ALL BRITISH EXHIBITION

The special committee of the Board of Trade, appointed to deal with the suggestion for the arrangement of a made-in-St. John exhibit met last evening. A. H. Wetmore presiding.

A delegation consisting of R. O'Brien, C. B. Allen and Horace A. Porter, from the St. John Exhibition Association, suggested that better results might be obtained by devoting more attention to the local exhibition.

A communication was received from the president of the All-British Exhibition Association, stating that no allotments of space for the exhibition to be held in London in 1915 have been made and the committee decided that they could not go ahead until they learned what space was available. The proposal for the organization of an exhibit of local manufactures for use at exhibitions throughout Canada was referred to the industrial committee of the board of trade.

The London Opera House was burnt in 1789; Covent Garden, September 1808, and Drury Lane, February 1809.

AMUSEMENTS

MISS DAVIS MAKES HIT IN AN EXCELLENT COMEDY

Quincy Adams Sawyer one of the Best Productions by Stock Company.

Those who left the opera house last night in anything but an amiable mood after the Thompson-Woods Stock Company production "Quincy Adams Sawyer" have only themselves to blame, for the piece was the most laughable and most wholesome comedy that has been seen on the local stage since the popular company opened here. In the title role Mr. Sawyer, although he was not called upon for any weighty acting, had good opportunities which he handled in his usual fine form. Miss Davis, in the role of the blind girl, was also cast in a rather slim though exacting part, which was the spry little, red-headed screen throughout the piece.

The star of the evening was undoubtedly Miss Davis and she was one little educated country lass, she held the attention of the audience at every appearance and her quaint actions and humorous expressions kept the house in roars of laughter.

Mr. Sawyer in the male role was what Miss Davis was to the gentler sex and he scored another hit. Mr. Drummond ran a close second in the character of Obadiah, the pessimistic and crusty old music teacher, and his comic and playing of the role assigned to him went a long way towards the success of the production.

Mr. Fleming, Mr. Payer and Mr. St. John, as well as the local boys, Messrs. McCluskey and McGuire, although in minor roles, met the requirements in good style. Miss Briggs and Miss Derby, Miss DeRose, Miss Walker, and Miss Bishop, completed a well balanced cast and were equal to the demands upon them. Miss Briggs' Irish character part was only another opportunity for her showing her adaptability for this kind of work.

The play itself, although the theme is simple, abounds in opportunities for excellent work and no better interpretation than that given last evening could be desired. The effects are in harmony with the idea of the piece.

UNIQUE

The Runaway Features First of Thoroughbred All Star Productions.

The Unique theatre presented yesterday the first of the Thoroughbred All Star picture productions in "The Runaway Princess." The story is told in the manner in which it is worked out stamps it as being a masterpiece. Miss Maske really handles the role of the princess and she does it in a style characteristic of the efforts of this talented little lady, while Harry Benham plays the American lover, as he plays all lovers, in quite the right manner. The setting is a treat in themselves and the exploiting of the story in three reels is far from being dull. A comedy of the big ball games, which is a strong feature of a good programme.

LYRIC

European Novelty Aspects and Pictorial Picture Programme.

An outstanding feature of the programme at the Lyric theatre the first three days of this week is the fact that the various numbers consist of being different. A highly pleasing vaudeville act is presented by the "Jugglers, who are in quite the right manner. The performance is not without a tinge of sensation, this being particularly true of the climax of the act when the lady swings in mid-air on a tight wire held at one end by a bar of steel and the other by her partner's teeth. The picture department contains M. E. Jones' novel, in the Firelight, which is a production of the American Co., who outdid themselves in the art of picture making with the result that in the Firelight must be classed with the best of the forty. The Weekly News sounds out an exceptionally pleasing programme.

IMPERIAL

The Famous Bridget Duo, Miss Weiss, a Good Novelty.

Hughes Mack, who is fast becoming one of the prime favorites of filmgoers, was the leading performer at the Imperial yesterday. In the picture "The Ancient Order of Goodfellows," he received outbursts of applause which were not only a reward for his excellent acting and downright heroism. The King square theatre followed up its programme of last week with a picture feature in this story which deals with New York slum life, the political intrigue of the police system and the efficiency of the New York fire department as exemplified at a thrilling tenement fire when people are saved in life nets, etc., and gives some interesting side lights on the society of aluminating. A gripping story is employed to reveal these various phases of New York life and the spectator is kept on the edge of excitement from start to finish. The other pictures were a Vitaphone drama entitled "The Heart of a Hero" and two Lubin comedies, "Matchmaking Dads" and "The Mysterious Card."

Woman's Hair Reaches to Knees

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils, falls to her knees. Moreover it is soft, silky and fluffy texture and in color a glorious glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said "I had anyone told me such marvellous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning grey in patches, and very dry like brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they were all the same and never did me a bit of good. One day I chanced to read in some paper of a simple home prescription to make the hair grow. This was recommended by a well known physician. It said that by taking ordinary Lavona de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it and I had my druggist mix 3 oz. of the Lavona de Compose with 6 oz. of Bay Rum and 1-2 drachm of Menthol Crystals, and started to use it. My hair quickly my hair did grow. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet, and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor. I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it.

They are mature little folk, however, and have a wide professional experience. Miss Betty Dean in singing Dream (Bardett) added to her laurels, as the number suited her high soprano voice admirably. The orchestra was, as usual, entertaining.

Tomorrow, Monday, in the Famous Player production, in the Bishop's Carriage four reels, is promised as a very welcome visitor to the Imperial theatre. This little actress is a favorite.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before each meal, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate of soda, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten with impunity if the meal is followed by a little bisulphated magnesia, which can be obtained from any druggist, and should always be kept handy.

'I HAVE GAINED FIFTEEN POUNDS. Since Taking 'Fruit-a-tive' And Feel Like a New Person'.

Drysdale, Ont., June 16th, 1913. 'I am a general storekeeper at the above address and on account of the great good I have experienced from using 'Fruit-a-tive' I recommend them strongly to my customers. They were a great boon to me. I can tell you, for about two years ago I was laid up in bed with vomiting and a most terrific pain at the base of my skull. This pain nearly drove me mad. Doctors feared it would turn to meningitis of the brain, but I took 'Fruit-a-tive' steadily until I was cured. I have gained fifteen pounds since taking 'Fruit-a-tive' and I very truly believe they saved me from a disastrous illness.'

Purchase of Motor Fire Apparatus Again Voted Down

Resolution Proposed by Commissioner McLellan Defeated by Deciding Vote of the Mayor — Proceedings of Common Council

Commissioner McLellan, for the third time, at yesterday's meeting of the common council moved a resolution for the purchase of an 800-gallon pump auto chemical and hose wagon and also an 85-foot aerial ladder auto truck fully equipped at a maximum price of \$26,665.

The commissioner urged that, even if his motion had been voted down on previous occasions for certain reasons, it still need opposition in case these reasons had been removed.

Mayor Frink maintained his former position in the matter, explaining that \$20,000 had already been voted for the purchase of fire fighting apparatus, and that the further expenditure was, in his opinion, unjustified.

The commissioner urged that, even if his motion had been voted down on previous occasions for certain reasons, it still need opposition in case these reasons had been removed.

Commissioner McLellan told again his reason why it would not in his opinion be satisfactory to get one piece without the other.

Parliament Told of Double Subsidy Said to Give Mr. Pinder, M. P. P., Profit of \$59,000 on Construction—Investigation Promised

Ottawa, March 9.—This stern fact stands out: A great wrong has been done. A large amount of money has been taken wrongfully.

He showed that the Southampton Railway Company, which constructed a short line from Millville to the St. John river, a total mileage of 12.7, and whose officers consisted of J. K. Pinder, M. P. P., as president, and P. A. Guthrie, M. P. P., as secretary, both Conservative members of the provincial legislature, had secured a provincial guarantee of four per cent bonds (principal and interest) of \$100,000 per mile from the New Brunswick government in 1909 when Hon. Mr. Hasen was premier, and has secured a dominant subsidy in 1913 under the Borden administration of \$18,200 per mile.

Coats For Spring

Striking originality characterizes the new spring styles in Coats and Suits. A glance at some of the new models reveals the radical nature of the new vogue.

It is a change that makes for greater novelty, more fanciful styles, and in some instances more striking extremes.

Among the fascinating styles in the Coats are: "The Balmoceran," "The New Sport," "The Slip On," and the much talked of "Flaring Coat."

The Suits are so varied in style that it is difficult to describe them in type, but you must see them.

SENTENCE SUSPENDED IN TWO CASES UNDER SPEEDY TRIALS ACT.

These Against Cavanaugh and Amberg—In Two Others, Chief Actors Said to Be Out of Jurisdiction

In the case of the King vs. Frank Cavanaugh, which came up this morning before Judge Forbes under the Speedy Trials Act, the defendant pleaded guilty to breaking and entering an old foundry at the foot of St. David street, but denied stealing. He was allowed to go on suspended sentence on condition that he would take the pledge for two years. J. A. Barry appeared for him. The case of the King vs. Joseph Amberg also came up for speedy trial. The defendant pleaded guilty, and in view of the fact that he has a wife and seven children needing his support, and that his brother-in-law in Lunenburg is willing to give him employment, and look after the family, His Honor said he would allow the defendant to go on suspended sentence if the C. P. R. were willing. His Honor remanded him until tomorrow morning, and instructed E. C. Weyman to inquire from Mr. Groat as to the attitude of the C. P. R. E. S. Ritchie appeared for the prisoner. "The next man who comes before me for stealing in Carleton, I will send him to Dochester for five years," said His Honor.

WM. H. SHAW DEAD.

For Many Years Active in The Work of Oddfellowship

The death of William H. Shaw, which occurred suddenly this morning at his home, 417 Main street, caused regret among many friends. He was sixty-two years of age and had resided in the city for the greater part of his life. He was a native of Henderson Settlement, N. B. For the last twenty years he had been in the employ of the Imperial Oil Co., and was highly respected by the members of the staff and firm. He is survived by his wife, two daughters, Mrs. F. W. Stanton, and Mrs. J. Walker Andrews, and one son, J. Theodore Shaw, all of this city. Mr. Shaw was an energetic worker in the interests of Oddfellowship and had been treasurer of Peoples Lodge for some time.

NORTH END NEIGHBORS FALL OUT.

David Trescott of Acadia street was fined \$20 by Magistrate Ritchie in the police court this morning. He was charged with attacking Mrs. Annie Carleton, a Hebrew woman living in another flat in the same house. The arrest was made yesterday afternoon by Detective Lucas. Mrs. Carleton, who lives in one of the lower flats, was spoken to by the police about sweepings on the sidewalk in front of the house. She laid the blame on the daughter of Mr. Trescott. The defendant in court this morning said that he got out of bed when he heard that his daughter had been blamed for what he was sure she had not done. He went to the lower flat and knocked at the door, but he said that when the woman saw him she closed the door in his face. Carleton said, however, that the defendant pushed the door open with such force that it knocked her down and fell on the stove.

David Bels, who also lives in the house, said that he saw Trescott in the hall talking with Mrs. Carleton and heard him refer to her race in terms of contempt which the magistrate said were entirely uncalled for. A. A. Wilson appeared for Mrs. Carleton and Francis Kern for the defendant.

ALL WERE OVER THE ESTIMATE

Tenders for Hospital for Tubercular Patients

SPECIAL COUNCIL MEETING

Supplementary Grant of \$12,000 to \$15,000 is to Be Asked For By Committee in Charge of the Matter

A special meeting of the Municipal Council is to be called within the next fortnight for the purpose of asking for an additional grant to cover the cost of the proposed county hospital for tubercular patients. A grant of \$50,000 for this purpose has been authorized, but when the tenders for the construction of the building were opened yesterday it was found that they all ran over the estimate.

The tenders closed yesterday and were opened at a meeting of a special committee appointed to deal with the matter. When the list of the bids was learned and the councillors discovered that they did not have enough money to complete the hospital the suggestion was made that they should accept the lowest tender and allow the contractor to commence work immediately and secure the additional funds later on.

This suggestion was opposed, however, and it was decided to ask the warden to call a special meeting of the council at which the committee can report and ask for the additional grant. It is expected that the supplementary grant asked for will be from \$12,000 to \$15,000.

FAIRVILLE FIRE FIGHTERS ENJOY A GOOD SOCIAL TIME

Chief Linton Presides at Pleasant Gathering—Something About The Corps

The Fairville firemen held one of their enjoyable social evenings in their room in the Court House building last night. It was well attended. Games were played and Mr. Jones officiated very creditably at the piano, and several members enlivened the proceedings with vocal numbers, while all joined in the chorus. Cigars were passed round, and an hour and a half soon sped by. The chair was taken by Chief W. J. Linton. A programme of speeches, songs, readings, etc., was rendered in a manner that elicited hearty applause.

About 11 o'clock refreshments were served, and the members of a real good time with the firemen will linger with the guests until the next time proves even more enjoyable.

In talking with several of the officers of the Fairville fire fighters, it appeared that the volunteer company was organized soon after what is known as the Second Fire in 1868. The department was provided with an obsolete type of hand engine, such as is familiar in parades. It had been presented as a relic of these early days, and rests from its labors in the engine room.

There were fifty men enrolled, and their regulars seem to have been of the best, though, officers blathered hands and backsache testified sorely to their endeavor at a fire.

About eighteen years ago a steam engine was purchased, with a pumping capacity of 450 gallons a minute, and the corps was reduced to thirty men, at which strength it stands today.

The local corps have received more than passing attention in days gone by, notably, perhaps, at the Provincial Hospital fire a few years ago, when day and night they held their own, and in some instances more, against the best St. John could offer in the way of fire fighters.

NEW PASTOR FOR NORTH END METHODIST CHURCH

Rev. M. E. Corbett, M.A., pastor of one of the Methodist churches in Hamilton, Ont., has accepted a call to become pastor of the Portland Methodist church here. He will take the place of Rev. H. Pierce, who tendered his resignation some time ago. Mr. Corbett said this morning that a report that he was suffering from ill-health was incorrect, and that he was considering the acceptance of another pastorate which had been offered to him. Nothing definite, however, has yet been announced, as the matter will have to be considered by the council which controls the appointment of the Methodist ministers.

you will like to know that your clothing is a credit to you. You won't like to be notably out of fashion. Why not find out ahead what the new Spring fashions are like? You can see them now at Oak Hall.

PLEASE NOTE—the great difficulty with Overcoats and Suits and many other things is that they cannot be sold inside-out. That is where clothing that is good through and through is handicapped in comparison with clothing that is just good looking. We wish it were otherwise. The outside of Oak Hall Overcoats and Suits will speak for itself, but it was the inside parts that made the foundation of this business as it stands today. The new Spring Overcoats and Suits with which we are ready are the best proof we can offer that we are still building.
