SIX AMERICANS PERISHED WHEN SHIP WAS SUNK

Washington Requests Berlin to Explain Attacks on Two Steamers.

TENSION NOT VISIBLE

U. S. Not Likely to Force Issue, is Belief at Capital.

London, Oct. 31.—Six Americans were killed in the sinking of the British steamer Marina, according to a telegram received by American Consul Frost at Queenstown, says the Press Association. The telegram declared that 81 Americans had been saved.

The Americans reported dead, the Press Association said, were two men named Brown, two named Thomas and one Richard Middleton, and one named Robertson. Men named Miller and Davis, it is added, were injured. Consul Frost has arranged to take the possessions of 28 American survivors, who have proceeded to Dublin. Thirty-four additional survivors, including 16 Americans, are expected to arrive at Cork tonight.

An Exchange Telegraph despatch from Skibbeson, where some of the survivors of the Marina have arrived, says that the steamer was attacked by two submarines.

"PASTOR" RUSSELL DIES SUDDENLY ON A TRAIN

Heart Disease Fatal to Well-Known Speaker and Writer.

Canadian, Tex., Oct. 31.—Charles Tase Russell, known as "Pastor" Russell, an independent minister, editor of the Watch Tower and prominent author of studies on the scriptures, died this afternoon on a passenger train en route from Los Angeles to New York. Heart disease was given as the cause.

"Pastor" Russell was well known in Toronto, he having addressed followers of his beliefs on several occasions in the past few years.

A man claiming to be "Pastor" Russell was arrested in Toronto a few days ago and ordered deported as a vagrant.

Customs Revenue in October Displays Another Large Gain

By a Staff Reporter. Ottawa, Ont., Oct. 31.—The customs revenue for October amounted to \$11,960,980, an increase of about \$2,750,000 over the same month last year.

For the seven months of the first year the total customs revenue was \$82,625,477, an increase of 29 1/2 per cent.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

ROUMANIA'S success in driving the Germans back up the Jiu Valley, across the frontier of Transylvania, and so ignominiously ending their attempt at invasion thru the Vulcan Pass, marks the end of another German plan of action. When the Germans forced their way down the Predal Pass, towards Kimpolung, they found the way barred by strong fortifications, with the ground well prepared for defence. They had prematurely advertised their campaign as one in the open field, and they had told their own people and neutrals that the Rumanians did not understand trench warfare. But they were soon undeceived. Upon being held north of Kimpolung, Von Falkenhayn sent a force down thru the Vulcan Pass in an endeavor to burst thru the Rumanian defence and to envelop the Rumanian second army. But reinforcements were sent quickly to this dangerous point and in a comparatively brief battle they turned back the Teutons. These have lost several thousands of prisoners and many guns, and they are beating a rapid retreat. Meanwhile the Germans are being held in the region north of Kimpolung, where a violent battle is proceeding.

A despatch from Berlin shows that the German war leaders are beginning to prepare the mind of that nation for another failure. The correspondent of The Tageblatt has just been permitted by the military censor to publish a despatch explaining the reason why the progress of the Germans has been slow south of Kronstadt, that is, in their march upon Kimpolung. His explanation is that the Rumanians occupy strongly fortified positions in the mountains. Every peak during the past two years has been converted into a fortress, with batteries built in every available spot. Good highways have also been constructed between the different peaks, enabling the Rumanians to reinforce quickly threatened points. In order not to depress the German people unduly, the writer then says that owing to this situation, the invading forces have found it necessary to execute

SLAVS BEAT TURKS NEAR TREBIZOND

Sharp Russian Attack Disperses Troublesome Moslem Forces.

ADVANCE IN PERSIA

Ally's Troops Capture Two Villages on Road to Hamadan.

Petrograd, Oct. 31, via London.—Russian troops operating in the district of Gumushanah, in Turkish Armenia, 45 miles southwest of Trebizond, have dispersed Turkish forces along the Koroum Darasi River by a sharp attack, and repulsed a Turkish advance nearby in the same region.

In Persia, in the Hamadan sector, the Russians have captured additional villages. The official statement reads: "On the right bank of the Koroum Darasi River northwest of Gumushanah detachments of one of our regiments launched an energetic attack on the Turks, who had troubled us in this region, and dispersed them. An attack made by strong enemy reconnoitering parties on our advance guards northwest of Gumushanah and south of Kigi, was repelled.

"On the morning of Oct. 28, battles commenced near Bidjar. "In the direction of Hamadan our troops captured the villages of Kurdiman and Moram."

RUSSIANS GAIN FOE REACHES IN BIG ACTION

Fight Successful Battle West of Lutsk—Beat Off Attacks.

ENEMY MAKES ONSET

Turk Offensive in Brzezany Region Fails to Make Progress.

Special Cable to The Toronto World.

London, Oct. 31.—In the midst of a heavy snowstorm the Russians renewed the battle west of Lutsk by capturing the first line trenches of the foe on a wide front, and by holding their gains against attacks, Petrograd announced today. The official statement issued by Russian general headquarters, says that the advance was made in the region of Pastynoy and Oshchest, south of Sniuzhny. The Russians consolidated their positions after they had taken the foremost trenches of the enemy. They are confronted in this region by Austrians and Turks.

As a counter-move to this successful Russian action, the Teutons launched an offensive south of Brzezany, in the region of Michuchuk and Lipstadolna, and launched a series of successive attacks against the Russian positions. All these onsets were repelled by the Russian fire. Reinforcements were hurried up by the Russians to strengthen their lines and these repelled another attack. In making their successful stand in this region they took a number of prisoners.

Hand grenade fighting broke out north of Sviatinski village in the same region and lasted for the entire night, but it slackened this morning.

An artillery action has opened up the wooded Carpathian and the Russian scouts are making reconnoissances.

The Germans admit that the Russians attacked them in the region west of Lutsk, but they affirm that they have beaten off all attacks. They claim that the Turks took some advanced Russian positions on the bank of the Narayuka River in bayonet fighting and that further north German troops captured important positions on the heights west of Polv-Kanoleene and that they repulsed Russian counter-attacks. The Austrians say that the Turks took 170 prisoners.

THE PRICE OF BREAD. NINE CENTS NOW FOR SMALL LOAF

Bakers Again Raise Price of Bread, Starting This Morning.

LARGE LOAF EIGHTEEN

"And the Worst is Yet to Come," Say the Bread Men.

General increase of one and two cents in the cost of bread to nine cents for a small loaf and eighteen cents for a large one, will be effective today, according to the announcement of Toronto bakers, last night. The advance has been anticipated for some days, and a recent statement by bakers declared that the raise was inevitable.

Practically all bakers will charge the additional price for loaves of bread. They assume as the cause of the increase, the steadily advancing price of wheat and flour.

They declare that a national shortage of wheat, labor trouble and the periodical rise in employees' wages all contribute to force the price of bread up cent by cent. Notwithstanding the additional cost, bakers are of the belief that the price of bread will still go higher if relief in some way is not offered.

"That his concern found it difficult to keep a balance in view of the wheat and flour situation was the statement of Mark Bredin, manager of the Canada Bread Company. "Excellent weather labor questions confronting the bakers, wages of employees have advanced 30 per cent, and all of these contribute to make the position of a baker an unenviable one. As long as the war goes on, I'm afraid the situation will not improve."

Germans to Be Removed From Peerage in Britain

London, Oct. 31.—Premier Asquith told the house of commons today, in reply to a question from Arthur Lynch, that the government would introduce a bill providing for the removal from the peerage of those members of the house of lords, for instance German princes, who are now in arms against the allies.

WILL NOT ENFORCE CALL AT KIRKWALL

Nieuw Amsterdam First Steamer to Be Benefited by Change.

Rotterdam, Oct. 31, via London.—The Holland-American Liner Nieuw Amsterdam, which sailed for New York early today, is the first steamer from this port to make the trip without a compulsory call at Kirkwall, Scotland. The change in course, however, does not materially shorten the voyage as the new course is northward to the Shetland Islands, around the Hebrides and then to Falmouth, England. The reason given for the change is that the rocky coast north of Scotland is most dangerous in the winter season and that the British authorities will be satisfied with one inspection of the liner's cargo and passengers at Falmouth. After this Kirkwall will also be omitted on the homeward voyages from America.

SIX SMALL CRAFT SUNK BY GERMANS

Balfour Throws More Light on Recent Raid in the Channel.

FOE DESTROYERS HIT

Two German Craft Believed to Have Been Sunk by Mines.

London, Oct. 31.—The loss of six drift-net boats in addition to the sinking of the Queen and the torpedo boats First and Nubian in the recent raid by German submarines in the English channel was admitted by A. J. Balfour, first lord of the admiralty, in the house of commons today. In answering a number of questions concerning the raid on the channel, Balfour said that the first lord said that while the raiders had all the advantages that raiders possess in choosing the moment for the attack, in this case it certainly failed.

The German cargo steamer to be attacked, Mr. Balfour said, was the empty passenger vessel, Queen, and she would have been saved, he added, had the captain realized that she would float six hours after the heavy losses were blown up, and probably sunk.

The torpedo boat destroyer, First, he said, was surprised in the darkness by German destroyers, which fired on her at close range and sank her. The destroyer Nubian was torpedoed while attacking the German squadron, could have been brought to harbor, the first lord asserted, but for the gale. He believed that the German destroyers were sunk or damaged by the German squadron.

The above is the first intimation from British sources that any ships except the Queen, First and Nubian were damaged in the German torpedo boat raid during the night of October 29-30.

The German official statement on the raid declared that at least 11 outposts were destroyed or torpedo boats were sunk or damaged by the German squadron. The statement added that the German ships had returned safely to their base without any loss.

SIX MORE STEAMERS PREY OF SUBMARINES

More Norwegian Vessels Among Victims—Crew of Tug Landed.

London, Oct. 31.—The Norwegian steamers Falkerfell and Tordal have been sunk, says an announcement made by Lloyd's, which also reports the sinking of three Norwegian and British ships. Twenty-seven Norwegians and 29 Italians have been landed at various ports. No further details are contained in the despatch.

The Dutch steamer Ryndam has brought to Falmouth the captain and 12 of the crew of the American tug Vigilant, who were rescued at sea.

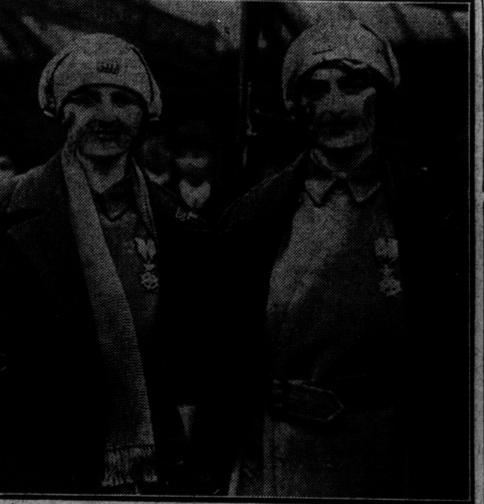

A previous wireless message, reporting the rescue of these men, said that three men had remained aboard the tug, which proceeded on her voyage.

FLORENCE NIGHTINGALES OF WAR

HEROINES OF THE FIRING LINE

Baroness de T'Serclaes (left) and Miss Mairi Chisholm, two English ladies, who have been awarded the decoration of Chevalier de L'Ordre de Leopold II, by King Albert for their devotion to wounded and sick soldiers on the firing line. Both have been ministering to the Belgian army for over two years. They have been conversant with all the terror and anguish of war, and lived on the firing line and slept in trenches and dugouts. One of their experiences was being mixed up in a bayonet charge with the Teutons. The Baroness de T'Serclaes is the wife of the Baron de T'Serclaes, a member of the Belgian Army Flying Corps, whom she married in January last. She was formerly well known as Miss Knocker. Miss Chisholm, who is still in her teens, is a granddaughter of the late Colonel Fraser, of Nairn.

U-53 IN GERMAN PORT

BERLIN'S ANNOUNCEMENT

Famous Raider Which Sank Five Steamers Off Nantucket Shoals Had Been Reported Sunk or Captured.

Berlin, via London, Wednesday, Nov. 1.—The German submarine U-53 has returned safely to a German port, according to the official announcement.

The U-53 sprang into prominence when it arrived at Newport, N.I., on Saturday, Oct. 7. It slipped away quietly three hours later, and the following day sank the British steamers Strathdene, West Point and Stephano, the Dutch freighter Bloemerdiik and the Norwegian freighter Christopher Knudsen, all off Nantucket shoals. The U-53 then disappeared and various reports that it had been sunk or captured have been circulated.

ALLIES PRESS FOE IN BALKAN FIGHTS

Bitter Engagement Continues on Road to Monastir in Macedonia.

FRENCH WIN CONVENT

Bulgarians Admit Advance by Serbians—British Shell Villages.

Special Cable to The Toronto World. London, Oct. 31.—Serbians and French soldiers are still bitterly engaged with the Bulgarians and Germans in a desperate battle on which depends the fate of Monastir in Macedonia. The fighting has been continuous for several days and the rival armies keep attacking and counter-attacking each other with tremendous energy. The Serbians have managed to improve their positions, but they have not yet managed to pierce the lines of the Bulgarians, so as to force them to retreat.

The French have scored over the enemy by the occupation of a vantage point in the shape of a convent in the region of Lake Presba. The Italians have also started an artillery action on the left wing.

The British have engaged in a sharp local action on the Struma front. The Serbians have made an advance southwest of Lake Malik, near Lake Presba. They are engaged by the Bulgarians in this region, and according to Sofia they had to yield ground. The Bulgarians also drove at the Serbians as they advanced to the attack near the bend of the Cerna River, and they were severely punished by the artillery of the allies for their temerity.

Patrol engagements continue to be fought on both banks of the Vardar, where the French are exerting strong pressure against the enemy.

The Bulgarians report the shelling of localities on the Struma River, where the British are engaged.

ALLIES PROPEL TEUTONS OVER NORTH BORDER

Russians and Rumanians Complete Victory in Vulcan Pass Region.

FOE LOSES MOUNTAIN

Germans Admit Impasse South of Transylvanian Frontier.

London, Oct. 31.—Further advances have been won by the Rumanians in their counter-offensive against the Teutons under Von Falkenhayn in the Jiu Valley, in the region of the Vulcan Pass, according to today's official communication from Bucharest. In this district they are continuing their vigorous pursuit of the enemy, and Petrograd announces that they have taken 300 additional prisoners and four machine guns.

The Rumanian counter-attack in the Jiu Valley is taken here as definitely ending another phase of the German operations under Von Falkenhayn. He sent a considerable force to the Vulcan Pass for the purpose of penetrating into Rumania, wheeling northwards, and enveloping the Rumanian forces that are holding up the German forces in a three weeks' battle north of Kimpolung. The timely despatch of reinforcements, part Russian and part Rumanian, to the region of the Jiu Valley, not only stopped the German advance, but they enabled the allies to take the offensive and to defeat the invaders. These have now retired beyond the frontier, pursued by the allies.

At Bratislava, on the northwestern front, the Rumanians surprised the German troops holding Mount Ronca, and they captured this peak, taking some prisoners, a machine gun and a searchlight. Heavy losses were inflicted on the Germans in the fighting in this area. In a single trench the Rumanians found two officers and forty men dead.

In the fighting on the road to Kimpolung the Rumanians repulsed several attacks of the enemy. Fierce fighting continues in this region, but in the past week while the Teutons have been unable to advance anywhere they have had their left wing driven back by the allies.

Another heavy action is proceeding in the region east of the Alt River.

ROUMANIANS STOP FOE RECOVER VULCAN PASS

Allies Smash Forward in Two Important Sectors—Make Surprising Recovery Since Early October.

By ARTHUR S. DRAPER. Special Cable to The Toronto World. London, Oct. 31.—The military situation on both the Rumanian fronts, on the Transylvanian frontier and in the Dobruja, continues to grow more favorable to the allies. Von Mackensen's troops have been stopped in their tracks, while Von Falkenhayn's grip on the gateways of northern Rumania is steadily being loosened.

In the face of violent snowstorms and impenetrable fogs, King Ferdinand's troops smashed forward today in two important sectors. The most notable success was obtained in the Jiu Valley, where the Teutons have been steadily on the retreat for nearly a week. In a brilliant assault the Rumanians finally succeeded in driving the enemy driving them back across the frontier into Transylvania. Hundreds of prisoners were taken in this operation, and even more important to the ill-equipped soldiers of Ferdinand, guns of all calibers.

"The Day—And After"

War Speeches by the Rt. Hon. W. M. Hughes, with an Introduction by the Rt. Hon. D. Lloyd George—one of the notable new books reviewed by our special critic, Miss Marjory Mac-Murchy.

MR. W. M. HUGHES is truly a prophet come out of Australia sent to the Empire. There are few books that Canadians need to read to-day as they need to read this book. The volume has evidently been quickly put together and it is so printed that it can be sold at a low price. It is a book for every man; the statesman, workingman, unionist, soldier, men of action, men of thought, are specially concerned with this book. Such a call to action has not been paralleled in our day. The hammer strokes of his sentences are remarkable. "Labour owes nothing to laissez faire. Laissez faire has done nothing for it." One would venture to say that the speech delivered before The Pilgrims, March 17, 1916, may prove to be one of the great speeches of history; it is at least great to this generation. No one who reads this book can doubt that Mr. W. M. Hughes is a man of remarkable character, an extraordinary force, and greatly sincere. Read "The Day—And After," now, before it is too late. (Price, 50 cents). —Main Floor, Albert St.

Have You a Flashlight?

The Latest Vogue of the White Hat

It's an immense favorite in New York—in velvet, panne or hatter's plush

DAME FASHION is tremendously keen about this white hat she has lately launched. And a delightfully feminine bit of headwear it assuredly is. It may be large, small or medium and fashioned in whatever design your particular mold of features demands. It is a mode not only for the picturesque young miss, but for the matron of maturer years.

The millinery department has a fascinating showing of smart models in white velvet, white panne, and white hatter's plush—small, close-fitting turbans, tam-o'shanter, sailors, wide drooping-brimmed picture hats, and mushroom and "cloche" effects.

The majority of them show edgings, bandings or balls of fur, beaver, moleskin, and skunk being the favorite peltries. Others boast some gilt or silvered ornament by way of decoration, absolute simplicity being the invariable rule.

Original New York models, reproductions from imported designs, and original creations by our own milliners—there is a wide choice at prices ranging from \$9.75 to \$27.50.

Round muffs in Hudson seal (seal rat) can be had at \$15.00, \$18.50, \$20.00, \$22.50, or \$25.00; and pillow styles at \$14.50, \$20.00, and \$25.00, the quality and general charm of make-up increasing, of course, with the price. As for neck-pieces in the same fashionable peltry, short ties are available as low as \$3.75, and medium length scarfs at \$15.00 to \$50.00. A long shawl stole could be made to your order from \$37.50 to \$50.00.

"A School Girl"—Consider your wish supplied! Color, price and style are exactly to your liking. In brown or green beaver cloth is an attractive coat with a straight back and belt at sides and front. It has a deep shawl collar, and a satin lining to the waist. And in dark brown chinchilla cloth is another model with all-round belt, and deep convertible collar faced with black. They are priced alike at \$15.00.

Mrs. W. B.—There is a beautifully warm, soft tone of buff which you can get in "Muresco," that excellent preparation for tinting plaster walls. It would be a charming background for your living-room, and one which would adapt itself to almost any chintz you would care to use for curtains and coverings. The price of it is 40 cents for five-pound packages, and 35 cents for the same quantity in the white you would require for the ceiling. If you will let me know something about your rugs and furniture I shall be glad to describe a few harmonizing cretonnes. There is a whole multitude of the most fascinating patterns to be had at the present moment—from 35 cents upward.

A torchon lace about 4 inches wide, which you find the right thing for edging your luncheon cloth, is 35 cents a yard.

And, lastly, as you say, it would be a happy idea to use the same scrim or net for all the windows in the front of the house.

Allie—Well, this is what I should do for that old walnut dresser and "quaint sleigh bed." I should cover the walls with a certain delightful paper which looks like heavy natural linen—the palest tan in shade. It is \$1.00 a roll. On the floor would be put a rose color Scotch wool rug, and at the windows, on the chairs, and over the cushions I should use a particular tan and rose striped chintz, which is the most enchantingly decorative fabric you could fancy. 40 cents a yard is the price, and 38 inches the width. Can you squint your mental eye and visualize the effect? At the same time add, in imagination, a plain rose linen scarf for the gate-leg table, and a rose shaded elderdown for the end of the bed; that is, unless you throw a rose quilt over the latter, fill it up with cushions covered variously in pink, black and tan, and use it as a couch by day. Let me know the upshot of the matter, Allie.

You Who Want a Piano—Do You Know the "Lyra"?

Rich in tonal qualities, pleasing in appearance, reliable in every detail of construction—and available at the moderate sum of \$225.00

DOES NOT ITS VERY NAME appeal to you? And behind the name are a host of practical and artistic merits. For example:

It is rich in all those qualities that make for sweetness, brilliancy and power of tone.

Mechanically it boasts all the up-to-date, improved features that go into the make-up of a reliable piano for general home use.

The case is procurable in walnut and mahogany finish, in Colonial and Louis XV. designs, modified in style to suit the requirements of the simply furnished drawing-room or living-room.

It is a reliable piano, offered at the extraordinarily low figure of \$225.00—the moderation of price being due to the fact that the amount represents only a small margin of profit above the actual cost of the making of piano, none of the usual expense being incurred in its selling, such as agents' fees, warehouse charges and commissions, etc. Moreover, since each piano is shipped direct from maker to customer, only one freight rate is involved.

Furthermore, with every "Lyra" goes our ten-year guarantee.

"The Day—And After"

War Speeches by the Rt. Hon. W. M. Hughes, with an Introduction by the Rt. Hon. D. Lloyd George—one of the notable new books reviewed by our special critic, Miss Marjory Mac-Murchy.

MR. W. M. HUGHES is truly a prophet come out of Australia sent to the Empire. There are few books that Canadians need to read to-day as they need to read this book. The volume has evidently been quickly put together and it is so printed that it can be sold at a low price. It is a book for every man; the statesman, workingman, unionist, soldier, men of action, men of thought, are specially concerned with this book. Such a call to action has not been paralleled in our day. The hammer strokes of his sentences are remarkable. Labour owes nothing to laissez faire. Laissez faire has done nothing for it. One would venture to say that the speech delivered before The Pilgrims, March 17, 1914, may prove to be one of the great speeches of history; it is at least great to this generation. No one who reads this book can doubt that Mr. W. M. Hughes is a man of remarkable character, an extraordinary force, and greatly sincere. Read "The Day—And After," now, before it is too late. (Price, 50 cents).—Main Floor, Albert St.

The Latest Vogue of the White Hat

It's an immense favorite in New York—in velvet, panne or hatter's plush

DAME FASHION is tremendously keen about this white hat she has lately launched. And a delightfully feminine bit of headwear it assuredly is. It may be large, small or medium and fashioned in whatever design your particular mold of features demands. It is a mode not only for the picturesque young miss, but for the matron of maturer years.

The millinery department has a fascinating showing of smart models in white velvet, white panne, and white hatter's plush—small, close-fitting turbans, tam-o'shanters, sailors, wide drooping-brimmed picture hats, and mushroom and "cloche" effects.

FRENCH CATHOLICS WANT MAN AT ROME

Idea is to Have an Accredited Representative at the Vatican.

INFLUENCE ON WANE

Preponderance of English-Speaking Catholics Works Badly for Quebec.

Montreal, Oct. 31.—Senator Landry and others in this province, both lay and clerical, have caressed for some months past the idea of having a representative in Rome informally accredited at the Vatican for the purpose of representing French Catholic interests in the centre of the Catholic world.

The idea has not met with very much headway, but it is being discussed ecclesiastically as being thought of as the right man in the right place.

The reason for this is that, rightly or wrongly, the greater portion of the French-Canadians, including most of the bishops, feel that the influence of the ever-increasing preponderance of the English-speaking Catholics is working very badly for the Province of Quebec.

It is said, however, that the bishops are not so enthusiastic over the plan as the laymen, who appear to have in certain instances in this matter of very considerable importance to the faithful in this country.

The French assert that the all-powerful influence of the Tablet school in London, headed by His Eminence Cardinal Bourne, is invariably used against the aspirations of the French-Canadians in Rome, and that the English cardinal is all-powerful in the Italian capital.

It is stated that the Cardinal Archbishop of Westminster so severely took in Notre Dame Church here during the recent visit that his influence has always through his influence against the aspirations of the French branch of the church in America.

The French-Canadians claim that they simply do not want Rome to be deceived in matters affecting the bilingual issue, for they feel that what has been done during the past quarter of a century.

The feeling of the French-Canadians in the direction of having a representative in Rome has become all the more acute since the arrival of the papal letter, for it cannot be denied that there is an overwhelming opinion among the better classes of the majority in this province that his holiness gives great cause to the Irish all along the left.

Next Saturday the French will tell their people, with great frankness, that French-Canadians have received another rebuff and do not seem to know it.

The statement was made in a first-class club here yesterday that Sir Charles Fitzpatrick might have written the documents for all the committees it brings to the champions of the French tongue in the Province of Ontario.

Leut. Gordon Elliott Wins Military Honors Second Time

Galt, Oct. 31.—In a letter to his parents on Oak street, Leut. Gordon Elliott, signaling officer of the 18th Battalion, modestly states that he has been even in the brigade to be awarded the military cross after the battle of the Somme he was decorated on a previous occasion. He was mentioned for bravery in maintaining the communication lines under fire.

GALT CUSTOMS INCREASED

Galt, Oct. 31.—An increase of over \$11,000 in customs returns at Galt was reported today. The increase is due to large importations of machinery. The figures are: October, 1916, \$46,538.04; October, 1915, \$35,284.04; increase, \$11,254.00.

REAR END COLLISION TIES UP C. P. R. TRAFFIC

Four Cars Reduced to Matchwood. But Nobody Was Injured.

Galt, Oct. 31.—A rear-end collision between two freight cars at the west end of the C.P.R. bridge tied up traffic on the main line for several hours today. East-bound regular freight 902 stopped on the bridge and split in two sections. The second east-bound train came along and ploughed into the standing train, reducing four freight cars and caboose to matchwood. Engineer Joe Broad of Toronto, on the second train, tried to avert the wreck, and in applying the air brakes buckled two of his cars. Slippery rails were given as the cause of the wreck. Engineer Broad and Firewood Ernest of London saved themselves by jumping. The wreckage took fire, and the local fire department was called out. The London wreck train cleared the tracks.

ASKS PROVINCIAL BOARD TO INVESTIGATE MILK SUPPLY

Chatham, Oct. 31.—The provincial board of health will be required to send an expert to Chatham for the purpose of conducting an investigation into the milk situation.

This action was taken at the meeting of the board last night, on a report by A. J. Leuria. For some time past, it is said, the milk has been below standard. The reason for this, it is thought, is that, rightly or wrongly, the greater portion of the French-Canadians, including most of the bishops, feel that the influence of the ever-increasing preponderance of the English-speaking Catholics is working very badly for the Province of Quebec.

SUB CAPTAIN DID NOT PROFFER HELP

American Survivors of Marina Tell of Cold-Blooded Atrocity.

Dublin Oct. 31, via London, Wednesday, Nov. 1.—The British steamer Marina was torpedoed without warning, according to a statement made by American survivors of the vessel who arrived here tonight from Bearhaven.

The survivors declared in a statement to the Associated Press that two torpedoes were fired at the Marina, and the submarine watched the boats containing the survivors for half an hour without offering assistance.

Twenty-eight American survivors of the steamer arrived at the seaman's home here tonight from Bearhaven. In the statement to the Associated Press they said:

"The Marina left a group of thirty-four persons in a rough sea in an open boat. Captain Brown was last seen lowering himself to a raft.

"The Marina was a cargo of which-which from Glasgow to Baltimore was struck by a torpedo without warning on the starboard side off Skellig's Rock at 4:14 o'clock Saturday morning, and sank in a few minutes.

"The survivors of the Marina, who were rescued by the British submarine, were taken to the Island of Valentia on the southwestern coast of Ireland.

CANNOT DISCLOSE COST OF NEW ROSS RIFLES

British War Minister Deals With Queries Relating to Canadians.

Canadian Associated Press Cable. London, Nov. 1.—The war minister, answering a question in the commons to-night, said it was not in the public interest to reveal the cost of equipping the Canadians with the Ross rifle, which was not now in use.

CANNOT FIX PRICES FOR FOOD PRODUCTS

Burrell Says Grave Complications Would Follow Any Such Effort.

Ottawa, Oct. 31.—That any attempt to fix the values of food products by artificial means would result in insuperable complications, the effect of which would be a slowing up of the stream of food supplies being sent across the border to the allied countries, was the statement made tonight at a meeting of the Ontario Women's Institute, headed by convention by Hon. Martin Burrell, minister of agriculture.

CONCRETE ROAD TO GALT

Kitchener, Oct. 31.—M. D. Hallman, county road superintendent, today expressed himself in favor of a main concrete county road extending from the area in the north thru Waterloo and Preston to Galt in the south. He gave as his reason the fact that macadam major traffic cannot stand the increased wear and tear, and that the concrete road, the county and the Cities of Kitchener and Galt will bear the cost.

BANK CLEARINGS INCREASE

Kitchener, Oct. 31.—The local bank clearings for the month ending today total \$2,329,344, an increase of \$300,000 over last month's figures.

DISCUSS COST AT LIBRARY OPENING

High Cost of Living and Patronage System Provide Subjects for Speakers.

HIGH PARK BRANCH

Board Congratulated on New Building at Wright and Roncesvalles Avenues.

Matters which could hardly be said to be of a nature such as the broad question, the patronage system and the proposal to create better conditions for Toronto librarians all cropped up last night at the opening of the handsome, new High Park Library, situated at Wright and Roncesvalles avenues.

The proposal to create better conditions for librarians was first taken up by Rev. Father Minehan, who stated that the men at present only got one day off in seven and one Sunday in five. He cited the fact that eighty-five per cent of the men are married and the prevalence of the cry that whether ancient or modern, he thought it was a matter for congratulation that fifty per cent of the books taken from these libraries were not fiction, and in this regard he referred to a criticism of the library of the British artesian class of people, made some time ago by a London newspaper.

ROMANIAN VS. STRIKE FOR RECOVER VULCAN PASS

By the second success for the Roumanian army, their lines in the distant northern field of battle, in the district of Biaz where a tributary of the Bystria winds thru a frontier mountain range, a small detachment of the Roumanian army took the enemy completely by surprise and swept the entire defenses on Mount Taka.

The speaker became decidedly warm in making plea for an extension of civic representation. He declared that one man of three voted on election days and that the majority of the voters were not registered. He said that the franchise should be extended to all those who should think so little of their franchise, he concluded.

Other speakers were Dr. Loeb, who referred to the work of the board; Hunter T. W. Lee, an ex-chairman of the board; and J. J. Lee, an ex-chairman of the board. The new structure which cost \$300,000 is a decided departure from the prevailing library architecture, being built in the style of a modern house with great stone fireplaces in the reading room and the children's room, the mullioned windows and the books lining the walls.

SIX AMERICANS LOST WITH SHIP

government may have concerning the sinking by submarines of the British steamer Marina.

The request was forwarded, it became known tonight, thru the American embassy at Berlin.

It is understood that the state department took this step without waiting for full reports from British sources and survivors of the ships, because it would be contrary to the law of the sea to attempt a counter-attack. As to the Roumanians, which admittedly sought desperately to escape, there seemed to be but one point to clear up—whether the submarine actually fired upon boats leaving the ship, as alleged by survivors.

TORONTO CUSTOMS RECEIPTS INCREASE

Prohibition in Ontario Has Meant Big Loss to Port—Handle Little Liquor.

Since prohibition has come into effect there has been an increase in customs receipts at Toronto instead of a decrease, it has been estimated that thru prohibition over \$1,000,000 in revenue has been lost to the port of Toronto. Quite a lot of liquor still passes thru customs to private individuals, but not a third of the amount that was previously handled.

October receipts amount to \$2,535,000, which is a decrease of almost \$100,000 compared with last month, but this is owing entirely to the block of traffic on the railways which has been in force for the past month. Now that things are moving faster it is reckoned that yesterday's receipts will bring the total for the month up to those of September.

The 12th was the largest day in the month, \$171,701 being the receipts for that day. The amount for October for the past 12 months is \$30,366,059. The largest official fiscal year, which ends that day, was \$22,855,512, so that all figures would indicate that not only will this year establish a new record, but will set up one that will be difficult to surpass.

STOP IN TORONTO GOING EASTWARD

Battalions on Way to Complete Training, May Stay Over Few Days.

It is expected that the 20th Calgary Battalion will stay over in Toronto on its way to the front and go into quarters at Exhibition camp for a few days. There is a possibility of the battalion remaining in this city for about ten days.

Splendid Farce is Presented At Park Theatre This Week

"The Theatrical Agent," a farce, replete with new songs and music supplied by really funny comedians and a pretty girl, is the feature of the bill at the Park Theatre for the latter half of this week. It deals with the trials and troubles of a theatrical agent, and the title role is occupied by Ralph Nordley. It closes with a Novelty Lady Minstreltete. Some excellent feature films will also be shown.

Labor Men Oppose Military Training in Public Schools

When the District Trades and Labor Council meet at the Labor Temple Thursday night, there likely will be some lively debate on the board of education advocating compulsory military training in the public schools. The council have already placed themselves on record as opposed to compulsory military service of any kind, and will form a strong deputation to protest against any such law.

Women's Press Club is Told of War Experiences

At the tea of the Women's Press Club, held yesterday in the bright new quarters of the club, the members were deeply interested in the story of war experiences told them by a young returned officer. The recital, dealing with the vital things of life and death, was given with a fine spirit of optimism. The speaker, a young returned officer, was Miss Louise Rickard, who was with the Canadian Trench Mortar Battalion in France. Dr. Harvey Robb, at the organ, and Miss Louise Rickard, contralto, complete the bill. Harold Lockwood and May Allison are the stars in the feature "The River of Romance," tomorrow and the rest of the week.

PLAN TRIBUTE TO RETURNED SOLDIERS ALLIES PROPEL FOE ACROSS FRONTIER

Miss Church Calls Upon Women of Toronto to Join in Worthy Object. HEADQUARTERS FOR MEN Contributions to Finance Project Will Be Announced at Mass Meeting.

Miss Church, sister of the mayor of Toronto, whose interest in returned soldiers has been shown in many ways, but particularly in the large meeting she was able to bring together some time since in the interest of the men from the front, has issued the following letter, which speaks for itself: To the Women of Toronto:

In response to a request from the Returned Soldiers' Association a meeting of the women of Toronto was called on the evening of September 27th. It will be remembered that on that occasion, after listening to inspiring addresses, the returned men and women present, (the membership of many, if not all, organizations being represented) by a standing vote pledged hearty co-operation and assistance to the men in their efforts to secure a clubhouse and headquarters.

In order to finance the proposal successfully a tag day suggestion was made, and accordingly a committee of the returned soldiers waited on the police commissioners recently to prefer their request for a street to be constructed between the different peaks, enabling the Roumanians to reinforce quickly threatened points.

Berlin Says Little. In response to the tag day reports that calm prevails on the Transylvanian eastern front (Roumanian northwestern front) it is claimed that the north of Kimpolanj and north of Orsova the Roumanians failed in attacks on the heights held by the Germans.

Belgian Relief Committee Thanks Tag Day Workers. The Belgian Relief Committee, 80 West King Street, yesterday reported that subscription for the week amounted to \$880.50 exclusive of the total to date to \$28,899.37. The committee expresses its appreciation of the enthusiastic co-operation of all who helped to make the tag day such a success.

More Returned Soldiers Reach City This Morning. Nineteen returned soldiers, who reached Canada on the Ansonia, are expected to arrive at the North Toronto Station at 7:30 this morning. The Toronto men in the party are: Pte. Atherton, 182 Clinton; Pte. Athrope, 25 Hillington; 18421, Sergt. Wm. C. Bradshaw, 41 Bellwoods; Pte. Head, 24 Harris; 135928, Pte. B. Kirk, 516 St. Clair; Pte. McCullum, New Toronto; Pte. Mattinson, General, 24 Derby; 409188, Pte. A. Mober, Massey Hall; 171187, Pte. A. Plummer, 918 King; 1918, Lance-Corp. E. C. West, 157 1-2 Blecker; 52285, Pte. L. White, 392 Crawford.

TRAVELERS GIVE \$5000.

An additional subscription for \$5000 was received from the Commercial Travelers' Association of Canada yesterday by the Toronto division of the British Red Cross appeal, for which a campaign was waged recently. This amount is added to the \$750,000 received during the canvass, which will be used for the sick and wounded sailors and soldiers fighting for the empire.

SOCIETY

Conducted by Mrs. Edmund Phillips

The 64th annual meeting of the Protestant Orphan's Home took place yesterday afternoon and was a great success, there being a very large attendance and the children looking 50 per cent better than any other orphan in town, which was amply testified to by Sergeant Wallace, 22nd Battalion, lately returned from the front, who was astounded at the improvement in his son, who has been in the home during his absence. Mrs. Gerhard Heintzman, who has been on the board for 25 years, has never slackened in her interest in the musical development of the children. Their commenced the proceedings with singing "God Save the King," which was followed by patriotic songs, and a group of boys drilled and marched to "Tenting on the Old Camp Ground," carried out in a most finished manner under the direction of that talented woman, the provost of Trinity College, Mrs. J. Kelso, Dr. Franklin Johnston, Mr. C. A. B. Brown, the Rev. Sutherland Mackenzie and several others also took part. Mrs. S. McMurphy, the directress, who has been on the board of the home for nearly forty years and is now retiring, was presented by Mrs. Heintzman with a lovely bouquet of roses. At the close of the meeting the national anthem was again sung by the children under the direction of Mrs. Heintzman and tea was served in the board room and hall, the children being given buns, cakes and ice cream cones in their dining-room in the basement.

Mr. and Mrs. Walter Greene and their children have moved in to town from Lambton, where they have spent the summer, and will be with Mr. and Mrs. Elmes Henderson in Madison avenue for the winter.

Mr. and Mrs. R. B. Lamb, New York, are at the King Edward.

The Queen's Own Chapter, I.O.E., held a most successful Halloween party yesterday in Mrs. Fenison's beautiful house at 123 King Street East, and Retail.

Madame Cutter Howe, of Buffalo, who will sing at the great meeting of the Women's Musical Club this week, will stay with Mrs. Dalton Davis, Crescent road, while she is in town.

Mrs. Joseph Miller, Bincarragh road, gave a girls' tea in honor of her niece, Miss Rhona McKelmin, who is visiting her from the U.S.

At the Red Cross exhibition of French war relics at the Scotiabank, the women of the Riverdale Red Cross will be in charge and will be represented by Mrs. Edward Wilson, Mrs. W. H. Barker and Mrs. Pearson, assisted by ten girls.

Mr. and Mrs. A. Egeer, Waterloo, are in Toronto for a few days.

Miss Dorothy Lamb is the guest of Mrs. George Bunting in Eganville, Ill.

Mr. and Mrs. Duncan McLaren have moved from Warren road to Major Lamb's house in Prince Arthur avenue, in Ottawa.

Mrs. Walter J. Barr of 39 Welmer road is visiting her sister, Mrs. Fulford, in Ottawa.

Miss Cynthia Allen gave a very enjoyable Halloween party for some of her young friends last night.

Dr. W. H. B. Atkins was elected president of the American Red Cross Society at its recent meeting in Philadelphia.

Lady Tupper, wife of Sir Charles Lytton Tupper, has been succeeded as Lady Grace of the order of St. John of Jerusalem.

The marriage took place yesterday afternoon in the presbytery of St. Basil's Church of Margaret, daughter of Mr. Peter Ryan, to Miss Eric Gordon Moffat, 225th Battalion, C.E.F., son of Mr. and Mrs. F. W. Moffat, Edmonton. The Rev. A. H. Barker performed the ceremony, which took place in the presence of the family and a few intimate friends. The bride, who was given away by Bernard Ryan, her brother, wore her traveling gown of dark brown broad cloth, and a corsage bouquet of orchids and lilies of the valley. Miss Edith Mackenzie, the bridemaid, wore a gray and blue taffeta gown, with hat to match, and carried a bouquet of bridesmaid roses and lilies of the valley. Ralph Yeomans was best man. After the ceremony a reception was held at Mr. Peter Ryan's house in Grosvenor street.

A wedding took place at ten o'clock yesterday morning in St. Basil's church, when Ruth Allen, daughter of Mrs. J. D. Burk, was married to Mr. Raymond Brock, son of the late Mr. and Mrs. Brock. The Rev. Father Hayes performed the ceremony, during which Miss Margaret Dennis sang "Ave Maria" and "All Mine, Alone." The bride, who was given away by Col. Goddard, wore a tulle gown of dark brown broad cloth, trimmed with chinchilla, and hat to match. She carried a bouquet of heart roses and lilies of the valley. The two bridesmaids were Miss Dorothy Mackenzie and Miss Victoria Goddard, both wearing tailor-made and carrying bouquets of pink roses. After the ceremony Mrs. Burk held a reception in her house in Jarvis street. Mr. and Mrs. Brock left later on a trip to New York, and on their return will live in the Bradgate.

Mrs. W. H. B. Atkins has returned from New York and Philadelphia.

The engagement has been announced in Kingston, Ont., of Miss Rita Hazeldell Bailey, R.A. daughter of Mr. and Mrs. Ethan Botsford Bailey, to Mr. Sydney Bertram Smith, M.A., of the naval service department, Ottawa, and son of Mr. and Mrs. W. D. Smith, St. John, N.B. The marriage will take place this month.

France Honors Edith Cavell

An Edith Cavell Hospital and Training School for nurses which has been established in Paris was named in her honor. The establishment will be directed by Professor Hartmann, and Madame Elvira Cuda.

Y. M. C. A. STARTS NEW MEMBERSHIP CAMPAIGN. Workers Aim at Bringing in Three Thousand Young Men in Six Days. Hallowe'en saw the 6 day new membership campaign of the Central, West End and Broadview Y. M. C. A. inaugurated. The opening of the campaign was celebrated by the holding of a banquet in each of the three Y. M. C. A.'s, when speakers of the movement outlined the work to obtain 3000 new members. E. J. Hockenbury, who organized last year's campaign, is again acting in that capacity and each of the 300 workers will have a district assigned him.

HARRY RYRIE, chairman of the central organization, presided at the banquet held last night at the College street quarters, and in his address urged everybody to put their shoulders against the campaign wheel and keep it going. John Tory and J. W. Hopkins, secretary, also spoke. A banquet will be held each evening when the reports of each day will be read. A large score board has been erected outside of the building, and the total number of new members registered will be shown.

MAY PLAY SIX-MAN HOCKEY AT THE COAST

Scarcity of Puck Chasers May Cause Switch From Seven-Man Teams.

Vancouver Sun: The Pacific Coast Hockey League, which for the past two years has been playing seven-man hockey, may play the six-man game this season.

The lack of good hockey players in the west coast is the chief reason for the change.

Players likely to retire: Charley Robin, of the Portland Club, is working in the Ford factory at Detroit.

With all these star players off their line-ups it is no wonder that the coast league team managers are seriously considering going back to the six-man game.

The National Hockey Association holds its meeting today in Chicago.

But, if the N.H.A. signs the peace agreement, the P.O.H.A. will have to follow suit.

When the National League meets in December, Baker will introduce a rule prohibiting the sale of a player after Aug. 1, except by the waiver route.

ALLIES ARE REPORTED GOLD TO VENIZELOS

Decision Not to Recognize Government Said to Have Been Reached.

INDIGNATION SHOWN

Displacing of Officials Friendly to Venizelos is Commented Upon.

London, Oct. 31.—Altho no comment has yet been published here regarding the displacement of D. Caciannanos, the Greek minister to Washington, owing to his pro-Venizelos views, much indignation is expressed on the ground that the entente allies allowed the Greek Government to displace numerous other public officials for similar reasons.

The Morning Post publishes reports from Paris and Athens that the entente allies definitely have decided not to recognize the Venizelos movement and demands that the British Parliament insist that this action be reconsidered.

"The allies' refusal to recognize the Venizelos Government, they thereby admit that the soldiers and officers who adhere to that government are rebels and that officials and magistrates who support Venizelos are traitors; that Venizelos himself and his friends have no status; that they are all liable to be cashiered, imprisoned, derailed or shot by the Athens Government, and that is apparently just what is being done—Venizelos supporters in that magistracy and other officials are being arrested, cashiered, punished at wholesale, without even the formalities required by law.

"The allies' refusal to place in the hands of King Constantine the indisputable title to punish patriots who are the allies' best friends.

"Parliament, if it is not altogether lost to the honor of the country, should insist that the Venizelist party shall not be betrayed into the hands of their enemies."

A despatch from Athens dated Sunday said that Demetrios G. Metaxas, formerly Greek minister at London, would be appointed minister to the United States to replace Dr. Caciannanos, who so far as known, had not yet left Greece for his post at Washington.

BRITISH LOSSES IN OCTOBER FALL OFF CASUALTIES SINCE SOMME OFFENSIVE BEGAN EXCEED FOUR HUNDRED THOUSAND.

London, Oct. 31.—Since the beginning of the great Somme offensive the British have lost 415,424 men killed, wounded or missing. The majority of these casualties were sustained on the Somme front. They reached their maximum in August, since which they have been steadily declining, those for October being 47,885, Oct. 2492.

The figures for October, announced today, compare as follows with those of recent months:

Table with columns: Month, Officers, Men, Total. Rows: July, August, Sept., Oct.

Of the October total, 22,859, including 1487 officers and 21,372 men, were killed. Of 76,684 wounded, 2888 were officers and 73,796 were men. Of 8712 missing, 439 were officers and 8273 were men.

Paris, Oct. 31.—A Lisbon despatch, filed yesterday, says: "Portuguese troops in East Africa, after advancing 125 miles, defeated the enemy after a short struggle on October 26 and took Newala. The enemy retreated precipitately. The Portuguese forces captured a large quantity of bombs, dynamite, guns and war material. Their losses were light."

A despatch from Portuguese East Africa says: "It is officially announced that the Portuguese forces lost only two killed in capturing Newala. Losses of the German troops are described as heavy."

SLIGHT BETTING SHIFT IS IN FAVOR OF HUGHES

Republicans Assert Victory in Pivotal State of Ohio is Sure.

G. O. P. IS CARRYING BAG

Democrats Lack Funds for Campaign, Says Henry Morgenthau.

New York, Oct. 31.—In betting on the result of the election odds of 10 to 9 offered by Hughes supporters and 5 to 10 against by Wilson supporters, were reported in the financial district this afternoon. Five thousand dollars was reported wagered at even that Whitman would carry New York by 100,000.

"Ohio is absolutely safe for Hughes, Herrick and Willis," and labor will play an important part in the election, according to a statement from Republican headquarters today, quoting J. C. Morris, for six years Ohio labor commissioner.

"The Democrats cannot prove that 35 per cent. of the Progressive vote in New York State is for Wilson," Republican National Chairman Willcox said today.

A Reunited G. O. P. "If they are making claims about the Progressive vote either in New York or elsewhere, they are blanket statements without real foundation. I am not making extravagant claims, because they are foolish coming from any source at this time. The political situation is such a mixture that a Democratic claim of that character is almost certainly self-stultified."

Chairman Willcox added that Horace Wilkinson, a leading Progressive from Syracuse, visited him today and expressed the belief that the entire northern New York Progressive vote will be sold for Hughes.

NOT REAL PROSPERITY. Wewoka, Okla., Oct. 31.—That the Democrats party's boast of prosperity is fraudulent, was the charge of Allan N. Benson, Socialist candidate for president, in his speech here today.

Benson asserted that the standard of living of the American working people has constantly reduced during this period of "unparalleled prosperity" and in danger of being further reduced. The only solution Wilson's administration could find to meet the rising cost of flour, said Benson, is to advise the people to use potato flour as a substitute.

"Press reports state that some calligrapher nations have been reduced from potato flour bread to a mixture of wood pulp and potato flour," said Benson. "In Europe they are adopting wooden bread, and if we here in America continue to vote for Democratic prosperity we, too, shall be reduced to a wooden bread diet."

"We are poor," said Chairman Henry Morgenthau of the Democratic national committee's finance committee today. "We would rather lose the election than collect and spend money improperly."

Morgenthau spoke in reply to the light from Sioux Falls today that the Democrats continue to have rather less amount of money available for the closing days of the campaign than the Democrats have.

"It is nothing to be either ashamed or proud of," went on Morgenthau. "We have enough money to pay the debts we have contracted, but we have neither the sources nor the desire to shovel in vast sums in illegitimate campaigning."

VOTE ON CONSCRIPTION IS NOT YET DECISIVE Supporters of Proposal in Australia Are Counting on Soldier Vote.

"ANTI" VOTE EXPLAINED Australia, Strongly Democratic, Dislikes Any Suggestion of Coercion.

Melbourne, Australia, via London, Oct. 31.—The position of the conscription referendum is virtually unchanged, but its friends all declare themselves hopeful that the final result will show a majority in their favor. The political situation seems certain to become complicated, but developments in this respect are not expected until Premier Hughes returns shortly from Sydney.

Warrants are being issued for the arrest of single men between the ages of 21 and 31 who failed to report under the compulsory training scheme.

COUNT ON SOLDIERS. New York, Oct. 31.—The heavy vote against conscription recently cast in Australia, says T. E. Martin, trade commissioner for the Government of New South Wales, cannot be taken as conclusively and may be reversed by the votes of Australian soldiers on foreign battlefields, which are now being taken by a government commission.

MARINA'S DEATH LIST IS LESS THAN FEARED

Thirteen of Crew, Including Americans, Unaccounted for, However.

RECEIVED NO WARNING

Survivors Declare Submarine Gave No Time to Reach Boats.

London, Oct. 31, 11.40 a.m.—The number missing from the British steamship Marina, which was torpedoed by a submarine off the Irish coast, has now been reduced to 13, according to a telegram received at the American embassy today from Wesley Frost, American consul at Queenstown. Fifty-two more survivors have been found.

Mr. Frost reports that among the 13 there probably will be American fatalities. Survivors state the vessel was torpedoed without warning in heavy sea and sank within ten minutes.

Mr. Frost is obtaining affidavits from survivors and ascertaining how many Americans are among the Castletown survivors.

Sank Quickly. A private telegram received today from Crookhaven by United States Consul-General Skinner says that among the survivors from the Marina who were landed at Crookhaven are sixteen Americans. One of them is Frank Howard Smith, a veterinary surgeon.

The Marina was first struck amidships. A terrific explosion occurred on the starboard side. The second torpedo struck the bow and the steamship went down almost immediately in two parts. It is reported seven men were killed while attempting to get into boats.

Salvors saw the wake of a torpedo, according to these advices, and until the ship was struck thought it was a fish.

MAY BE DISAVOWAL. Washington, Oct. 31.—If the British ships Marina and Rowanmore were sunk by a German submarine commander or commanders in violation of Germany's pledges regarding submarine warfare, the German Government will disavow the act, offer reparations and punish the commander or commanders, German officials in Washington said today.

German officials pointed out that in the case of the Marina, which was reported to have been attacked first by gunfire without warning, the method of attack was in itself a warning, and they suggested that if the vessel was torpedoed before the crew was able to leave the ship it probably was because she failed to stop.

Secretary of State Lansing said today officials reports regarding the sinking of the Marina are not conclusive. "We have not received any information from the American embassy at London which could be regarded as real evidence," he stated. "All reports received are being forwarded to the president at Long Branch."

The secretary of the Red Cross in London, which is the headquarters of the Red Cross, said today that the sinking of the Marina was a tragedy. "The Red Cross is doing all it can to help the survivors," he said.

TO APPEAR IN COURT

Order Given Compels Attendance of Edward Beck and Charles Roland.

Winnipeg, Oct. 31.—By order of the court of the bench, sitting on banc this morning, Edward Beck and Charles F. Roland of the Winnipeg Telegram are to appear before the court on Dec. 11, or some other date to be arranged, in connection with an article published in the Telegram on Saturday last, and held by counsel for the attorney-general to be contempt of court.

Isaac Pitblado, K.C., appeared before the court and moved "for a rule nisi on behalf of the attorney-general for an order that Edward Beck and Charles F. Roland of the Telegram Printing Company, Ltd., be, or that some one or other of them be, committed."

The article complained of was quoted in the Halifax Herald and dealt with the proceedings against Knox Magee for alleged contempt of court.

"I intend to urge," he said, "that all that is not publishable. These must not be tried by newspapers' matters before the courts." He described contempt of court as not a crime in the ordinary sense, "but an offense against the inherent jurisdiction of the courts."

Chief Justice Mathers said counsel had established his claim for a rule, which would make returnable against the Telegram Printing Company. The respondents were not represented by counsel this morning.

French Cavalry Officer Visits Secours National

Comte de la Greze, cavalry officer of the French army, seriously wounded and disabled over a year ago, visited the Secours National yesterday.

The decision was later taken to the court of appeal at Cascoque Hall and a new trial was granted the defendant. The action was founded on the contents of a letter written by Struppi to W. A. Masters, for whom the plaintiff was acting with power of attorney.

BOY-ED'S SAFE CONDUCT SUBJECT OF CRITICISM

Member Addresses Pointed Query to Lord Cecil in Parliament.

GIVEN AS FAVOR TO U. S.

Britain Feels Boy-Ed's Capacity for Harm is Lessened.

London, Oct. 31.—In the house of commons today Sir Wm. Bellairs asked Lord Robert Cecil, war trade minister, the reasons why the foreign office had granted a safe conduct to Capt. Karl Boy-Ed, formerly German naval attaché at Washington.

At the time his withdrawal was requested by the American Government, Mr. Bellairs also asked whether Lord Robert was aware that Capt. Boy-Ed was "the head of an organization engaged in forgery, murder and arson in the United States."

Lord Robert replied that the safe conduct had been given to Capt. Boy-Ed in deference to the official expression of wish of the United States Government.

The British Government felt that the captain's capacity for injuring the interests of this country was at least not greater in Germany than in the United States.

Regarding Mr. Bellairs's view in regard to Lord Robert's present activities, Lord Robert said: "I have no reason to doubt that all Mr. Bellairs says about Capt. Boy-Ed is true. Some of it is officially known to be true, but I do not think anything would be gained by announcing that no further safe conducts would be granted."

NEWRAY STRIKE VEIN AT DEPTH

Perhaps the best information from the Newray mine since work was started upon the company's property was received in a wire yesterday as follows:

"Schumacher, Oct. 31.—Diamond drill hole No. 4, which cuts the Anchor vein and the new find between the Hanson vein, shows free gold in the ore at a depth of 540 feet. Hanson shaft assay's return from muck samples six feet down, \$8.12. Assay from drill hole No. 4 at a depth of 520 feet averages \$6.46."

The importance of the wire was recognized immediately by the market for Newray stock, which immediately rose from 76 to 80 and closed with 80 bid for five thousand shares.

The rich surface showing on Newray, although spectacular, was not as convincing to mining men as locating up the vein at depth which has now been done by the diamond drill.

The company is now assured of a highly important gold bearing vein at depth which can readily be tapped from the shaft now being sunk 500 feet, and cross-cutting for the vein will probably start immediately as the weather is not favorable to further surface development.

HOLLINGER HAS EARNED MONTHLY DIVIDEND

Brokers' Prediction—New McIntyre Director Appointed.

That the production of the Porcupine Camp in the three months ended Sept. 30 ran close to \$2,500,000 against \$4,277,906 in the previous six months is the prediction made by F. C. Sutherland & Company in their weekly market letter out yesterday.

For the last quarter of the year they estimate that the output will be close to \$3,000,000, indicating an aggregate for 1914 of close to \$10,000,000, against \$7,580,768 in 1913 and \$6,190,794 in 1914.

The letter states that the Hollinger report, which goes out on Friday, will show that the output has been earned for the first time since the consolidation.

Next spring earnings should be double the dividend requirements, which should result in time for the increased distribution forecasted by Managing Director Robbins at the time of consolidation.

They estimate that McIntyre is earning about \$40,000 a month, or an average of \$44,000 in the September quarter, \$41,000 in the June quarter and \$35,000 a year ago. The addition to the mill now under way will provide an increased output of 20 per cent, and earnings should increase at least to that extent.

The company should therefore start 1917 with a production of \$12,000,000 and profits of \$720,000 a month, the latter being the rate of 28 per cent-perannum on the capitalization.

The letter announces that H. D. Symmes of Niagara Falls, Ont., has been elected a director of the McIntyre, succeeding J. R. Muir of New York, whose stock was recently taken over by a syndicate, and who resigned.

It is also stated that the Mining Corporation of Canada paid a bonus of 1-2 per cent, along with the regular dividend, on the 30th of the month, and the shares only lost point on Monday's close.

Elsewhere in the listed issues trading was contracted and scattered. Toronto Rails was again a weak point with sales at 41-1/2 levels. At the close there was no loss of tone which could not be made good by a very slight turn in sentiment.

With the New York market the dealings on the Toronto exchange were irregular yesterday. A certain amount of timidity existed in this market pending the result of the meeting in Washington on the submarine question, and until Wall street shows itself to be freed from the new difficulties domestic securities are liable to be erratic.

Yesterday's market was reasonably placed to speculate with profits, and it was to the market's credit that these sales were taken with such small concessions. Dominion Steel was the main active issue. Fairly large sales of the stock were made, but of ready money was available and the shares only lost point on Monday's close.

The company should therefore start 1917 with a production of \$12,000,000 and profits of \$720,000 a month, the latter being the rate of 28 per cent-perannum on the capitalization.

The letter announces that H. D. Symmes of Niagara Falls, Ont., has been elected a director of the McIntyre, succeeding J. R. Muir of New York, whose stock was recently taken over by a syndicate, and who resigned.

It is also stated that the Mining Corporation of Canada paid a bonus of 1-2 per cent, along with the regular dividend, on the 30th of the month, and the shares only lost point on Monday's close.

Elsewhere in the listed issues trading was contracted and scattered. Toronto Rails was again a weak point with sales at 41-1/2 levels. At the close there was no loss of tone which could not be made good by a very slight turn in sentiment.

With the New York market the dealings on the Toronto exchange were irregular yesterday. A certain amount of timidity existed in this market pending the result of the meeting in Washington on the submarine question, and until Wall street shows itself to be freed from the new difficulties domestic securities are liable to be erratic.

Yesterday's market was reasonably placed to speculate with profits, and it was to the market's credit that these sales were taken with such small concessions. Dominion Steel was the main active issue. Fairly large sales of the stock were made, but of ready money was available and the shares only lost point on Monday's close.

MARKET MOVES IN NARROW GROOVE

Paper and Fertilizer Stocks Experience Activity in New York.

U. S. STEEL HAS GAIN

Quarterly Statement of Corporation Establishes New Earnings Record.

New York, Oct. 31.—For the greater part of the session today's market moved within a narrow and irregular groove, except for further activity and higher prices in the paper and fertilizer issues.

New records were registered by International Paper preferred and American Writing Paper preferred at 107 1/2 and 107 1/2 respectively, while advances in International Agricultural Chemical common and preferred, American Agricultural Chemical common and preferred, American Linseed common and preferred, and other products ranged from 2 to almost 6 points.

U. S. STEEL DECLARES EXTRA DIVIDEND

Quarterly Earnings Double Those of Last Year.

New York, Oct. 31.—The United States Steel Corporation this afternoon declared an extra dividend of one cent on its common stock. The regular quarterly dividend of 1-4 on common and 1-8-4 on preferred was declared.

LESS ACTIVITY AT MONTREAL

Heron & Co. had the following: Montreal, Oct. 31.—There was less activity in local stocks and the continuation of the general market was a rather depressing effect, this stock still holding its position of market leader.

MONEY RATES

Glazebrook & Cronyn, exchange and bond brokers, report exchange rates as follows: Buy. Sell. Counter.

NEW YORK COTTON

J. P. Bickell & Co., 302-7 Standard Bank Building, report cotton exchange fluctuations as follows: Open. High. Low. Close.

WINNIPEG GRAIN MARKET

Winnipeg, Oct. 31.—Wheat closed 1 1/4 lower for October, 1/2 higher for November, 1/2 lower for December and 1/2 lower for May. Oats were 1/2 down for October, 1/2 up for November and 1/2 higher for December.

PRICE OF SILVER

New York, Oct. 31.—Bar silver, 68 1/2; London, Oct. 31.—Bar silver, 68 1/2.
