

MELTING THE DECKS OF THE SUNKEN MAINE

An Interesting Method is Being Employed to Remove Wreck of Famous Battleship From Havana Harbor.

Havana, Aug. 3.—The work of removing the wreck of the battleship Maine entered an exceedingly interesting and important phase this afternoon when there was begun the process of dissecting the shattered and distorted remains of the vessel by a gas blast apparatus.

The work was begun on the highest part of the wreckage above the central superstructure, which, at the present rate of progress, will be entirely cut away in a few days, greatly facilitating the exploration of the hull.

Some bones were found today embedded in the snarl of wreckage in the bow, but it will be impossible to extract them at the present time.

SENSATIONAL SUICIDE IN A SWELL HOTEL

United States Naval Lieutenant Found Dead in the Astor House With Bullet Hole in His Head.

New York, Aug. 3.—Lieut. Charles E. Brillhart, of the United States navy, was found dead from a bullet wound at the Hotel Astor in his room overlooking Broadway late today. There were no circumstances to contradict the coroner's immediate conclusion that the case was one of suicide.

PREMIER ASQUITH WANTS HOLIDAY

Announces Parliament Will Adjourn on 18th, and Re-assemble in the Autumn—Will Have Much Business.

London, Aug. 3.—The government's legislative programme has become so congested that the cabinet at last has decided that it will be unable to clear the decks without resort to an autumn session, and today officially informed the House of Commons that parliament would be adjourned on Aug. 15 to reassemble in the end of October or the beginning of November.

"Let the farmer have his turn"—This means good-bye to the grafters and with the dredging grafters away from the public chest what would become of the Telegraph and Times?

THE AMERICAN FLAGS ORDERED DOWN IN LONDON

Profuse Use of Stars and Stripes in Old Home Week Decorations in Ontario City Creates Row.

London, Ont., Aug. 3.—Hundreds of American flags that were put up in conspicuous places about the city in honor of next week's old boys' celebration, were today ordered down by Alderman Mitchell, chairman of the decoration committee.

At a meeting of the East London progressive association, held last night, the matter was discussed and many comments were passed on the action.

W. Pearson, a member quoted an instance of going to Detroit with a Foresters' celebration and of having to remove a Canadian flag which the men were wearing on their coats, before they would be allowed to walk up the street.

A BIG PLANT MAY BE LOCATED HERE

Indications Seem to Point to Establishment of Campbell Laird Co. Canadian Navy Plant Here.

Montreal, Aug. 3.—Although it has been officially announced that tenders for the construction of the Canadian navy plant would not be awarded until after the smoke of combat on the Dominion elections has cleared away, the Herald understands today from excellent authority that the tenders have received consideration and have been figured upon.

MORE EVIDENCE IN CAMORRA TRIAL

Viterbo, Aug. 3.—Marshal Capizutti concluded his testimony at the Camorra trial today explaining why he was convinced that Gennaro Cuccolo and his wife were murdered by the Camorra.

Capizutti was followed on the stand by Marshal Ferris, who with Capizutti and Captain Fabroni of the Neapolitan carabinieri did most of the detective work which resulted in the arrest of the Camorra. His testimony dealt chiefly with the home of Maria Stendero, which was alleged to be the resort of criminals.

MCGRANE PLEADS NOT GUILTY

New York, Aug. 3.—Patrick McGrane the bell boy who was held as an accessory to the murder of Wm. H. Jackson, the broker, and who was indicted for receiving stolen goods, today entered a plea of not guilty to the charge. Abe Levy defends McGrane.

THE LIBERALS RESORTING TO PETTY UNFAIRNESS IN MANAGEMENT OF CAMPAIGN

Every Artifice Being Used to Handicap Conservatives.

Cabinet Ministers Using Franking Privilege for Campaign Literature.

More Light Thrown Upon the Row which Marked Last Hours of Dying Government.

Special to The Standard.

Ottawa, Aug. 3.—Sir Wilfrid Laurier has decided to open his campaign with a meeting on Aug. 15 at Simcoe, the county town of Norfolk, once the seat of John Charlton. The choice is peculiar in view of persistent hostility with which, when premier, he treated that veteran Liberalism. It has been observed that the date selected for the general election, Sept. 21, is within one day of being the anniversary of the great Conservative victory of 1873.

The coincidences are striking throughout. It was a battle of protection, of the building up of the home market against the policy which denied the home market and looked to closer relations with the U. S. It was held just prior to the advent of a member of the royal family to the Hall. Even Sir Wilfrid Laurier's confidence finds its forerunner, Mr. Mackenzie expected to be embarrassed by the largeness of his majority.

Evidence accumulated that the dissolution was precipitated by some unexpected event, such as the quarrel in the cabinet between Mr. Oliver and Mr. Fielding. It transpires that the Liberals are behind hand with the circulation of their campaign literature. The franking privilege ends with this week and vast quantities of Liberal pamphlets are unused. The intention is to send them out under the frank of Hon. Geo. P. Graham as minister of railways and canals—the franks of members being of no avail.

STRANGE CASE IN A MAINE VILLAGE

Young Woman Who Disappeared on Sunday Found in Woods in State of Semi-collapse.

Bethel, Maine, Aug. 3.—Clinging to the limbs of a pine tree with part of her clothing gone and in a state of partial collapse, Miss Elsie M. Davis, a church organist who disappeared during the morning service, last Sunday was found today in the woods near here. Her hiding place was located by Fred L. Edwards, owner of the land shortly after her shoes, hose, coat and shirtwaist were found in the vicinity. She was in a very weak condition and was hurried to her home in an automobile attended by physicians. The young woman appeared bewildered and made no signs of recognition when her father, who was one of the searching party, spoke to her.

FIVE DROWNED BY THE UPSETTING OF LAUNCH

Milwaukee, Wis., Aug. 3.—An evening Wisconsin special from Crystal Falls, Mich., says: A party of berry pickers returning to Mansfield in a launch, capsized in the Michigan river near the mouth of Pence River. The launch contained seven persons, five of whom were drowned.

Kingston, Ja., Aug. 3.—The Hamburg-American line steamer Albingia sailed from here today. It is believed she has gone to Haiti to bring ex-President Simon here.

WITH CARGO OF FOOD STARTS LONG CRUISE TO AID MISSIONARIES

The George G. Cluett taking a cargo of food, medical supplies and books on board, the Grenfell Association's schooner George B. Cheert left New York on a long cruise to Labrador with provisions for Mr. Wilfrid T. Grenfell and his associates, who are doing missionary work among the Eskimos. Although the primary object of the cruise is to relieve and supply the missionaries in Labrador, the schooner has been chartered from the association by W. R. Stirling, of Chicago.

FRANCE IS NOT SATISFIED YET

Moroccan Situation is by no Means Cleared up as Germany Persists in Making Excessive Demands.

Paris, Aug. 3.—A semi-official note issued today states that the optimistic opinions emanating from London relative to the progress of the Franco-German negotiations are not borne out by facts as the German demands are excessive.

ONE CASE WHERE THE AMERICANS WANT HIGH DUTY

In Light of This, Would United States Give Canada The Best of a Reciprocity Treaty?

Boston, Mass., Aug. 3.—The New England Shoe and Leather Association representing some 300 of the leading individuals, firms and corporations, engaged in the manufacture of leather, boots and shoes and kindred products with an aggregate invested capital of more than \$300,000,000, sent a letter to President Taft today protesting against the action of congress in passing the so-called farmers' free list bill which removes the protecting tariff on shoes and leather and asking the president to veto the measure.

SCHOONERS ARE WEATHER BOUND

New Haven, Conn., Aug. 3.—The schooners Peewees, Mary Hendry, Novely, Kolon, Flora Condon, James H. Hoyt, Mary C. Beattie and the barkentine Hector, loaded, bound east, are all weather bound here.

POPE PIUS IMPROVING. Rome, Aug. 3.—Pope Pius was still better today and received Cardinal Merry Del Val, Mgr. Bisleti and Mgr. G. B. Lugari, assessor of the Holy office.

DOVE OF PEACE SETTLES DOWN OVER ALBANIA CAN'T FOOL THE PEOPLE OF ALBERT

Tribesmen Have Accepted Concessions Made by The Turkish Government And Will Return to Their Homes.

Cettinje, Montenegro, Aug. 3.—The Malissori tribesmen have decided to accept the concessions made them as a condition that they cease hostilities and return to their homes in Albania. The exodus from Podgoritz, 28 miles north of Scutari began today. The Montenegrin minister of war told the tribesmen that it was the sincere desire of King Nicholas that the revolt cease and that they return forthwith to their homes in order that they might not fling away concessions which they should be satisfied. The revolutionists replied that they had little faith in Turkey's promises of amnesty, but would obey absolutely the king's advice.

LOST MONEY ON THE TRIP

Dr. Charles A. E. Harriss Will be Set Back \$50,000 by Sheffield Choir's World Trip.

Toronto, Aug. 3.—That Dr. Charles A. E. Harriss, of Ottawa, who shouldered the burden of an Empire tour for the Sheffield choir of England, will be \$50,000 out of pocket by the project, was the statement of Dr. Harriss' business manager, W. J. Robinson, who has returned to Toronto. The choir is now on its way to South Africa from Australia where immense audiences greeted the concerts and civic receptions were offered on every hand. During some weeks of the Australian and New Zealand trip the receipts went as high as \$40,000 a week and the average through the Canadian west was also very large. Such receipts, however, large as they were, have proved insufficient to meet the cost of the trip, which included such items as renting an ocean steamship and engaging an entire hotel.

PREMIER HAZEN WILL ARRIVE HOME TONIGHT

Band and a Large Delegation of Friends will Meet Him at Union Depot and Escort Him Home.

It is expected that Premier Hazen will escort him from the Empress to his residence. Otherwise the welcome to the Premier will be of an informal nature. In the evening the Carleton Cornet Band will give a concert in the grounds of Hazen castle.

PEACE BUREAU ELECTS PRESIDENT

Berne, Switzerland, Aug. 3.—The first business session of the permanent bureau of peace was held this morning at University Hall, when the work in hand was outlined. The conference elected Dr. Eugene Philipovich of the University of Vienna, president.

Four sub-committees were appointed to divide the work of the meeting. The sessions are private and no information of what is transacted will be given to the press except possibly at the close of each day.

THE FARMERS' FREE LIST

Washington, Aug. 3.—The house ways and means committee today refused to accept the farmers' free list tariff bill as amended by the senate and instructed Chairman Underwood to move that the house non-concur and ask a conference with the senate.

Chicago, Aug. 3.—Physicians today reported the injury of five persons who narrowly escaped death late yesterday when an aeroplane dropped 100 feet into a crowd of spectators at West Hullman, Ills. Frank Bellia, the aviator, was uninjured.

USUAL PRE-ELECTION PROMISES OF PUBLIC WORKS WILL HAVE NO EFFECT — ALBERT CONSERVATIVES READY FOR THE FRAY.

Special to The Standard. Albert, Aug. 3.—A gentleman close to the management of the Salisbury and Albert Railway, was interviewed by your correspondent today, and was assured that the smooth trick of trying to get a company to run the road through to Albert for two months on a rental basis until the elections are over, cannot be worked this time on Mr. Swan, the president of the company at New York.

TRouble STILL REIGNS IN HAITI

Port Au Prince, Haiti, Aug. 3.—A number of persons appointed members of the new cabinet of public safety which was organized today having refused to serve that body again has been dissolved and still another is being organized. The members of the diplomatic corps are bending their efforts to secure an equal representation on the committee for the following of Gen. Leconte and Gen. Fianman and for citizens who have remained neutral in the struggle. This afternoon two groups of men composed of Leconteists and Firminists fought in front of the telegraph office. Two men were killed. Later the city again became calm.

LIKE A LAURIER CABINET SESSION

A Lively Row in The Hungarian Parliament Ends in Challenge to Sabre Duel—Exciting Scenes.

Budapest, Hungary, Aug. 3.—A lively row followed by a duel with sabres enlivened today's proceedings in the lower chamber which recently have suffered from dullness in consequence of the prolonged obstructive tactics of the opposition. An interruption of a debate started a row and finally Herr Pozsgay, a Kosuth partisan made a dive for Herr Paik of the government side. The latter met Pozsgay half way dealing him a staggering right hand blow between the eyes. Confusion followed and the president was obliged to suspend the session. Subsequently a duel was arranged.

Let us see. According to Mr. Pugsley's campaign speeches of 1908 the development of Courtenay Bay is about seven months over due. Those 10,000 ton ships he was so fond of predicting should have been carrying freight from St. John last winter.

A SEPTO PREMIUM PLAN ADVANTAGES

Talk No. 4.

Why a cash discount is not equal to our premium. We do not make any money on premiums. We give a \$5.00 premium when you have purchased \$25.00 worth of goods from us.

It would be an impossibility for us to give \$5.00 in cash off of \$25.00. Yet the premium you select from our store cannot be bought for less than \$5.00 at any store. We buy that premium direct from the manufacturers and save all the profits of the jobber and retailer, a profit that they are justly entitled to, and by that method give you the greatest discount ever known and in addition acquaint you with our Asepto Soap and Soap Powder and over 100 other articles of our manufacture.

The plan is worth investigating.

Corner Mill and Union Streets - St. John, N. B.

THE SITUATION IN ST. JOHN AS SEEN OUTSIDE

(Frederickton Gleaner.)

The open break in the camp of the St. John Liberals will probably be temporarily arrested by some sort of compromise between the principals who are Mr. Pugsey and his grafter friends, Messrs. Moore and McAvity on the one hand, and Mr. Edward Lantaulm, ex-M. P., on the other, but it is doubtful if a settlement can be made to include any large number of Mr. Lantaulm's friends. It does not appear that the rupture is the result of any disagreement on questions of political policy. It is the outcome of what is looked upon as the selfishness of Mr. Pugsey's grafter friends in controlling the party patronage.

Messrs. Moore and McAvity, of dredging fame, must be content with the exception of what has previously been arranged with the Loggies of Restigouche, another firm of dredgers and packers. Departments of federal government, in placing their orders, must first consult the pleasure of Messrs. Moore and McAvity. They must place the orders where they are instructed, and we do not know of any person who does not believe that they are placed where his constituents just to men who absolutely ignore the rank and file

and the men who really do the hard work in election times.

Mr. Lantaulm demands that this sort of thing be cut out, but this is followed by his demand that something be done for him, preferably the reward of a lucrative position, in recognition of his services to the party. Otherwise he will be a candidate in the approaching elections, notwithstanding the determination of the grafters to sidetrack him.

It has been advanced in the past by the greed of the grafters that Mr. Pugsey's personal and political necessities are such and the demands of a few of his friends going, it is about time that the workers in the Liberal party "know just where they are at."

Other friends of the party, just as important workers, if not more so, than Messrs. Moore and McAvity and the Messrs. Loggie, cannot get dredging contracts, although quite as well able to carry them out. Others cannot get positions because they are not financially under the wing of those who are in control, and so on.

Altogether, the situation in St. John is one that suggests the existence of an extremely bitter feeling in the party, one that would seem to be making for a break that will result in the ignominious defeat of the selfish local monopolists.

The defeat of the Laurier government will, of course, bring an end to the scandalous graft which has been

practiced in St. John ever since Mr. Pugsey entered federal politics; and to the prudent observer of the political horizon there is no doubt that the time has come when the Liberal party, if it has any chance of winning power, it matters not what St. John may do under the oft-made promises of harbor improvements and transcendent terminal facilities.

And it also matters not how the leaders in the present rebellious movement in the Liberal party at St. John are so fully influenced and led by the pledges of Mr. Pugsey and his friends; there will be a large and important element in the rank and file of the party who will argue, after all the years in which its members have been treated with deliberate ingratitude, this is a reasonable time to administer the kick he deserves.

MOTOR BOAT PARTY IN FATAL ACCIDENT.

Ozdenburg, N. Y., Aug. 3.—While entertaining four friends today in a motor boat near Huckleberry Island on the St. Lawrence river, Alexander Harris set fire to the craft by striking a match to light his pipe. Flames from the resultant explosion of gas in the motor, struck Harris on the forehead and resulted in Harris' death. The five men clung to the boat's edge as long as they could, dropped off when the fire got too hot and started for the shore, but one would not swim, was drowned in eight feet of water. He was 30 years old and leaves a wife and three small children. Daring parties are grappling for his body.

RAILWAY MAN A SUICIDE.

El Paso, Texas, Aug. 3.—John H. Conlan, 50 years old, at one time vice-president and general manager of the Chicago, Rock Island and Mexican Railroad, was found dead in a room in the Roberts Banner building here today, with a bullet in his heart, evidently self-inflicted.

CUBAN REVOLUTION QUICKLY SQUELCHED.

Havana, Aug. 3.—General Acevedo and his handful of men who attempted a revolution starting out from Regla Monday night, were still at liberty today, but the government knows the leader's hiding place, and is confident that he will surrender or be captured before night. The reported uprising at Jaruco, 24 miles east of the capital yesterday, is now declared to have been confined to the operations of two notorious horse thieves. According to official reports just continued in all parts of the island.

TOBACCO CO. MUST KEEP NARROW PATH

The Re-organization of the American Tobacco Co. Will be Carried Out Under Surveillance of U. S. Courts.

New York, N. Y., Aug. 3.—The U. S. circuit court under whose surveillance the American Tobacco Co. will work out its dissolution, handed down this afternoon on the mandate of the federal supreme court an order outlining the conditions under which the company may perfect a plan for dissolving its affairs in the order enjoins the defendants from doing any act which further enlarge and extend the power of the combination prior to its integration with the government to survive.

"Even in the West, where there has been so much talk that reciprocity would sweep the country, the Winnipeg Free Press, the leading organ of the West, admits that the best the Liberals can hope to do is to make a gain of two seats."

"The Conservatives are confident of sweeping the country," declared Mr. Crockett. "The party were never so optimistic and hopeful. They are confident of sweeping the country on September 21st, and it is simply impossible for the government to survive."

"The Conservatives are confident of winning the greatest majority of seats in Ontario in its history," continued Mr. Crockett, "and the outlook in Quebec could not be brighter. The government are up against it and they know it, too."

CONSERVATIVES CONFIDENT OF SWEEPING COUNTRY

Mr. O. S. Crockett Returns from Ottawa, and Speaks of the Tone of Confidence that Prevails Throughout the Conservative Party Regarding the Result of the Coming Elections.

Frederickton, August 3.—Oswald S. Crockett, M. P., arrived in the city at noon today from Ottawa with the brightest message he has ever brought to the Conservative party in York County.

"The Conservatives are confident of sweeping the country," declared Mr. Crockett. "The party were never so optimistic and hopeful. They are confident of sweeping the country on September 21st, and it is simply impossible for the government to survive."

NOTHING DOING IN THE MELON EATING LINE TO PETTY UNFAIRNESS

Water Melon Eating Contest, in St. Philip's Church, Last Evening, Did Not Materialize --No Competitors.

Whether the weather was too warm or the press agent did not give enough publicity for the great watermelon eating contest in St. Philip's church last night, there is one thing certain that the affair was a decided frost despite the fact that the few in the audience paid ten cents each for a long wait for something that they did not expect to see or eat.

It had been announced that the principal event of the evening's entertainment would be a watermelon eating contest, and this alone should prove an interesting amusement.

At eight o'clock there was only the furniture and the clergyman in the church, while at the door stood Mr. Stewart anxiously waiting to collect a dime from each person who wished to enter. There was a table in the church with a snowy white cloth on it, also to be seen were two large watermelons, as well as bananas and oranges. It was the intention to have some of the folks join in the eating contest, but there were no contestants and a very small audience to see them if there had been any.

When the time came about ten white people entered the church and shortly after about ten colored people took seats. There was apparently no programme and the silence was broken by Charles Hamilton who for about ten minutes gave an organ recital which was highly appreciated.

Then St. Philip's pastor, Rev. Mr. Pearson arose and stated that those who were to take part in the contest had not arrived. The reverend gentleman then launched out on an address which had as its point that the English speaking people could defeat the world should war be declared. The clergyman spoke with much vim for about a quarter of an hour.

After the address there was an endeavor made to have a couple of lady church members sing, but as they could not work well with the organ this part of the programme was called off.

The audience then dispersed and the water melons were saved.

The proceeds of the entertainment amounted to between one and two dollars.

LIBERALS RESORTING TO PETTY UNFAIRNESS

Continued from Page 1.

Another piece of petty unfairness has been encountered by Conservative campaigners. At the printing bureau the practice is to send out the lists in alphabetical order, Algoma first and Yukon last. But ministers get theirs ahead of others, thus Mr. King has Waterloo and Mr. Brodeur had Houville ahead of the others.

Yet another trick comes to light. On the last day of the session Sir Wilfrid Laurier turned down papers relating to the imperial conference and more especially dealing with the naval and military agreements. It was pointed out that there should be a wide distribution of these and on being urged the government agreed to the imperial blue book, papers, etc., being reprinted.

The dissolution puts the matter of the control of the House, and puts matters in this position—that Conservatives will not have ready access to the documents and the government will be able to make what assertions they choose.

A sample of the misrepresentations to be expected in the manner in which Sir Wilfrid Laurier's Quebec organ, in advance of publication, twisted a perfectly natural arrangement of printing stations to the Canadian ships into an establishment of "free maritime zones"—whatever that might mean. The idea was to suggest some kind of neutralization which had not been provided at all, thereby showing the premier's will rather than his powers of accomplishment.

Mr. Borden has made a slight change in his plans. He will not, as intended, go to Toronto on Saturday, having engagements which will keep him in Ottawa. The details of his Ontario tour will be arranged in Toronto.

A curiously large number of ministers are in trouble over their seats. Today brings word that Hon. Charles Murphy's road in Russell is becoming rocky. George McLaurin, who was pulled off last time to make room for Mr. Murphy, is set upon running this time and is determined if he goes to the convention at all to refuse to withdraw. Today he was waited upon by a large delegation of Russell Liberals and urged to run.

That Cabinet Row.

Despite all the efforts of the Cabinet Ministers and even the commands of Sir Wilfrid Laurier, the story, which at first the ministers sought to turn to the credit of Hon. Frank Oliver by picturing him as insisting on bravely facing the charges which were being made against him, has spread to such an extent that the whole country knows of the fierce altercation which occurred between Hon. W. S. Fielding and Hon. Frank Oliver at the Cabinet meeting at which

Special to The Standard.

Chatham, N. B., Aug. 3.—G. W. Chatham, M. P., C. B., and W. S. Loggie, M. P., spoke at the first Liberal meeting of the campaign held tonight in the opera house. There was an excursion on the river this evening and most people preferred the cool sail on the river so that the attendance was very slim when the meeting opened. Mr. Loggie and Mr. Chatham spoke for an hour and a half and made claims for reciprocity which, if true, would be of great benefit to Canada and nothing to the detriment of New England spoke very freely.

GERMAIN STREET IS NOT PLEASED WITH PAVEMENT

Residents are Not Altogether Satisfied, but will Not Refuse to Pay Their Share of the Cost.

Although the city paid the Hassam Company some time ago for the work on Germain street, it has not yet collected from the residents the one-half of the expenditure incurred, which they are supposed to pay, and it is rumored that some of the residents may object to pay their share on the ground that they did not get the kind of pavement they asked for or expected.

A resident of the street stated yesterday that many were dissatisfied with the pavement, but that the city had not assessed them as yet for half the cost, and he knew of no concerted action to refuse paying their share. He did not think anything would be done till the city sent "in" its bills. They would have no objection in going to City Hall now and paying over their portion of the cost, as they would not get five per cent.

It is understood the matter of assessing the residents for their share of the cost was discussed at the private meeting of the Treasury Board yesterday, but what was done about it could not be ascertained.

The dissolution was decided upon. The matter was of such an aggravated character that not even the ministers themselves have been able to keep from discussing it, and, of course, spreading it.

The root of the trouble was the attempt Hon. Mr. Oliver made to have the portfolio which Sir Frederick Borden will soon vacate go to his part of the Dominion, and not to E. M. Macdonald, of Pictou, N. S. Nova Scotia had up till now carried its portfolios in spite of the decrease in population in that province, and moreover Mr. Oliver demanded that the next Minister of Militia be a Westerner because this was needed to counterbalance the failure of the government to provide distribution for the West when the West wanted it so badly.

Ranged Against Mr. Oliver.

Mr. Fielding ranged himself against Mr. Oliver. A number of the other ministers took sides with Mr. Oliver but Mr. Fielding, who banks in the favor of the premier, carried his point. Mr. Oliver's influence had been incalculably weakened because of the graft charges for which he has been the mark of late and which have also also weakening effect on the Government. The victory was not won, however, without a bitter war of words. It is said that the contest waxed so warm at one point that blows were exchanged and that the other ministers had to interfere to maintain peace. Mr. Oliver left the meeting alone.

A Clever Explanation.

The explanation of his departure, as given upon the subject, was that the general opinion obtained that there should be dissolution, but that Mr. Oliver had stoutly insisted that the industry into his conduct be proceeded with as he was determined to show he was clear. This was designed to strengthen him in the west.

At the time, it is stated, Sir Wilfrid, feeling it necessary to compel the cabinet to agree to dissolution, threatened to resign if it were not decided upon at that meeting. The story of the dissolution at the meeting came from so unimpeachable a source in the first instance that doubt was removed. Mr. Mackenzie King, who is in close touch with the inner circles at Ottawa.

MR. BRODEUR SEEKING COVER.

Ottawa, Aug. 3.—The presence of Dr. Beland, of Beauce, on Parliament Hill today lends color to the belief that Mr. Brodeur will retire from the cabinet next week. It is said that he will go to the Supreme Court, his portfolio being taken by Hon. Rodolphe Lemieux and Dr. Beland succeeding the postmaster general.

DAM KILLS MANY FISH

Effects of a Power Company's Enterprise on the Susquehanna River

"The great dam across the Susquehanna river at McCall's Ferry, Pa., is playing havoc with the fish in the river," said a Lancaster county man.

"The dam was built by a power company, and its construction was opposed in legal proceedings brought by the state of Pennsylvania on the ground that it would obstruct the annual passage of shad and other fish up the river, thus destroying the fishing interests above the dam.

"The suit was compromised by the power company's agreeing to place four commodious fishways in the dam. For some reason only one fishway was provided and that one, so it seems, only for the convenience of the dam constructors, for it is the testimony of every fisherman thereabout that fish seeking through it a passage from below the dam to the waters above it might just as well try to make their way up the spiral staircase in Bunker Hill monument.

"The first consequence of this was that there has been no shad fishing in the Susquehanna above McCall's Ferry since the dam was built. A second consequence is the destruction by thousands of shad, salmon, black bass and striped bass, besides other hanna waters, owing to the drawing of the water into the company's power feeders as occasion requires.

"This was again demonstrated a few days ago when the water for a long distance below the dam became instead of a broad and rapidly flowing channel a series of isolated pools in which great hosts of fish were imprisoned. The water becoming quickly stagnated and the fish being unable to get into fresh water, it was not long before the pools were filled with dead and dying fish.

"In these pockets untold numbers of shad, striped bass, black bass, salmon, eels and other fish, from fingerlings to specimens of game fish an angler would give his head almost to have a single toad with, died by thousands. In one pool alone, according to the estimates of old rivermen and fishermen, at least 1,000 shad were doomed.

"Fish Warden Nesley, who had sent word around notifying people to go to the river where this pitiful catastrophe had occurred and take out and carry away the dead and dying fish, says that in some of the pools dead eels lay to a depth of a foot or more.

"None of the fish survived in any of the pools more than twenty-four hours. As one indignant Lancaster fisherman said, there were more game and food fish destroyed by this fish trap of a dam than twenty-four hours than an entire season's fishing, legal and illegal. In the river from its mouth to its source could have taken out, and which good use would have made. And the pity of it all is that when the water is turned on again and other thousands of fish come up into the channel as far as the dam the same fate awaits them when the water is drawn off again."

THE SACKVILLE NEWS LETTER

Public Health Officer Submits Practical Report for Month of July, Containing Some Valuable Suggestions.

Dr. G. Melvin, public health officer, submitted his report yesterday for the month of July and incidentally makes practical suggestions regarding means of bettering hygienic condition. During the month there were the following cases of notifiable diseases reported to the board of health: Diphtheria, 12; typhoid fever, 2; scarlet fever, 2; and tuberculosis, 1.

The following table exhibits the number of deaths in the city in July arranged in age groups, the death rate per 1,000 per year of each group and the total death rate for the month. In addition the deaths from notifiable diseases are also given. It will be noted that tuberculosis furnished the highest number of cases under this heading. The estimated population of the city for the middle of the year is 42,343. The total death rate is very low indeed, about the lowest in years. No optimistic conclusions, however, should be drawn from this respecting the general healthfulness of the city, as the period covers only one month, a term far too short to base deductions upon.

Table with columns: Age Group, Males, Females, Total, and Per 1,000. Rows include Under 5, 5 to 10, 10 to 15, 15 to 20, 20 to 25, 25 to 30, 30 to 35, 35 to 40, 40 to 45, 45 to 50, 50 to 55, 55 to 60, 60 to 65, 65 to 70, 70 to 75, 75 to 80, 80 up, and Totals.

Deaths from intestinal disease, under 5 years, were 11, or 1.1 per cent. Deaths under 5 years comprise nearly 54 per cent. of the whole number, although this is an excessive percentage. It is owing to the unusually small number of deaths from all causes. However, it is yet larger than could be wished as most of the intestinal cases, especially typhoid, undoubtedly due to imperfect sanitary conditions.

August and September will probably produce a decline in sickness and mortality from typhoid. The origin of this disease, may be said to be due to three conditions, all quite easily preventable, namely: drinking polluted water, neglect of thoroughly washing the hands of those engaged in nursing the patient and of washing the hands of those attending upon the sick one and the presence of the house fly. It seems to be a widespread opinion that if water be obtained from a boiling spring or from a deep well, or from a running stream that it must be pure. This is quite erroneous. Water may be perfectly clean and good tasting and yet be very dangerous to health. All sources of water supply, such as those mentioned, within a thickly settled neighborhood, should be inspected, especially in the case of wells, and the water should not be used for any domestic purpose, without boiling for at least one hour.

So much has been said about the house fly lately that it is only necessary to remind the public that the main source of this nuisance is horse manure. The house fly does not breed the fly. The eggs of the insect have first to be deposited in it. If, therefore, every keeper of horses in the city were to keep his manure closely covered and the contents tramped down flies would become much less numerous and a corresponding decrease in typhoid might reasonably be expected.

MR. ROBINSON DID NOT APPEAR TO PROSECUTE HIS CHARGES AGAINST CITY CONSTABLES

Treasury Board Examined Several Constables Yesterday—They Denied the Charges Made by Mr. Robinson, and as He was not Present, the Matter was Dropped.

At the meeting of the Treasury Board yesterday, H. W. Robinson failed to appear and prosecute his charges against the city constables, and after hearing the evidence of the constables the Board decided that there was nothing before it to substantiate the charges.

The Recorder stated that test cases of the early closing by-law would be tried today. A grant of \$100 was made towards the fruit show to be held in St. John next fall, and other business dealt with.

Ald. Hayes presided and there were present Ald. Smith, Colner, Wigmore, Russell, McGoldrick, with the common clerk, the chamberlain, the comptroller, the recorder, and chief assessor Sharp.

Chas. E. R. Addy wrote saying that he had paid up his taxes in full for the year, and asking for a rebate on the grounds that he was leaving the city. It was decided not to grant the rebate unless he showed a receipt from Calgary, the city to which he is going for the latter half of the year.

A. G. Turney wrote on behalf of the N. B. Fruit Growers' Association, asking for a grant to assist in the expenses of the fruit show to be held in St. John in September. The Provincial Government is assisting the show to the extent of about \$1,000.

The comptroller said there was no money available. The grant would have to come out of the general revenue.

On motion of Ald. Wigmore, it was decided to make a grant of \$100 to the show, on the ground that it was a good advertisement for the province.

cabinet for the use of the common clerk. His company would make the installation for \$1,500. The matter was laid over.

Joseph Knowles, who is getting out a scenic souvenir of St. John, appeared and said the pictures of the members of the last Common Council should be embossed in his book.

Ald. McGoldrick thought the pictures of the last aldermen would be a fine advertisement for the city. Something should be done to assist Mr. Knowles in his effort to advertise St. John. It was decided to vote \$100 for a civic advertisement in scenic St. John.

Ald. McGoldrick brought up the matter of raising the salary of Wm. Cotter, a young man in the assessor's office. A. W. Sharpe, chairman of assessors, said the young man, who was now getting \$9 a week was worth \$600. On motion of Ald. McGoldrick it was recommended that Mr. Cotter be employed permanently at a salary of \$600 a year.

A communication was received from H. W. Robinson, charging that city constables had refused to serve summonses and executions for his clients.

Constable Robert Crawford was examined. To the Recorder he said he had taken execution, but being unable to serve them, had returned them as instructed by the clerk of the police court.

The Recorder—Did Mr. Robinson make application to have the executions returned? Mr. Crawford—Yes, and I returned them immediately the next day I think.

Q—You did not hold them up for fees? A—No.

Q—Were you asked by Mr. Robinson to serve summonses, and refused to do so? A—No.

Q—Did the clerk of the police court ask you to serve summonses secured by Mr. Robinson? A—The clerk asked me to serve summonses, but being unable to do so, I returned them to him.

Ald. Russell—Why did you return the first executions? Mr. Crawford—Because I could not find the parties. Some were dead, and others out of the city.

Constable R. Heffer, was then heard. He said he had collected \$4.24 on a claim of one of Mr. Robinson's clients. Mr. Robinson owed him \$3.82

on account of services. He offered Mr. Robinson 42 cents, but he would not take it.

The Recorder—Mr. Robinson said you refused to serve summonses. A—No, I didn't. Mr. McIntyre said I was forced by law to take them.

Constable S. Cody said he had served 22 papers for Mr. Robinson, but had never been paid his fees.

Constable T. X. Gibbon was then called.

The Recorder—The charge against you is that you refused to take an execution.

Mr. Gibbon said he had been doing work in the Sheriff's Office at the time the clerk asked him to serve a number of executions, and he had then as many cases as he could attend to. He did not know if the executions were for Mr. Robinson.

To the chairman the common clerk said Mr. Robinson had been notified to attend the meeting and state his grievance, but he did not appear.

The Board decided that there was no evidence before it, substantiating the charges.

In replying to the chairman the recorder said the early closing cases which had been tried in the police court and had been dismissed, came within what the magistrate called the exceptions to the act. One store keeper had a beer license, another was a news agent, and so on.

The chief of police had been instructed to report two men who would not fall within the exceptions. Two store keepers had been accordingly summoned, and test cases would be made so as to determine the validity of the act of the legislature, as well as the city by-law.

The Board then went into private session.

IN THE COURTS

Divorce Court.

The divorce court opened in chambers yesterday morning at 11 o'clock. Mr. Justice McKeown presiding. Harris G. Fenety, clerk of the court and S. Dow Simmons, official stenographer, were present.

The Moncton case of Frederick E. Chapman vs. Joanna Chapman, was commenced and concluded, when the court arose shortly after one o'clock. Mayor E. Albert Reilly and M. G. Teed, K. C., appeared for the plaintiff. The defendant was unrepresented. This is a suit wherein the plaintiff

asks for a decree granting absolute divorce on the ground of misconduct of his wife with one, Arthur C. Colwell. The parties belong to Moncton, where the plaintiff is now employed with the I. C. R. The defendant and Colwell are now residing as man and wife in the City of Fargo, North Dakota. While in Moncton, Colwell was a clerk in the general manager's office of the I. C. R. The plaintiff and defendant were married in the Central Methodist church, Moncton, on January 4, 1893, by Rev. John Reid. One child was born, a boy named Adelbert DeWolfe Ross Chapman, on Feb. 28, 1894. Mrs. Chapman's maiden name was Toomes and she is a native of Prince Edward Island. Both plaintiff and defendant resided together in Moncton from the date of their marriage to March 7 or 8, 1907, when she left. In 1906 Arthur C. Colwell came to board with plaintiff. He became very intimate with Mrs. Chapman. The plaintiff remonstrated with him and a fistful encounter ensued. Plaintiff ordered him from the house. His wife left with him and within ten days after this, defendant went away. This was on April 19, and some time in May, Colwell followed.

The evidence of witnesses taken in Fargo, N. D., before Edward C. Gray, a commissioner on June 8, and subsequent days, was read. At the hearing there Fred S. Duggan appeared for the plaintiff and Fred W. McLean for the defendant.

John Hammerick, a grocer, was the first witness. He knew the defendant who was formerly called Miss Chapman and later married Arthur C. Colwell. The defendant claimed that New Brunswick was her former home. The defendant claimed she was married to Colwell in Minneapolis.

Mrs. C. A. Layton or Leighton next testified. She knew defendant as Miss Chapman and later as Mrs. A. C. Colwell. Defendant claimed she married Colwell in Minneapolis, some time in October, 1910. She said that on one occasion she went to their room and they were in bed.

M. P. Leighton or Layton corroborated previous witness.

Fred S. Duggan, an attorney, next testified. He told of having a Gray, a commissioner on June 8, and subsequent days, was read. At the hearing there Fred S. Duggan appeared for the plaintiff and Fred W. McLean for the defendant.

The plaintiff testified. He identified his wife's signature to a letter written to Chas. J. Murphy, an attorney. There was no argument and judgment was reserved.

Once you have used PURITY FLOUR you will readily pay the little more it may cost.

Until you have actually tried PURITY FLOUR you may demur at the trifle more it costs you than lower grade flours cost—but your first sack will show you that seemingly higher price is a real economy for you

PURITY FLOUR

That trial sack (which you ought to order this very day) will teach you what Purity Flour is worth to you, as contrasted with an ordinary flour. PURITY FLOUR is milled from only the kernels of the choicest Manitoba hard wheat—the world's wheat standard. From the 84 grain elevators which we own and operate, we select the finest wheat of the year's crop. This, at our mills, is so treated that only the most richly-nourishing part of the wheat berry gets into a PURITY sack or a PURITY barrel. The result is a flour so strong that it produces more bread for the quantity used than ordinary flour. But bulk of product is not all you are to expect of PURITY FLOUR. You are to expect lighter, snowier bread; bread that has the nutlike, sweet, wholesome taste every housewife tries to put into the bread she bakes. PURITY FLOUR, moreover, is not merely a bread flour. It is an every-purpose flour. It makes the kind of pastry you can be proud of—cake that invites praise—biscuits that suggest an encore. Not only is PURITY the flour for economy's sake, you see, but the flour for quality baking. Thus, the few extra cents which it may cost you actually insures you against baking disappointments. PURITY FLOUR is the flour you will never be without, once you fully test its unusual merits. Begin with a small trial sack, if you are dubious. Your grocer can supply you. Homesellers' Excursion.
The Grand Trunk Railway has issued a circular authorizing all agents in Canada to sell Homesellers' Excursion tickets to points in Western Canada. This is interesting information for those desiring to take advantage of these excursions on certain dates from April to September, 1914. The Grand Trunk route is the most interesting, taking a passenger through the populated centres of Canada, through Chicago and thence via Duluth, or through Chicago and the twin cities of Minneapolis and St. Paul. Ask Grand Trunk Agents for further particulars.

FINANCIAL WORLD

STOCK MARKET
DROPPING AGAIN

New York, Aug. 3.—The stock market today made several attempts to recover from its heaviness of the preceding session, and some ground was regained in the course of the day, but the weight of the selling movement in the final hour drove prices to lowest level of the present movement. In the initial trading the list advanced, but further declines despite the better tone of our securities in London. There was marked weakness in the copper. Southern Railroad shares at the close of industrial of minor importance. The decline was arrested for a time in the early session when buying of the standard stocks and speculative leaders impelled extensive short coverings, and prices soon were well over yesterday's final quotations. On the rise, however, the market became very dull, a fact that was not regarded as a hopeful augury for the bull account. Trading for the day amounted to 489,000 shares of which over 35 per cent. was transacted in the first hour.

During the frequent periods of stagnation on the exchange today, gossip was busy with the causes of reasons which have brought about the reversal in the market. Rumor assigned the short selling to the operations of a western grain trader, while the liquidation was attributed in part to the precipitate offerings of a local operator who is currently reported to have suffered severely on the bull side of the cotton market. Neither rumor was confirmed, although both possessed the elements of plausibility.

Among the incidents of the day which tended to exercise a restraining influence on bullish activity, was the further weakness of Standard Oil of the curb, the stock making a net decline of 2½ points on unusually heavy offerings. News from Washington that the attorney general is soon to submit to the treasury department his report dealing with an inquiry into the formation of a "securities company," recently organized as an adjunct to one of the largest national banks in the country also furnished food for reflection. Yet another deterrent was found in despatches from New England, telling of the indefinite shutting down of perhaps a million mill in the Fall River district while further curtailment was reported by the textile concerns operating in North Carolina.

Heaviness in the copper shares was partly explained by the reports prepared by several leading companies. These showed a large increase in production for the second quarter of the year, with a loss of \$182,000 in the income account, while earnings of Nevada, on a consulting report, had decreased about \$400,000. Much of the day's crop news also was of an unfavorable character. An offer to sell the assets of a factory was stated in the Moroccan situation had been reached. This news evoked no response at the British capital, whereas some uneasiness appeared to be felt respecting home banking affairs. The weekly statement of the bank of England was practically unchanged as to its liability reserves, but its total reserves fell over \$10,000,000, with a loss of \$1,000,000 in bullion. The statement of the bank of France was interesting chiefly for its increase of almost \$20,000,000 in loans and discounts. A number of railway earnings were issued, the most notable being a loss by the National Railways of Mexico, of over \$2,000,000 in net for the fiscal year. Net returns of over a score of representative roads for June indicate a loss of over \$500,000. The bond market again followed the stock market in its irregularity. Total sales, however, were \$2,000,000. United States government bonds were unchanged on call.

WHAT IS THE MATTER WITH MAINE?
The farmers of the State of Maine have all the advantages that reciprocity could bring to the Maritime Provinces of Canada, and none of the disadvantages. They have free access to the much-talked-of "market of ninety millions," and cannot be shut out of it by any vote of congress, as Canadian farmers might be at any time under the reciprocity agreement. They are nearer to the markets of Boston and New York than any part of the Maritime Provinces, and yet the farmers of Maine are no more prosperous than those of New Brunswick, Nova Scotia and Prince Edward Island. They have no dreams about the value of the market of ninety million people. They know that the cost of railway haul shuts them off from most of the markets of the United States, although there is no tariff to keep them out. The percentage of increase in population is none in Maine than in the Maritime Provinces.

JOE PAGE WILL HAVE FAST TEAM AGAINST FREDERICTON

Leo Callaghan to Pitch for St. John this Afternoon—Contest Should be One of Fastest of Season—Tift Possible Fredericton Pitcher.

If Manager Joe Page's plans carry out, the St. John's team during the next few days will be one of the strongest in the league and will start at once for the top of the series.

The first of the games which Joe expects to capture is the one this afternoon with Fredericton.

Under this arrangement Sullivan will play his regular position on first base, and Callaghan will pitch.

LANGFORD WILL FIGHT JIM SMITH

Sam Langford, the light heavyweight champion of the world, has been matched to meet Jim Smith in New York on next Tuesday night.

Langford has been in strict training for the past week and is sure of being in the best of condition for his bout with Smith.

"Only get the club that will make a decent offer and Mr. O'Brien will not have to write his hands in anguish," added Woodman.

AROUND THE CITY

Concert at Seaside Park. The City Cornet Band played an excellent programme of music at Seaside Park last night.

Early Closing Cases Today. The early closing cases will be heard in the police court this morning. There are only a couple of places reported recently.

To Dine Major Gordon. Clarence Mackenzie and members of other Scottish societies will give a dinner to Major J. J. Gordon on Monday evening next.

The Lansdowne Inspected. T. McCoskey, inspector of government steamboats, with headquarters at Halifax, is at the Victoria Hotel. Yesterday he made an inspection of the repairs on the Lansdowne and found everything satisfactory.

The St. John Brass Band. The colored young men who have organized the St. John Brass Band had a meeting last evening and it is expected that the band will be a success. A committee is on the way to take charge of the new band works which he has established there.

Last Night's Entertainment. Judge McCoskey, president of the St. John Society for the Prevention of Tuberculosis, acknowledges on behalf of the society the receipt of \$251.82, being a proportion of the proceeds of the entertainment given by Madame Labadie in the Opera House last evening.

Missions in British Columbia. An interesting lecture was delivered in the Portland street Methodist church last evening by Rev. Mr. Barnclough, who is paying a brief visit to St. John. The lecture dealt with mission work among the Indians of British Columbia and was much enjoyed by the large audience.

Natural History Field Day. The Natural History Society will hold a field day on Saturday afternoon. Members will proceed to Drury's Cove and rendezvous at Geo. F. Potter's. The excursion will be in charge of W. F. Burditt. Friends and visitors to the city are invited to join in the excursion as a pleasant outing is anticipated. The party will take the 2:15 train for Brookville.

Donations to Orphans' Home. The ladies' committee of the Protestant Orphans' Home met yesterday afternoon and transacted business. The following donations have been received: St. Luke's church picnic committee, cake and biscuits; St. John's (Stone) church picnic committee, two bunches of bananas and a watermelon; Mr. and Mrs. W. E. Raymond, two watermelons.

Band Concert Tonight. The City Cornet Band will give another of their concerts on the King Edward band stand tonight. The following programme will be discussed: -March, from Opera; Bocaccio; overture, Evening Idylls, Barnhouse; solo, "Love's Old Sweet Song"; Malloy; selection, Bohemian Girl; Balfe; waltz, The Mikado; selection, American Alps; selection, Harry Lauder's Songs; duet, Labour and Water; selection, The Traveller; waltz, Scotch Alps; God Save the King.

Carleton Methodist Picnic. The annual picnic of the Carleton Methodist Sunday school was held yesterday at Westfield Beach. The beautiful weather and the numerous attractions provided at the picnic lured a big crowd from their busy haunts in the city. Two trainloads went out and the picnic proved an enjoyable event. During the day a programme of athletic events was carried out. The picnickers returned to the city at half-past seven last evening.

Changes in Constitution. The executive of the S. F. C. met Wednesday afternoon. Copies of the new rules necessitated by two changes in the act of incorporation were submitted. The name of the society was altered to suit the new condition, and a new seal agreed upon. Complaints received by the society from different sections of the province were heard. It was resolved to take steps to increase the membership and to reconstitute branches in various places throughout the province. The half yearly statement was submitted by the secretary, S. M. Wetmore.

On the long steady strain, Humphrey's Solid Footwear stands the test.

AN AMERICAN VISITOR SAYS RECIPROCATY WOULD BE BAD BUSINESS FOR THE DOMINION

L. Perkins, of Boston, Declares if He were a Canadian He Would Vote Against the Fielding-Taft Bondage Pact--Especially Bad for Farmers

"If I were living in Canada, I'd be in a great hurry to get to the polls and vote against the reciprocity pact," said L. Perkins, of Boston, who was at the Royal yesterday with his wife and family on the way to visit his old home in Kings county.

"I've made my home in the states for the last 30 years," he added, "and personally I don't care a continental what Canada does about reciprocity. But, if I was living in Canada I think I would be an ardent opponent of reciprocity. My business obliges me to keep in close touch with affairs in Canada, and I travel a good deal in Ontario and Quebec, and believe I know something about the country. But I don't think Canada has much to gain from reciprocity with the states and she has a good deal to lose."

"Possibly, the Canadian fishermen will gain something from having a free market for fish in the states, and it ought to help the lumbering interests. But the farmers and other classes will lose a great deal more than these two interests stand to gain. And it is altogether unnecessary that you should make these sacrifices. The United States must get lumber from Canada anyway, and it would only be a short time before she allowed all forest products to enter her markets free of duty."

"And probably the same thing might be said of fish, as the need of looking to the Maritime Provinces for supplies becomes more obvious every day. "As for the farmers, they may be able to sell more grain to the American millers, but they won't reap many benefits, except the privilege of working harder. Those who raise fruit and table vegetables will find themselves worse off, because the season in the United States is so much earlier than in Canada, and the Americans will have their products on the market first, and get the cream of the prices. And the result will be that by the time the Canadian farmer is ready to market his fruit or vegetables the people will have had enough, and the demand will be light and the prices low."

"The Canadian farmers have only to consider the position of the American farmers to realize that the ninety million market is not going to be of any noticeable benefit to them. The American middlemen expect to profit, because they will be able to prevent the Canadian farmer against the American farmer and get the farmers produce for lower prices on both sides. The big cool storage companies have things pretty much in their own hands in the States, and they do about as they please with both the farmers and consumers. They can buy farm produce and keep it for a year or more, which means

TENNIS TOURNAMENT ST. ANDREW'S SOCIETY OPENS HERE MONDAY IN QUARTERLY SESSION

Entries Now Coming in Well for Provincial Tennis Meeting, and Some Interesting Games are Expected.

The entries have already commenced to come in for the provincial tennis tournament which will commence on the courts of the St. John Tennis Club next Monday, and indications point to a record number of competitors. Arrangements have been completed for holding the meet. The courts are in excellent condition and as usual will be in charge of the club's caretaker, Ralph London.

The ladies' committee will serve tea every afternoon. The association clubs will be presented to the champions in each event, and prizes to the runners up. The constitution provides that the champions of last year shall not play through, but may defend the title. If the champions in double events do not wish to defend they may play through but not together. If the title is undefended it goes to the winner of the tournament. The champions of 1910 are as follows: Ladies' singles, Mrs. H. R. Babbitt; men's singles, T. Malcolm McAvity; ladies' doubles, Mrs. H. R. Babbitt and Miss Helen Babbitt; men's doubles, T. M. McAvity and W. M. Angus; mixed doubles, Miss H. Babbitt and A. R. Babbitt.

The champions in the ladies' singles, men's singles and ladies' doubles will defend the titles won by them last year. In the men's doubles it is expected that Mr. Angus will play through with Kenneth Arthur, and McAvity with F. C. Inches. A. R. Babbitt is now living in Boston and will not be on hand for the mixed doubles. Miss Babbitt will play through with H. E. Bigelow of the Sackville club. Bigelow will play with W. T. Wood in the men's doubles. Other pairs who will enter are W. A. Harrison and F. R. Fairweather of Rothesay; Prof. Boggs and Donald Fisher of Westfield, and J. A. K. D'Arcy and C. F. Lewis, of St. John. Bigelow, Boggs, D'Arcy and Lewis are all strong players of experience but this is their first year in New Brunswick tennis. In the mixed doubles strong pairs will be Mrs. H. R. Babbitt and W. R. Turnbull, winners in the all Canadian tournament held in this city last September, and Miss Mabel Thomson and T. McAvity.

The following players will also be on hand: H. H. McLean, Jr., Noel Lee, Norman Rogers, R. Trites, W. A. Ward, Don Skianer, John Chipman, A. C. H. Joy, Mrs. J. R. Thomson, Mrs. W. A. Harrison, Miss E. McAvity, Miss V. Barnes, Miss L. Raymond, Miss J. Trueman, Miss E. Macaulay, Miss C. H. Joy, Miss M. Macaulay, Miss K. Hazen, Miss F. Hazen, Miss K. Scho. Held, and others.
