ST. JOHN, N. B., WEDNESDAY, AUGUST 11, 1920

TWELVE PAGES—ONE CENT

SAYS COST OF LIVING WOULD BE SENT UP

Statement at Hearing for Increased Railway Rates.

They Want 40 Per Cent. Advance on Freight, 20 for Passengers and 50 on Sleeping and Parlor Car Charges—Points in Opposition.

(Canadian Press.) Ottawa, Aug. 11.—That an increase in freight rates would mean a much greater advance in the cost of commodities to the ultimate consumer, was the assertion of Hugh Blain, president of the Canadian Wholesale Grocers' Association, before the Railway Commission yesterday afternoon. He said that the profit of jobbers, wholesalers, and retailers was figured as a percentage of the cost of a commodity plus the freight rate. If a manufacturer sold an article for \$100 and the freight on this article amounted to \$80, the wholesaler figured his profit as a percentage on \$180. If a commodity passed through several hands before reaching the consumer, the rate would consequently be greatly enhanced.

Mr. Blain was of the opinion that no increase should be granted until it could be shown that the C. P. R. could not make a reasonable revenue without it. If the operations of the Canadian National system resulted in a deficit this deficit could be met by taxation, rather than by an increase in rates. In this way the public would at least know what it was paying. If the C. P. R. could not get along it should use up a proportion of its large reserve before demanding an increase in rates.

A large part of the afternoon was taken up in examination of W. J. Moulou, assistant controller of the C. P. R., who was called to explain and corroborate figures produced by President Beatty. He estimated that the cost of commodities used by the company was increased by at least fifty per cent over the figures of 1917. For the year 1920 the C. P. R. would, he thought, have a deficit of \$87,420,772, which a general increase of thirty per cent on freight revenue would about provide for.

What They Want. The railways are asking for a forty per cent advance in freight rates, 20 per cent in passenger rates, and fifty per cent in sleeping and parlor car rates.

Their case was stated to the board by Judge F. H. Phippen, K. C., counsel for the Railway Association of Canada. President E. W. Beatty of the C. P. R. outlined the situation in so far as it referred to that road.

On the other hand, A. C. McMaster, counsel for the Canadian Manufacturers' Association, made it clear that his organization would not oppose a fair increase if it could be shown that such increase was absolutely to keep in operation property built and equipped and managed railways. It did not propose to agree to any increase to cover deficits on railways which had been overbuilt and run through sections of the country where they were unnecessary.

D'Arcy Scott, counsel for the government of Saskatchewan and the National Dairy Council of Canada, announced his absolute opposition to increases of any kind. Why, he asked, should the board of railway commissioners be asked to increase the high cost of living. The peak of the cost of living had been reached, but the board was asked to lighten it.

A. B. Coyne, representing the Winnipeg board of trade and other western organizations, strongly contended that the commission should tour the country and hear evidence before the case was decided.

The chief commissioner refused to agree to this. He said that his organization had given careful consideration to this and had decided that the case must be decided at Ottawa.

E. M. MacDonald, appearing for maritime province interests, asked whether the aid of the railway commission was to be invoked in fixing rates on the international railway. He understood, he said, that no order in council had been passed placing the Intercolonial under the Canadian National system.

Mr. Carvell replied that, legally, he thought Mr. MacDonald was right, but in practice the government roads which were not under the jurisdiction of the railway commission nevertheless followed pretty closely the orders issued by the commission.

John Bull (as Oliver Twist)—"Please, Sir, can I have some more peace?" Lloyd George (as Bumble)—"You young glutton, you've had a whole year of peace, haven't you?"—"O'pion," London.

Quebec To Take Charge Of Trading In Liquors

Government Soon to Assume Control is Statement of Liberal Newspaper—Beer and Wine Not Included, is Report.

(Canadian Press.) Quebec, Aug. 11.—That the government of Quebec will soon take over the control of trading in alcoholic liquors in the Province of Quebec, was an announcement made yesterday by the Quebec Telegraph, the local Liberal organ. The paper adds: "No details are available as to the manner in which this control or monopoly will be enforced but it is quite understood that it will not extend to the sale of beer and wine, which will remain as at present, licensed under the provincial temperance act."

In regard to the Scott Act, the repeal of which was to take place in July, the recall has been delayed till September to get a more extended view of the question of voters.

LOCAL NEWS

RIFLEMEN RETURN. The visitors who came here from various parts of the maritime provinces, to the upper Canada to participate in the tournament held under the auspices of the St. John Rifle Shooting Association, left last night and this morning for their homes.

CRAWFORD-MYLES. On Monday evening at the home of Mrs. A. Barnes, 306 Union street, Mrs. Isabelle Jean Myles, widow of James H. Myles, was united in marriage to George A. Crawford, of St. Martins. Rev. S. Howard officiated at the ceremony. The bride wore a very becoming costume of tulle, with blue trimmings, and wore a corsage bouquet of sweet peas. After the ceremony a delectable repast was served. Mr. and Mrs. Crawford left by motor for their future home in St. Martins.

THE G. K. KING. A report that the tug G. K. King sank in the falls yesterday after meeting with the accident reported was incorrect. While going through the falls with a coal scow in tow, the current carried the tug from the eastern side well over to the western side and according to Captain McKel, who was in command, his boat crashed into a section of the structure being used in the erection of the foundation for the new C. P. R. bridge. After the accident the tug continued up through the falls, turning into the cove to the south of the pulp mill. After beaching the tug temporary repairs were made and she proceeded to Indiantown, where she remained until this morning, coming through to York Point, where repairs will be made. The scow is still beached below the pulp mill.

JEWELERS ORGANIZE. A meeting will be held this afternoon in the Board of Trade Committee room by the jewelers of the maritime provinces for the purpose of forming an organization which will become part of the Jewelers' organization of Canada. For some years the Canadian National Jewelers' Association has been in existence in Canada and New Brunswick is the last province to enter. After the meeting this afternoon the association will stretch from the Atlantic to the Pacific.

FROM SINGAPORE TO HALIFAX TO REPRESENT U. S. Halifax, N. S., Aug. 11.—Mr. Freeman, United States vice and deputy consul-general, has received word that Mr. Young's successor as United States consul-general in Halifax will be Edwin N. Gonsalus. Mr. Gonsalus has been stationed in distant Singapore and will come directly from there to this city. He is from Ohio.

Exchange Today. New York, Aug. 11.—Sterling exchange strong. Demand, 365 8-4; cables, 366 1-2. Canadian dollar, 52.50.

TWO GIRLS DROWNED. Vancouver, Aug. 11.—A double drowning occurred at Shuswap Lake, B. C., on Monday, according to information received by M. F. Speeridan, a message to him stating that his daughter, Helena, and a friend, Miss Rosie Clifford, had met death in the waters of the lake near Notch Hill, as the result of a boating accident.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeam to the Times reporter, "that one of the four families is visitin' Rothesay." "Ah!" said the reporter, "I did not suppose you were interested in the society column. To what distinguished persons do you allude?" "I ain't talkin' about no society column," said Hiram, "an' I don't read it. If some gal out in the settlements has the next door neighbor in an' gives 'er a cup of tea, or some young feller is visitin' some other young feller over Sunday (an' when Hiram begins to read that stuff I want to go out an' tackle the wood-pile to keep from makin' a trouble in the family). But when I read about that injun over a hundred year old from Nova Scotia visitin' his folks in the States, the reporter didn't say how long he was going to stay, but his folks say I call that red neck every body that they did hev it, an' how everybody wished 'em well an' had it 'ud happen so." When Hiram begins to read that stuff I want to go out an' tackle the wood-pile to keep from makin' a trouble in the family. But when I read about that injun over a hundred year old from Nova Scotia visitin' his folks in the States, the reporter didn't say how long he was going to stay, but his folks say I call that red neck every body that they did hev it, an' how everybody wished 'em well an' had it 'ud happen so."

MINISTER PLEASANT WITH THE CADETS

Hon. Mr. Ballantyne's Review of Boys Training for Life at Sea.

(Special to Times.) Ottawa, Aug. 11.—Hon. C. C. Ballantyne was greatly impressed with the boys training for life at sea, which he reviewed on Monday. Their enthusiasm, quietness and the civility with which they had picked up knowledge necessary for a seafaring life gave him great hope, he said. Hon. Mr. Ballantyne will leave on Friday on departmental business in British Columbia.

ULTIMATUM TO HOUSEHOLDERS

Must Comply with the Regulations Governing Winter Water Supply.

Commissioner Jones, of the water and sewerage department, has issued an ultimatum to householders who fail to comply with the new plumbing regulations, drafted with a view to doing away with the freezing of water pipes in winter and the incessant running of water taps to prevent freezing.

CAPE BRETON CHALLENGE FOR AMERICA'S CUP

Sydney, N. S., Aug. 11.—The Royal Cape Breton Yacht Club will challenge for the America's Cup the moment that satisfactory financial arrangements are completed by A. C. Ross and his associates, it was decided at a meeting of the club last night.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, Director of meteorological services.

Synopsis.—The weather has been warm from Ontario eastward with showers in many places, while in the west it has turned cooler with showers in Manitoba and Saskatchewan. A shallow disturbance now over Minnesota is moving toward the Great Lakes.

GATHERING IN WESTERN CROP

Winnipeg, Aug. 11.—Wheat harvesting will be general in Manitoba on Aug. 12, in Saskatchewan on Aug. 20, and Alberta on Aug. 23, states the fifth crop report of the Manitoba Free Press, issued yesterday.

Maritime.—Moderate southwest winds, showery today, clearing on Thursday. Gulf and North Shore.—Moderate northerly winds, fair and cooler tonight and on Thursday.

Military Aid By France For General Wrangel

This is Included in Recognition of Him as Head of De Facto Government of South Russia.

Paris, Aug. 11.—The French government has decided to recognize General Wrangel as head of the de facto government of South Russia. The ministry of foreign affairs said this recognition implied rendering Wrangel all possible military assistance.

France will send a high commissioner to Sebastopol immediately, the foreign office stated. Two reasons were given by the foreign office for recognizing Gen. Wrangel. The first was his promise to assume all the obligations of the former Russian government. The second was his promise to give Russia a democratic government. It was said that France notified Lloyd George yesterday of her action to this effect.

The French government likewise is notifying its commercial attaché in London to have no dealings with Leonid Kravich and Leo Kanneroff, the Soviet emissaries in the British capital. The French foreign office regards the British premier's recent visit to the Soviet government last night as only preliminary. It is expected that the Soviet government later would exact much harsher terms of peace.

Says Warsaw Fall Near. London, Aug. 11.—A Moscow wireless message received here yesterday stated that Malkin station, occupied by the Bolsheviks on Sunday, is three hours by rail from Warsaw, which, the message adds:—"In the eve of falling."

Warsaw, Aug. 11.—A concentration and re-grouping of the Polish forces in the Warsaw front is reported by the today's newspapers. The plans are, it is said, to begin this counter move within a few days. Military men expect a large force in an effort to drive off the Soviet forces which are endeavoring to encircle the city.

Paris, Aug. 11.—The Russians, according to the French foreign office, are now preparing a stretch of twenty-four miles of the direct railway line between Warsaw and Danzig and a large force of troops across the Danzig corridor to cut the remaining railroad.

Paris, Aug. 11.—General Weygand of the French army has been named as the Polish commander of national defense forces in a Warsaw despatch. Warsaw, Aug. 11.—General Lehtinen, Polish minister of war, has been succeeded by General Solokowski, so it was reported here yesterday.

TO WORK AGAINST HON. F. B. MCCURDY

Glouce Bay, N. S., Aug. 11.—The independent labor party of Cape Breton has decided to send campaign workers to Colchester county to oppose the election of Hon. F. B. McCurdy, who is appealing to the electors of that county.

The work of organization has also been started and the co-operation of the U. M. W. locals will be enlisted soon at the meetings of the royal commission are ended. Mr. MacLachlan said that the labor party will accept no compromise with either the Liberal or Conservative party, but will strenuously elect a farmer laborite.

He also said that if a by-election is called by the provincial government in Victoria county, every able-bodied piece of organization which worked in the election of July 27, will be moved to help elect a farmer or laborite.

SAYS CANADIAN CHALLENGE WILL BE WELCOMED. Montreal, Aug. 10.—Unquestionably a challenge from a recognized Canadian club would be quite popular and would be gladly received by the New York Yacht Club, says Montagu Worthley, a New York yachting expert, who is in this city.

He called on A. C. Ross during the day and discussed with him the probabilities of placing a challenge for the America's Cup.

RACING FOR THE CORONATION CUP. Chester, N. S., Aug. 11.—The first yacht race for the Coronation Cup here yesterday was won by the Halifax yacht club, owned by A. E. MacKintosh. The Windward, owned by R. A. Corbett and the Gen won by eight minutes in corrected time. The Chester yachts Linnett and Dixie were third and fourth respectively. The second race over a 22 mile course will take place today.

CITY WELCOMES PROSPECT OF HORSE RACING

J. D. Black Sees Mayor and Commissioners Assured of Co-operation with Maritime Racing Association—Inspects Moosepath and Finds Accommodations Already Fair.

J. D. Black, manager of the new Maritime Racing Association, who is in the city, called this morning on the mayor and John Thornton, commissioner of public safety, and was assured by both that the co-operation of the city government would be given as far as possible to promotion of horse racing in the city. Mr. Black will meet this afternoon with members of the St. John Exhibition Association, when a racing programme for exhibition week will be mapped out.

In conversation with a Times reporter this morning, Mr. Black said that he had inspected Moosepath Park and found the accommodations there in fair shape. Some minor repairs will be necessary before the opening meet, and should the new association meet with the success which is anticipated, it is planned to execute several alterations and additions to the accommodation at the park. He said that he found fifty-two stalls in hiding is expected for occupation present.

Mr. Black will go to Moncton tonight and next week, planning to visit Woodstock in connection with the work of the new association. He expressed great optimism of the future of the organization.

SIXTY-SEVEN TIMBER BERTHS ARE TO BE SOLD

Regulations for Auction in Fredericton on Aug. 25.

Fredericton, N. B., Aug. 11.—The Royal Gazette today contains news of the regulations to govern the sale of timber lands to be held in this city at the crown land office on the 25th instant. The sale will be on a basis of stumpage value, the stumpage on spruce, fir, pine and cedar being at standard rates and on other varieties as follows: Hemlock, four-fifths; hardwood, one-half; poplar, three-quarters. There will be no mileage or fire tax exacted.

Official returns for the prohibition referendum held in this province on July 10, are published today in the Royal Gazette. The majority for prohibition is stated as 24,304 and the majority against light wines and beers is 18,100. The totals are for prohibition, 46,302 and for light wines and beers, 26,800. For St. John City and County the totals were for prohibition, 8,059, against prohibition 6,208, for light wines and beers 6,785, against light wines and beers 7,600.

Rev. Albert Edward Andrew of Windsor, N. S. Church of England, is registered temporarily to solemnize marriage in New Brunswick.

The following have applied for liquor licenses in New Brunswick:—Wholesale: Numa Bernatchez, Campbellton; The Brayley Drug Co., St. John. Retail: Alex. C. Roy, Campbellton; Patrick J. Mayo, Newcastle; George K. Bell, St. John.

K. OF P. MUSTER 2,000 MEN AT CONVENTION

Warning Served on Forces of Unrest by Supreme Chancellor Davis. Minneapolis, Minn., Aug. 11.—Two thousand delegates from all parts of the United States and Canada mustered here yesterday for the first formal session of the thirty-first international biennial convention of the Knights of Pythias.

Charles S. Davis of Denver, supreme chancellor, served a warning on the forces of unrest that the Knights of Pythias pledge 800,000 men to uphold law and order.

While the biennial report was being heard by the Knights, the Pythian sisters opened their convention at a local hotel.

EASY TO GET A DRINK IN TORONTO. Windsor, Ont., Aug. 11.—Clarence De-fields, chief of the Windsor fire department yesterday declared that while in Toronto recently attending the fire chiefs' convention, he was shocked at the open manner in which liquor was being offered for sale.

"I had not been there twenty-four hours," he said, "before I had all kinds of liquor offered me for a consideration. I could have had it in pints or barrels, and one did not have to go into a back lane to get it, either."

INCORPORATION OF SIX HAS BEEN ANNOUNCED

Conference in Fredericton Over Transfer of Coal Properties Near Minto to Americans—Capital Hotels Busy.

Fredericton, N. B., Aug. 11.—Six new companies are organized and incorporated in New Brunswick and capital stock of \$200,000. The company is authorized to carry on a lumbering business.

Alfred West, Wesley West and William J. West, all of the Parish of Johnston, Queens county, are incorporated as West Lumber Company Limited, capital stock \$200,000 and head office at Cole's Island. The company is authorized to carry on a general lumber business.

John Louis Mowatt LeLacheur, his wife Gladys Christine LeLacheur and Harold D. Finley all of St. John, are incorporated as the Phonograph Salon, Limited, with head office in St. John and total capital stock of \$2,000. The company is authorized to deal in all kinds of musical instruments, to carry on the business of concert promotion, to deal in real estate and act as agents.

Charles M. Kerrison, J. Albert Linton and Thomas Nagle, all of St. John, are incorporated as The Lord Beatty Limited to purchase and acquire the steamer Lord Beatty and to carry on general business. The head office is to be in St. John and the capital stock is \$25,000.

Charles F. Sanford, W. H. Harrison and Miss Lillian Wooler all of St. John, are incorporated as Benton Land Company Limited with capital stock of \$80,000 and head office in the Parish of Cumberland, York county. Permission is given to hold meetings of the company, shareholders and directors outside New Brunswick, and within the United States.

The company is given general powers covering land development and other lines of business.

Miss Annie McLaughlin, Mrs. Annie McLaughlin and May H. Armstrong, all of Perth, Victoria county, are incorporated as George B. McLaughlin Ltd., capital stock \$9,900; head office is Perth. The company is authorized to carry on business in agricultural products, machinery and other commodities.

Col. P. Hollock of New York, is in Fredericton today in connection with the expedition of coal mine properties near Minto, to American interests, James Friel, K.C., of Moncton; A. D. Taylor, of Minto; and R. W. McEllan of this city were in conference this morning. Colonel Hollock said he would not be in a position until Thursday to make a statement.

Fredericton is enjoying the best tourist business on record. Tuesday night all hotels were reported filled and accommodations still in demand. Increase in motoring is held accountable and also a heavy tourist movement from the United States on account of the heat.

Rain today lowered the temperature here.

Gilbert E. Dykeman, of Devon, and William Johnston, of Marsville, have formed a partnership as Dykeman & Johnston, to carry on a laundry business in Devon.

## PRECIOUS PLUMES SEIZED ON SHIP

U. S. Customs Officers Find Bird of Paradise Feathers

Two Men Caught at New York Pier—Feathers Highly Valued Confiscated—Law Makes It Difficult to Prove Offence.

Customs officers at New York the other day uncovered what is believed to be a plot to smuggle hundreds of thousands of dollars' worth of bird of paradise feathers into the United States when Emanuel Viscara and Giovanni Ponce, two fishermen on board the Italian liner Duca degli Abruzzi, were caught leaving the boat at Pier 97, North River, with feathers concealed under their clothes.

Inspector McGuinness, who was on the pier, noticed that the two men had spare features and thin necks, but remarkably fat bodies and round legs. The two men put up a fight but were soon overpowered. When their coats and shirts were taken off it was found that each had about forty fine bird of paradise plumes strapped tightly to his body and legs.

Inspectors Lynch and Barron boarded the ship and searched the bunks of the fishermen. They found plumes hidden in pillows, in mattresses and other hiding places. While they were at work other members of the ship's company discovered the inspectors and attacked them. The two inspectors had to draw their revolvers and threaten to shoot to avoid being mobbed. About 110 sets of feathers were recovered, value estimated between \$10,000 and \$20,000.

## Two Men Locked Up

The two men who were caught leaving the pier were locked up in the Tombs while the investigation was continued. The prisoners were charged with a violation of a Federal act of 1913, which forbids the importation of the plumage of wild birds.

## COMMON COUNCIL

Heated discussion marked the meeting of the common council yesterday when the laying of granite block paving in Prince William street was being considered.

The matter under discussion was the offer of Frank Wade to lay the block paving for \$140 per square yard.

After some warm debate it was decided to accept the offer.

The recommendation of the committee that authority be given the C. P. R. to lay another approach to the falls bridge was amended to read that the existing track shall be removed when the new one is ready for use.

A letter from the board of trade was read, supporting the resolutions passed by the St. John board of fire underwritten by Mr. Bullock said the original resolutions of the board had now increased to seven.

The city engineer, he said, is busy on a report upon the matter and upon his motion the matter was left with the commissioner of harbors, ferries and public lands for a letter report to the council.

A letter from the board of health regarding prevention of the bubonic plague from entering this port was read and upon motion of Mr. Bullock it was referred to the health committee.

The matter should be taken up properly with the federal department of health and agriculture.

Upon recommendation of Mr. Frink, the resolution regarding the permanent paving of Lansdowne avenue, passed at the May 25 meeting of the council, was amended to read "and that the work be done by the city of St. John through its department of public works."

Mr. Frink reported that he had taken up the matter of appropriating the street known as Vihart street but that he had received no reply from his letter to the trustees of the estate.

Mayor Schofield was asked by Mr. Frink to bring in a report on his statement of the city's overdraft, submitted at the last meeting of the council, showing what proportion of the overdraft represents sewer taxes, how many taxpayers owe the city \$50 and upwards and what efforts are being made to reduce the overdraft.

Mr. Bullock was asked by Mr. Frink to bring in a statement regarding the finances and the operation of the St. John housing board, showing how much money had been received by the board, how much money had been voted by the board, what interest had been paid, how many houses had been erected, what was the cost, who was the architect, did he work on salary or commission, who were the contractors and how many inspectors had been employed and what wages had been paid.

Mr. Bullock said that he would make a full report upon the matter at an early date.

Upon recommendation of Mr. Bullock, Capt. A. J. Mulvey and James MacKenney were reappointed port wardens for the port and harbor of St. John.

Mr. Bullock said that the council should give some consideration to the new rates of the telephone company. The contract which the New Brunswick Telephone Company, Ltd., had signed with all its subscribers called for a thirty day notice regarding an increase or other change and he pointed out that in the present instance some of the subscribers had only a few days' notice before the increased rates became effective.

It was recommended by Mr. Thornton that the matter of harbor commission should be dealt with as soon as possible and Friday next was suggested as a day for another hearing upon the subject.

Mayor Schofield said that he was waiting for another letter containing important information and when that was received he would hold another meeting and make a full report upon his findings regarding harbor commission when he was in Montreal.

The matter of placing service pipe extensions to the properties in Douglas avenue before the permanent paving is laid in that street was taken up and discussed by all the commissioners at some length. It was decided to have the city engineer make a further report upon the advisability of extending a junction extension made to some properties, so that adjoining properties could be later improved without affecting the permanent paving. Upon suggestion of Mr. Jones and Mr. Thornton, it was also decided to have the commissioners and the St. John housing board visit the district for later suggestions upon the matter.

According to the report of the British Food Mission in Vienna, the pay of a professor at the University of Vienna is insufficient to buy a single suit of clothes for himself, wife and one child.

## CUSTOM-MADE CLOTHES AT LOWER PRICES

The great number of men who have their clothes custom tailored will appreciate the unexpected drop in prices.

This is not a general lowering of prices throughout the trade but is obtainable at Oak Hall where a very special sale is now in force.

The simple reason for this sale is that the month of August is the "quiet" month of the year, it is between the regular seasons, and Oak Hall, rather than disrupt their fine organization are taking this method of holding it together.

During this sale \$70 and \$75 suits are offered for \$58. Suits regularly priced at \$80 are now quoted at \$68. Then there is an excellent range of \$56 Fall overcoats offered at \$45 and Winter overcoats regularly priced from \$60 to \$65 are marked at \$50. These prices are all below the luxury tax, so that the prices mentioned above are net prices.

Many men will not doubt take advantage of this unusual opportunity to get their new fall suits and overcoats made before the workrooms become rushed with the next seasons business, simply because they know that at this time the most careful attention possible can be given to all details, and the workmanship will be thorough in every way and at the same time they can make a real substantial financial saving, which no one wants to ignore these days.

This sale starting today will continue for one week only, so it is to a matter of own interest to leave his measure with Oak Hall and make his cloth selections at his earliest opportunity.

## QUESTIONS THE ANGLO-JAP TREATY

Manchester Guardian Says It Is Not Consistent With League Covenant—Will Need Remodelling.

(Associated Press Correspondence.) London, July 24.—A joint declaration of the British and Japanese governments that the Anglo-Japanese treaty, which has just been permitted automatically to renew itself for another year, is "in harmony with the spirit of the covenant of the League of Nations" is challenged editorially by The Manchester Guardian.

It is assailed as "a typical example of those partial and exclusive agreements between particular powers which the League of Nations was designed to supersede."

"The Guardian says:—'Some people may be sceptical about the latest Anglo-Japanese note, but it is a most interesting document. The present Anglo-Japanese treaty dates from 1911, and will run, in the normal course, till July, 1921. But the Foreign Offices of the two nations have remembered the covenant of the League of Nations. They point out that the treaty, though in harmony with the spirit of the covenant of the League of Nations, is not entirely consistent with the letter, and they add that, if renewed next year, it must be in a form which is not inconsistent with the covenant.'

"There is only one weakness about this statement, and that is that its opening proposition is entirely inaccurate. The Anglo-Japanese treaty in all its forms has always been entirely out of harmony with the spirit of the covenant. It is a typical example of those partial and exclusive agreements between particular powers which the League of Nations was designed to supersede. It pledges the enforcement of all the punitive measures contemplated in Article 16 of the covenant, which includes military force, but do not impose its territorial rights or special interests threatened in Eastern Asia or India.

"The covenant, of course, provides an elaborate machinery by which the League will deal with such contingencies and bring its collective powers to bear on the offender, whether in or out of himself among its members. The Anglo-Japanese treaty will need remodelling from top to bottom in order to make it consistent with the covenant. It will presumably be done by each power under taking formally to go to war in support of the other after the League has definitely pronounced against an aggressor and ordered the enforcement of all the punitive measures contemplated in Article 16 of the covenant, which includes military force, but do not impose its territorial rights or special interests threatened in Eastern Asia or India.

"There would then be the protection

## LOCAL NEWS

Mrs. Agnes Braman, Erin street, was injured while working in Brown's paper box factory yesterday, and was immediately taken to the General Public Hospital, where it was found necessary to amputate one of the fingers on a hand which was crushed.

The tern schooner Beaver has been sold to Captain Trenholm. The Beaver was built at Perry's Point (N. B.) in 1880 and has spent most of her career in the coastwise and West Indies trade. She has been bought and sold numerous times. Her last commander was Captain James H. Walsh, who was drowned from her last fall.

The mail received by the board of trade yesterday was somewhat out of the ordinary. A Boston inquirer asked for a list of the best dentists in St. John.

#### HARBOR COMMISSION

Just why the city council should give up any of its valuable time to the question of harbor commission further than to inform the government that the existing act is unacceptable, is not easily understood. If the council would devote its attention to getting the agreement of 1911 carried out and inducing the government to provide terminals for its railways and steamships on the east side of the harbor it would be doing the city a real service.

#### RAILWAY RATES

The Railway Commission is now considering the application for increased railway rates. The statement made yesterday by President Beatty of the C. P. R. shows an enormous increase in the cost of operation. He said that aside from fixed charges and obligations on capital account the cost of operating the line in 1916 was \$68.87 out of every hundred dollars of gross revenue. In 1917 this cost had increased to \$70.01; in 1918 to \$78.16; in 1919 to \$81.89; and since then to \$88.37; and if a new wage scale based on the American scale should be made retroactive to May 1st, the figure would be \$98.10. The rapid rise in wages and cost of materials since 1916 has hit the railways hard. In the United States the increase in rates was accepted by the business interests of the country as necessary to a satisfactory railway service. If the increase in Canada is approved by the Railway Commission the result will, of course, be an increase in the cost of merchandise to the consumer, as was pointed out by the president of the Wholesale Grocers' Association yesterday. President Beatty has made out a strong case, supplementing the statement recently made by President Hanna of the C. N. R. The case for the government railway system is the stronger of the two. This was made clear by Mr. Hanna in the following statement:

"In considering the performance of the Canadian National Railways as compared with that of other lines, it must of course be remembered that the three systems which have been acquired by the Dominion government were individually classed as weak lines as compared with the Canadian Pacific Railway, and could not make ends meet under conditions prevailing in the last two years. The Canadian Northern and Canadian Government lines were after consolidation still weak in the centre, which weakness has been removed by the acquisition of the Grand Trunk system, but, as previously stated, consolidation of the latter system with the National lines is just about to commence, and cannot be fully achieved until the arbitration is concluded. In the meantime the fact that the Dominion government owns these lines cannot be expected to change deficits into net earnings. It is true that some economies can be effected by consolidation, but nothing that would begin to offset the present improper relationship between operating expenses and gross earnings."

#### COX AND HARDING

The position of Gov. Cox in regard to the League of Nations he states as follows: "Senator Harding as the Republican candidate for the Presidency proposes that we remain out of it. As the Democratic candidate I favor going in." And the New York Evening Post says: "The forces against the League, whose strength we do not underestimate, will be immeasurably augmented and encouraged by Mr. Harding's election. His success will be interpreted as a verdict against the League. The Republican reconcilable will be in the saddle more firmly than ever. Even if Mr. Harding had the will and courage to challenge the enemies of the League in his own party, the outlook at best would be for a protracted and weary struggle. We should be going into the League not as a nation conscious of its powers and its duties, but as a reluctant and suspicious partner in a compact to which we bring no moral fervor, no vision, no confidence. As between a candidate who would have us assume among the nations a man's part in manly fashion and one who would have us either stay out of the League or crawl into the League we can see no choice. The issue is now joined. If Senator Harding cannot soon bring himself to speak out for a League of Nations, a League safe-guarded by specific reservations, but recognizing nevertheless America's duty and obligations, then there is no free choice for friends of the League. They must go with Cox."

#### THE PROBLEM OF POLAND

Premier Lloyd George announced yesterday that the Allies would appeal to the United States in regard to Poland, and pointed out that there was no more ardent supporter of an independent Poland than President Wilson. A despatch from Washington gives the text of a note recently sent by the American government in reply to an enquiry from the Italian government through its ambassador, and it begins with this sentence: "This government believes a united, free and autonomous Polish state and the people of the United States are earnestly solicitous for the maintenance of Poland's independence and territorial integrity. From this attitude we will not depart."

The same note expressed the view that the Soviet government of Russia should not be recognized by the Allies, and the confident belief that the Russian people would in due time rid themselves of it. Hence the United States is opposed to any dealings with the Soviet regime beyond the most narrow boundaries to which a discussion of an armistice can be confined."

The note goes further and says the United States "will support any justifiable solution of the present difficulties in Europe." It is held, however, that the true boundaries of Russia, outside of Poland, Finland and Armenia should be recognized and foreign troops withdrawn, with the assurance that any power outside Russia, if it is the belief in Washington that such a course would deprive the Bolsheviks of the force of the appeal to Russia nationalism and pave the way for their downfall.

The attitude of the United States should have some effect upon Russia, making it clear to the Soviet government that to defy the Allies would be to court very serious trouble. Mr. Lloyd George still hopes for a peaceful outcome of the negotiations, although the Russian forces continue their advance upon Warsaw. The conference between the envoys of Poland and Russia at Minsk will have a determining effect upon the situation.

Of the gentleman who has been creating a sensation in financial circles in Boston lately a New York paper says: "Charles Ponzi has caused a stir in the financial world comparable to that which marked the bursting of the Mississippi Bubble by his deft manipulation of foreign postal exchange, by which he has paid thousands of Boston investors a profit of 50 per cent. in forty-five days and made a fortune for himself which is said to exceed \$12,000,000. He landed in America with \$9.50 in his pocket."

### Rippling Rhymes

The problems which so long have vexed will soon dissolve in air; an editor will be the next to fill the White House chair. And editors are gifted with the gift of the gab; they would not give you fourteen cents for all that problem stuff. The man who on his tripod sits and writes those gossamer words, is used to every kind of it that this old world can throw. New problems face him every hour, each one a rumpus makes; he piles his pasteboard, blue and sour, and solves them in three shakes. The man who runs a paper now, nor takes the poorhouse train, has shown that in his bulging brow there is a massive brain. And soon a journalistic scout will walk the White House way, and cry, "The latching of the door will meet a man who fears them not, who has blue prints to show his feet are comfortably hot. Ye Editor will laugh to scorn the Problem's sickly thud, drink its confusion in a horn of prohibition suds."

### CANADA—EAST AND WEST

#### Domestic Happenings of Other Days

#### STRIKING IN MONTREAL

As soon as General Amherst had reduced La Gaitie, in his advance from Oswego to Montreal in August 1760 he continued on his way down the St. Lawrence River. The Cadets and the British side, from among the French he had captured he passed safely the first rapids. It was not until they reached the Cedars, twenty miles above Montreal, that they experienced the perils of the voyage. If these wildly dashing parts of the Lawrence boat were lost here, the most dangerous of the river then, Amherst landed his whole force and marched the eight miles from the Cedars to the falls of Montreal. The place was a little one or two story building town, with three churches and four stone walled convents, surrounded by a shallow moat and a bastioned stone wall upon which the British had just landed. The British were in a position to resist an attack with cannon. The day after Amherst arrived from his forces from the east and the siege was under way.

#### News Notes About

#### Prominent Baptists

Rev. Leon L. Duffy is now at work with the churches on the Public Field. After closing his work at Grand Falls, N. B., he spent a few months in rest before taking up the burden of another pastorate.

Rev. W. E. Robbins, pastor of the First Baptist church of Dorchester, Mass., will spend his vacation at Bedford, N. S. During August his church in Dorchester will be supplied by Rev. W. J. Rutledge of South Boston.

The churches on the Millstream field are preparing to entertain the Brunswick Association. An invitation has been extended through the pastor, Rev. C. S. Young, and without doubt will be accepted.

Rev. W. E. Scott of Oxford is spending two weeks' vacation at his boyhood home in Hammonds, N. B. His vacation is likely to prove a change rather than a rest, as he is superintending the building operations on his mother's farm. We expect that the hay will be made in record time in the pastorage at Oxford. Mrs. Scott and her boys are looking forward to father's return. Oh, yes, there is a baby there. If you are a month behind the times.

Glancing over our mailing list the other day we discovered the name of Rev. O. E. Steves at Clementsvalle. The notice of the church in connection with our attention. This must mean that the Clements church has secured a new pastor, which is good news. But it also means that the newly laid-out field at Tiverton and Central Grove has lost its pastor after an all-too-brief period of service. That is very much the reverse of good news.

We are indeed pleased to report that Rev. W. Steadman Smith has settled with the Paradise and Clarence church. After spending a few years in California, whither he went on account of his health, he returned home last May. Since then he has been supplying the church at Bear River, his old home church.

Many will learn with sad interest of the death of Mrs. H. C. Creed, widow of Dr. H. C. Creed of Fredericton. In our obituary columns will be found the notice of the passing of the beloved and honored mother of Dr. J. H. MacDonnell. In the remote community where her life was spent she was a power for righteousness, and for true godliness.

We regret to learn that we are likely to lose another of our young and successful pastors to the work across the border. Rev. S. Johnston has presented his resignation as pastor of the churches on the Centreville (Carleton county) field, having been called, we understand, to the church at Hartland, Maine. We are not positive that he has accepted the call.

#### HIGH PRICES AND EXPORTS

"There are unmistakable signs," says a recent business review of Lloyd's Bank of London, "that in our chief industries the home trade has received a distinct check, owing to the high prices prevailing; and while owing to depleted stocks, foreign countries are willing to pay high prices if they can be sure of the goods, it seems certain that with the growth of competition the export trade will eventually suffer if prices are maintained at their present level."

#### HIS ONLY CARE

It was a hot, drowsy day in July, and the heat waves swam steadily upward from cotton field and winding road. In front of a negro cabin, a man sat, clad in the season and with a fishing pole in his hand nodding sleepily. The line attached to the pole was dangling into a water barrel that had never raised anything more like a fish than a mosquito larva, known locally as a wigglitail.

An acquaintance passed by, mounted on a packing mule, whose dragging feet kicked up little spurts of dust. Catching sight of the somnolent fisherman, the passer-by called: "Hey, Jim, what you doin' in dat oil water barrel? You want no fish gwine catch nothin'. Jes' wartin' 'n' time."

Jim peered forth from heavy-lidded eyes. Niggh! I knows jes' as well as you does, I ain't gwine catch nothin' in here here bar'l. What does it care if I don't catch nothin' so long as I is can'tt'able as I is."

The fisherman returned to his nodding, and the packing mule ambled on down the dusty road.

#### A POINT OF LAW

An interesting point of law was raised at Osgoode Hall, Toronto, regarding the right of a postmaster to share in the estate of his deceased parent. The matter came before Mr. Justice Orde on application for the interpretation of the will of the late Mrs. A. L. Bell of Danville, Ont. Mrs. Bell's husband died in March, 1919, and at the time of his death she was again expecting to give birth to a child. Prior to the event she made a will leaving all her property to her children. The three then living were specifically mentioned by name and a blank space was left in the will for the name of the expected little stranger. Mrs. Bell died in childbirth, but the baby survived. This testimony was supported by the official guardian, and his lordship adjudged, on motion sine die, but appointed Mr. W. Davidson to represent the infant.

#### DO YOU KNOW HER?

A man who lives in a New York West side boarding house describes his landlady: "She is a kind of a parallelogram; that is, an oblong, angular figure which cannot be described, and which is equal to anything; and any two meals in her house are together less than a square meal."

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, AUGUST 11, 1922

## C. P. R. PRESIDENT SPEAKS IN FAVOR OF MORE REVENUE

Says That With Increased Wages Present Revenue Would Hardly Operate Road

Ottawa, Aug. 10.—The following is a summary of a statement made today by E. W. Beatty, president of the C. P. R., before the railway commission on the question of increased rates for Canadian railways.

He commenced by saying that without the rate increases asked for but with the increased wages now in effect in the United States, the revenue of the C. P. R. for the year 1920 would scarcely equal its operating expenses, fixed charges and usual dividends. Even assuming that the C. P. R. would enjoy a twenty per cent increase over 1920 in the volume of freight traffic and ten per cent in the volume of passenger traffic, this would still be the case.

He submitted figures showing that while gross earnings had risen rapidly, operating expenses had increased much more rapidly. In 1916 the net cost of operating the C. P. R. aside from fixed charges and obligations on capital was \$68,877 out of every \$100 of gross revenue. In 1917 this had increased to \$74,144, in 1918 to \$79,021, in 1919 to \$83,126 and in 1920 to \$88,277. For the year ending June, 1920, the figure had risen so that \$88,277 instead of \$68,877 was required out of every \$100 revenue for the operation of the road alone.

The effect of this increased ratio of operating cost to gross revenue must, of course, said Mr. Beatty, be obvious. The net earnings of the C. P. R. out of which fixed charges and capital obligations have to be paid had fallen just as operating costs had risen. The rise of 19.88 per cent in operating costs in 1917 as compared with 1916 was reflected in net earnings by a drop of 8.29 per cent. Next year (1918), the costs rose 6.99 per cent over 1917 and net earnings dropped 29.06 per cent. In 1919 costs rose 4.15 per cent over 1918 and net earnings dropped 32.87 per cent of what they had been in 1918. Expressed in actual dollars the net earnings of the C. P. R. dropped from \$40,476,469 in 1916 to \$46,466,018 in 1917, to \$45,502,387 in 1918, a fall of roughly eighteen millions per annum in net earnings while gross earnings had risen in the same period enormously. The position of the company for the year 1920 would be even more unfavorable. The increased costs of operation for 1920 so far as known but not including the new wage scale now authorized in the United States and demanded in Canada, would amount to \$77,089,876.

The increased freight and passenger revenue due to rate adjustments in 1918 would yield \$88,988,804. Thus balancing one increase against the other, the company would have a deficit of \$87,450,472. The effect on net earnings was obvious. These figures he pointed out were based only on the present scale of wages and other costs. The original request made last month for a thirty per cent increase on freight was calculated to offset this \$87,450,472 deficit by adding approximately \$87,735,000 to the company's freight revenue.

Now, however, the American roads, whose wage scale influences the Canadian railway wage scale, had agreed to new rates of pay for their employees. This new scale if applied in Canada would accentuate the unfavorable position of the roads.

If the proposed new wage scale, based upon the American wage scale were made retroactive to May 1, as in the United States, the cost of operating the C. P. R. which had already risen from \$68,877 out of every \$100 in 1916, to \$88,277 at present, would rise to \$92,110 out of every \$100 of revenue for May and June. By the spreading of these retroactive wages (amounting to \$2,856,580 for May and June) over the six months, ending with

**FAM-LY-ADE**  
Made at Home!  
A DELICIOUS, tang-filled thirst-quencher. Comes in a tube of concentrated fruit flavor. Always ready to serve. Simple directions on every package. Begin to-day to make this delicious beverage. 35c. a tube at grocery and drug stores. Made in Canada by Power-Keeble Limited, Toronto.

**GOOD NEWS FOR APPLE PRODUCERS**  
Visitors from the Annapolis Valley report that the apple crop will be larger than expected earlier in the season, though considerably less than last year's large crop of 1,000,000 barrels. Horticulturists declare that the quality is above that of 1919 and some go as far as to say that on this account the total value will equal last year's.

**A NEW POST FOR REV. W. D. WILSON**  
It is the belief of Rev. W. D. Wilson's friends here that he will accept the post of general secretary of the New Brunswick Temperance Alliance, which has been offered to him. His resignation from the position of chief prohibition inspector, would probably mean a re-organization of the enforcement machinery.

**VICE-PRESIDENT HALL RETURNS**  
It has been decided to take off the Placense express train on the Dominion Atlantic division of the C. P. R. but on representations made to Grant Hall, vice-president of the C. P. R., it has been agreed to keep the train running as long as traffic conditions warrant. Mr. Hall returned yesterday from a trip to Nova Scotia. Mr. Hall said that the apple crop in the Annapolis Valley would be well up to the average and he thought prosperity would be general. He found everything on the D. A. R. in excellent shape. Mr. Hall left for Edmundston and Quebec.

**STEEL WORKERS AT MONTREAL OUT ON STRIKE**  
Montreal, Aug. 10.—Vice-President Curtis of the Amalgamated Association of International Steel and Iron Workers, said today that a strike had broken out in the works of the Peck Rolling Mills and the Steel Company of Canada. Mr. Curtis said that the men had presented a demand for increased wages at the beginning of last month, to be some effective from July 15. They received no reply to their demand and accordingly ceased work, which brought matters to a distinct deadlock as neither side is willing to cede to the other's wishes.

**Comfort Baby's Skin With Cuticura Soap And Fragrant Talcum**  
The steel company state that only one department in their plant is affected, all others were working as usual.  
H. R. McLellan, secretary of the Commercial Club, left for Toronto last evening in connection with the proposed new hotel.

June, the operating costs would be \$91.44 out of every \$100 of revenue. The increase first requested, namely thirty per cent would obviously be inadequate to meet the new development.

**Investment Increase.**  
The capital investment in the C. P. R. had increased from \$34,908,895, in 1917, to \$62,217,777 in 1919. The return on the investment had fallen in the same period from 5.578 per cent to 4.006 per cent. The surplus had decreased in that time from \$12,420,915 to \$444,249.81. The allegations that the company's high costs were due to an effort to make up arrears in work accumulated during the war was refuted.

Mr. Beatty pointed out that the number of men employed on such work per mile of line was less today than the average of the three years preceding the war. In these pre-war years, the average number of men employed on the C. P. R. in maintenance was 2,159 per 1,000 miles of line. During 1919, the number was only 1,284. During the first six months of this year it was still less, 1,110. During the four pre-war years the average number of men employed in shops and roundhouses was 17,204. In 1919, 10,798. During the first six months of 1920, 21,826. This increase was explained by the reduction of the working day from nine to ten hours to a uniform eight-hour day.

**FIRST THING IS TO DEFEAT THE GOVERNMENT**  
Toronto, Aug. 10.—That R. W. E. Burnaby, U. F. O. candidate in North York, against Hon. W. L. Mackenzie King, Liberal leader, should withdraw from the field was the suggestion made by Mr. King, speaking at a gathering at Oak Ridge, near here.

"If they get the U. F. O. and Liberals and other parties fighting throughout the country, then the union government will have a chance," he declared, "and if they are elected again they might carry on for another generation. I think the first thing to do is to defeat the government."

Mr. King explained that he had declined a nomination in Glenora (Ont.) because he wished to leave the field open to a farmer candidate. Mr. Burnaby himself was present at the meeting and afterwards spoke to Mr. King, but he did not state whether or not he would withdraw.

## Sweet and pure—through summer's heat

Your appetite will not pause before a glass of **Carnation Milk**. For you know that it is pure—and fresh. You know that it is guarded against taint. Sealed **Carnation Milk** is certainly the safe milk for warm summer weather. Pour out a third of a glass of this rich, creamy milk. Then fill up the glass with cold, pure water. There you have milk better than you can usually obtain for table use. Without the water, **Carnation Milk** is served as cream for breakfast tea or coffee. It is fresh because it is sealed, while perfectly fresh, in the very heart of Canada's dairy lands.

- Use **Carnation Milk** for:
- Table Use
  - Children's Drink
  - Baby's Bottle
  - Coffee, Tea
  - Cocoa
  - Cereals
  - Ice Cream
  - Iceberg Lettuce
  - for Every Milk Use.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, AUGUST 14, 1920

### NAVAL VESSELS FOR CANADA TO ARRIVE SOON

Ottawa, Aug. 13.—Towards the end of September the flotilla of naval vessels comprising an oil burning cruiser, the Aurora, two destroyers and two submarines, which are the gift of the British admiralty to Canada, will arrive

at Halifax. After a demonstration they will be brought to Quebec and later to Montreal. If it is found practicable the submarines will be brought up some of the Canadian canals to the Great Lakes. If they draught is sixteen feet as is supposed this may be a matter of difficulty. It is the intention to keep all these vessels at sea as training for officers and crew to form a nucleus for working out any future naval policy adopted by Canada as a result of the 1921 imperial conference and subsequent deliberations in parliament.

The obtaining of the Aurora, an oil burning vessel, is a subject of some self-congratulations to the government as it is understood that Admiral Jellicoe, when in Canada, informed the dominion government that there was no hope of any vessels other than coal burning ves-

sels being taken over. The story goes, however, that the minister of marine has persistently and consistently refused every coal burning cruiser offered and that representations made concurrently in London that only a modern vessel would make Canada consider it worth while, eventually brought about the offer of the Aurora.

#### FOR THE PREMIER.

Toronto, Aug. 13.—Mayor Church will entertain Premier Meighen to luncheon on the occasion of the premier's visit of inspection of Toronto harbor on Friday morning. Edmund Bristol, M.P., has also arranged an informal reception at his home here on Friday afternoon for both Liberals and Conservatives. In a telegram to the mayor he asks his attendance and members of the city council and also any citizens who wish to meet the new prime minister. The reception will be non-political.

### "True Economy"

Is not so much what you pay for an article, as what you get in return.

## "SALADA"

Is worth every cent of its cost, as you get Quality Value incomparable.

### PORTO RICO HAS TWO RATS FOR EACH INHABITANT.

The 2,500,000 Cost \$15,000,000 Yearly, Says Major Corput of Public Health Service.

San Juan, P. R., Aug. 11.—Porto Rico has a rat population of 2,500,000—two to each inhabitant—and it costs the island \$15,000,000 annually to support them. This is the estimate of Major G. M. Corput of the United States Public Health Service, chief quarantine officer for Porto Rico.

Each rat, according to Major Corput, consumes provisions or damages crops and property to the extent of \$6 monthly. The recent census gave Porto Rico a population of approximately 1,200,000. On this basis each man, woman, or child in the island contributes about \$11 annually to the support of the rat family.

### ASSAULT CASE IS DISMISSED

Moncton, N. B., Aug. 10.—The further hearing of Michael Savoie and Oscar Gallant, charged with an assault on Sub-Inspector Coates of Centra Mills with intent to do bodily harm was heard today before Magistrate F. X. LeBlanc of Buctouche.

The case arose over an affair recently at St. Edouard. The case was dismissed. The magistrate decided that nothing was proven against Mr. Savoie. It was held that he had ordered them out of the house and they had no warrant to search the house. It is understood that the officers who were more or less injured in the affair were not seriously injured as at first reported and that all have recovered from any injuries received.

### CHATHAM BOY IS CHAMPION OF BRONCHO BUSTERS

Leo F. Moran, now of East Boston, Confident of Winning in Texas Tournament in Fall.

(Chatham World.)

The hero of the following sketch, which we find in a late Boston paper, was born in Chatham, the son of Michael Moran and nephew of Thos. Moran of Douglas avenue. He left here with a box of Gypsies, when he was a boy, being unable to resist the lure of the horse, and appears to have lived with and on horses ever since.

"Who! Whoopie! Yahoo! and everything else they yell on the plains of the west, for Boston has a real broncho buster, and if the stories they tell about him are true, he is a champion high-kicker on any kind of a dead blasted horse, be he from New Mexico, Texas or Maine.

Boston ought to have the shivers, or else swell with pride, to know that within its classic borders, which hold so much of the world's wonder, she has cradled the only dyed in the wool champion broncho buster of the country.

His name is Leo F. Moran, and he lives in East Boston. He is going to prove his mettle by taking "in" the world's broncho busting contest in Dallas, Texas, in the fall. He is confident of winning the \$2,000 prize and coming home to Noddle Island with the championship belt, or sombrero, in his hand.

He will be pitted against Buck Peters of Bliss, Ok., the present title holder.

### Served Three Years in France.

Moran during the World War was a member of the Canadian army—for he is a native born Canadian—and served three years in France at active fighting. He is only twenty-four years old now, and after the carnage on the battlefields of France, he avows he fears no four-footed animal that walks, or bucks, the plains.

He has been for much of his life a wild west rider with various circuses, at about the tented arena to get a good rest in Boston before mounting the caudeness of the most ornery beast in the shape of a horse that Texas can produce.

The bucking contest in which he will take part is to be held at Helene, Texas, at the yearly round-up and he is taking a vacation, not even looking at a horse, for a time, before going to the Lone Star State.

Moran is the champion broncho buster of Mexico; won it last year against Buck Peters, the same broncho bucking rider who is to contest against him in Texas.

Moran is very modest and hates to talk about himself, which is different from most circus employees, but he says that he left home at an early age and has stuck to the circus game ever since, riding all sorts of wild horses and showing his skill at horsemanship and with the lasso in many countries.

He is going to England to ride this fall in exhibitions, after he annexes the championship in Texas, which he is sure he will do.

### Record on a Bucking Horse.

He has stayed longest on a bucking horse of anyone on record, which is four minutes, three seconds and a half. He also took the championship of western Canada as a bull fighter.

He is not married and his only love is a horse. He generally rides in the winter in indoor theatres and shows.

He is an accomplished roper and has span three lassos at one time, one in each hand and one with his teeth.

"I learned roping," he says, "from an Indian at Edmonton, Alberta, and he was the best teacher in the world. At sixteen I was a jockey in Canada, and have won two medals for hurdle jumping in England.

"I can do anything with a horse. It is all knowing how to handle them, and I guess it comes natural with me. Success with animals is not learned. It is born in one.

"An amateur rider doesn't have the shape of a horse and that fuses the animal. Look at my legs. Why I have ridden so much they look bow legged. I can side much better than I can walk. My knees are stiff when I walk, I have ridden so much.

"I practice roping every night. Throw a thirty-foot rope and have roped seven running horses at once. Yes, I have met the best of them in the world, both at roping and riding, and I guess I am as good as the best. Yes, I like Boston and shall make it my home always. I like to go away, but am always glad to get back.

"I wish they would have bucking contests here, but the horses of the east are too tame. I have no use for a kind, gentle horse. The more they buck the better I like it and the more I feel at home. Sure it is a hard life, but men must be men, and excitement is what keeps all of us up to the times." Hightfoot, Eqkas

### BEAR SLAPPED FACE OF OLD TOWN MAN

Thomas Towle's Adventure Cost Him His Fails of Blueberries.

Old Town, Me., Aug. 10.—Thomas Towle, musician and leader of Towle's Jazz orchestra, has had an experience which he is in no hurry to repeat and which is keeping him busy answering questions as to whether he has been in a fight, or just what is the cause of facial appearance which are, for so mild a man as he, decidedly unusual. It appears that, lured by the unusual supply of blueberries, he decided to go out to Greenfield and gather a supply for home use. He had been actively engaged for some hours and had both balls full, when he had occasion to step over a log directly onto the back of a cub bear. Mr. Towle tipped over, so did his berries and the cub seized the opportunity to slap and scratch his face viciously before he could get away from that vicinity leaving him with a beautiful black eye and many scars of conflict. He says that anyone who wants those berries may have them for going after them, but he has lost his appetite.

### Andre Honorat, minister of education in France, is working on a plan for an increase in the salaries of all French teachers, male and female. If his present plan is adopted, each teacher will receive a flat increase of 800 francs a year and an increased "indemnity" for house rent in the case of married teachers.

### EDUCATIONAL

#### ACADIA UNIVERSITY

WOLFVILLE - Nova Scotia.

Departments: Arts and Sciences, Applied Sciences, Theology.

Degrees: B.A., B.Sc., B.Th., M.A., and certificates admitting to the best technical schools. First two years in Agriculture given as electives in B.Sc. course. First year in Medicine, Law, and Theology given as electives in B.A. Course.

Equipment: Largest undergraduate faculty in the Maritime Provinces. Three new and splendidly equipped Science Buildings. Modern gymnasium and physical training.

Expenses: Expenses light and average \$2000.00 given in prizes and scholarships yearly. Send for calendar.

Rev. George B. Cutting, Ph.D., D.D., S.J.D., President.

Next term begins September 26, 1920.

#### Acadia Ladies' Seminary

WOLFVILLE - Nova Scotia.

A Residential School

The Aim.—To prepare Girls and Young Women for comprehensive training.

The Courses.—Twelve: including College Matriculation, General, Music, Art, Expression, Neuro-psychology, Business, Household Science, and Special Training.

The Faculty.—Twenty-four Teachers of fine personality and Special Training.

The Equipment.—Modern and First Class in every respect.

A Junior School.—For Younger Pupils.

Information.—Write for illustrated book to

Rev. M. T. DOWLER, S.B., Principal.

Next term begins September 26, 1920.

#### ACADIA COLLEGIATE AND BUSINESS ACADEMY

A Residential School for Boys and Young Men.

Ninety-Second Year

Courses.—Collegiate, Manual Training, Business, Special Courses.

Facilities.—Modern Buildings, Good Equipment, Ideal Location, Splendid Environment, Modern Gymnasium. Experienced Teaching Staff. Moderate Cost.

For illustrated Catalogue of information apply to

Principal W. L. ARCHIBALD, Ph. D.

WOLFVILLE - Nova Scotia.

Next term opens September 26, 1920.

#### Lower Canada College

LOCAL NEWS  
Miss Bertha Ruddick is making a tour of the province in the interest of the Red Cross Society. She is delivering lectures and stimulating and encouraging work for the betterment of the health of the people. Her present itinerary are Richibucto, Reston, Buctouche, St. Francis, Moncton, Shediac and St. John.

Up to August 10 of this year there were 866 births in the city, while in 1919 up to July 12 there were only 811 births recorded. The total for 1919 was 873. There were only 867 births reported. The increase is largely attributed to the more efficient way of gathering the figures, and the rigorous enforcement of the law with regard to vital statistics.

At the meeting of the Bible Conference at Woodman's Point yesterday the speakers in the morning were Rev. R. F. McKim and Rev. W. B. Williston. In the afternoon Rev. C. W. Nichols delivered the second address of the series. Rev. W. B. Williston completed his analysis of the Epistle to the Thessalonians, emphasizing the promise of the second coming of Christ. In the evening this speaker told of experiences in China.

C. E. Babcock of Toronto, Dominion provincial organizer of the Navy League, is in the city at present making arrangements for the financial drive which will take place between October 15 and October 25. Captain Douglas Kerr, the Dominion organizer, is expected to arrive shortly on the same mission. Mr. Babcock will spend about a week here.

The Digby Courier contains an item of interest to St. John people in an account of a reception held at the home of Mr. and Mrs. Oscar Morgan, Seal's Cove, in honor of their son, McArthur Morgan, and his bride, who was formerly Miss Winifred Dunlop, 78 Orange street, this city. The reception was presided over by Mrs. Frances Winchester, aunt of the groom, assisted by Mrs. Mark Longworth of Seal's Cove and Mrs. Byron Langley of this city. About sixty guests were present.

URGENT ACCEPTANCE OF WAGE INCREASE  
Chicago, Aug. 11 - The United States railway labor board's decision yesterday awarding an annual wage increase of \$800,000 to employees of the American Express Company, will be submitted to the 80,000 men affected in a referendum with a recommendation that the award be accepted. This was said by officials of the four unions included in the decision last night.

Mother of Moncton Doctor Has Passed Away in Montreal  
Moncton, N. B., Aug. 11 - Dr. G. T. Leighton yesterday received a telegram announcing the sudden death of his mother in Montreal. She was in her eightieth year. Mrs. Leighton leaves two sons and six daughters - Dr. G. T. Leighton of Moncton, H. Leighton of Beverly, Mass.; Mrs. C. C. Crocker of Millerton, Mrs. F. H. Moore and Mrs. W. U. Appleton of Moncton, Mrs. W. J. E. Clayton, Mrs. V. Robertson of St. John, and Mrs. McKnight of Montreal.

Oddfellows Meet in Grand Lodge in Sackville, N. B.  
Moncton, N. B., Aug. 11 - The 60th annual meeting of the Grand Lodge, I. O. O. F. of the maritime provinces and Newfoundland is being held in Sackville. The Rebekah and Grand Encampment held sessions yesterday and this morning the opening session of the Grand Lodge was held.

Basic Laws The Cause  
A basic law governs the price and profit of all commodity production. It is commonly called "the law of supply and demand". This law is now operating in the Canadian pulp and paper industry. It explains why the price of pulp and paper has risen and why it should continue to rise. It explains why the increase in the value of Canadian pulp and paper securities is not the result of inflation, but the result of a natural exhaustion of other countries' pulpwood reserves and their increasing dependence upon Canada.

Consult Our Branch Manager On Financial Matters  
FARMERS too often consider that a checking account is the only service our bank has to offer them.

THROUGH our various branches we offer farmers throughout Canada the same complete and attentive banking service that we afford to other Canadian business men. There is no financial problem connected with your farm which cannot be solved more satisfactorily through co-operation with the Bank of Montreal.

Our Branch Manager will be glad to have you confer with him regarding all such matters.

TEXAS PLANS BETTER SCHOOLS CAMPAIGN  
State-Wide Drive to Start in October - Millions Available for Salary Increases.  
Austin, Tex., Aug. 11 - Texas is to begin a State-wide campaign for better schools in October, according to Miss Annie Webb Blanton, State Superintendent of Public Instruction. One of the specific purposes of the campaign will be to carry at the polls in November a constitutional amendment which will permit each school district to vote for its schools whatever tax rate it deems necessary, thus removing a serious limitation on local progress. A fund of \$50,000 has been raised for expenses. Before the 1920 legislature adjourned in June it had passed up appropriations of \$1,000,000 for the increase of salaries of public school teachers, \$1,000,000 for increase of salaries in State colleges and an increase of salaries for county super-

intendants of from 33 1/3 per cent. to 66 2/3 per cent. Miss Blanton therefore feels that the State is ready to be thoroughly interested in a systematic educational campaign.  
ALL OUT ON BAIL  
Regina, Sask., Aug. 11 - Friends of five men arrested in connection with the alleged kidnaping of J. Christopher, one of the men, have furnished bail for each case. The men have been liberated to appear for preliminary hearing on August 17. Bail was fixed at \$10,000 with two additional sureties of \$4,000 or a total of \$18,000 for each man involved. A memorial has been erected to seven of five Eltonians who lost their lives in the Great War. It bears at its head the crest of the King's Royal Rifle Corps with the motto, "Glorie et Juxta" (awit and bold).

FOOTBALL PLAYERS PLAN BIG SEASON  
The meeting of football players, held last evening in the G. W. V. A. rooms, was attended and the outlook for the coming season discussed. Indications now point to an active and prosperous season this fall. In addition to the teams in the league last year, there will be two or three others. The Nashwalk Pulp & Paper Company will have a team in the field and the Commercial Club will be approached with the idea of it entering a team. The teams to represent the English and Scottish players of the city in the game at the term's end of the Commercial Club sports next Saturday on the East End grounds will be chosen from the following players: English players - Taplan, A. S. R.; Frosty, E. J.; Lennox, A. S. R.; Brindle, unattached; Rawlings, G. W. V. A.; Langworthy, A. S. R.; Robinson, G. W. V. A.; Parfitt, E. J.; Spearman, E. E. Scottish players - McAdams, E. E.; McGregor, G. W. V. A.; J. Smith, A. S. R.; Laidlaw, E. E.; Brown, E. E.; Kerr, G. W. V. A.; Rankine, E. E.; Murray, E. E.; Thompson, G. W. V. A.; Neil, E. E.; Simpson, A. S. R.; Fougaret, A. S. R.; Gillespie, G. W. V. A. Linesmen and referee - Marsden, Porter and Napier.

SPEDS THROUGH AIR ON TRIP TO DETROIT BY WAY OF MONTREAL  
Burlington, Vt., Aug. 11 - A large airplane, piloted by Lieut. Thomas P. Dunn, arrived here last night from Montreal. He reports that by way of Montreal, en route to Detroit by way of New York at noon on Wednesday, August 25, 1920, for a total of one hour on that leg, which he covered in one hour and eighteen minutes. He planned to leave this morning for Montreal.

BOLSHIEVSKI AND ALLIES.  
Philadelphia, Aug. 11 - In some respects the present crisis abroad is regarded as the worst since the armistice and is viewed as meaning that the Entente Powers are facing a position of peril.

TENDERS FOR DREDGING.  
SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging, St. John, N. B." will be received until 12 o'clock noon, Wednesday, August 25, 1920, for dredging required at St. John, N.B. Tenders will not be considered unless made on the forms supplied by Department and according to conditions set forth therein. Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa, or from Engineer in charge, P.W.D., St. John, N.B. Tenders must include the towing of the plant to and from the work. The dredge and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, Ottawa, for 5 p.c. of the contract price, but no cheque to be for less than five hundred dollars. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount. By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, August 8, 1920.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Heating Apparatus, Immigration Building, St. John, N.B." will be received until 12 o'clock noon, Friday, August 27, 1920, for alterations and additions to Steam Heating Apparatus in the Immigration Building, St. John, N.B. Plans and Specification can be seen in office of tender obtained at the Department of Public Works, Ottawa, the Superintendent of Dominion Buildings, St. John, N. B., the Inspector of Dominion Buildings, Halifax, N. S., the Overseer of the Dominion Buildings, Montreal, and the Buildings Exchange, Montreal, P. Q. Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount. By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, August 3, 1920.

APPEAL TO UNITED STATES IN REGARD TO POLAND

London, Aug. 10.—"We certainly are going to appeal to the United States," said Premier Lloyd George in the house of commons this afternoon in reply to a question as to what the position of the United States would be regarding Poland.

There is, of course, the difficulty there that up to the present she has not ratified the treaty and that the treaty is the subject of conflict between the two great parties. It is not in our power to say what view the United States executive would take. I am only judging from the attitude of the United States at the peace conference. She was a strong protagonist of Polish independence.

HONORED BY SERBIA

Mrs. L. A. Hamilton, prominent social and patriotic worker and member of Toronto city council, who has been decorated by the Serbian government with the Order of St. Sava and the Cross of Merit for her efforts in behalf of the Serbian refugees during the war.

Cures Constipation In a Sensible Way

They Work While You Sleep—Cost Only a Quarter—and Really Bring Lasting Results

It only takes one night to prove the wonder-working power of Dr. Hamilton's Pills. They are the smoothest, easiest acting laxative yet devised, the kind that a child or delicate woman can use with comfort.

You can cure constiveness quickly, surely and safely with Dr. Hamilton's Pills. Headaches you can banish for all time. Impaired digestion you can promptly restore.

Loss of appetite is replaced by a keen desire to eat. The blood is enriched and reddened, in consequence you are given new strength and vital energy.

Folks who are half sick, sort of run down, lacking in spirits and energy, those who find a day's work a wearying task, those who are unable to do their usual work, get a few boxes of Hamilton's Pills today, sold everywhere.

W. C. T. U. MEETING

At a meeting of the W. C. T. U. yesterday Mrs. D. Sherry, of Toronto, gave a splendid account of the Frances Willard home which the union supports in Toronto.

The opening devotional exercises were led by the president, Mrs. James I. Davis led in prayer, after which a collection was taken for flowers. A communication was read from Mrs. A. C. M. Lawson acknowledging a contribution sent by the St. John union for Misses, and Mrs. Ellsworth Scott wrote to express thanks for flowers sent her while in the hospital.

Mrs. Sherry, who came as the guest of Mrs. Robert Humphrey, spoke of the founding of the Frances Willard home, tracing its gradual expansion until at the present time it provides accommodation for 200 girls. She urged the need of a new building, and said that one well-wisher had promised to contribute \$25,000, and the new building was practically assured.

Abbey's SALT Good for Children

OFFER GOOD FOR CHILDREN

A. O. HUNTER, of Cincinnati, Ohio, who says Tanlac has certainly proven its worth in both his own and his wife's case. He wasn't able to work when he began taking it.

"Last fall I had the 'flu' and it left me in a very weak and run down condition with no appetite at all and such a weak stomach that even the smell of cooking made me sick. I was awfully nervous and night after night I couldn't sleep to do any good. I would get up in the mornings tired and worn out and was so short of breath that a half hour's job would tire me as much as a whole day's work used to. In fact I finally had to give up a good job.

"When I first started on Tanlac I was working for the Goodyear Rubber Co. in Akron, Ohio. I decided that anything that was being talked about so much was at least worth an honest trial. It worked like a charm in my case. It helped me right from the start and by the time I had taken my third bottle all of my troubles were gone and I found myself well and strong again. Her appetite is just splendid and she looks like a different person. It certainly has proven its worth to both of us and we are grateful to the makers of Tanlac. The above statement was made by A. O. Hunter, 108 W. 7th street, Cincinnati, Ohio, a well-known mechanic in the employ of the Cincinnati Abasco Co.

"Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by C. W. McKay, Beaver Harbor; W. J. Colwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station; and by the leading druggists in every town." (Adv.)

Inspector Moorehouse was appointed to interview the doctors, dentists, eye, ear, nose and throat specialists. The board voted the sum of two hundred dollars towards the cost of the hospital and other supplies including gauze, anesthetics, etc.

Since Tuesday's meeting the various cases of constipation in the hospital expressed their willingness to give free of charge their services to all children whose parents or guardians are unable to pay. It is of course understood that the public will defray the costs for teeth, spectacles, hospital articles, etc.

A certain amount of money will be needed to cover the hospital and other charges. And for the securing of such the good services are being sought of the Red Cross and Daughters of the Empire.

THE 'IDEAL' WOMAN

The great Napoleon once said: "My ideal woman is not the beautiful-featured society belle, whose physician tries in vain to keep her in repair, but the woman who reaches middle age in complete preservation—the woman is rendered beautiful by perfect health."

To attain such health in middle life a woman must guard against those ills which drag her down and produce nervousness, headache, backache, sleeplessness and "the blues." The standard remedy for such conditions is Lydia Pinkham's Vegetable Compound, which for forty-five years has been restoring women to health and strength.

William Roentgen is being honored by the universities of Central Europe on the twentieth anniversary of his discovery of X-rays.

HAY FEVER and ASTHMA

Conquered by the World's Only Two-bottle Remedy. Don't suffer a minute longer. Send to-day \$4-82-day treatment. Trial size 25c, and guaranteed. W. K. BUCKLEY, Mfg. Chemist, 97 Dundas Street, E. Toronto.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia To Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia in powder or tablet form—never liquid or milk is harmful to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

ASTHMA COLDS WHOOPING COUGH SPASMODIC CROUP INFLUENZA BRONCHITIS CATARRH

Vapo-Resolene

A simple, safe and effective treatment avoiding drugs. Used with success for 40 years. It soothes the inflamed membrane, loosens the phlegm, relieves the cough, soothes the throat, relieves the chest, relieves the asthma, relieves the croup, relieves the whooping cough, relieves the spasmodic croup, relieves the influenza, relieves the bronchitis, relieves the catarrh.

Fine for Skin Exposed to Sun or Flying Dirt

These days the face needs special care and attention. Flying dust and dirt, the sun's rays, are so common on any face. The despoiling effects are best overcome by the application of pure mercurized wax. This keeps skin and pores in a clean, healthy condition, the complexion beautifully white and spotless. Reddened, tanned, freckled or sunken skin is actually absorbed by it. One ounce of mercurized wax is obtainable at any drug store. It is sufficient to completely renovate a soiled complexion. It is used like cream, allowed to remain on overnight, and washed off in the morning.

Fine lines and even the deeper wrinkles often appear at this season. This can be avoided by using a face bath made by dissolving an ounce of pure powdered arsenite in a half pint of water. This is remarkably effective.

Alkali in Shampoos Bad For Washing Hair

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain milled coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

TO EXHIBIT PAPER SUITS IN STATES

Washington, Aug. 11.—Paper suits, which are in vogue in Germany and Austria, will soon make their appearance in the United States and if inquiries to the Department of Commerce can be taken as an indication of the probable demand, they may become even more popular in the lower-cost-of-living campaign than was the lowly

W. F. YOUNG, Inc., 100 Lewis Bldg., Montreal, Can. Absorbine and Absorbine, Jr., are made in Canada.

overall a short time ago. Cable orders for samples of the suits have been despatched by the Department of Commerce. It was announced today, and when the samples arrive they will be displayed not only in Washington, but also in the department's district and co-operative offices located in important cities of the country.

Explaining its orders for the samples, the department issued the statement: "This action was taken because of the wide interest created by the publication of a recent dispatch from England that a large quantity of such suits were on display in English stores. 'The Bureau of Domestic and Foreign Commerce has received many inquiries from the interested parties in the United States as a result of the publicity given the report. A good number of the inquiries asked that they be furnished with some of the suits under the impression that the bureau had a supply on hand. One man asked for fifty. Several ordered from three to ten. Practically all stated the suit desired. It is understood that the suits are supposed to retail at about 60 cents each."

No Allimony—Just a Separation

Peaceful, quiet separation, no damage done, everybody happy again—that's the situation when you divorce your corns with Putnam's Corn Extractor. Acts like magic—don't use any but "Putnam's"—it's the best, 25c at all dealers.

France has established a society for the study of Armenian history and civilization.

Sir Auckland Geddes, British ambassador to Washington, who accepted an invitation to open great fair at Toronto this month.

START LONG TREK TO GET CRIMINAL

Two Years' Trip to Arrest Murderer at Belcher Islands—250 Mile Canoe Trip.

Cobalt, Aug. 11.—Ottawa has heard a rumor that a murder was committed some time in the past at Belcher Island, in the Hudson Bay, and as a result Inspector Phillips and Sgt. Joy, of the local dominion police detachment, are on their way to investigate. The trip will take two years.

Inspector Phillips and his aide are old veterans of the far north, having spent several years in the Herschel Island region. The inspector not long ago promised his dad that he would not take any more long jaunts of the like for a while. His health is failing. Twice he was asked by headquarters if he wished to again penetrate the wilds of the far north. He declined with thanks, but the present trip was brought to his attention by the arrival of an order, and he went without a word.

The two officers will take the train as far north as possible and then launch on a 250-mile canoe trip up the Mississippi and Moose River to Moose Factory. At this point they will get interpreters and a larger boat and then start the trip up the Hudson's Bay to the Belcher Islands. The details of the

### LOCAL NEWS

**ON VACATION.**  
Detective John H. Saunders left this afternoon to spend his vacation in Chatham, Newcastle and Campbellton.

**BRITISH MAILS.**  
Mails for Great Britain will close at the St. John post office at 4 o'clock Friday afternoon for transmission via Quebec and the steamer Metagama.

**FORMER ST. JOHN MAN.**  
Timothy L. Coholan, formerly of St. John, died at the home of his sister, Mrs. William L. Murray, 89 Monmouth street, Dorchester, Boston, on Monday. The funeral will be held tomorrow.

**THE STORM.**  
During a storm last night and today much rain fell. There was considerable lightning, but as the storm was some distance away there were no severe thunder crashes.

**INFANT DEAD.**  
The many friends of Mr. and Mrs. Harold H. Hickman, 293 Millidge avenue, will regret to learn of the death of their young child, which occurred yesterday.

**BOY TO INDUSTRIAL HOME.**  
Deputy Sheriff Irving of Newcastle was in the city today, having brought a juvenile from Chatham to serve a sentence of four years in the Boys' Industrial Home for shop-breaking. Mr. Irving returned to his home this afternoon.

**BASEBALL.**  
The Duke street Stars defeated the Western Union Hoops last evening on the Union street diamond, 8 to 0. The batteries were: Maxwell and Sparks for the winners; Hickey and Donovan for the losers.

**GIANT GOOSEBERRIES.**  
In a garden at 109 Mount Pleasant avenue, St. John has J. S. Climo a Burbank experimenter for this northern climate in fruit culture. The Times today was shown green gooseberries that measured more than an inch in size, as large as any grown in Mr. Climo's native land of Cornwall, Eng. They were grown in a garden and have been picked from his garden for the last ten years.

**PLEASANT MOTOR TRIP.**  
Mrs. John Guilfoill and her son, Herbert, returned last evening after a motor trip to Florenceville, Fort Fairfield, and other points. At Fort Fairfield they visited Mrs. Guilfoill's daughter, Mrs. W. MacKellar, who was in hospital there, recovering after a serious operation. They found the roads good, the crops flourishing, and the hay crop harvested in good condition. Mrs. Guilfoill met her brother, William Feck, of Ontario, whom she had not seen for twenty-five years.

**CASE DISMISSED.**  
An adjudged case of Norman Sanction was taken up in the police court this morning. He was charged with refusing to stop when ordered to do so at the foot of King street on Wednesday, August 4. Policeman Smith, who made the report, had as a witness a motorist who testified that Mr. Sanction had driven in front of that street car when ordered to stop. The motorist said he had no recollection of such an occurrence, though he said he was in charge of the street car. Sergeant Baxter testified that in conversation with Mr. Sanction the latter had said he did not mind being fined for reporting violations of traffic regulations. F. R. Taylor, K. C. who appeared for Mr. Sanction, pressed for a dismissal on the ground that no violation of the law had been proved. The case was dismissed.

### NEXT WEEK IS TIME TO GET ON LIST OF VOTERS

Registration to Be Continued for Seven Days  
Names and Location of Registrars Appointed in the Various Wards—Advice to Returned Soldiers.

Notice to citizens whose names may not be on the voters' list in the city and who desire to be eligible for the franchise, was issued this morning by Sheriff Wilson in the form of a proclamation.

Registrars have been appointed for each ward in the city and their duty is to take the list which included all names registered up to the time of the recent prohibition plebiscite and add thereto the names of any eligible citizens not included. This will be done on application of those people whose names did not appear. The registrars' offices will be open for this purpose all next week commencing on Monday morning at 9 o'clock and ending on Saturday evening at 9 o'clock.

The following are the registrars for the city wards:  
Guys—R. H. Parsons, corner of Ludlow and Duke street, west.  
Brooks—Norman P. McLeod, 300 Watson street, west.  
Sydney—W. H. Salls, 232 Britain street.  
Dukes—Charles M. Lingley, 80 Mecklenburg street.  
Queens—S. W. Palmer, 62 Princess street.  
Kings—T. H. Linton, 37 Dock street.  
Wellington—Benjamin Sheppard, 67 Peters street.  
Prince—A. W. Covey, 18 Sydney street.  
Victoria—W. S. Clawson, 54 Stanley street.  
Dufferin—John Willet, 294 Rockland road.  
Lansdowne—Percy J. Steel, 321 Main street.  
Lorne—G. DeWitt Mullin, 143 Main street.  
Stanley—Francis Kerr, 195 Millidge avenue.

Registrars for the county of St. John are to be appointed in the near future. Sheriff Wilson said that returned soldiers whose names are not now on the voters' lists should see that they are added next week, as in future they will not be able to cast their ballots on presentation of discharge certificates as during the last two or three elections.

### EAGER FOR SPACE AT THE EXHIBITION, SAYS SECRETARY

Mr. Porter Sees Good Fall Fair Next Month

Indications for the Best Yet—Some New Features, Including a Cabaret—Entries of Exhibits from All Over Country.

According to the present indications, the St. John exhibition this year—the first for six seasons—will be the most successful fair in the history of the city. H. A. Porter, secretary of the exhibition association, told a Times reporter this morning. In spite of the fact that more space is available for exhibits than in any show in the past, all available has been snapped up and a lengthy waiting list grows longer from day to day.

The removal of the dining room from the main building to the western end of the building recently taken over from the militia, has provided 500 feet of additional space, which was taken up without solicitation.

The fair will have several new features. The art exhibit will be placed this year in the bay on the second floor of the main building immediately over the entrance. Here in addition to the usual loan exhibit will be shown examples of art photography and commercial art, new lines in this connection.

The main floor of the new armory will be taken up with a dog show, and for this reason, fence of the exhibition will be moved to the street line of Sheffield street to take in the main entrance to the armory.

Another new departure at this season's fair will be a full blown cabaret. For this purpose the top floor of the agricultural hall, which was formerly made up of two amusement halls, has been taken over. The floor in the larger hall is being prepared for dancing, while the smaller one will be furnished with tables for the serving of refreshments.

Although it is rather early to judge the number of entries that will be made in the various classes, Mr. Porter said that the indications are that they will be well filled. Entries are now pouring in from all over the country; cattle classes are being filled rapidly; the sheep entry is already heavy, but so far the poultry list is not very numerous. A big poultry list is anticipated. This show will be staged as usual in the space under the grandstand.

The contract for the amusements has already been signed with the Dominion Attractions, Ltd., who will provide two shows daily, one each in the afternoon and evening, in front of the grandstand. The night fireworks this year will feature some vivid scenes from the great war. These displays will be given nightly.

The work of repairs and painting at the buildings is going on satisfactorily and already is showing a great improvement. The end of the military building near the race track is being removed, and the new structure is being erected. The members of the exhibition association and those interested in the show are all of the opinion that the 1920 fair will set a new record from all standpoints.

The sided attraction of a racing programme during exhibition week is expected to bring an even larger crowd to the city.

**LIQUOR CHARGE.**  
In the police court today William Bell was charged with being drunk in Union street and with keeping liquor for sale in his licensed beer shop at the corner of Union Alley and Union street. He pleaded guilty to the first charge and not guilty to the other. Sergeant McAleese testified that he arrested Bell in Union street last night about 10.30. In consequence of information given by one Fine, he and Detective Biddiscombe went to the shop of the accused and made a search. He said they found two whisky cases containing some bottles partly filled with whiskey and some empty. Another ordinary beer bottle was found with a cork screw in it. Some glasses were also found and were said to have a strong smell of whiskey in them. A quantity of corks were found as well as broken glass strewn over the floor.

**DEATH OF JAMES GORIE.**  
Many friends in Lancaster learned with regret of the death of James Gorie at the home of his daughter, Mrs. Oscar Tippet, 50 Sand Cove Road, yesterday afternoon. Mr. Gorie was ninety years of age and a native of Orkney Islands, Scotland. Coming to Lancaster fifty-nine years ago he was for a long period employed as farmer with Sheffield Thompson. He was a remarkably well preserved man for his years and had been sick only a few days. Of a very kindly disposition, he was well and favorably known and will be missed by many friends. Mr. Gorie leaves two daughters, Mrs. Oscar Tippet of Sand Cove Road, with whom he made his home in the later years, and Mrs. Alex. Agle of Nova Scotia; also two sons, William of Fairville and James of St. John. Eighteen grandchildren and four great grandchildren also survive. The funeral will be held tomorrow at half past two o'clock from the home of Mrs. Tippet.

### NOVA SCOTIAN SAID TO PLAN TO GO OVER NIAGARA

Halifax, Aug. 10.—William Barbrick, thirty-two years old, a farmer at Shubenacadie, is reported determined to make an attempt to go over Niagara Falls in a barrel if the authorities will permit him.

### Furnace Heat for Every Home

Old homes, as well as new, can now enjoy the advantages of a modern Furnace Heating System at a cost within the means of all. Don't spend another winter shivering and freezing when at a reasonable cost you can have a home with every room warm and comfortable.

We Recommend and Guarantee the **FAMOUS SUNSHINE FURNACE**. It's Made Right, Sold Right, Installed Correctly. BECAUSE of certain exclusive features which the "Sunshine" has, it heats any home at a lower cost than an ordinary furnace. BECAUSE it has quality built into every detail of construction, it is long-lived and economical.

Come and See Sample Furnace on Floor and Have Our Heating Engineer Go Into the Matter With You.

### Out-of-Doors Yet Safe from Harm!

Nature works the same with the child as with the plant. Transplant a flower from your garden and bring it indoors, away from the air and sunshine and watch it lose its strength and beauty. A baby, like a plant, needs all the fresh air it can get during the summer. Don't keep the little one indoors these nice days when for a few dollars you can purchase a Kiddie Koop in which you can leave the baby on the porch or in the yard without fear of it toddling into danger. Think of the time you, mother, will save in a day if you can attend to your household duties without interruption and leave the child in the fresh sunshine with its toys.

We have a complete line of Children's Furniture which will minimize the time you must spend with the baby, and we shall be glad to demonstrate any of these articles at any time.

Possibly we can assist you in the Floor Covering problem.

### Betty Wales Offers Three Chances to Save Money on Dresses

Betty Wales has divided her dresses into three classifications for the women of St. John in order that each taste may be indulged and opportunity afforded for money saving. For example the Volles are priced at \$18, the Gighams at \$16 and the Muslins at \$19. To arrive at the regular price prior to this sale you'd multiply by two.

See Our Windows One of each is showing in our window. See them. You will find it an education in practical economy to make it a practise to "look into Magee's windows" at all times.
