

HUERTA MAY RESIGN PRESIDENCY OF MEXICO

Persistent Rumors at Vera Cruz that He Will Quit Job.

Peace Envoys Ask U. S. and Mexican Parties to Send Representatives to Washington—Carranza Refuses to Cease War on Federals.

Mexico City, May 1.—It is reported here that a tripartite agreement to an armistice was signed here this morning by representatives of the United States, the federals and the rebels.

Vera Cruz, May 3.—Persistent reports continue to circulate here that General Huerta intends to retire from the provincial presidency of Mexico on conditions that he be assured a safe conduct to a port and placed on board a foreign warship.

It is declared in some Mexican quarters in this city that General Huerta was ready to resign a week ago but was prevented from doing so by internal dissensions in his cabinet.

Sentiment Strong Against Huerta Government.

The disappearance from the Mexican cabinet of Porfirio Y. Rojas, the foreign minister, coupled with reports that there is a growing undercurrent of feeling in Mexico City against the Huerta government, is interpreted here as foreshadowing a change in the situation in the federal capital.

Some of the closest observers here of the government's situation express an inclination to the view that General Huerta's resignation may clear the way eventually for the appointment of a foreign minister who under the Mexican constitution could succeed General Huerta as president.

In these quarters it is pointed out while Carranza declines to treat with Huerta he might consent to enter into negotiations with his successor and thus facilitate mediation.

The effect of the continued rebel victories in the north, and the outcome of the pending attack on Tampico may, according to well-informed opinion, bring about a rapid change in Mexico City.

Huerta Fooled People by False Reports of Federal Victories.

While the federal capital was reported quiet today people who arrived here from the seat of government declared that the people there were beginning to learn that General Huerta had been deceiving the people all the time by issuing false reports of federal victories over the constitutionalists.

The news of the peaceful way in which the Americans are occupying Vera Cruz. It is said, has spread to the capital, and has convinced Mexicans there that the American invasion of the port is not for conquest or aggression.

Washington, May 2.—The three South American envoys who have undertaken the task of pacifying Mexico by diplomacy today made another decisive move in their plan by requesting the United States government, General Huerta and General Carranza to appoint representatives to confer with them at Washington.

The envoys felt confident tonight that the step they had taken would meet with favor by all concerned.

Thus far the responses from General Huerta and General Carranza have not been clear as to whether the differences between the United States and Mexico arising out of the Tampico incident alone would be considered by them, or whether they would consent to a general discussion of the Mexican problem.

By sending representatives here, it is pointed out, such difficulties would be bridged over, for in an informal conference with the mediators everything pertaining to Mexico could be discussed and even informally submitted before the stage of formal proposals was reached.

Incidentally, it is known that the mediators intend to concentrate their attention on the broad subject of pacifying Mexico, hoping that the differences which arose between the Huerta government and the United States might become secondary in view of the revolution of the entire Mexican problem.

Names of the persons who might be acceptable to all factions in Mexico for the position of provisional president pending a rehabilitation of the national government in case the negotiations reach that stage, are being suggested to the mediators.

MILLIONAIRE MINE OWNER DIES IN TORONTO

Duncan McMartin Was Leading Business Man of Montreal and Prominently Identified With Cobalt's Mining History.

Toronto, May 3.—Duncan McMartin, one of Montreal's business men and millionaire mine owner of New Ontario, died last night at a private hospital here of pneumonia, after a brief illness. He was in his forty-fifth year.

It was Mr. McMartin and his brother John, contractor on Temiskaming Railway, that Larose, the discoverer of silver in the Cobalt country, took his samples, and the two in conjunction with several others, after investigation, acquired the Larose mine, selling it later for \$5,000,000.

Later the syndicate purchased the Hollinger mine and developed it, acquiring at the same time several other claims in the Porcupine district.

The deceased, who was a native of Glasgow, will be interred at Williamstown. He leaves a widow and three children.

GOV. GENERAL TO CONTINUE HIS TOUR

Death of Duke of Argyll Won't Change Plans, as King Has Granted Permission to Complete Tour.

Ottawa, May 3.—In response to inquiries as to what effect the death of the Duke of Argyll would have on the immediate plans of His Royal Highness the Duke of Connaught, the following announcement was made tonight.

"Despite the deep mourning into which the death of the Duke of Argyll has placed His Royal Highness he has secured special permission from His Majesty the King to carry out his tour in western Ontario. This authority was granted as His Majesty the King considered the people of western Ontario would be greatly disappointed if the tour were to be postponed at such short notice."

EGGS SELLING AT DOLLAR EACH AT TAMPICO

Water Supply Cut Off, Steamer Captain Reports, and People on the Verge of Famine.

Vera Cruz, May 3.—Conditions at Tampico are daily growing more serious, according to Captain Blackadder of the Ward liner Canagua, which arrived here today flying the Cuban flag.

He said the water supply had been entirely cut off and that conditions in the city were very filthy. The inhabitants were bordering on famine and prices were continually increasing, eggs fetching one dollar a piece, potatoes and tomatoes fifty cents a pound and other foods in proportion.

With the exception of United States Consul Clarence A. Miller and his assistant there are probably not half a dozen Americans at Tampico, according to the captain. He said the captain of the British cruiser Heron had chartered the British steamer Anallian to take off refugees and among those who had gone on board were a few Americans. He added that the barge Oswald Boyd had been chartered by the Spanish authorities to take up refugees who were waiting in the river.

The rebels remain in possession of all the river towns in the vicinity.

CHEMICALS EXPLODE, SEVEN BADLY BURNED

Promptness of Bystanders, in Smothering Flames Prevented Boys from Being Burned to Death.

Ottawa, May 3.—Without a moment's warning a terrific explosion of a pall of flames with chemicals occurred this afternoon in front of the residence of J. D. Mousgo, corner of Centre and Ralph streets, and two men, four boys, and an elderly lady were trapped in a mass of flames and smoke.

The pall had been carried from a private laboratory a few moments before and the chemicals began smouldering. District Fire Chief Burnett carried it down stairs, not realising the danger he was in, and placed it on the lawn, where a crowd collected.

Between 250 and 300 persons were standing about the corner when the chemicals exploded with a terrific crash which could be heard for nearly half a mile. Wardmaster, son of W. H. Lester, 127 Second avenue, and little William Murray, son of P. W. Murray, druggist, were standing within a short distance of the fall when the flames and smoke enveloped them.

Nearly a dozen others, including those among the injured, were stunned and their clothes caught fire. The clothing of Lester, Murray and young Gordon Maher was in flames when the smoke cleared, and but for the promptness of bystanders and the firemen in smothering the flames they would likely have been fatally burned.

As it was Lester was so badly burned about the face that it was hours before it was known that his sight could be saved.

SIR FORBES ROBERTSON CONCLUDES FIRST HALF OF FAREWELL TOUR

Total Receipts of Engagement Were Over Half Million Returns to Canada in Autumn.

Montreal, May 3.—Sir Johnston Forbes Robertson, the eminent English actor, concluded the first half of his farewell tour on Saturday night at His Majesty's theatre. The tour opened in New York on October 2 and the following cities were visited: Boston, Providence, R. I., New Haven, Philadelphia, Buffalo, Pittsburgh, Toronto, Hamilton, Ottawa and Montreal. The total receipts of the different engagements were \$535,000, a record for a thirty weeks' theatrical tour on this continent.

Sir Johnston and Lady Robertson sail for England from New York on Tuesday evening, but will spend the summer prior to returning next autumn for the second half of the farewell tour in the western states and Canada.

In a farewell speech from the Princess Theatre stage Saturday night, the eminent actor referred to a matter which has been very near his heart for years. "I have looked confidently for the establishment of a continuous theatrical belt across Canada," he said "and it now appears that my earnest wish is coming true, for I have been delighted to learn that an energetic movement is afoot for the providing of a chain of first class theatres in your cities under Canadian control. This will be a great advantage for Canada, presenting a play in every city with the same result as the London manager, for the latter case come to Canada, present a play in every city from Halifax to Vancouver and return over the same route with another play without leaving Canadian soil. Canada will thus see the latest, the best things from the British stage."

FIRST EMBASSY IN BUENOS AYRES CREATED

Washington, May 2.—King Alfonso today signed the decree raising the Spanish legation in Argentina to the rank of embassy, according to official advices received here tonight. It will be the first embassy in Buenos Ayres and the Argentine government is expected to take prompt action in reciprocating. This is regarded in diplomatic circles here as particularly significant in view of the untiring efforts of Spain to promote the closest possible relations with her former colonies in America. It is believed here that other European powers will follow suit.

GEN. SICKLES, SEVERAL OF GRIT PARTY HEADS OF THE GIBBON IS DEAD

Last of the Great Commanders Who Fought at Gettysburg.

New York, May 3.—General Daniel E. Sickles died at his home shortly after nine o'clock tonight. His wife was at his bedside at the end. He was 89 years of age.

Mrs. Sickles, who had been estranged from her husband for more than a quarter of a century, went to the general's house when she was informed he was dying and took charge of the arrangements for his care. She remained at his bedside during the night and watched by him until his death.

The final reconciliation was brought about largely through the efforts of their son, Stanton. It is understood the general recently having made advances to his wife when assured by Stanton that they would be met half way.

General Daniel Edgar Sickles was elected to congress in 1857. It was while serving his second term as congressman, in 1859, that the nation at capital was stirred by the news that the young representative from New York had shot and killed Philip Barton Key, the United States district attorney for the district of Columbia.

Sickles declared that "Key had mistreated Mrs. Sickles, who was Theresa Baglio, daughter of an Italian music teacher. His trial lasted twenty days, ending in the acquittal of Sickles on the ground of the "unwritten law."

Sickles died of a broken heart a few years later. He was at the front at the outbreak of the civil war and fought in many battles.

In 1893 he was appointed minister to Spain by President Grant. In Spain he contracted his second marriage, which proved unhappy, and for more than twenty years he and the general have been estranged from his wife.

DUKE OF ARGYLL DIED YESTERDAY

Was Son-in-law of Queen Victoria—One of Most Popular Governors-General of Canada.

Cowes, Isle of Wight, May 2.—The Duke of Argyll, son of the late Queen Victoria, and former governor-general of Canada, died tonight at East Cowes, aged sixty-nine, after a long illness.

The Duke of Argyll expressed hesitation as to being insufficiently equipped to assume the office. Queen Victoria, however, pressed him to accept with the result that he became one of the best and most popular governors-general.

Although thoroughly imbued with the aristocratic prejudices of the old world and the traditions of nobility, the duke fully appreciated the meaning of noblesse oblige. Throughout his career he accepted all the burdens falling upon public men, and the last occasion on which he was seen by the Gazette correspondent was when he presided over a public meeting recently presiding the empire trade mark. In private life he exhibited simple habits retaining to the last his Scottish preferences.

LAST OF SEELING FLEET BACK FROM THE NORTH

St. John's, Nfld., May 3.—The steamer Diana, the last of the sealing fleet returned today from the northern flocks with 2,000 young and 3,500 old seals, about one-third of a full cargo. This ends the seal fishery for 1914 with a total catch of 240,000 pelts, valued at about half a million dollars.

DESPITE DECREE OF CAUCUS ARE READY TO ENDORSE GOVERNMENT'S ACTION.

UNCERTAINTY OVER FATE OF REDISTRIBUTION.

Opposition Likely to Offer Amendments in C. N. R. Bill, Including One For Equalization of Freight Rates.

Special to The Standard. Toronto, May 3.—The beginning of another week finds considerable uncertainty in parliamentary circles respecting the fate of the redistribution bill and the line of resistance to be followed by the opposition respecting the Canadian Northern legislation.

As to redistribution it is generally understood that the committee has practically agreed upon the new map for all the provinces, except Ontario and Quebec. In Ontario there is some dispute as to the eastern part of the province, the Liberals being strongly opposed to the elimination of Russell County as an electoral district and there is a possibility that Russell may remain as at present. But a far more serious situation exists in the province of Quebec. Postmaster General Pelletier and Hon. Dr. Beland are utterly unable to get together regarding the rural constituencies and nothing has yet come of the tentative proposal to submit their differences to the Prime Minister and Leader of the Opposition.

As to the Canadian Northern legislation. In spite of the decree of the party caucus many Liberal members profess themselves ready to agree to assistance being extended to the road under proper safeguards and conditions. Hon. Geo. R. Graham is quoted as favoring a reasonable policy of criticism and investigation which would probably result in the government measure being passed if certain amendments are accepted. There is, however, a wing of the party said to be headed by Chief Whip Fred Pardee which favors fighting the measure from the drop of the hat and a resort to the policy of obstruction.

Sir Wilfrid Laurier would naturally have great influence in determining the ultimate policy of the opposition. Just now his attitude is one of watchful waiting and he is unlikely to disclose his hand until to his own satisfaction at least he has sized up the feeling throughout the country. It is rumored, however, that in his speech to the Liberal caucus the other day Sir Wilfrid betrayed considerable personal rancor against Messrs. MacKenzie and Mann, and while he is unlikely to permit any personal pique to influence him unduly there is a possibility that any attack upon the railway magnates likely to be sustained by public opinion would be led by him with no little zest because of his personal predilections.

In any event the passage of the bill even without resort to closure will be preceded by a long drawn out struggle during which many amendments, including one for the equalization of freight rates, may be offered by the opposition.

The Premier is exceedingly cheerful regarding the situation. He is confident that he has got the proper solution of the difficulty.

HAMILTON, ONT. MAN KILLED BY ELECTRICITY

Mother Finds Him on Floor in Cellar With Electric Flames Playing About Him.

Hamilton, Ont., May 3.—Leonard Stewart, 113 King street east, was electrocuted last night in his home. He and his little daughter went into the cellar to get some coal oil and he carried a small electric lamp which was attached to a long wire. As he was moving about the cellar he fell. His daughter ran upstairs screaming that her father was on fire. His mother immediately went down and found him lying on the floor with the play of electric flames about him.

LADY ALFRED PAGET DIED YESTERDAY

Widow of General Lord Alfred Paget and Mother of Commander of British Forces in Ireland.

London, May 3.—The death occurred today of Lady Alfred Paget, widow of General Lord Alfred Paget. She was the mother of Lieut. General Sir Arthur Paget, commander of the British forces in Ireland, whose wife is a daughter of the late Parson Stevens and Mrs. Marietta Stevens of New York. Another of her sons is Almeric Paget, a member of parliament, whose wife is Pauline Whitney, daughter of the late William C. Whitney, former secretary of the United States navy.

DIED ON WAY TO TORONTO TO GIVE LECTURE

Rev. Sylvester Horne, Minister Member of the British House of Commons Expires Suddenly.

Toronto, May 3.—Within a short distance of the city of Toronto, where he was coming to deliver an address to the Canadian Brotherhood at the Metropolitan church, Rev. Sylvester Horne, member of the British House of Commons for Ipswich, fell dead on the deck of the Niagara steamer Carona on Saturday night at the feet of his wife. The distinguished visitor to the American continent came to deliver a series of important lectures at Yale University. These were concluded last week, and his visit to Toronto was the result of an invitation from the Canadian Brotherhood. Mr. Horne was president of the Brotherhood movement in Great Britain this year. Mr. Horne spent two days at Boston and left on Friday for Toronto by way of Buffalo and Niagara Falls. At Buffalo he complained of not feeling well. At the Falls, after visiting the places of interest he retired to his hotel, but having apparently recuperated decided to continue his trip to Toronto on the evening boat.

On the arrival of the boat at Toronto the body was embalmed and was taken to the residence of Mr. N. W. Rowell, leader of the opposition in the Ontario legislature. Tomorrow morning Mrs. Horne will leave for Montreal and will sail for England on Tuesday, taking the remains with her.

The late Mr. Horne was born in 1855 at Cuckfield, Sussex, England. He graduated from Glasgow University and subsequently studied theology at Mansfield College, Oxford. On his ordination as a Congregational minister he became pastor of Kensington Chapel, London. Later he resigned to become identified with a mission at Whitefields church, Tottenham Court Road, which he built up by somewhat novel methods and which is one of his greatest monuments. At the general election of 1910 he contested Ipswich in the Liberal interests and won it by a large majority.

In 1892 he married a daughter of Sir H. H. Cozens-Hardy, Master of The Rolls, who had three sons and four daughters.

He was to have addressed a meeting on Friday evening at Emmanuel church in Montreal upon the Church and Social Work. Rev. Dr. Pedley, pastor, tonight made feeling reference to Mr. Horne's life and work.

TOLD WIFE SHE WOULDN'T SEE HIM ALIVE AGAIN, IS BROUGHT HOME DEAD

Sarnia Man Found on Steamer With Artery Severed—Died Just as Boat Reached Shore.

Fort William, Ont., May 3.—When the Northern Navigation Company's steamer Huronic cleared from this port today her inspector, Henry C. Chappell, of Sarnia, from all appearances was in the best of spirits. A short time afterwards, however, a message was sent back by wireless that Chappell was dying. The ship was ordered to return with all speed to her wharf but Chappell died just as the foot cable was thrown upon the wharf. His shipmates claim he had his good-bye to his wife in Sarnia before the steamer sailed last Wednesday and told her she would never see him alive again.

The cause of death was a gash in his left arm which severed the main artery. This was made with a razor, and is believed to have been self-inflicted.

SHARP FIGHT BETWEEN FRENCH AND MOROCCANS

Troops of Pretender to Throne of Morocco Defeated With Heavy Loss in Desperate Battle.

Fes, Morocco, May 3.—A desperate battle between the French troops and the followers of the native pretender to the Moroccan throne resulted today in the defeat of the Moors, who suffered enormous losses. The French casualties totaled nine killed and twenty-five wounded. Early in the morning the French troops attacked the natives in a mountain stronghold which they carried at the point of the bayonet in spite of a tenacious resistance by the natives. The Moorish camp was destroyed.

WILL TRY TO FORCE ASQUITH TO ANSWER

Opposition Will Keep After him For Information About 'Ulster Plot.'

UNIONIST LEADERS AWAIT GOVT. OVERTURES

Government Leaders Realize Futility of Attempt to Punish Gun-Runners—Disappointment to Rank and File.

London, May 4.—Although the front benches of the Opposition are disinclined to push the charges in regard to the Ulster plot further in view of the more pacific attitude of the government last week, attempts will be made by certain irreconcilables to further harrow the premier with questions today. Mr. Asquith will be given the opportunity to change his expressed intention of answering no more questions on the recent movement of troops in Ulster.

Questions will be put as to whether there is any time limit to the refusal and whether the immunity granted to Sir Arthur Paget will be extended to other members of the civil and diplomatic services. So far as the Unionist leaders are concerned they await the overtures of the government which both Mr. Bonar Law and Lord Lansdowne have promised their earnest consideration. These had not been received up to the end of the week.

In the meantime the government's threats to punish ringleaders in the gun running affair of parliament and twenty other persons would be proceeded against. The government's efforts in this direction would be as futile as with the suffragettes and the ministerial leaders recognized this, though the rank and file were greatly disappointed that none of the Carsonites were arrested.

The provincial campaign against Home Rule which opened at Coventry with Mr. Balfour and Lord Milner as the chief speakers, was launched at an unpropitious time. Mr. Balfour in moving the resolution which condemned military coercion in Ulster and also demanding a general election adopted an attitude manifesting doubt of the national rejection of Home Rule.

DUEL IN PARIS CALLED OFF BY ARBITRATORS

Declare Language on Posters Sent Out by Caillaux's Opponent Insulting, But Not Intended.

Paris, May 3.—No duel will result from the challenge sent yesterday by Joseph Caillaux, former minister of finance, to Forand D'Aillieres, his opponent in the recent election for the chamber of deputies, who had posted bills in the constituency saying clean elections would refuse to become "accomplices in crime." This was a reference to the killing of Gaston Calmette, editor of the Figaro by M. Caillaux's wife.

The seconds of the two men met today and failed to agree, the representatives of M. D'Aillieres arguing that the words did not constitute an insult either to M. Caillaux or to the electors and in addition concerned a matter of public interest.

It was therefore contended that M. Caillaux was not entitled to demand satisfaction by arms.

Disputed point to two arbitrators, who after a lengthy discussion, declared the words insulting but that when they were employed M. D'Aillieres had no thought of insulting M. Caillaux or his constituents. They therefore held that the incident could be considered closed.

wife is a daughter of the late Parson Stevens and Mrs. Marietta Stevens of New York. Another of her sons is Almeric Paget, a member of parliament, whose wife is Pauline Whitney, daughter of the late William C. Whitney, former secretary of the United States navy.

TORTURE OF SCIATICA CURED QUICK! "NERVILINE" A SUCCESS EVERY TIME.

Steps the Pain Quick - Acts Like Magic - Is Harmless and Pleasant

Sciatica is the most severe pain man can suffer. The great sciatic nerve is deeply placed, and you can reach it only by a pain remedy, as penetrating and powerful as NERVILINE.

Itself to be the best for little pains, best for big pains, and best for all pains. When one has acute rheumatic pains, stiff joints or a stiff neck, don't experiment—seek a remedy that cures.

HUERTA MAY RESIGN PRESIDENCY OF MEXICO

Continued from page one. Official Washington and diplomatic circles were interested in the resignation of Senor Porfirio Y. Rojas from the portfolio of minister of foreign affairs in the Huerta cabinet.

in the mediation preliminaries, and others suggest that it might be means of selecting the Mexican cabinet officer as a special representative of Huerta to confer with the Washington mediators.

ADVISES AGAINST FANTASTIC VAGARIES IN MODERN ART

London, May 4.—Prince Arthur of Connaught withheld the Royal approval from futurist art in a speech at the Royal Academy dinner on Saturday night.

EMINENT GEOLOGIST IS DEAD

The Fur Farming Industry at Renforth

The above picture shows the lane between the different ranches and the situation of the caretaker's dwelling from which the different ranches may be viewed. From this point too the electric lights and other protective devices are controlled.

PERMANENCY OF BLACK FOX INDUSTRY IS NOT IN DOUBT

The demand for Breeders good for years while the price of furs has not materially decreased—Many experts figure on the business being as solid as diamond mining—Ranchers may eventually make garments and deliver them to the consumer—Supply of wild furs has greatly lessened in last few years.

ENORMOUS PROFITS STILL IN SIGHT.

For and general fur farming has come to stay and to grow steadily in importance is the general feeling among those closely identified with the new industry.

At the present time the business has taken a firm hold in the Maritime Provinces of Canada, but it is gradually extending to the different sections where the climatic conditions are all favorable. People in the states of Maine, Vermont, New Hampshire and northern New York have taken up the matter of fur ranching, and several ranches have already been started in these states. A wide extension of the business is expected during the next year.

Men who have studied the industry have agreed that the business is permanent and that large profits will be made continuously.

"Rod and Gun" in a recent issue said: "The raising of silver black foxes is just in its infancy. Only now are the people awakening to the fact that a fortune is awaiting them in the rearing of foxes." This journal also quoted experts as saying that if the production of silver black foxes was more than doubled there would still be very little change in the present prices.

During the three years in which the business has been prominently before the public the profits have been enormous and the indications are for a strong and lucrative future.

The Canadian Bank of Commerce in its annual report refers to the business as follows: "The prosperous industries has been added silver black fox ranching, which has reached important proportions and outgrown the experimental stage."

The silver black fox industry has been compared to that of diamond mining and even with a greatly increased production there is little chance of very much lowering of prices on account of the increased demand that will be sure.

Furs are much more in demand now

than formerly. The introduction of the automobile has largely been responsible for this but people appreciate the best articles of this nature. On account of the lack of an imitation, anything like the real silver black fur, the demand has largely increased and people feel sure that the fur is what they pay for and not something inferior in quality.

The supply of wild furs has greatly decreased and people must look to the ranch bred furs for their supply. Even with many people going into the ranching business there is little likelihood of the supply being more than the demand. If such an event were possible there is no doubt that some arrangement among the ranch owners would result in the establishment of a large garment manufacturing plant where the owners of ranches would control the output as in the case with diamonds today. It would be quite an easy matter to make such an arrangement so that the consumer would be supplied direct from the rancher. Such an arrangement has been worked out successfully in the case of other articles such as wearing apparel and necessities of life.

At the present time the prices asked and secured for breeders is much in excess of the prices of pelts, but it has been figured out that on the pelt basis alone there are enormous profits available.

The men behind the different companies have been working out better methods of handling skins and when the time arrives when it becomes necessary to sell the pelts, details of a great co-operative selling scheme will no doubt be completed and arrangements made for the controlling of the sales by a great central exchange. This concern would watch the markets in different parts of the world and arrange to supply the demand as it appeared and also help to popularize the wearing of furs to a greater extent than at present.

It is expected that the fur farmers of the Maritime Provinces will soon arrange for an organization for the registration and classification of foxes and other fur bearing animals. This arrangement will have some effect on the prices of breeders but there will be no chance for unscrupulous dealers to sell low grade stock for the highest.

That there is no danger of the business being overdone is perfectly clear from the fact that only sixty-three pelts were sold on the London market in 1912, while in 1913 the number was about the same. The number of silver black foxes held in captivity today is exceedingly small. Those who wish to secure the silver black fox in its wild state need to scour the north country and even then a very small number of animals whose fur is of the desired quality and color can be found.

Those who have been engaged in the business in the Maritime Provinces have made large profits each year. Experience has shown that it is not at all difficult under proper conditions to breed the silver black fox in captivity and yet it must be many years before the supply of this fox can catch up to the demand. There is a great demand for first class furs in France, Russia and the United States. As in the case of diamonds the supply appears to have slight connection with the price. In 1907 when 1909 silver black fox skins were offered for sale at the C&F Leje Hill public sale rooms in London the prices ranged higher than in 1905 when only 1,979 pelts were offered. In 1911 an aggregate of but thirty skins were presented and the prices ranged about as in 1905.

LAMPSON'S REPORT SHOWS FUR PRICES

C. M. Lampson & Co. of London, England, the greatest fur auction firm in the world, in a statement April 2, 1914, reports as follows: "In regard to cross foxes, the heavy decline in value, which took place in January, has been further accentuated; nevertheless, values are still twenty per cent. above those of last March. In sympathy with the strong demand for silver fox the silvery kinds of cross fox realize excellent prices, but the reddish, pale and off color skins barely brought March prices.

There was an excellent request for silver blacks and although not as high as in January, are distinctly higher than last March. The fresh blue, slight silvery skins were keenly competed for at considerably enhanced prices and there was a brisk demand even for the poorer sorts."

The New York Evening Post of January 13, 1912, says: "In the London market ordinary pelts bring from \$500 to \$1,000 and from that up to \$4,000. This latter figure is the highest legitimate price ever brought by a silver black fox, though it is known that an English lady of title purchased a skin at auction for \$2,500 and turned it over to an Austrian nobleman's wife for \$7,000.

With population and wealth increasing and the wild fur bearing animals decreasing; with the demand for breeders growing far faster than the supply and with silver black fox furs as well as breeding animals bringing the prices they do the industry has every appearance of growing and expanding to an almost unlimited extent.

Canadian Traders, Ltd. of St. John, are starting A PATCH PROPOSITION

Better learn the facts as to "Patches." They are popular and profitable.

By underwriting a block of shares in this new company you will start with a good crowd, on a ground floor basis.

There will be ten or more pairs of Patch Foxes—chiefly ranch-bred and known to have a parent pure Silver Black.

Cut out this coupon and mail it now.

CANADIAN TRADERS, LTD.

Royal Bank Building, P. O. Box 73, St. John, N. B.

Please mail me promptly your proposition on Patch Foxes. I may be interested to underwrite some of your Treasury Stock at a special price.

This company proposes starting operations October first, 1914, with five pairs of adult foxes, breeders, and five pairs pup foxes, born 1914.

ALL BEAUTIFUL
SILVER BLACK FOXES
HIGH-GRADE BEAUTIES

Authorized Capital - \$180,000

18,000 Shares—Par Value \$10 per Share
(All Common Stock)

Application for stock may be made to A. C. Currie, provisional secretary, St. John, N. B., or to any of the directors. Twenty-five per cent. (25 p.c.) to accompany the application, the balance payable on September first, 1914.

Prospectus, etc. ready as soon as organization of the company is completed.

Limited Liability Companies have to be incorporated and stock issued so that investors unable to purchase one or more pairs of foxes can interest themselves in buying shares in a company.

The advance of civilization and the growing demand for these precious furs, have so depleted the world's supply that fox ranching or fur farming is absolutely essential to meet this demand and at the same time opens one of the best opportunities for your spare money to produce profits that were never realized before, except by the original pioneers of the great fox ranching art.

Only a limited portion of this stock will be offered for sale. Apply early to A. C. Currie, provisional secretary, St. John, N. B.

Fundy Fox Co., Ltd.

96 Princess Street, St. John

Branch Office, 45 Milk Street, Boston

Now ranching and breeding more than 100 Foxes

ST. JOHN, N. B., MONDAY, MAY 4, 1914.

THE C. N. R. SETTLEMENT.

The Toronto Mail and Empire takes a safe and sane view of the C. N. R. settlement when it says: "The railway company—rather the corporation of controlling shareholders—has passed over the reins to the corporation for the scheme to which in its necessity it had to submit is one not for the benefit of the shareholders but for the speedy making of the Canadian Northern system with whose construction and operation they have to do. That will be finished and maintained in the state of efficiency necessary for the service of the people. The arrangement ensures the public against any collapse or impairment of service such as would surely have put the railway out of business had matters remained as they were. If the company had been left to its own resources, the consequences for the country would have been no less than disastrous. A wide belt across the West has been settled and made productive as a result of the building of the Canadian Northern Railway and its numerous subsidiary lines. If for want of money the important work of construction yet to be carried out, the programme of necessary improvements and the supplying of equipment had to be suspended, it would mean depression in a very large portion of the West. The country needs the road, and that in the highest state of efficiency. The Government was bound to see that the country get the completed road with as little delay as possible.

The present arrangement ensures that it is as cold towards the company as any scheme of reconstruction dictated by creditors could be, and it is ten times more advantageous to the country than such a settlement would be. Creditors act to save themselves, and not to avert the wreck of the property or promote the interests of the public."

TARIFF CHANGES.

The announcement by the Finance Minister that there will be no more tariff changes during this session of Parliament furnishes the Times with the opportunity for the remark "The public will receive this information with a sigh of relief, for any tariff changes made by this government would be in a direction which would tend toward saying further burdens upon the people."

If the Times really is prepared to discuss tariff matters let it explain, if it can, how it is that a Liberal government, which went into power on the pledge of free implements did not accomplish more in this direction when it had the opportunity?

The Liberals reduced the duty on implements by two and one-half per cent, and took great credit to themselves for doing it. Now when the Conservative Government makes one reduction of five per cent, the Liberals, out of power and irresponsible, declare it is not enough and return to the old promise of free implements. They have no thought of keeping the pledge even if in a position to do so.

after him came chaos. Huerta, in time, might have established a government favorable to foreigners, but there was no sympathy or support for him. Instead, the United States openly sided with the Constitutionists, and now the people of that country have no guarantee that the Constitutionists will not be found in Huerta in opposing the army of intervention.

It is encouraging that the envoys from the South American republics are likely to make progress with their peace proposals, but with peace restored how will the general situation in Mexico be improved? Huerta will still be faced with the forces of Villa and Carranza, and no matter who wins there will always be another to oppose him.

Diary of Events

THE PASSING DAY

ANAPOLÉON AT ELBA. An "empire" eighteen miles in length and twelve miles in extreme width, in the Mediterranean sea of Elba, to which Napoleon was consigned by the victorious allies after his flight from Paris on the 21st of June, 1815, and his exile to the island of St. Helena, long a place of pious pilgrimage for tourists from all nations, will celebrate the centenary today with great eclat, for Elba lives chiefly in the memories of that ten months of comic opera when the man who had all but mastered Europe aped his vanished royalty, and like a child with a new toy, issued foolish decrees which began Napoleon, Emperor, Sovereign of Elba, to His People. Utterly devoid of sense of humor the Emperor must have been to take his new position so seriously. It was a huge joke that the powers played upon the Czar by permitting him to retain the title of Emperor and awarding him a "kingdom" that placed him on the same footing with the Sultan of Sulu and the King of the Cannibal Isles.

St. Helena was grim and terrible. The Emperor Napoleon, who had been "with his hands crossed behind him, gazing out upon the sad and solemn sea," a caged lion feared by all the world's emperors and empresses, he insignificant and there Napoleon was a caged monkey to be laughed at.

Napoleon, haggard and shaken by the years and the year passed, he attempted to escape, but was captured and transported to St. Helena on the British cruiser "Undaunted." The Emperor, who had been the whole populace turned out to cheer and welcome him. His first residence was the town hall of Porto Ferrajo, the little island north of the main island on a rock northern cape, with flat-roofed houses built in tiers and surrounded by a wall, its streets mostly stairways.

From May 4, 1814 to Feb. 24, 1815, Napoleon the Great played the role of Napoleon the Small at a burlesque court. In the month of the province, he thought of the revival of a love affair, and the pretty baggage was soon ordered to leave the island.

HISTORIC DAYS IN CANADA

Sir Louis Henry Davies, Canadian jurist, was born in Charlottetown, Prince Edward Island, sixty-nine years ago today, May 4, 1845, the son of Hon. Benjamin Davies. He was educated at Prince of Wales College, and in 1866 he was called to the bar of the Inner Temple in London. He returned to his native province in 1867, the year of confederation.

Prince Edward Island had remained aloof from the union, and was still an independent province when the young barrister became its solicitor general in 1869 and again 1872. He played a prominent part in the movement which led to Prince Edward Island joining the Dominion in 1873. In September, 1876, after several years in the legislative assembly, he became premier and attorney-general of the province, being then only thirty-one years of age. For nearly three years prior to his elevation to that high honor he had been leader of the opposition.

Little Benny's Note Book

BY LEE PAPE. Ma gave me 20 cents to get my hair cut yesterday afternoon, awn ak-kount of needing it, and I went-around to the barbers and he put the big thing around my neck for the hair to fall awn, and started to cut it, and after a while I sed, Wat do you do with awl the hair you cut awf.

We sell it for bald peepil to put in hare reservoirs, sed the barbr. And he keep awn cutting, saying evvry littel wile, Keep still, wll you, and awf-ter he got awl throo he sed, You awt to have a singe, evvrybody needs a singe wunts in a wile, shoed I give you a singe.

Wat dux it do, I sed. It keeps the ends from sticking up and catching cold, shoed I give you wun, sed the barbr.

Awl rite, I sed. And he gave me wun, doing it by litting a wax thing and moving it around ovr my hare and evvry wunt in a wile I cood hare something bere, being hare, I gess, and awf-ter he got throo he sed, Now how about a littel tonic.

Wat dux that do, I sed. It keeps the hares happy and contentid and prevents them from fawling out with eech utthr, sed the barbr, how about a littel.

Awl rite, I sed. And he shoek sum red stuff out of a bottil awn top of my ned and startid to rub it in as hard as he cood, feeling as if he was trying to skalp me or something, and awf-ter he got throo he combed my hare and sed, That'll be jest half a dollar.

O, she only gave me 20 cents, I sed. Wat, sed the barbr, then wat did you meen by telling me to give you a singe and a tonic.

You asked me, I sed. You poor fish, sed the barbr, you give me that 20 cents and run hoam and get the rest of the half dollir and bring it around to me inside of 10 minits or Ill send a patrol waggin awf-ter you.

Which I went hoam and told ma, and ma sed, Well, I think he had his nerve with him, that's wat I think, wat dux a meer boy like you no about singes and tonics, he wont get awf-ter sed out of me, I can tell you that.

And I haven't went past the barbr shop slits, thinking he mite see me and kum running out and grab me.

At Courtenay Bay. Another suction dredge will start work in Courtenay Bay today in connection with the Norton Griffiths operations there. The new digger was assembled at Courtenay Bay by members of the staff of the contractors.

The parts were brought here and the work of erecting has been going on for several weeks. The new dredge will be at work near the breakwater where the sandy nature of the bed of the bay will readily respond to the action of the sucker. By means of a large pipe on pontoons the material taken from the bed of the bay will be placed behind the breakwater or used in connection with any reclamation scheme.

URGES BETTER TRAINING FOR THE CHILDREN

Rev. W. H. Barraclough in impressive address—Says man's character is moulded by surroundings.

In an interesting sermon commemorating the 74th anniversary of the Centenary Sunday school the pastor, Rev. W. H. Barraclough, last evening chose for his text, "The sons of the prophet said to Elijah, behold the place where we now dwell is too strait for us." He urged the proper training and education of the children.

"A man's character is moulded by his surroundings," said the speaker. "Humanity begins to be moulded in the mould in which it has been set. Even in religious matters men are ultra liberal, earnest and devout or lax and indifferent."

Each group bore a name suggestive of the forest, and the red men who were the original inhabitants, and the decorations were for the most part suggestive of the great outdoors.

The first group seen upon entering the banquet room was the Tenaxas, presided over by Mr. Milligan. They occupied a tent, and the camp idea was carried out.

When the time arrived for the banquet to begin the boys of this group marched wrapped in blankets, with the warriors feather in their hair and led by the big chief, Harold Wetmore.

The next table was that of the "Aletos" occupied the next table, their colors being red and blue. The decorations were for the most part suggestive of the great outdoors.

Next came the Agnes with Herbe, their colors being white and green. The decorations were for the most part suggestive of the great outdoors.

The next table was that of the "Senecas" Arthur Willet as leader. The centerpiece of the table was a miniature lake surrounded with green banks and at one end a spruce thicket was an Indian tepee and on the shore near by were a couple of birch bark canoes.

The table was next with Herbert Morton as leader. Their colors of white and brown were evident in their decorations. In the center of the table was a miniature beaver dam and pond, on the shore of which were several miniature beavers at work.

The table of the last of the groups was over in the corner, and their table bore the name "Dattoos," which being translated into English means Friends, and acting on the suggestion the latter word conveyed, their decorations were of a very quiet nature and consisted for the most part of lots of good things for the inner man.

J. Hunter White spoke for the association. Mr. Chipman for the boys' department, Mr. Howard for the physical department, and Mr. Watt and also Mr. Milligan had a few words for the boys.

It was certainly a fine affair and some of the guests who have attended Y. M. C. A. banquets and social occasions in other parts of Canada and the states unite in saying that it was the finest thing of the kind they ever attended, and Mr. Milligan and his leaders can well be proud of their effort.

It is a great pity that more of the parents of St. John could not have had the opportunity to see the boys at their banquet, as it would have been a revelation of the possibilities of the good in the boys' department of the Y. M. C. A.

After the talks were finished all

BOYS' DEPARTMENT OF Y. M. C. A. CLOSE SEASON WITH BANQUET

Over one hundred members enjoy unique banquet—Study groups did their own decorating and brought their own provender—Affair an unequalled success.

Saturday night about a hundred members of the Y. M. C. A. Boys' Department sat down to a fine banquet which marked the end of the season's work in the Bible study groups.

There were twelve groups represented, and each group has been studying a prescribed course in which examinations were held a week ago with very gratifying results.

The plan followed at the banquet was unique, and something quite original with the St. John Boys' Department, and the result reflects great credit on Mr. Milligan, the boys' secretary, and also on the leaders of the various groups.

Each group had its own table, did their own decorating, and furnished the provender to eat, and there was a friendly rivalry as to which group would have the finest table, the decision being left to judges appointed by the secretary.

Each group bore a name suggestive of the forest, and the red men who were the original inhabitants, and the decorations were for the most part suggestive of the great outdoors.

The first group seen upon entering the banquet room was the Tenaxas, presided over by Mr. Milligan. They occupied a tent, and the camp idea was carried out.

When the time arrived for the banquet to begin the boys of this group marched wrapped in blankets, with the warriors feather in their hair and led by the big chief, Harold Wetmore.

The next table was that of the "Aletos" occupied the next table, their colors being red and blue. The decorations were for the most part suggestive of the great outdoors.

Next came the Agnes with Herbe, their colors being white and green. The decorations were for the most part suggestive of the great outdoors.

The next table was that of the "Senecas" Arthur Willet as leader. The centerpiece of the table was a miniature lake surrounded with green banks and at one end a spruce thicket was an Indian tepee and on the shore near by were a couple of birch bark canoes.

The table was next with Herbert Morton as leader. Their colors of white and brown were evident in their decorations. In the center of the table was a miniature beaver dam and pond, on the shore of which were several miniature beavers at work.

The table of the last of the groups was over in the corner, and their table bore the name "Dattoos," which being translated into English means Friends, and acting on the suggestion the latter word conveyed, their decorations were of a very quiet nature and consisted for the most part of lots of good things for the inner man.

J. Hunter White spoke for the association. Mr. Chipman for the boys' department, Mr. Howard for the physical department, and Mr. Watt and also Mr. Milligan had a few words for the boys.

It was certainly a fine affair and some of the guests who have attended Y. M. C. A. banquets and social occasions in other parts of Canada and the states unite in saying that it was the finest thing of the kind they ever attended, and Mr. Milligan and his leaders can well be proud of their effort.

It is a great pity that more of the parents of St. John could not have had the opportunity to see the boys at their banquet, as it would have been a revelation of the possibilities of the good in the boys' department of the Y. M. C. A.

After the talks were finished all

DECLINE IN IMPORTS AND EXPORTS VALUES

Report for Past Six Months at Portland, Me., Shows Great Shrinkage Over Corresponding Months 1912-13.

(Argus, Portland, Me.) The very unsatisfactory transatlantic steamer business at this port the past season, the worst for many years, is shown in the values of imports and exports for the six months ending April 30, as compiled at the custom house, both showing a great shrinkage from the corresponding months of the season of 1912-13.

Outside of the grain exports, which with one exception were the heaviest on record, the exports this season have been very light, few of the steamers going out with capacity cargoes. The reduction in the tariff also affected the values of the importations, although the majority of the cargoes coming on the transatlantic steamers were rather light, the values given below being for importations of all kinds from foreign countries. The falling off is not confined to Portland, the shrinkage at Boston being nearly as large in proportion, and at the present time many of the steamers leaving there are going out only about half loaded. The following tables tell the story:

Table with columns for Imports and Exports, and rows for months from November to April, showing values for 1912-13 and 1913-14.

THE COURTS. PROBATE COURT.

Joshua Clawson left no will. The family consists of four sons—William H. of Toronto, university professor; John W. of Collegeville, Pa., college professor; Ernest E. of Ottawa, civil servant; and Harold K. Clawson of Regina, loan inspector. On the petition of William H. and Ernest E., the first named having appointed administrator in the probate court Saturday, as they are desirous of returning to their duties, letters of administration were issued without waiting the usual lapse of fourteen days. Real estate consists of a lot in Highland Park, valued at \$25; personally, including life insurance, \$888; total estate under \$900. Barnhill, Ewing and Sanford are proctors.

The will of Charles Yeats, late of Lancaster, was proved. He gives all his estate to his cousin, Miss Mary Isabella Patton of St. John, and nominates Jack H. A. L. Fairweather of St. John, executor. He was sworn in. There is no real estate, personally \$7,000. J. Roy Campbell, K. C., is proctor.

The court also took up the matter of the estate of Margaret Bailey, widow of John H. Bailey. She appointed the late Dr. James P. McInerney and James Barry, inspector of weights and measures, executors. The first named died, leaving his co-executor taken on out probate. The surviving executor now files the accounts of the two executors and his own accounts, together with a petition asking that they be passed and allowed. A citation was issued returnable on June 1 at 11:30 a. m. John A. Barry is proctor.

REAL ESTATE.

Seven transfers of properties, local, suburban and farms, have been effected through Taylor & Sweeney, real estate brokers, last week. The transfers include: Building containing two residential flats and one store, Chesley street, from Mrs. Ellen Major to Mrs. Catherine McGowan, who will conduct a grocery on the premises.

Freehold lot 40 by 100 feet, with two family house, 30 Water street, West St. John, from John W. Gagey, formerly of West St. John and now of Highfield, Kings county, to a local purchaser.

Two leasehold properties in Dorchester street, No. 75, single family dwelling on lot 30 by 80; No. 71, three family dwelling; from Ward C. Hazen to an outside purchaser.

Lot 60 by 100 with summer camp at Pamdenec, from William V. McKinney to William Johnston of West St. John. This is a resale, the property having been sold to Mr. McKinney only a few weeks ago.

Lot 120 by 80 with summer cottage at Pamdenec, from Arthur C. Smalley to Mrs. Fred S. Bowman.

Farm of eighty-six acres with dwelling and barn, on Quinamis, from the wife of William Stone to an outside purchaser who is coming from the west with his wife and family, will engage in market gardening and poultry farming.

Farm of fifty acres with fine dwelling, barns, outbuildings, at Carter's Point, from Captain J. E. Porter to William Parkinson, who has lately arrived from England.

FUNERALS.

The funeral of the late Mrs. Marion G. Martin took place yesterday afternoon at 2:30 o'clock from her residence 399 Union street and was largely attended. The funeral services were conducted by the Rev. Wilfred Gaetz and interment was in Fernhill cemetery.

The body of Mrs. George L. Evans was brought to St. John yesterday morning from her late residence, Martindale. Service at the house and grave were conducted by Rev. W. H. Chapman. Interment was in Cedar Hill.

R. E. Armstrong, secretary of the local board, makes clear the position of the Montreal board with reference to the small steamship matter. Mr. Hadrill says the letter of the Montreal board to the Postmaster-General asks that the port which can give the quickest mail service be named in the contract or that the steamship companies be left free to select the Canadian mail port.

AN OLD CUSTOM OF ENGLAND OBSERVED IN CANADA. In response to the request from the King's Daughters' city union, the clergy of St. John yesterday asked the observance of the second Sunday in May at Mother's Day.

This day has been observed in St. John for several years. Each recurring May citizens, quite generally, have worn a white carnation or white flower as a sign of love and remembrance.

The observance of Mother's Day dates back to medieval times, and is of English origin. The movement was

A REACTION ON NEW YORK MARKET

Decline Saturday Took Edge off Week's Advance;

NO REAL WEAKNESS AND LOSSES SMALL

Coal Affected by Labor Troubles in Coal Sections — Unfavorable Conditions in Copper Trade.

New York, May 2.—A slow decline in stocks today took off the edge of the week's advance. The movement was downward from first to last, but there was no real weakness and in a majority of cases losses were small.

After such an upturn as occurred this week the reaction came in natural sequence. The advance of the last few days put the popular shares two to five points higher, with some gains of seven to eight points. Not for months had the bulls seen such profits in a week.

A MARKED CHANGE WITH COMING OF MAY

Development Came at Time When Market Had Settled Down to State of Dull Despair.

Montreal, May 2.—This time last week the stock market was in the depths of despair and could see no way out. It is the early part of the week there was little or nothing to offer encouragement outside of some improvement in such remote influences as the Mexican dispute and the more peaceful aspect of the Ulster crisis.

Montreal, May 2.—Brazilian Traction earnings for the week ending April 25 shows a considerable decrease. The decrease shown is \$4,248 on a basis of exchange of sixteen pence. This is the third and largest weekly decrease reported this year.

GOLD FEET COMMITTEE

Organization of Five Engaged in Devising Plan to Improve Ventilation of Westminster Palace.

London, May 1.—A committee of five, popularly known as the "gold feet committee" is engaged in devising a plan to improve the ventilation of Westminster Palace. According to the testimony already taken, the Press Gallery, the Hansard Room and the Ladies Gallery of the House of Commons are chiefly provocative of cold feet, sick headaches and pneumonias.

Lady Byles, wife of Sir William Byles, M. P., said she had not a frequent visitor to the Ladies Gallery, because there was a want of air which made the wives of members avoid the place. W. W. Fry, chairman of the Press gallery committee, said that when the ventilators of the Press Gallery were opened, the current in the boxes got a strong current on their backs, and when the ventilators were shut, they suffered for the want of air. He declared that the Press Gallery should be entirely reconstructed.

The number of women riding astride in Botten Row is showing a marked decline. Of seventy-one female riders counted on the Row recently, only twenty-two were astride, and ten of these were little girls.

One woman was wearing khaki riding breeches, brown leather leggings and boots, a grey jacket and yellow waistcoat, white collar and sailor tie, and a grey bowler hat. Some wore a long coat and others had a ferg of divided skirt.

Lately there has been a notable freedom among all women riders as to collars and hats, which used to be as closely prescribed as docket tails for the horses. Many still wear the regulation white stock, but the soft white double collar fastened with a safety pin and worn with a sailor knot tie is popular. All sorts of hats are worn from the conventional bowler to the straw tied under the throat with a veil.

The spring fur sales indicate that there has been an enormous increase in the import of skunk skins from the United States. The supply of furs for the March sale was unusually plentiful, there being little demand from Germany, most of the furs of one million musquash skins have been sold on the London market. The fashionable skunk fur comes in two varieties, one of two million skins. Prices have been lower than last season. Musquash have sold for about \$3.50 to \$5.00 silver fox for from \$3.50 to \$15.00 each. Sea otter and fine chinchilla were very rare and few of these skins were offered.

The Tenth International Veterinary Congress will be held in London, August 5 to 8 inclusive, and extensive arrangements are being made for the entertainment of the American delegates. Before the Congress meets the American delegates, in charge of Dr. Adolph Eichhorn, of the United States Department of Agriculture, will make a tour of Europe to study hygienic institutions, laboratories and veterinary colleges. Delegates will make a close study of veterinary sanitation and police work, affecting the prevention of diseases among animals, the care of animals, and the control of meat food, and dairy products. The personnel of the delegation, which will sail from New York on June 15, includes government veterinarians and meat inspectors, professors of agricultural colleges and scientists engaged in research work for the government.

Belgium will be visited first, then France, Switzerland, Italy, Hungary, Germany, Holland and Great Britain.

At an early hour Saturday morning the death of George H. Ryan took place at the home of his parents, Mr. and Mrs. Howard A. Ryan, 54 St. James street. He was in the 16th year of his age and had been ill about eight weeks. He was a pupil in the St. John High School and his bright and cheery disposition made him well liked by a large circle of friends. He is survived by his parents, one brother, N. P. Ryan of the White Star Line, at Montreal, and one sister, Miss Marion F., at home. The body will be taken to Sussex for interment.

Mrs. Mary E. Wallace.

The death of Mrs. Mary E. Wallace took place at her home, Charles street, Fairville, at an early hour Saturday morning, after an illness of about nine days with pneumonia. She was very popular and her death will be sincerely mourned by a large circle of friends. She is survived by her husband, James G. Wallace, three daughters, Clara A., Mary E., and Rose G. Wallace.

Mrs. Catherine Evans.

The death of Mrs. Catherine, wife of William J. Evans, took place early Saturday morning at her home, 296 Westworth street. She had been ill about three weeks. The funeral was held in esteem by many friends. Besides her husband she is survived by seven sons and one daughter, Miss Mary at home. The sons are: William, Richard, Thomas, Harold, Robert, Burton and Edward. Two brothers, George and John Canby, and Hannah Canby also survive. The funeral will be held this morning at 8.30 o'clock from her late home.

Mrs. James A. Estey.

The death took place last evening after a brief illness of Mrs. James A. Estey. She deceased was a daughter of the late Zebadiah and Sarah Gabel and granddaughter of the late Rev. Jarvis Rank. Two sons, Alfred W. Estey and Lloyd E. Estey, and two daughters, Ethel F. Estey and G. Louise Estey, as well as her husband survive. The

deceased was prominently associated with societies and religious bodies of the city and was a very popular and earnest worker. She will be greatly missed by all who enjoyed her friendship. Mrs. Estey was a member of the Women's Council and one of the foremost associate members of the Natural History Society. For thirty years she had been a member of the West End Evening Club. She was also a member of the Saint John Art Club and was active in the work of the German street Baptist church.

Robert John McDade.

While seated at the breakfast table yesterday morning Robert J. McDade was suddenly stricken and died before medical aid could be summoned. Mr. McDade had been in good health and rose yesterday morning as usual. He appeared quite well and was at the breakfast table when the summons came. Heart trouble was said to have been the cause of his sudden death.

Mr. McDade was employed in the Custom House and was well known in that section of the city all his life. He had been in the city since 1880. The funeral will take place tomorrow afternoon from his late residence, 101 Mecklenburg street. The service will take place at 2.30 o'clock.

Joseph McHugh.

The death took place Saturday of Joseph McHugh at his residence, 77 Harrison street. The deceased leaves two sons, John and James, and a daughter, Mrs. Mary Avery of Lancaster Heights, and two sons, John of Massachusetts, and Joseph of the I. C. R. baggage department. The deceased was a house carpenter by trade and was one of the best known residents of the North End, he having resided in that section of the city all his life. He had been in poor health for some time past but was only confined to the house during the past week. The funeral will take place this morning at 11 o'clock from his late residence, 84 1/2 o'clock from his late residence.

Mrs. David Coy.

Many friends of Mrs. David Coy will learn with sincere sympathy of her death which took place yesterday morning at her residence, 54 Main street. The deceased who was in the 58th year of her age was ill but a short time. She was the daughter of the late Charles E. Leonard. The remains will be conveyed to Hampton on Wednesday morning for interment.

TENDERS FOR DREDGING.

The undersigned, and endorsed "Tender for Dredging, Springhill to Fred. P. M. Wednesday 20th May, 1914, for dredging required at Springhill to Fredericton, St. John, N. B. Tenders will not be considered unless made on the forms supplied, and signed with the actual signatures of tenders.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work.

The dredges and other plant which are intended to be employed on this work shall have been duly registered in Canada at the time of the filing of this tender with the Department, or shall have been built in Canada after the filing of the tender.

Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Public Works, for five per cent. (5 per cent.) of the contract price, but no cheque to be for less than fifteen hundred dollars. The cheque will be returned to the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for, if for any reason he is not prepared to accept the lowest or any tender.

R. S. DESROCHERS, Secretary, Department of Public Works, Ottawa.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

formerly of the firm of Holman and Butcher of this city, will learn with deep regret of his death which took place yesterday morning at his home in Midleton, N. S. The deceased had been ill of some time. The remains will be brought to St. John on the steamer from Digby this afternoon and the funeral will take place on Tuesday afternoon at 2.30 o'clock from the residence of L. G. Crosby, German street.

FUNERALS.

William James McDade.

The funeral of the late William James McDade took place yesterday afternoon from No. 80 Gilbert's Lane. Rev. J. H. A. Anderson conducted the services and interment was in Fernhill cemetery.

John C. Loughrey.

At 11.20 o'clock yesterday morning the funeral of the late John C. Loughrey was held from the residence of his brother, 263 Main street. The remains were conveyed to Norton, Kings County, on the Atlantic Express. Rev. J. J. Dermott conducted the funeral services and interment was in the Catholic cemetery at Norton.

Samuel Rolston.

Yesterday afternoon the funeral of the late Samuel Rolston, who died in Brooklyn, N. Y., was held from the residence of his brother, 263 Main street. The services were conducted by Rev. R. P. McKim and the interment was in Fernhill cemetery.

Miss R. Gertrude Avery.

Yesterday afternoon at 2.30 o'clock the funeral of the late Miss R. Gertrude Avery took place from the residence of her mother, Lancaster Heights, and was very largely attended. The deceased was a member of the Church of Assumption where the service was read by Rev. J. J. O'Donovan. Interment was in the Holy Cross cemetery, Sand Cove.

The deceased was held in the highest esteem by a very large circle of friends and the many tributes which were beautiful and numerous. In addition to a number of set pieces there were twenty floral tributes from other friends. Among the flowers, which were completely filled a bouquet, were: Large cross of lilies and roses from The Standard Publishing Company; beautiful and numerous. Weak, Nervous Condition After Baby's Birth

Tried Tonics and Doctor's Medicine in Vain, and Found in Dr. Chase's Nerve Food the Means of Restoring Health and Vigor.

Ont. writes: "I was in a weak, nervous condition ever since the birth of my baby. After trying all kinds of tonics and doctors' medicine, I got a box of Dr. Chase's Nerve Food, which did me so much good that I continued the treatment. It did wonders for me. Now when I commence to feel tired and irritable, I again resort to Nerve Food, which works like a charm."

The sales of Dr. Chase's Nerve Food are increasing enormously, as people are learning of its peculiar effectiveness as a means of forming new, rich blood and building up the nervous system. Working as it does, hand in hand with nature, the cures it makes are both thorough and lasting. 50 cents a box, all dealers, or Edmansson, Bates & Co., Limited, Toronto.

Na-Dru-Co Laxatives

are different in that they do not gripe, purge nor cause nausea, nor does continued use lessen their effectiveness. You can always depend on them.

DECISION GIVEN TO JACK T.

Elmira, N. Y., May 1.—It ("Twin") Sullivan several last night to realize that Jack the English Army champion real fighter but in the fifth round the fact did dawn on him, he with his oldtime speed and ship and carried the fight to winning by a shade.

For the first three rounds had everything his own way, steadily jabbed Sullivan's blows lacked weight, however fifth Curphey landed on Sullivan with a left jab and blow. Then suddenly Sullivan shot a right punch, completely closing the next five rounds Sullivan's oldtime craftiness and landed on Curphey's eye, blows made the Englishman but he was game to the end, and putting several punches on Curphey's head, Sullivan, but Curphey was making the old batter work.

MARITIME BASEBALL LEAGUE

A meeting of the representatives of the teams who proposed Maritime Baseball League Saturday afternoon and the Dufferin Hotel. Present: L. B. Reid and Bill Hill, of Moncton; John Russ, H. J. Fleming, of St. John; Donald, representing Halifax. Present the promoter, Thomas representative from Pictou. The meeting was held for some hours, and the representatives of the league were known to meet again. Negotiations are still pending. It is possible that Messrs. Reid and Hill will meet the Pictou County team, and something more regarding the league will be known tomorrow or tomorrow.

From what could be learned the meeting held Saturday night was bright for the future. There seems no doubt but that arrangements will be decided a day or two.

ON THE RANGE SATURDAY

The St. John City Association held their match of the season of afternoon on the Range. A large attendance of men and women were present and were worse than the weather conditions were. The match was a close one, and was shot in this city. The following were the winners: James Donnelly, James R. A. C. Brown, etc.

May 21 has been selected for the meeting of Billy California and Al McCoy.

All The Latest News From The World Of Sport

DECISION GIVEN TO JACK TWIN

Elmira, N. Y., May 1.—It took Jack ("Twin") Sullivan several minutes last night to realize that Jack Curphey the English Army champion, was a real fighter but in the fifth round when the fact did dawn on him, he woke up with his oldtime speed and generalship and carried the fight to Curphey winning by a shade.

For the first three rounds Curphey had everything his own way and repeatedly jabbed Sullivan's face. His blows lacked weight, however, in the fifth Curphey landed on Sullivan's nose with a left jab and blood flowed freely. Suddenly Sullivan shot a right to Curphey's eye, completely closing it. During the next five rounds Sullivan showed his oldtime craftiness and repeatedly landed on Curphey's face. The blows made the Englishman groggy but he was game to the finish and showed splendid speed.

In the ninth and tenth Sullivan reached Curphey's bad eye many times, and put several over on his opponent's kidneys. The fight went to Sullivan, but Curphey succeeded in making the old battler work hard.

Ted Easterly

MARITIME BASEBALL LEAGUE

A meeting of the representatives of the teams who propose to form the Maritime Baseball League was held Saturday afternoon and evening in the Dufferin Hotel. There were present: L. B. Reid and William McMullin, of Moncton; John Russell, Jr., and H. J. Fleming, of St. John; D. H. McDonald, representing Halifax, and Joseph Page the promoter. There was no representative from Pictou county, as word was received from New Glasgow that the representative could not attend. Matters pertaining to the formation of the league were discussed for some hours, and the meeting adjourned to meet again today. The negotiations are still pending, and it is possible that Messrs. McMullin may go to New Glasgow tomorrow to meet the Pictou County representative, and something more definite regarding the league will be made known tonight or tomorrow.

From what could be learned from the meeting held Saturday the prospects are bright for a league, and there seems no doubt but that all arrangements will be decided on within a day or two.

RECORD FOR THE HIGH JUMP

Berkeley, Calif., May 2.—Edward Beeson of the San Francisco Olympic Club, broke the world's record in the high jump at the Pacific coast meeting here today, clearing the bar at six feet 7 1/2 inches, five-eighths of an inch higher than the previous mark, made by George Horine.

THIS DATE IN RING ANNALS

1899—Frank Erne defeated Kid Lavigne in 20 rounds at Buffalo. By his victory the former Buffalo bowling alley "pin boy" became lightweight champion of the world. They had fought 20 rounds to a draw at Coney Island and the previous September, and the little French-Canadian had had all he could do on that occasion to retain his title. The second bout went the full 20 rounds, but Lavigne was only a shadow of his former self, and the Swiss had had the best of it nearly all the time. The following year Erne made a big mistake in agreeing to make 128 pounds for a battle with Terry McGovern. The Brooklyn lad easily knocked out Erne, who had been so weakened by strenuous training and bating that he could hardly stand. Erne never fully recovered his strength and in May, 1902, lost the lightweight title to Joe Gans at Port Erie.

1911—Frankie Burns defeated Young Wagner in 10 rounds at Brooklyn.

Milton Stock

Milton Stock has been looked over every spring by McGraw for several years, only to be sent back for more seasoning. This year the chances are that he will stick. Schaefer's description has left a hole in the infield that may be hard to fill, as none of the recruits but Stock seem capable of it. Snodgrass or Grant of the veterans are also possibilities.

Stock has a good year with Mobile last season, batting .281 and stealing 43 bases.

Newark 20010102—7 15 4
Buffalo 31001010—6 11 3
Batteries: Bell, Holmquist and Heckinger; McConnell and Krutchell.

THE FIRST VICTORY FOR FAIRVILLE

On Saturday last Fairville Football Club entertained St. John at the Freeman's Park in a return friendly game, matters not being settled in the league to allow the schedule to be carried on. A fairly large crowd witnessed the county team inflict a two to one defeat on the "Robins." No one present ever imagined such a feat possible, but Fairville rose to the occasion and availed themselves of their faithful supporters who have stuck by them through all their losing streak. Fairville F. C. has gained the reputation of being good losers, so no one can begrudge them this their first victory. As St. John had out their strongest eleven the victory is all the more pronounced and Fairville have just reason to be proud of themselves. Beware, Caledonians, the worst is yet to come. To the game. The weather was ideal from a football point of view. Fairville won the toss and soon made a raid on the St. John goal. Only a brilliant clearance by Peebles prevented a score. After fifteen minutes' strenuous play Pink opened the scoring for Fairville, a high shot from the centre's foot giving the goal-keeper no chance. St. John made great efforts to equalize, but were headed clear. Juhlin for Fairville was putting up a splendid game and G. Spearman has not been so ineffective for a long time. He ably bottled up the latter. A break away by the county forwards gave Parker a chance and with an adroit movement he slipped the ball home. This roused St. John but score they could not. The game ended two to one in favor of Fairville. It looks as if Saturday's game that Fairville have still a chance for the Brindle cup as they were thought by many would-be critics to be absolutely out of the running.

Bob Veach

Line-up St. John: Coutts, Davidson, McVicar, G. Spearman, Peebles, Smith A. Spearman, Miller, McCrea, Robertson and Burton.
Line-up Fairville: Meehan, Frost, Rose, Mulhern, Ratcliffe, Juhlin, Carter, Parker, Pink, Calabrese, Carter.
Kansas City 10000000—1 5 1
Batteries: Suggs and Jacklitsch; Packard and Eastley.

INTERESTING AUTOMOBILE SPEED EVENT

There are races and races, but since Carl Fischer and his energetic associates completed their gigantic Indianapolis speedway, the greatest race of the ages has been staged there each Decoration Day. And so, about this time each year, the eyes, ears and minds of motor fans (and near fans) are turned toward Hoosier City, where some wily driver will carry off a world renowned prize a few weeks hence.

Harron, Dawson, Goux—These three names spell volumes to all who have seen past speedway races. In 1911, Harron, in his big Marmon car reeled off 500 miles in 74.59 miles per hour. It was a great race, and as his car literally flew by the stand, no one thought the tires would stand fifty miles, to say nothing of 500 miles of such grilling. But they did. At the end it was found that three of his tires went the entire 500 miles without a change.

Dawson, in his National won in the 1912 race.

Last year, 1913, was the most exciting of all the races. There were enough foreign entries to stir up the patriotic fighting blood of Uncle Sam's drivers. English and French drivers were numerous.

Jules Goux, a wiry, athletic and youthful Frenchman was chosen to pilot the heavy Peugeot No. 16.

Round and round he flew. It is two one-half miles around the speedway track. It is brick paved and the high saucer turns are continually sanded to prevent skidding. So when a car comes at ninety miles per hour down the straight away, with its terrific momentum and hits the turn, there is always a little sliding, which the sand neutralizes.

The track plus the sand combine to form what is in effect a giant emery wheel, and this grinds off the rubber like a rasping file. Tires are burned

A WORLD'S SWIMMING RECORD

Chicago, May 1.—H. Josephus Heber of the Illinois A. C. established himself as the foremost swimmer in the world last night when he won two more National A. A. U. tank titles, making a new world's record of 1:49 4/5 for the 100-yard backstroke and setting the 100-yard mark for the century championship of the United States at 54 3/5, one second below the mark held by Art C. Rathel, who finished second. The records were made in the Dresden Chingpool of the Illinois A. C. Heber's triumph gives him four 1914 N. A. A. U. medals a record in itself. Previous to tonight he won the 500 and 220-yard numbers. In the "upside-down" race he merely lowered his old record of 1:50 3/5 and in so doing finished 20 feet ahead of the Eastern favorite, Russell Dean of Boston, a member of the Brooklyn G. A. C. B. Pavlovsk of the University of Chicago was third.

There was but three starters in the "100" Arthur Rathel, joint holder with Duke Kahanamoku of the 100-yard record of 55 3/5, was unable to overtake the powerful Heber.

up like paper. The 1913 race especially was a test of tires because, in addition to track and sand, the temperature was higher than at any previous race.

This year there are many foreign entries, and whether the palm will return to America or remain abroad is a question much discussed throughout motordom.

Freddie Walsh got \$4427 for his victory over Leachie Cross at Vernalis, Calif. the other night. The latter received \$2850.

SPORTOGRAPHY "GRAVY"
Mullin's Big League
Debut made 12 years ago today.

George Emmett Mullin, who was once, and that not so very long ago, one of the pitching stars of the American League, made his debut on the rubber in a Detroit uniform twelve years ago today. The twirling recruit was sent out on the mound to replace Siever, who was becoming wabbly, and pitched so effectively that the Tigers defeated Cleveland by a score of 2 to 1. Mullin was born in Toledo in 1896, and played his first ball with St. John's Academy in his native city. He was only seventeen when he became a professional player with Washburn, in the Indiana State League. In 1900 he played with South Bend, and in 1901 he wore a Port Wayne uniform. There he was discovered by scouts of both the National and American leagues, which were not so friendly then as now. Just to be on the safe side, Mullin signed with clubs of both leagues, Brooklyn in the National and Detroit in the American. After weighing the pros and cons, he decided to cast in his fortunes with the new organization, and on May 4, 1902, appeared on the mound with a Tiger uniform clothing his six feet and half an inch of manly form. The altitudinous twirler made a hit with the Automobile City fans right from the jump. During the vicissitudes of the next

few years, when Detroit was successively under the management of Frank Dwyer, Ed Barrow, R. Lowe and W. R. Armour, Mullin pitched good ball, but it was not until Hugh Jennings took charge of the Tigers, and breathed new life into them, that Mullin in common with the whole bunch woke up and showed what they could really do. In 1907, when the Tigers won their first American League pennant, Mullin pitched more games than any other Detroit twirler, although his percentage of victories was below that of Donovan, Killian and Siever. The following year, when Detroit again annexed the flag, Mullin twirled fifty-two games, and in the subsequent world's series pitched the only game won by the Tigers from the Cubs. In 1909 Mullin was his best, and twirled fifty-two games, with a percentage of victories of .784 far exceeding the percentage of the other Tiger pitchers, Donovan, Summers, Killian and Willett. In both 1908 and 1909 Mullin pitched more games than any other pitcher of a pennant-winning major league club since Clarkson twirled fifty-two contests for Boston in 1891 and in seventy games for Chicago in 1885. In the exciting world's series between Detroit and Pittsburgh in 1909 Mullin pitched two of the three contests won by the Tigers.

STRUCK OUT TWENTY.
Rochester, N. Y., May 2.—Royce, pitching for Hamilton College, which today defeated University of Rochester 8 to 3, struck out twenty of the home team.

Harmonize Good Style with your own Personal Make-up.
Tape measures will not do it.
That is the task of an artist.
At the Semi-ready Store you have at your command the leading designer in Canada—who's productions are copied even by the best metropolitan tailors of New York and London. Made to order—if you like.
With over 300 special order samples of import fabrics to choose from, ranging in price from \$18.00 to \$45.00 you may in a week have your suit tailored to measure and ready.
In London, New York or Chicago it would cost you from \$50.00 to \$100.00 to secure a like service from a leading designer, such as the Chief Designer of "Semi-ready" garments.

AROUND THE CITY

Three New Members.
At the Leinster street Baptist church yesterday holy communion was celebrated and three new members admitted to fellowship.

Man Ejected.
On Saturday Patrolman McLean was called into the Gem Restaurant on King square to assist in ejecting a man who was not wanted there.

Disturbance Quelled.
Officer Anderson was called into Thomas Blizard's house in Harrigan's alley, Saturday night to quell a disturbance that one of the boarders was creating.

Found by Police.
The police report finding a glove on Union street, another glove on Waterloo street and a rain coat on Douglas avenue. The owners of these articles can obtain the same on application at the central police station.

Conducted Services.
Rev. R. H. Stavert, field secretary for the Dominion Alliance in this province conducted the service in Carmarthen street Methodist church yesterday morning, and in Fairville Methodist church in the evening.

Train Late.
Owing to a derailment along the line the Saturday Pacific express did not pull into the depot until about 8:30 p. m. The "run-off" occurred somewhere on the other side of Moncton and the train which is due at 8:15 p. m., was three hours and twenty minutes behind time.

Barbers Meet.
A meeting of the barbers was held in the Odifellows' Hall on Sunday afternoon, and addresses were delivered by Leon Orhall, general organizer of the Barbers' International Union and others. There was a good attendance, and the prospects for the new organization were said to be bright.

Degree Conferred.
At the annual convention of the Presbyterian College in Montreal, recently, the degree of B. D., an eundem gradum, was conferred upon Rev. R. H. Stavert, M. A., B. D., field secretary for the Dominion Alliance in New Brunswick. Rev. Mr. Stavert is spending a few days in St. John, and is receiving congratulations.

Grass Fire.
Yesterday afternoon between four and five o'clock an alarm was rung in from box 127 for a fire of Douglas Avenue. Through carelessness on the part of some person the grass in the park leading from the avenue had become lighted. The blaze was extinguished without the aid of the fire department.

Damage Light.
About 10:30 o'clock yesterday morning an alarm was sent in from Box 16 by Mrs. James Carney for a small fire which caught on the roof of Amassa Plimney's house, 17 Hanover street. The department responded quickly and the blaze was extinguished with but slight damage. The fire is supposed to have started from the chimney.

Evangelistic Service.
There was a large attendance in Queen's Park last evening at the evangelistic service conducted by the Rev. A. C. Barrows. Dr. Barrows took his text from Luke 5:4, "Launch out into the deep and throw down your nets for a draught." The discourse on this subject was a plea to all church members to reach out and help those who have fallen. Rev. F. H. Wentworth opened the meeting with prayer and Rev. Mr. Dennison read the closing prayers.

PERSONAL.
Hon. George J. Clarke, acting premier, was in the city on Saturday on his way from Fredericton to his home in St. Stephen.
Hon. J. A. Murray was at the Victoria on Saturday.
J. E. Long, safety engineer of the C. E. R., was in the city on Saturday. James Lowell ex-M. L. A., was reported to be resting a little easier last evening, but his condition is still regarded as critical.
Mr. and Mrs. Byron C. Tapley announce the engagement of their only daughter, Margery, to Charles A. Nevins, only son of Charles T. Nevins, of this city; the wedding to take place on June 10th.
Mr. Murray Beatty of the Bank of Nova Scotia left this morning for Pictou, N. S., to relieve the manager of the bank there.

GOOD HOMES IS A WORK FOR CHURCH

Rev. H. A. Cody believes religion must play prominent part in solving housing problem.

"Housing conditions in St. John are worse than in some cities of Canada, and better than some others," said Rev. H. A. Cody in the course of an interesting sermon in St. James' church last evening, on "The Housing Problem." He said the question of improving the material conditions of the people, providing better housing, letting the sunshine into dark homes and giving the children a chance to play on God's green earth was a religious question and its solution would result in improving the physical, mental and moral character of the people. Mr. Cody pointed out that the poor people of St. John who were not able to go to the country for the summer had a magnificent park near the city, but it was of little benefit to mothers and children, since it tired them out to go there and return. He said it was a sin that access to this park was not provided, which would enable women and children to spend the summer afternoons there without the necessity of a long and tiresome walk.

Mr. Cody dealt with the subject of housing in a general way, pointing out that in nearly all civilized countries the need of better housing was becoming recognized, and something was being done by the public authorities and others to improve matters. In England it was a woman, Octavia Hill, who had first roused the nation to the need of improved housing in order to stop the degeneration of the people. The speaker thought it was a paradox that in a country like Canada with so many million square miles of unused land it was difficult for many people to get land upon which to build a house, or a grass plot upon which their children might play. In the west housing conditions were somewhat better than in the east, and in Vancouver and Winnipeg were many cottages surrounded by gardens and occupied by workmen. It would be a religious work to undertake to provide cottages with pleasant surroundings at prices which would not be prohibitive to the workmen.

Mr. Cody said that originally homes meant a temple, a place sacred to the family. People born in the country had an affection for the home and the home associations not felt by people who lived in a city and were obliged for one reason or another to move from one dwelling house to another every year or so.

WILL HOLD A CONVENTION THIS MONTH

Atlantic Coast Longshoremen to discuss matters of general interest—Annual Meeting yesterday.

At the annual meeting of the Longshoremen's Union held yesterday the following officers were elected for the ensuing term:

President, E. Thomas; senior vice-president, A. Tower; junior vice-president, Thomas Sullivan; secretary, treasurer, C. G. Langheim; business agent, J. E. Tighe.

A board of management composed of thirty members was also elected. The North Atlantic District will meet in St. John on May 27th, and the following were elected delegates to this body: J. E. Tighe, M. P. Donovan, John Montague, E. Thomas and C. J. Langheim. It is expected that there will be thirty-five delegates in attendance from different Atlantic ports, including Halifax, Montreal, Boston, New York, Portland, etc.

Other business before the meeting was of a routine nature, closing up the work of the winter. There was a good attendance, and much interest was shown in the elections.

The following despatched from Montreal, evidently refers to the meeting of the District Council of the North Atlantic, which was organized about a year ago:

"A federal union between the Longshoremen of Montreal, New York, Boston, Portland, Halifax, St. John, Three Rivers and Quebec, is being seriously discussed between officials of the various bodies concerned, and a meeting of all interested will probably be held next month to discuss plans for such an amalgamation."

"A uniform rate of wages for the men engaged at the ports mentioned is the object of the proposed federation. The wages paid men in the different ports vary greatly now, and all the men have their scale of wages raised a general rate of the coast might result."

The District Council or Federation, here referred to, was organized in Boston last year. At the convention here this month general matters affecting all the ports represented will be discussed. The object of the union is to place all ports on a same level. In St. John wages are now higher than in some other ports, but it is expected that the union will be brought up to the level of St. John before another move for higher wages is made here.

REPORT VERY SUCCESSFUL YEAR'S WORK

Sunday School of Centenary church making rapid strides—Satisfactory financial statement.

Special services yesterday marked the celebration of the 74th anniversary of the Centenary Church, Sunday school. At the morning service the pupils of the school had the centre of the church reserved for them, and the church choir was assisted by the orchestra of the Sunday school. After devotional exercises the superintendent of the school, James E. Arthur, read the report of the year's work which was of a very encouraging character. The report of the secretary of the school, A. Laskey, showed that the school had made considerable progress numerically and financially.

The enrollment of the school without the home department is 284 pupils while the enrollment for the home department is 70 and for the cradle roll 21, making a total of 375. The average attendance for the summer months, June, July, August and September, was 76 and from October to May, 192. The receipts amounted to a total of \$361.13, made up as follows: Sunday offerings, \$356.17; piano fund, \$146.80; special library fund, \$7.76; Sunday school anniversary, \$1.00; church anniversary, \$50.51. The missionary collections amounted to \$236.24, the largest in the history of the school. The pastor, Rev. W. H. Barrough, preached an interesting sermon on "Light," illustrated by the use of candles.

After the afternoon an open session of the Sunday school was held, at which interesting addresses were given by former superintendent, E. T. Thomas, White and the Hon. Superintendent, Thomas Jenkins.

At the evening service, which was also attended by children of the Sunday school, the pastor took as his subject, "Our Duty to the Rising Generation," and urged the co-operation of parents with the teachers of the Sunday school.

At the annual meeting held last Tuesday evening the following officers were elected for the ensuing year: Superintendent—James E. Arthur, Honorary Superintendent—D. Mc Kendrick, Associate Superintendent—Thos. Jenkins, Secretary—A. Laskey, Assistant Secretaries—L. LeLacheur and R. Edwards, Special Missionary Secretary—L. Hennigar, Treasurer—H. A. Lyman, Librarian—Roy McKendrick, Assistants—H. A. Lyman and Fred Barbour, Supt. of Home Dept.—Miss Annie Hea, Supt. of Cradle Roll—Miss M. Sealy, Supt. of Missionaries Dept.—Thos. Jenkins, Supt. of Primary Dept.—Miss M. G. Barbour, Supt. of Temperance Dept.—D. McKendrick, Supt. of Uplift Dept.—Miss H. Galley, Leader of Orchestra—M. L. Harrison.

Long Wear as Well as Top Notch Style in M. R. A. Suits for Boys

Now that the frolic and fun of the warm spring days have begun and heavy garments discarded, the boy will need a suit to replace that one he has worn all winter. It need not be an expensive suit either to carry him for the rest of the term and all through vacation time.

Mothers generally know that great dependence can be placed upon M. R. A. clothes for boys, and that's the reason why our suits are preferred when long wear is desired, as well as top notch style.

BOYS' TWO-PIECE SUITS—Double-breasted and Norfolk styles. Priced from \$3.25 to \$12.00

BOYS' THREE-PIECE SUITS—Priced from \$5.50 to \$12.00

BOYS' CLOTHING DEPARTMENT

Axminster, Wilton and Brussels Carpets

A Comprehensive Exhibit of the Season's Most Appropriate Styles and Colors

There is scarcely a color scheme, the most skilled decorator might evolve, which could not be perfectly matched with beautiful soft toned carpets from this stupendous and fascinating display of the very newest offerings.

Do not attempt to cover any room until you have had an opportunity to see this surpassingly handsome exhibit.

BRUSSELS CARPETS—Per yard, from \$1.10 to \$1.70
WILTON CARPETS—Per yard, from \$2.00 to \$3.00

Neckwear Dept.—Annex.

GOLD CANE FOR OLDEST MEMBER

William C. Godsoe, a member of Centenary Sunday School since 1839—87th birthday.

It was an interesting and unusual event that last evening marked the closing of the service in Centenary Methodist church, when after the service had been concluded the officers of the Sunday school and church and a number from the congregation assembled in the auditorium of the church and presented to William C. Godsoe a handsome gold-headed cane accompanied with an address, in honor of him being the oldest living member of the Centenary Sunday school.

The presentation was made by E. T. C. Knowles, secretary-treasurer of the treasury board.

In the year 1839 Mr. Godsoe joined the Sunday school and he recalls with interest the days when the church was in building. He was trustee of the Sunday school for many years and is the oldest superintendent. On Saturday Mr. Godsoe celebrated his eighty-seventh birthday and he has been practically seventy-five years a member of the Centenary Sunday school. The presentation last evening was followed by a fitting reply by the recipient.

RECOUNT NOT LIKELY NOW

Would have to be ordered by a Judge—Last meeting of old Council today.

There seems to be little possibility of a recount in connection with the recent civic election. It was said Saturday that a recount would have to be ordered by a judge, and it was not likely that such an order would be issued without a great weight of evidence being submitted to substantiate the charges of irregularities. There was some talk of an injunction being laid against the aldermen, but it is thought that this would be in direct opposition to the terms of the charter and that no judge would grant it.

It was thought that the new members as declared, would be asked to assume office at the time appointed by the charter and that nothing more would be done.

The last meeting of the old council will take place this afternoon when the report of the common clerk in connection with the recent elections will be submitted. It is likely that the retiring members of the board will be heard in closing addresses.

The new commissioners will be sworn in on Tuesday, and they will immediately assume office.

BLASTING AT COURTENAY BAY

Warden McLellan may take steps to have contractors change methods—Many Complaints.

The present system of blasting at Courtenay Bay, which has proved such an annoyance to many citizens, will be materially changed, if the county authorities can do anything in the matter. Commissioner McLellan as warden of the county expects to be able to have the contractors at the East St. John harbor improvement works change their methods, and it is likely that if necessary, pressure will be brought to bear to have the present annoyance modified to a great extent.

It is understood that the blasting operations have caused damage to dwellings in the city proper as well as at East St. John, and the citizens have made many complaints. For a time the blasting seemed less severe but lately it has seemed heavier than ever. It is likely that something will be done at once.

CHICOUTIMI-FREEHOLD ESTATE ISSUE IN LONDON

London, May 3.—The issue is announced of £246,550 in six per cent first mortgage guaranteed sinking fund of fifteen year sterling bonds of the Chicoutimi Freehold Estate Company Limited, at 93. The company is acquiring four hundred thousand acres of land from the Peridotica to Manouan rivers, Quebec, which will be leased to the Chicoutimi Pulp Company.
