Parmer Goddard, Lineman, Electrocuted In Carleton

SIX DIE IN AUTO ACCIDENT

WORKING HIGH ON POLE, MAN'S ARM HITS WIRE

Body Falls to the Street as Rescue Ladder is Raised.

WIFE; 2 CHILDREN

Coroner Makes Investigation and Says Inquest Likely.

Parmer M. Goddard, a lineman in the employ of the N. B. Telephone Co., Ltd., was electrocuted by a high-powered wire at 10.45 o'clock this morning, while engaged in installing a telephone at 258 Lancaster avenue, West St. John.

He glanced up and saw the body was limp against the maze of wires. He rushed inside and notified the foreman and the fourth member of the gang, Roy McCullough.

Leaves Wife and Two Children.

A telephone call was immediately sent in for the ambulance and in remarkably short time it was at the scene of the tragedy.

Coroner Emery announced this afternoon that there probably would be an inquest into the accident.

LABOR CONGRESS OF CANADA CENSURES MINISTER OF LABOR

Pass Resolution at Annual Meeting in London, Ont., Yesterday.

MURDOCH REPLIES "They Know Not Whereof They Talk" is His Only Comment.

(By Canadian Press.)

London, Ont., Sept. 16.—Following a heated argument, in which 20 or 30 delegates from all parts of the country took part, a resolution was carried yesterday at the 40th annual convention of the Dominion Trades and Labor Congress.

The resolution, which was seconded in a list of 66 which awaited the attention of the Congress, and which was sponsored by the Toronto Local, No. 27, United Brotherhood of Carpenters and Joiners of America, was actually a request that the Government "demand of the Federal Government the bringing into effect of the Washington conference in the matter of the establishment of an eight-hour day."

Minister of Labor, Hon. James Murdock, in reply to the resolution, stated that the Government was not prepared to accept the demand for an eight-hour day.

L. W. SIMMS, HOME FROM WEST, IS OPTIMISTIC OVER CANADA'S FUTURE

St. John Business Man Talks of Crops and General Conditions and Sees Spur for the Maritimes.

Back after a three weeks' tour of the western provinces, L. W. Simms, president of the T. S. Simms & Co., Ltd., reports the business barometer throughout the west to be standing at "Cautious Optimism" as the main result of this year's crop.

Some places south of Calgary were paying \$4 a day, he had heard. The income derived by the farmers, Mr. Simms felt sure, would be used to liquidate debts and develop improvements and thus make for the "conservative" Easterners had been hearing for many years of the future of the crop annually in the region south of Calgary, but he had found on his trip that, while conditions were bad in this section, the well-managed farms made both ends meet. Another false impression had been corrected by his trip was that there was scarcely any crop in northern Alberta.

It was Mr. Simms' first visit to the west in 10 years and he was greatly impressed with the vast change for the better that had taken place there. The cities he worked in there have doubled in size and population and their future, he said, was bright. Vancouver's port development and equipment, which proved to be an eye-opener to him, with its modern fireproof docks, great grain elevators and large works now under construction.

Regarding trade conditions in the west, Mr. Simms said competition was considerably keener than many years ago. From the standpoint of his own company, however, he was extremely well pleased with conditions. Not in a spirit of boasting, but as a matter of fact, he had found the Simms product from St. John as the standard in the west. Two other maritime companies that enjoyed considerable prestige throughout the west were Mr. and Mrs. Harte. It showed, he believed, that given an equal chance, the maritimes could hold their own with the rest of the world.

Renewed Offensive Is Opened Along Yangtze River Today.

Shanghai, Sept. 16.—(By the Associated Press)—Reinforcements from the Fekin Government to be thrown into battle against the Chekiang forces defending Shanghai, were reported at Wushu, 86 miles west of here at 11:45 p.m. Sunday, according to a messenger from the Kiangsu front.

The Kiangsu army today opened a renewed and determined offensive near Liubo, on the Yangtze river, west of here, in an effort to reach the Wusong forts, according to a report issued by the Lungwha headquarters of Chekiang army. Simultaneously attacks were launched by Kiangsu at Kiating and along the railway. Bombardments are progressing along the entire line and the casualties continue to mount.

The battle lines were apparently unchanged by the renewed fighting. The weather remains clear. In the foreign settlements of Shanghai everything remains quiet.

FATHER MILLIGAN IS GIVEN FAREWELL

Purse Presented at St. Dunstan's—Father Johnstone is Successor.

In St. Dunstan's church, Fredericton, on Sunday, Rev. J. H. Milligan, who is going to Rome to take a two year's course of study, was made recipient of a well filled purse by Very Rev. Dean Carney, on behalf of the congregation, and also on behalf of the Sunday school class at Morrison's Mill.

Dean Carney, in referring to Father Milligan's departure, said he had been a wonderful help to the pastor in the work of the parish. He had shown wonderful zeal for the glory of God and the spiritual uplifting of the people.

Father Milligan said that it was with feelings of very deep regret that he was leaving St. Dunstan's parish. He would have been very happy to stay in Fredericton, but was going to Rome at the request of His Lordship the Bishop. He had been very happy, he said, to begin his priestly career under such a man as Father Carney, and it had been a great blessing to labor under such a pastor.

The money gifts which he had received totaled more than \$800, and were given by the congregation, the Knights of Columbus, the Ancient Order of Hibernians and Ladies' Auxillary of the A. O. H., the good people of Fredericton Junction, and the Sisters of Charity, the Children of Mary, to whom he had acted as chaplain, and the Sunday school at the Mill. To all these he extended his thanks and wished them every blessing.

Father Milligan has gone to Milltown, N. B., where he will spend a few days with his mother and brothers. He will sail from New York on the 27th inst. for Liverpool. Father LeBlanc of Moncton and Father McDonald of St. John will accompany him. They will visit the Empire Exposition and before taking up their studies on Nov. 4 will visit Paris, Switzerland and other European centres, later proceeding to Florence and thence to Rome.

Rev. Michael Johnstone, who is now curate at St. Andrews, will succeed Father Milligan as curate at St. Dunstan's.

FINDS PRIVATE STILL

A private still was located by Walter P. Dawes, excise officer, on Grand Manan Island last week and the paraphernalia, including coils and boilers, was forwarded to his headquarters in this city. It is said that this still was discovered in the vicinity of Grand Harbor. The still is used, it is said, to manufacture "moonshine" to supply the rum runners into the United States. The officer is continuing his search of the island for further stills.

When Night Casts Its Shadows

NOISES that disturb, a slamming door, rattling windows, footsteps in the yard, are magnified into frightening loudness when the house is quiet and men-folk are away. After dark you need an Eveready Flashlight for protection. It lights up dark places outdoors and indoors. Perfectly safe to carry; the light snaps on with a push of your thumb. No home should be without one or more Evereadys—they light up all dark places. Keep one in the car, take it to your Summer home. New unit cells or bulb can be inserted in a moment by anyone. Electrical, hardware, sporting goods, general stores and garages, sell Eveready Flashlights and Batteries.

ANOTHER PROTEST.

The Ottawa Journal joins that portion of the Conservative press which resent the Montreal Gazette and Star attacks upon Hon. Mr. Meighen as leader of the party. It says: "Mr. Meighen need feel neither discouragement nor personal humiliation over attacks by some of his party upon his leadership. That has been the fate of all leaders, one of the less noble aspects of politics. Disraeli, in his early days, was distrusted and intrigued against by Tories. Gladstone, even in his mightiest hours, was hated and calumniated by some Liberals. Campbell-Bannerman, before he swept the United Kingdom, was belittled by men even like Grey and Asquith. And Balfour was temporarily driven to eclipse by the 'Balfour Must Go' movement in his party. In Canada it has been the same. Sir Wilfrid Laurier, before 1896, was questioned by many Liberals. Sir Robert Borden, before 1911, was calumniated by his own party. And Mr. King, before 1921, was almost openly scoffed at by his followers. There are some men, unfortunately, who can be loyal only in victory. And it will be the same with Mr. Meighen. When he comes back to office he will have not the slightest difficulty in getting support among his present-day enemies in Montreal."

A BETTER OUTLOOK.

The wheat growers of the United States, says the New York Herald-Tribune, are safe for this year. The total indicated yield of 836,000,000 bushels, compared with a 700,000,000 bushels estimate in June, and wheat remains above \$1.20. Prices, the Herald-Tribune says, are firm. What is true of the United States growers is true of those in Canada. With firm prices the crop is large enough to yield an enormous amount of money, which will help to pay off old indebtedness and create a demand for manufactured products which will stimulate eastern business. The railroads will also profit by an enlarged movement of freight, and there will be fewer idle cars and train crews. It is well to keep the facts before the people at large, to counteract any degree of doubt about the soundness of the business situation and outlook. Canada is moving toward better times, and the 1924 crops will be a very important factor in putting more money in circulation. In New Brunswick the position of the farmers is generally satisfactory this year, and that means much to the business houses of cities and towns. It also appears that logging operations in the woods may not be as restricted as was feared, although there is clearly no inducement for such extensive cutting as that of last winter. The fisheries have been fairly successful this year, and while there will be some unemployment to reckon with during the winter season, that is an annual problem. The whole situation is such as to inspire confidence rather than doubt regarding the favorable outlook in this province.

OLD-TIME INTOLERANCE.

A Methodist writer recalls this interesting bit of Methodist history in Ontario: "So long ago as 1810 two members of the legislative assembly of Upper Canada, regularly elected by the suffrages of the people, were unseated for no other reason than that of being public preachers and teachers in the society or community of people called Methodists. In order to obtain Christian burial for Barbara Heck, the moving spirit of early Methodism in Canada, her body had to be given over to another denomination. In the same period the non-elective branch of the legislature also contrived to prevent the validation of marriages performed by Methodist preachers." The effect of persecution was to consolidate the people of that faith. The readers of the early history of New Brunswick comes upon interesting illustrations of a similar intolerance in regard to religion, but the free air of oppression of liberty of conscience, and disabilities were gradually removed. In the early days, moreover, the prejudice was not all on one side. Every sect held its views with a tenacity and an intolerance of the views of others which made strife an inevitable result. We live in happier times and enjoy the fruits of struggles with which perhaps we have little sympathy because of our broader outlook and wider knowledge of world-movements.

Of the burglars who have been operating in Aroostook county the Bangor Commercial says the reception they got at Smyrna, where one was wounded by a night watchman, may cause them to go elsewhere, but it adds: "There is one course to follow that will eventually lead to the capture of the gang if it continues its operations, and that is careful night guard in isolated municipalities."

Press Comment

POLITICS AND THE CHURCH.

(Boston Transcript.) In repudiating the assumption that the church should not concern itself with politics, Pope Pius XI. is at least immune to criticism from those American clergymen who discuss politics in their pulpits or who seek to impress their views on legislators or voters in other forms of expression. The Pope says: When politics come near the altar, then religion, the church and the Pontiff have not only the right, but the duty, to give directions and indications to be followed by Catholics. This corresponds with the view taken by many of our American clergymen. No doubt there is room for difference among them regarding the degree of nearness of approach to the altar which may be supposed to warrant directions and indications from the church. But those who may be inclined to criticize the Pontiff's utterance should bear in mind that since for the goose is sauce for the gander, and that liberty of direction and indication which is assumed by one church cannot in consistency be denied to another. The language employed by Pope Pius undoubtedly has immediate reference to the situation in Italy. When he speaks of the error of his own churchmen in "adhering to the activities of a party which boasts of its opposition to every religious creed," he refers undoubtedly to the Communists. And it would indeed be strange if the Catholic Church, or any church, should regard itself as estopped from commenting on the views and purposes of such an organization.

STANDARDIZATION EFFORTS APPROVED

Monthly Meeting of Hospital Board Held—Student Nurse Matters.

Endorsement of the efforts of the General Public Hospital along standardization lines and an invitation to attend the annual meeting of the American College of Surgeons, held in New York, October 20 to 24, were contained in a letter from Dr. M. T. McLaughlin, president of the board at the monthly meeting of the Board of Hospital Commissioners. Dr. E. J. Ryan criticized the condition of the hospital in the laboratory department and it was decided to ask that unless they were kept in a more sanitary condition the animals be removed. Hon. Dr. Roberts, minister of health, stated this matter would be attended to as soon as possible. Dr. S. B. Smith made application for the use of the hospital to administer anaesthetics but it was decided to refer him to the privilege of the hospital could not be extended to dentists it could not be extended to one. It was decided to defer the appointment of an assistant surgeon, to fill the vacancy caused by the death of Dr. J. A. McCarthy, until the annual meeting. Dr. Roberts reported that the probationer period for student nurses had been raised from three months to four and recommended that Dr. D. C. Macdonald be appointed instructor in the school. This was adopted. The meeting was presided over by Mr. M. E. Ager and attended by Mrs. J. V. McLellan, Alexander McMillan, Dr. E. J. Ryan, Dr. W. W. White and Dr. W. F. Roberts.

A CONTENTED MIND

(Joshua Sylvester.) I weigh not fortune's frown or smile; I joy not much in earthly joys; I seek not state, I reek not stiles; I am not fond of fancy's toys; I rest as pleased with what I have, I wish no more, no more I crave. I quake not at the thunder's crack; I tremble not at news of war; I swoon not at the news of wrack; I shrink not at a blazing star; I fear not loss, I hope not gain, I envy none, I none disdain. I see ambition never pleased; I see some Tantalus starved in store; I see gold's drossy seldom eased; I see even Midas gape for more; I neither want nor yet abound—Enough a feast, content is crowned. I fawn not on the great (in show); I prize, I praise a mean estate—Neither too lofty nor too low; This, this is all my choice, my other—A mind content, a conscience clear.

LIGHTER VEIN.

Quite so. Teacher—"Children, can any of you tell me what is the most dangerous part of an automobile?" Tommy—"Yes, miss, I can! It's the driver."

His Only Chance.

"You are always talking economy to the public." "I've got to take somebody into my confidence," answered Senator Sorghum. "There's no use talking economy to my family."

A Modernist.

Teacher—"You'll have to stay in after school and work on your geography lesson. You didn't locate a single one of the cities." Willie—"I can't locate them, but I know how to tune in on the whole blame lot."

Wait a Little Longer.

Sandy (entering nursery garden)—"Have ye a nice cucumber?" Gardener—"Yes, here is one. That will be five-pence." Sandy—"Too much. Have ye no one for two-pence?" Gardener—"Ye can hae this for twopenny."

Sandy—"All right, here's the twopenny. But don't cut it off; I'll be calling for it in about a fortnight."

Constipation makes bright children dull—give them relief with Kellogg's Bran

Constipation dulls the youthful mind—makes children backward in their studies—makes them listless—and can lead to serious diseases. Constipation is a dangerous disease. You cannot afford to take chances in getting relief. You cannot afford to experiment or put off. Kellogg's Bran brings relief—permanent relief. If eaten regularly. Even in the most chronic cases of constipation it is guaranteed to bring results. If it fails, your grocer will return your money. Kellogg's Bran, cooked and krumbled, has brought relief to thousands because it is ALL bran. Remember, only ALL bran can be 100 per cent effective. That is why Kellogg's Bran is recommended by doctors. It sweeps, cleans and purifies the intestine. It causes regular, healthy, normal action. For it works as nature works. It is ALL bran. Have your children eat it regularly—two tablespoons daily—in chronic cases, with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the wonderful recipes on every tin. The flavor is delicious—a crisp, nut-like flavor that delights the taste. Different by far from ordinary bran, which are unpalatable. Begin serving Kellogg's Bran, cooked and krumbled, to your children today. Eat it yourself. The leading hotels and clubs serve it. Made in Toronto, Canada. It is sold by all grocers.

AMID THE FLOWERS OF REMEMBRANCE

Loveliness of Fernhill Never So Apparent as at Present.

The natural beauty of Fernhill was never more apparent than now. Never was as much of its area under care, although in almost every part are some lots that have been neglected for years, perhaps because no living relatives of the occupants are in the city. Those who could care for their lots and monuments, but do not, would perhaps be moved to do so if they visited Fernhill and saw what others have done and are doing.
A much larger number of graves are decorated every week with flowers than in former years. Just now the aster is the favorite, and nowhere is the effect so marked as on the soldiers' lot, where a lovely bouquet of white and red and purple asters is placed at the head of every grave.
Fernhill is a place of contrasts. A new grave completely covered with flowers may lie near a lot where the brown and faded grasses cover neglected graves of half a century ago. Loving remembrance was revealed on Sunday by a wreath of white and pink roses with the simple word "Mother."
On some lots flowers are cultivated around the monument, with a very pretty effect.
On Sunday afternoon the September sunshine lay warm upon the graves, and glistened on the leaves, lightly swaying in a vagrant breeze. The

white bloom of the hydrangeas contrasted with the rich scarlet of the rowan berries and the green leaves and grasses. Golden-rod and wild asters added their beauty in odd corners, and the clamor of some crows in the nearby woods marred the utter silence of the place. Here and there were people beside the resting place of loved ones, or strolling slowly along the avenues and paths.
The new portion of Fernhill, toward the Jewish cemetery, is being graded, and already quite a large area is covered with grass. Early in the summer no graves were there. On a later visit two were there, and now there are six. When the whole area is graded and made ready this will be a beautiful addition to the older portion of Fernhill. A gateway with stone pillars has been erected, to form the entrance from the road leading to the new Catholic cemetery.

DEATHS

William J. Reid.
The death of William J. Reid, of Winnipeg, occurred suddenly on Aug. 27 while en route home following a visit to relatives in this city. He was accompanied by his wife and daughter, Mrs. James Flynn, of Winnipeg. Mr. Reid was born in Alma, Albert county, N. B., and lived for several years in St. John. Captain David Reid, of this city, is a brother.
Mrs. Margaret G. Brown.
The death of Mrs. Margaret G. Brown, widow of George H. Brown, of Lexington, Mass., occurred at Arlington, Mass., on Sept. 8 after a short illness. She was attended during her illness by her sister, Mrs. R. T. Worden, of this city. Mrs. Brown, who was born in St. John, was the daughter of the late Mr. and Mrs. Thomas McNichol Gunn. She is survived by one

son, Ronald D., also several brothers and sisters. Her body was cremated and the ashes were buried in the family lot in Mount Auburn cemetery. The funeral service was conducted by Rev. Christopher W. Collier, pastor of the Hancock Congregational church, Lexington.
William B. Watters.
After a lingering illness, William Brundage Watters, of Westfield, passed away yesterday afternoon at the age of 81 years. Mr. Watters was a lifelong resident of Westfield and was highly esteemed by all who knew him. He leaves to mourn his wife and one daughter, Mrs. Leonard Jenkins, of Vancouver, B. C. The funeral will take place tomorrow at 2 o'clock at Sagwa.
Miss Sarah McGrath.
At Lower St. Mary's on Saturday, Miss Sarah McGrath died after a lingering illness. She was a daughter of the late Michael McGrath, who for many years conducted a blacksmith

Women who would make sure of having the best of the season's mode should secure their apparel needs while stocks are fresh and new.

Fall Coats Are Fur Trimmed.

Luxurious, large collars, cuffs and bands of some soft, rich hued fur to match or contrasting with the material of coat, embellish many of the finest models. Materials include the new flamingo cloth, striped velours, suedette and other silky or velvety-surfaced cloths considered correct this season. You'll find such becoming new shades as penny brown, burnt russet, pewter grey, and shutter green as well as other colors better known. Besides these, there are many tailored and semi-tailored coats in new mixtures. These are with or without fur trimmings. And you'll be surprised at the very moderate prices of many really fine models.

New Fall Suits Are Very Cozy

Coats are much longer than for the past few seasons—most of them are seven-eighth lengths. Materials for suits are rich and good-looking, especially featuring the comfortable velours and other soft piled fabrics. Fur trimmings are seen on suits of unusual charm; collars, cuffs and fur bandings make them not only warm enough for coldest days, but also unusually becoming. The straight, slim lines for fall and winter are becoming to almost every figure. We'll be glad to show you just how becoming they can be when you call to see them.

Many New Frocks Have Tunics

Pleated crepes, Beltless frocks of black satin with trimmings of bright colored embroidery; Frocks of the new black bengaline with trimmings of bright color—all these are new and delightful and there are many other kinds equally charming. For afternoon and evening occasions there are many light colored frocks in the various fuchsia shades, some with long tunics trimmed with fringe or ostrich edges and others depending on beauty of material alone for their distinctive charm.

Note—A special section in the middle of the costume department has been reserved for the purpose of showing latest models. Come in and walk around them. You'll see many interesting style features we want to show you about here.

A GREAT EXPERIMENT.
(New York World).
With money given by the Metropolitan Life the National Tuberculosis Association has staged in South Framingham, Mass., a seven-year demonstration that tuberculosis may be swiftly lessened in any town. In enlightened areas the disease is on its way out, anyhow; towns about South Framingham show a typical industrial city, Syracuse, and an area of 200,000 people in New York city. But no community need wait for outside initiative to save its citizens.
Fighting tuberculosis pays in hard cash. It pays an insurance company and its policy holders to have risks live longer. It pays a town to have fewer workers on the sick list. The South Framingham campaign cost only \$2.40 per capita, and the town was spending \$2 per capita for health work before it began.
There was no magic and little medicine in the demonstration. It was the duty of the doctor to catch the disease before it got too long a start in any case. Then its transmission to others could be prevented, and the patients often cured by "extensive pasteurization of milk and personal hygiene, with attention to exercise, rest, recreation and moderation in all things."
The South Framingham record is too

good to stand alone. With the aid of the Milbank Memorial Fund similar campaigns are to be carried on in a typical rural county; Cattaraugus, a typical industrial city, Syracuse, and an area of 200,000 people in New York city. But no community need wait for outside initiative to save its citizens.

Snyder's SANI-BILT LIVING ROOM FURNITURE

Guarantee

If there are found defective parts in any of Snyder's Sani-Bilt Furniture, your dealer is authorized to repair it with like materials. Snyder's Sani-Bilt Furniture is guaranteed for five years against moth damage. If the furniture is found to be defective in any way, the dealer is authorized to repair it with like materials. Snyder's Sani-Bilt Furniture is guaranteed for five years against moth damage.

SNYDER'S LIMITED

Don't Buy unless you see this Guarantee Tag attached.

Let us Cut It Open and See how Snyder's Guaranteed Mothproof Furniture is Made

HERE'S a good, typical Sani-Bilt Chesterfield of the best grade, from one of Snyder's famous guaranteed mothproof suites. It looks like a handsome, solid piece of furniture, judging by the outside, beautifully upholstered, Marshall Cushioned, soft, springy and luxuriously comfortable. And you see by the tag it is guaranteed absolutely mothproof.

But before you buy upholstered furniture, whether guaranteed mothproof or not, you would like to know what is inside of it, if it is as good inside as it is outside. Let us see. You know what Marshall Cushions are. Lift them off and examine the Chesterfield itself.

And Remember: Over and above all, Absolutely MOTHPROOF

BESIDES its superior advantages of strength and appearance, Sani-Bilt Upholstered Living-Room Furniture is absolutely mothproof and guaranteed. Moth worms will never damage Sani-Bilt Furniture, because—unlike so-called "mothproof" furniture brought out to compete with it—there is nothing there they can live on. You may entirely rest your mind about moths in Sani-Bilt.

The Sani-Bilt mothproofing process was developed by a group of the world's leading chemists who devoted twenty years to experiment and research to find a solution which would effect a change in the animal fibre of silk, wool and hair, so as to destroy all attractions for moths and their offspring, without damaging or staining the fabric or leaving any odor.

Do not be carried away by the claims of any other furniture said to be mothproof, if you want Sani-Bilt. Sani-Bilt is permanently mothproof. Since it was introduced, competitors who scoffed at first and said there was nothing in it are now telling the Canadian public, "We have mothproof furniture, too." And they even imitate our guarantee tags. These imitations were produced in the stampede to share in the trade Sani-Bilt has created. But no one can imitate the secret Sani-Bilt process. The Sani-Bilt process doesn't depend on poisons or powders or evaporating sprays. These things are but temporary, at best. Ours is the only method known to Science of securing absolute lasting immunity from moths and we are the only Canadian manufacturers of upholstered furniture who are permitted to use it. Do not be deceived by imitations that have been rushed onto the market with no scientific foundation behind them.

Insist on Snyder's Sani-Bilt. You want the genuine, permanently mothproof Sani-Bilt. Our guarantee covers immunity from faulty construction, as well as from moths. Our trademark label is on the seat under the cushion. Make sure it is the genuine Sani-Bilt. Styles and prices to suit everybody. For sale at leading dealers.

The Finishing Coat

Suppose we take a sharp knife and rip off this beautiful mothproof covering. Do not be afraid. We have nothing to hide. Tear off the strong white cotton underneath, too. Every bit of material used is brand new and sterilized. Now, we come to a layer of fine, white felt. This is the "finishing" coat to the inner upholstery of the Sani-Bilt Chesterfield. It smooths the surface and makes it soft and fine. Tear it aside.

A Layer of Curled Hair

Next, we come to a layer of curled hair. This is real hair, treated by a cleansing and curling process, crisp, springy and full of "life". You can't crush it flat. It comes up again directly you remove your weight. It's the

same kind of hair—as goes into the best hair mattresses. We don't believe there is any better hair for upholstery purposes than the hair we use in Sani-Bilt. See how thick it is. And absolutely mothproof. Our process has removed all temptation for moths. Every hair is immune. The Sani-Bilt mothproofing solution saturates every particle of the cover and fillings, making them unpalatable to moths.

Thick Layer of Sea Moss

Now, we come to a thick layer of a certain kind of sea moss cured and dried. Squeeze a little of this moss in your hand. When you release your grip, it springs out full again, like silk. This is the thickest layer and gives body to the upholstery in this Chesterfield. You have often heard that a bed of moss is the softest of natural couches. We use the finest of dried moss, imported from Southern Seas, for these best-grade Sani-Bilt Suites.

The Steel Coil Springs

And now we are down to the springs. A greater number of springs are used in Sani-Bilt Chesterfields than in any Chesterfield on the market. These are double-cone coils of oil-tempered steel wire, firmly fixed in place and cross-tied with heavy cord, so as

to prevent them leaning over or sagging to one side. There are four rows of these springs in each Sani-Bilt Chesterfield, compared to the usual three, as found in other Chesterfields. Even our lowest-priced Chesterfields have forty springs in the seat and twenty-seven in the back. The edge of the seat is supported, as you see, by a heavy spring wire tightly stretched and firmly fixed to each arm.

Suites to Suit Everybody

Snyder's Sani-Bilt Furniture is made in the widest variety of styles and coverings to be found in Canada. Prices vary from the most economical to the most luxurious. There is a Sani-Bilt to suit every taste and every purse. Of course, the more you pay the greater will be your satisfaction in comfort and appearance. It is true economy to buy what will please you permanently. The fillings and coverings of our lower-priced lines are, of course, less expensive than in our best grades, but every suite, no matter what the price may be, is guaranteed to be soundly built and to be of good, fresh, new materials throughout. And, no matter what the price may be, every Sani-Bilt piece of upholstered living-room furniture is guaranteed mothproof, absolutely.

Those \$100,000 a year smiles in the movies. How motion pictures' famous stars gain the gleaming, pearly teeth that make smiles worth fortunes—how you can clear your own teeth in the same way. A simple test that reveals the most amazing of tooth methods—a new method urged by leading dental authorities of the world.

SMILES in the cinema world sell for thousands—that is, some smiles. Gleaming teeth are essential. Otherwise a smile has no value. So these people follow the method here explained not only for the satisfaction and beauty they gain, but as a matter of cold business. Now a test of this method is offered you—simply use the coupon.

Modern dental science recently discovered ways to remove and combat that film. For besides impairing beauty, it invites most tooth troubles and decay. It clings to teeth, gets into crevices and stays. It holds food substance which ferments and causes acid. And in contact with teeth, this acid causes decay. Germs by the millions breed in it. They, with tartar, are the chief cause of pyorrhea. You must remove it at least three times daily and constantly combat it. For it is ever forming, ever present. Now in a new type tooth paste, called Pepsodent, this enemy to tooth health and beauty is successfully fought. And that is the famous tooth "make-up" method of the greatest stars of screen and stage—the dental urge of world's leading dentists. Its action is to curdle the film; then harmlessly to remove it. No soap or chalk, no harsh grit so dangerous to enamel. Results are quick. Send the coupon for a 10-day tube free. Find out what is beneath the dingy film that clouds your teeth. Note their whiteness, their gleaming charm. You will note a great difference. Your friends will mark it.

Form for Pepsodent toothpaste coupon, including fields for name, address, and a 'FREE 10-Day Tube' offer.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

JOHNSON MOST POPULAR PLAYER

Fans Anxious to See Him Perform in World's Series.

New York, Sept. 16.—(United Press.)—Whatever happens to the Washington Senators in the American League pennant race, they must be given credit for furnishing a great public thrill and for showing a lot of experts that form is a tickle foundation for predictions.

If the Senators should pull through to the pennant they would be one of the most popular champions that ever went into a world's series. Up and down both major league cities, fans are anxious to see him pitch. He has a personality that has always been a credit to the game. Johnson never has been in a world series, and it is the fond wish of all baseball fans that he has at least one crack at big glory before he is to retire.

Not an expert in the business of picking finish positions in the spring, the Senators were first division team that was more likely to disappoint than to surprise fans in the hands of a boy manager, Buck Harris.

STAR BACKFIELD WILL BE INTACT

Notre Dame Lineup This Year Will be Up to Standard.

Nine men, regular and reserve members of Notre Dame's 1923 football team, will be missing when Coach K. K. Rockne assembles a group of approximately 150 candidates on Carter Field this week for the first practice session.

The loss of these men will be greatly felt in the Irish camp, especially when the time arrives for the selection of a first string line, where four of the best players were lost through graduation, held permanent posts. They were Harvey Brown, captain and guard; Vergara, guard; Oberst, tackle; and Mayl, end.

While the others will be missed in the first division, their loss will affect the backfield probably be hit the hardest; Maher and Bergman, halfbacks, who shared the team's honors with the famous Crowley-Miller duo for the last two years, having been awarded their degrees at the last commencement.

Eighteen seasoned players, mostly survivors of two years' campaigning, will answer the first roll call. Around this group Rockne will endeavor to build a machine equal in physical stamina to the strain that accompanied nine weeks of the most strenuous training.

Last year critics lauded the Irish and wide as the greatest machine of its time. Then came the Nebraska game. The question of endurance surprised that of greatness as the mighty Western eleven triumphantly battered down the Irish defense.

1923-24 BEST YEAR IN VALE ACTIVITIES

So Says Director Blossom in His Annual Report. New Haven, Conn., Sept. 16.—Yale University never had a more successful year in athletics than the one which closed in June, in the opinion of John T. Blossom, graduate director of athletics, as expressed in his annual report which was sent to President James Rowland Angell recently.

FAMOUS PITCHER CONSIDERED MOST VALUABLE STAR IN AMERICAN LEAGUE

Chicago, Sept. 16.—(Associated Press.)—Walter Johnson, pitching ace with the Washington club for 17 years, has been chosen winner of the American League trophy for 1923, which crowns him as the player of greatest value to his team during the championship season just closing.

WALTER JOHNSON AWARDED TROPHY

Walter Johnson will complete this month his eighteenth season as a pitcher for the Washington Senators—really seventeen and a half seasons, for he spent half of 1907 with the Weiser semi-pro club of Idaho, whence he came to the capital. He has been at Washington ever since, reaching his peak in 1913, when he was acclaimed by many as the greatest pitcher of all time and by others as the equal of Christy Mathewson, the Giants' Big Six.

WINS THE SPOON

Military District No. 7 Permanent Force Rifle Association held their weekly spoon shoot on the local range yesterday. Conditions were quite good, except at 600 yards the wind was very tricky as well as the light.

SPEED SKATERS PRACTISE

New York, Sept. 16.—The speed skating team which has been selected to represent the Iceland Rink, is working out twice a week in preparation for competition this season. The group is in charge of Coach Richard P. Williams.

ST. STEPHEN WINS FIRST OF SERIES

St. Stephen, Sept. 15.—St. Stephen won the first game of the championship series from Calais here tonight by a score of 2 to 1 in the best game seen here this season. Batteries: For Calais, Groves and Curran; for St. Stephen, Hughes and Vanstone. This series will be five games, two at St. Stephen, two at Calais and one at Milltown.

BILLIARD STARS TO HAVE TOURNEY

World's Balkline Title Matches Will be Held This Year. There will be an International professional balkline billiard championship this season. There also most likely will be a world's amateur. This was the championship tourney. This was the message given out by B. E. Bensinger of Chicago, president of the Brunswick-Balke-Collender Company, recently. Mr. Bensinger returned from Europe after three months abroad, in which he visited most of the large cities on the Continent. He said that he expected to have one French player in the tournament, and at present the logical contestant was Edmond Derlier, present professional champion of France.

RESIGNS AS HYDRO COMMISSIONER

Lieut. Col. R. A. McAvity Retires—Now Two Vacancies.

One of the matters which the City Council will have before it this afternoon will be consideration of the resignation of Lieut.-Col. R. A. McAvity as a member of the Civic Power Commission.

Colonel McAvity said to a reporter for The Times-Star that he was offering his resignation simply because his private business demanded his time and he was not able to give the time and attention to the affairs of the Civic Commission which its importance warranted. He has been chairman of the commission since it was organized. He expressed himself as much pleased with the report of Price, Waterhouse & Co.

The council will have two vacancies on the commission to fill, that of Colonel McAvity and Herbert Phillips, who resigned some months ago, but whose place was never filled by the council.

LOCAL NEWS

NOT UP TO LAST YEAR.

As tomorrow is the last day on which water rates can be paid and the five per cent. discount obtained, quite a number have paid, but there has not been any rush. The amount received up to last night was slightly less than for the same period last year.

VISIT HAMPTON.

Twenty-five members of the St. John Women's Institute left this afternoon for Hampton, where they are to be the guests of the members of the Hampton Institute. Mrs. T. N. Vincent, president of the local organization; Mrs. R. J. Hooper, the treasurer; and Mrs. J. W. V. Lawlor, the secretary, were among those who left.

TRAFFIC CASE.

T. C. McGray pleaded guilty in the police court this morning in refusing to stop his automobile when signalled to do so by Police Constable Garter at the corner of Charlotte and King streets on Sept. 13 and was fined \$10. The defendant was informed that he was on duty to protect the lives of pedestrians.

NO CASE.

A case against Fred W. Kelly, reported for obstructing the sidewalk in Leinster street, was taken up before Stipendiary Magistrate Henneberry this morning. The report was in connection with having a sign protruding over the sidewalk. The defendant proved to the satisfaction of the court that he was within his rights and the case was dismissed.

FOR BRIDE TO BE.

Miss Margaret Daley, 27 Metcalf street, was the hostess last evening at a linen shower held in honor of Miss Nellie Riley. The evening was spent in cards and dancing and dainty refreshments were served. The rooms were decorated in yellow and white and the gifts were handed to the guest of honor in a basket trimmed with the same colors.

PORTLANDS VS. HILLSBORO.

Backers of the Portland, champions of the City Amateur League, who are in the second of a series of three games for the provincial title, are anxious to have the team notify T. P. Garred, Main street. If the Portland win the game they will win the title as they already have a win to their credit.

THANKS FIREMEN.

Chief Blake has received from Dr. H. A. Paris, superintendent of the St. John County Hospital, a letter of appreciation of the prompt manner in which the city fire department responded to an appeal for help when the laundry was on fire at that institution a short time ago. As it turned out, their services were not needed, but they were on hand in short order if the fire had been serious.

HELPED THE LITTLE ONES.

Two of the good friends of the Children's Aid Society, Mabel Williams and Edith Henderson, held a bazaar at Miss Henderson's home, 11 Orange street, at which the snug little sum of \$6.25 was realized. This money has been handed to the treasurer of the society and the board of management wishes its little friends to know how much their kindness is appreciated.

WHERE THE HOUSES COLLAPSED.

A crew of men are at work tearing down the three-story wooden dwelling house, owned by W. E. Emerson, in Harrison street, which collapsed a few days ago. The ell has been removed and the main section of the house is now being dismantled. No work has been done as yet on the Buckley house, which was bowled over when the house adjoining collapsed.

LUNCH CART ROBBED.

A lunch cart, owned by George Buckley and situated in North Market street, was broken into some time last night, and knives, forks and spoons were stolen. The thief or thieves also created considerable havoc by throwing food handed to the treasurer of the department and is now being investigated.

PLEASANT SURPRISE.

Last evening, through the kindness of Sidney Gibbs, a happy company, consisting of Mr. and Mrs. Babar, Miss Ella McCarthy, Miss Mabel Gosses, Miss Vera Coles and Miss Grace Lawlor, all of this city, motored out to Rotherley to the residence of Mr. R. Weatherhead, where they surprised Mrs. Weatherhead on her birthday anniversary. Suitable presents were given, lunch was served, interspersed with music, and they all voted it a happy evening.

TAKES 10,000 BAGS POTATOES

S. S. Certo Opens Season—Cuban Merchants Leave for Home.

The 1924-25 potato trade between this port and Havana, Cuba, was ushered in last evening with the sailing of the steamer Certo with 10,000 bags of potatoes. The season will run now until about the end of next June, and if the optimistic references of potato growers of the province are correct, this year's trade should set a record.

The three Cuban merchants, J. A. Palacios, Arthur Armand and Frank Suris, who contracted yesterday with Guy G. Porter, of G. G. Porter & Co., Ltd., Perth, left last evening on their return, and Henry A. Damers, secretary-treasurer of the J. C. Manzer & Co., Ltd., expects to leave this week.

Mr. Damers said today the potato trade was of considerable importance to St. John in view of the work it provided through shipments here.

Conditions in Cuba at present, Mr. Damers says, are prosperous. The presidential elections soon will be over and the country then looks forward to a big tourist trade, which lasts from December to March. The soil of Cuba, he said, was unexcelled for sugar cane growing, and despite the many uprisings and disturbances, the country was forging ahead. The population today was about 5,000,000. Havana had nearly a half a million population, and was one of the finest cities in the world, with beautiful homes and streets.

MANY BLIND WHO COULD BE HELPED

Striking Presentation of Situation Made in Ludlow Street Church.

A meeting of special interest to St. John, and particularly the West Side, was held in the Ludlow street Baptist church last evening. Ariel Watson, daughter of Mr. and Mrs. Errol Watson of Water street, sang and recited during the service. "This little lot has been a pupil of the School for the Blind, in Halifax, for a year. Her parents say that her development has been wonderful and the rendering of her number reflected much credit to the institution. Mr. Down, representing the institution made an earnest appeal for financial assistance. He said there were quite a number of blind men in the maritime province who were pleading for an opportunity to be taken into the broom factory at Halifax and be trained to become self-supporting, but owing to lack of funds they were sitting on one side in the agony of blind idleness, and was people and privilege to see that those handicapped in life at least be given an opportunity. He asked whether a little one like Ariel down—there are between 85 and 40 in New Brunswick, and about 12 in and around St. John. He said that for some such institution as the school for blind, Mr. Down was listened to with a great deal of interest and from such came expressions as to the necessity of supporting such work.

STATION AGENT AT NORTON DIES

James W. Gallagher Passes Away at Age of 62.

The death of James W. Gallagher, station agent at Norton, N. B., occurred last evening at his home after a short illness. He was a son of the late Michael and Mary Gallagher of Passapatanz, Kings county, and was 62 years of age.

Mr. Gallagher was well known and held in the highest esteem by all. He had filled the office of station agent at Norton for the last 24 years. His death has cast a sad gloom over the entire community. He is survived by his wife, two daughters, Miss Annie and Mrs. W. F. Taylor, both of Norton. The funeral will be held on Thursday morning at 10 o'clock, services to be held in the Sacred Heart church.

WOMAN WILL LEAD EAST ST. JOHN CUBS

It was announced this morning by the St. John District Council of the Boy Scouts Association that Mrs. Robert Kirkpatrick had agreed to underwrite the duties of cubmaster for Wdr Cub Pack No. 15. Mrs. Kirkpatrick, who felt that the pack is to be congratulated on her appointment. It is hoped by the council that the example of Mrs. Kirkpatrick may be followed by other ladies as they have found women make the best cubmasters and many more packs could be organized if the leaders were available.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "there is still hope for New Brunswick."

"I never knew it was in any danger," said Hiram—"an' I've seen livin' here a long time."

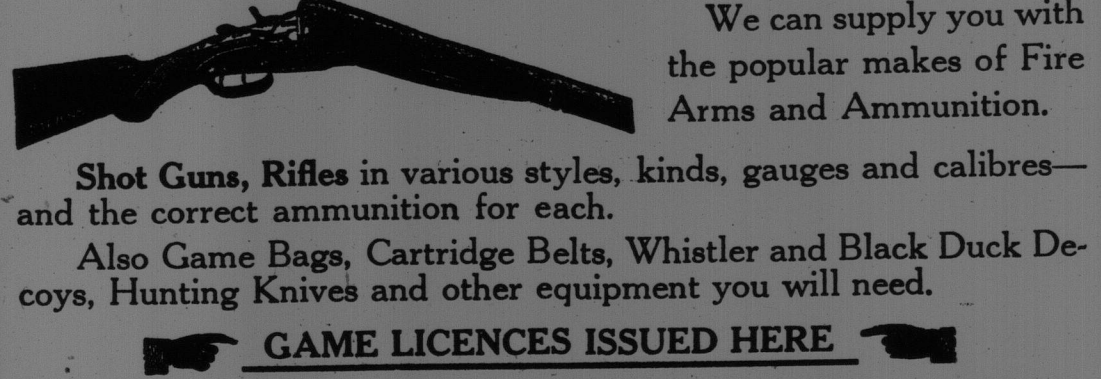

"What I mean," said the reporter, "is that by comparison we are jogging along very well. I was down in St. Stephen the other day and I took a ride in a street car. I went up through Milltown, N. B., and crossed over and went down through Milltown, Maine. I found fewer vacant houses, more fresh paint, better roads, more carefully kept gardens and grounds, and a generally more prosperous appearance of things in Milltown, N. B., than in Milltown, Maine—and only the St. Croix river separates them. Seeing Hiram, I'm believing."

"Well, sir," said Hiram, "I'm glad you told me that. I just want to tell it to an old crowd out to The Settlement that's always hollerin' about this 'country goin'' to the dogs. I always stick up for New Brunswick an' I always will—By Hen!"
