#### BUTTER FACTORY PROJECT WOULD MEAN REVIVAL OF DAIRYING ON NORTH SHORE

Farmers To Meet This Week And Discuss Undertaking—Factory Proposed At Campbellton With Surrounding Country of Bonaventure Co., Lower Restigouche and I. N. R. As Source Of Cream Supply—Success Of Enterprise Would Mean Much To Farmers.

In their efforts to bring about a revival in dairying on the North Shore and have a butter factory established in Campbellton, local farmers and others who are directly interested in the undertaking are making a move in the right direction. It is hoped by many that the efforts of the promoters will prove successful and that this may be the means of having this branch of agriculture in Restigouche developed on a larger and more profitable scale and carried on to the better advantage and more systematic basis.

To Meet This Week  
A meeting of all those interested is being arranged for Thursday night. A meeting was announced for last Thursday but evidently there was a mistake in the date decided on. Mr. McIntyre, Agricultural Inspector for this district is expected to be present and at this gathering it is expected that some definite steps will be taken towards organization.

Plan Better Factory  
Discussion of the prospects for the establishment of a butter factory will be one of the matters dealt with at this meeting. It is thought likely that a farmer's co-operative will be formed to promote the undertaking and look after the interests of those associated in the enterprise. It is also hoped that definite plans in connection with the different phases of the project will be formulated and that proper steps will be taken to eliminate any difficulties which may seem to threaten the success of the merger.

Campbellton The Centre  
Campbellton has been suggested as the centre at which the proposed butter factory should be located. There are several things which support this idea. Cheap power and an abundant supply can be obtained here. In the immediate vicinity of this town there are a number of farmers who would support such a factory and who would benefit considerably if it proved a success. In addition to this, Campbellton is a central point, now easily accessible by farmers along both sides of the bay as well as along the I. N. R. and through the lower Matapedia Valley. Through the means of prompt transportation from these different districts to Campbellton all North Shore farmers would be enabled to take advantage of this improved and nearby market for their cream and benefits would not be confined to Restigouche alone; all farmers along the Bonaventure coast and at points west and south would be enabled to ship their cream to this centre without fear of loss in transit.

A Good Move  
This is a good move and one that should be heartily supported. It is in the town's best interest to lend all the encouragement they can. Campbellton needs more industries and this is an opportunity to have a profitable one established here. If the Board of Trade can lend any assistance towards making this proposal a reality this help should be given at once.

From another viewpoint there is also much to recommend the proposed undertaking. Despite the fact that Restigouche, and indeed, the whole Bay Chaleur territory is capable of producing a large quantity of butter, dairying on the North Shore has sunk to an activity of woefully small consideration. Dairying in many sections has practically become a lost art of even the more industrious farmers and all because nothing has been done to encourage it.

Lamentable Facts  
When it is known that thousands of pounds of butter are imported to Campbellton alone every month from outside places all over the Maritimes and from Quebec province, one is obliged to face a few lamentable facts. Every two pounds of this product that is shipped to the town means that approximately one dollar of Campbellton money is sent out to support an outside industry, and enrich to this extent the farmers of some other part of the country. If figured out this item alone would account for many thousands of dollars sent out of Restigouche and the surrounding districts each year for a simple every day necessity which we could very well produce ourselves. Even at a brief glance the whole matter is quite ridiculous and the deeper one goes into the matter the more ridiculous does it seem. In short, it is deplorable and

#### MEM-O-REA THE TALK OF THE TOWN

Marvelous Mind Reader Draws  
Capacity Crowds in Spite of  
Weather Conditions.

The talk of the town just now is Mem-O-rea the great mind-reader. This gentleman opened a week's engagement at the Opera House last Monday night, since that time, in spite of the very adverse weather conditions, capacity audiences have been flocking to the stage. The promise of fine weather today no doubt the Opera House will be found too small to accommodate the crowds for the remainder of the week.

Mem-O-rea is certainly a peer in his art. His gift is marvelous—in fact almost uncanny and many startling revelations have taken place in the few short days he has been here. Everywhere one goes people are talking of this mysterious man. By now everyone knows how he works, what he has accomplished and are eager for more. It is therefore useless for us to go into any further detail or dwell on his exploits.

He will be at the Opera House until Saturday night, giving a matinee performance each afternoon and one show each evening. Associated with Mem-O-rea is Billy Turner, black face comedian who has made a decided hit with the audiences by his clean clever work. Feature films start the program at each show—beginning at 7.30, 9.00, 10.30 and 12.30—and are immediately followed by Mr. Turner and then Mem-O-rea. The prices are 25 and 37 cents at the matinees and 10 and 12 cents in the evening.

A special childrens matinee has been arranged for Saturday morning at 10 o'clock at which Baby Mem-O-rea, a beautiful little lady only three years of age will dance for the kiddies. There will be the usual pictures and a wonderful time for all. Prices for this morning show are 10 cents and 25 cents.

grossly unbusiness-like and unpatriotic. It also discloses an amazing lack of initiative and at least vaguely reflects upon our industry—a thing we frequently boast about in a mild sort of way.

The Loss  
The loss in this matter is our own. If Campbellton had an up-to-date butter factory, this town would reap a very considerable benefit and thousands of dollars now being so generously contributed toward the support of outside industries would be kept in the Bay Chaleur district and distributed among our own farmers.

The objection may be raised that it would be impossible to secure sufficient raw material (cream) with which to keep such a factory in operation. Such an objection is easily disposed of. This difficulty might constitute a temporary problem but the inauguration of such a factory here and the provision of a lucrative market for cream would surely arouse farmers of the whole Bay Chaleur territory to a sense of new opportunities in dairying. The farmers of the North Shore are surely as enterprising and industrious as those of any other given section of country and it would not be long before this branch of agriculture would undergo a revival. As far as other limitations go, there evidently are none. There is enough pasture land lying in almost permanent disuse in the County of Restigouche to feed throughout the summer months enough cows to produce sufficient cream to supply a butter factory here. And what could be accomplished by dairying was gone into in earnest and carried out by even the least unimaginative mind.

These are only a few thoughts which may be advanced in support of the proposed undertaking. Another column might easily be supplied. But in the light of these facts it is to be hoped that some definite steps will be taken in connection with this matter and that, long overdue as they are, they will be taken without further delay.

#### THE OUTLOOK IN LOCAL BASEBALL

A North Shore League Is Suggested—Early Organization Is Strongly Urged.

Although it is still early thoughts of baseball are no more out of season than trout fishing will be a month hence, and the hope has been expressed to us that this season may see a stronger interest awakened in Campbellton in this wholesome and vigorous sport. It has been further suggested that a few of our best players should get together and approach the officials of the Campbellton Hockey Club with a view to having them assume the work of organization and management.

North Shore League  
Last year the possibilities of organizing a North Shore League were discussed but the discussion evidently did not bear any fruit. Perhaps the movement was started too late in the season. If so, the same mistake should not be repeated this year. There may be some apparent hindrances to the successful operation of a North Shore league but energetic effort should result in eliminating these obstacles. There are several reasons why a North Shore Baseball Association should prove successful and with early organization and sufficient support a good start would be made towards a successful and most interesting season in this branch of sport.

No Time To Lose  
If Campbellton is to make a showing in baseball this season, however, there is no time to lose. Everybody familiar with circumstances relating to sport activities here knows that there are certain requisites necessary to the formation of a successful club and the satisfactory disposal of them. Matters will necessitate considerable time. We are not aware of any definite plans outlined as yet but if any enthusiasm is to be kindled, some scheme in mind he would do well to air it without delay. This paper may be relied upon to give generous support to any move in this connection.

Maritime Association  
In provincial sport circles there is also some talk this year of the formation of a Maritime Amateur Baseball Association. Campbellton has ample material for a strong "nine" to represent her in such a series if it is arranged for. We would suggest that someone directly connected with an attempt to secure more detailed and accurate information regarding this proposal.

STEAMER SERVICE  
NOW ASKED FOR  
Prince Edward Island Shippers  
Ask Co-operation of Local  
Board of Trade.

Mr. H. A. Ellis of Montreal, owner of the S. S. Gaspe Trader, which has been for years on the Montreal and Bay Chaleur ports, was in town last Thursday.

Thursday afternoon he met the Council of the Campbellton Board of Trade and put before it a proposition to put the Gaspe Trader on the route between Charlottetown, Campbellton—Gaspe and intermediate ports.

He submitted a copy of a resolution passed by the Charlottetown Board of Trade, and Trade, and telegrams were read asking for the co-operation of the local Board of Trade, and if possible send a delegate to Ottawa to press for a biweekly for this service.

After discussing the matter it was decided to assist in every way possible as it was felt such a service would be beneficial to the whole district served.

PARTNERSHIP DISSOLVED  
Joseph R. Cantin and Emilia A. Cantin doing business in the Town of Campbellton under the name of The Central Bookstore have dissolved partnership.

#### A PATRIOTIC APPEAL

The "Buy Made-In-Canada Goods and Shop At Home" Campaign inaugurated some time ago is rapidly gaining favor all over the Dominion and it is believed by those in closest touch with the movement that it will prove even more fruitful than was at first expected.

This success is no doubt due to the essentially patriotic appeal of the slogan and the more clearly realized by the general public, still better results should be obtained. This week over 500 weekly newspapers throughout Canada are boasting the movement.

Giving preference to Made-In-Canada Goods and Buying at Home means, in the last analysis, supporting home industries and unless we patriotize our own Canadian enterprises we cannot expect to usher in national prosperity.

In this great program every town and village should play its part, and take up the Campaign Slogan and put it into constant practice.

#### ROTARY CLUB IS FORMED HERE

Opening Dinner Held At The  
Linnaea—H. A. Carr Elected  
President.

To our already large list of valuable organizations another was added last week when a Rotary Club was formed here. Twenty-one members have already enrolled and the officers of the new association are as follows:

President, H. A. Carr; Vice-Pres., D. A. Champoux; Treasurer, Chas. A. Alexander; Secretary, John T. Mowat. The members of the Executive Committee are J. W. MacDonald and H. M. Armstrong.

Following is a statement issued by the President, Mr. H. A. Carr:

In the fall of 1924, the Town of Campbellton was recommended by the Eastern Division of Rotary International, as a Town to which Rotary should be offered. Representing the District Governor visited Campbellton on three or four occasions during the past few months and recommended an organization committee and a tentative chairman was appointed by the President of Rotary International, Everett W. Hill of Chicago, in January, with the view of organizing a Rotary Club in the Town of Campbellton.

In the formation of the Rotary Club, one representative from each of the various trades and professions is sought. On Friday the twenty-seventh day of March, District Governor Prescott Baker of Yarmouth, N. S., with representative of the St. John Rotary Club, organized the Rotary Club in Campbellton and the officers were elected. A dinner was held on the evening of the 27th and the instant the said officers were installed and twenty-one citizens of the Town, trades and professions, became members of the Club.

It is the intention of the Club which has for its object the general welfare of the community, to increase this membership from time to time.

#### ANOTHER GAME HERE ON MONDAY

Chatham Quintette To Meet The  
Local Basketball Team—  
Other Sports

Although the hockey season is over for this year, local sport enthusiasts are afforded an opportunity to further develop their faculty for cheering by the Campbellton Catholic Club. On Monday night the club rooms of this live organization will be the scene of another basketball game and on this occasion the fast quintette from Chatham will meet the local players. Those who have already seen the C. C. team in action know that the match is sure to be a good one and in addition to the game there will also be other sport events well worth seeing. Those planning to attend should go early and thus be assured of a good seat.

#### ENTERTAINMENT BY METHODIST Y. P. S.

Church Hall Crowded Two  
Evenings To Hear Pleasing  
Program.

The Methodist Church Hall was crowded to the doors last Thursday and Friday evenings by two appreciative audiences to hear the young Society present "Sally Lunn" a two act comedy, as well as a choice musical program.

The comedy was exceptionally well put on and evoked much laughter. Every member of the cast to her or his part very creditably.

The cast of characters was as follows:—  
Sally Lunn Miss G. Graves, B. A.  
Leo Randolph H. Burley  
John Randolph H. V. Collette, B. A.  
Marjorie Randolph C. McBeath  
Vivian Wislow J. McBeath  
Mrs. P. Winslow Mrs. Fred Wetmore  
Morton Glynn J. R. Vallis

The musical program consisted of the following numbers:—  
Duet Mr. and Mrs. Godfrey  
Solo Mr. H. B. LeRoy  
Solo Mrs. S. C. Heckbert  
Orchestra Selected  
Solo Miss G. Deveau  
Solo Mr. Godfrey, LeRoy, J. R. Vallis and LePrieux supplied music during the evening.

The young people have been prevailed upon to repeat the entertainment at Dalhousie and leave this evening for the shiretown.

#### ANOTHER DRIVE FOR MEMBERS

N. B. Tourist and Resources  
Association Want Three  
Thousand Members

A big drive to increase the membership of the New Brunswick Tourist and Resources Association has been launched and everything points to a notable success. It will be remembered that last year the membership of this worthy Association was increased to over 1700 by the somewhat novel method of Baby Drafts, which were handed without charge in the various centres, through the courtesy of the Banks. This year the objective has been placed at 3000 and which is being given to the small drafts have been sent out to suppose that the desired number of members will be secured during the present year. Up to the present time, drafts have been sent out to Sackville, Port Elgin, Dorchester, Hillsboro, Moncton and St. John. Personal letters, each signed by the President of the Association, C. C. Avar of Sackville, are being issued with most gratifying results. Last year 70% people paid the membership fee in Sackville. This year it is expected that the number will be increased to 100. Last year no attempt was made to secure members in Port Elgin, Dorchester and Hillsboro, so drafts on these places are going out for the first time. Everybody they are being very kindly received, the general results being much more satisfactory this year than in 1924. The idea is to use the draft system in every city, town and village in New Brunswick.

It is noteworthy that last year 70% of the money obtained from membership fees. Government and Civic grants was spent in advertising in Canadian and American newspapers. Prince Edward Island and New Brunswick last year conducted a Joint Publicity Campaign and are going to do the same this year. It was hoped that Nova Scotia would join Prince Edward Island and New Brunswick and thus make a Maritime appeal but unfortunately Nova Scotia prefers to go it alone.

The feeling is that the Tourist business should be worth more to New Brunswick in 1925 than in any previous year in its history. In fact with the right kind of weather, the tourist traffic will be increased to at least 50% over last year. It will be remembered that the estimated value of the tourist business to New Brunswick last year was \$5,000,000. If through judicious publicity and extra effort, we are able to increase that to \$7,500,000, we will have done something well worth while.

It is to be hoped that whenever an appeal is made for members that the effort will be crowned with deserved success.

"Mother," said a little boy after coming from a walk. "I've seen a man who makes horses." "Are you sure?" asked his mother. "Yes," he replied. "He had a horse nearly finished when I saw him; he was nailing on his back feet."—Our Dumb Animals.

#### JOIN BOARD OF TRADE IN REQUEST FOR ELECTRIC CAR SERVICE ON MATAPEDIA ROUTE

Commercial Traveller's Association Asks For Service As Far West As Amqui—Frame Resolution And Interview Divisional Superintendent Here—Benefit Of Such A Service To People Along Proposed Route And Local Merchants Is Pointed Out.

At a meeting held on Saturday afternoon the newly organized Campbellton Commercial Travellers Association undertook its first work in the interests of the general public when the matter of securing better train service between Campbellton and points west as far as Amqui was discussed. Mr. H. J. Currie, a director of the new association and president of the Campbellton Board of Trade, brought this matter to the attention of the meeting. He explained that he had just returned from an interview with Mr. Fitzmaurice, the C. N. R. Superintendent here, at which this matter had been gone into by a committee from the Board of Trade. He stated that Mr. Fitzmaurice had expressed surprise on being informed that about forty commercial travellers made this town their headquarters and had as their territory the district about Campbellton and the Bay Chaleur. He expressed the view that, considering this fact, a resolution from the Travellers' Association urging some action in this matter should have some weight and asked the opinion of those present.

#### SELLER OF GERMAN BONDS ARRESTED

Convicted at Newcastle for  
Violation of the New  
Blue Sky Law.

Newcastle, N. B. March 30.—With a bundle being held at the express office for him containing what are said to be fifty million marks of German money, John Robert Beck, of Sydney, representative of the Canadian National Security Company, has been convicted of unauthorized selling of securities under New Brunswick's Blue Sky Law.

Beck was arrested by Chief of Police Hopkins, who had read the New Brunswick Public Utilities Commission order and found that the salesman had no license. A nominal fine of \$20 and costs was imposed and Beck disappeared, but Chief Hopkins intends to have a conversation with him when he returns to Newcastle. If he comes, Chief Hopkins also named Chief Hutchinson of Moncton that another salesman for the same company was operating there.

#### AMENDMENTS TO QUEBEC LIQUOR ACT

Lengthen Hours for Selling Beer  
and Sale of Wine in Hotels.

Quebec, March 28.—Hon. Jacob Nicol, Provincial Treasurer, put through the assembly last night his measure amending the Liquor Act, with two additional clauses. Both of these deal with the sale of beer and wine in hotels. They are given one additional selling hour in the morning, and one in the evening, from 10 o'clock in the morning to 10 o'clock in the evening.

The license charge on that class of stores, now paying from \$300 to \$500 a year, is changed from \$300 to \$100. The rest of the bill, as printed, provides that hotels may sell wine and beer with meals not only in one dining room, as now, but in dining rooms.

Provision is made to clear up the point that the five per cent. tax on beer charged brewers shall apply to the amount of the sales, plus the sales tax.

#### OFFER MADE FOR GASPE RAILWAYS

Hon. Chas. Marcell Writes Letter  
to Electors of Bonaventure

Ottawa, March 19, 1925.  
Dear Sir:  
I know you are greatly interested in our railway problem. Since the meeting that we held at Bonaventure in October 1923, we have had many conferences with the Board of Railway Commissioners, the Minister of Railways, the Prime Minister and his colleagues and Sir Henry Thornton, President of the Canadian National Railways.

As a result of all this work, Mr. Lemieux and myself have been able to bring about an agreement by which our two railways would be leased for 99 years and form part of the Canadian National System. This offer has been called by Mr. Kelly to the companies in England and we are awaiting their answer.

I hope that we will be able to bring about an understanding and solve a long standing difficulty in the interest of the whole of the Gaspesian Peninsula.

Yours very truly,  
CHARLES MARCELL  
We understand that the owners of these railways are willing to lease the lines for a long term upon a very low valuation of their original cost of construction. This we believe is a very reasonable offer and should be acceptable to the government.

Every merchant, be his business large or small, should keep his name before the public by Advertising. The Graphic reaches 2500 homes in this district. Rates on application.

| A. Lawrence, Esq.               | Port Daniel West             |
| P. Cyr, Esq.                    | St. Oner                     |
| Frank Dacheche, Esq.            | Port Daniel East             |
| F. A. Chapados, Esq.            | Gascons                      |

FORMING a full complement of the Members of the County Council and quorum of the same under the Presidency of Alexis Poirier, Esq., Mayor of St. Simeon, and WARDEN of the County, of Bonaventure under the Presidency of the Quebec Municipal Code.

Upon the Motion of Mayor Adams, seconded by Mayor Ferlatte, the Minutes of the last General Meeting of the County Council held in September, 1924, as well as the minutes of the Special meeting of the said County Council held in February, 1925, as read by the Secretary-Treasurer, were approved and adopted by the Council.

MOVED by Mayor Dufour, seconded by Mayor Angeliard, that Mr. John Oatman, Mayor of Restigouche South East Part be elected Warden of the County of Bonaventure to replace Mr. Alexis Poirier, Mayor of St. Simeon, and outgoing Warden, for the current term. Adopted.

All correspondence received by the Secretary-Treasurer since the last Meeting of the Council, was read, and duly filed of record.

Upon the Motion of Mayor Ornat, seconded by Mayor Ferlatte, the County Council adopted the following RESOLUTION, to wit:

RESOLVED by the County Council of the County of Bonaventure, in following up a request to last effect received from Mr. G. J. Simard, Assistant Provincial Secretary, THAT all sums of money or moneys due the Provincial Department by the Council, be paid the Government on or before the First day of May, of each year, and that the Secretary-Treasurer of this Council do notify the different Local Municipalities of this present Resolution.

It being the dinner hour the Council adjourned until 1:30 p.m. upon the Motion of Mayor Dufour, seconded by Mayor Angeliard, the Council proceeded to business.

MOVED by Mayor Gilker, seconded by Mayor Ferlatte, that the request of Mr. Israel Poirier, representing a local Committee of St. Bonaventure of Hamilton, for aid towards a suitable Soldier's Memorial for the County at St. Bonaventure, be laid over until the next Meeting of this Council pending reports from the different Local Municipalities of the County as to what has been done by them on the question.

MOVED by Mayor J. Isidore Cyr, seconded by Mayor S. McColl, that the County Council do pass the following Resolution, to wit:

RESOLVED by the County Council of the County of Bonaventure, that the Petitions of the Local Municipalities of Maria and New Richmond addressed to this Council and filed of record, protesting against the proposed maintenance by the two said Local Municipalities of a new proposed High way Bridge on the Grand Cascapedia River, and dividing the same into two parts, be brought to the attention of the Government Authorities at Quebec, and that copies of the said Petition and of this Resolution be forthwith transmitted to the Hon. L. A. Taschereau, Premier, and Hon. J. E. Perrault, Minister of Colonization, Mines and Fisheries, of Quebec, Mr. H. Kelly, Hon. J. Carrell, M. L. C., and P. E. Cote, M. L. A.

Proposed by Mayor Poirier, seconded by Mayor Ferlatte that the County Council do adopt the following Resolution, to wit:

RESOLVED by the County Council of the County of Bonaventure, that in as much as the said Council has not as yet constructed a new Safety Vault for the Registry office at New Carlisle, seeing that the former Member of the Legislative Assembly for the County Mr. J. E. Bujard had promised the construction of a new Court House at New Carlisle, urgently requesting the County Council to include Registry Office and Safety Vault, the Council do pray the Government Authorities at Quebec, through this present Resolution, to construct said New Court House and Registry Office & Vault, such construction being an urgent necessity to the advantage of the whole District.

Further Resolved that copies of this present Resolution be sent by the Secretary-Treasurer to the Hon. L. A. Taschereau, Premier and Attorney General of Quebec, Hon. J. H. Kelly, M. L. C., Hon. Frank Carrell, M. L. C., and P. E. Cote, M. L. A.

MOVED by Mayor Angeliard, seconded by Mayor Gilker that the County Council do allow the sum of Fifty Dollars (\$50.00), instead of \$40.00 for the transportation of the Insane to the Asylum to the Local Municipalities from New Richmond to Gascons inclusively in view of the greater maximum costs as compared with the other Local Municipalities of the County.

MOVED by Mayor J. Isidore Cyr, seconded by Mayor S. McColl that the Quebec Oriental Railway Authorities be authorized to proceed to the necessary repairs to the Grand Cascapedia River, Bridge at their earliest convenience. Adopted.

MOVED by Mayor Gilker, seconded by Mayor Ferlatte that the Lumber Contractor's account of \$504.00, less ten per cent, for the Grand Cascapedia River, be adopted and passed by the Council, and that the Warden at St. Simeon be authorized to borrow the necessary Funds to pay the same. Adopted.

MOVED by Mayor Angeliard, seconded by Mayor Adams that Mayors Gilker and Chapados be elected Local County Delegates to act with the Warden, for the current term. Adopted.

MOVED by Mayor Adams, seconded by Mayor P. Cyr, that the Government Authorities at Quebec be respectfully prayed that the Provincial Road Authorities do commence their travelling work on the Matapedia Road from Matapedia working West, so that the same may be of more immediate advantage to the settlers on said Road.

MOVED by Mayor Adams, seconded by Mayor Landry that this Council do call the Government Authorities at Quebec, of the urgent necessity of their building and reconstructing the Bridge across what is known as the Little River Bridge in the Municipality of Restigouche South East Part, the Local Council of the said Municipality being quite unable to do so and that copies of this Resolution as well as the one already adopted by this Council on a previous occasion be sent by the Secretary-Treasurer to the Hon. J. E. Perrault, Minister of Colonization, Mines and Fisheries, and to the other interested Authorities.

All required notices having previously given by the Secretary-Treasurer after Notice of Motion pursuant to law, and upon the Motion, of Mayor Bujold, seconded by Mayor Cyr, the Council adopted the following BY-LAW, to wit:

Be it Ordained and decreed by By-Law of the County Council of the County of Bonaventure, THAT, the By-Road known as the LEBLANC BY-ROAD, between the Local Municipalities of Carleton and St. Oner be declared a COUNTY ROAD at the charges and maintenance of the two said Local Municipalities, according to their respective Valuation Rolls.

## Tea as a Beverage

Tea first became known in China nearly 3000 years before Christ. In that country tea was greatly prized, both for its remarkable qualities as a beverage and for the almost religious ceremony attached to the drinking of it. Up to the sixteenth century, tea was used only for medicinal purposes. Even in the seventeenth century it cost \$25.00 to \$50.00 per pound. All tea caddies were constantly kept under lock and key. Today when even fine quality like "SALADA" costs less than one-third of a cent per cup, it is not surprising that the consumption of tea is increasing tremendously.

## "SALADA"

**FREDERICTON BUSINESS COLLEGE**

The only school in the Province in affiliation with the Business Educators' Association of Canada. Write for full particulars.

Address—F. B. Osborne, Prin. Box 928, Fredericton, N. B.

**Notice of Legislation**

Notice is hereby given that application will be made to the next Session of the Legislative Assembly of the Province of New Brunswick for the passing of an Act to amend the Municipalities Act of the Province of New Brunswick in respect to the representation of the Town of Campbellton in the County Council of the Municipality of Restigouche, providing that the Town of Campbellton shall hereafter be represented in the said County Council by three Councillors, two of whom shall be elected by the ratepayers of the said Town on the same day, for the same term and in the manner provided by the Municipality Act for the election of the other Councillors of such municipality of Restigouche, and that one shall be appointed by the Town Council of the Town of Campbellton as at present.

Dated this Twenty-fourth day of February, A. D. 1925.

JOHN T. REID, Town Clerk.

H. A. CARR, Solicitor for the Town of Campbellton. Feb. 25-27.

**Gas on Stomach**

Won't Let You Sleep

Gas pressing on heart and other organs sometimes causes a restless, nervous feeling and prevents sleep. Adierika helps any case gas on the stomach, unless due to deep-seated causes. The QUICK action will surprise you. Because Adierika is such an excellent intestinal evacuant it is wonderful for constipation—it often works in one hour and never irritates. (A. McG. MacDonald Drugist)

Enforcement officers may go, but, to paraphrase still further, bootleggers go on forever.

## Winnipeg Mother Finds Ideal Remedy for Colds of Children

A Vaporizing Salve which Relieves Colds Over Night and Croup in Fifteen Minutes. Nothing to Take—Just Rub It Over Throat and Chest.

Mothers everywhere will be interested in the experience of Mrs. W. Butterfield, 627 Carydon Ave., Winnipeg, Man. Mrs. Butterfield tried the new external remedy for colds, Vicks VapoRub, when it was first introduced in Winnipeg and writes:

"My three-year-old boy, William, became very sick with what seemed to me like a pneumonia cold accompanied with indigestion. He was a very sick boy for two weeks. One night I grew alarmed—he breathed so quickly and was so restless. I rubbed him with Vicks VapoRub and the result was quite gratifying. He breathed more easily and I was able to get a little sleep myself. The next two nights I again rubbed him with Vicks VapoRub and he became as bony as ever. I surely appreciate Vicks VapoRub and shall use and recommend it at all times."

Vicks is just as good for adults. It is internally it is inhaled as a vapor and at the same time, externally, absorbed like a liniment. This double action seldom fails to give immediate relief.

Master William Butterfield

## Home-baking—Home ties

Home-baking makes children healthy and happy. It gives them pleasant memories of home in after years.

With Quaker Flour, home-baking is easy. It is good for pies and cakes, as well as bread. Because every sack is of the same high quality, you can rely on perfect results every time.

# Hotpoint

**The Range with the Indestructible Element**

IMAGINE, the cooking surface of an electric range flat and smooth as that of an old-time coal range, but finished in snowy white enamel, with indestructible elements, cast in solid iron, perfectly flush like the lids of a coal range—that's the cooking surface of a Hotpoint Range.

Frangible porcelain elements, exposed to the air and therefore subject to oxidation—deteriorating every minute they are in use—are now no longer necessary on an electric range. Hotpoint patented sheathed-wire elements are insulated from the air—and are not subject to breakage through the accidental dropping of heavy articles. They cannot be short circuited by the boiling over of thick liquids and syrups which ruin the delicate exposed wires of an open type element.

The oven elements on a Hotpoint range are of the same indestructible construction, and may be removed and scrubbed if necessary. The oven itself is lined with a beautiful pebbled blue vitreous enamel, and can be kept clean and sweet with the greatest ease.

# Johnnie Hotpoint Says

"Here's an oven that is as easy to clean as the top of your piano"

AS SHOWN in the illustration all oven parts, in the new Hotpoint Ranges, are removable leaving only the enamelled walls with their smooth rounded corners.

The Hotpoint patented Sheathed-Wire Oven Element is an all metal construction. There are no exposed live wires and no fragile porcelain parts. The boiling over of liquids has no effect upon this new type of element, in fact it may be scrubbed if necessary.

Hotpoint Indestructible Sheathed-Wire Elements, owing to their metal construction, are the fastest protected elements made.

Hotpoint Ranges are sold under guarantee

# Easter!

Swift's Premium—The National Breakfast

In thousands of homes in Canada, Swift's Premium, as the world's highest standard of quality, is served all year round. But for Easter Morning this supreme quality Bacon has an added appeal—Swift's Premium has become almost the national dish on this bright feast day—when nothing but the best is adequate.

If you have not experienced the delicious flavor and uniform goodness of Swift's Premium—this coming Easter Morning would be a fitting occasion on which to try it.

## Swift's Premium Hams and Bacon

Be careful to get Swift's "Premium" when you buy Bacon or Ham—make sure of it this coming Easter Morning. Order from your Butcher or Grocer.

Swift Canadian Co. Limited

## EDITOR'S MAIL

To The Editor of The Graphic,

Dear Sir:—  
I see by the Graphic that the architect was in Dalhousie in the interests of the New Court House. I suppose he saw lots of snow and nothing doing. Is it not a remarkable thing that the Building Committee or whoever is running this unfortunate County could not have told the Contractor that there was no need or common sense in rushing that building to completion, owing to the time of the season it was started, and the way it was started, that is to say, without funds. It was evident to every man who cared, and took an interest in the affairs of his County that if that work was continued in winter that it could not be as substantial in every way, and would cost some thousands of dollars more. Why did the Building Committee take the Contractors into their confidence and say to them, we can give you all the next summer to build this House and when you complete the foundation you can close up the work for the winter. I saw them hauling brick on sleds in a snowstorm and piled outside and in now full of ice and snow and will be unfit to lay when the weather is suitable to begin work.

If the contractor had been advised that longer time could be given they could have secured their quantity of brick in kilns or in stock and have them coming as required, clean and fit to lay. I am sure the contractors will agree to all I say and would be delighted if this proposition had been made at the right time. There is not a man you meet that thinks this building should be rushed to completion against weather conditions. It is childish. I suppose they are in haste to see how that lovely building will look when completed—half white and half red. That is something that has to be changed. There is not a man I meet that does not think as I do. They say if that building is carried out in that way it will be the oldest building in British North America.

I read an article in the Graphic lately and approved of by the Editor to the effect that the reason Restigouche was not getting its rights was that the people did all their growling at home and about the street corners. That's the truest saying that has been said for some time. I have had several letters complimenting me on my contention on the Court House and so far no one has the courage or thinks it their duty or privilege to say a word either for or against. Has the architect or Building Committee or both nothing to say? They think that although the people of this County are quiet, that they are harmless. They all look forward to a day of reckoning and will be right on the ground. Will any man among the bunch come out above his own name and say that Building will look right in two different colors? This is a fair challenge.

Trusting that you will give space in your valuable paper,

Yours truly,  
JOHN DICKIE,  
Point La Nim.

Editor of The Graphic,

Dear Sir:—

I notice an add in your good paper inserted by Mr. Allan LeBlanc, of taxing five dollars a head for laborers working in the County of Restigouche. So far I have no objection to taxing laborers coming in. This is a matter which I have been thinking of for the past number of years, and I would say the best way to do is tax each parish by itself and have that money collected and spent in the parish in which it was collected and not go into the pot with the other tax money of which some places get the benefit and are not entitled to it. More than that this matter should be considered by level headed people because there have been very foolish moves made in the past few years. The dogs are laughing at the dog taxes and sheep are bleating and trembling with fear, the horses are wondering what happened to the sled shafts shifting business who posters announced had to be done last fall. If the tax is a just one and every one taxed according to his wages, this will be all right. Thanking you for valuable space.

Yours truly,  
JOHN J. CONNORS,  
Atholville, N. B.

To the Editor of,  
The Graphic,  
Campbellton, N. B.

Dear Sir:—  
We thought when the Royal Commission on pulpwood made its report which was not in favor of Embargo that the Government would decide to leave well enough alone. But the Pulp and Paper mill owners are bound to have the embargo passed.

They are spending money on advertisements in favor of Embargo and pretending that it will make more work for Canadian people but I say that it will practically ruin many families in the Matapedia Valley where they depend upon the pulpwood business for a good portion of their living.

The Canadian Mills were never willing to pay a decent price for the farmers wool, and I am sure that the Report of the Royal Commission why they give them full control of the price without opposition or competition? If they want the farmers wool they can always buy it in the open market.

I would like if you kindly would publish this letter and I am sure that it speaks for many farmers in this Valley.

Yours truly,  
JAS. M. DORON Matapedia, P. Q.

IN TERMS OF THE STREET

## SOME POINTS OF THE U. S. LAW

Canadian Club of Boston Issues  
Explanatory Statement on  
U. S. Immigration Law

Because of the wide spread misunderstanding among Canadians both in the United States and Canada regarding the present United States Immigration Laws relating to Canada, the Canadian Club of Boston, through its President, A. M. Johnson, has issued the following statement in an endeavor to make the essential points of these laws as clear as possible.

The privilege granted to Canadians under the United States Immigration Laws of 1917 whereby Canadians have been permitted to come to the United States on a visit for a period of six months without the payment of head tax, is continued under the present United States Immigration Act which became effective July 1, 1924.

Unfortunately, this privilege has been taken advantage of. The law has been violated—often times unwittingly, sometimes deliberately—by a large number of persons in that they agreed to return to Canada within six months but did not do so.

It is apparent that such persons do not realize the penalties they must inevitably incur for violating this temporary stay privilege. Under the present laws persons who come to the United States under this six months temporary stay privilege, paying neither head tax nor visa, and who do not return to Canada within six months as they agreed, are liable to severe penalties. They are as follows:

1. After the expiration of their six months' stay they are liable to arrest and deportation to Canada and persons so deported are prohibited from re-entering the United States for one year.

2. The head tax of \$8.00 and visa of \$10.00 cannot be paid in the United States, but such persons must return to Canada and appear before the United States consul of the district in which they reside and obtain a visa. They must pay a headtax at the recognized point of exit in Canada.

In the Maritime Provinces there are three—Yarmouth, Nova Scotia; Halifax, Nova Scotia and St. John, New Brunswick.

3. No person may become a citizen of the United States or take out first papers who is entering the United States has not complied with the United States Immigration Laws. If it has not been done one must return to Canada, pay the head tax and visa and thus legally re-enter the United States before making application for citizenship.

When persons are not absolutely sure of returning to Canada within the six months period it is strongly advisable to obtain visa and pay the head tax before leaving Canada. This will save a possible trip back to Canada.

Further, it cannot be overemphasized that the temporary stay privilege is a special concession to Canadians, which is not enjoyed by the people of any other country. That its continuance may not be endangered the laws covering it should be strictly complied with. Canada also enjoys another unusual concession in that its citizens are not placed under a quota. Were the continued violations of present laws to bring about a quota upon Canada, such as now exists with all other countries, it would be indeed very unfortunate. Only a limited number of Canadians would then be permitted to enter the United States each year. This might tend to impair the cordial intercourse between these two great countries.

Because of the number of times which the Canadian Club of Boston is called upon for information on this important question affecting so many of our own people, the Club feels that there is need for greater publicity on this matter. It seeks in a friendly way to help Canadians, whose reputation for complying with the Law is firmly established, and also the United States Immigration authorities who are anxious to have the fundamental features of this Law generally understood. To this end a special Immigration Committee has been appointed. All of its efforts conform with the vital purpose of this Club which lies in promoting "friendly relations, based upon mutual understanding between all English speaking peoples."

MAN THE MURDERER

(A pink-headed duck, a species now almost extinct, has been obtained for the American Museum of Natural History. The expedition securing the specimen numbered 200 men with guns and elephants, who scoured the jungles of Northern India three years for an opportunity to shoot it.) Perhaps this was the last survivor of the species. Large flocks of these non-migratory birds used to be found in northern India, but when the native pot hunters got firearms destruction was rapid. They have gone the way of the dodo, the solitaire, the Labrador duck, the Carolina parakeet, the passenger pigeon. We are impressed by the remark of the owner of a bird refuge in Canada. "It is the human being, that is wild," he says. "You never saw a bird fly away from an animal, or from those few men who have the patience and kindness to court their friendship."

### THE C. C. T. A.

If the Campbellton Commercial Travellers Association which was recently organized here is given the support it deserves and meets with the success which is indicated by the present outlook, Campbellton will undoubtedly have reason to be glad that such an organization has been formed. At the meeting held on Saturday last the need for better train service between our town and points west as far as Annapolis was discussed from every angle and a resolution drawn up requesting the establishment of an Electric Car Service on the above mentioned route. A strong committee was also appointed to wait upon Mr. Fitzmaurice, Divisional Supt. of the Canadian National Railways here and the matter was gone into in some detail. The present lamentable condition arising from the unsatisfactory train service on the Dalhousie branch was also taken up during this interview in the hope that some satisfactory solution might be evolved.

This is the first work in the interests of the general public that has been undertaken by this new association and it will not be the last. The new organization is comprised of public-spirited men who are alert to both the needs and the opportunities of the hour. It is safe to say that these men will place nothing in the way of having a progressive policy carried out. The association is strictly non-partisan and non-political and no petty party views or narrow-minded jealousies will be allowed to cloud the main issue in any project they feel called upon to promote. The voice of such a body in the commercial and community life of our town today cannot be questioned. Their efforts, made in the energetic manner which is a proverbial characteristic of all "knights of the grip," will be sure to bear good fruit and, as time goes on the results of their work and influence will doubtless be noted in different phases of our town life.

When this new body passes the stages of its infancy many other projects will doubtless be given a place in the year's program and it is to be hoped that all commercial travellers will join heartily in making this new association the valued organization it promises to become.

### GAINING FAVOR

Apparently few suggestions advanced through the local press have elicited such a volume of favorable comment as that presented in an article which appeared in last week's issue of The Graphic dealing with the idea of establishing a weekly half-holiday here. During the past week several persons have spoken to the writer on this subject and all are of the opinion such a mid-week respite from duty should be arranged for during the summer months.

Evidently the suggestion was a popular one and is gaining favor. Many of course have not given the matter much consideration but with the approach of summer this proposal will doubtless find ample supporters on all sides to warrant an experiment.

The quickest and most effective way however to bring the matter to a head would be for those actively interested to get together and frame a resolution. This specific request should then be placed before the Town Council. Every member of that body knows that the weekly half-holiday scheme has worked out advantageously in many other Canadian towns and it is unlikely that they would attempt to block the proposal. We would suggest that a meeting be arranged

## WEDDINGS

Robinson-Byers.

The marriage of Miss Muriel Byers eldest daughter of Mr. William Byers took place at St. Paul's Church, Shigawake, Que. on Wednesday March 25th, at nine o'clock a. m. to Mr. Frank Robinson of Detroit. The Rev. A. LeGallais performed the ceremony and Mrs. LeGallais played the wedding music. The bride was given away by her father, and looked charming. She wore a suit of navy tricotine with pearl grey vicia straw hat trimmed with one large ostrich feather, and squirrel choker. The only ornament she wore was a string of pearls a gift of the groom's. The bride was unattended. At the close of the ceremony Mrs. Herbert Journeau aunt of the bride sang "O Perfect Love."

After the wedding breakfast at the bride's home, the happy couple left by train for Montreal, Toronto Windsor and Detroit. Mr. and Mrs. Robinson will reside in Detroit, Mich.

Alexander-Wallace

Dalhousie, N. B. April 1st.—Alexander Wallace, a prominent citizen of Dalhousie, passed away on Thursday, March 26th, after a few weeks illness, at the age of 65. He was a son of the late A. G. Wallace, who was one of the Shiretown's greatest men. The deceased son followed in the footsteps of a noble father and was always highly respected and esteemed by everybody with whom he came in contact. He was for sometime an Alderman in the Dalhousie Town Council, and always took great interest in the affairs of his native town and of the country generally.

Besides his wife, he is survived by two daughters, Mrs. Robb, Regina; Miss Myra, at home, and one son, Andrew, of Dalhousie. His late son Alexander was killed in the great war.

The funeral, which was largely attended, took place on Saturday. The pall-bearers were: Andrew Barberie, John B. Delaney, H. H. McNeill, James Wright John McEwen, Wm. Howatson. The services were conducted by Rev. Mr. McIntosh and Rev. Mr. Clark. Interment was made in St. John's Presbyterian Cemetery.

### FANCIED THE FROCK

The wife of a Highland soldier called at the barracks with her six-year old girl. When they arrived he was on sentry duty, so they could not approach him. The child eyed her father as he paced up and down in regulation Highland uniform, and then said: "Mama, when daddy finds the man who stole his trousers, will he give me that little frock?"

for in the near future and that the matter be taken up in the proper way.

## FRENCH AIRMAN BROKE WOODEN LEG

Capt. Dagnaux Escaped But Others Killed or Injured in Fall.

Bordeaux, France, March 31.—Capt. Dagnaux, who was in command of the French plane which crashed at Nimmy, Africa, early in February, while on the last lap of a flight here yesterday.

Speaking of the reports of his accident, he said humorously: "They broke the wrong leg; I am feeling like a charm. The limb which was broken was a wooden leg. I lost the original over at Verdun in 1916. Fortunately I had a spare wooden leg aboard the plane."

Serjt. Vandaele was killed, Colonel Vieullemin, one of France's aces, suffered a crushed skull, and Sergeant Knecht was severely injured when Captain Dagnaux's plane fell.

### TENDER FOR DRIVING

Sealed Tenders will be received by undersigned up to twelve o'clock noon of the Tenth day of April A. D. 1925, for driving all their logs from the mouth of the Kedgwick River to the Boat Limits during the spring of 1925.

Tenders are asked to submit prices as from the following named stations to the boom limits: Kedgwick, Daves Guleh, Chain of Rocks, Upsalquich, Matapedia.

All further information necessary to enable the tenderer to more fully understand the matter of landing of the logs in the river, etc. may be had from the Manager, W. S. Richards or from the Secretary, M. A. Kelly.

Lowest or any tender not necessarily accepted.

### MATAPEDIA PLAYS

On Thursday night March 2 Matapedia Hockey team crossed with the Dalhousie team on t ter's ice.

Our boys lost. The score be in favor of the home team. We all wish to thank the D boys for the way we were and especially for the nice cut we were administered.

Dalhousie may be able to ts hockey but they certainly ca it at home.

Newsy Notes of Town and Country  
Happenings Gathered by Graphic Reporters

**ATTRACTIVE ADVERTISEMENTS.**—The Graphic this week carries a large amount of advertising matter of a very attractive nature. It will pay our readers to read carefully the special and regular advertisements, as many good things will be revealed.

**PANSIES IN BLOOM.**—A pansy in full bloom was picked in Ootm. E. Savage's garden near the Soldier's Memorial Hospital last week. It was as pretty as a late summer one and there were several others in bud ready to open up as soon as the sun shines.

**EASTER MUSIC.**—The choir of Wesley Methodist Church will render a program of special Easter Music on Sunday evening. The cantata, "Life Everlasting" will be given under the direction of Mr. H. B. LeRoy and the entire service will be a musical one of a nature especially appropriate to the Easter Season.

**LARGEST YET SEIZED.**—Liquor Sub-inspector Fraser Saunders is back from Newcastle where George Gallon of Chelmsford was prosecuted for operating a still and also for having a worm and other apparatus in his possession last September. The still was the largest ever seized in this province. He was convicted on both counts. For having the still he was sent to gaol for one month and to pay a fine of \$200 or in default of the latter to spend six additional months in gaol. On the other charge he was sentenced to one month in gaol or a fine of \$200—Fredricton Mail.

**MATAPEDIA PRESBYTERIAN CHURCH SERVICES.**—Presbyterian Church Services, Sunday, April 5th, as follows:  
Deeds, 11 a. m.  
Matapedia, 8 p. m. Pre-Easter Communion services.  
Matapedia, 7 p. m. Usual evening service.  
Service preparatory to Communion at Matapedia, Friday evening at 7:30 p. m.

Preacher at the Sabbath services, Rev. E. V. Forbes, M. A. Tide Head. "Seek ye the Lord while He may be found—Call ye upon Him while He is near." Isa. 55:6.

**MATAPEDIA PLAYS.**—AT DALHOUSIE. On Thursday night March 26th, the Matapedia Hockey team crossed sticks with the Dalhousie team on the latter's ice.

Our boys lost. The score being 4-1 in favor of the home team. We all wish to thank the Dalhousie boys for the way we were received and especially for the nice cutting up we were administered.

Dalhousie may be able to talk clean hockey but they certainly can't play it at home.

**BIRTHS.**—HENDERSON—At Maple Green, March 29, 1925, to Mr. and Mrs. John Henderson, a daughter.

GORHAM—At Campbellton, March 30, 1925, to Mr. and Mrs. Frank Gorham, a son.

KEAYS—At Campbellton March 31, 1925, to Mr. and Mrs. James Keays, a daughter.

COMEAU—At Campbellton, March 5, 1925, to Mr. and Mrs. Fred C. Comeau, a daughter.

REGAN—At Atholville March 6, 1925, to Mr. and Mrs. Michael Regan, a son.

YORK—At Campbellton March 7, 1925, to Mr. and Mrs. Everett York, a daughter.

FLOWERS—At Campbellton March 8, 1925, to Mr. and Mrs. Harold W. Flowers, a son.

ROBB—At Campbellton March 12, 1925, to Mr. and Mrs. Frank G. Robb, a son.

MENUTT—At Campbellton, March 21, 1925, to Mr. and Mrs. H. Percy Menutt, a daughter.

McDAVID—At Campbellton, March 28, 1925, to Mr. and Mrs. John McDavid, a daughter.

DOYLE—At Campbellton, on March 24, 1925, to Mr. and Mrs. H. P. Doyle, a daughter.

## OBITUARY

**Mr. Joseph Kennedy.**—Expressions of regret were to be heard on all sides when the sad news came to Douglastown over the wires that Mr. Joseph Kennedy had passed away at an hospital in Oakland, Cal., on March 19th, after an illness of several months from typhoid fever. The late Mr. Kennedy was a son of the late Mr. Michael Kennedy and his late wife Catherine Grant and spent his boyhood in Douglastown where he made a large number of warm friends, having moved from here in the year 1902 to the United States where he has been living ever since. At the time of his death he was in his 48th year and like the other members of his family he was gifted with unusual intelligence. He leaves to mourn his death one sister, Mrs. Isaac Kennedy, Post-mistress of Douglastown and one brother, Mr. Austin Kennedy also of Douglastown. His wife who was a native of the Western States predeceased him some two years ago and there were no children of this union. Also a relative of deceased. Burial took place in Oakland, Calif., on Saturday morning, March 21st. The sympathy of many friends and relatives is extended to the bereaved ones in their sorrow.

**ATTRACTIVE EASTER WINDOWS.**—The Easter display windows of E. E. Shepherd & Co., are attracting much attention. The large upper window is artistically arranged with a set piece at the back covered with spring flowers, foliage and birds, the grass covered bottom with a flock of ducks announcing Spring is here. In this window is displayed the new spring accessories including the underwear, silk scarfs, colored hosiery, Easter gloves, novelty collar and cuffs, etc.

The centre and lower windows have lattice display settings entwined with flowers showing a very beautiful display of the seasons costs, ensembles, suits, dresses in the new shades. Also a collection of fox scarfs in platinum, blue, amber, etc.

The interior of the store also presents a very spring like appearance, with displays of new silk and colored lingerie, novelty scarfs, Easter gloves, hosiery, sweaters, blouses, corsets and brassiers. The wall case which extends across the entire rear of the store displays a complete line of coats, suits, dresses in all the brilliant shades for spring.

The entire display reflects much credit on this up-to-date firm who are in constant touch with the leading style centers.

**SHORTHAND EXAMINATION.**—On Monday afternoon the Speed Examination in Shorthand was held in the Grammar School. The committee in charge appointed by the Pitman Co. in Toronto (head office) was made up of the following members: Mrs. Stewart MacLellan, Mrs. D. A. Harquail and Rev. W. S. Godfrey.

Editor of The Graphic, Dear Sir:—I desire to extend my deep sympathy to the brothers and sisters of the late Hector LeBlanc, whose tragic death occurred at Port Arthur.

No one outside his own family and friends can feel more deeply grieved than I do at the sad occurrence. When I was in Port Arthur, going from church one day I saw a fine tall good looking young man standing by an auto. As I drew near he jumped on the sidewalk and took me by the hand calling me by name, I recognized a familiar face. It was our friend Hector, he had a fine new car and gave me a drive around the city then left me at my lodgings and made arrangements to give me a good time as he then was taking his holidays. He boarded with a private family in a fine residential part of the city. The proprietor was the driver on the train that he was conductor of and judging from the disposition of our dear friend Hector you can well see that the driver a Mr. Kahn and his wife and young family had a good time.

I never can forget the lively evening in June he took Mr. Kane and family and myself out on a trip through Port William and out to the Kakaleka Falls and many other places of much interest to me—such as the Dry Dock.

I wish again to say to the bereaved family that I have felt unusually grieved as this is so very sad.

JOHN DICKIE,  
Point La Nim.

Army physicians well know that "the administration of sugar (sweets) delays the onset of fatigue and consequent nervous exhaustion." Eat more candy!

## Make these Better Soups Yourself

Send for the Borden Recipe Book—it's free—and treat your folks to the appetizing soups made with St. Charles Milk. Their creamy richness will be relished and they are so easily prepared you will serve them often, particularly when a nourishing dish must be served on short notice.

Unequalled for any recipe that is improved by the use of doubly rich milk.

The Borden Co. Limited  
MONTREAL

**Borden's**  
**ST. CHARLES MILK**

USE IT WHEREVER THE RECIPE CALLS FOR MILK

**Corn and Potato Chowder**  
1 1/2 cups St. Charles Milk, diluted with 2 1/2 cups water, 1 can corn, 2 cups sliced raw potatoes, 2 tablespoons butter, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1 teaspoon oil, 2 tablespoons flour in 2 tablespoons water, 3 sliced onions.  
Cook chowder in butter until potatoes are tender, add corn, salt and pepper, and cook until potatoes are tender. Add milk and water, and cook until thick. Add oil and flour mixture, and cook until thick. Add onions, and cook until tender.

## Of Interest to Women

### The Charm of Period Furniture And Wall Coverings

People who own or fall heir to period furniture do not always appreciate it as they should, and they often yearn for the modern things, so they are willing to part from the old pieces for a moderate consideration. Those who do admire the things are always ready to buy, while decorators who are experts in adapting the old to the new order of things are scoring old homes, neighborhoods, shops and stray garrets to buy, even at exorbitant prices.

Should a Jacobean dresser, for instance, come in your direction, it can be refinished and used "as is" for a dresser, or the open shelves above the base being convenient for the display of pewter, copper or brass antiques, or even modern silverware pieces. Or the entire top may be removed and hung against the wall, as a console table, for the resting place of a vase of flowers. In this case, the legs may be removed from the base and castors substituted, which will make it low. The three drawers and the three drawers will make it a most useful dining-room piece, with a long rectangular glass hung above it. A gate-leg table, with the same wood finish, and chairs of the period will make a charming set for a small dining room.

A Table to Admire.  
Again, there is no getting away from the simple charm of the Stuart refectory shaped table, with its twisted frames and bronzed cane seat and back, the seats covered with thin cushions of soft colored and figured chintz invite one to rest. The sideboard that goes with the table and chairs is the long, narrow, box-like shape, with two high closets at the ends, two low ones in the center, with two drawers above them, and the base of these on table and chairs. The fruit basket and tall candles at either end, placed on a handsomely embroidered natural linen runner, are the only ornaments permitted on this style of sideboard.

The rug should be chosen also in patterns that suggest the period in design and coloring. The hangings follow on the straight, simple folds of the period. Of course, it is hard to stick to a harmonious whole if one is limited by finances; yet, by getting things together slowly, piece by piece it can be accomplished in time. The wallpaper for period rooms must be most carefully selected. A bronze, neutral tan or deep dull coloring may accomplish the right background for the things.

Batik Wall Coverings New.  
Batik wall coverings are very new and exclusive, for they must be made by the owner, as they are not to be purchased in the shops. In a charming room seen recently the woodwork was white, enameled with a high lustre, and the walls were covered with batik silk with white tiger motifs in border fashion. The tigers encircling the edge of the panels were marching single file and were about twelve inches tall. The white picture rail framed the panels perfectly and the ceiling was tinted orange at the rail, running to delicate yellow in the centre like a leading sunburst. The black floor had black and white rugs scattered over it and the windows had orange crepe curtains with silver gauze. The furniture was of rattan, painted with black frames and white seats. Orange pillows were used on the day-bed. On the mantelpiece at one end stood a black and white tiger filled with yellow flowers; at the other end was a low, black clock. This was a most unusual room and very charming.

There are so many inexpensive materials that it is too bad not to use more in this way. It is not difficult to do and can be made individual in design. It is worth the effort to get something unusual that can not be had by anyone else. Period designs may be made to follow the selection of the furniture chosen.

Of all furniture, none is so pleasing as that found in American homes a hundred years ago. No modern dresser has the dependable, comforting look that the bureau in great-grandmother's room suggested. It had a marble top, behind which an oval mirror revolved in its hand-carved pedestal. On either side were little drawers, and beneath, were three long drawers with hand-carved handles.

The wide four-posted bed, with long spiral posts, towering above the feather bed, was most inviting. Then there was the marble top wash stand which later generations used for cooling candy.

Once in an English class the teacher assigned a composition to be written and it had to contain 250 words. The next morning one little boy was asked to read his. This is what he had written: "My uncle was driving his new car one day and he had a puncture. The other 236 words are not fit for publication."

**GIN PILLS**  
FOR THE  
**KIDNEYS**  
Kidney disease is dangerous unless checked. Gin Pills will remedy all kidney troubles. Get a box to-day before it is too late.

### Decorative Value of Mirror Should not Be Neglected

Interior decorators are making a decided note of the value of mirrors in their work and well placed, they are a charming addition to the furnishings of a home. Instead of the little cheap mirror once thought sufficient for the bathroom, to-day there is a long one frequently set in the back of a door in the room besides a large one over the wash stand with one or more dainty glass shelves underneath.

In most modern kitchens there is a good glass with a shelf for the small necessities cook may require for a hurried brushing up in case she is called into the dining room and where the waitress can adjust her frilly, perky cap. Every modern bedroom is supplied with a mirror on the toilet table and bureau, mirrors set in the door panels or the separate long mirrors, or cheval glasses as they are called in France.

THE EFFECT IN A HALL.  
In other places about the house, places where the mirrors are put, all have a purpose in their use. Perhaps a short hall needs lengthening in appearance to balance its decorations and the long mirror placed at the end produces just the right reflection tendency that does the trick. The mirrors placed in rather obscure or dark corners light them in their own mysterious way by catching every ray of light that can be reflected and holding them as long as they last.

The tip tilted mirror over a fireplace seems homey as it pleasantly reflects the group before the fire. By a little study a mirror may be so placed that it reflects pleasing objects and scenes caught through windows that face the mirror, a delightful garden, bit of pretty roadway, a pretty view across the way and so on. The mirror placed between two windows is ideal for a toilet mirror. One woman had a long mirror put in her kitchen sink so that when she was busy with the dishes or preparing her vegetables she could see what was going on top of the utensils were in use and possibly boiling over when she was busy elsewhere. In another home a glass was placed at the back of the baking table so as to see in frosting a cake how the back of it was covered with moving the dish or to see if garishness on the various dishes were put on evenly.

In hanging flat framed mirrors over console tables, the yashoud be hung at the level of the picture rail where they finish with an ornament made of the cord to cover the hook. In other places the mirror may be hung so that the wires or cords by which they are supported are concealed entirely. Where long mirrors are hung almost to the floor, it is wise to rest them on small strong brackets that may be gilded or painted to match the mirror frames.

PERIOD MIRRORS ON VOGUE.  
Period mirrors are very much in vogue at the present time and some of the frames are very beautiful. Some of the frames are of wood, with gold decorations, some are heavy gilt, ornately modelled, and others are of plain wood, covered with silk or brocade, then trimmed with the fancy gilt mouldings. Even cruetone covered frames are used as special decorations in bedrooms.

Colonial mirrors are much sought after and there are many beautiful examples seen. Nearly all have the eagle in evidence, somewhere in the decoration, generally full spread at the top of the frame or standing solemnly in the centre of the decorations at the bottom of the frame. These mirrors are hung with the old fashioned cords and long tassels in the color of the room decorations. The next best thing are the so-called "hanging mirrors" that rest on the old chest of drawers and had two tiny drawers for the razors underneath.

### Varying the Menu With Colonial Dishes

There is a certain appeal about old fashioned dishes that urges one to a trial of their recipes even in modern surroundings. The following are especially selected for the home cooks and are generally portioned for a family of four:

**CODFISH SOUP**  
This soup may be made of any white fish, fresh or salt, or of dried codfish that has been soaked in cold water, then scaled in two waters, and flaked. Put six slices of pork on the bottom of the kettle and cover it with a cupful of diced vegetables, lay four dressed fish weighing about three pounds on top, cover with water, add seasoning, cover, bring to boiling and cook gently for fifteen or eighteen minutes, then strain the soup, add a little brown roux, then strain over the fish. Float a cupful of toaster bread squares on the top.

**GAME SAUSAGE**  
Boil six partridges, eight quail or other game until tender. Remove the meat from the bones and chop it very fine. Throw the bones back into the broth and add a sliced onion, some chopped celery and parsley, a diced carrot, a turnip, a bay leaf, five minutes, then thicken and strain off. Add to the meat twice as much fresh land two cupfuls of dry bread crumbs, pepper, salt, juice of three onions, a little powdered sage and two fresh eggs. Mix, then mould into sausages and fry in hot fat. Serve the gravy and serve hot with the sausages. Chicken and turkey sausages are made the same way.

**NEW ENGLAND BOILED DINNER**  
Boiled dinner is a most hearty beef, wash it and cover with cold water. When it has boiled ten minutes pour

## 15¢ PER PKG. — and in 1/2 lb VACUUM (AIR-TIGHT) TINS

## OLD CHUM

The Tobacco of Quality

off the water, add fresh boiling water and continue boiling. When the meat begins to tender, add a pared yellow turnip, cut in thick slices, and a small cabbage. A half hour before the meat is done skim well and add eight pared potatoes. Meantime boil eight beets to be done at the same time. Place the meat on a platter and the vegetables in separate containers first dusting them with pepper and salt and dotting them with lumps of butter.

**COLONIAL CHICKEN PIE.**  
Select two young chickens, about six pounds in all, clean thoroughly, remove the entrails, wash in cold water, and season with salt. Put the chicken in a saucepan with a large onion, a bunch of celery tops and parsley, cover with water and boil until tender. Lift the chicken, remove the meat from the large bones. Throw the bones into the broth with vegetables, cook down for a half hour, thicken and strain. Line a deep pudding dish with good pastry, arrange the chicken in it, season, pour in some of the gravy and put on the top crust, leaving a vent in the centre. Bake for an hour and a half in a medium oven. Serve hot or cold.

**PEPPER POT**  
Wash well three pounds of home-corned tripe and place it with a knuckle of veal in a large saucepan after cutting it into four inch squares. Add a minced onion, a minced pepper, with the seed cone removed, pepper, salt, a few stalks of green celery, cover with water and cook until the veal is tender, lift it and cut the meat from the bone and put it back into the broth; remove the celery; see that the broth covers the meat well, then bring to boiling point, adding two cupfuls of diced potatoes. Boil five minutes, then cover the top with quick dumplings, made of biscuit dough, cover tightly and boil fifteen minutes. Dish the meat dumplings thickened the gravy and pour over all. This stew makes a delicious one-dish meal for a small family.

Guests at a gay Florida tavern were robbed by three masked bandits yesterday. The management had let them keep.

MONDAY AND TUESDAY  
MARY ROBERTS RINEHART STORY  
"K—THE UNKNOWN"

PLANNING BIG CAMPAIGN  
Encouraged by the doubling of the tourist traffic, the N. B. Tourist Association is planning an extensive

campaign for his season. The opening of the new Admiral Beatty Canadian Club, the placing of the two fine steamers in the Boston-Saint John route and the rising tide of tourist traffic to the Maritimes in recent years, all point to a large influx of visitors this summer. The Tourist

Association, which last year had a membership of 1,700, is out this year to increase the number to 3,000. Membership cards, costing 50 cents, have already been sent through the province and the work of distributing the local assignment has been got under way. St. John Globe.

## MICHAUD

## Composite S

PRESENT LACK OF SCHOOL

ROOM HERE A

THAT

Erection Of Composite High  
Economical Solution—G  
One-Third of Cost of Buil  
Equipment—Grant Will  
Thirds of Teachers Salari  
Present Grant Unless Mat  
Year.

Taking into consideration every as  
pect of the situation the erection of a  
Composite High School promises the  
only logical and satisfactory solution  
of Campbellton's present school pro  
blem. This is the opinion of the ma  
jority of the Board of School Trustees,  
local leaders in educational work and  
a great many citizens of the town  
who are now becoming interested in  
this important question. A bill autho  
rizing the issue of debentures not to  
exceed the amount of \$50,000 is al  
ready before the Provincial House and  
there is little doubt but what this  
will go through without difficulty.  
While of course does not bind the Bo  
ard in any way. It is merely a provi  
sionary measure.

The Problem  
Although it is one which citizens at  
large may not be thoroughly familiar,  
the problem of securing sufficient ac  
commodation for the school children  
of Campbellton is a serious one which  
must be disposed of without further  
delay. In Campbellton at the present  
time there are over 1,350 scholars  
either attending or wishing to attend  
school. In addition to this number  
there are from 100 to 200 children on  
the streets who should be receiving  
their preliminary education. But  
there is no room for them; and with  
the coming fall term increased num  
bers will merely continue to make this  
problem all the more serious.

Academy Overcrowded  
Ten rooms have been rented in the  
Academy Building here but now these  
are also overcrowded and conditions  
are rapidly becoming more unsatis  
factory and more unsatisfactory. Two  
additional rooms have been provided  
in the Assembly Hall of the Grammar  
School but these are miserably equip  
ped and wholly inadequate to serve  
their purpose. The same unsatisfac  
tory conditions exist in connection  
with the present arrangements to ac  
commodate the Vocational Classes.  
One of these is located in the basement.

More Facts  
In addition to these plain facts  
which give some idea of the problem  
now confronting the town, we cannot  
indefinitely continue to use the Aca  
demy Building. This is specifically  
only a temporary arrangement and  
contrary to law. Before the arrange  
ment was made it was necessary to  
secure the consent of the Chief Su  
perintendent of Education and this was  
given on the distinct understanding  
that this arrangement should continue  
only until other premises could be pro  
vided. And moreover, aside from all  
technicalities, this arrangement is no  
longer adequate to meet the needs.  
Campbellton must either undertake  
the erection of a new school building  
used or next year and if the under  
taking is delayed for another twelve  
months we will be obliged to forfeit  
our government grant for Vocational  
Work.

Government Help  
If our town was obliged to shoulder  
the entire cost of the proposed Com  
posite High School there would be  
reason for opposition to the course  
which is being advocated. But the  
proposition which we are enabled to  
take advantage of is recommended for  
economical as well as other reasons  
if Campbellton builds a Composite  
High School this year the governmen  
will pay one-third of the cost of the  
building, one-half of the expenditure  
for equipment and pays annually two  
thirds of the teachers' salaries on al  
Vocational Work. Such a proposition  
of course presents the undertaking i  
a much more attractive light and op  
ens the way to a solution of this pro  
blem which, after all, occasions a ver  
normal expenditure.

Why This Year  
If the proposed Composite Hig  
h School is not erected this year, it w  
will be impossible to build it next  
year. The government grant for this  
work will be exhausted. On the other hand if t  
proposed building is gone ahead w  
it will be possible, with the accompa  
nion that secured to take of it  
the summer without further capital  
and also that of the government  
assistance available that so strong
