JOURNAL AND VOTES

OF THE

HOUSE of ASSEMBLY

OF THE

PROVINCE OF NEW-BRUNSWICK.

HOUSE OF ASSEMBLY,

FREDERICTON, SATURDAY, 27th JANUARY, 1810.

HIS HONOR the PRESIDENT having been pleased by his Proclamation bearing date the 11th July last, to dissolve the late House of Assembly; and Writs having been issued from the Chancery for Electing a House of Assembly to meet on the Second Tuesday in November last, and the same having been by several Proclamations hereinto prefixed; prorogued to this day. The Clerk of the Crown delivered to the Clerk of the Assembly a Roll, containing the names of the several Members, which appeared by the Sheriffs returns, to have been duly Elected in the several Counties, which is as follows:—

William Pagan, Hugh Johnston, John Ward and Thomas Wetmore; Esquires, for the County of Saint John.

Amos Botsford, Titus Knapp; James Easterbrooks and John Chapman, Esquires, for the County of Westmorland.

Robert Pagan, John Dunn, Donald M^cDonald and Colin Campbell, junr. Esquires, for the County of Charlotte.

James Fraser and Alexander Taylor, Esquires, for the County of Northumberland.

John Coffin and George. Pitfield, Esquires, for the County of King's.

James Peters and John Yeamans, Esquires, for the County of Queen's.

Peter Fraser, John Allen, Stair Agnew and Duncan M'Leod, Esquires, for the County of York.

Samuel Denny Street and James Taylor, Esqrs. for the County of Sunbury. And John Garrison and Stephen Humbert, Esqrs. for the City of St. John.

A Commission under the Great Seal, appointing the Honorable Ward Chipman, Esquire, Commissioner for the purpose of Administering the Oaths prescribed by Law, being produced, when the Commissioner attending, the following Members appeared, took the Oaths and Subscribed the declaration, to wit: William Pagan, Hugh Johnston, John Ward, Thomas Wetmore, Amos Botsford, John Chapman, Robert Pagan, John Dunn, Donald M'Donald, Colin Campbell, jun. John Coffin, George Pitfield, James Peters, John Yeamans, Peter Fraser, John Allen, Stair Agnew, Duncan M'Leod, Samuel Denny Street, James Taylor, and Stephen Humbert, Esquires.

Shortly

Shortly afterwards Xenophon Jouett, Esquire, Gentleman Usher of the Black Rod, delivered the following Message, to wit:

"His HONOR the PRESIDENT commands this Honorable House to attend His HONOR immediately in the Council Chamber."

Accordingly the House went up to attend His HONOR the PRESIDENT in the Council Chamber, when the Honorable JONATHAN BLISS; Esquire, Chief Justice, addressed the House as follows, to wit:

" Gentlemen of the Council, " and Gentlemen of the Assembly,

6 -

" His HONOR the PRESIDENT has been pleased to command me to ac-" quaint you, that he doth not think fit to declare the causes of calling this " General Assembly till there shall be a Speaker of the House of Assembly.

"It is therefore His HONOR'S pleasure, that you Gentlemen of the As-"sembly, do immediately repair to the place where the Assembly usually "sit, and there chuse a fit person to be your Speaker, and that you present "the person who shall be so chosen to His HONOR for his approbation, on "Monday morning next at Eleven of the Clock.."

The House having then returned to their Chamber,

Captain Stair Agnew, Member for York, rose, and addressing himself to the Clerk, said "Mr. Anderson, II is HONOR the PRESIDENT having directed "the Members to proceed immediately to the choice of a Speaker: I rise "to address you as the Clerk, and to propose, Sir, that Amos Botsford, Esq. "be Speaker of this House of Assembly.

"The length of service of this Gentleman, coeval with the political ex-"istence of the Province, as Speaker; the zeal and respectability which "has always distinguished his conduct in that character; and the professional "talents which emminently qualify him to discharge the important duties "of this Office, are the motives which induce me to propose him; and I "trust Sir, are sufficient to prevail with Gentlemen unanimously to re-elect "him their Speaker."

Which Motion was seconded by General Coffin, Member for King's.

Whereupon he was accordingly elected *nemine contra dicente*, and conducted to the Chair.

When standing upon the step, Amos Botsford, Esquire, expressed the high sense he entertained of the recent instance of the confidence of the House in nominating him to the Chair; that if his past conduct had merited their approbation, it must have arisen from the steady and uniform support he had heretofore received from the Members of the House; that he felt himself inadequate to so important an Office, and unequal to the discharge of the duties of that high station, and hoped that Gentlemen would not be so precipitate in making the Election, but think on some more proper person to fill the Chair.

He stated his utmost gratitude; that he yet wished their further deliberation; that the House would fix their attention on some other Gentleman, and permit him to do the duty of a private Member.

But the House said No, No.—Whereupon he said he should submit himself to the commands of the House; and took the Chair nem con. The House Adjourned until Monday 10 o'Clock. MONDAY,

MARTIN HUNTER, Esquire, President. 50th G. III.

MONDAY, 29th JANUARY, 1810.

The House met pursuant to Adjournment, when the Speaker elect having taken the Chair,

A Message was brought from His Honor the PRESIDENT by the Gentleman Usher of the Black Rod, requiring the immediate attendance of this House in the Council Chamber. Accordingly Mr. Speaker elect, with the House, went up to attend His Honor the PRESIDENT:

When the Speaker elect said, " May it please your Hoxor, the House " of Assembly of New-Brunswick have, in obedience to your HONOR'S com-" mand, and according to their undoubted rights, proceeded to the choice " of their Speaker, and now attend with all humility to present me to your " HONOR as the effect of that choice. I am afraid, during my long services, " many imperfections in my conduct must have been observed, and that I " need urge no other reasons, to induce your HONOR, to give His MAJES-" TY's faithful House of Assembly an opportunity of presenting one worthier " of their choice, and of your HONOR's approbation."

Whereupon the Honorable Mr. BLISS the Chief Justice, spoke as follows:

"Amos Botsford, A am commanded by His HONOR the PRESIDENT to "acquaint you that he hath so good an opinion of your integrity, diligence " and sufficiency for executing the important office into which you are " elected, that His Honon is perfectly satisfied with the choice which the "House of Assembly have made, and doth allow and confirm you to be " their Speaker."

Mr. Speaker then said, that since His HONOR the PRESIDENT was pleased to approve the choice the House had made of him for their Speaker-He in their name and on their behalf laid claim to all their ancient rights and privileges; particularly that they might enjoy liberty of speech and access to His Hoxor's person whenever occasion should require.

To which the Honorable Mr. BLISS the Chief Justice, replied as follows: Speaku

"The PRESIDENT hath the greatest confidence in the duty and affection " of this House of Assembly to His MAJESTY's person and Government, " and in the wisdom, temper and prudence which will accompany all their " proceedings; and His HONOR doth readily and willingly grant and allow " them all their privileges, in as full and ample a manner as they have at " any time been granted and allowed."

And then-His HONOR the PRESIDENT made the following SPEECH to both Houses.

" Gentlemen of the Council,

" and Gentlemen of the Assembly,

" I had entertained a hope that the principal thing which, at this meet-" ing, I should have to propose for your deliberation, would have been the " continuance of our ordinary Provincial Revenue, with some few additional " appropriations for the ensuing period: But, from recent occurrences, it " appears to be requisite, that we should extend our regard to other and " more arduous concerns; and that I should now recommend to your seri-" ous consideration, a renewal, with every practicable improvement, of the " Law for regulating and training our Militia, and for enabling the Execu-

: "tive

"tive Government, promptly and effectually, to call into action the force of the Country, whenever its defence or safety may require. And here I am happy to inform you, that, from my own observation of the progress made by the Militia, under the regulations appointed at the last Session of the General Assembly, I can have no doubt of their future zeal and alacrity, on every service to which they may be called, in discharge of the duties that bind them to their King and Country.

"In the course of last Summer, a detachment of the Troops has been em-"ployed on a part of the Road between Fredericton and St. John, which, "upon careful examination, appeared most to require assistance. This ser-"vice I trust will be found to have been faithfully and beneficially perform-"ed. Much, however, yet remains to be done on this, and on the other "public Roads; to which I doubt not you will give all due attention.

" Gentlemen of the Assembly,

8

"I have directed the Treasurer's Accounts, with such other documents as may be requisite for your information, to be laid before you. Among "these will be found an Account of the expences lately incurred (part of which are yet unpaid) and an Estimate of what appears further to be wanted on the Road to Saint John, for which I rely on your making adequate Provision.

" Gentlemen of the Council,

" and Gentlemen of the Assembly,

"Such further objects as I may have to propose, shall, in the course of the Session, be communicated by Message. In the mean time, I rely, with confidence, on your proceeding with zeal and mutual harmony in the dispatch of Public Business."

The House then returned to their Chamber. Read the first time a Bill to facilitate the communication of the different Roads in this Province.

On Motion of Mr. Wetmore, Resolved, that an Address be presented to His HONOR the PRESIDENT, in answer to his Speech.

Ordered, that Mr. Wetmore, Mr. R. Pagan, Mr. Allen, and Mr. Campbell be a Committee to prepare said Address.

The House in Committee, Mr. W. Pagan in the Chair, went into consideration of His HONOR the PRESIDENT'S Speech. The Speaker resumed the Chair, the Chairman reported, that the Committee had gone into consideration of His HONOR the PRESIDENT'S Speech, and that it was their opinion, that a Committee should be appointed to revise the Militia Law; and also to examine what Laws are near expiring. Ordered, that Mr. Peters, Mr. Ward, Mr. Chapman, Mr. M'Donald, and Mr. Humbert be a Committee for revising the Militia Law. Also, that General Coffin, Mr. Johnston and Mr. Fraser be a Committee to examine what Laws are near expiring.

Ordered, that the further consideration of His HONOR the PRESIDENT'S Speech be postponed till to-morrow.

"The recent occurrences, alluded to in your Honor's Speech, are of such "a nature, as to command our most serious consideration: and we do pledge "ourselves that we will, by all possible means within our power, co-operate "with your Honor, in making preparation for every exigence.

"The renewal of the Law for regulating the Militia with every practica-"ble improvement, to render it effectual for the great and highly important "objects of the defence of the Province, is a measure we deem absolutely "necessary, and shall receive our immediate and strict attention.

" It is highly gratifying to us that the conduct of the Militia since the re-"cess has been so acceptable to your Honor as to leave no doubt in your "mind of their future zeal and alacrity in the performance of any service to "which they may be called in discharge of the duties that bind them to their "King and Country. We trust your Honor will not be deceived in the fa-"vorable opinion you have formed and it is with heartfelt pleasure we can "assure your Honor, that your conduct in the exercise of the power vested "in the Commander in Chief has not only given entire satisfaction to the "Militia, but has also inspired them with that confidence in your Honor's "mild and just Government which promises the most beneficial effects when "the safety of the Country may require their active service.

"We beg Sir, you will accept our sincere thanks for the personal exertions used by you, and the wise acconomy with which we are fully persuaded the money granted towards improving the Road between Fredericton and St. John has been lately expended, we shall always consider the Public Roads as objects which merit very great attention; and we will therefore make the most ample provision for their improvement which the state of the public Funds will admit particularly for completing the Road to St. John.

"NEW-BRUNSWICK, 1st MARCH, 1810.

"M. HUNTER.

" MESSAGE TO THE ASSEMBLY.

"The PRESIDENT informs the House of Assembly that in the year 1794, "a representation was made by His Excellency Lieutenant-Governor CAR-"LETON, to the Secretary of State, respecting the importance of cultivating "a friendly disposition in the Savages of this Province, and securing their "future attachment; and that, with this view, the Lieutenant-Governor "had,

S9

" had, in compliance with their request, invited a Priest to reside among "them, and assigned him a salary of *fifty pounds* sterling, which being re-"ported and explained to the Secretary of State; was approved, and the "salary, payable to the Priest under the title of *Indian Agent*; was included "in the accounts of military contingent expences incurred in this Province, "and continued until the Priest was removed to another mission."

"The PRESIDENT further informs the House, that soon after his taking charge of this Government, he was importuned by the Savages to procure for them another Missionary, and, with the unanimous advice of His MA-JESTY'S Council, made application for that purpose to the Catholic Bishop of Quebec, promising a renewal of the salary formerly allowed for the same service; that a Missionary has accordingly been appointed who appears to be not unworthy of the confidence of Government; and to whom it was hoped the payment of the salary above mentioned might have been again authorised as a military contingent expence, but this, on application to the Commander in Chief, has been found inadmissible— The PRESIDENT therefore recommends it to the House of Assembly to make provision for this service.

Read a second time, a Bill to alter and amend an Act, intituled "An Act for regulating Marriage and Divorce, and for preventing and punishing incest Adultery and Fornication." Ordered that the said Bill be committed.

On motion of Mr. P. Fraser, for leave to prepare a Bill to secure certain of His MAJESTY'S Subjects, Freeholders of this Province, professing the Roman Catholic Religion, in the exercise of their Franchises as Electors of Representatives to serve in the General Assembly of this Province: Ordered accordingly.

A Message was received from His HONOR the PRESIDENT as follows, to wit,

" NEW-BRUNSWICK, 1st MARCH, 1810.

"M. HUNTER. " MESSAGE TO THE ASSEMBLY.

"The PRESIDENT informs the House of Assembly that, in compliance " with the request contained in their Address of the 2Sd of February, he " has appointed the commanding Royal Engineer, with Mr. Robert Smith, " and Mr. Alpheus Pine to make the enquiry proposed, and to report as " M. H." " soon as may be practicable.

Mr. Wetmore from the Committee appointed to conduct the free conference with the Committee of the Council on the amendments proposed by the Council to the Bill for the more easy and speedy recovery of small debts, reports that they did on the 25th ult. attend the conference, which was managed by the Honorable Mr. Justice Saunders and Mr. Justice Chipman on the part of the Council: That they stated to the said Committee that the principal objections on the part of the House of Assembly to the amendments proposed to the said Bill were the reducing the jurisdiction of the Justices of the Peace below five pounds and restricting that jurisdiction to debt only; and that the Assembly wished to know whether the Council would recede from those parts of the amendments.

That on the 26th they met the same Committee again who requested a statement in writing of all the objections on the part of the House of Assembly to the said amendments proposed by the Council.

That the next day the Committee again met the same Committee of the Council, and delivered to them a paper containing all the objections, a copy of which is as follows, to wit.

"The House of Assembly have instructed their Committee of free conference with the Committee of the Council on the Bill for the more easy and speedy recovery of small debts to make, in addition to the two principal objections state.' yesterday, the following, that is to say;

" 1. To the expunging the third Section they cannot consent.

"2. They object to that part of the proposed amendment to the sixth Section which authorises the Justice to direct payment to be made by installments; but are willing to concur in such an amendment as will enable the Justice to stay execution, in cases where he may think it expedient, for any time not exceeding three months, upon the defendant's giving security not to depart the Jurisdiction.

" 3. They consider the restoration of the seventh Section will not be resisted by the Council if the Justices jurisdiction continues the same as it has been and now is under the existing law, but they admit that this Section may be amended.

ced after the seventh Section of the Bill; the House consider several of them to be unnecessary as they are only declaratory of the Laws now in force; but the House are not inclined to persist in objections upon this ground, if the Council continue of opinion that such amendments are necessary.

"That the fourth of the new sections proposed, numbered in pencil 10, and also the sixth numbered in pencil 12, the House cannot concur in; indeed Ŀ they

A STATE OF A STATE OF A STATE

they consider those Sections inapplicable to the enlarged jurisdiction of the Justice.

"5. The House are of opinion that the first six of the new Sections proposed by the amendments to be introduced after the tenth Section of the Bill can be better supplied by the provisions of the Law for the support of confined Debtors, being extended to the Justices Court.

"6. The House object to the new Section marked in pencil 23, as a substitute for the tenth Section, no farther than as it may abridge the Clerk's Court of the City of Saint John of a part of its present jurisdiction." 27th February, 1810.

That the said Committee of the Council yesterday delivered to them a paper containing the answer of the Council to the objections, which is in the following words,

"The Committee of free conference on the part of the Council on the Bill "for the more easy and speedy recovery of small debts," are instructed to state to the Committee on the part of the Assembly, in answer to the objections of the Assembly to the amendments proposed by the Council to the same Bill.

"1. That the Council for the sake of preserving harmony, so much to be desired at all times, between the several branches of the Legislature, consent to extending the jurisdiction of Justices of the Peace to *five* instead of *three* pounds, and that *five* be accordingly inserted instead of *three* in the several and respective amendments proposed, but upon condition only,

"2. That this jurisdiction be restricted to the recovery of debts agreeably to the professed object in the title of the Bill itself, and the invariable usage in similar institutions and jurisdictions in England, to which the Council conceive that the Acts of Assembly ought on all occasions, so far as may be practicable, to conform; for these and other cogent reasons, the Council after the most mature deliberation, consider this addition to be indispensable, and therefore that the first Section of the Bill be as proposed in the amendments.

"S. That, consequently, the Council adhere to the fourth of the new Sections proposed, numbered in pencil 10, and also to the sixth numbered in pencil 12.

"4. That although the Council conceive the proposed amendment to the sixth Section authorising the Justice to direct payments to be made by installments to be an advisable and salutary provision, they nevertheless yield to the proposal of the Assembly that this be struck out, and that instead thereof, if the Assembly deem it expedient, the Justice be enabled to stay execution as proposed in the written objection on the part of the Assembly No. II.

"5. The Council continue of opinion that the Section proposed in the amendments in lieu of Section VII of the Bill, and the following Sections in the amendments numbered in pencil 8, 9, 11, 13, are necessary, in order to prevent doubts or difficulties that might otherwise arise on the subject, matter of these Sections respectively.

"6. The Council will not persist in the six Sections of the proposed amendments, numbered in pencil 16, 17, 18, 19, 20, 21, if the Assembly shall continue to be of opinion that they may be better supplied by the Provisions of the Law for the support of confined debtors being extended to the Justices Court. "7.

"7. It follows from the foregoing particulars that the Council must adhere to their rejection of the Section in the Bill numbered VII. and must also retain the new Section marked in pencil 23; as a substitute for the Section in the Bill numbered X.

"8. The Council conceive the third Section in the Bill to be altogether inadmissible, and that it is their indispensable duty to persist in expunging it, as being contrary to the established principle of English Law, that every subject may appear by his Attorney, and as operating most unjustly and injuriously in cases of sickness, and many other casualties and incapacities to attend, and particularly in cases of strangers who may be suddenly arrested when under the necessity of immediately going out of the jurisdiction of the Justice.

"9. As no objections are made on the part of the Assembly to the other amendments proposed, the Council take it for granted that they will be acceded to by the Assembly, if the Bill should be sustained upon the principle of the amendments insisted upon in the foregoing answer to the objections made on the part of the Assembly." By Order of the Council,

28th February, 1810.

WM. F. ODELL, Clerk.

The question being thereupon put whether the House will concur with the Council in the amendment proposed by expunging the third Section of the Bill which is as follows, viz.

"And be it further enacted, that no person whatsoever shall be permitted by any Justice to prosecute, defend, plead or counsel in any suit or action, to be tried by virtue of this Act, to which such person is not a party, unless such person so offering or appearing to prosecute, defend, plead or give counsel as aforesaid, shall previously swear before such Justice that he has not received or taken any fee or reward for the same either directly or indirectly, nor any other person to or for his use, and that he will not directly or indirectly receive or take any fee or reward for the same, either by himself or by any other person to or for his use;" It passed in the affirmative.

And the question being then put whether the House will concur with the Council in the amendment proposed by restricting the jurisdiction of the Justices Court, to the recovery of debts only, it passed unanimously in the negative. Thereupon ordered, that the Committee of free conference prepare reasons to be assigned to the Committee of the Council in support of their resolution to adhere to their objection against the amendment proposed by the Council for restricting the jurisdiction of the Justices Court, to the recovery of debts only.

The House then adjourned until to-morrow morning at 10 o'Clock.

A Message was received from His HONOR the PRESIDENT as follows.

" NEW-BRUNSWICK, 2d MARCH, 1810,

⁴ M. HUNTER.

" MESSAGE TO THE ASSEMBLY.

"The PRESIDENT recommends it to the Assembly to make Provision for defraying the expences of all such arms and accoutrements as shall hereafter be furnished from His MAJESTY'S Stores for the use of the Militia of the Province. "M. H."

Mr. Wetmore from the Committee of free conference, with the Committee of Council on the Bill for the more easy and speedy recovery of small debts, reports a draft of reasons to be assigned in support of the objection to the amendment proposed by the Council, which would restrict the jurisdiction of the Justices Courts to the recovery of debts only, which is as follows, to wit,

"The Committee of free conference on the part of the House, on the Bill for

for the more casy and speedy recovery of small debts, are instructed to state to the Committee on the part of the Council, that the House, from a sincere desire to preserve barmony, and for no other reason, have concluded to wave their objection to that part of the amendment proposed, which goes to the expunging of the third Section of the Bill.

"That after mature consideration, the House cannot consent, that the jurisdiction of the Justices' Court, shall be restricted to the recovery of debts only, for the following reasons,

"1. That by the Laws of England, the Sheriffs in their several County-Courts have held, and do now in many places hold, plea of all personal actions where the debt or damages do not amount to forty shillings.

"2. That by the Charter of the City of Saiat John, and the Charters or Letters Patent for erecting and constituting the several Counties in this Province, Courts were established, having jurisdiction of all actions, cases and causes wherein the sum or thing demanded should not exceed the sum or value of forty shillings, to be proceeded in and determined before a Justice of the Peace and the County-Clerk, agreeably to the usage and practice of the County-Courts in England.

" 3. That by an Act passed in the first Session of the first General Assembly of this Province "It is enacted that no person whatsoever shall commence " any suit or action, by bill, plaint, or in any other manner whatsoever, " or shall pursue or prosecute any such bill, plaint, action or suit, where the " sum or thing in demand, suit or controversey, does not exceed the sum of " forty shillings, in any Court of Law within this Province, except the "Clerk's Courts of the respective Counties, or the City Court of the City of "Saint John:". That by an Act passed afterwards, the powers of the Clerk's Courts were taken away, and transferred to the several Justices of the Peace, who had power to hear and determine all causes whatsoever cognizable in the said Clerk's Courts: That this power has been by several Laws of the Province continued in the said Justices to this time.

"4. That the amendment now proposed, of restricting the Jurisdiction of the Justice to the recovery of debts only, if concurred in, would leave the Province without any Court, having power to try all other causes usually cognizable before the County Courts in England, where the damages are under forty shillings.

"5. That if the Bill does not pass into an Act, the Clerk's Courts will, upon the expiration of the Law for the recovery of small debts, be repossessed of their former powers and jurisdiction, which extend to all cases and causes cognizable before the county Courts in England; and the amendments now under consideration must, in that case, be lost.

"The Council, having concurred in opinion with the House of Assembly. that the sum or value of the action cognizable before a Justice, should continue at the sum of *five pounds*, it is the earnest hope and expectation of the Assembly, that upon re-consideration, the proposed amendment (being an alteration of the Law which has existed so long, and which is so perfectly consonant to the English Constitution) will not be persisted in, to the loss of the Bill, as the House cannot, for the reasons before assigned, concur with the Council in the amendment." والأتزار تترواس the similar

The committee of free conference of the Assembly on the subject matter of the Bill " for the more easy and speedy recovery of small debts," report that they have had this day a conference with the committee of Council, and received from them a reply in writing to the last communication, which is as follows, viz.

"The committee of free conference on the part of the Council on the Bill for the more easy and speedy recovery of small debts,' are instructed to state to the committee on the part of the Assembly;

1. "That the Assembly in the course of the conference, having at the request of the Council stated in writing all their objections to the amendments proposed by the Council to the said Bill; and the Council having after full and mature deliberation communicated to the Assembly in writing their answer to those objections in full and explicit terms, the Council conceived that the conference so far as respected these objections was at an end. In receiving and replying therefore to the last communications made by the committee of the Assembly on the subject of the Bill in question, the Council

cil request it may be distinctly understood that this is not to be regarded as a precedent on any future occasion.

2. "The Council, from an anxious desire to preserve a perfect harmony between the two Houses; reluctantly yielded their assent to the extension of the jurisdicton of the Justices to sums not exceeding five pounds, but upon the express and indispensible condition that this jurisdiction should be restricted to the recovery of debts only.

S. "The Council cannot account for the reference made by the Assembly on this occasion to the Sheriffs Courts in England, in which the Freeholders of the County are the real Judges and the Sheriff the ministerial officer, and which in many other very important respects bear so little resemblance to the Justices Courts contemplated in the present Bill.

4. "With regard to the observation of the Assembly ' that the amendment ' now proposed of restricting the jurisdiction of the Justice to the recovery ' of debts only, if concurred in, would leave the Province without any Court ' having power to try all other causes usually cognizable before the County ' Courts in England when the damages are under forty shillings;' the Council beg leave to observe,

"That a perpetual Act was passed in the twenty-sixth year of the reign or his present Majesty intituled 'An Act for regulating the Courts of Law. established in the several Counties for the trial of Actions to the value of forty shillings;'

"That these Courts by the City Charter and the Letters Patent erecting the several Counties had jurisdiction of all actions, cases, and causes wherein the sum or thing demanded should not exceed the sum or value of forty shillings;

"That the foregoing Act was repealed by the 18th Section of a temporary Act passed in the 35th year of His Majesty's reign, for two years, initialed An Act for the more easy and speedy recovery of small debts,' which gave to a Justice of the Peace jurisdiction of all actions of debt, detinue, account, covenant, trespass, and trespass on the case, wherein the sum due or thing demanded should not exceed the value of three pounds;

"That the foregoing temporary Act was continued by the Act 37, Geo. 3, passed 18th February, 1797, for five years;

"That on the 18th February, 1802, the same temporary Act expired, by which the foregoing *perpetual* Act 26, Geo. 3, C. 10, was revived and became in full force;

"That on the 5th March, 1802, an Act was passed intituled, 'An Act for the easy and speedy recovery of small debts, and for regulating the proceedings thereon,' by which it was enacted, ' that all actions wherein the sum or 'thing in demand should not exceed five pounds, should be heard and deter-'mined before any one of His Majesty's Justices of the Peace in the respec-'tive Counties in this Province, and that no other Court should hold Plea or 'jurisdiction of the same;'

"This Act left the foregoing perpetual Act of the 26, Geo. 3, C. 10, in full force, excepting so far as it might be virtually repealed by the provisions of this Act of the 42, Geo. 3, as there was no express repeal or mention of it in the same Act;

"That this Act of the 42. Geo. 3, was continued by the Act of the 45. Geo. 3, until the 1st day of this instant month of March, when it expired by its own limitation, and left the said Act of the 26, Geo. 3, as it still remains, in full force.

" If then the Clerk's Courts of the respective Counties and the City Court of the City of St. John, referred to in the Act of the 26, Geo. 3, by virtue of their power

MARTIN HUNTER, Esquire, President. 50th G. III.

power and authority to hear and determine all actions, cases and causes where. in the sum or thing demanded should not exceed the value of forty shillings, had (as the Assembly seem to suppose) power to try besides causes for the recovery of debts only, ' all other causes usually cognizable before the County Courts ' in England, where the damages are under forty shillings.' These Courts being revived by the expiration of the temporary Acts above-mentioned, still retain the same power and authority, which power and authority the Bill now under consideration, as proposed to be amended, in no degree alters or in any manner affects.

40

" By the first section of this Bill, as proposed to be amended, it is provided ' that all and every person and persons who now have or hereafter shall • have any debt or debts owing unto him, her, or them, not exceeding five ' pounds, shall or may cause the debtor or debtors to be proceeded against • for the recovery of such debt or debts before any one of His Majesty's Jus-* tices of the Peace in the several and respective Counties in this Province. * in which such debtor or debtors respectively shall reside or may be found.

" This clause merely gives to the Justices of the Peace a concurrent jurisdiction with the Clerk's Courts of the Counties, and the City Court of Saint John in causes for the recovery of debts not exceeding forty shillings, and so far as respects the recovery of debts exceeding forty shillings and not exceeding five pounds; a concurrent jurisdiction with other Courts, leaving the authority of all the other Courts established by Law in the Province, exactly as it would be, if this Bill should not be enacted; the Bill providing in the 11th section as amended ' that in case of the commencement of any action or ' suit, in any other than the Justices Court, for any debt not exceeding five pounds, and recoverable by virtue of the provisions in the Bill, the plaintiff by reason of a verdict or judgment in his favor or otherwise, shall not have or be intitled to any costs whatsoever,' and making adequate provision for the defendants indemnity, if the verdict or judgment should be in his favor; thus leaving to the suitor, agreeably to the true principle of the English con-stitution and Laws in such cases, ' the choice of the Tribunal before which 'he would institute his action.'

5. "The Council think it not altogether irrelevant to observe on this occasion that the County Court, like the Hundred Court and Court Baron, have fallen into disuse in England with regard to the trial of actions therein; and that in the only instance in which the proceedings in those Courts for the trial of actions have been attempted to be revived by the establishment of a special county Court in the county of Middlesex, under the statute of the 23, Geo. 2, ' for the easy and speedy recovery of small debts in that county where the debt or damages shall not amount to the sum of forty shillings, twelve suitors in rotation and the county Clerk are made the Judges of the Court, the times of holding the Court in the several districts in the county are established ; it is required ' that the Clerk shall be of the degree of an ut-' ter Barister of three years standing at the Bar, and be approved by the ' Lord Chancellor, the Lord Chief Justice of the Court of King's Bench, and • the Lord Chief Justice of the Court of Common Pleas for the time being, or two of them, and that each of the Clerks deputies, shall be likewise of "the degree of an utter Barister of three years standing at the bar; and that 'it is only in cases of actions of debt or actions upon assumpsit to be brought in the Superior Courts, against persons within the jurisdiction of the special County Court, in which the jury upon the trial shall find the damages under forty shillings, that the plaintiff is not to be intitled to his costs, unless • the

N

.....

• the Judge shall certify that the freehold or title to the plaintiff's Land, or • an Act of Bankruptcy principally come in question.

6. "As no new light has been thrown upon the subject matter of conference by the last communications on the part of the Assembly, and nothing is suggested therein which had not been fully considered by the Council before their answer to the objections made by the Assembly to the proposed amendments, the Council are compelled by a sense of duty to adhere to the amendment now under consideration, and herewith to close the present conference.

7. "The Council nevertheless still desirous to meet the wishes of the Assembly in all instances not incompatible with superior duties will agree (in case the Assembly shall deem it necessary or proper) to make the following clause the concluding section of the Bill now under consideration.

"Provided always and be it further enacted, that the Justices of the Peace in the several counties, shall respectively have concurrent jurisdiction with Clerk's Courts in the respective counties, in all causes by Law cognizable by the same Courts where the sum or thing in demand does not exceed *forty shillings*, any law, usage, or custom to the contrary notwithstanding."

On motion of Mr. Wetmore thereupon ordered, that the same be taken into consideration in a committee of the whole House to-morrow.
