## MULOCK CUP SERIES ..... IN FULL SWING

### Men From Ten Colleges and Faculties Fighting for Possession of Hon. Wm. Mulock's Beautiful Trophy.

### ST. MICHAEL'S, '02, '00, S.P.S., Sr. MEDS. WIN

While Victoria, '03, '01, Primary Meds. and Dentals Have Gone Into Winter Quarters.

#### SUMMARY OF GAMES.

Nov. 23rd, S.M.C. defeats Victoria, 22-0.  
Nov. 24th, '02 defeats '03, 21-4.  
Nov. 25th, '00 defeats '01, 14-6.  
Nov. 27th, S.P.S. defeats Prim. Meds., 8-0.  
Nov. 28, Sr. Meds. defeat Dents., 33-0.

"It was a splendid sight to see, for one who had no friend—no brother there!" Such would be the sentiment of anyone who had any vital interest in the bodily welfare of any of the participants in the great Mulock Cup games. They are hard-fought out, desperate struggles from beginning to end. They are fighting for the honor of their particular College or class, and it is astonishing how they do struggle, that it may bear the palm. Many of the first team men say that the Mulock Cup games are harder and rougher than the Senior matches against Queen's or McGill. This may seem strange, but it is doubtless true. The games this year have shown the steady improvement in quality that has been marked in the matches of each succeeding year. The S.P.S. game and Junior Meds. was especially good, and full of fight and interest. It strikes one, though, that if Thrift Burnside's rules were adopted it would facilitate much better playing. The teams would be easier made up, and the greater possibility of evenness would be afforded, because speed would count more than weight. Below will be found an account of every game played so far:

#### DENTS. PRAYED FOR DARK

So that the Score Might Not Run Up to Three Figures—Senior Meds. Win by 33-0

Senior Meds. are expected to do their duty," shouted the captain. "Aye! aye! Sir," spoke "Scottie" Cameron. "Here! Here!" said Freddie Cleland. Lay on McDuff," said Charlie Curry—the whistle to start blew and they all laid on each other during the first scrimmage. It might be mentioned here that the stops were very frequent, and occurred with remarkable regularity about every 5 or 7 minutes. To

#### FINE FEATHERS

Do not make fine birds. You can tell a bird by its feathers and a man by his clothes, nine times out of every ten.

You would scarcely believe we could make you a stylish suit for \$18.00, but it is so.

Call and examine our prices.

Discount to Students.

DISCOUNT TO STUDENTS

the uninitiated this might appear strange, but here is the result. Before the game, "Charlie" Curry, who has been playing in the Mulock Cup series ever since he could walk (straight), took "Doodles," "Scottie" Cameron, and F. Adam Cleland aside, and spoke thusly: "Experience being a hard teacher, I have found, brethren, that it is necessary to stop for wind during these blank Mulock Cup games, therefore at regular intervals and in turn, each of us shall be pulled out and in the meantime we will all have secured our wind!" "Hooray!" the arch conspirators shouted, and that will explain the whole mystery of the numerous stops.

The game was all the Meds', as the score would probably indicate, and the Dents, except Gibson and one or two others, played without much energy. The first point scored was a try by McDougall who bucked over for the line which McWilliams converted; score 6-0. Then came the chance for which "Freddie" Cleland's eyes were fairly bulging out in expectation. The ball slipped out, he got it, and was away like the shot out of a toy pistol. Nothing could stop him, and with a fifteen yard flying leap through the thin air he pounded over the line for a try. Cheer upon cheer wrought the air and Freddie was the hero of the minute. Score, 10-0.

What was the surprise of all when the redoubtable "Freddie" Cleland, after his usual rest of five minutes for wind, sprinted up the field and scored another—14-0. "Scottie" Cameron became fairly yellow with jealousy, and strained his muscles for a great effort. Securing the pigskin he shouted his "slogan," dodged like a snake through the opposing teetht-pullers, and hurled himself over the line for the last try of the half; score, 18-0. No one was more surprised than "Scottie" himself.

The second half was a repetition of the first, and the Meds scored 15 more points, making the final score 33-0. The teams were:

Senior Meds.—Back, Kerr; halves, Blanchard, McWilliams, Kelly; quarter, MacDougall; scrimmage, McIntyre, Curry, Rutherford; wings, Montzambert, McKenzie, Cameron, Campbell, Cleland, Cook, MacIlwraith.

Dentals—Back, Rudell; halves, Gilfillin, Gibson, Lacey; quarter, Mason; scrimmage, Campbell, Doering, Campbell; wings, Mooney, Peaker, McKenna, Amey, Milburn, Peters, Wiley.

Referee—Thrift Burnside.  
Umpire—Reg. McArthur.

#### NOTES.

McWilliams and Blanchard kicked well, and Kelly got in his usual sprinting.

"Glen" McDougall put up a good game at quarter, and the scrimmage ahead of him did well.

Big "Alec" McKenzie was always in the game.

#### '00 DEFEAT '01

Game Closer than Expected—'01 Puts Up a Hard Fight

The game between Seniors and Juniors in the Mulock Cup Series came as a sort of surprise. '00 had expected, from all reports, to run up a big score against '01;

but the husky Juniors somewhat surprised them. Instead of an overwhelming defeat, the final score only stood 14 to 6, in favor of the Seniors. The teams lined up as follows:

'00—Back, Sinclair; halves, Harrison, Beal, Kilgour; quarter, Gillespie; scrimmage, Shenstone, Harcourt, Kay; wings, Meredith, Telford, Gibson, Graham, Armstrong, Mitchell, Donovan.

'01—Halves, Brown, Aylesworth, Smilie; quarter, Robertson; scrimmage, Simpson, Shenstone, Headley; wings, Urquhart, Telford, Wood, Potvin, Clark, Gowland, Armstrong, Macpherson.

Referee, Percy Biggs.  
Umpire, Dick Fudger.

In the first half, '00 ran up eight points to their opponents' two. The game had only been in progress about thirty seconds when Mitchell, '00, went over for a try from a return punt by Smilie. (This was converted by Shenstone.) This should have disheartened the Juniors, but instead they pushed the ball up to '00's line and were only prevented from making a try by their hurry, which caused a touch-in-goal, instead. Score, 6-1. Again, the ball was rushed into dangerous proximity to the Senior's line, but was rouged. Score, 6-2. A touch-in-goal and a rouge by the Seniors made the score 8-2 at the end of the first half.

The Juniors seemed to have acquired new strength during half-time, for they rushed the ball to such advantage that for several minutes the ball hung in scrimmage, right on '00's line, and finally went over in the arms of Percy Brown for four points. This '01 failed to convert. Score, 8-6. Whether or now thought they had showed sufficient of their power or not, we cannot tell, but suffice it to say that from this out the Seniors' goal was never again dangerously threatened. The ball now slid up the field and by a well arranged series of passes '00 sent Harrison over for a second try, which Shenstone again converted. Score, 14-6. This ended the scoring, and '00 repaired to the Gym. to talk over tactics for defeating '02 in next Saturday's game.

#### S.M.C. DEFEAT VICTORIA

The Methodists Defeated by the score of 22-0.

The first of the series of Rugby games of the year at Varsity for the Mulock Cup was played yesterday afternoon, when Victoria, the new team, met their Waterloo at the hands of St. Michael's College. The score was 22 to 0, and at half-time, 18 to 0. The game was a fair exhibition, and some good plays were made on both sides, although the Victorias were out-classed and never in the race. Only on one or two occasions did they reach St. Michael's quarter-line. The feature was the goal kicking by Sherridon, who converted three out of four tries in a clever way, as they were almost on the touch line.

Only a few students saw the game, which was somewhat late in starting. St. Michael's won the toss, and kicked south. Shortly after the kick-off Sherridon went over for the first try, and converted the goal—6 to 0.

This was followed by a try from Duggan, and Sherridon converted. Score, 12 to 0.

The play was mostly scrimmage work for the rest of the half, until shortly before time Cryne bucked the line and got the third try, which was, as usual, converted. Score, 18 to 0.

In the second half the ball never got past the half line, and was nearly always in Victoria's quarter. After about 10 minutes had been played Sherridon was given the ball and went over, but this time failed to convert the try. Score, 22 to 0.

This finished the scoring, and when time was up the play was still in Victoria's end.

The teams:  
St. Michael's (22): Back, Piggott; halves, Sherridon, Dissette, Collins; quarter, Cryne; scrimmage, Staley, Hayes, Carter; wings, Stormont, McAllister, Maguire, Bluett, Duggan, Rossiter.

Victoria (0): Back, Ferguson; halves, Speers, Nelles, Amy; quarter, Chown, scrimmage, Doyle, Fowler, McCormick; wings, Eakins, McIntyre, Davidson, Burwash, Dobson, Porter, Addison.  
Referee, Harrison. Umpire, Kirk.

#### THE BEST GAME YET

Primary Meds. Bow Down to the Sappers and Miners—Score 8-0.

And great was the fall thereof! The Primary Meds. "champeen" fifteen walked off the gory gridiron with their heads hanging low, and their fingers in their ears to stop the ringing cheers of the victors. So it had to be, for the gods had so decreed. But the younger sawbones died hard, and with their opponents, S.P.S., put up the hardest and hottest game of the first round. Many were the  
(Continued on page 3).

## MOCK PARLIAMENT NEXT FRIDAY NIGHT

### An Innovation will Mark the Next Open Meeting of the Literary Society, when a Mock Parliament Will Be Presented.

#### PLATFORM ANNOUNCED

Many Reforms Wise and Otherwise Will Come Under the Radiating Intelligence of the Honorable Members.

The Platform for the Mock Parliament to be given at the open meeting of the Literary Society next Friday evening, Dec. 8, is as follows:

Honorable Gentlemen of the Senate:  
Gentlemen of the House of Commons:  
We have much pleasure in welcoming you to this, the thirteenth Parliament of Canada, and in congratulating you upon the marked prosperity of the country. Our commerce is rapidly increasing, the agricultural returns show a marked advance upon those of previous years, and the agricultural condition is exceedingly promising. We sympathize with the Motherland in her present troubles, and have by an Order-in-Council given practical proof of our sympathy, and our desire for greater union throughout the Empire by sending a contingent of Canadian volunteers to assist her in her righteous war. May heaven grant success to their arms! We have every confidence that this will meet with the approval of the gentlemen of both the Senate and the House of Commons; and furthermore that under this ministry, which has been approved of by the electorate, the country will continue to make rapid progress.

Honorable Gentlemen of the Senate:  
Gentlemen of the House of Commons:  
The following measures will be proposed for your consideration:

1. To authorize the offering of a second contingent of Canadian volunteers for service in South Africa.
2. To authorize an offer to the Imperial Parliament, to assist in the formation and maintenance of our Imperial navy.
3. To establish a differential tariff in favor of all British possessions.
4. To regulate Trusts.
5. To remove Toronto University from under government support.
6. To bring all the colleges of Canada under the control of one central body, to be known as the University of Canada.
7. To abolish all sectarian control of colleges.
8. To compel the adoption of English Rugby Rules throughout Canada.
9. To establish a battalion of University students.
10. To compel all who voted on the abolition of liquor at all University of Toronto functions, to buy tickets for all said functions.
11. To offer a monetary inducement to all women graduates of Canadian Universities to marry farmers, in order to induce the male graduates to return to the farm and prevent the overcrowding of the professions.

Gentlemen of the House of Commons:  
You will be asked to vote supplies for the following purposes:

1. To establish on a sure footing, an ample University Residence at the University of Toronto.
  2. To build a sidewalk wide enough for four to walk abreast in front of the Toronto University Library.
  3. To place a tap and tin drinking cup in the rotunda of the University.
  4. To print the lectures of several of the University Professors to save them the needless worry of reading the same lecture an endless number of times.
  5. To provide a conversation-room to be run on a "co-ed" basis.
  6. To buy a hand organ with which Freshmen may supply music for all class receptions, and other College functions.
  7. To stock the swimming bath with suckers for the amusement of Freshmen.
- Premier and President of the Council—Sir Alf. N. Mitchell, K.C.B.  
Minister of Finance—Hon. E. H. Cooper, M.A., LL.D.  
Minister of Agriculture—Hon. Alexander H. McLeod, B.A., Sc.  
Minister of Marine and Fisheries—Admiral William G. Wilson.  
Minister of Justice—Sir E. H. A. Watson, Q.C., LL.D., D.C.L.  
Minister of Railways and Canals—Hon. R. Augustus Armstrong, D.D.  
Minister of Militia and Defense—Gen. James Little.  
Minister of Interior—Rt. Hon. E. F. Burton.  
Minister of Public Works—Sir Richard J. Hamilton, Bart.  
Postmaster-General—Sir Frank E. Brophy, K.C.M.

W. G. Harrison, Alexander C. Hill and E. Percy Flintoft will be gazetted as Royal Commissioners to investigate the advisability of inventing an incubator for the cultivation of millionaires, who will be willing to endow the University of Toronto.

The front benches of the Opposition will be filled by:

Sir Frank E. Brown, K.C.B.; Hon. J. F. N. Stewart, Mr. C. Gamey, Q.C.; Admiral Geo. Kay, Mr. E. J. Kylie, D.C.L.; Sir A. F. Aylesworth, Bart.; Col. A. W. Keith, Mr. A. J. Fisher, D.D.; Hon. J. W. Cunningham and Lord Millman.  
Mr. R. J. Wilson will act as Clerk of the House.

#### OSGOODE HALL NOTES

What the embryo legalites are doing. News about old Varsity men.

The present first year is a record breaker for the number of University graduates which it contains. There are fifteen from Varsity, three from Trinity and four from Queens. The system of superior education for all professional men is a feature which should be encouraged.  
"Curly" McKay is again attending lectures in the second year.

"The boy is the father of the man."—A son of one of the learned Benchers, in the third year, confirms the truth of this maxim by the number of questions which he asks in his desire to acquire learning. The lecturer generally rules that his questions are "not admissible."  
Partial exams. are on for December 19 to 22. This system of dividing up the examinations is a good one.

John Milne (Q.C. in embryo) is the star orator of the third year. He may frequently be heard on all public questions. He is coached by St. John, of Humber piggy game.

G. W. Hastings, of the first year, is laid up with his literary efforts in a "Midsummer Night's Dream."

H. G. Myers is with us again after a few weeks' recuperation.

Why not give the first year men honor papers. At least one man wants them.

Several pupils have promulgated the pernicious practice of perusing the daily papers during lectures. This should be discouraged, as it is not giving the lecturer a square show.

Campbell McMurchy is attending lectures in the second year. He is practising with Wells, McMurchy & Co., C.P.R. solicitors.

Messrs. Knox and Kinnear are advocating the establishment of a legal seminary.

Osgoode will have a hockey team in the game this season. It is probable that a senior team will not be entered, and with proper practice an intermediate team should land a championship. They met yesterday for organization. Some of the available material includes, Myers, Parmenter, Burns, Jackson, Smythe, Durie, McGee, Goodwin, Bradfords, Pointer, Counsell, Cassels, Scott, Bradley, Beatty and Senkler.

A new set of examiners has been appointed. Will we get it in the neck?

Why should not the Law School examinations be set by the lecturers. They should be best able to judge of the capabilities of the students.

The new system of compulsory attendance at lectures for three successive years is a good innovation. An increased esprit de corps is already noticeable at Old Osgoode. It enables the graduates and five year men to become better acquainted.

#### McMASTER vs. VICTORIA

Next Monday night the debaters of McMaster will try conclusions with the masters of forensic art, which Victoria sends out from her halls. And no doubt a battle royal, of words, will take place. The subject is of wide importance. It is one that allows of a great deal to be said on both sides, which is to be desired, for then the competition is not so much one of subject, as one of successful presentation.

Resolved, "That competition is more beneficial to mankind than co-operation would be." For the affirmative, Messrs. A. B. Cohoe, B.A., and T. H. Cornish, of McMaster, will speak; while for the negative, Messrs. J. W. Davidson, B.A., and F. L. Fairwell, of Victoria. The judges will be Dr. Parkyn, Prof. Hague, and Professor McFadden. Everyone is invited to be present.

#### FUTURE EVENTS.

Victoria Conversatione, December 1st. S.P.S. vs. Senior Meds., 3 p.m., December 1st.

'02 Arts vs. '00 Arts, 10 a.m., December 2nd.

McMaster vs. Victoria, Debate, at Victoria, 8 p.m., December 4th.

Toronto Meds. Dinner, December 7th. Trinity Medical Dinner, December 8th.

Dental "At Home," December 8th. Varsity Glee Club Concert, December 13th.

Varsity Dinner, December 14th.

TORONTO, DECEMBER 1ST, 1899.

### STUDENTS AT COLLEGE FUNCTIONS.

The complaint is made by every University and College that the students do not take sufficient interest in the functions, social or otherwise, of their Alma Mater; and when this cry is so often heard one is forced to believe that there is "more truth than poetry" in the assertion. It is the old question that has been raised for years—Do students come to the University or College to study only, to spend weary days in laboratory, over books or at lectures, and to saturate themselves with the fumes of much midnight oil? Surely not! And yet how many seem to conceive that to be the only end of their course at their particular institution. All will freely grant that it is the "chief end" of a student's endeavors, or should be; but it is not the only side of student life.

By isolation men grow stagnant, their minds lose their brilliancy and keenness, and if, perchance, they do not, their knowledge and learning is that of books—perverted and artificial. Men can only be understood in the book of life, and the pages can only be turned by freely mixing with one's fellow creatures. Students in the keen, earnest, pursuit of their studies often forget that the end of a University course is but the beginning of the struggle. They fail to realize that any course of studies is but an equipment for the battle of life; is but a helper in the struggle for existence and attainment of success.

What then, is the result of this false conception of a course of studies? Simply that most students confine themselves too closely to their work. "The mingling of students with their fellow-students is half a man's education," says Goldwin Smith, and who will gainsay the statement of such an eminent man? This alone should be sufficient to make all of us appreciate the true aim of any course of studies. It is not solely to cram our heads full of the pure learning of our profession, but to educate us. And how can this be best accomplished? By devoting one's best energies to one's studies, by taking an interest in some branch of athletics, and by attending some, at least, of the social functions of one's College.

Athletics or gymnasium work clears away the cobwebs from a man's brain, and social functions help to grind down the corners. None of us should neglect either or both, but remember always that the sole aim of an "education" is not "learning," but something more. It is learning plus culture. The former is obtained in lecture-room, laboratory and study, and the latter in athletics and social functions. We should therefore pay due attention to all of these.

### Heard in the Halls.

During the "scrimmage" your watch may be injured. Proctor, the watch specialist, can repair it.

F. D. McEntee, editor of "College Topics" has been confined to his room for the past two weeks with a threatened attack of appendicitis.

The first joint Monday lecture will be delivered next Monday, December 4th, by Professor Mavor. The subject is "Russia." Illustrations will be given during the course of the lecture.

Hon. G. W. Ross and Mrs. Ross entertained the Varsity Senior Rugby team, Intercollegiate champions of Canada, at dinner last Friday evening at their residence, 1 Elmsley Place.

Arrangements are fast being completed for the S.P.S. dinner to be held December 8th, and a "greater and grander time than has yet been" is promised. Every School of Science man is expected to do his duty, and be on hand to do honor to the school.

The following '99 men were on the Primary Meds' team: Snell at half-back, Ross at quarter, Dakin at inside, Sinclair at middle wing, and Henderson at outside wing. "Jack" Parry would have been on had he not been taken sick. This is a pretty large representation.

Proctor repairs watches. 344 Yonge street.

The many friends of W. A. R. Kerr, B.A., the well-known graduate of last year Arts, will sympathize deeply with him in his bereavement on the death of his father, Mr. Thos. Kerr, of the Standard Life Assurance Co.

The University of Toronto Hockey Club held its annual meeting yesterday, when the following efficient officers of last season retired: President, R. Y. Parry; Manager, A. A. Shepherd; sec.-Treas., J. Isbester; Captain, A. E. Snell; Committee, J. R. Parry, A. W. McKenzie. The financial report showed the club even. A fuller report will be given next week.

No one will complain at having to pay to see the Mulock cup games when they learn that the Rugby Club is endeavoring by this means to help its straitened financial conditions. The club was most unfortunate during the past season with regard to bad weather for important games; and although the strictest economy has been practiced there is no doubt but that quite a deficit will be reported. The management, however, feel confident that they will be able to wipe this out before the year closes.

The third annual reception of the year '01 took place in the East Hall on the afternoon of Friday, November 24th. The other years were ably represented by their officers, and '01 was pleased to see Miss Woolverton and Miss Patterson, graduates of '99, present. The attendance was large for a small year, and everybody reported an excellent time. Several of our enterprising juniors were afterwards seen, accompanied by fair damsels, at the Osgoode-Varsity debate. Refreshments were served in the ladies' waiting-room, by A. Williams, and the music was rendered by Glionna's orchestra.

A lecture will be given Saturday afternoon, December 2nd, in the Chemical Building, under the auspices of the Alumnae Association of University College. The speaker, Captain John Ross, retired officer of Her Majesty's Border Regiment, has served in South Africa, during the Zulu war, under Sir Evelyn Wood and General (then Colonel), Buller. Two years service later in the Transvaal made him still more familiar with the habits of the Boers. It is probable that no one in Canada is so well able to discuss the subject "The Boers and the War in South Africa." Tickets may be purchased from the Registrar; Miss Salter, or at Tyrrell's book store, King St. West.

A large number were present at the regular meeting of the Women's Literary Society of University College, Saturday evening, at the Students' Union Hall. After the business was dispensed with, Miss Street, in a neat little speech, thanked the girls for the honor conferred upon her in making her honorary-president of the society. Miss Francis, '01, read a biographical article on "Kipling." Miss Wilson, B.A., read several selections from this writer in a manner which showed a thorough appreciation of England's famous patriotic poet. Mrs. Weston sang Kipling's "Recessional," in good style. Miss Robertson, '01, also sang in her usual charming manner, and Miss Kitty Patterson favored those present with several violin selections, which were very much enjoyed. The last and most amusing feature of the programme was the production of Howells' farce "A Letter of Introduction." Misses Preston, King, Marshall, McAlpine, Archer and Ward, showed a great deal of skill in the rendering of their parts. The National Anthem brought the proceedings to a close.

### TRINITY MEDS

The meeting of the Medical Society on November 21st, was well attended, and those who were present were more than rewarded for their time by the papers read that evening. Mr. Perry's paper on "Cholera Infantum," was a masterly one, and not only scientifically dealt with this very common disease, but pointed out clearly some of the "pleasures" of the midnight drives, experienced by many a practitioner back in the country.

The paper read by Dr. Anderson, on "Clinical Reports," was much appreciated by all. Everyone said that after hearing Dr. Anderson, they thought they were in a much better position to do good clinical work than before.

The next meeting will be held next Tuesday evening, and the committee desire as large an attendance as possible.

As the time for the annual Banquet approaches, the enthusiasm among the student body grows greater day by day. The committee are "hustling around," and there is every indication that the Banquet this year will totally excel anything ever held by any Medical College in the province of Ontario. When our committee are willing to sacrifice their time to insure the success of our annual function, we think that the least the boys might do, is to purchase their tickets as soon as possible and not keep the committee in suspense until the last minute, waiting to see how they are going to come out. There are several reasons why we should try to make a success of the Banquet this year. Our College was founded in 1827, just half a century ago, and when we come to consider that "for fifty years our school hath braved the battle and the breeze," we should be inspired with a feeling of pride for our "Alma Mater," and should endeavor to make the celebration of her "golden wedding," as great as the honor, which is justly hers, earned by the grand work she has accomplished under the supervision of

our able Faculty and venerable Dean. When we come to find out that this year we are to have among our guests such men as Lord Minto, Major-General Hutton, and others of equal prominence, we cannot but feel that we have in this very fact, one more assurance of success, especially in these times of war, when our fair Dominion is represented on Her Majesty's forces in the Transvaal; we should be proud to have with us the representative of the Queen, and the Commander-in-Chief of the Canadian militia. Then, again, Major-General Hutton is at present engaged in an effort to form a Hospital Corps for the militia among the profession to which we are soon to have the honor and distinction to belong, and there is no doubt but on the occasion of our Banquet, the Major will seize the opportunity of giving some explanation of the proposed plan. It seems only proper that we should all be on hand and enjoy the Banquet and become informed upon the mode of working of the Hospital Corps. Let everybody go to the Banquet.

### NOTES.

Nature abhors a vacuum.—Dean. One of the gentlemen of the final year has hardly decided whether to go to the Banquet or not. It appears he skipped the wrong corner down town the other day on his bicycle, and one of our "blue coated" friends escorted him down to the "beak." This latter gentleman thought a dollar and costs would not break his pocket (what about his heart?) Now, you wouldn't think this had much bearing on the Banquet, but that dollar and "costs," would just about have paid the ticket. Wouldn't it, Softley?

That making the seats rattle is pathognomonic of simplicity the Dean says there's no doubt.—"Turnbull and Brown." When a gentleman of the second year was reading the war news from Africa the other day, he came to where the Boers were driven into "chaos." Looking up, as if trying to brighten up his knowledge of geography, he looked perplexed, and enquired of his friends if they knew where "chaos" was?—McCauley, '02.

Rennie, '00—Klebs' Loeffler. The poorest brain class I've ever seen.—Dr. Wishart.

The poorest demonstrations ever given.—Second year.

The Literary Concert will be held in Guild Hall, McGill street, on the evening of Wednesday, the 13th December. Nothing but high-class talent has been engaged, and an enjoyable evening is assured.

Twelve o'clock—It's getting late. One o'clock—Thinks of going. Half-past one—I must go. Two o'clock—Gone.—"Dick." Voice from the door—"Better late than never." Give the freshmen more time.—Irving.

### OSGOODE WINS

Varsity Loses to the Legalites in the First Round.

Messrs. A. McLeod and G. A. Cornish represented University College on Friday evening last in the debate with Osgoode Hall. Osgoode was represented by Messrs. H. Fisher, B.A., and I. McNece, B.A. The subject for debate was Resolved, "That Governmental ownership of railroads in Canada would be more beneficial than the present system." Osgoode supported the affirmative, and Varsity the negative. Both sides showed a careful study of the subject, and handled their matter ably. The vital point seemed to rest in whether Governmental control meant Governmental management. Mr. McLeod contended it did, while Mr. Fisher argued to the contrary. Mr. Fisher's arguments proved the strongest, however. The judges, D. R. Wilkie, Esq., Professor Clark and Professor McKay, decided in favor of the affirmative. Both the representatives of University College labored under considerable disadvantage, in that the question lay entirely outside their line of work; while the Osgoode men were both graduates in Political Science. Mr. McLeod and Mr. Cornish deserve congratulation for their able handling of such a subject.

### PRIMARY MEDS. DEFEAT U.C.C.

The Primary Meds. can chalk up one victory to their credit for this year, at any rate, for last Saturday morning they defeated the Upper Canada College strong fifteen by 10-3. It was a hard game, and the Meds. deserved to win. The feature of the game was McLeod's great kick from the side when he converted a try. The Meds' team was: Back, Klotz; halves, Wright, Gray, McLeod; quarter, Ross; scrimmage, Smith, Gunn, Cook; wings, Sinclair, Groves, King, Parry, Ralph, Allan, Sutton.

Columbia University has 2,800 students. The current expense of the University amounts to \$800,000. The gifts to the University during the last year amounted to \$346,400.

The University of Paris, with her 11,000, has the largest register of any University in the world. Others follow in the following order: Berlin, 9,629; Vienna, 7,026; Madrid, 6,143; Naples, 5,103; Moscow, 4,461; Harvard, 3,674; Oxford, 3,365; Cambridge, 1,929; Edinburgh, 2,850.

Under the laws of China, the man who loses his temper in a discussion is sent to jail for five days to cool down.

EDUCATION DEPARTMENT CALENDAR

Dec. 5.—Practical examinations at Provincial Normal Schools begin.

11.—County Model Schools examinations begin.

13.—Written examinations at Provincial Normal Schools begin.

15.—County Model School term ends.

15.—Provincial Normal Schools close.

22.—High Schools first term, and Public and Separate Schools close.

### NOTES.

The third meeting proved to be a great success. With such compositions as last night, the standard of St. Charles will be so raised as to eclipse St. Michael's Lit. Carter's "initial debut" was most successful, and he captured the audience by his fine delivery. Wait until the debates commence, Jim. Moriarity says he is getting "soaked." Just look at the honor, Eddie.

## ATHLETIC DANCE A GREAT SUCCESS

The Large Gymnasium was the Scene of a Most Enjoyable Social Event.

### ARRANGEMENTS EXCELLENT

Music, Floor, Refreshments, all Splendid and the Large Room Not Too Crowded.

An ideal place, just the right number, perfect floor and music, excellent refreshments, and a most enjoyable time, was the general verdict, as the 450 people wended their tired way home, about 3 a.m. Thursday morning, after the Athletic Dance, or, as it is popularly known, "Rugby." The dance was a great success from every standpoint, and much credit is due to the excellent work of the various committees, and especially to Mr. T. A. Russel, the energetic and genial secretary of the Athletic Board. Mr. Henderson looked after the decorations well, and the usually bare Gymnasium was brightened by much blue and white bunting and numerous flags.

Mrs. Hutton and Mr. R. Telford, President of the Directorate, received the guests at the entrance to the Gymnasium. About 9 o'clock, Miss Mowat arrived, and the set of honor was formed. The couples that danced were: Mr. Telford and Miss Mowat; Mr. Russel and Mrs. Ross; Commander Law and Mrs. Hutton; Sheriff Mowat and Mrs. Galbraith; Mr. Greig and Mrs. B. E. Walker; Prof. Hutton and Mrs. Mowat; Mr. A. F. Barr and Mrs. McPhedran; Mr. G. W. Ross, Jr., and Mrs. Baker.

Rugby is always one of the prettiest dances of the season, and one reason is that there are so many beautiful girls there, who have not yet made their "debut" into society, nor become spoiled by it. Rugby this year was no exception to the rule, indeed rather a greater proof of it than usual. The dance was a great success from every standpoint, and Mr. Russel reports a substantial balance on the right side.

### ST. MICHAEL'S NOTES

The bi-weekly meeting of the St. Charles' Literary Society was held on Tuesday evening, in the usual place at 7:30.

The meeting having been called to order of the Reverend President, the minutes of the previous meeting were read by the secretary. They were then proposed for adoption by Mr. J. E. Carter, in a neat and well-worded address. His motion was ably seconded by Mr. E. J. Moriarity, whose oratorical ability is of no mean standard. A vote being taken, the minutes were adopted by an overwhelming majority. Essays by Messrs. Luby, Taschereau and Gillespie, followed. Mr. E. S. Luby's composition: "Twenty Years Ago," was well written. It was most interesting from the beginning. Mr. M. Gillespie's writing, "Lake Simcoe," showed that the writer has cultivated a fine taste for nature and its beauties. The reading of this composition was not as good as that of Mr. Luby's, and so lost a part of its force. "A Shipwreck" was the title of a well written composition by Mr. G. E. Taschereau. The writer has a vivid imagination, but his sense of originality is far below the standard. Mr. E. J. Cryne condescended to favor us with a selection from "Dooley," the reading of which, in Cryne's inimitable way, evoked loud applause. Master Louis G. Hopp's reading, "Twenty Years Ago," was excellent, and his inflection perfect.

The last essay of the evening was one of the best ever heard in the St. Charles' Literary Society. The writer, Mr. H. J. Sheridan, treated his subject "A Southern Plantation," in a most efficient manner. Mr. Sheridan has had the opportunity of spending a few months on one of these picturesque spots of the "Sunny South," and so realistic did he picture the scene, that his audience almost imagined themselves there with him. The meeting thus closed was one of the most successful in the history of the organization. Next meeting, December 12th.

Jack and Joe had quite a painful meeting last Saturday.

P. J. Hesten has been ill for the last couple of weeks. The boys are glad to see him back in class again.

St. Michael's Literary Society held its usual meeting on Sunday last. In the absence of the President, Mr. Walsh occupied the chair, and acted in the capacity of critic, a position for which he is apparently well adapted. After the reading of the minutes by the Secretary, papers were read by Messrs. Hehir, Morley and Savage. Although each of the essays was quite up to the standard, yet, we feel that Mr. Morley's biographical sketch of "Cicero" deserves especial praise for the mastery with which the subject was treated. The paper clearly shows that Mr. Morley is a man who has read much and knows how to link his composition together so as to give it the highest literary effect, and we hope to soon again hear something of a like nature from this talented writer. The meeting was closed

after a stirring address from the chairman, wherein he discussed at length the excellence of the work already done by the society, and the brilliant future that must necessarily fall to its lot if such work continues.

I wonder if Stormont has a season ticket.

"We have no doubt a better team than has been."—Harry.

Kelly showed up well at outside wing. "Jack" Brothers is turning out with the Rugby team, and will be a good player in a few seasons.

"Say, why did you let Duggan into this room?"

"Joe" Roslen, our fast wing player, was slightly injured in a game the other day, but is coming around all right again.

"At last I had a game." Bill Thompson played inside wing for the Second team on Saturday, and did very well.

Luke Callon, the star wing man of the team, has come out again, and will be a welcome addition to the team.

Sheridan was the shining light of St. Michael's Rugby team. His goal kicking was very clever.

We play on Monday, December 4th. Here's hoping we win!

Hinchman was over to see the game. How did he get out? (puzzle).

"Lord" Hayes heeled the ball out well, and was very much disappointed that the game was called so soon.

Dan Pickett had not much to do. He got the ball once. That is saying a lot for our boys. Cheer up, and win again.

### MULOCK CUP SERIES

(Continued from page 1).

stoppages for lack of wind and such minor injuries, and several incipient scraps were only smothered in the nick of time, to prevent a general riot.

Ask an S.P.S. man about the game and he will say: "The score doesn't nearly indicate the play. Why, 33-0, would be more like it—(cf., Senior Meds. and Dents.)" Then ask a Primary Med., and his answer will probably be, "Why, their two tries were nothing but flukes of the worst nature, and we were called back once or twice." Then ask an impartial observer, say, "Reddie" Lamonte, and he will say: "Both teams are 'marks,' but the S.P.S. 'guys' won, so I guess they won." "Yes! I guess we won," says a chain-dragger. "Yes! I guess you did," agrees a saw-bone Junior. And there the matter rests.

Promptly at 3:15 Referee E. P. Brown, with his body-guard, "Feather" Aylesworth, appeared on the battle-field, and reaching down in the depths of his experience, he decided to put a stop to the superfluity of talk that has graced Mulock Cup struggles for years. "No talking," said Brown, and none there was. "No need," said every man to himself, "actions speak louder than words." Then the whistle blew and the struggle began. And it was a battle royal that the two teams fought. They hammered each other as hard as they could, and contested every inch as if their lives depended on the game. The greater part of the play, it is true, was in the Meds.' territory, but time and again the S.P.S. line was in great danger, and only their superior weight beat back the opposing forces.

The first score was somewhat "fluky," for Lang, an S.P.S. man, picked up the ball out of a mix-up, and dropped over the Meds.' line for 4 points. Great was the joy among the chain-draggers, but the try was missed. Four points to none was the score at half-time, and until a few minutes before time. Then Klotz, the Meds.' full-back, caught the ball behind his goal, and when he was going to kick it, some unchristianlike person, named Gibson, grabbed his foot, the ball slipped off the side of it, and four more points for S.P.S. The try, however, was missed, leaving the final score, 8-0.

The two battle-lines were: Primary Meds.—Back, Klotz; halves, Gray, Snell, Wright; quarter, Ross; scrimmage, Cook, Gunn, Smith; wings, Sutton, Dakin, Sinclair, Ansley, Hunter, King, Henderson.

S.P.S.—Back, McDonald; halves, Bertram, McArthur, Lang; quarter, Dixon; scrimmage, Empey, Douglas, Isbester; wings, Harvey, McLennan, Campbell, Gibson, Taylor, Thorne, Parsons.

Notes of the Game. The surprise of the day? The Meds.' scrimmage. "Dave" Smith—the man with the limp—Gunn, and "Alderman" Cook, played together splendidly.

The S.P.S. half-back line was a great surprise. Who would have thought that Bertram could catch a ball like a professional, or that McArthur could kick (a ball), so far? Lang also did well.

"Art" Snell was the bright, particular star of the Meds. Several of his runs were meteoric in their brilliancy.

"Sliver" Isbester, and foxy "Willie" Douglas, of the S.P.S. scrimmage, played like roaring lions. No hole was too small for them to get through.

The Meds. got 8 free kicks to S.P.S. 3, in first half, and 4 to 5 in the second. The total was 12 to 8.

Captain Wright, of the saw-bones, played a good game and kicked well. "Jimmie" Gray also did well.

"Some brute deliberately spoiled the symmetry of my face," said "Billy" Dakin, "and I have a friend in the city just now. 'I told you so,' said a freshman, 'Why didn't you fellows practice just a little?'"—"I told you so!" "Hal! Hal! Freshie."

## Who wear "Semi-Ready"

No Canadian clothing maker has ever attempted successfully what "Semi-ready" is doing to-day.

"Semi-ready" is now quoted as standard of Canadian gentlemen's clothing.

It is worn by men qualified to judge good clothing—who have worn nothing but high-priced "custom-tailor" made Goods before they began wearing "Semi-ready."

In less than nine months "Semi-ready" has won from the "custom-tailor" the large trade of our six Wardrobes in four cities.

Much of this trade is from the high-priced, "unapproachable" custom-tailors, because "Semi-ready" is equal to the best and costs a third less.

Some is from the medium-priced custom-tailor's trade, because "Semi-ready" costs no more than mediocrity and is equal to the best custom-made.

Sold at the stage which shows you the general effect of the garments—afterwards completed with individual expression included.

Designed by the best artist in Canada. Sold in the finest gentlemen's clothing stores on this continent, and on the broadest guarantee. Your money back if dissatisfied. Delivered the day you order. \$20, \$18, \$15, \$12, \$10 per suit or overcoat.

### '02 WINS FROM '03

The Freshmen a thing of the past in the Mulock Cup Series.

In the second game of the Mulock Cup series played on Friday, November 24th, the second year Arts defeated the Freshmen by 21 to 4. The half time score was 21 to 0; and although the score is very one-sided, the game was a good exhibition of Rugby. In the second half, especially, the Freshmen put up a stubborn fight, and managed to hold the ball most of the time, effectually preventing any more scoring. Fudger, Fleck and G. Biggs were the Freshmen stars. Percy Biggs did most of the scoring for the second year by three brilliant runs. Paterson and Brodie also contributed. Needless to say, McKenzie did his share and even more, his long punts being a feature of the game. McKenzie, Paterson, McHugh and Darling would make a very fast back division; and the whole team may be counted on to give a good account of itself in the remainder of the series. The teams:

'03—Back, Foy; halves, Fudger, G. Biggs and Wallace; quarter, Fleck; scrimmage, Rutter, Carter and R. Biggs; wings, Gander, Hoyle, MacDougall, Morrison, White, Hargrave, Hills.

'02—Back, McHugh; halves, McKenzie, Patterson, Little; quarter, P. Biggs; scrimmage, Stratton, Mullin, Smith; wings, Ingram, Dean, Brodie, Martin, McDiarmid, McGregor, Smith.

Umpire—R. Mullin. Referee—Merredith.

### '02 WINS FACULTY CUP

And '00 are bewailing the fate that made them lose the game.

The final match for the Faculty Cup in Association Football was played Tuesday, November 28th, on the campus, between '00 and '02. At three o'clock the game began. It was one hour later than called, and it is surmised from the sleepy way in which some of the Century men played, that they were late on account of just arising from their downy couches. The sophomores had the best of the game throughout. During the first half, Harrison, Telford and Cooper did noble work in repeatedly saving the '00 goal. The Century rushes were few and far between. Only one shot, in fact, was any way dangerous to the '02 goal, and it was stopped by Soule.

In the second half, Clare and Hume, on the '00 left wing, did good work, and at times gave the sophomore defence all they could do. But the '02 wings were also wide awake, and a short time before the end of the game, Gilchrist punctured the Seniors' goal. This was the only score made, and the game ended with '02 holders of the Faculty Cup.

The teams lined up, as follows: Sophomores—Goal, Soule; backs, Roebuck, Rumble; half-backs, McDiarmid, Amy, Biggs; forwards, Hamilton, Broder, Martin, Gilchrist, Cranston.

Seniors—Goal, Cooper; backs, Harrison, Telford; half-backs, Ferguson, Noble, Graham; forwards, Clare, Hume, McLeod, Simolair, Whillans.

## LADIES' GLEE CLUB COMING CONCERT

The Ladies of the Art Faculty of the University of Toronto to Hold a Concert.

DEC. 15th THE DATE FIXED

Mrs. Agnes Knox Black will Recite—The Normal School Theatre has been Secured.

The Ladies' Glee Club have shown commendable enterprise, both last year and this year, in holding a public concert. This will make two seasons that they alone have represented the University of Toronto, in vocal music, and the ladies certainly deserve the thanks as well as the earnest support of all students both male and female. The undertaking of preparing for, and managing successfully a concert of the high order that this promises to be, is no small one. The officers of the club, however, are especially capable and energetic, so that the success of the concert is assured. The following are those who have charge of the Glee Club this year: Hon. President, Mrs. Alfred Baker; President, Miss C. S. Wegg; Vice-President, Miss Dingman; Secretary, Miss M. M. Lang; Treasurer, Miss J. T. Robertson; Curator, Miss Edna Bilton; Pianiste, Miss M. E. Mason.

The practices this year have been remarkably well attended, and great interest has been shown in the club. Some forty or fifty have been prepared for the concert, and Mr. H. Kennedy, the instructor and leader, is much pleased with the quality of the voices and outlook for a strong club—that is from a musical standpoint.

Those who were at the concert last year will remember with pleasure the excellent manner in which it was managed. The numbers went off quickly and without the least hitch. Last year the ladies themselves, in cap and gown, acted their parts as ushers most becomingly, and this year they will, no doubt, do the same.

The club has been fortunate in securing the Education Department Theatre for their concert. This is a beautiful hall, capable of seating 600, and it is situated in a most convenient locality. It is probable, too, that the large and varied museum will be opened to the audience after the performance, and this will no doubt prove a strong attraction.

Mrs. Agnes Knox-Black, the best known and "best" of all Canada's elocutionists, will be the only outside talent on the programme. Mrs. Black has lost none of her charm or her versatility, and all will be glad to hear her again.

The full programme has not been decided yet, but the Glee Club will probably render the following numbers: "Pride of the North," "Drink to Me only with Thine Eyes," Spanish students' song, "Lost Chord," and a quartette by Misses Blight, Robertson, Dingman and Wegg. The programme is wide, and contains a wise selection of lighter as well as classical music.

The tickets may be had for 35 cents, reserved seats, and 25 cents admission. They may be obtained from any member of the committee, and the plan will be open at Gourlay, Winter & Leeming's in about a week. It is to be hoped that the students of all the colleges will patronize the concert well, as it is decidedly deserving of the earnest support of all.

### VICTORIA NOTES

On a week ago Monday evening held a reception for their friends, the ladies of the College, old members of the year, and the representatives from the other years and Varsity. After a time spent in social intercourse a short programme was given by the members of the class, and also addresses by Prof. Bell, the Hon. President, and Mr. F. Burton, Varsity representative. Then happy couples wandered up and down the hall in pleasant promenades, and about 11 o'clock betook themselves home satisfied that they had been to one of the best receptions that even Vic. had ever seen.

The debate at the Lit. on Saturday night, "Resolved, That it is unprofitable for a non-professional man to take a University education," was won by the affirmative in the persons of Messrs. C. B. Sissons and "Tommy" Greene. The new Government brought down the Speech from the Throne, which was read by His Excellency (Robert), rigged out in plug hat and royal cloak. The discussion that followed again revealed the fact that the Freshman class this year possesses some witty and powerful speakers.

Mr. C. L. McIrvine's recitations provoked even the gravest "brother" to uncontrollable laughter.

Of the 90 men in the Senate of United States, 53 or about 60 per cent. are Collegebred.

This year's Yale Academic Graduating Class shows an average expenditure of \$915.47 for the four years. It cost the average man in his class \$848.20 to get through his freshman year, \$905.37 for the sophomore year, \$941.23 for the junior year, and \$966 for the Senior year. In the freshman year three men spent over \$2,000, in sophomore year five men spent this amount, in the junior year 11 men, and in Senior year seven men. The largest average expense for the four years was \$2,800, and the smallest average, \$91.25.

### PHARMACY NOTES

We of Pharmacy can now sympathize fully with the gentleman of ancient times who saw the Promised Land, but for certain reasons was not allowed to enter. He, however, has gone us one better, in that to him reasons were given, while to us nothing came but a slam of the door in the face. And so far we have been unable to unravel the mystery to the satisfaction of our reason. So I'll pass it along to mightier minds. We tied the Dentals II. by a score of 1 to 1; beat the husky exponents of Presbyterian Theology, 3 to 0; gave the standard-bearers of aqueous salvation a 2 to 0 score to ponder over; left Varsity II. with another 2 to 0 of Pharmacy make; dealt the Normals a star producer in the shape of 3 to 1; played the Junction a nit to nothing tie, and in the play off bumped against the hardest of hard luck by having a one slip through our goal. Can you guess why? I can, and here it is: 1. Our own particular little god of fortune was off on a business trip about the exams, so soon to come upon us. 2. The double worry of exams, and football produced a sufficient inflammation of the motor nerve centres to prevent Pharmacy's usual sure shooting. 3. The Junction won. This last is about as good a reason as any for the present existing state of affairs, and if it is thought that either team had a sinecure ask the other fellow. To us has come a sample of what we so often sent to others, and it is our intention to swallow it whole, looking on it as a matter of "chickens coming home to roost."

This is a true story and happened to a western druggist. He was in the habit of doing a small jobbing trade in connection with his retail business, and had filled an order for soap from a small country dealer. Judge of the good man's surprise then on receiving the following card from the dealer:

Smallville, Oct. 17th, 1899.  
Dear Sir.—Why have you not sent the soap. Is it because my money is not as good as anybody else's. You send at once. Yours truly,

P.S.—Since writing the above my wife has found the soap under the counter.

Bob Laing, "Parson" Fisher, Harry Rae, Bill Enouy, "Alright" Wright and "Editor" Mills are the choice of Pharmacy as representatives for the functions of the colleges, which have honored us. There may be changes in the above owing to the passionate yearning some have for the parental domicile, but whoever comes or goes honor will be done the honor done us by the aforesaid colleges. The main business of our last class meeting was to decide on those to go, and incidentally let off a little bottled energy while returns were coming in. Cake-walks by various eminent professionals, negro-melodies in all degrees of melody, God Save the Dean, and a scrap between the leather-weights, filled the gap to a nicety. Speeches from the standard-bearers followed. Fisher showed a full knowledge of the ordinary events of life; Wright thought some things that Messer didn't think; the others said "Ta-ta," and promised to be good; "La Buntz" took the bun, Reuben said that he was proud to have been with us on so many occasions, and "grandpa" gave us a soliloquy on pedestrianism.

Queries for Exams.—1. Would a man be justified in classing baseball bleachers with chemical bleachers? In calling an "atom" a social function? In alluding to a fish supper as "a finny-tea" (affinity); in threatening "Stamen" till I draw my 'pistol' and I'll perforate your 'areolar tissue'?"

2. Could an evaporating dish be described as "a hot thing," a "graduate" as "a thing of the past," a "pipette" as "a lover o' pie," a "retort" as "an acid answer," a "balance" as "fishy since it is scales," and "tiresome" because of its "weights?"

3a. If a cow ate a bushel of turnips in an hour how long would it take her to run a mile?

b. Would drowning "in his element" be too mild a punishment for the discoverer of a new one?

c. The most enjoyable of cell studies; Is it plant cells, prism cells, awful sells or dannels?

d. Could a fool customer be described as a "counter-irritant?"

### THE EXAMINERS.

The following members of the Faculties of the University of Toronto will act as examiners next spring in the Departmental Examinations:

Matriculation and Part II. Junior leaving and Senior leaving standing:  
English and History—W. J. Alexander, Ph.D., Toronto; P. Edgar, Ph.D., Toronto.

Classics—A. J. Bell, Ph.D., Toronto; W. G. Johnston, Ph.D., Toronto.  
Moderns—A. H. Young, B.A., Toronto; W. H. Fraser, B.A., Toronto; L. E. Horning, Ph.D., Toronto.

Science—W. J. Loudon, B.A., Toronto; R. R. Bensley, B.A., Toronto.

Part I. Junior leaving standing or Public School leaving examination.—A. Carruthers, B.A., Toronto.

C. C. Hughes, delegate at large Amateur Athletic Union, states that the Paris

Exposition officials, with the support of the French Government, will give amateur athletic sports in every branch official recognition and financial encouragement at the Paris Exposition in 1900. The French Government will encourage Olympic games, and athletes of the United States are now making preparations to go to Paris in 1900, under the Amateur Athletic Union auspices.

## COLLEGE TEAM DEFEAT THE WESTERNERS

A Hard Game of Association Football for the Caledonia Cup.

COLLEGE MEN WIN 3-1

The Game Was Never Sure for Our Men, But They Won on Their Merits.

The most successful season of Association Football, which the Inter-College League has had for years, was happily brought to a close on Saturday by a brilliant exhibition of that artful game. An undersized, but enthusiastic crowd witnessed the struggle for the Caledonia Cup, between the Western picked team, and a picked team from the College League. For several years the games have resulted in victories for the West, but this year the laurels were decidedly the other way.

At 2.45 p.m., Referee Crawford lined up the teams, The College players kicking south.

The teams were: College—Goal, McGillvray (Knox); backs, Campbell (S.P.S.); Cook (Med.); half-backs, J. A. Jackson (Osgoode); Blanchard (Med.); Cerswell (Dent); forwards, F. C. Jackson (S.P.S.); McIntosh (Knox); Gibson (S.P.S.); Zavitz (McM.); Dickson (Osgoode).

Western: Goal—Brown; backs, Rudell, Gerry; halves, Staebler, Bowman, Gibson; forwards, Kramer, Wilson, G. Boehmer, Scherrin, Bossenbury.

From the kick-off, the College forward aggregation played a combination game, which would do credit to a team long practiced together. Their quick and accurate passing oftentimes brought the ball dangerously near the Western goal, but their shooting in the first part of the game was somewhat wild. The visitors' forward line, while not playing together so well, excelled in speed, continually, in the first half, passing the College half-backs, only to be frustrated by Campbell and Cook. The half-time whistle blew before either side had scored.

Play had only well started in the second half, when by a nice triple play up the field, "Doc" Jackson put the ball through with his head, making the score 1-0. After this the boys from the West rushed College goal for a time. A long shot on goal was leisurely picked up by McGillvray, but before he attempted to rid himself of the ball, Boehmer, the centre forward, was on him like a flash, slipping him off his feet; picked the ball from his grasp, and sent it between the stakes. This evened matters up once more, 1-1.

Play now became fast and furious, and many prophesied a tie game, but shortly afterwards, by a beautiful pass from Zavitz, "Sam" Dickson sent a hot shot through the Western goal. Score, 2-1.

From this on it was evident that the visitors were no longer able to hold the pace with which they started. Many of the players began to show lack of practice and staying power. The College men now became more aggressive, keeping the ball mostly in the Western territory. About ten minutes before the close of the game Zavitz again centred the ball, and in a general mix-up in front of goal "Doc" Jackson again slipped the leather through. Brown, the goal-keeper, was thrown violently down, receiving a serious injury to his nose, which forced him to retire from the game. Shortly afterwards, time was called. Final score, 3-1. For the Western team, Wilson, Bossenbury, Gibson and Rudell deserve special mention. While for the Colleges, the whole forward line deserve great credit, Cerswell, Cook, and Campbell particularly distinguished themselves at defence work.

### WYCLIFFE COLLEGE NOTES

Owing to the regretted illness of the late Mr. Will Sheraton there was no meeting of the Literary Society on Friday night last.

Adams and others went to the Sardou presentation on Tuesday night. His reception on his return might be said to be sardonic. He did not sleep on the door mat, because his bed was missing, but slept on the trail of those who took it. It was with grief that we discovered the perfidy of "Pat," who basely joined—or was led away by the Freshmen, into the paths of vice and deeds of foolishness. It is with grief that "Pat" confesses his failure to duly and mysteriously score. He says it was the ink which gave him away. It looks as if the pun were hardly as originally intended. Better luck next time.

### OBITUARY

Wycliffe College has sustained a loss. Mr. Will Sheraton, the son of Rev. Dr. Sheraton, whose death on Friday night was occasion for the most sincere sorrow with everyone, was one of the brightest influences enjoyed by those who knew him. He has, ever since his ill-health compelled him, some years since, to resign his studies at Varsity, shown such a cheerful resignation that his companionship was an inspiration. In the sense that such an influence is now missing from the College and the home of his parents, his death is

truly a loss. We can regret the loss, if we should not question the wisdom which has taken him from among us. In this sense also we extend to Dr. Sheraton, the genial and respected Principal of Wycliffe College, and to Mrs. Sheraton, the sincerest expression of sympathy.
