- "An invaluable treasury of biblical lore, and a stupendous monument of literary industry. "In this improved state, Mr. Taylor's edition of Calmet's Dictionary is indispensably necessary to every biblical student. The additions made under the title of 'Fragments,' are extracted from the most rare and authentic voyages (ancient and modern) into Judaea and other oriental countries, and comprehend an assemblage of curious and illustrative descriptions, explanatory of Scripture incidents, customs, and manners, which could not possibly be explained by any other medium. The numerous engravings throw great light on oriental customs."—Horne.

- Cecil says: "If we must have commentators, as we certainly must, Poole is incomparable, and I had almost said, abundant of himself." And the Rev. E. Bickersteth pronounces the annotations to be judicious and full. It is no mean praise of this valuable work that it is in the list of books recommended to clergymen by Bishop Tomline. It is likewise recommended by Gilpin, Drs. E. Williams, Adam Clarke, Doddridge, Horne, and the learned in general.
