Apply to the Nearest Naval Recruiting Station, or to the Naval Recruiting Secretary, Ottawa.

### Methods Suggested for Utilizing Vacant Ground for Gardens.

EXPERIMENTAL FARM NOTES.  
From the experience gained in several Canadian cities and towns during the past few years in utilizing vacant lots for garden purposes, the following methods are suggested for those who have not yet undertaken this work:

1. An organization should be formed, on the executive committee of which are, at least, two men or women who are enthusiastic and willing to devote some time in planning after the preparation of the land and the laying out of the plots.
2. Owners of vacant land should be invited to offer such property for garden making.
3. Assuming that a fairly large number of lots have been offered by their owners, it should be widely advertised that one of these is available to any citizen who will be willing to work it, experience having shown that all classes in the community are interested in this work.
4. It has been learned by experience that it is important for the organization to, at least, plough and harrow the land for the plot holders the first year. Few persons who have not done any gardening before can be induced to prepare land for seed sowing on their own initiative.
5. There are four methods by which funds may be raised to prepare the land.

(a) By an appeal to wealthy citizens for contributions.  
(b) By a grant from the city or town council, if necessary, on the understanding that the money will be returned by the plot holders when they have harvested their first crop.  
(c) The city or town council might appoint a committee to carry out this work, the city to aid in every possible way. In order that a movement of this kind may have at least the greater sympathy of the civic officials, it would seem desirable for the organization to have a room in the city or town hall for its meetings.  
(d) By charging each plot holder a small amount, for preparing the plot for him.

The last method is one which is likely to be the most satisfactory for most cities and towns and is the one recommended here.  
For information in regard to rules or by laws the reader is referred to the accounts of the work of the several organizations in Canada referred to in a bulletin being printed by the Dominion Government, as in it there will, so doubt, be found sufficient suggestions to enable by-laws to be drawn up for particular needs.

BOY SCOUTS CAN HELP.  
Boy Scouts can be made very useful in encouraging garden making and the use of vacant lots. In Ottawa they were employed in 1915 by the Public Health Committee of the Local Council of Women in delivering vegetable seeds which had been donated for the purpose of encouraging the poorer people to make gardens. Seed can be obtained in bulk at a cheaper rate than in packages and can be put up in packages by the Scouts. The Scouts also delivered pamphlets on Vegetable Gardening. This personal touch did much, it is believed, to decide those to make gardens who had been in doubt before, as many people would accept pamphlets if brought to them themselves.

These are the days of history-making within the Empire. Women, children, luxuries and the unnecessary things of life are prohibited from entering England. Brave men enter the submarine zone that the nation may be kept alive, brave women brave themselves that its defenders may receive strength in the struggle. Greed yet is rampant, extortion continues high carnival, the generosity of mankind is pitted against the world's contemptible meanness. The mighty high altar of duty is filled with the injured sacrificed, while stars stand the weak and the wretched, unable to see of the glory. Dawn of peace sadly delays its coming. Wary watchers stand gazing in vain for the morning-light. Darkness prevails, the far-away stars no more seem of rest to us sendeth. The sand-nets watching, their flocks are swept to seaward turning. Chill winds ever the plain and the sea, the air is in turmoil and trouble. Yet over this night of despair, though slowly, the morning approacheth. The gloom shall disperse, the mists roll away, the sun of God's harmony shine.

The official figures gives out by the Bureau of Foreign and Domestic Commerce at Washington show that during the twenty-seven months ending December 1, 1916, there were shipped abroad 1,229,597 horses and mules, valued at \$27,944,912. Purchases for the Allies still continue at a heavy rate, and it is estimated by horsemen in the trade that the number actually bought for export now exceeds 1,100,000.

## WAR LOAN

# DOMINION OF CANADA

### Issue of \$150,000,000 5% Bonds Maturing 1st March, 1937

Payable at par at Ottawa, Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, Victoria, and at the Agency of the Bank of Montreal, New York City.

INTEREST PAYABLE HALF-YEARLY, 1st MARCH, 1st SEPTEMBER. PRINCIPAL AND INTEREST PAYABLE IN GOLD.

### ISSUE PRICE 96.

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st SEPTEMBER, 1917. THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

DELIVERY OF scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria, or at the Agency of the Bank of Montreal, New York City.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons, at the option of the holder, will be payable free of exchange at any branch in Canada of any chartered bank, or at the Agency of the Bank of Montreal, New York City.

Subject to the payment of twenty-five cents for each new stock issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognised bond and stock brokers having offices and carrying on business in Canada will be allowed a commission of three-eighths of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915, or in respect of the amount of any allotment paid for by surrender of five per cent debenture stock maturing 1st October, 1919. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

SUBSCRIPTION LISTS WILL CLOSE ON OR BEFORE THE 23rd OF MARCH, 1917.

DEPARTMENT OF FINANCE, OTTAWA, March 12th, 1917.

### An Invitation to Sickness.

IMPURE BLOOD MEANS A BREAK-DOWN IN YOUR HEALTH.  
Impure blood is an invitation to sickness. The blood is at work day and night to maintain the health, and any lack of strength or purity in the blood is a weakness in the defence against disease. Anemia is the doctor's name for lack of blood. There may be an actual loss in the quantity of the blood, or one or more of its constituents may be lacking. Its surest symptom is pallor. Anemia is particularly common in young girls. It is not, however, confined to them alone, for it is the same lack of blood that prevents full recovery after typhoid, fever, malaria and operations. It is also present in old age and in persons who have been under unusual mental or physical strain. If you are suffering from this trouble take Dr. Williams' Pink Pills for Pale People. They make pure, new blood with every dose and this new blood means health and strength. Thousands have proved the truth of these statements; among them Mrs. John Hyatt, Metlakow, Alta., who says:—'About a year ago I was in a badly run down condition, my blood was watery, I was very nervous, slept badly at night; suffered from frequent headaches and found my housework an almost intolerable burden. My appetite was poor and did not seem to assimilate the food I took, although my condition seemed to improve. As there was no doctor in our neighborhood I decided to give Dr. Williams' Pink Pills a trial, and I have much cause to be thankful that I did so, as in a few weeks I should feel a great change for the better. I continued the use of the pills for some time longer, and found a complete cure. I feel better than I have for years and can therefore cheerfully recommend Dr. Williams' Pink Pills to all who are weak and run down.'

'She believes everything he tells her.' 'Yes, but he doesn't tell her very much.'

### Was This You?

In its first issue for 1917 the Gazette of Gardner, Kansas, published this story:  
'A more or less prominent citizen, living in or near Gardner, dreamed that he died and went to heaven. Being accosted by St. Peter, he gave his name and address, and St. Peter, turning to the recording angel, requested that the record of the man be looked up. With wrinkled visage St. Peter scanned the record, the meanwhile reflectively stroking his snowy beard. 'This seems all right,' said he, 'but there are a few points which need clearing up.'

'Turning to an attendant he gave a direction. Placing a jewelled instrument to his lips, the attendant sounded forth a clear note, soaring and beautiful. There was a neigh of joy and, around an angle of the heavenly bastion, came clattering the p. c.'s old horse, Billy, manifesting in every way joy at seeing his old master.

'Billy,' said the Saint kindly, 'is not true that on Sunday, Dec. 31, 1916, your master drove you to church in Gardner, Kansas, and left you in the cold sleet and rain unblanketed, when you shivered with several others of your kind for more than an hour while your master was inside warm and snug?'  
'Please don't make me answer that question,' said Billy.  
'Yes, Billy, you must answer it and believe me, it sincerely grieves me to require it of you.'  
'Yes, but don't you remember the prayer he made and how feebly he sang. Besides, I heard him say that the year before he gave more than fifty dollars to the church.'  
'I know nothing of it,' said St. Peter, 'for such prayers and such songs never rise above the ceiling of the church. As to the fifty dollars, that is daily credited, but it is overshadowed by the injury he did you, poor Billy. Now what do you think we ought to do with him?'  
'Oh, spare my poor master,' wailed the faithful beast, 'he was always good to me and I love him.'

### Wonderful Siberian Railway.

The great railway of 5,000 miles in length that runs across Siberia is one of the most marvelous in the world, first, because of the difficulties that had to be faced in building it; secondly, because of its enormous length. For nearly 1,000 miles along this steel track the line crosses an almost treeless plain. All the stations along these weary miles are at least thirty miles apart, and most of the villages are a long way from the stations.

In winter this Siberian line is one continuous view of snow, stretching for miles and miles along the seemingly endless desert. Sometimes the villages and stations are almost buried in snow, and not infrequently the train gets snowed up. Water for the above said engines has to be brought steaming hot, lest it should freeze on the way; and often men at the stations in the depth of winter have to chop off long icicles from the engine and carriages. But even the intense cold has its advantages for dairy produce, such as cheese and butter, can be carried by rail without having to be put into refrigerating trucks.

Some splendid results have been reported to us from the combined use of Dr. Chase's Kidney-Liver Pills and Nerve Food. In symmetrical cases they work together with great success.  
While the Kidney-Liver Pills cleanse the system of liver, biliousness and bile, and so overcome the stagnation of these organs, the Nerve Food enriches the blood, strengthens the nerves and builds up the system in a general way.  
Mr. B. B. Hillman, Westbrook, Maine, writes:—'About four years ago I was laid up and could not work, and as to writing a letter, I could not do so on account of my hand shaking so badly. My nerves were unstrung and I was troubled with a nervous breakdown. I could not sleep soundly and would start up so suddenly as to almost jump out of bed. My kidneys were bad, too, and I had awful pains in the back all day. I doctored with our family doctor, but he did not seem to know what I needed. I was recommended to try Dr. Chase's Nerve Food and Kidney-Liver Pills. I took great pleasure in recommending these medicines, as I have proved that they do all that is claimed for them.'  
When used together the Nerve Food should be used after each meal and at bed-time, and the Kidney-Liver Pills only as often as is necessary to keep the bowels in healthy condition. Dr. Chase's medicines are for sale by all Dealers or Edmonds, Bates & Co., Limited, Toronto.

### Had a Nervous Breakdown, Could Not Sleep or Work

Is Now Cured and Attributes His Recovery to the Use of Dr. Chase's Medicines.

'Yes, Billy,' said the Saint, 'you ploughed his fields, you reaped for him, you patiently pulled his products to market over bad roads and, on Sunday, you continued to work by taking the family to church. And how did he repay you? He gave you your board—nature gave you your clothes—and gave you some kind of shelter. You never made any kick, Billy, I am doing all the kicking. Honestly, don't you think we ought to send him over there?' He waved his hand, a dark cloud on the horizon lifted momentarily and disclosed the horrified visage of the p. c. the fiery lake from which the smoke ascended forever and ever. 'Fear of anguish caused down the cheeks of the faithful horse and St. Peter continued, 'Billy, love is the great regenerating force. There was one, but we will not speak his name. Run on back to the pasture, Billy, your master will not be condemned.'

# THE ACADIAN.

WOLFVILLE, N. S., MAR. 16, 1917.

## Editorial Brevities.

According to figures laid before the House of Assembly on Monday, \$532,494.25 was expended on the roads and bridges in Nova Scotia during the year 1916. Who'd have thought it!

There are 4,610 registered motor vehicles in Nova Scotia and 1,238 chauffeurs, according to a recent report of the Provincial Secretary. A number of the vehicles included in the 4,610 are not now in operation.

The navy is calling for volunteers for service on the Atlantic coast, as well as for service with the fleet. There are openings both for officers and men who have a desire to do their bit in a most important branch of the service. Young officers should find this call particularly alluring.

Very interesting meetings were those which were held at the Opera House on Monday last, under the auspices of the King's County Farmers' Association. There was a good attendance and close attention was paid to the interesting addresses. We hoped to be able to give a full report in this issue but lack of space forbids.

In a unanimous opinion the Supreme Court of the United States has decreed restoration to her English owners of the liner Appam and cargo, brought into Hampton Roads more than a year ago by a prize crew from the German raider, Moewe. Ship and cargo valued at between three and four million dollars, must be delivered within thirty days, as the court's order is final.

Werner Horn, the German reservist lieutenant who dynamited the international bridge near Vanceboro, Me., in 1915, has lost his habeas corpus suit in the Supreme Court in which he sought to avoid being tried at Boston for alleged transportation of explosives on passenger trains. The court said Horn's appeal was not authorized and dismissed it. The case will next come up in Boston.

Archbishop Worrell visited St. John's church last week and held a confirmation. There were eleven candidates, including one, Mr. Garnet Benson, from Kentville. Rev. T. C. Mellor, of Kentville, assisted in the service and the Archbishop gave a very impressive address to the candidates from the words: 'The day of her visitation.' There was a large congregation. Mr. Mansley presided at the organ.

Stratford, Ontario, citizens gave a fine exhibition of patriotism and general good feeling on the occasion of a well furnished, comfortable brick house, in exchange for a less pretentious residence recently destroyed by fire. The act is one of the most striking of hundreds upon hundreds of generous patriotic acts recorded daily in the Canadian press. While there are, and will always be, some slackers in giving as in collecting, there is abundant evidence that the people of Canada are wholeheartedly supporting the efforts of the Canadian soldiers.

The death in Toronto last week of Mr. F. S. Spence removes one of the best known men in the Dominion to Toronto where he made his home. Mr. Spence, while first and foremost the apostle of temperance, enjoyed a large measure of esteem because of his good and faithful services to the community as an alderman and member of the Board of Control. Mr. Spence was one of Canada's musical experts; one of the men whose influence was good because all his efforts were directed to the betterment of civic conditions and the creation of a wholesome public opinion.

## Vegetable Gardening.

For those with only a limited amount of land or of time at their disposal, there is no more effective way to help increase the food supply than by vegetable gardening. If every person who has the opportunity to raise vegetables would do what he could the result would be a reduction in living expenses, an added pleasure in the diet, and healthful recreation in spring and summer. The wholesomeness or vegetables, too, is a matter not to be overlooked. A small plot devoted to vegetable gardening will often produce surprisingly large returns. If people generally engaged in this work the aggregate result would be a material increase in the wealth of the country. The interest in gardening during the coming season promises to surpass any ever shown in this subject before.

This is the time to make garden plans and to decide what crops to grow. If seeds are not already on hand they should be ordered now so as to be sure to get the kinds wanted and to have them in time. Persons planning to plant gardens should send for seed catalogues and make a careful study of the varieties offered. There is much to be learned from an ordinary seed catalogue. Order seeds from reliable seedmen and get seeds of the best quality even if they cost more than ordinary seeds. It is folly to try to grow profitable crops of certain vegetables with cheap seed.

Plant the garden for ease in cultivation. Grow the vegetables in rows rather than in beds. If horse cultivation is to be employed place the rows lengthwise of the plot and from two to three feet apart. If the cultivation is to be by hand the rows in many instances may be closer, say from 14 to 20 inches apart, depending on the kind of crop and the richness of the soil.

If the ground was not prepared last fall, it should be plowed or dug to a moderate depth as early in the spring as it is fit to work. It should be given frequent surface tillage or cultivation until the time for sowing the seed, thus conserving the moisture for the crop and bringing the soil into a fine state of tilth.

If manure is applied in the spring it should be fine and well-rotted and be well-worked into the soil. If manure is not obtainable a complete fertilizer applied broadcast at the rate of 1500 to 2000 pounds per acre is recommended. For an ordinary home garden of 10 square rods this would cost about \$2.00 or about 20¢ per square rod. This fertilizer will mix readily with the soil and will not interfere with the later cultivation. Its fertilizing materials are readily available and give the plants a quick start. It contains no humus the lack of which can be partly compensated for by frequent cultivation of the crop.

Persons interested in the subject of vegetable gardening can get leaflets from the Horticultural Division, Agricultural College, Truro, giving suggestions on the planning of the soil and culture of the different crops.

## The Egyptian Princess at Acadia Seminary.

The charming operetta, 'The Egyptian Princess,' was given Friday evening, March 9th, under the direction of Miss Minnie C. Newey, of the Vocal Department of Acadia Seminary, in College Hall. Miss Newey was ably assisted by Miss Gaines, of the Department of Oratory, and Miss Boone, Director of Pantomime.

The accompaniments by Miss Beattie Radie, violinist, and Miss Helen Klitcher, pianist, were especially fine. The stage setting, the costumes, the lights and music, all blended into one pleasing harmonious effect. All the soloists were most effective in their work. Muriel Starr as Queen of Egypt, Lavinia Webster as Princess Aida, Mary MacLean as Princess Tabubu, Miss Alleen Yeaton and Geraldine Reid as Nyssa and Phila, Edith Staples, a favorite slave, and Gladys Gibbon, both as daughter of Herub and Queen Grania, a captive queen, assumed their respective parts marvelously well, and charmed the large audience by their fine singing and natural acting. The work of the chorus of twenty-two girls was in precision, rhythm and fluency the best heard in Wolfville in many years. Miss Newey, with her assistants, is to be congratulated on securing so enviable a success. About \$30, one half the net proceeds, were contributed to the Patriotic Fund.

## The War.

Halifax, N.S. March 10th, 1917. The decision of the Allies to report submarine disasters once a week has removed some of the gloominess from the newspapers, except on the day when there were published; however, it seems as though the submarine menace is being handled by the British Navy. There is no doubt about the splendid work being accomplished on land, and the Navy has not failed us yet. The long preparations, which for a time seem to be so fruitless as far as immediate results are concerned, are now bearing abundant fruit and we may look for victories on all fronts. There can only be kept up, however, as we keep up the supply of men, money and munitions. The new War Loan, which it is hoped, will meet with a splendid response, will look after the money, and our Canadian and English factories are turning out munitions so speedily that practically all United States orders have been cancelled. The one shortage, and the most serious one, is that of men, and every fit man should realize this and act immediately. England has done splendidly in all three things. Canada must continue to live up to the splendid reputation which she has already made.

The decision of the United States to arm merchant vessels will, no doubt, have a beneficial effect on the war. The only method of defence against submarines is to fire on sight. To wait to see what the submarine will do usually means that it is too late to do anything to retaliate. If the United States vessel sink a submarine, then Germany must decide whether or not war will be declared. If a submarine sinks a United States vessel, the decision must be made by the United States; however, regardless of what the United States does, we must not shrink our duty and we should immediately respond.

We desire again to call the attention of our advertisers to the fact that all 'copy' for changes must be in the office by 12 o'clock on Wednesday, otherwise they will be too late for insertion in current issue, and will be held over until next week. This notice is final as we have had a great many tardy ones of late.

A bill introduced in the Ontario Legislature makes it an offence to listen on a telephone and to repeat conversations. The Toronto Globe says: 'It should also be made an offence to establish a listener's instrument in a central office.'

## BRITAIN—CALLS TO CANADA—

THE FACTORY THE FARM  
She must have Food

for her Armies in the Field—for her Workers in the Factory—in the Munition plant—in the Shipyard—in the Mine.

## THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW— that the rapidly rising price of food stuffs means that the World's reserve supply is getting small?  
YOU CAN— help thwart Germany's desperate submarine thrust on the high seas.

DO YOU KNOW— that a world-wide famine can only be averted by increasing this supply?  
YOU CAN— do this by helping to make every bit of land in Canada produce—the very last pound of food stuffs of which it is capable.

DO YOU KNOW— that a "food famine" would be a worse disaster to the Empire and her Allies than reverses in the Field?  
AND REMEMBER— that no man can say that he has fully done his part—who having land—be it garden patch, or farm, or ranch—fails to make it produce food to its utmost capacity.

Highland avenue. Easy terms. Ad-  
dress—ADVERTISER, Box 85, Annapo-  
lis, N. S.

All persons desirous of aiding the  
Ladador relief work are requested to  
send their contributions of money to the  
Supt., Mrs. W. E. Fielding, as  
soon as possible to complete the work.  
All articles of clothing (ready to wear)  
can be sent in any time until the last  
of April. Thanks are due Mrs. G. E.  
D'Witt, Mrs. Bryant, Miss C.  
Vaughan for gifts of \$1.00 each.  
Other gifts have been received for  
quilt. Your contribution, great or  
small, will be thankfully received and  
will aid a worthy cause.

Board of Trade.

The Council of the Board of Trade  
met on Wednesday evening. Mayor  
Hains was appointed as a delegate to  
meet the Nova Scotia Government on  
March 22nd when the matter of pro-  
viding for returned soldiers will be  
taken up. Some of the subjects to be  
discussed at the meeting of the West-  
ern Nova Scotia Board of Trade are:  
Providing for returned Soldiers; Care  
of School and Public Grounds; Protec-  
tion of Song Birds; Patriotic Planting  
Clubs.

The delegates to the Western Nova  
Scotia Board of Trade are W. A. Coit,  
H. G. Perry and J. D. Chambers. H.  
E. Colkin was appointed as a mem-  
ber of the Council. R. E. Harris was  
appointed as a committee to spy out  
lands for returned soldiers. The secre-  
tary was instructed to furnish infor-  
mation to the National Service Board.  
C. M. GORMLEY, Sec'y.

Military Y. M. G. A.

PROVINCIAL CAMPAIGN BEGINS  
IN WOLFVILLE.  
On Sunday the pulpits of the various  
churches in town were occupied by  
Messrs. Captain Kneale and Sec'y.  
McAllister, of the Maritime Province  
Y. M. G. A.

The work which is being done for  
our soldiers in camps in Canada, and  
England and at the front in France  
was ably and effectively presented to  
sympathetic and appreciative audi-  
ences. In the afternoon and evening the  
work of a campaign to raise in Wolf-  
ville and vicinity \$1,000 for the bud-  
get of \$65,000 for the Maritime Pro-  
vince, was organized and teams select-  
ed. The amount to be raised in Wolf-  
ville is about \$700 and \$300 in Grand  
Pre, Port Williams, Greenwich and  
Gaspereau.

A most cordial and generous recep-  
tion was given to the teams at work  
on Monday and Tuesday and about  
\$500 has at this time of writing been  
collected and deposited with the Hon.  
Secretary and Treasurer of the Fund,  
Mr. Ralph Creighton.

On Wednesday evening, a cam-  
paign was launched in Gaspereau and  
as always Gaspereau will do its full  
share to aid.  
If inadvertently any one in Wolf-  
ville who would like to help this fine  
Christian service to our soldiers has  
been overlooked, do not wait to be  
asked but hand in your amount to  
Mr. Creighton, at the Royal Bank, or  
to Dr. W. L. Archibald, Mr. W. H.  
Chase, Prof. A. B. Belcom, Mr. Ed-  
son Gibbons or Mr. A. J. Woodman.  
The Committee appreciate most  
the fine Christian spirit in which they  
were received and thank all who so  
generously contributed.

# Spring Samples OF 20th Century CLOTHES

have arrived, and we are only too  
pleased to show these to every man  
in town.

If you have not tried one of these  
Suits give us a chance to prove what  
we say,—that is, We can give you  
**Better Style, Better Fit, and Better  
Satisfaction** than you can get at any  
Tailor Shop.

Come in and look over the sam-  
ples and let us explain a few things  
about **20th Century Clothes**, which  
perhaps you do not know.

We **POSITIVELY GUARANTEE** a perfect fit or no sale.  
We are increasing the sale of these Clothes each year

Give us a call and see the **NEW  
SAMPLES.**

**F. K. Bishop Co.,  
LIMITED**  
Successors to C. H. Borden.

## NATIONAL SERVICE CARDS

The time for returning National Service Cards has been extended to  
**MARCH 31.**

The Board earnestly asks those who have not yet signed their cards to  
do so without delay, and return them to the post-office. It is hoped  
no patriotic citizen will neglect this simple but important duty. If no  
card has been received, apply to the nearest postmaster.

**G. S. CAMPBELL,**  
Director National Service.

Halifax, N. S., March 7th, 1917.

### Personal Mention.

(Contributions to this department will be gladly  
received.)  
Mrs. A. G. Cowie left this week  
for St. John, to be absent until about  
the first of May.

Mr. and Mrs. W. H. Chase returned  
at the end of last week from Mon-  
tréal, where they had been spending  
some weeks.

Miss Alfrede Spencer, formerly of  
THE ACADIAN staff, left on Saturday  
for Boston, where she will visit  
friends for some time.

Dr. A. Mrs. Rosch returned on  
Thursday of last week from their trip  
to the West Indies. They went as  
far as the Barbados, and had a most  
enjoyable trip. Dr. Rosch's friends  
are glad to know that his health was  
much benefited.

Capt. C. W. Whidden, of the United  
Fruit Co. steamer, 'Coppename',  
sailing between New Orleans and  
South American ports, is making a  
brief visit to his parents, Mr. and  
Mrs. W. G. Whidden, this town,  
after an absence of ten years.

### Bargain Basement.

Curtain Rods at 10, 15, 20, and 25  
cents; Torchon Lace, 12 yds. ends at  
50c; White Blouses at 50c; Black  
Underskirts, 98c.; White Flannel  
Gowns, 98c.; Banglow Aprons, 50c.;  
Corset Covers, 22c.; Tea Aprons, 19c.;  
Linen Tea Cloth, 2 yds. ends, 15c.;  
Roller Towelling, 2 1/2 yds. for 30c.  
better quality, 38c. New lines added  
every week. Get the habit of going  
down every time you are in our store.  
J. D. CHAMBERS.

### The Boy Scouts.

The Y M C A has asked for regu-  
lar contributions of magazines for  
use at the front. We ask all those  
who have any to spare to please tele-  
phone 128

A regular collecting day will be  
appointed, probably the first Saturday  
of every month, and people are re-  
quested to have the magazines ready  
and tied in bundles. On previous col-  
lections our experience has been that  
in most cases the boys are either asked  
to wait a minute or 'sell' tomorrow.  
The consequence has been that  
it has required a week to do what  
should have been accomplished in a  
day.

And again, please use discretion in  
the selection of magazines. Do not  
send in ones that are entirely unusu-  
able just to get them out of the way.  
A waste paper collection will prob-  
ably be started soon.

If the weather is suitable the Kent-  
ville Boy Scouts will be at our Club  
Room this evening. They will be  
entertained at supper at 6.30 by the  
'Cookoo's' and 'Bears.' A jolly time  
with songs, speeches and stories is an-  
ticipated. Plans will be made whereby  
the usefulness of the organization in  
both towns may be felt.

### 'Buy-at-Home.'

Do you understand what that  
means? Read the articles in THE  
ACADIAN and find out why you  
should give your local merchants a  
chance. What would happen if we  
all sent our money away for every-  
thing we want? (like many are do-  
ing)

—GOOD DIGESTION—  
When your digestion is faulty, weakness and  
pain are caused and distress is invited.  
Mother Selzer's Stomach and Liver  
Pills are gentle and pleasant to take.

FOR 40 YEARS THE STOMACH REMEDY  
**MOTHER SELZER'S STOMACH AND LIVER PILLS**  
FOR STOMACH AND LIVER TROUBLE

At all Druggists or direct on receipt of order, 50c and \$1.00. The large bottles complete three times as  
much as the smaller. A. J. WITTE & Co., Limited, Gold Street, West Montreal.

## STOVES!

In styles, sizes and prices to suit everyone. If it is the CHEAPEST  
of the cheap, a Moderate Priced or a High Class Stove, we have it,  
**Ranges—Sak-Alta, Pandora, Kootensy, Capital Favorite, etc.**  
**Hall Stoves—New Silver Moon, Hot Blast, Scorching (down draft),**  
Modest, Tortoise.

**Parlor Stoves—**The famous Queen Heaters for wood, and num-  
erous small Coal Stoves.

Pipe, Elbows, Stove Boards, etc.

**SHELF AND HEAVY HARDWARE.**  
Plumbing and Stove Repair Work given prompt attention.

**WOLFVILLE HARDWARE AND STOVE STORE**  
L. W. SLEEP

### Town Planting.

The meeting held on Monday eve-  
ning in the Opera Hall in connection  
with the Forward Movement in town  
and city gardening, which is now  
universal in the Dominion, was fairly  
well attended. Mayor Hales presided.  
A very practical and useful paper was  
read by Prof. Colt which we under-  
stand is to shortly appear in print.  
Dr. Colt gave a striking and exhaus-  
tive summary of the present situation  
and warned us against the two ex-  
tremes of over optimism or over pes-  
simism. He emphasized the impor-  
tance of a greatly increased food sup-  
ply and pointed out the certainty of  
the food prices whether or not the war  
ends this fall.

Prof. B'ster, of the Experimental  
Farm at Kentville, gave a most  
valuable talk on the best system  
of gardening and the different kinds  
of seeds to be used, the methods of  
their cultivation and their respective  
food values. A pound of beans, he  
said, was more than equal to a pound  
of the best steak. Peas also had a  
very high food value. He described  
how heavy and light soils could be  
fitted for certain crops, and gave a  
great deal of most useful practical ad-  
vice on the subject of gardening gen-  
erally, which was listened to with the  
deepest attention and appreciation.

General Manager, Geo. E. Graham,  
of the D. A. R., on being called on  
by the Mayor, made a most interest-  
ing and informal speech. After stat-  
ing that the company would gladly  
turn over any of their vacant lands in  
Wolfville to the Planting Club this  
summer, he then took up the subject  
of what all of us here in Canada  
ought to do for the good of the  
country and especially for the comfort  
of our boys at the front. He read  
a pathetic extract from a letter  
received that day from an officer in  
France speaking of conditions there,  
the sufferings of the refugees and  
other hardships to which our men are  
hourly subjected. Mr. Graham urged  
on all to do something, and dwelt on  
the fact that so far not one of us has  
experienced any appreciable privations  
or suffering as the result of the war.

Mr. J. D. Chambers, President of  
the Patriotic Planting Club, then  
gave an address on the work of the  
Society to date. It was a plain sen-  
sible talk and put the matter square-  
ly before the audience. A planting  
committee including Messrs Earl  
Burgess, Hugh Colkin, J. D. Cham-  
bers, T. L. Harvey, Dr. Colt, E. Percy  
Brown, Henry Peck, R. E. Harris, was  
appointed, and the Planting Club may  
now be said to be fairly under way.  
This scheme will probably be adopted  
by all Canadian towns and with what  
will probably be startling results.  
Mr. Chambers in his speech stated  
that it was estimated that at least one  
million dollars worth of vegetables  
could be raised on the vacant lands of  
Toronto. It is to be hoped that a very  
generous response will be made to  
this appeal for co-operation on the  
part of our citizens. Any one may  
help in three ways. First, by making  
a donation to furnish seeds; second,  
by promising some hours of free la-  
bor; third, by giving the Club the use  
of vacant land.

### Childhood Ailments.

The ills of childhood come swiftly  
and too often before a doctor can be  
called in or medicine obtained the lit-  
tle one is beyond aid. The wise moth-  
er will always safeguard her little  
one by keeping 'Baby's Own Tablets'  
in the home. This medicine always  
does good—it can never do harm.  
Concerning it Mrs. Napoleon Lam-  
bert, St. Ignace, Que., writes—  
'Baby's Own Tablets are an excellent  
medicine for childhood ailments and  
I am well pleased with their use.'  
The Tablets are sold by medicine  
dealers or by mail for 25 cents a box  
from 'The Dr. Williams' Medicine  
Co., Brockville, Ont.'

### Nova Scotians Recently in London.

London, March 9.—Among Nova  
Scotians who have recently called at  
the office of the Agent General, have  
been Captain Bagar, of Halifax, who  
is the X-Ray specialist at Moore Bar-  
racks, Shorncliffe; Major W. T. M.  
Mackintosh, of Berwick, who is now  
engaged in medical board work at  
Folkstone; Nursing Sister, A. M. Mills,  
daughter of Mr. Mills, of Truro, who  
is on leave from France; Charles Ho-  
gan, C. E., of Wolfville, who has  
come over to do war work; O. W.  
Hind, of Pictou, N. S., and Mrs.  
Leonard Murray, of Halifax, wife of  
Major Murray, who is at Bearwood  
military hospital, Berkshire, where he  
is in charge of heart cases.

Referring to the above, we might  
say that Mr. Hogan has secured an  
appointment to the National Physical  
Laboratory at Bushy Park, near Lon-  
don. The work is principally that of  
conducting scientific experiments in  
the making of submarines and aero-  
planes and the war done is so accu-  
rate that the measurements taken on  
the screw gauges have to be taken to  
the one ten thousandth part of an  
inch. The work is all secretly con-  
ducted and a German spy would sim-  
ply revel in the knowledge to be ob-  
tained in this huge Government Labo-  
ratory.

### Operation For Appendicitis.

Mrs. J. A. Ballantyne, Sturgeon Falls,  
Ont., writes: My husband was treated  
for appendicitis and the doctors ordered  
an operation. But he would not con-  
sent to an operation and began the use  
of Dr. Chase's Kidney-Liver Pills. Since  
doing so he has had no need of an opera-  
tion or even of a doctor as the trouble  
has completely left him. I cannot find  
words to speak our gratitude for his  
cure.

Little Miss Mary Caldwell brought  
to our office yesterday the first may-  
flower of the season.

### Thoughtlessness.

Among the best acts of a town  
whose people desire to attract tourists  
are the beautiful streets and private  
premises. A great many of the citi-  
zens of Wolfville have spent consid-  
erable time and expense in making  
lawns and gardens in front of their  
residences. The results of these efforts  
have been considerable in a great  
many cases. Now it is very annoy-  
ing and discouraging after one has  
taken years of trouble to prepare a  
lawn to have it tramped up in muddy  
weather by persons who should have  
enough regard for the rights of others  
to confine their wanderings to the  
public sidewalk, especially when the  
mud or water thereon is not deep  
enough to overflow an ordinary pair  
of rubbers. Now I do not for a mo-  
ment suppose any of this destruction  
is due to a deliberate desire to destroy,  
or a total disregard for the rights of  
others, but to pure thoughtlessness.  
Now Mr. or Mrs. or Miss trespasser,  
when next you are tempted to damage  
other people's property by your  
thoughtlessness please remember that  
it will take a whole year to repair  
your damage. Now if the pedestrian  
public will be a little more thoughtful  
it will be necessary for us to bar-  
ricade our borders with brush, rails  
and barbed wire. CITIZEN.

### Flattering to the Original

But Imitations Only Disappoint  
There are many imitations of this  
great treatment for coughs, colds,  
croup, bronchitis and  
whooping cough.  
They usually  
have some sale or  
endorsement on the  
merits of the  
original, but it  
should be  
remembered  
that they  
are like it  
in name  
only.

## Dry Goods DEPARTMENT!

## BOOTS AND SHOES ARE SOARING!

**FACTS YOU MAY NOT KNOW:**  
Leather has advanced over 80 per cent. since the war started.  
Cost of manufacturing Boots and Shoes has advanced from 85 per cent  
to 90 per cent since the war started.  
Freight congestion is so great that manufacturers cannot guarantee  
delivery for many months.

Take these facts into consideration and you can readily see **WHY**  
the manufacturers have advanced Boots and Shoes from \$2.00 to \$3.50  
per pair.

**AT PRESENT** we have a complete and un-  
broken line of Men's, Women's and Children's  
Footwear. While this stock lasts we will sell  
at old prices.

Will it not be better for you to buy your Spring and Summer sup-  
plies **NOW!**

# THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT, 73 Lees Ave., Ottawa, Ont., August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 1/2 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now that I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT.  
50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## White Ribbon News.

Loyal Temperance Legion.—Miss Essom.

## A Stirring Speech.

I do not cast reflection upon persons engaged, unhappily for themselves, in the retail distribution of drink, but if it were my duty to do so I should most earnestly adjure the Catholic parents of Ireland, whether they be licensed traders or not, never to put their sons to that business, save as a last resource. I should implore the Catholic youth of Ireland, if my words could reach them, not to go into that business even when they think it is a last resource. Let the manufacturers make money in millions, if they will; let them be the welcome guests of royalty because of their success in its manufacture; let rich brewers be enabled by the score because the powers that be so will it, but let the respectable, self-supporting, State-supporting Catholic citizens of Belfast follow the example of their Protestant fellow-countrymen, and leave the exacting work of drink distribution to be attended to by those who reap nine-tenths of the profits and all the honor of the Belfast trade. Let the wife's emaciated frame, the widow's pensive, the father's grey hairs bowed down in sorrow to the grave, and the orphan's destitution, be placed to the debit of those who are the first cause, and let the Catholics of Belfast claim a fitting share in the great world enterprise for which Belfast is becoming famous.—M. J. F. McCarthy, B.L.

## Mr. Justice Walton on Drink and Crime.

The committee of the Royal Courts of Justice and Legal Temperance Society held a social meeting recently in the Old Hall of Lincoln's Inn. Mr. Justice Walton who presided, said the society had a long record of good work and included among its members total abstinents and those who were not abstainers but who were impressed by the terrible consequences of Intemperance. His experience as Recorder of Wigan and Judge of the High Court since 1901 led him to the conclusion that more than 99 per cent. of the trials for crimes of violence had their origin in Intemperance. Habitual offenders also who were constantly sent to prison for small pillages were, in a large number of cases, victims to a craving for drink.

## Rome Objects to Barmaldis.

Because barmaldis have been introduced into several hotels in Rome complaints are made that the city is being modernized and Anglicized. The barmald, says an Italian paper, is the advance agent of the Prince of Darkness.

**PILES** Do not suffer with this annoying ailment. The Chamberlain's Pile Remedy is the only reliable remedy. It cures all cases of piles, hemorrhoids, itching, burning, and all other troubles of the rectum. It is sold by all druggists and is the only remedy that is sure to give relief. Do not suffer with this annoying ailment. The Chamberlain's Pile Remedy is the only reliable remedy. It cures all cases of piles, hemorrhoids, itching, burning, and all other troubles of the rectum. It is sold by all druggists and is the only remedy that is sure to give relief.

## Long Trip for Ring.

A valuable diamond ring which has made a journey from Toronto to the front in a soldier's Christmas parcel is now on its way back to its owner. The ring, which belongs to Mrs. R. H. Mitchell, Toronto, was lost last November while she and other ladies of Bloor Street Presbyterian church were preparing Christmas gifts for shipment to members of the congregation at the front. It was not missed until after the boxes had been sent away and when search failed to discover it, the suggestion was made that it might have gone with them. Meanwhile Mrs. A. P. Webster had written to her son, Lieut. Harold Webster, of the 33rd Battery, R. C. H. A. who was in France. The latter had just written that returning from his duty in a forward observing station to the battery he found the parcel addressed to him, examined it and found the missing ring. He sent it to England by a brother officer who mailed it to its owner.

## There With the Goods.

The agents of two rival iron safe manufacturers were recently presenting the claims of their respective articles. One was a Yankee—the other wasn't. He that wasn't told his story. A game cock had been shut up in one of his safes and then it was exposed three days to the most intense heat. When the door was opened, the cock stalked out, flapped his wings and crowed loudly, as if nothing had happened. It was now the Yankee's turn. A cock had also been shut up in one of his safes with a pound of fresh butter, and the safe was submitted to the trial of a tremendous heat for more than a week. The legs of the safe were melted off and the door itself so far fused as to require the use of a cold chisel to get it open. When it was opened, the cock was found frozen dead, and the butter so solid that a man who knocked off a piece of it with a hammer had his eye put out by a frozen butter splinter.

## Evelyn Starr's Ovation.

Evelyn Starr, the youthful and comely Canadian violinist, gave her third and last recital of the season at Aeolian Hall yesterday afternoon, and received an ovation from the large audience attracted by her previous brilliant performances here. She plays with an almost masculine power, and both the selections and the delivery of yesterday's program indicated the high and assured aims of the artist. A charming and impressive presence aided her again but she played with a new assurance and authority that quite won the approval of her hearers.—New York Telegraph Feb. 20th, 1917.

## CASTORIA

For Infants and Children. The Kind You Have Always Bought Bears the Signature of *Wm. D. Galt*

To a father who admitted in court he did not know how his son, then under arrest, had been spending his evenings or what he had been doing, the judge put some questions that other fathers might well ask themselves: "Do you keep a horse?" "Yes, in the barn." "Where is it now?" "In the barn." "You know where it is every night, don't you?" "You lock the barn door to keep the horse safe, and you feed it and care for it don't you?" "Yes, sir." "Which do you think the most of, the horse or the boy?" "The boy, of course." "Then see that you treat him as well as you treat the horse."

## Enfranchisement of Soldiers

The Act to Provide for Enfranchisement of Soldiers introduced in the House of Assembly last week by W. L. Hall, leader of the Opposition, provides that: "Notwithstanding anything contained in the Nova Scotia Franchise Act, every male British subject, whether he has attained the age of twenty-one years or not, serving or who has served in any country in the naval or military forces of Great Britain, Canada or any other British possession, or in the military or naval forces of any of the allies of Great Britain in the present war, shall be entitled to be registered in any year upon the list of voters for the polling district in which he resided at the time of his enlistment. Any person who claims that he or any other person is entitled under the provisions of this act to be registered on the list of voters for any polling district shall, on or before the twentieth day of January, give notice of any such claim to the revisors of the Electoral Section of which such polling district is a part."

## The Tired Professor.

"The professor is so dreadfully contented." "Yes?" "He paid marked attention to a pretty girl who lived near the college and was afraid she might get some legal hold on him, and so he wrote her a love letter with invisible ink." "Clever idea, yes?" "Then he made a typewritten copy of the letter for his own protection and finally sent the girl the typewritten copy." "Poor old prof." "And he didn't find out his mistake until the ink had faded, and now he wonders what he wrote!"

## Mingol's Liniment Co., Limited.

Have used MINGOL'S LINIMENT for Croup; found nothing equal to its cure.

CHAS. E. SHARP, Hawkslow, N. B., Sept. 1st, 1915.

## Children Cry FOR FLETCHER'S CASTORIA

The citizen gazed helplessly at the piles of drifted snow that lay on the sidewalk in front of his house.

"What would you like to clean this walk?" he asked the first man who came along.

"A shovel, mister," said the fellow as he plodded on his way.

"Nerves Are Exhausted. When you have frequent headaches, find yourself easily irritated and annoyed, feel discouraged and down-hearted, cannot rest and sleep well, and find appetite and digestion bad, you may know that the nerves are in bad condition. Don't wait for these symptoms to become chronic, but start in early with the use of Dr. Chase's Nerve Food and head of disaster.

A carload of eggs bought in Indiana, recently passed through the hands of more than eight persons before they reached the ultimate consumer. They were bought for 24 cents, and the consumer paid 43 that incident furnishes one of the explanations for the high cost of living.

## On Active Service Abroad

**GinDills** FOR THE KIDNEYS PAIN IN SMALL OF BACK  
From time to time we hear of cases where the free sample of GinDills is sufficient to relieve the distressing pain in the back. There is such a case coming from the British West Indies. B.W.I.  
May 24th, 1915.  
"I received your sample of GinDills and would say that I was suffering from a very intense pain in the small of my back for some days. After I had taken the sample the pain was gone."  
All drugists sell GinDills at 50c. a box, or 6 boxes for \$2.50. Sample free if you write to NATIONAL DRUG & CHEMICAL CO. OF CANADA LIMITED, Toronto, Ont.

## Tired of Giving?

Tired of giving to the Patriotic Fund, are you?  
Well, Tommy is probably tired of fighting in the trenches, but he isn't dropping his rifle and striking the rail for home!

The fact is, we Star-of-Homes have to see this thing out, like it or not, tired or not. We stand pledged to support the wives and children of the men who have this—our—civil employment and are now fighting our battles.

Don't let us ever lose sight of that fundamental fact, it's for us and us alone that these men are risking their lives. This war is our war—ours to lose or win. These men are placing their lives in jeopardy every day in order that we may win. They will carry the fight to a victorious finish only if we give them their courage by taking care of their families, and by sending them all necessary reinforcements up to the limit of our ability. We who stay at home are escaping all too readily if all we have to do is to give our surplus money. How trifling are such gifts compared with the gifts of precious lives the men so freely offer.

An Irish magistrate, one of the old school, was summing up a case in the Dublin court. The plaintiff was a handsome woman and her good-looking daughter was one of the witnesses. "Gentlemen of the jury," said his honor, "everything in the case seems plain—except, of course, Mrs. O'Toole and her charming daughter."

## On Active Service Abroad

PASSED by the censor, and approved for circulation abroad, these pictures have been forwarded to this country by Mr. George McLaren Brown, European manager of the Canadian Pacific Railway. The first illustrates life-boat drill on the second a naval quick-firing gun and one of its operators, and the third the remains of a German Hovetier gun that had been struck by a British shell.

The three pictures are a suggestion for reflection on three different phases of the war. The transportation of troops from the overseas dominions to the motherland and from the motherland to the different spheres of military activity with which the motherland is concerned, has been a huge problem that has been solved with very little loss of life, despite the watch which the enemy submarines have kept out of them. The picture of life-boat drill on the troopship shows that troop crossings the seas are prepared for emergencies. Several of the Canadian Pacific liners have been engaged in conveying troops from Canada to England. They have also been occupied on other missions in the same theatre of the war. The view of the quick-firing gun and its manipulator gives us some conception of the equipment of the navy. These guns are wonderful weapons of destruction when fights are being fought at a close range. The Jack Tars in charge of them are skilled marksmen, and should the German fleet ever take the open sea for a straight combat, they are sure to display the same grit as was shown by their ancestors who made the British rulers of the waves. How one of the fiercest of destroyers may be destroyed is illustrated for us by the third picture. German ingenuity is not proof against the ingenuity of Great Britain and her allies, and the greatest of German guns are rent to pieces by the force of a little British shell.

The Canadians who have gone overseas to fight in the big gun battle-front. Heavy and light artillery batteries have been raised and put through a course of training in many parts of the Empire and sent to England, where they completed training before proceeding to the front. In the firing line, they leveled German trenches, smashed the ground for the advance of British infantry, and the paved Kaiser's soldiers.

## British Battleship Drill

Mr. George McLaren Brown, European manager of the Canadian Pacific Railway in London, has forwarded the accompanying pictures, which allow those of us who are safe at home a glimpse of those who are keeping us safe at the risk of their own lives. The first illustration portrays mastery of the Mediterranean Sea, and the second shows a number of Jack Tars loading a naval quick-firing gun. Undoubtedly the greatest force engaged in the present conflict is the British navy. Ever since the outbreak of war it has guarded the motherland and the dominions jealously as a tigress protects her young. At present the navy moves about the waters of the deep in search of enemies that might be out of the range of destruction. Seldom they appear in sight, but when they do appear a few barks from her mouth terrifies and chases them away.

For the dock, it was their field of fame. And the ocean was their grave. Thus wrote Thomas Campbell of the old-time British marines. It is true that the ocean is to the sons of Britain as familiar a field of activity as the land is to the sons of other nations. Lord Byron represented the thought of the average Britisher when he wrote:

And I have loved, thee, Ocean! and my joy Of youthful sports was on thy breast to be Born, like thy bubbles, onward; From a boy I wanted with thy breakers—they to me Were a delight; and if the fresh'ning sea Made them a terror—'twas a pleasing fear.

For I was as it were a child of thee, And trusted to thy billows, far and near, And laid my hand upon thy mane—as I do here.

But the sons of the British Empire are amphibious creatures. They can live and fight, and die as well on land as on the sea. The third picture portrays British soldiers dress the trenches.

"Some day we'll be telephoning through the air without wires," says Mr. Brown, but won't it be queer to have an operator call back at you and say: "The air is engaged just now!"
