COMMON COUNCIL REGULAR MEETING

Accept Award of Police Conciliation Board—Increase for City Marshalls—Will Prepare a Bill in Power Company Matter—Other Business.

The city council yesterday ordered the advertisement of the paving of parts of Prince William, Duke and Germain streets, under the local improvement act; accepted the award of the police conciliation board; ordered the preparation of a bill for presentation to the legislature in the hands of the power company matter; confirmed the appointment of Kenneth Clawson as district commissioner at \$1,200 per year, and granted city marshalls an increase of twenty-five cents on each paper served.

Commissioner Fisher thought the fixing of rates should be left in the hands of the Public Utilities Commission. The report of the committee was adopted. The commissioner of public works reported as follows: "Regarding the letter from Mr. W. E. Lane, complaining of water coming into the cellar of his house, No. 169 Wright street, your commissioner has been advised that the water department in improving conditions by the placing of two catch basins at the end of Spruce street, this being opposite Mr. Lane's house, will result in the water being on a side hill, and all of the surface water on the roadway, excepting such as soaks into the ground, flows to the side of the street on which Mr. Lane lives. The gutter and sidewalk have been properly constructed, but now need some repairs, and these will receive attention when the asphalt season opens. Your commissioner considers that the city is not responsible for the trouble of which Mr. Lane complains."

A communication from the city council of Toronto, asking the St. John city council to protest against the adoption of certain legislation, now pending in the Dominion Parliament, consolidating the Railway Act, unless there was included sections safeguarding the rights of the municipalities to the control of the highways within their borders. The communication was referred to the committee of the whole. The council then went into committee to hear chairman of the board of assessors in connection with the ap-

POLICE COURT CASES YESTERDAY

Lemon Extract Drunks Remanded—Frank Godin Sent out for Trial—Lloyd Miller Out on Suspended Sentence—A Young Woman Thief.

Two drunks who appeared in the police court yesterday morning on the charge of drunkenness pleaded guilty and were remanded. Lemon extract was responsible for their arrest.

Frank H. Godin appeared for final hearing on the charge of assault. Evidence had been completed, the accused was sent up for trial. W. R. Scott is appearing for Godin.

The case against Harry Westmore, a coachman, charged with violating a city by-law, governing coachmen at the depot, will be resumed later, as Police Constable Pierce, who laid the information, did not appear yesterday.

Lloyd Miller, charged with wearing the king's uniform unlawfully, and with wearing a military decoration unlawfully, was allowed to go on a suspended sentence of \$300 or six months in jail. Captain Goodby, P. M. of the district, and Captain G. Earle Logan, assistant judge advocate, appeared for the militia. Lloyd was arrested under civic law, as he was a discharged soldier and does not come under the military law.

In the afternoon a youth appeared under a grave charge. After evidence had been taken the accused was remanded to jail again.

A young woman was charged with receiving goods, knowing the same to have been stolen. After evidence had been taken she was allowed to go with the proviso that she appear in the near future to continue the hearing of the case.

Evidence was given by the detective who told of finding the goods in possession of the accused, a suit case was presented in court filled with the goods, which had been found in the woman's possession.

Alexander Rangart, who was arrested some time ago on the charge of non-support of his wife and family, appeared for further hearing. Mrs. Rangart and her husband had a conversation in court and it is believed they will settle their little difficulty amicably.

HAD SEVERE COLD AND TICKLING SENSATION IN THE THROAT.

This trouble is most distressing, and is caused from a cold that has settled in the throat. How many people have lost a good night's sleep by that nasty, tickling, irritating sensation in the throat? The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks, combined with the lung healing virtues of the world-famous Norway pine tree, will give you almost instant relief in all cases of this nature.

Mrs. G. C. Routley, Bright, Ont., writes: "I take great pleasure in writing you of Dr. Wood's Norway Pine Syrup. For several weeks I was troubled with a severe cold and a tickling in the throat. I tried numerous remedies, but found no relief until I used Dr. Wood's Norway Pine Syrup, which I had heard so much about, and on taking one bottle got instant relief. I highly recommend it to those who need a quick cure."

So great has been the success of "Dr. Wood's" in curing coughs, colds, bronchitis, whooping, etc., that many imitations have been placed on the market. The genuine is put up in a yellow wrapper; three pine trees the trade mark, price 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### "The Minister's Bride" Was Title of Enjoyable Performance Given in Portland Methodist Sunday School Last Evening.

## Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Fully researched and costs little. If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with a cough, or you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex (50 cents worth). Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This makes 16 ounces of really remarkable cough remedy. It tastes good, and, in spite of its low cost, it can be depended upon to give quick and lasting relief. You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

## ST. JAMES' W. A. ANNUAL MEETING

### Excellent Reports Read at Yesterday's Sessions—Mrs. John Kee Re-elected as President—Addressed by Returned Missionary.

The presentation of a life membership pin to the president, Mrs. John Kee, was one of the pleasant incidents of the annual meeting of the St. James' Church Branch of the Women's Auxiliary which was held yesterday.

Service with holy communion was celebrated in the church at ten o'clock. A splendid address was given at this service by Rev. H. A. Cody, rector of the church. Cody took the letters W. A., and spoke on the different meanings which might be taken from those initials, such as Wonderful Association, working, aspiring, willing activities, worship ardently, women aroused, women alert, women alive. He gave a history of the auxiliary and praised the excellent results of their efforts.

In the afternoon the members gathered in the school room with Mrs. John Kee presiding. After a hymn and prayer Mrs. Kee welcomed the members and spoke of their pleasure in having Mrs. John Hay, Dorcas secretary of the Diocesan Board, present.

Miss Merritt was then introduced and told of some adventures in her search for the "Blonde Eskimo," which the missionaries who went to their prefer to call the "copper Eskimo." Mr. Merritt spoke in an interesting way of the house, 6 ft. by 6 ft., in which the natives lived and the manner of keeping warm in that land. He said that the natives practically never washed and described the joy and excitement when a seal was cut up. He also spoke of the Eskimo missionaries by these Eskimos, but explained that the natives could never be driven and that care had to be taken to make matters plain to them. Speaking of the women Mr. Merritt said they look after the home and are very good at keeping the house in order. ## CONCERT IN AID OF ST. DAVID'S CHURCH

### High Class Programme Enjoyed by Large Audience Last Evening in Centenary Hall—Proceeds for Building Fund.

A concert in which some of the best city talent participated, was held in the Centenary hall last night in aid of the St. David's church building fund, and though the weather was far from pleasant every available seat was occupied.

Particularly attractive, as there is something in the harmony of a good male quartette that is not found in other musical numbers. But the quartette was but a sample of the musical programme which was repeated, round about round of applause greeting each number until the piano duo by Mesdames Barnes and Lahey concluded one of the most delightful evenings of the season.

- The complete programme included: Male Quartette—"Coppin Moon" (Shelley) Meers, Smith, Glvan, Gardner, Glvan.
- Vocal Solo—"By the Sea" (Schubert) Mr. A. C. Smith.
- Vocal Solo—"Come Sweet Morning" (A and L) Mrs. W. J. Montgomery.
- Reading—"The Service Plan" (Annie Hamilton Bonnell) Mrs. D. J. MacPherson.
- Vocal Solo—"O Love Thy Help" (Saint-Saens) (From Samson and Delilah) Miss Blenda S. Thomson.
- Vocal Solo—"Pavane de Concert" (From Faust (D. Alard) Mr. E. Clarence Glvan.
- Vocal Solo—"Daffodils a-slowing" (E. German) (b) "The Last Rose of Summer" (Moore) Mrs. W. J. Montgomery.
- Vocal Duo—"Ruth and Pedere" (Sullivan) (From the Pirates of Penzance) Miss Thomson and Mr. Smith.
- Piano Duo—"a) 'Canzonetta' (Godard) (b) 'Farandole' (Old French Dance) (Bisetz) Mrs. J. Milton Barnes and Mrs. Rupert S. Lahey. God Save the King.

## BRINGING UP FATHER.

## A THOUGHT FOR TODAY

There dwells a spirit in the budding year. As motherhood doth beautify the face— That even lends these barren glazes a grace, And fills grey hours with beauty that were dear And when with the load, storming March was here; A glimmer that the thrilled heart dimly traces In swelling boughs and soft, wet windy spaces, And sunbirds were the chattering birds in twain.

—William Wilfred Campbell.

James W. A. opened with prayer and the singing of a hymn. Mrs. Kee presided, and reports showing much work accomplished by this branch were read by the Secretary, Mrs. H. Ryder, and by Mrs. Clarence Dixon, the First Vice-President. Mrs. Ryder told of the sixteen meetings which had been held. There are twenty-nine members. A bale is almost ready to be sent away, and will contain practically two outfits. Many nice articles for this had been contributed by the Junior Auxiliary. Mission study classes had been held regularly. Mrs. Dixon told of the work carried on during the absence of the President.

The treasurer's report showed a balance on hand of \$49, after all pledges had been received. Officers were elected as follows: Mrs. H. A. Cody—Hon. President. Mrs. John C. Kee, President. Mrs. Clarence Dixon, First Vice-President. Mrs. R. S. Orchard, Second Vice-President. Mrs. O'Shaughnessy, Third Vice-President. Mrs. H. Ryder—Secretary. Mrs. Charles Marvin—Treasurer. Mrs. Edward Purchase—Dorcas Secretary. Mrs. D. C. Waring—Leaflet Secretary. Mrs. Walter Vaughan—Extra Cent Day Secretary. Mrs. Robert Dibble—Junior Superintendant. Miss Marjorie Pearce—Junior Secretary. Mrs. Isabel Bruce—Bibles' Branch Superintendant. Mrs. John C. Kee, President. Mrs. John C. Kee, President. Mrs. John C. Kee, President.

## WOMEN'S INSTITUTE PASS RESOLUTIONS

### Endorse Plan of a Women's Building in the Court House and Wrapping of Bread at Last Evening's Meeting.

Two important resolutions were passed at the meeting of the Women's Institute held last evening in the Congregational Church hall. Mrs. J. V. Lawlor presided, and there were a number of new members present. A letter was read by Miss Lynch, the corresponding secretary. From Miss Hazel McCain, welcoming the St. John branch of the Women's Institute into the organization and reminding them that the W. I. is no longer a provincial club but a Dominion-wide Society. A letter was read from the secretary of the Women's Council regarding nomination papers to be given Miss Lynch was asked to reply.

Mrs. Lawlor urged the necessity of reaching the goal of one thousand members of the W. I., spoke of the much-needed cooking school, and told of some matters regarding the use of the Court House for a women's building. By unanimous vote a resolution was passed regarding the wrapping of bread in the Court House. This was left to the Rooms Committee. A solo by Mrs. Murray Long was much enjoyed.

A resolution was passed endorsing the editorial in the Globe regarding the use of the Court House for a women's building. By unanimous vote a resolution was passed regarding the wrapping of bread in the Court House. This was left to the Rooms Committee. A solo by Mrs. Murray Long was much enjoyed.

A delightful solo was given by Miss Louise Anderson, Miss Agnes Anderson acting as accompanist. Miss Anderson sang an encore also. Reports of the membership committee were given by Mrs. John Stack, Miss Josephine Durick, Mrs. Marcus, Mrs. Adams, Mrs. Golding, Mrs. Wade. It was decided to hold a series of half hour lectures, the subject for the first to be "Laws Relating to Women."

The President spoke of the absolute necessity for women to be informed of the Canadian Criminal Code, the machinery of government, and that women should take a stand against the wrapping of bread in the Court House. Social representation of women on the Board of Motion Picture Censors was advocated. It was decided to have the next meeting a rally one, each member to bring a new member and a cup and saucer. A reading, "The Fool" by Robert W. Service, was given by Mrs. A. C. D. Wilson, and as an encore Mrs. Wilson told "How Little Learned Desart." Both these were splendidly given. Mrs. Wilson is convener of the entertainment committee and arranged last night's programme.

## Y. W. P. A. EXECUTIVE.

The Y. W. P. A. held an executive meeting in the G. W. V. A. rooms last evening. Plans were made for the regular meeting at which several very important matters are to come up for discussion. The resignation of Miss Marion Craikbank was accepted with regret and Miss Hazel Delnatst was welcomed to the executive.

## ANOTHER LARGE AUDIENCE.

"Stop Thief," staged in St. Peter's Hall, Elm Street, last evening, was attended by over eight hundred people, and others were turned away. The tried amateurs added to their laurels, and the novices came to the front for loud applause. The performance will be repeated again this evening, for the last time, and the proceeds are in aid of the Catholic orphans of the city.

## MEETING POSTPONED.

On account of the storm last evening the meeting to form an auxiliary of the Canadian Imperial League was postponed until Monday next week. There are some three hundred men who belong to this League, which has the interests of the soldiers so strongly at heart, and it is felt that an auxiliary of wives and sisters would strengthen the work, and be of great assistance to the League. Mrs. E. Atherton Smith had promised to address the Auxiliary, and she will do so at the next meeting.

## SEVEN SEAS, I. O. D. E.

At a meeting of Seven Seas Chapter I. O. D. E. held last evening at the home of Miss Hazel Dunlop, the reports of Miss Dorothy Jones in the chair, the following donations were passed: \$25 toward the furnishing of the nurses' home at the St. John County Hospital, East St. John; \$10 to the Animal Rescue League; \$10 to the fund to provide prizes for the best essays by pupils in Grades 7 and 8 of the city schools. Tickets for the recital by Miss Anna Caga, were distributed among 50 members, and further plans for the party sale in the Imperial lobby were discussed.

## ITALY WANTS AMERICAN GOODS.

The United States has an important opportunity in Italy to help that country break the trade letters which bound it to Germany and Austria before the war. While Italy has long been one of the best customers in Europe of American producers of raw materials and foodstuffs, the nation received much of its semi-finished and finished products from the Central Powers. The bulk of Italian exports went to Germany and Austria, Italian exchanges with Germany, in 1918 totaled \$183,872,068; with Austria, \$92,484,467; with England, \$161,889,449; with France, \$96,740,416, and with the United States \$152,941,111.

To no country engaged in the present war, did belligerency mean a greater disorganization of established enterprises and trade channels than to Italy. Whatever the war has cost, Italy's men of affairs feel today that it has been worth while in awakening the country to a realization of what may be done through new methods and new associations to place Italy in the foremost ranks of international traders.

Italy looks to America as the chief source of supply for those raw materials and partly finished or finished materials which she formerly imported from Germany and Austria. Coal, iron, lumber, machinery, and railroad and shipbuilding materials will be needed in large quantities.

Discourage the public dance hall. Let your daughter stage her dances in her own home.

Encourage her in simple dress. Dating, sensational costumes often invite insulting comments and remarks from men.

Do not be afraid to let her see good sex plays. They will show her the right and wrong paths for a young girl to pursue.

## DR. CAMPBELL CURE IN LEGISLATION RELIEF OF THE

(Continued from Page 1.)

He agreed with the honorable member for Arleton, that it was wrong to adversely criticize the Valley Railway property. It was, undoubtedly, a good property, and was through a large section of country. If the Honorable Premier would apply the honorable member for Arleton, and play the government against the C. P. R. they might be able to obtain a satisfactory price for the property. The Honorable Premier's reply along enquiry in reference to property along the railway line, which the government had possessed itself of, was satisfactory. There were people who had an interest in a beach at Westfield which had been badly torn up by the railroad, and he thought an injustice had been done to them. He thought the Government should be allowed to enter upon private lands without first arranging with the owners, was a mistake. He hoped the remarks of the Honorable Premier, as they applied only to the beach property, were matters, which he had brought to the attention of the Minister of Public Works, had always been promptly and politely attended to.

He concurred in the observations that had been made concerning the visits of Prince Arthur of Connaught and the Duke of Devonshire. In connection with that matter he was inclined to agree with the Honorable Premier that New Brunswick was without means for the entertainment of distinguished visitors. He felt that the Honorable Premier was wrong when he stated that it was not for him to make a suggestion. He believed it was a matter for the Executive Council to deal with, and he believed the people would welcome some reasonable method of dealing with the situation.

In referring to the purchase of seed grain the Honorable Premier had pointed out that his government had not given favors to the Executive Council of that seed. He had, in effect, used the parable of the Pharisee and the Publican that he was not an other man, especially those poor

According to his honorable friend from Arleton, somebody had been let in on the purchase of seed grain. The Honorable Premier had held a certain newspaper in his hands, and had dramatically asked what the Honorable member thought of the speaker thought of an article which it contained. It seemed to him (Campbell) that he would not have done so had the paper contained a reference to the Central Railway. An inquiry into the affairs of that railway had shown an indebtedness on the part of the Honorable member for Arleton. The Government to give its new act a trial, they might have more success in collecting that amount than the one they were now after.

With reference to Union Government he thought that administration was deserving of a lot of credit for the efforts made to assist the provinces. There was the housing question, vocational education and the public highways, all receiving attention from the federal authorities. He felt that the Government at Ottawa was displaying a paternal interest in the welfare of the different provinces. The housing question was an important one in St. John, and he hoped that provisions of the proposed act would be drawn with care. He thought that good settlements must be established in the county of Kent, and in the district about Moncton, where there were some very fine lands. His mind it was most unfortunate that there were so many vacant farms throughout the province. Such a condition of affairs must be changed to the people. He thought that some plan might be worked out by which those farms could be put to a better use. He looked forward to the Honorable Speaker at his home some time in the future, and have an opportunity to inspect the road in that vicinity, which he had been told cost \$1,000, and was like a golden stars.

He could tell honorable member that women suffered a terrible affliction to him. He had been opposed to it, and had not thought that this time would come so soon when he would leap into the arena of the law. Like the honorable member from St. John, he had not been converted. He did not know whether the conversion of others was due to a divine power, but it seemed to be quite in vogue of his side of the House. While he had not had a change of heart, his mind had changed on the subject, and he could say that he had been intimidated. He had received no mandate from his constituency to vote for woman suffrage, and at the last election the subject had not been mentioned. While he had no mandate, the noble work accomplished in connection with the late war by the women of St. John, as well as of the Province at large, made it impossible for him to withhold any boon they asked. He had not thought that women wanted the franchise, but the use they had made of it at the last Federal election had caused him to abandon that idea. Personally, he thought that the women would be happier without the franchise, but he would say, let the people have it. He thought that the vote for Sunbury, he was hopeful that it would get fifty per cent. of the female vote in St. John. There were other objects he would like to deal with, but he thought the time had arrived when the debate should close, and the House set down to the business of the session.

### DR. CAMPBELL CLOSES DEBATE IN LEGISLATURE MUCH TO RELIEF OF THE GOVT BENCHES

(Continued from Page 1.)

He agreed with the honorable member for Carleton, that it was wrong to adversely criticize the Valley Railway property. It was, undoubtedly, a good property, and ran through a fertile section of country. If the Honorable Premier would employ the honorable member for Carleton, and play the government against the C. P. B., they might be able to obtain a satisfactory price for the property. The honorable Premier's reply to an inquiry in reference to property along the railway line, which the government had possessed itself of, was satisfactory. There were people who had an interest in a beach at Westfield which had been badly torn up by the railroad, and he thought an injustice had been done to them. He thought the law, which pertained to Government to enter upon private lands without first arranging with the owners, was a mistake. He hoped his remarks would not be misinterpreted, as they applied only to the beach property. Other matters, which he had brought to the attention of the Minister of Public Works, had always been promptly and politely attended to.

He concurred in the observations that had been made concerning the visit of Prince Arthur of Connaught and the Duke of Devonshire. In connection with that matter he was inclined to agree with the Honorable Premier that New Brunswick was the only Province which was without means for the entertainment of distinguished visitors. He believed it was a matter for the Executive Council to deal with, and he believed the people would welcome some reasonable method of dealing with the situation.

In referring to the purchase of seed grain the Honorable Premier had pointed out that his government had not given favors to friends in the distribution of that seed. He had, in effect, used the parable of the Pharisee and the Publican that he was not as other men, especially those poor Tories.

According to his honorable friend from Carleton, somebody had been let in on the purchase of fertilizer. The Honorable Premier had held a certain newspaper in his hands, and had dramatically asked what the honorable members to the left of the speaker thought of an article which it contained. It seemed to him (Campbell) that he would not have done that had the paper contained a reference to the Central Railway. An inquiry into the affairs of that railway had shown an indebtedness on the part of somebody of \$133,000. Were the Government to give its new act a trial, they might have more success in collecting that amount than the one they were now after.

He had been opposed to it, and had not thought that the time would come so soon when he would leap into the arms of the ladies. Like the honorable member from Sunbury, he had not been converted. #### NEWCASTLE

Newcastle, March 18.—The West Northumberland Branch of the G. W. V. A. met last night in regular session, President Flett in the chair, J. P. Ryder, secretary.

Newcastle G.W.V.A. meets on the second and fourth Thursday of each month. All returned men welcome.

President Flett, Garfield Troy and J. P. Ryder were appointed a committee to meet with W. S. Loggie, M. P., re the County patronage. The meeting felt that returned men were not getting justice re appointments in the railway service. There was no desire to interfere with the Railway Brotherhood or to oust any civilians from their jobs, but it was strongly felt that in all new positions and vacancies, the returned man should have first choice.

A telegram was laid on the table stating that Newcastle, as well as Campbellton would have a labor bust.

A very pleasant time was spent

#### CAMPOBELLO.

Campobello, March 16.—A singular event occurred here during the week end, which calls for a tag. Sheriff Gibson arrived on Friday for slack. A young man, McGuire by name, living at Bunker Hill, and who claims to have been doing service for Uncle Sam between New York and European Colonies, was arrested at the home of his parents. Locking his arms about his mother's neck he defied the sheriff to shoot or to place the handcuffs on him. Finally he decided to follow the sheriff quietly to his lodging house, where they resided comfortably for the night.

On Saturday morning, accompanied by the sheriff and his parent, Mr. McGuire, the young man took passage on the steamer Grand Manan, Capt. Hersey, for upriver, possibly St. An-

# WHERE WILL THE REVENUE COME FROM?

To meet the regular expenses of administration, to pay war service gratuities to demobilized soldiers, to provide pensions for disabled soldiers and for the dependents of those who have lost their lives, as well as to carry out the program of public works which is being undertaken to relieve unemployment, it is estimated that the Dominion Government will require to raise this year a revenue of about

**400 MILLION DOLLARS**

Last year the Dominion Government revenue was 260 million dollars and was derived from the following sources:

Canadian Customs Tariff	116 millions
Special War Tariff	45 millions
Excise Tax	26 millions
Business Profits Tax	21 millions
Income Tax and other Sources	52 millions
<b>Total</b>	<b>260 millions</b>

### How is the shortage of 140 millions to be made up?

At the very moment when Canada is struggling with this problem the Western Grain Growers come forward with insistent demands for:

- (1) "An immediate and substantial all-round reduction of the customs tariff."
- (2) Free trade with Great Britain inside of five years.
- (3) Reciprocity now, and free trade later, with the United States.

These demands are apparently made in the hope and belief that, if they are granted, those making them will be relieved of a large part of what they call the "Burden of Taxation" which the tariff imposes upon them. That expectation can only be realized if the revenue raised by means of the tariff is substantially reduced. They may argue that under a lower tariff the volume of goods imported will increase, and consequently there will be no decrease in the revenue. But mark this—they want the duty removed entirely from implements, lumber, cement, oil and other articles of which they are large consumers. If the revenue is to be maintained under such a rearrangement of the tariff schedules, other classes of the people must pay what the Grain Growers will escape.

Passing to the next point, how would the Grain Growers provide for the probable shortage of 140 million dollars this year? They ask the Dominion Government to impose the following taxes:—A direct tax on unimproved lands, increased taxation on personal incomes, increased inheritance taxes and increased taxation on corporations.

Vacant land now pays taxes to the Municipalities and, in some Provinces, additional taxes to the Provincial Government. Income taxes are now paid by individuals to the Municipalities and also to the Dominion Government. Inheritance taxes are now imposed by all the Provinces, ranging in Ontario, for example, from one to twenty per cent. Corporations are now taxed as persons by Municipal Governments, Provincial Governments and the Dominion Government, and also pay special taxes to every Province for the privilege of being corporations.

Last year the tariff collected sixty-one per cent. of the total Dominion Government Revenue. Does anyone believe that the forms of taxation advocated by the Grain Growers can be increased sufficiently this year to obtain the revenue which would be lost by tariff reduction, and also the additional 140 million dollars required, without crippling industry, stifling business and throwing thousands of workers out of employment?

The United States has all the forms of taxation advocated by the Grain Growers, but still finds it necessary to maintain its customs tariff.

If the Grain Growers are to escape almost all taxation, including the great increase caused by the war, what will happen to the people who will be driven out of business through having to pay not only their own taxes but also those of the Grain Growers? Will they try to grow grain? It is more likely that they will go to the United States to get work, as other Canadians went fifty years ago, and leave a population, chiefly farmers, ever growing smaller, to bear all the taxes, ever growing greater.

### Again we ask where is the extra revenue coming from?

Your Safeguard in Buying Shoes

WHEN you buy shoes, you take somebody's word for value. It is CONFIDENCE which leads you, in the end, to lay down your hard-earned dollars for shoes. And you are right in buying where you feel the most confidence.

This confidence on the part of the buying public is the biggest asset which any dealer, or any manufacturer can have. The reputable, established dealer has YOUR interests in mind when he buys his stock; the manufacturer bears them in mind when he makes it.

Your safeguard in buying shoes is to see that your confidence is well placed. Go to a dealer whose judgment you can trust. And see that the manufacturer's trade mark is on the shoes you select. Thus you may buy with DOUBLE confidence.

**A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED**

Look, Mother! Is tongue coated, breath feverish and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver cells sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children, of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

**SEARCHING FOR ALLEGED WIFE MURDERER**

Long Beach, N. Y., Mar. 18—While search was in progress today for Dr. Walter Keene Wilkins, elderly physician, charged with murdering his wife at their Long Beach home on Feb. 27, the authorities here and in New York city were obtaining what they hoped would be considered evidence important enough to present to a jury.

It was announced at Dr. Wilkins' home in New York that a piece of lead pipe, similar to that picked up beside Mrs. Wilkins' body, after he told the police that burglars killed her. Inside this pipe, the investigators said, was a section of a Long Island newspaper. There was a piece of this same newspaper wrapped around a hammer found near Mrs. Wilkins' body.

At the accused physician's Long Beach home, the authorities added, had been discovered a piece of string, with sixteen strands, similar to the string which was on the hammer wrapped in the newspaper. Also at the Long Beach home, they said, a blood marked \$1 bill was found under a dog's mattress.

There was an unconfirmed report today that Mrs. Wilkins' body would again be exhumed for examination.

Alward, reported that all the larger firms in the city were taking an active interest in the work of the Association, and co-operating in every way with the provincial office. The Association placed itself on record as favoring a peace carnival during the coming summer months, along the lines suggested at a recent meeting held in the Board of Trade rooms.

The following resolution, re Daylight Saving, was passed and copies will be sent to Sir Thomas White, acting premier, R. W. Wignmore, M. P., S. E. Elkin, M. P., the federal representatives of the city, and E. M. Brown, Dominion Secretary of the R. M. A.

That inasmuch as Daylight Saving has proved itself of great advantage to the business community, enabling employees of stores and other workers to have the benefit during the summer months of some 150 hours of daylight for recreation, really equivalent to 18 full days of ten hours each, added to their annual holidays, and at the same time at no cost whatever to anyone;

Therefore resolved that the Retail Merchants' Association, St. John branch, most heartily endorse the continuation of the Daylight Saving movement, and herewith petition our Government to so enact for the year 1919.

PASSPORTS ARE NOT NECESSARY

Royal Canadian Regiment Men Will in Future be Permitted to Return to England Without Passports—Discharge Papers Sufficient.

The interesting announcement reaches military headquarters to the effect that former Royal Canadian Regiment men who were in Canada at the outbreak of the war and who enlisted in the C. E. F., will in the future be permitted to return home—without the necessity of obtaining necessary passports, as formerly. Many of these men enlisted during the war, went overseas, and are now returning as members of the Canadian regiments to which they had been attached overseas. Formerly it has been the custom to exact from these men returning to England again, (after their discharge in Canada), the passport as required of civilian travelers going to and from Canada, or across the water. In the future such members of the R. C. R. who have returned to Canada for discharge will be allowed to emigrate to England and to their respective native lands without the passport, the discharge papers in their possession acting as sufficient guarantee of the sincerity and the qualifications of the traveler. It is again pointed out that the new order will affect many men who are returning to England and who are now on farms or engaged in other work. The return of these men to their native land is the result of the great work of Premier Lloyd George who, being that the landowners of the British Isles were unwilling to let their lands to others, placed a heavy tax on all land, with the result that rather than pay the heavy tax, the landowners became quite reconciled to let their lands to soldiers desiring to take up farming in England. The new order will eliminate a large amount of work on the part of the soldier, and the civic officials, who formerly were taxed with the arduous duty of issuing passports to such men returning home.

Another train carrying civilian passengers for New York passed through here in the afternoon. Among the passengers on this train was Lieut.-Col. Hamilton-Gault.

It was decided to accept this call and the induction service will be held April 1st at 7.30. Rev. G. Fraser, pastor of the Knox church officiating, assisted by Rev. D. J. Macpherson and Rev. D. Macquiere.

In a report read by Rev. H. C. Fraser, convenor of Sunday Schools, it was stated that one-third of the schools reported having contributed \$1,800 in Victory Bonds. It was also stated that the St. Andrew's School had invested \$1,000 in these securities. Rev. T. P. Drummond, Moncton, accepted a call to New Jersey and will leave for that field on April 15th. Miss Morrison, who was the second speaker, had as her subject China, and she exhibited a number of Chinese chop sticks, etc., and told something of the difference in the medical treatment of the native witch doctors, and the missionaries.

Mr. Merritt, who has been a missionary to the Eskimo, told of the work among that people and exhibited a number of arrow heads, bows and grooves, samples of the clothing worn by the Eskimo. A feature of the evening was the recitation of the Lord's Prayer in Eskimo, Chinese and Indian.
