by a rash before there are any fever symptoms. The eruption is usually much paler than in real measles and may be either tiny or fairly large. It sometimes runs in together, but as a rule remains clearly separate and defined. It lasts a shorter time than in measles and may fade after two days.

Take about a dozen stalks of lavender and tie them together at the base of the flowers with one end of a yard of mauve baby ribbon, shape the flowers into a ball, using extra pieces of flowers to fill up where necessary, and wind cotton round to keep all secure.

**THE DUMBBELL WHEN STARTED.**

Then bend each stalk down over the ball and thread the ribbon in and out of the stalks until the flowers are completely covered. Now take a dozen more stalks of lavender and make an other ball in the same way. When the two balls are finished intermingle their stalks and bind firmly with the two ends of ribbon which should have been left loose and fasten off by tying in a smart bow. These lavender dumbbells will be found to sell splendidly at bazaars and look pretty made in various colors.

**The Perfumes of Araby.**

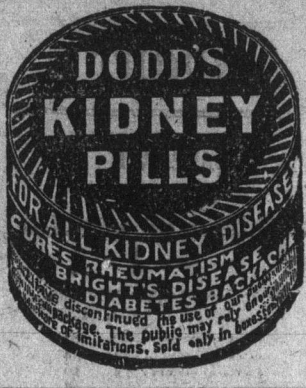

Sometimes a combination of two or more odors gives a much more delightful perfume than either used singly. For example, combine an ounce and a half of some really good violet extract with half an ounce each of rose, tuberose and cassia extract, and the result is a decidedly novel yet delicate and lasting perfume. If to this are added half an ounce of the tincture of orris root, five drops of oil of bitter almond and two and a quarter drams of triple rosewater, the odor is intensified, yet not too strongly.

If two and one-half ounces each of extract of rose and tuberose, with a gill of extract of cassia and two and one-half ounces of tincture of orris root, with a single grain of bitter almond oil, are well blended, a most excellent imitation of a fragrant violet perfume results.

These delicate extracts, it must be remembered, call for care and exactness in blending and most exquisite cleanliness in utensils and bottles, as the oils are so absorbent that they become spoiled, and one's time, money and work are all for naught.

**Green Her "Hoodoo" Hus.**

There are charms in great variety that superstitious women carry with them in the firm belief they are indispensable to their success at cards or in other ventures. Now a fashionable modiste in town says many of her customers are equally superstitious about colors. She made a green dress for a woman who liked it greatly. But within a fortnight she was back to the shop with a tale of woe. She said that whenever she had worn it ill luck had come to her or to a friend. The "hoodoo" was so pronounced, indeed, that she gave the gown away. She told the dressmaker never to make her another dress of that color. The unimaginative dressmaker couldn't see how the color made any difference; but, as she wanted to keep the customer, she was wise enough to nod in sympathy.

### GIRL'S STRANGE DEATH.

Mystery Surrounds End of Gloucester Township Maiden.

Ottawa, Sept. 16.—On Thursday, Louise Delude, a girl of 15, who resides in Gloucester Township, was in Ottawa with her mother and Joseph Pelletier, the hired man. Late that night, after returning home, she died. The coroner heard of the affair and visited her home. The mother's story was to the effect that her daughter was carrying a lamp from one room to another when she suddenly fell dead. But neighbors had different stories to tell, and the matter is now in the hands of the Attorney-General. The coroner discovered marks, as from heavy blows, on the girl's body. She had sustained a particularly savage blow on the stomach.

**GROWING OLD BEFORE YOUR TIME.**

Broken in spirit, weak in body, nervous and discouraged. Something is wrong and each day sees you fading away. Just one thing to do—build up. To do this, use Ferrozone. What a tonic it is! Appetite, why it makes you eat tremendously. Digest, indeed you will. Rich, red blood will carry nourishment to every corner of the body, tired organs take new life, color, spirit and ambition are restored. Perfect manhood and abounding health is the unfailing product of Ferrozone—try it, 50c. a box everywhere.

**Killed by Ball.**

Montreal, Sept. 16.—Henri Pilon, first baseman of the Montreal Baseball Club, was struck over the heart by a ball yesterday afternoon and instantly killed while "warming up" for an exhibition game. The second baseman sent a hot one over to Pilon, who leaned forward to land it, but missed, and the ball struck him with full force over the heart. Pilon staggered back for a moment and then fell. The force of the blow caused instantaneous death from heart failure.

**OVERTAKEN BY NAUSEA.**

You don't know if it's going to stay down or come up. You feel like thirty cents and look even worse. If one thing is quicker than another, it's "Nervine." Ten drops in sweetened water gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Pelson's Nervine is so trustworthy and economical, a bottle at home wouldn't be amiss. Large ones for a quarter at all dealers.

**Plain Living.**

How truly distressing is the effect of a plain, rational and nutritious diet upon the man who eats to live. His appetite requires no pampering, and yet he enjoys his food, and at the same time—what a gourmand is deprived of—he is thoroughly alive to all the pleasures of life and able for his duties.—Dr. Robert Bell in Health Record.

**His Awful Dream.**

### PERT PARAGRAPHS.

It always seemed to us that the desirability of the concentration of wealth in the hands of a few depended largely upon the identity of the few.

Society in general doesn't care much about anybody in particular.

Incurring obligation need not militate against the freedom of any man—unless he means to repay it.

Earthly happiness may be lacking in spirituality, but it is the only kind that most of us know anything about.

The man who imagines he doesn't worry has a complacent look—until his hencoop is threatened.

Some people are so egotistical that they are positively unhygienic.

We are generally working for our own salvation when we are most enthusiastic in the behalf of others.

Nothing is fair that militates against our own interests.

No man ever broke up very many families by being good to his wife.

The trouble is that most of us can't keep our secret superiority secret.

How can it be "good" evidence when it hangs a man?

**Lost Opportunities.**

No Indians out west to fight,  
No scouting to be done,  
No peppy redskins to lie low  
And have a lot of fun,  
No chance to follow up the trail  
And scalp a brave or two,  
No place to take the warpath now.  
What is a boy to do?

Not very many years ago  
A fellow had a chance  
To take a hand with Buffalo Bill  
And on the camp advance,  
Or he could hide behind a bush,  
Lie low and mind his eye  
And with his rifle pick them off.  
As they went riding by.

Those were the days a boy could be  
A hero bold and grand  
And snatch the pretty heroine  
From some marauding band,  
And when the cruel war was over,  
With honor for his side,  
He'd take her to his humble home  
And she would be his bride.

There isn't any show for boys  
Like once there used to be.  
It hardly pays them any more  
When they run off to sea.  
Why can't the Indians break out  
And round the war pole dance  
Or raid the settlements again  
And give a boy a chance?

**Wasteful.**

"I told Miss Antique that Mrs. Dashington had four husbands, and what do you think she said?"

"Proper punishment, most likely."

"Not much!"

"What did she say, then?"

"The extravagant thing!"

**The Only Thing.**

"Women are certainly fond of their dignity."

"Yes, there is only one thing that they are willing to risk it for."

"What is that?"

"A ninety-eight cent bargain."

**Human Nature.**

"I don't know what makes me so thirsty," said the traveler. "I haven't tasted anything for a month, but now I feel as though I could drink a cool glass of beer."

"That is easily explained," replied his companion. "We have just struck prohibition territory."

**Too Slow.**

"They expect to retire the senator at the next election."

"Hasn't he been a faithful servant?"

"Oh, yes, but he doesn't seem to be able to keep up with the times. He hasn't managed to get indicted yet."

**Not the Regulator.**

"What time did you get up this morning?"

"I don't know exactly, but pretty early. It was yesterday by my watch, but I think the thing is a little bit slow."

**Made a Poor Guess.**

"It is claimed that the man who invented the mother-in-law joke never had a mother-in-law."

"If he had he would have known that she never is a joke."

**Strenuous.**

"She always makes both ends meet."

"Yes, but she is so forcible about it that the meeting is in the nature of a collision."

**Mangled Body Found on Track.**

Weston, Sept. 16.—Saturday night about 9 o'clock as the C. P. R. train going east passed the Church street crossing the driver noticed something lying across the G. T. R. tracks, which at this point parallel the C. P. R., and when they arrived at the station notified the authorities.

A search revealed the body of an Italian, presumably about 40 years of age, but so terribly mangled by the passing over of a train as to be wholly unrecognizable. The local coroner was notified, and a jury, after viewing the body and hearing the evidence of one or two witnesses returned a verdict of "accidental death."

The conductor of the local way freight reports that at Brampton a foreigner approached him and asked for a ride to the city, which the latter refused. It is supposed that the man, under cover of darkness, was stealing a ride, and in some countable way missed his footing, and fell from the car, the wheels passing over his body.

**ALMOST DEAD OF BRONCHITIS.**

Few people have suffered more than John P. Taylor of Dymally, E. O., Ont. To-day he is well and writes, "I must tell you how much Catarrh-ozone has been to me. I was so bad with bronchitis sometimes that I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrh-ozone I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured." Just the usual experience. Catarrh-ozone invariably cures whether bronchitis, asthma or Catarrh. Two sizes, 25c. and \$1.00, at all dealers.

**Station Derelicts.**

In every station one may find those who do not take trains or meet them, nor attend those who do. Some come to the waiting room only to wait—respectable derelicts still hoping that something will turn up, and wrecks who have given up hope. It is a warm place in winter, the seats are comfortable, and thoughtless passengers often obligingly leave newspapers behind them. It makes good waiting. There are so few other places to wait—so cruelly few for women adrift, but not attend those who do. Sometimes, to deceive that meddlesome busybody, the station detective, they carry in traveling bags and pretend to be pulled down with their burdens, emptied long since at the pawnshops.—Jesse Lynch Williams in Century.

### A FAREWELL RECITAL.

The large audience which attended Mr. James Galloway's farewell piano recital in the Christ Church School Hall last evening, gave undoubted evidence of that musician's popularity in the Maple City. In spite of the inclemency of the weather there was a very large attendance of musicians and lovers of music, and the liberal applause showed that the different numbers on the program came up fully to their expectations.

The people of Chatham have learned with regret of Mr. Galloway's intention to move to Toronto. During the time he has been here he has won the hearts of all who appreciate and enjoy piano music. His excellent reputation as a pianist of exceptional ability has been won entirely through his merit, and his removal from Chatham means a severe loss to the musical circles of the Maple City.

Mr. Galloway was assisted last evening by Mr. Samuel I. Slade, basso, of Detroit, who is ever a general favorite with Chatham audiences. Mr. Slade sang three numbers, "The Sea is a Jovial Comrade," by Heinrich, of Detroit, a song written especially for Mr. Slade; "Indian River Song," by Woodford Fenden; and "Song of the Arab," by Sternberg, of Philadelphia, also written especially for Mr. Slade. These numbers were especially well received. Mr. Slade's voice was in excellent condition last evening, and he sang with the excellent style and correctness of expression which has made him so popular as a concert singer.

Miss Mae Peate, contralto, who also assisted on the program, gave Buzzi-Pecchia's Gloria in a most acceptable manner. Miss Peate is a popular young concert singer, and it was quite generally remarked that she never sang better, and never performed with more credit to herself than she did last evening.

Owing to the illness of Miss Flora McGeorge, her sister Miss Ethel McGeorge, sang in her stead. The applause which greeted her appearance showed that no mistake had been made in the selection of a substitute.

The interest of the evening, however, centred around Mr. Galloway. The first number on the extremely well arranged and well balanced program was the familiar Prelude of Rachmaninoff, a massive and dignified composition, which the pianist rendered with the breadth of interpretation which it demands. The pretentious "Andante and Rondo Capriccioso" of Mendelssohn which followed, displayed a cleanness and accuracy in finger work together with a warmth of coloring. As an encore Mr. Galloway gave Chaminade's quaint and bizarre "Danse Croque."

The Grieg numbers were most enjoyable, and were especially appropriate, calling to mind the great Norwegian who passed away last week. The first movement of the E minor sonata was given with a sympathetic and responsive interpretation which made the audience regret that Mr. Galloway did not have time to give in full the only piano sonata which the great Norwegian has left us.

Snidings' "Frühlingserwachen" certainly made a suitable encore. Like Grieg's works, it mirrors the national temperament. The chromatic progressions and rushing upward scale passages were rendered with smoothness and dexterity of technique. The pianist did not seem to feel as much at ease with the F minor concerto as with the other Chopin numbers. This concerto is one of the most difficult compositions for any pianist and one rarely heard. Mr. Galloway's performance was noteworthy for the supple elasticity in passage work, clarity, and flexibility of tone.

A group of three shorter and lighter pieces followed, illustrating the Slavonic school. Chopin's "Impromptu in A Flat," Liszt's "Love Dream No. 3," and Moskowski's "Etincelles."

The Grand Polonaise in E Flat, which closed the program, demanded the whole arsenal of modern technique and the most absolute freedom of expression. Mr. Galloway's performance was marked by keen sympathy and intelligence, as well as a skillful, precise, and beautiful touch.

Taken as a whole, the recital was one of the few occasions when a Chatham audience has the opportunity of hearing a choice and legitimate example of pure piano playing by an artist whose work has been most gratefully received and correspondingly appreciated.

### Labor Congress Meets.

Winnipeg, Sept. 17.—Welcomed by the Premier of Manitoba, the Mayor of Winnipeg, and the local Trades and Labor Council, the 23rd annual convention of the Trades and Labor Congress of Canada opened here yesterday in the Legislative Chamber under promising auspices. There are 125 delegates present, as compared with 45 at the convention of ten years ago.

The standing of the congress in the light of the secretary's report is much in advance of last year's record, and instead of a membership of 22,000 there are now over 32,000 trades unionists affiliated. The revenue also shows an increase of over \$500.

### Methodist Bodies Unite.

London, Sept. 17.—The Methodist New Connexion, the United Methodist Free Churches, and the Bible Christian Methodist Church, will be formally merged into one organization this week, under the name of the United Methodist Church.

Each of the uniting bodies is an offshoot of the Wesleyan Methodist Church. The new combination will have a membership of 220,000.

## A GOLDEN WEDDING

Mr and Mrs David Smith Celebrate A Very Happy Event

Members of The Family and Old Time Friends Join in Festivities

The home of Mr. and Mrs. David Smith, River Road, Raleigh, was the scene of a very happy celebration yesterday, it being the fiftieth anniversary of their wedding. Both Mr. and Mrs. Smith are in the best of health, and were able to personally entertain their guests in a royal manner. Among those present, besides the members of the family, were a number of old time friends who knew Mr. and Mrs. Smith when they were married. The event was a most pleasant one from every standpoint, and many were the good wishes showered upon the aged couple.

Mr. Smith was born in Clinton Township near the Falls in 1832. He has been a respected and influential resident of this County since 1844. His wife, one of the most esteemed women of the County, was, before her marriage, Miss Sarah Maria Wood. She was born near Montreal in 1834. They were married in Bothwell fifty years ago yesterday, and have since led a prosperous and happy life.

Three children were born to them, Frances Lucy, at home, W. Frank Smith, lawyer of this city, and Arthur Smith, a mail clerk on the Pere Marquette.

Mr. and Mrs
