CHRISTMAS PRESENT OF MANY MILLIONS FOR WAR VETERANS

Overseas Officer Brings Thirty-Five Million Dollars for Troops.

PROFITS FROM CANTEEN

Ottawa, Dec. 17.—(Special).—A real Christmas Santa Claus for soldiers has arrived in Ottawa. He is Lieut.-Col. Cherry, of the pay and audit branch of the department of militia and defence, and he has brought back with him from England the sum of \$35,000,000, Canada's share of the profits of the canteen system of the British expeditionary forces. As all of the money received by these canteens came from the pockets of the soldiers in England and France, it is regarded as proper that the money should go back to the soldiers.

Method of Distribution.
A suggestion that the money should be turned over to and administered by the Canadian Patriotic Fund does not find favor among the few soldiers in Ottawa who have knowledge of it. They point out that this money, which belongs to the soldiers, should be distributed among soldiers by the soldiers. They claim that the department of militia is holding this money merely as trustees and that in England the same fund is being administered by a purely soldiers' committee under the chairmanship of Sir Julian Byng.

GETTING TOGETHER ON TREATY FIGHT

General Note of Conciliation Struck in Discussion in U. S. Senate.

Washington, Dec. 17.—Expressions that seemed to point toward a reopening of the peace treaty fight within a few weeks were voiced on the senate floor today when the subject tumbled up in the midst of consideration of the railroad bill. The symposium of views that went into the record during the brief debate included opinions from virtually all factions of the divided senate membership, but they all struck a note of conciliation. Differing widely in their suggestions for a solution, they stood together on the general proposition that politics ought to be forgotten and the Republican reservationists indicating that they awaited some concrete proposal from the other side of the aisle.

Liquor Men Lose Four Hundred Million by War-Time Prohibition

Chicago, Dec. 17.—Liquor interests estimate their losses as a result of the enforcement of the war time prohibition law at \$400,000,000 according to a statement made here today by Levy Mayer, chief counsel for the distillers in the middle west.

Whole Province of Ontario Is Quarantined by Montreal

Canadian Press Despatch.
Montreal, Dec. 17.—"Commencing today, the whole province of Ontario is placed under quarantine so far as Montreal is concerned." This decision which was taken today by the municipal authorities is now law and henceforth and until further notice all travelers from Ontario to this city must comply with the demands of the Montreal board of health.

ONTARIO'S FARMERS IN CONVENTION

The farmers are a busy lot these days. They have come to Toronto with much important business on hand and they are going about it in a business-like way at Massey Hall. Here they are seen leaving the hall after their morning's work.

UNITED FARMERS ENDORSE SELECTION OF DRURY TO THEIR PARTY LEADERSHIP

Raney Throws Down Gauntlet to Horse-Racing Fraternity and Liberty League— Indicts Sir John Hendrie.

A bitter re-attack on the ex-lieutenant-governor of the province because of his association with race-track betting interests when a member of the Conservative government of Ontario, featured the great public meeting called in Massey Hall last night to ratify the selection of Hon. E. C. Drury as leader of the Farmer-Labor party in the legislature.

PREMIER DRURY GETS VACCINATED

Premier Drury, setting yet another example, was vaccinated in his office at parliament buildings yesterday afternoon by Dr. R. W. Bell, with Dr. McCullough's in attendance. Mr. Drury, regarded as a "hard case," was given a big scratch and plenty of good vaccine, but it was not then sure that a "take" would be effected. The premier said he should await the development with interest.

TO EXPLAIN WHY STRIKE WAS ENDED

Indianapolis, Dec. 17.—John L. Lewis, acting president of the United Mine Workers of America, tonight stated that it had not yet been determined just when the general convention of the United Mine Workers of America to be called soon would be held. It was decided at the meeting of the general committee of the mine workers here last night to call such a convention to explain to the 2,100 delegates from the locals of the unions the reasons for the action taken by the committee in accepting the president's proposal for ending the strike.

STATEMENT BY SIR ROBERT BORDEN BEING PRESENTED TO PUBLIC TODAY

Understood That the Premier's Announcement Has Already Been Dictated—Trying to Trace Leak in Cabinet.

Ottawa, Dec. 17.—(Special).—Sir Robert Borden did not give out his anticipated statement to the people of Canada respecting his resignation today. The prime minister was at his office this morning, but went home for lunch and did not return for the cabinet meeting this afternoon. It is understood that he has dictated the statement to his private secretary and will revise it tomorrow morning and give it to the press during the day.

French Soldier Robs Bank in Bold Fashion

Aix La Chapelle, Dec. 17.—A French soldier wearing the uniform of a captain of the Belgian army today called on the German chief of police here and demanded that he loan him three German policemen to search a local bank. His request was complied with and the soldier posted one policeman at the outside door of the bank. He then assembled the staff of the bank and the manager in a room, the door of which he locked. After this he ordered the two other policemen to stand watch over the prisoners and they also were put under lock and key.

BOYS TO ATTEND SCHOOL ALSO WORK IN FACTORY

Chatham, Dec. 17.—(Special).—The industrial committee of the board of education, acting on suggestions of the chamber of commerce and heads of local factories, will adopt a new scheme when classes resume next year. The boys will study one week at school and work a week in a factory alternating during the term, by which means it is hoped to give them both theory and practice.

DOWNING STREET MERELY A SHADOW

British Paper Says War Has Rung Knell of Concerted Aggressive Imperialism.

DOMINIONS' NEW STATUS

London, Dec. 17.—The Manchester Guardian discussing the future of the empire with special reference to the assertion of General Smuts that the British Empire ceased to exist in August, 1914, says the statement in such a condensed form is startling. Full reports will no doubt considerably qualify it, but his statement is perfectly true as a direct means of driving home the fact that changes wrought by the war in the status and relations of the dominions have rung the death-knell of such concerted aggressive imperialism as the South African Nationalists fear. The Guardian proceeds to argue that Downing street authority in the dominions is now reduced to a shadow.

WILL INSPECT FOOD.

Brantford, Dec. 17.—(Special).—The question of prohibition of food and food supplies for the city is being taken up here by the chamber of commerce and recommendations will be forwarded to the city council on the question.

THE EXCHANGE SITUATION.

The British pound (\$4.86) in New York \$3.86; discount, 20.57 per cent.
The Canadian dollar in New York, 93c; discount 7 1/2 per cent.

PROPOSE BONUS TO COTTON WORKERS

Federation of Master Spinners in England Would Share Their Profits.

FRENCH SENATE WILL TRY CAILLAUX

Paris, Dec. 17.—The French senate, as constituted by the election of January 11, will try Joseph Caillaux, former premier, on a charge of intriguing to bring about a premature and dishonorable peace with Germany. The trial will begin Jan. 14.

BLAME CUPID.

Brantford, Dec. 17.—(Special).—A scarcity of teachers for the county schools in 1920 was predicted here today by School Inspector Standing. Two reasons were assigned for the teachers leaving their positions—Cupid and low salary.

Nations Which Suffered Least Must Bear Heaviest Burden

London, Dec. 17.—Austen Chamberlain, chancellor of the exchequer, in the course of a debate in the house of commons today on the questions of currency and exchange, expressed the opinion that the problems could be solved only by international effort, in which the largest share of the work necessarily must be borne by nations possessing the largest means, not those which were in the war from the first day to the end, but America and neutrals, who suffered much less than the belligerents.

POSITION OF PREMIER FOR INDEPENDENT MEN ONLY IF SALARY INADEQUATE

SIR WILLIAM HEARST
Ex-Premier of Ontario, Who Last Night Was the Guest of Honor at a Banquet Tendered Him by Friends of All Shades of Party Opinion.

CIVIL SERVANTS' BONUS HANGS FIRE

Committee Fails to Find Source—May Wait for Legislature.

The bonus for the civil servants in Toronto is still hanging fire and the prospects of the money being paid by Christmas are fading as the days go by. Hon. Peter Smith, provincial treasurer, and Hon. W. E. Raney, attorney-general, were appointed by the cabinet on Tuesday to endeavor to find out how the money for the bonus could be secured, but they have not yet arrived at a solution. The province treasury is reported to be "full to overflowing," but that does not make the prospects of the civil servants any brighter.

LOAD OF WHISKEY MISSING WITH CAR

Stuff Vanishes Mysteriously While on Way From Canada Thru U. S.

Special to Toronto World.
Detroit, Dec. 17.—Collector of Customs Lawson has lost a box car loaded with whiskey.

ALL-RUSSIAN GOVERNMENT TO ENLARGE CONGRESS

Irkutsk, Siberia, Dec. 17.—The all-Russian government has decided to enlarge the membership of the congress of Zemstvos and municipalities (Zemsky Sobor) by giving the right of nomination to municipalities to send their representatives, and, in general, by democratizing the electoral law so that broad masses of the population may be represented in the Sobor. The Sobor will consist only of elected members and will possess legislative power. It is expected that Admiral Kolchak will confirm this decision of the cabinet on his arrival in Irkutsk.

SEVEN BELOW ZERO.

Yesterday was the coldest day so far this season and today promised equally as cold with more to follow. A decided cold wave is swooping down from the north with every prospect of remaining with us for some days. To keep warm it is absolutely necessary to wear furs. The W. and D. Dineen Co. have all the requisites in Men's Fur Coats, Caps, Gaiters and Fur Motor Rugs, and call special attention to their lines of Coon Skin Coats and Fur-lined Coats, as well as many lines in heavy cloth winter Ulsters at very moderate prices. Dineen's store is 140 Yonge street, corner Temperance street.

TORONTO SHIVERS IN ARCTIC BREEZE

First Zero Weather Keeps Furnace Tenders Busy Stoking.

There was only one man in Toronto yesterday who denied it was real cold, and he came from Connaught siding, up Cobalt way, where they get 45 below.

Two of the coldest spots in the city were undoubtedly King and Yonge streets and King and Bay.

During yesterday the mercury stood as follows in the various districts: Mount Pleasant and Riverside 3 below; Exhibition 4 below; Scarborough 6 below; Observatory 6 1/2 below; Eglinton avenue, 7 below; Lakeside Home 7 below, and fall farm 10 below.

The forecast for today is fresh northerly winds, fair and very cold. Toronto, however, is far better off in temperature than many of the other big towns.

FARMERS ENDORSE DRURY'S SELECTION

(Continued From Page 1.)

enumerated in the platform of the United Farmers of Ontario, which is based upon the idea of the greatest good to the greatest number of people, without respect either to those living in urban or rural communities, whether they reside in cabins or castles.

And whereas the representative character of the great work that is to be done in the province, requires it imperative that the members of the present government should not declare upon, or elaborate upon, a future policy without due care, investigation and deliberation:

Therefore Be It Resolved That we, the members of the United Farmers of Ontario, here assembled in our sixth annual convention, endorse the action of the joint political committee of the U. F. O. in taking steps to select a leader to establish a government in the province of Ontario, necessitated by the result of the recent provincial election.

Also reaffirm our position in the matter of the government of this province, as expressed in the provincial platform of this organization;

And finally desire to urge upon the present administration the serious responsibility involved in the fulfilment of the great trust which has been placed in its hands.

The resolution having been declared carried, Premier Drury briefly addressed the meeting. He accepted, with humility, the endorsement by the meeting of the action of the U.F.O. political committee, and thanked those present.

Hon. W. E. Roney, who was next called upon, began by saying he believed that the new government was in danger of being embarrassed as never before. It used to be said by a wise old Ontario judge that no man was quite as good as government could be quite as wise as a man.

He stated that he believed that the new government was in danger of being embarrassed as never before. It used to be said by a wise old Ontario judge that no man was quite as good as government could be quite as wise as a man.

the simplification of the laws of Ontario, and to make the courts as autonomous as the provincial legislative power is. He took objection to the higher level of court work, Ontario being done outside the province and outside the Dominion of Canada.

Mr. Raney came to the pit of his speech by saying he had been informed, both publicly and privately, that when ever he offered himself for election in Ontario he would be honored with a contest.

Having sketched the history of local option, he offered praise to Sir William Hearst for bringing down the Ontario temperance act and placing it upon the statute book.

Speaking of the Ontario Jockey Club and betting there, Mr. Raney said: "These people would have gone to jail as keepers of a disorderly house if the gentlemen I have referred to had not, to Canada's universal shame, secured amendment of the criminal code."

The club at Fort Erie was doing business as the gates of Buffalo made a part of the laws of the neighboring state of New York. These betting men were receiving without open arms by the government of Ontario.

Turning again to the member of the Ontario government already alluded to, Mr. Raney said: "One family in this province out of a very small original investment in the Jockey Club, made a profit of \$52,800. That family included the member of the Ontario government."

He stated that he believed that the new government was in danger of being embarrassed as never before. It used to be said by a wise old Ontario judge that no man was quite as good as government could be quite as wise as a man.

who had rendered great service to the province, to Canada and to the empire. (Applause.) DOUBTS CASE ON NAVY

The first dance to take place in the magnificent Hart House was the athletic association ball last night. The enormous gymnasium was used for dancing, nearly one hundred feet of dancing floor, with an orchestra of fifteen pieces in the gallery. The paneled dining-hall, with its pictures and beautiful women, was the scene of the social of arms of all the universities in this world, was used for supper, which was served in the long tables set by the students. The table on the platform across the top of the room was reserved for the members and guests of the committee. The dancing room was furnished for sitting out, with rugs and comfortable chairs, and looked very inviting. Mrs. D. Bruce Macdonald, Mrs. C. H. Mitchell and Mrs. T. A. Russell received. Mrs. D. Bruce Macdonald looking extremely well in black brocade, trimmed with jet and a rope of pearls; Mrs. C. H. Mitchell, royal blue, with a diamond necklace and a diamond brooch; Mrs. T. A. Russell, black and white, with a diamond pendant and a diamond necklace. Other ladies present were: Mrs. G. C. Clarke, black satin with silver lace, with a diamond and platinum necklace; Mrs. J. W. Burton, turquoise satin and silver with a large pink rose at the waist; Mrs. C. W. Wong, peacock blue satin with a diamond necklace; Mrs. Livingston, black and white, trimmed with tulle and jet and a bouquet of violets; Mrs. A. E. Webster, gold and black, with a diamond necklace; Mrs. Black Chantilly lace, trimmed with turquoise feathers, pearl and diamond earrings; Mrs. D. Bruce Macdonald, General Mitchell, Dr. Barton, Dr. C. K. Clarke, Dr. A. E. Webster, Mrs. T. A. Russell, Mrs. G. C. Clarke, Mrs. J. W. Burton, Mrs. C. H. Mitchell, Mrs. J. Laidlaw, Miss Helen Brown, Dr. Law, Dr. Sparks, Dr. Bell, Mr. W. F. Hogarth, Miss Mary Shortland, Dr. and Mrs. George E. Smith, Mr. Keith Caruthers, Mr. E. J. Cole, Miss Alice Houston, Miss Helen Brown, Dr. and Mrs. Bantock, Mr. and Mrs. Norman Roy, Captain E. Cameron, M.C., and Mrs. J. W. Robertson, Mr. and Mrs. W. T. Holmes, Mr. D. C. Martin, Mr. W. A. DeLoe, the capable secretary of the League, Miss Helen Gibson, Mr. D. J. Sinclair, Miss Rowland, Capt. Mills, Dr. H. Stanley, Mr. and Mrs. Wandell Holmes, Mr. Angus Martin, Mr. Robinson, Mr. Masses, Dr. and Mrs. Barton, Dean Clarke and Mrs. Clarke, Mr. Eric Clarke, Mr. Gardner, Mrs. Barton, Miss Estelle, Miss McKee, Miss Helen Lockhart, Miss Kathleen Cosgrove, Miss Lynette Maybes, Miss Kathleen, Miss Olive Mills, Miss Marie Mills, Miss Marie Hahn, Miss Barton, Mr. Macdonald, Dr. George Pepler, Mr. and Mrs. Mackenzie, Miss Green, Miss Kinganill.

The last clause is one that entered into the address of the majority of the speakers, the hardships under which women on the farm labor in the matter of keeping their homes in order being a general burden which makes the acquisition of machinery, electric and other modern factors, much to be desired reality by the women in rural districts.

In the afternoon Miss Jean Kemp gave a very earnest address on the need for a farm. According to the speaker, boys generally in the country are not doing so well as they used to do. The agricultural college, and the fact of fact few of those who take the four year course remain on the farm. To teach something about farming in the primary schools was the plea of the speaker, who also stated that farmers are looked down upon because they do not express themselves as do others, but when the job feels that his father's work is respected he will be more willing to remain on the farm.

Not Paid Enough.

That mothers should make complaints of their children and families is a matter that was advocated by Mrs. Buckingham of Ontario county, who also advocated that her audience be business-like and bring about a change in the present fashion of dress. How economic conditions affect the farmer was shown by Mrs. Henry Elson, who said that if farmers were properly paid they would have time to build community halls. The consensus of the meeting was that the fact of the farmer not receiving sufficient for his products was the prime factor in conditions that call for improvement.

The ultimate rights of women's aspirations," were dwelt upon in a paper by Mrs. David Annis of Woodville, who said that democracy begins in the home when an equality of opportunity is given to man and woman.

Among other papers were one on "Neglected Children," read by Miss Ada E. Durie, who made an appeal for \$10,000 from every township for the work "Community Halls," was spoken to by Mrs. W. N. Glenn of Hensall's "Young Organizations," for which an objective in the shape of work was advocated at the meeting, were treated by Mrs. F. E. Webster of Creomore's "Character Building," was the theme of Mrs. G. H. Wilson, Georgetown.

A question box contained an enquiry as to the action of the members in districts where the Women's Institute had organized for the purpose of the hairman was that members should use their own judgment. If they felt they could visit both they were at liberty to do so. The idea was not to antagonize, but to co-operate for general betterment. A pleasing interlude was given by "Bonnie Doon," as a duet by Mesdames Foots and Baker.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD

40 Minutes to Answer This No. 67.

Here is our rather famous puzzle of the three houses and three wells, the answer to which few seem to remember.

You see, each of the three householders was entitled to pipe water from each of the three wells, necessitating nine pipes in all, and they had to be laid according to rule 4114 of the Plumbers' Union, which says that no pipe shall cross any other pipe.

Can you show how each householder may have water piped from all three wells to either his front or rear door without violation of the plumber's rule?

It is one of those tantalizing little puzzles that yield only to ingenuity.

BELL TELEPHONE CO. ENTERTAINS ORPHANS

Santa Claus made a delightful visit to Hayden Hall last night, when over a hundred children from Dovercourt Road Orphanage and the Carmelite Home on Ossington avenue were guests of the staff of the Bell Telephone Company. A gorgeous supper was served in a room festooned in Christmas red and from a table groaning with good things. A fireplace which had been erected by Miss Lily Barker on the stage and which

was much admired, made an attractive setting for a lovely Christmas tree on which were a doll for every little girl and the sleigh or other toy beloved by the Canadian boy. Kenneth J. Dunstan in traditional red suit and flowing white beard played the part of "Santa" and made his appearance accompanied by two fascinating fairies in star-dusted dresses and golden crowns. The past of these denizens of Fairyland was taken by the Misses Birdie O'Brien and Nellie Bush. Miss A. Jackson was the clever clown and Edith Proctor a charming Red Riding Hood. At the close of the entertainment the children were driven home in motors after singing "God Save the King," and giving three of the heartiest cheers that ever came from the throat of young Canada.

Last night's festival was the first of a series to be given during the Christmas activities of the company, seven more being on schedule.

The Mayorality Contest.

The Telegram has been good enough to suggest in a cartoon that the World is anxious to poison Controller McBride's horse in the mayorality race.

To drop the metaphor, we fall to the justification for Controller McBride's sanguine attitude. As an old man he had the support of the ward three which admitted his attention to the details of city business.

Controller McBride is anxious to beat Mayor Church. He is more anxious to beat him than to have him beaten, or he would not have intervened to queer the campaign of the labor candidate, Mr. Ballantyne.

Controller McBride also relies on the support of the anti-Bock interests in the city. His often-avowed and open hostility to Sir Adam has made him dear to all who have been deprived of the monopoly of exploiting the people's electric franchises.

The mayorality contest as it stands is a fight to defeat labor, complicated with Controller McBride's personal wish to defeat Mayor Church.

Of Woman's Voting Way.

"The women voted, of course. But did they?" This, from an article by Marjory Mills in The Farmers' Sun.

The truth is, of course, that no section of the electorate takes sufficient interest in public affairs. The defect is of long standing. It does not belong to democracy alone.

who don't vote when they are careless, shan't vote when they are excited. Perhaps we are asked to vote too often. A speaker in a labor meeting lately said: "You can have too much democracy—too many votes for too many offices and on too many small questions."

Our Dollar at a Discount. Shipping twenty million dollars of gold to New York relieved the exchange situation to some extent, but how long will it be before more gold is required?

Our people are buying more than they formerly did in the United States for the simple reason that they have more money to buy with. The federal government distributed among the people last year \$700,000,000.

Some people say this ought to be stopped by placing an embargo upon imports from the United States. But we cannot keep out coal, cotton, corn, and many other commodities.

But in the meantime the exchange situation presents a real peril. We cannot afford to have our country drained of gold.

Never Saw Mr. Mills Before. This won't do. Everybody has been relying for The Farmers' Sun as the inspired reflector of Queen's Park, and now it reminds us of Lord Salisbury.

When Lord Salisbury was prime minister he was once walking thru the Green Park with a friend. They met a very spruce gentleman who removed his hat and bowed deeply as they passed.

Aldermen Ball and Cowan Unfairly Treated

On Monday afternoon at the city council meeting when the various deputations were in the chamber two rather unfair incidents took place.

The first-named gentleman had occasion to make a statement wherein he showed that he had been misquoted by Ald. Beamish and also one or two other men with regard to his feeling for North Toronto and the people whom he has represented in that section of the city for so many years.

Mr. Morrison admitted that "feeling" would make or mar the U. F. O. political movement. He emphasized leadership all along the line and particularly in the province.

What the electorate of this city would do for Ald. Ball in his campaign for controller we do not know, but they might at least remember that he is a man who has served the interests faithfully for years, and his differing on secession is merely a matter of opinion.

President Halbert Defines Policy as a Movement of the People for the People—Not a Political Party, But a Government.

The addresses of officials and leading members of the U. F. O. formed the feature of morning and afternoon sessions of the big convention yesterday.

Mr. Morrison admitted that "feeling" would make or mar the U. F. O. political movement. He emphasized leadership all along the line and particularly in the province.

The aims of the U. F. O. are commercial and educational, and only political in the sense of politics conceived broadly as the science and practice of government.

DOUBT OF RELIEF FROM HIGH PRICES

Commerce Board Say Trade Conditions Govern Situation.

Winnipeg, Dec. 17.—There is no hope of relief from present high prices for some time to come, according to a statement issued by members of the board of commerce today.

Present conditions have been seized upon by some dealers to profiteer; the board charges, but all high prices are due to natural increases forced by conditions growing out of the war.

Woman Died—through Lack of Care

IN a miserable, neglected home where soiled garments, unwashed dishes and scraps of food were strewn about, a mother lay dying of consumption. Two children played about, unconscious that soon they would be alone.

What would YOU do if one dear to you developed that dreadful disease—Consumption?

If you had no money—The thought would come—Try the Muskoka Free Hospital for Consumptives.

Picture your hopelessness when word came back "We cannot admit."

Why not?—Because lack of funds limits the number who can be cared for.

\$100,000 is now urgently needed to carry on this life-saving work.

With thousands lavished on personal pleasure, are there not to be had the few dollars needed to save precious lives?

Won't you help by contributing to the merciful work of the Muskoka Free Hospital for Consumptives?

Contributions may be sent to Sir William Gage, 84 Spadina Avenue, or to George A. Reid, Secretary-Treasurer, National Sanitarium Association, Gage Institute, 223 College Street, Toronto.

IMPORTANT—The Muskoka Free Hospital was not included in, and did not derive any benefit from the donations made to the Redaction for Community Service, "The Big Four Drive."

BANK OF HOCHELAGA ANNUAL STATEMENT

Montreal, Dec. 17.—A year of highly satisfactory progress is disclosed in the annual statement of Banque D'Hochelaga for the twelve monthly period ended Nov. 30 last, during which total assets of the institution were increased by upwards of fourteen and one-half millions, the total at the end of the bank's fiscal year being \$71,017,000, compared with \$56,985,995 in 1918 and \$51,429,047 in the preceding statement. Profits for the year are shown at \$611,100, against \$595,187 a year ago and \$335,483 in 1917, the twelve months showing in this respect representing earnings at the rate of 15.37 per cent. on the paid up capital of the bank, compared with 14.8 per cent. in 1918 and 14.1 per cent. two years ago.

TWO MEN KILLED AT KUGNON MINE

James Barclay and Wm. Sheardoun Are Victims of Accident.

Dryden, Ont., 17.—Jas. Barclay and Wm. Sheardoun, two employees of the Rogonin Mine, Contact Bay, were instantly killed today when the head of a compressed air receiver, weight 200 pounds, was blown thru three walls of a building, striking the two workers. Reginald Gibbanks, who was standing nearby, was blown outside the building but not seriously hurt.

BRITISH IN PERSIA WERE NOT MASSACRED

London, Dec. 17.—Official denial of the report circulated by the Russian Bolsheviks that the British garrison of 1,800 men at Meshed, Persia, was massacred by the war office today. The announcement stated that this report had been repeated to the war office without comment by the officer commanding at Meshed, three days after the alleged destruction of the garrison and his command. The despatch from the Meshed commander was received at 2 o'clock this afternoon.

MORE VACCINATION AT THE U. S. BORDER

Kingston, Ont., Dec. 17.—(Special)—Today all persons crossing the border here had to show vaccination certificates on entering the states and those refusing to submit to vaccination were turned back. Queen's University senate has asked all the students to be vaccinated and if the request is not observed steps may be taken to make vaccination compulsory. The board of education will comply with the board of health request to make vaccination compulsory. There are no cases of smallpox here but there are a few cases within twenty miles. Queen's students can be vaccinated free of charge.

All St. Catharines Schools Closed Because of Smallpox

St. Catharines, Ont., Dec. 17.—Closing of all the public and private schools of the city was ordered through the city board of health last evening because of the presence of six cases of smallpox in the city. The board also formally asked the city council to put the vaccination act in force. Dr. Currey, M.O.H., stated that it would be wise to close all public meetings rather than permit the disease to acquire the foothold here it has gained in Toronto.

Weekly Airship Service Britain to U. S. Projected

MINING MARKET REMAINS QUIET

Firm Tone is Shown in Late Trading—McIntyre Sells Point Higher.

Mining stocks were quiet again yesterday, and in the forenoon were inclined to react, but in the late trading considerable strength developed. It was noted as on previous days that offerings of stocks decreased with recessions, an indication that the floating supply is small. Conditions are such that a revival of buying, and this is expected to come with the end of the holiday season if not before, would cause the little ground lost to be speedily recovered, brokers assert, and they view the future with unimpaired optimism.

Profit-taking in Trethewey reached rather large proportions, more than 20,000 shares coming out yesterday. Opening half a point lower at 46 1/2, there was a dip to 45 1/2 and a subsequent rally to 46, leaving the net loss at 1/2. There was good accumulation of the stock, particularly near the close of the trading. Beaver was given excellent support, and advanced half a point to 47 1/2, while Peterson Lake held at 19 1/2.

GRAIN REFLECTS STERLING'S RISE

Edge Foreign Finance Bill is Another Important Strengthening Factor.

Chicago, Dec. 17.—Steep advances in sterling exchange did a good deal today to bring about fresh upturns in the value of corn. Closing prices were nervous at 1 1/2 to 1 3/4 net higher, with January \$1.40 to \$1.40 1/4, and May \$1.3 1/2 to \$1.37. Oats gained 3/4 to 2 1/4. In provisions, the outcome ranged from 20c up to a rise of 1 1/4.

PETERSON LAKE HAS IMPROVED POSITION

Between \$90,000 and \$100,000 Will Be Available for Development.

SILVER SITUATION

Sambel Montagu & Co., bullion dealers in London, discussing the rise of silver, say: "The strength derived from China, whence, at present, the remarkably prolonged demand shows little sign of abatement, but the scarcity of supplies continues to be an important factor, and the decision of the Mexican government to limit silver exports from that country to half its output naturally affects the general outlook."

Quarterly Dividends payable 1st January, April, July and October. Preferred as to both dividends and assets, callable as a whole or in part at the Company's option at 110 and accrued dividends on any dividends date on thirty days' notice. Provision has been made for the annual retirement, commencing during 1923, of an amount equal to 2 1/2% of the largest amount of Preferred Stock which has been at any one time outstanding.

No bonds may be issued, nor mortgage nor lien given on the fixed assets, without the consent of 75% of the Preferred Shareholders.
Transfer Agents—Chartered Trust & Executor Co., Toronto; Montreal Trust Co., Montreal
Registrar—Standard Bank of Canada Toronto and Montreal.

Capitalization (Upon completion of the present financing.)
Authorized Issued
Preferred Stock \$15,000,000 \$4,500,000
Common Stock 15,000,000 5,331,000
(No Bonds)

The following information is summarized from a letter from Mr. C. H. Carlisle, General Manager and Treasurer of the Company:—
1. The Company is the largest manufacturer of tires in Canada. It also manufactures a wide line of mechanical and other rubber goods.
2. The Company's business has had a most remarkable growth as shown by the following figures:—

Year ending	Sales	Net Earnings	Year ending	Sales	Net Earnings
1915	\$2,370,914	\$188,730	1918	\$ 8,544,557	\$ 760,997
1916	3,446,683	298,413	1919	12,839,123	1,324,328
1917	5,509,433	422,928			

(The above figures are after making provision for depreciation and Business Profits Tax, and without any benefit accruing from the present large addition of capital)

Preferred Stock Annual Dividend requirements \$ 315,000
Net Earnings, year ending September 30, 1919 1,324,328
Net earnings are therefore over 4 times the requirements.

3. (a) The Company at all times is to maintain net liquid assets to not less than 115% of the Preferred Stock outstanding.
(b) The Company also agrees to maintain net tangible (including liquid) assets of at least 200% of the Preferred Stock outstanding.

(c) Where owners of stock reside in countries other than Canada, dividends will be paid at par of exchange in such countries, provided the premium involved does not exceed 5%. Where the premium exceeds 5%, the holder will be given the benefit of 5% premium.

4. No dividends will be paid on Common Stock unless all Preferred Stock dividends have been paid and unless the Company has surplus undivided profits equal to at least two years' dividends on the Preferred Stock then outstanding.

The Company's Books have been examined and statements certified by Messrs. Price, Waterhouse & Co., Toronto, etc., and Bowers and Saffern, New York. The Company's Plants have been appraised by the Canadian Appraisal Company, Limited, Toronto, etc., and all legal details relating to the formation of company and issuance of stock have been passed upon by Messrs. Blake, Lash, Anglin & Cassell.

Certificates are on file and may be examined at any of our offices.

HOLSTEIN CATTLE SALE

High Prices Are Paid at Auction in Woodstock.
Woodstock, Ont., Dec. 17.—(Special)—High prices were paid today at the big sale of purebred Holstein-Friesian cattle, held by the Oxford Holstein Breeders' Association in the Dufferin Hotel stables. Sixty-five fine animals were offered for sale beneath Moore and Dean's hammer. The highest price paid was \$750, and was given by H. Fiddis, of Burgessville, for the cow Sylvia Fane Butter Boy, owned by J. R. Lee, of Ottaville. E. Dyson, of Guelph, paid \$625 for Cherry Grove Spotty, offered for sale by Arbogast Bros., of Sebringville. A. E. Hulet, of Norwich, paid \$600 for Fairmount Daisy Alicaria, J. Griffen, of Arbogast, Mitchell, J. Griffen, of Burgessville, gave \$700 for the cow Helen Mercena Posch, owned by McWhee Bros., Beachville. Other good animals brought prices ranging from \$300 to \$600. The sale was a great success.

LOSS IN NEWFOUNDLAND BY GALE AND TIDAL WAVE

St. John's, Nfld., Dec. 17.—Incomplete reports of the damage caused by the storm which has been sweeping the Newfoundland coast for the past week received here early today indicated the loss of at least three lives and five schooners and the destruction by tidal wave of a railway pier at Placentia and the breakwater at Grand Bank, near Fortune.

Watch These Silver Stocks

By taking advantage of the present exchange situation Canadian silver producers are getting better than \$1.40 per ounce for their product. Average costs of production in Cobalt are between 45c and 65c per ounce. Net profits are greater than at any time previous in the history of this camp. The speculative possibilities of active silver stocks are extraordinary. This is especially true of the following issues.

NIPISSING—Pays 30% annually in dividends, selling around \$13.50 per share, should go to \$20.
TEMISKAMING—Has just declared a 4% dividend, selling around \$0c, should go to \$1.

BEAVER—Has recently encountered spectacularly rich ore and owns a seven-eighth interest in Kirkland Lake Gold, a producing gold mine; selling around 49c per share, and should go to \$1.
MCKINLEY-DARRAGH—A regular producer, paying 12% annually; selling around 70c, should go to \$1.50.

TRETHEWEY—Controls and is developing the Castle of Gowganda, which is producing very high-grade ore; selling around 47c per share, should go above \$1.
WE STRONGLY ADVISE IMMEDIATE COMMITMENTS IN THE ABOVE ISSUES. WE LOOK FOR THE BIGGEST MARKET IN YEARS.

Orders executed for cash or on a conservative margin basis.

MORE CONFIDENCE IN WALL STREET

Higher Rates for British Exchange Cause Upturn in Stocks.

New York, Dec. 17.—Of the several developments which contributed to the strength of today's stock market, the most noteworthy and important in its potential value was the movement of the British exchange. Bills on London continued to rally to the point where they cancelled the greater part of the recent advance, thereby strengthening the impression in many quarters that steps are being taken to negotiate large international credits.

The review of steel and iron industrial conditions were favorable, including high-priced specialties for fabricated products. These were supplemented by advances in quotations for fuel and consumption of large contracts, foreign and domestic, for railway equipment.

New York, Dec. 17.—Practically all of the more important industrial issues were inactive thru the day, which resulted in a substantial net gain being recorded notwithstanding the fact that considerable profit-taking was in evidence during the last half hour of trading.

Money and Exchange. London, Dec. 17.—Money, 1 1/2 per cent. Discount rates, short and three months' bills, 5 1/2 per cent.

Canada Cement Dividend. Canada Cement directors have declared a quarterly dividend of 1 1/2 per cent on the common, payable Jan. 16 to shareholders of record Dec. 31.

Gold Production of Northern Ontario Now \$1,000,000 A Month. The gold production of Northern Ontario has reached a record figure.

BRAZILIAN RALLIES; CAR ISSUES STRONG

Papers and Other Industrials Also Higher in Toronto Market.

Distinct firmness in response to the upward tendency in New York was shown by the generality of stocks in the Toronto market yesterday, but in the majority of cases dealings were confined to small lots, only four issues, in fact, exclusive of mining shares, reaching the hundred mark.

The widest interest was, however, shown in the market course of Brazilian, which, with a turnover of 978 shares, topped the list.

Money and Exchange. London, Dec. 17.—Money, 1 1/2 per cent. Discount rates, short and three months' bills, 5 1/2 per cent.

TRADE TOPICS

The feature of the week in business is the large volume of "sorting-up" orders received by local wholesalers.

In wholesale hardware there is a good demand for the season with prices tending upwards in builders' hardware, iron and steel bars, stove pipes and roofing material.

In wholesale provisions trade in all lines is fair, with an unsettled feeling in the live hog situation.

The failure list is light. Remittances are satisfactory and city collections good.
