## How Farrah's Hats are made

A very interesting display is exhibited in our window, showing how men's hats are made. It is interesting to know that a high grade felt hat is made of imported Scottish or Australian rabbit fur. Hundreds of acres of land are devoted entirely to the raising and care of rabbits which furnish us with that important part of our costume. The hat in its original and natural cone shape, when dyed into the different shades to suit our many whims and fancies, and then trimmed to satisfy our self conceit and vanity. It is really worth while to stop and see this display. It may also be beneficial to you if you happen to need a new hat as we are offering some of these high grade hats at

## WEDDINGS

### MacDONALD—HAVILAND

The marriage of Mr. Gordon R. MacDonald and Miss Barbara B. Haviland, both of Ferry Road, took place at the Presbyterian Manse, Douglas-town, on Wednesday, August 9th. The Rev. Mr. Firth performed the ceremony. Mr. MacDonald has recently built a beautiful new home in Ferryville, where the young couple will reside.

Miss Nellie Dinan of Dorchester, Mass. is spending her vacation with her father Mr. David Dinan.

### RED CROSS CAMPAIGN

Mrs. Kuhring of St. John will be in Newcastle on Friday, August 18th and would like to meet at the Court House, all who were interested in last year's work, with a view to the coming campaign. Delegates from the different centres are expected to be present.

### BEAVERBROOK SCHOLARSHIPS

Intending applicants for the Lord Beaverbrook scholarships will be required to have their applications in the hands of the Secretary of the Trust, S. Dow Simmons, Fredericton, N. E., on or before Saturday, August 19th.

## SALVATION ARMY FAREWELL MEETING

Captain and Mrs. J. A. Goodwin have been in charge of the local Salvation Army Corps for the past fourteen months. Last week these energetic officers received instructions from headquarters to farewell on Sunday night, August 20th.

The farewell will be held in the Citadel at 8 o'clock in the evening, and we are sure that a large audience will attend the meeting to bid farewell to these two popular officers. Since coming to Newcastle the Captain and his wife have made a host of friends who regret to learn of their intended departure. However the local corps, through their untiring energies has been put in a flourishing condition and their successors should have no difficulty in continuing the good work, which the Captain and his good wife have been doing in our midst; although it must be admitted that the Captain will be a hard man to follow, and his successor will have no easy task. Since coming to Newcastle, the Captain and his wife have devoted their abilities in every conceivable philanthropic manner and among the many acts performed by them, we might mention the following as a few of the most outstanding.

The Citadel has been thoroughly renovated and made clean throughout. Over 60 men have been given food and cared for over night. Two cases have been sent to the Salvation Army, Social Institutions. The Police Court cases have been regularly attended and five young people have been handed over to the Salvation Army, and they are all doing well. A number of needy families have been cared for and children have been given new clothing and foot wear. These are only a few of the many good acts which have been attended to, and many others could

## SPECIAL MEETING TOWN COUNCIL

A special meeting of the Town Council was held in the Town Hall, on Friday, August 11th, at 7.30 p. m. Present, Mayor Fish, Ald. Atkinson, Doyle, Dalton, Sargeant, Mackay, Ritchie and Locke.

A petition signed by 25 residents of Lower Newcastle was read requesting the Town to extend the Electric Light Line about 2 miles from its present ending, and if extended the residents agreed to use the electric light for lighting as soon as it was available. The Douglastown extension as well as the Nelson extension was discussed and finally it was moved by Ald. Locke seconded by Ald. Doyle and carried that the Electric Light Committee with the Mayor as Chairman take the question of light extension up with Nelson and find out if feasible and report back to the Council at the next meeting.

It is altogether likely that the Douglastown extension will be disposed of at the next meeting when the committee brings in its report re the Nelson extension. A notice of the N. B. Municipalities Convention for 1922 was read and the Mayor and Town Clerk were appointed delegates.

Adjourned.

## LOCAL BATTERY SHOWS UP WELL

The 90th Battery, C. F. A., returned home from the Competitive Shoot at Petawawa last week after a successful trip.

The Battery under the command of Major J. L. Lawlor, did exceptionally well and it is now just a question of time between it and Ganonoque, Ontario Battery whether they will be in first or second place. 12th Brigade Colonel, S. B. Anderson, C. M. G., D. S. O.; Moncton complimented the men and said that the Battery this year was one of the best that had ever come out of Newcastle and from reports he heard in camp, one of the best batteries in Petawawa Camp this year.

Each man did his best and showed the results of splendid training.

## BASE BALL—Wednesday Afternoon, 16th, at 3 p. m. Richibucto vs. Newcastle.

## Harvesters Made Fast Time Via Can. Nat'l

The special harvest trains which left here on August 4th made fast time to Winnipeg, and the harvesters had a thoroughly comfortable and enjoyable trip via the Canadian National Railways.

The train leaving Newcastle at 6 p. m. arrived in Winnipeg at 7.15 p. m. three days later, or 72 hours en route. The other three specials made practically the same time, and the fact that the four specials were despatched on practically the same running schedule without any delays, speaks well for the effort made to give the harvesters quick despatch to the wheat fields. The second excursion is on August 18th.

It is easily to be cited. To do this kind of charitable work requires money, and at present there is a small liability which the Captain and his wife are desirous of paying off before they leave, in order that those who follow might have a clean slate. It is the intention of the officers to make a thank offering appeal and the citizens throughout this week will be left an envelope for their contribution, which later on will be collected by the Captain and his wife personally. We feel sure that considering the good work done here by these officers, especially during last winter when there were so many needy cases in our town, that the citizens will help, by giving a hearty response to the officers final appeal. Your contribution, no matter how small will be gratefully acknowledged.

## CHILDREN PICKING BERRIES FIND STOLEN SAFE

On Thursday afternoon a number of children, who were blue berry picking found the safe of the Canadian National Express Company, which was stolen from their office on Wednesday, July 26th. The children immediately notified some men who were working near by and on examination the safe was found to be the one which was stolen. The authorities were notified and the safe brought to town. The thieves did not go very far out of town before they set to work to open the stolen safe, as it was found on the north side of the railway track near the Hollerhan road which leads to the main highway. When found the safe looked as if the hinges had been cut off, by the aid of a coal chisel and broken in by a heavy maul. There was no cash left in the safe but a number of cheques and other papers were left behind.

## Viscount Northcliff Passes Away

Viscount Northcliffe, noted British publicist, died Monday morning at 10.12 o'clock. The end was perfectly "peaceful". The death of no official personage could have made a deeper impression in England than that of Lord Northcliffe. The news was not a surprise as the bulletins issued by the doctors for the past week plainly indicated that their patient was dying.

Lord Northcliffe was by far the greatest figure in British journalism, and the first question on everyone's lips was to what effect his death will have on the policies of the Times and his other newspapers, which since the end of the war have strongly opposed the Lloyd George administration and its principles, with the notable exception of its dealings with Ireland, which the Northcliffe press supported throughout.

It was stated that the cause of Lord Northcliffe's death was suppurated, or the production of pus with in the heart, which was followed by acute blood poisoning.

## "GOLD MINE" TO CANADA

Ottawa, Aug. 5.—A remarkable increase in the volume of motor traffic into Canada is shown by returns compiled by the Department of Customs. According to their registrations, 617,285 automobiles entered Canada for touring purposes during the last calendar year. This figure compares with a figure of only 93,300 for the previous calendar year. Of the total number of cars registered in the last calendar year, 615,974 remained in the Dominion for less than one month, and 2,211 for more than one month, but less than six months.

The Parks Branch of the Department of the Interior has calculated that this motor traffic represents an expenditure in Canada of more than \$108,000,000, and it is estimated by the same authority that, on a basis of 5 per cent., "improved roads are worth more than two billion dollars, without taking into account the service they render Canadians themselves."

The Parks Branch estimate of expenditure in Canada by motor tourists is based on a stay of seven days for the larger number of cars, and 30 days for the smaller number, while the daily expenditure for the former is put at \$25 and at \$20 for the latter.

The registrations in the different Provinces were: Nova Scotia, 223; Prince Edward Island 22; New Brunswick, 1,828; Quebec, 43,264; Ontario, 537,283; Manitoba, 8,020; Saskatchewan, 427; Alberta, 363; British Columbia, 25,959—Globe.

### MORRISSEY BRIDGE

## THE CHILDREN'S PICNIC AT RENOUS

Mr. J. D. O'Connell, of Sussex N. B. and Cuba, accompanied by his secretary Mr. H. J. Gaynor, was in town yesterday, making arrangements for a monster free picnic at Renous, N. B. on Thursday 17th inst.

Mr. O'Connell is known throughout the U. S. A. and Canada as the "Orphan's Friend" and has for the past thirty two years been giving picnics and in many other ways, making life worth-while for the children. The Miramichi section is fortunate in being favored by Mr. O'Connell, in the giving of this picnic to the children on Thursday, and all children of the Miramichi regardless of creed, are cordially invited by Mr. O'Connell to attend. The picnic will start at 2 o'clock p. m. and continue throughout the entire day. This picnic of Mr. O'Connell's is not confined to children alone, as he would like to see all the children's parents and friends attend and thus make the day one to be remembered. The children will be provided with. All day Suckers, Candy, Peanuts, Oranges, Ice Cream and Sandwiches, while the grown ups will be served with a substantial dinner in the Hall on the Schofield grounds.

One of the special features of the picnic will be the scrambling of one hundred dollars worth of bright new pennies, and from this, much enjoyment will be derived by both young and old.

Mr. O'Connell is endeavoring to arrange with the railway officials to have a special train put on for the picnickers, and if successful, the train will stop at all points to take on and set off those intending to take part in the picnic.

We were favored yesterday afternoon with a visit to our office by Mr. O'Connell, who is a gentleman of a kind and cheering personality, and in our conversation with him he informed us that the reason for holding the picnic this year at Renous, was because of the fact, that he was taking a week's rest and during the week would be a guest of Rev. Father Murdock at Renous.

## EMPRESS THEATRE ON THURSDAY

How a sleepy little town, without ambition, snugly satisfied with its own conservative traditions, can be transformed into a thriving, hustling and prosperous small city is amusingly set forth in "Get-Rich-Quick Wallingford," a Cosmopolitan Production for Paramount directed by Frank Borzage, which will be shown at the Empress Theatre, Thursday next.

The picture details the adventures of those master confidence men, J. Rufus Wallingford and G. Horace Daw who descend upon Battlesburg, a Middle Western town, to fleece its citizens by means of hair-brained schemes. They find the town ultra-conservative but gradually the magnificent suavity of the crooks wins over the citizens and they "invest" generously. Wallingford and Daw, of course, have no intention of carrying out their so-called manufacturing projects, but their industry starts a real live boom and Battlesburg makes tremendous progress.

Sam Hardy is seen as Wallingford and is supported by Norman Kerry as "Blackie" Daw and Doris Kenyon as Fannie Jasper.

## Americans Are Buying Island Seed Potatoes

Harvey Mitchell, deputy minister of agriculture for New Brunswick, F. L. Estabrook, M. P. P., Sackville, a party of potato dealers from Presque, Maine, and two from the State of Virginia, were looking over fields of Prince Edward Island potatoes last week.

The Americans are here with a view to buying Island certified seed potatoes.

### KING ON FUSION BETWEEN LIBERALS AND PROGRESSIVES

Leamington, Ont., Aug. 9.—The text of Premier King's reference in his speech yesterday to reported fusion between Liberals and Progressives follows:

"Much has been said of recent years of third parties and their place in the politics of our country. I believe the session of parliament just concluded has gone far to demonstrate a truth that is outstanding in political history, namely, that third parties come into being under Tory rule and maladministration, but the necessity for them vanishes under Liberal administration. There was no third party in the days of Alexander McKenzie; there was no third party in the days of Laurier. It was under Sir John Macdonald, Sir Robert Borden and Mr. Meighen that third parties, either as patrons of industry, grangers, United Farmers, United Grain Growers or Progressives came into evidence in the federal arena.

"The sequence in most cases is wholly natural. Toryism is sure to breed discontent and discontent always gives birth to some new and first ultra-radical organization. Liberalism, if true to itself, will seek out the causes of discontent and endeavor to remove them, and by thus going to the root and the source of the trouble will seek to remove the divisions that exist between forces that ought to be united.

"It is this spirit and with this larger aim in view that the present Liberal administration has deliberately sought out and has adequately sought to remove the causes of political unrest which have brought into being as an entity distinct from Liberal that large body of opinion that describes itself as Progressive, but which, if the words have any meaning at all, are alternative expressions for one and the same attitude."

### FIELDING'S PLAN FOR PAYING OFF MATURING BONDS

Hon. W. S. Fielding, Minister of Finance, has given out the following statement concerning government loan operations:

"Our loan act, passed at the recent session, gives us authority to borrow \$350,000,000. We do not require all this money immediately. A five year loan of five and a half per cent bonds issued in 1917, now amounting to \$178,000,000 will mature on first of December, 1922. It is our intention to provide for retiring these bonds by a domestic loan to take the form of a conversion loan. Any portion of the bonds that may not be covered in the meantime by arrangements for conversion will be redeemed in cash on the first of December. It is believed, however, that a great many of the holders of these bonds will desire to reinvest their money in dominion securities. To meet what we believe to be their wishes we will issue new bonds bearing the same rate of interest namely five and a half per cent., either for five years, maturing in 1927, or for ten years, maturing in 1932, as the bond holder may prefer. A further advantage to the investor will be retired on December 1, 1922, and the interest coupon of that date will be paid. The new bonds to be delivered in exchange will be dated November 1st and will thus carry one month's accrued interest. The privilege of investment on these terms will be confined to the holders of the outstanding bonds about to mature. The bonds of the Canadian government, it is hardly necessary to say, are the very highest class of security that can be offered to our investors. In offering the terms above stated for renewal of the maturing loan, we are making a substantial concession to the home investors, inasmuch as our recent loan was placed in New York at a figure that yielded a little over five per cent. We believe that this highest class of security, offered on such terms, will readily be taken up by the holders of the bonds that are shortly to mature.

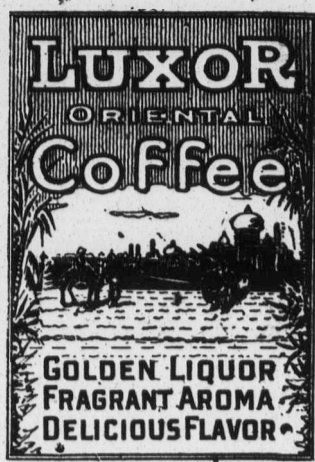

The government will avail itself of the services of the chartered banks in effecting the proposed conversion. Holders of the maturing bonds, who wish to take advantage of the offer, will be asked to communicate with one of the banks as early as possible and make their decision not later than September 30. Receipts will be given for bonds that are deposited, to be exchanged in due course for the new bonds when ready.

"After the conversion plan has been completed it may be necessary to make a further loan in which new money will be required. But that is a matter not calling for attention at present.

"Arrangements are being made with the banks for the carrying out of this conversion plan. More formal announcement will be made by official advertisements within a few days."

Asked whether or not the new bonds would be exempt from taxation as were those issued in 1917, Mr. Fielding replied that they would not. It was not the intention of the government to issue any more tax exempt bonds, he said.

Canada has 880 legislators, federal and provincial.

### THE NATIONAL WAY ACROSS CANADA

Canadian National Rail Services are the Acme of Travel Comfort

From the Atlantic Provinces to the West and to the Pacific, the ideal rail route is via Canadian National. "The National Way."

Whether on business or on pleasure bound the traveller has the advantages of a through rail service that is "unexcelled for excellence. The finest equipment of all steel trains is furnished and the most modern of standard sleepers, compartments cars, and modern diners.

The "National Way" is also the finest scenic route, and by reason of its construction furnishes the smoothest and most comfortable journey.

From Maritime Province points there is the best of service to Montreal via the "Ocean Limited" and "Maritime Express."

From Bonaventure Station, Montreal, the famous "Continental Limited" leaves daily at 9.00 P. M. for Ottawa, North Bay, Cochrane and Vancouver. This is the finest of through Transcontinental Service, the equipment of these Canadian National trains being of the most modern standard.

Ticket Agents of the Canadian National Railways will afford enquirers all the detailed information regarding these services. Enquiries addressed to the General Passenger Department, Montreal, will be promptly replied to, and booklets describing the territory will be mailed. 304

### A WARNING TO NEW BRUNSWICK

Michigan's Forests Gone—Imports Lumber

Michigan's wood-using industries are now paying the economic price for the State's quarter century timber delinquency, according to a statement issued by the Forest Service of the United States Department of Agriculture, experts who are engaged in a study to determine the effects of forest devastation on population, agriculture, industry and economic life in that State.

The forests of Michigan, the statement continues, are now so greatly depleted as a result of devastating fires and reckless cutting that they produce chiefly fuel wood and other minor forest products instead of high grade lumber on which the State's main industries depend. The building trades and the automobile and furniture industries of Michigan must largely import their supply of high-grade lumber from other States instead of growing it at home.

For the most costly classes of woods, such as those used for automobiles, furniture, and buildings, Michigan goes as far South as the Gulf of Mexico and as far West as the Pacific. It imports, all told, a little more than a billion board feet of lumber and timber annually, of which 400,000,000 feet come from the Gulf Coast region and nearly 180,000,000 feet from the Pacific Northwest. For these amounts the State pays not only an enormous freight bill, but also the high prices incident to constantly dwindling forests.

The reforestation of Michigan's denuded lands would, after a few decades, say forest experts, not merely stop these costly importations, but go far toward re-establishing the State's lost leadership in her once greatest industry, lumbering, and put it upon a permanent basis.

### CLOSER HARMONY BETWEEN ENGLISH SPEAKING PEOPLE

Four men prominent in world politics, addressing the California branch of the English-Speaking Union, recommended the aim of the Union in seeking to bring the English-speaking nations into closer harmony with a view toward fostering an international spirit of good will.

The four—William Howard Taft, chief justice of the United States and former president, Lord Shaw, of Dunfermline, member of the British House of Lords; George W. Wickesham, former attorney general of the United States and John W. Davis, former ambassador of the United States to Great Britain are here for the convention of the American Bar Association which opened today.

Lord Shaw expressed a desire for a wider understanding among English-speaking people. "When we stop troubling about our poorer qualities and find the best ones we will all understand," he said. "That is what England has tried to do in Ireland and it is succeeding so well that today I believe that Ireland is on the crest of a wave that will send it on to splendid achievements."

Mr. Davis said that "solution of the Irish problem and elimination of the jealousies aroused through the naval strength of Great Britain have removed two of the major threats which beset world peace."

He declared that the "liberation of Ireland did more to assure the world that freedom was not a mockery than any other agency in ages."

Mr. Davis concluded by saying that the English-speaking nations must learn Ireland by making the world a place of peace.

### SUSPENSION OF FIRE INSURANCE

As Means to Induce Greater Care in Prevention of Fire Outbreaks, Urged.

Suspension of fire insurance policies as a means to induce greater care in the prevention of outbreaks of fire was advocated by R. Latulippe, in the Fire Commissioner's Court at Montreal.

"There is only one way to decrease the number of fires," said Commissioner Latulippe, "and that is to prevent persons making money when they make their claims to insurance companies for compensation."

### Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicines I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanston, Bates & Co., Ltd., Toronto.

# CASTORIA

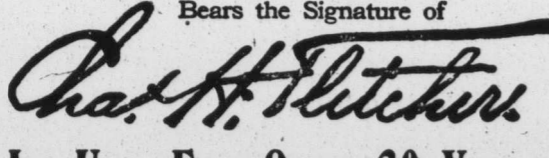

Fletcher's Castoria is strictly a remedy for Infants and Children. Food is especially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ### EX-SERVICE MEN ARE ASSURED OF DECENT BURIAL

Those Dying from Disease Contracted from War to Have Gov't Assistance.

Co-operation and assistance by the Dominion Government in the burial of ex-service men, who die from wounds or sickness contracted in the war, has now been authorized by Order-in-Council. The Imperial Graves Commission has fixed August 27, 1921 as the termination of the war as regards its operations, and, therefore, deaths occurring after that date are not covered by the authority of that Commission or its Canadian agency. Special action has consequently been made necessary by the Canadian authorities as regards war veterans who may die after that date from wounds or illness contracted on service.

### "KEEP WATCH"

The Trumpet Call of The Navy League of Canada

"Keep Watch." This, the trumpet call of the Navy League of Canada for greater vigilance for British interests, I would impress upon all the loyal residents of the New Brunswick Division. The times demand it.

New Brunswick is an important part of the Atlantic seaboard of this section of the British Empire. It is one of the stepping stones into Canada from the Motherland. Since 1783 it has been one of the leading interpreters of British sentiment in Canada. It is the possessor of one of Canada's leading national ports—a gateway through which British and international commerce should flow at all seasons of the year. It has settlement lands that should be peopled by British. It has natural resources that contain great possibilities. Therefore, vigilance and co-operation on the part of all loyal citizens are necessary in order that they should add strength to the imperial arm in the expansion of Canada's world commerce, and the development of her maritime interests.

"Keep Watch"—lest we forget what the British Navy means to us, what it has done for us and for the world, and what we have done to the men in the Navy and of the Mercantile Marine who made such great sacrifices and displayed such indomitable courage during the war. It is to the British sea forces that we must look for continued protection in the future, and it must be impressed upon Canada that it is her duty to render every possible assistance and co-operation in this connection. Canada must bear her share of responsibility in this matter.

While on this point it might be added that the Executive of the British Navy League, in explaining recently the new policy of the League to the British people, stated that they do not question in any way the agreements reached at Washington, but that the position of the British Empire, so far as its geographical situation and its sea communications are concerned, has in no way changed, since, with the development of the submarine and aerial warfare, the question of getting food supplies in time of war will be even more difficult than in 1914-18. This was impressed upon his Washington colleagues by the Earl of Balfour.

The Navy League of Great Britain (as is also the Navy League of Canada) is, says the Executive, "a voluntary patriotic association of British peoples, entirely outside party politics, desirous of rendering the greatest service of which it is capable to the Empire, particularly in connection with all matters concerning the sea. It upholds as the fundamental principle of National and Imperial policy, complete naval protection for British subjects and British commerce all the world over." The same spirit and purpose are behind the Navy League of Canada.

"Keep Watch." See to it that our Province is developed along lines—that we emulate the lofty spirit embodied in the principles of British citizenship—that we lose no opportunity to impress upon our children and upon all new citizens, no matter from whence they come, that we are living under the aegis of the British Flag, which it is their duty to respect and to defend, and that we endeavor to stimulate an active interest in whatever tends to the development of British and Canadian sea-power nationally and commercially.

"Keep Watch," see to it that our efforts are directed toward a closer affiliation with British ports the world over; and that we strive to

### CHATHAM TENNIS PLAYERS VICTORIOUS HERE ON SATURDAY

Saturday was a big day on the courts of the Moncton Tennis Club, a friendly tournament taking place between the locals and teams from Chatham. Of the 15 events played the visitors won 8 and the locals 7.

The day was most enjoyable throughout, a large turnout of local members being present in addition to the visitors.

The Chatham players were entertained at a luncheon served at the clubhouse at the noon hour and in the afternoon a general tea was served.

The courts were busy throughout the afternoon until darkness, the playing being held up for only a few minutes by the slight shower in the afternoon.

In the evening the visitors were guests of the Moncton Club at an enjoyable dance in Cote's studio, Union street. A dainty luncheon was served during the evening.

### Earthquake Felt At Edmundston, N. B.

A despatch from Edmundston, says that a severe earthquake shock was felt there early on Tuesday morning. People in the centre of the town were awakened from their sleep by the rocking of their homes. A pile of lumber was overturned in one place. One house in St. Basil was shifted from its foundation. Green River reports alarm of the people there. St. Jacques also felt the violent tremor.

### Fisheries Meeting At Shediac On Sept. 20

The annual conference of the fishery officers for the maritime provinces will be held at Shediac, beginning September 20, to close on the 27th. The meeting will be presided over by Ward Fisher, of Halifax, superintendent of fisheries for the maritime provinces; W. A. Found, superintendent of fisheries in the department at Ottawa, will be present.

### WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.

"Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

build up a national as well as an international ocean commerce that the ocean ports of Canada are developed and utilized for the handling of the traffic in winter as in summer, and that they be given preference over foreign ports. Trade must follow the flag.

"Keep Watch." In order that the sailors of the Navy and the Merchant Marine shall be properly sheltered and protected at our ports, and that a spirit of comradeship toward them is shown; also that all that pertains in any way to our association with the Motherland and to the strengthening of our British connections receives due attention from us.

These are the objects that the Navy League of Canada stands for and they afford a reason why the Daughters of the Empire and other patriotic organizations are so closely affiliated with it. Each community in New Brunswick should lend its loyal sympathy and support to the Navy League of Canada.

This does not entail any spirit of unfriendliness toward our neighbors, but rather the reverse, as whatever strengthens the ties of friendship on Canada's part serves to strengthen Britain's ties.

"Keep Watch." Again I would say unto you "Keep Watch."

Respectfully yours,  
R. E. ARMSTRONG.

### U. S. TO ADMIT FILM HOW KITCHENER WAS BETRAYED

Film Was Protested by the British Embassy—Shown Under Caption "Not Official."

The U. S. Customs authorities have decided to admit into the country for exhibition purposes the moving picture film "How Kitchener was Betrayed" which was protested by the British Embassy, it was said today at the Treasury.

A showing of the film in New York officials declared, revealed nothing improper in the picture and it was decided that it could be exhibited in this country with the insertion of a caption stating that it was not based on historical facts so far as it portrays high British officials. The importer, it was stated would be bonded to insure the insertion of such a caption, but the amount of the bond has not yet been fixed.

### DANGER OF STRIKE IN CANADA CONSIDERED PAST

With the first meeting of the board of conciliation in the dispute between the Canadian railways and their shop employees, which was held in Ottawa on Tuesday, it is anticipated that danger of a strike is past. For some time there has been considerable anxiety over this situation, but it is now believed that an amicable adjustment will be secured.

A GENEROUS SON OF NEW BRUNSWICK

On Thursday of this week, all comers, especially the kiddies, without distinction of class or creed, are invited by Mr. O'Connell to enjoy a picnic to be provided by him at Renous, N. B. As the locality is at no great distance from Newcastle, it is likely that many of our people will take in the enjoyment of the day, and see a sample of the practical Christianity, shown by "a generous son of New Brunswick."

His spirit of noble generosity is amply carried out, by his gracious hobby, of being a friend of children, especially of the orphans,—in the practise of which he is broad minded and liberal. From the hour, about half a century ago, when as a poor boy, he shared his cents with his boyhood chums, down to the present day, when riches have crowned his efforts, his greatest joy has been gathered from deeds of kindness to others less fortunate than himself; acting in the spirit of "what is mine, is thine" towards the little ones, into whose lives he has brought a ray of sunshine, and gladness, and a good time, ever to be remembered as a red-letter day in their lives.

He has made his picnics an annual event, interesting and making children happy. From a smaller beginning, he has year after year added to the number, until now about sixty localities towns and cities, in various places both in North and South America have the benefit of his benefactions; and he has taken care to provide for the carrying on of the good work after he has passed to the "Great Beyond."

His deeds of true love for his fellow mortals are not confined to picnics; poor children have ever found in him a friend indeed and at festive seasons of the year he has cheered many a little heart, which but for him, might have known no friendship or good cheer.

All this is carried out at a great expense and he feels amply repaid by the happiness it enables him to give—and happiness to himself. In his own way, he is repeating the call of his Master, "Suffer the children to come unto me," and there must be a heaven in it all.

Mr. O'Connell is a native of Butterworth Ridge, King's County, in this province. After residing for some years in N. B. and the United States he took up his residence in Cuba, in which place he has become a wealthy man. His career amply shows he has not forgotten the Homeland and his riches have not made him indifferent to the wants of the needy and the orphan.

May he long be spared to feel the true joy of giving worthily and wear the title "The Orphan's friend and a generous son of New Brunswick."

IS IT—"HAS", "WILL" or "MAY"?

While a lot of us have been worrying and tearing our hair and looking for some plan which, like a magic wand, we could wave over the "troubles of our discontent" and soothe the turbulent waters of business uncertainty, others have broken through the fog of depression and

are almost irritating when, by the recital of increases or evidences of improvement in "their" business, they suggest that we glance upward and note how the sun shines.

"The truth of the matter," began a remark we recently overheard, apropos of the foregoing, "is that these people dug down to a few fundamentals, made common sense plans and then carried them out." It seems so simple and yet the catch comes in the last clause.

Sales plans have been made, conferences have taken place by the hour, day or week, yet in the aggressive profit-producing ends of business, unfinished work, delay in execution of these self-same plans, hesitancy in adopting them and general lack of "follow through" to the last notch, have left a lot of effort lying almost in the waste heap.

When it comes to advertising, we cannot remind ourselves too frequently that, while we advertise to millions, we do it to sell to the individual. These little points, as represented by one person, are the end of our many searches.

It's the one buyer, many times multiplied, who makes the "net earnings" read on the Annual Report as "big profits."

Good business "has arrived," "will arrive and "may arrive" to various concerns in one of these proportions in relation to the way in which reasonably good plans have been carried through to the very finish. Are we doing it thoroughly? Is a sixty percent good plan getting one hundred percent execution? That's the thought.

One thing after another

When Paul, the Apostle, preached on Mars Hill, it was not the first time that the people flocked to hear or to see some new thing. Nor is it the last. In a very real sense, new things, new experiences, new ideas make up life itself. Many people, as we know, find existence but a squirrel cage,—eternal movement and eternal sameness,—but only the unthinking. For any one with new thoughts or, rather, with new vision of old thoughts, life is one adventure after another.—Ex.

IRRITABLE PEOPLE

Are Usually Victims of Poor Blood and Weak Nerves.

Irritability is one of the manifestations of nervousness, and it becomes worse as the nerves become more unstrung and approach a state of exhaustion. No one is irritable from preference, and this state is often only the outward expression of a great deal of physical suffering which friends do not realize. It is accompanied by headaches, sleeplessness, nervous indigestion and depression. Unless it is promptly checked more serious trouble develops.

The treatment for the earlier stages of nervousness, as well as the more advanced condition, is one of nutrition of the nerve cells, requiring a tonic. As the nerves get their nourishment from the blood, the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood, and have proved of the greatest benefit in a great many cases of this kind. A tendency to anaemia or bloodlessness, shown by most nervous people, is also corrected by these tonic pills. This is shown by the case of Mr. Kenneth R. McDonald, Tarbot, N. S. who says: "For a long time I was a severe sufferer from nervous trouble, with the result that I grew pale and weak, lost weight, slept poorly, and always felt tired out. Various medicines I tried had no beneficial effect, until finally I was persuaded to try Dr. Williams' Pink Pills. I found these just what I needed, as after taking them a couple of months I not only gained in weight, but felt stronger, more cheerful and better in every way. I feel that I cannot praise these pills too highly for what they have done for me."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TO REPORT ON MUSIC

In response to representations which have been received, particularly through an influential signed memorial from musicians and others, the Archbishops of Canterbury and York have appointed a committee on Church Music, with the following reference:—"To consider and report upon the place of music in the worship of the church, and in particular the training of church musicians and the education of the clergy in the knowledge of music as a branch of liturgical study."

NOW UP TO NORTH'D M.L.A.'S

Some time before the meeting of the employment Service Council of Canada, which took place at Ottawa from June 5th to 10th last, a notice appeared in the organs of the New Brunswick Government that J. S. Martin, one of the Labor M. P. P.'s for Northumberland County, had been selected to represent New Brunswick on that Council. At the Council meeting, however, it transpired that New Brunswick was not represented, much to the surprise of the other provinces as well as to the Labor people and others of this province who, very naturally, felt chagrined at the turn of affairs and somewhat mystified as to who was responsible—whether Mr. Martin or the Government had backed down at the last moment, or whether the appointment had never been made and immediately withdrawn on account of some falling out between the Government and its troublesome independent supporter. Careful scanning of the reports of the Council proceedings gave no light on the mystery. But later enquiry reveals the fact that Mr. Martin had not, either before or at the time of the Council meeting or long afterwards, been notified, either officially or unofficially, of his appointment on the Employment Service Council. Seeing his alleged appointment in the press, he would naturally wait for official notification but when approached concerning the news he knew nothing about it other than what was in the press.

Now, what was the object in using Mr. Martin's name if no appointment was to be made? Was pressure brought to bear from certain quarters opposed to Labor sufficiently strong to force the Government to force the Government to cancel the appointment before notice had been given to the appointee? Does the Government feel sufficiently strong to say to the independent electors of the Miramichi that their support is no longer required? Does it feel sure that it can continue to persuade the workers of certain other counties to vote the Liberal ticket as blindly as so many have hitherto done? Or have certain big interests such a hold upon Premier Foster and the majority of his colleagues that they can force the Government to recall immediately any appointment distasteful to such big interests? However it be, it is neither very creditable to

The Government nor promising to the Independent Labor members of Northumberland County and their colleagues in other parts of the province. The successful Liberal candidates in the recent Dominion election were elected very largely by the vote of organized labor, and the only return so far for what generous but misguided support is the railwaymen's cut in wages. Verily, the workman has been a long-suffering creature easily lulled to sleep whenever any deal of importance is being arranged to his detriment. He has been sleepy in the past, but there are signs that his long subervience to such parties as make up the present government of New Brunswick and Canada is fast nearing its close. The next move is up to the Independents of Northumberland County.—Times.

GREAT OPPORTUNITY FOR FARMERS

The spruce tree has long been king in New Brunswick, but in the not too distant future it may be dethroned by the humble white potato, which is being grown in this province with such great success. There is a strong demand in the Southern States for seed potatoes of the very best quality and absolutely free from disease and if the farmers of this province prove themselves equal to the occasion and take steps to eradicate the various diseases, which now affect the tuber, they will find an almost unlimited market for their product at the highest prices.

This was made clear from statements publicly made by American experts who attended the potato field day at the Fredericton Experimental Station last Friday. These gentlemen declared that the potato growers of the Southern States were com-

pelled to use Northern grown seed, and the economic aspect of the situation made it necessary for them to use only seed known to be free from disease. They take no man's word for it but club together and send experts to the potato growing regions of the north and examine and purchase the growing crops of potatoes. They claim that there is a market for hundreds of thousands of barrels of seed potatoes of the right quality in the United States each year, and can see no reason why growers in this province should not reap the benefit of it.

The hundred or so of potato growers representing different sections of the province, who gathered at the Experimental Station in Fredericton on Friday, to participate in the potato field day, were greatly impressed with the excellent program carried out. The speeches of the American experts was a very pleasing feature, and it was made clear that if the farmers of New Brunswick can produce potatoes free from disease, it will take something more than a hostile tariff to keep a goodly proportion of them from finding their way into the Southern States each year.

### United Organizations After Mayor's Scalp

The executive of the St. John United Organizations have decided to proceed immediately with recall proceedings against Mayor McLellan, on the ground that he had betrayed the trust reposed in him by the electors, and to demand that all of the commissioners place themselves on record, not later than today, as to their attitude on the acceptance or rejection of the Bodell offer. The account of the meeting herewith presented is that given out by the President of the United Organizations after the meeting.

The meeting was called to hear reports from the organizations, as to how they stood on the acceptance or rejection of the Bodell offer, presented to the city council by Mayor McLellan, and the reports all backed up the policy of the United Organizations in standing out for a civic distribution system.

It was moved and carried, that the United Organizations strenuously oppose the acceptance of the proposition of Mr. Bodell, as placed before the citizens by Mayor McLellan. It was then moved that, in view of the fact that Mayor McLellan had acted, contrary to the mandate of the people, as expressed in the election he instituted. This carried unanimously.

A motion was then passed that each commissioner be asked to state definitely and publicly, not later than today whether he would support or oppose the acceptance of Mr. Bodell's offer to the city; whether

he would support the immediate signing of the contract with the New Brunswick Electric Power Commission for hydro, and also support action to provide, without delay, a municipally owned distribution system. Representatives present were: St. John Builders' Association, W. E. Nonneman and John Flood, Jr.; Citizens Committee, G. F. Anderson, G. Fred Fisher and C. Winter Brown; Trades and Labor Council, G. R. Melvin; Sons of England, Messrs. Davis and Sibby; Hardware Clerks, H. D. Sullivan; Brotherhood of Railway Trainmen, Mr. Baskin; Carpenters Union, Mr. Kierstead; Dry Goods Clerks, their representative was not present but sent word they were behind the policy of the United Organizations.

It was decided to ask all organizations in sympathy with the policy of the United Organizations to send representatives to the meetings.

Roy Willet, president, was in the chair. The next meeting will be held today, August 15.

#### A MERRY ROW ON

There is a merry row on in St. John over the question of the city buying out the New Brunswick Power Company. The Mayor has flopped from his election platform "No truck or trade with the Power Company" and has gone over with the company,—hook, line, bob and sinker. Three of the newspapers are opposing the Bodell proposition—Telegraph, Times and Globe, while the Journal is backing Mayor McLellan. Talk of recalling the Mayor (he was once before recalled when a commissioner) by the United Organizations is also in the air, and the result will be keenly watched by the rest of the province.

One thing is certain, and that is, the province at large will not sympathize very much with either one party or the other. It appears as if most of the trouble is personal animus on the part of several interested persons who have axes to grind.

Well, insofar as the rest of the province is concerned it is willing to let St. John go to it and get its fill. It is known as the city of beggars from one end of the country to the other, and nearly always at the expense of the rest of the province. Perhaps she will now get a taste of her own medicine and it is to be hoped that the dose will serve as a cure, but we are rather inclined to doubt it. You can't change a leopard of its spots.

#### COAL SHORTAGE

There will be a considerable shortage of anthracite coal this year and the utmost care should be exercised to conserve anthracite supplies for use during the cold winter months.

### Summer Heat Hard on Baby

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any of these troubles may prove deadly if not promptly treated. During the summer mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### THE GOVERNMENT'S CONVERSION SCHEME

The attention of the holders of the five and a half per cent war loan bonds maturing December 1, 1922, is directed to the offer of the Minister of Finance to renew the loan on favorable terms. The last Canadian loan was placed in New York at a satisfactory price. The Minister is making his present financial operation entirely a domestic one by offering to exchange the maturing bonds for new bonds bearing the same rate of interest, running for either five years or ten years as the bondholder may prefer. A further inducement to the investor is that he receives a bonus of one month's interest. The terms offered are decidedly favourable to the investor and it is probable that a large part of the maturing loan will be renewed. Arrangements for the exchange of the bonds can be made at any branch of the chartered banks. Holders who do not wish to reinvest will be paid in cash on the 1st December.

#### ANTHRACITE COMING

Within the next week or ten days 9,000 tons of British anthracite coal will be on its way across the Atlantic in Canadian Government Merchant Marine ships. The steamship Canadian Conqueror is to load in Britain some 4,000 tons within the next few days and steamship Canadian Mariner is scheduled already to carry five thousand tons. It is possible that this tonnage will be increased before sailing date. Other ships of the Canadian Government Merchant Marine trading to British ports will probably load British anthracite for domestic consumption in Canada when cargo space permits.

### OBITUARY

**HUGH FERGUSON**  
Aged 82 years, Hugh Ferguson, Derby, North. Co., died recently, leaving two daughters; Misses Annie and Bertha, at home.

**MRS MICHAEL ADAMS**  
Word was received here on Saturday of the death on Friday, 11th inst. in Fitchburg, Mass. U. S. A., of Mrs. Agnes Adams, wife of the late Senator Michael Adams, who at one time lived in Newcastle. The remains were brought to Newcastle on Monday night and the funeral held this morning at 8 o'clock in St. Mary's Cemetery.

### IRISH LEADER DIED SATURDAY

Arthur Griffith president of the Dail, died in Dublin on Saturday of influenza.  
Mr. Griffiths has been known as the founder of the Sinn Fein movement, which, originally, had no connection with politics. With the failure of the Home Rule party to achieve results Sinn Fein came to the front as a people's party, and in time won supreme control in Ireland. Mr. Griffiths, through his newspaper writing, furnished the chief inspiration. He was arrested more than once. He was elected to the British parliament in 1918, but never took his seat. He never joined in the military movement in Ireland, but was a power behind the fighters and led in the proceedings which ended in the formation of the Irish Free State. He was leader of the Dail. His death will be a severe blow to the moderate party in Ireland. Mr. Griffiths was born in Dublin, was educated in the Christian Brothers schools and was 50 years old.

### Canada's Wheat Crop 20,000,000 Bushels More than Last Year

Canada's wheat crop this year is estimated at 320,968,000 bushels, or slightly more than twenty million bushels larger than the final estimate of last year's crop by the Dominion Bureau of Statistics. This estimate is based on conditions prevailing throughout Canada at the end of last month, and is arrived at by compiling data received from crop correspondents of the Department. The estimated yield of oats is 509,752,000 bushels, as compared with 426,232,900 bushels last year, and of barley, 64,881,000 bushels, as against 759,910-100 bushels in 1921.

### NEW STAMP TAX REGULATIONS NOT CARRIED OUT

The new stamp tax regulations are apparently not yet understood by many persons, as business men complain that they are receiving checks inadequately stamped.

Some persons seem to think that a 2 cent stamp is sufficient on a check up to \$100, whereas the tax is 2 cents on each \$50 or fraction of that amount. Thus a check for \$50 calls for only 1 2-cent stamp, but a check for \$71 calls for 4 cents in stamps while a check for \$101 requires 6 cents in stamps. The tax is graded up to checks for \$5,000 on which the stamp tax is \$2, this maximum tax being placed also on all checks exceeding \$5,000.

On drafts not exceeding three days or eight the tax is the same as on checks. On notes and drafts of longer term than three days the tax is not restricted to \$2, on \$5,000 but is 2 cents for each \$50 or \$2 for each \$5,000. On promissory notes payable on demand if transferred to a bank as security for an advance the tax is 2 cents.

### NEWS FROM THE OTHER SIDE

#### Interesting Letter From Woman in South Africa

Johannesburg, South Africa.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and because I felt run down. I tried a lot of medicines before I tried yours. One day I was standing on my stoop when a boy came up to me and handed me one of your little books. I read the book and the next day my husband went to the chemist's and bought me a bottle of Lydia E. Pinkham's Vegetable Compound. I have taken the medicine ever since and I feel quite strong and well now as I am on the sixth bottle. I have written to my sister and told her all about the wonders it has done for me, and I am quite willing for you to use my name as I can not thank you enough for what it has done for me."—Mrs. W. F. RUSSELL, 128 6th Ave., Mayfair, Johannesburg, South Africa.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by letter or verbally, one woman to another, that ought to commend this splendid medicine to you. Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments (in use nearly fifty years), and the fact that it has helped thousands of other women, should cause you to give it a trial now. It can be safely taken by any woman—young or old.

### 3 RATTLESNAKES ATTACK GIRL IN SWAMP

BROWNS MILL, N. J., Aug. 5.—Trapped on a point of land in a swamp near here by three huge rattlesnakes, Miss Carrie Pittman saved her life today by her coolness and the aid of her two dogs until a rescuer came in response to her calls and shot two of the reptiles, the third and largest escaping. Miss Pittman had wandered into the swamp in search of huckleberries to a section where the largest rattler ever found in New Jersey recently was captured.

"I was picking berries when I heard a snake rattle," said Miss Pittman in telling of her experience. "I looked around and saw a large rattler coiling to spring. I started to back away, when I heard another reptile and I saw a snake on the other side and a third under a log back of me. "I began to throw huckleberries at the snakes to attract their attention away from me. My two dogs, Ted and Mutt, began barking at the snakes. The dogs knew how to take care of themselves, but the snakes kept getting more excited. Twice two of the snakes were coiled ready to spring, but the berries and the dogs stopped them, but I thought they would get me before help came."

James Gibberson, Jr., heard Miss Pittman's calls and ran to her aid. The smaller snake had thirteen rattles. The rattles had been torn from the tail of the other. Gibberson found twelve young rattlesnakes in the stomach of each, some dead from the shot and the other he killed with a club, thus dispatching twenty-six rattlers in less than five minutes.

### Big Shipment of Coal From Sydney

Ninety-eight thousand tons of coal were shipped from Sydney piers last week, a new record, surpassing the boom days of the war. In addition, considerable bunker coal was loaded at Louisburg piers.

It is expected that these figures will be far surpassed during the present week.

Canada has 1,432 newspapers and periodicals, viz: 129 dailies, 1,011 weeklies and tri-and semi-; 233 monthlies. 32 are in foreign languages; 96 in French.

### PREMIERS UNDER FORTY

Toronto Globe: The statement having been made that the new Premier of Manitoba, Mr. Bracken, at 39 is the youngest man to be appointed Provincial Premier, except Sir Richard McBride, the Regina Leader puts in a claim for Mr. Dunning, of Saskatchewan, who became Premier of Saskatchewan at the age of 36. Sir Richard McBride was under 33 when he became Premier of British Columbia. His record is beaten by Sir Louis Davies, now Chief Justice of the Supreme Court, who became Premier of Prince Edward Island at 31.

Two others who attained to this position when under 40 were Hon. Edward Blake and Hon. W. S. Fielding. Mr. Blake became Premier of Ontario in 1871, when he was 38 years of age. Mr. Fielding was under 36 when he first took office as Prime Minister of Nova Scotia in 1884. Mr. Blair was not quite 39 when he assumed a similar office in New Brunswick. There may be others. The phenomenon does not seem to be uncommon.

### MEXICO HAS BEEN WARNED BY THE UNITED STATES

### Want Manila Instead of Hong Kong Terminus Port

Tentative arrangements have been made by the Pacific Mail Steamship Company and the officers of the United States Shipping Board to make Manila instead of Hong Kong the terminus port of the 535 class liners, now in operation. This program will reduce running time out of San Francisco by four days.

### SECOND HARVEST EXCURSION AUG. 18

#### Canadian National Railways Will Run Additional Excursion to Western Wheat Fields

The first Harvest Excursion via Canadian National Railways proved a great success, many thousands of energetic workers taking advantage of the cheap rates from all Eastern Points to Winnipeg and the low fares prevailing to points beyond.

The splendid accommodation given the harvesters on the C. N. R. trains will doubtless appeal to those who contemplate going on the second of these great excursions on August 18th.

According to latest advices many men are still wanted to complete the tremendous job of garnering the bumper crop of golden grain.

Special trains will leave on Friday, August 18th. The fare to Winnipeg is \$22.00 plus one half cent per mile to points beyond.

The Canadian National gives the fastest and most comfortable train service from Maritime Provinces to the West. Nearest C. N. R. ticket agents will furnish all information covering rates.

### Mr. Logan Likely To Be In Hospital Several Months

### World's Future None Too Secure Warns English Writer

Sir Rider Haggard is of the opinion that western civilization is by no means so secure as many Westerners believe.

"We have an idea that the West is going on forever," he said, lecturing before the Norwich Rotary Club, but can we be quite sure of that? Those who have studied and know the East; its enormous power of reproduction, its simple habits of life on the land, and its system of moralities which make every woman think it her duty to have children, know that it contains, an enormous potential power which must one day break out.

"Whether it can be curbed I do not know, but I have grave doubts. I shall never forget my friend, Theodore Roosevelt, saying when talking of Japan, 'Look out for your Australia, it will be the first place to go.'"

"If once Japan secures the control of China the outlook for the Western World will be very cloudy."

The speaker said he thought our existing civilizations that had preceded it.

"Who would have thought a dozen years ago," he asked, "that there would be such horrors in the world as we have recently seen in Russia. Even in Ireland it has been revealed that the savage is uncommonly near the skirt of civilized man, and so always it will be."

THE LEAGUE OF NATIONS AFTER TWO YEARS

In the August Atlantic Monthly, Raymond B. Fosdick has an interesting lengthy article in defense of the League of Nations. In part, he says:

To its enemies in the United States the League of Nations must seem an unconscious time a-dying. For more than two years it has tenaciously clung to life despite repeated prophecies of approaching demise. Occasionally, indeed, its actual death has been announced—once by the President of the United States—and preparations have been begun in high places to celebrate the obsequies.

But somehow the League of Nations still lives. More than that, it shows a surprising vitality. In spite of hard treatment and some neglect it seems to gain in strength and purpose.

Certainly the League, as it is today, with all the manifold activities which it is initiating and guiding, is a far different creature from the feeble offspring which the Treaty of Versailles so laboriously brought into the world.

For one thing, it has more friends. Only a handful of the larger Powers stood sponsor for it at its birth. It was eyed with suspicion by the smaller nations. Today these smaller nations are its warmest supporters, and fifty-one countries are now enrolled under its standard, representing, in all, more than four fifths of the world's population, and nearly three fourths of its area.

The list of absentees among the supporters of the League is more easily called than the roll of its membership: Abyssinia, Afghanistan, Ecuador, Germany, Hungary, Iceland, Mexico, Russia, Turkey, and the United States.

But it is not size alone which gives the League significance or which has brought it increasing vitality. With no precedents to follow, with no traditions to bind it, the league has struck out boldly in a new direction. On the theory that, if the nations of the world can get together for discussion around a common table, many of the conflicts of interest and misunderstandings of purpose can be reconciled and smoothed away, and many of the outstanding problems which confront all nations alike can be overcome, the League has built up machinery for international conferences such as no previous generation has possessed. And the machinery is working. However the enemies of the League may scoff at its impracticable purposes, the fact remains that, through the machinery which the League has brought into being, the nations are today sitting in conference on their common problems to a degree undreamed of a decade ago. Whatever mistakes may have been made in the formation of the League, and they were not a few,—within two years of its birth it has proved itself successful as an instrument for drawing the world together in common counsel.

A VALUABLE DOLLAR

Robert Dollar head of a great trans Pacific steamship line, business magnate, and Christian statesman is one of the striking instances of the triumph of industry, honesty, and pluck over many obstacles to success. Like Dr. Graham Bell, he was born in Scotland (Falkirk), in 1844, so that he is now 78 years of age. In the World's Work, in giving some account of trade across the Pacific he tells some interesting things about himself. He says "I was fourteen when my father brought his family from Glasgow to Quebec on the sailing ship Anglesia, a passage that occupied five weeks. Two years earlier I had taken my first job in a machine shop feeding a lathe, at the rate of half a crown or about sixty cents for a week's work, and sixty-five years after that job, I find the following note written on the last page of my 1921 diary:

"I closed this year by putting in a full day's work, and went home satisfied that I had done my best during the year. Not that I have done well nor that I have accomplished all that I might have done, but by persistent hard work I can safely say that I have given the best that was in me for the cause of Christ, and in my business I have striven to increase and develop American foreign commerce."

"From 1858 (when 14), when I secured a job in a Canadian lumber camp—or shanty, as we called it then—at ten dollars a month until 1888. I was continuously engaged in lumbering in various parts of Canada and Michigan. By the late 'eighties good, large timber was getting scarce and hard to find on the upper peninsula of Michigan, and the profits were diminishing every year, so I moved to California," etc.

"On the way to New York and England a year or so ago I stopped off at Ottawa. Senator W. C. Edwards took me up the Gatineau to see the places where as a boy, I started work in the lumber shanties. To say I was intensely interested does not express it, as I left there fifty-seven years ago. Many of the places came back to my mind, but I had known the country as an unbroken forest with no one living near, and at that time it was certainly a wild country.

I visited the site of the first shanty I worked in. The lake I used to carry the water from was there, and the ground on which the camp was built where I washed the dishes and did the chores. But instead of the unbroken forest there was a beautiful cultivated field. The forest had disappeared and it was difficult for me to realize the tremendous change that had taken place. The country was dotted with farmers' homes. There was an automobile road where when I was a boy we carried our bags of clothes on our backs and marched Indian file through the woods trail."

Grain Harvest Under Way In Many Sections

The grain harvest is under way in parts of New Brunswick. In other sections the harvest will not begin for some days. Carleton and parts of York County are well along with the harvesting of oats, wheat and barley. All grains have been heavy crops and harvesting unfavorable weather will be harvested in excellent condition.

August 15th is generally taken as the beginning of the harvest season which is about at its average state for the time.

Harvesting Hay
In Westmorland County the haying season has been delayed beyond that in the rest of the province. The upland hay there was cut in fine condition and the farmers are now at work on the marshlands.

Root Crops Promise Well
With grain in great condition root crops also promise well. Potatoes have escaped rust or blight except in isolated places. The cool nights are responsible for escaping the blight which made a sporadic appearance some weeks ago but has done little damage. Turnips are looking well in all sections. The present year should be one of the best for agricultural production ever experienced in this province.

PUBLIC NOTICE IS HEREBY GIVEN that under Power of Sale contained in a Mortgage dated the Twenty-third day of July, A. D. 1921, given and executed by the Southampton Lumber Company, Limited to the Royal Bank of Canada, and registered as Number 27 in Volume 108, pages 267 to 274, on the Twenty-fifth day of July, A. D. 1921, in the Registry Office for the County of Northumberland, there will be sold at Public Auction at or near the Post Office in the Town of Newcastle, Northumberland County, on Wednesday the Twenty-third day of August, A. D. 1922 at the hour of two o'clock in the afternoon, the leasehold lands and premises conveyed by the said Mortgage and therein described as follows:—

"All that certain lot, piece or parcel of land and premises situate, lying and being northwesterly bank or shore of Miramichi River in the Parish of Blissfield in the County of Northumberland, and bounded and described as follows,—Beginning at a ditch situate twenty-nine feet westerly from the southwest corner of the mill erected on the lands and premises herein demised, thence easterly along the north shore of the Southwest Branch of the Miramichi River a distance of thirty-seven rods to a spruce tree, thence Northerly to the right of way of the Canadian National Railway, thence Westerly along the easterly side of the Canadian National Railways right of way to a ditch, a distance of thirty seven rods thence Southerly to the bank or shore of the main South-west Miramichi River, to the place of beginning, containing by estimation acres, more or less, and being a portion of the farm premises of the said James W. Swim situate on the northerly side of the Miramichi River, in the Parish of Blissfield aforesaid, Together with the exclusive right to use the shore along the land in front of the said described lands and premises. Also the right to use the shore extending from the said demised premises to the high water bridge for the erection, construction, maintenance and operation of booms and blocks, together with the right to use the landing of the said James W. Swim, provided, however, that the use of said landing shall not inconvenience the said James W. Swim in the use thereof. Also the right to convey water by conduits, pipes or other means over, upon, through and under the lands of the said James W. Swim to the mill of the said Lessees, and to connect pipes and use the surplus water from the pipes of James W. Swim at his residence for a supply of water for the mill of the said Lessees. Provided, however, that only surplus water shall be taken from the pipes of the said James W. Swim; it being distinctly understood that the use of such water is not to diminish the amount required by the said James W. Swim for his domestic purposes; reserving unto the said James W. Swim, his heirs and assigns a right of way for teams and vehicles across the lands hereby under lease, at all seasons of the year, at such places as may be from time to time agreed upon between the parties hereto or convenient to the Lessees." ### BAND CONCERT

The Newcastle Concert Band gave another of their appreciated band concerts in the band stand on Thursday evening. A large gathering enjoyed the music and it is hoped the public will be given more of such pleasant musical evenings.

### NO ANNOUNCEMENT

There has been no announcement made yet of the appointment of the New Board of Management of the C. N. Railways. The Premier has stated that the appointment may not be made for some weeks yet, but offered no explanation regarding the delay.

### OPERA HOUSE

The Carnival is being shown again tonight at the Opera House. It was shown last night to a large audience and highly spoken of by those who saw it. Tonight will be the last opportunity of seeing it and it would be advisable for those who did not see it last night, to take advantage of this evening's showing.

### WANT REPRESENTATION

While the executive at Ottawa is considering the railway situation and the naming of a new board of Canadian National Railways directors the North Shore counties of New Brunswick are pressing for the appointment of a leading business man from New Brunswick on the board. Angus McLean, of Bathurst, has been suggested.

### ST ANDREW'S PICNIC

The Sunday School Picnic, held at Wilsons Point, last Wednesday, was a complete success. The weather was at its best; scholars, teachers and friends thoroughly enjoyed the day. The usual sports were indulged in and quite a number of the boys, girls and grown-ups competed for the prizes offered—the winners carrying off their rewards, amid general congratulations.

The scholars gathered in the morning, in the Sunday School building, and left for the grounds, shortly before 10 o'clock. During the day both dinner and supper were served. There was a bountiful supply of roast meats, a large variety of cake and the many other supplies, which go to satisfy everybody, both young and old. As usual on such occasions the Rector was a busy man—the hardest worker among them, and they were all worthy of every praise for their efforts, and the splendid success of the Picnic.

### 26TH BATTALION REUNION

The first reunion of the members of the 26th Battalion, New Brunswick's own, has been arranged for Labor Day, and through the kindness of the commanding officer of military district No. 7, the use of the Armories has been secured for the occasion.

### DUNGARVON ANGLING LEASE

At the Crown Land Office last week the angling rights on the Dungarvon River and branches were sold at public auction. The lease extends for ten years from March 1, 1922 and was sold to J. Durfee of Fall River, Mass. for the upset price of one hundred dollars.

### BASEBALL NOTES

The third contest in which the Richibucto and Chatham teams met on the baseball diamond took place on Tuesday afternoon on the occasion of the G. W. V. A. Fair. This resulted in a victory for the Chatham nine who won out by a score of 11 to 3, and have now won 2 of the 3 games played.

### SHIPMENTS OF LIVE STOCK FROM P. E. I.

A considerable quantity of live stock is being handled by the C. N. R. The live stock is being shipped from P. E. Island to St. John and Montreal points and consists of cattle, sheep and hogs. The present shipments mark the commencement of the season's shipments of live stock.

### NEW STAMP TAX IS A MONEY MAKER

"The new stamp tax is certainly a money maker for the government," said J. H. Bertram, of Toronto, collector of customs and excise. "It is a little early yet to estimate what the increase is going to come in, because the act has only been in force for seven working days." During the seven days \$50,310 has been collected for stamps. Prior to the act the normal for the same period would have been \$10,500. This shows an increase of nearly \$70,000, or \$10,000 a day.

### BE LOYAL TO YOUR TOWN

A practical way to show your public spiritedness as a citizen is to spend in the town the money you make in the town. This will not only work out to your financial advantage, but will help the people round about you who are contributing to your well being. It is perhaps thoughtlessness that causes many people to accept their living from a local community and then send to the city mail order houses for their principal wants, but to us there is something coldblooded about the transaction. If a town is good enough to live in, it should be good enough to trade in. It will be a much better town if you and I are 100 per cent loyal.

### AN ABUNDANT HAY CROP

A trip through this part of the province shows that the hay crop has now been pretty well stored, although in some places there is still some which is to be cut and housed. Farmers generally say that the crop is one of the best in years and fully 50% better than last year's. Similar reports come from all parts of the province and Dominion. The Dominion Bureau of Statistics places the hay crop of the Dominion this year at 15,554,000 tons or more than 4 million tons above that of last year. This should provide abundant food for live stock next winter and 4 million tons of hay at, say, \$15.00 a ton, means 60 million dollars, which should go a long way towards restoring prosperity among the farmers.

### SEIZED CAR

Officer Walsh took possession of an automobile last Saturday night because the driver did not have his number plates on.

### WINNER OF COUNTY MEDAL

Miss Grace Whitney Anderson, of Chatham is this year's winner of the Lieutenant Governor General's Medal for the county.

### MARITIME BOARD OF TRADE

The annual meeting of the Maritime Board of Trade will be held in St. John on Wednesday and Thursday, September 6th and 7th.

### MORE STEAMERS

Two more steamers arrived in the river last week, the "Thyra" to load for F. E. Neale and the Danish Steamer "Neva" which is now taking part cargo at Loggieville.

### TO BE SCRAPPED

The Canadian Cruiser Niobe, once a training ship for the Canadian navy, left Halifax for New York last week in tow of two tugs to be scrapped.

### LAWN SOCIAL

To be held on the Bule School grounds on Tuesday, Aug. 22nd at 7.30 p. m. In aid of the W. F. M. S. Ice Cream and amusements provided. M. RUSSELL, Sec'y

### BROKE PROPELLER

The Str. "Alexandra" broke her propeller last week and in consequence was unable to make her usual down river trips for a couple of days.

### CHOSEN AS REPRESENTATIVE

Capt. A. L. Barry of Newcastle has been chosen as Northumberland Counties' representative by the executive committee of the 26th N. B. Battalion for the re-union at St. John on Labor Day.

### FIVE YEARS' SENTENCE

At Bathurst, on Thursday, Judge McLatchey of the County Court, sentenced Edmond Michou to five years in the penitentiary. He had pleaded guilty to stealing a mail bag at Caraque en-route to Bathurst from Shipagan.

### DORCHESTER BIRDS STILL LEAD

In the egg laying contest being conducted by the Dominion Experimental station at Fredericton, the hens owned by H. E. B. Tait, of Dorchester, for the week ended Aug. 7th, continued to lead with a total of 1692 The Dorchester pen also led for the week with 49.

### SUNNY CORNER

On Wednesday August 9th a baseball team from Newcastle motored to Sunny Corner and received their first defeat of the year by a score of 8-4.

The line-up was as follows:  
Sunny Corner Newcastle  
Keating Catcher Grossman  
Murray Pitcher Graham  
Bryenton 1st Base McWilliam  
Hogan 2nd Base McMichael  
Harris 3rd Base McCullum  
Matchett Short Stop Dutcher  
Nowlan R. Field Robertson  
Nowlan C. Field Thompson  
McAllister L. Field Gough

### HAD NARROW ESCAPE

William Maloney, well-known lumberman, had a narrow escape from a fatal accident Thursday morning while motoring from Newcastle to Chatham. He was driving at about eighteen miles an hour and as he was approaching the railway crossing noticed the branch train about fifty feet ahead of him. He at once applied all brakes and turned his car into the bank of the road, but the car did not stop until it was about three feet from the train. The car was almost a total wreck.

This crossing, where the accident occurred, is a very dangerous one, and it was there, a few years ago, that the late Sheriff O'Brien was fatally injured.

## RICHIBUCTO PLAYS HERE TOMORROW

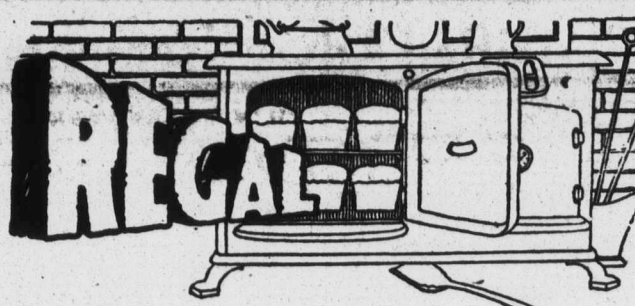

The Newcastle Baseball team will play Nelson at the latter place tonight. This is the last league game with Nelson.

It is expected that the local team will go to Bathurst on Wednesday 23rd inst. to play there in the afternoon. Chatham plays Bathurst tomorrow in Bathurst. Chatham defeated Nelson last Friday evening by the score of 3 to 0. Up to the first half of the fifth the score on both sides was blank. It was almost a win for Nelson, which would have made Newcastle and Chatham ties and thus revive the interest in the league race all over again. Douglas-town were to Bathurst last Friday and tied the score 9 to 9 in a 9 inning game.

Richibucto will be in Newcastle tomorrow (Wednesday) afternoon and a game with the locals will be staged on the Farrell Field at 3 o'clock.

### BATHURST'S NEW

POLICE CHIEF The vacancy in the Bathurst police force caused by the death recently of chief of Police Chamberlain, has been filled by the appointment at a special meeting of the town council of Cleveland Gilker, who has been residing at Clifton. There were twenty six applications for the position.
