LOCAL JUNIORS WIN AND DRAW ONE

Good Contests Put On With St. Patricks of Halifax.

Bridgetown Juniors won the first match by 11 to 2 and tied in a 7 all score in the second game of the double header played here last Wednesday afternoon. Dorey the star local pitcher was injured while practicing before the first game by being struck in the left eye by the ball. Longmire went into the box and pitched a splendid game and was given good support. St. Pats were not up to usual form and during the contest were badly outclassed. In the second game with the exception of the first inning excellent ball was played and the contest was a most exciting one. Box score below.

DEATH OF MRS. (REV.) R. M. JOST.

Dr. Jost on Friday morning received the sad intelligence that Mrs. R. M. Jost, wife of the doctor's atmosphere that is beneficial to any son, Rev. R. M. Jost, had just passed away at Louisburg. The deceased lady had been seriously ill for some time and the end was not unexpected. She enjoyed the esteem of a very large circle of friends in various parts of the Province. Her body will be brought here for burial and the funeral take place after the arrival of the express from Halifax on Friday.

DISTRIBUTION OF SCHOOL PRIZES

Pleasant Hour Spent at Primrose Theatre.—List of Prize Winners and Donors.

A very pleasant hour was spent in Primrose Theatre by pupils of Bridgetown, their parents and friends, when the annual distribution of prizes was made.

The programme was varied somewhat from former years. More music and fewer speeches.

Dr. M. E. Armstrong, chairman of the School Board presided and on the platform with him were Principal Archibald, Mr. A. D. Brown, Vice-Prin. R. J. Messenger, Mayor Hicks, and other members of the School Board and the clergymen of Bridgetown.

Proceedings opened with the ever popular Boat Song, followed by appropriate remarks by the chairman, Dr. Armstrong, on the local educational situation.

The next on the programme was a solo by Rhoda Hyson after which Principal Archibald read the pass list and made some brief and timely comments and words of thanks to the donors of prizes to Bishop and Bishop for use of theatre and to all who made proceedings a success.

Mayor Hicks followed with a concise and comprehensive address on the importance of education.

- A violin duet "Whispering Hope" was very nicely rendered by Newton Hayden and Margaret Armstrong.

NOTES AND NEWS OF LAWRENCETOWN

Address in Interest of Middleton Memorial Hospital.—Improvement of Properties.—Social and Personal Items.

Lawrencetown.—Mrs. (Dr.) Primrose has spent a day or two in Annapolis Royal.

Mrs. J. Sanford had nine guests for the week-end.

Mrs. E. Freeman, Windsor, and Mrs. H. Freeman, Halifax, are guests at the home of Mrs. H. Freeman, Bridge street.

Mrs. W. Prince and son, Gordon, were in Middleton Tuesday.

Rev. Mr. and Mrs. Gullison, India, are to be in Lawrencetown for the week-end. Friends will be delighted to see them.

Mr. W. Brown has had another attack of severe illness.

Miss G. Whitman, and sister Francis, are at Acadia.

Mrs. C. Young, Bridgetown, has been visiting her parents Mr. and Mrs. McKeown.

Mr. Roy Bent is spending his vacation at the home of Mr. W. W. Bent. Visitors from Hantsport have been at the home of Mrs. D. M. Balm.

Miss Prince and Mrs. R. Ritchie are enjoying their visit to Montreal.

Miss James Bancroft and Miss Marlon are now in town. Their home is in Providence, R. I.

Several houses are being painted, lawns and hedges trimmed, so our town looks fine.

All lovers of good music and there are many in Lawrencetown will enjoy the concert to be given Thursday evening, Sept. 18th in the Demonstration Building, by Miss Stella Whitman, pianist and reader, Miss E. Duncan, violinist, soloist, Miss K. Bancroft, violinist and others. A fine new program is being prepared.

Whitman and Miss Duncan will soon leave for Boston to pursue their musical studies. This will be the last time, perhaps, that we will have the pleasure of hearing these young ladies. All wish them bon voyage and great success.

The boys of the "Hustlers" S. S. school class of the Baptist church are worthy of their name. They will serve home made candy during the intermission of Miss Whitman concert on Thursday evening, Sept. 18th.

Thanks are due Mr. Edgar Shafter, also to Mr. Ernest Shafter for their generous kindness in taking the ladies to Mrs. F. Posters home on Monday. A large number attended the meeting, many subjects were discussed and some very interesting but really two length papers were read.

Ice cream and cake were served at the conclusion. The president, Mrs. H. Freeman in the chair.

Woman's Institute met on Thursday, members from different places were out in force. Rev. Mr. Turner addressed the gathering on behalf of the Middleton Hospital. A valuable institution, in need of generous support.

The Elm House has over-flowed with guests, the Annex also, rooms in private houses assisted the popular manager T. Elliott, in accommodating his guests.

NEWSY BUDGET FROM ANNAPOLIS

Popular Couple Wedded—Shower For Miss Dorothy Merriam—Social and Personal Notes of Interest.

Annapolis Royal.—A very pretty wedding took place at the home of Mr. and Mrs. Joseph Roop, Clementsport, on Wednesday morning at eleven o'clock, when their daughter, Margaret, became the wife of Reagh Burns, youngest son of Capt and Mrs. Amos Burns. The ceremony was performed by Rev. F. Smith in the presence of members of the family and forty invited guests. The parlour was beautifully decorated with a profusion of flowers, the bridal couple standing beneath an arch with large floral bell. To the strains of the wedding march, played by the sister of the groom, Mrs. M. C. McCormick, the bride entered on the arm of her mother, who gave her away. Mrs. Roop's son, Mayor Chesley of Kentville, was expected to perform this part of the ceremony, but was unable to be present.

Beautifully gowned in white brocade crepe with veil and orange blossoms and carrying a bouquet of roses the bride looked charming. She was attended by two little nieces of the groom, Frances and Ruby Burns, of Bridgetown, who were prettily attired in pink and blue organdie, and carried baskets of sweet peas.

Following the ceremony a dainty wedding breakfast was served, after which the young couple motored to Digby and left for a trip to Boston, the bride travelling in a tailored suit of navy blue.

A large number of beautiful wedding gifts were received, consisting of linen, china, silver, cut-glass and money, including a handsome check present to the bride was a china cabinet, and to the flower girls, signal rings.

Out of town guests were Mrs. H. Cunningham, Truro; Miss J. Roop, Lynn, Mass.; Mrs. S. Rider, Westham, Conn.; Mrs. W. Letney, Westham, Conn.; Miss Flora Potter, Lynn, Mass.; Mrs. Lottie Fraser, Brookline, Mass.; Mr. and Mrs. Moore McCormick, Annapolis; Mr. and Mrs. Harris Bear River; Mr. and Mrs. Marris, Jr., Seattle, Wash.; Miss Hazel Jordrey, Mahone Bay; Mrs. Burns, Torbrook; Mrs. W. Burns, Bridgetown; Mrs. J. Ross, Bridgetown; Dr. and Miss Joyce Roop, Bear River.

Mr. and Mrs. Burns will reside at Clementsport, and have the best wishes of many friends throughout the Province. Mrs. Burns was formerly stenographer with the Marine and Fisheries Department, Halifax.

Music lovers are pleased to hear that the Boston Symphony Ensemble under Maestro Vannioli will play here on Sept. 20th. The enterprise of Miss E. F. Anderson has made it possible for the people of Annapolis and the surrounding country to again hear this famous organization, whose coming is looked forward to, as the great musical treat of the year.

Miss Edna Anderson entertained at a delightful "shower" on Thursday evening in honor of Miss Dorothy Merriam, whose marriage to Dr. G. P. Macintosh of Springhill, has been announced to take place on Sept. 24th, at St. Luke's Church. Although residing in Granville Ferry for the past few years, Miss Merriam is a playing member of the Annapolis Tennis club and has always taken an active part in the social, musical and theatrical affairs of the town, where she will be much missed.

Mrs. DeLong Burns and her son Carl of Torbrook Mines, are spending a few days with Mr. and Mrs. Moore McCormick.

Mr. and Mrs. John Harris are camping for a week at King's Cabin, Lake La Rose.

Mr. and Mrs. F. C. Gilliat, with their children, Hortense and Courtney arrived home on Wednesday from Wokville, where they have spent the summer.

William Bent, of the local Bank of Nova Scotia staff, is spending his vacation at his home in Granville Ferry.

Mrs. Daniel Messenger of Paradise, spent a few days with her sister, Mrs. R. W. Foster and brother, R. L. Hardwick, before Mrs. Foster's return to her home in Dorchester, Mass.

Mrs. V. B. Durling, who has resided here for the past four years, and made many friends, expects to leave on Saturday with her little son and daughter to join Mr. Durling in De-

loro, Ont. Mrs. George Sanders, who has spent the summer with her parents, Capt. and Mrs. Norman Roop, is also returning to Deloro, accompanied by her husband, who arrived here on Saturday.

Miss Harriet Spurr, who has been the guest of her brother, Mr. W. C. Spurr, at Malvern Square, arrived in town on Tuesday.

Mr. Gordon Beeler of Bridgetown, spent the week-end in town.

Mr. and Mrs. William Bennett, who were married in Halifax recently, spent the week-end with Mrs. Bennett's parents, Mr. and Mrs. John Ramsay.

EELS BECOME DISTURBERS OF INDUSTRY.
Eels may be useful in the economy of nature but they are often among the nuisances. One of unknown size inserted himself into the pipes which leads from the main to the Monitor valuable time till his exact location was determined by the town engineering staff. They secured some of him but the rest went into the main. Another eel stopped water supply at J. H. Hicks & Sons for a little time. A flushing of the town water pipes might send some of these reptiles on a sea voyage. At any rate a clean out of the pipes would do no harm to judge by the present accumulations of mud inside them.

50th ANNIVERSARY WESTERN STAR

Annapolis Lodge Has Splendid Celebration.—Eight Daughter Lodges Represented.

The fiftieth anniversary of Odd-fellowship was celebrated fittingly by Western Star Lodge, Annapolis, and services were held in the United Church of St. George and St. Andrew on Sunday afternoon conducted by Rev. S. W. Whitman, S. M., of the Grand Lodge of the Maritime Provinces of Canada, Sunbeam Quartette Reagh Bowly, Baker and Crowe of Middleton, were present and added much to the pleasure of the occasion by selections. Musical number much appreciated was a solo by Mrs. F. M. Dargie, G. M. Rev. G. W. Whitman gave an effective discussion on Odd-fellowship, principles and a large number of Oddfellows from out of town were present. Some 150 or more headed by Annapolis band proceeded to the cemetery and decorated the graves of departed brethren.

The members of Autumn Leaf Rebekah Lodge No. 41 held a social evening on Monday, in honor of one of their members, Miss Eva Daniels, late of the firm of Buckler & Daniels, who is soon to participate in an interesting event. After a short entertainment of music and games, refreshments were served, prizes distributed and Past President, Mrs. J. W. Peters, in behalf of the Lodge, presented Miss Daniels with a case of silver, consisting of knives, forks and spoons, also a set of stainless knives. Miss Daniels was wholly taken by surprise, and expressed her gratitude to the Lodge in a most pleasing manner.

The committee in charge were Mrs. Charles Bent, Miss Nellie Rice, Mrs. A. Jackson, Noble Grand, and Miss Flossie Troop, Vice Grand. Mrs. G. O. Thies, presided at the piano.

Autumn Leaf Lodge is to be congratulated on its splendid staff of officers with Mrs. O. C. Jones as District Deputy President; and on the work they have done during the past year. One hundred dollars was raised toward furnishing a room in the Odd Fellows Home at Pictou, fifty dollars was subscribed to the Maritime Home for girls, at Moncton, thirty of which has already been raised; thus the work goes on, with its fraternal, social and benevolent branches, and is silently creating an atmosphere that is beneficial to any town or community.

IMPROVING THE C. OF E. CEMETERY

Review of Work Already Done in This Connection.—Further Funds Needed to Complete Improvements Before Winter.

The work of improving the Church of England cemetery, begun in the Spring of 1923, is now nearing completion, and if sufficient funds are forthcoming, will be completed before winter sets in. Those who have contributed toward this worthy object, and who have watched the work as it progressed, are justly proud of what has been accomplished in the way of improvement.

Those who are familiar with the appearance of the cemetery previous to the improvements now under way, could not help at that time, but be impressed with the fact that the lives of those whose mortal remains lie therein, were forgotten by relatives and friends alike. Happily however, a new order of things has been brought about, and it is to the credit of the few who have contributed toward this, that the cemetery at the present time is being converted into a beauty spot, and when completed will be second to none in the Province.

The entire cemetery has been graded, and seeded with the best available (Kentucky Blue Grass); all stones have been reset in order to conform with the grading; gravelled walks have been placed at convenient intervals, and proper drainage made. On the South side, two terraces have been built on either side of the main driveway, each measuring fifty feet by twenty, and in each of these a number of lots are available, a more desirable place for burial could not be equalled in any existing cemetery.

A number of ornamental trees, shrubs of various kinds, and perennials have been ordered for Spring delivery, and on arrival, will be placed as already planned. As to annual upkeep, or perpetual care, it is estimated that a man two days each week, not extending over a period of six months (26 weeks) in the year would be sufficient to keep the cemetery in good condition. Through the generosity of one interested in the cemetery a one thousand dollar, five per cent bond, has been placed in the hands of the corporation of St. James Church, the interest from this to be used toward the above named object; this would provide for ten weeks up-keep; a further contribution of a one thousand dollar, six per cent bond, from the same source is assured, the income from this would provide for a further period of twelve weeks, making a total of twenty-two weeks already provided for, leaving but fourteen weeks, or, seventy dollars to provide for each year. This amount could readily be made up if each lot-holder paid a small yearly tax, as is the custom in other cemeteries providing perpetual care, the heat and surest way however, would be to have sufficient endowment from which the interest would provide the full amount required for permanent upkeep.

The committee in charge of the work have been most energetic, and are anxious that the same be completed, and that full provision be made for future upkeep. Wonders have been accomplished in a short time, but there still remains a large proportion who have not as yet, contributed; and who could reasonably be expected to do their part. If all could see the improvements made it is quite certain that the non-contributors would be very much lessened, and sufficient funds would be forthcoming to meet all future requirements.

manner spoke a few words of appreciation of the gift and moved a hearty vote of thanks which was seconded by J. T. Archibald who also expressed the generosity of the gift and the interest he took in rifle shooting.

Major H. G. Longley (Captain of the club) extended on behalf of the club the vote of thanks. Everybody showed their appreciation by raising, also expressed the desire that Mr. Foster be present to see his trophy won a number of times.

At the closing of the competition P. Fitch (Municipal clerk) in a few remarks presented the winner with the trophy, which was won by Company Sergeant-Major B. W. Saunders.

FRUIT TREATMENT HEALS KIDNEYS

Concentrated Fruit Juices Give Astonishing Results

Anyone who has suffered with Weak or Irritated Kidneys—with the accompanying miseries of pain in the back, splitting headaches, swollen hands and feet, rheumatism and constipation—ought to try the Fruit Treatment for their trouble.

To those who use intensified fruit juices—"Fruit-a-tives"—for the first time, it seems almost impossible that the juices of apples, oranges, figs and prunes combined with tonics, could relieve Kidney Trouble.

LAND TO CHURCH IN MEMORY OF MOTHER

Parker's Cove Congregation Receives a Gift of Twenty-five Acres.

Granville Ferry—Miss Sarah Blair, R. N., of New York, who is spending the summer at Stoney Beach, has given 25 acres of land at Parker's Cove to the Methodist Church, for the use of the Methodist congregation there.

Mr. and Mrs. R. B. Thomas, in accepting the land on behalf of the Methodist Church and congregation of Parker's Cove, expressed his and their high appreciation of the generosity of Miss Blair in making a gift of this nature as a memorial to the beautiful Christian life and labors of her mother.

The executive of the council approved of the principle of closer union with the Social Service Council of Canada, but deferred final action for a year, in order to consult the county associations.

In the evening, the chairman was A. R. Coffin, of Truro. Addresses were made as follows: "Legislation and labor problems," by A. J. Walker Halifax; "The church and labor problems," by Professor A. Stanley Walker, King's College; "Education, as related to social problems," by Rev. Dr. James Boyle, P. P., Harbour Bouche.

FIFTY CASES OF BIGAMY IN ANNAPOLIS COUNTY!

Emphatic Declaration by Rev. A. J. Prosser at Convention.

Truro.—The Social Service Council of Nova Scotia closed its annual convention here Thursday evening. Dr. J. J. Hunt, judge of the Juvenile Court, Halifax, at the morning session gave an address on child welfare.

Rev. A. J. Prosser, agent for the Children's Aid Society in Annapolis and Yarmouth counties, spoke on the social aspects of child welfare. He declared that there was too much laxness in giving children away to others. There should be legislation on this point, he said.

At the afternoon session, J. D. MacKay, of Truro, president of the Colchester County Social Service Council, presided. Dr. J. J. Hunt, Halifax, Provincial health officer, gave an address on "social hygiene."

Rev. W. J. Hurlow, of New Glasgow spoke on the subject of objectionable literature. He said there was need for more care in the supervision of public libraries, and urged people to be more careful in their selection of gift books and in their patronage of magazines.

HOBO WAS MILLIONAIRE

Arrest in Paris Led to Vindication of Story.

Paris.—Arrested at Bordeaux as a vagabond and sentenced to three months' jail, a man of Spanish nationality, having every appearance of a real hobo vigorously protested, saying he was a millionaire from Madrid. "I am called de la Torre," he said, "I possess a bank account of more than a million pesetas in Madrid." An investigation proved this correct. The "hobo" possessing a fortune at the present exchange rate, worth 2,500,000 francs, was released with apologies by the magistrate.

CAUGHT SETTING HIS NINTH FIRE.

Escaped Lunatic Planned Big Blaze For Chicago.

Chicago.—William Mollermer, said to be an escaped inmate of the state hospital for the insane at Kankakee, was caught today after his ninth fire in the course of a few hours.

The youthful fire fiend—only 19 years old—readily admitted to the police that they got him just in time. Tomorrow, he said, he had intended to crown his career by watching a large loop retail store go up in flames. "I tried to do some shoplifting in that store," he explained. "They would not let me get away with it. It is a big rich store like that can let a poor fellow like me take something for nothing, they ought to be burned out."

He was captured as he fled from the alley at the rear of the Chicago Daily Journal office. A small blaze, which he had kindled was making headway when a watchman saw Mollermer running and became suspicious.

ESCALLOPED MACARONI WITH CHEESE.

1½ cupsful Borden's St. Charles Milk
3 cupsful cooked, drained macaroni cut in two-inch lengths.
1¼ cupsful grated American cheese
1½ tablespoonsful flour
1½ tablespoonsful butter or butter substitute.
½ teaspoonful salt, scant
½ teaspoonful pepper
Few grains paprika
Make a white sauce of the flour, butter, seasonings and the milk undiluted. Stir in the macaroni, thoroughly oil a rather shallow baking dish, put in a layer of the macaroni, then one of the cheese, continuing in this way until all is used and making the last layer one of cheese. Bake in a moderate oven until browned, about thirty five minutes.

Spanish Cream.

1¼ cupsful Borden's St. Charles Milk diluted with 1¼ cupsful water
½ teaspoonful salt,
½ cupful sugar
3 eggs
1½ tablespoonsful granulated gelatine
1 tablespoonful vanilla.
Let the gelatine stand in the milk for five minutes, then scald the mixture. Combine the egg-yolks, sugar and salt with the scalded milk, and cook until slightly thickened like a custard. Then stir the mixture into the egg whites beaten stiff; add the vanilla. Turn into individual moulds which have been dipped in cold water and when set unmould and serve with light cream, or any preserved fruit.

Mirard's Linctant for Dandruff.

ELIMINATE THE NON-PRODUCER. GAME LAW AMENDMENTS, 1924.

(Experimental Farms Note.)

Probably the greatest hindrance to the profitable keeping of poultry on the farm is the retention of a lot of birds that are poor layers, due either to their being too old or of a type to produce meat rather than eggs.

The production of eggs is the end of the poultry business in which the most profit can be made, so that a heavy egg producing type in the type that is best suited to ordinary farm conditions.

Generally speaking, the pullet year is the most profitable period of a hen's life. It is advisable, therefore, either to mark the chicks when hatched, using a different mark for each year, or to band the pullets when they are put into winter quarters, so that at culling time the age of the different birds may be seen at a glance and only those that are required for breeding purposes retained after the first year's production.

For the careful breeder the use of the trap-nest is the logical means to cull the flock but the ordinary farmer does not use trap-nests so that reliance must be placed on physical characteristics. The high producer will be found to be of an active disposition, early of the roost in the morning and late to go to roost at night and always busy. Her head will be clear cut, face smooth and free from wrinkles, with bright prominent eyes, skin soft, pliable and of fine texture and a general appearance of health and vigour.

Cull all birds that show a lack of vigour, a sluggish lazy disposition, a coarse rough head with overhanging eyebrows, an inclination to break down behind, or that show heavy deposits of internal fat, as evidenced by a thick skin and an abdomen that is hard and firm to the touch. In contrast to this the heavy layer will have skin that is fine in texture and the abdomen will be soft and pliable. This last feature is one on which great weight should be placed, but in calling reliance should be placed on a combination of features rather than on any one feature.

WOOD-CUTTER KILLED BY UPROOTED TREE

New Germany.—Near Nine Mile Lake on Saturday, Albert Frank of Parkdale, was killed instantly in a most peculiar accident. In the recent heavy windstorm a large beech tree was uprooted. Embedded in its roots was a huge stone weighing about seven hundred pounds, while across the trunk and lying at right angles was a similar tree.

The victim of the unfortunate accident was, with some other men of the district, obtaining a supply of firewood. While his companions were sawing Frank was down in the spacious cavity in the ground left by the large tree and was cutting away some of the roots. In some manner, probably from the lopping off of the heavier branches of the tree bearing on large trunk, the latter became unbalanced and the weight of the stone brought the large tree into a nearly upright position as it fell back into the hole, crushing under its immense weight the body of the unfortunate man. His body was with some difficulty extricated and was carried to his home in Parkdale.

The funeral service was held Monday and was largely attended. He is survived by his wife and four young children. Mr. Frank was about forty years of age.

TEN MILLION CIGARETTES SEIZED

A few days ago the Custom officials at Brockville forwarded to Ottawa about ten million cigarettes of American manufacture, which had been seized at that point.

This large quantity was collected in the space of a little over two months.

Those best informed on the subject claim that there are from five hundred million to seven hundred million cigarettes smuggled from the United States into Canada annually, replacing an equal quantity of cigarettes of Canadian manufacture.

The seizure made at Brockville during the past two months would seem to indicate that this estimate is, if anything, below rather than above the mark.

Five hundred million cigarettes brought unlawfully into Canada represents a loss in tax to the Dominion Government of the huge sum of \$3,655,000.

OBITUARY.

Rev. S. C. Ingersoll.

Berwick.—Rev. S. C. Ingersoll, a retired minister of the Pentecostal Church of the Nazarene, Stamford, Conn., passed away quite suddenly here on Friday morning, Sept. 5. Mr. Ingersoll, who was eighty years of age, came here to reside in the early part of the summer, and a little over a month ago, married Mrs. R. Bligh. He seemed in good health for a man of his age, but on Thursday had a slight shock of paralysis, which resulted in his death.

Mr. Ingersoll was twice married and has sons and daughters living in the United States. A brief service was held at the home on Monday morning by the Rev. F. M. Webster after which the remains were forwarded by the morning express to Stamford for interment. Mrs. Ingersoll accompanied them.

SAWMILL FIRE LOSS \$5,000; NO INSURANCE

Aylesford.—Early Tuesday morning the saw mill belonging to Roy Meister, in the Woodworth Road, was totally destroyed by fire. The fire was discovered by Mr. Crocker, who was sleeping in the cook-house close by, but when first seen it had such a hold on the buildings that nothing could be done to save them, and the mill was soon reduced to a heap of ashes. Vigorous efforts were made to save as many barrel staves as possible, but in spite of all that could be done, several thousands were destroyed, although the efforts of the few men who were on the spot, resulted in rescuing a large number of staves, as well as a good number of logs, and getting them into a place of safety.

Much of the machinery was destroyed and the remainder considerably damaged. The loss is probably about \$5,000, and there is no insurance. This is the second mill in the district to be destroyed by fire within a fortnight.

Big Game.

The killing of yearling moose, commonly called a "spike horn," is now prohibited. The sale of moose meat before the season of 1927 is also prohibited.

No caribou are permitted to be killed before 1930.

Firearms.

It is unlawful to carry a rifle in the woods during the open season for moose and deer without holding a resident big-game license.

Between the 16th day of November and the 1st day of April following, it is unlawful to carry in the woods a rifle of a greater calibre than .22.

Fur-Bearing Animals.

A month has been added to the season for trapping fur-bearing animals. It now opens Nov. 1st and closes Jan. 31st.

REVENUE SHOWS FALLING OFF.

But The Net Debt of The Dominion Dropped Over Two Millions.

Ottawa.—Ordinary revenues of the Dominion of Canada for the five months of the present fiscal year ending August 31st last show a decrease of approximately twenty million dollars when compared with the revenue figures for the five month period of last year.

Ordinary expenses for the five months show an increase of over two millions when the two periods are compared.

The monthly statement issued through the Department of Finance shows total ordinary revenue for the five months under review of \$162,523,315, as compared with \$182,163,286 a year ago. Ordinary expenses for the five months ending August 31st amounted to \$113,755,869 as against \$111,432,611 in 1923.

The net debt of the Dominion which stood at \$2,391,451,680 at the end of July dropped to \$2,387,517 at the end of August or a decrease of \$3,934,031.

RICH, PURE BLOOD RESISTS DISEASE

Dr. Williams' Pink Pills Make Rich Blood And Restore Health.
Thin, pale people lack the power of resistance to disease that rich, red blood gives. Nervous breakdown is the direct result of thin blood. So is anaemia, indigestion, rheumatism and many other troubles. People suffering from thin, impure blood need just the help Dr. Williams' Pink Pills can give. For thirty-five years Dr. Williams' Pink Pills have been world-famous as a blood builder and nerve restorer. Not only do they purify and enrich the blood, but they make new, rich, red blood which imparts fresh vigor and life to all the organs of the body. Their first effect is usually to stimulate the appetite; then the spirits revive, and restlessness at night gives way to health restoring sleep. For sufferers from anaemia, nervousness, general weakness, digestive troubles, the after effects of acute diseases, mental or physical exhaustion, Dr. Williams' Pink Pills are a restorative of the utmost value. If you are weak or ailing give these pills a fair trial and the result is sure to be beneficial. Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LETTER OF SYMPATHY.

The following letter of sympathy was sent by the Maritime Baptist Convention to Rev. F. H. Beals:
Wolville, N. S., Sept 2nd., 1924
Dear Bro. Beals:—
I have been instructed by Convention to extend to you the deep and heartfelt sympathy of the brethren for you in your recent affliction; to assure you of their appreciation of your untiring and splendid labors for the advancement of the Denomination and the Kingdom of God, and to express the hope that many years of service may still be granted you. And further to assure you of their love and their prayers for your future welfare.
On behalf of the Convention,
S. S. POOLE, Secretary.

The ceremony which took place at 10 a.m. was followed by dainty refreshments, after which the happy couple left for a few days motor trip of various towns in N. S.

They were followed by the best wishes and congratulations of hosts of friends from this and surrounding communities where Mrs. Young is so well and favorably known.

BOATMAN DROWNS IN WATER 5 FEET DEEP

Yarmouth.—At Lower Melbourne Friday morning, Alton Lent fell into water, not over five feet in depth, and lost his life. He was endeavoring to push a large motor boat off the shore, and it is supposed he had an attack of the heart as he made no attempt to save himself, and when assistance reached him life was extinct.

Mr. Lent was a son of the late Churchill Lent, of Weymouth, and was thirty-eight years of age. He is survived by his widow, and five small children, all girls; also his mother and five sisters, Mrs. Charles Poole Mrs. J. A. Crocker, Mrs. Wm. Turnbull, Digby; Mrs. Gordon Titus, Freeport; Miss Odessa, at Digby; and one brother, Arnold, in Prince Edward Island.

KENTVILLE TENNIS PLAYERS DEFEATED BRIDGETOWN STARS

Final Tournament in The Valley League Proved to be Very Interesting to Many Spectators.

The Kentville Tennis Club was royally entertained by the Bridgetown Tennis and Quoit Club at the closing tournament of the Valley League held at Bridgetown Saturday. The weather was all that could be desired, the courts were in fine condition. The players in good fettle and the hospitality and goodwill which prevailed, made a delightful and fitting closing to a successful season of tennis.

The Kentville players motored through to Bridgetown and were guests at the homes of the Bridgetown Club for dinner and at tea at the club house. At the close of the tournament a most enjoyable tennis dance was given at the home of Mr. and Mrs. Fay, the charming hostess, and most making it possible for everyone to have a delightfully informal good time. Delicious refreshments were served after which the visitors motored to Kentville having had a thoroughly enjoyable day.

Some great tennis was witnessed, Kentville winning out 8-4 over the western champions. An especially good exhibition was given in the men's singles between J. C. Neary, Kentville and James Fay, Bridgetown and in the ladies singles, Mrs. F. A. K. Walker, Kentville, and Miss Francis Fowler, Bridgetown.

The result follows:
Men's Singles-J. C. Neary, Kentville, defeated James Fay, Bridgetown, 8-6, 6-3; E. G. McMilln, Kentville, defeated R. W. Donaldson, Bridgetown, 6-3, 6-4.

Ladies Singles-Mrs. Walker Kentville, defeated Francis Fowler, Bridgetown, 6-3, 6-3; Mrs. Flett, Bridgetown, defeated Miss J. Blanchard, Kentville, 6-0, 6-1.

Men's Doubles-H. B. Hicks, H. L. Ruggles, Bridgetown, defeated J. C. Neary and E. G. McMilln, 6-4, 7-5; R. Neary and E. V. Neville, Kentville, defeated J. Hoyt and J. Roberts, Bridgetown, 6-4, 3-5; Rev. J. H. Freestone, and R. W. Donaldson, Bridgetown, defeated Jim and Bill Wickwire, Kentville, 6-4, 9-6, 10-8.

Ladies Doubles-Mrs. F. A. K. Walker and Miss Winnifred Moore, Kentville, defeated Miss Daniels and Mrs. Flett, 6-3, 6-4; Miss Brown Wickwire and Miss Winnifred Moore, Kentville, defeated Mrs. Fay and Miss Ruth Fowler 8-5, 6-3; Mrs. J. G. Neary and Miss Blanchard, Kentville, defeated Miss Hattie Anderson and Miss Hortense Griffin, 6-4, 6-3.
Mixed Doubles-Mrs. Walker and James Wickwire, Kentville, defeated Mrs. Fay and James Fay, Bridgetown, 6-3, 6-3; H. L. Ruggles, and Miss Ethel Daniels, Bridgetown, defeated Miss Brown Wickwire and R. Neary, Kentville, 6-2, 6-1.

The mixed doubles between Mrs. Flett and V. A. Lloyd, Bridgetown, and Mrs. J. G. Neary and E. V. Neville, Kentville, were called on account of darkness.

THANKFUL MOTHERS

Once a mother has used Baby's Own Tablets for her little one she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N.S., who writes: "I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of the Tablets in the house." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teaching easy. They are sold by medicine dealers, or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

an educational one, it is hoped that all High School students will be present. Mrs. McLean, Provincial Secretary, spoke in Stoney Beach Church on Acadia Forward Movement. (Occasional Correspondent.)

SPRINGFIELD.

Miss Violet Saunders of South Greenwood, was a recent guest of the Misses Willena and Ruth Wilson.

Mr. and Mrs. A. G. Morton are spending a few weeks with their son Dr. L. M. Morton, Yarmouth.

Mrs. J. E. Stoddart, and family returned to Truro, Saturday after spending the past two weeks with Mrs. Gilbert Drew.

Mrs. C. A. Emeaneau and little son are visiting friends in the U. S. A.

A large number of people, both old and young, met at the home of Mr. and Mrs. G. M. Durling on Wednesday evening, Sept. 3rd, and presented their daughter Lenora with a miscellaneous shower in honor of the event of her marriage to Otto Wilson, of Boston, which is to take place in the near future.

Mr. and Mrs. J. G. Morrison, and daughter Myrtle and Carrol Lohnes, motored to Middleton, Wednesday, Sept. 10th. They were guests of Mrs. S. A. Grimm.

PLANT AN ACRE A YEAR WITH FOREST TREES.

Amherst, Massachusetts. "Plant an acre a year" with forest tree seedlings is the slogan of a forestry extension program which has been accepted by the Massachusetts Forestry Association, the Northeastern Forest Experiment Station, Massachusetts Agricultural College and many of the county farm agents in Massachusetts.

It is planned to employ a man in each town to distribute young trees to farmers who will plant them and to give planting demonstrations next spring.

It is figured that if 500 farmers buying seedlings at \$10 a thousand and spending two days per acre, will plant for several years, rocky pastures can be made profitable, farm values improved and in the course of time another cash income provided.

Cassidy: "Why do you look so sorrowful, Murphy?"

Murphy: "I just heard a man call another man a liar, and the man that was called a liar said the other man would have to apologize or there would be a fight."

"And why should that make you so sad?"

"The other man apologized."

"And then shall I say that you walked forth from the grim gates of prison a free man?"

Notoriety: "No, no, you can't say that. I had my wife with me!"

Four Reasons Why YOU Should Purchase A Farm in the Annapolis Valley.

- 1.—Because the Annapolis Valley is the best and most dependable Country in which to farm.
- 2.—Because the basic source of Man's subsistence is the farm. It is the most honorable business on earth. It means health, wealth, happiness and contentment.
- 3.—Because milk from your cows and eggs from your poultry, will give you a daily cash income the year round. Apples, small fruits, berries, garden truck, grains, hogs and sheep will build you a big bank account.
- 4.—Because Lloyd's Service will find the farm you want, where you want it, at the price you want to pay.

PARADISE.

The pupils of Paradise High school, of which Mrs. F. H. Balcom was principal, did exceptionally well in the Provincial examinations. Six received their grade XI certificates; Lizzy Banks, Leola Banks, Margaret Freeman, Margaret Trimmer, Helen Starratt and Chesley Rice. Those receiving grade X certificates were Marjorie Morse, Evelyn Leonard, Rosamond Longley and Karl Starratt. In grade IX were seven who received their certificates: Muriel Ritcey, Edith Bent, Dorothy Balcom, Dorothy Saunders, Malcolm Leonard, Warren Longley and Edgar Bent.

Mr. and Mrs. M. C. Daniels of Paradise, have returned home after spending three weeks with Mr. and Mrs. F. H. Balcom, Lockport. On their return they accompanied Mr. and Mrs. Balcom and children on a motor trip along the South Shore to Halifax and from there home through the Valley. Like all others they were delighted with the roads and scenery along the shore. After a few days in Paradise Mr. and Mrs. Balcom and family will return to Lockport.

Advertise Your Business In the New Telephone Directory

Our special agent, Mr. James R. Mellish, is now selling space in the forthcoming issue of the Telephone Directory for the Western District. That district comprises, roughly speaking, all the territory West and Southwest of a line drawn between Chester and Windsor and includes these two exchanges.

Mr. Mellish is full of facts and figures which prove convincingly the high merits of the directory as an advertising medium.

It would be more than worth your while to have a talk with him.

Besides selling space, Mr. Mellish will be glad to attend to alterations, where those are needed, in existing ads in the Directory.

Your Exchange Manager will arrange for Mr. Mellish to get in touch with you if you give him the word.

HALF A BILLION DOLLARS IN MINES.

Employment Furnished Over 62,000 Persons.—Pay Roll Over \$75,000,000

Ottawa—More than \$492,000,000 was invested in the operating mines and quarries in Canada reporting production in 1923, according to the final report on the mineral production of Canada just issued from the Dominion Bureau of Statistics at Ottawa. Employment was furnished to upwards of 62,000 persons, and salaries and wages were in excess of \$75,000,000. Of the capital employed, 35 per cent was invested in Ontario properties, 17 per cent in British Columbia, mines and smelters, 15 per cent in Quebec, and 13 per cent each in Nova Scotia and Alberta. Of the balance, 3 per cent represented Yukon investments, 1 per cent Manitoba, and 1 per cent Saskatchewan. By classes of industries, the capital employed was distributed as follows: Coal mining, 28 per cent; metallurgical works, 13 per cent; asbestos, 9 per cent; gold mines, 7 per cent; silver-cobalt, natural gas and clay products, each 6 per cent.

There are several news features in the annual report, which has just come from press. The first part of the report is comprised largely of tables showing output, imports and exports of mineral products by commodities, with comparative data for preceding years. The output tables are historical in character. There is a small amount of descriptive matter and the report is illustrated by charts.

Under the heading, "General Statistics" there are a number of separate sections, each dealing with the general statistics pertaining to a particular industrial group, as the copper-gold-silver industry, the nickel-copper industries, asbestos industry, etc. and there are general tables presenting the principal statistics of the mining industry as a whole, as well as by groups and by provinces. Data are given on capital employed, numbers of employees, salaries and wages, fuel used and miscellaneous expenses.

A review of metallurgical practice in Canada, forming a separate section of the report and embodying the principal features of the typical processes employed in each of the main divisions of the industry, has been added this year for the convenient reference of the reader who desires to obtain a general conceptus of the industry. The description includes processes for the recovery of gold, silver, coal, nickel, copper, lead and zinc.

Another feature which will be found of considerable value as a reference is a directory section, showing the names and addresses of all the principal operators in the Canadian mineral industry, together with the location of the properties worked in 1922.

In the matter of statistics, the Canadian mining industry is particularly well served and the annual report just issued, which was prepared under the direction of Mr. S. J. Cook, chief of the Mining, Metallurgical and Chemical Branch, is a further improvement over the excellent reports which have been issued on this subject in recent years. Copies may be had on application to the Dominion Bureau of Statistics at Ottawa.

WORK APPRECIATED BY ADMIRAL FIELD

Windsor.—H. H. Field, Windsor's photographer, who was the official photographer to the Special Service Squadron while it was in Halifax recently, has received a telegram from Admiral Field, asking him to go to St. John's, Newfoundland, to do further work on the coast. The weather was so rainy and there was so much fog during the time that he was in Halifax that it was impossible to do all the other ships, Mr. Field's work was so much appreciated by the men in command of the ships that his appointment for further work is something of which he may well be proud. He will sail next Tuesday from Halifax to continue his work for the Hood and whatever else is required.

COMMANDING OFFICER COMPLIMENTS TROOPS

Middleton.—The Annapolis County Regiment which has been in camp here for eight days, broke up Tuesday morning after having completed a very successful encampment. The regular inspection of the camp was made by General Thacker, C. B. C. M. G. D. S. O., accompanied by Col. Powell. They complimented the commanding officer both on the fine appearance of the camp and on the efficiency displayed by the troops. The camp officers were:

Lt. Col. G. W. Harris, O. C.; Major E. Morgan, 2nd in Command; Adjutant Major L. Priker, M. C.

The company commanders were: Captain, J. A. Willett, Lieutenant, Jones, Major H. G. Longley, Major E. R. Power.

The Annapolis Regimental Band attended at inspection Tuesday and also at the program of sports carried out in the afternoon. In the evening the local chapter of I. O. D. E. and the officers gave a successful dance at the Armouries.

The first residence of the Jesuit Fathers at Sillery, which was built in 1639, has been presented to the Province of Quebec by the sons of the late Hon. R. B. Borell, a minister in the Laurier cabinet of 1896. This house, which stands at the foot of the path outside the City of Quebec up which Wolfe's army climbed to the Plains of Abraham, is the oldest in Canada and the second oldest in North America, the oldest being situated in Florida.

Something new in the way of "stunts" was staged at Middleton on July 4th by the publicity association of that city, as a send-off to Canadian and United States delegates going to the annual convention of the Associated Advertising Clubs of the World, which opened on July 12 at London, England. The 25 men of the party rolled a huge ball made of wood and canvas through the principal streets from a local hotel to the docks occupied by the Canadian Pacific steamship "Montcalm," upon which they subsequently sailed.

WORKING GIRL'S EXPERIENCE

Read How She Found Help in Lydia E. Pinkham's Vegetable Compound

Arnprior, Ontario.—"I must write and tell you my experience with your medicine. I was working at the factory for three years and became so run-down that I used to take weak spells and would be at home at least one day each week. I was treated by the doctors for anemia, but it didn't seem to do me any good. I was told to take a rest, but was unable to, and kept on getting worse. I was troubled mostly with my periods. I would sometimes pass three months and when it came it would last around two weeks, and I would have such pains at times in my right side that I could hardly walk. I am only 19 years of age and weigh 118 pounds now, and before taking the Vegetable Compound I was only 105 pounds. I was sick for two years and some of my friends told me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken a bottle of it I felt better. Here is what I have to tell friends about the medicine and to answer letters asking about it."—Miss HAZEL BERNDT, Box 700, Arnprior, Ontario.

A day out each week shows in the pay envelope. If you are troubled with some weakness, tired feelings, pains and irregularity, let Lydia E. Pinkham's Vegetable Compound help you.

Here and There

Up to the end of May, 1924, over 779,000,000 fry of different kinds of fish were produced throughout Canada from the fish hatcheries operated by the Department of Marine and Fisheries, a recent despatch from Ottawa declares.

A surplus of \$363,011 is shown in the annual report of the Vancouver Harbor Commissioners for the year 1923. Receipts totalled \$725,889. There was an increase of \$4,818,797 in the value of all exports and imports. The total value of all freights was \$40,693,924.

Among the passengers sailing for England on the Canadian Pacific steamship "Marloch" July 2nd from Montreal was a large party of teachers, who will join the tour of the Overseas Education League, which this year is covering Great Britain, France and Belgium.

A set of 12 beautiful colored pictorial menu cards illustrative of the history and romance of Canada has just been placed in service by the Canadian Railway on its crack transcontinental express, the Trans-Canada Limited and the Mountaineer. Especially interesting are four reproducing authentic photographs of native Indians, accompanied by descriptive text.

The new production in May this year for the Canadian and United States mills was greater than the previous months. Canadian mills made a new high record, 833 tons, compared with 117,722 in the month before. Their production for the first five months of the year exceeded that of 1923 by 56,000 tons or approximately 11 per cent.

"Canada is the country for the Scotsman and I am going to bring every opportunity that Canada can offer, especially in farming, before the Board," declared the Rev. William Dunlop, M.A., F.S.A., of Bunkhaven, Fife-shire, when in Montreal recently on a tour of the Dominion investigating its agricultural possibilities. "But you are ready in need of more people and we can supply them."

Through the generosity of the British Museum, the Fine Arts School of the City of Quebec has been enabled by the donation of a precious collection of books on arts, which contain over 3,000 reproductions of masterpieces. Among his- toric objects represented are the English of the 14th Century, the Italian of the 16th Century and the French and Danish of the 18th and 17th Centuries, respectively.

For the 12 months ending May 31, Canada had a favorable trade balance of nearly \$200,000,000. Exports during that period totalled \$1,962,715,500 and imports \$733,252,100 in value. This represents an increase in value over the exports of 1923 of \$110,000,000 and of \$32,000,000 over the imports of that year. The chief increases in exports were noted in agriculture, wood and paper.

The first residence of the Jesuit Fathers at Sillery, which was built in 1639, has been presented to the Province of Quebec by the sons of the late Hon. R. B. Borell, a minister in the Laurier cabinet of 1896. This house, which stands at the foot of the path outside the City of Quebec up which Wolfe's army climbed to the Plains of Abraham, is the oldest in Canada and the second oldest in North America, the oldest being situated in Florida.

Something new in the way of "stunts" was staged at Middleton on July 4th by the publicity association of that city, as a send-off to Canadian and United States delegates going to the annual convention of the Associated Advertising Clubs of the World, which opened on July 12 at London, England. The 25 men of the party rolled a huge ball made of wood and canvas through the principal streets from a local hotel to the docks occupied by the Canadian Pacific steamship "Montcalm," upon which they subsequently sailed.

Lunenburg Artist Shows Two Nova Scotia Pictures at Canadian National Exhibition, Toronto.

Lunenburg.—The paintings of Earle Bally, the armless artist whose home is in Lunenburg, have attracted considerable attention at the Canadian National Exhibition, Toronto, and The Toronto Daily Star, of Sept 6th, says: "In an out-of-the-way corner of the art gallery at the Exhibition hang two pictures, one depicting a quaint Nova Scotia fishing hamlet and the other a brilliantly splashed Maritime autumn scene. Outwardly, there is nothing very extraordinary about them except that possibly the strokes of the artist are a bit bold, and that he has faithfully reproduced his Nova Scotian landscape. They are neither better nor worse than some of the pictures that surround them.

"But they are painted by an artist without any arm!

"Earle Bally is his name and Lunenburg, Nova Scotia, is where he lives and does his painting. Here is what he says about himself with reference to the five pictures he sent to the Exhibition this year, two of which have been hung:

"I lost the use of my hands and feet at the age of three, so I never had the opportunity of going to school or having painting lessons. What I have learned was learned from books. I have to write or paint with the pen or brush in my mouth, even as I am doing now. And what I have painted for the Exhibition was done in the same way.

"There is pathos in these few lines, pathos and courage such as few men possess. His pictures are not listed in the catalogue as the productions of an armless artist. He would not have it so.

"I want my work to stand on its own merit," he once said, and so wherever his pictures appear, they hang on their own merits.

"Last fall the Grange hung one of his pictures entitled 'The Spirit of the Sea,' which made quite an impression at the time. His two pictures at the Exhibition, one listed in the catalogue as 'Lunenburg Harbor,' (518) and the other as 'Autumn,' (521), are the first which have appeared since that time. His name appears erroneously as E. Earl Bally.

"For the remaining days of the Exhibition, now that the secret is out, these pictures will hold a new and precious significance for all who gaze upon them."

NEWS WE DO NOT GET (Wolville Acedian)

It occasionally happens that a newspaper is criticized for having failed to mention some event of more or less importance, but one in which, nevertheless, a considerable number of people are interested. Usually it happens that such affairs have been of a somewhat private nature, have not been advertised to any great extent, if at all, and at any rate no representative of the local paper was able to be present to prepare a report.

In this connection it will be readily understood that no one man can possibly attend every concert, entertainment or banquet, even though he might wish to do so. Therefore it should be considered incumbent on those in charge to see to it that the paper is supplied with particulars of such affair. The paper is always anxious to get it, and will only be too pleased to publish such news. But as stated, someone should see to it that the necessary information is supplied to the editor as soon after the event as possible. Whether or not it is written in newspaper style does not matter, as that can be looked after by the editor. All that is required is the necessary information as to what happened and any special features in connection therewith.

SUDDEN DEATH OF HON. R. M. MacGREGGOR.

The death occurred suddenly at New Glasgow Wednesday morning, of Hon. Robert M. MacGreggor, member for Pictou in the House of Assembly and for some years member of the government without portfolio. Apparently in his usual health he played a strenuous game of tennis Tuesday afternoon and was about in the evening with friends, seeming in unusual good spirits. He retired about his usual hour and yesterday morning on rising shortly after seven went to his bathroom and suddenly expired.

A prominent business man Mr. MacGreggor occupied many important positions in the financial and industrial life of the province. He was for some years a member of the board of directors of the Bank of Nova Scotia. He succeeded his father the late Governor MacGreggor, as a director of the Nova Scotia Steel and Coal Company, Limited. He was also a director of the Eastern Trust Co. For many years he has been interested in lumbering in Nova Scotia and was one of the largest operators, being connected with the firm founded by his father, that of J. D. and P. A. MacGreggor, Limited. He was also interested in many of the smaller industries throughout the province. His name was a synonym for honesty and integrity in business, public and private life.

MAIL ORDER CATALOGUE AND THE LOCAL PAPER.

Practically every household in Berwick and surrounding district will be receiving, in the course of a few days—possibly today—a nice substantial gift package, in the mail. We refer to the semi-annual instalment of mail-order catalogues. They've arrived, are now at the Post Office, and are replete as usual with handsome illustrations and enticing bargains. Just as soon as the Post Office staff feel inclined they will probably get busy and distribute them, if only for the sake of getting them out of their way. But, after all, two or three ton of catalogues don't take up much more space than a modest sized elephant, so why hurry?

We are not nearly so adverse to seeing them piled up against the side of the Post Office as are the local merchants. And that reminds us: If the merchants of Berwick would do a fraction of the amount of advertising that is done by the mail-order houses, in this town and district, there would be fewer catalogues coming in and a whole lot less cash going out. We believe our local merchants are entitled to the bulk of the local trade. We would like to see them get the whole thing; but that simply "can't be done" until they wake up and make a bid for the trade which they desire by a more extensive patronage of the advertising columns of the local paper.

The Register goes into nearly every home in Berwick and Western Kings. It has a circulation, which, for the size of the territory which it serves, will compare favorably with any other weekly paper in the province. And yet, the advertising patronage which it receives from the local merchants (in the town in which it is published) would by no means justify its existence. Were it not for the patronage we receive from other towns and villages in Western Kings, Berwick would have been minus a newspaper long ago. This is, perhaps, a blunt statement, but it is nevertheless a fact. Of course there are one or two exceptions where certain of our local business houses are making a fair showing as regards advertising, but the majority are not. The largest store ad, we carry is run by an out-of-town advertiser who fully appreciates the true value of The Register as a profitable and effective advertising medium.

We do not wish to boast, but a circulation of upwards of 1650 in a town of less than a thousand population, is an accomplishment which naturally we take a certain amount of pride in and it still continues to grow. What better weapon to combat the mail-order business than the generous use of the advertising columns of a live local paper that is read by the people?—Berwick Register.

Whaling operations off the coast of British Columbia this season have been very successful. Four whalers and six or seven whaling boats are working. Some of the vessels have secured 30 head so far this year. Whale oil is selling well in England, while whale meat, canned, is an established commodity in West Africa, the entire British Columbia whale meat pack of last year having been sold there.

Arrangements for the re-building of the old wing of the Chateau Lake Louise, the Canadian Pacific's charming hotel in the heart of the Canadian Rockies, are already under way. The contract has been awarded to Carter-Halls Aldinger, of Winnipeg, and Barrot and Blackader are the architects. The building will have a greater number of guest and public rooms than existed in the one which preceded it, as the hotel is now too small for the crowds which visit it. The work is to be completed in time for next season. It will be recalled that the old wing of the Chateau was destroyed by fire some months ago.

SPEEDING MANIA APPEAR ON WAVE

Severe Law And Common Sense Have Prevailed In Quebec.

Quebec.—Improvement in the attitude of the people towards the Motor Vehicle Act traffic regulations and the evident desire on the part of the majority of the people to co-operate with the officials in enforcing these regulations were the features of the present automobile season. Aurèle Lacombe, director of automobile traffic, said today:

"There has been a considerable change in the attitude of the public towards safety regulations, and I must admit that the number of those who are now indulging in speeding and other law-breaking has decreased very considerably. The severity of the law combined with common sense has prevailed, and today on the highways and roads of our province the real sportsman set an example of keeping the speed of their automobiles within the limits set by the law.

"This is very satisfactory and as a result there is a decrease in the number of fatal automobile accidents recorded in the month of August, and in cases where they occurred they are not to be attributed generally to speed but rather to other causes."

All newspapers, particularly those located in the small centres, are most anxious to promote and encourage all the local undertakings, and are ever on the lookout for items of local interest. Consequently, if any event is inadvertently overlooked, it is because it has not been brought to the notice of the editor, and has not been through any fault or wish on his part.

Since a bright newsy paper is the very best advertisement any town could desire, and since it reflects the nature of a community, and the energy and enterprise of its people, it may readily be seen that co-operation on the part of the people with their home paper is very much to be desired.

Here and There

It is anticipated that English wools for Canadian wool will exceed 1,000,000 pounds this year, which will be a considerable increase over the business of 1923, amounting to 700,000 pounds.

Definite advice has been received at Victoria, B.C., that the Japanese training squadron, consisting of the "Kishima," "Asama" and the "Yama," will visit Victoria during the winter. The squadron will leave Japan early in December, following the annual fall manoeuvres.

Approximately 60 per cent, or 1,252,604 of the population of Western Canada live on occupied farms. Of the balance, 474,516 live in its 20 cities and towns of over 2,500 and 228,962 in 3,309 small towns and villages of 2,500 or under.

The work of re-balling the main line of the Canadian Pacific between Montreal and Toronto (the Lake Ontario shore line) has just been completed. Nearly 2,000,000 tons of crushed rock, or about 400,000 carloads, were used in this operation. Officials state that the road bed is now as excellent as it can be made and second to none in the world.

Successful strawberry culture 300 miles north of the international boundary has been proven possible by R. A. Gordon, of Edmonton, Alta. One hundred plants brought from Ontario wintered well, blossomed heavily and produced a prolific crop of well-formed, fine-flavored fruit with rich color and flavor. Mr. Gordon has likewise had much success with cherries, wild plums and crab apples.

Steady progress has been made by the macaroni industry in Canada during the past decade. The Bureau of Statistics reports that whereas the Dominion imported nearly 7,000,000 pounds in previous years, it imported only 1,098,000 pounds and exported 2,229,000 pounds in 1923. Nine factories, now operate in Canada, with an aggregate output approximating 11,500,000 pounds.

Some of the vessels have secured 30 head so far this year. The annual Harvest Festival service in St. Mary's Church, Belleisle, will be held on the evening of Thursday, Sept. 25th, commencing at 8 o'clock. This is a departure from the usual custom as heretofore this service has been held on Sunday.

The Executive of the N. S. Fruit Growers' Association have made representations to the Secretary of Agriculture that it is their opinion that the Department of Agriculture of the Government of Nova Scotia should make an effort to encourage an exhibition of the best obtainable Nova Scotia fruit at the Imperial Fruit Show to be held in Birmingham, England, in November. Prizes at this exhibition will be awarded to individual fruit growers and fruit growers' associations. It has therefore been recommended that whatever assistance is given to any private growers or associations who are ready to exhibit at this important show. Two years ago Mr. A. L. Morse of Berwick was successful in winning the two most important prizes awarded at the Imperial Fruit Show. In doing which he gave a splendid advertisement to the possibility of apple growing in Nova Scotia. It is hoped that this year a number of those who have had experience in exhibiting fruit will obtain the necessary prize lists and get in touch with the Secretary for Agriculture at Truro in respect to assistance that will be given to those who will exhibit at the Imperial Show.

The Rev. Canon Underwood was a passenger to Bridgewater on Monday for a three days visit at Holy Trinity Rectory.

The local apple warehouses opened up this week to handle the seasons business.

Mr. W. B. Rhymer of West Paradise has sold his valuable farm to Capt. Orr.

Today our esteemed citizen, Mr. James Bacon, attained his seventy-eighth birthday and is as hale and hearty as the average man much younger. He can still read readily without the aid of glasses.

Don't fail to hear Miss Duncanson, the talented soloist of Wolfville, at the concert in Lawrencetown, Thursday evening.

Eighteen tons of butter a week is what the Scotsburn creamery is turning out now.

Mr. B. A. Bent, who has in charge the construction of the new college building reports that the work is proceeding very satisfactorily. Chief Bishop arrested a local citizen on Thursday night charged with creating a disturbance in his family circles. The chief during the visit confiscated a jug of beer. A fine of \$15 was administered next morning at Police Court.

Dr. Hugh MacKinnon, of Inverness has purchased the home and practice of the late Dr. MacNally at Berwick, and will begin his professional duties at that place next week. Dr. MacKinnon had four years of service overseas as a surgeon and at the close of the war practiced for a time in Halifax. Since then he has had charge of the county hospital at Inverness. His coming to Berwick should prove a valuable addition to the medical practitioners of Kings county.

C. V. Whitman and party, who have been installing a lighting system with

PERSONAL MENTION

Mrs. Burpee Chute left for Malden, on Tuesday, to rejoin her husband, who has been in that city for the past few months. Mrs. Chute was a member of the Baptist Church choir and an enthusiastic church worker. Her presence will be much missed in the church and among a large circle of friends.

Mr. Allie Ruffee has entered upon his duties here as Customs Examiner. Mr. Ruffee was a member of the 21st Battalion, N. S. H., and for some time previous to his customs appointment was connected with the Halifax Herald's business office as manager of the classified ads department.

Queens County Exhibition is being held at Caledonia, Wednesday, Thursday and Friday of this week.

Numbers from here expect to go to Annapolis on Saturday evening to attend the splendid musical treat put on there by the famous Boston Symphony Ensemble, now on its third annual visit. The programme is a varied and attractive one and not too classical to be beyond the enjoyment of the average person. It speaks volumes for the enterprise of Annapolis Royal music lovers that they do not pass down the opportunity to secure such splendid musicians for the musical treat of the year.

Paradise.—The marriage was solemnized at the home of the bride's mother Mrs. Israel M. Longley, on Thursday, September 11th, of her eldest daughter, Hilda Marion, to Mr. Frederick Dolg, of St. John, N. E.

Promptly at 11 o'clock, to the strains of Mendelssohn's wedding march, played by Miss Bessie Durling, the bride entered the drawing room on the arm of her brother, Dr. William H. Longley, of Baltimore, Ind., and took her place beneath the bridal arch of evergreen and golden glow. She was charming in a gown of tawny flat crepe, with black picture hat, her only ornament being a beautiful pair of pearls. She carried a large bouquet of American beauty roses and maiden hair fern.

The groom's gift to the bride was a stone-marten necktie, to the matching a stilling silver vanity case and chain, to the pianist, a gold piece, to the flower girl, a bracelet, and to the best man, a pocket book.

The bride received many neat and beautiful gifts, among which was a valuable silver tea service, presented to her by the staff of A. R. Williams Machinery Co., of St. John, where she had been cashier for some time past.

The bride travelled in a dress of old blue canton crepe, with navy blue wrap and hat to match.

Mr. and Mrs. Dolg left on the east bound express for their honeymoon, which will be spent in Halifax, and Prince Edward Island, after which they will reside in St. John.

SOCIALS WIN OVER

Halifax Players Score Bridgetown Juniors 1y in First Three...
The Halifax Socials posing the Junior team on Wednesday afternoon here with the stated prize the local team and a score of 13 to 5.
Bridgetown boys who faintly in spots put up the poorest ball of the teaming away to a very poor regular pitcher was and was pretty severely safe hits being got of third innings. His supply a ragged kind with the local team at the beginning fourth innings faced a 1 against them.
Ronnie-Longmire won and a few other shifts were made which stiffened materially. The visiting team scoreless till the fourth when they added five runs, but during the fourth innings the visiting good batting and errors on the part of the home team increased their runs. The Halifax boys were better batters and off the receiving end of it very always turns out. Even with everything the home have won out but the local boys have had a very season, losing only two games, some seventeen played a season with some attention spots should do even better.
