EARL GREY GIVES RIGIDITY

Perpetual Challenge Cup To Be Emblematic of Dominion Amateur Championship.

OTTAWA, May 31.—(Special.)—A challenge cup for competitive hockey football is to be given by his excellency the governor-general, according to an announcement made to-night.

At his excellency's request, the trustees have made suggestions regarding the disposal of the cup and the contest for it, which his excellency has approved.

REPRIEVES REFUSED FOR RYAN

Justice Latchford Denies Application—Execution on Thursday.

NORTH BAY, May 31.—(Special.)—To the accompaniment of the tap, tap of the carpenter's hammer, the task of erecting the scaffold on which Maurice Ryan is to pay the penalty Thursday for the death of his brother, a last attempt was made this afternoon to save the life of the condemned man.

By a strange coincidence, Justice Latchford, who sentenced Ryan, is presiding over the sittings of the non-jury high court, which opens here this morning, and G. L. T. Bull, counsel for prisoner, sought permission to make application for a reprieve, basing his appeal on the poverty of his client, who had no funds to procure necessary evidence in his behalf, and alleging that new evidence could be obtained corroborating that of the witness Carwell, tending to show that the alleged murdered man was alive and well, that the minister of justice was absent and might grant a new trial in his personal absence.

Justice Latchford refused the application, saying that the prisoner had been ample time since the conviction to take any necessary steps, and he could see no reason why a reprieve should be granted.

Redivivus arrived to-day and the work of erecting the scaffold is proceeding, the noise being in plain hearing of the condemned man, who, in frequent conference with his spiritual adviser, Bishop Scollard, stoutly protests his innocence.

CARPENTERS ASK INCREASE

Will Hold Mass Meeting Wednesday To Consider New Demand.

A mass meeting of carpenters will be held in the Labor Temple on Friday night next, under the auspices of the Amalgamated Society of Carpenters and the Brotherhood of Carpenters, to consider the advisability of making a demand upon their employers for a general advance in wages.

1912 CELEBRATION

Preliminary Steps Taken by the Loyalist Associations.

Representatives of the Six Nations Indians, U. E. Loyalists, Military Institute, Daughters of the Empire, and Veterans of 1866, 1885 and South Africa met yesterday at the Canadian Military Institute to take preliminary steps towards a celebration of the memorable campaign of 1812-1814, when Canada was saved to the British Empire.

FAYOR REMOVAL OF EMBARGO.

LONDON, May 31.—(C.A.P.)—The Co-operative Congress at Newcastle, made a practically unanimous resolution in favor of the removal of the embargo on Canadian cattle.

AUSTRALIAN PREMIER DEAD.

ADELAIDE, Australia, May 31.—(C.A.P.)—Hon. Thomas Price, premier of South Australia, is dead.

Ex-Banker Now Breaks Stones In Jail Yard

Hon. P. H. Roy, Within Fifteen Minutes of Arrival in Penitentiary, is Laboring With Other Convicts.

ST. VINCENT DE' PAUL, May 31.—(Special.)—Hon. P. H. Roy, former Speaker of the Quebec Legislative Assembly, and ex-President of the Bank of St. John's, is now breaking stone in the penitentiary yard.

The prisoner expresses surprise, as he expected to be sent to the infirmary as an invalid. The only things he had brought with him, newspapers and a set of playing cards, were taken from him.

ST. PIERRE'S RESIDENTS TALKING OF DESERTING

Depletion of the Fisheries Likely To Cause Removal of Last 5000 Inhabitants.

ST. PIERRE, Miquelon, May 31.—A conflict over the measures advocated in France for re-population and restoration of the abandoned activity of the little island colony, the lone surviving remnant of France's once great dominion in North America, will result, it is feared, in the abandonment of the colony by the remaining 5000 persons.

A fleet of 35 steam trawling vessels has sailed from France to operate this season on the now scanty banks off St. Pierre. The wholesale slaughter of fish accompanying the use of steam trawls will not only jeopardize the hand line fishery of the island, but will, if it is maintained, exhaust the fishing grounds. The fisheries are the sole sustenance of the inhabitants, and their loss would be a death blow to the colony.

There has been a heavy exodus for the last ten years, and measures for the repopulation of the island have been begun some years ago, a committee being organized in Paris, composed of men of the highest standing in business and shipping circles.

St. Pierre, the only port of the three islands—St. Pierre, Miquelon and Langlade—is a most convenient and the only available rendezvous for the "metropolitan" fishing fleet which each year comes from the French ports of Breton and St. Malo. This fleet formerly average 300 ships and 10,000 men, but has been seriously diminished by accident.

The element of unrest has frequently entered into the life of the colony. It may be said to have been continuing since the time of the first settlement in 1850, by which the St. Pierre fishermen were prevented from getting bait in the adjacent ports of Newfoundland.

BRICKLAYERS TO STRIKE IN WATERLOO COUNTY

Exchange Declines To Restore Old Rate and a Final Ultimatum Is Presented.

GALT, May 31.—(Special.)—A strike of the masons and bricklayers in Galt, Hespeler, Preston and Berlin will be called on Wednesday morning unless the Waterloo County Builders' Exchange agree to pay the men 40 cents an hour.

This is the ultimatum which Thomas Izzard of Toronto, vice-president of the International Union, left with the exchange at the end of a protracted meeting tonight at Berlin. The exchange are given until to-morrow evening to make a reply. Negotiations have been in progress for several days, and Mr. Izzard expects that the strike will be called. About 150 men will be affected.

The trouble arises, the men claim, because of the employers' breach of faith. Last year, when times were bad, they consented to a reduction from 40 to 35 cents an hour on the understanding that the higher rate, which has been steadily maintained in all other places, would be restored when conditions became normal. But all efforts for several months past to have this promise made good have proved futile.

The builders say they will grant the increase Aug. 1, but the men decline to wait.

HAD LUCKY ESCAPE

Car Ran Along Edge of a Deep Embankment.

LOCKPORT, N.Y., May 31.—A three-wheeled traction engine Company trolley train jumped the rails on the steep grade of Gooding-street to-day. Ten Buffalo people were hurt, none fatally. The forward car of the train, after leaving the rails, ran twenty feet along the edge of a 30-foot embankment, turned completely around and was torn from its trucks. The second car left the rails also, but aside from smashed vestibule was not damaged.

TREE FINISHES RECORD CRUISE

After Steady Flight of 850 Miles, Zeppelin Airship is Badly Damaged in Collision.

COPENHAGEN, May 31.—After covering a distance of about 850 miles in 37 hours, Count Zeppelin's new airship, on its return trip from Bitterfeld to Friedrichshafen, came to grief in an open field near here to-day.

In manoeuvring for a landing the airship came in contact with a tree, and its position to-night is very dangerous. The propeller was broken and a considerable time must elapse before the journey can be continued.

The position is unfavorable, the ground being very hilly. The bow rests on the ground and the stern is about 65 feet in the air. A strong breeze sprang up toward evening, causing no little anxiety for the safety of the airship, which was storm-torn and wrecked should a storm come up during the night.

After considerable labor and the assistance of those who had gathered at the scene of the accident, Count Zeppelin was able to shift the position of his airship a little and thus give better protection from the wind.

CONTROL OF PETERSON LAKE

Determined Effort to Elect New Batch of Directors.

MONTREAL, May 31.—(Special.)—The opposing forces in the Peterson Lake Mining Company's internal warfare have adjourned till to-morrow afternoon when the contest began to-day, will be re-opened with double fury.

President D. M. Stender and J. A. Jacobs are leading the "ins," while the "outs" are commanded by the energetic W. G. Forest, who claims to-night that he has the support of the governing party beaten to a standstill.

There were fifteen present at the meeting, and the press was excluded. The contest centred around the question of the right of certain stockholders to vote. In sending out a circular to the shareholders, it was alleged that all those of record at the end of the financial year, April 30, would have the right to vote, and consequently a large number of proxies for stock registered after that date are questioned by the present management, while the "outs" claim the contrary.

Forest openly claimed that he and his friends were not satisfied with the present directors, and he had not had time to draw up the list of shareholders, but Jacobs, who is the treasurer of the company, said they did not have it, but would do so to-morrow.

A MEDAL FOR A HERO

Humane Society Decoration For Sam Orr of Chatham.

CHATHAM, May 31.—(Special.)—At the meeting of the city council to-night Sammie Orr, a boy of 12, was awarded a humane medal for bravery in saving the young son of Mr. and Mrs. Napp from drowning this spring. Orr jumped into the water after the child at a time when he was just recovering from a severe attack of pneumonia. He could not swim and the place where he entered the water was at a breakwater, where he had great trouble in effecting a landing.

A committee from the board of education waited on council to ask a grant of \$20,000 for an addition to the Collegiate Institute, demanded by the department by Friday. We will parade over until next week, to request the county council to contribute, as the presence of the county pupils is largely dependent on the necessity for the addition, and the county pays only 50 per cent. of the maintenance of the county pupils at the school.

A CURTAIN OF DARKNESS

Exists Between Parts of Empire Due to High Cable Rates.

LONDON, May 31.—(C.A.P.)—The Standard Express, Telegraph and other papers publish leading editorials referring to the imperial importance of the press conference, each laying especial stress on the desirability of cheaper cable communication. The Telegraph says that by comparison of the state of things between European countries a curtain of darkness hangs between the mother country and Great Britain. Cable messages, even from Canada, which nevertheless is at a great advantage over India, Africa and Australia, are so short and intermittent that they are often not only an imperfect medium of information, but a positive source of error. If a definite partnership of full moral interdependence between the self-governing dominions is to be brought about, this must be changed.

SLAVERY DAYS NOW

Civil Servants Must Work From 9 to 5.

OTTAWA, May 31.—(Special.)—An order in council has been passed, making it compulsory for civil servants to be at their departments from 9 a.m. until 5 p.m.

ANNIVERSARY OF RIDGEWAY

Forty-three years ago yesterday the Fenians landed at Erie and on the following morning the Q. O. R. and Tenth Royals led by the front. On June 2, 1848, the Queen's Own encountered the Fenians at Lime Ridge, under Gen. O'Neill, where a short and sharp encounter took place, the Fenians being driven out of Canada. The Queen's Own suffered a loss of about 20 men.

TROUBLE WITH "CENTRAL"

HON. MR. ROGERS: If You Can't Get Railway Commissioners Make Them Give You Public Ownership.

PHILA. SAW MAKERS TO HAVE BRANCH HERE

Henry Disston and Sons About to Let Contracts for Three Factory Buildings.

Henry Disston & Sons, Philadelphia, the largest manufacturers of saws and files in the world, are about to let a contract for the erection of three factory buildings on Brasser-avenue, Toronto, with a view of extending their business in Canada.

For some years the firm has conducted business on Lombard-street, but the demand having increased, they are preparing to erect a large manufacturing factory here of which the three buildings now to be contracted for, are only a part. The buildings will be fire proof and will cost \$70,000. George W. Gounlock, Temple Building, is architect for the buildings.

A contract will be let at once for the addition of two stories to the National Life Assurance Company's building at the corner of Adelaide and Toronto-streets, which will cost \$25,000. Mr. Gounlock has prepared plans for the addition.

THE WORST TOWN IN WEST

Entwhistle, Alberta, is Given That Distinction.

EDMONTON, Alta., May 31.—(Special.)—The toughest town on the north-western frontier, according to J. W. Wright, a Methodist minister on the staff of the Entwhistle, at the head of the Grand Trunk Pacific grade on Pembina River. Here the R. N. W. M. P. maintain but one constable, and the 400 grade laborers who since last summer have made their headquarters at Pembina have out loose from authority, dropped the rein from their passions and set up a "wide open" town. Here, where by statute the federal government has decreed prohibition over \$6000 worth of liquor has been dispensed to grade laborers since last summer.

So says Mr. Wright, now in the city attending the meeting of the Methodist District Council.

JUDGE TO BUY FARM?

Sir William Mulock Dickering For Hon. S. H. Blake's Property.

Sir William Mulock is considering the purchase of the Blake farm of 170 acres in Bedford Park, North Toronto. As the deal is only pending, the chief justice declared last evening that he was not in a position to say what he proposed doing with the property. It is understood that the purchase price will be in the neighborhood of \$61,000.

WINNIPEG ST. RY TREATY

Men's Union Fully Recognized in Arbitration Board's Decision.

WINNIPEG, May 31.—The finding of the board of conciliation affecting the Winnipeg Street Railway was handed out to-day. The union is recognized fully. Seniority is to govern for second six months; twenty-four per cent monthly; the scale to be twenty-one cents per hour for the first six months; twenty-two cents for the second six months; twenty-six and a half the third year, and twenty-seven thereafter. Men have the privilege of either working nine or ten hours, and Sunday work is to be paid at the rate of ten hours' pay for eight and a half hours' work.

HALIFAX Y.M.C.A. DOES WELL.

HALIFAX, N.S., May 31.—(Special.)—The strenuous campaign carried on in connection with the new Y.M.C.A. building project during the past ten days, ended this evening when the grand total of subscriptions reached the sum of \$11,647. The original intention was to secure \$10,000, but the committee now want \$120,000.

GENERAL STRIKE THREAT TO HELP THE CAR MEN

Central Labor Union of Phila. May Show its Sympathy—Authorities Bound To Keep Order.

PHILADELPHIA, Pa., May 31.—Strike breakers and motormen from other cities were put to work to-day in an effort to break the strike of the motormen and conductors of the street car lines of this city. Notwithstanding these importations not a car left any of the lines after 8 o'clock to-night, and at 10 o'clock the last car had been taken off for the night.

Increased at the bringing in of the strike breakers here, sympathizers of the striking car men made demonstrations at the barns where the new men are quartered and many arrests were made by the police. Most of the prisoners were charged with nothing more serious than calling the working motormen and conductors names. Counting the number of men on strike, there have been remarkably few acts of violence.

Mayor Reburn stated to-day that he would swear in ten thousand extra policemen if necessary and keep the cars running for the convenience of the public. The public will be accommodated, the mayor said, "if the city has to take over the transit company's lines and run them itself with the freemen of the police and the extra policemen." "If the Rapid Transit Company does not come to time by Thursday," he said, "there will be a general strike declared by Friday. We will parade Broad-street Saturday and show them our strength."

The elevated and subway men, as well as the trolley house men, are about ready to join us and as for my own union, the metal workers, I can say that if they don't get in line, I will let the lights go out."

A crowd of strike sympathizers attacked Leslie Snow, a motorman of the Smith and Snyder-avenue line to-night. Snow drew a revolver and fired five bullets into the crowd, but no one was seriously injured. The saloons were again closed at six o'clock to-night and will remain closed until six to-morrow morning.

DEATH OF REV. T. M'KAY

Young Toronto Methodist Minister Dies at Boston.

The news was received here last night of the death at Boston of Rev. Thomas McKay, formerly of the Fred Victor Mission. The deceased left here recently, accompanied by his wife and six children, to take charge of an important Methodist Church. A few days ago his relatives received word that he was ill, but had no idea of a fatal ending. He was to have taken up the work of his new charge on Saturday next. He was in his 39th year. His mother resides at 21 Wascana-avenue. He has four brothers in Toronto, Hugh McKay, Balmy Beach; Robert and David, Queen-street, and Benjamin, 144 Sydney-street.

A Boston despatch says: Members of the Glendale Methodist and First Congregational churches of Everett, Massachusetts, were shocked when they heard the announcement of the sudden death of Rev. Thomas McKay of Toronto, who, although unattached to any church, had been doing able work at both of these named. He died of apoplexy while drinking a glass of water, brought by his wife when he complained of feeling ill.

TORONTO SCHOOL CADETS MAKE VERY POOR SCORES

Will Be Unable to Stay For Lord Roberts' Shoot at Bisley in August

The cat is out of the bag. The Toronto School Cadets, Galt Hagarty and Capt. Flood, took part in the Empire Day shoot for the Princess of Wales prize, but as these other crossings at the miniature rifle ranges, and as the boys had only arrived in England a few days before and were unfamiliar with the technical features of the range, they made very poor scores.

This information was contained in a letter from the Canadian Associated Press, which also stated that an effort was being made to keep the Canadian boy marksmen in England in order that they might take part in the contest for the Lord Roberts trophy in August.

It is hardly likely, however, that the boys will stay over. It was explained by Principal Hagarty of Harbour-street Collegiate Institute last night that he did not think Mrs. Hagarty would care to stay over, and it would be impossible for her to take part without her. Moreover, the Canadian Cadets will shoot for the Lord Roberts trophy at Ottawa, and Harbour-street will send a team to take part in the match. Mr. Hagarty also said Galt would take part in the Ontario rifle matches.

Mr. Hagarty observed that since the Canadian boys had been taken over to shoot at miniature ranges, some of the best boys in England should be going to the match with our crack shots.

At the shooting in the armories Galt Hagarty on several occasions made possible, but as his Ross rifle was sighted for long-distance shooting, it can easily be understood why he was unsuccessful in England.

Mrs. Hagarty and son are expected to spend a few days this week in Paris and to sail for home on the Tunisian next Friday.

MEN'S STRAW HAT FASHIONS.

Dineen's Are Showing the New Ideas From New York and London—Opening Display Continues All This Week.

An opportunity for the gentlemen of Toronto to see the very newest styles from Paris, London and New York, in men's straw hats, is presented by Dineen's, at Yonge and Temperance-streets, all this week, and their showing will be doubtlessly attended and appreciated by thousands of Toronto citizens, as well as the many visitors that are here for the purpose of visiting Dineen's, is always profitable and entertaining, and you are invited, whether or no you wish to buy.

Subway Scheme Here to Delay to Delay

Board of Trade Officials Condemn C. P. R. Proposals, and Will Continue Fight for Erection of Viaduct.

"Fighting off the day when they will have to commence the construction of that viaduct, that's all," said J. W. Moses, member of the board of trade, and the board's engineer, last night, when, asked for his opinion of the C.P.R.'s latest move for a subway.

"I don't think they have any expectation that the subway plans will be accepted. Why it would mean the closing up of Yonge-street below Front-street, and that seven per cent. grade for cars would also be a leading objectionable feature.

"The special committee, which was authorized to follow the proceedings, attended the sitting yesterday, and the members are convinced of the unsatisfactory nature of the subway scheme, and will oppose it, and hold out for a viaduct."

L. H. Clark, chairman of the board's special committee, left town last night and will be back in time to attend the sitting of the commissioners on Thursday.

Mr. Morley, secretary of the board, and a member of the viaduct committee, also accented the fact that C.P.R. had submitted the subway plans with any confidence.

"I don't think the board will consider the subway proposition for a moment. It is too absurd," said Mr. Morley.

Asked whether the board would likely take the steps to mark the subway plans in case the railway commission was disposed to accept the new proposal, Mr. Morley said: "The case has been presented, and we have no fear that the commission will depart from the original order."

The board of control will consider the scheme today. Engineer Rust declares himself unfavorable to it and the board will, it is expected, decline to abandon the viaduct project proposed by the C.P.R.

Railways Want Subways In Lieu of Viaduct

Subways at Yonge-street and Bay-street, at an estimated cost of \$250,000 each, in lieu of a viaduct which would cost several millions.

This is the new proposition of the railways. It was broached before the railway commission yesterday and Chairman Mabee said he would be willing to consider it when the plans were ready.

George T. Blackstock, K.C., who submitted the scheme, said the railways were prepared to construct a broad gauge sufficient water-tight subway at Yonge-street; that it would admit both passenger and street car traffic and could be extended thru to Bay-street. There would be a 3 per cent. grade for vehicular traffic and one of 7 per cent. for street car traffic.

Angus MacMurphy, counsel for the C.P.R., states that the plan would practically mean widening Yonge-street to a width of 80 feet. There would be two roads, each 27 feet wide, one for street cars, on the right, with a grade of 7 per cent., the other for vehicular traffic, with a grade of 3.2. The roadway on the east side would branch away to Scott-street, thru the old railway freight shed, thence to Front-street. From the waterfront to the subway the road for vehicles would have a 2.5 per cent. grade. Sidewalks on either side are proposed.

The Bay-street subway would be built along the same lines, with one roadway having a 4 per cent. grade and the other one of 3.2 per cent. Sidewalks would be built on both sides. There would be no land damages to pay, as the only property injuriously affected belongs to the railways themselves.

DECORATION DAY MARATHONS

Tom Longboat Makes Wonderful Time For 12 Miles at Terre Haute.

At Terre Haute, Ind.—Tom Longboat defeated a four-man relay team in a twelve mile race in 1.04.2, being below the world's record for the distance by barely a minute.

Note. The best of the recent records was made by the Indian, Paul Akosee, in his fifteen mile race at Winnipeg with Appleby, his time at the twelve miles mark being 1.04.1-4.

At Troy—Samuel Mellor of the Mercury Athletic Club, of Troy, won the Marathon race for the full distance.

At Albany—E. P. Carr of the Xavier Athletic Club, New York, won the Marathon race. His time 3 hrs. and 20 2-5 sec.

At New York—In a listless race, which degenerated into a walking match by the time the twentieth mile had been run, Louis Orphee of France took the measure of fourteen competitors and won a \$10,000 professional International Marathon, run at Brighton Beach, finishing the miles 355 yards in 2 hours 59 minutes 57 seconds.

BOWLERS GETTING READY

Dominion Tournament Executive Meet and Appoint Committees.

The annual meeting of the committee in charge of the Dominion Lawn Bowling tournament was held at the Victoria Club...

The report of the chairman and the hon. secretary-treasurer was a satisfactory one, and the financial statement showed a balance to the credit of the association.

It was decided that the seventeenth annual tournament for the various trophies should be held on the Woodbine links during the week commencing Monday, Aug. 16, at 2 p.m., and continuing thereafter each day at 9 a.m.

There will be three rink competitions, namely: Walker Trophy, Ontario Trophy and Toronto Trophy, and also competitions for the Williston Trophy, doubles and the Rawlinson Trophy for singles.

The following are the officers and committees elected for 1909: Chairman—G. S. Peary, Victoria Club, Hon. sec-treas.—E. Orr, Balm Beach Club.

Tournament committee—W. H. Hall, A. E. Wigmore, E. M. Lake, T. H. Lister, with the chairman and hon. secretary-treasurer.

Grounds committee—John Rennie, L. B. Brush, J. S. Willison, and C. E. Boyd.

Harlem Rowing Races. NEW YORK, May 31.—Ideal conditions prevailed to-day at the 42nd annual rowing races of the Harlem Regatta Association, rowed over the course on the Harlem River.

Two exceptions to the contests were rowed over a mile and a quarter course, thousands of spectators lined the course. Several of the races were won by a few feet.

Association single sculls—R. P. Knapp, Nonpareil Rowing Club, 1; Frank Shea, Sheephead Bay Rowing Club, 2; Joe Thompson, Nassau Boat Club, 3. Time 7:14.

Senior four-oared shells—New York Athletic Club, won. Time 6:15. Senior single sculls—Durando Miller, New York Athletic Club, won. No time given.

Charles J. Sheehan, Mutual Rowing Club, won the first trial heat in the association sculls, over John J. Ryan, Harlem Rowing Club, but did not get a place in the winners of the finals.

High Rollers at New York. NEW YORK, May 31.—The feature in the two-men events at the third annual tournament of the National Bowling Association to-day was the high score of 121, made by Smith and Gebhardt of Buffalo, which gives that team third place among the leaders.

In making the total Gebhardt got the high score of 224 in the first game, and Smith 223 in the third. The team totals were 325, 365 and 421. Following are the leaders:

Two-men teams—Carland Haller, Brooklyn, 123; Helias and Cohn, Brooklyn, 121; Smith and Gebhardt, Buffalo, 121; Edwards and Weisbert, Buffalo, 120; Short and Poley, Ottawa, 119.

Five-men teams—Corinthians, No. 8.

The meeting of the League of the Lower Lakes will take place at Rochester on July 15, 16 and 17. The Toronto Club will send a team of ten men.

The annual match between Rochester and Toronto will take place on the Toronto links on Saturday, Sept. 12.

Montreal Live Stock.

MONTREAL, May 31.—(Special).—A feature of the live stock export trade of late is that American exporters have been operating very freely in the Western Canadian markets, on account of the high prices ruling in the Chicago market for export cattle, and the bulk of what they are buying in Toronto are going out in the way of American ports, in order to fill their freight engagements; consequently there is no demand for ocean freight space here at present. Business in consequence is dull, with Liverpool space offering for June at 27s 6d; London at 28s; Glasgow at 29s, and Manchester at 27s 6d; but the impression is that these rates would be cut, in order to do business. The exports of cattle for the past week were 575 head, making a total for the month of 14,178, as compared with 9221 for May, last year.

At the Montreal Stock Yards West End Market, the receipts of live stock for last week were 2700 cattle, 100 sheep and lambs, 2890 hogs and 1900 calves, while the offerings for local consumption this morning consisted of 1000 cattle, 100 sheep and lambs, 1900 hogs and 150 calves. Prices were fairly firm, owing to smaller offerings than a week ago. Cables from Liverpool noted a further decline of 1/4c to 1/2c per lb. since this day week on account of increased supplies and bad weather conditions, but there was some demand here for export stock. Sales of extra choice steers were made at 64c; choice at 60c to 64c; good at 54c to 58c; fat cows at 44c to 54c; bulls at 44c to 54c; and common cattle at 34c to 44c per lb. A weak feeling prevailed in the market for hogs and prices scored a decline of 30c to 40c per 100 lbs. since this day week. This is due to the fact that during the excitement in the market packers in some cases contracted in the country for some large lots at high prices, which have arrived within the past two or three days, and these, in addition to the 150 head offered on the market to-day, had a depressing influence, but sales of selected lots were made at 80c to 85c, weighed off cars. Owing to more liberal supplies of sheep or late, and the prospects of a steady increase in the receipts from now on, the market is weaker and prices have declined fully 10c per lb. The demand was fair, and sales of yearlings were made at 42c to 46c per lb. Spring lambs were somewhat scarce and prices ruled steady at \$4.50 to \$5.00 each, as against \$4.00 to \$4.50 for a fairly good demand for calves, of which supplies are ample to fill all requirements, at prices ranging from 25 to 40 cents, up to quality.

Chicago Live Stock.

CHICAGO, May 31.—Cattle—Receipts, 20,000, estimated; market steady to 10c lower; beefs, \$7.25 to \$7.50; Texas steers, \$4.75 to \$5.25; western steers, \$4.75 to \$5.25; stockers and feeders, \$3.50 to \$4.00; and heifers, \$2.50 to \$3.00; calves, \$2.25 to \$2.50.

Hogs—Receipts, estimated at 44,000; market strong to 6c higher; light, \$6.75 to \$7.25; mixed, \$6.50 to \$7.00; heavy, \$7 to \$7.45; roughs, \$7 to \$7.15; good to choice, heavy, \$7.15 to \$7.45; pigs, \$5.50 to \$6.00; bulk of males, \$7.20 to \$7.40.

Sheep—Receipts, estimated at 12,000; market steady; native, \$4 to \$6.00; western, \$4.25 to \$6.70; yearlings, \$6.25 to \$7.50; lambs, native, \$6.25 to \$8.25; western, \$6.50 to \$8.75.

British Cattle Markets.

LONDON, May 31.—London cables for cattle steady at 13 1/2c to 13 3/4c per lb. for Carachi steers, 12c to 12 1/2c; for Carachi steers, 12c to 12 1/2c; for Carachi steers, 12c to 12 1/2c; for Carachi steers, 12c to 12 1/2c.

Cattle at Liverpool.

LIVERPOOL, May 31.—John Rogers & Co. quote: State steers, 12c to 12 1/2c; Canadian, 12 1/2c to 13 1/2c; ranchers, 11c to 12 1/2c; cows, 11 1/2c to 12 1/2c; bulls, 10c to 10 1/2c. Weather bad; trade, very slow.

Strike on South Lorrain.

HAILYBURY, May 29.—An excellent field has been to-day reported on the Pierce property in South Lorrain. The report has not been authenticated, but the find is altogether likely.

That silver has been struck at the mouth of the Montreal River was also reported last night.

Defends Higher Criticism.

NEW YORK, May 31.—The theory that higher education begets religious unbelief was attacked by Rev. Dr. Wm. T. Manning, rector of Trinity Church, in the Sacramental sermon preached by him to the graduates of Columbia University.

46 CARS AT UNION YARDS BUTCHER TRADE IS BRISK

Prices Are Firmer—Exporters Held Over Until To-Day—Hogs 25 Cts. Cwt. Lower, at \$7.75.

Receipts of live stock at the Union Stock Yards were 46 car loads, consisting of 984 cattle, 31 sheep and 104 calves.

The quality of fat cattle was about the same as for several weeks past.

Trade was brisk for butchers' cattle, but exporters were not wanted till to-morrow, Tuesday, when several buyers will be in hand, the same as last week.

Prices for butcher cattle were firmer at an advance of fully 10c to 15c per cwt. in all classes of butchers, of which there were about 17 car loads. These were all sold out at 10.20 a.m.

There were 27 car loads of exporters, all of which were being held till Tuesday, when about 45 more loads of exporters are expected to arrive.

Butchers.

Picked lots of butchers sold from \$5.00 to \$5.00; loads of good, \$5.00 to \$5.75; medium, \$5.20 to \$5.40; common, \$4.50 to \$5.15; Cows sold from \$4 to \$5 per cwt.; bulls, \$4 to \$5.

Sheep and Lambs.

Prices ranged from \$2 to \$5.50 per cwt.

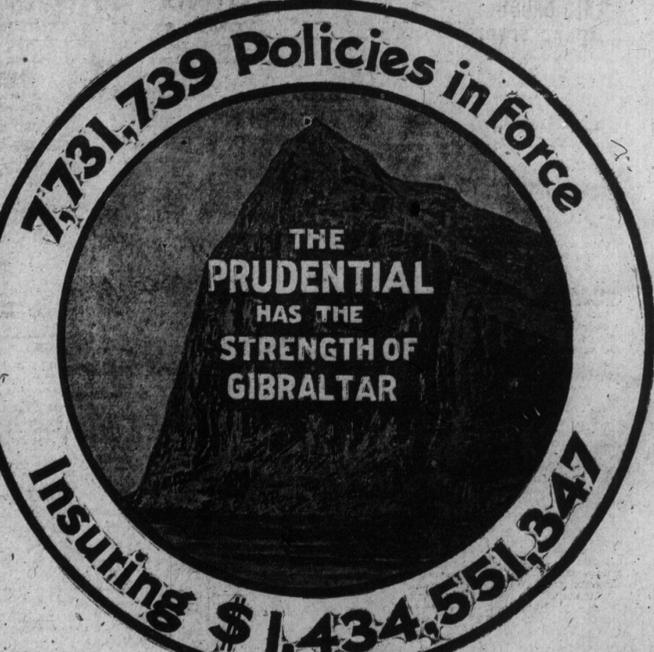

Veal Calves.

There were no hogs on sale. Messrs. Kennedy & Harris are quoting them 25c per cwt. lower. Selects, fed and watered, \$7.75, and \$7.50, f.o.b. cars, at country points.

Representative Sales.

Messrs. Dunn & Leavack sold: 5 export- ers, 1175 lbs. each, at \$5.35 per cwt.; 1 export bull, 1600 lbs., at \$5; 1 export bull, 1700 lbs., at \$4.90; 1 export bull, 1700 lbs., at \$4.85; 3 export bulls, 1400 lbs. each, at \$4.75; 2 export bulls, 1550 lbs. each, at \$4.75; 2 butchers, 1200 lbs. each, at \$5.70; 10 butchers, 900 lbs. each, at \$5.50; 17 butchers, 1040 lbs. each, at \$5.30; 12 butchers cows, 1190 lbs. each, at \$5.15; 3 butchers cows, 940 lbs. each, at \$4.90; 1 butcher cow, 1200 lbs., at \$4.60; 4 butchers cows, 1040 lbs. each, at \$4.45; 16 butchers cows, 1200 lbs. each, at \$4.40; 4 butchers cows, 1200 lbs. each, at \$4.40; 1 milch cow, 940; 1 milch cow, 930.

TECHNICAL EDUCATION

Proposed Delegation to Inspect Big Schools in United States.

A meeting of the special committee of the board of education to consider technical education in the Toronto High Schools, met at the city hall yesterday afternoon. Trustee Houston presided. The chairman of the board, Trustee Ravinoff, advocated sending a delegation to visit the technical schools in several of the United States cities. He suggested that the delegation be composed of Trustees Brown, Houston, Dr. Bryans and Simpson. Inspector Hughes said the chief cities to be visited were New York, Springfield, Pittsburg, Indianapolis and Cleveland. The special committee will meet again in a few days.

Sale Nearly 10,000 Untrimmed Hats

THIS is the biggest clearing purchase we have ever made in the millinery department. The value is so extraordinary we felt that almost any quantity was none too great. Every woman in Toronto would be glad to have another hat for Summer at this price if the hats to choose from were good enough. They are good enough. A little deftness with a piece of pretty ribbon and some flowers will transform any one of them into a thing of style and beauty. We will be obliged to hold this sale in the main building on the second floor. The quantity warrants more space than we can afford in the millinery salon.

Nearly 10,000 in the lot, a vast variety of the newest and most seasonable hats, very latest and best summer styles and colors, with lots of black, Misses' and Children's Hats will be here in plenty, some in best braids and tulle, on wire frames. Regular wholesale prices of these hats range from 85c, \$1.00, \$1.25, \$1.50 to \$2.00 each. (See Window Display.)

Simpson's Housefurnishing Suggestions

Bedrooms, No. 2--The Grown-up Daughter's Room.

WE will suppose this room to be the apartment of a young lady of critical taste, such a judge of what is new and appropriate as only a grown-up daughter is apt to be.

Such a room will have to be, in the highest sense of the word--dainty. It must be bright. Its colors must be high in tone. Nothing dark or sombre is permissible in a room of this kind. Youth is akin to springtime, spring colorings form the ideal treatment for a young lady's room. The furniture, to begin with, should be of white enamel, as should be the woodwork of the room. If preferred a brass bedstead could be substituted for the white one. The carpet we have in mind is a two-toned rose Brussels, in a sub-dainty lattice design, with a border, rather narrow, in a light tan ground illumined with pink buds and leaves of tender green. Window curtains of Marie Antoinette lace, with a dainty ruffled point d'esprit border, laced down inner sides and along the bottom with pink satin ribbon an inch and a quarter wide. The side curtains, the door curtains and the upholstery coverings to be of mercerized shadow chintz.

Dainty Bedroom Wall Papers

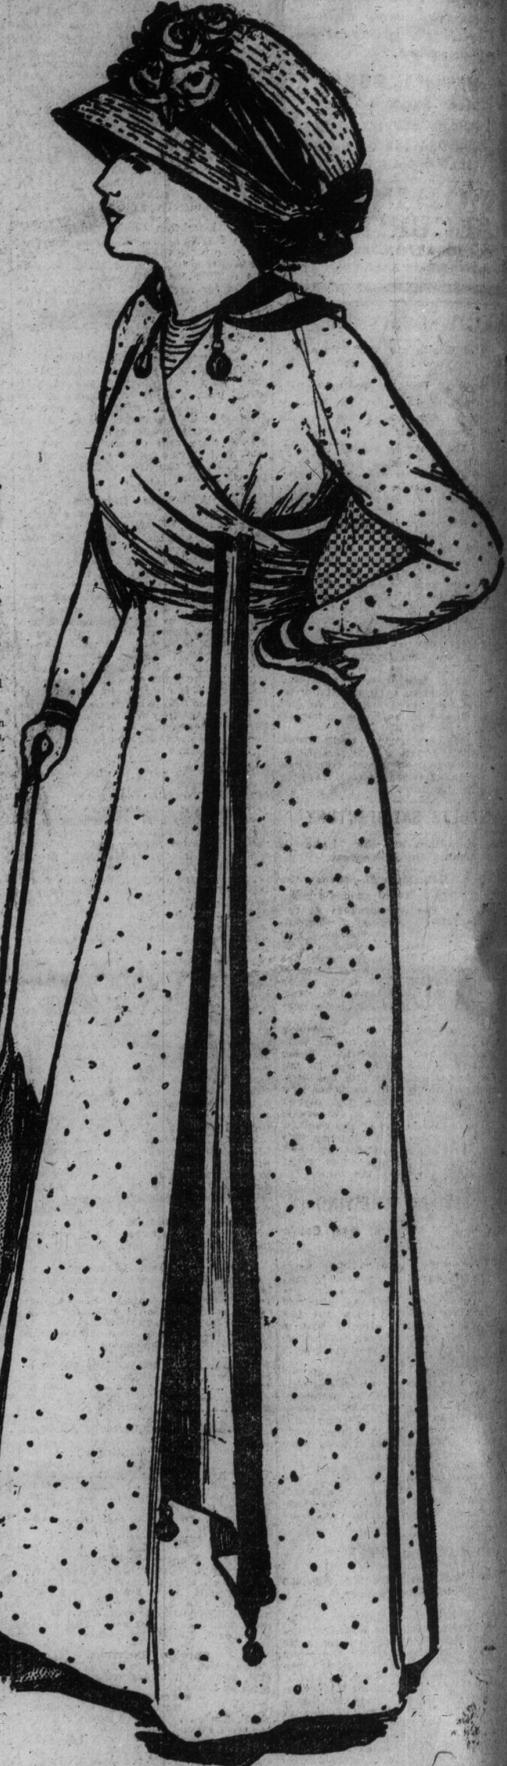

When the wood work has been finished in white enamel or light coloring, pretty effects are obtained by using bedroom papers with white or light grounds, with natural flower patterns, chintz, tapestry or damask patterns, in pink, delf blue, yellow, blue, heliotrope, cream or green blends. Pretty effects are also obtained with papers, in plain linen, crash or stripe designs to use with uppers, friezes or cut outs, in floral or lattice effect. Some prefer dados or walls of painted linen or burliap, with hand stencilled decorative panels or borders, and plain ceilings. For ceilings use moire lattice or floral effects, in white and mica, or lattice with dashes of light green. The mouldings should be white enamelled or a delicate line of gilt or enamel. The prices are: Florals, in natural flower and natural colorings, 25c, 35c, 50c to \$1.00 per roll. Linen effects and stripes, assorted colorings, 12 1/2c, 20c, 25c per roll. Linen and Burliap (raw), for trimming, 10c and 15c per yard. Papers, in chintz, tapestry and
