Canadian Institute for Historical Microreproductions / Institut canadien de microreproductions historiques

© 1986

The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "À SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

If you see it in the "London Free Press" it is so.

READ AND REFLECT.

NOTICE TO OUR PATRONS—If the individual members of our audience would care to think for a moment they would undoubtedly appreciate the fact that the habit of rising from one's seat and leaving the theatre before the curtain falls, is a most annoying one, and one that should be stopped. We therefore beg our audiences to kindly retain their seats until the close of the performance.

Evenings—doors open at 7:30; curtain rises at 8:15 sharp. Matinees—doors open at 1:30; curtain rises at 2:30 sharp.

The plan of the House will be kept at the confectionery parlors of Mr. Hewitt Fyffe, King and Richmond Streets, corner of the Opera House building, where all seats may be reserved up till seven o'clock on the evening of performance.

Plan opens for each attraction two days in advance.

It is strange but there is a class of people that seem to take an intense delight in be-spattering the floor with tobacco juice and in being boisterous and using profane language. These people should know at once that the courts authorize their immediate expulsion, should the management see fit to exercise its rights.

VASELINE.

EVERYBODY knows the great value of this remedy in the household, but everybody does not know that the imitations of it, which some second class druggists dishonestly lay off on their customers, have little or no value. What should be understood by the public is, that it is not a question of comparative value between "Vaseline" and imitations, but that the imitations do not affect the wonderful healing results of the world renowned "Vaseline," and that they are not the same thing nor made in the same way. I add this, many of the imitations are harmful, irritant and not safe to use, while true Vaseline is perfectly harmless.

Perfect safety therefore lies in buying only original packages put up by and marked with our name.
