TRADE CONDITIONS NOT DUE TO DROP IN WHEAT PRICES

Movement of Grain Exceptionally Heavy and Farmers Not Holding Back.

COMPARISON OF PRICES

Winnipeg, Man., Nov. 25.—The Manitoba Free Press will sum up the wheat price situation tomorrow as follows:
"Business conditions throuout western Canada are stated to be somewhat quiet, and retail and wholesale merchants associations report collections poor and far below what they should be at this time of the year. The cause of these conditions is attributed to the big drop in the price of wheat. The farmers, not being satisfied to accept the price offered because they are much below that received last fall from the Canadian wheat board, are said to be storing and holding their grain in anticipation of securing higher prices and are, therefore, at present, unable to pay accounts or make new purchases.
"The statement with regard to business and collections may be correct, but placing the blame on the decline in wheat prices and to the farmers not selling their grain, is not borne out upon examination of official records, as the farmers have sold many mil-

TRIAL OF DOUGHTY IN FALL SESSIONS APPEARS PROBABLE

Prisoner Will Appear in Police Court Next Week, and It is Likely Charge of Theft Will Be First Preferred, With Charge of Kidnapping to Follow—Doughty and Mitchell Interviewed in Spokane.

Spokane, Wash., Nov. 25.—Detective Mitchell of Toronto, accompanied by John Doughty, will, it is understood, leave here tonight, intending to go to Toronto by way of British Columbia and the western provinces, rather than thru the States to Chicago.
In cases of this kind it is advisable for Canadian officers of the law to strike for the Canadian border as soon as possible. The difficulties of securing extradition of prisoners are often vexatious, particularly if lawyers who make a practice of fighting such cases become interested in the prisoner being taken home, and persuade him to put up a fight. The journey across the States to Chicago is a long one, but if Canada is entered straight north from here, Detective Mitchell and his prisoner will be on Canadian territory in a few hours, and the detective's chief cause for worry will have disappeared.
The first train for Canada leaves Spokane at 7:30 this evening (10:30 Toronto time), and will cross the Canadian border at the Canadian Pacific station in the morning (4:15 Toronto time). At that time, Detective Mitchell and his prisoner will be on their way to Toronto, which will bring them thru the C.P.R., which will bring them to Winnipeg. Under ordinary conditions, they should arrive there on Sunday or Monday.

DEMANDS RIGHTS UNDER MANDATES OF PEACE PACTS

U. S. Wants to Be Heard Before Such Mandates Are Put in Force.

NOTE TO BRITAIN

Washington, Nov. 25.—The government of the United States has informed Great Britain that it does not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaties of peace. Furthermore, it expects to be heard regarding the terms of those mandates before they are put into force.
The position of the United States is set forth in a note by Secretary of State Coby to Earl Curzon, the British secretary of state for foreign affairs, and the specific question discussed is that of the Mesopotamian petroleum fields. Mr. Coby's note is dated November 20, and was made public today following its delivery to the British foreign office early this week. It is in reply to a British note of August 9 last, which has never been made public, and which deals with the application of the principles of equality of treatment to the territories of the near east to be placed under British mandate.
The United States note takes issue with what is described as the British (Continued on Page 5, Column 1).

ENORMOUS CROWDS IN DUBLIN SALUTE OFFICERS' COFFINS

Stood Twenty Deep on Route of One of Most Imposing Corteges Ever Seen in City.—Shops, Public Houses and Hotels Closed for Three Hours—Every Arm of British Forces Represented—Remains Taken on Torpedo Boat.

Dublin, Nov. 25.—Enormous crowds, standing twenty deep, lined both sides of the route and witnessed one of the most impressive military corteges Dublin ever had seen, when the coffins of the officers assassinated here last Sunday were taken today by way of the North Quay to the North Wall, where they were placed on board a torpedo boat destroyer bound for England.
The throngs, composed largely of women and girls, showed the utmost respect for the dead, and as far as is known, no untoward incident detracted from the solemnity of the occasion. The men and boys in the gathering uncovered as the lengthy procession passed, and the silence maintained was so profound that no sound was audible between the intervals of the dirges played by the bands, except the noise of the lumbering gun carriages bearing the coffins, the clatter of the hoofs of the cavalry horses, the tread of the marching soldiers and the droning of airplanes flying in groups of three high above the cortege.
All Shops Closed.
In accordance with the request of the British government, all shops and public houses and even the hotel doors remained closed from 10 o'clock in the morning until 1 o'clock this afternoon. The only exception to the general quiet (Continued on Page 4, Column 5).

All Declare Loyalty To Greek Government

Athens, Nov. 25.—All the Greek officials are reported to have declared their willingness to serve under the new government.
The garrison of Smyrna paraded with branches of olive trees, according to advices received today, which add that order prevails on the whole front, and the army's operations continue.

DUNNVILLE RESENTS RANEY'S DISMISSAL OF DAVID HASTINGS

Call His Action Toward Police Magistrate Stigma on Official and Town.

ALL SIGN A PETITION

Dunnville, Ont., Nov. 25.—(By Canadian Press).—Citizens are worked up over the attorney-general's peremptory dismissal of David Hastings as police magistrate. The following petition has been signed by all the clergy, mayor, members of the town council, business men and other citizens of the town of Dunnville, demanding Mr. Hastings' immediate reinstatement in office, or, in default of reinstatement, that the attorney-general prefer such charges as have been communicated to him, in order to permit Mr. Hastings to vindicate himself, his family and this community, and remove the stigma that has been cast upon him and the community.

SAVAGE ATTACK BY NEW YORK MOB ON BRITISH FLAG

Requiem Mass for MacSwiney Followed by Assault on Club.

SEVERAL WERE INJURED

New York, Nov. 25.—The usual quiet observance of Thanksgiving Day here was violently interrupted shortly after noon today when crowds who had attended a high requiem mass in memory of Terence MacSwiney, former mayor of Cork ripped at the sight of a British flag decorating the facade of the Union Club across Fifth avenue from St. Patrick's Cathedral.
After a fight participated in by hundreds of Irish sympathizers, in the course of which plate glass windows of the club were shattered by missiles hurled by members of the mob, order was restored when a cordon of 200 police established itself around the beleaguered building. The Union Jack which was the cause of the assault, the taken down at the first demand of the crowds and subsequently replaced, was still draped over the sidewalk with the emblems of France and the United States when the fracas ended.
When the clamor of the first rush on the offending banner was at its height, the Right Rev. Michael J. Lavelle, rector of St. Patrick's, clad in his ministerial robes, rushed out of the (Continued on Page 5, Column 2).

ARMED MEN BURN CORK BUILDINGS

Occupants of One House Given Only a Minute to Clear Out.

Dublin, Nov. 25.—Several buildings in Cork were burned last night by a band of armed men. They gave the occupants of one house on the Grand Parade only a minute's notice to clear out before setting it afire with petrol. Another building on Hardwicke street was burned in the same manner. The fire brigade in checking the flames.
A man named Deanehy was kidnapped at Roskeel, County Roscommon, Tuesday evening by armed men. Reprisals are threatened if he is not liberated.
The court-martial which is trying Directors Martin Fitzgerald and Hamilton Edwards and Editor P. J. Hooper of the Freeman's Journal, under the restoration of order in Ireland act, today found the defendants not guilty on four charges: First, making a false statement; second, spreading a report likely to cause disaffection; third, making a statement intended to cause disaffection; third and fourth, making a statement likely to cause disaffection. Judgement will be pronounced on two charges: First, unlawfully spreading a false report, and, second, spreading a report intended to cause disaffection among his majesty's subjects.
Police and Soldiers Shot.
London, Nov. 25.—The Dublin correspondent of the Central News says policemen and soldiers were shot dead in infirmary road last evening during a search for wanted men.
"The number of killed obviously has been deleted from this message," says the London office of the Central News. The Irish officers, however, denied again today that there was a censorship on news from Ireland. "News despatches are untouched and are not delayed by the government," said an announcement.

WOULD CUT HOURS NOT LAY OFF MEN

Various Measures Considered to Relieve Unemployment Situation in Montreal.

DEMAND FOR HOUSING

Montreal, Nov. 25.—At a meeting this afternoon at the Khaki Club here when representatives of public organizations gathered to discuss unemployment problems, resolutions were endorsed asking the government to consider the policy of unemployment insurance, calling on the provincial government to arbitrate licenses for private employment agencies whenever their present term expires, and requesting the provincial government to inaugurate as quickly as possible the housing scheme in order to relieve unemployment now existing. Finally employers were asked to spread their work by reducing working hours rather than dismissing a portion of their staffs.
The meeting was called in the interests of the Great War Veterans' Association and the leading agencies in the city were well represented.
Representatives of the Canadian Pacific and Grand Trunk Railways were present, and stated that there would be some reduction of staffs, but nothing serious.

LIQUOR TRAFFIC CONTROL NOT TO BE TRANSFERRED

London, Nov. 25.—The liquor bill recently introduced, which transfers control of the liquor traffic from the war board to the home secretary, will it is stated, be abandoned.
"The government at this stage is not prepared to face the hostility which the proposal has unexpectedly aroused.

DOWN COME PRICES; MEN'S HATS REDUCED.

Starting today, the Dineen Co. will reduce every hat in the store. This drastic action is brought about by late deliveries. Many of the best lines have only reached us from England. The reductions include the best makers in England and the United States, such as Christy, Heath, Hillgate, Tress, Borsalino and John B. Stetson and many other equally good makers. For prices and particulars see display ad on page 7 of this paper, and call into Dineen's and see the bargains in men's hats that have not been seen for many years.

MUST FIRST BREAK REIGN OF TERROR

Premier Says No Conciliation in Ireland Possible Till That is Done.

London, Nov. 25.—The Irish problem again was brought up in the house of commons today and the question of conciliation between the Irish people was raised. Premier Lloyd George, giving his opinion in the matter, declared:
"I have always been convinced that no policy of conciliation is possible in Ireland until the reign of terror has been broken for the very obvious reason that men in Ireland who would be prepared to enter into negotiations at the present time are in terror of their lives and cannot do so freely."
Answering another question, the premier said the cabinet had come to the deliberate conclusion that it was not desirable at present to enforce martial law in Ireland. He believed it would not help even if it were applied.

HOG PRICES CRUMBLE IN TORONTO MARKET

With the local city packing plants bidding 140 a pound to the Ontario farmers at country points for today's delivery, and 130 to the farmers for Saturday's loading, it looks as tho the hog market is in for a few more ruder bumps before the bottom is reached.
In Buffalo on Wednesday there was no market. Hogs were quoted at 10 1/2 a pound, and in Chicago are said to have touched 9 1/2 a pound.

CREW OF J. RANDALL RESCUED AFTER ALL

Ship Foundered in Lake Ontario—Sailors, After Struggle, Reached Lighthouse.

MEN SWAM HALF A MILE

Kingston, Nov. 25.—(Special).—After being given up as lost, wreck reached here early tonight. Capt. Henry Randall and the crew of the steamer barge John Randall, were safe, altho the little coal carrier was sunk off the Docks, where the vessel endeavored to put in for shelter during a big storm on the afternoon of November 15. The captain of the steamer telephoned from Pictou to his relatives at Seely's Bay, and then word was sent on to Kingston. Capt. Randall and the three members of his crew, John Brady, engineer, of Newborow, and Harry and Gilbert Smith, of Seely's Bay, cousin of Capt. Randall, will arrive here from Pictou tomorrow.
Swam Half a Mile.
The Randall foundered about a half-mile off the Docks at 1:30 o'clock on Wednesday morning, November 17. She encountered a terrible snow storm when off the Docks, and the little craft could not stand the strain and went down. The life jackets were lost when the boat was wrecked, and Capt. Randall and the three members of the crew swam the half-mile to the pier at the Docks.
More Dead Than Alive.
They suffered terribly from exposure and arrived here feeling more dead than alive, but were taken care of by Capt. Frederick Hoggard, the lighthouse keeper, and are now none the worse for their experience. As the weather moderated today Capt. Hoggard took the members of the crew over to South Bay and arranged for a boat to Pictou. The boat is a total wreck but it is believed that the boiler can be salvaged.
The Randall was given up for lost three days ago in marine circles, but Capt. John Randall, father of Capt. Charles Randall, in command of the Str. Buena Vista, never gave up hope.
Was a True Seer.
At the Grand Opera House on Monday night, Marjah, the man of mystery, and mind reader, was asked if the Randall had foundered, and he declared that the crew were safe and that the vessel would be found at the Docks. On Tuesday night he was asked about the vessel again, and he again declared that the crew were safe and the steamer safe.
Today Capt. John Randall started out on the steamer Brockville to make a search for his son and the members of his crew had left the Docks before he got there. There will be a happy reunion here tomorrow between the members of the crew and their relatives.

FIGURES EXAGGERATED, SAYS LLOYD GEORGE

London, Nov. 25.—Lloyd George was asked in the house of commons today if he had seen reports that citizens of the United States had secured contracts from Soviet Russia to the extent of \$500,000,000 for locomotives and all kinds of rolling stock. To the question the premier replied:
"I did see that, but it left on my mind the impression of an exaggeration."
This statement of the prime minister was received with laughter.
Mr. Lloyd George also informed the house that the British government had received no communication either from the French or the United States government concerning the proposed Anglo-Soviet trade agreement.

LIKELY TO REVISE TURKISH TREATY

French Premier Arrives in London for Conference With Lloyd George.

London, Nov. 25.—M. Leygues, the French premier, arrived in London tonight for a three-days' conference with Mr. Lloyd George. Altho M. Leygues was originally called here to discuss the question of the probable return of former King Constantine to the Greek throne, the conversation undoubtedly will extend to the entire near east situation.
It has been suggested that a revision of the unratified Turkish treaty may be taken up, and strength is lent to this report by an invitation which has been extended to Italy to send a representative here. Count Sforzesco, the Italian foreign minister, who will act for Signor Giolitti, the premier, because Giolitti is unable to come, is expected to arrive Sunday in time for at least one conference with the French and British premiers.
It is known that some members of the British government do not view with disfavor Italy's desire to share more of the responsibility in the near east.
M. Venizelos, the former Greek premier, is expected to arrive here next week, ostensibly to give certain advice to the British government.

CRAZY MAN HITS WOMAN WITH AX

Murder First Report, But Stanley Street Affair Not Fatal.

ARMED WITH KNIFE

At eight o'clock last night The World was informed that a murder had been committed at the corner of Niagara and Stanley streets. This story was not confirmed by the police of Station No. 3. At nine o'clock the detective office headquarters persisted in denying the story. At 10 o'clock The World went over to the scene of the alleged murder. Here all Stanley street was in a ferment. At No. 11 Stanley street several men and women interviewed stated that a "crazy" man had struck a woman on the back of the head with an ax. The World went inside and found five men holding down another man, a foreigner, to prevent him from further outbreak. The police arrived a few minutes later, and were informed that the attack on the woman had lasted 15 minutes before their arrival. This was at 10:20 p.m. The woman, Lashmih Kavalki, was still carrying a baby in her arms sitting down. The reporter looked at the head. It was cleft at the back, and she was quite faint.
The "crazy" man was charged at Station No. 3 with felonious wounding, and when he was searched a murderous looking knife was found on him. He gave his name as Gangan Terato, native of Poland. He had been in Toronto only a week from Atlantic City, and said the woman was his sister, and that she had tried to eject him from the premises.

Yellow and White in a Canadian City

Ex-Police Officer Tells of His Experience in Connection With the Mingling of Yellow and White Races—Acting Chief of Police Disapproves of White Girl Teachers—Polygamy a Chinese Practice.

PEOPLE who are religious and middle-aged often forget the urgent quality of youth and sex and imagine their own standards in younger people whose blood is calling for life and its novelties. It is on this basis that young Canadian womanhood is placed in close association with Chinese as individual teachers in the Sunday schools. Those who deal with things on their practical side know better. Here is how Acting Chief of Police Dickson expresses himself on this yellow and white subject. These statements are condensed from a very recent interview with him.
"I disapprove absolutely of the intermarrying of yellow and white."
"I disapprove of white girl teachers being used to

teach the Chinese in Sunday school—the I am in favor of the attempt to Christianize the Chinese."
"And I also disapprove of any other conditions which lead to the association of Chinese and white girls."
"With regard to Chinese restaurants and the order-in-council effective December 1" (prohibiting white girls working in these places and other Chinese establishments) "it seems to me this order should compel happy readjustment. Chinese now employed in homes and in private capacities can take the place of the girls in the restaurants and the girls can supplant these Chinese in their former positions. Servian, Bulgarian and Greek restaurants are also dangerous to girls employed in them."

\$25,000,000 IN BONDS OF C. N. R. IN NEW YORK

New York, Nov. 25.—Purchase of \$25,000,000 20-year seven-per cent. bonds of the Canadian Northern Railway, guaranteed unconditionally as to principal and interest by the Canadian government, is announced by Wm. A. Read & Co. The bonds will be dated December 1, 1920, maturing December 1, 1940 and, it is understood, will be offered at a slight premium.
Associated with William A. Read & Co. in the public offering, which, it is expected, will be made immediately, will be the National City Co., the Guaranty Co. of New York, Lee Higginson & Co., the Bankers Trust Co. and Blair & Co., Inc., all of New York, and the Continental and Commercial Trust and Savings Bank of Chicago.
The present transaction constitutes the second large piece of Canadian railroad financing conducted in the New York market this fall, an issue of \$25,000,000 Grand Trunk Railway 20-year sevens having been offered early in October and over-subscribed in a few hours.

COMMUNAL HELP

CREW OF J. RANDALL RESCUED AFTER ALL

GROSS IMPERTINENCE, SAYS SIR EDWARD CARSON

London, Nov. 25.—(By Canadian Associated Press.)—Sir Edward Carson has denied that he had received an invitation to appear before the committee of the self-constituted council of one hundred Americans at Washington, who are investigating the Irish situation. He adds that he would regard such an invitation as gross impertinence.

FORESEES REAL CHANGE IN ECONOMIC SITUATION

London, Nov. 25.—The food controller stated today that he saw in the fall in the price of wheat in America and Australia a sign of a real change in the economic situation here.

Railways May Form Alliance For Transcontinental Route

Salt Lake City, Utah, Nov. 25.—The possibility of another transcontinental line with the Chicago, Burlington and Quincy, the Denver and Rio Grande and the Western Pacific, forming an alliance was admitted here today by P. S. Farnis, passenger traffic manager of the Burlington route. Mr. Eustis said the Burlington had already begun three passenger service in co-operation with the Denver and Rio Grande, and that December 1 would see a change in the merchandise routings that would practically mean a continuous route from Chicago to San Francisco.

HEAVY WAGERING ON QUEBEC RACE TRACKS

Montreal, Nov. 25.—(Can. Press.)—According to the figures of Provincial Government Inspector Francis H. Dunn, who represented the government at all provincial race tracks the past season, and supervised the pari-mutuel arrangements, a total amount of \$11,714,733 was wagered by the 246,500 people who paid admission. These figures include the Blue Bonnets, Dorval, Mount Royal and Connaught Park, all millers and the Delormier, Malsouche and King Edward parks, half millers.

Dorval did the largest business, with Connaught Park second and Blue Bonnets third. The admission averaged about \$1.25, so that admission totaled over \$300,000 in the season. The figures have been accepted by the provincial government.

BULGARIA'S ENTRY TO LEAGUE OPPOSED

Serbia, Rumania and Greece Have Formally Filed Their Objections.

Geneva, Nov. 25.—Serbia, Rumania and Greece today formally notified the assembly of the League of Nations that they are opposed to the admission of Bulgaria into the league. Austria is the only former enemy state which is likely to be admitted to the league without serious opposition. The majority of the members of the sub-committee dealing with the applications of Austria, Bulgaria, Albania and Liechtenstein, presided over by Lord Robert Cecil, are said to favor the admission of Bulgaria, but the Rumanians and Jugoslavs have declared they will fight against it, asserting that the entrance of Bulgaria into the league now would create a grave complication. This has been interpreted by some of the delegates as a menace that they will quit the league if it is admitted.

The Montenegro government is industriously circulating among delegations and press representatives in support of its application for admission to the league, of which neither the council nor the committee on new members have thus far taken notice. Montenegro being considered a part of the Serbian-Croatian-Slovene state.

To Take in New Blood. Organization of the judicial staff of the league passed a critical examination today by a committee of four in the course of which Baron Ganesca Mijovic, of Japan, demanded a more impartial selection of the personnel of the secretariat from among the different nationalities belonging to the league. Sir James Eric Drummond, permanent secretary of the league, explained that the English and French languages predominated. The English and French are the official languages of the league.

It is proposed to apply a weeding out process every five years, taking in new blood by retaining the most efficient employees to assure continuity in the work. Civil service rules and competitive examinations also will be imposed.

Geneva, Nov. 25.—The council of the League of Nations today elected President Wilson as its president for the year. The same purpose were sent to the various powers, asking whether he will accept the role of mediator between Mustafa Kemal, the Turkish Nationalist leader, and the Armenians.

Geneva, Nov. 25.—It was announced after a meeting of the steering committee of the assembly this morning that the next meeting of the assembly will be on Tuesday, Nov. 30.

Why Bulgaria is Opposed. The people of Serbia, Greece and Rumania are unanimously opposed to Bulgaria's admission at this time. M. Spalekovich, head of the Serbian delegation, said that Bulgaria has not fulfilled any of the conditions under which the league would accept her admission. He said that the restoration of her property, machinery, cattle, furniture and the like of a just indemnity, second, the payment of the Bulgarians guilty of outrages committed against the women and children of Serbia.

We have not received one cent of indemnity, nor has a single Bulgarian been tried for the crimes committed. We are strong partisans of the drawing from it, even the assembly should decide to admit Bulgaria. Such a very unfortunate however, would seriously prejudice the people against the league.

I believe Bulgaria should be admitted, but only after she has given strong indication that she is willing to carry out the provisions of the treaty and live in peace with her neighbors. Promises without action will not satisfy us.

"We should regard the admission of Bulgaria at this time as an injustice because it would be giving tacit approval to Bulgaria's attitude. Unfortunately the big powers seem to favor Bulgaria's entry, and we may be unable to prevent it."

Miss Annie Fitzhugh to Wed Aches De Seguro, New York

Kingston, Ont., Nov. 25.—(Special.)—A report from New York states that Miss Annie Fitzhugh, formerly of Kingston, opera and concert singer, is to wed Andres Aches De Seguro, a Cuban pianist and bassist, at Havana, Cuba, next spring likely at Havana.

DUNNVILLE RESENTS RANEY'S DISMISSAL

(Continued From Page 1). David Hastings has been peremptorily suspended as police magistrate for the town of Dunnville, an office which he filled with every satisfaction to your petitioners.

"And whereas such suspension is a reflection not only on Mr. Hastings, but upon the police commissioners of the town, its municipal council and all citizens generally, partly wily so because of the high position of Mr. Hastings and his position in this community as one of its leading and foremost citizens;

"And whereas the said David Hastings has occupied the highest office in the gift of his fellow citizens as president of the board of trade, a member of the public library board, and a member of the board of education;

"Demand Reinstatement. "Now, therefore, your petitioners pray that the said David Hastings be immediately reinstated in his office, and in default of such reinstatement that you refer such charges as may have been communicated to you, and permit Mr. Hastings to vindicate himself, his family and this community, and remove the stigma which has been cast upon him."

TEMPERANCE ORDER UPHOLDS SPRACKLIN

Government Morally Bound to Support and Give Him Enough Men.

The grand division of Ontario, Sons of Temperance, concluded a successful two days' convention in Willard Hall. Officers' reports were optimistic and a great forward movement is to be undertaken for 1921. The sick and funeral department report shows this branch of the order to have the strongest financial standing of any friendly society in Ontario. On Wednesday night a banquet was tendered by the South York district division to delegates from outside the city. The speakers were: Dr. A. S. Grant, Rev. Newton Powell, E. L. G. Hohensthal, M.W.P., Prof. McHugh and Wm. Rees.

A special campaign fund is being raised for propagation and juvenile work. It is the intention to engage the services of a special organization. During the campaign it is the intention to distribute 100,000 leaflets and 5,000 posters. The following resolution was passed regarding the enforcement of the prohibition laws: "We desire to place on record our approval and commendation of Rev. J. O. L. Spracklin, license inspector at Windsor. His moral and physical courage has allowed him to undertake a most dangerous and necessary work in the law enforcement of the laws of this province. So long as the province is morally bound to support him with full equipment and the necessary men for the protection of his own life and the proper enforcement of the laws of this province, so long as part of the province is 'wet' and the other 'dry,' the traffic will be carried on with huge profits by a criminal class of desperate characters, and the traffic will not only corrupt the dry provinces, but also bring our country into disrepute with our neighbor to the south on account of the illicit traffic in wine that country."

There is an alarming outbreak of typhoid fever in the St. Lawrence district. Several deaths are being investigated by the authorities, but no evidence has been uncovered to connect the outbreak with the alleged plot by a Sinn Fein to spread typhoid germs.

MONEYLESS PERIOD COMING TO RUSSIA

Finance Commissioners Are Ordered to Prepare Plan to Abolish Money.

Berlin, Nov. 25.—The council of people's commissioners in Russia has directed the Russian finance commissioners to prepare a plan within a month for the abolishment of money, according to a Moscow report to The Red Flag, the communist organ here. The despatch says it is expected that the moneyless period will be decreed effective from January 1, 1921.

According to this information, payments for necessities of life by workmen and families in the second category probably will be first abolished along the lines of the Soviet plan, by which gas, water, electricity and telephone service will be furnished. In conclusion, the article in The Red Flag says:

"After one year of organized efforts of the victorious proletariat this thousands of years old commercial system falls like a house of cards. Should the moneyless scheme succeed in its first and hardest period here its adoption by the whole world could be brought about. When our children are grown they will know money only by memory."

DUNNVILLE RESENTS RANEY'S DISMISSAL

(Continued From Page 1). David Hastings has been peremptorily suspended as police magistrate for the town of Dunnville, an office which he filled with every satisfaction to your petitioners.

"And whereas such suspension is a reflection not only on Mr. Hastings, but upon the police commissioners of the town, its municipal council and all citizens generally, partly wily so because of the high position of Mr. Hastings and his position in this community as one of its leading and foremost citizens;

"And whereas the said David Hastings has occupied the highest office in the gift of his fellow citizens as president of the board of trade, a member of the public library board, and a member of the board of education;

"Demand Reinstatement. "Now, therefore, your petitioners pray that the said David Hastings be immediately reinstated in his office, and in default of such reinstatement that you refer such charges as may have been communicated to you, and permit Mr. Hastings to vindicate himself, his family and this community, and remove the stigma which has been cast upon him."

ASPROLAX NOW HAVING ENORMOUS SALE HERE

Thousands Now Using New Scientific Cold Remedy With Most Astonishing and Gratifying Results.

RESULTS FROM USE ALMOST IMMEDIATE

Druggists Instructed to Refund Money in Every Instance Where Satisfactory Results Are Not Obtained After First Few Doses.

I have realized the great need of a more efficient method of treating Colds, Bronchitis, Croup in children, and kindred disorders. The trouble has been that most people invariably treat the symptoms and not the cause. Most people nowadays when they have a cold simply take Aspirin. Plain Aspirin never did, and never will, cure a cold. It relieves the symptoms momentarily and alleviates only. Others take nauseous doses of Quinine and violent purgatives, which often upset the system to such an extent that the treatment is more than the disorder. Still others use cough remedies and expectorants, which afford only temporary relief.

"My new formula, Asprolox, not only relieves the symptoms, but the cause as well. It is a combination treatment, and acts as an anti-pyretic, which reduces the fever and relieves the feeling of distress and discomfort; an Expectorant which loosens the phlegm, relieves congestion and stops the cough; a laxative which opens the bowels, and an antiseptic which retards germ growth and checks the spread of the infection. Those who have taken Asprolox find it difficult to describe the wonderful feeling of relief and exhilaration they experience. The volatile parts of the solution penetrate deep down into the air passages. The head is unstopped, sneezing, sniffing and coughing usually cease at once, and headache and other distressing symptoms almost invariably disappear with the first few doses. Only one bottle is usually sufficient to break up the most obstinate cold."

This new scientific discovery is rapidly becoming the generation of the drug trade in Canada, and thousands are now using it with the most astonishing and gratifying results.

When the government of Canada opened the doors, which were closed during the war against the liquor traffic, they committed an awful crime against Canada. The conditions brought about are demoralizing, and the law-breakers in the illicit liquor trade have been given the opportunity they desired for making fortunes."

MUST FIRST BREAK REIGN OF TERROR

Premier Says No Conciliation in Ireland Possible Till That is Done.

London, Nov. 25.—The Irish problem again was brought up in the house of commons today and the question of conciliation between the Irish people was raised. Premier Lloyd George, giving his opinion in the matter, declared:

"I have always been convinced that no policy of conciliation is possible in Ireland until the reign of terror has been broken, for the very obvious reason that men in Ireland who would be prepared to enter into negotiations at the present time are in a terror of their lives and cannot do so freely."

Answering another question, the premier said the cabinet had come to the deliberate conclusion that it was not desirable at present to enforce martial law in Ireland. He believed it would not help even if it were applied.

SAY CRERER CONCLUDES POLITICAL TOUR IN WEST

Calgary, Alta., Nov. 25.—From a thoroughly trustworthy source it is learned that the Hon. T. A. Crerar, M.P., will not address any political meetings while in the west, but that immediately upon the conclusion of the annual meeting of the United Grain Growers Limited, on Friday, will return to Winnipeg.

When seen by a representative of the Canadian Press today Mr. Crerar refused to make any statement whatever for publication.

WON AERIAL RACE 3 MILES A MINUTE

Speed in Pulitzer Trophy Contest Constitutes a World Record.

Minneapolis, N.Y., Nov. 25.—Flyin' at a speed of virtually three miles a minute. Lieut. C. C. Mosely, U. S. Army, pilot of a Verville-Peakard plane, won the first Pulitzer trophy aeronautical race here today against a field of 24 starters. He covered the course of slightly over 132 miles in 44 minutes, 29 and 57-100ths seconds, an average speed of approximately 178 miles an hour.

Mosely's average speed was officially announced by the Aero Club of America as 184.4 miles an hour, a new world's record. Re-scaling of the official record, however, showed that the plane was slightly more than 32 miles long, instead of 35, the average speed on the corrected length being cut down 10 miles an hour. Another survey of the course is expected.

Seven machines met with an accident during the day and were unable to finish, the no pilot was seriously hurt. The course was from Minneapolis to Waukegan, thence to Babylon and back to Minneapolis. Owing to a northerly wind, the plan of having the machines start in groups of seven to three and cross the barrier simultaneously, was abandoned. Instead, the machines were sent off one at a time at intervals of a few minutes.

TELLS OF FAMINE IN CHINA AND KOREA

Tourist Says Prompt Aid by America Will Save Millions of Lives.

Victoria, B. C., Nov. 25.—"Between the upper and nether millstones of corrupt politics and mercenary exploitation of big business," said J. H. Engle, of Topeka, Kan., arriving by the steamship Kashima Maru, and who, prior to his departure from the Orient, toured Japan, Korea and China, "the Chinese people present a pitiable spectacle."

"The bargain," he said, "five chief provinces with a population of 53,000,000 are affected by the famine. The devastating flood in the Yellow River district, followed by two cropless years, has exposed the remote sections to imminent and inevitable starvation. Grain is abundant in Manchuria, but transportation facilities are wholly inadequate."

Transportation inadequate. Railway mileage is meagre, automobile roads are lacking, air relief too impracticable and distances are great. Pack tracks, mule carts and wheelbarrows are the only means of transport in these remote sections. Mules and muleteers will consume a maximum load of food long before reaching the outlying sections of the stricken areas. Aid is urgently needed and every cent that can be spared on this prosperous continent should be sent to China for famine relief. Prompt measures will yet save millions of lives."

TRIAL OF DOUGHTY IN FALL SESSIONS

(Continued From Page 1).

that ball may be granted, but not probable. Doughty, in that event, will have to remain in prison until his case is called at the sessions. The prosecution will be conducted solely by the crown, although it is probable that Frank J. Hughes, barrister, representing Mrs. A. J. Small, will advise the crown on certain phases of the case. Not yet having an opportunity to confer with Doughty, his counsel is unable to give any information as to what lines the defence will take. When the case comes to the sessions, it is likely that there will be only one indictment, but with two counts, theft and kidnapping.

Lawyers who have been closely following all the developments in the case of the two mysterious disappearances told "The World" that they are of the opinion that Doughty will make some startling confession, but he may change it after his mind not to tell what he knows. "He will not change it after his mind not to tell what he knows," said one, "but he may change it after his mind not to tell what he knows."

Toronto police headquarters have had no further word from Detective Mitchell, who is now en route here with Doughty. Officials here are confident that Doughty will not attempt to fight extradition, but will stand up to his captor without trouble. "He could be forced to eventually," they say, "so he has decided to save trouble."

Doughty Expects Freedom. According to press despatches, Doughty and Mitchell stopped off at Spokane, Wash., where they were interviewed by sundry newspaper men. Doughty was not handcuffed and the two seemed to be on the best of terms.

Mitchell is quoted as saying that he believes Ambrose Small is still alive. "Now that Jack is going back, I believe the mystery will be cleared up," he said. Doughty is said to have expressed confidence that he will be acquitted of the charges laid against him. He told reporters that he expected to get off free.

Mrs. Small's relatives in Toronto received word from her yesterday to the effect that she had been trained and was expected to arrive home about 9 o'clock this morning. In the meantime public interest is keyed to the highest pitch and developments are eagerly awaited.

Doughty the Mysterious. Montreal, Nov. 25.—How John Doughty, secretary of Ambrose J. Small, was expected to leave Toronto for Montreal on December 1, 1919, and how he made excuses to remain there until the very day the Toronto theatrical millionaire disappeared was referred to today by George F. Driscoll, general manager of Trans-Canada Theatres, Limited, who acquired Mr. Small's interests. "I do not know whether there is any significance in the fact," added Mr. Driscoll, "but when Doughty was supposed to report here on December 1 to take up his new duties, he postponed his departure from Toronto for two days, giving as a reason the statement that Mr. Small would not release certain books and papers necessary in Doughty's work until the deal was actually completed by the paying over of our certified cheque for the million dollars. Whether this was true I do not know, but as the documents were of a routine nature only, and as we were already in possession of the actual properties, there was no object on Mr. Small's part in withholding them. Doughty, instead of arriving on December 1, wired on that day that he had been unable to do so on matters, but that he was leaving the following night. That kept him in Toronto over Tuesday, the day after Mr. Small's disappearance, after receiving and depositing our cheque, and the day too that Doughty is supposed to have visited Small's safety deposit box for the last time."

Doughty came to Montreal the night of December 2. He returned to Toronto December 23 on instructions from Mr. Driscoll, and then disappeared.

HOPES IN LORDS FOR HOME RULE

Motions for Fortnight's Adjournment and for Rejection Defeated.

London, Nov. 25.—The house of lords today carried the second reading of the home rule bill, rejecting the proposal for adjournment. Committee stage commences Wednesday next.

At this afternoon's session was taken up with a discussion of the adjournment proposal, presented by Earl Middleton. The motion, which provided for a fortnight's recess to allow the government time to consider what amendments, financial and otherwise, it would propose, was finally defeated 177 votes to 91, a larger majority than the government expected. This was taken as tending to show that the Irish home rule bill will not be as far ahead, in some quarters, as had been killed by the house of lords.

After Earl Middleton's motion was disposed of, Lord Dunsen's motion for rejection of the bill was defeated 164 to 75, and the bill passed second reading.

In the course of his speech, Earl Middleton complained that "the interests of South and Southwest Ireland are sacrificed to the interests of Ulster, particularly with regard to finance." He urged that Ireland be given fiscal control of everything that did not concern imperial interests, and expressed the belief that the government would be certain of defeat if it tried to force the bill in its present shape on the south and west.

Lord Dunsen and the Marquis of Crewe supported Earl Middleton's motion, which the Marquis declared had the definite purpose of bringing about conversations and possibly an agreement which could not be arrived at in the ordinary discussions in the house.

Earl Curzon, foreign secretary speaking in opposition to Earl Middleton's motion, said that what Ireland was demanding was not fiscal autonomy, but political independence.

HON. A. S. GOODEVE BURIED IN OTTAWA

Funeral of Late Member of Rail. Commission Attended by Prominent Men.

Ottawa, Nov. 25.—The funeral of Hon. Arthur Samuel Goodeve, a member of the Dominion railway commission, a former provincial secretary of British Columbia, and a former member of the Dominion parliament, was held today from his late residence to by the Anglican Episcopalian Church, and thence to Beechwood Cemetery.

The attendance at the funeral was a large and representative one, and included many outstanding figures in Canadian public life, as well as many citizens prominent in the political, industrial, commercial, professional and social life of Ottawa. Hon. Mr. Goodeve's colleagues of the Dominion railway board, headed by Chief Commissioner Hon. Frank Carvell, attended the funeral in a body. Practically all the officials of the railway board, members of the administrative, clerical and stenographic staff of the board were present.

I MADE MISTAKE, SAYS VENIZELOS

Must Not Be Too Severe on Nation Which is Still Mobilized.

Nice, France, Nov. 25.—Eleftherios Venizelos, former premier of Greece, arrived here today from Messina, and was received at the station by the officials of the department, representatives of the mayor and city council and large crowds of the populace. The elderly statesman seemed deeply moved by the warmth of his reception.

"I believed the Greek people were following me, but I have made a mistake," said M. Venizelos to the Associated Press. "But one must not be too severe toward a nation which two years after demobilization is still mobilized."

This was all the former premier would say with regard to the situation in Greece.

"Don't ask me any political questions so as to embarrass me," he said. "As soon as I am free to speak I shall be glad to make declarations." This was generally interpreted as meaning that M. Venizelos will make no public references to Greece for the rest of his stay in France, but he has conferred with the French and British foreign offices.

TRADE CONDITIONS NOT DUE TO WHEAT

(Continued From Page 1).

Lions of bushels of wheat more this fall as compared with the same period last year. The price of wheat has received a higher price per bushel.

"For the purpose of comparison, the period from the commencement of the crop movement up to November 19, must be taken as the period for which no available yet for the grain movement since last Friday.

"The movement of the 1919 wheat crop up to November 19, according to the Western Inspectors, was 59,435,775 bushels.

"The movement of the 1920 wheat crop up to the same date, as shown by the same office, was 79,326,100 bushels, or 19,890,325 bushels more as compared with the same period last year.

"Of this 79,326,100 bushels inspected at this year, there is now stored at the terminal elevators, public and private, at the head of the lakes, 17,195,000 bushels, which it can be predicted will be sold in the near future. The balance, 62,131,100 bushels, has disappeared and has undoubtedly been sold, and the producer has been paid in full. There is about half a million bushels held in bond at Duluth, the majority of which is still owned by the farmers, but this small quantity will help to offset what the producers own of the 17,000,000 bushels in store at the head of the lakes.

"In addition there is, according to official figures, some 27,000,000 bushels now in store in country elevators throughout the west. It is safe to estimate that of this amount 10,000,000 bushels have been sold as street wheat. This gives a grand total of 72,131,100 bushels which the farmers have actually sold up to November 19, and in addition, they have received advances from banks and elevators on their wheat they are now holding in store.

The above figures showed that the movement of wheat has been exceptionally heavy, and that the holding tendency of the farmers has been so small that it could not affect the business situation.

Fluctuation of Prices. The price set by the Canadian Wheat Board for the 1919 wheat crop was \$2.15 for No. 1 northern, basis Fort William. The matter of the participation certificates need not be considered here, as the money realized on these was not paid until this fall, and certainly did not help the farmer to pay his bills or make fresh purchases last year. This year (part of the time) there has been an increase in freight rates, and the farmer must secure say \$2.22 to be on a par with last year's price of \$2.15.

During the last 13 days of August there were 1,470,000 bushels of new wheat inspected, and the average price paid for this wheat was \$2.73 per bushel (in store Fort William).

During September there were 19,924,625 bushels received, and the average price for the month was \$2.73 1-2 per bushel.

In October there were 23,126,900 bushels received and the average price for the month was \$2.82.

From November 1 to 19, there has been inspected 21,274,575 bushels, and the average price for this period has been \$2.14 1-2.

The average price paid for this year's wheat crop up to November 19, on the basis of No. 1 northern at Fort William, has been \$2.48 1-4. The price of wheat did not fall down to the \$2.22 basis until November 5, when it closed at \$2.21 7-8.

The greatest crush was in the vicinity of the O'Connell bridge, where the auxiliary police kept the streets clear by rushing horses along the fringe of the crowd, forcing the people back. Even as far as the side of the Liffey was backed with spectators. Every bridge was black with persons desirous of witnessing the passage of the funeral procession.

The funeral was truly an imposing one. Every arm of the British forces in Ireland was represented, and by a large contingent, there were infantry, cavalry, artillery, armoured cars, Royal Irish Constabulary, auxiliary corps and "Black and Tans." A twin-turreted armoured car brought up the rear.

Each coffin was covered with a Union Jack. Gannons carried the floral tributes. The coffins of the two auxiliary police officers were borne by light lorries of the police department.

Three large bands were in the procession. According to some reports there were distances where numbers of the crowd standing along the side of the Liffey at times failed to uncover as the coffins passed, and that "Black and Tans" circulating among the crowd threw the hats of the men who failed to uncover as the coffins passed, and also to have ordered several shops which failed to close or to put up their shutters, and to have raided a restaurant which had remained open.

was along the funeral march, which was congested long before 10 o'clock with almost countless thousands of persons.

The greatest crush was in the vicinity of the O'Connell bridge, where the auxiliary police kept the streets clear by rushing horses along the fringe of the crowd, forcing the people back. Even as far as the side of the Liffey was backed with spectators. Every bridge was black with persons desirous of witnessing the passage of the funeral procession.

The funeral was truly an imposing one. Every arm of the British forces in Ireland was represented, and by a large contingent, there were infantry, cavalry, artillery, armoured cars, Royal Irish Constabulary, auxiliary corps and "Black and Tans." A twin-turreted armoured car brought up the rear.

Each coffin was covered with a Union Jack. Gannons carried the floral tributes. The coffins of the two auxiliary police officers were borne by light lorries of the police department.

Your Banker Knows

that the success of your business depends largely upon you. He realizes what the loss of your services would mean to your firm. The possibility of your death is ever present in his mind.

Don't you see the effect this knowledge has upon his official attitude towards your house? Don't you realize how it would tend to loosen his purse strings—how it would inspire confidence on the part of all your creditors—if your business was protected financially against the consequences of your death?

Imperial Business Life Assurance policies are designed to provide for this and many other contingencies which arise unexpectedly in commercial enterprises of all kinds.

Our booklet "Personality in Business" explains briefly this special feature of our business. Write for a copy on your business letterhead. You'll find it interesting.

U. F. O. AND LABOR LIBERALS' ALLIES

At Least, Hon. Chas. Murphy Says So in an Address at Milton, Ont.

Milton, Ont., Nov. 25.—(By Canadian Press).—That the three great progressive forces in Canada—the Liberals, Farmers and Labor—are working toward a common aim and against a reactionary government, which has outrun its mandate, and that there had been a working alliance amongst these three groups, was the thought expressed by Hon. Charles Murphy, member for Russell, Ontario, in the Dominion parliament, in addressing the Women's Liberal Club here tonight. During the Liberal regime, Mr. Murphy declared, there had been no farmers' party because there had been no need of such. The farmers' parties in the past, he said, had grown up because there was discontent under Tory administrations. When the people rejected reciprocity by defeating the Liberal government, the Farmers' party began to develop.

The essential features of the Liberal and Farmer tariff platforms were practically identical, Mr. Murphy declared, and since the advent of the Farmers in the house of commons they had voted with the Liberals. The result of an isolated case like the victory of the Farmer candidate in East Elgin did not lessen the need of a working arrangement between the parties opposing the government. The Liberal attitude toward labor had been equally helpful, Mr. Murphy declared, and it therefore afforded ground for co-operation between labor and liberalism in their common fight for a return of democratic government.

Public Morality Lowered.

The board of commerce fiasco had also been a scandal for the government to face. The public had been left at the mercy of profiteers, despite the camouflage employed. Such a lowering of public morality had an effect on private morality, said Mr. Murphy, who referred to the growth of divorce applications, which from 15 in 1912 had increased to 700 per cent. to the present time.

The government luxury tax Mr. Murphy condemned as an ill-considered and poorly handled piece of legislation. Under the tax the wealthy penalized, while the wealthy pedlars and small stores doing only a cash register business, such as Greek fruit stores, were not covered in the tax, and as a result the retail trade was suffering from a law which made the modest alarm clock a luxury but exempted an oil painting.

Mr. Murphy was warmly applauded at the close of his address.

DEMANDS RIGHTS UNDER MANDATE

(Continued From Page 1.)

position that mandate agreements and treaties are to be considered only by states that are members of the League of Nations. It states that the United States as a participant in the war "and a contributor to its successful issue, cannot consider any of the associated powers, the smallest not less than itself, debarred from discussion of its consequences, or from participation in the rights and privileges secured under the mandates provided in the treaties of peace."

Maintains U. S. Rights.

Mr. Colby says in his note that the United States government accepts the statement of the British government that it has refrained from exploiting the petroleum resources of the mandated territories in question, "and welcomes your pledges" that it is far from the intention of Great Britain to "establish any kind of monopoly or preferred position in its own interests."

"I need hardly refer again," Mr. Colby continues, "to the fact that the government of the United States has consistently urged that it is of the utmost importance to the future peace of the world that alien territory transferred as a result of the war with the central powers should be held and administered in such a way as to assure equal treatment to the commerce and to the citizens of all nations. Indeed, it was in reliance upon an understanding to this effect, and expressly in contemplation thereof, that the United States was persuaded that the acquisition under mandate of certain enemy territory by the victorious powers would be consistent with the best interests of the world."

Referring to the statement by the British government that the draft mandates for Mesopotamia and Palestine, which have been prepared, will, when approved by the interested allied powers, be communicated to the council of the League of Nations, the secretary of state says: "The United States is, undoubtedly, one of the powers directly interested in the terms of the mandates, and I therefore request that the draft mandates be communicated to this government for its consideration before their submission to the council of the league."

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noise in your ears, are getting hard of hearing and fear Catarrh of the Ear, go to your drugist and get 1 ounce of Parmit (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrh of the Ear, or whose ears are hard of hearing or has head noises should give this preparation a trial.

SMITH'S FALLS TRAINMAN IS KILLED IN BELLEVILLE

Belleville, Ont., Nov. 25.—(Special.)—Wesley Leach Campbell, of Smith's Falls, was last night the victim of an accident on the C.P.R. in this city, which proved fatal. He was acting as a trainman and was assisting in making up a way freight when he slipped and some cars passed over him, severing his left arm and leg. He expired shortly after the accident. He was 50 years of age and had been 18 years in the employ of the C.P.R. He was a member of the A. F. and A. M. and the Brotherhood of Trainmen and in religion a Methodist. A wife and family survive. An inquest was opened here this afternoon.

PLANES TO LINK TORONTO-NEW YORK

Very Fast Aerial Passenger Service Coming—Flying-Boat Style.

Montreal, Nov. 24.—The Canada Steamship Lines, Ltd., which is the chief Canadian operator of steamships on the Great Lakes, plans next summer to start an aerial passenger service between Montreal, Toronto and New York.

This announcement was made today by J. W. Norcross, head of the concern, who has just returned from England after having placed contracts for two large British seaplanes, to be delivered next spring.

Unbounded Possibilities.

"The new service will be largely in the way of an experiment," said Mr. Norcross, "but I am convinced that aerial transportation is the one of the future, and possessed of unbounded possibilities in a commercial way."

To assure the maximum of safety, he said, water courses would be followed all the way. The planes, which will carry twelve passengers, in addition to two pilots, are credited with a speed of 127 miles an hour.

GREEK ARMY IN SMYRNA LOYAL TO CONSTANTINE

Lucerne, Nov. 25.—General Papoulas, commander of the Greek army in Smyrna, has sent a telegram to former King Constantine saying the Greek troops are awaiting Constantine's leadership for fresh victories. Constantine replied today, expressing his gratitude for the loyalty of the troops and saying he expects Greek military traditions to be carried out for the benefit and glory of Greece.

Members of Constantine's suite returned today that Constantine's return to Greece would involve no change in that country's foreign policy.

LIKELY REPORT TODAY ON WINNIPEG RENTALS

Winnipeg, Nov. 25.—Unemployment, apprenticeship for industry and means to cope with the housing shortage in Winnipeg, will be investigated by the joint council of industry, Dr. C. W. Gordon, chairman, announced today.

"The shortage of houses in this city is alarming, the council found, when dealing with the question of whether rental charges were excessive," Dr. Gordon said, "practical plans to meet the situation must be advanced immediately."

As unemployment seems inevitable during the coming winter, the council will discuss means of avoiding this.

The report of the council on the rental situation in Winnipeg will be released tomorrow, it is expected.

church and pleaded in vain with the leaders to quell the disturbance.

After mounted and motorcycle police had dispersed the assaulting forces a survey of the field of battle revealed casualties including a dozen or more slightly injured, who had been struck by flying bricks. All windows on the lower floor of the club had been smashed.

Before the beginning of the MacSwiney mass, the attendance at which taxed the utmost capacity of the great cathedral, a delegation of Irish requested that the British flag be removed. The club superintendent complied, but later, on instructions from club officials, the flag was replaced.

Second Attack on Club.

When the service was over the flag again caught the attention of belligerent members of the congregation, who were angered at the reappearance of the emblem. Stones and bricks were thrown from a nearby building under construction, and the attack began.

A riot call at first brought only 50 police, all on foot. These fought desperately, using their night sticks freely, but were powerless against the heavy odds. Only after the arrival of reinforcements of three times the original number did the officers succeed in driving back the attackers, who had been prevented from entering the building itself by determined club members and employees who manned the doors. Several women effected an entrance at one time, but were driven from the building before any damage was done.

Four arrests on charge of malicious mischief were made.

The MacSwiney memorial service was attended by many prominent Irish here, including Eamonn De Valera, "father of the Irish republic," who occupied a place in the front pew.

Monaghan Lavelle paid a tribute to the former mayor of Cork, who died after a hunger strike in Brixton prison, London, calling him "a man whose high record proclaims him just, whose deeds make him a hero among his fellows, and whose name will live in the memory of the world."

FRIDAY MORNING, NOVEMBER 26.

How Are They Going to Succeed and Where to?

Francis Henry H. Keefe, M.P., and his associates should tell us how New Ontario is going to succeed and where it is going to succeed to.

We think Canada has the right of self-determination, but we question the right of any province to step out of the confederation, and much more do we question the right of any district, county, town or village to step out of the province in which it is located.

But if a province be thus helpless what can be said of a part of a province? A province has at least some entity, some power to articulate, for it speaks thru a legislature and is presided over by a representative of the King.

Thirteen years ago the dissatisfied in New Ontario wanted to have Sir Rodman Robinson annex them to Manitoba, but Sir Rodman begged off.

Trying to Find a Half-way House. The Winnipeg Free Press, which, like The Toronto Globe, opposes the return of Premier Meighen to power, but stands with reluctant feet, between the contending claims of Mr. Crerar and Mr. King, endeavors, we think vainly, to pick a flaw in the argument on the tariff question which the present prime minister has made in every part of Canada.

tries. If you have the first object in view you are a protectionist. If not, you must want to make Canada a free trade country like England.

England is called a free trade country, not because she levies no tariff duties, but because she levies them solely with an eye to revenue and with no design to protect home industries.

The people in Canada who believe that our tariff should be modeled upon that of Great Britain do not represent one per cent. of the voting population of the country.

Now it will be admitted that many industries in Canada could not withstand unregulated competition from similar concerns in the United States.

It is by no means a new problem. Every province in Canada except Ontario has threatened at one time or another to secede. Ontario, like an indulgent mother with a lot of unruly boys, has listened without number to threats of leaving home.

We are not saying for a moment that abuses may not exist in the present customs tariff act, or that certain industries may not be receiving more protection than they actually need.

That Oregon City copper found a small fortune in dough-ty.

Somewhere near Brockville two men were mistaken for a fox and shot. For goodness sake, what kind of foxes do they have down there?

It must have pained Dr. Noble to learn that Chicago, Pittsburg and other big United States cities were as big as Toronto with their school departments.

Why wait until next Wednesday to lay before the board of control the details of the Mackenzie deal? If a decision must be reached before Dec. 5, as the mayor says, he can't spring his information any too soon.

Editor World: Permit me to express my appreciation of your valuable paper, first for its compactness, all the news at a glance; second, the breezy tone in which it is written; third, the price of five cents for the Sunday edition while another has boasted it to ten, which alone is wholly commendable in this age of profiteering; and last, but not least, Billie Gray's articles on "Yellow and White." You have undertaken the arduous and delicate task of the year instead of the support of all the churches and deserve their commendation, which you will undoubtedly receive.

COUNTY AND SUBURBAN HIGH SCHOOL PUPILS LACK SKATING RINK OVERCROWDING AT COLLEGIATE SCHOOL

Ratepayers' Association Will Take Matter Up With Education Board. NORTH TORONTO. The pupils of the North Toronto High School are expressing keen disappointment owing to the lack of a skating rink this winter. It appears that the matter was discussed some time ago and Dr. Quirk, the physical instructor, expressed himself as being in favor of a rink being established here, but Principal G. H. Reed was opposed to it as he maintained it would interfere with the night school. This will mean that North Toronto will be the only high school in Toronto without a rink, and the North Toronto Ratepayers' Association is taking hold of the matter and will communicate with Dr. Noble, chairman of the board of education, to see what can be done.

The terrible conditions existing at Farnham avenue, at the terminus of the Metropolitan line, these days is calling forth a deal of comment amongst those unfortunate who have to use this line. No attempt has been made by the city to clear away the thick coating of mud at this point and in consequence it lays thick nearly to the boot tops. The sidewalk is in the same condition and it is absolutely impossible to cross the road at this junction. If the city would only get a couple of men here a great improvement could be effected, and the weary citizens are of the opinion that this would not be asking too much.

Last night the newly-formed Men's Club, in connection with St. Leonard's Church, Bedford Park, held a social evening presided over by H. C. Savage, the president. Ducre and music was indulged in, the following artists contributing to the musical program: Morris Rapkin, Mr. Payne, H. C. Savage and Mr. White. A short business session was held when the question of obtaining a hall for the use of the club was discussed, but no conclusion was arrived at.

Northview Lodge, No. 402, I.O.O.F., held a big night last evening in the Orange Hall, presided over by Len. Hoyle, N.G. Members from Newmarket, Aurora, Richmond Hill and Thornhill were present as the guests of the lodge, and a fraternal visit was paid to Riverdale Lodge who conferred the first degree on ten candidates. During the evening seven new members were initiated to the order. After the regular routine business, the following officers were elected for the ensuing term: G. Newman, N.G.; recording secretary, A. Troyer; financial secretary, E. Brooke; and treasurer, W. J. Thompson. There were over 300 present and during the evening P.G.M. Cox and Parks addressed the meeting on the welfare of the order.

Under the auspices of the mission club of the Epitinton Methodist Church a successful bazaar was held in the schoolroom yesterday afternoon and evening. The affair was in charge of Mrs. MacFarlane, superintendent, and Miss Withrow, president. The room was prettily decorated and there were over a dozen booths, the principal ones being in charge of the following ladies: Home made bread, Gertrude Sims; dolls, Margaret Dow; fancy work, Miss Proctor, assisted by Miss Johnston; clothing, Mrs. Duthrie; candy, Florence Withrow. The room was in charge of Mrs. Freckles. The bazaar was well patronized, and the proceeds, which were in aid of the missionary work, realized about \$200.

C. Mitchell, district commissioner, visited a troop Boy Scouts last evening and after presenting a number of efficiency badges, inspected the troop and congratulated them on their good standing in the district. The following officers were present: Scoutmaster Sim, members from Newmarket, Soriel and assistant scoutmaster R. Purcell, D.C.M. and Croix de Guerre. The troop presented a very smart appearance with its band and colors.

A social evening was spent last night at the rectory of St. Clement's Anglican Church, when Rev. Canon Elder entertained a number of members from the parish. Among those present were Mr. Powell, Major Forsey Page, J. W. Bradshaw, Mr. Dow, A. Lawson and Mr. Darby. The girls' club of the Epitinton Presbyterian Church met last night in the school room, presided over by Miss Margaret Keith, president. An interesting address was given by Mr. H. Keith and musical selections were rendered by Margaret Keith, Miss Olive Fenwick and Miss Marion Keith. A select euchre party was given last night at the home of James Peara, sen., at his home on West Eglinton avenue under the auspices of the Christian Mothers' Association of St. Monica's Church. Twenty-four tables were in use and a pleasant time was spent. St. Clement's tennis club held a rehearsal last night in the parish hall of the play to be presented by them early in December, under the auspices of the Literary Club. The play was entitled "His Modest Wife," and was in charge of Major Harris. The entertainment which was to have been given next Monday at the Masonic Hall by the North Toronto Council, No. 432, C.O.C.F., has been canceled owing to a misunderstanding. The hall has already been disposed of to another society. The entertainment will be held at a date to be fixed later. COOKSVILLE CLAIM FAILS. The action of John M. Barker against George Goring for recovery of \$45, the purchase price of a horse, which, the complainant declared, was found to be suffering from the heaves after having been driven only a short time, has been dismissed by Judge Justice. Mr. Barker intends to appeal.

NEW TORONTO SELECTS TOWN TREASURER

War Veteran Secures Position—Also Has Good University Record.

The appointment of A. F. Ritchie of Toronto to the town treasurer's office has received with quiet approval by the citizens generally, although there are some who consider that one of the local applicants should have had the position. The newly-appointed treasurer is a veteran of the great war, in which he served close on four years with the Varsity unit. He is a second year Arts man of the University of Toronto and after his return from France he acted for some time as assistant postmaster with the department of soldiers' civil re-establishment. It is the confident opinion of Councilors Rowley and Hennessy, who moved and seconded, respectively, the appointment of Mr. Ritchie, that he is possessed of all the gifts to prove a worthy successor to the late treasurer, G. D. Scott.

The storm, which raged on the lake early in the week, did considerable damage along the whole of the Lake Shore drive district. Great quantities of huge stones were thrown up by the waves and a number of small breakwaters were demolished. Work on the building of the Community Hall, which is being erected in honor of the local lads who enlisted in the great war, is making good progress, and the committee in charge hope to be able soon to announce the date of opening. More than usual interest is being evinced this year in the coming elections, one cause being that there are more vacancies to be filled than ever before. There is much conjecture as to who will be elected to fill these positions, but it seems to be pretty generally conceded that Mayor Lovejoy will again be returned to the chief seat.

With the new Dominion Bank, corner of Ninth street and Lake Shore road, now open for business, and the Merchants' Bank almost completed, as are also a number of stores now in course of construction between Sixth and Seventh streets, this section of the highway will shortly be one of the busiest highways of industry on the Lake Shore stretch.

EAST TORONTO PEOPLE COMPLAIN OF SMOKE

Use of Consumers for Fumes Is Recommended by Property Commissioner. The use of smoke-consuming has been recommended to the residents of the property commissioner in connection with the numerous complaints of citizens in the east end, who are protesting against the excessive smoke from the neighborhood factory chimneys. The six-minute limit for firing furnaces ordered in the by-law, it is claimed, is repeatedly violated, to the inconvenience of the residents. Nothing has been done to relieve the disagreeable condition of the roadway to the entrance of Little York Grand Trunk railway yards, and merchants and others are loud in their complaints. During the past two weeks loaded lorries and wagons were stuck to the hubs in mud, and had to negotiate the mud surface with the greatest difficulties, and with the loss of time. The repairs to the roadway have been completed, and the enlarged structure accommodates twenty large locomotives. Upwards of 200 young people were present at St. Barnabas' Church Church, when an interesting inter-church debate took place between St. Barnabas, A. Y. P. A. and St. Aidan's, Y. P. A. The subject was "Resolved: That moving pictures as now conducted are a benefit to civilization." J. Card occupied the chair and Messrs. Edmunds, McCracken and Brice acted as judges. The affirmative was taken by Miss Jones, H. Astor and B. Lindsay, St. Barnabas, and the negative by Miss Taylor, M. Maw and Miss Tew, St. Aidan's. The decision followed by refreshments concluded a very pleasant evening. FAIRBANK RATEPAYERS' SUCCESSFUL CONCERT. A financial report on the recent concert was given last night at an executive meeting of the Fairbank Central Ratepayers' Association, held at the home of the president, Geo. Aulton, Eglinton avenue. The affair proved a complete success and the proceeds will be devoted to the funds of the association. It was decided to hold the annual section of officers for the ensuing year at the next general meeting on Dec. 8. The chair was occupied by W. Robbins.

EARLSCOURT NEWS

Under the auspices of the ladies' aid of Earlscourt Methodist Church, a well-attended social was given last night at the home of Rev. E. C. and Mrs. Hunter, 123 Westmount avenue, who provided an excellent program of music and games, during which a miscellaneous shower was held in aid of the coming bazaar. Mrs. B. Sykes, president, occupied the chair, and a most enjoyable time was spent by the members and their friends.

Mrs. Lydia Mau delivered an interesting reading on "Services" at the Earlscourt Methodist Church last night to the members of the Bluebird Club, of which Miss V. Manuel is superintendent. There was a large attendance and Miss G. Edwell presided. At the home of Mrs. A. Charles, 60 Ascot avenue, the entertainment committee of the G.A.U.V. held an important meeting last night, when final arrangements were made for their first euchre and dance to be held next week at Belmont Hall. The proceeds will be devoted to the distress fund, for which a series of entertainments have been planned. The presiding officer was Mrs. M. Babington, president of the ladies' auxiliary of the G.A.U.V.

Under the auspices of the senior Christian Endeavor of St. David's Presbyterian Church, a successful concert was given in the church hall last night with S. Thompson in the chair. A short address was delivered by Rev. C. A. Mustard, minister, on the work and aims of the endeavor. The members of the East Queen Presbyterian Christian Endeavor took part in a clever sketch "The Mock Trial," and other talented artists included Mrs. McNaughton, elocutionist; Alex. Christie, comedian; Mrs. Gregg, soprano soloist; G. Donaldson, tenor; and Mrs. G. G. and C. Salmon.

MIMICO MUST CUT ON ELECTRIC POWER

Drastic Steps Being Taken to Diminish Supply for Domestic Purposes. Quite drastic are the measures being taken to cut down on the domestic electric load in Mimico. Each household is to be notified of the amount of power he is entitled to and if this amount is exceeded a sealed fuse box containing 18 amp. plugs will be installed, which will have the result that an overload will blow out the fuses and leave the house in darkness until the Hydro company replaces them. Signboards bearing the legend, "School 200 feet ahead; go slow," have been erected on Church street and Mimico avenue corner as a warning to speeders. The proceeds of the recent bazaar in the local Methodist Church totaled close on \$400. This sum will go to the fund to build a new Methodist Church for Mimico, the plans for which are well in hand.

LONG BRANCH WOMAN LIKELY CANDIDATE

The World learned yesterday that there is a likelihood of a woman candidate being put forward for the public school trusteeship. While no name has been definitely mentioned, it is understood that the proposed candidate is Mrs. Harriot, president of the Soldiers' Comforts Association. Principal McGrath of Long Branch School Board reports that at the present time the total enrolment of school children is 239, and that the average daily attendance for October was 198.

DELEGATES DESIRE WOMAN MAGISTRATE

Ontario Cabinet Minister Promises Influence to Bring Request About.

In the absence of the attorney-general, who was not able to be at the parliament buildings yesterday, owing to indisposition, a delegation from the local Council of Women and other organizations associated with them was received by the Hon. R. H. Grant, minister of education. About fifty in all, men and women, were present. The object of the delegation was to ask for legislation that would permit of the appointment of a woman police magistrate, whose work would alternate between the women's and the juvenile court.

The first speaker introduced was Mr. F. N. Stapleton, who, representing the Neighborhood Workers, spoke his approval of women magistrates as part of a general reorganization of the municipal courts. Referring to a proposed reorganization, the speaker said: "We believe women magistrates to be an essential part of that scheme of reorganization, but do not advocate them without a change of the present system, a change which must provide for a more humanized and socialized way of handling the work of the courts. We must have more than the mere protection of society and the punishment of the offender, we must also look to the reformation of the individual. In addition to determining culpability there must be a method that will prevent to a large extent repetition of the offence. In such a scheme women magistrates are necessary and integral part."

Out of an experience of eighteen years in the courts and prisons social service work of Canada, Brigadier Fraser, of the Salvation Army, stated that from sad and hard-won experience he could emphatically declare that in work dealing with women and girls, women magistrates were necessary.

On behalf of the Toronto branch of the Catholic Women's League of Canada, Miss Gertrude Lawler, M.A., brought to the support of the delegation the proof that when Shakespeare wanted a judge whose wisdom would deal with a delicate matter it was a woman—Portia—that he called into being. She also enumerated reasons why a woman in many instances was desirable in the courts that deal with women and children.

Need Mother Teach.

Miss Ratte, of the Presbyterian Redeptive Home, told of her experiences of a long period of time in which she had to deal with children and girls who had come under her observation. In dealing with these the mother touch was necessary. All had some life left of good and it was a woman who could best draw this out. She had nothing but the highest regard for the men now in the courts, but was firm in her belief that women should be in all courts that deal with

The Toronto Women's Volunteer Corps, which rendered such outstanding service during the war, has evolved into the latest addition to the rapidly growing family of chapters of the Imperial Order of Daughters of the Empire in Toronto. In tribute to the president of the corps, Mrs. Arthur W. Koughnet, she will be honorary regent of the chapter, and Mrs. Norman T. Taylor, the new organizing secretary, concluded the installation ceremonies.

Mrs. Beverly Heath (Mrs. Elizabeth Taylor) when her name, Gertrude, was given, was given with lights and flowers. The bride wore a wedding dress of white tulle with a sweetheart collar. She was accompanied by her bridesmaids, Mrs. D. D. Bragley, of Westport, and Mrs. J. J. Taylor, of Toronto. The groom, Mr. J. J. Taylor, was in a dark suit. The ceremony was performed by Rev. John J. Ferguson, pastor of St. Michael's Church, 111 Dundas street west.

The Toronto Auxiliary of the Meall Mission held its regular thank-offering meeting at the home of Mrs. F. H. Deacon, 111 Dundas street west, last night. The meeting was presided over by Mrs. H. H. "Whatever ails you, Jennie? You look so tired out"

"Oh, I'm nearly dead. I never felt so fagged out in all my life."

"Are you sick?"

"Not exactly sick, perhaps, but I have not felt right for weeks. I can never get rested."

"Your health must be run-down."

"Yes, I suppose it is. Mother has been warning me that I am living too fast these days. 'Burning the candle at both ends,' as she says."

"Perhaps it's your nerves."

"Yes, I suppose it is. You know I am working every day at the office and I have been on the gad nearly every night until I can't stand it any longer."

"Why don't you use Dr. Chase's Nerve Food? That did me all sorts of good, and nearly all the girls use it when they are in need of something to tone up the health."

"Mother has been at me to use the Nerve Food, but I never liked to take medicine."

"You won't mind using the Nerve Food, for it is so mild and gentle in action that it will not cause you any inconvenience, and you certainly will feel so much better after using it for a few days."

"How long will I have to take it?"

"Oh, you may have to keep up the treatment for two or three months if you want to get your system thoroughly built up. It slowly and certainly improves the quality of the blood so that the nerves and the system generally are nourished back to health and vigor."

"I will get half a dozen boxes to-morrow and go at it in earnest, for I don't want to have a nervous breakdown and spend weeks or months in bed. I am so glad you reminded me about this treatment."

TORONTO LAWYERS SUE HIS MAJESTY THE KING

Money Said to Be Due By Ontario Government for Legal Services Rendered.

Mr. Justice Middleton in the non-jury assizes yesterday reserved judgment in the petition of Millar, Ferguson & Hunter against his majesty the King for \$24,589, alleged to be due for services rendered in connection with the petition of the Electric Power Company by the Hydro Commission.

The plaintiffs aver that they were instructed by Hon. G. H. Ferguson to report on the title, rights, franchises, contracts and business of the Electric Power Company and to draft necessary legislation. In the work, they were to have spent approximately \$7000. The account for their services, they allege, was referred to G. H. Kilmer, K.C., for taxation and settlement, and \$24,589, the amount agreed on, was ratified by order-in-council dated November 4, 1918. None of the money, they claim, has been paid.

The defendant alleges that the amount claimed is excessive, and that the account should be paid by the Ontario Hydro Commission, and not by the government.

"My Lady Friends" Coming.

Seats are now selling for Jack Norworth in "My Lady Friends," which opens Monday night at the Royal Alexandra. This is the first time that the local bow as a star in a straight comedy which he is said to appear to better advantage than he has heretofore in either vaudeville or musical comedy.

"My Lady Friends" is a comedy which ran all last season at the Comedy Theatre, New York, and now being played with success in London by the Charles Hawtrey, tells the story of a young business man who starts out to spread a little sunshine, and finds himself in a lullaby of difficulties. The piece is clean and wholesome, and the author has a man who can laugh lavishly on women without even a wrong thought. Mr. H. H. Frasse, the producer, has given Mr. Norworth an excellent supporting company, and the production is the original one used at the Comedy Theatre.

At the Royal Alexandra, beginning Monday evening, Dec. 6, Leo and J. J. Sayers will present only one play, "Florodora," which has just closed a run of 18 weeks at the Century Theatre and comes direct from

YELLOW AND WHITE IN A CANADIAN CITY

Ex-Police Officer Tells of His Experience in Connection With the Mingling of Yellow and White Races—Acting Chief of Police Disapproves White Girl Teachers—Polygamy a Chinese Practice.

BY BILLEE GLYNN.
(Continued From Page 1).

Ex-Police Officer Gregg, who is familiar with the Chinese and their passion for white girls from several years spent in police duty among them, told me the following story as one of many such.

A Christian girl of excellent parentage, living on Dovercourt road, was in the habit of going for the family laundry to a Chinese establishment. The proprietor of this place tried to get familiar with the girl and introduced her later to a rich Chinaman who owned a restaurant. This Chinaman finally prevailed upon her to marry him, promising her rich clothes and pretty things. When they had been married a while he became tired of her, perhaps finding her expensive, and turned her over, through numerous introductions, to the men of a Chinese club, which at that time (a few years ago) was located on the west side of York street, just north of Richmond. These introductions were given for a purpose and they served that purpose as they had been intended.

Mr. Gregg also asked me to set him down here as emphatically making the statement and willing to back it up with evidence from his own experience as a police officer that it was the innocent and slender girls the Chinese often tried to lead astray, and that the system of giving the Chinamen white girl teach-

ers in the Sunday schools was one of the most dangerous to Canadian girlhood that could be conceived. That he also knew of many white girls being enticed into the recesses of Chinese laundries.

"There you have it by men whose opinions are backed by intimate knowledge. A lady doctor who attends Chinese wives in child-birth pronounced herself when interviewed as being strongly against the intermarriage of yellow and white races, that the tendency of such unions was always toward unhappiness. She did not even believe people of different religions should marry. Moreover, she said that up to the revolution the Chinese had practiced polygamy and a lot of them had not got over the idea, and a white girl could not be sure her Chinese lover was not already married. On other points she was in favor of the Chinese.

This lady was a Baptist, of very religious mind, intimate with the work of her church in this city. She informed me that the Baptists had five classes for Chinese in different churches in Toronto, and taught according to the present system by individual lady teachers. She explored unknowingly the fanaticism of some of the white workers among the Chinese in this city when she repeated what was said to her by a man extremely well known in that capacity when she met him at the birth of a Chinese child when reference had been made to him incidentally, at the father had called him a friend of the Chinese.

"I would rather," he avowed, "have that little 'friend of the Chinese,' than the proudest in the world."

It seemed to me a finer title would be "Friend of the Canadians," or "Friend of the white girl."

As I was unable to take shorthand notes during my visit with this lady, I summed up her remarks on paper outside the door, and have offered here only what bears pertinently on the case. A Methodist minister, who, according to the marriage register, had, according to some of the Chinese-white couple, but did not admit it, advised me that the Chinese had not many restaurants in Toronto, that they were mostly connected with laundries. If I had been really a stranger and been blind, I would have left Toronto with this impression, for several other ministers bore witness to the same effect.

In a moment, however, I reached a part of the subject which was reversed. "The trouble with the Chinese,"

REMEMBERS THANKSGIVING.

Yesterday was Thanksgiving Day across the line. H. F. Jans, owner of the production now playing at the Strand Theatre. "Madonnas and Men," did not forget the company and wired to Mr. Buckley, stage manager, to give the actors taking part in the prolog a "blow-out," which took the form of a Thanksgiving spread for the entire company, including the dancers, slave girls, the drivers in the chariot race, and even the four horses, Snowball, Highball, Anna and Kate. These white beauties were given an extra feed of oats and some carrots and other goodies.

SOCIETY CARES FOR LONELY CHILDREN

Many Complaints of Parental Neglect Probed—Good Year's Work.

Over one thousand children are born in Toronto every year with no one to care for them, and as the city grows in size, and considering the large alien population, this number may be added to as years go on, declared Hon. Lionel H. Clarke, lieutenant-governor of Ontario, when presiding yesterday afternoon at the 29th annual meeting of the Children's Aid Society, held in the society's building on Simcoe street.

His excellency added that the war naturally affected all charitable institutions, and it was a marvel to him now they carried on when funds that usually were theirs were under these exceptional circumstances diverted to war charities. He was, however, glad to see that the financial situation of the society had improved this year, and was confident that subscribers knew their money was being well and wisely spent, and further, he was sure that the whole community was under a deep debt of gratitude to those who were caring for the home.

The annual report was read by Dr. V. Millman, who stated that child welfare work was being brought to the notice of the public, and the appeal had met with a sympathetic response. The society was endeavoring to spread the knowledge of the work and the public became thoroughly aroused to the responsibility, so that the homeless child might have an equal chance in life with the child brought up in the good home of natural parents, while their aim always had been that where possible a child should remain in the home of its parents, and it was sad to see in extreme cases where the parents were utterly worthless, that the society exercised its prerogative and had the child committed to the care of the judge of the juvenile court.

Foster Homes Founded.

During the past year, he added, 124 wards of the society had been placed in foster homes, and it was sad to relate that most of these were born of unmarried mothers, indicating that illegitimacy was on the increase, and emphasizing that the pressing need of a law whereby the male parent be forced to pay all expenses of the birth and the support of the child until past school age.

In outlining the past year's work Dr. Millman mentioned that the society had received and investigated 1451 complaints regarding neglected and cruelly treated children, involving the interests of over three thousand, while these did not include cases of juvenile delinquents. At the shelter 360 children were cared for, and 407 discharged, while 50 new children were received each month. The total number of cases since the formation of the society numbered 45,056, involving the interests of 67,471 children.

The treasurer's report was read by A. M. Campbell, and showed a bank overdraft of \$1837. General regret was expressed at the absence of J. K. MacDonald, president of the society, who was too ill to attend.

The following officers were elected for the ensuing year: Honorary president, J. K. MacDonald; president, A. R. Auld; vice-presidents, W. Hasley Smith, T. Millman, Hon. Thos. Crawford, C. C. Van Norman, Noel E. Marshall and R. S. Baird; treasurer, A. M. Campbell; assistant treasurer, J. E. Clarke; honorary secretary, J. Appleton; honorary solicitor, W. E. PRICE IS NOT TEMPTING.

Sir Adam Beck was a visitor at the premier's office yesterday. He declined to discuss the negotiations for the taking over of the Mackenzie interests power holdings. The completion of the deal, however, was not as near as some people thought. The price named by the Mackenzie interests was by no means tempting.

INSIST CARETAKERS LIVE NEAR SCHOOLS

Education Board Makes Temporary Provision Owing to House Shortage.

Caretakers must live near to the public schools, according to the rule adopted by the property committee of the board of education yesterday afternoon. In this connection, it was decided that owing to the house shortage in the vicinity the committee authorized the business administrator to provide housekeeping rooms for the caretakers at the John Ross Robertson and Glenholme schools.

Tenders were approved and sent to the board for improvements at Jarvis street, Parkdale, North Toronto and Riverdale colleges.

Trustee Laxton said that many of the alterations now done by contractors could be done much cheaper by the carpenters on the regular staff of the building department.

Dr. John Noble said that a special plant would have to be erected at considerable cost for the alterations in question.

Tenders for improvements at the following public schools were also sent in to the board: Withrow, Duke, Hughes, Fern Avenue, Yule Street, Western and Duke of Connaught.

A block of land to enlarge Rose Avenue School, including some thirty houses on Rose avenue, St. James street and Ontario street, has been purchased by the board of education. The prices have ranged from \$5,000 for houses of six rooms up to \$7,000 and \$8,000 for larger residences. The board have now 190 feet, and from enquiries, need the remainder of the block south of the school. The board of education have had the property bought "quietly," to prevent any sudden rise of property values.

The board of education held a special meeting last night for the adoption of the various amendments to the bylaws passed recently in committee.

CHARGES TENANTS WITH PROFITEERING

Bulk of Blame Laid on Sub-Letting Rather Than on Landlords.

The assessment commissioner's report on rentals was before the civic legislation committee yesterday. In the opinion of the commissioner the bulk of the profiteering in rentals has been done by tenants in sub-letting rather than by the landlords.

It was decided to seek permissive legislation to enable the city to close streets for children's playground areas. The condition was that the unanimous consent of the residents would be necessary before any section of street could be closed.

The committee approved the principle of a bill intended to prevent the use of a building for any purpose other than that for which the building permit was issued. The bill was sent to the city solicitor to be redrafted.

Ald. Baker's motion that legislation be sought empowering the city to prohibit the use of tents for living quarters was thrown out after the city solicitor had pointed out that the use of tents can be regulated under the medical health act.

Ald. Baker's motion that power be obtained to place the issue of all licenses under the supervision of the city council was discussed and approved.

Mrs. Ald. Hamilton urged that marriage and rooming house licenses be placed under the jurisdiction of the city and that a commission should have charge of the issue of such licenses. At present there was very little responsibility connected with the issue of marriage licenses, she said.

City Clerk Littlejohn explained that if the issue of licenses were placed under the municipal clerk he would have no judicial functions; if the parties making the application complied with the statutes, he would have no alternative but to issue it.

Ald. Baker's idea was that there should be single control of all licenses, but Controller Cameron pointed out that it would be unpracticable to place all licenses under any one body.

It was decided to appoint a committee to pass judgment on any proposal to transfer jurisdiction from any one department under the city council to another. The special committee named consists of Controller Cameron, Aldermen Honeyford, Baker and Nesbitt.

The parks commissioner recommended that power be secured for his department to erect permanent park buildings, such as lavatories, shelters, refreshment places, etc., and finance the work out of the one-mill rate allowed for the purchase of park lands.

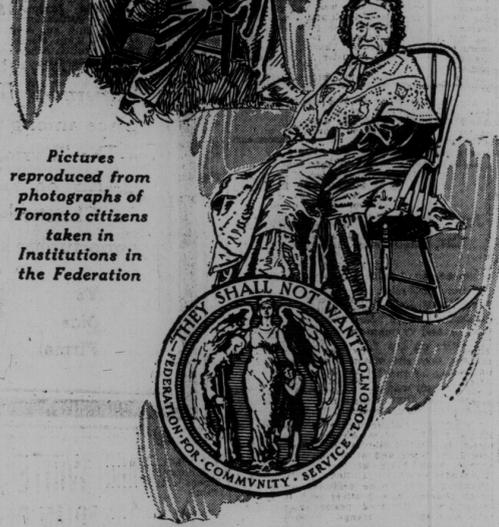

The committee thought a better plan would be to ask the ratepayers to approve on the first of the year any program of expenditure for such buildings. The commissioner said that would satisfy him.

MOVE TO NEW STATION

The Grand Trunk baggage department moved into their new quarters at the new Union Station yesterday. In local railway circles it is understood that General Baggage Agent G. H. G. T. R. will be placed at the head of the department for the Canadian National and G.T.R.

"Inasmuch"

"INASMUCH." How faithfully does this one word recall one of our first object lessons. From the beginning of the world we have all been taught that the qualities that really count are generosity, unselfish kindness, and goodness.

These same qualities you believe in. You know they are right. The privilege of exercising them, you will embrace. Now you have the opportunity.

For, there is, right now, a constant unremitting fight against disease, poverty, dirt and misery being waged all day and every day by the institutions that you support when you give to the Federation.

Love, benevolence, good will and liberality to this worthy cause—these are all that are asked of you in the coming Federation campaign. And all Toronto, you must understand, is given this opportunity. It is for the relief of the poor old men and women, for the little uncared for and unwanted babes—and the unguided and homeless boys and girls in Toronto. You know how much you can give. You will prevent misery, if you can. You will help these 47 charitable and benevolent institutions in the Federation. You will practice those qualities you know so well. Put them into this campaign. It will begin on November 30th. Voluntary workers will seek your sympathy and support. Be ready for them. Be ready. And give liberally. Your gift to the Federation will help each institution in its great and good work in the interest, and for the welfare of everyone in Toronto.

mentation will be made to council. Mayor Church said yesterday that there was a chance of the Hydro Commission declining to pay the price demanded by the Mackenzie people, and he was prepared to recommend that Toronto should step in and buy the whole outfit, if a reasonable price could be obtained. The city could dispose of most of the power in the operation of the street car system and to new industries, and the Metropolitan Railway running to Lake Simcoe could be converted into an up-to-date radial and made profitable in handling holiday crowds to and from the summer resorts.

RUGBY SATURDAY PLAY-OFF AT THE STADIUM

ARGOS ARE READY PRACTICE INDOORS

Batstone Will Start, But Not Able to Boot the Ball.

Argonauts continued their preparation for the Saturday play-off with Toronto at the armories last evening. Dug Garret was in uniform and may do the heavy work in the punting line on Saturday. He was booting them last evening for the first time since he was injured in Montreal and his bad ankle stood up fine under the work. Coach Rodden made a mark on the wall and asked Garret to try drop-kicking at the chalk mark. Dudley hit the spot 11 times out of 12. That doesn't look like the work of a boy with a bad ankle.

Batstone was out, but is still limping badly. He will likely be able to play, but it is doubtful if he will be able to do any punting. Romeril broke the big toe on his right foot last Saturday and will not be able to start in the play-off. The school will put plenty of weight on the field against Toronto and it will be the heaviest team that has started for this season. Greer, 130 pounds, will be Poison's partner at outside, and Pugh, another weighty youngster, will be a starter at inside. The Argos will be in great shape and expect to qualify to meet Varsity in the final a week later.

A Hamilton despatch says: President E. G. Dixon of the Tiger Rugby Club received word at noon today that St. Brigid's Rugby Club of Ottawa, intermediate champions of Quebec, would meet the Tigers in a sudden-death fixture at Hamilton on Saturday for the intermediate championship of Canada. The game will be played at the cricket field and interprovincial rules will prevail.

The Argonaut-Toronto replay will take place at Varsity Stadium on Saturday afternoon, and not at Rosedale field as first arranged. Rosedale was selected in the first place because it was in better shape than the stadium. But a visit to Rosedale yesterday by Hugh Gall and Billy Foulds convinced them that with even a small crowd complications might arise that would cause more trouble. The parks commissioner also informed them that he had no ropes to keep the people back. It was therefore decided that the game be played at Varsity Stadium on Saturday at 3.45, with an admission fee of fifty cents to the stand and twenty-five cents to the bleachers. After expenses are paid the balance will be given for charitable purposes. A suggestion has been made that a part of the money be sent to Graven-

hurst, where two former Capital players are now confined with consumption. One of these former players is married and has four children. Argos prefer to play at Rosedale, but Toronto will play where ordered.

The trustees of the University of Illinois will meet in Chicago Dec. 12 to take up plans for the erection of a new football stadium, it was announced today.

CHURCH LEADERS TRAINING.

The opening sessions of the church boys were held last night at West End, and Central Y.M.C.A.'s, with an enrollment of 130 men. At Broadview shops in the week 70 east-end leaders took training, making the total 200.

DETROIT SHARP-SHOOTERS COMING.

Fifty business men from the Detroit Central Y.A. will invade Toronto on December 4. They are bringing three basketball teams, three volleyball teams, and three handball teams. The players are invited, and should come to witness some of the fastest games for business men that have ever been put on in the city.

SOCCER NOTES

Lintfield Rovers, Juvenile Champions of the T. & D. Juvenile League, will play Homesides, champions of the H. & D. Juvenile League, for the Inter-city championship, goals to count. These two teams played in Toronto a week last Saturday, the first game of the series. Lintfield Rovers winning by a score of 2 to 1. Lintfield Rovers will now travel to Hamilton with a one-goal lead over Homesides, in which the Rovers mean to increase the lead on Saturday when they play. This game will be played at Hamilton, which promises to draw a large crowd, as the Hamilton soccer team are taking a great interest in junior and juvenile football in that city. Lintfield Rovers expect to be at full strength this chmp. In the last game Rovers were weakened without the services of Harold Frost, their left back, and Fred Brodie, their right half-back. With these two players the Rovers will have their best team on. All Lintfield Rovers and supporters are requested to be at Union Station no later than 11.15 a.m., as they are traveling on the G.T.R. train, Saturday, Nov. 27, for Hamilton. Lintfield Rovers will line-up as follows: Burnett, Frost, Gray, Williamson, Artell, Brooks, Waymond, Woolcott, Heintzman, Smith and Lancaster. Reserves: Trapp, Bullock, Hedden, Stockes. Any of these players which cannot travel please phone the secretary, Ger. 5614, this evening not later than 7.30 o'clock, so that all arrangements can be made before Saturday.

GASTON CHEVROLET KILLED IN RACE

Jolls, Mechanician, in Another Car, Also Dead After Crash.

Speedway, Los Angeles, Cal., Nov. 25.—Gaston Chevrolet, famous racing driver, and Lyall Jolls, mechanic for Eddie O'Donnell, were killed today when Chevrolet's and O'Donnell's machines crashed together on the Los Angeles Speedway, at the east end of the grand stand, near the close of the 250-mile race.

O'Donnell was so seriously injured that it was first reported he was dead. His skull was fractured, and both arms broken, and little hope was held that he could recover. John Bresnahan, Chevrolet's mechanic, was seriously injured. The accident occurred while O'Donnell, Chevrolet and Joe Thomas were fighting to make up the half-dozen laps they were behind the leaders at the 150-lap point. The three cars were bunched on the east turn.

According to persons grouped about the turn, Chevrolet turned to pass Thomas, who was on the inside of the bowl, and his car struck that of O'Donnell, who was on the outside. O'Donnell's car turned and plunged down the incline, and Chevrolet's apparently out of control, shot to the top of the track, tore out 20 feet of fence, then rolled down the incline on the side of the grand stand, which O'Donnell and Jolls were pinned. All four men were removed to a hospital. O'Donnell was unconscious, his skull fractured and both arms broken and attendants brought information to the judges' stand. The officials announced that both Chevrolet and O'Donnell had been killed, and it was nearly two hours before the news spread that O'Donnell was still living.

TORONTO HOCKEY LEAGUE ANNUAL THIS EVENING

The annual meeting of the Toronto Hockey League will be held in Victoria Hall this evening at 8 o'clock. Each club is entitled to two delegates. The amalgamation with the T.A.H.A. will be thoroughly discussed and it is up to the delegates to decide the issue. Several new clubs will enter the league this year.

JACK JOHNSON WINS BY KNOCK OUT ROUTE

And Then Boxes His Name-sake—Many Thanks on American Boxing Day.

At Leavenworth, Kansas—Jack Johnson, former heavyweight champion of the world, knocked out Frank Owens of Chicago in the last round of a six-round bout, and then boxed Topeka Jack Johnson another five rounds at the Federal Penitentiary yesterday afternoon.

At Philadelphia—Willie Jackson of New York won from Matt Brooke of Cleveland in the fourth round of a scheduled eight-round bout yesterday. The referee stopped the bout because of the punishment meted out to Brooke.

At New York—Charlie Beecher of New York received the judge's decision of Brooklyn yesterday. Beecher, substituted for Earl Puryear of Tulsa, Okla., who failed to appear, weighed 123 and Beecher 120 pounds.

EAST TORONTO JUNIOR HOCKEY LEAGUE NOW READY

The East Toronto Junior Hockey League held their organization meeting last Tuesday night, and got away to a good start. Officers were elected, rules were drawn up, and much other important business was transacted.

Any junior team wishing to enter this league should send a representative to the general meeting, which will be held next Monday night at 8 p.m. in the Y.M.C.A. at the corner of Main and Gerard streets.

Teams wishing to enter in the juvenile or intermediate leagues should also send representatives to the same meeting. Fuller information can be obtained by phoning B. 1877 or G. 6310.

TWO STRONG TEAMS IN O. H. A. FOR GUELPH.

Guelph, Ont., Nov. 25.—(Special).—Acting Manager Elliott of the Guelph Hockey Association announced today that he had the city for players on the intermediate and junior O.H.A. teams, which will represent Guelph on the ice this winter. No less than 35 players have signed up for the two teams, 23 aspiring for intermediate and 12 for the junior team. Included in these players are several new-coming hockey players who have had previous experience in fast company, and who are expected to add great strength to the locals.

FALLER WINS GALLOP.

Boston, Nov. 25.—The New England amateur ten-mile championship run was won today by Fred Pater of the Dorchester Club, in 56 minutes 2 seconds. Roads were made greasy by a wet snow, and the time was slow. Cliff Horne, a club mate, pressed the winner closely at all stages of the race. Rumar Ohman, also of the Dorchester Club, finished third.

THE ARMY AND NAVY.

West Point, Nov. 25.—Snow covered the Military Academy gridiron today, forcing the army eleven indoors for its final workout on the home field before the annual clash with the navy Saturday. On the tan bark of the big riding hall the squad engaged in signal practice and finished its training in the plays to be used against the midshipmen. There was not enough room for punting practice.

Egyptian God Invented Beer

BEER is a beverage of the most remote antiquity. The Egyptian God Osiris is said to have taught mankind to make a drink from barley.

But if Osiris of Mythological times could taste O'Keefe's beers of the 20th century, the old pagan would acknowledge that someone has beaten him at his own game.

O'Keefe's brews may not be known as "Nectar for the gods" but they are just right for thirsty humans, and our Imperial Ale, Lager and Stout take the palm for snappy, invigorating beverages which are relished at all seasons.

You can't buy Nectar, but you can get O'Keefe's at any cafe, hotel or restaurant.

Sold at all hotels, restaurants and cafes, and in case lots by your grocer.

SUGAR UP, THEN DOWN, IN DULL STOCK MARKET

With Wall street closed there was no outside guide for speculation in stocks on the Toronto exchange yesterday. The flurry in sugar died down and if the rally was precipitated on the bylaws to be submitted to the shareholders for new financing it must be regarded as not so much as the rally of the market.

SMALL CHANGES MADE BUT PRICES ARE FIRM

The Standard Stock Exchange continued its trading in a quiet manner yesterday and there was nothing new on the surface of trading to call for particular attention.

CATTLE TRADE HOLDS JUST ABOUT STEADY

Calves Break Sharply—Hogs bogged.

With around 500 fresh cattle on sale yesterday and a good many left over from Wednesday and Tuesday's trading, the market, generally speaking, was very drab and a shade lower.

White men have been doing work. Roden G. W. V. A. Condemns C. P. R. Laying Off Yard Men. Strong condemnation of the action taken by the C.P.R. at their Toronto yards in laying off 75 men, while retaining a number of Japanese, was made last night by Roden G. W. V. A., at their regular meeting. The stand was taken that it was simply an attempt on the part of the C.P.R. to cheapen labor. "The men who were laid off were receiving 32 cents an hour, and the Japanese will work for 22 cents," said a member.

GOOD ROADS WILL NOT MENACE HYDRO RADIALS

Motor Traffic is Necessarily Limited by High Cost and Bad Weather, Evidence Before Commission Makes Clear — Hamilton Depends on Radial Service for Normal Conduct of Business.

The minimizing of the bogey of good roads development as providing serious competition to the proposed Hydro radials was the chief outcome of yesterday's session in the Committee of the Hydro-Radials Commission. Testimony was adduced to show that trucking by motor over good roads was necessarily limited, both by its excessive cost and by weather conditions. Hamilton, district, furthermore, which enjoys the advantages both of good roads and radial service was declared to be dependent upon the latter for the normal conduct of its business.

Manager E. P. Coleman of the Dominion Power and Transmission Company concluded his evidence of the morning session by relating the extent to which Hamilton and the immediate vicinity profited by radial service. In answer to the question of Robert McKay, K.C., representing the Hydro, he stated: "Any sudden stoppage of the radial service into and from Hamilton would be most serious to the city and would disorganize all business and social life in the outlying districts."

He also declared that the line had been of further service in distributing the urban population of Hamilton over a wider area, thus accounting in considerable degree for the freedom of that city from serious congestion. W. A. MacLean, deputy minister of roads for the province, occupied the witness stand during the afternoon. He expressed himself as convinced of the tremendous possibilities of development for motor transportation in the province, and that the road program being undertaken, nevertheless, he stated, the necessary limitations which must accompany the commercializing of this traffic.

Heavy Motor Traffic. To Counsel R. S. Robertson he stated that the use of Ontario roads for transportation and hauling purposes was steadily increasing with the improvement in the Hamilton highway along the number of motor vehicles had advanced from 400 per day to approximately 2,400. Motor truck haulage was steadily increasing, particularly by the shipping of machinery, which repaid the cost of haulage by the elimination of loading and unloading from teams to trains and back to teams again.

The proposal of the road department, he stated, was to expend the sum of \$5,000,000 annually for the next five years in road construction and repairs. This would give a network of roads in the district covered by the proposed radial system. The Hydro municipalities' counsel, Mr. McKay, queried the witness regarding the cost of various grades of roads and elicited the following figures: concrete slab construction, approximately \$50,000 per mile inclusive of bridges and culverts; asphaltic concrete, the same; bituminous macadam, from \$18,000 to \$25,000, exclusive of bridges and culverts.

Mr. MacLean was emphatic in maintaining that any of the above types of road would be adequate for traffic requirements far heavier than those presented by this province and, in fact, the roads of England as bearing an immeasurably greater burden. The properly constructed macadam road was a permanent investment, repaired annually to the extent of about \$600, he stated, and the life of a cement road would average 20 years. "The cost of macadam," Counsel McKay was unable to shake Mr. MacLean's testimony regarding the suitability of the permanent macadam road in this country. Where properly constructed, he stated, it had proven successful.

In regard to the conditions which, in his opinion, should govern motor trucking over permanent roads, Mr. MacLean recommended a maximum load of 12 tons and the regulation of trucks weighted to over four tons to a speed limit of ten miles per hour. "Motor truck haulage is, I understand, much more expensive than any species of rail," asked Mr. McKay. "Yes," assented Mr. MacLean. "Any slower for any distance," continued Mr. McKay. "Yes," testified Mr. MacLean, adding, "The superiority of the truck lies wholly in the service it renders."

When further questioned by Commissioner Mitchell, the witness gave 50 miles as the radius within which motor service, either for freight or passenger, could be operated. The experience has shown that such a service required to be curtailed in the winter. Where Radials Shine. Counsel McKay questioned Mr. MacLean regarding the possibilities of a motor truck service being developed to handle a mass movement of men from the suburbs to labor or business centers, and he stated that it was of sufficient size only a radial could handle it and that in any case a motor service could hardly be instituted which would appeal to the laboring man.

Counsel McGinnis of the Hydro Commission, desired a statement showing the percentage of the proposed road expenditure which would be required for overhead charges and repairs and the residue work left for actual construction. At the request of Hon. Mr. Justice Sutherland, the witness promised to file this and the commission adjourned until Monday morning.

WEST TORONTO CHOIR GIVES FINE MUSICAL

At the Victoria Presbyterian Church, West Toronto, a musical was rendered by the members of the Welsh Male Chorus, headed by the Rev. Mr. MacLeod. The choir (34 voices) sang an impressive unaccompanied number, "Come On Thou Traveller Unknown," which was followed by one of the finest if not the finest number in the Messiah, "Worthy is the Lamb who taketh away the sin of the world." The choir, Victoria is to be congratulated on their success in raising no less than fifteen of their members' names.

COUNCIL AGREES TO PROGRAM FOR ROADS

Claim Contracts Are Let Cheaper Than Any Other Work in Ontario.

At yesterday afternoon's session of York County Council the good roads commission report on \$112,700, which called out an attack of criticism on Wednesday, was resumed in committee, with A. E. Mercer of Etobicoke in the chair. "I wish to congratulate our warden," commented Leavey J. G. Whitmore of Vaughan, "that he criticized our critics. We as county councillors are not in our own municipalities, and we have a right to state here and there our criticisms; we see fit. Our engineering work was done 18 per cent cheaper than in other municipalities. In Vaughan we were paying 38 per cent for teams; the contractor came along and paid 18, and then the good roads commission paid 12, making it impossible for us to get road work done."

Commissioner W. H. Keith: This is the first time I have heard that the commission are paying more for teams than anyone else. We in Etobicoke took the matter up, interjected Mr. C. Clark, and we agreed to pay 90 cents an hour, but when Mr. James came he took our men, and we had to pay more. Here Commissioner Pughley hastened to say that York Township had been paying \$10, and that the commission had been compelled to pay the same.

"The warden has said," continued Mr. Keith, "there is a lack of efficiency in the quarry until you get it on the road." Referring to the impression that Warden Gardner had made on the subject, Mr. Keith was interrupted by Warden Gardner, who stated that he had said "amounts" not "contracts." "During cross-questioning before the report was finally adopted, suggestions were made that the engineer be relieved of much of the detail by the municipal representatives from Etobicoke complaining better than he did. The complaint that the Consumers' Gas Co. installed mains and connections, suggested that the earth full of dangerous holes, was filled, there was no law to deal with it.

The claim was made by the commissioner that their contracts were cheaper than any other work in Ontario. Adjournment was made until this morning at ten o'clock.
